Extract of the Proceedings of a Council holden at the Village of the Lake of the Two Mountains on the 4th September 1841, at which Mr Superd Hughes and Interpreters Duchesne and St Germain of the Indian Department were Present.

The Council being duly Convened, The Grand Chief Ka-on-de-roketch on behalf of the Principal Chiefs of the Nepissingue and Algonquin Tribes spoke as follows:

Ascertain your Real Sentiments: In the first place, Brethren, you have often represented to me, that the Hunting Grounds which you have occupied from time immemorial, are now entirely ruined and destitute of Furs and Deer; that You Can no longer procure a Livelihood from the Chase, nor Furs sufficient to Clothe your Families: that the only alternative you now have, is to abandon the Wandering Life you have been accustomed to lead, to make Choice of some Situation on your Hunting Grounds, where you may become Farmers, and by following the example of your White Brethren, to raise therewith to Support Yourselves and Families: Pray are you Still of this Opinion: if so, give me a Correct Answer on the Subject.—

Answer of the Chief Ka-on-di-no-ketch, Brother,

We the Nipissingue and Algonquins have frequently Consulted on this very Subject, and My Indian Brethren have put their Words into My Mouth to deliver to you: We have Much to Say Brother, do not disturb us, nor be impatient, when We repeat what We have Already told you, that Our Hunting Grounds, which are Vast and Extensive, and once abounded in the richest Furs and Swarmed with Deer of every Discription, are now entirely Ruined: We tell you the truths, We now Starve half the Years through

We our own Brothers, that We are partly the Cause of these ours Present Misfortunes: We were too good and Generous: We permitted Strangers to Come and Settle ours our Grounds and to Cultivate the Land: Wood Merchants to destroy our Valuable Timber, who have done us much injury, as by burning our Rich Forest, they have Annihilated ours Beaver and ours Peltries, and Driven away our Deer. — Had our Hunting Grounds belonged to the Whites they would never have Allowed this; But we had good hearts and took pity on our white Brethren, We knew that they must live as well as ourselves, They are also the Children of our Great Father: We Never thought of futurity Brother, and were Silent to these Encroachments; But now, Brother we are pitiful ourselves, and are Obliged to Crave Assistance from our Father The Governor General; We have always borne in Mind, the Promises and Commands of our Great and Good Father King George the Third, who is His Royal Proclamation, dated at St. James's the 7th day of October 1763, of which our Father Sir William Johnson Gave our Ancestors a Writing on parchment, which We Still hold: This Document tells us, that We Shall Never be disturbed on the Hunting Grounds reserved for us, (the vast Extent of which has often been represented,) that We could not Make away with them to Strangers; but that whenever or Should wish to part with them, Our Great Father for the time being, or

His meaning as We Understand it Must be,

what in Justice We have a right to Expect.—

Adverting to the Circumstance which we have represented in our said Petition, relative to the purchase of a portion of our Hunting Grounds by the Upper Canada Government, and which was Clandestinely sold to them, by the Mississagua Tribe of Indians, without our knowledge, We await the result of the inquiry which our Father has promised, (in His Answer of the 23d April 1841) to institute into our Complaints on this point. —

We beg leave Most humbly to represent to our Father, that the Hunting Grounds of the Mississagueas Extended on all the Waters taking their Sources on the South side of certain heights of Land and flowing into the St Lawrence, and the Waters from the same Height of Land which flow into the Ottawa, pass through the Hunting Grounds of the Algonquin and Nipissingue Tribes. —

The Mississaguas have never Attempted to Hunt near our Grounds, Neither have We ever encroached on their Lands, this Course was observed in Consequence of a Treaty between the Chiefs of the Mississaguas and Us, of which the Iroquois Tribe are perfectly Cognizant. — When our Father the Governor General is made

These are our real Sentiments and the truth, which we wish to make known to our Father, and at the same time we would entreat His Excellency once more to glance over our Petition, and According to His Promise to render us justice, and to relieve our distresses.—

Sir

I have the honor to inform you that the accounts of the Commissariat General against the Indians, for the half year Dept. of IA between the 1st April & 31st Dec. 1840 were transmitted to the Secretary Murdoch and laid upon the table of the late Lord Sydenham for his consideration.

These accounts cannot now be found; as it is more than probable they have been sent home among his Lordships personal papers, I shall be much obliged if Sir Randolph Col: Napier

Sir,

I have received and laid before the Governor General Your Letter of the 14th Instant, containing an Estimate of the Expense of Settling One hundred and Forty Families of the Algonquins and Nipissing Tribes on the Isle aux Allumettes.

As this Estimate Amounts to £6090 — a sum which His Excellency can neither advance from Funds at the disposal of Government nor expect the Legislature to Vote for such a purpose: = it appears to him useless to enter into any discussion respecting the proposed Settlement. —

Sir,

I beg to acknowledge the receipt of your letter of 18th April in which you apply to me for copies of the accounts of the Indian Department of Upper Canada, for the half year beginning 1st April and ending 30th September 1840.—

E. 27. 031.

Until I am able to go down to Quebec, I cannot exactly say, when it will be in my power to give you these copies, for I cannot in justice suspend the current duties, to furnish copies of accounts which have been already rendered.—

The accounts in themselves are very voluminous & three sets are made out, one for the use of the Colony and submitted to the Governor General, one for the information of the Lord of the Treasury, and the third for their examination by the Audit Board.—

Besides these accounts, a quarterly Statement of all receipts and issues of Stores, and of all payments in detail with their Vouchers, are prepared in Duplicate for the Audit Board.—

The orders establishing the greater part of these accounts are of late date, and have gone on gradually encreasing.—

It is therefore hardly reasonable, for Mr. Jarvis to call for copies of these accounts, without first explaining to the Governor General the cause of their loss, and obtaining

Surveyor Generals Office
Kingston 2nd December 1842

Sir,

I have the honour to forward for the consideration of His Excellency the Governor General in Council a sketch of the recently surveyed Indian Lands on the Grand river.

The divisions of the tract have been surveyed under the designations of Nos 1 and 2 on each side of the river with the intention of forming only two townships; I would, however, respectfully suggest that, for the future convenience of the inhabitants for township & other purposes, it be divided into four townships by making two on each side of the river.

I would respectfully beg to propose the four following Indian names for these

townships Onondago, Tuscarora, Seneca & Onieda, and believe, that if adopted in the order I have placed them on the sketch, they would designate the proving locality of the Tribes, and be acceptable to the Indians.

Owing to the circumstance of several detached grants having been made previously to the regular survey of the lands, the township line between Brantford and this tract is in so irregular and confused a state that it will require the action of the Legislature to establish a convenient and satisfactory boundary between them.

I have the honour to be,

Sir,

EXTRACT *of a Despatch from the Right Honourable* LORD JOHN RUSSELL, *Secretary of State for the Colonies, dated Downing Street,* 4th *March,* 1841.

"I propose, for the future, to lay before Parliament the Colonial Blue "Books, as well as the Governors' Annual Reports on the State of the Colonies, "under the heads into which the Blue Books are divided, accompanied by a list of "those Colonies from which these Returns and Reports shall not have been made. "You will therefore, I am well persuaded, co-operate with me in the object which "I have in view, by omitting no effort which may be necessary to prevent the "Colony under your Government from appearing in those lists.

"It is my duty to impress upon you, with the utmost earnestness, the "necessity of bestowing your most serious attention on the subject, and of doing "every thing in your power to secure a prompt and effectual obedience thereto.

"It may happen that the Secretary may, from the default of other Public "Officers, be unable to complete the Returns within the prescribed period. In "every such event, you will direct him to transmit the Book in its incomplete state, "reporting the omissions of which he has to complain; and until those omissions "are supplied, you will suspend the payment of the Salary of any Officer "to whom they may be imputable, until the duty shall have been satisfactorily "performed."

Extract from a Despatch from Lord Stanley, dated 12th July 1842.

"The Lords Commissioners of the Treasury will be furnished with a detailed Statement of the "Number of persons with their emoluments, now employed "on the Establishment of the Indian Department, and "of the duties to be executed by them.

I avail myself of this "opportunity to remark that no return is made in the "annual Blue Book of the Indian Department, an "omission which I request may be supplied in future "years."

Sir,

I have the honor to acknowledge the receipt of your letter of the 21st Inst requesting to be informed where the originals or Duplicates or Copies of fifteen contracts or Deeds for lands ceded to the Crown by the Indians of Upper Canada which had been found among the records of your Office & forwarded to me in April 1833. - were deposited, In reply I beg leave to state that my memory is very imperfect & I have no recollection of the circumstance of their being received but as I take it for granted they were so received they were of course deposited in the Indian office where I suppose they are still to be found. -

When I retired from the Indian Office I transferred all the record &c to my successor to whom I beg to refer you.

Wm Hepburn - now I believe in Kingston was, if I recollect right, clerk in the Indian Office at that time & as he had the charge of these affairs, he perhaps may have some recollection of them or where they are deposited, if they are not in the Indian Office. -

I have stated in the Schedule, at the close of the Commissioners (which I assign to, as may meet with their approbation) to offer some suggestions (according to my present humble opinion) for the better conducting the Indian youth for the future; & greatly improving their present condition, as regards their civilization, Morality & Industry -

Sir,

I have the honor to acknowledge your letter of the 20th Instant, with ~~the~~ inclosed communication dated 14th March 1843 from a Mr Kingston, to the address of Mr Dyet Secretary to the board of Commissioners on Indian Affairs — At your request I beg leave to give you all the information in my power relative to the Indians alluded to in the above mentioned papers —

Extract &
Commissr.
11th May 1843

"As regards the old Mississaugua Chief. Simon ~~Kipsaicoitt~~ Lieutenant-governor to — I know him to be a good old Loyal Subject and highly deserving of assistance from Government, viz. a monthly allowance during his life he being at present too old & feeble to support himself. ~~He has at times received a small present~~ — He has ~~occasionally~~ at the Lodge of the 2 Mountains received his presents for these several years past, ~~given~~ personally, they have been delivered to others, authorized by him to receive them — In the year 1841 he received them himself — in 1842. He did not make his appearance as well as many others, — whose ~~of the Mississaugua Tribe~~ many pretences form a part of the Indians ~~(whose [illegible] alluded to by~~ Mr Kingston's Letter ~~who resides in his environs, Township of Bedford~~ and who earnestly request, ~~if entertainable~~ to receive their presents at Kingston."

It is my humble opinion, that should the demand of these Indians be sanctioned by His Excellency the Governor General, it will not only cause much vexation & trouble but also a useless expence —

at any events this proposed alteration in the Issue of Her Majesty's annual Bounty, cannot take place for this year — as it will be absolutely necessary that — (before the Estimate of Her Majesty's Bounty for 1843 be presented to His Excellency for approval) a nominal Return of men, women & children composing each family (who wish to receive their presents at Kingston) with the different ages of the boys & girls be forwarded, without loss of time, to the Secty of Indian Affairs at Montreal — so that the Estimate may be made at this place according to the exact number of families, that may be expected to be present at the general Issue for 1843 — which is morally impossible, it being much too late in the season —

In my answers to the Queries sent down by desire of the Commissioners on Indian affairs, on a former occasion — I beg reference to, as I have therein explained the mode & manner in which the distribution of Her Majesty's annual Bounty, is made in this District under all circumstances — And which in my humble opinion ought still to be adhered to —

The distance from the present residence of these Indians — as mentioned by Mr Kingston, is not so great but will admit of their reaching the Lake of the Two Mountains with as much ease & in as short a time as they will reach Kingston —

I have with attention perused the Chief Superintendents letter, as well as the Return of Indian families mentioned on a slip of paper said to have been made out by Chief Kewey-quet-o-a Nipissingues—and I have to observe that all the Names of such as I can make out on said slip of paper & marked with a red cross are Nipissingues and Algonquins— As for the Names of those mentioned on the side of said slip Marked No 2— They may (as the Chief Superintendent observes) call themselves Ois-qua-ke-go-meigh these have never been included in our Nominal Returns— nor can their Names be made out by the Indians at the Lake— The said slip I now return, as well as a nominal return of such of the Nipissingues and Algonquins families who did not make their appearance at the General Issue 29th August 1843.— with remarks thereon.—

Remark

All such as have the red letter "K" before their Names were reported at the last Issue 19 August 1843 to be in the Township of Bedford & its environs, and it was supposed they would go to Kingston to be equipped, alledging for their reasons, that their equipjement were better & that they received more articles - such as are licked of (K) were also absent from the General Issue - Some of them may perhaps cast up at Kingston - But the majority of them, are represented to have remained at their grounds -

I beg leave to observe, that it is a General custom, with the Tribes of Indians, more particularly the Mississ. & Algonquins, to change their names, so that it is probable that some of these that are marked with a + cross - may under other names, be inserted on the Slesh of paper -

The families mentioned on the wither attached Slesh of paper - (side marked No. 2) cannot be made out There perhaps are those which the Chief Supt. Stiles as the Os-ti-quah-ga - naught Tribe - They are not included in our Nominal Returns - nor do I recollect their having participated in Her Majesty's Bounty at the Lake - under the Names mentioned on said Slesh of paper -

The Chief Kewey-quatto - has never - to my recollection received a pension. —

Sir,

The bearer on awarrow with his Family consisting of 6 persons were absent at the last issue of presents made at St. Regis, and under the regulation observed on that occasion, his presents with that of his wife were held back, The Commissariat Officer in charge held out something like a promise to those who did not then get their presents, that they would in all probability be allowed if applied for in person at Montreal, a subsequent letter however from that Gentleman told me that he was wrong in this opinion which I explained to the Indians. But in spite of that explanation the bearer insists upon going down and I hope he may be successful

"I propose, for the future, to lay before Parliament the Colonial Blue "Books, as well as the Governors' Annual Reports on the State of the Colonies, "under the heads into which the Blue Books are divided, accompanied by a list of "those Colonies from which these Returns and Reports shall not have been made. Copy of a Report of a Committee of the Executive Council dated the 10th Aug 1844. and confirmed by His Excellency the Governor General in Council on the following day, relative to the Clergy Reservation in the Mohawk tract.—

The Committee having considered the reference on the subject of Clergy Reserves in the Mohawk Tract have agreed to the following Report.

The Lands in question were set apart by the Crown for the occupation of the Mohawk Indians to be used by them as hunting grounds, or if they adopted the arts and habits of civilization to be cultivated & improved by them. The surrounding County was laid out into Townships which have been settled by white people & while the Indian Reservation has risen in value for the purposes of such settlement, it has ceased, or nearly so, to supply game for the Indian Hunter; and the improvement of the Indians in agriculture has by no means kept pace with the diminution of the resources derived from the Chase.

In consequence of these causes & from the certainty that these Lands are

would meet with a ready sale and by an investment of the proceeds afford a Revenue, the Indians surrendered their right of possession to the Crown in order that the tract to them nearly unproductive might become a source of profit and support.—

It was at that time a necessary legal consequence that for every grant of land made by the Crown there should be a quantity of land equal to one seventh of that so granted, reserved & set apart for the support of the Protestant Clergy; this legal consequence must be supposed to have been known by those who made the arrangement for the benefit of the Indians. It appears to the Committee more reasonable to infer that the intention of the parties in the disposal of these lands was that the reserve which the law made necessary should be made out of them, than to infer that the Crown was to furnish out of its domain a further quantity of lands to enable the disposition of the Indian Reserve to take place. In the one case, it is only making the lands in question supply many things necessary for them being sold & thus made profitable to the Indians. In the other it is calling on the Crown in fact

fact to increase the amount of its appropriation for the Indians by the amount of one eleventh of the tract originally set apart for their occupation.

With regard to the Crown Reserves the Committee are of opinion none ought to be made out of the tract, because it was not intended that the Crown should derive any advantage from the transaction, but they think the Reservation for the Clergy Rests on a different footing it is a quasi tax on the disposition of the property which ought to be borne by the party for whose benefit the sale takes place, not by the Crown which has no beneficial interest in the transaction. —

Saint Regis 20th Janv. 1844

Sir,

Your letter of the 12th Instant referring to the dismissal of two members of the Council at this place reached me on the morning of the 15th Inst. and on the afternoon of that day I called the Chiefs together, and sent for the two expelled Chiefs with a view of reading and explaining to them your answer and decision upon the result of the Council held here on Tuesday the 19th ultº. The minutes of which I transmitted with my letter to you of the 28th ultº.

But to my surprise and disappointment. The Chiefs present with Alexis Tekahonwasen at their head refused to admit the Chiefs Kaonniarakwen & Tarakie, until after your letter was read to them privately. assuming that I had not made a proper and impartial Report to you of the proceedings had on the 19th ultº. and that your decision would consequently be against them, during the discussion however the two ex members in company with Two other Chiefs entered the Council Room, attended by a number of your Indians friends to the expelled Chiefs.

Apprehending that some violence might arise I cautioned the young Men not to interfere in the matter to be brought before the Council, and then proceeded to read & explain your letter, pointing out to them the impossibility of your being influenced by any party or partial feeling & if they had chosen to do me the injustice of a suspicion on that head, I trusted that they would

not insult you with a similar expression, I therefore hoped that they would be guided by your Excellent advice and "pass the Sponge of Oblivion over their late proceedings" and as a mark of my satisfaction at such a termination of their late misunderstanding. I would at my own expense treat the whole Village to a feast. The ex Chiefs assented most thankfully to the proposition. But the Chiefs six in number (two agreeing with the dismissed Chiefs) asked for two days delay to consider the matter, which I readily accorded them, and on Wednesday last I met them again, unattended by the two Expelled Members, when I was insultingly told that I had not sent down one word of the evidence adduced at the Council of the 19th Ult.o but in lieu thereof had given you my own views, and that you might if you pleased continue to regard Garoniaraksen & Tsatie as Chiefs if you pleased but as for them they would never again consider them as such. Thus in an endeavor to carry out your instructions at the last Issue of Presents. not to allow the breaking of any more Chiefs. but by order of the Governor General I have unwittingly got into a bad understanding with seven of the Chiefs. (5 agreeing with me) The Chiefs conduct in this whole matter, has outraged all regard to principle & common honesty. inasmuch as one of the number who was a Sub Chief has by dismissing Kanoneiaraksen promoted himself to the rank of grand Chief in his stead. whilst two other Chiefs. one the Father and the other the grand

Father have placed their Son & grand Son in the place of Chief Tarakie. in addition to these acts I have strong reasons, almost proof that other ~~cogent~~ ulterior motives have induced this unwarranted step taken by the Chiefs. From the present position of affairs here. I apprehend that it will be difficult to re-establish confidence and harmony without your presence and authority, I was wholly unconducted and unacquainted with the extraordinary course which the Chiefs have taken which has led to the present difficulties. But I am unwillingly drawn into a very disagreeable misunderstanding with a majority of the Chiefs, and as I am quite prepared for any scrutiny that may be deemed necessary in the whole transaction I beg leave to suggest as the only means to put a stop to the widening breach amongst the Indians & myself. a visit to St. Regis as early as your convenience will allow it

At a Council held yesterday the Chiefs desired me to draw your attention to the subject of a prosecution ordered by the Government a year ago to be instituted against Luke Bowen for Intrusion on the Indian Reservation in Dundee, and the duty of carrying on the prosecution was assigned by the late Attorney General Lafontaine to A Buchannan Esqre Queens Counsel, with whom I was directed by order of the Governor General to communicate on the subject;

Since the date of Mr. Buchanan's Letter referred to I have not heard from him on that or any other subject, But during my Stay at Kingston [redacted] last fall I stated the Case to Mr Lafontaine, who expressed his Surprise & said that he would immediately write Mr Buchanan.

Mr Bowen being a Notorious bad Character and occupying a highly important and valuable Situation upon the Indian Track in Dundas in defiance of all right and Law. It is most desirable, for the public good as well as, an act of Justice towards the Indians, that Steps may be speedily taken to remove Mr Bowen from the land which he occupies to the manifest annoyance of the public and regardless of the rights of the Indians.

I am therefore desired by the Chiefs to request, that you will be pleased to Communicate further with the Government, or with the proper Law Officer of the Crown, as you may deem most advisable, in order that the matter may be disposed of. —

Sir,

I have the honor to acknowledge the receipt of your letter of the 10th Ultimo, reporting upon the Petition of Stanislaus Bastien, Isaac Bastien & Pierre Aubin, Loretto Indians.

The Governor General is glad to learn that the Indians who were disposed to dispute the authority of the Chiefs of their Tribe have upon reflection expressed their readiness to submit to it, as His Excellency could not permit continued resistance to the Orders of the Councils. —

You will therefore be pleased to uphold the authority of the Chiefs, and you have permission to suspend the issue of Presents to those who persevere in resisting it a penalty, however, to which His Excellency hopes none of the Indians will subject themselves. —

I have the honor to be,
Sir,

Quebec 29th. July 1844

My dear Sir,

I have this morning received your letter of the 27th instant requesting all the information respecting the Natives of the Kings Posts which my long residence among them enables me to give you.

The tribes of Indians called Montagnards are the original owners of the lands on the North of the St. Lawrence below Quebec known as the Kings Posts - they are still the rightful owners of those lands for they have not lost them by conquest nor dispossessed of them by sale either to the French or British Government. Unless this assertion can be proved incontestably by documentary evidence or any other evidence carrying conviction with it I cannot for a moment conceive how any doubts should arise as to the Justice and humanity of leaving to those poor harmless beings enough of their birth right to preserve their race from total annihilation in the general scramble to dispossess them of their hunting grounds for the benefit of their political adversaries.

The Indians of the Kings Posts are strict Roman Catholics. They are more civilized and better conducted in a moral point of view than their immediate neighbours the Canadians who are now plundering them of their lands with the sanction of the government. It is clear that if those Indians

paper about the bigness of my hand, he said it but I dont recollect what it states however my fathers name was not to it. I then ignorantly thought since my father had already agreed with him about this lot of land, although I did not see my fathers name to it, still I did sign it my name to it. Please him, mr Dougall then requested me to bid these lots, — but lot no. 13 — that he will pay for it himself, as he wanted it, he told me if any person bid against me to go as high as $14 per acre — if it goes above that he did not want it. Just little before the sale commenced mr Dougall asked me if I had the money to pay down the deposit money, He said that I will have to pay $20 Down when the lot is knocked down to me, I told I had no money — mr Dougall then said that he would give me some money, the people were then collecting and gathering in the Court house to attend the Sale. He handed me fifty dollar bill, — the sale commenced some other lots sold first — no. 13 was offered I bid at the upset price $8 per acre, — mr Elliotte the Lawyer rose and said to the people that mr Clarke has a grant on these lots from the Indian Chiefs and him knowing to it. and a witness to it, he said something else which I dont recollect several people spoke right out and told mr Elliotte that Clarke son is present and gave the first Bid. mr Elliotte then immediately declined of bidding any more, not one bid given by the people so that no 13 was knocked off at my bid at $8 per acre, so then I produced this $50 note to the agent who took his Deposit money for the lot no. 13 — then the next lot no. 14 was offered I also bid it off without any opposition at all I was obliged to pay the deposit money on lot no. 14

Sir

In compliance with your request of the 14th Instant. to be afforded an explanation of the cause of the non transmission to your office of the Account and vouchers of the Saint Regis Agency for the year 1841.— I Beg to state that the same reason which retarded the making out and forwarding my Returns for the previous year presented itself with reference to 1841 (that is to say) the non obtaining by the Chiefs proper vouchers from persons in Dundee from whom they purchased Cattle on Account of rent and in other case No receipts or vouchers were taken at all: The Chief Alexis has been the leading cause of introducing those irregularities of which I complained to you at the Council held at this place on the 7th February last That is in dispensing with my presence in purchasing Cattle from the Indian tenants a practice which had never obtained previous to his appointment as Chief

My Account for 1840 has been ready with the exception of those vouchers // in number Eight Months ago. —

The persons from whom the vouchers in Question must be obtained reside Chiefly on the rear of Dundee a place very difficult of access at this season of the year but quite passable in Winter. If therefore a further delay untill about Christmas would not materially inconvenience you. I will endeavour then to furnish you the Returns for both 1841 and 1842.—

I received yesterday, under cover from your Office, a letter dated at Sault St. Louis the 20th November, from Mr. Interpreter E. S. In reference to which, I have the honor to report for your information, that on Saturday the 26th October last past, I was sent for to my lodgings at Mr. Taylor's to quell a serious affray, that was going on in the heart of the Village.

At the Instant we arrived at the spot, the Woman mentioned in Mr. Delorimier's letter caught hold of a young Indian named Aronciates while engaged in cutting a block of wood for a foundation to the building, she struck him several blows, to which he offered no resistance other than to ward them off. I cannot find any proof of payment of £20. by M Dougall to Clark. There is a receipt for £12-10-0 but this I conceive rather a private transaction than one to be recognized by the Ind: Dept:

If the sale of lot 13 is thus cancelled the land becomes the property of the Tribe not of Thomas Clarke further than possession, if said hereafter the improvements are belong to the occupants who have a claim to their appraised value.

I believe there are some existing difficulties between the members of the Clark family which the V.S.T. could perhaps settle.

EXTRACT *of a Despatch from the Right Honourable* **LORD JOHN RUSSELL**, *Secretary of State for the Colonies, dated Downing Street,* 4th *March,* 1841.

"I propose for the future, to lay before Parliament the Colonial Blue "Books, as well as the Governors' Annual Reports on the State of the Colonies, "under the heads into which the Blue Books are divided, accompanied by a list of "those Colonies from which these Returns and Reports shall not have been made. "You will, therefore, I am well persuaded, co-operate with me in the object which "I have in view, by omitting no effort which may be necessary to prevent the Colony "under your Government from appearing in those lists.

"It is my duty to impress upon you, with the utmost earnestness, the "necessity of bestowing your most serious attention on the subject, and of doing "every thing in your power to secure a prompt and effectual obedience thereto.

"It may happen that the Secretary may, from the default of other Public "Officers, be unable to complete the Returns within the prescribed period. In "every such event, you will direct him to transmit the Book in its incomplete state, "reporting the omissions of which he has to complain; and until these omissions "are supplied, you will suspend the payment of the Salary of any Officer "to whom they may be imputable, until the duty shall have been satisfactorily "performed."

Report of Mr Gardiner C. C. dated 4th Sept., 1843 – with answers & remarks to do the same –

Mr Gardiner in his Report to Asst Com.r General says —

25 Sir,

1 "I have the honor to report that on the Issue of presents to the Abenequoy
" Tribe of Indians at St Francois on the 5th Instant, very few of the Chiefs & Warriors
" mentioned, in the approved Requisition, furnished to this Department,
" were there to receive their presents, neither were all the women and children
" for the coming – this I attribute to the fact, of no notice having been given,
" as to the time, when the presents would be distributed"

Answer. I am sorry to say that Mr Gardiner is greatly mistaken. The greatest Majority of the Chiefs & warriors were present – Many Families, were through distress obliged to be occupied, in fishing, hunting, making baskets &c to procure a livelihood – These were at no great distance from the Village & it has been invariably the custom in similar cases to leave the presents of absentees (who are daily expected to return) ~~allotted to them~~, in charge of some of their relations, or other members of the Tribe, appointed to receive them it was adhered to – Very few of the women & children were absent from the village, the majority of the ~~Tribe resident to present~~ young & children very seldom themselves at the Issue, & when they do, the number of canoes they use, the members of each family is well known to the Officer of the Dept – The presents of a whole family are generally given of delivered to the female Head of the family, and by her divided among her children as she may deem most advisable – Such of the Tribe as were in the Village, were timely advised of the day that the Issue would take place, but the notice came too late, to be forwarded to those that were absent. –

2nd

2 – " The Indians have always been in the habit of going to their Hunting
" grounds, at the proper season, without any reference to the time, at which
" the presents would be distributed, as on their return, their portion of
" the Queens Bounty, would be handed over to them, by their Relatives
" in whose charge they were left by the Indian Superintendent "

Mr Gardiner is here again in great error –

Answ.r Very few of the Abenequoys Tribe, remain on the chase for a lengthened period Four or Five at the most are in the habit of passing ~~a great part of the~~ winter in Hunting parties – These start from their village in Oct.r & Nov.r & remain in the woods until June, & ~~that again in the Spring~~ In March they depart again to make a Spring

Spring Hunt & universally present themselves at their Village in the beginning of June, where they generally remain until the commencement of Fall, and take part in all Issues, so that the Supt has not the trouble to trouble over them as present in charge to their relatives, These Hunters never take their wives & families with them, they remain to cultivate their gardens & corn fields in the Spring. These mentioned Hunters are the richest & most independent of the Tribe. Many other families never leave the Village & cultivate the land. Such of the Abenaquies Tribe as are generally absent from the Issues, are the poorest & most indigent, these do not cultivate the land they meander about from place to place, their chief occupation is fishing making baskets, snow shoes &c which they sell for provissions, some of them engage themselves to farmers to work, these are frequently absent from the Issues, it being impossible, in the manner that the Issues are now conducted, to inform them when such are to take place. Of course Since Her Majesty is pleased to allow a certain annual Bounty to these poor Indians, It is but natural to suppose, that such as through distress, have not the means to expend the general Issue, should have permission to expend some of their relations or friends, who have the means of remaining at the village, to take charge of their presents until their return as they can make their appearance. and in my humble Opinion, it is the duty of the Supt or any Officer of the Department with the approbation of His Excellency The Govr Genl to see that Justice is rendered to such absentees, and that they be not regularly deprived of their portion of Her Majesty's Bounty, which is the only thing they can expect or procure to cover their nakedness.

3 " Should any the Issue on the 5th though I did not approve of this system, " it being so open to fraud. I allowed the relations of some of the absent " Indians, to take charge of their presents, on some of the Chiefs certifying " to me that they were lawfully relations of those absent, and would " deliver their presents on their return. Though I considered this " mode of Issue irregular, I did not consider it justifiable to adopt a new " system on a moments notice. I am certain it would have created great " excitement, & that the consequences might have been serious &c &c. X

Answer — I beg leave to observe, in answer to this representation, that at the beginning of the Issue mentioned, Mr Gamelin & myself disagreed as to the mode he wished to adopt in conducting the Issue, I immediately told Mr Gamelin, that since we could not agree, and that he was appointed to be the Issuer, He Could better take my seat and

and go on with the distribution, and Counted over to them, the Numerical & pecuniary List of Indians, with the schedule to guide them — This I did in the presence of the Secty of Indian Affairs & Mr Gentleman for reasons best known to himself refused to act — so that I was obliged to take my seat & go on as usual —
In 1843 & 1844 I have been the Issuer, the certifier, & Inspector of the Issues — you on further & say
Mr Gentleman says that in consequence of the slowness of my Rev. Indian to say that parents were not forced to receive Presents engagements, found out that several Individuals, who were not entitled to receive presents, did not receive them — according to, I presume that were engaged by the H Bay Coy to winter on the Rivers just — Mr Gentleman found this great secret out from myself & Clerks alone by me, that any Indian who was absent from one Issue to the other did not receive presents —

Mr Gentleman may be displeased to disapprove, of the manner in which the Issues have been conducted — But fortunately, for the Officers of the Department, He is not the only Officer of the Commissariat Department, that have been present at these Issues, Mess^rs Coxe[illegible]thy, Wilson, Bailey and many others, have inspected the Issues in question, and so much did they approve of the manner in which they were conducted, that some years ago — it was thought unnecessary, that any Officer should for the future be present, and a general Order, was issued to that effect, which remained in force for a year or two, when an Officer of the Commissariat was again appointed to be present at the Issues — But no change whatever took place in the distribution of Her Majesty's Bounty all went on as formerly —

Mr Gentleman is strictly correct in his conjectures, when he says that he feared, that the allowed manner in which he proposed to, make the Issues would cause great excitement — At St Regis the Indians were much displeased, that there was not the least appearance of the consequences becoming serious, What gave great displeasure to the Indians, was, that Mr Gentleman, in a manner insisted, on the Women & Children being present at the Issue, to receive each their present — Many of the Indians, said plainly that they would not leave their families there in Village to please him, that one Individual of the family was sufficient to receive the presents for the whole, That their Officer had a correct list & knew the numbers of each family — That their presents were

were a voluntary gift from their Great Mother the Queen, and as such they expected to receive them — Some of the Indians at the latter end of the Issue, took special Care then severely, when they perceived that they were deprived of the torn canvas & ropes that covered the Bale of Blankets &c — (which they had always been in the habit of receiving) They did say, that they could not believe, that their Mother, who was so generous, as to clothe them, their wives & Children, could have given orders, that they should now be deprived of the old Bale Cloth & ropes —

As regards Mr Gamelin's opinion, & advice as to the manner in which the Issues should hereafter be conducted, I beg leave to refer to better Judgement & opinion of His Excellency the Governor General —

Sir,

I have the honor to transmit herewith for the information of His Excellency The Governor General and the guidance of the person who may be appointed to issue the Issents of Her Majesty's annual Bounty for 1845 to the Indians stationed at the Lake of the Two Mountains — The inclosed documents No-1-2, 3, & 4 are nominal and numerical Returns of the Indians of the Lake of the Two Mountains — taken and certified to be correct by the Missionary at that Station — No 4 is a return of the Orphans of Indian parents kept in charge of the Montre, d'Eau Eccl.s — Agent J. G. M'Donnell Esqr, with the approbation of His Excellency The Governor General — for families of the Nipissingues & Algonquin Tribes whom those distresses were unable to be present at the General Issue that took place on 12th Sept. 1845 — The said autumn expeditions, the manner in which said articles have since that period been disposed of —

I have here to observe, that in my opinion the Nominal Returns of the Nipis. & Algonquins, are not so correct as they ought to be owing to those Tribes changing

Quebec 18th September 1845

Sir

This evening a deputation of the Micmac and Meleate Indians intend to proceed to Montreal to pray for an answer to their Memorial respecting their presents which they some time since addressed to His Exy the Governor General — having been informed at the time that an answer would be transmitted them through Lt. Napier of the Indian Department they applied to him to know its purport, but having received from him no answer whatsoever they have — determined to solicit personally a decision from the Government. They are desirous of more fully explaining their Case. They feel ill used in consequence of the curtailment of their usual supplies, whether they are so, I am not aware, but certainly a plain exposition of their position would be more satisfactory to them, than their impression that they are unjustly dealt with by the Agent, though they have full & entire confidence in the Government

St Ambroise de la jeune Lorette 12 Septembre 1845

Monsieur

J'ai l'honneur de vous informer qu'en conséquence de l'allocation que le Gouvernement provincial à bien voulu accorder pour le soutien d'une école de filles dans le village de la jeune Lorette, j'ai établi avec le concours des chefs la dite École qui est en opération depuis le premier de Mai dernier. Cette école qui est sous les soins d'une Demoiselle bien instruite appellé Angelle Laberge, est fréquentée régulièrement par neuf petits Garçons et Vingt-deux filles qui apprennent à lire, à écrire, à compter et à faire des ouvrages de broderie et de couture et à qui plus tard on enseignera les règles de la grammaire. Jusqu'à présent j'ai tout à me louer des progrès des enfants et de l'application de leur maîtresse.

Je vous prie de vouloir bien recourir à son excellence le Gouverneur Général pour qu'elle veuille bien m'autoriser à recevoir la dite allocation qui sera d'autant mieux reçue que j'ai été obligé de faire des avances considérables pour l'établissement de l'école.

J'ai lieu de espérer que le Gouvernement voudra bien continuer à mon village à l'avenir la faveur qui lui a été accordé cette année, et je me flatte que son Excellence voudra bien recommander ce sujet à la législature à la prochaine session —

J'ai l'honneur d'être
Monsieur
Votre très humble

Traduction de la lettre ci autre part.

11 Septembre — Nous vous récrivons aujourd'hui, parceque nous comprenons combien votre entremise nous est utile; c'est pourquoi nous vous remercions et saluons, vous Chefs du Sault S. Louis, et demandons à vous faire connaître les peines et troubles que nous causent ceux du parti en question. Ils en sont rendus à employer le Mensonge. Nous avons fait toutes sortes de recherches pour découvrir si vraiment Tekaonwashen avait donné une vache à un Sauvage Américain, et nous avons été convaincus que c'était une fausse imputation. On n'a donc pas craint de Mentir au gouvernement.

Maintenant le Douanier qui est ici se mêle aussi lui de nous troubler, c'est chez lui et avec lui que les chefs du petit parti tiennent leurs Conseils; or les affaires sauvages ne le regardent pas; nous n'avons d'affaire qu'avec les officiers du département sauvage. Le Col. Napier nous a exhortés à la paix, ce qui est très bien, par ce qu'il a le droit de nous contrôler, ainsi que Mr de Lorimier, le seul interprète qui a toujours bien interprété, depuis qu'il est dans le département, ce qui est un bonheur pour nous, que nous ayions pour nous conduire des hommes qui méritent Confiance.

Ce sont donc ces hommes là, que le gouvernement doit écouter, et non pas, ceux qu'il a destitués de leurs places. Ne nous trompons pas, écoutons notre Père, afin qu'il nous écoute aussi lui, comme il est arrivé par le passé; lorsque nous lui dirons quelque chose, que ce soit la vérité, parce que ce serait bien mal d'aller lui dire des fausseté; Nous espérons que nous n'aurons pas cela à nous reprocher.

Les Chefs Américains ont été bien surpris de ce don d'une vache fait par un chef à l'un d'eux. Ce sont eux qui vont parler maintenant.

Freres, Nous avons été bien surpris d'entendre qu'une Vache avait été donnée à un de nous; nous avons été aux preuves, et nous avons trouvé que c'était faux. Celui qui a dit cela a donc dit un mensonge, il n'est donc pas un Gentilhomme (un Monsieur) C'est là une de ces choses qui ne peuvent être cachées, par ce qu'une vache est une chose trop visible, et on sait de suite d'où elle vient et à qui elle appartient. Nous sommes ici partagés en deux; Américains et royalistes; nous n'avons pas la Coutume de nous rien donner les uns aux autres.

Nous vous saluons donc, vous Chefs du Sault, qui êtes nos frères: et Nous vous exhortons à prendre la défense des vrais chefs de notre village, par ce que l'on connait à présent quels sont ceux qui causent le trouble dans St Régis. Nous espérons qu'avec votre aide ils auront le dessus — Tout cependant dépend du Grand Maître de la Vie; toujours nous serons bien contents, si la paix et la tranquilité peuvent revenir.

Signé { Chefs américains, Tahoronhiote, Tekahoxentakaton, Tekoxatkaron.
Chefs royalistes, Teiotharakenta, Karenhotie, Tatarichontie.

Memorandum

We the undersigned, British Indian Chiefs of the Tribe of St Regis have been deputed by our Tribe to wait on Our Father the Governor General and represent that in obedience to his Commands as Communicated to us through Colonel Napier on Thursday last that we should bury the Hatchet and Make peace with our Brother Chiefs. we did extend the hand of friendship in open Council to them in token of our desire to do so, but which they scornfully rejected and said that we were mean and Cowardly to Sue for peace, now that we were prostrated, That we did so for fear of being deprived of our presents.

After Colonel Napier communicated to the Council through his Interpreter, Mr. Macdonnell that our Father the Governor had ordered that Alexis was no longer to be considered a Chief. The Interpreter added that notwithstanding this order, he might still according to Indian Custom be a Chief in their view if they wished, if thus setting at naught as we Consider the word of our Father. The consequence was that on the following day (yesterday) Alexis with his party proceeded to Cornwall to put Mr. Colquhoun their new Agent in possession of their Land Books and Papers, without giving any intimation to us and your other Chiefs.

As tho we have no doubt that Col. Napier have spoken in our language or to our understanding their would have been a different result, But as it is things are worse than they were before he went up, and will no doubt end in blood if Alexis be allowed to go on we therefore most earnestly intreat our Father to communicate his decission with reference to Alexis whither he is to be considered a Chief or not, in order that another may be appointed in his stead and thereby settle the unfortunate dissensions which he has created. As we have not the good fortune to see our Father the Governor we have put our words on paper through one who understands our language and hope our Father will listen to it as if we were speaking face to face, We can hardly expect that Col. Napier will be sent up expressly to make this announcement, But if our Father would authorise Lieut Colonel John McGibbon of Dundee to call a Council of the whole Tribe & make it known that Alexis is no longer a Chief & that the band may proceed to the nomination of another in his stead, peace and good feeling will soon be reestablished.

Rapport

de ce qui s'est passé à St Régis le 28e dernier ~~Août~~

Commandé pour aller avec le Colonel Napier distribuer les présents annuelles aux Sauvages de St Régis, je partis avec le Colonel le 27 août et nous, nous rendîmes à Cornwall le même soir, Nous y trouvames, pour nous traverser à St Régis, deux Canots en apposition, un envoyé par les Chefs et l'autre amené par les partisans de Mr Chesley, prétendant tous deux à la préférence de nous conduire au Village, Mr Mr Finden, Officier de douane à St Régis, nous offrit de nous traverser dans le Canot des partisans de Mr Chesley, Mais pour ne pas faire de jalousie, nous remerciames les deux parties, qui s'en retournerent au Village, Seulement, Mr Marcoux du Commissariat, s'embarqua avec Mr Finden, Nous Couchames à Cornwall, et le lendemain matin, un Canot du Village vint nous y prendre, et nous embarquames pour aller faire la distribution des équippemens

On avait dit à Cornwall au Col. Napier que les partisans de Mr Chesley, se tenaient bien mal conduits à St Régis et qu'ils avaient déchiré un beau pavillon neuf, qui avait été donné aux Chefs par le Gouvernement que les meme amis de Mr Chesley s'étaient rendu maitre du Bateau ou étaient les équippement et cela malgré les Chefs et avaient deposé les equippements dans une maison particulière appartenant à Tsaratie (dont le neveu J. B. Soronkwas) on avait déchiré le pavillon) afin sans doute de pouvoir en controler la distribution Rendu à St Régis le Col. Napier, pour éviter le trouble, m'ordonna de faire transporter les équippemens dans la maison des Chefs, ou on avait Coutume de les distribuer, et en meme tems de réunire les deux partis, pour tenter un accomodement entre eux, ce que j'executai, Le Conseil s'assemble présent Mr Marcoux Missionaire du lieu et le nouvel agent Mr Colquhoun, le Colonel Napier leur dit par ordre du Gouverneur Général qu'Akwesasne — Tsiakondoshen ne devait plus être Considéré comme Chef de la tribus, qu'il avait été

destitué

distitué en cette qualité par le gouvernement.

Comme il se faisait beaucoup de bruit, je crus comme il était déjà arrivé par le passé, qu'il n'y avait que le Gouvernement qui ne devait plus regarder le dit Tehanonwasin comme Chef, mais que pour eux Sauvages, ils étaient libres de le considérer comme tel dans leur village.

Je proteste ici que je n'eus pas la moindre intention de contrevenir aux ordres du Gouvernement, persuadé comme je ~~étais~~ que le dit Gouvernement n'emprésserait de ~~le rétablir dans~~ rendre justice au deux partis ~~sa place de~~ Chef, aussitôt qu'il connaîtrait l'injustice qu'on lui a faite, le Missionaire de lui, celui de Saint Louis tous le village de St Régis et les Chefs de Saint pensent dire que c'est à tort Tehanonwasken est le meilleur Chef de son village, que sa bonne Conduite lui a acquis l'influence qu'il avait dans le Conseil et que ce n'est que parce qu'il n'a pas voulu approuver les procédures de Mr. Chesley que celui ci par le moyen de fausses imputations l'a fait destituer.

Le Colonel Napier fit tous son possible pour reconcilier les Chefs et les amener à faire la paix en se demandant excuse les uns et les autres, et se donnant la main, en promettant d'oublier le passé et de vivre en bonne intelligence à l'avenir.

Si l'on veut que la paix soit rétablie à St Régis il faut que Mr. Chesley, Mr. Holden, ami de Mr. Chesley ne se mêlent en rien de la politique du village, autrement les troubles recommenceront comme ci devant.

Le Col. Napier finit par leur dire que le Gouvernement punirait le premier qui oserait troubler la paix qu'ils venaient de conclure et que les Sauvages amérieains pouvaient rester de ce côté de la ligne tant qu'ils se conduiraient bien et qu'ils ne se mêleraient pas de politique ~~du Gouvernement~~ du village.

Les équipements furent distribués à la satisfaction de tous le monde et nous retournames à Montréal après Contens de notre Voyage.

D'après les lois Sauvages les Chefs de Conseil, pour la régie des villages, sont électif, et choisis chacun par sa bande respective qui seul a le droit de le destituer s'il se conduit mal. Il en est ainsi à St Régis, au Sault St Louis, et au Lac des deux Montagne.

POOR COPIE

J'ignore les usages de Lorette et des Abénaquis de St Francois. On a eu par le passé des Chefs reconnus comme tels par le Gouvernement et aux quels tous les gens qui n'en étaient pas contents avaient donnée des successeurs dans le Conseil, et le Lieut. Col. Hay, surintendant des — Sauvages avant Mr. Hughes expliquait aux Chefs du Sault St Louis dans un grand Conseil (au sujet du Grand Chef Ignace Tekaronaien) au quel j'étais présent, qu'eux les Sauvages étaient libres de se choisir dans leurs villages des Chefs qu'ils avaient choisis, ou s'ils n'en étaient pas contens de mettre d'autres à leur place, mais que le Gouvernement étant aussi libre de Considérer comme Chef celui qu'ils auraient destitué, ou de ne pas admettre comme tel un Chef qu'ils voudraient garder. Il y avait à ce Conseil des Sauvages de St Regis, et c'est d'après cette impression que je me suis expliqué avec les Sauvages de St Regis, sans croire manquer à mon Gouvernement,

Je désire qu'on me rende justice, mais quelque chose qui arrive je ne serai pas disposé à garder ma place au dépens de la Vérité qui m'a toujours guidé jusqu'à présent.

A person from the Land Commissioners Office called about a Lot in Rawdon. It seems that in your Schedule referred by the Governor General to that

We have received Duncan's letters and perceive that no answer has as yet been given to your note to Mr. Price. As it was addressed simply Wm. Price Esquire it would not be opened by his clerks in his absence, so no answer can be expected until he returns. — We had a heavy fall of snow this morning; it is now clearing off and the streets are filled with water.

Your affectionate Bro.

Colonel Napier's Report on petition of Michael Nicholas and John Nicholas Indians of the Amalicite Tribe praying that Titles might be granted to them for Lots No.s 5 & 6 in the 11th Range of Rawdon.

A claim preferred by an Indian called Mitchell to some land in Rawdon has already been partially enquired into under the proclamation in favor of Squatters - with reference to the S.E. ½ of 7 in 11 Range also claimed by Brien Cairnie in virtue of a location ticket from Mr Griffiths dated 8th January 1835 but which does not appear to have been subsequently confirmed in this Office. Cairnie however states that he entered upon the lot and made improvements but was disturbed by

The Petition of Michel Nicolas an Indian Warrior of the Amalecite Tribe of Indians of Canada East

Humbly Sheweth

That Petitioner unlike the great Majority of the Members of his Tribe has from early Youth abandoned the a wandering course of life, as a Hunter and Trapper, and has applied himself steadily to the Cultivation of Land for a livelihood.—

That it is now nearly Twenty One Years since Your Petitioner with the above mentioned Object in view, penetrated an almost impenetrable Forest, and Commenced with little more than an Axe a Blanket and a scanty supply of Provisions Undertook to clear the Land on which he resides at present Settled, in the Township of Rawdon in this Province which was at the time an almost impenetrable Forest, and many Miles distant from the Residence of any White Man.

That about ten Years ago Petr. applied to One of Your Lordships' predecessors in the Govt. to obtain a Title Deed for the Ungranted Lot of Crown Land which he had rendered valuable by the sweat of his brow; when he received an assurance that he would be secured to him and that he had nothing to fear and that he might proceed with his improvements with perfect safety. Petitioner

That in Year 1840 Petitioner becoming alarmed by the rapid advance of White Settlers into the Forest in his Neighbourhood applied to the late Lord Sydenham for protection the necessary title to his Lot under the promise before mentioned; but nothing was done for his protection on that occasion although he was led to understand that his Petition had been referred to the Crown Lands Dept of Upper Canada under the existing Laws for the disposal of Public Lands

That Petr. seeing no hope of obtaining Relief in this Province humbly trusts Your Lordship to bring his Case to the favorable Consr. of the Queen in the Colonial and Privy Council Office and hopes he will expound Claim to such a Grant from the Crown for the Lot aforementioned being No 4 in the 11th Range of the Township of Rawdon in the District of Montreal

The Indian Reservation in the County of Glengarry Situate between the Townships of Charlottenbugh and Kenyon on the East, and Cornwall & Roxborough on the West, having the River St Lawrence for its South and the Township of Plantaginet for its North boundary, was set apart by authority previous to the Survey or Settlement of any of the adjoining Townships and posts or bounds were erected on the North Bank of the River St Lawrence shewing the width of said Reservation which is about 1 7/8 Miles, and extending back about 25 Miles to Plantaginet the East and west Sides being represented by two parallel lines extending from front to rear— This tract was surveyed in 1809 at the request and expense of the Indians by D.P.S. Jeremia McCarthy, and divided off into 21 Concepion, besides two Broken fronts on the Rivers aux Raisin and one on the St Lawrence, together with the gore called the Forks, and each Concepion subdivided into 10 Lots of 100 acres each, except the 1st & 2nd Concepion which being front measure but 17 lots each, making an aggregate area of about 35000 Acres—— John Urquhart Settled on lots Number 102 in the 6th Concepion of the said Indian Reservation adjoining the western boundary of Charlottenbugh, upwards of 40 years ago under a lease from the St Regis Indians, to whom he pays an annual rent, A person named Donald Mc Martin, pretends to holds by Patent lot No 26, in Charlottenbugh lying opposit to the premises of Mr Urquhart, which Patent describes the western boundary of said lot No 26 to be the Eastern Boundary of the said Indian Reservation, Notwithstanding which Mr MacMartins claims to cross the Boundary line and as much of Mr Urquharts land as will form the full quantity of acres mentioned in his Patent altho it read more or less, An action of ejectment has been instituted by Mr Martin against Urquhart

and to be tried at the next October Assize in Cornwall, Mr Urquhart's House and Barn is upon that portion of his lot which is claimed by his neighbour Mr Martin.

A plan of the Survey by Mr McCarthy alluded to in the beginning of this Memorandum was submitted to the Government and to the Surveyor General of the late Province of Upper Canada in 1811, and was fully approved of as shewing the true and correct Boundaries of the Indian Reservation, as still appears by Certificates attached to said Plan now in the possession of the Chiefs at St Regis

Charlottenburg 28 Feb. 1846

Sir

According to your instructions dated 19th inst. I called upon Messrs. McDonald and McLean both Magistrates for this District, who willingly accompanied me to the Village of St Regis yesterday.

We assembled a few of the principle Indians, a part of whom were American Chiefs.

The cause of the late disturbance we found to arise out of a difference existing between two parties of the Indians respecting the storing of the grain collected as rent off the reservation on the upper Canada side; each party wishing possession before distribution.

A small party (belonging to the majority of the whole) having possession of 2 sleighs loads of grain when leaving the Canada side, were unexpectedly met on the ice about a quarter of a mile from St Regis by a strong party of the Minority in sleighs armed with clubs and other weapons with the intention of possessing themselves of the 2 loads of grain, and storing it in the place in their possession.

The party who were in possession of the Grain on leaving the Canada shore were but few in numbers and quite unprepared for the attack which was made upon them.

A Battle ensued, several blows were given with sticks and axes and the two sleighs were forcibly taken from them with about Bushels

of Wheat,

no materiale injury, however was done to either party.

The question was put by Messrs. McDonald & McLean who were the aggressors and were decidedly assured that it was the party of the Minority.

They also to state, that some of the Chiefs from the Village of Two Mountains and Caughnawagas, came up to make enquiries, and endeavour to reconcile the two parties, the information they received was similar to what was given us, but their endeavours to effect a reconciliation was unsuccessful, and as they (the Chiefs from Lake two mountains & Caughnawaga) are personally acquainted with most of the parties engaged in the row, I beg to refer you to them for further information on the subject.

Sir

It may be presumptuous in me, this not the first time, to volunteer an Opinion in regard to Matters in the Village of St Regis — His Land has only been Patented within these few Years, I believe, as you may recollect — whatever the Cause or by whom — known it matters not now — the Consideration is the same, and so long as partial Complaints are listened to at Head Quarters against Missionary, or against One another, the Land will Continue: Let there be also no listeners in Montreal — let the Dept: listen to no Complaints except through the Majority of the Chiefs in Council, the Lands will cease, and those Complainants will keep at home — else where the Use of Chiefs, else where their Authority. — An impartial Magistrate or two in Lyonsdale, Residenters in the Village, of whom the Missionary might be one to Act ~~to Act~~ on any Emergency — there are none in the Village fit for it except the Missionary. —

The Finder of the Custom House is there, he is Considered a party Man — both parties or rather one party would not be Satisfied at his Appointment. —

The Village is too Remote from Montreal to Convey Criminals or Witnesses to for for trivial Causes, such as Assault — If an Act was passed to Convey

Criminals to and try them at Cornwall, the distance is not too far — it is the only Village in the Province so situated — the same might empower the Magistrates of this District to act with the Missionary in all cases — such are the simple Remedies I beg to suggest.

In regard to Liquors, it is impossible for a dozen Missionaries to prevent the use, more or less — it would be rather arbitrary that neither Missionary or any other respectable inhabitant or Chief should be debarred having a little in his House for even Medicinal purposes. — Let the Custom House Officer prevent smuggling, however small the Quantity and let the Laws against Drunkenness be put in force as in all Towns and Villages. — To have a Village composed of all Indian Men, would be a phenomenon indeed, and like an Oasis in the ~~Desert~~ Wilderness.

If these Suggestions should lead to any thing which might tend to Protect the Village, I should feel happy.

I have the honor to be
Sir
Your Most Obt Servt
(signed) John McDonell

P.S. I suppose an Indian was taken up in the Village for drunkenness — the fourth of Sunday him 80 Miles to Montreal, for 24 hours imprisonment is rather too much: this shews the Necessity of a place of Confinement nearer hand — else, they escape punishment. —

This is hurriedly written as I find Mr Colquhoun is packing up his Depot for this Mail. (Sd) J.McD. —

Sir

We were some days ago called upon by Mr. Walter Colquhone agent for the St Regis Indians, who communicated to us the expression of his Lordship the administrator of the Government's wish that two magistrates would accompany him to St Regis for the purpose of investigating an inquiry into the cause and extent of an affray, which had occured shortly before there, between the Indians of that Village, a summons which we unhesitatingly — Obeyed, and on our arrival at St Regis made inquiry for the leading chiefs, but five of them had left the morning previous for Montreal, and no one of the party represented by those chiefs could be got to testify any thing about it= thus situated, we had recourse to the chiefs of the American Indians whom we thought the most disinterested and from them learned, that the Village was divided into two hostile parties, the one exceeding in number double that of the other party, six chiefs being arrayed in the party in the majority against five in the opposition, The immediate cause of the affray was that the agent Mr Colquhone with the chiefs of the majority had been busily engaged for some days in collecting the rents from the tenants on the Indian lands in Glengarry, and had sent over three sleigh loads of grain to St Regis to be stored in a house taken by the agent & themselves for its reception, the five chiefs acting with the minority disapproved of the house taken and secretly took another house, where they determined to place what grain would come next day, The next day a like number of loads were sent over, and the minority were in ambush awaiting them, and on their approaching the Village (that is the three loads) they sallied out armed with sticks and other weapons, and assaulted the persons in charge of the loads, seized two of the teams by the horses bridles & led them forcibly to the house

they had taken, where they deposited their loads. The third load was rescued and in a vain attempt to rescue these two loads the affray took place, which was only of momentary duration, and no greater harm was done than that one or two of each party were a good deal bruised. The grain we learned had since been distributed among them, and no difference made between it & that stored in the other house. We have since learned that these American Indians were in their feeling favorable to the Majority.

the Chiefs have given me considerable Trouble with regard to the Election of Cattle for beef. I agreed to go with them on a certain day to Dundee for the cattle, and I went acording to agreement - but Only one party ware thare. I wrote for them to come down Imediately but they refused to come I then returned home with out any cattle but one of the Chief in Company with som of the Indians have gon and got nine head and have devided them a mong that party Joachin Satekaweneaten is the Chief who went with the Indians. I have since sent for them to come over to my place and I have put them in mind if they did not become frends and live mor united that his excellency the Governor General wood put his thacat in force, to have them seperated but they have agreed to be come frends and remain so, in my presence. I refuse to make any settlement with them about the cattle until I should have your advice on the subject wheather it is best to doit without reporting them, your opinion on the matter will be very desirable.

Sir

In reference to your communication of the 15th of December Last. I beg to state that I have informed the Tenants that the Government are desirous of getting the names of those who are desirous of procuring Deeds for their possessions. as I have not received the names of more than 35 or 40 at present and I thought it would be best not to return the List to you until after the Collection of the Rents, which will commence, on the 9th of the present month. The tenants are very desirous of knowing the price, and the time they will gett to pay it in, if you can inform me on the subject on or before the 9th of the present month there is no doubt but the Majority will be in favour of it.

The Algonquin Nipissingues Tribes

The Complaints of these Indians having been brought under the Special Notice of the late Commission of Inquiry, are adverted to by the Commissioners in their Report in the following terms.- Viz.t-

"The Claims of these "Indians have been repeatedly before the Government and "their present distressed Condition calls for its humane "interposition - the Nature of their Claim is founded on the "former occupation and gradual dispossession of the "Territory on the Banks and in the Islands of the "Ottawa; upon the terms of the Proclamation of 1763; "and upon the fact of their having (altho' illegally) "received Rents for Lands occupied by Settlers in those "Islands gives them a Claim to the favorable consideration "of the Government." "The Commissioners find it recorded "in the Report last quoted, which was confirmed by "another Committee in a report dated 17.th June 1839. "that the Claims of these Indians were in their opinion, "to be resolved into an Equitable Right to be Compensated "for the loss of the Lands from which in former times, "they derived their Subsistence, and which may have "been taken by Government for the purposes of Settlement "and that the measure of such Compensation should be "to place and maintain them in a condition of at least "equal advantage with that which they would have Enjoyed "in their former State." "They therefore recommended, that "a sufficient tract of Land should be set apart in the "rear of the present range of Townships on the Ottawa "River, and that such as may from time to time be "disposed to settle on Land should be located there, and "that both they, and the rest of their Tribes should continue "to receive such Support, Encouragement and Assistance as "may supply the place of their former means of Subsistence "and at the same time, prepare and lead them to a "state of independence of further aid."

"that a large White population already occupy that
"Island a Number Amounting to 800 Souls, having

The Iroquois Tribe of St. Regis.

The Iroquois Indians of St Regis having offered to surrender to the Government of Upper Canada for a certain amount of Annuity the Land reserved for their use in the County of Glengarry, amounting to 26000 Acres or thereabouts, the following Notice of this offer appears in the Report of the late Commission of Inquiry. "The situation of the property belonging to this "Tribe in Upper Canada deserves consideration - it is for "the advantage of all parties that the Arrangements "proposed by the Indians, should be carried into effects. "The tenants are unable to obtain a Title for the Lands "in their occupation, and are consequently debarred "from all political privileges attaching to freehold "property. - The Indians will receive a definite and "certain amount in lieu of the Rents, which they have "yearly more difficulty in collecting - while the Government "will obtain possession of about thirty thousand acres, "which, if sold at the reduced price of five shillings "an acre (the Minimum price of Crown Land in "Upper Canada is 8/. an acre) would produce to the "Government a Capital of £7500, the proceeds of "which would yield an interest at six per cent. "of £400 a year - Your Commissioners therefore concur "in the following extract from the General Report of "the Committee of the Executive Council of Lower Canada "on the Indian Tribes of 13th. June 1837." -

"Seeing that in 1814 the rent of "this tract Amounted to £150, and that the sufficiency of "the Titles of the occupants, except those of recent date, "might admit of question, the Committee would "submit to Your Excellency whether more advantageous "terms might not be obtained from the Government "of Upper Canada for the extinction of the Indian "Title." —

Sir

According to the Instructions Received in your Letter of the 17th March last I have held a Council at St Regis, and had the Britisho, and American, Chiefs, and Indians, present, when with the assistance of an Interpreter, I caused them to be distinctly informed. that after receiving this information, if any of the British Indians, cut timber on the New York Reservation, they should suffer the Consequence.

but the British Chiefs Complain, that the Americans Indians, have always been allowed, to cutt timber on this side of the lines. and dispose of it for their own benefit and use.

With Respect to the American Indians. I at the same time, pointed out to them, the necessity of conducting, themselves like honest men, so long as they remain this side the lines, of which they appeared to be satisfied.

much respected Sir,

Your kind favour
enclosing the Long Island document reached me in due
time, and I must say without any affectation that
you have laid me under such an oppressive debt of
gratitude that I hardly know how to express myself on
the subject. But however one may feel his in-
ability to make adequate return for disinterested and
distinguished services, chance may one day throw
him into a position that may enable him to evince to his
Benefactor that he is no stranger to the noblest
feelings of (gratitude) his nature. I now feel myself
secure with regard to that property for which so
much trouble has been given to me, and my children
I must report that nothing has been done for the moral
and intellectual improvement of the Young and rising
generation of our tribe. The importance of that subject
may not to be brought into discussion; but financial
difficulties may interfere in state affairs, perplexities
arising from difference of opinion and want of
harmony in legislative bodies may impede the accom-
plishment of objects of the first importance. We
are aware of the difficulty of making additions to
expenses already too great: but there are ways and means
of meeting the circumstances of the times.

If our Government cannot afford to support a respectable School in the village for want of Money let a certain portion of the annual Equipments be applied for that purpose. The blue Stroud which is of no use to the Indians and the small Blankets for children can be taken out and the money applied to support the School. This is my humble opinion on the subject, and I think I can make the most respectable portion of the tribe to coincide with me. A School we must have — if a petition is necessary it may be done. However every thing will depend on your advice.

I must beg leave to draw your attention to another object — Mr. J. Gill trader near our village has bought almost all the Indian Land in Bothwell; and this was done at 1/3 per acre — In consequence I sentence with your permission to petition that no one should allowed or authorized to trade except an Indian: because I think that Gill has been imposing on poor Indians

Sir,

I have been requested to take steps in relation to the situation of a number of People who hold Indian Leases, in the rear part of the Indian Reservation in the County of Glengarry, these Leases are supposed to be covered by the Clergy Reserved lands in the Township of Roxborough joining the Indian land on the West.

I am under the impression that you can place this matter in a proper position without going through the formality of Petitioning.

As the best evidence of the situation of these parties, I beg leave to forward the communication of Mr. John Ficher a Scotch Emigrant who has acquired by industry a very respectable property, and whom I can recommend as a person of strict (integrity

Gentlemen,

I have the honor to enclose Nos 1. & 2 lists of Indian warriors who say they were in seven out of the Battles referred to in your "Circular" dated "Montreal 25th September 1847".

The former is supported by Certificate from a Gentleman now residing in Brighton C. W.— the latter contains the names of Indians with whom I am acquainted but as I was on the Mississippi during a great part of the war I cannot vouch for the correctness of their statements, and I believe their Leaders are all dead.—

I beg to add that I am informed there are other Indian Warriors in this part of the Country who were at the battle of Cryslers farm but they are absent in their hunting grounds and I cannot at present give their names.—

Cornwall 15th January 1848

Sir

In further answer to your Letter of the 6th of December respecting Lot No. 2 in the broken front of the 7th Concession of the Glengary Reserve, I have procured all the paper in my power and send you Copies of them. It doth appear that James McGregor, is the Indian Lessee and not Angus McGreagor as I stated in my Letter of 11th Instant. Angus Mc Greagor is the Son of James Mc Greagor and therefore derived his title from his Father, and gave a Transfer of the Original Leas to Andrew Gray, and Andrew Gray gave a quit Claim to Simon Chesley and from Simon Chesley To Alese. Mc Greagor who now resides on the Lot, and pays Rent for 101 Acres of Land.

Mr. Mc Greagor says the Original Leas cannot be found but he believes it was dated in the year 1807. I also send you a Copy of a Transfer from Angus Mc Greagor To Thomas Gray for part of Lot No. 1 in the Broken front of the 7th Concession

The Transfer from Angus Mc Greagor to Andrew Gray is partley destroyed but can be procured from the Recording Office if required,

I have the honour to be

Sir

In answer to your Letter of the 31st of January last. I have to State that it was reported at the Village of St. Regis that Mr. Geoffrie had left for the purpose stated in my Letter, of the 12th November, last,

Mr Geoffries denies the report and States that he left on a Saturday with the intention of returning on Monday morning to resume his School. but having been prevented by Sickness.

Mr Geoffries returned to St Regis and opened the School in the beginning of the last month and I believe he intends to remain if allowed, — During the very bad State of the Ice between this place and St. Regis I have not had an opportunity of seeing Mr Geoffries since I received your Letter

Sir,

I have the honor to enclose the answer which I received from my brother respecting his purchases of Indian Lands in Anderdon and to crave your perusal of the same. It would have been transmitted last week but for my absence from town.

You cannot fail to perceive by it that inasmuch as Col. Clench's alternative offers no compromise, it amounts virtually to a condemnation of my brother's conduct and a disbelief of his word, and consequently cannot be voluntarily acquiesced in by any one conscious of his integrity.

In the interview with which you recently favored me on this subject you were pleased to state that His Excellency had desired to have a report from Mr. Stears, the gentleman who acted as Government Agent in effecting the sale of No. 13; but owing to some cause had not obtained it. Now as we are anxious that every thing concerning this matter should be fully investigated, I respectfully pray you to obtain that report from the gentleman in question who is at present, I presume, in this city as Secretary to the St. Lawrence and Atlantic Railway Company.

I beg leave to suggest for your consideration, either the proposal of settlement contained in my brother's letter or a reference of the whole matter to arbitrators mutually chosen on the spot, who will be able to investigate all the circumstances and decide intelligently on the merits of the case.

Thanking

My Dear Brother

I am in receipt of yours of 25th ult. mentioning the conversation you had with Major Campbell Civil Secretary, Major Campbell told you that all the other Indian Cases of dispute had been settled by compromise and I am perfectly willing mine should be so likewise, but, I can see no offer of the kind in either of the Courses proposed. ~ The first, (of taking from you the amount paying for the improvements) is what I have understood the Indian Department have been willing to do all along, Col Clench mentioned as much to me when he visited here in 1846, I told him then that I would never consent to any thing of the kind, The improvements on Lot No 13 were valued at £100 the rent, with over a third of that amount, recently, since then Clark has allowed several persons to make small Clearings on it which I suppose they would look upon as further improvements, tho in fact the lot is not worth so much now as when I bought it, as Clark has sold nearly all the wood off it that was fit either for building purposes or firewood, and allowed the persons to cut it when they pleased without Clearing up as they went, or even piling the tops ~ The second course must be admitted on all to be no compromise the merely paying back the instalments with interest, can surely be looked upon as no favor while they are charging interest on the instalments in the other lots, besides it is not so favorable for me as what Col Clench told me would be his report in 1846, he then proposed paying me back the £20 paid Clark with interest also in

addition to the Instalment with interest, there were terms which I told him then I could not agree to, and he said he would defer making his report till such time as I could answer Townsley charges.

The only way in which I ~~will~~ would be willing to Compromise it by giving up my Claim to the lot, would be to allow the first Instalment and interest on Lot N° 13 to stand against the last instalment and interest on lot N° 12, allowing the £20 which I paid Clark to stand against the interest due on the last instalment on lot N° 12 — previous to the date of purchasing lot N° 13.

The two lots are equally valuable or rather N° 13 owing to the improvements was rather more valuable than lot N° 12 at the time of purchase of both. The Department could easily make Thos. Alex Clark pay the difference between the two so that the Indians generally would be no losers, and then he would be getting a greater share of his father's property than any other of the family as in deciding it, lot N° 13 ~~was~~ was given to him on account of the risk he ran in not getting it eventually, he would also be reaping the benefit of the large ditch which I made between the two lots at a cost of nearly £30.

As an example of the way in which Col Clench acted in procuring information he informed me that he had spoken to Clark about the ditch and he said it was of no benefit to him whatever, on consideration I wrote to Col Clench informing him that I did not conceive Clark a proper person to apply to for information on the subject as he was an interested person, that I thought he should have

consulted some disinterested person competent to judge of the matters — I heard nothing further from Col Clench on the subject, but was afterwards informed by Mr Sloan J.P. that when I was absent in Montreal shortly after Clark had come to him mentioning that he had rec'd a letter from Col Clench wishing him to get two persons to report on the ditch for as quick as possible, and suggesting that Mr Sloan should be one of them, Mr Sloan refused to act unless Clark would get my people to appoint some person to survey it with him, Clark said that in that case he would have nothing to do with the matter and left Mr Sloan, but I think it very probable that Clarke may have got some two persons to report on it, of course of such was the case it would be a very partial and one sided report —

It appears to me strange that Col Clench did not write to Mr Sloan on the matter and get him to have it surveyed, instead of writing to Clark more especially as he was at that time consulting Mr Sloan on various matters and Mr Sloan was acting then as a sort of Agent for Col Clench —

Tho, I will not be willing to settle the matter on any less favorable terms than here mentioned, I will leave the whole matter in your hands to do as you think fit and proper, and will stand by any agreement or arrangement you may make in the matter for me

I remain Dear Brother, yours truly

Sir

In answer to Your Letter of the 29th Febry. Respecting a certain piece of Land in the Village of St Regis, which the Chiefs are desirous of Leasing to John C. Bridge it is on the South side of the Priest's house, near the Junction of the two Rivers: the St Lawrance and St Regis Rivers, the Boundaries mentioned in the Lease will give You the Extent of the premises, there is a Wharf Erected on the place.

I think it would be for the advantage of the British Indians to Lease it, and the proposed Rent is quite Sufficient,

Dear Sir

The British Chiefs of St Regis are desirous of getting your opinion with respect to Mr Marcoux Priests Salary.

Thatis with reference to the yearly Salary that they have been paying him out of the Rents Collected from their Reservations which Amounted to twenty four pounds Currency per annum.

They have forbid me from paying him any More until they get your advise Wheather they are obliged to pay that amount out of their own funds as the British Government pays him fifty pounds a year they think they should not pay him any thing.

Memorandum

Mr Mc Intosh resides on lots 102 in the 12th Concession of the Indian Reserve, and is the son (I believe) of the original Lessee from the St. Regis Indians: he has paid no rent I think for upwards of 30 years in Consequence of the western boundary of the adjoining Township of Kenyon being extended to the Centre of his lots.

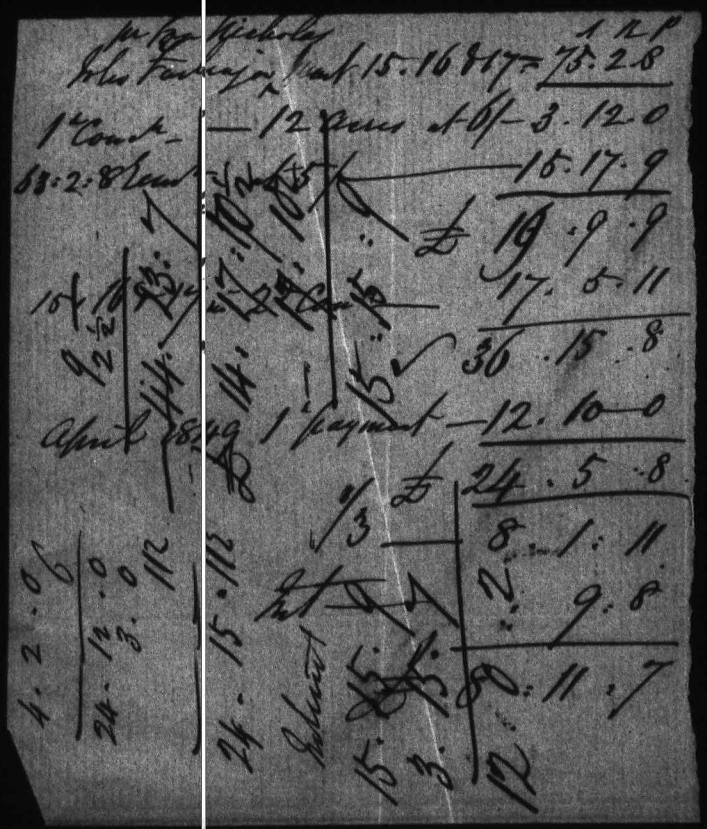

By Mr Bruces report he retains 87¼ Acres on the Reserve for which, according to the regulation, he ought to pay up the back rent with Interest.

Cornwall 2d March 1849 —

Dear Sir

I understand that the inhabitants on the Indian Reservation in Charlottenburgh have obtained a further delay to make their first payment on the Land they are in the Back

My Object in writing is to say that I am informed that the Local Agent W.J. Colquhoun has been granting Certificates to persons making Application, certifying that they are the owners, Now I know he was ready to do so in a Case mortgaged for £400 which is Registered some years, but still W.C. was ignorant of the fact — & was ready to grant a Certificate —

If I am interested in this Matter as I am one of Mr Colquhoun's Bail for his proper Conduct in his office but this being a need Measure I beg leave to protest being made responsible for any act of his in this Subject, for I conceive — that it will require a Legal Person to —

Inclosed is a Copy of a letter from D.C. Napier Esqr in reply to a Communication of mine of the 29th March last. And from the tenor of the reply I learn it is probable that Mr Colquhoun's Certificate may be acted upon before he visits Montreal — I beg to be informed if the Indian Department or the Government will hold him and his Bail responsible; if his Certificate should not prove correct And whether the Department or the Government are willing to accept his excuse, And to exonerate him And his Bail, or his Bail only,[2] If his ignorance or want of Knowledge should lead him in to error; And that a Suit, in Chancery, or at Law, should be instituted by interested parties, What would be the Consequance.[3] —

If you are willing to take such excuse I am Content, otherwise I hereby Protest from being responsible for any act or acts of his arising from his decision

These are to certify that Lots Number nine and ten in the Eleventh concession of the Indian Reservation County of Glengarry was by the last will and testament of the late Alexander Mc. Naughton bequeathed to Alexander Mc. Naughton and John Mc Naughton ~~dead~~ being his two Nephews that John Mc Naughton died leaving a Widow and two daughters no division having been made of the land, that some time after his death it was found necessary that they land should be a divide, that the Executors of the said Deceased Alexander Mc Naughton, Examined the said lots and found that the ~~West~~ lot was not of so good a quality and no building thereon they decided that two acres and an half in ~~breath~~ breadth of the East part was equal to three acres and a half in breadth of the west part, and acceded that should be the fair division giveing to the ~~Sister in law of the~~ Mother of the Children and her ~~friend~~ friend to make choice which of the two parts she would prefer (she then being Married to another man) She made choice of the east part leaving the west part for Alexander Mc Naughton who has been paying the rents to the Indians for it ever since said division and is know to be the Owner of it. Although from his old and infirm state is ~~not~~ is unable to cultivate it therefore doth not reside on it.

Sir

The accompaning Copy of a Memorial extracted from the Registrars Office for the County of Glengarry will explain the Nature of the title by which Michael Purcel now claims a Patent from the Indian Department for Lot No. 9 1st Concession Indian Reservation in the County of Glengarry, You will understand that the object of this Communication is to protest against the granting of the Patent to the said Purcel for various ~~reason~~ Reason among which are the following. That my late father executed an assignment to John McDonald Esqr to secure £100 lent by the latter to the former, and which by the recital on the Memorial had all but been paid and I am prepared to prove that the whole was paid, that I am the only living offspring of the said James ODonelly, that Parcel having Married my mother the Widow of the said ODonnelly induced the said John McDonald to quit Claim his McDonald right to the said lot which is very valuable, and that I a destitute female, with a large and helpless family of six Children, chiefly supported by my own hard earnings will be deprived of my fathers property should a Patent issue to Purcel, I would therefore crave your Kind interference in staying the issue of the Patent until my claim is thoroughly investigated I have here submitted are found to be true, that I may have time to apply to the Court of Equity for relief against the said Parcels

I have the honor to be

Monsieur

Mon attention ayant été dernierement appelée a un moulin qui se propose de faire bâtir Mr. De Lorimier sur les terres des Sauvages au Sault St Louis en vertu d'un bail qu'il a obtenu d'eux, et prevoyant que ce moulin, s'il est construit pourroit nuire à celui de Lapraire placé seulement trois arpents plus bas, et récemment loué à Mr. Sauvageau, et qu'il pourroit occasionner des ~~dommages~~ dommages à la Couronne, Je crois qu'il est urgent de suggérer au Gouvernement la nécessité de faire les démarches necessaires pour constater les droits des Sauvages, et par consequent la validité du bail de Mr. De Lorimier surtout en ce qui regarde le Droit qu'il réclame de se servir des eaux du fleuve St. Laurent. —

Je vous transmets l'acte de cession à Mr. DeLorimier, ainsi un livre manuscrit qui contient, a la page 84 et suivantes jusqu'a la page 96, lettre R. N°. 6, 7 & 8. une copie de la procedure et d'un Jugement intervenus entre le ci devant Ordre des Jesuites et les Sauvages du Sault St Louis, au sujet de ces terres, que les premiers ~~reclamaient~~ reclamaient comme a eux appartenant, Je prendrai aussi la liberté de vous indiquer les rapports faits à la Legislature en 1846 et 1847, au sujet des tribus Sauvages du Canada.

Par ces titres les Sauvages ne paroissent avoir la liberté de cultiver les terres du Sault pour leur usage, sans m'occuper ici des differents points de loi que soulèvent les prétention des Sauvages aux droit et privileges de

Seigneurs qu'ils prennent dans leur bail à Mrs De Lorimier, et leur accordant, volontiers le droit d'imposer à ceux qui ont pris des terre d'eux en Concession telles Conditions qu'ils ont jugé à propos, je demanderai simplement, si ces titres et la jouissance et possession qu'ils ont de ce terrain leur donnent le droit de disposer des eaux du St Laurent qui sont regardées par ce Bureau comme la propriété exclusive de la Couronne, Mr De Lorimier s'engageant dans son bail à Moudre gratis pour les Sauvages, il est evident qu'il n'entreprend cette latitude que pour des objets de Commerce et devra naturellement diminuer les profits de celui de Mr Sauvageau, Mais un inconvenient plus serrieux à apprehender est qu'en Construisant, un chaussee ou dam pour son Moulin à une aussi petite distance de celui de Lapraierie, Mr De Lorimier ne detourne une partie des eaux de ce dernier et diminue par Conseguant Considerablement, la force de ce Moulin, Le locataire dans ce Cas pourroit avoir des Domages à Reclamer et pourroit peut'être meme être en droit de demander la resiliation de son bail, Ces Considerations m'engagent a requerir votre opinion sur les doutes qu'ils élevent avant de soumettre ~~le Cas~~ a la Consideration de l'Executif, J'ajouterai que Mr De Lorimier à deja fait des preparatifs, qu'il se propose de Continuer tres prochainement, et qu'il seroit en Consequence à desirer que le décision du Gouvernement fut donnée sous le plus Court délai possible.

Il n'est pas hors de propos de mentionner ici qu'il paraît qu'en 1827, des Lettres pour la Concession d'un Rapiere Serrieu ont été obtenu par les Sauvages, Mais je ne puis dire le

By the Adjudication of Genl Gage's Council all the Rights and Privileges of the Jesuits in and over the Seigniory of the Sault St Louis, appertd thereto, were transferred to the Iroquois Indians, and the Chiefs of the Tribe, (in the Quality of Seignior) have exercised the Droit de Lastide since the Year 1762...!!!

That in Consequence of the Seigniorial Mill on the River La Tortue having become decayed, and wholly unfit for further use, the said Chiefs petitioned the Governor General to sanction their Arrangement, described in the Notarial "Acte" of the 7th December 1847, with Mr Edw Rawsse de Lorimier.—

That in virtue of the Authority above mentioned, and with the Sanction of the Crown, the Iroquois Chiefs have been accustomed to receive Lods et Ventes, Cens et Rentes and all the Advantages of a Seignior, from the Tenants of the said Seigniory, during the last Eighty seven Years...!!!

Crown Lands Department
Montreal 15th May 1849.

Sir,

Having recently been informed that the Indians of Sault St Louis, under the sanction of His Excellency the Governor General had sold to Mr. Delorimier the right of Erecting a Banal Grist Mill at a distance of but three or four Arpents from the Banal Grist Mill of the Seigniory of Lasnaraie belonging to the Crown, I have the honor to Request that you would be Kind enough to inform me whether such is the Case, and if so, to favor this Department with a Copy of the instrument which has been passed between the Indians and Mr. Delorimier.

It is apprehended, from the perusal of the title Deeds in virtue of which the Indians posess the Lands called Sault St Louis, the originals of which are deposited in this office, that they could not grant any droit de Banalité nor even the right of Erecting a Mill on the Banks of the St Laurence And that they have therefore encroached on the Rights of the Crown.

It would appear desirable to have this question settled before allowing Mr Delorimier to go to any farther expense.

Sir

In Answer to your Letter of the 26th May. I have to Report that Lot No. 2 in the 17th Concession of the Indian Reservation was in Possession of one Duncan Cameron who payed the Rent for it to the year 1823. and since that time there has no Rent been paid. The Trustees of the Congregation of the Indian Lands in Connection with the Church of Scotland purchased from Cameron all his Rights and Claims to Lots No. 1 & 2 in the 17 Concn. and put the Revd Mr. Clark in Possession of it as the Minister of that Congregation. I believe Mr. Clark has no further Claim than that the Trustees are Indebt to him as he States in a Letter addressed to me in December last.

Further information may be had by applying to the Revd Mr. McPherson the Presbytery Clerk at Lancaster.

I have the Honour to be

The Nipissingue and Algonquin Indians extend up the River Ottawa to the Boundaries of the Hudson's Bay Territory and Spread on both sides of the River to the head waters of its Tributaries.— The Tetes de Boule an other Branch of the Algonquins or Nipissingue inhabit the Banks and tributaries of the River St. Maurice and divide the Ottawa from the Saguenay Indians.

The Algonquins have at different times claimed to be the proprietors (as the descendants of the Original possessors) of those grounds and as Such to be indemnified, as others Indians Tribes have been in upper Canada for Such portion of their hunting grounds as have been opened for Settlement, or laid out into Timber locations, but their Views and pretentions in that Respect have been negatived by former Government and they have only been Considered as entitled to limited grants of Land for actual Settlement.

Their present Number including the Tetes de Boule who do not appear as yet to have petitioned, by for whom it is advisable to provide along with the others, at 1000 families, from 4 to 5 Thousand individuals most of the Signers of the Petitions now before Government if not all, are or were residents of the Village of the Lake of the two Mountains, at the Indian Mission under the Charge of the Revd. Gentlemen of the Seminary of St Sulpice who it is understood obtained a grant of the Seigniory of that Name, on condition of their administering to the Spiritual as well as temporal wants of the Indians who would resort to that Mission.— There is yet in the Seigniory a block of some 10,000 Acres in Reserve for them; but they are now it appears desirous of Settling forthwith up the River Ottawa, where Some of them have already commenced improvements.—

They apply (thro His Lordship the Bishop of Bytown) for a tract of Land at the head of Lake Temiscaming lying between the River Blanche and Kepawesepa, which would contain about 100,000 acres; Also for a Township on the Gatineau bounded in front to the Eastward by that River, and at the North by the River Desert; at the South and westerly by lines to be drawn at Sufficient distances to embrace an ordinary Sized Township of about 60,000 Acres.—

The 1st Mentioned tract being far in advance of all Settlement, would interfere with no existing Right or privilege. transferred to the Indians. The tract may also be in part covered by timber licenses; but this, it is conceded should be no reason for withholding it from the Indians as the proprietors, the proceeds in that case being appropriated for the use of the Indians.

These various grants of land, if made according to the wishes of the Indians, must of course be sanctioned by Legislative Enactment, but in the meantime, it is suggested, that the tract mentioned be laid out and bounded in the field, to prevent strangers intruding upon them, leaving it discretionary with the Government finally to appropriate a part or the whole when in possession of more accurate information on the actual number of the individuals or families to be provided for.

The Petitioners also pray for pecuniary aid and it is evident that without some such assistance, at least to the extent of supplying them with the requirements of a farm, a grant of land will be of little use to them in their present state of poverty.

They will however derive some little Revenue from the sale of timber on their tract.

The Algonquins have also frequently complained that the annuity granted in 1822 to the Mississaga Indians of Almwick which was in part for Lands belonging to them, the Algonquins which the Mississaga had no right to cede without their Consent, and they accordingly claim participation in that annuity.

The Indian Commission of 1843 recommended an investigation of that Matter, but the suggestion does not appear to have been attended to.

There is this general observation to Make in Conclusion that while in Upper Canada the Government have Scrupulously paid the actual occupants for almost every inch of ground taken from them: Making such purchases as New Districts were laid out in Lower Canada they appear to have been totally Regardless of all Indians Claims.

Further Extracts from the Report of 2d August 1849

The Nipissing and Algonquin Indians extend up the River Ottawa to the Boundaries of the Hudson's Bay Territory and Spread on both Sides of that River to the head waters of its Tributaries. — The Têtes de Boule and other Branch of the Algonquins or Nipissings inhabit the Banks and tributaries of the River St. Maurice and divide the Ottawa from the Saguenay Indians.

The Algonquins have at different times claimed to be the proprietors (as the descendants of the original possessors) of those grounds and as such to be indemnified, as others Indians Tribes have been in upper Canada for such portion of their hunting grounds as have been opened for settlement, or laid out into Timber locations, but their views and pretentions in that respect have been negatived by former Governments and they have only been Considered as entitled to limited grants of land for actual settlement.

Their present number including the Têtes de Boule who do not appear as yet to have petitioned, but for whom it is advisable to provide along with the others, at 1000 families, from 4 to 5 thousand individuals most of the Signers of the Petitions now before Government, if not all, are or were residents of the Village of the Lake of the two Mountains, at the Indian Mission under the Charge of the Revd Gentlemen of the Seminary of St Sulpice, who it is understood obtained a grant of the Seigniory of that name, on Condition of their administering to the Spiritual as well as temporal wants of the Indians who would resort to that Mission. — There is yet in that Seigniory a block of some 10,000 Acres in Reserve for them; but they are now it appears desirous of settling further north up the River Ottawa, where some of them have already Commenced improvements. — They apply (thro Their Lordship the Bishop of Bytown) for a tract of land at the head of Lake Temiscaming lying between the Rivers Blanche and Kepawe separ which would Contain about 100,000 acres; also for a Township on the Gatineau bounded in front to the Eastward by that River, and at the North by the River Desert, at the South and westerly by lines to be drawn at Sufficient distances to embrace an ordinary Sized Township of about 60,000 acres. —

The 1st mentioned tract being far in advance of all Settlement would interfere with no existing Right or privilege. — The 2d Could be so laid out as to exclude all Squatters improvements of whom there appears to be a Certain Number in that neighbourhood, some of whom have already remonstrated against their holdings being transferred to the Indians. — The tract may also be in part Covered by timber licenses; but this, if this be conceded Should be no reason for withholding it from the Indians

the Indians as the proprietors of such licenses might be permitted to continue their operations, the proceeds in that case being appropriated for the use of the Indians. —

These various grants of land, if made according to the wishes of the Indians, must of course be sanctioned by Legislative Enactment, but in the meantime, it is suggested, that the tract mentioned be laid out and bounded in the field, to prevent strangers intruding upon them, leaving it discretionary with the Government finally to appropriate a part or the whole when in possession of more accurate information on the actual number of the individuals or families to be provided for.

They will however derive some little Revenue from the sale of timber on their tracts. —

The Algonquins have also frequently complained that the annuity granted in 1822 to the Mississaga Indians of Alnwick which was in part for lands belonging to them, the Algonquins which the Mississaga had no right to cede without their Consent, and they accordingly claim participation in that annuity. —

There is this general observation to make in Conclusion that while in Upper Canada the Government have scrupulously paid the actual occupants for almost every inch of ground taken from them: making fresh purchases as new districts were laid out, in Lower Canada they appear to have been totally Regardless of all Indian Claims.

My dear Colonel

I will do as you wish about the claim of the Algonquin & Nipissing Indians though I confess I do not see the least use in it. All enquiry can only produce assertions each side the Algonquins will assert that certain lands belonged to them which the Nipissingas of Abinnick will deny — On the other hand the Government have made a bonâ fide treaty with the Nip.s of Abinnick granting them £64 2. 10. 0 per annum. This cannot be undone nor can the Annuity be diminished. The only thing would be for the Government to admit (if the case of the Algonquins was proved) that there had been an error committed and grant something

additional batts Algonquins. I know you to guess at the probability of such a result—

I must refund your steady wealth & changes every day—

yours very truly

J Vankoughnet

I have not made any claim for my expenses - nor shall I until I see how matters terminate here. I shall wait and see whether the six weeks advance is to be given & that cannot be decided until Parliament meets - moreover there is another question - it is said - the salaries of all Provincial officials is to be reduced

if so it is a mistake not to mix up our Indian affairs in any way with the Provincial — a mistake is as good as a natural sap:

By the by it is most amusing, that in the desperately loyal town I do not think there are ten people who are not against the appeals —

Only conceive what a climate this must be - yesterday it was so warm that I really required some forbearance & prudence to wear even a light overcoat - It was like fine spring weather - I rode into the country but it was all mud, — to day it is freezing hard and a cold wind sufficient to pierce Bryan nearly bones even with a thick overcoat & furs

Sir Mrs Ann Widow Mr Gregor has applied to me to thank You for Your urbanity and Courtesie towards her Son yesterday but she she has heard with regret that after She left the room that her nigh neighbour Donald Haggart got up and misrepresented her Character to You now this Donald Haggart is one of her Sons worthless associates and that You may form a just conception of him it is very Lately that he had the liberty of appearing in Public owing to his worthless Conduct in seducing his first Cousin and then denying the Child it was tryed at the Court of Kings Bench he was brought in for heavy damages and could not satisfy it and was under bidings for about one Year and She is informed that a number of her Sons associates is talking of geting a petition up in his her Son favour and as She has no wish to do any thing to the prejudice of alienation the Lands for that from her Son but merely to get the deed in her own name that She might have a home during her natural life She humbly prays that You would take no notice of their petition as they cannot get any one to sign but this worthless associates I am Sir Yours

My dear Sir

I beg to acknowledge the receipt to day of your letter of the 22nd and 23rd Inst.. and in reply to say. That I see no blame attaching to Mr Colquhoun for the Omission of reserving a Road in the Patent issued to Walter Kenneller, He should have pointed it out himself to Mr Bruce when the Survey was going on. There is however a remedy yet. by withholding from Tobin when he applies to purchase, the quantity of land which Kenneller may prove was assigned to him for a road he ought to lodge his claim with you immediately & it will be a fit subject for the decision of the Commissioners that are to be appointed.

With Reference to Mr Kennedys Complaint I see no remedy: as the Patent appears to have issued without a discription of the Metes and bounds; quite Contrary to my repeated remonstrances with Mr Jones of the Crown land Office whose particular duty it is to write out descriptions. But I cannot understand, how the Omission of a discription can affect Mr Kennedy, as his lot is an oblong & bounded by the same Concession lines which

&& from the bounds of his neighbour Mr Hunt.

The Answer to Mr McNaughton who You say has applied through a friend for a Patent of the three lots for which he paid in full last June, is simply to refer him to Major Campells decision to issue no more references for description until after the 10th May next.—

I have no objection to draw from the Receiver General the School Money for St Regis and Longueuil on being furnished with Powers of Attorney in Duplicate, with instructions how and where to transmit the Money.—

Indian Lands 13th Con.r January 17th 18[illegible]

Honoured Sir

I am extremely sorry that through a variety of unforeseen accidents I am obliged to write to you such a subject as this that people tells me that my deed is not write for the lenth nor breadth is not Mentioned in the deed for the fourteenth Concession wishes to have the concession Road upon my rear and I think my lot is short enough allready for my neighbour Mr. Henry Hunt's deed mentions the number of acres in lenth and breadth and he got Mr. Peter Mc Laren the Surveyor and measured the lenths and it ~~went~~ north into the fourteenth Concession about sixty feet Therefore I wish to get a deed the same as Mr. Hunt for I think I have as good a right as he have for I paid my rent every yeer and paid the amount due for the deed for I want as many acres as I paid for No of lots 9 and 10 let me beg to hear from you as soon as this comes to hand which will greatly oblige

My dear Colonel

I have just received your letter stating that J. Bergen is on a sheep &c. The ideas of these cowardly people are highly amusing I greatly believe they think that there is nothing else to attend to but just their business.

D.P.B. recommitment only came to hand on Tuesday. The Warrant was made out to day & the chief is ready & will set out. but they may very likely not sign the Warrant for a fortnight to come and till that is done, no check can be sent & Bolen must do as others do. must.

Toronto 26 March 50

With Receipt for Colin Campbell's payment to Red Journal at Toronto on Writ Int.

Answered to the Order, and Order Com.r to hold Collection 2d April 1850

Indian Department
Toronto 28th March 1850

Dear Sir

In your last Monthes Account Angus De.rocher is returned as having paid in full for two several portions of lots 4 & 6 in the 1st Concession a. R. C. making together but 52. 1. 9. which according to the regulation, is subject to the Patent Fee of £2. As are all other lots which have been subdivided since the Original Survey by McCarthy in 1809. excepting in Cases where one purchaser, makes up the quantity of different parcels equal to one hundred Acres. they being all included in one Patent will cause no additional Expense to the Indians, who are charged 40/ by the Crown Land Department for each Patent.

I cannot therefore refer Mr De Rocher for Patent, nor in fact any other purchaser under like circumstances until the above mentioned fee is paid.

An Application was sent me some two Months ago by Duncan McRae, to the Sale of No. 6 in the 8th Concession to his son John McRae, which I transmitted to Colonel Bruce, and supposed he would forward it to you. But as you have returned John McRae as the purchaser of the lot I infer that the Colonel has not done so.

Duncan McRae McRae was the Original Lessee & was in possession of the Lot when I resigned the Agency; perhaps you may think proper to instruct Mr Colquhoun to Enquire into the Matter.

Colin Campbell has paid £41 as you will perceive by the enclosed Receipt of the Receiver General; for lots No. 3 & 4. 9th Concession a. R. C. 164. 0. 20.

Yours very truly

Lot 8 & 16 - 7th Con: Indian Lands
30th March 1850

To

D.C. Napier Esqr

Sir

In compliance with a public notice issued from the Indian Office Canada East dated Montreal 18th June last in regard to the lands lying in the tract of the St Regis Indian Reservation in the County of Glengarry, I am induced to forward to them herewith directed the following Statement of facts.

Upon the 7th Decemr 1844 I purchased from Mr John McColl his possession of a certain lot of land which was then known as Lot letter C in the 6th Con: of the Township of Roxburgh for the sum of fifty five pounds Cy. this lot was then understood to be Clergy Reserve land as appears from a letter in my possession dated Commissioner of Crown Lands Office 8th Augt 1836 wherein McColl was acknowledged as being in possession of the lot at that time but that the day of Sale had not been fixed, and the matter remained so until the time of my purchasing McColls possession

when I understood that I should have a
preference in purchasing the 200 acres
comprised in the lot.

It now appears that according to
Mr Bruces late Survey, that this land
is found to belong to the tract of the
Indian Reservation and forms lot No 16
on the 17th Con; and that my name
is placed upon the map as possessor
The lot is said to contain 199½
Acres of which about 20 acres are
cleared - the soil is light and sandy
part of it thickly covered with stones
and part of it broken by neat Swells
I have several times applied to
Mr Colquhoun our Indian Agent
with a View to acquire a proper title
to this land, and he has referred
me to you. I beg therefore
that you will take my peculiar
case into consideration, and on
account of the large sum which
I have already paid for the land
as well as my then ignorance
of it belonging to the Indian Lands
as well as my disappointment on

Sir

Adverting to yr letter of the 20th ult. I have to observe that Angus Beaubien & all others having less than 100 acres in the whole have been notified that the fee in the Patent must be paid by them; but as there are exceptions to this general rule of the Returns described in yr Comm., I should be glad to receive from you the names of the persons who are liable to this charge in order that they may be called upon to pay the same forthwith.

When Mr Rae produced a document which appeared to be a transfer from Lei Jotten to Lot 106 in the 8th Conc. of this name is entered in Mr Bruce's list; but I distinctly explained to him that the Application of Duncan McRae would be referred to the Commissioner who may be appointed to decide upon Conflicting Claims.

I have requested Mr Colquhoun to enquire into this Matter.

Lot No. 13. 18th Con. Indian Lands
3 April 1850

D. C Napier Esq

Sir

In consequence of publice Advertisements calling upon parties claiming to have any interest or title to any Lot in the tract of Land known as the St Regis Indian Reservation in the County of Glengarry to file a written Statement of the particulars of their respective claims in the Office of the Superintendent General of Indian Affairs in Montreal, I now beg to submit the following Statement Neil McColl

In the year 1823 my father now deceased purchased from Donald Cameron his right of possession to Lot No 13. 14. & 15 which lots have since been possessed by him, myself and brother and upon each of which we have made clearings to the extent of on Lot No 13. 24 acres on Lot No 14 - 23 acres and on Lot No 15 - 15 acres

I am given to understand that Mr Alexander McKerracher claims the rear part of Lot No 13 but as my possession was long anterior to his or John Henrys upon which Mr McKerracher founds I conceive that I have the best right to claim the land

Honorable D. C. Napier Director of Indian Affairs Montreal

Sir Your Honours.

I my former Communication I have laid my Claim of Right to on Lots Nos. 13, 14, & 15 in the 18th. Concession Indian Reservation in the County of Glengary. Now I am under the necessity of making an additional application to your Honour. to have my Claim Confirmed against the encroachments of Mr. Alexander McKercher on Lot No. 15 on which I had cleared about 15 acres now in a state of Cultivation. My Claim & possession of the Lot I hold for more or less than twenty five years since. I have told Mr. McKercher orally of this to which he replied "If that is the case that he would not interfere" and I am informed since, that he has deposited the first instalment in your office to substantiate his Claim on No 15. Should this have been the case I hope You Honour will favorably consider my title to that Lot. before a Patent shall be given to any individual on said tract of Land.

To the Honourable
D. C. Napier S. of St. &c. &c.

I Remain Sir
Your obedient Servt.
