## CLASH THREATENS AS TO CONTROL OF DIFFERENT PARKS

City Council and Commission Slated to Disagree.

## SMALL AMOUNT PROVIDED

City Bill Will Allow Only Quarter of Mill for Park Care.

There will be a conflict of opinion between the city council and the utilities commission regarding the care of parks and of Springbank Park particularly. The city of London bill will contain a clause to the effect that the rate for the care of parks, exclusive of Springbank Park, be one-quarter of a mill on the dollar, or approximately \$10,000.

That possibly would be sufficient to care for the parks, and leave the citizens a satisfactory surplus.

However, there is no provision for the waterworks park. The city now allows one-half a mill for all the parks, but the reduction of this to one-quarter of a mill would leave absolutely nothing for the care of Springbank, hence the trouble.

Years ago the water commissioners kept up the grounds down the river out of revenue. This was illegal, and when objection was made to this, the parks were all placed under the utilities commission, with a definite amount, one-half a mill on the rate set aside for these purposes.

Now a change has been made, and no money is to be taken from the waterworks park if this change in the law is made.

The utilities commission will protest against this action unless the commission is given authority to expend money on the parks out of waterworks revenue.

The matter will be up for discussion shortly.

## STREET RY. MAGNATES COMING TO LONDON FOR THEIR ANNUAL GABFEST

President Currie Will Meet Major Cronyn, M. P.

The annual meeting of the London Street Railway Company will be held in the company's offices on Wednesday afternoon at 2 o'clock.

The report of the year's business will be presented. No figures are available as yet, but it is stated that the finances of the company are very satisfactory.

There will be a good surprise. The passenger traffic was increased during the year.

Major Hume Cronyn, M. P., will have an interview with Charles Currie, the president, and will make an effort to settle the dispute between the company and the city.

The agreement between the men and the company ended a year ago, and since that time there has been no arrangement.

The company complain much about this, and the members for London and Mr. Currie will make a final effort to settle it.

Mayor Somerville and Controller J. H. Saunders will interview the directors at the possibility of an extension on Queen street from Dundas to the C. P. R. That anything will be done along this line is considered most unlikely.

There will be other matters of importance dealt with.

## MOTOR CLUB BANQUET WILL BE MARKED BY A LENS DEMONSTRATION

Will Show Headlights That Come Within the Law.

The London Motor Club is holding a banquet on Monday evening at the Tenthon House, at which the department of public highways of Ontario will demonstrate the lenses that conform to the new law regarding auto headlights.

The majority of headlights now in use are contrary to the law, and it is given motorists a chance to see the headlights in operation that this demonstration is given.

## SOLDIER NEEDED IN ARMY MORE THAN JAIL, SAYS COURT

Was Charged With Being Drunk and Fined.

## HAD A PRESCRIPTION

Major Says He Committed a Serious Offence, Going to Civilian M. D.

Claiming that he had become intoxicated on whiskey secured on a prescription given by a city physician, a soldier stationed at the Ontario Avenue military school, was fined \$10 and costs in police court today when he appeared before Magistrate Graydon.

The soldier was arrested on the street last night by military policemen who found him wandering alone in an intoxicated condition. When taken to the armories and searched a small bottle of whiskey was found in his pocket. Questioned by the magistrate as to where he secured the whiskey he appeared before Magistrate Graydon with a prescription which he had filled at a local drug store.

"This soldier committed a grave offence when he consulted any but a military doctor," said Major Cronyn, who appeared in court on behalf of the military authorities.

"We have doctors to look after the soldiers, and no civilian physician has any right to attend a soldier unless the latter has been given permission by the military authorities."

"But for the fact that you are needed in the army, I would consent to a charge of a more serious character under the temperance act being laid," said the magistrate. "If a charge were laid under another section of this act you could be sent to jail for three months, but I think you are needed in the army more than you are needed in the jail," said Magistrate Graydon, as he imposed the minimum penalty.

## MEMBERS OF DEPOT UNIT ARE BEING RE-EXAMINED TODAY

Ten Recruits Were Signed On in London Today.

MEMBERS OF DEPOT RETAINMENT UNIT, London, Ontario, were re-examined today by the local military authorities.

Produced seven of the ten recruits were re-examined at the depot unit, and the remainder of the unit were re-examined at the depot unit.

W. O. Reginald, one of the recruits, was sent to the Forestry Corps, and the remainder of the unit were re-examined at the depot unit.

## WOULD PENSION ALL WIDOWS TO ALLOW CARING FOR BABIES

Are Nation's Most Valuable Assets, Says Canon Tucker.

## MOTHERS ARE IGNORANT

Cause Many Deaths, Declares Dr. Hill at Memorial Church.

Rev. Canon Tucker and Dr. Hill, M. O. H., were the speakers at the Cronyn Memorial Church Monday Night Club on Monday evening. Bishop Williams, who was to give an address, was unable to be present, and Canon Tucker gave the address on "The Anglican Church and Social Service."

The speaker stated that the work of the church of social service was on a level with the missionary work of the church, as well as the work in the Sunday school. The church had only to look to Christ for its authority to take up social service, he said.

He stated that the church had first red the multitude before he preached unto them, and on the final of reckoning he will not reward men because they have worked miracles, but because they have fed the hungry, clothed the naked and visited the sick. Men are told that he accepts these acts as being done unto himself. Spiritual work does not mean the people in the slums, but the people who are in the slums were first cleared up. One branch of the social service should be, he said, to teach mothers how to properly care for their babies. He said that the most valuable assets of a nation were not its wealth or any material things, but its manhood and womanhood, and social work was to preserve this to the nation. Boys who know how to work at the age of 10 and 12 should be attending school until 18 years of age. Mothers who have lost husbands should have a pension that would enable them to remain at home and care for their children properly.

The Feeble-Minded. Touching on the problem of the feeble-minded, he said that there was great opportunity for social service to work to the good of humanity. Christ came to earth as a man that he might redeem the body as well as the soul of man.

Dr. Hill, speaking of the Child Welfare Exhibit, said he had often been asked what this baby welfare was, and he could only say that it was exactly opposite to a faraway baby.

He declared that many deaths among children occurred through the ignorance of the mother. It is generally taken for granted that because a woman has a baby she is a mother in the true sense of the word. This idea, he said, was wrong, and there are more mothers who truly know about children than there are women because men started out with the knowledge that they knew nothing about children. He learned all they could, while women think they know all about children because they have never heard of anything else.

He stated that four-fifths of the deaths of young babies were the result of bad feeding, not bad feeding as usually understood, a wrong combination of cow's milk and barley water, but any other food than the one nature has provided for the young child. Cow's milk, he said, was all right for calves, but it was never intended for infants.

Objects of Exhibit. The speaker explained objects of the Welfare Exhibit. The city will be divided into districts, and certain districts will be allotted to certain clinics. There will be sixteen films of pictures shown, three in the morning, three in the afternoon and three in the evening for the school children. The films will be varied from day to day, as often as the number will permit.

There will be addresses given every evening on subjects of vital interest by men fully qualified. He said that the child welfare had the one object of saving the lives of children who die through neglect, carelessness or ignorance, and he expressed the opinion that the exhibit will produce good results.

## FRICKER RECITAL WAS REVELATION TO THOSE PRESENT

Toronto Choir Leader Made Deep Impression Here.

Dr. H. A. Fricker, eminent English organist, now conductor of the Mendelssohn choir and organist of the Metropolitan Church, Toronto, played the organ better than most people do with their hands. This was one of the many things the audience which attended his recital last evening in St. Paul's Cathedral, given under the auspices of the London Organists' Club, discovered about his mastery of the "King of Instruments." Fricker, that was a miracle of cleanness was one of the organists, another was that, manipulated by him, the organ became a whole orchestra, never intended for infants.

Other people "get orchestral effects." Dr. Fricker produces the various instruments with such absolute fidelity that the veriest tyro can recognize them. Now is the singing organ again the voice of the flute, the oboe, a tuneful clarinet, or an ad lib. piece. Always the tone is a dream come true of what organ tones should be, from the subtlest whisper to the sonorous piled-up tidal wave of sound.

Will Be Worth Hearing. Talking of "piled-up" if Dr. Fricker can get the Mendelssohn choir to sing up and down the scale of saving the tone and artistic finish of which he is master in his playing, the famous choir will be well worth hearing.

It was expected of Dr. Fricker that he would have what the hackneyed expression calls a fine command of technique. It was also to be expected that a man of his reputation "would play in any church in Canada, or in any English organist, it was rather surprising that he would be conservative and strict in his playing. He is a man of the English traditions of organ playing. It was delightful to find him academic, but never for a moment did he lose his intellectual to the highest degree, yet richly imaginative, and at times with a noble sense of humor. He has a dominantly optimistic "God's in his heaven, all right in the world" quality, which is reassuring and inspiring.

Dr. Fricker chose to open his program last evening with a composition of his own, a colorful Concert Overture in C Minor, intensely modern in spirit, suggesting the Russian school of composition.

Pte. Theodore Robinson of the Army Medical Corps, well known to Londoners as "The Victory Loan Hiker," was awarded a medal for life saving yesterday.

Pte. Robinson also received official notification from the officials of the Boy Scouts movement that he had been appointed a dispatch bearer to the United States Government, and also a "star scout" for life.

On one of his hikes, Pte. Robinson then an enthusiastic worker among the Boy Scouts, was seen by a patrolman, living in the Platte River at Fort Moun, Colorado. One of the boys named Gurney, got into difficulty in the quicksand, and Robinson jumped in, saving him. Gurney is now a private in the 4th Colorado National Guards.

Mr. Hume Cronyn, M. P., who is in the city at present, becoming conversant with his new duties. It is understood that Mr. Hampson will accept a position with an insurance concern.

When Donald Campbell was placed in charge of the Toronto pensions office his position as pension officer for this district was given to Mr. Hume Cronyn, M. P. Graves, the new officer, has for the past nine months been in charge of the Battle pensions board.

## MOTHER AND CHILDREN HAD AWFUL COUGHS

### WERE CURED BY DR. WOOD'S NORWAY PINE SYRUP

Mrs. Arthur A. Spengler, Novar, Ont., writes: "This past winter my children and I had awful colds and coughs which we got by being in drafts. I tried a number of different remedies for us, but got no relief. I thought I would try Dr. Wood's Norway Pine Syrup, and I found it a most excellent and sure cure. It gave relief to the tickling in the throat and stopped the cough, and with a few bottles we were all cured."

Dr. Wood's Norway Pine Syrup is a remedy that has been on the market for over twenty-five years, and we can recommend it as being, without doubt, the best cure for coughs and colds that you can possibly procure.

There are a lot of imitations on the market, so when you ask for "Dr. Wood's" see that you get it. Put up in a yellow wrapper; three per bottle; the trademark, price, 25c and 50c; manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

### WEATHER IN EAST STATES WORST IN FIFTY YEARS

NEW YORK, Feb. 4.—The movement of freight which the eastern railroads had succeeded in augmenting during the past week, was brought to a sudden stop by yesterday's storm, which taken with the four previous ones, has created "a condition of weather the worst known in fifty years." It was announced today.

## Was Near To Paralysis

Nerves Had Collapsed—Limbs Would Shake and Grow Cold Exhaustion Was Extreme, But Full Restoration Was Obtained.

Mrs. S. Meathrel, 23 Hyla street, London, Ont., writes: "About a year ago I had a complete collapse from my nerves. I was taken to the hospital for a treatment, but it did not give me much relief. When I was brought home again, I went to the country for a change of air. I seemed to be a little better while there, but after my return home I did not feel much better. I used to have nervous spells, when my limbs would begin to shake, then grow cold, and I would be completely exhausted. I was also troubled with a condition of gas on my stomach, which caused palpitation of the heart. At last I decided to try Dr. Chase's Nerve Food, and after I had used them for a while, I could see that they were helping me, so I continued using them until I got well again. I became full of energy and healthy, could sleep well at night, and was able to do my own housework. As I got stronger, the nervous spells disappeared, and I have not had one since. I also used an occasional bottle of Dr. Chase's Nerve Food, which I think cured the gas on my stomach. I have received such benefit from these medicines that I wish to recommend them to others."

When the nerves give out everything goes wrong. The heart's action is weakened, the stomach fails to digest the food, headaches result, you cannot rest or sleep properly and you get run-down and discouraged.

There is only one way to get out of this condition, and that is by feeding the nerves and thereby nourishing them back to health. The most successful treatment used for this purpose is Dr. Chase's Nerve Food.

This fact has been proven in so many thousands of cases all about you that it seems as though everybody should know it by this time.

Ask your friends and neighbors about this great food cure, and put it to the test in your own case. You will then understand why so many people are enthusiastic about Dr. Chase's Nerve Food; 50 cents a box, 6 for \$2.75, all dealers, or Edmanston, Bates & Co., Limited, Toronto. The genuine bears the portrait and signature of A. W. Chase, M. D., the famous Reformer Book author, on the label.

### No Trouble to Keep Skin Free From Hairs

(The Modern Beauty.)

There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered talcum with water it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hairs and give it a beautiful, but care should be taken to see that you get real talcum—Advt.

### NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

What a relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, sniffling, mucous discharge, headache, dizziness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream to your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold or catarrh sufferer has been seeking. It's just splendid—Advt.

## TRY THEM

The next time you suffer with headache, indigestion, biliousness or loss of appetite, try—

## BOLO PASHA'S TRIAL BY COURT-MARTIAL STARTED IN PARIS

Prisoner Listens Stolidly to Charge of Treason.

### MACHINATIONS RECITED

Protests That He Tried to Help the Entente Allies.

PARIS, Feb. 4.—The trial by court-martial of Bolo Pasha, on a charge of treason in having conducted German propaganda in France, was begun today. After a statement of the charges the court unanimously rejected objections raised by the defense, because it was impossible to compel witnesses living in a foreign country to come to France to testify. The act of accusation detailing Bolo Pasha's life was then read.

The courtroom was crowded when Bolo appeared, but the assembly was made up principally of witnesses and interested parties, as the general public was excluded, so far as was possible. Bolo was accompanied by his fellow-defendants, Darius Focher, and listened stolidly and unmoved to the reading of the long indictments, which charged him with having maintained communication with the enemy and treason. A conspicuous figure in the courtroom was Madame Bolo, who was surrounded by a number of friends, who will testify during the proceedings. As soon as the indictment had been read Bolo's counsel moved for an adjournment, claiming that certain witnesses would be unable to appear for him. The state announced that Madame Bolo's counsel was unable to produce the necessary evidence. Bolo's counsel then moved for an adjournment, claiming that certain witnesses would be unable to appear for him. The state announced that Madame Bolo's counsel was unable to produce the necessary evidence.

The indictment charges Bolo Pasha with having maintained communication with the enemy in Switzerland in 1916, and in Paris the same year, when he received German money from the German government to further the pacifist movement; in the United States in 1916, for having received German money from the German government to further the pacifist movement; and in the United States in 1916, for having received German money from the German government to further the pacifist movement.

The state replied to the demand of counsel for the defendant by saying that the indictment was based on the testimony of witnesses, and that the defendant had no right to demand a retrial. The court then proceeded to read the indictment, which charged Bolo Pasha with having received German money from the German government to further the pacifist movement.

On being questioned by Capt. Morin, the prosecutor, why he had not testified, Bolo Pasha replied that he had not testified because he was a prisoner of war and was not allowed to testify. The court then proceeded to read the indictment, which charged Bolo Pasha with having received German money from the German government to further the pacifist movement.

On being questioned by Capt. Morin, the prosecutor, why he had not testified, Bolo Pasha replied that he had not testified because he was a prisoner of war and was not allowed to testify. The court then proceeded to read the indictment, which charged Bolo Pasha with having received German money from the German government to further the pacifist movement.

PAVENSTED IS INTERRED. NEW YORK, Feb. 4.—Adolph Pavensted, prominent banker, intimate friend of Count von Bernstorff and a close associate of Bolo Pasha, was interred today in the cemetery of the Holy Sepulchre, near the city of Constantinople.

VETERAN TEACHER IS DEAD NEAR CLINTON. CLINTON, Feb. 4.—George Baird, aged 77, of Stanley Township, died today. He was a veteran teacher and had been teaching for over 50 years.

SOCIALIST DITTMANN SENTENCED FIVE YEARS. BERLIN, via London, Feb. 4.—Wilhelm Dittmann, the Radical Socialist deputy, who was tried by an extraordinary court-martial on the charge of inciting to high treason, was sentenced to five years' imprisonment in a fortress.

## BARON RHONDDA IS HOT AFTER FOOD HOARDERS

Unionist Member for West Down Had Big Stock of "Eats."

### AND IS HEAVILY FINED

British Food Boss Urges the Magistrates to Send Guilty Ones to Prison.

LONDON, Feb. 4.—Wm. John MacGregor MacCaw, Unionist member of the House of Commons for West Down, was fined £400 and £35 costs today for food hoarding.

Mr. MacCaw was tried in the Oxford, Surrey, police court. According to the evidence, he had a stock of food valued at £400 and £35 costs today for food hoarding.

Many Other Cases. The case of Mr. MacCaw was one of several hundred pending, while many more have already been disposed of. As soon as the country being involved, last week Admiral Sir Richard Phippen was fined £100 and £25 costs for food hoarding.

C.P.R. MAINTENANCE MEN SUSPICIOUS OF CLAMOR FOR COOLIES. OTTAWA, Feb. 4.—Hon. T. W. Crothers, minister of labor, when asked this evening with regard to the dispute between the Canadian Pacific Railway and its maintenance men, stated that officials of the company and representatives of the men were still negotiating.

GOVERNMENT WILL NOT MODIFY PROHIBITORY ORDER, SAYS ROWELL. OTTAWA, Feb. 4.—Speaking here tonight at a mass meeting of temperance workers and others who expressed approval of the government's recent decision, Hon. Newton Wesley Rowell, K.C., president of the Privy Council, stated that the government had no intention of modifying the policy as announced on December 22.

ICE-BOUND LAKE STRS. ALL RELEASED BUT ONE. OTTAWA, Feb. 4.—It was stated at the marine department today that all the lake steamers which were caught in the ice in the lower St. Lawrence, with one exception, had been released. The remaining ice-bound boat, the Key North, is now at Gaspe.

Now Is The Time to think of INSTANT POSTUM

Try this excellent beverage instead of tea or coffee. Note its economy in time and fuel. A Safe Drink. A Saving Drink.

## People of Poland Insistent Upon An Independent Nation

Any Other Solution Would Be Danger to Peace of World.

### WASHINGTON, Feb. 4.—Deputies of the Polish popular party in Austria

have announced that they will insist upon a Polish nation, according to an official dispatch today from Switzerland. They hold that the sole solution of the Polish problem is the unification of all Polish territories as an independent state, with access to the sea. Any other solution, they said, would be dangerous to the peace of the world.

### PEACE HOPES AND THE UNITED STATES BOND MARKET.

It is not too much to say that the expectations of an early peace which began to be entertained in mid-December and have continued almost uninterrupted since to the present time to hold the attention of financial leaders, have been potent to check liquidation in the bond market and also bring about new investment buying. A little over a month ago bond dealers who were in touch with investors all over the country and were finding a demand for bonds at the then bargain levels, were wont to go to large international houses having supplies of American bonds that had come from abroad and take \$25,000, \$50,000 and \$100,000 blocks at the market prices. Just after Christmas the big international houses suddenly withdrew offerings and the dealers had to go out in the open market to buy active issues and they had to pay half to a point higher for such bonds.

That condition has continued until now and while it is said that the peace outlook is not so bright nor is it the factor that is now governing the withholding of bonds from the market, the approach of the third Liberty Loan campaign is given as the reason why no greater supply of bonds is available, it being stated that it will be the policy of the large banking interests to discourage the purchase of corporation bonds in favor of the Liberty Loan. There will, of course, be an active outside and Stock Exchange market for corporation bonds while the Liberty Loan campaign is on, but the important interests are committed to a policy of discouraging activity in the bond market outside the Liberty Loan and would be pleased if only a nominal market ruled during the efforts to enlist the nation's resources for the third loan.

Sentiment is veering around once more in favor of 4½ per cent interest rate on the next loan. Numerous plans for avoiding that rate have been discussed, both at Washington and in Wall Street, but the market for the second cent rate would have a popular reception. The advocates of the higher interest rate have been reinforced in their argument by the Washington announcement that the requirements of the Government will be \$19,000,000,000 by June 1. The bonds, no matter what the interest rate may be, unless the new bonds are made tax exempt, must borrow for a longer period than the time limits of commercial paper. The appeal in that case is to capital awaiting investment, and in peace times this capital is almost invariably ready for good investment. But in war times the capital-market must be reserved for government loans. So that Mr. McAdoo's plan for a war finance corporation is intended to keep the business need for longer loans supplied, without interfering with the Government market.

Briefly, it furnishes credits to the extent of \$4,500,000,000, which cannot be had in the market, but must be had some way if the business structure is to be sustained under the pressure of enormous war loans.

It is, in effect, a big Government bank for making long, well-secured business loans. It is to have capital now of \$500,000,000, with possibility that it may have to be increased, and the \$4,500,000,000 of credits raised, also, to care conservatively for business progress and for winning the war. Because without business progress and prosperity-winning the war will entail terrible hardships.

This may be inflation, but it is inflation of the right kind. The objection that it is too politically automatic, that Mr. McAdoo appoints his own board, and that the powers delegated might become dangerous, does not alarm, because the existence of the corporation is for the period of the war and six months thereafter. Possibly this period of existence may have to be extended after war, in the great reconstruction of the world, enabling the credit of the Government to help where the most powerful credit may be needed.

If so, all the better for the quicker reconstruction of the world, after war has destroyed so much human and industrial material.

UNITED STATES SECURITIES ARE BEING BETTER APPRECIATED.

Those who look at the market from the standpoint of the influence of current events may think that German internal disturbances and the full steel dividend, have had a favorable effect upon it. The volume of stocks in supply for the time being more than a month ago. Wall Street loans are markedly low showing smaller amount of stocks carried on margin and more owned outright. If we accept the view of news influence as a factor in market movements, the peace hope seems to have had the most weight, but strangely enough, it is difficult to see how peace, much as it is to be desired, could be considered a bullish factor industrially, when the war is providing so large a part of the commercial activity and its cessation would cause a pronounced fall downward in prices of most commodities and in activity of manufactures and related industries all along the line. But we are far from a military decision which would bring peace, and Germany seems far from a diplomatic peace by concession.

The passage of the bill creating a war finance corporation would undoubtedly afford a basis for expansion of credit to a very large amount. Credit expansion in great volume would lay the foundations for an upward movement in securities, to an extent which might bring upon us the long expected bull market. But the war finance bill has not yet been passed, and if it is passed it will take some time before its effects will be potent.

DEVELOPING ONE'S MEMORY IS TIME WELL SPENT.

It was said of Macaulay that if every copy of Milton's "Paradise Lost" were accidentally destroyed, he could replace it. From his memory down to each comma. He trained his wonderful memory in the following way: When he was reading a book, he would stop at the end of each page and endeavor to recollect what that page was about. He did this so carefully that gradually he trapped himself to such a pitch that by merely reading a passage, a page, or a poem, or even an article, he could repeat it word for word.

If you will follow this practice you will find that your memory will be wonderfully strengthened. More than this you will lay up in your mind a vast store of literary treasure that will reduce itself to your speech and writing, and influence your thought in the most desirable manner. Start training your memory with poetry, and learn it by reading it aloud. If you read it merely, you are only the eye to help you recall it. If you speak it, the sound of the words helps you to remember them. Do not try to do too much at the start. Give ten minutes a day at first. Master a small poem, even if it takes you several days. In that way you will not get tired of your exercises. And as you go on you will learn more in the time you allow yourself.—Exchange.

WHY SOME SALESMEN ARE ALMOST IRRESISTIBLE.

I love to see enthusiasm. A man should be enthusiastic about that in which he is interested. I would not give two cents for a man who works for money alone. The man who doesn't get some comfort and some enthusiasm out of his daily work is in a bad way.

Some men are almost irresistible—you know that. It is because enthusiasm radiates from their expression, beams from their eyes, and is evident in their actions. Enthusiasm makes a man boil over for his business, for his family, or for anything he has an interest in, for anything his heart is in.

So I say, enthusiasm is one of the greatest things a man can have.  
HUGH CHALMERS.

WALL STREET CONDITIONS.

Are we on the eve of an extended bull market? There are some conditions which would seem to warrant such an opinion, but there are also reasons why it does not seem reasonable to expect that in the face of so much money being drawn to the Government for war purposes and the bank reserves showing continued decreases, the market will take leaps and bounds for much higher figures, as some of our enthusiasts like to make themselves believe. Is this immediate prospect? The past week has seen many very reassuring advances, but all of these may not, however, be regarded as permanent. Some will have violent setbacks, because of less stable worth in the stock, but such as Canadian Pacific Railway, whose dividend meeting will take place February 11, as government railway guarantee, peace rumors and prospects for which, are unity, food conservation, big government outlay, stock dividend decisions, and the influence of these was reflected in the better prices of last week for both United States and Canadian securities. Many issues, especially those among the industrials, should do much better, as orders are given out by the railways and shipbuilding works for raw materials and supplies. Baldwin Locomotive, American Locomotive, American Car and Foundry, Canadian Car and Foundry, are specialists making for higher prices.

## What Is Life Insurance?

When Death comes

It is a rift in the clouds.

It is sunshine through the rift.

It is a bright rainbow of promise.

It is condolence coined into cash.

It is "glad news in a sorry season."

It is a friend in need that is a friend indeed.

It is the ripened fruit of remembered duty.

It is a halo of glory about the vacant chair.

It is an answer to the prayer, "Give us this day our daily bread."

It is an echo of Holy Writ, "He relieveth the fatherless and widow."

It is a creator of Wealth, a defender of the Home and a provider against Want.

It is all this and very much more.

Our policies are unexcelled, modern in every particular and issued on all plans at low rates. Full information cheerfully furnished by District Agencies and Head Office.

AGENCY DEPARTMENTS: 112, 317 DOMINION SAVINGS BLDG.

## KITCHENER SQUAD STILL HAS UNBROKEN STRING

Soldiers Go Down to Defeat 22 to 3 Before League Leaders in Game Monday Night—Ross, Ruppell and Shuter Show Great Form.

[Special to The Advertiser.] KITCHENER, Feb. 4.—The London military hockey team was unsuccessful in breaking the Kitcheners' string of victories in the scheduled game here tonight, the locals winning by a score of 22 to 3. The soldiers showed better form and speed than their first appearance last month, but even at that they did not prove to be in the same class as the undefeated group leaders. The Kitcheners forward division never showed up to better advantage. Hiller, Parkes and Solomon giving a display of combination and back-checking seldom equaled in hockey annals in this city. The defense was also in great form and allowed few rushes of the visitors to pass them. The Londoners played fast hockey throughout against their superiors. Ruppell and Ross showed up well on the forward division, whilst Shuter in goal made numerous spectacular stops.

In the second period Shuter was hit on the forehead by the puck, but bravely continued to play. Ruppell scored for London, one minute later, after which the game was largely played in London territory, the locals adding four goals. Solomon getting three and Parks one. The first twenty minutes of the second period witnessed the fastest hockey of the game, neither side scoring until Parks broke away and scored. Parks, Hiller and Solomon each scored later, and a minute before time Ruppell rushed through the entire Kitcheners team and tallied, the play being one of the prettiest of the game.

In the final period the Kitcheners outshone the visitors and played dazzling hockey, scoring twelve goals.

## WESTERN GIRLS TAKE FIRST GAME OF NEW BASKETBALL LEAGUE

Defeat Y. W. C. A. Swastikas 14 to 6 in Game at "U" Gymnasium.

The first game of the newly-formed girls' basketball league, to play for the Western University girls' basketball trophy, was played off in the Y. M. C. A. gymnasium on Monday evening when the Y. W. C. A. Swastikas by 14 to 6 defeated the University girls. The Swastikas were practically all new, and showed some neat combinations, which completely puzzled the University girls. Hicks started, scoring twelve of the fourteen points for the university. She played a fine game, showing all kinds of pep, and made some good shots during the game.

## Anecdotes of John L. Sullivan

Sullivan once was asked what he considered his hardest fight. "I never had any hard fights," he answered. "I never was laid up. There's no need of a man getting hurt in a fight if his heart is in good shape. Have a physician look him over before you let him go into the ring and he won't get hurt."

## FREE-FOR-ALL PAGE PROVIDES REAL SPORT AT MOUNT CLEMENS

Roy Graton Shows Speed in This Event—Dustless McKinney There Too.

MOUNT CLEMENS, Feb. 4.—What is proving to be one of the greatest races ever seen anywhere is the free-for-all page, the feature of the opening of the second week of ice meeting here. Four heats were raced this afternoon, three heats winning and putting the local champion over until Tuesday.

## FIVE RINKS LEFT IN FINALS AT BIG OXFORD BONSPIEL

McIntosh Trophy Brings Forth Keen Competition.

WOODSTOCK, Feb. 4.—The annual Oxford bonspiel opened all afternoon with an entry of sixteen rinks, all the clubs of the county having representatives present with the exception of Plattville, whose rinks were detained at Paris and compelled to return home.

## SULLIVAN BOXED AT OLD GRAND OPERA HOUSE HERE IN 1900

Jose Gaste Missed John L.'s Greatest Fight by Few Days.

Jose Gaste, the well-known local cigar manufacturer, missed seeing the late John L. Sullivan's famous fight with Jake Kilrain at Richmond, in July, 1889, by only a few days.

## R. W. GLOVER'S RINK WINS THISTLE 'SPIEL

R. W. Glover's rink won the Monday night bonspiel of the Thistle Club, capturing both the money and the trophy. This left them the victory easily. The Glover rink was the only one to win both games during the night. The rinks and scores follow:

## WITH THE BOWLERS

Blue	White
Stone 134	175
Ward 131	174
Brigg 146	148
John 120	124
Pensa 132	135
Donaldson 723	793
Chorazin 45	121
Rudis 172	178
Duffy 113	182
John 120	124
Crawford 132	116
Holmes 333	720

## THISTLES DEFAULT COLTS AND FINALS IN ONTARIO TANKARD

Owing to difficulty in finding curlers who could make the trip to Paris today, the Thistle Club has been compelled to forfeit their games for the Colts Trophy. Although only two rinks are required, it was discovered on Monday night that several Colts who had been expected to play were unable to get away from business.

## To Petition Govt. To Permit Racing on Certain Tracks

Thoroughbred Horse Association Holds Election of Officers.

## SNELGROVE WINS AT LONDON C. C. CLUB

W. J. Snelgrove skipped the winning rink at the London Curling Club's Monday night bonspiel, winning two games with a plus of five. J. McKay was next in line with two wins and a plus of one. Seven rinks were on the ice. The rinks and scores follow:

## LONDON HOCKEYISTS STAR IN GAME AT INGERSOLL

INGERSOLL, Feb. 4.—Ingersoll Juniors in tonight's game with Woodstock were reinforced by Grieve and Gilles of London. The score was 4 to 1, and is a fair indication of the play. The first period ended to the advantage of the Londoners, who scored two goals in the second period 2 to 2. Past hockey was witnessed in each session. The Londoners took the place of the regular Ingersoll players, who were not available, and the contest staged was an exhibition only. It was by far the most exciting game of the season, and appreciated by the fans in view of what has previously been the experience at the home team. King, Grieve and Gilles were the stars of the game.

## A. M. C. AT THAMESVILLE

Thamesville, Feb. 5.—The A. M. C. team of London will come down to Thamesville on Wednesday to play the Thamesville Juniors. The medical men will have with them Russell Saunders and Shuter of the senior squad. A fast line up is expected. Thamesville will line up: Paddon, goal; Deba and Wall; defence: Devenport and Dicks; wings: Tiffin, centre, Bueal, spare.

## CUBS AND TIGERS WIN IN CITY LEAGUE

The Cubs and the Tigers were the winners of the Monday night fixtures of the City Basketball League played at the Y. M. C. A. gymnasium. The Cubs won from the White Sox in the last half of the game, the Sox leading by one tally at halftime. The teams and scores follow:

## LONDON CURLERS HAVE TWO RINKS AT PARIS

The London Curling Club has two rinks in play for the Colts' Trophy at Paris today. On Wednesday the London Club will send two rinks to Sarnia to compete for the Vendome Trophy.

# INDUSTRIES, STORES, EXCEPT FOR FOODS, DRUGS, PAPERS, TO CLOSE ON FEB. 9, 10, 11

Ontario and Quebec Included In Drastic Order of Fuel Controller, Who Excludes the West and Maritime Provinces—Hotels, Eating Houses and Drug Stores Are Excluded.

## HEATLESS MONDAYS ARE ORDERED FOR THEATRES, MOVING PICTURE HOUSES

Munition Plants Are Included in Three-Day Holiday, Which Goes Farther Than Recent Holiday Ordered in United States—Theatre Monday Holidays Begin February 18 and Continue Till March 25.

OTTAWA, Feb. 4.—On the recommendation of C. A. Magrath, Canadian fuel controller, tonight the Cabinet passed an order-in-council suspending the operation of manufacturing plants for three days, February 9, 10 and 11.

The only exceptions are plants which must be continuously operated seven days of the week to avoid serious injury to the manufactured products, plants manufacturing perishable foods and food necessary for immediate consumption, and plants devoted to the publication of daily newspapers. Drug stores and bona-fide news-stands are also exempted.

The order applies to all business and professional offices, warehouses wholesale and retail stores.

For the purpose of selling food only, stores may maintain necessary heat until 12 o'clock (noon) February 9 and 11.

The regulations do not apply to the heating of restaurants, hotels, or places where meals are regularly served.

Just Ontario and Quebec. The Canadian order does not apply to Western Canada nor to the Maritime Provinces. The order as passed, will apply to all of Ontario and Quebec, from Fort William on the west to Riviere du Loup on the east. It is understood that it was the intention to pass this order last week, but it was held up owing to doubt as to further action in the United States and the possibility of the discontinuance of their order.

Mr. Magrath, who is in Washington, is in close consultation with the American authorities, and is co-operating with them in every possible manner to meet the present situation. This recommendation was decided upon by him as best for the present, although further orders along the same lines may be issued later if necessary.

Munition Plants Close. The Canadian order will go further than the American in that all munition plants must close down for the three days. The Canadian order also goes further than the American in that during the month of February and March all golf, country, yacht, canoe, or hunt clubs must be closed except on Wednesdays and Saturdays. On other days of the week the coal consumption is to be restricted to the quantity to prevent damage through freezing.

For the present, heatless Mondays are ordered only for theatres, moving picture houses, bowling alleys, billiard rooms, private and public dance halls, and any other places of amusement. They must remain closed every Monday, beginning February 18 and extending to March 25. Exception is made where entertainments or special functions had been advertised before February 1.

## Heads of Huns In Conference on Peace Issue

Rupture of Negotiations at Brest-Litovsk Is Foreseen.

LONDON, Feb. 4.—The Amsterdam correspondent of the Exchange Telegraph Company says the sudden return of Dr. von Kuehlmann and Count Czernin to Berlin is considered in German political circles as the forerunner of the rupture of the negotiations at Brest-Litovsk.

The special conference to be held in Berlin, according to this correspondent, is for the purpose of considering the general peace situation. The Bulgarian premier, M. Radoslavoff, and the Turkish grand vizier, Talaat Pasha, are also expected in Berlin.

## QUALIFIED PHYSICIANS, DENTISTS AND VETS. ARE GIVEN A RESPITE

Qualified physicians, dentists, and veterinary surgeons, who have been ordered to report for duty under the military service act, are to be given a respite of six months. The order, which was issued by the War Office, states that the officers, who are given the respite, are to be allowed to continue their civilian occupations until the end of the war.

## FIELD PUNISHMENT MAY BE IMPOSED

Soldiers in Canada who do not care to be "within the law" with regard to obeying orders and following the rules and regulations, will have hanging over their heads the possibility of a new form of punishment. The result of instructions received from Ottawa today, which state that "field punishment" may be imposed by commanding officers of the C. E. F., and of units of the active military forces, is that the punishment of pay is included in field punishment No. 2, and it entails the forfeiture of pay for a period of 14 days. It is considered a lighter punishment than detention, and the outstanding feature of it is the fact that it does not interfere with the work of the soldier, or with his training. It is carried on as usual, which is impossible when a man is in detention, but when hours of training are over the man under punishment reports to the police sergeant for his added work, or detention.

## CALL MADE FOR CHEMISTS

Technically Qualified Men in Urgent Demand.

Technically qualified chemists are in such demand at present that the officers commanding military districts have been asked to secure the names of all such men in units in their districts.

Three years university training, together with practical experience in industrial chemistry and metallurgy, is necessary, or, if without the university training, they must have had at least five years practical experience in the manufacture of explosives or in kindred industries.

The names of chemists, when obtained, will, together with a description of their individual qualifications, be forwarded to Ottawa, camp orders today, and they will probably be given leave of absence, as has been done in the case of doctors, dentists and veterinary surgeons.

## CITY HAS OFFER FOR UNSOLD DEBENTURES

Mayor Somerville and City Treasurer James S. Bell have had several applications for the purchase of \$1,000,000 in bonds, which will mature in July.

His worship has made no contract for the bonds, but it is probable that they will be sold shortly.

There is a fair market for London securities at the present time.

## "CLEVER" ADVERTISING

—no matter how "clever"—unless it creates a desire on the part of the public to buy—is NOT clever advertising.

## CITY COAL HELD UP BECAUSE NO EXPORT LICENSE WAS SECURED

Only Two Cars of Much Needed Fuel Are Available.

Difficulty in obtaining an export license is the only thing at present preventing the city of London from getting the coal that was ordered by the public utilities commission. It is possible, however, that two cars of the order will be secured.

"No tickets, no coal," seems to be the slogan of the United States fuel controller, and an innocent unsuspecting car of coal, on reaching the border may swear itself black in the face all to no avail, unless the required parchment can be produced by the shipper. So that now a small engraved "scrap of paper" is the only bridge across the border story of Arizona's coal can glide into Canada, and the fragile though it may seem, it is the only thing that will stretch across the Niagara River gap for the people's coal at present.

Only those mining companies and coal brokers who exported coal into Canada last year have a license at present, it appears, and for a dealer who has not previously had a license to obtain one is now out of the question. The reason for this is given in a statement from the United States fuel controller to the effect that though these licenses have been limited to a certain amount of coal for Ontario per month, they had exceeded the number of tons to which they were limited by 26 per cent.

The broker from whom the people's coal was purchased is having trouble getting an export license, but it is possible that two cars of the order will be secured. More than this is not likely to be obtained, as General Macmillan, head of the public utilities commission has been advised that for any further shipments it will be necessary for him to seek a license from the United States fuel controller through the Canadian fuel controller.

## WALLACE ROLD

At the Majestic Theatre Again Today.

Wallace Rold in "Rimrock Jones" is the leading screen attraction at the Majestic Theatre again today. The story of the public utilities commission, "Rimrock Jones" fairly breathes the spirit of the west and furnishes a most fitting vehicle for the energetic young star.

Pretty Ann Little, who supported him in "Nan of Music Mountain," plays the leading feminine role as Mary Fortune, the Arizona girl stenographer. The rest of the cast includes Charles Ogilvy, Guy Oliver, Ernest Joy and a clever little Japanese actor, George Kuva. "Rimrock Jones" has found a warm reception here, and the town has grown up around his claim.

Andrew McBain, a clever crook lawyer, asked for money for the railway. Next thing the application will go to \$200,000. They asked for other things, and confuse the proposition repeatedly.

"They are always drawing on the city, and we are always paying," declared Aid. Wilson. They don't even ask for money for the railway. Next thing the application will go to \$200,000. They asked for other things, and confuse the proposition repeatedly.

## CENSURE BOARD FOR NOT WARNING FIRE CHIEF AITKEN

No Warning Given That the Water Supply Was Off.

RESOLUTION IS PASSED

Reserve Supply Is Necessary, Says Commissioner Mitchell.

The utilities commission was instructed by the city council last evening to notify Fire Chief Aitken in future when it is the intention to cut off the water supply. When there was a shortage of water on Sunday, the commission did not inform the fire chief, although there was but ten minutes' notice given to the city.

The commission should give notice, said Aid. Harley. "The fire department should be the first to be informed on this question, when it is such vital importance to the citizens."

It would not have been a difficult matter to notify the citizens, declared Controller Little. "I think the commissioners deserve censure for allowing conditions to get so bad as they were."

"There had been a fire if it would be going yet," declared Aid. Keene.

Commissioner Explains.
