

NEW MUNITION WORKERS BUSILY ENGAGED IN TURNING OUT SHELLS FOR THE BRITISH ARMY

FROM THE SPHERE, LONDON, DRAWN BY F. MATANIA IN THE UNITED STATES BY N.Y. HERALD CO.

This picture shows the new munition workers who are devoting their time to continuous work in shell factories and the production of war stores of all descriptions. These particular ladies are working in their overalls and mob caps in one of the big workshops of Messrs. Vickers, Ltd. They are at present undergoing a course of instruction and have agreed to continue at this workshop for a period of six months. They receive a proper wage for their work, in the same way as any regular woman worker.

PACIFICIST PROPOSALS MOOTED

Resolutions Mailed to People in Public Life by Miss Jane Addams.

Chicago, Sept. 17.—(In Montreal Gazette)—Appointment of an international commission drawn from the neutral nations of Europe and the United States and which would try to bring the European war to an end, is proposed in a resolution which will be mailed to men and women in public life and to the representatives of all kinds of societies throughout the country.

The resolution has been drawn under the direction of Miss Jane Addams of Hull House, and represents the concrete results of her recent trip to The Hague convention. She has been assisted by Louise T. Lochner, of the National peace federation, and the resolution has been approved as to form by Jacob N. Dickinson, former secretary of war, and by experts in international law in Washington.

Plans for the selection of the members of the commission are being withheld for the present, but they will be announced later. The following is an extract of the peace resolution: "Whereas, the outcome of recent missions to the governments of the warring nations indicates the belief that while the nations at war are not willing themselves to begin negotiations or even signify a desire to do so, least it be interpreted as a sign of weakness, and place them at a disadvantage in the final peace settlement, there are nevertheless, in each of the warring nations civil authorities and other citizens who would welcome affirmatively a neutral agency to bring about a peace based on international justice, be it therefore resolved:

"That we urge the appointment of an international commission, drawn from the neutral nations of Europe as well as the United States, which shall explore the issues involved in the present struggle and on the basis of its findings submit propositions to the belligerent nations, in hope that such effort will not only clear the ground for final peace negotiations, but also influence such terms of settlement which will make for a constructive and lasting peace.

"We believe that through some effort on the part of neutrals carried on continuously during the progress of the war, the great European conflict can be ended by negotiations rather than by exhaustion, and in a manner that will perpetuate the idea of international relationships that have brought about the present conflict.

"Because of the mixed population of the United States, its size and its geographical isolation, the American members for such a commission should first be appointed and should ask representatives of the neutral nations of Europe, summarily appointed and approved to confer with them. These should constitute an informal institution which should act continuously and evolve tentative proposals, submitting them to the various governments in the manner that will ultimately be found that will afford a practical basis for actual peace negotiations.

"American citizens selected for this mission, while having the approval of President Wilson, should in no case be authorized to commit the president or the United States Government to any proposition which the commission should put forward."

FRENCH MAKE GAIN. Special Wire to the Courier. PARIS, Sept. 18, 2.40 p.m.—The capture of a Turkish position on the Gallipoli peninsula by the French forces was announced to-day by the War Office.

RECRUITING CONTINUES

Nine men were added to the active service list yesterday. The names are as follows: 25TH DRAGOONS J. R. Herriott, Paris. C. Church, Paris. G. Crump, Paris. Jno. Athfield, Paris. E. H. Tucker, Paris. John Compton, English, 32 Fair avenue, age 37, married. Frank Askew, English, 31 Foster street, age 40, single. E. Forbes, Canadian, 17 Brunswick street, age 23, single. DUFFERIN RIFLES William Simpson, age 27, married, 89 Maitland St., Scotch.

VILNA INVESTED ON THREE SIDES BY HUNS

Will Give Germans Advantage Over Railroads to Petrograd—A Controlling Factor of the Fighting—Russians Made Capture Along Stripa.

London, Sept. 18.—The city of Vilna is now virtually invested on three sides. The troops of Field Marshal von Mackensen have reached a point near Vileika, 37 miles southeast of the city. The fall of Vilna would place in the possession of the Germans a considerable section of the railroad to Petrograd, a portion of which, between Dvinsk and Vilna, they already hold.

On the southern end of the battle line, the Russians continue to gain successes, their latest achievement being the capture of 1,300 men along the Stripa. Little activity is reported from the centre of the line, where a readjustment is expected, following Field Marshal von Mackensen's capture of Pinsk.

Reports that the Austrians and Germans have decided to initiate a new offensive campaign are multiplying, but there is little concrete evidence concerning the direction which it may be expected to take. Cabling from Rotterdam, several correspondents assert that they have reasons to

believe the central powers have not only decided to strike a heavy blow but have already put under way the preliminary military movements. The objective of the new campaign is believed to be either Italy or Serbia. Apparently there has not been any great concentration of troops along the Danube and Save rivers. Considerable activity has been displayed along this front recently. Austrian attempts to cross the rivers have been checked and, according to official reports from Nish, Serbian artillery has destroyed fortified works on the banks of the rivers.

It is felt here that the Balkan problem has reached a critical stage. The Turco-Bulgarian agreement, coupled with the announcement of Premier Radoslawoff of Bulgaria, that public opinion was opposed to any attack on Turkey, seems to have settled the attitude of the Bulgarians at least as long as the Dardanelles remain closed to the entente powers.

There probably will be no further development in the controversy over conscription until parliament meets again next week.

Crop Conditions Are Good—U. S. Sentiment is Quite Pro-British

Mr. A. K. Bunnell, Mrs. Bunnell and daughter have returned from an extensive trip to the San Francisco Exposition, returning by way of the Canadian West. Mr. Bunnell, looking in good trim after his holiday, was back at work this morning, and gave the Courier a few of his impressions, gathered upon his journey. "The Canadian exhibit at the Fair, is considered by everybody as the premier exhibit, and it certainly is most creditable to the Dominion and all the officers in charge," said Mr. Bunnell. "Everybody visits it while at the Exhibition and all give it high praise indeed."

Mr. Bunnell stated that the great majority of the people who visit the Fair take advantage of the routes of travel offered and either go or return by way of Canada. In this way thousands and thousands of Americans see the whole Canadian West who otherwise would never go near it. Mr. Bunnell himself returned by way of Canada, travelling by rail from San Francisco—after visiting Los Angeles, and Southern California—by the Chastota route through the famous Sacramento Valley. This valley is noted for its scenery but "it is not equal to the view along the route of the C. P. R.," said Mr. Bunnell concerning it.

SWEDEN TAKES ACTION OVER HER RECENT LOSSES

Germany-bound cargoes Confiscated and Other Precautions Taken.

London, Sept. 18.—The steamer Juno of Gothenburg, laden with 900,000 pounds of lard, was stopped by order of the Swedish authorities as she was about to sail ostensibly for Stockholm, according to a Keuter despatch from Malmo. It was suspected that she was bound for a German port. The Swedish Steamer Arrow which left Malmo a few days ago for Stockholm with a cargo of oil and oats is reported to have been seized by German torpedo boats and taken to Sweden, the German authorities announcing their readiness to pay for the cargo.

In consequence of these incidents a decree was promulgated yesterday by the Swedish government directing that hereafter no goods, the export of which is prohibited, shall be transported from one Swedish port to another by water, but solely by rail.

ONLY ON SUCH TERMS CAN HE RETAIN FRIENDS

He Has in the U.S.—Policy of Murder Will Lose Them.

London, Sept. 18.—Continued tension between the United States and Germany is attributed by The Times in an editorial to the machinations of Ambassador von Bernstorff. The paper refers to his reported opposition to a Franco-British loan and the latest developments in Germany's justification of her submarine activities as showing that the relations between the two countries are again critical. The Kaiser, says the Times, appears to agree with the late Mr. Barnum that the American people like to be humbugged, but we fancy he has chosen both the wrong subject and the wrong time for exercising his faculty in deception. He can retain the friendship of the people and the government of the United States if he abandons altogether his campaign of murder on the high seas. In the long run he cannot we believe retain it on any other terms.

DIVISION OCCURS OVER QUESTION OF MUNITIONS

British and French Agents Met Commission in Secret Again To-day in Effort to Adjust Differences—Opposition to Including Munitions of War.

New York, Sept. 18.—The two parties to the negotiations looking to the creation of a mammoth credit loan here to Great Britain and France met in secret again to-day in an effort to adjust their differences over this question. Shall the big credit—billion dollar or otherwise—provide funds for the payment of munitions of war as well as wheat, cotton and other commodities, or shall a separate and distinct method be adopted in settling negotiations on behalf of Great Britain and France, are said to want the credit to take care of munitions.

The American bankers—or what appears to be a majority of them—apparently do not. In their camps, however, there is marked division of opinion, while the commission is reported to be unanimous.

Upon the following things both parties are said to have reached an agreement: The life of the loan is to be five years, ten years, or from five to ten years, as may be deemed advisable later; the form of the bonds, which are to be first liens (first mortgage) bonds on Great Britain and France jointly, it having been agreed that there shall be no collateral.

On the other hand there is an apparent disagreement on these features of the proposed credit: The question of including munitions of war; the matter of Russia's participation and the interest rate. The last named, it is said, however, is practically settled, as the commission has taken the positive stand that Great Britain and France will not pay more than a straight five per cent interest rate, bankers and investors to obtain the bonds on the same terms. If this be the case there will be no underwriting syndicate, no fees for placing the loan and the subscription books will be open to all comers, pro-German or pro-Ally.

New Austrian Move Against Serbians is Increasing in Extent

Nish, Serbia, Sept. 18.—The new Austrian movement against the Serbs is increasing in extent, after the long interval of inaction on this front. Announcement was made at the war office to-day that three attempts to invade Serbia had been repulsed. The statement follows: "The enemy thrice attempted to cross the Save during the night of

September 14, but was repulsed each time by our infantry. "On the 15th we levelled fortifications of the enemy along the Danube front, at its confluence with the river Pak, and toward the village of Bejanja, near Sauska, on the Sava front."

Philadelphia has a special school for tubercular children on scientific principles.

PRINCIPLE VIRTUALLY MUTUAL

Both U.S. and Germany Agreed Upon Essentials of Policy.

Berlin, Sept. 17.—American Ambassador Gerard yesterday called on Dr. Gottlieb von Jagow, the foreign minister, presumably in connection with the situation surrounding the sinking of the White Star line Steamer Arabic by a German submarine and the opening of negotiations on the submarine problem. No definite information is obtainable, however, concerning the subjects dealt with.

Nothing can be learned here, which goes to confirm the statement made in a Washington despatch that it was the intention to open conversations between the two countries on the submarine situation, but officials generally assume that the news is correct and express the belief that the difficulties between the United States and Germany would be on a better way toward settlement by such a method. Differences in viewpoints which are only stiffened when laid down in formal notes can, it is generally believed by the officials, be more easily adjusted in formal conversations and all the more so, they say, because the fundamental differences of policy have largely disappeared under the new instructions regarding attacks on passenger steamers.

The United States and Germany it is declared, appear to be now in substantial agreement on the principle involved and it is now largely of adjusting causes like the Arabic in conformity with that principle. Germany, it is believed, will be ready to consider testimony bearing on the point of how far the captain of the submarine was justified in his belief that the Arabic was bent on attacking the submarine and that in conversations she will have the opportunity to satisfy the American Government that his policy and practice under present conditions will harmonize in the future.

MORE TERRITORY FOR BRITISH FLAG IN ARCTIC REGIONS

Stefansson Reports New Land and is Preparing to Seek New Scenes.

Nome Alaska, Sept. 18.—Vilhjalmur Stefansson, the Canadian explorer, who was believed lost in the far Arctic, not only is alive and well, but has discovered a new land in the Arctic, an accomplishment practically every purpose for which his hazardous journey was undertaken, according to word brought here by the power schooner Ruby, which arrived yesterday from Herschel Island, Stefansson, with two companions, Storker Storkersen and Ole Anderson, set out from Martin Point, Alaska, on March 22, 1914, over the frozen Polar Ocean to search for supposed new lands in the Beaufort Sea. Capt. S. F. Cottle, master of the Ruby, says that Stefansson is now on Bank's Land, east of the Mackenzie River, outfitting for continuation of the exploration to the westward to ascertain the full extent of the new land and the land played annie laur Prince Patrick's Land. Stefansson discovered a continuation of the continental shelf several degrees west of Bank's Land and even determined its southern limits, but was unable to continue his explorations to the north and west.

NORTH FOR 90 DAYS Stefansson told Capt. Cottle that after leaving the supporting party on the ice north of Martin Point, he and his "hardy companions set their faces to the north, but after continuing their journey for 90 days they decided to return to land. They turned back and landed on the mainland at a point near which the power boat Mary Sachs, of the Stefansson expedition, was wintering. Here the three men outfitting for another three months' trip. They again went upon the ice, going north and west and discovering the continental shelf. Stefansson spent some time exploring his new find, but at length, owing to scarcity of provisions, was compelled to set out on his return journey to land.

The men had been on the ice for nearly seven months. The return to shore was accomplished with great difficulty. The men subsisted on the most meager rations, but kept moving day after day. The dogs were also (Continued on Page 4)

NEW OFFENSIVE PLANNED FOR CENTRAL EMPIRE

Big Smash Anticipated on Some Front, Perhaps Italy or Serbia.

Rotterdam, Sept. 17.—For several days no newspapers from Austria or Hungary have arrived, while business men in Holland have had great difficulty in communicating with those countries.

This opinion is based not on deductions from military situation, but on reports which have reached here from absolutely reliable sources of what is being said by high German officers in Belgium who may be considered as knowing something of the mind of the general staff.

But it is significant that these prophets are not discussing any operations in which they as a part of the occupation in Belgium and France are likely to take part.

WEST BRANT. Tired Mothers. It's hard work to take care of a child, to cook, sweep, wash and mend besides.

LOCAL NEWS ITEMS

IN HAGERSVILLE

Major Gordon Smith left this morning for Hagersville to attend an Indian liquor case there. He will return to-day.

HAD MISHAP

Johnny Partridge, one of the boys of the Courier office, was run into by an automobile last evening and the wheel he was riding smashed. He also was quite badly hurt, but not seriously.

PRESENTED UMBRELLAS

The bowling competition for home nights at the Pastime club, was won by Messrs. Tom McPhail, R. J. Howke, Geo. F. Jackson and A. E. Young. Last night, at the club house, the prize, a beautiful umbrella, was presented to each of the winners with appropriate ceremonies.

PRESENTATION

Mr. Ernest Holly, who has enlisted in the 32nd Battery, was the recipient of a case of pipes, tobacco and a hat, presented by the Pastime club. The presentation was made by Mr. Geo. Sager, president of the club, and representatives from the other bowling clubs in the city were also present to add their congratulations and good wishes.

A PLEASANT TIME

The officers and members of the regiments mess of the Dufferin Rifles turned up 7 risks of bowlers yesterday afternoon. Games and races were indulged in and the first prize was given by the president to Miss Glen Burnham for bringing in the largest number of members during the term. Miss Mona Lavelle took the prize. The "W" girls are to be congratulated on the work of the term.

HELD PICNIC

The Loyal Temperance Legion held their picnic at the O. S. B. grounds yesterday afternoon. Games and races were indulged in and the first prize was given by the president to Miss Glen Burnham for bringing in the largest number of members during the term. Miss Mona Lavelle took the prize. The "W" girls are to be congratulated on the work of the term.

IS RECOVERING

Mr. John Buskard, who recently underwent an operation at the hospital has sufficiently recovered to be able to walk around with the aid of a cane. His foot is still in splints, and it will be about three weeks before it is completely healed again.

FOUR CORN ROASTS

The four corn-roasts held at Mohawk Park yesterday. Several public school teachers were in one group, a class from the First Baptist Church in another, several of Crompton's employees formed a third and Mr. Myring's class of Grace Church formed the fourth group. A splendid time was held by all.

TWO BUILDING PERMITS

Two building permits were issued this morning in the city engineer's office. William McMeans, of 261 Clarence street, was given a permit, and he will erect a frame shed at a cost of \$20. J. H. Lawson, of 40 Spring street secured the other permit, and he will erect a frame open shed for wagons, etc., at \$25 cost.

PUT ON CONCERT

Mr. J. T. Whittaker, Mr. W. Byres and Miss R. Pyle of this city, will put on a concert at the Newark Methodist church, Norwich, on Monday. It is the anniversary day at the church and Mr. Whittaker has been asked to provide the entertainment. The excellent orchestra of the Grand Opera House was requested, but it cannot be present.

ASSOCIATION WEEK

Last evening at the Board of Directors meeting at the Y. M. C. A., the programme for "Association" week was read and approved by the board. Dr. Chas. E. Barker, formerly private physician to ex-President Taft will spend a week in the city, and conduct his Health and Happiness Campaign. Several large factories, several stores and the Board of Education will co-operate and help the doctor to make his campaign a success.

Large advertisement for Neill Shoe Company, featuring 'Special Bargains for SATURDAY' and listing various shoe models and prices.

SPLENDID EVENING

The band concert held last night in Victoria Park by the Duerin Rifles band, under Bandmaster Johnson, split success in every way. Huge crowds gathered, and if the immense concourse that almost blocked the vicinity is a criterion of the wishes of the public, concerts are needed often. The bandmaster was put to considerable trouble by young people talking and behaving noisily. It is a regret that such should have marred an otherwise delightful evening.

NOT THE 25TH

A rumor has got about town that some of the Brant Dragoons (red coats) had been moved to Hamilton. That is not the case, according to Q. Master Plummer, who is still in Brantford. The 2nd Dragoons, however, went to Hamilton a few days ago, and it is believed, are still quartered there.

REAL MILITARY LIFE

The Paris section of the Brant Dragoons, about 20 strong, who usually return home over the week-end, will march in a body from Paris Monday morning, and will meet the remainder of the men from Brantford about half way between the pieces. All will then go through company and platoon drill amidst truly rural surroundings.

AN EARLY RUN

The police patrol wagon had a run this morning at about 4 o'clock to a house on Clarence street. In the court this morning as a result of the raid, Thomas Aird, a billed man, was fined \$10 and costs, amounting in all to \$12.85. He was also accused of assault, but was allowed to go with a severe warning. His companion, John Moffatt, also a billed man was fined \$10 and costs for drunkenness.

PLAY AT HAMILTON

The Junior Stars, champions of the Junior City League, journeyed to Hamilton to-day to play an exhibition game with the Knox Church team of that city. During the season the Stars have won 28 and lost 4 games, a creditable showing. Walters and Williams will likely be the battery for the Stars.
