

The Acadian

Vol. XXXIX. No. 27.

WOLFVILLE, NOVA SCOTIA, FRIDAY, MARCH 26, 1920.

\$1.50, payable in advance.

The Civic Club

There was a fairly good attendance of citizens at the meeting of the Civic Club last Friday evening, including a good proportion of ladies.

In the absence of the president, Dr. Cutten, the vice-president, occupied the chair.

The first matter taken up was the proposed amalgamation with the Board of Trade. Considerable discussion was had after which it was decided to "carry on" as at present.

Dr. Coit, the chairman of the Town Beautifying Committee, reported on the school exhibition to be held next year. Next year's exhibition will be open to children in other sections in Eastern Kings and the prize list will be fuller and the show more attractive. A good supply of seeds will be at once secured and supplied to the children at cost.

Mr. E. Percy Brown read the report of the School Committee regarding supervised play-grounds. It was proposed that arrangements be made for a plan for supervised play-grounds in Wolfville during July and August. The School Board will be asked for the use of the school grounds and buildings for the use of girls and boys under ten years of age. Necessary equipment for games and sports will be provided and a supervisor will be constantly in attendance. For the older boys an application will be made to the College authorities for the use of the campus which will probably be secured as in former years.

Greenwich Notes

The Greenwich Community League and their friends were well represented at the second series of Dominion Atlantic Railway educational films displayed at the Hall on Thursday evening of last week. The films projected comprised: parts of a bee hive, wintering of bees, raspberry culture, box packing of apples, community canning.

Before the showing of films on bees Mr. Craig lectured for thirty minutes on the practical work of bee-keeping, and during the projecting of the films he explained in detail the various stages. Mr. Murphy, the Industrial and Colonization agent of the railway, in his address on the need of greater production, referred to the interest the management of the road was taking in agricultural development and to the extent the company was willing to go to assist in marketing the crops. In the vital question of farm labor it was pointed out that the Nova Scotia government would secure all needed if applications were made to W. B. McCoy, of the Government Department of Colonization.

Last Friday an eastbound freight train was ditched two miles west of Hantsport, eight cars being piled up. Fortunately no lives were lost. The accident was the result of the late freshet. The eastbound express from Yarmouth transferred her passengers and mail to the westbound afternoon train from Halifax, and each train returned to its starting point the passengers and mail arriving only a few hours late. The track was cleared and trains running as usual on Saturday.

Minard's Liniment Cures Garget in Cows

Acadia Girls Win Debate With Mt. Allison

BUT MT. A. WINS IN BASKETBALL

Accepting the challenge extended to them by the Mt. Allison University girls the Acadia girls' debating team went to Sackville last Friday and upheld Acadia's debating record by defeating the Mt. A. girls. The subject was: "Resolved, that a legislative union of the Maritime Provinces on terms alike equitable and agreeable, would be advantageous." The Mt. Allison team, consisting of Misses Humphrey, Peacock and Kempton, supported the resolution; and the Acadia debaters, Misses Parry, Fitzpatrick and Verge, took the negative. Both teams presented their arguments in a clear, concise manner, but the judges decided in favor of the Acadia girls. The judges were Rev. Mr. Ramsay, of Moncton; Rev. Mr. Walker, of Amherst; Principal Dav's, of Truro.

The debating team was accompanied by the girls' basketball team which played a game with the Mt. Allison girls. Throughout the game the Mt. A. girls showed their superior skill and knowledge of the game, and although the Acadia team put up a hard fight, the Mt. A. girls won by the score of 50-15. The lineup for the match was as follows: Acadia

Hazel Morse Frances Dargie

Kentville Notes

The Town of Kentville is installing a motor chemical for the fire department, which will prove a great addition to the fire protection apparatus.

A forty foot extension has been added to the Dominion Atlantic Railway Station, the upper section to be utilized for railway offices and the lower for dining-room. The original dining room will fill the requirements of a lunch counter.

Nova Scotia Board of Commissioners of Public Utilities NOTICE

A sittings of the Nova Scotia Board of Commissioners of Public Utilities will be held at its office, Technical College Building, Halifax, N. S. on Tuesday, the 6th day of April, 1920 at the hour of eleven o'clock in the forenoon for the purpose of considering the application of the Gaspereaux River Light, Heat & Power Co. Ltd. for leave to issue 250 fully paid and non-assessable shares of its capital stock, and 50 of its first mortgage 7 per cent bonds of \$1,000.00 each.

All persons desiring it will be given an opportunity of being heard at such sittings.

A copy of the application may be seen at the office of the Board, Technical College Building, Halifax, N. S., or at the office of the Gaspereaux River Light, Heat & Power Co. Ltd., at Power House White Rock, N. S.

By Order of the Board,
L. B. TAYLOR, Clerk.
Halifax, N. S., March 20th, 1920.

Former Wolfville Boy Wins Lecture by Captain Chute

The Boston Post has recently been conducting daily Limerick contests, the contestants being required to supply the last line to the limericks submitted. The writer of the best "last line" for limerick No. 46 was Rev. Ralph M. Jones, a former Wolfville boy. The limerick as completed by Mr. Jones was as follows:

Solomon was the world's wisest king

(So they said), for he knew ev'ry-thing.

But a wager I'll try

That he couldn't tell why
Any wise man should want to be king.

The following is what the "Post" has to say of Mr. Jones:

"Viewed in the light of the twentieth century, aspiration to kingship is indeed a mystery. Such is the thought aptly expressed in the last line published above, which was selected by the judges as the best submitted for Limerick No. 46. It was written by the Rev. Ralph M. Jones, South Main Street, Chester, Vt.

The Rev. Mr. Jones has been a resident of Chester for 13 years, holding the pastorate of the First Baptist church. He is a native of Wolfville, Nova Scotia, where he lived the early years of his life and where he received his education. He is a graduate of Acadia and Rochester colleges.

Get your Easter cards at THE ACADIAN store.

The people of Wolfville will have a chance to hear Capt. Arthur Hunt Chute this (Friday) evening when he will deliver a lecture in College Hall entitled "Our Own Country, at War and After." Capt. Chute has an enviable reputation as a speaker and his address this evening will undoubtedly be most interesting.

Since returning to Nova Scotia from New York Capt. Chute has spoken in several towns of the province in the interests of the Old Home Summer. He recently spoke before the Commercial Club of Halifax, Tuesday evening he delivered an address in St. John, N. B., and Wednesday he spoke at Yarmouth. On Monday evening he is to address the students at St. Francis Xavier University, at Antigonish.

The proceeds from the lecture this evening will be divided between the G. W. V. A. and the Acadia Memorial Gymnasium. The Scout Band will be in attendance and furnish music.

Miss MacDonald's Recital

The Social and Benevolent Society of the Baptist church beg to announce that on Friday evening, April 16th, in College Hall, Miss Ruth Blaisdell MacDonald, soprano, will give her recital. She will be assisted by Miss O. Marie McC. Wilson, contralto, of Wolfville, and Miss Beryl Louise Blanch, pianist, of St. John, N. B. Particulars as to tickets, etc., will be given at a later date.

In the Police Court

In the police court on Saturday morning last three offenders were up before Stipendary Crawley on the charge of being "drunk and disorderly" on the streets. Ten dollars or twenty days was the penalty imposed in the case of two who had previously been before his honor. The other got off at five dollars, it being his first appearance. All were questioned as to the source of the liquor obtained. One claimed that he had purchased the bad stuff from a stranger in Windsor the day before, while the others frankly admitted that they had obtained it from a stranger on the street, a man whom they had never seen before or after, and came from they knew not where and departed in the same direction. One of the offenders got an additional fine of five dollars for resisting arrest and another a fine of two dollars for doing ten dollars damage to jail property, which he was also required to make good. All the fines were promptly paid.

Thirteen persons were injured, some seriously, when the Halifax and South Western express was derailed 14 miles from Yarmouth Monday morning. The parlor car and one of the first class coaches left the rails and went down over the embankment, while another first class coach was partially overturned.

"Save the surface and you save all" Paint & Varnish

Safeguard Your Roof

B-H Shingle Stain

THE roof is an important item—it "makes" or "mars" the whole structure. In shingle-roofed houses it is even more necessary to see that it is in good regular repair, because once a roof commences to decay a general deterioration of house-value is the immediate result.

To ensure a permanent durability, as well as an added appearance, use

B-H Shingle Stain

either as a mixture in which shingles are dipped or as a stain to apply to the completed roof.

It comes in all colors, and gives a tough, durable "seasoning," besides contributing largely to the artistic effect of your home.

Like every other B-H product, the B-H Shingle Stain is first choice among people who know good paint.

Lift Nova Scotia Out of the Mud

The road between the farm and the town all over Nova Scotia which has to carry a large share of the agricultural products of this Province has come to be a muddy, rocky, uncomfortable bit of highway. Those who travel it, coming or going, find it well nigh impossible.

What's more, folk at both ends of the line are mostly engaged in scolding each other and blaming each other for the condition of this road. As a rule the man at the country end feels that the man at the town end is to blame for the mud and ruts and rocks, while the man at the town end has quite the same opinion of the man at the country end of the road.

Once in a while the man at one end of this road takes his pick and tries to fill up some of the ruts and pick off some of the stones. Occasionally the same thing occurs at the other end. But the result is far from satisfactory. The road keeps getting muddier and rougher, until now all are seriously asking themselves what can be done really to lift the road up out of the mud, to help both consumer and producer, so that all will have a living chance.

One thing is just as certain as can be—before any great change for the better can come, men will have to understand each other better. As long as the stuffed club method prevails the same old conflicting ways will exist. We need to get together—men of the farms and men of the towns—sit down together and calmly talk things over, to get each other's view point more clearly, to gain an insight into each other's problems, to find out what we can do to make the going better and easier for each other.

To quit knocking, to get together and to work together, is the right and only way to make the road from farm to town good and smooth and easy to travel.

Notes and Comments

A prominent writer says the world is suffering more from the high cost of loafing than anything else.

Mount Allison University will close this year on May 17, 18 and 19. There will be a grand re-union of former students.

The population of Russia is estimated to have decreased 35,000,000 since 1914, owing to the war, famine and disease.

His Royal Highness the Prince of Wales has consented to become honorary commandant of the Royal Canadian Mounted Police.

The salary of the British Ambassador in Washington will be \$12,500 and his allowance for entertainments will be \$87,500—a neat \$100,000 in all.

Aberdeen, Scotland, is popularly known as the Granite City, from the fact that it has more buildings of solid granite than any other city of its size in the world.

Nearly 1,000,000 foreign-born laborers have returned to their native lands from the United States since Armistice Day, and it is reported that 1,000,000 more are ready to go.

How to Purify the Blood

"Fifteen to thirty drops of Extract of Roots, commonly called Moller Seigel's Carative Syrup, may be taken in water with meals and at bedtime, for the cure of indigestion, constipation and bad blood. Persistence in this treatment will effect a cure in nearly every case." Get the genuine at druggists.

Locomotor Ataxia Yields TO

PHOSPHONOL TREATMENT

The remarkable efficacy of this advanced scientific method of treatment is demonstrated in the case of a patient who secured a box of Phosphonol less than a month ago. This case was a man 50 years old, who had been afflicted with locomotor ataxia for more than four years. He came shuffling into a drug store on his cane which "announced" his entrance as he painfully labored to a chair. This man told the old sad story of a fortune wasted in "doctoring" and "cures," trying to regain health. After only three days' treatment, this same man came back a different man. He was able to walk unaided for the first time in more than a year. His eyes spoke the gratitude his tongue could not express. For the past week this man has been working in his store. He was able to scrub the floor unaided. He does not use his cane any more. His step in walking is almost brisk. At the rate of his remarkable improvement this man should be entirely well within a short time. His name and address will be given to any one interested on application. This is only one of many dreaded ailments which have yielded to Phosphonol.

Sold at all good drug stores or by mail from The Scobell Drug Co., St. Catharines, Ont. Prices \$3.00 a box, or 2 for \$5.00. Don't waste your money in cheap remedies. Get one worth while.

Canada's Trade is Increasing

An increase of \$103,926,830 in the grand total of Canadian trade for the eleven months of the fiscal year ending February 29, as compared with the same period last year, is shown by the monthly statement issued from the Customs Department. For the eleven months which ended on February 29 last, the total of Canadian trade, both imports and exports, was \$2,110,548,504, while for the same period in 1919 it reached a total of \$2,006,621,672. The increase in imports during the eleven months period, as compared with the previous year, is \$77,324,941, and in exports \$29,987,795.

Imports for the 11 months of the present fiscal year totaled \$922,018,804, and exports for the same period totalled \$1,146,449,238.

Willie was in bad temper. His mother had just discovered there was not a clean nightshirt ready for him to wear.

"Never mind, Willie," she said, consolingly. "You will have to put on one of your sister's nightgowns to-night."

"What, a girl's?" snorted Willie, drawing himself up haughtily.

"Yes, why not?" asked mother.

"I won't wear it!" declared the small boy. "I'd rather go to bed raw!"

In Nova Scotia the "rule of the road" requires teams and autos in passing to turn to the left. In the United States they turn to the right. It has been proposed to change our rule. The Auto Association of Nova Scotia has been holding a vote on the question. So far the vote stands 252 for the change and 19 against it.

The Day of Automobiles

The wonderful development of the automobile business in Canada, and the enormous increase in the use of this comparatively modern mode of locomotion and traffic since the days immediately preceding the war, are illustrated by the number of registrations made in the different provinces of the Dominion each year from 1913 to date. In the entire Dominion only 50,498 cars were registered in 1913, of which total Ontario contributed 23,700. The sister province increased this number in 1918 to 109,374, and estimates at least 140,000 for 1919. The total number registered in all Canada in 1918 was 269,727, while the estimated total for 1919 was 352,700. The province of Quebec had only 5,452 automobiles in 1913, but had increased the number last year to 28,338, and the estimated registrations for the current year is 40,000. It is noticeable that since 1912 the number of cars in use has approximately doubled every two years.

In the United States the greatest increase in the use of motor cars has been in the agricultural districts. The farmer has found the motor so helpful that it is now as much a necessity as other modern farm implements. In many parts of Canada, the experience is similar, the records of motor vehicle registration showing the largest increase in the use of cars to be in the agricultural districts. While the same fact, within the last few years, has been increasingly true of the province of Quebec.—Quebec Telegraph.

"Did you hear what they do with ferryboats when they're late?"

"No; what do they do?"

"Dock'em."

Am I a Coward?

It is only imperfection that complains of what is imperfect. The more perfect we are the more gentle and quiet we become towards the defects of others. Why is it so many capable women are afraid of coming forward and taking part in our meetings or holding office. Is it not because they dread the harsh criticism, and the fact that they will be misunderstood many times when they are doing their best from the very purest motives. Their sensitive souls shrink from the rough touch, and they go through life burying their talents and allowing other women to carry their burdens, to do far more work than they should do because they cannot face the foe.

When we question ourselves closely we know this is cowardly. I have heard splendid women say: "I could not bear to hear my name spoken of through the town, as interfering with this and that and being called a busy-body. I have always prided myself on being called a 'person who always minds her own business.'" But is not this your own business? Being about your Master's work, doing all we can to put down wrong and advance His Kingdom on earth.

Remember, good people will not complain of you. It will be the imperfect—those who do not wish to see things better. Do you value their opinion so highly that you would fail in your duty just to please them? Let us all be busy-bodies where evil is concerned, or we do not deserve to be called Christ's followers.—Canada's White Ribbon Bulletin.

Since lumber and paper concerns have commenced business at Edmundston, N. B., the town has seen an unprecedented period of commercial activity. A town manager has been appointed from the staff of the Provincial Department of Public Works.

MADE BY SCOTT & BOWNE
 MAKERS OF SCOTT'S EMULSION

After Effects of Influenza Often Serious.

VICTIMS ARE LEFT WEAK, TIRED AND MENTALLY DEPRESSED— TONIC TREATMENT IS STRONGLY RECOMMENDED.

No pestilence in years has caused more widespread suffering than the epidemic of influenza which swept over Canada in the fall and winter of 1918-19 and again this winter. The danger from this trouble is seldom over when the characteristic symptoms, the fever, headache and the depression of spirits have passed away. Influenza leaves behind it weakened vital powers, thin blood, impaired digestion and over-sensitive nerves. Men and women who were robust before stricken with influenza find their bodies racked by pains previously unknown to them. This condition is due to an abnormal thinning of the blood and leaves the system an easy prey to other serious troubles. This is the time when the convalescent from influenza should build up the blood, with a reliable blood-making tonic such as Dr. Williams' Pink Pills. Weak blood means impoverished nerves, impaired digestion, a feeling of tiredness after even slight exertion, and sometimes even more serious symptoms. When the blood regains its rich red quality the nerves recover their strength and the organs of the body function naturally. In fact building up the blood will vitalize the whole system.

The experience of Mr. Andrew Marty, Bathurst, N.B., will prove of value to a host of influenza sufferers who still suffer from the effects of the disease. Mr. Marty says: "The new life and consequently new hope brought into my life through the use of Dr. Williams' Pink Pill is almost beyond my power of expression. Following a severe attack of influenza in 1918 I found myself failing rapidly in health, and was naturally much alarmed. I began to lose in weight, could not eat, did not sleep well, and in a word I was reduced to a mere shadow. I was forced to discontinue work because of my weakened condition and things had a very blue outlook.

I tried a number of suggested remedies, but without benefit. And then one day Dr. Williams' Pink Pills were suggested to me. I acted on my friends' advice, began taking these pills and soon felt an improvement. Every day I seemed to grow stronger, and after four weeks' treatment I felt fully restored to my old-time health. From my own experience I feel that, if given a fair trial, there is no medicine superior to Dr. Williams' Pink Pills in building up a run down system.

Dr. Williams' Pink Pills are a tonic not a stimulant. They build up the blood, and not only the disastrous after effects of influenza but also troubles due to poor blood, such as anaemia, indigestion and the generally worn-out feeling that affects so many people, disappear. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Numerous stories have been told respecting the powers of endurance of the ordinary toad. Many people have been incredulous of the truth of such statements but an authentic instance of this character occurred recently in Nova Scotia. A barrel of run-of-trees apples was opened recently at the Nictaux fruit warehouse which had been headed up on the first day of October, 1919. A toad tumbled out along with the apples and hopped about briskly, apparently none the worse for a confinement of four months.

Over One Hundred Thousand and Dollars Damage

TO BRIDGES IN ANNAPOLIS COUNTY—FOUR STEEL, TWO WOODEN, AND AT LEAST A DOZEN OTHER BRIDGES DEMOLISHED

According to an official of the Provincial Highways Board, the minimum amount of damage done to bridges in Annapolis County alone during the recent flood, will be one hundred thousand dollars, probably aggregating a much higher sum, and it may be several months before vehicular traffic across the Annapolis and Lequille rivers can be resumed. However, it will be impossible to appraise the exact financial loss to the province until the water has subsided and the substructures, the most costly part of a bridge, may be examined. Four steel bridges, two wooden bridges, and at least a dozen smaller ones were demolished to a greater or lesser degree.

The largest loss was in the bridge across the Annapolis River at Bridgetown which is of steel and has a 150 foot span. The abutments were washed away but, as far as can be ascertained, the substructure escaped serious damage. The steel bridge across the same river at Lawrencetown was swung higher and escaped, but the 112 foot wooden bridge at Brickton floated gaily off with the torrent. Gates Bridge, which flings a 60 foot steel across a back channel of the Annapolis River at Middleton, also suffered. The Bear River Bridge which lost an abutment as well as the superstructure is the 60 foot steel structure at the village itself; not the long bridge on the highway between Annapolis and Digby as was at first reported.

On the Lequille River, General's Bridge, a 36 foot car-truss bridge, lost its substructure and, on the same stream, the "Three

Editorial Jottings

About 400 delegates are in attendance at the Dominion convention of the Great War Veterans' Association at Montreal this week. Nova Scotia is represented by 30 delegates.

The main estimates for the coming fiscal year were tabled in the House of Commons on Saturday. They provide for heavy reductions in public expenditure as compared with last year's estimates of \$900,000,000. The total of the estimates for 1920-21 is \$537,428,000.

The following bills passed the third reading in the House of Assembly on Monday: "An Act constituting an Electric Light and Power Commission for the town of Wolfville"; "An Act to amend Chapter 132 of the Act of 1907, to permit the town of Wolfville to borrow money for electric light and power purposes".

The townspeople of Windsor have subscribed about \$12,000 towards the rebuilding of King's College; other large sums are promised when the decision has been reached to rebuild. About \$200,000 is needed altogether. Great efforts are being made by the "Friends of Kings" to put the college on the old site, and it would appear that their enthusiasm will be crowned with success.

Scouts and Tuxis Boys.

The Boy Scouts will meet as usual at 6.45 this evening. There will be a rehearsal for the Annual Entertainment.

At 8.45 there will be a special meeting of the Tuxis Boys. A full attendance is requested as special business will come up.

On the evening of March 6th, Mr. Ira P. Moses, who is employed with Mr. Robert Stirling, met with a painful accident. As he was walking into town about 8 o'clock he was struck and run over by a passing sleigh. He was badly bruised and his head cut necessitating two stitches. Mr. Moses is a native of Yarmouth county but has been living in Wolfville for some months.

The friends of Rev. E. D. Webber, formerly pastor of the Wolfville Baptist church, will regret to hear that severe throat trouble has made it necessary for him to suspend his labors for a time. He is at present a patient at the New England Sanitarium, Melrose, Mass. The First Baptist church of Haverhill, of which he is pastor, is hoping and praying that the time of his enforced rest may not be unduly prolonged. Maritime Baptist.

... "A Midnight Romance" ...

COMING TO

THE OPERA HOUSE

FRIDAY and SATURDAY THIS WEEK

"A MIDNIGHT ROMANCE" is a Special Seven Reel Melodrama of unusual interest, and the Star.

Anita Stewart

is a winsome actress and a beauty, too.

The Photoplay was directed by a woman, Louis Weber.

Anita Stewart in "A Midnight Romance" plays the part of a mysterious beauty, one of the survivors of a shipwreck, who, in spite of her charm, claims to be but a common servant. Slipping away from the hotel late one night she meets wealthy young Roger Sloan while enjoying a lone dip in the surf. Then she disappears. He finds her again at his hotel, clad in shimmering silks. Then trouble starts! A real thriller; a beauty, too.

Don't Miss the Vaudeville Also.

Show Starts at 7.30. Prices 20c. and 30c.

MEATS

Fresh Beef, Pork and Veal, Ham 50c. lb., Bacon 55c. lb. Fresh Sausage, made three times each week, 30c. lb.

FISH

Fresh Cod and Haddock, Finnan Haddie, Fillets, Bloaters, Kippers, Salt Mackerel, Salt Herring, Boneless Cod.

YOUR FISHING OUTFIT

It is not too early to think of that Fishing Trip this spring. Now is the time to get your Gear in shape. We have just received a large shipment of everything you will be needing. Come in and look over our large assortment.

Items of Local Interest

Sunday was the first day of spring

The Wolfville Red Cross Society has donated \$25.00 to the Armenian Relief Fund.

The Big Sale starts Saturday at the Cash and Carry Grocery.

The Ladies' Bridge Club was entertained on Tuesday evening at the home of Mrs. David Thompson.

FOR SALE.—Place at Grand Pre. Phone 173-4.

The ladies of the Presbyterian church will hold a Pantry Sale this (Friday) afternoon at H. E. Blakeney's Book Store.

WANTED.—Maid for general house work. Apply to Mrs. D. S. HART.

Rev. F. H. Bone, of Bear River, has announced his acceptance of the pastoral charge of the Central Baptist Church, St. John, N. B. He will commence his new duties about May 1st.

Extra fine Easter post cards, 3 for 10 cents, at THE ACADIAN store.

We understand the Stackhouse Bros. have available about forty-five building lots, being a part of the old De Wolfe property which is considered one of the most beautiful and desirable in the town of Wolfville.

Special Sale at the Cash and Carry Grocery. All stock must be sold out by first of April. Our prices have been very low but during this sale the majority of prices will be below today's wholesale price.

Rev. Mr. Watts, who was indisposed last Sunday, expects to take his work on Sunday next, the 28th. Morning subject, "Soul Winning." Evening subject, "Repentance." Services at 11 and 7. Greenwich, 3 p. m.

FOR SALE.—At a bargain, a second hand Grand Square Piano. Inquire of Box 322, Wolfville.

GENERAL MAID WANTED.—A capable general maid in a family where there are small children. Highest wages paid, references required. Apply either in person, by phone or letter, to Mrs. H. H. Marshall, Greenwich, Phone 12-1.

WANTED.—Second-hand Baby Carriage in good condition, Apply to P. O. Box 315.

The death took place at Guelph Ontario, on March 20th., of James G. Baker, of Yarmouth. He had been there under special medical treatment. He was a brother of Mrs. Rupert E. Wickwire of this town.

No formal Millinery opening will be held at Miss Saxton's this Spring. Instead, beginning Monday, March 29th, every day will be show day, to which all are cordially invited.

We learn that the congregation of St. John's church has purchased from Mr. Van Zoost the property at the corner of Main street and Locust avenue. They intend making extensive changes and improvements, which will include converting the lower floor into a fine hall for church purposes.

Visit the Cash and Carry Grocery on Saturday and buy a good supply of groceries.

Dr. MacDonald has now been pastor of the Baptist church for a period of six months and has already fitted into the life of the town and into the hearts and activities of the parishioners to a remarkable degree. The large auditorium is filled twice daily on Sundays. Last Sunday evening the Choral Club consisting of forty members of the Seminary and College, sang several selections. Special meetings for the students are being held in College Hall every evening this week.

We have a splendid assortment of Easter cards and folders, with envelopes to fit, at THE ACADIAN store. Price only ten cents each.

Personal Paragraphs

Mrs. N. Evans, who has been very ill since the 12th of the month, is slowly convalescing.

Mr. and Mrs. R. W. Harnish, of Halifax, spent the week end at the home of Mr. and Mrs. F. W. Barteaux.

Mr. W. B. Bishop, made a brief visit to old friends in Wolfville this week. He is always a welcome visitor.

Miss Shaw, who has taken the position of milliner with Miss Saxton, arrived from Boston on Saturday last.

Miss Mary Black, who has been one of the vocational training instructors at the Provincial Sanatorium, Kentville, for some months, has been transferred to the Nova Scotia Hospital, Dartmouth.

Mr. and Mrs. Brent Eagles left on Monday for Rocky Mountain House, Alta., where Mr. Eagles has secured a position. He is to have charge of the gents' furnishings department in a big department store.

Mr. J. W. Smith, who has been on a business trip to Bermuda, returned on Wednesday, visiting Cleveland, Buffalo, New York and other American cities on his way home.

Rev. and Mrs. J. Astbury, of Windsor, were guests at the Methodist parsonage for the week end. Mr. Astbury preached in the Methodist churches in Wolfville and Greenwich on Sunday last.

Parisian Imports

Offers protection from Spring weather By day, Juvax, the peerless Vanishing Cream; By night, Skin Tone Cream is unequalled.

Rose Milk
A preparation of delightfully soothing and cooling properties, is absolutely harmless and its continued use cannot possibly harm the most sensitive skin. Especially appreciated when applied to sunburned parts, sore and chapped hands, etc. If applied immediately after exposure to hot sun, tan and freckles will be prevented. A boon of satisfaction and relief when applied to hands which have suffered from being too much in hot water—restoring the hands to their perfect condition. Absolutely free from all grease or oils.

Do Not Neglect The Bees

(EXPERIMENTAL FARMS NOTE)
The present high price of sugar reminds us that Canada produces natural sugars that are still more valuable than the product of the refineries. Fortunate are those who not only possess bees at this time, but understand them and have supplied their needs.

The early spring months are the most critical period of the year in the life of the bee colony. At the same time, the pressure of spring work of cultivating, seeding, etc. on every fine day on the farm too often leaves the bees forgotten.

There are several reasons why the bees are more liable to be neglected than other things on the farm. Hidden away in their hives they do not require daily feeding like other animals. Such attention as they need is in the nature of a surgical operation, and the opening of the hive is not always anticipated with pleasure on account of the risk of receiving stings. Yet, on many farms, the bees have been found to pay better than anything else, considering the small amount of capital and labour expended.

The principal danger to avoid at this time of year is starvation. If each colony went into the winter strong, with a good fertile queen and a plentiful supply of stores in the combs, the first examination of the hive had better be deferred until the weather is warm and nectar is being gathered. But if the stores are running short, a cake of bee candy or a

comb of honey laid over the combs if the bees are still in the cellar, or, if spring is opening, a superficial examination of the hives on the first favourable day, combs of honey from heavy hives being then given to those that are light, may save the loss of colonies and increase the value of the honey crop by many dollars.

A bulletin on the care of bees may be obtained on application to the Central Experimental Farm, Ottawa.

F. W. L. SLADEN, Apiarist,
Experimental Farm,
Ottawa, Ont.

Spring Weather Hard on Baby

The Canadian Spring weather—one day mild and bright; the next raw and blustery is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house, which is often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or relieving colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

In Canada farm lands have increased \$14 per acre, or about 36.8 per cent.

Hunted.

I hated him because he had a dwelling
And kept a maid and swanked in sinful pride.

While I, in agony beyond all telling,
Sought vainly for a shelter, far and wide.
He bore my woes in philosophic fashion.

Bidding me smile when absolutely beat-
Raising within my heart a murderous passion;

Also he taught me that revenge is sweet.

Then, on a day, I set afloat the rumor
That jolted him from out his selfish groove.

An inspiration of sardonic humor
Put forth the lie. 'He is about to move.'

Straightway there came prospective tenants flocking
In numbers more than human tongue can tell.

His brain was maddened by their frenzied knocking;

His soul was sickened by the ceaseless bell,
Around his home a hungry crowd there mutters

Of gaunt house-hunters frenzied with despair.

In vain he draws the blinds and shuts the shutters,
I whisper in their ears that he is there.

Well has the simple tale repaid the teller.
For he who dared to mock my bitter pain

Now spends the hours of daylight in the cellar,
Nor will he dare to swank with me again.

Canada is now the world's second largest producer of paper. Last year this country produced over 750,000 tons of newsprint, of which 80 per cent. was exported to the United States, and some 5 per cent. to other countries. Only 15 per cent. of the paper produced in Canada is consumed at home. If the present rate of production keeps up, Canada will shortly pass the United States.

Could Not Sleep

Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes:

"For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by overwork. I had frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine cured me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Hayes & Co., Ltd., Toronto.

Advised to Buy Canadian Coal.

Montreal, March 18—The Montreal City Council today adopted a resolution, which after stating that a large portion of the coal consumed in Canada is imported from the United States at prices which are continually increasing while shortages sometimes occur which may become permanent, requests the federal authorities to favor by all possible means the intensive operation of Canada's coal mines.

The resolution points out that intensive operation of Canadian coal mines would remedy to a large extent the above stated inconveniences, have the effect of keeping in the country the large sums of money which are being spent for the purchase of coal, and would provide with employment thousands of people at present out of work.

Eric—May I go out and look at the comet, Mummy?
Mummy—Yes, dear, but don't go too close.

Why Bear Pain?

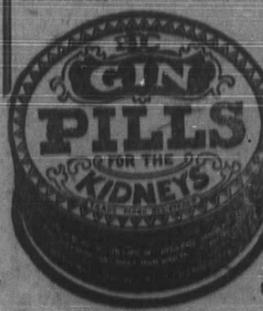

Rheumatic, sciatic, and neuralgic pains—lumbago—backache—headaches—need not be borne. They yield speedily to the soothing, healing action of the most eminent diuretic and kidney-corrective yet produced.

The Passing of the Kings

The day of Kings is past!
Mid toppling thrones the dim procession stalks;
Grim, silent, vast,
That ghostly company. Here Caesar walks,
with bloody brow; and deeper in the gloom
The baffled Corsican; while, weary-eyed,
A murdered Czar, his slain son at his side,
seeks refuge in the tomb.

Anon a living shape flits to and fro,
Uncertain where to go.
And one in frenzy roving, vainly craves
A friendly hand, and wanders low and high,
Afraid to live, but more afraid to die.

The mocking millions echo from their graves:—
"We are avenged at last!
The day of Kings is past!"
The day of Kings is past? How may that be?

There is a little Island in the sea,
That is itself a world.
Behold how young and old make holiday,
With myriad flags unfurled.

For soon the people's King will pass this way.
Ah! see him now! His eye is sad,
his head
Is bowed with sorrow for his loyal dead.

A King, you say? Aye, every inch a King!

But first a man, a British gentleman,
Who rested not upon his kingly fame.

But PLAYED THE GAME!
Those blinded boys whose cheers so wildly ring,
Have felt his kindly touch on beds of pain.

When endless night began,
Their dearest wish to grasp that hand again.

Hark how the people sing "God Save the King!"
The King has passed, but still the echoing sky
Flings back a hundred times the joyful cry:—

"God Save the King! God Save the King!"
—Vilda Sauvage Owens in New York Herald.

B. C. Apples in the East

At the recent convention of the Nova Scotia Fruit Growers' Association, it was stated that 15,000 boxes of British Columbia apples were handled at Halifax and 18,000 at St. John last year.

British Columbia, it was admitted, was supplying the fancy trade of cities that are almost within sight of the Annapolis Valley, one of the finest fancy apple producing sections of the world.

From the Pacific to the Atlantic is a long haul and a long cry for apple needs, but British Columbia enterprise bridges the distance and answers the cry thoroughly and quickly.

And all along the way British Columbia apples are dropped off at the big consuming centres in Ontario and Quebec.

Our British Columbia friends deserve every credit for their successful exploitation of the eastern market. They have the goods, they know how to pack, and, most important of all, they know how to advertise and sell them.

But it is far from creditable to eastern growers to permit western men to invade and capture right from "under their noses" their own home markets.

The growers of the Annapolis Valley were scored on this point by one of the speakers at the Kentville convention, as reported elsewhere in this issue, and rightly so. Scorings and

warnings have been voiced in Ontario for years. And still the British Columbia apples come. Every year they come in greater quantities and secure a firmer hold on the eastern market.

The only consolation apparently is that some day the British Columbia men and methods will teach the eastern growers, by wounding their pocketbooks and by example, how to meet them and how to beat them. Canadian Horticulturalist.

The present price of hay in England is \$75 a ton.

GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of Influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand, one hundred and twenty-two cases of Influenza and 189 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'flu, is GOOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", the wonderful fruit medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" stimulates the active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of Influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

A good many things make it pleasant to shop here; they're all included in our general principle of real service.

Its part of our service to only sell shoes of the finest quality—that's why we feature Hartt Footwear for Ladies and Gentlemen.

It's part of our service also to think more of pleasing you than of "selling" you; to see that you are properly and carefully fitted and get intelligent attention.

We always consider that any money you pay us for shoes is still your money until you've satisfied yourself that you like the shoes you've bought.

Minard's Liniment Cures Colds, etc.

Death's Harvest

ELSIE BROWN
There passed away of tuberculosis at the N. S. Hospital, Dartmouth, on March 17th, Miss Elsie Brown, in her twenty-fifth year. She was a daughter of Mr. and Mrs. Albert Brown, of Black River. Besides her parents, she leaves four sisters and three brothers. The funeral service was conducted by the Rev. Mr. Hutchenson, of Acadia. Much sympathy is extended to the bereaved ones.

MRS. LYDIA SPICER
The death took place at her home in Harborville, on Wednesday of last week, of Lydia, wife of Isaac Spicer, aged 68 years. She had suffered from asthma for many years, and was stricken with the flu recently. Besides her husband, she leaves a large family of grown-up children. The funeral took place Friday afternoon, at Grafton Cemetery, and was conducted by Rev. C. H. Johnson, of Berwick.

MRS. ABBIE BOWLES
On Tuesday of last week the death occurred at Waterville, Kings County, of a highly respected citizen of that place in the person of Abbie, wife of Aubrey Bowles, and daughter of the late Harry and Mrs. Ruby Marchant. Three weeks ago she took a cold which rapidly developed into pneumonia. Mrs. Bowles before her marriage was one of the successful teachers in the province, she was also an energetic worker in Sabbath School work. She was a member of the Baptist Church. Besides her husband, she leaves an aged mother and four brothers: Burpee, in Waterville; Arthur, in Halifax; Stanley, Editor of the Oxford Journal, Oxford; and John, in Grafton. The funeral was held Thursday afternoon, the interment taking place in the cemetery, at Berwick.

MRS. SARAH MACDONALD
Full of years—but like a tired child, falling into a deep and dreamless sleep. Mrs. Sarah MacDonald, of Hortonville, passed away on Sunday morning, March 14th, to the great beyond.

The deceased, who was 86 years of age, had been in failing health for the past few years; but retained her faculties up to within the last couple of months. Her knowledge and keen but genial wit made her a great favorite in the community where she lived. She was a strong adherent to the Presbyterian Church and her familiar form will be much missed in the "Old Church at Grand Pre" where she was a regular attendant. A loving wife and mother in her home, a good friend and neighbor, her passing away has left a great blank that cannot be filled.

Mrs. MacDonald was formerly Miss Sarah MacPherson, and was born in Scotland in 1834. She married Roderick MacDonald, and while only a young couple they came out to Cape Breton to make their home. From there they moved to Hortonville, where her husband died in 1898 at the age of 66 years. She was afterwards joined by her sister, Miss Margaret MacPherson, who predeceased her three years.

She is survived by two sons and one daughter, John of the D. A. R., Windsor; Purvis, of Boston, and (Flora) Mrs. George Dorman, Martock. Another son

WOLFFVILLE, N. S. Men's and Boys' Wear of All Kinds. The Family Shoe Store.

Joseph, formerly D. A. R. agent at Wolfville, passed away at Rev. G. W. Miller. The floral offerings were many and beautiful. The funeral was held from her residence, Hortonville, on Wednesday afternoon, at three o'clock, the service being conducted by the Rev. G. W. Miller. The floral offerings were many and beautiful, including a handsome wreath from the Dominion Atlantic Em-ployees at Windsor.

Such a Chubby Rosy Baby

Mrs. Kirkpatrick of Bayside, N.B. was so delighted with the way OLIVEINE EMULSION restored her to health, that when her baby did not seem to be doing well, she put the baby on

OLIVEINE EMULSION

The Great Health Restorer

As Mrs. Kirkpatrick wrote us, "I used several bottles of OLIVEINE EMULSION and found it splendid. I am now giving it to my baby. She was very thin and delicate before I began and now she is so fat and healthy".

OLIVEINE EMULSION is a wonderful health builder for every member of the family—young and old alike. It makes good, red blood—improves digestion and appetite—strengthens the nerves—and restores vitality.

It is pleasant to take and agrees with the stomach. REMEMBER—ask for OLIVEINE EMULSION and do NOT take a substitute or something said to be just as good. Sold by Druggists and General Stores.

FREE FOR TEN DAYS AT PORT WILLIAMS

I have pleasure in announcing that I have succeeded in securing the services of an expert in the handling and construction of the CLEVELAND TRACTOR to give a special course of instruction on my premises at PORT WILLIAMS, beginning next Monday the 22nd and continuing daily, from 8 a. m. till 6 p. m. until Friday, April 2nd. A TEN DAYS' FREE COURSE. All who are interested are cordially invited to attend, and are under no obligations whatever. Having arranged this course at a considerable expense to myself, I shall feel amply rewarded if as many as possible will avail themselves of this opportunity of learning all that is to be learned about the theory and the working parts of the CLEVELAND TRACTOR.

Yours truly,
GEORGE A. CHASE.

Just to help the game along I will continue to sell SUGAR at the following prices:--

- Bright Yellow, \$15.00 per 100 lbs. bag.**
- XXX Standard Granulated, \$16.00 per 100 lbs. bag;**
- \$3.25 per 20 lbs. bag; \$1.65 per 10 lbs. bag.**
