### SUCCESSFUL SOCIAL

The social evening which was given at the residence of Mrs. (Dr.) Duncan, King street, last evening, was grand success in every way. The evening was held under the auspices of the Ladies of the Public General Hospital and a silver collection was charged as an admission fee to apply towards the maintenance of this worthy institution.

There was a good crowd present last evening and a most enjoyable time was spent by those who attended. Refreshments were served and an excellent musical program was rendered.

The program consisted of vocal solos by Mrs. Milton Bogart, Miss Lucy McKellar, Miss Ada Ross, and Jasper Wilson, and W. Brackin; an instrumental solo by Miss M. Brackin; a vocal duet by Misses Somerville and Ross, and a quartet by Misses H. Smith and V. Heyward, and Messrs. Wilfrid and John Smith. The solos by Mrs. Bogart and Misses McKellar and Ross were especially enjoyable. Mrs. Bogart sang "O Promise Me" from the opera Robin Hood. Jasper Wilson also sang well. He is a promising young tenor and gives evidence of soon becoming one of Chatham's best singers.

The Ladies deserve great credit for the success of their evening. Twenty-six dollars was realized, which was highly satisfactory. The following were some of the ladies who had last evening's entertainment on hand: Refreshment committee—Messdames W. A. Hadley, Jos. Hadley, Soane, Kingmill, G. Phillimore, Pritchard, H. D. Smith, Bogart and W. Merrett.

Reception committee—Messdames Oldershaw, Weir, Cobbledeek, Gardiner, Holmes, Stephenson and G. B. Merrett.

Assistants—Misses Susie Taylor, Aggie Phillimore and Ethel Ball.

Musical committee—Miss McKeeough and Mrs. Soane.

Miss McKeeough, treasurer of the society, and Mrs. Landon, assistant, officiated at the door.

The Ladies are very grateful to those who took part in the musical part of the program, and also to Mrs. Duncan for the freedom of her splendid home.

### EVANGELISTIC SERVICES

Last night's meeting in Victoria Avenue Church was well attended and full of interest. Mr. McHardy is proving himself to be a preacher of unusual power. He took for his text Luke 15, 10. "Likewise I say unto you, there is joy in the presence of the angels of God over one sinner that repenteth."

"I am not a spiritualist," said the preacher, "but I believe that heavenly beings take an interest in the affairs of earth. The Bible teaches us that the angels are moved with emotion when a sinner turns from the error of his ways. This joy is a manifestation of interest. No one has joy over the success of an event in which he is not interested. Our joy at the repentance of sinners will be in proportion to the interest we take in their conversion. Many to-day are like the Pharisees of Christ's day; their chief work is criticism of what others are trying to do to save men. Mr. McHardy is thorough in his work. He believes in the scriptural doctrine of genuine repentance as the first step toward God. He has no use for sham repentance or for the faith that does not involve repentance. The sermon closed with a strong appeal to the unconvinced to give joy to their friends and to God, Father, Son and Spirit and to the angels of God by turning to God in true repentance.

In the song service, Mr. McHardy introduced some new and beautiful hymns. His book is a fine collection of gospel songs. During the evening, Miss Jackson sang with effect, "My Mother's Prayer."

The meeting to-night promises to be one of great interest. Come and bring a friend.

### MUCH PLEASED

Chatham Theatre-Goers Delighted With the Class of Attractions now being secured—Last night's Production.

The large houses which are greeting the performances at the Grand Theatre are a vindication of the wisdom of Manager Brisco's decision to bring a series of high-class shows to Chatham during the coming season. Last night a crowded and enthusiastic audience witnessed the production of George Klint's comedy-drama, "On the Bridge at Midnight." One special feature of the production was the splendid scenic effects of the bridge scene. The open bridge with the steamer passing through was very realistic and one of the best scenic effects ever seen in Chatham.

The production throughout was most praiseworthy. The company is a good one and all the parts were splendidly taken. Mr. Klint's personification of "German" was magnificent and brought him repeated applause.

Mr. Brisco is to be heartily congratulated on the splendid character of the production he is securing.

There will be a meeting of the Liberal-Conservatives of No. 5 Ward to-night at 8 o'clock in Mrs. Ingalls' store, St. Clair street.

### NEW MARKET FOR CHATHAM

City Council Decided to Go Ahead with this Laudable Enterprise at Once.

Ald. McCoig Entertains His Colleagues—An Enjoyable Evening Spent in Social Intercourse.

Chatham is at last to have a good, substantial and permanent market building.

Architects are now at work preparing plans and specifications and an estimate of the cost will be prepared at once to enable the people to vote upon the enterprise at the January elections.

Ald. Edmondson and his colleagues are to be heartily congratulated on getting this matter in good shape. That the people will overwhelmingly endorse the project there is no doubt. There is nothing the city needs more than a good market building.

Ald. Piggott also submitted a good proposition in the securing of an ice-crusher to prevent a repetition of last spring's disasters. It will be looked into.

At the conclusion of the meeting, by kind invitation of Ald. and Mrs. McCoig, the Council and press representatives adjourned to their home on Cross street, where they were royally entertained. After a delightful repast had been served, a very pleasant evening was spent in social intercourse and the happy gathering broke up with many grateful and appreciative expressions to the genial host and hostess.

There were present, Mayor McKeeough and Ald. Scullard, Mounteer, McCoig, Westman, Edmondson, Martin, Marshall, Piggott and Tye.

O. L. Lewis asked for relief from dog tax.

Ald. McCoig also brought up the name of another resident who also asked for relief.

Both petitions were granted.

Charles Mount complained of his high assessment on a lot adjoining the Klondyke Hotel. He asked to have a house on the lot but he had it removed. The matter was referred to the Finance committee.

Ald. Marshall presented a number of accounts which were passed by the Board of Health at their meeting yesterday afternoon. They were all in reference to the isolation hospital.

Mayor McKeeough explained that the accounts were for things which it was necessary for the city to furnish.

The accounts were passed.

A communication was read from Clerk Robinson, of Raleigh, in reference to the Mud and Indian Creek drain. They asked for the return of money paid to the city of Chatham. It was referred to the Finance committee.

The contract of Blight & Fielder for granite walks for 1904 was received. The guarantee had never been accepted. The matter was referred to the Finance committee to report at the next meeting.

John R. McKinley asked permission to sell a lot in the Maple Leaf Cemetery. The lot was bought some time ago and never used.

Ald. Mounter moved that if a certificate from the caretaker, that no bodies are in the lot, be obtained, the request be granted. Carried.

Mrs. Wm. Carlyle asked for a refund on a grave in the Maple Leaf Cemetery. The body which was deposited there has been removed from the lot. The request was granted.

A similar request was received from Geo. Tyndall, and this was also granted.

Arthur Bedford and Fred Farley asked permission to cut and trim trees. Referred to the Chief of Police.

Several local improvement estimates were passed.

Chas. Morrell, poundkeeper, North Chatham, asked the Council to pay an account of \$8.

Not long ago Mr. Morrell impounded a mare. No one claimed the mare and finally it was put up for sale by auction. There were three bidders, but all that could be got was \$1, and so the highest bidder got her for a dollar. Mr. Morrell now brings in his account—Fees \$1, feed \$6, advertising \$2, total \$9. Amount got for the mare \$1, balance due Morrell \$8.

Ald. Piggott who got the horse, it was decided that under the circumstances the account should be paid. It is a very exceptional case.

The latter day saints asked for an electric light near the entrance to their church on the corner of James and Head streets. The communication concluded with, "Let your light so shine that we may see your good works. Referred to the Property committee.

They will likely get the light at the first of the year.

Ald. Martin then brought up the matter of the expenses of the alderman delegates to Woodstock. He paid the way so only that the aldermen were prepared to pass a great big account.

"Your honor," said Ald. Martin, in his own smooth tones, "Our bill is, I am afraid, like that of Sir John Falstaff, who, after dining one day, found that the bill was full of big items of brandy, whiskey, etc., and 50c

for bread. Our meals were 50 cents each, as we had the very best, and the balance is for cab hire, amounting to \$8, \$2 each. This was a surprise to find the bill so low, and it was gladly passed.

Mrs. Wm. Knight complained that the isolation hospital depreciated the value of her property on St. Clair street. Referred to Finance committee.

A communication from Wm. Moore, of Ottawa, re the stamping out of consumption, was referred to the Finance committee.

A number of petitions were referred to the Finance committee.

The secretary of the water works department's account against the Dominion Paving Company for \$365.54 was referred to the Board of Works.

Miss Adele McLean complained of her high assessment on the Lacroix street pavement. Referred to the Finance committee.

The Chatham Manufacturing Company asked permission to put two fire alarm boxes in their factory and connected with the city fire alarm system, the expense of putting in the boxes to be borne by the Chatham Manufacturing Company.

Ald. Edmondson moved that the request be granted. Carried.

The Board of Health submitted the resolution passed at their meeting yesterday afternoon, petitioning the Council to have the Clerk open up an account for expenses at the isolation hospital, so that accounts certified to by the Medical Health Officer and Sanitary Inspector could be passed without coming before the Council.

Ald. Marshall moved that the resolution be accepted by the Council. Ald. Scullard seconded and it carried.

Several notices of motion were filed.

Ald. Edmondson reported on the civic trip to Woodstock. They inspected the market and were much impressed with it, noting the various advantages in connection therewith.

Ald. Edmondson made an eloquent plea for a substantial new market.

Ald. Edmondson moved that plans be asked for from the architects of the city. Carried.

An estimate will also be secured from the City Engineer for paving.

Ald. Piggott said last year there was \$300,000 lost by the flood. "Now I have a proposition," he declared. "The Mayor, interrupting—What! Are you going to run for member?—Laughter.

Ald. Piggott, continuing, advised the keeping of a large ice boat for use in the spring.

On motion the Mayor appointed the Industrial committee to look into the matter.

Ald. Piggott said he would secure co-operation from the railroads and townships.

The Mayor said it was a splendid idea.

Ald. Edmondson advocated the placing of a light at the latter day saints place of worship. The matter was left till the beginning of the new year.

Ald. Edmondson rose with beaming face and congratulated the city on its lights. Why, in Woodstock Ald. Martin couldn't find his way.

Ald. McCoig—Ah, um. Too bad, too bad!—Laughter.

### DEPLORING CORRUPTION.

Among the opinions published in regard to the Liberal convention, we find this: "There must be repudiation of all connection with the political corruption which the disclosures in the courts have shown to exist. It seems to me that a declaration in favor of electoral purity must form one of the chief planks in the platform to be framed by the convention."

The convention might also declare that highway robbery was opposed to the best interests of society and ought to be discouraged; also that while the maintenance of discipline in families was of the highest importance, the practice of wife-beating ought not to receive the sanction of the convention. No one defends electoral corruption, and denunciations of corruption in general terms are as cheap as they are worthless. If some professional plunger should escape the vigilance of a riding association, and get into the convention as a delegate, you would find him supporting the declaration against corruption with as much zeal as the most respectable citizen. His thoughts might be put into these words: "All right, boys: your purity resolution is one way of carrying elections; my practice is another; we may not all see eye to eye, but we are all working together for the grand object of keeping the party in power."

Strict laws against corruption are effective to a certain extent, and something more might be done in this direction. More effective still is the enforcement of the responsibility of the beneficiaries of corruption. The law recognizes the doctrine of agency when it makes a candidate responsible for the acts of his friends and helpers in the campaign, even if he is personally ignorant and innocent of them. He must take his agents for better or for worse; as he accepts the benefits of their efforts, he must accept responsibility for their methods.

The same doctrine should be applied to a Government and a party, and enforced by the votes of the people. It need not be applied unfairly or unreasonably. Allowance might be made for ignorance in one or two cases. The Ontario Government has long since used up that margin of allowance. The electoral crimes of the last six years have not been accidental or exceptional. That relation of cause and effect which Mr. Morley says is so often ignored in politics can be clearly discerned. The Government has been unable by fair means to command a working majority, and hence foul means or questionable means have been adopted.

In South Oxford perjury was procured and paid for in order to unseat an Opposition member and put a Government supporter in his place. The object was not personal; it was to increase the Government majority by two. Negotiations were entered into with Gamey, and when these were concluded, it was announced that the Government's majority had been increased by two. North Renfrew was kept open for a year and a half, because of the fear, justifiable as it proved, that an election would reduce the Government's majority by one. A breach of faith was committed in attacking Mr. Hugh Clark's election in Centre Bruce, one of the cleanest in the province, because the Government wanted another supporter there which would have increased their majority by two. North Perth and N. Norfolk were carried by corruption, for the same purpose; not for any local or accidental reason, but to give the Government the working majority which could not be obtained by fair means. In Sault Ste. Marie a boat was fitted out, under the very eyes of the Attorney-General of Ontario, for the purpose of carrying a gang of pluggers through the constituency. The object was to save the Government of which the Attorney-General was a member.

What is the use of trying to make the people believe that Mr. Ross and his colleagues are the innocent victims of all these devices, and of "deploring" them at a convention called for the same purpose—that of keeping Mr. Ross and his colleagues in office. Surely if responsibility was ever brought fairly home to a Government, it was by the exposure of this series of crimes and tricks. And surely the remedy is to recognize the responsibility, and put an end to the situation from which these evils clearly spring. Change the Government, and if the conditions are repeated, change it again. We can scarcely expect a party-convention to take this view; it is called for the express purpose of keeping the breath in the Government's body, after all other devices have been adopted. It is as if a patient, having ruined his constitution by quackery and neglect,

## SCOTT'S EMULSION

We don't put Scott's Emulsion in the class of advertised cure-alls; it doesn't belong there. We hardly like to use the word "cure" at all, but we are bound to say that it can be used for a great many troubles with great satisfaction. Its special function is to repair the waste of the body when the ordinary food does not nourish, and this means that it is useful in many cases which are indicated by wasting.

We'll send you a sample free.

## THERE IS GREAT DANGER IN CATARRH

If Left to Run Its Course unchecked, It Often Causes Death.

Catarrh scatters its poisons throughout the entire system. The stomach and lungs are affected by the droppings that fall into the throat and are swallowed during sleep. Dyspepsia, inflammation of the stomach, bronchitis and consumption are the results. The blood also becomes contaminated and carries the poisons to all parts of the system. Frequently in the more advanced stages, the bones of the head become decayed and the air passages are a putrid mass and create a stench so foul and offensive as to be unbearable. The expression, "rotten with catarrh," is not overdrawn or exaggerated.

Stuart's Catarrh Tablets strike at the root of this terrible, odious disease and eradicate it from the system. They are a constitutional remedy that cleanses the system thoroughly of all poisons and purifies the blood. Under their influence the head becomes clear, the discharges at the nose and droppings into the throat cease, the lost sense of smell is restored, the eye brightens, the foul breath becomes pure and sweet and the odious, disgusting disease is thoroughly expelled from the system.

A Cincinnati man says: "I suffered the misery and humiliation of catarrh for twelve years. My case became so aggravated that it seriously interfered with all my business relations. The disease became so offensive that I would not venture into any one's presence unless it were absolutely necessary. I tried every remedy that I could get hold of. Some helped me temporarily, but as soon as I ceased taking them, I would relapse into the old condition."

"Finally a friend told me of Stuart's Catarrh Tablets and insisted that I try them. I had about despaired of ever finding help, but bought a box anyway. I began to notice the improvement within twenty-four hours after I began taking them. Before the first box was gone I felt like another man. I kept up the treatment till I had taken three boxes and was entirely cured. I have never had a recurrence of the trouble from that day to this. My head is clear and well and none of the offensive symptoms of the disease ever troubled me. It has been two years since I stopped taking them."

Stuart's Catarrh Tablets are for sale by all druggists at 50 cents a box.

## STILL ANOTHER CASE

The new system treatment, Anti-Pill, continues to work wonderful cures.

When Dr. Leonhardt, of Lincoln, Neb., gave Anti-Pill to the world he had no doubt as to the world-wide and wonderful results it is now achieving in the cure of disease.

Here is the story of another Anti-Pill victory:—

"For many months I have been troubled with dyspepsia, dizziness in my head, cold chills, and suffered most of the time from constipation, and was unable to do my housework. I tried every kind of pill and medicine, but either the doctors or myself self could think of, and finally tried Anti-Pill. The treatment has practically made a new woman of me. I am able to do all my own work. The dizziness has all gone, my stomach feels much better, and I am no longer troubled with constipation. I cannot praise Anti-Pill too highly."—Mrs. Thos. Tabb, Emerald Street North, Hamilton, Ont.

Mrs. Tabb's letter is only one of many. Anti-Pill is sold by all druggists at 50c, or The Wm. Fyfe Co., Limited, Niagara Falls, Ont. Sole agents for Canada.

## BOARD OF HEALTH

The Board of Health held a special meeting in City Clerk Merritt's office yesterday afternoon with the following members present, Dr. Charles R. Braxton, W. R. Baxter, Dr. R. V. Bray, Mayor McKeough, and Health Officer Dr. W. R. Hall and Health Inspector Anson Mounteer.

The chairman explained that the meeting was called in reference to the payment of accounts for matters at the isolation hospital.

Dr. W. R. Hall said that there were accounts that should be paid as the isolation hospital is a good concern and is doing a good work.

The accounts came before the Board of Health and are passed. The City Clerk, however, considered that he is not authorized by statute to pay any accounts passed by the Board of Health until they come before the Council and hence the difficulty—there is always a delay to wait for the Council meetings.

The secretary advised that the city solicitor advises that the city can collect accounts for patients at the isolation hospital. The following resolution was passed:—

Bray-Baxter—That the city treasurer open up an account for the isolation hospital and that the Council be asked to pass a resolution authorizing the Clerk to draw orders on the Treasurer for all isolation hospital accounts which are certified by the Medical Health Officer or the Sanitary Inspector.—Carried.

The following accounts were passed:—

Geo. Toulouise, \$28.75.  
Bell Telephone Co., \$12.50.  
J. C. Wanless, \$12.43.  
C. R. Hancock, \$3.50.

C. D. Cooper, \$6.85.  
O. I. Dolson, \$6.85.  
E. J. Willard, \$14.25.  
J. D. Stark, 63c.

The Board then adjourned.

## THOUSANDS ACQUIRING THE DOPE HABIT.

The dope habit is being acquired by thousands of Canadians through using so-called cures for Catarrh containing an excessive amount of alcohol and other dangerous drugs. Doctors claim there is only one safe and certain cure for Catarrh—Tragant healing Catarrhazone, which cures by medicated vapor that is breathed direct to the seat of the disease. The balsamic vapor of Catarrhazone kills the germs, heals sore spots, stops dropping in the throat, keeps the nose clear and permanently eradicates every trace of catarrh from the system. Catarrhazone can't fail; it's guaranteed. Two months' treatment \$1.00; trial size 25c.

## ANNOUNCEMENTS.

The Mummy and Humming Bird—Nov. 18.  
Lyceum Course—Nov. 21.  
Local "Pinafore"—24-25.  
Sons of Scotland Benefit—Nov. 30.  
(Supplied to The Planet by Press Agents.)

Why does a play succeed? Aristotle in defining the requisite qualities of an orator said, "The first is action; the second is action; and the third is action again." It is so with

that most experienced managers are frequently misled into producing plays that read well, only to discover when they are staged and their characters presented by living embodiments that interesting subject matter, literary merit, and clever dialogue are in themselves powerless to result in a successful drama unless with the combined action, action and action again. The success of that very amusing and intensely interesting comedy, "The Mummy and the Humming Bird," is proof sufficient of this contention. There is something doing from the very first of the curtain to the final ending of

JULES MURRY'S COMPANY.

THE MUMMY AND THE HUMMING BIRD

a play. The underlying principle of its success must be action, whether that action be along the line of comedy or tragedy, pathos or heroism. It is from a failure to sufficiently realize and fully appreciate this fact

the play. On Friday, Nov. 18th, at the Grand, local theatre-goers will have the opportunity afforded them to witness this wonderfully successful play. Mr. M. A. Whitecan will be seen as Lord Lumley.

## A Peculiar Animal.

Australia's nearest equivalent to the hedgehog is the echidna. It varies in length from twelve to eighteen inches. Its broad, depressed body is mounted on very short, strong legs, terminating in big, powerful claws suited to digging. The small head terminates in a slender snout. Although the mouth is toothless, the palate is studded with recurved spines. The slender, extensible, glutinous tongue is well adapted for the capture of ants and other insects. Stiff, hedgehog-like spines mixed with long, coarse hairs cover the back. It is stronger in proportion to its size than any other quadruped, and its peculiar build gives it wonderful power in digging. If when pursued it is unable to flee to its home burrow it digs a retreat for the occasion, and if unable to escape entirely underground so compresses itself into its excavation that all the surface presented to its pursuer is a bunch of spines, most unpleasant to a touch.

## A Grateless Dresser.

The Rev. Robert Stephen Hawkes, the Cornish poet and antiquary, who died in 1875, wore crimson gloves and wearing boots up to the hip and was sometimes seen riding on a mule in a poncho, a blanket with holes cut in it for his head and arms. He was asked by a woman about this garment and replied that it was the robe of an "Armenian archbishop." His ordinary clerical attire consisted of a brown cassock with red buttons, girded with a sash. This costume was criticized at a rural dance meeting, and he retorted hotly: "At all events, brethren, you will allow me to remark that I do not make myself look like a waiter out of place or an unemployed undertaker and that I do scrupulously abide by the injunction of the seventeenth canon of 1603."

Moved by Mr. King, seconded by Mr. Hind, that F. Dumas' account, \$9.00, be paid for file to carry water from the river road to an outlet.—Carried.

## SNAKE RIVER VALLEY.

The largest irrigation enterprise in America is located in the rich Snake River valley of Idaho which has been reclaimed through man's handiwork alone. In this valley which is now comfortably settled, there remains 270,000 acres of land belonging to the state of Idaho which is under the Twin Falls Irrigation canals and open to settlement. This land is among the richest in America as experiments have proved. Potatoes here yield 200 to 400 bushels to the acre with an average weight of 63 pounds per bushel. Three crops of alfalfa are raised each season in the Snake River Valley. The climate is superb and of great value as a tonic for mind and body. Homeseekers' low rates to the Snake River valley are in effect via Union Pacific, the only direct route. Why not visit this district in person and fully realize its great possibilities? The regular monthly meeting of Children's Aid Society was held yesterday afternoon in Harrison Hall. The following were present:—Messrs. James Stephenson, Fraser, Drader, J. L. Bray, Goodland, Malcolmson, W. E. McKeough, H. D. Smith, Sheldon, and Pilkey and Messrs. Paterson, Gonnell, Baxter and Dr. R. V. Bray.

It was decided to hold the annual meeting in December 6, Mr. Paterson and Dr. R. V. Bray were appointed a committee to make all arrangements.

Any person having clothing for boys ranging between the ages of 8 to 11 years would confer a favor upon the society by leaving such clothing at the residence of Mrs. Sheldon, Murray Street.

## THREE TRAINMEN HURT

Rear End Collision On the Grand Trunk Near Whitby.

Two Engines Collide and Both Were Derailed and Badly Damaged—Misunderstanding of Orders Caused the Accident—Serious Wreck On North Bay Train Just Averted—Engine Axle of the Express Broke—Freights Collide.

Toronto, Nov. 15.—George Knox, conductor; F. A. Flynn, fireman, and James Powell, brakeman, all employees of the Grand Trunk Railway, and all residents of East Toronto, were brought to the Emergency Hospital in Toronto early yesterday morning, suffering from injuries received in a rear-end collision near Whitby, between one and two o'clock. Engine No. 860, light, in charge of Alf. Lemassur, was run into by No. 863, with caboose. Engineer George Cooch was in charge of the latter engine. Both engines were derailed and badly damaged. Flynn, who was on the forward engine, jumped, and dislocated his ankle. Knox dropped from the roof to the floor of the caboose and had his spine badly injured. Powell had his foot slightly twisted.

Conductor Knox attributes the collision to a misunderstanding of orders. The engines came together at a sharp curve.

Serious Wreck Just Averted.

Toronto, Nov. 15.—The passengers on the North Bay train leaving the Union Station at 1.45 o'clock on Saturday afternoon had a narrow escape from a serious accident. While the express was running at high speed, between Newmarket and Holland Landing, one of the main axles of the locomotive broke, permitting one of the large drive wheels to fall off. This obstruction stopped the train very quickly, the rude jolts alarming the passengers. Before the train came to a halt, the engine was badly broken, and a portion of the track and roadbed badly torn up. The fireman, alarmed at the bumping of the locomotive, jumped, though the engineer held fast the throttle. No person was seriously injured.

An auxiliary was brought from Alandale, and the train taken back to Newmarket. Traffic was delayed for several hours.

Freights Collide.

London, Nov. 15.—Two freight trains collided in the Grand Trunk yards here yesterday afternoon. Three cars were smashed. The caboose was splintered, but the trainmen escaped by jumping.

Falls Headlong Two Storeys.

Toronto, Nov. 15.—While wheeling a barrow full of debris past a trap hole in the second storey of one of the new buildings being erected by Clancy Bros. in the fire district, J. W. Welby, of 365 East Queen street, lost his balance.

Long, barrow and all, to the ground, two storeys below. When fellow-workmen came to his assistance Welby was in an unconscious condition. With his hands he had tried to protect himself as he fell, with the result that both wrists were broken, and his left forearm and right elbow. His skull also was fractured. The unfortunate man was taken to the Emergency Hospital and his condition is critical.

Lost His Right Hand.

Galt, Nov. 15.—John Gilchrist, a farm hand working on the farm of A. Veitch, eight miles from town, lost his right hand while operating a cutting box yesterday. He nearly died from loss of blood while being taken to Galt, but he is now in the hospital and likely to recover.

## A GREAT SUCCESS

Yesterday afternoon the Tennessee Warblers, under the direction of Pugsley Bros., arrived in this city from Woodstock. Last night they appeared at the Campbell A. M. E. church and performed to a house crowded to the doors. Their rendition of the old time plantation melodies and ballads was particularly fine, and fully appreciated by the audience and was well applauded.

After the performance refreshments were served in the basement by the ladies of the church and were well patronized by all.

To-night a new program will be put on in order that those who were unable to get in last night may attend.

## SCHOONER FOUNDERS IN GALE.

Mate of Annie Falconer Wanders Away and Dies.

Pictou, Nov. 15.—The schooner Annie Falconer, owned and sailed by Capt. Murny Ackerman of Pictou, went down in the gale on Saturday night, between the False Duck Islands and Timber Island. The Falconer was on her way from Sodus Point, N.Y., to Pictou with a load of soft coal for A. W. Hepburn, Pictou. The crew took to the boats and after hours of suffering and hardship reached shore at Emerald, on Amherst Island, 20 miles from the scene of the wreck. James Sullivan, the mate, after reaching land, wandered away, and when found by his mates, had perished from cold and exposure. His body was brought here yesterday morning for burial. The crew all belong to Pictou.

Steamer Alert Burns.

Lakefield, Nov. 15.—The steamer Alert was burned to the water's edge at the dock here yesterday afternoon. The origin of the fire is unknown. The loss is about \$4,000, partly covered by insurance.

There will be a meeting of the Liberal-Conservatives of No. 5 Ward to-night at 8 o'clock in Mrs. Ingalls' store, St. Clair street.

### CURLING CLUB

A meeting of the stock holders of the Maple City Curling rink was held at the rink last evening for the purpose of re-organization for the coming season.  
There was a good representative meeting of curlers and a Board of Directors was appointed consisting of Messrs. Robt. Gray, W. B. Sheldon, J. G. Kerr, Jas. Fleming, and William Gordon. This Board will meet later and appoint the officers for the coming year.  
The former directors met in J. G. Kerr's office yesterday afternoon, where the company's books were audited by L. E. Tilson, and proved correct and the Treasurer's statement was prepared for the evening meeting. This statement as read, showed that the company has a surplus of about \$150, after all expenses incurred last year had been paid.  
There is some talk of reserving Saturdays and Saturday evenings for skating at the rink. If the weather conditions are favorable the wants of the hockey players will also be taken into consideration.  
The officers of the company last year were—  
President—Robert Gray.  
Vice-Pres.—W. B. Sheldon.  
Sec.—Treas.—J. G. Kerr.  
A meeting of the Board will be held shortly to appoint officers for the ensuing year.  
There will be a meeting of the Liberal-Conservatives of Ward 2 to-night at 8 o'clock in John Darling's work shop, Queen St.  
Ward 4 Liberal-Conservatives will meet in Henry Robinson's office to-night at 8 o'clock.

### GOOD SAMARITAN

There is not a kinder-hearted man in Dover than Donnie Gagnier, the popular hotel-keeper, of Pain Court, but he is rather sore on this Good Samaritan business to-day. Donnie would do anything for a friend; in fact it has been said of him that he is too good-hearted for his own good—and this was clearly proven in the County Court this morning.  
It appears that a man named Donald McIntyre has been boarding at Donnie's hotel for some time. Donald is a Scotchman and, true to the prevailing reputation of his fellow-countrymen, he is somewhat shrewd in the expenditure of money. He, however, goes so far as to be offended when Donnie asked him for his board money.  
One Sunday, not long ago, Donald was very ill, according to his own statements to Donnie, and there is only one medicine that Donald can take when he is ill—the Scotchman's remedy for all complaints. Donnie knew that he should not sell liquor on Sunday, but his big heart went out in sympathy to the poor sufferer. The bottle was procured and Donald made a speedy recovery.  
So far, this was all right, because everything was coming Donald's way, but the tables changed when Donnie asked his Scotch boarder for the amount of his week's board, \$2. Donald became offended and suddenly remembering the whiskey deal decided to get back at his landlord.  
As a result, Donnie appeared before Judge Houston at the County Court this morning charged with selling liquor during prohibited hours. Donnie explained his side of the question, but Judge Houston ruled that Donnie should first have seen a doctor's certificate of illness before he offered the liquor.  
Mr. Gagnier was fined \$20 and costs, \$25 in all.

### THE ICE BOAT

Ald. Walter Piggott is already at work on his ice breaking scheme. His idea is to get the different municipalities along the river and the railroads to subscribe a certain amount of money to pay for wintering an ice cutting boat in Chatham. Then in the spring the boat will go down the river, clearing the stream by breaking the ice, thus preventing floods and avoiding damages that have heretofore been sustained.  
His present idea is to get the ice-cutting boat "Sarnia" of the Reed Wrecking Company, of Sarnia, to winter here. It appears that a year ago one of Piggott's boats got in trouble at the mouth of the river, owing to ice blocking the stream, and the "Sarnia" helped them out of the difficulty. It is a boat purposely made for breaking ice.  
Ald. Piggott has written to Capt.

### MUMMY AND THE HUMMING BIRD

The Ottawa Citizen, commenting on "The Mummy and the Humming Bird," which comes to the Grand on Friday night, Nov. 18th, says: At the Russell theatre last evening a fair sized audience witnessed the presentation of the four-act society play, "The Mummy and the Humming Bird," and it is safe to say that in Ottawa to-day there will be many more who will regret not being amongst those present, for no play of recent production received such a unanimously favorable verdict.

### OLD KNIFE

John Holmes, Chatham's popular Chief of Police, carries a jack knife which he has had for over 20 years. "I got that knife when I was in England, visiting my native home, over 20 years ago," he told The Planet this morning. "I bought it at a small store near the London bridge and it is the only thing that I brought from the Old Country and kept myself. I had intended to give it to Mr. Baxter, father of Charles Baxter, Adelaide Street, but when I returned home Mr. Baxter had died. "I have carried the knife ever since and it has been in constant use so you see it is a good knife. But that is to be expected," he added, smiling, "for everything that comes from England is the best, even to the men."

### WEAK SPELLS CURED.

Mrs. L. Dorey, Hemford, N.S., writes me as follows: "I was troubled with weakness, weak spells and fluttering of the heart. I procured a box of Milburn's Heart and Nerve Pills, and they did me so much good that I got two more boxes, and after finishing them I was completely cured. I must say that I cannot recommend them too highly."

## DO YOUR CHILDREN ASK QUESTIONS?

Of course they do. It is their way of learning and it is your duty to answer. You may need a dictionary to aid you. It won't answer every question, but there are thousands to which it will give you true, clear and definite answers, not about words only, but about things, the sun, machinery, men, places, stories and the like. Then, too, the children can find their own answers. Some of our greatest men have ascribed their power to study of the dictionary.

## THE MINTO'S FAREWELL

Last Scenes in the Visit to Toronto of Their Excellencies.

Toronto, Nov. 14.—Saturday the big feature of the farewell visit of Lord and Lady Minto was the presentation of the King's colors, amid appropriate military surroundings, to the Royal Canadian Dragoons in the Armouries. The pick of Toronto's garrison was drawn up in dress parade to witness the inspiring sight.

Presentations by the Hunt Club to Lord Minto of a smoking set, Lady Minto with diamond brooch and Lady Eileen Elliott with handsome neck-piece were next in interest. Lord and Lady Minto, with their staff, accompanied by a mounted escort of Dragoons, under Captain Elmsley, were driven to the station from the King Edward at 9.30 Saturday night. There a guard of honor from the 48th Highlanders, 109 strong, under Capt. Catto, were drawn up, together with the regimental brass bands. There were present to bid a final farewell to the Vice-Royal party a large number of distinguished citizens.

As the train began to move slowly out the band of the 48th, which had followed the party into the station, broke forth into "Auld Lang Syne," and so amid cheers and singing, the final scene in the farewell visit of the Governor-General and party was enacted.

## SHOT MAN FOR GAME.

Unfortunate Mistake of Two Hunters Near Fort Frances.

Winnipeg, Nov. 14.—A sad case of accidental shooting occurred near Fort Frances Saturday. While watching for game near the Canadian Northern gravel pit, two hunters thought they saw a wild cat in the distance. They fired their rifles and the bullets lodged in the abdomen of Joseph Beaudro, a young member of a section gang working in the vicinity. Beaudro is still alive, but is not expected to survive many hours. He came to the west last summer from St. John, where his parents and relatives reside.

## Unknown Man Killed.

Galt, Nov. 14.—An unknown man was killed on the C.P.R. between 9 and 10 o'clock yesterday morning, about seven miles west of here. A ballast train was following about 10 minutes after a freight. The engineer on the ballast train saw a body on the track. He saw the head move, but did not observe that the man was injured. The emergency brakes were at once applied, but eight cars had passed over the body before the train was stopped. The body was horribly mangled, both arms and a leg cut off and the trunk and chest to the abdomen literally cut to pieces. Coroners Vardon and Radford will hold an inquest.

## KNOW THE VALUE OF PYRAMID PILE CURE.

"Gratitude alone prompts me to testify to the efficacy of Pyramid Pile Cure. Last March I bought a dollar package at the drug store, which cured me of bleeding piles, and I was a sufferer from them for eight years; but I had not been troubled with them since, until last September, when I gave birth to a baby girl, and after that I had a very severe case of protruding piles, which a trained nurse said was the worst case she ever saw, and my doctor told me to get Pyramid Pile Cure, again, which I did and was completely cured in three days. I have not had piles of any kind since, and it is all owing to this wonderful remedy. My nurse took a box, which I was glad to be able to give her, for I know she will be able to help lots of suffering people whom I could never see or know."

"I recommend 'Pyramids' wherever I know of any one suffering as I did. It gives me great pleasure to be able to say I am entirely cured, which my doctor says is true. I say God bless Pyramid Pile Cure. From a former sufferer, Mrs. F. S. Annett, 1206 Unity St., Frankford, Philadelphia, Pa."

This remedy which is sold by druggists generally, in fifty cent and dollar packages, is in a suppository form, is applied directly to the parts affected, and performs its work quietly and painlessly. Its value is evidenced by the testimony given above, and we urge all sufferers to buy a package now and give it a trial to-night. Accept no substitutes and remember that there is no remedy "just as good." A little book on the Cause and Cure of Piles is published by the Pyramid Drug Co., Marshall, Mich., and will be sent free to any address.

Woods Hole, Mass., Nov. 14.—The two-masted schooner Eucarius, Captain Nelson, of Rockland, Maine, went ashore in the severe northeast gale shortly before last night, about three-quarters of a mile west of Tarpaun Cove, on the Island of Naushon. At sunset the seas were breaking over the craft masthead high. No trace of the crew of four has been found, and fears are entertained for their safety. The vessel is in a particularly exposed condition and the chances of her being saved are slight.

## Burglar Caught Red Handed.

St. Thomas, Nov. 14.—P. C. McLean early Saturday morning arrested Alvin Gilroy in the act of removing the grates from the cellar windows of Moylan's grocery store. On Gilroy were found a large bunch of keys and an alligator wrench, and in the alley where he was "working" was found a dark lantern. The office of R. J. McManus was broken into earlier in the night, and it was found that one of the keys in the possession of Gilroy would unlock the door. The Central Methodist Church was also entered and the silver communion service tampered with. The alligator wrench belonged to Norworthy & Co.'s foundry. Gilroy was remanded till Tuesday. He is 22 years of age.

DR. S. GOLDBERG.

The possessor of 14 diplomas and certificates, who wants no money that he does not earn. In order to convince patients that he means what he says, Dr. Goldberg will accept your case for treatment, and you need not pay a penny until a complete cure has been made. He wants to hear from patients who have been unable to get cured, as he guarantees a positive cure for all chronic, nervous, blood and skin diseases, which he accepts for treatment. He not only cures the condition itself, but likewise all the complications, such as rheumatism, bladder or kidney troubles, blood poison, physical and nervous debility, lack of vitality, stomach trouble, etc. The doctor realizes that it is something to make a man and another thing to back them up so he has made it a rule not to ask for money unless he cures you, and when you are cured, he feels sure that you will willingly pay him a small fee. All medicines for patients are prepared in his own laboratory to meet the requirements of each individual case. He will send a booklet on the subject, which contains 14 diplomas and certificates, entirely free. Address him simply Dr. S. Goldberg, 225 Woodward Ave., Room 517, Detroit, Michigan. ## Big U.S. Railway Trust.

Chicago, Nov. 14.—The Tribune says: Details are being worked out rapidly for the formation of a gigantic railroad trust, besides which all the other great trusts heretofore organized in this country will dwindle into insignificance. A dozen eastern financiers, headed by the Standard Oil interests, with their unlimited wealth, expect to control the entire railroad system in the country and prevent competition among the various roads. The plan is to divide the railroads or systems, each one of which is to own a substantial interest in the stocks and securities of every other big group or system, and all to have representation on each other's board of directors.

**Careless of Honors.**  
Pastor Knapp, the famous discoverer of the "barefoot cure," who was appointed chamberlain by the pope, cared little for the honor. He did not even take the trouble to open the letter announcing the appointment and first learned of the honor conferred upon him by the arrival of a deputation at the Woorshofen cloister to congratulate him. He declined to be addressed, however, as "monsignore." It was with difficulty that he was persuaded to leave his retreat to go to Rome to thank the pope.

## JOURNALISTIC REQUISITES.

Assistant Attorney General Don C. Smith is one of the most accommodating men in all Oklahoma. He got a letter from Gorley Hoff, of Stockton, Mo., asking what was the outlook for newspapers in Oklahoma, and that would be able to show up with the average Oklahoma newspaper. Mr. Smith laid down his law books and wrote as follows: "I would advise you to start a paper as good as the best in this territory if you desire to be successful, and to do that you will have to have the following articles, to wit: One large pair of shears, one large paste pot and one big gun."—Wichita (Kan.) I have found Nerviline good for sick headache and stomach troubles and recommend it for strength and sureness." Excellent for inward use—good to rub on. Price 25c.

## Here to the Point.

"If you're real interested," said Deacon Skinner, "I'll tell you what I want for that horse."

"Oh, I wouldn't be interested in knowin' that," replied Farmer Shoude.

"No?"

"No, but I wouldn't mind knowin' what you'd take."

## WAKEFUL CHILDREN.

For a long time the two year old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

What a homely shirt! Yes, my wife picked it out.

Why, man, haven't you any taste yourself?

Not for a quarrel with my wife.

## BETTER THAN A PLASTER.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back, or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. For sale by all druggists.

Citizen—Say, can't you give my son a job in the City Hall?

Mayor—What can he do?

Citizen—Do? Why, if he could do anything I'd employ him myself.

"The blood is the life." Science has never gone beyond that simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge.

When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. No one can be well balanced in mind and body whose blood is impure. No one can have a wholesome and pure life unless the blood is pure. Foul blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery.

When the blood is pure, body and brain are alike healthy and life becomes a daily happiness.

Free—Dr. Pierce's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamps to defray expenses of mailing and customs. Send 31 one-cent stamps for paper covers, or 50 stamps for cloth, to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

## COTTON SPINNING.

The scheme by which a Workman kept his Bobbins Clean.

The father of the famous Sir Robert Peel was a cotton spinner in a comparatively small way until he suddenly went straight ahead of all his competitors. The earliest cotton spinning machinery gave serious trouble through filaments of cotton adhering to the bobbins, thus involving frequent stoppages to clear the machinery. The wages of the operatives were affected by these delays, but it was noticed that one man in the works always drew full pay. His loom never stopped.

"The onlooker tells me your bobbins are always clean," said Mr. Peel to him one day.

"Are, they be," said the man, whose name was Dick Ferguson.

"How do you manage it, Dick?"

"Why, you see, Master Peel, it's sort o' secret! If I told you, you'd be as wise as I am."

"That's so," said Peel, smiling in response to Dick's knowing chuckle.

"I'd give you something to know. Could you make all the looms work as smoothly as yours?"

"I've one of 'em, master!"

"Well, what shall I give you for your secret, Dick?"

The man smiled and rubbed his chin.

"Well, Dick, what is it to be?"

"Come, I'll tell thee," was the reply. "Give me a quart of ale every day as I'm in the mills and I'll tell thee all about it."

"Agreed," said the master.

"Well, then," returned Dick, beckoning Mr. Peel to come closer and let him whisper in his ear, "chalk your bobbins!"

That was the entire secret. Machinery was soon invented for chalking the bobbins, and Dick Ferguson was given a pension equal to many daily quarts of beer.

**Old Time Remedies.**  
Strange as it may seem to some, the ingredients of the witches' caldron in "Macbeth," at least a part of them, were once standard remedies among Europeans. In the tenth and eleventh centuries a sovereign cure for ague was the swallowing of a small toad that had been chosen to death on St. John's eve, and a splendid remedy for rheumatism was to fasten the bands of clothing with pins that had been stuck into the flesh of either a toad or a frog. Physicians frequently recommended the water from a toad's brain for mental affections and that a live toad be rubbed over the diseased parts as a cure for the quinsy.

Then Dodd's Kidney Pills Cured His Diabetes.

Startling Case of Thos. Harrison, of St. Mary's Ferry—He Tells The Story Himself.

St. Mary's Ferry, York County, N. B., Nov. 14.—(Special).—That Dodd's Kidney Pills will cure Diabetes, one of the most deadly forms of Kidney Disease, has been satisfactorily proved by Mr. Thos. Harrison, of this place. Speaking of his cure Mr. Harrison says:

"I began to suffer with severe pains above the region of the kidneys. When I lay down it was torture to get up again. My appetite failed and I lost flesh rapidly."

"I doctored with several physicians but it was all no use. Shortly after this I began to urinate blood and then I knew I was in the grip of that dread monster, Diabetes."

## PURSUE TO BITTER END

Russia Will Not Stop Fighting Japan Until She Conquers.

Count Cassini, the Russian Ambassador at Washington, Gives Out a Most Emphatic Statement of the Czar's Government's Determination—Says Talk of End of War Is to Make People Believe Japan's War Loans Attractive.

Washington, Nov. 15.—"Russia will pursue the war in the East to the bitter end, that is until Russia has conquered." These were the opening words of an emphatic statement made at the Russian Embassy yesterday by Count Cassini, the Russian Ambassador. Several times recently the Ambassador, in the name of his Government, has categorically denied the possibility of any intervention in the war, but the recurrence of rumors that the powers contemplated mediation has caused the Ambassador to reiterate, on behalf of his Government, its position regarding intervention or mediation of any kind.

The statement continues: "I deem it my duty to reiterate what I have often said, that Russia will not suspend in any case her military operations in the Far East. All rumors and reports regarding the possible success of the direct overtures for peace which Japan is said to have made to Russia, and regarding the mediation of the powers, in my opinion, are started for the purpose of convincing the people that the end of the war is close at hand. In this way it is hoped that the public may be led to believe that Japan loans offer attractive investments."

New York, Nov. 15.—The Herald prints the following from Mukden, dated Sunday: I have just returned here from a second tour extending over 100 miles along the Russian front, from east of Bensiaputze to west of the railway.

The position is practically unchanged. Cannonading continues daily, and a battle is evidently imminent. Gen. Kuropatkin has stopped the destruction of houses, which were being used for the supply of firewood, and the farmers are now allowed to carry what is left of their harvest into Mukden.

The streets of Mukden are littered with damaged agricultural produce.

Francis McCullagh.

On a Large Scale.  
St. Petersburg, Nov. 15.—The latest indications from the front point to an early resumption of military operations on a large scale. Field Marshal Oyama has received heavy reinforcements from Newchwang, and evidently is about ready to wage the attack on Mukden. The Japanese are showing activity on their right flank as if they were contemplating a turning movement from that direction. General Kuropatkin, has fortified his positions along the Shakhe River, and as he seemingly is prepared to accept a battle, he doubtless has made dispositions to block a flanking operation. According to the opinion of military authorities here, his left flank is secure.

To Send More Men.  
London, Nov. 15.—The Daily Telegraph correspondent at St. Petersburg asserts that the Emperor has decided to send out the second divisions of infantry of the guards as soon as the troops already called out shall have been despatched to Manchuria. The guards usually are only sent to the front when there is a monarch or a grand duke in command. The despatch of these troops, the correspondent adds, show the determination of the Emperor to struggle to the bitter end.

In a Few Days.  
Mukden, Nov. 15.—Since Sunday signs of the engagement taking place within the next few days have been increasing. The Japanese are displaying great activity eastward. Fears are beginning to be expressed that the railroad will not be able to bring up sufficient supplies.

Troops Sent Home.  
Pitakoff, Poland, Nov. 15.—The army reserve men of 1887 and 1889, who were to have been mobilized, have been sent home.

Pathetic Appeal.  
St. Petersburg, Nov. 15.—M. Perloff, the millionaire merchant of Moscow, has received a pathetic letter from Madame Stoessel, wife of General Stoessel, dated Port Arthur, Oct. 24, appealing to the rich Muscovites for money to assist the helpless wounded defenders of the fortress, some of whom have lost both arms, others either an arm or a leg, some of them being blind and others suffering from wounds in the spine and who will be cripples for life. There are, she adds, very many such unfortunate.

Fight Between Patrols.  
General Kuropatkin's headquarters, by way of Mukden, Sunday, Nov. 13.—(Delayed.)—Frequent fights between the opposing patrols occurred today. The Russians with heavy howitzers and six-inch gun batteries shell the Japanese trenches and give the working parties little respite. Large numbers of Russian officers are arriving at the front to replace those who have fallen. The Russian army is realizing more fully day by day the enormous task involved in driving back the Japanese. Great hopes, however, are placed on the Russian Pacific Squadron. The troops are now better fed than at any previous period, and the roads are in good condition, enabling reinforcements to leave the trains stations higher up the line and march to Mukden, thus relieving the pressure on the railroad.

A Nurse Girl Killed.  
Montreal, Nov. 15.—A nurse girl named Pagan was run over yesterday afternoon by a heavy team and killed.

## MR. SHEPLEY TO ACT.

Minister of Justice Places Belleville Ballot Box Case in His Hands.

Ottawa, Nov. 15.—Mr. Shepley, K. C., of Toronto, was here yesterday. He had an interview in the morning with the Minister of Justice in regard to the ballot boxes found in West Hastings prior to the Dominion election, which are said to be of such a construction as to switch every second ballot by turning the handle. The Minister of Justice has placed the case in the hands of Mr. Shepley. Dominion detectives have also been working on the case for some time. It is the intention of the department to have the matter gone through thoroughly and to have the guilty persons punished.

Developments Foreseen.  
Belleville, Nov. 15.—Surprising developments are promised within the next day or two in connection with the discovery of bogus ballot boxes at the home of Phil H. Lott, a brother of the Liberal candidate in West Hastings, on the morning of election. The Conservative and successful candidate, E. Gus Porter and two members of the Dominion service have been investigating the case very quietly. The Dominion detectives, Sherwood and Chamberlain, who were sent here to investigate the story, have discovered that the boxes were manufactured in the United States. They were brought in as "beehives" were to be used to elect Byron O. Lott. The discovery of the conspiracy spread consternation in the Liberal camp, and means were adopted to offset the effect upon the electors by claiming that the story was a Tory plot. The name of Mr. Porter was given to the swindle and he is instituting criminal libel proceedings against two prominent Liberals.

## ONTARIO NOMINATIONS.

Welland, Nov. 15.—Evan Fraser of Niagara Falls South was yesterday nominated by the Conservative party as their candidate for the approaching Ontario election.

Myman Gained One.  
London, Nov. 15.—Hon. Mr. Myman's majority has been increased by one in the recount. He lost two and gained three, while his opponent, Mr. Gray, lost three and gained three.

Aylesworth Not in Politics.  
Ottawa, Nov. 15.—A. B. Aylesworth was asked after he had seen the Premier when he was going to be sworn in, and he replied that he was not in politics. There is an impression here that Mr. Aylesworth is inclined to stick to his legal business and not to enter the Cabinet. Whether he will be persuaded to do otherwise remains to be seen. There is a desire here for him to enter the Cabinet, contest a constituency, and take up politics actively.

## BRITISH REPRESENTATIVE NAMED.

Vice-Admiral Beaumont Will Sit On North Sea Inquiry.

London, Nov. 15.—A despatch from St. Petersburg says that Vice-Admiral Sir Lewis Anthony Beaumont has been appointed British representative on the North Sea inquiry commission to inquire into the sinking of British trawlers by the Russian Baltic squadron.

Reward For Evidence.

Berlin, Nov. 15.—The Russian consul at Bremen has offered in behalf of his Government a substantial reward for evidence bearing on the Dogger Bank affair.

## NOT RESPONSIBLE FOR THEFTS.

Mrs. Jessie Kirkpatrick a Victim From Mental Derangement.

Toronto, Nov. 15.—Mrs. Jessie Kirkpatrick, the Hamilton woman, who stole so much from the Eaton and Simpson stores, was brought before Judge Winchester yesterday. Upon the testimony of Jail Physician Richardson and the woman's brother, his honor allowed her to go on suspended sentence.

The evidence showed that she is mentally deranged. Her brother furnished a bond of \$500 for her good behavior in the future.

The stolen goods will be returned to the owners.

## VACCINATION.

Compulsory Law in Rio de Janeiro Leads to Fierce Rioting.

Rio de Janeiro, Nov. 15.—The opposition to the compulsory vaccination law led to fierce rioting Sunday. The troops repeatedly charged the mob, barricades were erected, water and gas mains were cut, plunging the city into darkness, and the street cars were burned. The demonstration had every characteristic of revolution. The President's palace was strongly guarded. It is reported that a dozen people were killed and that sixty were injured. An intermittent fusillade continues.

St. Thomas Fears Plague.

St. Thomas, Nov. 15.—The residence of Nathaniel Gee, at the corner of Steele street and Park avenue, on Yarmouth Heights, was Sunday placed under quarantine by the Yarmouth Heights authorities, and yesterday the school-house on Park avenue, outside the city limits, was closed. This action was the result of a message received by the local health authorities from the Sanitary authorities, to the effect that a girl named Mary Cantillon, aged 16, who visited last week at the Gee residence, had arrived from St. Thomas on Saturday night and had been found to be suffering from smallpox.

U.S. Scouts Ambushed.

Manila, Nov. 15.—The news has been received here that nine scouts of the 38th Company and one American attached to the Hospital Corps have been killed in an ambush on the east coast of Samar.

The Ward Five Liberal-Conservatives are also meeting to-night. Be on hand.

I'll wager that'll be a great meeting of the Ward Two friends of clean government to-night.

Yes, Anxious Enquirer, I expect to make you wise on my majority man some time next week.

I always felt it. That new market enterprise was bound to go through. It had The Planet's support.

Wouldn't you hate to have to champion or vote for that Stratton-Sullivan-Ross bunch of corruptionists?

It is a great class of theatrical productions we are getting these days. Well done, Manager Brisco, keep it up.

Several citizens are already anxious to get in on my majority candidate. You see they know my men are always winners.

The Hamilton Spectator man aptly puts it thusly: "Minnie M-un convention Nov. 23rd. Maximum convention Nov. 24th."

Get your ear to the ground and listen to the hum of the workers for good clean provincial government. There's something doing, all right, all right.

I'll bet that when our eloquent friend Parrott hears of that swell

Ah ha! I have it now. Aid. Pig-gott is hot after the parliamentary nomination. Note the interest he's taking in securing an ice-crusher and dredging the river.

I sympathize with the Rossites in their arduous endeavor to create a burrah among the young men. It's such a bad time to get anyone to enthuse over the corruptionists.

I see it coming. I'll just bet the cigars that the Nick Carter organ will butt in and handicap my new market building enterprise. And the organette's an awful load to carry.

"A Tilbury East" farmer tells me that that sturdy Liberal township will give a majority against the Stratton, Sullivan and Ross crowd. "We're Liberals all right," he declared, "but, thank Heaven, we're not Rossites and Strattonites."

We were all delighted with the letter we got from the Only and Original this morning. He writes from Quebec and says he can't understand how it is they're all on to him for he's already reached the stage where he makes his better half carry the baggage.
