## London Is Hopeful of Early Peace; German Delegation Meets Foch?

### GERMAN DELEGATION BELIEVED TO HAVE SEEN FOCH THIS MORNING

Allied Commander Sends Word Telling Them How to Approach His Lines—London Paper says Enemy's Representatives Have Already Crossed to French Headquarters

It is rumored that the German representatives have accepted the Allies' armistice terms and that hostilities ceased at two p.m. today. The Associated Press has nothing on this rumor and the Canadian Press has had no word to this effect from Reuters.

#### FIGHTING MAY SOON BE OVER

London, Nov. 6.—Reports that German delegates have started from Berlin to meet Marshal Foch are considered here as an assurance that fighting will be over in a few days. This cause satisfaction everywhere, but there is no celebrating here, and London is as quiet and dark as it has been at any time during the past four years.

The last days of the war have been so crowded with enormous events that there is no capacity left for surprises or sensations. The terms of President Wilson's note to Germany, dealing with the freedom of the seas and compensation to the Allies, are endorsed by all newspapers here. It is believed that German leaders know from the terms of the American armistice the sort of peace they had to expect and that they military and political situations give her no alternative but to bow.

News comes from the front that the hard pressed German armies have no fresh divisions left to throw into the battle. They have no great reserves of ammunition. The German people are demanding peace at any price to save whatever they may have from the wreckage. A few junker newspapers are still crying for war to the last ditch, but the Socialists seem to have turned the scales decisively in the other direction.

From a British viewpoint the greatest humiliation Germany will suffer will be in having her fleet surrendered or pass out of the war without one great fight. The death. But news from Kiel makes it doubtful whether the sailors would go into battle if the officers decided to fight.

Even the best informed men here are unable to arrive at a clear judgment of the situation. No authority was given for the many conflicting reports, as to the magnitude of the revolt against war among the German people, or how strong the people are in their opposition to the war. One fact is plain. There never was such freedom of speech in Germany as today.

Diplomats and soldiers are each trying to place the blame for their country's downfall on the other. placards have blossomed out in Berlin saying that the emperor and the crown prince must go. Correspondents are permitted to telegraph from Berlin that the vacillating character of the emperor is responsible for most of the nation's misfortunes.

Discussion here centres about the peace conference, where it will be held and what programme will be followed. One of its most urgent problems will be to arrange for food supplies for starving Europe. It is assumed that even the people of the central empires will be cared for, although the Allies cannot be expected to suffer great privations for the sake of their enemies.

London, Nov. 7.—The Daily News says it learns that the German delegation has reached the western front and been permitted to cross into the Allied lines. The newspaper adds that the delegation will be received by Marshal Foch this morning at daylight.

New York, Nov. 7.—The New York Central News, sent out a despatch on its financial news ticker this afternoon under a London date, reading as follows: "At 3:30 o'clock this afternoon the foreign office announced that it had no confirmation of the report that Germany had accepted the armistice conditions."

Paris, Nov. 7.—News that a German white flag party had left for the front made a deep impression in France, where the prompt action of the German government took the people by surprise. The last lingering doubts as to Germany's sincerity in asking for the Allied terms for an armistice still held in certain quarters, seem to be removed.

On the contrary, the impression now held is that Germany is really worse off than generally believed. In the meantime, the Allied troops are giving the entrenched enemy no rest. Deserted by their last remaining ally, the weather—the rain fell in sheets yesterday—the retreat of the Germans verges perilously near a rout. British forces are within a few miles of Maubeuge, the fall of which is imminent. The French first army is concentrating at Hirsch.

The enemy is falling back on the Meuse before the French fourth and fifth armies, which are driving in his rear guard and capturing many machine guns. The German white flag party may hear of the fall of the German emperor's former headquarters at Charleville and Mezieres before they reach Marshal Foch.

Near the Meuse the American army working in close touch with General Gouraud's forces, are demolishing bit by bit the half pillar of the German defence on the western front. The destruction of this German bastion would involve the whole enemy retreat in disaster. There is now no resting place for the German hosts this side of the Rhine. Indeed, it is not too much to say that the Germans are doomed to defeat without hope of recovery.

May Be Premature. Montreal, Nov. 7.—The local newspapers here this afternoon announced by bulletin that Germany had quit. The city began celebrating, crowds collecting in the streets immediately, shouting and cheering.

Nothing Official. Washington, Nov. 7.—Navy cable censors reported today that an unofficial message had come through from abroad announcing that the Germans had signed

### THE GERMANS IN FULL RETREAT

Pursuit Continued Along the Entire Front Today

Ghent Abandoned

French, British and Americans Drive Forward—Part of Sedan is Burning—Many Prisoners and Much Booty

With the American Army on the Sedan Front, Nov. 7, 1:45 p. m.—(By the Associated Press.)—American troops today entered that part of Sedan which lies on the west bank of the Meuse. The bridge over the Meuse at Sedan over which the retreating enemy fled has been destroyed and the river valley flooded.

The principal German lateral lines of communication between the fortress of Metz and northern France and Belgium are now either cut or unavailable for the enemy's use.

London, Nov. 7.—(By the Associated Press.)—A wireless despatch was received this afternoon at the headquarters of General Beauregard from the Germans saying they had decided to abandon Ghent and asking the Belgians not to fire on the suburbs of the town, where white flags were raised.

French Sweep Forward. With the French armies in France, Nov. 7.—(By the Associated Press, 10 p. m.)—The French armies made another forward bound today from five to seven miles all along their front from out of Guise to their junction with the American forces west of the Meuse, pressing close upon the rear guards left by the Germans, who are in full retreat.

General Debeney's troops, tramping through mud and drenched by the continuous downpour of rain, captured Nouvion and Regnaval forests.

The booty taken from this front indicates that the enemy's retreat has been more precipitate than that of yesterday. Prisoners captured say that the retreat will continue for a distance of fifteen or twenty miles further.

The march of General Gouraud's men toward the Meuse went on during the day with increasing speed. After working all night under heavy shell and machine gun fire in the construction of bridges for infantry and artillery over the Aisne and the Ardennes Canal they crossed the swollen stream in force and took up their advance this morning, throwing back the rear guards, taking Bethel, and advancing into the Rethel pocket for an estimated distance of six and a half miles and liberating twenty-four villages with the greater part of their inhabitants.

In some towns were found men of military age whom the Germans had recently brought back behind their lines.

The cavalry of the first army had this afternoon reached the road from Yverville to Avesnes. A considerable number of prisoners and immense booty fell into the hands of the French armies during the day.

Paris, Nov. 7.—Along the entire front the pursuit of the retreating German army was taken up again this morning, according to the war office announcement today. The French have thrown cavalry into the action on their right, where the mounted troops are pushing in the direction of the Meuse.

The French are moving forward east of the Forests of Nouvion and Regnaval, and north of the Serre and Aisne rivers. The statement follows:

"The pursuit of the enemy was renewed this morning on the whole of the front. We are progressing east of the Forests of Nouvion and Regnaval, and north of the Serre and the Aisne. On the right French cavalry detachments are pushing in the direction of the Meuse."

London, Nov. 7.—British forces are continuing their progress along the Franco-Belgian battle line. Northwest of Valenciennes, according to Field Marshal Haig's report today, they have reached the outskirts of Quevrain and Crespe, close to the Belgian border.

### Battleships' Crews at Kiel Revolt; Threat to Blow Up the Whole German Fleet

Reported that Governor of Port Hastens to Grant All Demands, including Refusal to Salute Officers—Two Ships Seized by Mutineers and Captains Killed

London, Nov. 7.—The entire German navy and a great part of Schleswig is in the hands of the revolutionists, according to reports received in Copenhagen from Kiel, and transmitted by the Exchange Telegraph Company.

London, Nov. 6.—Members of the battleship crews at Kiel have mutinied and hoisted the red flag. Officers attempting to defend the German flag were overpowered and two of them, including the commander, were killed. A number of others were wounded, according to the Cologne Gazette.

The soldiers council has decided that all officers must remain at their present posts, but must obey the council, which controls all food supplies. Machine guns are mounted in various parts of the city.

An Amsterdam despatch to the Exchange Telegraph Company says that two battleships, the Kaiser and the Schleswig-Holstein, were seized by the mutineers and that twenty officers, including two captains were killed.

It is reported that the garrison at Kiel refused to march to the harbor and that the sailors threatened to blow up the battleships if attacked. They are defending the ships and refuse to return to their duties until a truce of peace is signed. Admiral Souren, governor of the port, having refused to meet the mutineers what they wanted, has approved all their demands, including even their refusal to salute officers, it is said.

London, Nov. 7.—Strikes at Kiel have broken out in Hamburg, according to a despatch from the correspondent of the Politician, at Vambrup. Violent artillery firing was in progress in the streets of the city when the correspondent's informant was deported, the latter declared.

Copenhagen, Nov. 7.—A revolt has broken out in Hamburg, according to a despatch from the correspondent of the Politician, at Vambrup. Violent artillery firing was in progress in the streets of the city when the correspondent's informant was deported, the latter declared.

LATER. London, Nov. 7.—Kiel is governed by the mariners, soldiers and workers' council. All the workshops have been occupied by red troops. The street car line and railways are under the control of the workers' council. There have been no disturbances.

London, Nov. 7.—Strikes at the Imperial wharves at Cuxhaven and Wilhelmshaven are expected to occur today, the agency advised from Amsterdam. The workers' council has ordered the preventive arrest of sailors under suspicion.

London, Nov. 7.—The military governor of Kiel, according to an Exchange Telegraph despatch from Copenhagen, has accepted the following demands of the workers and soldiers' council:

1. Complete freedom of speaking and writing.

2. Released prisoners must not be punished.

3. Officers who acknowledge and comply with the measures of the council shall be permitted to remain or to leave the service.

4. After a conference between Secretary of State Hausman and Deputy Noske, and the workers' and soldiers' council, the following proclamation was issued:

"Comrades: For the first time political power is in the hands of the soldiers. Great work lies before us. "But in order that its realization can place the organization of our movement was necessary. We have formed a council of workers and soldiers and it will be responsible for the preservation of order."

The following points were passed by the council:

1. Secretary Hausman will take care that the demands of the soldiers' and workers' council shall be forwarded to the Reichstag.

2. The immediate cessation of all military measures directed against the movement of the council.

3. The navy has been ordered to leave the harbor.

4. Military prisoners to be released.

London, Nov. 7.—A strike of dock workers at Hamburg, involving ten thousand men, is reported by the Exchange Telegraph Company correspondent at Hamburg.

The Work Bureau of Berlin announces that work was stopped at Hamburg owing to a strike and that undisciplined acts and outrages have taken place. The news agency reports similar occurrences from Lubeck.

### HON. J. A. MURRAY'S NAME WAS ON ONE OF NOTES

Rev. Mr. Daggett Testifies That He and the Former Minister of Agriculture Did Their Financing Together—B. Frank Smith Was Paid For Shortage And Culls

Although he has been on the stand for many hours since the potato inquiry began, Rev. J. B. Daggett's evidence has not even begun to lose its interest. Each time he appears he has something new, either a fresh disclosure or a new version of something he has told today.

The fact that Hon. J. A. Murray, then minister of agriculture, was involved with Mr. Daggett and H. C. Smith in their financial operations, was announced by the witness today when he announced that his payment of \$1,500 to A. C. Smith & Co. was for the purpose of retiring their joint note.

Another admission of startling interest which was made today by Mr. Daggett was his statement that B. Frank Smith was paid in full for every barrel of potatoes he shipped, with no deductions for shortages or culls.

As B. F. Smith was in court this morning, it is possible that he may be heard this afternoon.

that name because he had not wanted to be identified with the transaction. Mr. Powell dwelt at considerable length on the surplus potatoes shipped by B. F. Smith. Witness said the British shipment was 40,000 barrels and that to Belgium 15,000. B. F. Smith sent in 43,631 barrels, as a result of the first order for thirty-five cars and the instructions to send additional quantities which brought 132 cars more.

Mr. Smith Wanted More. When setting with B. F. Smith, witness said, Mr. Smith claimed that in addition to his ten cents commission per barrel, he should be paid his shipping expenses. He also claimed that the government should stand the loss on the culls. Mr. Smith also protested that the culling process was too strict.

Mr. Smith also had urged that he should be allowed interest and exchange on his outlay and his drafts. Witness had refused to consider such a claim.

Regarding the \$128.31 paid to the department by the potato inspector and P. F. Blanchet.

When the inquiry resumed this morning P. F. Blanchet took the stand and was examined by Mr. Hughes regarding his examination of the accounts and books of W. B. Tennant in connection with his Valley Railway transactions, at the time of a previous inquiry. He explained that his examination was for the purpose of accounting for the \$100,000 drawn by Mr. Tennant at "advance profits" from the N. S. Construction Company. Mr. Tennant had shown him vouchers and securities approximately accounting for the amount, although he could not say that it would balance out exactly.

Mr. Daggett Goes On. H. A. Powell, K. C., counsel for Hon. J. A. Murray, then resumed his cross-examination of J. B. Daggett, reviewing the transactions in considerable detail. Regarding his action in signing the name "Wm. Thomson" to the deposit slip for \$33,300 sent to Mr. Sumner, witness said that he still found it hard to recall the circumstances and would not have done so if he had not seen the document. He supposed that he had signed the name in a letter to Mr. Sumner.

point and to many it has been an extreme hardship, but to have sacrificed four weeks and then run a risk because of a further few days' closing would be absolutely unwise. The citizens of this province realize this has been a unique visitation. No doubt there have been 1,500 deaths due to the epidemic in the last four weeks and the minister pointed out to the government as an official placed in the position of safeguarding the health and lives of the people of the province in a general way he could not conscientiously raise the tenor of his proclamation re closing before the date mentioned.

Survey of Province Re Epidemic. The following reports from prominent provincial points dealing with the condition of affairs relative to the influenza epidemic was gleaned last evening by personal conversation:

Petitcodiac Vicinity. Dr. Fleming reports there were 250 cases at the height of the malady, but now only twenty-five or thirty. There have been six cases of pneumonia and two deaths in Petitcodiac. The epidemic was quite heavy at Havlock and Elgin.

Cody's, Queens Co. and Vicinity. Dr. Hetherington reports no cases of influenza for miles around. Gagetown and Havlock, nearer points on south and north.

Dr. Somory claims the disease has almost entirely died out, although a short while ago it was almost beyond control, with hundreds of cases existing. In the parish of Shediac alone there have been fifty deaths out of a population of 2,000.

### THEY DEMAND PEACE NOW

Amsterdam, Nov. 6.—German Social Democrats have notified the government that their representatives will resign their ministerial posts if the war is not brought to an immediate end.

### TO LIFT BAN NEXT THURSDAY

This is Decision of the Minister of Health Announced Today

St. John and Other Boards of Health Approve—Reports from Various Parts of the Province on the Situation

The ban on public gatherings because of the epidemic of influenza will be lifted Thursday, Nov. 14, or to be more exact at midnight of the 13th.

This date was decided upon by Hon. W. F. Roberts, minister of health, and his chief provincial health official, Dr. G. G. Melvin, at noon today after a conference with a board of health officials in St. John, St. Stephen, Fredericton and Moncton, the four corners of the province considered most important in this matter.

Hon. Mr. Roberts attended a meeting of the local government at Fredericton last evening at which he gave an exhaustive report on the influenza situation throughout the province as gleaned at a late hour that evening by a telephone survey and from reports of Dr. Melvin, who personally visited many of the St. John, St. Stephen, Fredericton and Moncton, the four corners of the province considered most important in this matter.

Hon. Mr. Roberts attended a meeting of the local government at Fredericton last evening at which he gave an exhaustive report on the influenza situation throughout the province as gleaned at a late hour that evening by a telephone survey and from reports of Dr. Melvin, who personally visited many of the St. John, St. Stephen, Fredericton and Moncton, the four corners of the province considered most important in this matter.

It is understood the mind of the government was largely opposed to any hasty action with regard to the ban but left the matter for the department of health to decide, since its officials were in close touch with the situation.

The opinion of the local boards of health approached today was unanimously to the effect that the shutdown should be continued for a few days longer as the danger from convalescents would be a certainty indoors at churches, schools, theatres and large meetings.

The theatres and public meetings of all kinds can be resumed on the 14th, the churches will be able to have their auditorium services Sunday, the 16th and schools will be released Monday, the 18th.

The Health Minister's Statement. Hon. W. F. Roberts gave out the following statement this forenoon:

The minister of public health announced to the government last evening at Fredericton that providing the epidemic of influenza continued to abate and showed no further signs of increase to any extent that the ban would be lifted on Thursday, Nov. 14 next. The schools may re-open the following Monday, the 18th. The provincial normal school on Wednesday, Nov. 20. In the case of the latter all students returning must bring certificates from a qualified medical practitioner that they are not coming from homes where cases of epidemic exist or have within seven days existed and that the individuals are in good health.

The minister went on to state to the government that while he had received a report, taken as recently as last evening (Wednesday), setting forth the fact that the epidemic was on the decline—in many places practically cleared up—yet there were some few places where it was still at its height. In all of the places where it is declining there are still numerous cases, which cases are capable of conveying it to others. Unfortunately many of these only partly convalescent are known to go from place to place. If the ban were lifted now and churches, schools and theatres thrown open these conditions would formulate an open door by which the epidemic would receive a fresh impetus and possibly plunge this whole country into a position where a repetition of sickness and suffering might obtain.

The minister of health said he knew there were many interests suffering by the shut-down from a financial stand-

point and to many it has been an extreme hardship, but to have sacrificed four weeks and then run a risk because of a further few days' closing would be absolutely unwise. The citizens of this province realize this has been a unique visitation. No doubt there have been 1,500 deaths due to the epidemic in the last four weeks and the minister pointed out to the government as an official placed in the position of safeguarding the health and lives of the people of the province in a general way he could not conscientiously raise the tenor of his proclamation re closing before the date mentioned.

### CHARGED WITH THEFT; CASE UP AGAIN TODAY

Further evidence was taken this morning in the police court in the case of George Peltham, charged with the theft of \$85 from the office of Braudrum-Henderson, Ltd., about three weeks ago. Detective Hiddiscombe gave evidence. He had made investigations, and in consequence of what he learned he went to a store in King street and learned that Peltham had paid there fourteen dollars on his account on the Saturday in question. He paid a ten dollar bill and a five, from which he was given one dollar bill in change. The bills were afterwards identified as being two of the bills in the cash box from which the \$85 was stolen. The bills happened to be marked.

Peltham, on this evidence, was arrested. On being taken to police headquarters, after being duly cautioned, he made a statement to the effect that he took the money, the police said, but after making the statement he refused to sign it. In company with Detective Hiddiscombe he went to his home in 37 Elliott Row and from one of his pockets got the \$70 which the detective says he handed over to Hiddiscombe. He was remanded until tomorrow morning.

CHICAGO MARKET.

Chicago, Nov. 7.—Reactions took place in the corn and oats market today from yesterday's wild advance. Efforts to realize profits explained much of the selling. Besides there appeared to be but little fresh support for the market, and there was a disposition to await the tangible evidence that the export movement of grain would be materially increased.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service

Toronto, Nov. 7.—Showers are reported locally in Ontario and Quebec, but the weather in Canada on the whole is fine.

Lakes and Georgian Bay, Ottawa Valley.—Moderate to fresh south to south-west winds, fair and mild; Friday, unsettled with showers.

Lower St. Lawrence, Gulf and North Shore.—Moderate to fresh south to south-west winds, a few showers today and on Friday, but partly fair.

Superior.—Moderate to fresh to south-west winds, fair and mild, a few scattered showers on Friday.

All West—Fair today and on Friday, with stationary or a little higher temperature.

New England.—Partly cloudy and probably rain tonight and on Friday; warmer tonight; gentle west winds.

### WILD TIME IN BERLIN

Stockholm, Nov. 7.—Continuous demonstrations are taking place in Berlin, according to the Social Democrat. Twenty thousand deserters from the German army are marching through the streets of the capital.

Amsterdam, Nov. 7.—All men liable to military service up to 30 years of age throughout Czecho-Slovakia have been called to the colors, according to a Prague despatch to the West Zetting of Berlin. It is said that this order includes German Bohemia. Comments in the Czech press indicate that the mobilization is against Germany.

Amsterdam, Nov. 6.—Demands that the Germans withdraw their troops forthwith from Poland have been forwarded to Berlin by the new Polish national government, according to the Rhenish Westphalian Gazette of Essen.

AWARDED CONTRACT. D. C. Burpee & Son of Devon have been awarded the contract for the Benbow River mouth bridge, the price being in the vicinity of \$20,000.

ONE MILLION PRISONERS

Captured by Italians—Booby Valued at Five Billions—The News in Paris

Italian Headquarters in Eastern Italy, Nov. 6.—(By the Associated Press)—The Italian army is gathering in the booty of its great victory. The value of the captured material will eventually reach \$5,000,000,000 (?) it is estimated. It now includes 200,000 horses and 6,000 guns. By a rough count 1,000,000 Austrian prisoners are now in Italian hands. It is said that the defeat of the Austrians in the last drive was ten times more costly to them than the defeat suffered at Caporette last year was to the Italians.

Italian troops are now beyond Bolzano and are slowly moving forward over roads impeded by the wreckage of war. Paris, Nov. 6.—News of the capitulation of the Austro-Hungarian army was received here with quiet satisfaction. It is mainly inevitable as to lack any surprise, and it is but one in a succession of stupendous events, which the mind has difficulty in assimilating. These sentiments are echoed in the newspaper comments this morning, which for the most part are extremely sober.

A VICTORY FOR AMERICANISM

Roosevelt Regards Republican Majority as Cause for Thanks—Loyal and Far-sighted Americans—Pro-Germans were Democratic

Oyster Bay, N. Y., Nov. 6.—Colonel Theodore Roosevelt issued a statement tonight in which he declared that the Republicans had made their fight "on the unconditional surrender issue" and, as "it appears we have Republican congress," the result "must be a cause of profound thankfulness to loyal and far-sighted Americans."

Asserting that the "victory serves notice on Germany that Poch will dictate the terms of armistice and that the terms of peace will be determined by all the Allies," he declared that the result of the election is really extraordinary, inasmuch as the entire pro-German and pacifist vote was behind the Wilson Democratic ticket, and in view of the fact that the enormous war powers of the administration have been used with such adroit and unscrupulous partisanship, I regard the result as much more a victory for straight Americanism than Republicanism.

FAIRVILLE MEETING TONIGHT

In addition to Victory Loan meeting which is to be held on King Street tonight, Fairville is to have a grand open-air meeting tonight, beginning at eight o'clock sharp, in front of the engine house.

The proprietor of the Gaiety Theatre will show pictures on a screen placed on the engine house. Besides the Victory Loan pictures there will be some striking addresses by Rev. H. R. Boyer, W. Luce of Wisconsin, and Steve Matthews (who has won a great success as a Victory Bond seller and entertainer), and solos by Miss Blenda Thomson and DeWitt Cairns, Miss Farmer acting as accompanist.

A booth for the sale of Victory Bonds will be opened up in the Fairville engine house. Fairville has already done well in Victory Bond subscriptions, but it is expected that it will do even better.

U. S. ELECTIONS

Washington, Nov. 7.—Control of the United States senate continued to remain in doubt early today on the face of returns from three states where contests between the Democratic and Republican candidates continued close to the close of the polls.

The Republicans further increased their majority in the house of representatives when two of the three seats from South Dakota were conceded to them. Three seats, one each in South Dakota, New Mexico and Montana still remain in doubt.

The standing of the two parties in the next house, without the three missing districts, is: Republican 236 and Democrats 193. In the senate without the three doubtful seats there are forty-seven Republicans and forty-six Democrats.

DRIVER IN INDICTED FOR MANSLAUGHTER. Toronto, Nov. 6.—Norman J. Cowie, driver of a motor car which ran down and killed Sarah Livingstone on Aug. 31, was today found guilty of criminal negligence on an indictment of manslaughter in the assizes.

BOLSHIEVISM AMONG THE GERMAN WORKERS. Amsterdam, Nov. 6.—Thousands of workers from factories and workshops in Stuttgart paraded the streets Monday and demanded the formation of workers' and soldiers councils, a despatch received from Stuttgart.

CONDENSED DESPATCHES. Gov. McCall of Massachusetts has gone to Halifax to address Dalhousie students and receive a degree.

Earl Curzon, member of the British war council, has gone to the continent on official business.

The New York stock market opened strong today.

Denazey Scores Knock-out. Philadelphia, Nov. 6.—Jack Dempsey, heavyweight, knocked out Battling Levinsky, of New York, here tonight in the third round of what was to have been a six round bout.

2 YEARS AGO

A rash broke out on my hands and the doctor told me it was eczema. So writes Mrs. McDonald, of Oyster Ponds, N.S. She adds: "In spite of the doctor's treatment had sores appeared which gradually spread more and more. Finding that the doctor's treatment did me no good, I turned to various so-called remedies, but I met with no relief.

"Knowing how terribly serious eczema is and how it will sometimes defy all treatment for years, I became almost discouraged. This was my state when I read about Zam-Buk and decided to give it a trial. By the time I had used one box the eczema was not so bad. The inflammation and the irritation were subsiding. Naturally I persevered with Zam-Buk and as I did so the disease was gradually overcome. Day by day the sores got less and less and, to my delight, the disease was finally driven out entirely. It seemed almost too good to be true and I feared the eczema might break out again, so I waited several months to make sure that it was permanently cured. I am; and Zam-Buk deserves all the praise."

OAK HALL RECEIVES LARGE SHIPMENT OF MEN'S WINTER OVERCOATS.

A timely shipment of men's winter overcoats arrived at Oak Hall a few days ago. These coats, 240 in all, were contracted for last season, but the manufacturer was unable to make delivery until now.

The quality of these coats is such that the Oak Hall guarantee that means something and only found on high class goods.

The Oak Hill store will follow its usual custom and place the coats on sale at a very low price, anticipating a large volume of business at a minimum profit and also giving friends and customers the benefit of close buying at prices 10 to 20 per cent below the present day market. The coats will be placed on sale Friday morning at 9 a. m., continuing three days, Friday, Saturday and Monday. Coats that retail ordinarily at \$25.00, \$28.00 and \$30.00—all will be offered at the one price, \$20.00. Styles include ulsters, belted, trench coats, chesterfields, slippers. See special display in all four windows.

BUY-VICTORY BONDS. WALL STREET.

New York, Nov. 7.—(Wall street, noon)—Peace prospects were heightened during the morning by reports of reversals in the German army and navy. There was also much discussion regarding further cancellation of war orders. Moderate selling of popular munitions and specialties resulted in reactions of one to four points. Leaders among rails and industrials also fell back one and one-half, but the heaviest of shipments was ascribed to rumors of another lull in the mercantile marine deal. The noon rally was led by oils, Medicines, Petroleum showing a gain of five points.

BUY-VICTORY BONDS. He is Succeeded by Senator Robertson as Minister of Labor.

Ottawa, Nov. 7.—It was officially announced today that Hon. T. W. Crothers, minister of labor, who is now en route for California, has handed his resignation to Sir Robert Borden, and that it has been accepted. Hon. Gideon Robertson, who has been appointed to the cabinet for some time past in addition to acting as chairman of the Canada Registration Board, has been appointed minister of labor, in place of Crothers, and was sworn in at noon today. Mr. Crothers resigned on the grounds of ill health.

General Robertson will be the second minister with a portfolio holding a seat in the senate, the other being Sir James Lougheed, who heads the department of consular affairs, and has been appointed secretary for the department of militia and defence. F. H. Keefer, M. P. (Port Arthur and Kenora), has been appointed parliamentary under secretary for external affairs.

The position of parliamentary under secretary for the department of militia and defence has been vacated since the appointment of F. B. McCurdy, M. P. as parliamentary under secretary of soldiers' re-establishment.

BUY-VICTORY BONDS. JOHN BULL AND THE WAR.

New York Life: Everybody in the west gets more bouquets than John Bull, yet but for John there wouldn't be any war. It would have been over long ago, and Germany would be busy with the details of her appropriation of Europe. John Bull has saved civilization. We call it that, though civilization is a tough product and would have survived Kultur, just as it survived except through the successors of Mahomet and all the conquering hordes that swept over Europe. Belgium saved civilization when her body blocked the road to France as in history a woman's arm, that for a moment barred a door, saved a fugitive prince. France saved civilization by her sacrifice, Belgium and England. Let us cement the bonds of friendship between ourselves and our Allies by a display of good taste in accordance with the eternal fitness of things.

GEORGE CLARKE. Mrs. Harold Dee, of 200 St. James street, West St. John, received word this morning from Vancouver that her son, George Clarke, had died on November 5. He was thirty years old. Mr. Clarke was on the Vancouver police force for nine years. He was a former resident of Hillsboro, N. B. He leaves to mourn besides his parents five brothers and six sisters.

THE PEACE RUMORS. When the report was current about the city that an armistice had been signed and that hostilities would cease at a specified hour there, was great excitement and hundreds of telephone calls were received asking if the report was official. Although the reports were unverified, people were inclined to accept them as correct in spite of official warning given against such reports. As the rumors spread throughout the city the greatest excitement prevailed. The air was tense with the expectation of big events and the citizens were keyed up to a high pitch. From the display of feeling over the unofficial rumors, it can be imagined what wild excitement will break loose if the reports are confirmed.

A U. S. Tribute To Great Britain

New York Commercial: Before the United States entered the war and for three or four months after German propaganda and a few English language newspapers persistently declared that England was letting her Allies do all the fighting and make all the sacrifices, America was warned not to fight England's battles and pay England's bills. The attempts to create dissension should not be forgotten, no matter how loudly the perpetrators now proclaim their loyalty and call for the overthrow of the Kaiser whom they serve with so much ardor until it became unsafe. England's casualty lists show that more than 1,000,000 men have died in its military and naval services since the war began and that 37,000 were killed, wounded or missing in the last reported week. Had America suffered as has been proposed since the Atlantic. Visualize the death of every man who has gone to Europe, and the meaning of England's loss in dead alone, without reckoning those who have been permanently disabled. Her total casualties in killed, wounded and missing already exceed the population of Greater New York. Let us glory in the part we are playing, but let us refrain from boasting and from claiming the credit. America was protected from harm and the war was won, in a sense, on the night of Aug. 4, 1914, when the British government declared war on Germany, and the British fleet, secretly mobilized in the North Sea, bottled up the German high seas fleet in the Bight of Heligoland and at the Sleswick Bank.

FUTURE OF GERMAN COLONIES

New York, Nov. 6.—Hope that "the destiny of the German colonies, Palestine and Mesopotamia should not go to Great Britain by right of conquest," but other allies and the neutrals, was expressed here tonight in an address by Right Rev. Charles Gore, lord bishop of Oxford, on his return from an 11,000-mile speaking tour through the United States on behalf of the national committee on the churches an dime moral aim of the war.

"Great Britain has said that it desired no acquisitions of territory, and it must not be forced to incur the obloquy of appearing to be false to its declarations," he said.

"Great Britain," he said, "faced a difficult problem in social reconstruction, and America, also, 'the problem will mature.'"

"In England," he continued, "the working man must not be treated merely as a 'hand,' but must be admitted to a reasonable share in determining questions of industry." He asserted that labor "has not the education or ability to govern alone industry and the country, but that the task required co-operation of all classes."

THE GERMANS IN FULL RETREAT

(Continued from page 1) Forest has been thoroughly cleaned out by British troops, but some few Germans are still in Berlandcourt, where they are in danger of being cut off.

British forces are east of Poerquie and are advancing toward Pont-Sur-Sambre. New Zealand troops are marching along the road to Bavay and are near Hargues.

Up till last evening the third British army had counted 128 German officers and 5,879 men taken prisoners since Monday morning. Since that time prisoners have been coming back through the lines. The fourth army had taken 4,500 by last night, while the first army had captured several thousand.

IN FLANDERS FIELDS

In Flanders fields, the poppies grow  
Between the crosses, row on row,  
That mark our place; and in the sky  
The larks, still bravely singing, fly,  
Scarce heard amid the guns below.

We are the dead. Short days ago  
We lived, felt dawn, saw sunset glow,  
Loved and were loved; and now we lie  
In Flanders fields.

Take up our quarrel with the foe!  
To you, from failing hands, we throw  
The torch. Be yours to lift it high!  
If ye break faith with us who die  
We shall not sleep, though poppies blow  
In Flanders fields.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hacking, sniffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

STILL A LONG ROAD.

An armistice is not peace. It is simply a preliminary. Following it will be acceptance of peace terms and putting them into effect. This will take a considerable time.

MORE REVELATIONS.

Another chapter in the sordid story of the patriotic potato transaction was revealed at yesterday's enquiry. The policy of deception adopted by the government was further exposed when Rev. J. B. Daggett admitted that he wrote the name "William Tompson" on the deposit slip for the \$30,900 sent to Mr. F. W. Sumner.

It is to be remembered that Mr. Daggett was secretary for agriculture, and as such the custodian of the public interests. He appears to have had unusual powers, and he certainly seems to have exercised them.

THE GERMAN LEADERS.

It is apparent that the leaders who plunged Germany into the war are very reluctant to effect themselves. On the contrary they appear to be determined to retain power, hoping that by giving a measure of self-government to the people they may still retain their influence and standing in the country.

HURRY MAY MEAN DEATH.

St. John has perhaps suffered less than any large city on the continent from the influenza epidemic. This is entirely due to the fact that it met here an organization which did not wait till it spread all over the city before closing theatres, schools and churches.

This is a sufficient argument in support of keeping the ban on until the situation clears. If it were lifted at once, there would be a rush of convalescents and others who might spread the disease to places of assembly and the portion of the community that has escaped might easily contract the disease.

Let this question be faced in a common-sense way. When the health authorities are convinced it is safe let the ban be lifted—not before.

ADDS TO IMPORTANCE OF THE N. B. DISTRICT

Halifax, Nov. 7.—The re-arrangement of the lighthouse and buoy service in the maritime provinces, announced from Ottawa, considerably reduces the importance of the Nova Scotia district and adds correspondingly to those of Prince Edward Island and New Brunswick.

BUY VICTORY BONDS—BOMBING ENEMY AIRDROMES.

London, Nov. 6.—An official communication dealing with aerial operations issued this evening says: "The independent air force Tuesday afternoon bombed the Morhang airdrome and railways Tuesday night the Morhang, Freestay, Dieuse and Lellingen airdromes and today the Buhl airdrome."

Record Sales Last Night.

Reports at the Victory Loan headquarters last night showed that Landon ward is the second in the city to go over the top, having surpassed their objective, \$100,000, by several thousand.

Bulk of Surplus From B. F. Smith

J. B. Daggett, at Potato Inquiry. Tells More of Financial Transactions with A. C. Smith & Co.

Three witnesses were heard at the afternoon session of the potato inquiry yesterday. Leslie Slipp, potato inspector, gave evidence that he had paid to Mr. Morton in the office of the department in Fredericton the sum of \$126.91 received from the sale of potato culls.

Mr. Daggett could not explain what had happened to the money turned in by Mr. Slipp. He thought it might have been credited to the shippers' account and distributed with the proceeds of the rejected potatoes.

When Mr. Daggett took the stand again, the auditor-general's report was produced and reference made to the statement of the "surplus" potato account. The witness read the statement showing the quantities of surplus potatoes furnished by the various shippers.

Regarding B. F. Smith's account, the witness said that he had asked Mr. Smith several times for the balance of \$2,447 due the department, but Mr. Smith had not paid it. He had not absolutely refused but he had objected to the count of the out-turn of the ears and the quantity of culls rejected.

The final statement submitted to close A. C. Smith & Co.'s account, which the witness said was designed to cover the loss, still showed a loss of \$1,934.70 on the transaction.

Q.—But why did you not make it square? A.—I cannot tell you that. I am trying to give honest testimony, whether you believe it or not.

Returning to the final draft of \$3,500 made by A. C. Smith & Co. on the department and accepted by the witness, and not paid by the government, the witness, after some questioning, admitted that he (the witness) had advanced \$1,290 to Mr. Smith which had been applied on the draft. He would get a request for a check for \$1,000 and he would send it. A few days later he would get their check in return. He accommo-

dated them and, in turn, they accommodated him at times. The witness still regarded the \$3,531 check as the final settlement with A. C. Smith & Co. The records showed that they had received \$5,000 as the proceeds of the Jones-Daggett note: \$4,453.56 by Mr. Daggett's check and \$506.91 from the Cuban draft, a total of \$4,960.47.

try to pull them out. As a result, he was \$1,000 or perhaps \$2,000 the poorer for it.

Returned to the final draft of \$3,500 made by A. C. Smith & Co. on the department and accepted by the witness, and not paid by the government, the witness, after some questioning, admitted that he (the witness) had advanced \$1,290 to Mr. Smith which had been applied on the draft. He would get a request for a check for \$1,000 and he would send it. A few days later he would get their check in return. He accommo-

The witness said the whole mix-up in finances was due to the fact that A. C. Smith & Co. were not able to finance the business. He had been foolish enough to put his head in the halter

Mrs. T. S. Simms, Gormain street, has received a letter from Lieutenant-Colonel W. R. Brown, O. C., the 28th Battalion relative to the death of her son, Lieutenant H. Rutherford Simms, who died of wounds October 14. He states that Lieut. Simms was in charge of an advanced report centre during recent operations and he gave his life at his post. He says that he was a very cheerful companion to them all at headquarters.

### YOU CAN PAY HIGH FOR SHOES

--or you can buy wisely

There doesn't seem any limit to the price you can pay for shoes nowadays, if you are willing to pay it. But it isn't necessary.

For example, we have splendid lines of Black and Brown Shoes for Women that are priced not so very much higher than they were before the war.

**Black Kid Boots — Low or Cuban heels** \$3.85 to \$6.50

**Black Calf Boots — Same heels** \$4.85 to \$6.50

**Brown Boots—Same heels** \$6.00, \$6.50 and \$6.95

Some of these have Neofin soles, others are leather.

Yes, you can keep Shoe Expenses down if you really want to.

### Daily Fish Bulletin

Issued by Canada Food Board.

**BIG TRAWLER CATCHES.**  
The fate of the "Triumph" off the Atlantic coast created a momentary interest in the trawler which inlanders hear little about but which is really one of the chief instruments in keeping the market well supplied with fish.

Steam trawlers are something of an innovation in Canadian fisheries. Five years ago there was only one on the Atlantic coast. Now there are five fishing out of Nova Scotia ports and between them they land an average of half a million pounds of fish weekly. As much as 250,000 pounds have been landed by one trawler in six days' fishing. There are three trawlers operating off the Pacific coast.

**Food Board Flashes**

In order to meet the enormous army demands for meat in Italy, the slaughter of cattle for the civilian supply has had to be reduced from the pre-war consumption of seventy grammes a day per person to six grammes a day. The extreme shortage of beef has reacted on the consumption of substitutes so that there is now a very great demand for these, especially fish of all kinds and pork.

There has also been a diminution of over 50 per cent in the production of milk, butter and cheese. Another argument for more Canadian girls going in for dairying.

### Modern Efficiency Says:

## Wear Rubbers and Keep Fit

Get them NOW—so you'll be ready for bad weather.

A sick man, or a sick woman, slows up the whole machinery of business. If a man, his work is neglected. If a woman, her household is disarranged and the bread-winner of the family made less efficient by worry. If a child, the progress in school is retarded—sometimes the whole school year lost—because of some serious illness which might have been prevented had Rubbers been worn.

Let's all stay well this winter, by wearing rubbers. Let's avoid the epidemics of colds, sore throats, grippe, pneumonia that upset business and homes in previous years.

The cost of rubbers is so reasonable compared with other needs, that you can well afford to buy more than one pair.

These six brands of reliable rubbers—

"Jacques Cartier" "Granby"  
"Merchants" "Dominion"  
"Maple Leaf" "Daisy"

—enable you to obtain from the leading shoe stores a style and shape for every shoe for men, women and children.

Ask for these brands—they give the best wear.

Mrs. Moore also is survived by her father, Jake Woods, shoemaker of Wall street, and her brother, John, a street railway motorman, as well as five sisters—Mrs. Frank McLaughlin, Mrs. Leonard Moore and Miss Katherine Woods, of this city; Mrs. John Lester, of Nauwigewank, and Mrs. Cyril Moore, of East St. John.

**Levi Forrester Ring.**  
Widespread regret will be occasioned by the death of Levi Forrester Ring, well known fisherman, who passed away yesterday at his home, 64 St. John street, West St. John, in the seventy-fifth year of his age. He had been ill for a month. He leaves to mourn, two sons, Oscar and Harvey C., both of West St. John.

**Mrs. William J. Brophy.**  
Friends will learn with deep regret of the death of Mrs. William J. Brophy which occurred yesterday at her home, 220 Sydney street, in the seventy-fifth year of her age. Besides her husband she is survived by one son, William J. Brophy, and one daughter, Mrs. Catherine Walsh, both of this city. The funeral will be held on Friday afternoon.

RECEIVING WAR CROSS

The patriotic spirit and devotion which Canadian women have so far performed war-service work and made sacrifices has never been equalled in the history of any country. Mothers, wives and sisters support this burden with strength and fortitude. But those who are really miserable from the complaints and weaknesses which are so common among women should take the right temperance tonic for the womanly system.

For fifty years Dr. Pierce's Pleasant Pellets have been most satisfactory in liver and bowel troubles. Dr. Wm. D. Carter, chief superintendent, was authorized to co-operate with the war savings committee in work among the children of the public schools.

BRITISH AIRMAN WINS GREAT FIGHT AGAINST FIFTY

One of Most Gallant and Thrilling Episodes of the War—Escapes After Downing Eight or Ten of Enemies

With the Allied Armies in France and Belgium, Nov. 4.—(By the Associated Press)—One of the most daring and gallant deeds has been added to the records of the British air force in a battle recently fought in the Mormal Forest by a British major, working single-handed in a fast scouting machine.

The major had engaged a German airplane, and almost before he realized it was surrounded by a great fleet of enemy machines, which attacked him fiercely from all sides. A battle royal ensued, which lasted about an hour, during which the British airman was attacked by successive enemy planes until he had given battle to between fifty and sixty.

Early in the fight the major sustained seven severe and crippling wounds, one arm and both legs being rendered virtually helpless. Despite his injuries and the fact that he was almost unconscious 4 times, he continued to fight, until by willpower and fast maneuvering he managed to escape to his own lines. He had destroyed four hostile planes and driven down out of control between four and six.

Once during the mad battle the major concluded he was lost and deliberately charged one Boche, with the expectation that both machines would crash and end it. He was working his machine gun as he swept toward the enemy. Just as a collision seemed inevitable, the German machine burst into flames and dropped. The major swept over.

The British airman brought back his machine in such condition that it can be repaired and will be flying shortly. He is in hospital and will probably recover. BUY-VICTORY BONDS.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous wastes get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it is no longer irritating, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent this-water drink.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative At Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

LIUT. DEAN HELD OUTPOST AT COST OF HIS LIFE

Captain W. A. McDougall of the 26th Battalion, in a letter to J. E. Dean, Inch Arron, Dalhousie, tells of how his son, Lieutenant R. Chester Dean came to his death. He says that the 26th were holding outpost positions and the Hun were trying to drive them out. Lieutenant Dean was one of the officers to hold one of the positions. The enemy came over and took two of the posts. Dean still held his, but was wounded in the head. He sent his batman to say that he could hold no longer as he had been wounded and his casualties were heavy. When reinforcements arrived they found Lieutenant Dean dead.

DULL POTATO MARKET.

Fredericton Gleaner: The local potato market is exceedingly quiet. It was a dead one last week, and started in today where it left off Saturday. Good stock is worth nominally \$2.50 per barrel, but the spuds are not coming in. Many farmers as well as their help are "down with the trouble" caused by the Spanish "flu," and that may be one of the chief causes for the quiet market. The local shippers are not receiving any orders, and, in fact, several cars are now in the yards on demurrage, as none of the centres are looking for spuds. Quotations from Boston this morning, received by a local shipper, are \$2 per 100 pound sacks. This surely does not forecast any very high figure for New Brunswick potatoes this week.

Jury in Rogers Case.

An inquest will be held into the death of George Rogers in the police court Friday night. Yesterday Coroner Kenney empanelled the following jury—A. M. Rowan, foreman; W. B. Purdy, Charles McConnell, A. McArthur, John Hamilton, H. R. Coleman, George A. London.

General's Brother Ill.

Brigadier-General A. H. Macdonell, G. C. O., of the local military headquarters, received word yesterday that his brother, Senator Claude Macdonell of Toronto was seriously ill in Ottawa, and he left last night for the capital.

Died on the Train.

E. O. Laflamme, foreman of the C. P. R. shops at McAdam, died while en route to his home from Montreal yesterday on the Montreal train as the train was nearing Sherbrooke. He, in company with his daughter, had gone to Montreal, where they became afflicted with the Spanish influenza. As the hospital there were congested they were returning home.

RECENT WEDDINGS

John Miller, foreman of the composing room of the Fredericton Mail, and Miss Gladys Cliffe of Fredericton, were united in marriage yesterday morning by the Very Rev. Dean Neale.

Miss Ella Winifred Thurrott of Fredericton was united in marriage to Lieut. Leonard H. Reed of this city yesterday. The ceremony was performed by Rev. J. S. Sutherland of Fredericton.

Miss Hazel C. Murray and Henry A. Daniels were united in marriage on October 30 in Brookline, Mass. Miss Murray is a daughter of the late Charles Murray of Moncton, N. B.

THEY ARE ALL BUYING BONDS

One of the most amusing and enlightening things yet to hand in connection with the Victory Loan campaign emanates from the Montreal offices of the Canadian Government Railway system. It is a blueprint of large proportions depicting a race-track, on which the various bond-selling divisions of the government-owned railway are represented as racing in automobiles amid the wild excitement and enthusiasm of their admirers lined along the railway. Well-known funny paper characters are in the throng and are made to say some funny things, for instance:

EVER FEEL "DOPY" AFTER MEALS?

At times we all feel dull and heavy. Just one thing to do—relax the bowels and cleanse the system with Dr. Hamilton's Pills. Unclean matter is flushed out, the liver is toned, blood is purified, and at once you feel better. Good health and jovial spirits are quickly found in this celebrated medicine. Enormous benefits follow the use of Dr. Hamilton's Pills in every case; they are very mild, very prompt and guaranteed by the makers. Insist on getting Dr. Hamilton's Pills, 25c. per box everywhere.

Jammer Kids exclaims: "Too much is not enough!"

Mrs. Jiggs prods her hen-pecked husband to "Buy some bonds, you microbe!" and he replies: "Sure thing, Maggie." Happy Hooligan observes to a friend that he "softly will buy some Victory Bonds," at which his three little nephews

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only chance of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 42 E. Marcellus Avenue, Manassquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

The picture is most cleverly drawn and quite as good as the funny paper artists could do themselves. Crowds

were attracted by it on the depot bulletin board today.

The rivalry among government railway employees in the bond contest is very keen. According to the cartoon the standing is as follows: No. 1 Division in Montreal, first. No. 4, New Glasgow and P. E. I., tie for second. No. 2 of Campbellton and No. 3, St. John, are third. No. 5 and No. 6 divisions representing the Transcontinental north of Moncton and Truro respectively are at the end of the procession.

BUY VICTORY BONDS—THE SALVATION ARMY.

St. John City, Nov. 5, 1918. To the Editor of The Times: Sir,—Once again the Salvation Army have shown the "spirit" so characteristic of their teachings in assisting as nurses during the influenza epidemic. These people go about doing acts of mercy in a quiet way and are deserving of much praise and assistance for their humane efforts.

STOP PAIN! RUB OUT NEURALGIA TORTURE

Instant relief! Rub neuralgia pain from your face, head or body with "St. Jacobs Liniment."

You are to be pitied—but remember that neuralgia torture and pain is the easiest thing in the world to stop. Please don't continue to suffer; it's so needless. Get from your druggist the small trial bottle of "St. Jacobs Liniment"; pour a little in your hand and gently rub the "tender nerve" or sore spot, and instantly—yes, immediately—all pain, ache and soreness is gone. —It is perfectly harmless and doesn't burn or discolor the skin. Nothing else gives relief so quickly. It never fails to stop neuralgia pain instantly, whether in the face, head or any part of the body. Don't suffer!

the journey of a ten dollar bill

I am a Ten Dollar Bill. I may also add that I am a Canadian Ten Dollar Bill and naturally doing all I can to help our fighting boys win this war.

About a year ago when I was only a few days old, I was handed out by one of our chartered banks to a storekeeper named John Doe. I was crisp and clean then, with a bright yellow back. I have spent a mighty busy year, and faded out a lot, but, believe me, my usefulness is as great as ever.

When I first started out in life the Victory Loan Campaign of 1917 was on. In fact, my very first job in life, was to help pay for a Victory Bond John Doe had bought. Together with millions of other bills, large and small, that answered the 1917 call, I was sent to Ottawa. But I didn't stay at the Capital long.

The very next day I went to pay a lumber dealer in British Columbia for some spruce he had sold the British Government for aeroplanes. The lumber dealer immediately put me in the bank.

But just as I was getting used to my surroundings I was taken from the bank and soon found myself slipped in a small yellow envelope with some other bills and handed out one Saturday to one of the lumber company's employees, who carried me home with him, where I remained all night.

The next day in he goes to a storekeeper: "Here's the ten dollars I owe you," he said to the storekeeper, who immediately "rang me up" in his till.

But my stay there was brief. Next day the storekeeper totalled us up, and I heard him say to his assistant: "Collections are splendid again. I can pay all my accounts this month."

Shortly after this I came into the possession of a commercial traveller, and I next saw the light of day in a small

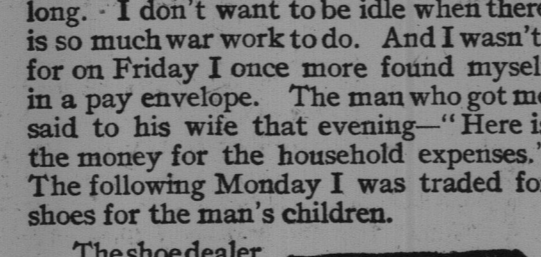

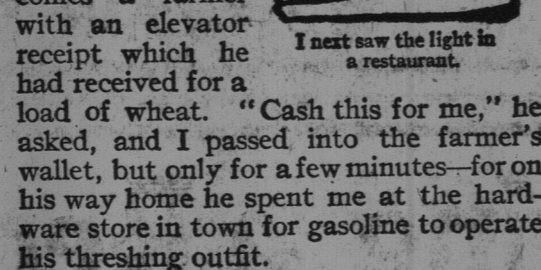

restaurant in a grain town away out on the broad prairies. No sooner had I got comfortably settled in the safe when in comes a farmer with an elevator receipt which he had received for a load of wheat. "Cash this for me," he asked, and I passed into the farmer's wallet, but only for a few minutes—for on his way home he spent me at the hardware store in town for gasoline to operate his threshing outfit.

I am not going to take your valuable time going into details of the different hands I passed through in my trip east—through Saskatchewan, Manitoba, Ontario, until I found myself in the services of a firm in Montreal engaged in making munitions. Here I took another trip to the bank.

It was very peaceful and quiet in the bank vaults. But I was glad they did not keep me there long. I don't want to be idle when there is so much war work to do. And I wasn't, for on Friday I once more found myself in a pay envelope. The man who got me said to his wife that evening—"Here is the money for the household expenses." The following Monday I was traded for shoes for the man's children.

The shoe dealer almost immediately sent me to a leather firm. They turned me over to a tannery. The tannery passed me on to a farmer to pay for some hides. The farmer bought a tractor and sent me to the city. Here I was once more enclosed in an envelope and handed to a workman on pay day. He used me to help buy a suit of clothes. The tailor sent me away down east to square his account with a cloth maker. He turned me over to a coal dealer. He spent me for fish, and I took a short trip on a fishing boat and heard the men talking about U-boats and I looked anxiously around the horizon. But we got safely home with a fine catch. The fisherman needed some new tackle, so once more I started inland.

He spent me for fish.

# Your Child's Cough

Is nothing? Is it to be neglected until it leads to that terrible scourge consumption? Peps stands between winter coughs and colds, and serious consequences. Peps is a tablet made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing.

LIFT THE BAN NEXT THURSDAY

(Continued from page 1.)

St. Stephen and Locality.

Dr. Hays says the influenza has almost entirely abated. This district was hit very bad. He understands that the same report applies to Minto, where the epidemic was severe.

St. George and Locality.

Only a few scattered cases, Dr. Landy reports, where there were from 2,000 to 3,000 about ten days ago. Possibly 100 could be total today. This report covers parishes of Dundas, Wellington, St. Mary and part of Buctouche.

St. John and Locality.

Dr. Morehouse reports that there were 250 cases in an area forty miles long by ten wide there are now possibly not more than twenty.

St. John and Locality.

Dr. Demoss reports only one case of pneumonia and possibly two cases of influenza. When he took up that field a fortnight ago there was influenza in almost every home—hundreds of cases in whole families in many instances.

St. John and Locality.

Dr. Jack, of Glenwood, says his experience with the influenza was chiefly centred about the railway construction works at Westfield. All told he had fifty cases from Westfield to John O. Arward's, at Evansville. The epidemic is practically not felt along this side of the river and for that matter the castle of the Long Reach escaped as well.

St. John and Locality.

Dr. Laporte says there have been no cases for a fortnight in the town of Amunton and no new ones for a week in the outside districts. In the parishes of St. Basil, St. Jacques and St. Hilare there were from 300 to 400 cases each a fortnight ago and from 800 to 1,000

cases in the town. Down at St. Leonard's there is a general abatement as well. Things are now considered next to normal.

Andover and Locality.

Dr. McIntosh says health matters are now very quiet with very little influenza. Dr. McIntosh has had as many as 200 cases in his own practice, eighty of which were among Indians.

St. Stephen and Locality.

Dr. Gray reports everything clearing up nicely in St. Stephen and Milltown, also in the back country. Possibly fifty cases would cover the whole situation. They were calling everything "flu" in this section, but twenty of the cases coming under his notice were really severe. The local health authorities put on the closing ban a week earlier than the government, which evidently proved a wise move, for the American side of the river has suffered four times as much as the Canadian.

St. George and Coast Villages.

Dr. Taylor reports only three or four families affected in St. George and quite a clean bill of health. However there are still a prevalence of influenza at Back Bay, Latete, Black's Harbor, Scott's Cove, Penfield and Lepreau, but not any great aggregate of cases. There are a few cases at Georgetown, Grand Falls and Bonny River. On the whole the situation is not bad.

Hardland and Locality.

Dr. McIntosh reports quite an epidemic of ten days ago has now decreased to less than 100 cases in this area. Only a few fresh cases have developed of late. There has been considerable pneumonia with six or seven deaths.

Chatham and Locality.

Dr. Duffy says conditions in the town are not bad but a short while ago there were many serious cases and five deaths from pneumonia. In the outlying districts conditions were much worse, about 250 cases in the district when the epidemic was at its height. Not many fresh cases now and all of very mild type. People are getting wise to the proper form of early treatment.

Pretty Bad in Bathurst Locality.

Dr. Coffin says conditions are greatly improved in the town but the outlying districts are still bad with plenty of fatal pneumonia. Roundabout Bathurst village there are nearby settlements where the epidemic is still quite severe, the country people seeming to disregard the precautionary measures and going out into the air when suffering from early stages of influenza. Therefore the mortality is high. These districts are badly off for help, as local people are dreadfully frightened and will not go near the lumber camp areas of the McLean operations on the Nepisiquit River there are pitiable conditions. At the time of reporting (Wednesday evening) seven lumbermen were in a dying condition in one camp alone. These camps are reached by auto and horseback as they are located about thirty miles in the woods. Dr. Dougherty and a French medical graduate of McGill are on this job, also Father Wheaton, Catholic priest, another priest, Father Boutour, has succumbed to the disease. Protestant clergymen are working as nurses and have no thought of opening up their

churches until everything is cleared up. Bathurst has an emergency hospital. Dr. Coffin's conclusion, reports that in his opinion the epidemic is now well in hand and is practically under control.

Shippegan and Locality.

In this thickly populated area the influenza has been ravaging with high mortality at Shippegan and Miscou. Two doctors are struggling with the disease but they have a large tract of territory to serve. However, there are most encouraging signs of abatement.

St. John and Roundabout.

Dr. Callin reports the situation greatly improved, with only two or three cases in the town and a general clearing up in the surrounding country. At one time there were between 300 and 400 cases in the town alone, seventy of which were in the Ladies' College (Mount Allison). In fact, Dr. Callin feels sure three-quarters of the people have had the influenza in one degree or another.

Dorchester and Locality.

Dr. Gaudet reports the epidemic abating most satisfactorily. At the height there were 1,000 cases, now only about 100. There has been a high rate of mortality and the influenza has been complicated with pneumonia, typhoid, diphtheria and meningitis, also erysipelas.

Campbellton Locality.

Dr. McPherson says the epidemic has been reduced from sixty to eighty per cent in the town and county. At one time there were 800 cases in a radius of six to ten miles of the town. Very bad at the Indian reserve, also down at Metapedia. Very few new cases now, possibly three or four per day.

Rogerville Situation.

Dr. Hechey reported that conditions are still bad in this isolated place with 300 cases out of a population of 2,500. The disease is about in the middle of its course. A young physician is assisting Dr. Hechey, who has only recently recovered himself and whose wife is still very ill.

**LOCAL NEWS**

**856 RECOVERIES**  
The Board of Health has twenty-seven new cases of influenza reported today, making a total of 856. However of this number 856 have been definitely reported as recovered and placards removed from doorways. The balance, 692 cases, are convalescent or bed-ridden.

**MRS. ETHEL MAY GREAVES.**  
The death took place last night of Mrs. Ethel May Greaves, second daughter of Jesse and Sophia Peacock, at her residence, 101 Exmouth street. Besides her parents she is survived by two brothers, Albert at the front and Cyril at home, and two sisters, Florence and Violet. The funeral tomorrow will be private.

**COOK-BRUME.**  
The wedding of John William Cook and Mrs. Martha Brume, was solemnized last evening at the bride's residence, 24 Winslow street. The ceremony was performed by Rev. W. H. Sampson. Mr. Cook was supported by J. Fillmore and Mrs. Loney Jennings attended the bride. Mr. and Mrs. Cook will make their future home in West St. John.

**CARROLL LEE.**  
Many friends sympathize with Mr. and Mrs. John Lee of Fairville, whose second son, Carroll, died at Brownville Junction. He was an engineer on the Brownville Division. Besides his parents he is survived by one brother, Thomas, and one sister, Winifred. The body was brought to St. John today on the Montreal express and interred in the new Catholic cemetery.

**HARRY O'DONNELL.**  
The death occurred at Fredericton on Nov. 4 of Harry O'Donnell, aged twenty-nine years. He is survived by his wife, his father, two brothers, John A. of Toronto, and Capt. Malcolm O'Donnell, overseas, and two sisters, Mrs. Dr. Geats of Indianapolis and Mrs. Z. Cowan of this city. Mr. O'Donnell was an engineer for some time in connection with coal mining at Miramichi, where interment was made. He was a man of sterling worth, beloved by all who knew him.

**A FINE SHOWING.**  
A thorough canvass of the members of the Victory Loan committee continues to show splendid results. At 1 o'clock this afternoon the city subscriptions had reached a grand total of \$3,150,000. Owing to the exceptionally fine showing of Lauzon's ward a flag is today hanging over the clock which is placed on a building above Harrison street. In this ward \$176,400 has been subscribed with 425 applications. Their objective was \$160,000. Last year only \$97,400 was subscribed with a total of 320 applications.

**AT CITY HALL.**  
A lengthy discussion took place at a meeting of the council this morning about the piece of property in West St. John, which is owned by W. E. Scully and over which the street railway was operating a service around the loop line. As a result of a failure to reach a settlement, Mr. Scully blockaded the tracks and the car service in that section was discontinued. After going into the matter thoroughly with the city solicitor the commissioners decided to have him draw up a resolution embodying the expropriation power of the city. On motion of Commissioner Hilyard, and on the advice of the city engineer, it was decided to advance to contractors Moses and Tobias, who are excavating around Lake Fitzgerald, \$1,000. Reasons for so doing were discussed thoroughly by the commissioners.

**DEVIL'S WORK IN BELGIUM**

**Retreating Germans Bombard Defenseless Towns—Inhuman Acts and Heart-rending Scenes**

Washington, Nov. 6.—German forces in their retreat from Belgium are bombarding defenseless towns, using especially gas shells and devastating the countryside, according to an eye-witness account made public today by the Belgian legation.

"The Belgian government has been informed," said the statement, "by a reliable eye-witness who follows closely the operations on the Belgian front that at the very moment that the German government has announced its withdrawal against inhuman acts and while Germany infers to stop aerial bombardments in the interest of the civil population of the occupied territory, the Germans have bombarded the villages and towns which they were obliged to abandon during their retreat; they have used especially gas shells for this purpose. "Indescribably heart-rending scenes have occurred, the unfortunate population having no gas masks or means of protection against these death-spreading fumes."

**NOTORIOUS CROOK IS FOUND DEAD**

Chicago, Nov. 6.—Edward Joseph Fay, a world notorious crook and bank robber, known as "Eddie Fay," was found dead in an alley here today. There was a bullet wound in his head just below the right ear. The police believe he was slain by a member of his own gang following an argument over the division of loot.

Fay's career of crime extends all over America and parts of Europe. He became internationally known fifteen years ago when he was arrested in Paris with "Mickey" Gleason, also of Chicago, for robbery of a Paris bank. They were sentenced to Devil's Island, a French prison, surrounded by cliffs, and Fay later escaped. He was the first criminal to make a successful break for freedom from that prison.

The police estimate that Fay has stolen more than \$2,000,000 from banks throughout the world.

**BANK CLEARINGS.**  
The St. John bank clearings for the week ending today are \$2,725,901; corresponding week last year, \$2,293,917; corresponding week 1916, \$1,880,028.

**HON. J. A. MURRAY'S NAME WAS ON ONE OF THE NOTES**

(Continued from page 1.)  
Not accounted for, witness said that he had gone to Sussex last night to consult with his former clerk, Morton, but the interview had not refreshed his memory of the matter.

In settling with A. C. Smith & Co., witness said, he had cut down the charges by about \$4,000.

In re-examination by Mr. Hughes, witness identified the charter party for the British shipment and it was put in evidence.

Witness said that the steamer which carried the British shipment was expected on Oct. 20. He feared the potatoes were not coming forward fast enough and that he would have to supply them himself and he decided to supply enough to fill up the ship.

Q.—How were these instructions given?  
A.—By word of mouth.  
Q.—By letter also?  
A.—Breeze.

A.—I won't answer that until I see if you have a letter. You caught me once. (Laughter.)

Mr. Hughes—I caught you a great many times. You have changed your story a great many times.

Mr. Powell—Imagine that. A statement like that from a fibberly-gibberly like that. If Mr. Duggitt did what he should, he would throw you out of the window, Mr. Hughes. Accusing a witness of perjury.

Mr. Hughes—If you were more familiar with the case you would not have made that statement, Mr. Powell. You will be sorry for it before another half-hour.

Witness (rising and with considerable heat.) You cannot make insinuations like that Mr. Hughes. I appeal to the court for protection.

Mr. Hughes—I make no insinuations I am not prepared to support.

Mr. Powell—I must object to this.

Commissioner—I am afraid Mr. Powell that much of this is due to the fact that you were not here earlier in the inquiry and so are not in a position to be familiar with the evidence.

Mr. Hughes then produced a letter which witness identified as one written by him to B. P. Smith, confirming the additional order.

Q.—This is dated September 21, 1914.  
A.—Yes.  
Q.—And the steamer was not expected until October 20.  
A.—That is right.

**Alarmed Early.**  
Q.—And a month before the steamer was due you became alarmed that there would not be enough cargo for her.  
A.—Yes.  
Q.—While you have told us before that you were deluged with offers to supply potatoes.  
A.—I did not say that.

**Paid for Culls.**  
Regarding the culls from B. P. Smith's shipment, witness appeared uncertain who had paid for them but when pressed by Mr. Hughes for an answer to his question "Was Mr. Smith paid for his culls?" the witness finally said "I know he was paid for most of them."

**An Exception.**  
Witness said that the price paid to the farmers was \$1 a barrel. There was an exception. Robert Kidner was paid \$1.10.

Mr. Kidner lived near the railway and shipped the potatoes himself. Besides Mr. Kidner, Dr. McIntosh and the witness were interested in the farm. Mr. Kidner operated the farm on shares.

Questioned whether he had not told Mr. Powell that the value of the culls had been deducted from Mr. Smith's payments, witness appealed to the record, and explained that it was the shortages which he had said were deducted.

Witness said that so far as he knew the government did not pay any interest on Mr. Smith's drafts.

The account was produced and shown to contain an entry of \$71.88 for "interest on drafts."

Witness hesitated to admit that this meant what it said.

Is not this part of the amount which the government claimed was overpaid to Mr. Smith and not returned by him?  
Mr. Hughes asked.

Witness turned up the auditor-general's accounts and found that this amount had been paid.

Regarding the amount of \$9,521, fined by witness as the amount to be paid in final settlement of A. C. Smith & Company's claims, witness said that he could not recollect exactly how this amount had been arrived at. He had thought that it was a fair settlement.

**Hon. Mr. Murray's Financing.**  
Examined regarding a payment of \$1,500 credited by A. C. Smith & Co. as a payment from the government, witness maintained that his previous evidence that the amount was deposited by himself in payment of a personal obligation was correct. He finally explained that it was to retire a note, which he (witness), Mr. Smith and Hon. J. A. Murray were interested. He did not remember who drew the note. It was a private matter of personal acquaintance between himself and Mr. Murray. They did their financing together. Witness then asked that should not be pressed further until he had time to think it over and look up his records.

Counsel referred to the evidence of George B. Jones, M.P.P., to the effect that the note for \$5,077, endorsed by Mr. Jones, was purely a matter of personal accommodation for Mr. Duggitt. Witness asked that this also should be allowed to stand over until he could go over his records.

To Mr. Powell, witness said that the claims of the department against B. P. Smith never had been settled.

H. H. Morton.

H. H. Morton, formerly a clerk in the department, was recalled. He identified his signature on the receipt for \$126 paid in by Leslie Slipp, and acknowledged that he must have received the money. He did not keep it but was not sure where it went. He believed there was an adjustment with the shippers regarding the culls and this payment might have gone to that account. The adjustment could be made by Mr. Duggitt. He did not know anything about it.

**Paid for Total Shipments.**  
Referring to the statement of B. P. Smith's shipments, witness said that the third column showed the amount of Mr. Smith's invoices and the total was \$47,761.95. By reference to the auditor-general's report, witness testified that the amount paid to Mr. Smith was exactly the same amount.

To Mr. Powell, witness said that these payments were made without reference to culls or shortages. A statement of the value of the culls and shortages was made up afterwards by the department but Mr. Smith had claimed that he was responsible for the culls. The court took recess.
