OHATHAM, N. B. . . MARCH 1, 1888

The full text of the Fisheries shipping their catch, while we wanted the privilege of selling our fish in their market, free from customs duties, any also similar treatment for our lumber and some other natural products, if such privileges which the following is the full text: could be obtained.

We think the Treaty will meet all reasonable expectations in these cerning the interpretation of article 1 matters, and while it does not go to of the convention of October 20, 1818, the lengths many of us desire in the the United States of America and her fish products.

The question of the three mile imit, as well as the headland contention.are satisfactorily disposed of, the iurisdiction of Great Britain over Michigan; and her majesty the queen or of Newfoundland. They need not iurisdiction of Great Britain over Michigan; and her majesty the queen or of Newfoundland. They need not include the British a satisfactory practical and final adjust ocentury. This intercourse is still but parbays ten miles and less wide being conceded, Miramichi Bay, the Bay Chaleur and other bays of greater width than ten miles being declared exclusively British waters, not open 50,000 to Americans for fishing purposes. 30,000 while a mixed commission is to dethe three mile limit everywhere.

It will be seen that whenever the 100,00 United States shall remove the du .\$1,055,000 ties from Fishery products going from the British provinces into that country, then the Americans shall be allowed the privilege, under license from Canada or Newfoundland. as the case may be, to enter their ports for the purchase of provisions, bait, ice, seines, lines and all other supplies and outfits, and the shipping of crews, like privileges to be given to Canadian and Newfoundland fishermen in the Atlantic ports important and equitable provision, tion without unnecessary delay. We fear, however, that the desir

able end will be retarded by the consideration of a fee of \$1.50 per of free fish to our fishermen. As

time named however, we can afford to

It is to be hoped that our neighbors will so respect the Treaty as to render the maintenance of police veswill, no doubt, endeavor for party reasons, to make those interested

ilege of selling our fish free in the United States, we shall next turn our attention to obtaining a free market there for our coal, lumber which the Americans now affect to set no value upon, will be an important consideration on which to work for those additional trade privileges -that is, unless those who advocate commercial union, and even annexsooner than they anticipate.

Local Legislature.

The local legislature is to assemble at Fredericton to-day. Before the for Trustees. to support the government, but we

together with the important protocol one. A little less than forty years bays. some sdvantage. On the British side no fishing privileges were harbor, and Purcel's and Ferguson's cought, while no trade privileges conducted the Drawings them of commercial value or importance were asked for by the Americans.

The Treaty.

WASHINGTON, Feb. 21-The presiden ro-day sent a message to the senate, transmitting the fishery treaty, of WASHINGTON, Feb. 21.

direction of promoting free business majesty the Queen of the United Kingdom of Great Britain and Ireland, intercourse with our neighbors, yet mutually desirous of removing all causes it removes the irritating causes of unnecessary loss and annoyance to which the Americans have been sub- and good neighborhood between the jected during the past few years, United States and the possessions of while it promises to be the means of her majesty in North America, have ppening the American market to our resolved to conclude a treaty to that end and have named as their plenipotentiaries, that is to say, the president of the United States-Thomas Bayard, secretary of state; William L. Putnam, of Maine, and James B. Angell, of of the United Kingdom of Great Britain and Ireland—the Right Hon. Joseph Chamberlain. M. P., the Hon. Sir Lionel Sackville West, K. C. M. G., her Britanuic majesty's envoy extraordinary and minister plenipotentiary to the United States of America, and Sir Charles Tupper, G. C. M., minister of

The performance of this functionary is unique. The dignified Sergeant-at-arms stalking to the door returns and, in response to the Speaker's question, informs him that a messenger from His Excellency the Governor-General is without, Mr. Speak er, politely supressing his surprise at the inexpected intellegence, commands - "admit the messenger. Admittance is ther given to the usher of the Black Rod who pearing his black rod, advances three steps elaborate bows. These bows are of such a character as to justify the common pelief that Mr. Kimber has no backbone. Advancing three more steps he repeats the performance and then breaks the ilence: "His Excellency the Governor General desires me to inform you that he has arrived in the Sanate Chamber and to request the attendance of the Commons Again bowing, the U. of the B R backs at of the Chamber, pausing at the thresrold to bend double for the last time and leparts amid a storm of applause from the mused Commoners who then rush nellnell into the senate where, seated on the Throne, His Excellency, wearing a cocked hat and gold laced uniform, reals the speech from the Throne. Around him tandSir John Macdonald robed in all his orders, the members of the cabinet, a staff of officers and the aides, in front sit the mine-trimmed robes of office and other lignitaries while on either hand sit the beauty and fashion of the Capital. The amber certainly presents a brilliant

ppearance. A STORY OF A LITTLE RIG MAN. From the foregoing it is evident that he gentleman usher of the Black Rod forms highly important constitutional luties and that it would be difficult for he Governor-General to get along with at him. In his own estimation Rene Elouard Kimber is of even greater conequence. Unfortunately, he is only five et high and looks it. One day during est session he got in the way of the House of Commons cricket team which was play ng at Rideau Hall and when ordered on of the way by Mr. Jenkins, a member of he House, looked up and demanded, "do you know who I am"-"No," said Jenkins, "and I don't care who the devil you re-but out you go" and the big Maritime nember lifted Black Rod by the coat collar high in the air and deposited him outside of the growd who velled with

A PILOT'S TREACHERY.

AN ENCOUNTER WITH THE FREEBOOTERS OF MALACCA,

The early part of September. 1852, found the ship Orient, bound from Liverpool to Canton, gallantly forging her way through the waters of the Infor the Strait of Malacca across the broad expanse of ocean that washes the southern shores of Asia. The weather label and the southern shores of Asia. The weather label and the southern shores of Asia. The weather label and the southern shores of Asia.

Orient was no exception to the general inspire confidence or respect. However, Capt. Barlow, the ship's commander, ed between the pilot and the occupants

ning alongside of our vessel, the occupants would exchange signs (pantomimic fashion) with the pilot, and then let their boats drop astern and head for the point from whence they had come. dispelled the darkness and permitted cated, and gave us good grounds for using the utmost vigilance, lest we should fall into the net that was apparently being woven for our entangle-

Orient left the harbor of Penang asters strait. Soon the sun began to sink be-

their berths while the larboard went below. I was a member of the former, and coming on deck I took my place of our vessels in future." at the wheel. Beside me stood the Malay pilot, who delivered his orders in broken, although intelligible, English. Near by were several of the watch apparently engaged in coiling rope, but in reality watching the movements of the Malay. The pilot was evidently laboring under excitement, and the constancy with which he continued to cast at ancy with which he continued to cast to the taste and absolutely harmless. It to the taste and absolutely harmless. his eyes in the vessel's wake gave me reason to believe that we were liable to allays feverishness, destroys worms, and receive an unwelcome visitation from prevents convulsions, soothes the tunities to observe his features, and al- mothers' friend, 35 doses, 35 cents. though unskilled in physiognomy, I distrust and aversion and a dread of portending calamity. Soon the distant tracted my attention, ere the pilot com- in August. menced to light his pipe. At first I did not pay so much attention to this. but as match after match had ignited and no evident desire manifested to apply the lighted tapers to the pipe, it suddenly flashed through my mind that this might be a signal to advancing enthat now became quite distinct, con-vinced me that our pilot was playing a vinced me that our pilot was playing a April. desperate game, upon the issue of which depended our lives and the safety of

My shipmates, who were also engaged in waterfing the movements of the pilot, had heard the suspicious sounds of approaching boats, and put the same interpretation as myself upon the action of the Malay. Three of them came leisurely to my side, and before I received the slightest intimation of what they were about to do, they pounced upon the pilot and bore him to the upon the pilot and bore him to the or soapstone stove. deck. Even though taken off his guard, he was no mean antagonist, and before he was overcome and securely ironed, he had managed to draw his case, a terrible kind of knife used by deck. Even though taken off his

Children Cry for Pitcher's Castoria.

the Malays, and inflicted a severe wound upon one of his captors.

The alarm was hurriedly given, call ing all hands on deck, and hardly had the treachorous pilot been placed below and the men taken the stations to which they were allotted, when out of the darkness came a number of proas dian Ocean, with every sail set and her crowded with natives and headed for progress made under the most favor-our vessel. They came on cautiously, able auspices, owing to the benign influences of the mousoon. Three their confederate on board, and unaware months previous we had left the Mersey, and in good time had rounded the Cape of Good Hope and squared away for the Strait of Malacca across the come too near until they should receive be desired, but as we again entered the a sign from the pilot. As noiselessly a trpics we began to feel the effects of the excessive heat by which the dry season and turned upon the free-bootannounced its presence.

Touching at Penang, on the west coast of the Malay peninsula, for which place we had a couple of English missionaries, we secured a fresh supply of water and a pilot to conduct us through

water and a pilot to conduct us through it provoked the wildest shouts of con the strait, and then proceeded on our sternation, pain and rage. A slight way. The Malays are good sailors, but they are as treacherous and thievatus in reply, but none of the bullets but they are as treacherous and thievish a race as exists on the face of the globe; and the skipper who is under the necessity of taking one of them into his service must keep a close watch on the native, so as to be prepared for treachery. The one engaged to pilot the Orient was no account to the general The captain now stationed the mer rule, and his face was not such as to about the deck, covering all sides of the

vessel and keeping a close watch, so as to be prepared to repel boarders. We had cautioned the men in regard to the well knew that we were not done with necessity of keeping the pilot under our piratical visitors, and when they close surveillance, in order that the should next make their appearance we slightest indication on his part of an intention to betray his trust might not quite as easily as before. The night pass unnoticed. One thing that contributed greatly toward provoking the uneasiness of the captain was a mysterinasiness of heaven and earth; but shortly after our first encounter with the Malays, the of proas and other native craft as we moon broke the clouds and we were proceeded out of Penang.
Shortly after we got under way and enabled to see the Malay shore, and also to note the fact that the water beproceeded out into the strait, proas tween us and the land was literally would put out from the shore, and runwere within a mile of us. On the other

Naturally our captain believed that us te discern our enemies, when the boats that at first were observed quite interchanged of an ordinary character, close together began to separate, and we and had no relation to ourselves, they would have been delivered in the Malayan tongue, the spokesman heedless as to whether their messages were understood by us or not; but the evident secrecy they employed, not daring to The speed of which these native boats The speed of which these native boats trust their conversation to articulate are capable would seem almost incredisounds, was well calculated to arouse ble, were it not well known to every auspicion. The idea that all was not right gained additional force from the lands; and with their brown square movements of several proas that were noticed following the Malayan coast and look extremely odd, somewhat similar look extremely odd, somewhat similar keeping constantly parallel with our to the satamaren which is occasionally ressel. That some plan directed against found in use as a pleasure boat in New Percelled by our craft was being set in operation, England and elsewhere. Propelled by and their suspicious movements indileave our orack yachts far astern. Some of the boats took a course that

would enable them to cross the Orient's bow far ahead, others headed to cross nent.

It was late in the afternoon when the larger number steered for the port side of our vessel, the plan and commenced her voyage through the and the same time. There were fully hind the western horizon, sending its fully 300 Malays on board, to meet soon as darkness had settled around us, if defeated. He exhorted them in the Eight bells told the midnight hour, and called the starboard watch from their horths with the starboard watch from their horths with the starboard watch from the starboard
