ARM AND FOOT WERE AMPUTATED

FREDERICTON, July 7.—An operation was performed at the Victoria Hospital upon a young man named Day, of Bathurst who was injured at McGivney Junction, on the Canadian Eastern branch of the I. C. R., yesterday, by being run over by a ballast train. This morning the mangled arm was amputated at the shoulder, and a portion of one foot was also amputated. His condition is most serious, and his recovery is not expected.

GOOD! BETTER! BEST!

We never let it rest until our GOOD is BETTER and our BETTER is BEST. It is not enough that this shall be merely a "good" store, it must be the "best."

Best in merchandise, best in assortments, best in liberality of dealing in low prices, in guarantee of satisfaction and service giving.

BATHURST BOARD 'CRITICISED'

Writer Says Board of Health Does Not Do Its Duty In Fighting Smallpox.

FAVORITISM SHOWN.

Mr. Editor:

It apparently looks as if our Board of Health seems to be very anxious to try and get the local government to pay over a good round sum of money towards the smallpox epidemic, judging from its present manoeuvres. The smallpox (or what is known as such), is evidently spreading in our town, resulting from not only the persons which I have mentioned in my first correspondence, but also others, who are striving to keep it a secret, and the unobtrusive manner in which the Board of Health is at present acting. Why make fish of one and flesh of another? Why not investigate rich and poor alike? Is it because a certain merchant who is also a dealer in farming implements, and who is possessed of a little of this world's goods, should, when such a disease is rumored to be within the walls of his residence, be exempt from having his residence quarantined (no doubt a sad, but compulsory duty, which belongs to the Board of Health).

In order to stop the spreading of such an epidemic, poor and rich should be treated alike, partially shown to none.

How many persons have returned from the Drummond Mines (in which there are, or have been, a few cases of this disease. Yet only one man and

his family have been quarantined, thereby depriving four adults from earning their livelihood for a certain number of days, and remarking, without symptoms, or any outward appearance of the disease. To the contrary, it is well known that another person who returned from the mines nearly two months ago, had a heavy rash both on his face and body and still his residence was, and is close of quarantine today, and it is beyond question that the inmates in the house now quarantined, have taken the disease from there, being faithful and in close communication with one another.

Perhaps one of the members of the Board of Health would give some information in reference to the last person referred to, as he is one of the firms, who lived this person, after coming from the mines, to go to work for said firm.

I will return to this question again if necessary.

In the meantime I will remind the Board of Health as one, that it is not supererogatory, evidently it appears summary at present, in order to make things really symptomatic in the near future.

Yours, etc.

ANTI-SMALLPOX

Bathurst, N. B., 8th July 1909.

SENT TROOPS TO GRACE BAY

Serious Outbreaks of Violence at Strike of Miners in Cape Breton.

WILL NOT RECOVER.

MANY ARRESTED.

GRACE BAY, July 8.—Troops are expected here today from Halifax as a result of the strenuous experiences in connection with the strike here yesterday. A strong force of Canadian regulars, with guns and cannons, are expected from Halifax in accordance with a regulation from Judge Pihlstrom yesterday. At No. 2 eleven men were arrested. At No. 4 during the afternoon the Riot Act was read and twelve arrests made.

MINAR'S LINIMENT is the only Liniment asked for at my store and the only one we keep for sale.

All the people of N. B. are using it.

HARLEY TUNTON, Pleasant Bay, C. B.

COUNTY COUNCIL PASSED PROVINCIAL HOSPITAL ACCOUNT AT MEETING

Council was called to order at 11 o'clock by Warden Adams. The following councillors were present: Warden Adams and Couns. Mowat, McKeown, Dawson, St. Onge, Chaytor, Arsenault, Van, Goulet, Jamieson, Jos. Goulet, Lawlor and Murchie.

A letter was read from the clerk of the Executive Council of N. B. asking for specific reasons why the council desired a change of chairman of the Board of Health. This letter was laid over until the afternoon session.

Statement from Local Government \$48.22, showing amount of Municipalities share of County Expenses. Received and placed on file.

Petitions from ratepayers of Colborn against by-law respecting the running at large of cattle passed at last session. Asked for report and allowed the cattle to run at large.

Among the young men ordained by Archbishop McCarthy, Halifax, on Tuesday was Joseph Turgeon, son of O. Turgeon, M. P. for Gloucester, who received sub-deaconship. Mr. Turgeon has joined the Baptist order.

Coun. Goulet moved that the by-law be repealed. Carried.

On motion of Coun. Arsenault, John B. Slesse was appointed field driver and Simon Goulette keeper for parish of Balmoral.

A communication was read from P. C. Belisle, asking for permission to lay a pipe from spring on Lids Lake road to his brick kiln. On motion of Coun. St. Onge, the permission was granted.

Coun. Chaytor explained that at the last session of the Council a resolution had been passed authorizing the placing of a telephone in the recording office. In looking into this matter he found that it would entail a large amount of expense upon the municipality, over and above the amount of telephone rental. He moved that the resolution be rescinded. Carried.

Several communications from the N. B. Union of Municipalities (writing the Restigouche Municipal Council) to join were read.

Coun. Arsenault and Mowat spoke strongly in favor of affiliating with the Union of N. B. Municipalities and on motion of Coun. Arsenault the secretary treasurer was authorized to pay the Union fee of \$10.00. Carried.

Adjourned to 1.30.

Council reassembled at 1.30 o'clock. Warden Adams in the chair.

The first matter taken up was the letter from the Executive Council, re Board of Health chairman.

Coun. Lawlor stated that he thought it was generally understood that the present chairman was too expensive, that his bills were too high.

Coun. Arsenault, Mowat, and St. Onge were of the opinion that the chairman's bills were high, but that this would hardly form a basis for dismissal. He did his duties well.

TRAIN ARRANGEMENTS HARD TO MAKE

Dalhousie People Complain That it is Hard to Get Special Service.

REMEDY SUGGESTED.

DALHOUSIE, July 8.—The citizens of Dalhousie have had to complain very often about the difficulty of securing a special train to take them to Campbellton to attend any important function.

Why that should be so is very difficult to understand. One would think that with the Superintendent at Campbellton there should be no time lost in arranging for an engine and a couple of cars to go to Campbellton without one person having to guarantee a certain amount.

It was at a very late hour that it became known at the Dalhousie station on the eve of Dominion Day that there would be a special train leaving next morning for Campbellton. Had the weather been fine and notice given ahead nearly 200 persons would have gone to Campbellton to celebrate the day. As it was 88 tickets were sold.

It is to be hoped that Superintendent Price will be able to make a business like arrangement with the I. C. R. commission by which on the receipt of a message from any reliable citizen speaking for a number of people to provide a special train so that our citizens may attend from time to time any function going on in Campbellton.

The meeting of the Auxiliary of the Women's Missionary Society which was held on Tuesday was well attended, and great interest taken in the deliberations.

The temperance hall has been improved lately by receiving a nice coat of paint.

Work is progressing well at the three new residences that are being erected here. The pretty homes built on Adelaide street for Doctor Diabrow and Principal Jones on William street, for the Messrs. Hilyard will add very much to the appearance of our little town.

Messrs. A. & R. Longie lost a valuable horse today. While being driven between the station and the wharf, the horse was struck by the engine of the branch train and was so badly injured that he had to be killed.

Everything points to a very successful tourist season for Dalhousie this year. A great many guests have already arrived at Inch Arran House and families are coming by every express train.

Several families, from Fredericton will be guests at this famous resort this year.

MANAGER WANTED.—A young man of good business ability, must be French, but conversant with English, and have good education. Good salary. Address in English, Graphic, Campbellton.

Pains of women, head pains, or any pain stopped in 30 minutes sure, with Dr. Shoop's Pink Pills. See full formula on 35c box. Sold by all druggists.

Dr. De Van's French Female Pills are a reliable regulator. For sale at White's Drug Store.

MODEL FARMS NOW PROPOSED

H. Dequesne a Practical Farmer Asks County For Assistance.

WOULD PLANT ORCHARD.

As the semi-annual session of the Restigouche County Council held at Dalhousie on Tuesday, an important proposition was laid before the councillors by a practical French farmer, H. Dequesne, who has done valuable work in Quebec, and has many recommendations from Agricultural officials at Ottawa.

Mr. Dequesne asks for a grant of 500 acres of land upon which to establish a model farm for Restigouche. Upon this he proposes to establish an orchard and a general farm and dairy.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury.

Keep Minard's Liniment in the House.

BIG DEMONSTRATION AT MATAPEDIA

Hon. Chas. Marcell, Speaker of the House of Commons Will Be Honored.

SPORTS PROGRAM.

The residents of Matapedia in the county of Bonaventure are planning a grand demonstration in honor of Hon. Chas. Marcell, Speaker of the House of Commons, and the representative of Bonaventure County.

A committee, has been appointed and plans for a big day are well under way.

In the morning a grand parade will be delivered and a valuable loving cup will be presented to Hon. Mr. Marcell.

During the afternoon an extensive program of sports will be carried out among which will be a five mile road race, one mile, 400, 220 and 100 yard races, broad jump, tug of war, and various other sports.

The Campbelltown Citizens' band has been engaged to furnish music. Meals and refreshments will be sold on the grounds.

FUNERAL WAS LARGELY ATTENDED

Many Citizens Pay Last Tribute of Respect to Remains of A. E. Alexander

MASONIC HONORS.

The funeral of the late A. E. Alexander was held Wednesday afternoon, and was one of the largest witnessed in Campbellton for many years. The members of Campbellton Lodge F. & A. M. attended and conducted the beautiful Masonic services at the 2275 Revs. Carg. Coleman, Stackhouse and Hardy officiated at the house and grave.

His Worship Mayor Murray and the members of the Town Council and town officials attended in a body. The floral offerings were many and beautiful.

The line of procession was as follows:

Members F. & A. M.
Town Council and Town Officials.
Pal-bearers.
Carriage of Funeral Director.
Carriage with flowers.
Hearse.
Mourner.

The pall-bearers were: A. G. Adams, Alex. McEwen, Wm. Currie, W. Albert, Mont. Maxwell Mowat and A. McG. McDonald.

The mourners were: Chas. A. Alexander, Frederick W. Alexander, Edward Alexander, John Alexander, Jas. Alexander, Herbert Alexander, Fred Campbell, John Campbell, Jos. Campbell, Jos. Alexander, Arnold Alexander, and Peter Jamieson.

Interment was at the Rural cemetery.

TO ERECT BRICK BLANK

Mr. R. N. Wyse of Moncton, as decided by him some months ago as to meet all requirements of his large and increasing dry good business, has had the work commenced on his proposed new building. The work commenced yesterday afternoon when ten men were at work excavating for the basement.

TORIES LOSE ON P. E. ISLAND

EDMONTON, July 8.—The Liberals are jubilant over the result of the bye-election in the first district of Quebec, where Charles Stasheff defeated John Moore, Conservative, by 52 yesterday. The seat was vacant by the death of Hon. Matthew Smith, Minister, who died at the general election in 1905 was 51.

YORK LOAN CO. MAY PAY DIVIDEND IN NEAR FUTURE

TORONTO, July 8.—It is possible that the National Trust Company, liquidators of the York Loan Company, may be able to declare the first dividend to the 10,000 shareholders towards the end of September next.

The claims amount to \$1,100,000 and the property and cash is worth about \$1,500,000. Of this, \$500,000 is estimated value of property still on hand.

LONGBOAT BEHAVING WELL

DESERONTO, July 7.—Sol Mintz of Hamilton, Longboat's manager, arrived here last evening and was met at the station by his Indian charge, who took him to Mr. Marcell's home on the Mohawk reserve. Longboat has been visiting here since July 1st, and has been keeping away from the hotel. I have seen him, contract now, and think I will have to close up all these good runners again," said Longboat yesterday.

CROPS DOING WELL

WENNEBAGO, July 7.—The Canadian Pacific cross report depicts today is of most gratifying character, and with favorable weather the best results may be expected. The wheat plant is strong and sturdy and should develop a good head.

CAMPBELLTON, NEW BRUNSWICK FRIDAY, JULY 9th, 1909

NON-PARTISAN GOVERNMENT

During the elections and since Premier Hazen has persisted in his late "mentis" that this administration is non-partisan, that Conservatives and Liberals are treated alike, that no distinction is made because of Federal party affiliations. These assertions no doubt mislead a few, but any observing elector cannot fail to see just how this non-partisan administration conducts its business.

Recently, Provincial Secretary Fleming was here and held an investigation into the workings of the Liquor License Act. He reported at a meeting of the government this week and the following is the press report of the finding:

CAMPBELLTON LIQUOR CASE REPORTED ON.
FREDERICTON July 8.—At the government meeting yesterday morning Hon. Mr. Fleming submitted a report on the recent investigation into the enforcement of the liquor license law at Campbellton. He decided that Joseph and Isaac Boudreau, who were shown to have violated the law, and he refused a renewal of their licenses. In case of the Boudreaux Bros. it was decided to continue their licenses.

It can hardly be possible that the above is a correct report of the Provincial Secretary's findings as neither Joseph Boudreau or Isaac Boudreau enjoyed a license last year, and consequently did not violate the license law or ask for a renewal of licenses, their being new licensees. Isaac Boudreau was recommended for a wholesale and Joseph Boudreau for a tavern license by the commissioners, while Joseph Boudreau was refused a renewal on account of violation of the act. It is now asserted that Mr. Boudreau will have his license renewed.

The report states that the refusal to renew the license was made because the applicants were shown to have violated the law, but neglects to state why others who really did violate the act secured licenses.

Residents of Restigouche who know the parties interested know that it is a case of "politics" of the interested parties. Joseph and Isaac Boudreau are Liberals, Belanger Bros. and Joe Boudreau are Conservatives, thus the finding.

It is too bad that the business of the province cannot be transacted with out dragging politics into every act. If the License Commissioners, who are appointed to transact this business recommend certain parties for licenses, their recommendations should stand, unless some more serious charge than petty can be brought to bear against the tavern keeper.

A New York woman got \$500 damages because her hair turned green from a hair tonic. When one turns green from envy no damages can be collected.

FORMER GLOUCESTER RESIDENT DEAD IN THE WEST

Paul Devereau Born Near Petit Rocher Gloucester County Died at Greene, U. S. A.

A GOOD CITIZEN.

Paul Devereau was a native of Canada, born April 25, 1846, and came to the States when a boy in his teens. He was an industrious youth, never afraid of work and always eager to make an honest dollar. He came to Greene in 1878 and since that time has made his continuous residence here in Greene and immediate vicinity.

He was united in marriage to Sarah Geeman on December 23, 1878. She departed this life on January 21, 1881 and their infant son Paul, died one week or so later.

Mr. Devereau has been struggling for many years with that dreaded disease, tuberculosis, and although everything was done to prolong life, the inevitable came Friday evening, April 23, 1909, and the soul departed this earthly life.

A more thoroughly honest man never lived. During the many years he has resided here, we have never heard him accused of a dishonest act. A man who has known him intimately during his long residence here, in speaking of his death said that in all his dealings with the deceased, he never knew him to do the least thing even tending toward dishonesty and never heard him

make a remark derogatory to anyone. We doubt if he had an enemy in the world and he lost none but friends behind him. To know the man was to admire and respect him. What better or prouder heritage can a man leave behind him?

During the last few weeks of his life, he seemed to lose control of his limbs, but bore physical pains with the cheerfulness and patience of an infirmable will, animated by a brave man to face the common lot of all.

Greene has lost a distinguished citizen. For many years Mr. Devereau was mayor of the town and his every deed and action was symbolic of honesty and justice to one and all alike. During his time in public office his motto was, "public office is a public trust." That a good man has gone to his reward, is too true. In the death of Mr. Devereau, a friend, a wife, a counsellor, a companion, a man of such integrity and honor, that he has frequently been pointed to as an ideal man of honor in business and social circles, has passed. Death, had not been unexpected at the home, but the pang of sorrow are no less keen. It is such men for whom there is sincere Catholic cemetery, south of town—E.

DALHOUSIE SOCIAL AND PERSONAL NEWS

Rev. A. A. Boucher left yesterday for Charlevoix.

Mr. Wm. McIntyre of St. John, was in town today.

Mr. E. J. Gleason of Halifax, was in town this week.

Dr. C. H. Godwin of Ottawa was in town on Saturday.

Miss Emma Mowat of Campbellton was in town this week.

Mr. Robert Murray, ex-M. P. of Chatham, spent yesterday in town.

W. A. Mott, ex-M. P. of Campbellton was in town on Tuesday.

Miss Laura Lacombe of Campbellton was visiting the Misses Harwood.

Mr. John McMillan, factory inspector of St. John, was in town today.

Miss Orselle Wallace of Campbellton is visiting Mrs. Capt. Chas. Powell.

The Misses Morice spent a couple of days in Campbellton this week visiting friends.

Mr. Harold White of Bathurst was the guest of Mr. and Mrs. Peter Sheehan recently.

Ltd., are the very first to be working of the new mill recently erected, and which is Dalhousie's largest industry.

BORN
At Campbellton, July 7th, to Mr. and Mrs. Duncan Noble, twin boys.

At Campbellton, July 9th, to Mr. and Mrs. Elmer Sullivan, a son.

At Newmarket, July 2, a 2½ lb. white calf.

At Foxboro, I. C. E. Freeman, a daughter.

At Newmarket, July 6, to Mr. and Mrs. Wm. Corbett, Jr., a son.

DIED
At Bathurst, June 29th, after a lingering illness, Ellen McEwen, wife of Charles McEwen, and daughter of the late Robert McEwen in the 57th year of her age.

CRUISED—At South End, Ind., on June 30th, 1909, William Kruger, in his 23rd year. A widow in Campbellton survives.

A GRAND KIDNEY MEDICINE

"Fruit-a-tives" Cured Him When Everything Else Failed.

Diverton, Que., March 17th, 1908.

I wish to state for record, for the sake of those who may be suffering in the same way that I suffered, that no medicine I ever took did me so much good as "Fruit-a-tives" did. I suffered for many years with Kidney Trouble, with bad pain in the back.

I took every known kidney remedy and kidney pills, but nothing gave me any relief, and I was getting discouraged.

I was advised to try "Fruit-a-tives" and did so—and this medicine cured me when everything else failed.

I used altogether fifteen boxes of "Fruit-a-tives," and from the outset they gave me relief and I am now practically well again; no pain, no distress, and all symptoms of kidney disease have entirely left me. I am very thankful to be once more well, and I freely make this statement for the sake of others who may suffer as I did. To them, I say try "Fruit-a-tives," as they are a grand kidney medicine.

CLARENCE J. PLACEY.

Box a box, 6 for \$2.50, or trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

NOTICE OF SALE

The Charles Poliquin, of the Town of Dalhousie, in the County of Restigouche, and Province of New Brunswick, merchant, and Margaret Poliquin, his wife, and unto all others whom it may or shall concern:

Notice, is hereby given that under and by virtue of a power of sale contained in a certain Indenture of Mortgage, bearing date the seventeenth day of October, A. D. 1905, made between the said Charles Poliquin, and Margaret Poliquin his wife, of the one part, and one James Martin of the Parish of Colborne, in the County of Restigouche, Farmer, of the other part, and which Mortgage was duly registered the Thirtieth day of October, A. D. 1905, as Number 7707 on pages 420, 421, 422, 423 and 424 in Book "X" of the Records of the County of Restigouche, there will for the purpose of satisfying the money secured by said several Indentures of Mortgage default having been made in the payment thereof, be sold at PUBLIC AUCTION, on WEDNESDAY THE TWENTIETH DAY OF OCTOBER, A. D. 1909, at two o'clock in the forenoon in front of the Court House, in the Town of Dalhousie, in the said County, all and singular that certain piece, parcel or lot of land, situate, lying and being, in the Town of Dalhousie, in the County of Restigouche, and bounded as follows:

Beginning at a point on the northern side of William street one hundred and sixty feet distant westerly from the point of intersection of the water by side of Brunswick street and the said northern side of William street, thence at right angles in a northerly direction forty five feet from high water mark, thence in a westerly direction forty five feet to the place of beginning, and preserving the same width from front to rear.

Dated this seventh day of July, A. D. 1909.

INTERCOLONIAL RAILWAY

On and after Sunday, June 27, 1909, trains will run as follows:

Trains leave Campbellton east and southbound, "Atlantic Standard" time 30.

34 Express for ST. JOHN, (daily except Sunday) 2.05

38 Mixed for MONCTON 5.45

36 Express for MONCTON 6.50

40 Mixed for MONCTON 12.10

200 Ocean Limited 10.00

Trains leave Campbellton westbound, "Eastern Standard" time: NO.

34 Express for QUEBEC & MONTREAL, (daily except Sunday) 2.10

33 Express for ST. FLAVIE, (daily except Sunday) 6.30

41 Mixed, for ST. FLAVIE, (daily, except Sunday) 6.30

99 Express for CAUSAPASCAL, (daily, except Sunday) 10.15

199 Ocean Limited 18.10

Trains arrive at Campbellton, east and southbound, "Eastern Standard" time: NO.

34 Express from QUEBEC & MONTREAL, (daily, except Sunday) 2.15

42 Mixed from ST. FLAVIE, (daily, except Sunday) 16.30

200 Ocean Limited 8.35

33 Express from ST. JOHN, HALIFAX & THE SYDNEYS (daily except Monday) 2.00

39 Mixed from MONCTON, (daily) 12.00

35 Express from MONCTON, (daily except Sunday) 18.20

37 Mixed from MONCTON, (daily except Sunday) 20.10

199 Ocean Limited 18.05

All trains run by Eastern Standard Time, between Montreal and Campbellton, and by Atlantic Standard Time east and south of Campbellton. Atlantic Standard time is one hour faster than Eastern Standard time. 24 hour notation, 24.00, o'clock is midnight.

HISTORY OF DALHOUSIE FROM ITS FOUNDATION TO THE PRESENT TIME.

Essay Written by Alban Bate and Which Took First Prize in Dalhousie Public School Contest.---Very Complete History in Every Respect.

PRIZE DONATED BY HON. C. H. LaBILLOIS.

The essay that took the first prize at the Dalhousie school, written by Alban Bate, son of Rev. Mr. Bate, rector of St. Mary's Episcopal Church, Dalhousie, N. B.

Early History

At the extreme North Point of New Brunswick, situated near the mouth of the Restigouche or Big River, is to be found the town of Dalhousie, called after Lord Dalhousie who was out here prior to the year of 1839. He tried to found a small town at Mission Point, which afforded every advantage for such a purpose, and offered the Indians \$500 and twice as much land elsewhere, if they would resign their title, but they did not accept his offer. (See Cooney's History of Northern Part of New Brunswick, page 219.) From this it is very probable that he might have founded the town of Dalhousie, which was surveyed or laid out in 1838 or '39, the surveyor being a Mr. Ulnett.

The earliest event of any historic occurrence which happened near Dalhousie, was in July, 1792, when a French fleet coming to ship Quebec was attacked by a British fleet in the Bay of Chaleur. The French vessels, driven up the Restigouche near where Campbellton now stands, were captured or destroyed. This was the last battle of the Seven Years War. (See N. B. N. Canadian History, Chapter IV, page 279.)

The first white resident of Dalhousie, of which we have any record, was a Peter Harquail, a colony by treaty, the grandfather of the present James Harquail the surveyor, who came from Jersey (one of the Channel Islands) in the year 1812. He built a house where Mr. Alexander LeBlanc's house at present stands. He sometimes after exchanged farms with a Mr. Sigard of Tide Head.

The next resident was a Dan Roberts, who fought in the Battle of Waterloo, coming a few years later and building his house where Mr. McLeod's store now stands. The next

played in the course of the season to ship it away. Besides this business, another of the first industries of the town was that of shipbuilding. The first vessel was the Hamilton, a brig of 200 tons, built by William Hamilton. All the lumber for the building

possession until his death in 1877 when it passed into the hands of his sons, George and Robert, the former having two thirds interest and the latter one third in the business. At Robert's death, George bought the widow's share of the mill and so acquired sole

mail was brought here twice a week from the Miramichi on horseback and by stage coach. The first post office was kept where the public school now is. The first postmaster being Mr. Wanda. From thence it was moved to the lower end of the town, then

Douglas Stewart (the father of Jas. and Chas. Stewart) as Customs House Officer. In 1859 it was removed to its present place above the Post Office with Mr. William Montgomery (the father of the mayor) as Customs House Officer, a position which he held until 1902, when Mr. George Haddow took his place.

Telegraph Office

About 40 years ago Telegraphy was put in the town, the first telegraph office being where the sample room now is, behind Mr. Chisholm's store, a Mr. Hart being first telegraph operator. A number of years afterwards it was moved to the post office. About three or four years ago it was moved to its present place with Miss Eliza Treason as operator.

In 1903 the telephone was put in with the telegraph office, as the central for the town.

Schools and Principals

In early days as the town continued to grow it felt the want of a school, and a small one was built in a vacant house then owned by Dugald Stewart now the home of Mr. Mitchell and family, with F. G. Good as first teacher. One of the first pupils to attend was a Mr. McKenna, who was succeeded by Mr. Lloid, who taught in same building as did his successor Mr. Barrett.

The number of pupils continuing to grow the school was moved to a large building, owned by Dugald Stewart on same site as present school house with a Mr. McKenzie as master. Again the school house getting too small the school was moved to a house where Mr. W. S. Smith's office now is. (The house is not there now.)

A few years after, a grammar school was built near where Mr. George Mercey's house now is. A Mr. Bennett being first Grammar School Principal. He was succeeded by Mr. Hutchinson, who in turn was succeeded by Mr. Miller, who was succeeded by Mr. Ross. While Mr. Ross was here a new Grammar School was built on same

VIEW OF DALHOUSIE, N. B.

of the vessels being saved by hand, whip saws being used.

There were two principal shipyards, one about a mile west of the town, the other where Wallace's mill now stands. The lumber from the river was shipped at the Port of Dal-

control, which he held until 1903, when he sold it to the Dalhousie Lumber Co. who ran it till it was burned down in June 1907. They quickly erected a temporary mill in order to carry on their business and in the spring and summer of 1908 they built an up to date, modern pulp, saw and roasting mill on the same site.

Other Steam Mills and Factory

The next mill, built by Peter Neenan, was a shingle mill. He sold the lease of it to George Montgomery (the Mayor's brother) who pulled it down and built the mill which at present stands. When George Montgomery died, William Montgomery (the present mayor) acquired it. He worked it for two years, then sold it to Chapman and Beringer, who at present own it.

The third mill, built by George Moffat in 1861, was another shingle mill. It was sold to the Dalhousie Lumber Co. in 1902.

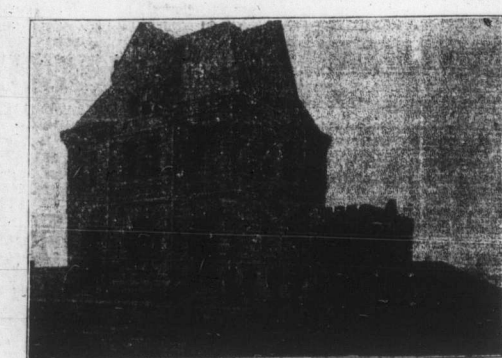

In 1866 a company was formed called the Restigouche Woodworking Co., which built a fine large factory here, but failure overtook it in the form of a fire, which burned it to the ground in the spring of 1867.

Early Communications with Outside Places

In early days communication was kept up with the outside world chiefly by means of water. The inhabitants had to lay in a supply of provisions capable of lasting the winter, but sometimes the vessels could not get here on account of the ice, then provisions had to be brought on sledges from Quebec.

This naturally would make the price of things very high. For instance flour was known to sell at \$29 per barrel, corn meal at \$15, brown sugar at 12 1/2 cts. per lb., white sugar from 20 to 25 cts. per lb. As there was not a great deal of money in circulation, the people generally bought their provisions with timber or farm produce.

Post Office and Mail Service. Before the existence of railways,

POST OFFICE AND CUSTOMS

office now is. In 1859 it was moved to the present fine stone building. H. S. Johnson became postmaster after Mr. Ross was succeeded by Mr. Cowperthwaite during whose time the Grammar School went to Campbellton, as it had grown to be the largest town and he to be content with the Superior School. After this Mr. Ross again came back for a time, then was succeeded by a Mr. Dickson. Shortly after he came the school was burned down in 1898, and during the time the present one was being built, school was held in the Court House and Mechanic's Hall and also in the Masonic Hall. Mr. Dickson taught for a time in the new school house and was then succeeded by Mr. Masterson. The late Mr. McLean followed him, and then came in 1905 our present energetic and able principal, Mr. L. D. Jones.

Custom House

As Dalhousie is a port we naturally had a Custom House here. The first Custom House was on the present vacant lot between Miss Cameron's house and the Post Office, a Mr. McCody being Custom House officer, who some time afterwards was succeeded by Perry Dumarec. From there it was moved to the top of the hill with

Court House and Jail

As Dalhousie is the shiretown of the county of Restigouche, we find the county jail and courthouse here. The first jail was built on the bank where the Presbyterian graveyard now is. When this was done away with, another jail was built alongside of the recording office. In 1892 when the present large brick jail was built, the old jail was bought by George Moffat for a mere song and moved by him down to the Plaza and converted into a dwelling for some of his workmen.

We have had two court houses. The first one was situated between what is at present Mr. McLeod's store, and Mr. James Harquail's office. Our second and present court house was built

(Continued on page 6)

INCH ARRAN HOUSE DALHOUSIE, N.B.

NATURAL ARCH NEAR DALHOUSIE

When these men came here they found a large number of Micmac and Maliseet or Mellicet Indians camped where the railway station now is, and along the water front.

Early Industries and Business. The place evidently grew quickly. In 1832, Cooney in his history, page 218, has this to say about Dalhousie: "On the south side of the Restigouche, two miles above the entrance, is the town of Dalhousie, consisting of a few houses, and two or three mercantile establishments, of which the most extensive is that of Messrs. Hugh & John Montgomery. The site of this town is a level one mile, and between it and two small but elevated islands in front, a good broad channel of six or seven fathoms in depth, flowing towards the town, forms a fine safe harbor, where vessels may load within a quarter of a mile of the shore."

Besides the firm above mentioned the other principal business houses were the Hamiltons, P. & J. Stewart, H. & A. Ramsey and W. S. Smith. The prominent monument overlooking the mouth of the river was erected to the memory of Captain John Hamilton, one of the early residents of Dalhousie.

The principal business of these firms was the exporting of square timber and in those days the harbor presented a very lively appearance, for dozens of sailing vessels of all sizes were employed.

Father Morrissey's Prescriptions

Rev. Father Morrissey

have been curing for 30 years, and are curing to-day, all the common ailments that come to every family. We have hundreds of grateful letters to prove this.

Father Morrissey's No. 7 tones up the Kidneys, removes Uric Acid from the blood, and cures Rheumatism. In tablet form, 50c.

Father Morrissey's No. 10 is a most effective and reliable cure for Coughs, Colds, Bronchitis, Asthma and Whooping Cough. A real Lung Tonic. Trial Bottle, 25c. Regular Size, 50c.

Father Morrissey's No. 11 Tablets relieve and cure Dyspepsia and all forms of Indigestion. Each tablet will digest 1 1/2 pounds of food. Per box, 50c.

Father Morrissey's No. 26 positively cures Catarrh. A combined treatment—tablets for the blood, and a healing salve for the affected parts. Tablets and salve together, 50c.

Father Morrissey's Liniment is a household standby for all sorts of aches and pains. Pleasant to use—quick to relieve. Per bottle, 25c.

At your dealer's. 51

Father Morrissey Medicine Co., Ltd., Chatham, N. B.

The True Test

of value is not the price you pay but the style, comfort and fit you get. Don't imagine that all tailors work alike. Nor the goods like in garments sold at similar prices. Not at all. Good, bad and indifferent describes it. Some excel. We make it a point of honor to give value and perfect fit. Can we do more.

J. R. HENDERSON
MOFFAT, DOCK.

HYSLOP BICYCLES

\$50 Wheels for \$25

and give better satisfaction all round. The quality of the wheels is all right—only the best materials used and only skilled mechanics employed in construction. The equipment is right up-to-date and the machines throughout are such as we can thoroughly recommend. We sell automobiles as well as bicycles and our plan is to make wheels serve as a good advertisement to the entire business. Send for illustrated folder.

HYSLOP BROS., Limited
High-Class Automobiles and Bicycles
TORONTO, ONT.

Undoubtedly the best brewed on the continent. Proved to be so by analysis of four chemists, and by awards of the world's great Exhibitions, especially Chicago, 1893, where it received ninety-six points out of a possible hundred, much higher than any other Porter in the United States or Canada.

We have been appointed agents for the celebrated "CARBO MAGNETIC" Razors and Griffin Cutlery. We have in stock a full line of this brand, and quote a few of the leaders as follows:

GRIFIN "BARBERS FAVORITE,"	1.25
GRIFIN "OUR KING,"	1.50
FAMOUS "CARBO MAGNETIC" (two honing, no grinding)	2.00
CARBO MAGNETIC CUSHION STROP,	1.00

PRIZE ESSAY ON DALHOUSIE HISTORY

Written by Alban Bate in
Superior School
Competition

WON FIRST PRIZE.

(Continued from page 5)

by George Moffat, senior, nearly eighty
years ago.

Registry Office

We have had only two registrars in
our registry office, the late Mr. Andrew
Barberie and his son who succeeded him.
The first deed to be put on record was
that of the old Chaudiere property
on Oct. 10th 1825, at present belonging
to Mr. John Barberie.

Hotels

The first two best hotels built here
were owned by Mr. Delaney and Mr.
Phillips. Besides these there were
some rural ones called taverns in those
days. There are at present three hotels
in the town, besides a large summer
hotel called the Inch Arran, about
a mile from the town, built in 1884,
which after running for several years,
closed down and was not opened un-
til two years ago, 1907.

Steamship Communication, Public Wharf, Harbor Masters and Light Houses

Steamship communication outside
places began with the "S. S. Ladybird"
in 1819, running from Quebec to Dal-
housie and Miramichi. The following
two vessels, the "S. S. Miramichi" and
"S. S. Gaspe" running the same route,
and when the "Gaspe" was wrecked and
the "Miramichi" ceased running, the
"S. S. Beaver" took their place, running
or two seasons. Then followed the
"City of St. John" the "Resolute" the
"Montreal" and the "City of St. John"
running from Gaspe at first only to
Dalhousie, then Campbellton. The
"Admiral" was the first to run to Camp-
bellton but only for a short time when
it made its headquarters at Dalhousie.
The "Lady Ellen" and "Lady Scott"
also had their headquarters at Camp-
bellton.

The public wharf was built in 1860
by John Jardine, before that the pas-
sengers had to embark and disembark
in boats. The wharf was greatly ad-
vanced in 1867 and 1868. The freight-
shed was built on the wharf the first
year in which the "Admiral" ran.

The harbor masters are as follows:
Wm. Jamieson, Andrew McIntyre,
Wm. Cullen, Jas. Moffat and W. S.
Smith, the present one.

Intercolonial Railway

The main line of the Intercolonial
Railway was opened up in 1875, pass-
ing by Dalhousie. This was a bad
blow for the town and Campbellton
became headquarters for a large num-
ber of business, which would have
belonged to Dalhousie had the L. C. R.
passed through here. But the injury
was somewhat alleviated by the build-
ing of the branch train from Dalhousie
Junction, which opened up in 1885.
(Concluded next week)

MINARD'S LINIMENT CO., LTD.

Gentle, it cured a valuable hunting
dog of mange with MINARD'S LIN-
IMENT after several veterinaries had
treated him without doing him any
permanent good.

Yours, etc.,
JULIUS GAGNE,
Prop. of Grand Central Hotel, Drum-
mondville, Aug. 3-94.

"Who's that homely girl you spoke of?"
"She that lady has promised to be
my wife."
"Cheer up. Lots of women don't keep
their promise."

PAST DUE

NEARLY 20,000 SOLDIERS CALLED OUT FOR WAR IN SPECTACULAR WAY

British Army Corps Mobilized With Remarkable Quick-
ness--Prove Readiness for Invasion--Fully
Armed And Equipped.
AN OBJECT LESSON.

LONDON, July 7.—An army corps

was called out for war recently.
Never before in the history of the
British army has so unexpected, and
yet so complete, a mobilization been
carried out. Nearly twenty thousand
men of all arms were lined up ready
to march, and it was only by the
absence of a call to the reservists that
the feat differed from what the au-
thorities hoped to effect in case of an
actual or threatened invasion.

No warning of what was coming was
given. At six o'clock in the morning
Lieut.-Gen. Smith-Dorrien rode down
to the headquarters office, and gave
the order for every unit in his com-
mand to turn out as rapidly as pos-
sible, fully mobilized, and ready for
active service.

The military telegraph linking up
the barracks were soon busy with
the orders, and mounted cavaliers car-
ried the summons to those officers
who live out of barracks.

Some of the battalions were already
in the field, the cloisters, for in-
stance, having left barracks at four
o'clock for a long day's operations.
There were summoned back by mount-
ed men and cyclist messengers, and

within the hour every barracks was
the centre of activity.

Wagons were dragged out and loaded
with stores, water carts filled, am-
munition drawn from the magazines
and distributed, and field dressings and
emergency ration issued to the men
with their metal identity discs and
lockers.

For some time past the chiefs of
staff have been working at this per-
fected scheme to render it perfect
for a sudden call, and the test that
was being applied could only be equalled
by the actual call of war. Indeed,
among many of the troops the belief
was accepted that an invasion was
accomplished.

The telegraph wires, had carried the
news to those officers and men away
on weekend leave, and the early
trains to Aldershot were filled with
anxious soldiers, who on reaching the
stations raved up to their barracks, to
appear in a short space of time fully
equipped and armed for service.

Six hours was the time given for
the units to get on parade, ready to
move on, but so perfect was the ma-
chinery that in the great majority of
cases little more than half that time
was needed to report all ready.

From the Army Service Corps bar-
racks, parties of butchers and bakers,
clerks, saddlers and artificers march-
ed off to join the brigade and divi-
sional headquarters, every man having
his allotted place and his special duties.

No confusion marked the prepara-
tions, and long before the allotted time
was up nearly 20,000 men, artillery, in-
fantry and cavalry, with engineers and
supply transport services, were march-
ing out of barracks to go wherever
needed.

The brigades and divisions assem-
bled on Lifford's Plain, the Long Val-
ley, Bordon and Blackdown, and were
in turn inspected in a thorough man-
ner by Lieut.-Gen. Smith-Dorrien, who
seemed greatly pleased with the smart-
ness in which the order was carried out.

Three days' ration, reserve ammu-
nition, forage, water and even kitching
wood for the fires were carried, so com-
plete was the turn-out.

It is computed that the first bat-
talion of infantry could have been got
away in little more than one hour from
the time of receiving the order and
from that moment a constant stream
of troops would have proceeded to
their places for entraining.

Salmon have jumped into boats be-
fore the pool, but never have the
occupants of the boats been quick
enough to get to them before they were
out again. Mr. Peavey is not the
owner of a record of the pool, and
will not be equalled for a long
time to come.

Among the lucky fishermen at the
pool Saturday and Sunday were Fred
R. Ayer and John Deane, the latter
captured two salmon.

Saturday and Sunday were big days
at Green Lake, and there was hardly
a boat out that did not bring back a
good string of fish. John P. Webster,
a member of the summer camp at the
lake, and H. J. Coville, hold highest
for the week end, having taken six
salmon and two trout. Mark
Craw got two nice ones, and many
other boats on the lake got one and
two each. Besides the salmon some
good sized trout were captured.

a boat out that did not bring back a
good string of fish. John P. Webster,
a member of the summer camp at the
lake, and H. J. Coville, hold highest
for the week end, having taken six
salmon and two trout. Mark
Craw got two nice ones, and many
other boats on the lake got one and
two each. Besides the salmon some
good sized trout were captured.

Mr. Peavey is not the owner of a
record of the pool, and will not be
equalled for a long time to come.

Among the lucky fishermen at the
pool Saturday and Sunday were Fred
R. Ayer and John Deane, the latter
captured two salmon.

TERRIFIC STRUGGLE WITH HUGE SALMON

Ten Pound Fish Jumps Into
Man's Boat--Struggle
Follows.

FISH LANDED.

J. H. Peavey of St. John, one of the
best known of the anglers who fre-
quent the Bangor salmon pool, had an
experience at the pool Saturday after-
noon that were it not for the fact that
Mr. Peavey has a reputation for verac-
ity, and that his feat was witnessed
by a number of the other fishermen
there, might cause a suspicion of a
fish story says the Bangor Commer-
cial. A salmon, weighing about 10
pounds, jumped into his boat and Mr.
Peavey succeeded in capturing it.

Mr. Peavey was fishing from his boat
and had but little luck when he
felt a strike. The salmon did not take
the fly securely and Mr. Peavey eased
his boat down with the current to give
the salmon a chance for another bite.

He was intent on watching his line
when he felt a shock as though a log
had struck the boat. He turned about
quickly to see what was the trouble
and saw flopping about in the bottom
of his boat a good-sized salmon.

Mr. Peavey dropped everything and
pounced on the fish. Then the battle
began. The salmon was fresh and
strong right from his native element.
Mr. Peavey is possessed of consider-
able strength, but with nothing at
hand with which to kill the fish he
had his hands full. He stuck to the
fish and after two struggles succeeded in
killing it. The fish weighed 10 pounds
and was a beauty.

Salmon have jumped into boats be-
fore the pool, but never have the
occupants of the boats been quick
enough to get to them before they were
out again. Mr. Peavey is not the
owner of a record of the pool, and
will not be equalled for a long
time to come.

Among the lucky fishermen at the
pool Saturday and Sunday were Fred
R. Ayer and John Deane, the latter
captured two salmon.

Saturday and Sunday were big days
at Green Lake, and there was hardly
a boat out that did not bring back a
good string of fish. John P. Webster,
a member of the summer camp at the
lake, and H. J. Coville, hold highest
for the week end, having taken six
salmon and two trout. Mark
Craw got two nice ones, and many
other boats on the lake got one and
two each. Besides the salmon some
good sized trout were captured.

Amatite ROOFING

Most roofings
are made of only
one layer, but Amatite
is made in five layers. The
bottom layer is wool felt, the
next is real Coal Tar Pitch,
the third is wool felt, the
fourth is pitch again, into
which is embedded the fifth
layer, namely, the mineral
surface.

If the weather should, in
the course of years, wear
away the mineral surface and
dispose of the layer of pitch
(which is the most waterproof
substance on earth), it would
still have to penetrate a layer
of felt and another layer of
composition and another layer
of felt before the roof would
leak.

It is easy to see why Ama-
tite lasts as long when you
realize how it is made.

That mineral surface re-
quires no painting or coating
whatever, and will take the
brunt of the weather without
renewal or attention or care.
Send for a sample of Ama-
tite. It's free.

YOUNG LADY WANTED—One with experience in stenography and bookkeeping. Good wages. Apply to Graphic Office.

LOCAL AND GENERAL NEWS.

MEETING OF COUNCIL—A meeting of the Town Council will be held on Tuesday evening next at 8 o'clock.

ST. ANDREW SERVICE—Rev. G. T. Tait, B. D. will conduct the service in St. Andrew's church, Campbellton on Sabbath next.

CONGRATULATIONS—Congratulations are being extended to Mr. and Mrs. Duncan Noble on the arrival at their home on July 7th, of twin boys.

SENIOR HOUSE SURGEON—Dr. G. T. Tait, B. D., son of W. R. Gray, has been reappointed senior house surgeon for the St. John Public Hospital.

MEASURING LOT—Railway engineers were yesterday measuring off the lot of land on Water street upon which the Y. M. C. A. building will be erected.

SENT UP FOR TRIAL—Jos. Daley, accused of assaulting a man named Duthie was before Judge Matheson yesterday and was sent up for trial.

TO BUILDERS—All persons proposing to erect buildings within the town should consult the town by laws regarding construction of buildings so as to avoid any future confusion.

GRADING RESULTS—The results of the grading examinations in the various grades of the grammar school will be announced next week.

PROFESSIONAL—Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John, will be at the Minto Hotel, below Baptist church, Friday, July 16th, where he may be consulted professionally.

PAID SHAREHOLDERS—The Interprovincial Navigation Co. of Canada, limited, have made the initial payment of stock dividends, per cent, on stock held. This amounted to about fifty thousand dollars.

CHILD HURT—The little son of Chas. Pinnel fell off the sled at the "car" of the Graphic office, onto some pieces of machinery, killed him and was seriously injured about the head. The little fellow is confined to bed.

HAVING HOUSE PAINTED—Mr. Chas. Steves, painter, is having the exterior of his house treated to a new coat of paint, which adds materially to its appearance. The work reflects much good taste on the contractor, Mr. Edw. Skoutles.

TYPHOID FEVER—There are several cases of typhoid fever in town at present. The first of the summer of cases throughout the western part of the county. Scarlet fever is also prevalent in various sections of this county.

A LARGE LIST—The Graphic has now a circulation of four hundred and fifty two copies in the town of Campbellton. This is the third time the local circulation of our town contemporary. Advertisers should remember that it is not the price per line which gives the value of advertising, but the number of copies circulated in the town of country. We guarantee twice the circulation of any contemporary.

ASSAULTED ON PATTERSON ST.—Inspector Duncan Noble says that the information given in the local and St. John papers by reference to the Duthie assault and robbery case, was not correct, that the alleged assault and robbery was not committed at or near the C. R. station as reported, but on Patterson st., about a half mile distant. Considerable trouble for notoriety has been given Campbellton of late in St. John papers and police headquarters seemed to be the source from which it goes to these journals. The police should be careful in giving information to outside papers which are prone to sensationalize such items to the injury of the town.

HORSE RACES OFF—The news that the mid summer horse races, advertised by the M. A. E. A. for July 14 and 15, have been called off will be heard with regret by the horsemen in this vicinity. The committee here occupy the unique position of having the track in such excellent shape that the American horsemen are shrewd of entering, not wishing to mark their horses with a fast record so early in the season. The proposition was made that the track be floured but taking all matters in consideration the directors thought it best to call the meet off altogether.

GENEROUS REQUESTS—Mrs. Anne E. Lounsbury, who died recently in Boston, left generous bequests, among them being \$500 to the executors to be expended in their discretion for temperance reform work in the city of Fredericton. The other public bequests include \$1000 to the trustees of the United Baptist church at New Brunswick, \$1000 to the Baptist Auxiliary Association of New Brunswick, \$500 to the United Baptist church, Brunswick street, Fredericton, for the extension fund, \$500 to the Baptist Auxiliary Association of New Brunswick, \$500 to the Association of the United Baptist Church of New Brunswick for home missions.

MARRIED—At St. Andrew's, Campbellton, on July 7th, by the Rev. Mr. Tait, John T. Hamilton of River Charles and Annie Beatrice Buckingham of Dalhousie.

SUNDAY SCHOOL PICNIC—The union Sunday School picnic will be held at New Mills on Wednesday of next week. The train will leave the depot here at 3:30 and will stop, both going and returning at the Methodist church crossing and at Richardsville.

GATHERING OF THE CLANS—George E. Foster, M. P., O. R. Crockett, M. P., and Hon. J. K. Fleming are in St. John. It has not been stated what part these gentlemen will take in the coming country election on behalf of the Conservative party.

GRAND PICNIC AND BAZAAR—A grand picnic and bazaar will be held on the R. C. church grounds at New Mills on Wednesday and Thursday, July 27 and 28th. Amusements of all kinds will be provided and music will be furnished for dancing.

CONSERVATIVE CONVENTION—The delegates appointed from the several parishes in the Humberston county to nominate two candidates in support of the Haxey Government will meet in St. Onge's Hall on Wednesday, July 14th at 8 o'clock.

POETICAL PICNIC—Bonaventure, Liberals are making plans for a big political picnic at Bonaventure, for Tuesday, July 27th. It is too early to make definite announcement, but the affair will be one of the largest ever held in this section of the country. It is expected Sir Wilfrid Laurier and other noted speakers will be present.

A FINE AUPA—Last Friday a fine McLaughlin-Halek motor car arrived at Campbellton enroute to New Carlisle for John Hall Kelly, M. L. A. The car was in charge of D. C. Jones, the western manager of the company, who set the machine up, and together with some friends made the trip from here to New Carlisle. The run down was made in less than five hours over very rough roads. The car behaved splendidly and was much admired by all who inspected it.

WATER ON THE BRAIN—The editor of the Tribune is afflicted with water on the brain, supplied by a sixteen inch main, with no valve. Periodically he endeavors to relieve the abnormal pressure by writing articles on the water question, which are nearly as tedious as his sworn testimony which states that the pressure of the mains was highest on the hill back of the town. These articles have long since been recognized as the ravings of a diseased brain and no notice is taken of them.

Could Not Sleep in the Dark—HEART AND NERVES WERE RESPONSIBLE, SO THE DOCTOR SAID.

There is many a man and woman tossing night after night upon a sleepless bed.

Some constitutional disturbance, worry or disease has debilitated and irritated the nervous system that it cannot be quieted.

Mrs. Calvin Stark, Rosmore, Ont., writes: "About two years ago I began to be troubled with a mostering sensation at night, when I would lie down, I got so bad I could not sleep in the dark, and would have to sit up, and rub my limbs, they would become numb. My doctor said my heart and nerves were responsible. I saw Pillsbury's Heart and Nerve Pills advertised and got a box to try them. I took three boxes and can now lie down and sleep without the light burning and can rest well. I can recommend them highly to all nervous and run down women. Pillsbury's Heart and Nerve Pills are 50c. per box, or 3 boxes for \$1.25, by mail, direct, or on receipt of price by The T. Millburn Co., Limited, Toronto, Ont."

GUARANTEED CIRCULATION—The Graphic guarantees its advertisers twice the circulation in the Bay of Chaleur country enjoyed by its local contemporary. Our lists are open to inspection.

Sealed Tenders addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 23rd July, 1909, for the conveyance of His Majesty's Mail, on a proposed contract for four years, six and six times per week each way, between Barabache de Malbay and Percé, from the 1st August next.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Office of Barabache de Malbay and Percé and route offices and at the Office of the Post Office Inspector at Quebec.

Post Office Department, Mail Service Branch, Ottawa, 10th June, 1909.

G. C. ANDERSON, Superintendent
