RUMANIANS THROW BACK GERMAN-BULGARIAN INVASION

TEUTON CENTRE PRESSED BACK BY RUSSIANS

Hun Drive At Rumania Defeated On Whole Line; Rumanians Hold Frontier

Attempt to Invade Eastern Rumania Comes to Naught, While Invasion of Austria Goes On Successfully, Important Points Being Carried After Spirited Fighting.

(Canadian Press.)

London, Sept. 6.—Official announcement is made by the Rumanian war office that attempts of the Germans and Bulgarians to invade Eastern Rumania have been defeated, and that the Rumanians are in possession of all the frontier east of the Danube, along which the attack was directed.

INVASION SUCCESS.

The Rumanian invasion of Austria is being carried on with further success. After spirited fighting in the region of Borzecket the Rumanians captured heights west of that point. The announcement follows

"On our northern and northeastern fronts, after spirited fighting in the region of Borzecket, the heights to the west thereof were occupied by us. We captured 4 officers and 150 men.

HOLD ALL FRONTIERS.

"We possess all the Dobrudja frontier (between Bulgaria and Rumania, east of the Danube). An attack south of Basardjik was repulsed. The battle continues on the remainder of the frontier. The enemy bombarded Islaox and Calafat, on the banks of the Danube.

"In an aerial attack on Constantina (Kustendje) by three aeroplanes, bombs were dropped. Some civilians, including children, were wounded."

THIS SAYS FOE WINNING.

Berlin, Sept. 6.—Via London.—Seven of the Tutrakan works, in Southeastern Rumania, including their armored batteries, have been stormed by troops of the Central Powers, according to today's German official statement.

STORMY SESSION OF HUNGARIAN HOUSE; PREMIER ATTACKED

Nation's Most Serious Hour May Bring Change of Leadership.

[Canadian Press.]

London, Sept. 6.—According to a Budapest telegram, says the Reuter correspondent at Amsterdam, yesterday's session of the Hungarian Diet was an extremely stormy one. When Premier Tisza entered the House, he was greeted with loud shouts of "resign" from the party of Count Michael Karolyi. The three other opposition parties remained quiet.

When order was restored Premier Tisza, who was repeatedly interrupted, said that the attitude of the Rumanians was without precedent in the history of the world and that he hoped measures which had been taken would shortly bear fruit.

"Rumania will not escape her fate," the premier is quoted as declaring. "I am confident that we will win this war on all frontiers. Our duty is to maintain the unity of Hungary in its fight for existence."

Ex-Premier Count Julius Andrassy agreed that the entire energy of the nation should be exerted in the fight which was in self-defence, but he criticized the manner in which the Government carried on its business and its lack of foresight. The position of the country, the ex-premier said, was serious, but not critical, and while he had confidence in the outcome, there must be a new leadership.

CONFER ON EXTENSION OF DANUBE TRAFFIC

[Canadian Press.]

Berlin, Sept. 6—By Wireless to Sayville.—Delegates representing Germany, Austria-Hungary, Bulgaria and Turkey have met at Budapest for a conference in regard to extension of traffic on the Danube.

The Danube has been used extensively for the forwarding of war materials from Germany to Bulgaria and Turkey, and the return of foodstuffs, but the entrance of Rumania into the war has crippled seriously this important means of communication.

MINERS WALK OUT.

[Canadian Press.]

Pittsburgh, Kansas, Sept. 6.—Eight thousand miners in the Southeastern Kansas coal fields walked out late yesterday as a result of dissatisfaction over the delay in closing a new agreement with the Southwestern Interstate Coal Operators' Association. The negotiations for the agreement are under way at Kansas City. Six mining companies were affected, it was said.

[Canadian Press.]

Bucharest, Sept. 4.—Via London, Sept. 6, 8:10 a.m.—Delayed.—Capture of prisoners and supplies, and the repulse of attacks against their positions are announced in an official communication issued by the Rumanian war office today. The statement reads:

"Small encounters have occurred along the whole of the northern and northwestern front. We repulsed two hostile attacks in the Merisor Valley.

"We captured at Sepsi-Szent-Gyorgy more than 500 wagons containing foodstuffs and forage and a completely equipped hospital.

"In the Upper Maros Valley the enemy used dum-dum bullets. We captured 7 officers and 620 men.

"On the southern front superior enemy forces attacked the bridgehead of Tutrakan ten times, but each time was repulsed."

[Canadian Press.]

Paris, Sept. 6.—Violent artillery actions are in progress in the region of the tSruma River, on the Macedonian front in the sector held by the Serbians, the war office announced today. No infantry engagement occurred yesterday.

The official account of operations on the Macedonian front follows:

"No infantry action occurred yesterday. There were violent artillery duels in the sectors of the Struma and Lake Doiran, as well as on the Serbian front as a whole."

BRITAIN MAY RAISE MILITARY AGE LIMIT TO FORTY-FIVE YEARS

Battalions Being Formed From Reserves of Household Guards.

[Canadian Press.]

New York, Sept. 6.—According to a London cable to the Times, reports are current that the Government intends shortly to raise the military age limit to 45 years. Some color is lent to these reports by the war office in forming infantry battalions from reserves of the Household Battalion. With the streets full of khaki-clad soldiers, the spectacle of gorgeously-uniformed cavalrymen seems almost an anachronism.

The belief that the age limit under the military service act will be raised soon, has risen chiefly out of Sir William Robertson's recent declaration that Great Britain must not only win the war, but win the peace, coupled with Lloyd George's refusal to give a pledge not to raise the military age limit.

Another combination is said to be in contemplation. Winston Churchill's allegations as to the numbers of men behind the fighting line are also being looked into, and Lloyd George is said to be considering the question of employing colored people behind the fighting line, thus relieving the others for fighting purpose.

FRENCH HOLD THE BIG GAIN ALONG SOMME; BREAK ATTACK

Desperate Counter-Attacks Unable to Retake Ground.

FRENCH FIRE TOO FIERCE

Machine Guns Wither Fresh German Assault at Fleury.

[Canadian Press.]

Paris, Sept. 6—Noon.—The positions newly won by the French south of the Somme were attacked several times by the Germans last night. Their assaults, the war office announced today, were broken by the French fire.

The German assaults were delivered in the region of Dienecourt. In the Verdun sector the Germans yesterday evening directed an intense bombardment against Fleury, but the French quick-firers prevented the German infantry from advancing.

THE OFFICIAL REPORT.

The announcement follows:

"North of the Somme the enemy attempted no counter-attacks during the night. Artillery activity continued to a pronounced degree on different parts of the front.

"South of the Somme the Germans made several attacks on our new positions south of Deniecourt, and in the neighborhood of Berny. All these attacks were broken by our curtain of fire, which inflicted losses on the enemy.

Unable to Debouch.

"On the right bank of the Meuse (Verdun front), at about 8 o'clock yesterday evening, the enemy attempted an attack against the village of Fleury after a heavy bombardment. Caught by the hot fire of our machine guns, the Germans were unable to debouch. The number of prisoners taken yesterday in the sector east of Fleury has been increased by about 40.

"In Lorraine a strong enemy detachment was surprised by our fire and dispersed at a moment when it was endeavoring to carry one of our advanced positions. Everywhere else the night was calm."

TRADE UNIONISTS WANT PROTECTION WHEN WAR IS OVER

Fear Unloading of Cheap Goods in the British Isles.

[Canadian Press.]

Birmingham, Eng., Sept. 6. — The Trades Union Congress, representing nearly 2,500,000 organized workers of Great Britain, took an important and unexpected step today by adopting with a majority of more than 2,000,000 votes, a resolution virtually indorsing the principle of protection. The resolution asks for "the adoption of methods for restricting or preventing the importation of cheap manufactured goods produced at lower rates of wages and under worse labor conditions than prevail in this country."

One of the Labor members of the House of Commons said the meaning of the resolution was merely that measures should be taken to investigate the origin of goods and conditions under which they are produced, with a view to preventing the unloading of cheap goods in this country after the war, which is much feared.

MRS. BARNES CONFESSES TO KILLING HUSBAND

Shot Him While Walking Through a Chicago Public Park.

[Canadian Press.]

Chicago, Sept. 6.—Mrs. Iva Barnes confessed today, the police said, that she shot and killed her husband, James R. Barnes, while they were strolling in Washington Park last night. Barnes was the Chicago representative of a New York soap firm.

The woman, who had been estranged from her husband, told the police he had attempted to strangle her and that she fired the shots to save her own life. Three bullets entered his head.

Until making the alleged confession, Mrs. Barnes had stoutly maintained that her husband had ended his own life.

DRIVING AUSTRO-GERMANS FROM STRONG POSITIONS

Russians Score a Success in the Direction of Halicz, Galicia, Teutons Being Compelled to Retire Toward the Northwest—Slavs Continue to Advance in Carpathians.

[Canadian Press.]

Petrograd, Sept. 6.—Russian troops today captured a Teutonic fortified position in the region of the Lower Gorodenka, in the direction of Halicz, Galicia, and drove the Austro-Germans toward the northwest, says the Russian official statement issued today.

The number of prisoners taken in the fighting on the Lower Gorodenka, the statement adds, so far amounts to 4,500 men, among whom were about 2,000 Germans.

The text of the Russian official statement follows:

"In the direction of Halicz, in the region of the Lower Gorodenka, a left tributary of the Dniester, our troops captured a fortified position of the enemy and drove him to the northwest. The number of prisoners taken here so far amounts to 4,500 men, among whom were about 2,000 Germans.

In the Carpathians.

"In the wooded Carpathians our advance continues. Our troops have captured a series of heights and have repelled all repeated enemy counter-attacks.

"Caucasian Front: In the region of Ognott our troops are advancing and inflicting great losses on the enemy. In the region to the west of Ognott we found corpses of our soldiers terribly mutilated by the Turks.

"To the west of Lake Van, British armored motor cars drove out the Turks from the villages situated in the region of Chukhurrorshen.

"Balkan Front: Germano-Bulgarian troops are attacking Rumanian forces in the region of Turtukai."

FOE ADMITS BIG SET-BACK

German Army Headquarters Report That Archduke Charles' Centre in Galicia Has Been Driven Back by the Russians.

(Canadian Press.)

Berlin, Sept. 6.—Via London, 5:52 p.m.—Russian forces, says the official statement issued today at the German army headquarters, have pressed back the centre of Archduke Charles' front between the Zlota Lipa and the Dniester River, in Galicia.

TWO MONSTER ZEPPELINS TO CARRY MAILS FROM GERMANY TO THE U. S.

Expected To Make the Aerial Voyage Between Berlin and New York in Seventy-two Hours.

[Canadian Press.]

Chicago, Sept. 6.—Two "double" zeppelins, unarmed, and each with a carrying capacity of 60 tons, have been built in Germany, to carry mail between Berlin and the United States, according to statements here by Morris Epstein, agent of the German American-Alliance, who returned from Europe yesterday.

Epstein said the zeppelins had been christened "Amerika" and "Deutschland." He was permitted to view them, he declared. Their engines are powerfully equipped, and they can make the aerial voyage between Berlin and New York in 72 hours.

"They are so constructed," said Epstein, "that they can rise higher than any aeroplane, and thus escape hostile aviators. They also can descend to the water and travel there under their own power."

Epstein said the postage charges for this service had already been arranged, and would be the regular international postage, plus one mark, or 25 cents, for each letter.

BRITISH ARMY OFFICER HURT AT FLYING SCHOOL

Major Campbell in Aeroplane Which Dropped at Niagara.

[Canadian Press.]

Buffalo, Sept. 6.—Major W. C. Campbell, a British army officer, and Theodore De Kruijss, a Harvard University student, were seriously injured by the fall of an aeroplane today at the Curtiss Aviation School on the Niagara Falls boulevard, near the Buffalo city line. The machine fell about 500 feet.

The injured men were taken to the Erie County Hospital. Major Campbell's condition is regarded as critical. His skull was fractured and several ribs were broken. De Kruijss was not seriously hurt.

GERMAN WAR LOAN PROVES A FAILURE, IS BERLIN REPORT

[Canadian Press.]

London, Sept. 6.—Subscriptions to the German war loan during the first two days indicate that the loan is a failure, according to reports from Berlin to the Exchange Telegraph Company, via Amsterdam. The returns for the first two days were far behind the total raised in that time for previous war loans.

A large number of subscriptions have been received from cities, savings banks and munitions firms, the dispatches state, but the public have not responded, and there is talk of extending the time limit to October 15.

FAREWELL TO CONNAUGHTS.

[Canadian Press.]

Toronto, Sept. 6.—A farewell was given to H. R. H. the Duke of Connaught and family by the city council this afternoon. The duke was presented with an address at the city hall.

RECRUITING SHOWS FALLING OFF BY AUGUST FIGURES

7,246 Donned the Khaki, 572 Coming From This District.

[Canadian Press.]

Ottawa, Sept. 6.—Canada's recruiting total up to the end of August is 361,693, according to figures announced today. The total for August was 7,246, as against 8,675 in July, 10,796 in June and 15,090 in May.

Ontario led all the provinces in August with 2,548 men, of whom Ottawa-Kingston district supplied 991, Toronto 985, London district 572, Quebec province enlisted 620, Maritime Provinces 569, Manitoba and Saskatchewan 451, British Columbia 628, and Alberta 1,555.

ELEVEN TO ONE AGAINST COLDWELL AND HOWDEN

[Special to The Advertiser.]

Winnipeg, Man., Sept. 6.—Inquiries this morning from jurymen of the exministers' trial go to show that they stood eleven to one for conviction of Coldwell and Howden, and nine to three for conviction of Roblin. Jurymen who stood out for Roblin were Percy Webb, farmer foreman; James Chisholm, farmer, and S. Pomeroy, St. James suburb, manager of a real estate agency.

GERMANY'S WAR LOAN.

[Canadian Press.]

Berlin, Sept. 6.—By wireless.—Subscriptions to the fifth German war loan, for which the lists were opened officially on Monday, continue to be received in large amounts. Three corporations have subscribed 29,000,000 marks.

BRITISH STRIKE ANOTHER BLOW; GEN. HAIG PUSHES AHEAD AGAIN NOW GRIPPING ALL LEUZE WOOD

Officers' Toll of Two Weeks Numbers 2,506

Heavy Casualties for the British Early in August.

[Canadian Press.]

London, Aug. 25—(Correspondence of the Associated Press).—Casualty lists for the first two weeks of August show that the British army lost 600 officers killed, 1,702 wounded and 204 missing, a total of 2,506. This brings up the losses, since the beginning of the war, to 38,922 officers, of whom 11,442 have been killed or died of wounds, 24,680 wounded and 2,800 are missing.

In the fortnight six lieutenant-colonels were killed.

GREEK BULLIES BODY GUARD TO BARON SCHENCK

Dregs of Athens Supplied the Chief Hun Spy With Agents.

GARRISON AT HIS HOUSE

Place Called a University of Lies by English Correspondent.

[Canadian Press.]

London, Sept. 6.—A dispatch to the Daily Chronicle from its Athens correspondent says:

"From now on no arrests will be effected here by the English or French secret police, but only by Greek authorities. Among those already arrested is Prince Ali Riza, cousin of the Khedive of Egypt.

Hoffman Arrested.

"Baron Schenck has not been to the British legation to surrender himself, as has been reported. He stands to be treated by the Greek authorities, like other persons whose expulsion is demanded. The baron's right-hand man, Hoffman, one of the most redoubtable German agents and a major in the German army, was arrested yesterday evening.

Schenck Well Guarded.

"After the seriousness of the political crisis had passed the great topic of interest in Athens was that of the doings of the baron. He had brought the German espionage system to a high degree of perfection. His house is a handsome, commodious residence off one of the main streets, and in the very centre of the city. Before his surrender a little reconnoitring showed how well the baron was guarded. At all street corners his sentinels were posted, and his scouts haunted every cafe in the neighborhood. He evidently had quite a formidable garrison inside the house."

Raised a Hornet's Nest.

"While looking at the buildings two nights ago," says the correspondent, "the front door opened to admit one of his cometadjis who, like his comrades in arms, was a man of fierce demeanor. The open door gave me a view of the hall, across which a bodyguard was lined up to make sure of the visitor. At windows heads appeared, and soon after the door had closed, it opened again, and a man emerged to rush down the street.

A Repulsive Band.

"This messenger raised a hornet's nest of slouching, gaitered bravos. The signal evidently was passed around that I was watching them, and from cafes and narrow streets little groups of men appeared and executed flanking movements in all directions. One particularly repulsive type of individual appeared to be the leader of the band, as he received reports from the others at intervals.

"Another tour around the house and immediate neighborhood revealed the fact that written reports concerning the doings of the band outside were furnished direct to the baron. These documents were pushed under the front door step. In the space of about five minutes I passed or was followed by nearly fifty of the baron's bravos intent on seeing what I was up to.

"The house was a university of lies and pay headquarters for a formidable band of spies and desperadoes. The baron is said to have had a couple of score of ferocious retainers, while the watchers outside must have numbered around a hundred. Some of them were carrying revolvers in their pockets."

North of the Somme British Troops Make Further Advance Capturing a Large Part of Important Highway.

[Canadian Press.]

Berlin, Sept. 6.—Via London, 4:40 p.m.—The town of Clery, on the Somme River, three and a half miles northwest of Peronne, has been captured from the Germans by troops of the Entente Allies, says the official statement today, issued by the German army headquarters' staff.

(Canadian Press.)

London, Sept. 6.—1:45 p.m.—The British again pushed forward on the Somme front last night. They gained possession of all of Leuze Wood, the war office announced today.

Fighting continues between Leuze Wood and Combles and in the vicinity of Ginchy.

The text of the British official statement follows:

"The artillery of both sides has been active north of Pozieres and in the neighborhood of Mouquet Farm. Last night we discharged gas successfully opposite Gommecourt.

"During the night our troops gained possession of the whole of Leuze Wood. Fighting continues between the wood and Combles Village and around Ginchy.

"Yesterday afternoon our heavy artillery effectively shelled the enemy's abutments in Polygon Wood east of Ypres."

THE GERMAN REPORT.

[Canadian Press.]

Berlin, Sept. 6—Via London, 4:48 p.m.—The text of the German official statement reporting the operations in France says:

"The Western Theatre: The battle on both sides of the Somme continues with undiminished intensity. Twenty-eight French divisions are engaged in the attack. North of the Somme their attacks have been sanguinarily repulsed. The enemy gained ground at small places in limited areas. Clery is in his hands.

"South of the river, in a ding-dong infantry battle, our first position has been maintained against attack of the French on a front from Barleux to south of Chilly. Only there, where the most advanced trenches had been entirely destroyed have they been evacuated. Later attacks all have been repulsed with the most severe losses. The Mecklenburg, Holstein and Saxon regiments especially distinguished themselves.

"Up to last night, as the result of the two days' battle south of the Somme, 21 officers and 1,427 men, from ten French divisions, and 23 machine guns have been brought in.

"In aerial fights and by anti-air craft three enemy aeroplanes were shot down."

MERE YOUTHS OF GERMANY NOW IN FIGHTING LINE

[Canadian Press.]

London, Sept. 6.—Although the Germans have denied statements that men over 45 were being called up, reports received here today in American business circles from representatives in Switzerland assert that a large percentage of the 19-year-old class is now in the fighting line on the west front and that others are in barracks, but that as yet the 18-year-old class is completing its training and living at home.

IMMENSE CROWD AT FUNERAL SERVICE OF ZEPPELIN CREW

Sixteen Who Perished in Last Raid Are Buried.

LITTLE DAMAGE BY RAID

British Press Bureau Again Denies Exaggerated Report of Germans.

[Canadian Press.]

London, Sept. 6.—A great crowd gathered today to witness the funeral of sixteen members of the crew of the zeppelin which was brought down during Saturday night's raid. In view of the strong protests which have been made against the burial of the German airmen with military honors, a strong force of police was on duty to maintain order. The whole route to the cemetery in the little village of Potter's Bar, where the bodies of the Germans were buried, was lined with police.

Spectators began to arrive by train, automobile and bicycle long before the time set. Others gathered in nearby fields, for entrance to which farmers made a small charge.

During the night a common grave was prepared for the bodies of the men and smaller one for the body of the German officer.

DAMAGE WAS NIL.

[Canadian Press.]

London, Sept. 6—1:45 p.m.—Commenting on the German official report regarding the zeppelin raid on England, the British official press bureau gave out this statement:

"It is only necessary to repeat that the damage done, viz., practically nil, was exactly what was reported in the British communiques. There were no conflagrations of any importance and no explosions."

THE GERMAN STORY.

[Canadian Press.]

Berlin, Sept. 6—Via London.—An additional official report on the zeppelin raid on England the night of September 3, issued here today, says:

"The fortress of London city and the northern and northwestern portions of London were repeatedly bombed. Within four hours numerous conflagrations proved the success of the attack.

"Other airships attacked the factories and fortifications of Norwich, where strong explosions and fires occurred.

"Searchlights, batteries and industrial works at Oxford, Harwich, Boston and on the Humber were bombed and numerous fires caused.

"In Yarmouth the gas works and an aerodrome were attacked and a battery was silenced.

"At Nottingham military works and factories were attacked and a fire caused."

CORONA ASHORE.

[Canadian Press.]

Toronto, Sept. 6.—The steamship Corona went ashore at 7 a.m., while crossing the Niagara River from Lewiston to Queenston. The heavy fog caused her captain to misjudge the distance from the dock. There were no passengers on board at the time.

EIGHTH BRIGADE ALMOST READY TO PROCEED OVERSEAS

Training in Canada Is About Completed.

LT.-COL. WIGLE IS PROUD

Says Unit of Which He Is Brigadier Has Attained High Efficiency.

[Special to The Advertiser.]

CAMP BORDEN, Sept. 5.—The 8th Brigade which includes the 161st Huron, 168th Oxford, and the 149th Lambton battalions, is rapidly completing its training in Canada.

Today the 149th Battalion was inspected in musketry, and tomorrow the Oxford County unit will parade at 9 a.m. for inspection by Lieut.-Col. J. S. Campbell, attached to the general staff, in the same department of the service. Lieut.-Col. E. S. Wigle, brigadier, has been requested to attend the inspection also.

This leaves the 161st Battalion yet to be inspected so that the actual training is really completed. The work from now on will be chiefly devoted to perfecting the work already taught.

Lieut.-Col. Wigle is enthusiastic about the way the brigade has progressed and stated tonight that he thought that the training of his three battalions had advanced to such a stage, and that such a high standard of efficiency had been obtained it would be only a short time before they got orders to proceed overseas.

The Last Leave.

The brigade and eleven other battalions will commence their monthly leave of four days on Thursday returning to camp on Tuesday. Special trains will carry the Western Ontario men to their homes, and some of them will, so rumor has it, celebrate their last long leave before departure for England.

"The majority of these battalions will not return to winter billets this year," stated an officer who is a member of a Western Ontario unit.

The following official message is given out in camp orders, as an expression of the governor-general's opinion of the camp after his inspection yesterday:

Duke Is Pleased.

"His Royal Highness the Duke of Connaught and of Strathearn, K.G., KT., K.P., K.C.B., G.C.S.I., G.C.M.G., G.C.I.E., G.C.V.O., has commanded the general officer commanding to convey to the officers, non-commissioned officers and men at Camp Borden an expression of the pleasure with which he noted the cleanliness and good order of the lines, the smartness of guards and sentries, and the general good discipline of the camp. His royal highness was pleased to observe a marked advance in training, and expressed the hope that all ranks would take full advantage of the excellent opportunities afforded them here."

Five Inspections Today.

Five Western Ontario battalions will be inspected tomorrow. At 9:30 a.m. the 133rd Norfolk Battalion, and at 2 p.m. the 147th Grey Battalion will occupy the rifle ranges for inspection in musketry, while at the same hour the 142nd, "London's Own," Battalion will be formed up to display its prowess in bayonet fighting and physical training. The scouts of the 114th Haldimand Rifles, and 157th Simcoeites will be inspected at 9 a.m. by the district intelligence officer.

A special advanced course in musketry for brigade and battalion musketry officers will be held each Monday, Tuesday and Wednesday until further notice, at 2:30 p.m. commencing tomorrow.

Go to British Columbia to Vote.

Authorized by a circular letter from Ottawa, headquarters is asking today for officers commanding brigades and independent units to forward at once a list of all men serving in the ranks who are residents of British Columbia. It is understood that arrangements will be made whereby all soldiers entitled to exercise the franchise in that province will be able to vote in the coming election. At the present time there are 48 mechanical transport men attached to No. 2 C.A.S.C. training depot in camp who were drafted from British Columbia. Outside of this draft it is not thought that there are many others who might be affected by this order.

Call for Physicians.

Information was received by the A. D. M. S. today that medical practitioners were needed as officers to bring the C. A. M. C. units overseas up to the proper strength to care for their ever-increasing work. The practice of allowing qualified men to join the R. A. M. C. is to be discontinued until the required number is secured. All medical practitioners duly qualified and who are available for military service should apply at once to the local C. A. M. C. unit for information.

Lieut. C. S. Campbell and his team of bayonet fighters scored another fine victory this evening, when they captured the championship of the fourth brigade by defeating the 208th Irish-Canadian Battalion by the score of 6 to 3. Last week they eliminated the 180th Sportsmen's Battalion by the same score. The judges were Capt. R. V. Conover, Sergt.-Major Conners and Sergt. Andrews.

WILL HOLD CONCERT.

The 153rd battalion band will give a band concert in Victoria Park on Thursday evening. They will be assisted by the Elgar ladies' quartet and Chris Pink.

A collection will be taken at the entrance, which will go to aid the comfort fund for the men on H. M. S. "Daphne."

SEVERAL BATTALIONS OF THIS DISTRICT TO BE HOME THIS WEEK

Civic Reception Will Take the Form of Farewells in Some Cases Where It Is Expected To Be the Last Leave.

[Special to The Advertiser.]

KITCHENER, Sept. 5.—A civic reception and farewell will be tendered the 118th North Waterloo Battalion while here on week-end leave this week.

The council will attend in a body the presentation of colors on Monday night by the Daughters of the Empire, for which a half-holiday will be proclaimed.

It was also arranged to give a reception to Pte. H. McGinnis, who is returning, battle-scarred, in a few days.

Pte. McGinnis left with the 34th Battalion. He was for some time in the trenches, and was bayonetted and gassed from which effects he is now an invalid.

OXFORD'S OWN ALSO GET FOUR DAYS' LEAVE

[Special to The Advertiser.]

WOODSTOCK, Sept. 5.—Official word received in the city tonight says all members of the 168th Battalion, "Oxford's Own," with the exception of some 50, who will do guard duty, will be home this week-end under the new four-days-a-month arrangement.

PERTH BATTALION COMING THURSAY

[Special to The Advertiser.]

STRATFORD, Sept. 5.—Stratford is to have the 110th Battalion home for over the week-end. The battalion practically complete, will arrive in the city on Thursday next, and will remain until Tuesday, September 12.

This may be the last leave.

Seven New Recruits.

Recruiting over the holiday was brisk, five recruits were added to the 64th Battery and two to the Army Medical Corps. The men for both these units have worked hard during their stay in the city in an effort to bring their respective units up to full strength. Sergt. Dempsey is in charge of recruiting for the 64th, Corp. Reynolds, Bombardier McLachlan and Gunner McMillan having returned to London. The new recruits are: George Aldridge, Melvin Chatterson, William Heeney, Peter Chalmers and George Moulton for the 64th, and Herbert and Herman Ebel for the A. M. C.

GREY BATTALION GETS HOME LEAVE

[Special to The Advertiser.]

OWEN SOUND, Sept. 5.—All the members of the 147th (Grey) battalion are expected in town on Thursday with the exception of a guard of 50 men and four officers. They will spend four days leave in town. Special trains bring them over. This is the first time the new method of giving all the battalion leave at once will be in use.

The Greys have been inspected in musketry practice, and have thus passed all inspections necessary before going overseas.

Deserter Sentenced.

William Herbert Green, deserter, ex-jail bird, imposter and appropriator of other people's property, who has been in the jail here for the past month, was given a sentence of six months by Magistrate Creasor.

Green is the soldier who spent a few happy weeks in this vicinity as the guest of friendly souls who believed his tale of being on the look-out for deserters from Camp Borden and gave him welcome and food in an endeavor to help him in his patriotic work.

Magistrate Creasor told Green that his sentence would be remanded at any time if he desired to join any battalion.

MAJOR J. O. TOLMIE HAS GONE TO FRONT WITH 4TH DIVISION

M. P. P. for Windsor Transferred From 99th.

OTHER OFFICERS GO OVER

Many Transfers From 99th Battalion to Other Units.

[Special to The Advertiser.]

WINDSOR, Sept. 5.—Lieut. P. J. Moran, who went to England with the 99th Essex Battalion, and was transferred to the 1st Battalion, had the misfortune to fall off a horse and break his leg while on duty at the front. He is now in England, according to a letter that was sent on August 18.

Major J. O. Tolmie, M.P.P., who was paymaster of the 99th, has gone to France as paymaster of the 4th Canadian Field Ambulance.

Lieut. Dickinson is divisional bandmaster at Shorncliffe. About all the 99th band were sent to the artillery base under his command.

Dr. J. W. Brien, who was medical officer of the 99th, is with the A.M.C. at Shorncliffe, while Col. Welch, Sergt.-Major Ovens, Sergt. Raper and Capt. Browning still hold the 99th battalion together in England.

Major D. Reid is posted to the 35th Battalion, with Capt. Smyter for training the men. They have been placed on the permanent cadre.

Capt. E. B. Baxter, who was adjutant of the 99th, has gone to France with the 1st Battalion, 1st Brigade, 1st Division, with which Major Wilkinson served until wounded and invalided home.

Major Aytoun, Lieut. Wilson and Lieut. Millard are with the 1st Battalion at the front. Capt. Ambery, Lieuts. Bernard Morton, Pike, Smith and Sheppard are with the 3rd Battalion, also at the front.

Capt. Moncrief and Lieut. Beers are with the 4th Battalion, also at the front, while Lieuts. Bates, Crystal, Cock and Cross are on duty with the 18th.

Lieuts. Grisinger, McGie, Gidley and Straith have joined the 19th Battalion at the front. Capt. James Wear is with the 20th Battalion, and Lieut. Robinson with the 37th in England.

"ALL RIGHT SHORTLY," CABLES WOUNDED MAJOR

City Engineer Ashplant's Wounds Not Serious, He Says.

Ald. H. B. Ashplant received a cablegram this morning from his brother, Major W. N. Ashplant, wounded on September 2, saying that he had been wounded by shrapnel in the head and neck, but would be all right shortly. No serious effects are anticipated.

He gives no information as to how long he would be confined in the hospital.

LONDON AIRMAN IN DUEL WITH 11 GERMAN MACHINES

With Three British Aeroplanes He Attacked Huns.

FLIER BADLY SHOT UP

Lieut. Eddie McKay's Engine Punctured and Wind Shield Pierced by Bullets.

Though it is some weeks old now, a letter from Flight Lieut. A. E. (Eddie) McKay of this city, a Western "U" student and well-known hockey star, to his brother, Joe McKay of Cobalt, tells of an exciting air duel in which the London boy participated. Lieut. McKay is now in hospital at St. Omer, France. No details of the nature of his injury or illness have been given.

Lieut. McKay's letter follows:

"Dear Joe,—Just a letter to let you know I am still at the same place and work. Four of us had quite a scrap last week. We were behind the Hun lines on a patrol when we saw eleven Hun machines. We immediately attacked them and we had a lively scrap. We did for four of them and the rest ran away. Since, I think, we have been credited with getting five. The general sent his congratulations to the squadron. His message was:

"'WELL DONE, 24 SQUADRON. KEEP UP THE GOOD WORK. WE HAVE GOT THEM COLD.'

"'GENERAL STAFF OFFICE, "'ROYAL FLYING CORPS.'

"My machine was pretty badly shot up. My engine was very poor, so I couldn't get around very well. I had sixteen holes in my machine. These included one in the engine and also one in the windshield just in front of me. The poor Huns don't have much fun. They have good machines, too.

"The weather has been bad for us for two days now, and so we haven't much work to do. I am glad as I have been feeling a bit dull. However, I am better now and ready for action once more.

"I don't know how the advance is going. We don't get much news here. I am getting a Hun helmet tomorrow and will try to send it home."

BATTERIES ORDERED TO LEAVE CITY FOR PETAWAWA SATURDAY

Will Be Unable to Perform at Western Fair.

CAMP REMAINS INTACT

This Is Taken as Indication of Artillery's Return or Further Units.

Definite word was received today that the 63rd and 64th Batteries must report at Petawawa by Sunday, the 10th of the month. They will leave at 3 o'clock on Saturday afternoon by the C. P. R., arriving at their destination by 7 a.m. on Sunday.

The batteries will not take any of their equipment with them apart from the personal belongings of the officers and men. Horses, tents and guns will be left behind. A permanent guard will be supplied to take care of the camp while unoccupied.

The fact that the camp will not be stripped is taken as evidence that other batteries may possibly be sent here.

The removal of the artillery necessitates a change in the program which has been arranged for Military Day at the Western Fair. It was intended having a trot past, a musical ride and a demonstration of artillery going into action. The new program will have to be carried out by the infantry and other units remaining in camp. This, it is stated, will be highly interesting and instructive.

In view of the fact that cold weather will set in at Petawawa early in October a number of people are of the opinion that the intention is to bring the batteries back to London as soon as their target practice is finished.

RETURNED SOLDIERS WILL HAVE CHANCE TO PROVE CHARGES

Square Deal for Secretary Ed Lance Is Requested.

MASS MEETING FRIDAY

Co-operation Urged in Order That Best Results May Be Obtained.

Things were lively at a meeting of the Returned Soldiers' Association last night. Nearly forty returned men of the city were present, including a deputation of the newly-formed Voluntary Aid Commission, composed of Sergt.-Major Husband, Quartermaster-Sergt. Bushby and Sergt. Murray. They came for the purpose, it was stated, of arranging for the co-operation of the Returned Soldiers' Commission and the Voluntary Aid Commission.

The members stated that they were not championing Secretary Ed Lance of the Sportsmen's Patriotic Association, but they wished him to get a square deal. They were willing to help the returned soldiers to get their rights. Co-operation was absolutely necessary for this. "If we work together we can defeat anything we go up against, political or otherwise," stated one of the delegates. He advised, however, that politics be kept out of the affairs.

A number of charges were made against Ed Lance by some of the returned men. The delegates from the Voluntary Aid Commission asked that these be put in writing. If they are right, they stated, "they will serve to remove him from his position. If not, Mr. Lance has been done a gross injustice. These charges will be brought up in law courts if you decide to sustain them."

A mass meeting of all the returned soldiers in town was called for Friday night. It will be held in the larger room of the Returned Soldiers' Association, but will not be under its auspices. Every returned man in the city is expected to attend and the charges against Ed Lance will be thoroughly thrashed out. If substantiated, it is thought that they will be brought before the next general meeting of the Soldiers' Aid Commission.

Some other minor business was done. Four new members were added and the election of a president to take Sergt. Nightingale's place was laid over until the next meeting.

IN COMMAND OF NO. 3 EMERGENCY CAMP

Latest Advices Name Lieut.-Col. R. I. Towers in This Office.

Latest advices from England say that Lieut.-Col. R. I. Towers, late commanding officer of the 70th Battalion, is the commander of the 3rd Brigade Emergency Camp. Some time ago it was announced in The Advertiser that Col. Towers was to be given command of a casualty battalion, and this is direct confirmation of that story.

The emergency camp is practically the same as a casualty battalion, as it includes men who have been wounded and are fit for light duty only, for the time being, and men who while not considered physically fit for active service are expected to recover sufficiently to be eventually listed as fit.

Capt. McKenzie of Sarnia, who went overseas as quartermaster of the 70th, is acting as quartermaster of the emergency camp, and Lieut. Len. McDonald of this city is the adjutant.

OFFICERS' TRAINING IN ENGLAND VERY DIFFERENT

They Rank as Cadets There and Are Liable to C. B.

Officers training in Canada and in England are two vastly different things, according to letters that have been received from some of the London officers now taking courses in the Canadian Military School at Shorncliffe. There the officers are ranked as "cadets" while on parade, and can be given C. B.—confined to barracks—as well as the men. The official title of the officer's C. B. is "restricted leave," but it amounts to tht same thing.

Between 300 and 400 Canadian officers are in the C. M. S. all the time, and have quarters in Napier Barracks. These quarters are naturally crowded. The orderlies and batmen are all members of the C. C. A. C. The C. C. A. C. is the abbreviation of Canadian Casualty Assembly entre. The men themselves christened the C. C. A. C. as "Charlie Chaplain's Army Corps." All casualties are designated as "crocks."

PERSONAL

St. Catharines, Ont.—"Two years ago I was in a very nervous, generally run-down condition, so that I awoke in the morning more tired than when I retired. The doctors thought I had heart trouble and treated me for it, but I got no benefit. I heard of Dr. Pierce's remedies through a friend who had been to Your Invalids' Hotel for an operation (which proved entirely successful) and I at once got the Favorite Prescription.' I took three bottles altogether, and at the end of three weeks I felt entirely cured and have been well and strong since, without a single bad spell. I stopped taking it about three months ago, and am glad to tell anyone how splendidly your medicine has healed me."—Mrs. John Lewin, 53 Niagara street, St. Catharines, Ont.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsely stimulate and no narcotic to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, worry and sleeplessness surely and without loss of time.

OFF FOR FRANCE.

More officers who trained in this city with various infantry battalions are now reported, by cable, as having been transferred to France. Lieuts. Harrison and Gandier are among the latest.

WOUNDED IN BILLETS.

Letters from London officers now at West Sandling Camp, announced that Capt. Fred Granger of this city and Major Thompson, two former officers of the 70th Battalion, who have been reported as wounded, were "nicked" by German bullets while in billets in France. Lieut. Hoar, 99th Battalion, was the first of the members of the infantry class that started here last December to be killed in action.

CAPT. CURTIS RETURNING.

ST. THOMAS, Sept. 5.—Capt. Dr. Curtis is expected to return to this city in the month of November, having served one year in the military hospitals in England and France.

Dr. James D. Curtis is one of the best-known physicians in Elgin County.

NO FURTHER REPORT

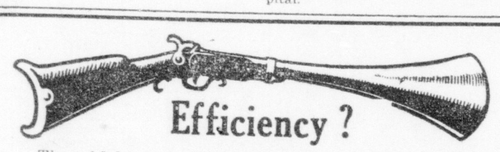

Western "U" Hospital Fund Practically Complete.

Almost immediately after the departure of the Western University Hospital unit for overseas, the special fund subscription list was forwarded to Dr. Braithwaite at his summer home in Unionville, by his secretary, Miss MacDonald. At the time, the full amount asked, $3,000, was practically assured, and since that time no further report has been received.

President Braithwaite is returning to the city on Monday next.

Millinery Opening Tomorrow

Display of Most Exquisite New Modes

Tomorrow we officially usher in the new millinery styles of fall, 1916. The first view includes street and reception hats, and beautiful models for afternoon and evening wear.

From Paris Comes the Inspiration,
From New York the Realization.

And so it is possible to display to you numbers of the very choicest millinery designs, that but for the fact that they are reproductions would bear fabulous prices.

It is our great pleasure to be known as a millinery store of smartest designs and at popular prices, and this fall showing of the new creations will not be a disappointment. We invite you to inspect.

What will you see? Perhaps we should tell you just this much—large flat hats with just a bit of trimming, small close-fitting hats that are trimmed straight up in the air, satin and velvet hats, hats with great groups of ribbon and feathers—but just this bit and no more, for we want you to enjoy the surprises.

Many famous designers will be represented with both original importations and adaptions. The famous milliners of New York likewise contribute their best efforts.

In conjunction with this display, there will be shown throughout the entire store the newest fall merchandise, including silks, silk and woolen dress fabrics, wash materials, gloves, hosiery, ribbons, dress trimmings, jewelry and all accessories of dress and ladies' ready-to-wear apparel. TO THIS EXHIBITION ALL ARE CORDIALLY INVITED.

CITY BREVITIES

SUE FOR GOODS.—Gunn's, Limited, today issued a writ against Jackson Bros., butchers, claiming $168.96 as the amount due for goods sold and delivered.

ANNUAL MEETING ON.—The annual meeting of the South London Red Cross Society is being held this afternoon at 3:30 o'clock in the Normal School.

CLASS PICNIC.—The Banner Bible Class of Empress Avenue Methodist Church held an enjoyable picnic on Labor Day at the farm of Thomas Mitcheltree, five miles past Springbank. The class was driven from the Springbank car to the farm in a hayrack. The afternoon was spent in sports and a baseball game, in which everybody joined. At the close of the day a vote of thanks was moved to Mr. and Mrs. Mitcheltree for the use of the farm.

BUSINESS CAME WITH A RUSH.—No more certain sign could have been shown that school days were again in vogue than the rush of customers, big and small, at Hay's bookstore all day yesterday. From morning until night the store was continually crowded, and Mr. Hay announced last evening that the supplies sold exceeded those of former years. Liberal advertising brought results to this store and Mr. Hay frankly admits that the papers were the means of his successful trade.

ANOTHER LONDON WINNER.—Richard Sanders of the Children's Aid Society is one of the many London prize-winning exhibitors of poultry at the Toronto Exhibition this year. Mr. Sanders entered four birds in the Golden Wyandotte class, capturing two firsts and two second prizes. A local poultryman who has just returned home from the exhibition says, "If it weren't for the London exhibitors there wouldn't be much showing in the poultry class this year."

PRESENTED WITH ELECTRIC HEATER.—A number of Colin Currie's friends of the Snake Island fishing party visited his home, King street, last evening, and presented him with an electric heater as a slight token of the esteem in which he is held by this well-known fishing party. Mr. Currie has been confined to his home for some months by illness, but is now improving gradually, so much so that for the first time yesterday he enjoyed the fresh air by being able to walk to his veranda.

SUCCESSFUL FETE.—A lawn fete under the auspices of the stewards and stewardesses of the B. M. E. Church, 424 Grey street, to obtain funds for repairing the parsonage, was a great success. Refreshments were sold from a number of booths. The evening was enlivened with music by the Forest City Orchestra, under the leadership of Mr. Fountain. Rev. H. F. Logan, the new pastor, was present. Mrs. C. Brown had charge of the large decorated tent, while Madame Moxley looked after the fruit and fancy goods. The confectionery was in charge of Mrs. P. Lewis, and the ice cream and soft drinks in charge of Mrs. M. Harris.

SUMMON AUTOISTS TO PREVENT "SPEEDING"

County Police Act at Last In Response to Complaints.

In an effort to reduce the increasing practice of speeding on the main highways leading into the city, a number of autoists will appear before Squire Chittick in a day or so, in answer to charges of fast driving.

Many complaints of the dangerous speed that some drivers insist on maintaining on country roads have been made to the high constable.

These violations have been most frequent on the Proof Line, Lambeth, Governor's, Sarnia and Wellington roads, and only at the earnest solicitation of many county residents, have the county authorities decided to adopt more drastic measures.

The county constables have been lenient of late, because of a common conception, which seemed to exist in the minds of many, that they were overzealous and made a practice of making arrests when the circumstances failed to justify such action. Rather than create the impression that they were trying to strongly to enforce the law against speeding, they have, on the other hand, been averse to swearing out summons except in the most urgent cases.

The tendency has been, the county authorities claim, to abuse the privileges with a consequent increase in speeding and, in many instances, a complete disregard of all measures to insure safety to others.

"We are taking action now, because so many complaints have been registered against autoists speeding on the main roads leading into the city that people complain that these roads are becoming a menace to public safety, and we will make an effort to put a stop to the practice," says High Constable B. W. Watterworth.

MORE WATER PROBLEMS UP BEFORE COMMISSION

Additional Supply Question Will Be Discussed Tomorrow.

The utilities commission will discuss water questions at the session on Thursday afternoon.

There will be reports submitted on the Macgregor wells by General Manager E. V. Buchanan, dealing with the flow, etc., and a report from Dr. H. W. Hill, medical officer of health, regarding the purity of the water. The first reports were not satisfactory, and a more careful analysis will be made to determine whether or not the water is pure.

There will be preliminary reports on the Kilworth springs scheme, and some information on these will be given the commission.

ARRANGING SERVICE AT FAIR DURING EXHIBITION

St. John Nurses to Provide Voluntary Service as Usual.

At a meeting of No. 4 Nursing Division, St. John Ambulance Association to be held this evening, final arrangements will be made for the emergency work of the division in connection with the Western Fair next week.

The same location as last year has been secured on the grounds for the hospital tent, in a strategic position in front of the entrance to the Agricultural Hall, almost at the intersection of the streets leading to the King street and Dundas street entrances, and nearly in line with the Midway.

Mrs. Swindall, superintendent of the division, will be in charge of the hospital tent each forenoon, while Mrs. Thomson will be on duty in the afternoon, and Miss Doidge in the evening.

AUXILIARY CLUB TO HELP WORK OF LONDON SHELTER

Girls Pledge Assistance to Children's Work.

INTEREST STILL SPREADS

More Outside Subscriptions Reported—Campaign for Funds Planned.

An auxiliary to the 365 Club for the maintenance of the Children's Aid Society Shelter! This is the newest phase of developing interest in the project launched several months ago to raise a fund to insure not only the maintenance but the necessary improvements and imperative development for one year in the work of the shelter as well.

The auxiliary boasts the name of "Kitchener Club," and the membership is made up of a small group of young girls who have banded themselves together for the purpose of raising money enough to own at least a one-day's share in the shelter, and insure its maintenance for one whole day in the 365. Not only have they secured their share for this year, and are in proud possession of their script entitling the club to this much "human interest stock," but they have also pledged themselves to do the same thing at least one more year.

In addition to helping the boys and girls who have been less fortunate than they themselves have been, the girls have also made scrapbooks for the soldiers. The secretary of the club is Virginia Harper, and the treasurer, Helen Boughner, while others included in the membership are Gussie and Barbara Wilson, Kathleen Richardson, Agnes Duffield, Audrey Farncombe, Sterling Westland and Margaret Harley Brown. Weekly meetings for work are held.

Interest in helping the work of the Children's Aid Society is not only reaching a widening circle in the city, but it is spreading wherever the news of the 365 Club is read. From Kingsville has come a contribution of $5 for the purchase of one-half day's share by Mrs. Orlando Wigle. Mrs. Wigle has been reading in The Advertiser about the club almost ever since it was launched, and so great has her interest become in the shelter and the children given a fair chance in life through its ministry, that she feels she must have some part in the good work. The shelter now is hers for a whole half-day.

At a meeting of the board of the Children's Aid Society to be held next week, plans will be discussed in regard to the best means of completing the fund for this year in the next few months.

SAYS CHILDREN APPLY TO WORK IN FACTORIES

Truant Officer Declared Hundreds Want Special Permits.

Because of the scarcity of labor caused by the war, children are being employed in some of the local factories, it is stated. Dr. G. S. Weir, truant officer for the city schools, states that hundreds of pupils are applying for permits to stay away from school. These permits, he states, when given, only entitle the child to be absent from school and not work in the factory. The Ontario Factories Act prohibits the employment of children under 14 years of age in factories, and permits granted by a magistrate or the principal of a school do not make any difference to the rule. They are granted when a child is needed at home because of sickness in the family or for some similar reason.

Mr. Weir states that he is going to take action to have all the children now working in factories removed, and intends to make it hot for those manufacturers who employ them in the future. Many children, he states, secure positions during the summer months, when there is no school, but even this is not allowed.

RAIN STILL NEEDED TO BRING ON FRUIT

Would Increase Size and Quality of Late Apples.

Rain is still needed to bring the fruit crops of the district to the average of past years. Apples are reported to be plentiful, but of small size. They are also scabby. This is caused by the weather throughout the year, and not by the present dry spell alone. The later variety of apples may be slightly better if there is rain, but the earlier varieties have not proved a success, although they have been fairly plentiful and sold cheaply on the local market.

Plums are beginning to come in on the market, and so far have been of fairly good quality, although not plentiful. Pears in some districts are a good crop, although affected by the dry weather in the same manner as the apples. The crop, although not a record one, will be far from a failure. Peaches, which are not grown to any extent in this district, have grown fairly well under the difficulties of the season. Later varieties of plums may be spoiled through dry rot, which has appeared in many districts, the earlier varieties are comparatively free from this, however.

Grapes will be fairly plentiful, although late.

To Search Vaults For Old Volumes

County Will Permit Investigation of Historical Documents.

Since the finding of the old "debenture book dated 1848-49, town of London," several inquiries have been made by persons interested in such matters, and many requests have been made for the book and others that may be found.

The first request for a loan of the book came from the public library, followed by a similar request from the London Historical Society.

Stored within the county buildings vault are old dust-covered volumes and papers that have never been examined for years.

Requests have been made that an examination be permitted of these old papers and books to see what really may be there of historical interest.

Yellowed with age and stored in the farthest corners of the vault may be papers of even greater historical value than the old debenture book found.

In order to ascertain exactly what "relics of bygone days" may be there, permission, it is expected, will be granted to certain persons to make a search.

500 VOLUMES ADDED TO BRANCH LIBRARY

Patronage There Such That Extensions Must Be Made.

The public library board, following out its policy of steadily building up the collection of books in the east branch, has added about 500 volumes there during the last three months, so that with the coming again of the "reading season" patrons of the branch will find a greater variety for their choice. The branch began its operation at the first of the year with slightly over 2,000 volumes, and with these there was a total circulation for the first half of the year of over 20,000. It is expected that the year's circulation will reach the 40,000 mark.

The patronage of the reading-room is already taxing its capacity at certain hours, and an extension there will soon have to be considered. An additional stack, which has recently been placed in, accommodates the new books that have been added. During the last few weeks a large number of new cards have been issued, and it is the desire of the board that every home in the district served by the branch should have membership cards. The library is absolutely free and the stock of books is being adapted, as far as can be learned, to the needs and tastes of the East End. Those holding cards may use them at either the branch or the main library, so that the resources of the whole library system of the city are available. The reading tastes of the boys and girls have been thought of in making the selection of books for the branch, and there are 700 volumes for their special use. The library board is always ready to receive suggestions from the patrons of the branch as to books they would like to see placed there.

LONDONER'S BROTHER KILLED IN ACTION

Went Overseas With Cyclist Platoon Commanded by Lieut. Fetterly.

George Booth, of the Ford Motor Car Company office, this city, has been notified that his young brother, Pte. Clarence J. Booth, late of Toronto, has been killed in action after only a few weeks in France.

Pte. Booth, who was only 20 years of age, went overseas with a detachment from the Cycle Corps in command of Lieut. Fetterley of this city. In England the company was disbanded and young Booth attached to a British Columbia unit.

The last letter of the boy to his father, George Booth of Toronto, was a long and optimistic one, in which he assured he would give a good account of himself.

Owing to the fact that the 26th of August is named as the date on which the young soldier lost his life, it is believed by his brother in this city that he was killed at Darville Wood, probably in his first big engagement.

Clarence Booth was a popular member of the Central Y. M. C. A. in Toronto previous to his enlistment, while a brother, Capt. Sam Booth, who is now at Camp Borden, was formerly membership secretary in Toronto.

George Booth is taking an active part in religious work in London, and during the month of August occupied the pulpit of Egerton Street Baptist Church with greatest acceptance to the congregation.

DISCOVER FISH OF UNKNOWN SPECIES

Pumping of Well Reveals Finny Creature From Subterranean Stream.

A strange species of fish, supposed to exist in a subterranean river, was pumped from a drilled well on the farm of County Clerk Stuart on Tuesday.

The well is 197 feet deep and is situated in Caradoc Township on the Burwell road.

Norman Stuart, a son, had the well pumped out because of the water recently becoming unfit for drinking purposes. The well was drilled ten years ago and the supply of water always came within ten feet of the top and had always been of the purest quality until a few weeks ago.

The fish brought to the surface was covered with large scales and the head of peculiar shape, showing practically no eyes. The absence of the ordinary large eye of the common fish leads to the belief that the fish undoubtedly came from a subterranean stream or river.

Several who examined the fish claim to have never seen anything like it before.

The release of the fish from the tube permitted the water to again clear itself, and within a few days it is expected that the water will be as good as before.

A photograph was made of the fish, and efforts will be made, by sending a photograph to Toronto to determine the exact species.

COMPLETING VISITS

Children's Aid Inspectors Winding Up Annual Calls.

Inspector Joseph Sanders and son, Inspector Richard Sanders, are today winding up their annual series of visits to the wards of the London and Middlesex Children's Aid Society, on which they have been engaged for several weeks from time to time.

They have found the glowing reports of the Government visitor most gratifying, exact and, in practically all cases the wards happily situated and bringing comfort and brightness to their foster homes.

ON FIRING LINE BUT SHORT TIME WHEN FATALLY WOUNDED

Son of London Woman Reported Died of Wounds.

WAS BORN IN INGERSOLL

Sergt. Livens Enlisted There With 71st—Message First Word of Casualty.

Although no word of his having been wounded has been received in the city, an official telegram received by Mrs. Margaret Livens of 257 Talbot street this morning, announces that her son, Sergt. James Alexander Livens, had died of wounds. His parents have resided in this city for a number of years, but he was born in Ingersoll, and worked there until the time of his enlistment.

He joined the 71st at Ingersoll, and was made a sergeant. He went overseas with that unit, but was transferred to the machine gun section of a British Columbia Battalion. He had been in France only a few weeks, for in letters received lately, he states that he was in the recent review at Bramshott. Before enlisting he was employed by the Borden Condensed Milk Company at Ingersoll. At the time of the Boer war he enlisted with the Royal Canadian Regiment, and was sent to Halifax for garrison duty.

He was 38 years old, and leaves, besides his parents, three sisters, Mrs. Jeffery, Miss E. Livens, and Miss Livens, who resides at 257 Talbot street. He was a widower, and two little sons, 9 and 7 years old, survive him.

ALL FEARS OF FAMINE IN COAL DISAPPEARS

Merchants Say It Is Moving With Comparative Freedom.

Any danger which may have existed of a coal shortage or even coal famine in the city this year has been removed by the calling off of the railroad strike in the United States. Even with a strike the prospect of a shortage was on the whole remote, from the fact that according to the consensus of opinion of the local dealers, there is sufficient coal in the city at the present time to last until practically the end of the year.

A prominent dealer stated today that coal is now moving with comparative freedom. From the beginning of October until after the middle of December it is always a difficult matter to get in coal owing to the fact that all available cars are required for the transportation of grain. With the close of navigation, usually between the 4th and 12th of December, the roads are free again to carry coal.

NORTHERN RED CROSS MADE 27,444 ARTICLES DURING THE PAST YEAR

Reports Show That Women Are Doing Great Work for the Empire.

Most gratifying reports of the year's work were presented last night at the annual meeting of the Northern Red Cross Society, held in the New St. James' Church. The reports show that an average of 78 members have attended sewing gatherings held every Thursday in the church basement, and during the year no less than 27,444 articles were made and sent overseas. This includes the work done for the Western University Hospital Unit.

St. James' Church choir is maintaining two prisoners in Germany.

The membership of the society is growing steadily, and all women who are willing to join in the work are invited to attend the meetings.

Officers for the year were elected as follows:

Honorary president, Mrs. (Bishop) Williams; president, Mrs. C. B. Edwards; first vice-president, Mrs. Rose; second vice-president, Mrs. Loughrey; recording secretary, Miss E. Millar; corresponding secretary, Miss E. Williams; treasurer, Miss Guillemont; Miss Falls, convener of surgical supplies committee; Mrs. A. McCallum convener of the cutting committee; Mrs. Lashbrook, convener of measuring; Miss Helen Hamilton, convener of buying supplies; Mrs. W. Greene, convener of stores.

TO BOOM FARMING.

[Canadian Press.]

London, Sept. 6.—At the meeting of the British Association today, Sir Sydney Oliver, permanent secretary of the board of agriculture and fisheries, replied to a suggestion that steps should be taken to educate the farmer so as to insure an increased crop production and an extension of the area of land under cultivation. Sir Sydney said the Government intended to establish agricultural and engineering instructions throughout the country. This means, he adds, the best advice on engineering and agriculture might be collaborated.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity—Prevents Food Fermentation.

Doubtless, if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids, and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little magnesia—not the ordinary carbonate, citrate, oxide or milk, but the pure bisurated magnesia, which you can obtain from practically any druggist in either powdered or tablet form. Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in your stomach, which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn, and the bloated or heavy lumpy feeling that seems to follow most everything you eat.

You will find that, provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything, and enjoy it without any danger of pain or discomfort to follow, and, moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion. —Advt.

CIVIC AUDITING PROBLEMS SEEM TO DEVELOP FAST

Utilities Commission Appointment One of Them.

DUPLICATION OF WORK

Head of Board Says It Will Not Exchange Present Appointee.

The appointment of W. M. Dunlop, Ottawa, as city auditor, will create rather an interesting situation as regards the utilities commission.

The latter body has named Frank G. Jewell as its auditor for the year, but the city council wants the commission to name the city auditor. There will be a duplication of offices and expense in case this is not done, and this is objectionable to the taxpayers, who, it is figured, are paying large enough sums to the city coffers.

Chairman Philip Pocock is of the opinion that the commission will not make a change.

"We will not exchange a citizen, who has been a good servant of the city, for an unknown quantity, and pay the same price," said Mr. Pocock. "Mr. Dunlop may be as good a man as Mr. Jewell, but I have no information on the subject. I do not think we will make any change. However, time will tell."

There is a general opinion among the citizens that there should be no duplication of expense.

Mr. Jewell resigned as auditor for the commission, but his resignation was refused.

RADICAL CHANGES MADE IN BAYONET FIGHTING

British Manual Once More Altered and New Course Ordered.

Radical changes in the methods of bayonet fighting in vogue in the British army are once more in view. The present methods are vastly different from those used in former wars and have already been altered numerous times as experience seemed to dictate. The new system, it is claimed, has been rendered necessary by the fact that the Manual of Bayonet Fighting of the British Army was found by the Germans in a captured British trench some time ago.

The effects of the change are being quickly felt locally. A new course of bayonet fighting has been ordered for the local brigade, and orders have been issued for the B. F. and P. T. instructors of the 153rd and 160th Battalions to report for instruction in the new points and parries.

KENT COUNTY TEACHERS TO VISIT CITY SCHOOLS

120 Coming on Inspection Trip of Local Buildings.

Inspector Smith of Chatham, in charge of the schools of West Kent, has written Public School Inspector C. B. Edwards, that he desires to bring 120 teachers from that inspectorate to London on October 6 to inspect the schools of the city of London.

The board of education will make them welcome, and will make arrangements for their entertainment for the day.

Inspector Edwards is looking after the details.

AN EXTRA SUPPLY OF "HARD STUFF" NECESSARY

Dealers Forced to Stock Up Again for Anti-Dry Rush.

In order to meet the unusual demand for "booze" for storage purposes, one wholesale liquor dealer has found it necessary to get in three extra carloads of "hard stuff" this week.

"I have sold for delivery more whiskey the last week than I have sold in that time before in all my years in this business," said one dealer.

"Mark my word, there will be more whiskey consumed after the 16th of September than ever before, because people will have it where they can get to it whenever they wish," he continued.

Even a greater rush is anticipated the last week before the 16th of the month, and the dealers are ready for it.

The small amount of light liquors being ordered, such as beer, ale and porter, indicates that tastes are going to run to the "hard-stuff" after prohibition becomes effective, say the dealers.

PASSENGER TRAFFIC HEAVIEST IN YEARS

Railway Officials Say Business Better Than Ever.

Th heaviest passenger traffic experienced in years is being reported this week, both from the C. P. R. and G. T. R. passenger departments.

The Toronto Exhibition specials on both roads have been crowded to capacity, and in several instances additional coaches have been added to furnish the necessary accommoadtions.

Owing to the pressure of handling the additional traffic trains have been late the last few days.

"The largest exhibition business that I have seen in years," said a G. T. R. official this morning, as a train left crowded to the doors.

"Far greater than last year, or even several years previous," said a C. P. R. ticket agent, speaking of the crowds going via C. P. R. to the Toronto Exhibition.

DEATHS AND FUNERALS

DIES IN VICTORIA HOSPITAL.

A. Peters, aged 85, died at Victoria Hospital on Tuesday. He had been ill for some time, and had resided in London for several years. The funeral, which will be private, will be held to Woodland Cemetery on Thursday.

MRS. ARTHUR BELBACK.

The death of Mrs. Arthur Belback occurred at Victoria Hospital on Tuesday after a short illness. She was the wife of Arthur Belback of 340 Dundas street.

The funeral service will be held on Thursday evening at 8:30 at her late residence. The remains will be forwarded to Exeter on Friday morning by N. J. Griffith. Interment will be made at Exeter.

THIRD LOCAL CASE NOW REPORTED OF INFANTILE SCOURGE

Should Occasion No Unnecessary Alarm, However.

WARNING TO PARENTS

Dr. Hill Asks Immediate Reports of All Suspicious Cases.

The discovery of another case of infantile paralysis this morning, and the reporting of one yesterday, need not unnecessarily alarm citizens, according to Dr. H. W. Hill, medical officer of health, but at the same time should arouse parents to the necessity of extra precautions now that the schools have reopened.

A peculiar feature of the disease is that it has broken out in each case in widely separated sections of the city, which is conclusive proof that it has not been contracted by contact with victims already suffering from the disease.

Developed Monday.

The child reported today is a 4-year-old girl, and the actual sickness developed on Monday. It appeared at first to be only an ordinary summer complaint, but Tuesday when the child attempted to stand it was found that the paralysis existed. Examination by Dr. H. W. Hill revealed that the case was distinctly that of infantile paralysis.

Third Case of Summer.

This makes the third case that has developed within the city during the summer, the first case that developed in July, will be discharged today, and the quarantine removed.

The second case was reported yesterday. This case, a boy of six years illustrates several of the striking peculiarities of the disease. In the first place the child was sick August 12 with an "ordinary" intestinal attack similar to others he had had before, except that his limbs were rather tender to the touch. Later he developed jaundice, but the paralysis was not noticed until the boy got out of bed, when it was seen that he could not stand. In the second place, the boy, although actually paralyzed for a time, is already practically recovered and can use his limbs well, although not as well as before the attack. In the third place, the boy, previous to the attack, had been kept strictly at home and played alone in his own yard and yet contracted the disease.

Asks Parents to Watch.

Dr. H. W. Hill, medical health officer, again advises that parents watch for the following symptoms and report immediately any suspected cases:

1. The red eyes, running nose, slight hoarseness, etc., of measles.

2. The spasmodic coughing, etc., of whooping cough.

3. The fever, pains in limbs, intestinal trouble, weakness or paralysis of poliomyelitis.

All the facilities of the health department will be at the service of the schools in the future, as in the past. This, along with the excellent work of the school nurses, should insure a minimum of disease.

PRESENTATION MADE

Library Staff Gives Wrist Watch to Gunner McIntosh.

In view of the departure in the near future of the 63rd Battery for Petawawa, Gunner Gordon McIntosh, son of Rev. W. R. McIntosh and Mrs. McIntosh, was presented a few days ago with a valuable self-illuminating wrist watch by former associates of the public library staff.

The year previous to enlisting in the battery, Gunner McIntosh held the position of assistant in the public library. The presentation was made quietly, the parcel containing the watch simply being left at the door of the Presbyterian manse, King street, the home of the young soldier's parents. Accompanying it was an address expressive of appreciation and good wishes, even so ambitious as to include the winning of the Victoria Cross, written and signed on behalf of the library staff by Librarian Fred Landon.

WEDDING BELLS

ABBOTT—McALPINE.

The marriage of Robert John Abbott of Mosa Township and Janet Isabel McAlpine of Ekfrid Township took place quietly this forenoon at King Street Presbyterian Church manse, 826 King street, Rev. W. R. McIntosh officiating. The young couple were unattended. They will reside on the groom's farm in Mosa Township, near Glencoe.

CLASS GIFT.—Members of the primary department of King Street Presbyterian Sunday School recently presented their pianist, Miss Violet Doan, with beautiful chinaware, as a mark of appreciation of her services, on the occasion of her leaving. Miss Doan has accepted a position as organist and choir leader of the Presbyterian Church choir, Crumlin.

SUFFRAGE CONVENTION.

[Canadian Press.]

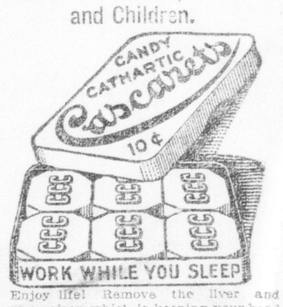

Atlantic City, N. J., Sept. 6.—The forty-eighth annual convention of the National American Women's Suffrage Association opened here today, with representative women from all sections of the country in attendance. One of the most important questions before the convention, whether to concentrate on federal or state campaigns, or to continue work for both, will be decided later in the day, when amendments to the constitution will be voted upon following a three-cornered debate in which the merits of each plan will be argued by prominent speakers. The convention will close on Sunday afternoon.

TWO INSPECTIONS.

"I have not seen you on ceremonial parade. I thought you had enough of ceremonial parades, and I would rather see you at work."

IN these words the Duke of Connaught addressed the officers at Camp Borden on Labor Day, after a tour of inspection all over the huge camp, and by them he expressed the feelings of a real soldier, and won increased respect from his audience. It was his final appearance with the Canadian forces as governor-general, and, therefore, offered every excuse for a full-dress, formal parade, but not caring for pomp and ceremony and considering the feelings of the men in training, the duke did not avail himself of the opportunity.

On reading of this incident, there springs to mind, unbidden, a comparison with an event that occurred at the same place some little time ago. The visitor at that time was not so particular about what the soldiers wanted, but preferred to stage an elaborate review on a roasting-hot day for the sake of gratifying his personal vanity. Of course he was less accustomed to public honors than the duke, and the novelty had not worn off, the soul still craving for "a place in the sun."

But then, everything seems to have been different on Labor Day. The officers were praised for their endeavors to instruct the men to the best of their ability, and for the excellence of this instruction, instead of having to listen to a stream of blistering words attempting to express the inspector's contempt for their efforts. The royal visitor spoke strongly on the great value of discipline, saying "to it we owe everything," and he did not nullify his words by then berating those in command before their inferior officers as has been done in the past.

Altogether, the duke's inspection seems to have been more of a pleasant variation in the day's work than a nerve-racking ordeal, and it is not hard to believe that everyone echoed his regrets that this was his good-bye to "my comrades of the Canadian service."

The people as a whole will regret the departure of his royal highness from the Dominion.

RUMANIA'S ADVANTAGE.

RUMANIA had one great advantage over Austria-Hungary—she knew when war was to be declared and where the first blows were to fall, and of this knowledge she has made the most. In a few days' fighting her forces have advanced into Hungary to a depth of ten to twenty-five miles, capturing important towns and passes.

To score the first smashing blow strengthens any side, and counts heavily in disorganizing the defenders. On this Germany depended to carry her armies through Belgium and on to Paris before the opposition could be thoroughly prepared to resist the assault. The Huns failed, because Belgium gave unexpected trouble, and France and Britain rushed sufficient men to the front, in the valuable breathing space thus allowed, to stem the tide. But, even though it failed in its ultimate object, this early rush enabled the Teutons to occupy much territory from which they have not yet been driven. It was the only really advantageous action they took on the western front.

Unlike the German invasion of Belgium, the Rumanian stroke is fair and legal. Our new allies are breaking no treaty and injuring no neutral, but striking directly at the foe. They have swarmed through the mountain passes, which would have been most effective Hungarian defences had time been allowed the defenders to organize, and thus broken into enemy territory and gained positions of which they will not be easily dispossessed. The Teutons have comparatively few men to spare to check this onslaught, even if they were not coincidentally worried by the Russian advance, and the first success of the invaders is bound to injure the morale of the defending armies.

Every mile that our allies gain in Hungary is of the utmost importance. Hungary is largely an agricultural country, and the army needs all the foodstuffs it can get. Wherever the Rumanians get control, shipments to the enemy forces will be prevented, and the net drawn closer around the Teutons. So far, all the resources of Germany, Turkey, Bulgaria and Austria-Hungary have been at the disposal of the Teutons, together with much from occupied territory. Now a change is coming; the Allies are going to hold the key to some of these granaries, and their enemies are going to feel the pinch. The food problem has already loomed large among the troubles of the foe. With loss of land its solution may become impossible, and in bringing this about Rumania's dash will be an important factor.

EVASIONS.

A RECENT number of the Friends' Intelligencer, an American Quaker journal, replies to some questions asked by a Canadian in regard to its neutral attitude on the war.

The first question was whether Sir Edward Grey was right in insisting that the Austro-Serbian dispute be referred to arbitration. Replying to this and the other questions, the Intelligencer says first that such questions can be answered only by reference to the general history of Europe. It asks why did not great powers insist on the Armenian persecutions some years ago being referred to arbitration, and how about the Boer war in South Africa, the Irish question, or the wars made by Great Britain on China to force Indian opium into Chinese ports? Why should the attack on Serbia be a very special case?

This kind of answering is evasive and superficial. Why should one wrong be tolerated because others have been? Is not the world growing, and rapidly, since the Hague conventions came up and arbitration has been making such rapid progress since 1900?

But all these Armenian, Boer and Chinese parallels are superficial. The Irish and Armenians have been subject peoples for centuries back. The wrong done them began in a different time from the present. It is ridiculous to suggest that Ireland is still being, like Armenians and Poles, ill-treated. As for the Boer and Chinese affairs, there was no chance of a world-war being precipitated by Great Britain's action, whereas a great general conflict was deliberately calculated on by the Teutons in their sudden and ruthless demands upon Serbia. Is there no difference between the nation prosecuting an isolated warfare with a petty people which has since become its conqueror's right hand support in East Africa and the nations which first seized Bosnia, then six years later Serbia, and have blatantly menaced the independence of Europe?

The Intelligencer is anxious to put all parties equally in the wrong for waging war. But the real questions are (1) who attacked the others in this case, and why? (2) Is it right for a nation to defend itself? It makes no difference what happened in 1867 or 1899 or in Ireland in the twelfth century. Those are red-herrings drawn across the track. Good questions for the Intelligencer would be: (1) Which great power has most consistently opposed the idea of arbitration or of reduction of armaments? (2) Which power has broken its Hague and other pledges in the conduct of war?

EDITORIAL NOTES.

The Germans found it too hot for them in Chilly.

Is it going to be Premier Zaimis who takes the "Con" out of Constantine?

Those German zeppelin crews seem better at observing damage done than causing it.

It used to be considered the depths of poverty to subsist on potatoes. Now it would be wild extravagance.

Frederick Palmer coins a good phrase in "Gen. Foch's steel-throated orators." Their "talk" carries weight.

Berlin admits one zeppelin was "brought to earth." It might have added "another was brought to water."

All metals are being collected by the Viennese authorities except the "brass" of which some of their royalties are made.

Recent German official reports are largely composed of "fighting continues," or "fighting is in progress." Most enlightening!

There is danger that New Yorkers will have to walk on account of a strike of surface lines, but the exercise will do them good.

Ferdinand, the Fox of Bulgaria, spends his nights in a bomb-proof cellar, in fear of aviators' shells. Inspiring spectacle for his forces.

Britain is burying slain members of zeppelin crews with full military honors and will be delighted to extend the same courtesy to thousands of them.

Are medicines liquors? asks an advertisement. A good many people will be more anxious to have liquors recognized as medicines in the coming months.

Small town constables are being instructed to enforce strictly the law against motorists speeding through the streets. Does this law apply to paved city streets? Appearances answer, no.

Whatever the result of the Winnipeg trial of ex-ministers so far as the principals are concerned, the counsel have taken advantage of the opportunity to express some very candid opinions of each other.

Nearly 20,000 prisoners taken by Gen. Brusiloff's army in two days; over 5,000 taken by the French in two days; British advance 800 yards on a two-mile front, taking 800 prisoners. Pretty fair news for one day, pretty fair.

THE PEACE-MAKER.

The Complainant: "You see, your worship, I was a little too happy, as you might say, when I went home, and me wife was ironin'. We had had a word or two in th' mornin', an' so I steps up prepared to make peace. I said, 'Let's forget th' quarrel; we were both wrong.' When what does she do but shove the hot iron against me head."

His Worship: "Trying to smooth it over, of course. You can't blame her for that. Go home both of you."

MADE IT EASY.

A wild-eyed, dishevelled-looking woman burst into the local police station.

"My husband has been threatening to drown himself for some time," she cried hysterically, "and he's been missing now for two days. I want you to have the canal dragged."

"Anything peculiar about him by which he can be recognized, supposing we find a body?" asked the inspector.

The woman hesitated and seemed at a loss for a minute or two. Then a look of relief suddenly overspread her face.

"Why, yes," she exclaimed at last, "he's deaf!"

Tempermental Peggy

By Louise Oliver.

The applause for the great soprano was dying away when Peggy covertly slipped into the sun parlor and drew the curtained French door shut behind her. She had seized the first opportunity to get away from the hot, crowded drawing-room into the inviting cool, green recesses.

But she was disappointed in her search for solitude, for a man instantly rose from the depths of a wicker chair and bowed courteously.

"I beg your pardon," panted Peggy. "I didn't mean to disturb you. I thought the place was untenanted and it looked so cool and tempting from the other room I couldn't resist."

"Don't apologize, please. It's pleasant to be disturbed, sometimes. And it is up to me to eliminate myself from the scenery if you wish to be alone."

"No don't go," she begged and smiled so prettily that Jack Park needed no second invitation to remain. The applause started again and grew so insistent that Peggy held up a hand. "Listen! They want another encore. Aren't they greedy?"

"I wish Gardner would give it to them to keep them quiet," he said.

"I don't believe she will," she answered, setting in a low chair beside a fountain full of goldfish and dabbling her hand in the water. "Sit down and let's talk. This is more fun than their stupid old musicale. I don't care if you are host. You probably are, you appear to be so very much at home."

He came over and sat on an India stool facing her. It was quite half a minute before he answered, for he was stamping on his memory a picture of a fresh-skinned, simply-dressed girl before him, her soft white dress contrasting strongly with the violent stripes of the over-dressed audience beyond, and her hair, soft chestnut brown and drawn back in a loose knot at her neck, fascinated him.

"I am at home, but not host," he answered finally. "I hate musicales, too! I'm Jack Park and have the honor of being Jessie's brother. Jessie is Mrs. Crixton-Payne."

The clamor had died away, discouraged, and now the soft strains of a violin came to them faintly.

"There's Klingler," said Peggy. "He knows how to play. Don't you like him, either?"

He spread his hands deprecatingly. "Don't ask me! I guess I like music all right, but I don't understand it. If he would play 'When It's Apple Blossom Time in Normandy' I'd throw up my hat, and if Gardner would sing 'Mammy's Little Alabama Coon' I'd join in the chorus, but this grand opera stuff is beyond me." He shook his head. "I don't understand how people can lose their heads over music and musicians. They're a queer lot, anyway."

Peggy was laughing. "Your taste isn't bad, only you want to come forward a few years. Your apple blossoms and pickaninnies grew several years ago and in the meantime we have had several very good crops of up-to-date stuff."

"Can you sing?"

"Oh not to speak of! I can a little."

"Will you sing 'Alabama Coon' for me some day?"

"Gladly!" Then, suddenly looking out over the grounds she exclaimed, "Who is that funny fat old man?"

He followed her eyes. "That is, I think, Gardner's business manager."

"Really! What a bore to have to travel around with an uninteresting person like that. I suppose he domineers over her and won't let her eat this, that or the other thing, while he stuffs himself, and makes her walk five miles every day while he rolls around in automobiles and makes her accept engagements which she hates, and insists upon her practicing when she'd rather be out playing tennis and altogether makes himself a general nuisance."

"No doubt!" laughed Jack. "I suppose she detests him."

"Just think!" she went on. "There he is now out there lolling around in that delightful place while his poor opera singer is enduring all kinds of agonies in this hot house."

"Awful!" declared Jack. "Let's go out and give him a punch and dump him into the lake."

Peggy's eyes twinkled. "Gracious! What a hair-trigger disposition you have! Poor little Dutchman!" Then, suddenly jumping up! "But I'll go out with you just for a lark. I feel sort of —I don't know how to explain it exactly—but I'd like to do something awful. I've been shut up pretty much lately working hard. Don't look so surprised, it's true. And I'd like to break loose and do something unconventional."

Jack's eyes kindled. "I bet you. I feel the same way myself. Let's sneak out this way. I move we give Herr Dunkelspiel a ducking."

Peggy giggled. "Maybe he'll be gone when we get there!"

Jack held the door and they soon found themselves on the terrace.

"All right, then we'll find something else. Want some chocolates?" He took a box out of his pocket. "I get them for the kids. Jessie doesn't allow them to have any, so I have to smuggle them."

Peggy broke the seal and fished out a walnut. "What an outlaw you are!" she exclaimed admiringly. "I adore any one who has courage to defy the laws and conventions."

Jack bowed appreciatively. "I'll commit a murder instantly. There!" He stepped on an ant. "My reward, please."

Peggy held a chocolate cherry to his lips and he devoured it eagerly.

They came to the end of a pergola and below them spread the lake. On a bench a hundred yards or so away sat the little fat man puffing a cigar. The lake was directly beneath him.

"Sh!" whispered Peggy, drawing back. "Don't let him see us!"

"Shall I?" asked Jack eagerly.

She hesitated, then nodded impulsively. "Yes, yes, it will do him good! I've heard how mean he is to Gardner."

So, tiptoeing through the shrubs, Jack grabbed the bench in both hands, suddenly tilted it toward the water, and—splash! The little man was in.

Jack came back grinning. "He can't drown. It's only four feet deep there. Let's go and tell Gardner. She ought to give us something nice."

Peggy was instantly penitent. "He might catch cold!"

"Cold! Today! About as likely as having a sunstroke in January! See! He's crawling out, cussing like a Chinaman. Come on, let's go over to the summer house and hunt up the kids."

So, leaving their victim to dry out as best he could, they climbed the hill to the little rustic summerhouse, a sort of out-of-door nursery where three children in charge of a nurse were having a glorious time. The baby held its little arms up to Peggy. "You darling," she cried, lifting it. Baby gurgled with delight. Peggy buried her face in the soft little neck. "Let's take her back with us," she begged.

Jack was distributing the candy. "Sure thing!" he cried.

"I'll take good care of her!" smiled Peggy to the nurse as she started down the hill with her burden. "I'll have to hurry," quickening her pace. "—I'm expected at the house. Will you please tell me the time?"

"Four-thirty," he answered, looking at his watch. "Can't you stay just a little longer?" he begged.

"I did intend to, but I've changed my mind. Let's go in and hear the rest of the music. Maybe Gardner will sing something you can understand."

"I doubt it, but I'll go if you do."

"Splendid!" she cried.

"But what shall we do with the baby?"

"Take her along!"

"Just as you say," he agreed doubtfully. "I'll have to go and wash the chocolate off my hands, though. You go in and I'll join you in a minute."

Five minutes later, Jack Park returning through the big hall heard a familiar song, "Mammy's Little Alabama Coon," coming from the crowded drawing-room.

He looked through the door and there beside the piano, her arm thrown around the baby, stood Peggy singing. Her hair curled in pretty confusion, her dress was rumpled, and a smudge of chocolate showed near the dimple in her cheek.

"Hush-a-bye, my lil pickaninny," she sang in a rich, full voice that thrilled Jack to his very toes.

At the end of the hall a little fat man was slipping quietly up the stairs, mopping his face with his handkerchief and muttering things under his breath.

Jack caught up to him. "Who is that singing, do you know?" he demanded.

"Dot iss Madam Gardner, dee greatest soprano in der vorld, young man!" answered his recent victim, "and I think she's lost her senses. Say, dot iss a mighty wet lake out dere! Nicht wahr?"

WHEN THE GENERAL STAMPED HIS FOOT.

I thought while reading the paper today,
We're not done with the days of romance,
When a leader would wiggle his finger or wink
And whole hordes of retainers would prance,

To do their lord's bidding, what e'er it might be,
Without any question at all;
Who would die in the ditch and their liege lord defend,
Till their backs were flat up to the wall.

For the Mirror of London, describing Sir Sam,
Tells us with amazement profound,
By stating an army came forth in a day,
At the stamp of Sam's foot on the ground.

Sure it did! It was up at a place in the north,
Named, in compliment, for our premier,
That Sam stamped his foot and an army came forth,
That refused to give him one good cheer.

So Sam stamped to the station and onto his car,
His face wore, of dejection, the stamp;
For he'd stamped on the minds of "his boys," for all time,
Weird, sad memories of Borden Camp.

Your Dollars Go a Long Way

—In the Hands of The Belgian Relief Committee.

NEVER before has relief work been done on such a huge scale, or with anything approaching the efficiency with which it is being carried on in Belgium. Faced with the appalling task of feeding a starving nation, the Belgian Relief Commission has done magnificent work.

Scores of the ablest and highest salaried business men of the English speaking world have given their time free, to perfect the organization and carry on the work. Operating expenses are phenomenally low. Business methods are applied to every feature of buying, shipping and distributing food—and accounting for every dollar.

The result is that millions of Belgians are being fed at an average cost of around $2.50 per family per month! Compare that with your own meat bill and you will begin to realize what it means.

But even this provision is possible only through the generous and sustained contributions of thousands of people. Canada has been doing nobly, as she should. Many have been regularly giving enough to feed one—or several—Belgian Families. How many can you afford to support?

Whatever you feel you can give, send your subscription weekly, monthly, or in one lump sum, to Local or Provincial Committees, or

Cynthia Grey's Mail-Box

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letter can be answered privately.]

"Caesar" vs. "Laurie."

Dear Miss Grey,—Many thanks for your generous offer, which I am very glad to accept. Please excuse the long delay, and don't, for the world, say I'm too late!

But, oh, the curse of a broken heart! Something I've never had before. "Twenty-One" informs us, and "Laurie" tries to strengthen the fact, that I have unwittingly offended "Silver Bell." If this is so I am very, very sorry, I can assure you. But she did not even imply anything like this in her latest missive. Therefore you should be very careful of your English, "Laurie," and find fault only when you have good grounds for so doing. Meeting "Silver Bell," as you did, you should know, judging from your own description of her, that she is too much of a lady to be sensitive over such minor details. If you will notice, "Laurie," you will see that I am very careful to refer only to those who can appreciate a joke. For it was only a joke, and if you will read it again, this time with a little care you will see there is nothing offensive expressed or implied. You go on to say she is not "a flirt," and a lot of other talk This we already know. Besides no such offensive term was used. You only were the one who used it. You seem to think a great deal of her, but I'd have you know I think just as much of her as you do, and possibly a little more even, so where are you going to toot your horn, I'd like to know, my son.

As to my writing nonsense, don't you think when all is summed up that your eruption has been about as nonsensical and absurd as anyone could imagine? Talking about being ashamed, it is you, "Laurie," not I, who should feel ashamed. For how will "Silver Bell" feel about your making such an ado over such a trifle, to which she gave not the second thought? I think, O impetuous youth, you would make a good suffragette worker.

Now, "Silver Bell," if I have offended you in the least, will you let me know "soon," as "Laurie" says, and if you do not feel too much hurt, I shall be around and make a personal apology for my transgressions. For I hope there may still be some atonement for CAESAR.

P. S.—Miss Grey, when you and those others come, broncho-riding, be sure to bring cushions and a good curb, for the cayuse down here are rather rough-riders and somewhat inclined to be irrepressible, don't you know?—C.

Ans.—Looks to me, as if you'll have to choose weapons, gentlemen! But perhaps sweet "Silver Bell" can pour oil on the troubled waters, and smooth matters between you.

"Pagelite" will be interested to know that "Caesar" petitioned me for instructions re making a block for "Aunt Nannie's" quilt, saying he'd "like to show what a boy can do." The result is two very neat blocks for the quilt—one of each kind, and I just know how pleased our "Auntie" will be!

Points for "Peanut."

Dear Miss Grey,—Could any of the readers send me some crochet patterns of yokes suitable for underwaists?

1. Is this letter addressed all right, Miss Grey?
2. Do you get many letters from this place?
3. Please criticise my writing.

PEANUT.

Ans.—1. Yes.
2. A few.
3. Writing is good, but use better ink and write on but one side of the paper.

Your Indian sauce recipe will be published in the Cook-Book. Who can send "Peanut" some yoke designs?

Fond of Babies.

Dear Miss Grey,—Don't you love babies? Couldn't you just hug them to pieces?

Here are six Comfort soap wrappers for someone, and eight Sunkist orange coupons. I didn't know whether to cut them out or not. However, I did, and if they are not right don't bother with them. ARKONA.

Ans.—Your query makes me think of the ad re a bulldog for sale. (Maybe all of you haven't heard this one.) It read: "Will eat anything—very fond of children." Yes, my dear, individually and collectively—young and old (some of the biggest babies are the grown-up ones!) I love them all. Your help with coupons is appreciated. Come again.

Miss Grey Objects.

Dear Walking Encyclopaedia,—Say, do you know that it takes an awful lot of courage to write to you? I don't know how those lonely and deserted fellows ever got up courage enough to. I think I have quite a lot of nerve, but—well I'm shaking and shivering for fear you'll—for fear you'll kick me out. And it's raining, too. I'll try and make myself useful as well as ornamental if you'll be good to me. I guess the best way to make myself useful is by sending flags and coupons, so here goes. I'll send two gum flags, one Magic baking powder coupon (that's all I have), and a few "R. H. oats" coupons. Hope they are all right. And, oh yes, I nearly forgot, four Quaker oats coupons.

Oh, I nearly screamed with joy when I saw "C. A.'s" letter! I cut it out and kept it, it was so good. Oh dear! When "Laurie" and Caesar" have that scrap, I hope they won't "eat each other up." I think "Caesar" must be a nice chap, because I know a dog by that name. There, there, "Caesar," don't get mad. I didn't mean to hurt your feelings. This dog is a very nice dog, real nice, exceedingly nice! Awfully friendly, don't you know!

Will you let me give a piece of advice to the kids that want to know what their colors are? Well, get in front of a north window with a mirror and lay pieces of cloth against your face. Have some friends in the room with you and if they think the color looks nice beside your face, why wear it, and if they don't like it, why don't wear it.

Here is the best thing for rough hands: Beeswax and coal oil mixed to a thin paste. It really is the best and cheapest.

Here is a sure cure for hiccoughs. Put your fingers over your ears, and take a drink of something handed to you by someone else. It never fails me.

Now, girls! If you want to have nice soft hair, put about a teaspoonful of powdered borax in the water you wash your hair in.

Talking about battallons, that reminds me: The 160th Bruce Battalion is the best battalion in Canada. Now, anybody just DARE to step forward and say it isn't.

Now, Miss Grey, I'm only 15, and I want you to say if you think I should read these kind of books? I love adventure stories, ones of the wild and woolly West—Edward Ellis', Edward Stratemeyer's and Capt. Brereton's. I read boys' books. Do you think I should? Could you tell me where Capt. Brereton lives?

Well, I'll go, signing my name what I so often say, I DON'T KNOW.

Ans.—Folks that come to the Mail-Box door, calling me by any such name, are apt to be shoved into the waste-basket right away—immediately—and it was only that nice "compliment" you handed "Caesar" that saved you from your rightful fate! Next time, be more civil!

I don't believe it does a girl a bit of harm to read adventure stories, but I'm not qualified to pass any opinion on the authors you name, not having read any of their books. Can anybody help us out?

To Clean a Feather.

Dear Miss Grey,—I see there are a few asking for flags, so I have sent a few, also a centre, hope they will be useful to someone. Please could you tell me how to clean a pink feather pom, also how to prevent a black leather couch from going grey? I will sign myself, PENNY PICTORIAL.

P.S.—What do you think of my writing? My sister says it is awful.

Ans.—Have had no personal experience in cleaning a feather ornament so appeal to readers to help if they can. You could probably clean it satisfactorily by covering with a paste of gasoline and flour; it dries quickly and the powder may then be shaken off.

2. Afraid nothing can be done.
3. It's very neat and legible. Sister's rather hard on you.

Money Cannot Repay.

Dear Miss Grey,—It is quite a time since I called on you last, but I am going to venture again. I will soon be moving away where your Mail-Box won't reach me, and I would like a little help before I go. Your Mail-Box discussions seem to be getting slightly warm these days. Now, Miss Grey, I am proud of our soldiers. They have sacrificed their homes, comforts and friends to do their duty, and it seems too bad that anything should be said against them. But do you know I feel, oh, so sorry for their friends. Every time I look at a soldier I wonder how many hearts will ache for him when he goes to France. I am sure that their wives and mothers suffer sufficiently without people saying cruel things about them. I feel that money can never repay either the soldier or his family for the pain they must endure in this time of strife.

Now for some questions.

1. Can anyone tell me how to clean a white corduroy velvet hat? I have tried gasoline without any effect.
2. Will someone send me the battalion song that goes to the tune of "When You Wore a Tulip"? I have the music but would like the words.
3. Would you or some of the readers let me have the kaiser's prayer?
4. Would you be kind enough to suggest some suitable gifts for a soldier for Christmas?

Wishing you and the Mail-Box every success, I am

CLOVER BLOSSOM.

P. S.—Well, "Spunk" I agree with you; I'm afraid "T. O." will be spoiled.

Ans.—1. Referred.
2. The words of this were published once on our page; if I can find a copy shall send it you. "Gentle Sea Breeze" supplied it to us in the first place.
3. Referred.
4. If he's overseas, there seems little to suggest save the necessities of socks, khaki handkerchiefs, a plummy cake, smokes, soap, fountain pen and so on. However, suggestions from readers will be welcome.

That "Won" Her.

Dear Miss Grey,—Received your kind reply to my question asked through the columns of your Mail-Box. I tried that way of calling around to my friend's unexpectedly, and she said she would go. Thanks very much. I have a sister who will be married next week, so I will send you a piece of the cake. When mine comes off I will send some of that also! My little friend is not acting as strangely as before, so I think we will get along O. K.

Inclosed find some cigarette flags for any who may want them. If any other Cynthians want any more I will save them for them. I will not sign "Lonesome Willie" as I did before, but will change it to HAPPY WILLIE.

Ans.—Whoops, Willie! I've added a half inch to my stature. I'm so pleased my advice helped. And how I'm anticipating that cake!

Our Clinging Vine.

Dear Miss Grey,—I am inclosing an addressed envelope for the crochet patterns, and hope I am not too late to share them. I am also sending stamps and 50 more "Sunkist" wrappers for anyone who may want them. I have more wrappers should anyone like to have them. I should like to get some "Robin Hood" coupons if any kind reader has any to spare. Am I too late to send in a donation for "Aunt Nannie's" quilt? I should like to help with it, but have just neglected doing so. Dear Miss Grey, what day of the week did the following dates fall on: December 25, 1865, and July 29, 1872? May I call again when I can bring some help to the Mail-Box? I am the same old vine, MORNING GLORY.

Ans.—I've mailed you the patterns as promised, and also a few "Robin Hood" coupons that just arrived. Who wants "Morning Glory's" wrappers? It will not be too late for a quilt donation.

The dates given both came on a Monday.

Yes, indeed—or when we can help you.

Wedding Hints.

"Yolande"—1. The ever-present navy blue promises to remain a leader once again for suits; some dark brown, green and plum will be worn, also broken checks and novelty fabrics and a good deal of black; for afternoon dresses, gray, navy, sand and beige shades, French blue, jade green and dainty striped effects (in silks) are to be popular.

2. Hold the wrong side of the skirt over the steam of a kettle (just the worn parts I mean), then hastily place on table and brush the nap up the wrong way. This sometimes improves its appearance.

3. She should walk at the left of the groom.

The flower-girl enters the room first, walking just in front of fthe couple. As the clergyman is neared, she steps to the left of the bride, slightly in the rear.

5. The bride is privileged to wear her wedding dress at such a reception, but without veil or orange blossoms. If she preferred, however, the dark silk might be worn.

Liked the Cake.

Dear Miss Grey,—Here I am again to bother you. I received your coupons and was glad to receive them. I also tried "Marguerite's" tip top cake, and it sure was some cheap and good cake. Say "Marguerite" if you have some more cheap and dainty recipes like that why Miss Grey will give you my address and you send me some please.

Will send a little help. Here is a dainty dish for tea: Take 6 large green tomatoes, 6 large onions, 1 tablespoonful of butter (but before you put the butter in, put 1 cup of water), season with salt and pepper, and about 6 tablespoons of vinegar, or if you would rather have the sugar than the vinegar, why you may.

I have lots of songs, namely: "Then You'll Remember Me," "Killarney," "Coming Through the Rye," "Dublin Bay," "Good-bye, Sweetheart, Good-bye," "The Old Stone Mill," "I Cannot Sing the Old Songs."

NEWLYWED B. C. S.

Ans.—"Marguerite," you will be pleased that "Mrs. Newlywed" liked your cake. Are any of the latter's old songs desired?

Spray With Boracic.

Dear Miss Grey,—I noticed in the paper where it said: "She's a wise mother who takes all necessary precautions" against infantile paralysis. Now, what I want to know is the very first symptom of the disease, and how it acts later on, and what precautions I can take. I have three little kiddies all under 10 years, and it is a great worry. Now, if I have not already asked too much, could you give me a potato salad, also the dressing recipe? How about ripe tomatoes and green cucumbers be used together? Now, the same old question: What do you think of my writing? MRS. J. W. C.

Ans.—So far as I have been able to study the matter, the trouble first affects one or both arms or legs. If a child complains of a sprained ankle or wrist, it is wise to consult a doctor at once. In most cases there is little suffering (although again the patient is in considerable pain), the paralysis spreading through the body, and the victim becomes unconscious. Doctors advise the spraying of children's nose and throat with boracic acid and water each night.

Some recipes will appear in the Cook-Book column. Writing's fair.

Shrink or Stretch.

Dear Miss Grey,—Inclosed you will find eleven Comfort soap wrappers and three small tobacco flags, which you may distribute among your readers. I also have 26 Naphtha soap wrappers, and two flannelette gum flags. If anyone wishes them they will find my address with Miss Grey.

1. If you receive any Gillett's lye coupons will you please send me as many as you can spare in the addressed envelope?
2. Will a white woolen sweater shrink or stretch when washed? If so, how can I prevent it?
3. Have you many readers from around here?
4. Your opinion of my writing.
5. What day did March 15, 1900, and November 12, 1895, fall on?

STAR OF THE WEST.

Ans.—1. Shall be pleased to do so; shall keep your envelope a week or so.
2. Most apt to shrink. Use Lux for washing and follow directions on the package.
3. Yes.
4. Average.
5. Thursday. Tuesday.

Vexing More Than One.

Dear Miss Grey,—I come to ask your opinion of a problem that is always vexing me. Do you think it right for some of the officers of the army to resign just when they want to, and after coaxing our boys to enlist? Perhaps some of them wish to resign, too, but they would not break their oath or be so untrue to their country. What do you think of my scribbling? I am, and proud to be, A PRIVATE'S SISTER.

P. S.—Where have "Merry Anna" and "Jacko" disappeared to?

Ans.—1. This is probably vexing more "sisters" than you and me, but what can we do? Of course I do not consider it "right," but very unjust.

2. Of average quality.

Great Grandma's Opinion.

Dear Miss Grey,—I am coming again to you for a song entitled "Flowers, wild wood flowers, in a sheltered nook they grew." We used to sing it in Woodstock school when I was a child. Now, I am sending two flannelette flags if anyone wishes for them. Do you not think it would be much better for some of the correspondents if they would take their trials to the dear Lord who is ever ready to help, rather than writing to the paper? I have not lived to be a great grandmother without hard trials to bear, but I have always found the dear Lord my best friend, He will always help us if we ask Him.

I have a son and stepson at Camp Borden, also two grandsons at the borders of United States and Mexico, also two nephews at the same place, I think it is not right for any one to blame the pood soldiers' wives for trying to make their homes better than they were before their husbands went away. We ought to give them a cheery word instead of criticizing them. It is hard enough for them to part with their loved ones.

GREAT GRANDMOTHER.

Ans.—You shall be an honored guest, indeed, "Great Grandmother," and I only hope we secure the old-time song for you. I do not doubt in the least that many of those who tell their sorrows through the "page" are women who pray, but you know it often seems to help, too, to confide in humans. Just the very telling of the perplexity to others seems a relief at times. Don't you think so?

Daily Bible Question Club

By Rev. T. S. Linscott, D. D.

(All Rights Reserved.)

The six daily studies for this week constitute the International S. S. Lesson for next Sunday. Read the Bible Story on which this study is based, as you ponder the following questions:

"The Arrest of Paul." Acts xxi., 17-40.

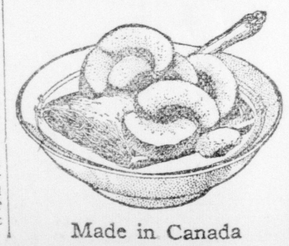

Golden Text—"Thou shalt be a witness for Him unto all men of what thou hast seen and heard." Acts xxii., 15.

8. Verses 20-22—When a church expels a devoted minister for no other reason than preaching a wrong doctrine, how is the action regarded in heaven and why?

9. In bridging the two dispensations is it likely that God "winked" at the apostles trying to graft the law of Moses into Christianity, or was it God's plan that Jewish Christians should keep the law?

10. Is it probable or not, and why, that James and the elders at Jerusalem knew of the full liberty of Christ's Gospel or that "the law" was to be abandoned? (See Gal., v., 1-6; Heb., viii., 8-13, et seq.)

Off to the Front! Put yourself in top-notch condition by eating **Shredded Wheat Biscuit**, a food that supplies the greatest amount of body-building material with the least tax upon the digestion. You cannot get to "the front" in any business with a poorly nourished body. Delicious for breakfast with sliced peaches and cream.

Wrong

Some people have never tried Red Rose Tea because they think it is just ordinary tea put into packages.

WRONG!

Red Rose Tea is a "master" blend of more than a dozen high-grade Indian and Ceylon teas. It is a DISTINCTIVE tea—distinctive in flavor, in richness, in strength, in economy.

To prove it, try it.

In sealed packages only.

ADVERTISER PATTERNS

A PICTURESQUE MODEL.

Waist—1770. Skirt—1769.

As here shown, pompadour silk was used, with plain taffeta in a matched shade for trimming. The simple waist is low at the neck edge and is finished with a broad collar, rolled free at the throat together with the chemisette. The sleeve is quaint with its gathered wrist ruffle. The skirt has wide bands of the taffeta, and is full and gathered under the belt. The sleeve may be finished with the ruffle at elbow length. Challie, organdie, nun's veiling, batiste and lawn are all suitable for this style. The waist pattern 1770 is cut in six sizes: 32, 34, 36, 38, 40 and 42 inches bust measure. The skirt pattern 1769 is cut in six sizes: 22, 24, 26, 28, 30 and 32 inches waist measure. It requires 7¾ yards of 36-inch material for a medium size, without folds. The skirt measures 3 1-3 yards at the foot.

This illustration calls for TWO separate patterns which will be mailed to any address on receipt of 10 cents FOR EACH pattern in silver or stamps.

ADVERTISER PATTERN DEPT.

Please send above-mentioned pattern, as per directions given below, to:

Name .....

Town .....

Province .....

Age (if child's or misses' pattern) ....

Measurement: Bust..... Waist.....

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is bust measure you need only mark 32, 34 or whatever it may be. When in waist measure, 22, 24, 25 or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from date of application.

Fall Suitings and Dress Fabrics

While Woolen Materials are scarce and high in price, our fall stock of Suitings and Dress Fabrics comprises an excellent range of materials in good values.

Owing to the scarcity of materials and dyes, there are few novelties shown, and, therefore, the materials this season will be of a durable and seasonable character, such as Serges, Cheviots, Gabardines, Diagonals, Broadcloths and Wool Poplins for suits; while for dresses Silk and Wool Poplins, Resildas, Cord de Chenes and San Toys will be popular selling materials.

The colorings used this season will be dark and somewhat sombre, such as navy, black, wine, purple, dark green and brown.

Our Dress-Making Department is now open, and we advise our customers to place their fall orders early.

Welsh or White--- Which Is the Better?

Adherents of White Not At All Satisfied With the Decision of Labor Day Bout — Question May Never Be Decided.

COLORADO SPRINGS, Col., Sept. 5.—The question of Freddie Welsh's superiority over Charlie White, or vice versa, probably never will be decided. The battle that was to have settled this moot question has ambled on into pugilistic history and over the arena where the fight was staged there hovers an odor which White's adherents hold to be rank, and Welsh's friends declare is sweet and pure.

Billie Roche's decision to allow the champion to retain his title unquestionably was an unpopular one with the ringside customers, as evidenced by the deluge of cushions and pop bottles that followed his announcement, but as an old-timer lingering here pointed out today, in four weeks the boxing public will, for the most part, have forgotten the affair, Welsh will still have his crown, and whatever chance the Chicagoan may have had to prove his superiority will have gone where the green grass goes in the fall time.

The public remembers only the black and white statements in the record book. The experts at the ringside were as hopelessly divided in their opinions as were the principals themselves. Some thought that Roche gave the only decision he could under the circumstances, others unhesitatingly pronounced it a steal.

One respect, however, White's friends admitted that his fight was somewhat disappointing. Charley had been pictured as a rushing, terrible tiger, with a wicked kick in either hand, and likely to tear Freddie's head off with that left hook. But Charley was very docile and not once did he even come close to putting the bee on the champion. Welsh came just as near knocking White out as White did Welsh.

The offense and defense of the battle was about evenly divided in the eyes of uninterested parties. Welsh said today he was going up in Canada shortly with his wife and children. He will take part in some exhibitions up there as benefits for war relief work.

White and Lewis, his manager, will probably go back to Chicago in a few days.

The hundred-million-dollar club, which staged the fight, stood to make a small profit on the show if it can escape damage suits resulting from the collapse of the grand stand.

Eight thousand persons saw the battle, at an estimated cost of $5 each, which would make total receipts approximately $40,000. The cost of staging the show is figured around $35,000.

GARTER MAKES NEW TRACK RECORD AT BLUEBONNETS

Covers Two-and-a-half Miles in 5:16 3-5 and Win From Classy Field.

MONTREAL, Sept. 5. — Though the track was heavier today than on the opening day of the autumn meet at Blue Bonnets, and racing generally less spirited, Garter established a new track record in the Wilson challenge cup contest, and won from one of the best bunches of steeplechasers that has ever started in this event. He did the two and a half miles in 5:16 3-5. The masquerader won the fourth race, the handicap, with comparative ease, under the guidance of Robinson, who had piloted Rhymer to victory in the second race, for 2-year-olds.

First race, $500, 3-year-olds and up, foaled in Canada, mile—Amphion, 111 (Williams), $11.40, $5.50, $4, won; Smithfield, 103 (McDermott), $3.10, $3.20, 2nd; Exmer, 101 (McKenzie), $7.80, 3rd. Time—1:44 3-5. Good Shot, Our Mabelle, Froissart, Miss Fay, Peppersauce, Gartley, Auster, Fiddler ran.

Second race, $500, 2-year-olds, selling, 5½ furlongs—Rhymer, 107 (Robin) $5.70, $4.10, $3.20, won; Meddling Miss, 106 (Pickens), $8.90, $5.50, 2nd; Kathryn Gray, 109 (Shilling), $3.10, 3rd. Time—1:09 3-5. Hasty Cora, Silk Rustle, All Amiss, Melia, Douglass S., Sweeter Than Sugar also ran.

Third race, $500, maiden jockeys, 3-year-olds and up, selling, 7 furlongs—Dartworth, 107 (Lieber), $12.70, $8.10, $4.10, won; Quien Sabe, 112 (Kearney), $6.60, $3.30, 2nd; Lady Mildred, 104 (Curtis), $2.80, 3rd. Time—1:31. Little Nephew, Mona G., McLelland, Spohn ran.

Fourth race, Wilson Challenge Cup, $800, 4-year-olds and up, steeplechase, about 2½ miles—Carter, 163 (Williamson), $3.90, $2.70, $2.60, won; Charles F. Grainger, 140 (Daly), $2.80, $2.50, 2nd; Joe Gaiety, 130 (Russell), $3.80, 3rd. Time—5:16 3-5. Arcturus and Indian Arrow ran.

Fifth race, handicap, all ages, purse $700, 6 furlongs—The Masquerader, 110 (Robinson), $5.90, $3.30, $2.50, won; Tom o' the Morning, 136 (Rice), $3.70, $2.60, 2nd; Startling, 102 (Ward), $2.90, 3rd. Time—1:15 1-5. Black Bay, Yellow Sally ran.

Sixth race, $500, 3-year-olds and up, selling, mile—Enterpe, 109, (Rice), $21.30, $7.70, $5.30, won; St. Charlcot, 112 (Robinson), $3.40, $3.20, 2nd; Jack Reeves, 98 (Crump), $13.30, 3rd. Time—1:44. Greetings, Eulogy, Alhena, Sam Slick, Scrutineer, Supreme ran.

Seventh race, $500, 3-year-olds and up, 9 furlongs—Fairly, 112 (Pickens), $7.80, $3.50, $2.50, won; Judge Sale, 112 (Schamerhorn), $6.80, $3.30, 2nd; Prime Mover, 110 (Weatherby), $2.60, 3rd. Time—2:12. Afterglow, Kneelet, Requiram ran.

MUSSEL SHELL CAPTURES FEATURE AT DETROIT MEET

Wins in Straight Heats at Michigan Short Ship Meeting.

DETROIT, Mich., Sept. 5. — Two well-played favorites went into the discard at the Michigan Shortship races on the State Fair grounds here this afternoon. One of these was Jack K. in the 2:16 trot, and the other Nuhope in the 2:28 pace. Mussell Shell won the stake races in straight heats, shutting off active competition from his field right from the start. College Boy, the Canadian horse, had to go five heats to win the 2:28 pace. This horse is one of the Canadian crop, which showed a lot of speed, and who promises to become prominent in another year.

SIXTEEN GOLFERS GET INTO SECOND ROUND

Fownes and Byers Both Put Out of the Running.

PHILADELPHIA, Penna., Sept. 5.—At the end of the second day's play for the amateur golf championship of the United States, sixteen players won their way into the second round of match play at the Merion Cricket Club today.

There were two upsets, W. C. Fownes, Jr., the medalist and former titleholder losing on the home green to C. B. Buxton of Huntingdon Valley, and E. M. Byers of Allegheny was put out by R. T. Jones, Jr., the fifteen-year-old Atlanta boy, 3 to 1. The hardest match of the day was won by John G. Anderson of Siwanoy, who beat D. E. Sawyer of Wheaton one up in 37 holes, after Sawyer missed an 18-inch putt for a win on the home green.

The favorites, with the exception of Chick Evans, the open champion, had easy wins. Evans was forced to go to the thirty-fifth green for a decision over Nelson Whitney of Audobon.

Robert A. Gardner, national amateur champion, eliminated J. M. Ward of Carden City 6 to 5.

One of the strangest matches ever played in the national championship was won by George Small of Baltusrol, who, after being five down and six to go to R. D. Lapham of San Francisco, took six straight holes and won on the home green, where he sank a twelve-foot putt.

Perry Adams, the youth from Atlanta, won a close match from Larry B. Paton of Homestead.

[Canadian Press.]

Philadelphia, Sept. 6.—Sectional feeling is running high in the amateur golf championship of the United States, and the big golfing event of the year at the Merion Cricket Club has developed into a struggle in which all parts of the United States have a chance to show a winner.

In yesterday's play practically all the caddying was done by friends of the contestants from the section of the country the player represented. These caddies left no stone unturned to help bring their man home a winner.

The surprise of the tournament is the showing of Perry Adair and R. T. Jones Jun., both of Atlanta, and both under 20 years of age.

A big sectional match was on today between Max Marston of New York and Robert A. Gardner, Chicago, the present champion.

FRIAR ROCK IS TO BE RETIRED

NEW YORK, Sept. 5.—Followers of the turf were surprised and somewhat disappointed today by an announcement that Friar Rock the famous 3-year-old, is not to be raced again. John E. Madden, who last week bought the Rock Sand colt from August Belmont for $50,000, declared that he will send the horse to the Hamburg Place breeding farm in Kentucky. It has been expected that Friar Rock would be entered in the Realization stakes at Belmont park next Saturday.

WILLIAMS CAPTURES TENNIS LEADERSHIP FOR SECOND TIME

Defeats San Francisco Man in Five-Set Match.

TEN THOUSAND SEE GAME

Cautiousness of Contestants Robs Spectators of Expected Thrills.

FOREST HILLS, N.Y., Sept. 5.—For the second time in his short career on American courts, R. Norris Williams II, of Philadelphia, won the national turf singles championship at the West side Club here this afternoon, when he defeated William M. Johnston of San Francisco, the 1915 champion, in a five-set match at scores of 4—6, 6—4, 0—6, 6—4, 6—4.

While the contest between the two champions of 1914 and 1915 had a nerve-racking climax, the match considered as a whole, was hardly up to the tennis expected from these two masters of racquet and court. The gallery of close to 10,000 spectators, who gathered to witness the final act of the thirty-sixth annual tournament of the National Association, looked for a wonderful and thrilling exhibition from the two survivors of the 128 entrants who started play here more than a week ago. In the main, however, they were disappointed, for while there were occasional brilliant rallies and flashing strokes, both Williams and Johnston, in their endeavors to play carefully, unconsciously eliminated much of the dash and fire from their racquet and footwork.

Occasionally one or the other player would swing into his best tennis, and for a few moments the play would sparkle with beautifully executed drives, smashes and "lobs." Then as if fearful of their own recklessness, they would curtail their forceful stroking of the ball, and proceed to throw away point after point by the most amateurish errors.

Such advantage as Williams had came from his taking the greater chances, and his ability to stroke the ball closer to the danger point than Johnston. Added to this was the victors' greater physical stamina, which stood him in good stead as the contest proceeded. Weather conditions were ideal, the sky being overcast, and there was no wind to divert the ball. The weather, however, was humid and more favorable to Williams than to Johnston, who is accustomed to the balmier air of the Pacific coast.

MINNEAPOLIS BOAT WINS GREAT RACE AND MAKES RECORD

Speeder Travels 55.8 Miles an Hour for Five Miles.

ACCIDENT MARS CONTEST

Miss Detroit Takes Second Place and Lake George Boat Third.

[Special to The Advertiser.]

DETROIT, Mich., Sept. 5.—In one of the greatest performances ever seen in a hydroplane race, "Miss Minneapolis" of the Minneapolis Power Boat Association, this afternoon won the 90-mile gold cup race and incidentally established a new world's record of 55:8 miles an hour for five miles. She took the cup by finishing second to "Miss Detroit" in the final 30-mile heat today, which gave her twenty points against eighteen for the local boat.

The new record was made in the final lap, after "Miss Minneapolis" had broken a push rod in the fourth time around and fallen fully three-quarters of a mile behind "Miss Detroit." The two speeders crossed the finish line one second apart. "Hawkeye" of the Lake George Club, third in today's heat, took third place in the race with thirteen points, and "Peter Pan VII." of the Columbia Yacht Club, New York, fourth with eleven points. The latter boat, the only other starter today, was forced out of the final heat by engine trouble after covering laps.

"Miss Minneapolis'" time today was 41:21, an average for the heat of 50.4 miles an hour. For the entire 90 miles her time was 2:07:48, or at the rate of 48.6 miles an hour. "Miss Detroit" averaged 47.6 for the three heats, which she covered in 2:10:43.

The Minneapolis' crew disconnected the broken rod and opened up at the start of the final lap. They probably would have overtaken the Detroiter if they had had another half mile to go. As it was, they crossed one second behind the cup defender.

The regatta closes tomorrow with the one-mile hydroplane championship race of North America.

[Canadian Press.]

Detroit, Sept. 6.—The national speedboat regatta will close today, with an attempt by four hydroplanes to break the world's record for one mile. The speeders entered are the Miss Minneapolis of the Minneapolis Power Boat Association, winner of the gold cup, 90-mile race, and holder of the world's 5-mile record of 55.8 miles an hour; Miss Detroit of the Detroit Power Boat Association, Hawkeye of the Lake George Club and Peter Pan VII. of the Columbia Yacht Club, New York.

Each boat is given half an hour to make six trials over the one-mile straight-away course, three with the current and three against it. Presentation of the gold cup and the one-mile trophy will be made at a banquet of power-boat men tonight.

BRITTON OUTBOXES WELLING.

BUFFALO, Sept. 5.—Jack Britton, the welterweight champion, outboxed Joe Welling of Chicago from beginning to end of a ten-round bout here tonight. Britton, who won impressively, had a big pull in the weights, 147 to Welling's 134½ pounds.

BOSTON SCHOOLS STAY CLOSED.

BOSTON, Sept. 5.—The opening of the schools of this city was today postponed from next Monday to September 25 on account of the infantile paralysis situation. Three thousand teachers and more than 115,000 pupils are affected by the order. Sixty-nine cases of infantile paralysis have been reported here since July 15.

JABS AT ALL 'ROUND Sports.

Christy Mathewson has pitched his last game of ball. The veteran marvel is retiring with a win to his credit in his swan song effort, defeating Miner Brown in a pitchers' battle on Monday.

Eighty persons are confined to the hospital at Colorado Springs as a result of being hurt when the grandstand at the Welsh-White bout collapsed. None of the victims is fatally hurt and about one hundred who were only slightly wounded have been allowed to go to their homes. Investigation as to the cause of the accident is in progress.

In announcing the retirement of Friar Rock, the 3-year-old son of Rock Sand, for which he paid $50,000, John E. Madden said: "It is not because I am afraid Friar Rock would be beaten, because he has met and defeated all comers this year, but as I bought him for a stock horse I do not propose to take any chances of having him hurt. When I purchased Friar Rock, Sam Hildreth asked that he be permitted to saddle the horse for the Realization, and I consented, but since then I have reconsidered, and decided to retire him. The horse will be gradually let down in his training and sent to Kentucky in about a month." It is understood that Mr. Hildreth will receive a check covering more than an equivalent to what his percentage would have been if Friar Rock started in the Realization at Belmont Park on Saturday and won.

The condition of Gil Anderson, whose racing car went into the fence at Cincinnati on Monday, is pronounced serious, but not necessarily dangerous. Anderson sustained a broken leg and multiple bruises, but an examination displayed no internal injury symptoms. Bert Shields, Anderson's mechanician probably suffered a fracture of the spine near the base, and physicians hold out slight hope of his recovery.

A match race for $500 has been arranged to take place at Detroit on Friday between Zanzibar, 2:09¼, and Cleo, B., 2:06¼, best three in five heats. The race is the outgrowth of the free-for-all at Windsor last week, when Harry M. Mosier won the time cup with Zanzibar. Cleo. B., owned by Remi Langreet, won a heat in the race, and there has been a lot of talk which wound up in the match.

As a result of recent financial losses, the Wichita, Kansas, Club will surrender its franchise to the league.

It is said that Jockey Robinson will again ride in Cuba next winter. Robinson was developed at the Oriental Park meeting by Will Daniels, two winters ago, and it was at that track he made his reputation as a clever jockey.

St. Louis opens at Detroit today for a four-game series. Although the Browns are out of the pennant race, the series will have a decided bearing on the Tigers' chances for the rag. Detroit is so far ahead that it could not be passed by the Browns, even though the letter won the whole four games. By breaking even with the Athletics yesterday, the Red Sox still remain one full game ahead of the Jungle tribe. Covelesklie will pitch the opener, and will probably face the veteran, Eddie Plank.

At the weekly meeting of the council of the Toronto and District Football Association in the Occidental Hall, Bathurst street, last night, the case of Robert Hall, referee, was reopened. Hall, who is a member of the Referees' Association, was suspended for life from all active participation in Canadian soccer, following a charge made against him that he had a bet on the result of the game between Baracas and the Royal Canadian Dragoons, which he refereed. Hall was convicted by the council largely upon one sworn affidavit. Last Monday the T. and D. decided to reopen the case, when it was intimated that Hall also had sworn affidavits to produce. Last night after full consideration the council dismissed the charge against Hall, who will if he so desires, continue as an official referee.

The Toronto Leafs have a hard task in front of them to overcome Buffalo in the race for the International League pennant. Buffalo has a lead of four and a half games, and with only ten days more to go, the Leafs will have to hurry. The Bisons open with Rochester Thursday, and next week go on the road, playing Montreal and Rochester, winding up the season with two games in Toronto on Friday and Saturday, September 15 and 16. Toronto will play five games in three days with the Royals at Toronto, starting Thursday. On Sunday they open in Montreal for three days, move to Rochester on Wednesday for two days, and return home for the final clash with the Bisons on Friday and Saturday.

PHILLIES AND ROBINS TIE FOR TOP POSITION

Braves Lose to Philadelphia and Drop to Third Place—Dodgers Win in Seventh From Giants—Knetzer Holds the Cubs to Four Hits.

BOSTON, Sept. 5.—The Braves dropped from first place to third and Philadelphia advanced from second place tie to a coupling with Brooklyn in the lead of the National League race as a result of the Champions 4 to 2 win over Boston here today, and Brooklyn's victory over New York. A second game between Boston and Philadelphia went five innings to a scoreless tie when it was called off because of darkness. For five innings in the first game today Barnes held the Phillies to two hits, but in the sixth he was found for three hits and a sacrifice fly, which, with a wild pitch and an error, accounted for three runs. The Braves made their two runs in the fifth on three clean singles. Scores:

First game—	R.	H.	E.

Game called, after five innings; darkness.

NEW YORK, Sept. 5.—Brooklyn emerged from its losing streak and went back to a tie for first place with Philadelphia by defeating New York here today by a score of 5 to 2. After having men left on third base in four innings Brooklyn started a batting rally with two out in the seventh inning, when five successive hits off Anderson scored four runs. The veteran Coombs pitched a strong game for Brooklyn and kept New York's hits well scattered. Zimmerman made his first appearance at the Polo grounds in a New York uniform and made three hits. Score:

St. Thomas, Sept. 5.—The Scotch doubles, played at the St. Thomas bowling greens on Labor Day, resulted as follows:

First match: A. B. Lemon, Aylmer, 14; C. Fry, Norwich, 9. Second match: F. G. Wrong, Aylmer, 8; D. A. McKillop, West Lorne, 6.

The competitions were keen, nearly 50 participating, the last game not being finished until midnight.

CLASSY FIELD ON GRAND CIRCUIT CARD TODAY

Hartford, Conn., Sept. 6.—Interest in today's events of the Grand Circuit turned chiefly to the two-minute pace, in which Napoleon Direct, driven by the veteran E. F. Geers; Single G., handled by Walter Cox; Roan Hal and Peter Stevens were to meet.

Napoleon Direct has gone the distance this season in 1.59¾. The event was to be run in three heats with a purse of $500 for each heat.

The other events on the day's card were the 2:12 pace, purse $1,000, and the 2:20 trot for 3-year-olds, purse $2,000, each with eleven entries.

WILL NOT MEET WITH WORKMEN FROM GERMANY

British Trades Union Congress Rejects Proposal.

TEUTONS BREAK FAITH

Union Men Equally Responsible With Rulers for the War.

[Canadian Press Cable.]

BIRMINGHAM, Eng., Sept. 5.—8:05 p.m.—The proposal made by the American Federation of Labor that a labor and peace congress be held simultaneously at the conclusion of the war, was rejected this evening by the trades unionist congress.

An acrimonious discussion was provoked by the talk of co-operation in the American Federation of Labor's plan to hold a labor and peace congress at the same time, owing to the fact that the American proposal includes the bringing together of workers from Germany and her allies. Most of the delegates in addressing the congress declared that it was impossible for Britons to meet with workers of the central powers for a friendly discussion of the labor program until the German democracy disavowed the "methods of terrorism employed by the German Government in submarine and zeppelin attacks on undefended ships and cities."

All Germans Together.

William J. Thorne and George Henry Roberts, members of parliament, seemed to express the general view that the workers of Germany were equally responsible with their rulers for the war. They argued that just before the war the German delegates at the Basel international conference promised to oppose military ventures on the part of their government, but that when they returned to Germany they virtually unanimously voted for war credits and supported every action of the German war party.

While rejecting the idea of German participation in the discussion of labor's claims, the speakers insisted that workers who had fought, sacrificed and paid for the war, were entitled to an influential voice in the settlement, and should not be left unconsidered, as hitherto always had been done.

Whether a congress which will include Entente allied, American, and other neutral workers' organizations will be arranged, has not been decided, but the meeting showed such antipathy toward German and Austrian workers that the proposal from the American Federation of Labor was rejected by a majority of three-quarters of a million votes.

The American delegates, William Mahon of Detroit, and Matthew Woll of Chicago, were present at today's session. Both will speak Wednesday.

STILL MORE WANTED.

GLASGOW, Sept. 5.—10:18 p.m.—Arthur J. Balfour, first lord of the admiralty, after a tour of the Clyde shipbuilding and munitions works, told a gathering of trades union delegates here tonight, that the Clyde workers were making a splendid contribution to the allied cause. But, he added, he was there to tell them in behalf of the admiralty that there was still more wanted.

It was true, said the first lord, that since the outbreak of the war Great Britain had vastly increased her strength in capital ships and was incomparably stronger in cruisers and destroyers. Men might reasonably ask why still greater efforts were needed, and he must remind them that the enemy countries were proceeding not by the old-fashioned method of fleet action, but by methods appropriate to a weaker party. If the secrets of the German general staff could be penetrated, it would be found that they had little hope of defeating Jellicoe's fleet in an open fight.

"It must therefore be borne in mind," declared Mr. Balfour, "that as we increase the size of our fleet so we must necessarily increase the number of ships which from time to time require to come in for refitting and repairs."

TOWN, FARM AND WOOD TAKEN BY THE FRENCH NORTH OF THE SOMME

Over Six Thousand Prisoners Taken in the Fighting Since Sunday—Furious Counter-Blows of Germans Fail.

[Canadian Press Cable.]

PARIS, Sept. 5.—11:10 p.m.—The French troops have captured the village of Ommiecourt, Hospital Farm, Rainnette Wood and part of Marrieres Wood and progressed in other regions north of the Somme, according to the official communication issued by the war office tonight.

South of the Somme a furious battle raged throughout the day. The French captured a line of German trenches and repulsed several counter-attacks. The prisoners captured since Sept. 3 number 6,350 and the cannon 36.

The text of the communication reads:

Push East of Forest.

"On the Somme front, despite the bad weather, our troops continued to progress, and during the day secured important advantages. North of the river, following a series of brilliant actions, in which our troops gave proof of irresistible spirit, we pushed our line in to the district east of Forest. We reached the west outskirts of Anderlu wood, took by storm Hospital farm and Rainnette wood, captured part of Marrieres wood, and occupied to the northeast of Clery the extremity of a hill traversed by the road from Bouchavesnes to Clery.

"We also strengthened our positions north of the river, connecting them with the southern bank and taking the village of Ommiecourt, which is entirely on our hands.

"The war material taken since September 3 in the north sector includes 32 guns, of which 24 are heavy guns, 2 bomb-throwers, 2 trench guns, an important stock of 150 millimetre shells, 1 captive balloon and a large number of machine guns. We have not yet counted the prisoners captured on Tuesday.

Gains South of Somme.

"South of the Somme the battle proceeded the whole day with extreme violence. The enemy multiplied his counter-attacks, launched in mass at a great number of points along our new front, notably southwest of Barleux and southeast and south of Belloy. Not withstanding the repeated efforts of the enemy we maintained our lines and inflicted sanguinary losses on him.

"Between Vermandovillers and Chilly we carried a salient and numerous isolated positions held by the Germans.

"East of Soyecourt an attack by our troops gave us a line of German trenches and enabled us to reach the outskirts northwest and south of Deniecourt farm.

Prisoners by Thousands.

"The total number of prisoners taken since yesterday south of the Somme has reached 4,047, including 55 officers. In the same southern sector four heavy guns and a hundred machine guns fell into our hands.

"The total number of prisoners taken since Sunday on the French front of the Somme, north and south, is 6,550, and the number of guns 36, including 28 heavy guns.

"There was an intermittent cannonade on various parts of the front which was rather violent east of the Meuse (Verdun sector), in the sectors of Fleury and Chenois."

"I have a Neuralgic Headache."

Don't drug yourself, it is just nourishment your nerves need.

Dr. Cassell's Tablets Nourish your Nerves.

Neuralgia and Neuralgic Headache simply indicate that your nerves are weak and underfed. Why drug them into insensibility when it is nourishment they need? Drugs cannot supply that nourishment, they can only deaden the pain for a time at the cost of bad after-effects—heart-depression, faintness; and if persisted in a drug habit may be set up.

In Dr. Cassell's Tablets you have true nerve nutrients. The active principles in them are precisely what a specialist would prescribe in cases of Neuralgia Neuritis, Neurasthenia, and other forms of nerve weakness. They nourish every nerve-centre in the body and give to the entire system, that strength and vitality which make nerve troubles impossible. Read what a Scientist says about Dr. Cassell's Tablets.

Dr. Chas. W. Botwood, D.Sc., Ph.D., etc., of York, England, says:—"As a safe and reliable remedy for loss of flesh and vigour, nerve affections and bodily weakness, Dr. Cassell's Tablets appear to be unique. I have no hesitation in recommending them."

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, Anti-spasmodic, of proved therapeutic value in all run-down conditions, and the recognised remedy for

COMMANDING POINTS TAKEN BY ITALIANS IN THE UPPER BOVI

Company of Austrians Annihilated in Counter-Attacks.

HEAVY ARTILLERY FIRE

Enemy Kills Three Wounded Soldiers in a Field Hospital.

ROME, Sept. 5—Via London, 7:45 p.m.—Several commanding positions of the Austrians on Punta Del Forane, at the head of the Rio Felizon valley in the upper Bovi were captured Saturday night by detachments of Italian infantry, alpini and volunteers, says the Italian official statement issued today. Violent Austrian counter-attacks were repulsed. The text of the Italian official statement follows:

"Artillery activity took place on the Trentino front. The enemy artillery fire was especially intense against our positions on Mount Civaron, in the Sugana valley and on Mount Cauriol, in the Fiemme valley.

"At the head of the Rio Felizon valley in the upper Bovi, during the night of Saturday, detachments of infantry, alpini and volunteers succeeded by a daring surprise attack in capturing several commanding positions on the Punta Del Forane. A violent enemy counter-attack was decisively repulsed, a company being annihilated by our fire.

"In the upper But and upper Chiarzo valleys enemy artillery shelled several villages, killing three wounded soldiers in a field hospital in addition to a few civilians. Our artillery replied by shelling some billets in the Koschach Gail valley, where destructive fires were observed.

"On the middle Isonzo and on the Carso there was only intermittent artillery activity. Our batteries destroyed a captive enemy balloon near Sela Selo."

NO CESSATION IN HEAVY FIGHTING ON GALICIA WAR FRONT

Berlin Reports Repeated Attacks by Russians.

MUSCOVITES DRIVEN OFF

Petrograd Official Statement Says the Situation Is Unchanged.

PETROGRAD, via London, Sept. 5.—10:01 p.m.—The official statement issued from general headquarters this evening says the situation on the Russian front is unchanged.

BERLIN, Sept. 5.—Via London.—There has been no cessation of the heavy fighting in Galicia since the inauguration of the new Russian drive. The official announcement of today says the Russians attacked repeatedly yesterday in the vicinity of Brzezany, 50 miles southeast of Lemberg, but were driven back by the German troops.

The announcement follows:

"The situation is unchanged on the front of Prince Leopold.

"On Archduke Charles Francis' front there was stubborn fighting. German battalions again drove off repeated counter-attacks made by the enemy southeast of Brzezany. In the last two days the allies (Teutonic) troops have brought in two officers and some men.

"Artillery engagements developed at some places. Southwest of Zabie and in the region of Schipoth fighting is proceeding.

"Strong Russian forces were repulsed with heavy losses southwest of Fundul Moldowi."

FRENCH WAR EXPENSES TWELVE BILLIONS TO 1917

Appropriations for Last Quarter of 1915 Eight Billion Francs.

PARIS, Sept. 5, 5 p.m.—Alexandre S. Ribot, the French minister of finance, will ask the chamber of deputies for appropriations for the last quarter of 1916 amounting to 8,347,000,000 francs, or about 500,000,000 more francs than was asked for the present quarter.

The total appropriations asked by the French government since August, 1914, will amount to 61,000,000,000 francs (about $12,000,000,000) roundly.

NO STRIKE ON "L" LINES FOR AT LEAST 48 HOURS

Vote of All Union Car Men in New York Being Taken.

NEW YORK, Sept. 5.—After a conference of union leaders it was announced tonight that there would be no strike in the subway and on the elevated railway lines of this city for at least 48 hours. A committee which had been authorized by the employees in the matter, decided to take a vote of all the unionized car men. Balloting was immediately begun, and will be continued tomorrow.

Officials of the Interborough Rapid Transit Company still are defiant, and have opened headquarters in one of the large hotels from which they assert, they will conduct a fight against the union if the strike threat is carried out.

GETS $50,000 A MONTH FROM AMUSEMENT TAX

Government's Revenue Is Up to Expectations.

TORONTO, Sept. 5.—According to Hon. T. W. McGarry, provincial treasurer, the amusement war tax has been bringing in so far an average of $50,000 a month. This is well up to expectations.

Constantine Is Well, But Is Too Sick To See Deputation

LONDON, Sept. 5.—10:30 p.m.—Reuter's Athens correspondent says:

"According to an official bulletin, King Constantine has completely recovered his health, but the premier, in informing a Venizelist deputation today that the king was still unable to see them, gave as the reason the state of his majesty's health."

New Super-Zeppelin Is 800 Feet Long

Four Destroyers Summon Help to Fight a Sub

Germans Call Four Torpedoboats to Rescue, But Miss Submersible.

COPENHAGEN, via London, Sept. 5.—10:22 p.m.—The captain of an incoming ship reports that he observed outside of Stockholm Skaergaard yesterday four German destroyers in an engagement with a big submarine. Suddenly the Germans fled southward, and fifteen minutes later returned with four torpedoboats, but no submarine was then visible.

C. P. R. STEAMER MONTREAL IS DAMAGED IN COLLISION

Crashes Into Warship In the Downs and Is Towed to Anchorage in Thames.

MONTREAL, Sept. 5.—The steamer Montreal, from this port to London, was in collision with a warship, but was able to reach Gravesend, cable advices to the Canadian Pacific Railway, owners of the vessel, stated today. The accident appears to have occurred off Tilbury, in the Thames. The ship only carried freight.

LONDON, Sept. 5. — The Canadian Pacific steamship Montreal was in collision with another vessel in the Downs today, and was towed to an anchorage in the Tames, off Tilbury. The Montreal was badly damaged.

S.S. KELVINA SUNK.

Newport News, Va., Sept. 6.—Cable advices received here yesterday from London stated that the British steamer Kelvina, from Avonmouth to this port, had been sunk. There were no casualties. The cable did not state the manner in which the steamer met her end. The Kelvina left here August 17 with a cargo of mules and merchandise.

FAVORS D. W. I. PURCHASE.

WASHINGTON, Sept. 5.—The treaty for purchase of the Danish West Indies for $25,000,000 was ordered favorably reported to the Senate today by the foreign relations committee by a unanimous vote of senators present. It will be reported later, and an effort made to have it ratified before adjournment of Congress.

TWO MORE TOWNS ARE CAPTURED BY THE RUMANIANS

Vienna Admits the Loss of Important Points.

GERMANS CLAIM A GAIN

Says the Bulgarians Have Stormed Rumanian Town of Dobrio.

[Canadian Press.]

LONDON, Sept. 6.—3:30 a.m.—The Rumanians have captured Orsova and Herkulesfuerdoe in Transylvania, according to Vienna advices to the Exchange Telegraph Company.

The German war office today stated that the German and Bulgarian army which is invading Eastern Rumania has carried by storm the fortified advanced positions at the bridgehead of Tutrakan. The Bulgarians are said to have taken the town of Dobrio.

The statement follows:

German and Bulgarian troops stormed the fortifications at the bridgehead of Tutrakan. The town of Dobric has been taken by the Bulgarians. Bulgarian cavalry dispersed several Rumanian battalions.

"German naval aeroplanes dropped bombs on Constanza (or Kustendje in Rumania on the Black Sea), and also on Russian light sea forces. Our airships bombarded Bucharest and the mineral establishments at Ploest with good effect."

Russian and Bulgarians are now fighting in Rumania. The Russian war office announced today that the first clash between the Bulgarians who have invaded Eastern Rumania and the Russians who went in to assist Rumania, occurred yesterday. A Bulgarian cavalry outpost was sabred by Russian cavalry.

VENICE AGAIN BOMBED BY AUSTRIAN PLANES

ROME, Sept. 5—Via London, 7:45 p.m.—An Austrian naval aeroplane squadron dropped bombs on Venice Monday night without doing any damage, says an official statement issued here today. On Sunday and Monday nights Austrian air craft dropped bombs on Gorizia and three other towns in that vicinity. Three persons were killed in Gorizia and the roof of the church of St. John was damaged. The statement says:

"During Sunday evening hostile aircraft dropped bombs on Mariano and yesterday evening on Lucinico, Sdraussina and Gorizia. Three dead and some wounded are reported in Gorizia. The roof of the church of St. John there was damaged seriously.

"A seaplane squadron during Monday night dropped twenty bombs on Venice without doing any damage."

DORCHESTER RED CROSS MAKES ANOTHER GIFT

[Special to The Advertiser.]

DORCHESTER, Sept. 5.—Dorchester Red Cross Society shipped last week to Hyman Hall the following supplies: 10 suits of pyjamas, 33 day shirts and 42 pairs of socks.

The bale which is being sent West by the Presbyterian Church, Dorchester, will be packed September 15. Anyone having anything to contribute is requested to see that it is in before September 15.

The Methodist Church Sunday school was reopened on Sunday, after being closed for a month during the hot weather.

John Parker, who recently sold his farm on the 1st concession of Dorchester, has moved to the village.

Mr. Nichol's 50-acre farm on the 2nd concession of Dorchester has been sold to Wm. McMillan of this village.

SHACKLETON THANKS CHILE.

SANTIAGO, Chile, Sept. 5.—Lieut. Sir Ernest Shackleton, who arrived at Punta Arenas, Chile, on Sunday, with the members of his Antarctic expedition, who were marooned on Elephant Island, has sent a telegram to the Chilean admiralty thanking it for having provided the Chilean steamship Yelcho for the relief expedition. The admiralty responded that the Chilean people were happy to have been able to assist in the rescue of the explorers.

CONSERVATIVES PLAN TO BOMBARD PREMIER WITH BOOZE MESSAGES

Demand Change in Prohibition Program.

[Special to The Advertiser.]

WINDSOR, Sept. 5.—In an eleventh-hour attempt to convince the Ontario Government that prohibition in its present form will not be acceptable to the majority of electors, thousands of telegrams will be dispatched from all parts of the province to Premier Hearst within the next few days.

This was ascertained here this afternoon from an influential Windsor Conservative, who admitted he had just received his "instructions" from Toronto. The telegram plan, its was explained, will be adopted by members of the party who are opposed to mandatory legislation in the matter of prohibition, believing the question should first be submitted to the electorate. The scheme as arranged is to literally swamp the Government with telegraph messages of protest. It is not an idea emanating from disgruntled hotelmen, but a carefully thought-out plan conceived by friends of the Government to avert, what is considered, a disaster to the Conservative party, as foreshadowed by the recent Toronto by-election.

Telegrams will be so worded as to indicate that the senders favor permitting beer and wine licenses to hotelmen who have not been convicted under the liquor license act within the last year.

TRICOLOR IS FLYING OVER NEW YORK CITY

French Celebrate Lafayette Day and Anniversary of Battle of Marne.

[Canadian Press.]

New York, Sept. 6.—The tri-color of France floats from many buildings in New York City today, while thousands of citizens wear buttons bearing the French national emblem in celebration of Lafayette Day, commemorating the 159th anniversary of the birth of the distinguished Frenchman who came to the aid of the American colonies in their struggle for independence. The occasion was of additional significance to the French residents of the city and the sympathizers with their cause in the present conflict, as today also is the second anniversary of the battle of the Marne.

Former Judge Alton B. Parker will preside at the exercises in the aldermanic chamber, where addresses will be delivered by Dr. John H. Finley, president of the University of the State of New York; Robert Bacon, former ambassador to France, and Ambassador Jusserand. There will be a banquet in the evening.

TAKES FORMAL EVIDENCE.

WINNIPEG, Sept. 5.—The commission investigating the agricultural college sat again this morning and took some formal evidence as to the contracts and estimates.

A NEW BLOOD-FOOD HAS BEEN DISCOVERED THAT WORKS WONDERS

Said to Put New Life Into People That Are Run-Down.

For years doctors have been searching for a combination that would enable them to inject into thin blood the elements it lacked. This can now be done, and any weak-blooded person can quickly be made strong and well.

Already a small army of ailing people has proved the merit of taking after each meal with a sip or two of water, two chocolate-coated Ferrozone Tablets. This is easily done, and even one week's use of this wonderful blood-food will prove how nourishing and strengthening and flesh-building the treatment is.

Just think of it—Ferrozone uplifts the entire nervous system, renews the blood, makes it rich and red—gives the sort of aid that's needed in throwing off weakness and languor.

Tens of thousands enjoy the advantages of renewed health through Ferrozone;—if you'll only use it, you'll surely grow strong too; its beneficial action is noticed even in a week. You see it goes right to work, removes the causes of the trouble and then quickly makes a cure.

For those who sleep poorly and have nervous apprehensions, Ferrozone is a boon; it is a specialist in such cases.

Where there is paleness, poor appetite and languor, Ferrozone makes the patient feel like new in a few days.

In tiredness, nerve exhaustion, spring fever and debility, the power of Ferrozone is known from coast to coast and universally used with grand results.

Let Ferrozone build you up, let it win you back to robust health,—it will do so quickly if you give it the chance. Sold by all dealers. 50c. per box or six boxes for $2.50. Remember the name Ferrozone.

BRITAIN AND GERMANY MAY PAROLE CIVILIANS

Plan Under Way to Exchange Under Pledge Not to Fight.

BERLIN, Saturday, Sept. 2.—Via London, Sept. 5.—The thousands of civilians interned in Germany and England may be released, and the difficult problem of concentration camps solved altogether, if a plan now under consideration is adopted. The idea is to exchange all civilians on parole not to serve during the war.

Doctor Tells How To Strengthen Eyesight 50 Per Cent In One Week's Time In Many Instances

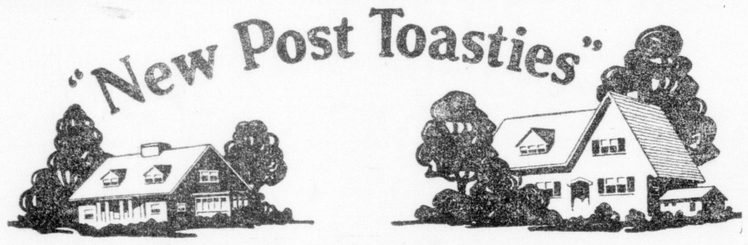

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eyestrain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription.

One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses, and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time, and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note.—Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Standard Drug and Strong sell it.

"New Post Toasties"

From House to House the Good News Spreads

Many housewives have found a happy solution of the breakfast problem in **New Post Toasties.**

These new corn flakes are distinctive in that they have a self-developed flavor all their own—the delicate, fascinating flavor of choice, white Indian corn. Unlike other flakes, they do not depend on cream and sugar to make them palatable.

Try a handful without cream and sugar—note the fine flavor and new form; also the tiny "bubbles" on each flake. These bubbles are a distinguishing characteristic and are produced by the quick, intense heat of the new process of making, which also brings out the wonderful flavor.

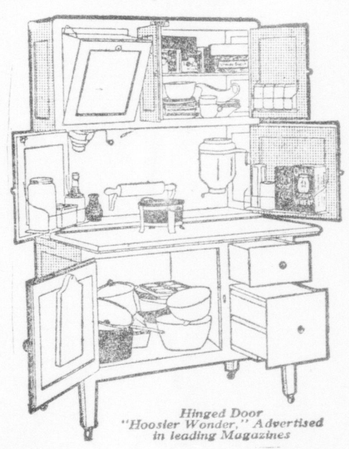

Although the New Post Toasties are a great improvement in flavor and form, they cost no more than ordinary flakes. Have a package delivered for tomorrow's breakfast.

PRACTICALLY SOLD OUT!

Hinged Door "Hoosier Wonder," Advertised in leading Magazines

Our three big announcements produced such a tremendous demand for the NEW

Hoosier Kitchen Cabinets

that our assortment is practically all gone.

The New HOOSIER

And the Famous Hoosier Plan —$1 Down—Were Compelling Factors

When the housekeepers learned they could still get the New Hoosier at the old price, and that $1 down and $1 a week, without interest or extra fees, would pay for it, they took practically all we had.

All we have left are a few samples, and this advertisement will probably dispose of those.

There Will Be No More

Until another shipment comes from the factory we will have no more Hoosiers. And the factory is oversold, behind in its orders, which makes the date of our next supply uncertain.

After This Sale the Prices Advance

Due to the increased cost of all raw materials used in the Hoosier, the factory has notified us that prices must be advanced when this sale ends.

Don't delay getting one of these fine Hoosiers today—while they last.

Loops the Loop for Joy After Dropping Zepp

Lieut. Robinson Tells of Feat in Air During Last Raid.

LONDON, Sept. 6.—Lieut. William Robinson's own story of his exploit in bringing to earth a zeppelin while the aircraft was attempting a raid on London last Saturday night, as published in the Daily Chronicle, today, follows:

"I had been up something over an hour when I saw the first zeppelin. She was flying high, and I followed her, climbing to get a position above. But there was a heavy fog and she escaped me. I attacked her at long range, but she made off before I could see if I had done any damage.

"The next airship I saw I determined I would attack from the first available position. I met her just after 2 o'clock, flying at 10,000 feet. Soon she appeared to catch fire in her forward petrol tank, and the flames spread rapidly along her body, as she made off eastward afire. In a few minutes she dipped by the nose and dived slowly in flames to earth.

"I was so pleased that in my excitement I pulled the joystick lever and looped the loop several times. Then I showed my signals and came back to earth."

DISAGREEMENT OF JURY ENDS MANITOBA TRIAL

Three Out of Twelve Men Hold Out to Last for Acquittal.

ACCUSED MEN ON BONDS

Question of New Trial Rests With the Attorney-General.

ASSIZES ARE CONTINUED

Opportunity for Crown to Move for Sentencing of Kelly.

[Canadian Press.]

WINNIPEG, Sept. 5.—After hearing evidence and argument for six weeks the twelve men chosen to try the guilt or innocence of Sir Rodmond Roblin, George R. Coldwell and James H. Howden, reported at 4 o'clock this afternoon that they could not agree. Mr. Justice Prendergast accepted their statement and they were discharged.

The jury stood 9 to 3, so Percy Webb, their foreman, told the judge. It was learned afterwards that nine were for conviction and three for acquittal. The case was put over till the fall assizes, but whether or not there will be a second trial of the charges of conspiracy rests with the attorney-general's department. A charge of destroying documents which rests against Sir Rodmond Roblin also was laid over. The former ministers, who have not been in custody at any time, continue at liberty on their bail bonds of $50,000 each.

The jury returned first at 2:45 and reported to the court that they could not agree. His lordship sent them back for another hour. Just before 4 o'clock they came in again.

"We cannot agree," said Mr. Webb, speaking for the twelve men.

No Hope of Agreement.

"Is there any hope of reaching an agreement?" asked the judge.

"Absolutely no hope," replied the foreman.

His lordship thereupon discharged the jury and for the first time in six weeks its members were free from the guardianship of court officials. Sir Rodmond, Mr. Coldwell and Mr. Howden were warmly congratulated by their counsel and by many friends in the courtroom and corridors.

It was arranged that the assizes should continue in existence and that at some later date Thomas Kelly will be called into court, so that the crown may move that sentence be passed upon him, following his recent conviction.

PROSPECTS ARE BRIGHTER FOR STREET CAR PEACE

New York Carmen Not Likely to Strike Until Mediation Is Tried.

[Canadian Press.]

New York, Sept. 6.—Prospects of settling the difficulties between the employees of the subway and elevated railways and the Interborough Rapid Transit Company looked a little more favorable today, although neither side changed their position. There is still hope, however, that even if the meeting votes to strike no action will be taken until Mayor Mitchell and the public service commission have an opportunity to see what can be done through mediation. The union employees of the New York Railways Company, which operates the surface traction lines, met this morning and discussed what action would be taken if a strike were called on the subway and elevated lines.

W. B. Fitzgerald, organizer of the Amalgamated Association of Street Railway Employees, declares that the traction company is trying to force these men to a strike for the purpose of breaking the hold which the union is obtaining upon its employees.

SITUATION FAVORABLE, SAYS VON HINDENBURG

[Canadian Press.]

Amsterdam, Sept. 6—Via London, 11:45 a.m.—A telegram received here from Berlin says that in view of the forthcoming convocation of the Reichstag there was held yesterday a conference between Chancellor Von Bethmann-Hollweg and the party leaders. The chancellor declared that Field Marshal Von Hindenburg, chief of the general staff, and Gen. Von Ludendorf, the field marshal's chief of staff, agreed that the military situation was favorable. It was said there was no thought of raising the age limit of liability for military service. Confidence was expressed in the success of the new war loan.

GRAVE CHARGES MADE AGAINST INDIAN GOVT. BY RETURNED SOLDIERS

Say Sick and Wounded From Mesopotamia Are Grossly Neglected.

[Canadian Press.]

London, Sept. 6.—Grave allegations against the Indian Government are contained in extracts from letters published by the Morning Post, describing the treatment of sick and wounded British soldiers returning to India from Mesopotamia. It would appear from these letters that for the care of 1,000 sick two doctors and four nurses were allotted. At first there were no medical comports, and even a thermometer was lacking in a convalescent hospital for cases of enteric fever.

Among 240 patients there was not a single chair or table, and the men had to drink out of empty tobacco tins. Kindly visitors were nearly mobbed by pallid, feeble convalescents begging for the most elementary needs of existence. Some of them were herded in tents with scarcely a sheet, a towel or a cup among them.

PROHIBITION ALTERS COMPLEXION OF JOBS

Present Inland Revenue Men To Be Taken Care of First.

There will be no appointments to two inland revenue jobs for some time yet.

Controller George E. Rose was said to have been recommended for one of them, but difficulties arose.

Owing to the prohibition legislation, a couple of men now engaged in the liquor department of the inland revenue will be out of positions. It is the intention of the Government, it is said, to appoint these men to the vacant inland revenue jobs. As a result some ambitious job hunters will be out of positions.

CHINESE PRESS DENOUNCES DEMANDS OF JAPANESE

[Canadian Press.]

Peking, Sept. 6.—The Chinese press strongly denounces the Japanese demands made on China in connection with the conflict between Chinese and Japanese troops at Chengchiatun, Mongolia, on August 13, which resulted in the killing or wounding of many on both sides. The demands call for the dismissal of the Chinese officers in command of the troops, the withdrawal of Chinese troops from the district, indemnification of the families of the Japanese killed and police rights for Japan in Inner Mongolia.

PRESS OF GERMANY DENIES MANY HUNGER REVOLTS

Assert Nobody Has Been Killed as Result of Riots.

Berlin, Sept. 6—By Wireless to Sayville.—The German newspapers today publish a statement obtained from a "competent authority," declaring that recent reports current in foreign countries that there had been hunger revolts in Germany were absolutely false. It is said not one person has been killed in Germany on account of the question of supplies. The denial was in reply to stories printed in French newspapers alleging that seven women had been killed in Berlin, that 20 persons had been killed in Muelhausen and that the king of Wuerttemburg had intervened to stop the riots at Stuttgart.

THE MONTREAL DOCKED.

London, Sept. 6—10:25 a.m.—The Canadian Pacific steamship Montreal, which was in collision in the Downs with another ship, docked at Tilbury late yesterday. There was considerable water in her No. 3 hold and her side was damaged. She carried no passengers.

IN POLICE COURT

Five individuals, each charged with consuming too much "booze," appeared before Magistrate Judd today. Allen De Groat was on deck again after being allowed to go Tuesday with a warning. Allen will spend the next 21 days at Castle Carter, owing to his inability to donate $10 and costs to settle the fine.

Celebrated Freedom.

Alex. Lawler got away Tuesday with a small fine and started out again to "celebrate" his release. At noon he had a fine "souse" and went home and again used abusive language towards his wife.

When Alexander serves his 21 days at the county jail he will find himself facing a "real drought."

John Campbell also went down for fifteen days because he tried to "put across a fairy tale on the magistrate."

He claimed to have a ticket for Ingersoll, and also baggage checks, but a search of his belongings showed he had neither.

"You might as well give me six months as not, because I am happier in jail than out," said Campbell as he sat down.

"The next time you come here you will get exactly what you have suggested," said the magistrate.

James Sullivan hurt his side crawling out of a ditch and laid off on that account and got a "tank full."

"Took whisky for your sideache, did you?" asked the magistrate. Five dollars and costs or 15 days was his portion.

Henry Shoulette, a Frenchman, charged with being drunk too often, suggested to the magistrate that he perhaps had him confused with another Frenchman that resembled him very closely and who also traveled the "primrose trail" on frequent occasions. It looked like a good alibi, but a few more questions caused his worship to smile as he said $5 and costs or fifteen days. Henry settled and went right to work, or at least said he would.

OFFICIAL SOUVENIR

Work of Art Issued by Trades and Labor Council.

An official souvenir book now ready for public distribution has been published by the London Trades and Labor Council.

The book, which is a work of art, and worthy of a place in every home, contains a classified list of members of organized labor who have enlisted for overseas service.

Many cuts of prominent citizens and members connected with organized labor adorn the pages of the book.

The proceeds from the book will be devoted to the Memorial Temple of Labor fund of the Trades and Labor Council.

STRIKE OF CIGARMAKERS RAPIDLY DWINDLING NOW

Settlement in McLeod-Nolan Case Expected Today.

Slowly but surely the breach between McLeod, Nolan & Co. and the cigarmakers' union, growing out of the cigarmakers' strike, is being closed.

Another conference this afternoon, it is believed, will eliminate the last point in dispute between the two parties.

The cigarmakers met last evening and voted on the proposition made yesterday by McLeod, Nolan & Co. After considerable discussion the question was submitted and the proposition turned down.

This forenoon another conference was held, when another difference or two was eliminated and the question is now narrowed to such an extent that it is confidently expected that an agreement will be signed this afternoon.

Tomorrow the delegation from the union will approach Brener Bros. and efforts will be made to effect a settlement there.

Throughout the strike not an unpleasant incident has marred the whole situation.

"It seems only a difference of opinions, and we are trying to arrive at an understanding as quickly as possible," said an official of the union tody.

"Prospects for a final settlement look bright, and we believe it will only be a matter of a few days when the strike will be over," he continued.

ALLIES ARE GOOD TO BARON VON SCHENK

Head of German Spies in Athens Will Be Given Safe Conduct.

[Canadian Press.]

Athens, Sept. 6—Via London, 1 p.m.—Baron Von Schenk, chief director of the German propaganda in Greece, who was arrested last week in connection with the rounding up of German agents by the French and British, obtained an interview today with a British official, with the result that he will be permitted to leave Greece tomorrow.

Provision has been made for his safe conduct.

TWO FROM STRATFORD ARE AMONGST WOUNDED

[Special to The Advertiser.]

Stratford, Sept. 6.—Corp. John Welsh is officially reported admitted to No. 18 General Hospital, Boulogne, August 28, wounded in the left arm. Pte. Harry Downes was admitted to the war hospital at Guildford, September 1st, with a fractured leg.

ENGINEER KILLED IN WESTERN TRAIN WRECK

[Special to The Advertiser.]

Winnipeg, Sept. 6.—The Grand Trunk Pacific passenger train, No. 10, which left Winnipeg at 5:15 last evening, was wrecked between Ena and Redditt, 125 miles east of this city, last night. The engineer, Charles Moore of Transcona, was killed, being hurled under the locomotive, which went down the embankment.

Brakeman Barrett and Fireman Stewart, Transcona, were injured. All the passengers escaped. Cause of wreck was due to heavy rains, which undermined the embankment. The line is now clear.

MRS. GRAHAM INJURED

Wife of Chaplain of 135th Battalion Now at Victoria Hospital.

Mrs. (Rev.) Archibald Graham, wife of the chaplain of the 135th Battalion, now overseas, met with a painful accident the other evening that resulted in a fractured left arm and shoulder.

She slipped on a small object lying on the floor and fell heavily on her left side.

Dr. Norman Beal was called and had Mrs. Graham removed to Victoria Hospital, where the fractures were reduced.

Mrs. Graham met with a similar accident some weeks ago and had just nicely recovered from the effects of the first accident.

At Victoria Hospital today she was reported as progressing favorably, but her condition will require her staying there for some time yet.

FIXED ASSESSMENT IS GRANTED BRANTFORD FIRM

Mayor and Ald. Bragg Oppose the Principle—Aid to Fire Sufferers.

BRANTFORD, Sept. 5.—Three matters of moment were dealt with by the city council this evening. A fixed assessment of $3,000 was given on the new factory of the Hampel Paper Box Company, though Mayor Bowlby and Ald. Bragg voted nay to the principle.

Northern fire sufferers were voted $500. Steps were initiated for a subway under the Grand Trunk at St. Paul's avenue to give the street railway access to Terrace Hill.

MARSHMALLOW ROAST. — About twenty-five of the Red Cross Society of Chalmers Presbyterian Church held a marshmallow roast at Byron last night. Mrs. J. H. Langford was in charge of the arrangements.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

The local market was a small one this morning. Hay, however, was plentiful, the price remaining steady at $12 to $14 a ton. Over thirty loads were brought in Tuesday. Straw was steady at $8 to $8.50. Old oats were slightly higher at $1.85 to $1.90 a cwt. while the new remained steady at $1.50 to $1.65. Barley, a cwt., brought $1.35, and wheat $1.80 to $2.

Vegetables were steady, new potatoes, being scarce, brought 50c to 60c a peck. Tomatoes sold in baskets at 30c to 40c. New cabbage brought from 50c to 80c a dozen, while beets were steady at 30c a dozen. Green onions sold for 40c a dozen. New beans were steady at 8c to 10c a quart, and green corn was firm at 10c to 15c.

Apples were scarce, and brought 50c to 80c a bushel. Plums sold at from 30c to 70c. Pears were steady at $1 and $1.50. Peaches brought from 50c to $1 a basket.

Dairy prices were firm, and butter was still scarce, selling at 36c a pound for creamery and 34c for dairy in rolls. Eggs were firm.

Young chickens, alive, sold for 15c and 16c a pound, and old fowl brought 13c. Dressed chickens were sold at 18c and 20c, and old fowl at 15c. Live hogs were steady at $11 a cwt., and fat sows at $8.50. Small pigs were sold at $11 to $16 a pair. Dressed hogs brought from $15 to $15.50. Veal was steady at $14 to $16. Hides and wool were firm.

GRAIN.

Winnipeg, Sept. 5.—Winnipeg wheat closed today 4¾c higher for October, 4¾c up for December, and 4c beter for May. Oats gained 1⅛c in October and December. Barley was unchanged. Flax dropped 2¾c in October, 3½c in November, and 4c in December.

Short covering by people who sold on the strike situation made the American markets strong. The trade in Winnipeg was purely local and professional. The market sometimes lagged, but there were no hedging sales to break it, and there were a few strong bulls in the market. The elevators will not hedge the wheat as long as they can get fancy premiums in the cash market. Exporters only took a little out of the cash market for which they paid 7½c over. There was very little to offer. General news was bullish and the firmer cables helped.

Winnipeg cash prices follows:

Wheat—No. 1 northern, $1.62¼; No. 2 northern, $1.60¼; No. 3 northern, $1.55¼; No. 4, $1.48¼; No. 5, $1.43¼.

Oats—No. 1 C.W., 51¼c; No. 2, 50¼c; No. 3, 50¼c; extra No. 1 feed, 50¼c; No. 1 feed, 49¾c; No. 2 feed, 49½c.

Barley—No. 2, 86c; No. 4, 83c; rejected, 76½c; feed, 76½c.

Flax—No. 1 N.W.C., $1.84; No. 2 C. W., $1.81.

Chicago, Sept. 6.—Higher cable quotations had a bullish influence today on wheat, but the effect was nearly offset by an unexpected increase of the United Statees visible supply total. Purchasing States visible supply total. Purchasing ter, being mostly in small lots. Buyers were somewhat deterred by gossip that Europeans could bring about a more thorough organization of shipping facilities, and thus, regardless of the question of the Dardanelles, obtain an increased amount of supplies elsewhere than in North America.

Opening prices, which ranged from ¾@2c higher, with December at $1 53¾ @1 54½, and September at $1 55@1 56, were followed by a reaction and then a slight rally.

Liverpool, Sept. 6.—Wheat—Spot was strong; No. 1 Manitoba, 14s 11d; No. 2, 14s 10d; No. 3, 14s 8d; No. 2 red western winter, 14s 10d.

Corn—Spot steady; American mixed, new, 10s 7d.

Turpentine Spirits—42s 3d.

Rosin—American strained, 21s; type G, 21s 9d.

LIVE STOCK.

Toronto, Sept. 6.—Receipts of live stock at the Union stockyards today were 944 cattle, 151 calves, 2,373 hogs and 1,456 sheep. Trade in fat cattle was active, but the common classes of cattle, which formed the bulk of those on sale, went off very slowly. Lambs sold 25c higher. Quotations:

Cattle—Exporters, choice, per cwt, $8 15@8 75; butchers, choice, $7 35@7 75; do. medium, $7@7 15; do, common, $6@6 15; do, cows, choice, $6 50@6 75; do, medium, $8@8 25; do, canners, $3 50@4 25; do, bulls, $7 25@7 50; feeding steers, $6 30@7; stockers, choice, $6@6 50; do, light, $5 75@6; milkers, choice, each, $70@90; springers, each, $50@90; calves, $10@12 25.

Sheep—Ewes, $7 65@8 35; bucks and culls, $4 50@5 35; lambs, $9@10.

Hogs—Fed and watered, cwt, $11 85.

Chicago, Sept. 6.—Cattle—Receipts, 12,000; market strong; beeves, native, $7@9 50; stockers and feeders, $4 85@7 85; cows and heifers, $3 85@9 60; calves, $8 50@12 75.

Hogs—Receipts, 11,000; market slow; light, $10 55@11 50; mixed, $10 15@11 45; heavy, $10 10@11 30; roughs, $10 10@10 30; pigs, $6 50@9 50; bulk of sales at $10 65@11 20.

Sheep—Receipts, 19,000; market was steady; wethers, $6 50@7 85; lambs, native, $6 50@10 80.

Montreal, Sept. 6.—An all-round demand for all classes and a brisk trade were the features of the cattle market today. Butcher steers advanced 10c, canning cattle 25c, while other lines were steady. Quotatons:

Butcher steers, good, $7 10@7 60; fair, $6 50@7; medium, $5 50@6; cows, good, $6@6 50; fair, $5 50@5 75; common, $3@5; canning cows, $3 50@3 75; cutters, $3 75@4 50; bulls, best, $6@6 50; good, $5 50@6; fair to medium, $5@5 25.

Sheep, $6@7; lambs, 9½@10½c.

Calves—Milk-fed, 8@9c; grassers, 5c.

Hogs—Selects, $11 75@12; roughs and mixed lots, $10@11 25.

Receipts, east end market: Cattle, 400; sheep and lambs, 200; hogs, 1,200; calves, 200.

WA[...]L STREET.

New York, [...] 6—Wall Street, 10:30 a.m.—New h[...]ed [...]ords were registered for various [...]y a [...] leaders at today's opening, w[...] attended by a continuance [...] summ[...] bullish activity. United S[...] have touched par, exclusive [...]sis in thividends of 2¼ per cen[...]mon and preferred [...] 24 respectively.

Inspiration Copper advanced to 58⅞, and Kelly-Springfield Tire to 83⅝. There were gains of 1 to 3 points in Bethlehem Steel, Mexican Petroleum, American Smelting, American Can, American Locomotive, United Fruit and International Paper preferred. Rails were firm but relatively backward.

Noon.—Profit-taking in extraordinary volume exerted little effect during the forenoon, in which the turnover exceeded 700,000 shares. Marine preferred failed to rise above its early maximum, but Marine common, Inspiration Copper, Kelly-Springfield Tire, and Atlantic, Gulf and West Indies achieved new records. Petroleums supplemented yesterday's substantial advances, Mexicans rising 4, with 7½ for Texas Company. Crucible Steel and Industrial Alcohol, at gains of 4 to 5 points, featured the war issues, and Chandler Motors led its special class with a gain of 3. Just before midday Steel and Reading came forward briskly, Steel recording the new high point of 100¾, with a gain of 3 for Reading. Bonds were steady.

1:30 p.m.—A sharp reaction in Marine preferred to 119½ caused moderate unsettlement of the list in the early afternoon. The market gathered fresh energy, however, under a further advance in coppers, sugars and other specalties.

MONEY.

Paris, Sept. 6.—Trading was quiet on the bourse today. Three per cent rentes, 63 francs 90 centimes for cash; exchange on London, 28 francs 2½ centimes.

London, Sept. 6.—Bar silver, 32½d per ounce.

Money, 5½ per cent.

Discount rates—Short bills and three months, 5½@5⅝ per cent.

New York, Sept. 6.—Bar silver, 68¼c per ounce.

THE NORTHERN LIFE ASSURANCE COMPANY OF CANADA

HEAD OFFICE: LONDON, ONT.

An endowment policy for women combines the element of investment with that of protection. Such a policy provides for the years when one's earning power will have decreased.

Financial provision for the future is more necessary for the woman than for the man.

The woman who is protected for years often loses that protection at a time when she is least able to withstand it.

An endowment policy paid for during the years when a small sum annually can easily be spared will safeguard you from disaster at middle life or old age.

LONDON STOCK EXCHANGE.

London, Sept. 6.—The stock market was firm today, with a steady demand for Consols. Allied bonds hardened, except the French loan, which was easy on expectations of a new isssue next week. Armament shares were supported, owing to rumors of an amalgamation. South American securities were in good request, and various South African shares were strong on Cape Town buying. American securities were quietly steady and featureless.

The revenue returns for last week show sales of treasury bills amounting to £53,000,000, but the sum of £26,000,000 was redeemed. The excess profit tax yielded over £3,000,000.

Money supplies are shrinking. Discount rates remain quiet.

NEW YORK COTTON

Lack of Aggressive Support Responsible for Moderate Setback in Cotton Futures.

[Reported by Thomson & McKinnon.]
New York Sept. 5.

Southern hedge selling with some rains in Oklahoma and a lack of aggressive support caused a break in cotton. Liquidation was quite general partly on stop orders. The Liverpool Exchange may be closed by the British Government in its efforts to protect sterling exchange which would tend to lessen the market for cotton, speculatively, at least and so might, for a time, have a more or less depressing effect.

The idea is that though reactions must come there is likely to be only temporary ones, because the crop is short beyond question and the consumption, unless the price becomes practically prohibitive, is likely to be very large.

SOLVE COTTON TROUBLE.

[Canadian Press.]

Alexandria, via London, Sept. 6.—To solve the moratorium deadlock, Egyptian cotton merchants have agreed to put on the market 87,500 cantars at $23.

(A cantar is equivalent to a hundredweight.)

The Government will advance the difference in the price up to $25, which will be reimbursed by an extra tax of one millieme (half a cent) on all Bourse transactions, to be deducted from the brokerage.

It is hoped that in this way the weaker Bourse positions will be liquidated and also that the inevitable further rise will result in a satisfactory adjustment of the stronger positions.

The Bourse will reopen on Thursday.

CHURCH GARBAGE TAX GOING BEFORE COURTS

Will Be Settled by County Judge Before Long.

The refusal of the city churches to pay their garbage tax will be submitted to the courts for settlement at an early date, possibly during the month of September.

City Solicitor T. G. Meredith has returned from his vacation, and will take up the case. The churches will appeal to the court of revision to remit the taxes. The court will grant the request, and then Mr. Meredith will take the whole question before the county judge to settle it.

The court of revision has already remitted the tax, but this will be done again in order to provide against any technicalities.

The whole question is creating not a little interest in the city.

The action has up to the present time been taken by the committee appointed by the London Ministerial Alliance to deal with the question of collecting garbage tax.

The members of the committee have just returned from their vacations, and have not yet had an opportunity of holding a meeting.

Apropos the subject, it is understood that some of the churches have been in the habit of paying the garbage tax without demur, and among these is Askin Street Methodist Church, which has already paid its first installment of garbage tax for this year.

BILLION DOLLAR CROP EXPECTED

After a thorough canvass of various points throughout Western Canada, Dr. McGill of the Dominion Grain Commission is quoted in Calgary as saying that Alberta would have a crop as good as last year, that the Dominion would have a billion dollar grain crop, and that the grain crop of the three prairie provinces would be little if any behind that of last year.

"The country as a whole never looked better than it does at present," said Dr. McGill. "The weather was made to order, as you might say, and I am of the opinion that this year's harvest will be another wonderful one."

Those who contemplate going West will do well to remember that the most fertile districts in Western Canada are served by the line of the C. N. R., and that this season they can travel from their home districts to destination Canadian Northern All the Way.

Arrangements have been made whereby passengers may travel in comfort. Colonist and lunch counter cars being a feature.

The first of these excursions will be run in August; the date will be announced later.

For further information apply to nearest Canadian Northern Agent or write to R. L. Fairbairn, General Passenger Agent, 68 King street E., Toronto. B. Clark, Agent, 416 Richmond street, London, Ont. tfzxv

PAPER CUPS TOOK PLACE OF GLASSES IN COUNCIL CHAMBER

Session Last Night Was Quiet and Very Agreeable.

CONTRACTS QUESTIONED

Aldermen Think Lowest Tenderers Should Have Been Given Work.

The city council had a very quiet and agreeable session last night, and got along without the presence of a policeman.

Paper cups were bestowed upon the aldermen by George T. Hiscox and Ald. J. J. Dyer. They were filled with water.

A deputation from the Soldiers' Aid Commission, composed of George T. Brown, Philip Pocock, Sam King, A. W. White, J. P. Moore, A. E. Silverwood and J. J. Foote, asked for assistance in getting jobs for returned soldiers, making them welcome, and in other ways looking after them. It was estimated that it would cost $700 to secure supplies, etc.

Ald. Webster moved that the amount be given the commission, but the question, on motion of Ald. Jones, was referred to the board of control with power.

A deputation asked for a breakwater on Front street and other improvements. The matters were referred to the board of works.

Contract Sustained.

There was a brush over the awarding of sewer contracts. McLaughlin Bros. were low on a piece of work, but the board of control recommended that it be given to the Webster Construction Company at a price $149 higher. It was explained that the McLaughlin firm had two big contracts, and that it would be necessary for them to import labor. Ald. Jones and Ald. Donahue took strong exception to this, saying that the company had tendered in good faith, and should get the work. Other firms were importing labor, and if it was necessary for this firm to do so, they should be given an opportunity to take the work, since they were lower in price. However, the majority of the council voted in favor of the Webster Company getting the work.

Will Rush Paving.

Dundas street from Eleanor to Ashland will be closed, in order to allow the completion of the pavement there. It will be necessary for the London Street Railway Company to run a stub line to Pottersburg for a few days, the citizens having to walk but a short distance for the cars. Ald. Palmer pointed out the necessity for doing this.

Sometimes the aldermen have a witty moment, and it was Ald. Jones' turn.

Ald. Copp complained greatly about the whistling of Grand Trunk engines when coming into the city, saying it was a great nuisance. "If they don't blow the whistles what will they blow?" asked Ald. Jones. "Will they sing?"

However, the council voted to ask the company to abate the nuisance.

Ald. Wilson wanted the crossings over the Grand Trunk and C. P. R. made level with the streets, and City Clerk Baker will ask the companies to make improvements at once.

CARD OF THANKS.

Mrs. Charles Dengate and son, J. R. Dengate, of Anderson avenue, wish to express their sincere thanks to all their friends, neighbors and Court Orient (Foresters), for their many kindnesses and tokens of loving sympathy to them in their sad bereavement in the sudden death of husband and father, Mr. Charles Dengate. b

FREIGHT MOVEMENTS BREAK RECORDS SINCE LIFTING OF EMBARGO

Railways Are Taking Care of All Local Shipments.

COAL COMING STEADILY

Shipments Accumulated Rapidly When Restrictions Were Put On.

The lifting of the freight embargoes and the cancellation of freight restrictions on the different railroads, following a settlement of the threatened United States strike, has resulted in the release of a large volume of freight from the different sheds in the city.

On Saturday, but very little freight was moved, the railroads having placed such conditions on shipments that shippers declined to assume the responsibility of delay that might ensue in the event of a strike.

When the negotiations between the railroads and the brotherhoods finally resulted in declaring the strike off, the embargoes and other conditions were at the same time raised.

At the Grand Trunk yards yesterday a greater quantity of freight than has been handled in one day in years was shipped.

Anticipating that the temporary delay in freight movements would mean a rush the company made especial provisions to handle the extra amount.

As a result the accumulation of Saturday was handled with but little more than ordinary trouble.

Several trainloads of coal via Niagara frontier passed through, and all over the system it is expected normal conditions will again exist in a few days.

At the C.P.R. yards a congestion had arisen due to the fear of the strike which caused an unusual amount of rolling stock to become tied up in the yards.

An insufficient number of locomotives to move the cars also contributed to the tie-up. A large portion of the freight was consigned to points on the Wabash system, and this was moved out as quickly as possible.

At the M. C. R. the freight accumulation was not as great and no unusual difficulty was experienced in getting the shipments on the way to destination.

VOICE OF THE PEOPLE

Wants Cheaper Coal.

To the Editor of The Advertiser:

Dear Sir,—There has been a good deal of talk about the proposition in The Advertiser to have a commission investigate the prices of the necessaries of life. Take coal for instance. My sister-in-law living north of Buffalo was visiting here on the 15th of August. She said they were then paying $7 a ton for range coal. One of the men at the factory here had a Buffalo paper of recent date giving prices of large sizes $7.30 and not $7.50 a ton. Consider that Conneaut, a chief shipping port for coal, is 45 miles nearer this city via Port Stanley than it is to Buffalo. Now I am not the only one who voted for the electrification of the Port Stanley road, not because we were promised a rapid, frequent, dustless service at a thirty-cent fare, but because we were assured it would lower the price of coal. At McClary's we were told that the peak-load basis of payment for power would enable the electrified road to bring up coal during the night at a trifling cost and this item alone would soon recoup the voters their $750,000. What is the result? Another pie-crust promise. Instead of coal going lower than it was at the steam-road prices, $7 and $7.50, it has gone up to $8.25 a ton. By all means let us have an investigation. If Mayor Stevenson wishes to earn another vote from labor let him prove what he can do in letting light into the price of coal. Summer wages are higher than winter ones. Why can't coal be delivered cheaper in winter than in summer? If the man who cannot afford to buy his year's supply of coal in the summer has any friends in the council he would like them to speak now.

A DECEIVED VOTER.

Hint for Anti-Kitcheners.

To the Editor of The Advertiser:

Dear Sir,—I notice in tonight's edition of The Advertiser that a Kitchener, Ont., paper is threatening the Government over the changing of the name of that city from Berlin to Kitchener. It seems to the writer it is about time these pro-Germans come to understand that they are living in Canada and not in Berlin, Germany. Berlin is a name that is associated with all that is foul and terrible, the worst and most terrible crimes that have ever been perpetrated have emanated from Berlin.

The name Berlin and all its associations stink in the nostrils of all fair-minded free Canadians. If the Berliner Journal and its friends are so fond of Berlin, why do they not go there; we surely don't want them. I presume some, if not all, the objectors are businessmen. If they hate the new name so much, we, who are British-Canadians, are not forced to buy their goods. I for one can deal with a Canadian. Yours for Canada and the Empire.

GROCERY CLERKS' STRIKE.
[Canadian Press.]

New York, Sept. 6.—Three thousand grocery clerks went on strike in this city, Jersey City, Newark and outlying towns today. Leaders of their union, the Retail Clerks' International Protective Association, claim that the number of strikers will be augmented to 6,000 within the next 24 hours.

The strike was voted last night after owners of chains of stores refused the demands of the union for shorter hours, a minimum salary of $15 per week, and one per cent of the store receipts.

To Discard Freckles, Tan, Pimples, Wrinkles
The use of creams containing animal substances sometimes causes hair to grow. You run no risk of acquiring superfluous hair when you use ordinary mercolized wax. There is nothing better for a discolored skin, as the wax actually absorbs the offensive cuticle. The latter is naturally replaced by a clear, smooth, healthy complexion, full of life and expression. It's the sensible way to discard a freckled, tanned, overred, blotchy or pimpled skin. Get an ounce of mercolized wax at any druggist's and apply nightly like cold cream, erasing in the morning with soap and water. It takes a week or so to complete the transformation.
The ideal wrinkle remover is made by dissolving an ounce of powdered saxolite in a half-pint witch hazel. Bathing the face in the solution brings almost instantaneous results.—Advt.

MEN OUTNUMBERED EIGHT TO ONE AT NORMAL SCHOOL

Fair Average Class Is Enrolled for Coming Year.

CHANGES IN METHODS

Teachers To Have Actual Experience at Rural Schools in the District.

Young men will be outnumbered about eight to one at London Normal School this year. The school reopened yesterday with 168 names on the roll. Of these, 21 are men. Principal Radcliffe expects that the present number enrolled will be augmented by about fifteen, as some of the students who got their certificates while out harvesting have not come in yet.

"The class will be a fair average, as far as size is concerned," he said. "Last year was the greatest enrollment in our history. This year's class is not nearly so large, but compares well with those of other years."

Principal Radcliffe says there will be no changes in the curriculum this year or in the staff.

Rural Experience.

One change will be made in the working methods, by which students will go to three rural schools in the district, and obtain actual teaching experience there. In the past it has been the custom for them to get their experience in the city schools. They will still get this, but in addition gill go to Tempo, Pond Mills and Brick Street, and teach there.

Those Enrolled.

REV. A. C. BINGHAM WARMLY WELCOMED TO HIS NEW CHARGE

Formally Installed as Pastor of Egerton Street Church.

ASKS FOR CO-OPERATION

Many Neighboring Ministers at Reception Held Last Evening.

The formal installation of Rev. A. C. Bingham, late of Petrolea, into the pastoral charge of Egerton Street Baptist Church, took place Tuesday evening at 8 o'clock, in the presence of a large representation of the congregation, the two senior deacons, Deacon G. Graham and Deacon H. Pierce, conducting the impressive service. Immediately after a reception was held to welcome the new minister and his bride, addresses from visiting ministers being a prominent feature of the program.

Rev. H. D. Moyer, from the neighboring Methodist church, Hyatt avenue, extended a cordial greeting to Mr. Bingham on behalf of the Methodist denomination of the southeast end of the city. He also referred to his pleasant associations with Mr. Bingham at the time he himself was a minister in Petrolea.

Local Option Victory.

Outstanding among the recollections of their work in co-operation as pastors of neighboring churches there was that of the fight for local option, a fight which ended in victory.

Rev. W. M. Walker, of the Wortley Road Baptist Church, had a special wish for the young pastor and the Egerton street congregation, a wish that other chruches might not try to take Mr. Gingham away and that the pastorate might be a long one, long enough for the work to be accomplished for which the new pastor had been called of God to minister to the congregation.

Rev. D. L. McCrae came directly from the station on his arrival after a long and wearisome day in Toronto, followed by a journey home, during which he was obliged to stand a large part of the way. He was in splendid form, however, and his address evoked frequent applause.

A Warm Welcome.

He extended a welcome to Mr. Bingham on behalf of his own church, the Hamilton Road Presbyterian, just across the way; on behalf of Presbyterianism in London, as one of the veterans of the London Presbytery. Having been moderator of the Synod of Hamilton and London a couple of years ago, the speaker felt he could also extend a welcome on behalf of Presbyterianism in Western Ontario. His message to the newly-installed pastor was, "Never in the history of the world has the pulpit offered such magnificent opportunity as today, and it is going to be still better. I know London and I love it. I have this to say, London needs at this hour the mightiest spirit of God ever needed anywhere. And London can have it. But London can't have this spirit unless the people pray and hold up the hands of the ministers. I don't believe I can win converts over the head of a dead church."

To the people, the admonition was: "Be good to your minister; help him; encourage him. He isn't perfect. If he were, he would soon be terribly lonely in this or any other congregation. He has faults and will make mistakes. The only man who never makes mistakes is the man who never does anything.

Not An Easy Job.

It isn't an easy matter to be a minister and to stand up and preach Sunday by Sunday. I have earned the right to say this. The man who preaches must put into it brain, sweat and heart-blood. If he doesn't, he won't ever amount to anything and he had better give it up.

If his ministry is going to be a blessing, you must do your part. God's power is the same today as it ever was, but the trouble is, the people don't believe.

Mr. Bingham is young, I am old. We should make a good team in this end of the city. The older I get, the less sympathy I have with sectarianism. I hate it as I hate sin. The things we hold in common are the things that are strong. The things about which we differ are the weak things."

Replying, Mr. Bingham emphasized the importance of co-operation between pastor and people. He also thanked the congregation for the kindness already extended and the visiting ministers for their kind messages.

The Greatest Work.

He expressed his conviction that working for the kingdom of God is the grandest thing in the world. "I cannot speak from the mountain peak of observation like Dr. McCrae," he said, "but I thrill with the magnificence of the opportunity to which he has referred. I believe there will be many changes in the next decade; that walls of conventionality and formality will be broken down. The formalities of our church life will be smashed to smithereens, but the cross of Jesus will stand through all and it is the cross that will be emphasized."

In addition to the address, readings were given by Miss Hodges and Miss Belva Mills; a duet by Misses Madalene and Eva Sharratt, and numbers by the ladies' quartet and by the choir.

Deacon Hyslop of Talbot Street Baptist Church closed with prayer.

After the program, tempting refreshments were served by the Ladies' Aid in the basement, the members of the congregation having an opportunity of meeting Mr. and Mrs. Bingham during the social hour.

NEW CITY AUDITOR IS W. M. DUNLOP, AN EXPERT FROM OTTAWA

Four Names Considered by Council for Position.

W. R. JEX TURNED DOWN

Council Went Back on Recommendation of Finance Committee.

W. M. Dunlop, Ottawa, was appointed city auditor by the city council at the session last night. This came as a great surprise. His was one of four names submitted to the council by the joint committee in charge, but W. R. Jex, Winnipeg, had been recommended by the finance committee, and it was expected that he would be elected. Mr. Dunlop's name was not mentioned, but when the council voted there was a majority in favor of the Ottawa man.

Controller Rose endeavored to have the council reconsider the former resolution to consider none but chartered accountants. Mr. Rose wanted an open field, in order to give some local men a chance. However, the council refused to reconsider.

Four Submitted.

The four names submitted were, W. R. Jex, Winnipeg, Geo. Playle, Toronto, J. W. Lang, Toronto, and W. M. Dunlop, Ottawa.

On the first ballot, Mr. Dunlop received eight votes, Mr. Lang seven, Mr. Jex seven, and Mr. Playle three. The latter was eliminated.

On the next vote Mr. Dunlop still had eight, and Mr. Jex seven. Mr. Lang, with five, dropped out.

The division was the same on the last ballot, Mr. Dunlop having the support of Controllers Gammage, Rose, White and Moore, and Aldermen Webster, Palmer, Little and Jones.

Aldermen Ashplant, Wilson, Copp, Reynolds, Dyer, Summers and Donahue supported Mr. Jex. Later Ald. Ashplant moved that the appointment be made unanimous, and this motion carried.

Were Ruled Out.

Ald. Ashplant had several motions in this connection, but they were ruled out, and will stand as notices of motion. One was that the utilities commission be notified that Mr. Dunlop had been appointed, and that he would audit the books of the commission at the same salary paid Mr. Jewell by the commission.

Another was that Mr. Jewell be asked to audit the books of the London and Port Stanley Railway commission up to July 1, 1916, his terms to be approved of by the board of control. After that date, Mr. Dunlop will be asked to do the work. That ends the fiscal year of the railway, and as Mr. Jewell is conversant with the work, he will be invited to make the audit.

Highly Recommended.

Mr. Dunlop comes highly recommended. In his early years he did auditing in London, Eng., and in New York. For twelve years he has been in Ottawa, where he has audited the books of all the power companies, and other big concerns there, and also did work in connection with the public utilities of that city. He did special auditing for the New Brunswick Government in 1908 and 1915, and for the British Columbia Government in 1913. He was engaged last year on a special audit of the St. John Valley Railway.

Mr. Dunlop will be asked to come to London at an early date. Andrew Dale and Arch Screaton will continue in their work until the end of the year at least.

Would It Embarrass You Financially If Your Partner Died To-morrow?
We have known cases where, on the sudden death of a partner, credit has tightened and the remaining partner has had a hard time keeping things moving while straightening out matters for his partner's heirs.
Moreover, the family of the deceased man invariably looks to the remaining partner for first help. One cannot always realize upon the assets of a deceased partner, but an Imperial Partnership Policy is ample protection against such a contingency.
The matter is very clearly dealt with in a book we have published, entitled "Personality in Business." It would be well worth your while to send for a copy and read it. It's free for the asking.

LABOR DAY OUTING WILL SHOW A GOOD SURPLUS

Reports Will Be Presented at a Meeting Tonight.

The executive committee of the trades and labor council met last evening for the purpose of getting reports on the financial proceeds of the Labor Day celebration and picnic.

Owing to the large volume of business to be dealt with it was found necessary to leave the submission of the reports until the trades and labor council meeting tonight.

The proceeds from the different committees will then be announced, as well as the outlay necessary for various purposes.

It is estimated though that this year's picnic will show a greater surplus than that of any previous year.
