NO PATENT. NO PAY. PATENTS

obtained for mechanical devices, medical or other compounds, ornamental designs, trade-marks and labels, Caveats, Assignments, Interferences, Infringements and all matters relating to Patents, promptly attended to. We make preliminary examinations and furnish opinions as to patentability, free of charge and all who are interested in new inventions and Patents are invited to send for a copy of our "Guide for Obtaining Patents," which is sent free to any address, and contains complete instructions how to obtain Patents, and is a valuable matter. During the past five years we have obtained nearly three thousand Patents for American and Foreign inventors, and can give satisfactory references in almost every county in the Union.

Spheroidal Spectacles

AND
EYE GLASSES
ARE the best for the preservation of
the sight, and took the medal at the
Centennial Exhibition.

The lenses are made of the best ma-
terial, uniform in density, and of high
refractive power, their perfect polish
and spheroidal shape adapt them to ease
and improve the sight of the wearer.
The eye being the most delicate or-
gan great care should be exercised in
selecting spectacles; it is not enough
that the glass be of the right focus, but
the lenses must be perfectly centered
and in many cases perfect relief is only
given by having each eye fitted separate-
ly. To effect this the lenses are made
interchangeable, and having an Opm-
eter to measure the sight, a perfect
fit is guaranteed.

J. E. COLLINS, Editor.
 FREDERICTON, APRIL 29, 1880.

THE readers of this journal are hereby informed, that Fredericton is the Capital of New Brunswick, and that York Point, and Marsh Bridge, and Reed's Castle, and MacEvoy's, and the old Bell Tower, and Partridge Island, all remain just as they were!

THE GREAT GRIT DE-THRONED.

The great Grit Cheftain by whom the *Freeman* and the *Telegraph* swore, the honest "stane mason" who next to Providence himself, is the greatest (beg pardon was the greatest) guardian of this Dominion, has been superseded. He has been taken down from his place of pride, the leadership of the Honest Grits, and Mr. Blake has taken his place! Well, this may be right or it may be wrong, and while it matters but little to us what they do with any unprogressive leader, we can't help turning our eye upon the ingratitude. There was a time, and it is surprising to us the Liberal party of this Dominion has so very soon forgotten it, when Mr. Mackenzie was looked upon as the saviour of his country: when every Grit politician throughout the land came and laid at the feet of his chieftain, a tribute to his "stirling honesty" and "fine abilities." It was somewhere about this time, when the party called aloud for Blake, but Blake was then indulging in one of his periodical sulks, and the country had to look out for itself, so far as he was concerned, till he got over his fit. Where was Blake when the battles were fought, and where one man in the field, was better than twenty out of it?

We saw in *Grip* a few days ago a picture—we will not call it a cartoon—and it affected us somewhat. It represented a bust of Mackenzie without distortion or ridicule. *Grip* was weaving around the honest brow a wreath of laurel and was handing the virtues of the man down to posterity, while those he had best served had quite forgotten him. A new figure rose upon the horizon, and as it rose every eye was turned upon it. The figure was that of Mr. Blake, while aside, and unnoticed, wearing his laurel wreath, the gift of one solitary little cartoonist, was the great leader of the Liberals. This is the case exactly represented, and none can gainsay it. There is no longer a Mackenzie shrine for Grit worship! The *Telegraph*, who has for years been painting Mackenzie as a less than an angel, has been expecting this for some time; the *Freeman* is mute as Balaam's Ass upon it, though many and many's the dose of heavy matter which if true made Mackenzie a little more than mortal, has that paper given its readers within a few weeks. The *Chronicle* too is garrulous as a stone wall on the subject.

"But yesterday the word of Caesar might have stood against the world. Now lies he there, And none so poor as do him reverence."

The first copy of the St. John *Freeman* the writer of this article ever saw after coming to St. John, contained a dose of eulogy on Mr. Mackenzie, 3 columns in length. The man was without a flaw, and

the Government he led was the very pink of perfection. Then why pitch him overboard now, without funeral knell, or burial service? Or was what these Grit papers wrote untrue, and does the Liberal leader deserve the "kick out?" It is assuredly one or the other, but whichever it is the act is ungracious, and unkind: the friend of stormy days, who stood manly up and battled with the roughest waves in the history of Canada, is in a sunny hour cast off!

If the Liberals now can only keep Mr. Blake out of the sulks they will be all right, even though his settled policy is in the words of Sir Charles Tupper "to tarnish the public faith of Canada, and stultify two Governments, by refusing to build the Canada Pacific Railroad."

THE LEGISLATIVE LIBRARY.

Now that it has become necessary to make a purchase of new books to supply the loss of those destroyed by the late fire in the Legislative Library we sincerely hope that the Government will see the necessity of adopting a systematic plan in their replacement. We therefore would most strongly recommend that some persons of literary and scientific attainments and of good education should be asked to examine the present catalogue and remark in what works it is deficient. For a number of years back this library has not kept up to the times in subjects of paramount importance to the public. We instance a few:—Agriculture, Mechanics, Chemistry, Geology, Electricity and Magnetism. Such vast progress has been lately made in these branches of science that a large addition of works on these subjects to this library is absolutely necessary. Historical works are also required.

Though not condemning a proper selection of works of poetry and fiction, we protest against ignorant Legislative Councilors at the dictation of silly females being allowed to fill the shelves of what should be a valuable collection of books, with the silly compositions of love-sick romancers, whose highest aim in writing is but to fill their purses at the cost of the morals of the people.

We again repeat let the Government adopt some system when they begin to replace the lost books by others, and leave the selection of them to proper persons.

THE NEW BUILDINGS.

The contract for erecting Legislative buildings in Fredericton!! was signed yesterday by Mr Lawlor of Utham. We shall state fuller particulars when the proper time arrives for their publication. In the meantime we may state that the stone and brick work and the plastering will be completed before hard frosts sets in. The building will, no doubt, be ready for the next sitting of the Legislature.

How mysteriously, too, *L'homme propose et Dieu dispose!* Why it is only a few weeks ago since York Point and other kindred localities in St John had set their hearts upon having the seat of Government taken away from us!! We are unable, completely, to account for the generosity of these localities in allowing us to retain the Capital, and actually to go on putting up new buildings. Of course there may be something yet behind all this, and York Point may step in, and before the building is finished order the contractor to stop. But this would be acruel injustice to us now, inasmuch as all the people of our city have begun operations under the belief that Fredericton is to remain the Capital. Of course we are only speculating on this, having no definite assurance that St. John will reverse the decision of the Legislature; but meanwhile we submit the proposition to York Point and other places. Ah my!!

EDITORIAL NOTES.

The residence of Father Doucett, a Kent County, was burnt to the ground the 26th inst.

The American press, the *Herald* notably, is still howling about the Fortune Bay outrage.

A St John paper says the leader of the Opposition, Mr Blair, was "mortgaged to the Government" during the late session. Yes, but the moment the \$75,000 resolution passed, he went over and taking Mr Frazer by the hand said, "Good bye John."

It has been decided to allow a certain number of commissions in Queen's regiments of the line to be competed for by gentleman cadets studying at the Royal Military College at Ottawa.

Beaconsfield has taken leave of the Queen, it is querey said by the telegrams. The following is the personnel of the new Gladstone Ministry so far as is known at present:—The Duke of Argyll as Lord Privy Seal; Earl Kimberley, Secretary of State for the Colonial Department; John Bright, Chan-

EXAMINING THE GRAND SOUTHERN.

Mr. Walter M. Buck, C. E., of the Board of Works Department has been absent from the city the past ten days or so making a minute examination of the quantity of work done on the Grand Southern railway, the character of said work, &c. Mr. Buck's tour over this route no doubt also has for its object prospective observations, and from what he sees he will be able to lay before the Government a pretty accurate estimate of the value of the work done.

In referring to this Grand Southern matter, we would simply in a friendly way suggest to the *Sun* and other paid organs of the rival road not to take on too much in holding jubilees over the defeat of the Grand Southern, for dear old, knows how sadly taken back they will be one of those fine days. Of course we never like to tell what's under the dish cover; but for all that now and again we can't help throwing out a friendly kind of a taunt to the *Sun* on the matter. It is estimated that *inside of six months* the snorting of the iron horse will be heard resounding through the granite regions of Magogadavie!! There now, let not the paid hacks "take on" so about it!

WELLAND CANAL.

NOTICE TO MACHINIST CONTRACTORS

SEALED TENDERS addressed to the undersigned (Secretary of Railways and Canals) and endorsed "Tender for Locks, Welland Canal," will be received at this office until the arrival of the Eastern and Western Mails on THURSDAY, the 5th day of JUNE next, for the construction of Gates, and the necessary machinery connected with them, for the new locks on the Welland Canal.

Plans, Specifications and General Conditions can be seen at this office on and after THURSDAY, the 20th day of MAY, next, where forms of tender can also be obtained.

Parties tendering are expected to provide the special tools necessary for, and to have a practical knowledge of works of this class, and are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and—in case of firms—except there are attached the actual signatures, the nature of the occupation and residence of each member of the same; and, further, an accepted bank cheque for a sum equal to \$250, for the gates of each lock, must accompany each tender, which sum shall be forfeited if the party tendering declines entering into contract for the work at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfilment of the contract the party or parties whose tender it is proposed to accept will be notified that their tender is accepted subject to a deposit of five per cent. of the bulk sum of the contract—of which the sum sent in with the tender will be considered a part to be deposited to the credit of the Receiver General within eight days after the date of the notice.

Ninety per cent. only of the progress estimates will be paid until the completion of the work.

This Department does not, however, bind itself to accept the lowest or any tender.

MRS. WINSLOW'S SOOTHING SYRUP.

Rev Sylvanus Cobb thus writes in the Boston Christian Freeman: "We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant, troubled with colic pain, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is entirely safe for the infant, which affords the infant its perfect natural, and the little cherub wakes "as bright as a button." And during the process of teething, its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever. Sold everywhere. Price, 25 cents a bottle.

Brown's Household Panacea.

Is the most effective Pain Destroyer in the world. Will most surely quicken the blood, whether taken internally or applied externally, and thereby more certainly RELIEVE PAIN, whether chronic or acute, than any other pain alleviator, and it is warranted double the strength of any similar preparation. It cures pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, and ALL ACHES.

MUCH SICKNESS.

Undoubtedly with children, attributed to other causes, is occasioned by Worms, which are often found in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians and found to be absolutely sure in eradicating worms, so hurtful to children. Twenty-five cents a box.

DELICATE WOMEN, Pale-faced, Sickly Children, the Aged and Infirm, alike are benefited by the Strengthening and Blood Making Power of "Harrison's Quinine Wine and Iron."

It stimulates the Appetite; and removes all impurities from the Blood. It is the best medicine you can take to give you lasting Strength.

THE HORRIBLE, UNSIGHTLY, BLOTCH, AND PIMPLES, and the SALLOW, COLORLESS COMPLEXION can be QUICKLY and EFFECTUALLY removed, by a CLEAR, HEALTHY SKIN. The remedy is CERTAIN and EASILY PROCURED, and is simply "Harrison's Quinine Wine and Iron."

taken according to directions. Try the bottle and you will find it worth 50 cents per bottle; 6 for \$2.50. For sale by all druggists.

Local Matters.

Johnville. A family of 8 passed through this city to day from St. John bound for Johnville, Carleton County.

City Council. The City Council met on Tuesday evening last and immediately adjourned until to-night. From the talk of some of the Aldermen it would seem everything was cut and dried for to-night.

A Filthy Landing.

It would be just worth anyone while to go to the upper ferry landing and see the piles of filth that are strewn about to catch the passengers eye as he steps ashore. To get down where the boat touches to the main street, you have to wade through sawdust, old kettles, refuse and filth of every description. What is the law on such nuisances? Is there any law? If not, why not? This is disgraceful!

Off for Montana.

At a meeting of St Dunstons T. A. Society held in their hall on Tuesday last, resolutions were passed regretting the departure from their midst, in this city, Messrs Thos. L. Martin and Edward H. Elliott, who have been connected with this society for some time. They leave for Montana on Saturday next, the former for Butte City and the latter for Bozeman. The "Sibley" Engine Company to which the young gentlemen belonged have passed resolutions of regret at their departure. We wish them a pleasant trip and good luck in their new home.

An Academician Grove.

Mr. J. F. McManus Barrister of this city, has just received the library of his brother, Rev. P. McManus, who died in Chicago a few days ago. The library is very select, embracing some of the best works extant. Among the most notable are: Burke's Speeches, Ben Johnson's works, Harper's bound, in several volumes, several religious works, including Lives of the Saints, Brevarium Romanum, Bibliotheca des Predicatures, &c. In historical works, Greece, Rome, Assyria, Europe and England in large volumes—poetry Byron, Scott, Shakespeare, Milton, Virgil, &c. &c.

Normal School.

The carpenters are now at work in the Normal School making some changes. Principal Crocker's room is being reclaimed from anarchy, and the seats being laid down as of old. It will be remembered it was in this chamber those vile old women plotted the ruin of the Grand Southern Company. The Assembly room is also being straightened out, but a portion of it will be used for storing the members' desks. The building is being set generally in order.

Stabbing Affray in Temperance Vale, York Co.

Chas. Thornton Borrows a Jack-Knife From Another and Stabs McCorkindale Three Times.

Then, as is Usual in Country Places, He Retires into the Woods.

THORNTON YET AT LARGE.

Pindars saw mill, Temperance Vale, in this County, one day last week was the scene of a serious affray. It appears two men named respectively Charles Thornton and Thomas McCorkindale, who had been "picking at each other considerably" of late, got into an altercation about stream driving. There were several other persons present, "sitting about the mill, and whittling" in the words of an eye witness, when the argument commenced.

STABBED HIM THREE TIMES IN THE RIGHT SIDE.

McCorkindale then began to cry out, "He has stabbed me," and became sadly afraid that the stabs were mortal. The others rushed up to him, to know if he was "badly gashed," and in the meantime the dastardly assailant skulked out the door. The wounds were not very heavy, but they were sufficient to greatly alarm McCorkindale, and to set the teeth of the neighbour's chattering with terror. A doctor was called, and on examining the wounds pronounced them "not fatal."

SCHOOL EXAMINATION.

The semi-annual School examination has begun, the first examination we believe under Inspector Mullin.

REGENT STREET SCHOOL.

was taken up yesterday, a large number of visitors being present. The first school examined was grades 5, 6 and 7 under Mr. Meagher. The examination showed thorough and well grounded teaching by Mr. Meagher, and a large share of intelligence among the boys. There were 25 pupils present at the examination. The exercises in arithmetic and grammar were particularly good. Miss Duffy's grades, 1, 2 and 3, also showed a good deal of proficiency. All the minor subjects came up, and in oral geography, form, etc., a good deal of proficiency was shown. There were 26 boys present.

PARK BARRACK SCHOOL.

This school was also examined, and there were a number of visitors present. Here let us say that we shall not print the name of any one present as a visitor at any of the schools because the practice serves no purpose and is not only silly but objectionable. Several are always present and as only some are mentioned the distinctions must wound the feelings of the sensitive.

TO-DAY IN YORK STREET SCHOOL.

There was a goodly number of parents and others in attendance. Principal Wortman teaches the advanced grades, and the exercises consisted in Geometry, Algebra, Chemistry of Common Things, Geography, Reading, etc. There is a good deal of talent in Mr. Wortman's school as some of the original answers show. The little ones acquitted themselves well indeed; the subjects being oral lessons, numbers, spelling, reading, &c.

MORRISON'S MILL.

This school taught by Mrs. Randall was examined yesterday, and did not fail to render its usual good account itself.

OUR OTTAWA LETTER.

THE CLOSE OF THE SESSION—SIR JOHN'S MAGNANIMITY.

A RECITAL OF THE SUFFERINGS OF THE "BURNT OUT" AT HULL.

Intercolonial Matters.

PROLOGATION.

A great deal of work was done in the House last week, and already the preliminary symptoms of prorogation are apparent. Some of the more sanguine of the M. C.'s say that the balance of the session's work will be done this week, and prorogation take place early next week. But I doubt that this will be the case. Certainly they will have to get through work more speedily than they have been in the habit of doing if they wish to accomplish this. Of the 250 or 300 items in the estimates, nothing has been done further than to pass a few of them in Committee of Supply.

THE INTERCOLONIAL.

Since my last I notice that three items, covering \$149,000 for repairs on the Intercolonial, have been agreed to in Committee. While mentioning the Intercolonial, and remembering that an onslaught was made upon Sir Charles Tupper by the Opposition members from N. B. during the early part of the session regarding his management or mismanagement of the Committee on a Resolution to submit the following table. The figures are taken from returns submitted to the House:

Table with 3 columns: Returns for 8 months, ending 1st March, 1879; Returns for 8 months, ending 1st March, 1880; Increase. Values range from \$890,395 to \$1,218,600.

COMPARATIVE DEFICITS.

Table with 2 columns: Deficit 8 months to March 1877-78; Deficit 8 months to March 1878-79; Deficit 8 months to March 1879-80. Values range from \$269,392 to \$86,880.

SIR JOHN'S MAGNANIMITY.

Sir John, on Thursday moved the House into Committee on a Resolution to empower the Montreal Harbor Commissioners to pay a life annuity to the widow of the late Honorable John Young. The motion was agreed to and a Bill introduced. When we consider that the late Hon. gentleman was one of Sir John's most violent political opponents, and whose name appeared so often in conjunction with the "Letter Stealing Scandal" of Montreal in 1875, we can better appreciate the fact which prompted Sir John to this graceful act of the recognition of the services of one who long and creditably filled the chair of the Harbor Commissioners of Montreal, and who had been a determined political opponent of his own. The sum to be paid to the widow, is the interest on \$10,000 at 6 per cent.

HULL'S CHARGED REMAINS.

I visited Hull yesterday, or rather what remains of Hull, and was very much surprised to find that the burnt district was entirely built upon a rock, the houses were all small, and one looking at the rock they had been built upon, could not but wonder why on earth they had been blown away long ago. Hull was called the third city in the Province of Quebec; it certainly is the strangest looking city in the Dominion. But then the fire was a most extraordinary matter how small or how humble were the houses of many of the unfortunate sufferers, they were their Homes—passing along one of the streets near to where the fire originated, I saw a number of some children behind a dilapidated board fence. Peeping through, I saw three children, two girls and a boy, the former say aged 7 and 8, the boy about 10. The roof of the house had been nearly completely destroyed, and the three little ones had drawn close to the fence, as it was the only shelter upon an old box or board, had a tin dipper full of water, and two or three slices of bread, and here amid the ruins they took their meal as contented looking as in a palace. It was a strange scene! As I felt sorry for the little ones, I saw an extempore tavern in full blast. A young damsel with an eye to business, had opened out—well not exactly opened out—the fire had done the deed, and she had no windows nor door nor chairs nor any of the little luxuries of counters, and if it were not for the rapidly exchanging of 10 cent pieces which passed from her customers to her pockets, one could really say she was keeping "an open house." However she was doing well, she understood her biz, and it was laughable to see the thirty one sell in, take the bottle from her hand, hold it neck over a very small blue tumbler, turn up the tumbler and gaze at the blue sky (no unseemly nor intervening) hand her back the bottle as he would a faded telescope, pay his score and emerge either through the window or the door as best suited his fancy. There was no unseemly jostling or crowding about her establishment: it was one intending to go out met one coming in at the door; he at once availed himself of the window, and vice-versa.

RELIEF FOR THE SUFFERERS.

The subscriptions in aid of the sufferers have been prompt and large. The Princess gave \$500, but the "King of the Gaiety" (Alonso Wright, M.P.) eclipses this with \$1,000, the "Lumber Prince" of Hull (E. B. Edely) comes to the fore with his equal sum of \$1,000 and then appears the names of Hons. E. Blake and D. A. Smith for \$250 each. Hon. J. M. Macdonald for \$100; with \$100: the sum from the members of the Commons so far is \$1,500.

OUR "DEVIL."

Your "devil" gave a most "unmerciful twist" to my remarks on the vote on the "Marriage Bill," but then it did not matter much. The same Bill got others mixed up as well as the devil, so there's every excuse for him. Weather much finer during the last few days, warm and pleasant now. Ottawa, April 26, 1880. Tom.

The Fredericton Ladies.

(To the editor of the Star.)

DEAR SIR,—The good old times let me hope as yet are not entirely dead. There slumbers yet some small spark of that ancestral fire which sent knights in olden times to the lists, to savage the lance and the slightest insult to a lady. Then of course the maiden was modest, retiring; and trembled and blushed if she met the sterner sex without a veil. This true crest has been preserved in a few brave women, to stand to the front, who were capable of asserting their own cause. But these are the exception rather than the rule. Boadicea stood in her chariot, and with her troops she fought the fallen foe—Eleanor braved the dangers of the East and sucked the poison of the spear from Edward's side, and gave words of consolation to the troops. Lady Mary had her hair burnt off for a witch, raised the siege of Orleans, and further down again Annie Parker mystified, and astounded the hero of the ship-scuttling scandal.

Queen's County Notes.

(Special Correspondent.)

CONFLAGRATIONS—One of the most disastrous fires of its nature on record in these parts occurred at Salmon Creek on Thursday last, by which seven buildings and a large amount of grain were lost. The fire originated in a spark catching on the roof of William Patterson's house. A heavy wind rendered every attempt to save the house useless and swept the flames right on his barns near by. From this it caught in the dry stubble and made its way forty rods to Archibald Patterson's buildings and one and a half times farther to Kincaid Brothers' dwelling house, burning them to ashes in the face of every attempt at saving them. Very little of the household goods was saved and no insurance.

BAIRN.—On Wednesday last Brain visited Joel Jenkin's sheepfold and made off with an armful of mutton. Friday night following he attempted the same thing on E. Hetherington's flock, but a second in the shape of a large dog made him feel uncomfortable with such a load, so he left without the mutton.

OPPOSITION.—The steamers Star and Soulanges are reported to be in readiness as soon as the ice is out to contest for the Indian and Cole's Island route. The general opinion is Mr. Porter held the Star the opposition would not be lengthy.

Yours, etc., Johnston, April 26th, 1880.

The Mining Fever Commencing in New Brunswick.

We observe that another company has been organized to mine and smelt antimony ore at Lake George, where the sulphide of this metal occurs in such great abundance. It is stated in Boston that some new uses have been discovered for all that can be manufactured here. Lake George may consequently look out for lively times. We have been making enquiries lately as to the quantity of antimony manufactured at Lake George since operations commenced there, and find that only about \$17,000 worth of it has been exported.

Yours, etc., Adams.

The Laborer Worthy of His Hire.

FREDERICTON, April 28, 1880.

TO THE EDITOR OF THE STAR.

DEAR SIR,—Permit me through the columns of your spy journal to expose an act of injustice perpetrated on an employe at Doaktown. About three months ago I hired with one Hiram Freeze, alias John Robinson, agreeing to remain with him for three months. When half the time had expired I told my employer that I was going to leave Miramichi, and asked if he would consent to my going before the time was up. He did so, promising to relieve me of the agreement, and settle for the work done. When the balance was found he told me to call any time before going away and he would pay the small amount due me. When I called he would not do so, but kept over half of it because he could not get another man as cheap. Not content with this he after my own he wants to baffle me besides by stating that he had bargained for me, and I should be surprised at this when they learn of his changing his name from Hiram Freeze to John Robinson; and I will say he had not a good reason to do so.

Mr. Marsh's reply to Dr. Patterson.

To the Editor of the Star.

DEAR SIR—In a recent issue of the STAR, appears an article signed by Dr. Patterson, which contains some erroneous statements so calculated to mislead the public, that I feel bound in reply to state some facts bearing on the case. I will mention one of the many false reports which the Dr. has circulated, viz: that Miss Marsh gave him the bottle from her hand, and he held it neck over a very small blue tumbler, turn up the tumbler and gaze at the blue sky (no unseemly nor intervening) hand her back the bottle as he would a faded telescope, pay his score and emerge either through the window or the door as best suited his fancy. There was no unseemly jostling or crowding about her establishment: it was one intending to go out met one coming in at the door; he at once availed himself of the window, and vice-versa.

STAR BRIEFS.

Mr. John S. Withrow has been appointed Steward of the N. B. University, vice Mr. Samuel Fleming resigned. The students will find Mr. Withrow, no doubt, a steady and competent to enter to their wishes.

PUBLIC AUCTION!

I AM authorized by the Government of New Brunswick to sell on SATURDAY, 1st day of May, at 10.30, a. m., A lot of old Furniture; Gas Fixtures, Gas Brackets; Stoves, Stove Pipes; Book Cases, Tables; Sundry other articles;

70 or 80 cords good Merchantable Hardwood—in two cords lots.

TERMS.—Good approved notes at 3 and 5 mos. will be taken for all sums over twenty-five dollars, —all sums under, cash.

The wood must be taken off the premises one week after sale.

GEO. A. PERLEY, Auctioneer.

Warm for an hour and a half, locking the door, and characterizes it as "inexcusable ignorance or gross carelessness"—what difference would it make if the door were locked or not? It being admitted that the room was to be kept warm for that time, we would ask our philosophic friend by what means this result was to be achieved without putting wood in the stove? Perhaps the Dr. thinks that the duty of the teachers duty to sit and watch the fire warming the room. Such periculous gabble as this about teachers and regulations is unworthy the attention of any sensible person, and shows the silliness of a little mind seeking its own glorification by the detraction of a much more useful member of the community than ever he was or ever is likely to be. Will he produce any direct facts to show that the teacher in question has violated any of the school regulations which she could have carried out herself unaided by the Trustees.

CONSUMPTION CAN BE CURED

IS A FACT ATTESTED BY THE HIGHEST MEDICAL
AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of **Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda** will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and so delicate to the most delicate stomach, and we make the unqualified statement that **Scott's Emulsion** is being used with better results and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it, such as Chronic Coughs, Bronchitis, General Debility and Wasting Disorders of Children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

See What Physicians and the People Say About It.
Messrs. Scott & Bowne: 66 West Thirty-sixth Street, New York, September 2, 1876.
GENTS,—I have frequently prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrofulous and consumptive cases, palatable and efficacious.
C. C. LOCKWOOD, M. D.

Messrs. Scott & Bowne:—Gentlemen,—Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites and found it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases.
Oct. 12, 1879. Yours truly, A. H. SEXTON, M. D., Baltimore.

Messrs. Scott & Bowne:—Gentlemen,—Within the last two months I have fairly tried Scott's Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly agreeable and elegant form.
December 15th, 1878. Yours truly, J. SIMONAUD, M. D., New Orleans, La.

Messrs. Scott & Bowne:—Gentlemen,—In September, 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain, but my general health did not improve, and early in the winter I began to lose weight and rapidly grew worse. In May last I was taken with a violent coughing which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats and short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Scott's Emulsion of Cod Liver Oil with Hypophosphites, but they did me no good. I lost all hope of life and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I afterwards bought a dozen bottles, with the following results: Cough subsiding, night sweats stopped, appetite returned, pain in spine disappeared, strength returning, and my weight increased from 125 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue to use it as long as I can. I frequently see some friend on the street who asks, "What cured you?" and I answer, "Scott's Emulsion of Cod Liver Oil, etc." I have a friend who has not spoken about for 15 months, and he is getting better. I gave him a bottle and he bought two more, then got a dozen, and says it is food and medicine for him. He was given up to die a year ago, but he is improving now wonderfully. My recovery is exciting the surprise of many people, and shall do all I can to make known your valuable medicine.
January 20th, 1879. Very truly yours, H. F. SLOCUM, Lowell, Mass.

Messrs. Scott & Bowne:—Gentlemen,—I have used your Emulsion of Cod Liver Oil with Hypophosphites, and I can say that it is the best medicine I have ever used. I was suffering from Consumption, and my health was fast failing. I have now recovered, and I am able to do my usual work. I am grateful to you for your kind and timely aid.
LYNN, Randolph Co., Ind., July 2, 1878. I was so prostrated that no one who saw me thought I could live longer than a few weeks. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small doses; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; in that hour I commenced eating, and now am able to ride and walk, and am getting flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
I am gratefully yours, R. W. HAMILTON, M. D.
