HEAVY POLITICAL BATTERIES IN ACTION ON BUDGET

Debate on tariff Arouses Vigorous Discussion Which May Precipitate an Appeal to the Electorate—Crerar Puts up Fight

OTTAWA, June 12.—Heavy batteries were in action in the Budget battle yesterday. Hon. T. A. Crerar, former and grain grower, the man who resigned his position as Minister of Agriculture as a protest against the protectionist tariff, was the first to open fire and in the course of a very powerful debating speech made several direct hits. His address was an able exposure of the economic fallacies of the Government's policy, and he held the undivided attention of a crowded House for over an hour. Five Tory members who attempted to heckle him were kept out in turn, including the Chief Whip of the Coalition.

Falls to Become a Hero—Hon. A. J. Calder, his room mate and drink mate for the last two sessions, followed with a clever political appeal to those who supported Union Government, his chief point being that "this is no time to trifle with public affairs and play politics." The Eastern Unionists thumped their desks in wild acclaim, while ironical cheers and laughter rose from the Opposition benches. Mr. Calder accused his erstwhile colleague (Mr. Crerar) of making a popular play, adding that if he had "wanted to become a hero he would have resigned from the Government also." Tonight Mr. Calder is hailed by the protectionists as a high minded statesman, and condemned by the low tariff men as the Judas Iscariot of the West.

LOCAL APPEAL CASE DISMISSED

TORONTO, June 12.—The Second Divisional Court of the Appellate Division cleaned up its list for the June sittings this morning, sending seven cases till after vacation and dismissing the appeals in two others. One of the appeals dismissed was that of Mrs. Florence Smith, a trained nurse, from the decision of the County Court of Lincoln, dismissing her action against Mrs. Elizabeth Channel of St. Catharines. Mrs. Smith had been called into nurse the daughter of Mrs. Channel who was threatened with the flu. While preparing a lunch at night the nurse went to the pantry for a cup and while reaching for it stepped through an open trap door into the cellar. She sued for \$500 damages for the injuries sustained. The Appellate Division holds that there was contributory negligence.

LEGISLATION IS ADVISED

Says That War Character of Co-operation Now Something of Past

TORONTO, June 12.—Following a referendum taken in all the locals, by which they reaffirmed their determination to fight for their 44 hour week and right of collective bargaining, the Metal Trades Council will continue on strike while seeking a solution to the present deadlock.

In a statement issued yesterday the Metal Trades Council stated: "A solution must be found at some time to the deadlock. To all observers it is evident that the proper co-operation, which became necessary in all spheres of work during the war, has ceased. Also the appeals by the Government to all classes for response to duty and service are things of the past. This unrest has deep, underlying causes of social injustice, which can only be adequately solved without disturbance by legislation, and there must necessarily be constant readjustments in our industrial life to regulate the influence of labor saving devices so that the worker shall not be subject to unemployment and social distress through unfair competition."

KINGSTON A NATIONAL PORT

KINGSTON, June 12.—Two engineers of the Public Works Department Lt.-Col. J. C. Stewart and Major Blue are here looking over Kingston harbor in connection with the Government plan to make this port a national harbor, so that Kingston may become the foot of the lakes transportation point when the new Welland Canal is completed.

FIRST HOME GROWN BERRIES

CHATHAM, June 12.—The first home grown strawberries appeared on the market yesterday and sold as high as 40 cents a box. Local growers say the crop is likely to be a short one this year.

MOON WAS IN THE WRONG QUARTER

Given an Explanation Why Officials Trounced City Council in Ball Game—Picnic Proved to be Splendid Success

Under ideal weather conditions members of the City Council, civic officials and families enjoyed a most pleasant holiday and outing yesterday at their beautiful Victoria Park. Though beaten by the merest margin of sixteen to three in a life and death game of baseball, the Councilors took the event with the best of spirit (not spirits) and pledged themselves to protect their honor the next time by taking along lacrosse sticks so that the ball wouldn't evade the bats so often.

Early in the forenoon the picnicers gathered up baskets and holiday equipments and started by motor cars for the Falls where they arrived by the ladies at one o'clock after which the sportsmen lined up out on the green for the swift round that was ever put over bases, outside of the national leagues, of course. For some reason or other, which members of the august administrative body are still trying to unravel, the ball that the officials had brought down was mesmerized. It persisted in cutting up such dodes for a long time that one alderman lost his patience and hit it such a crack that the officials got their telescopes out to study its relation to the constellations.

Came Down Finally—After an hour or so it came down to earth again and Doc Bonham had to open his valise and administer first aid to save it from rolling across the bridge to the United States side.

Moon Was Wrong—If it hadn't been for the angle of the sun, the wrong quarter of the moon, the long distance between bases and the distracting cheers of the lady fans, who didn't want to see the officials trounced, the Council might have won. Then two or three of the City Fathers carry too much weight. The cares of office and the exigencies requisite for an alderman, plus their gray hairs and declining years, all went against them and the officials took occasion to administer a heavy thumping when they got the gray beards down. Of course the moon was allowed to creep up to sixteen because the score cards calculated by algebra instead of arithmetic. The City Clerk explains it that the Council puts it also ver the officials for 364 days out of the year so mad and retaliated. All of which goes to show that the element of goodwill-fellowship was present and made the whole event a merry one.

HOW HEROES LINED UP

The lineup of this famous game was as follows, as near as the field Marshall record shows:

- Officials—Cambray, pitcher. Near, catcher. H. Smith, first base. Dunkley, second base. Riley, third base. Shaw, short-stop. Lampson, right field. McBride, left field. Bonham, centre field. Council—Dakers, catcher. Riffer, pitcher. Smith, first base. Hill, second base. Nash, third base. Rose, short-stop. Eagle, left field. Westwood, right field. Elson, centre field.

IN DANGEROUS POSITION

Mr. J. D. Wright, one of the guests of the day, umpired the event and smoked a cigar all the time, which Spalding says leaves a man open to a fine of a thousand dollars.

After this game the young ladies challenged the council, or what was left of it, and augmented by some small boys, they played the legislators, and again thrashed them, but just what the score was no one would positively say, just to avoid a dispute.

A couple of races were afterwards run for the boys and girls. After a fine supper all bundled up and enjoyed a pleasant trip home, amply repaid, it is hoped, for any trouble to which anyone had gone. The ladies provided abundance of everything and are to be thanked for their efforts.

Several ex-members of the council and their wives and others were guests during the day.

U BOAT WILL REACH PORT AT 7.45 TONIGHT

Information has been received by the N. St. C. and T. Ry. that the Submarine U C 97 accompanied by the U. S. Iroquois will not be able to lay over in any part on the Welland Canal between Port Dalhousie and Buffalo, but that she is expected to arrive in Port Dalhousie tonight at 7.45 p. m. and she will remain in Port Dalhousie for the night.

The N. St. C. and T. Ry. will have a half hour service on the Port Dalhousie Division between 6 p. m. and 11 p. m. to endeavor to accommodate those desiring to see this boat.

PUBLIC PLACES FOUND TO BE IN GOOD SHAPE

Presentment of Grand Jury Recommends Small Improvements to Institutions That Were Visited.

To His Honor John Samuel Campbell, Esq., K. C. Chairman of the General Sessions of the Peace, the Grand Jury summoned for the present Court to make their presentment as follows: The criminal cases before the Court are very few in number which is gratifying. From our inspection of the Public Buildings we find the Industrial Home in good sanitary condition and all the inmates seem to be comfortably cared for. Mr. and Mrs. Sifton apparently are doing all in their power to make them so. The doors leading to the fire escapes should open outward and it is the opinion of the Jury that the hall doors should also open outward and that the wooden partitions should be removed and replaced with plastered partitions, and that the home should be provided with several fire extinguishers.

ADAM BEAVER, Foreman

POLICE COURT

Alexander Blackwell was before Magistrate Campbell this morning on a charge of indecent assault upon a young girl 14 years of age. He was remanded until Thursday morning to give him a chance to secure a lawyer. There are three charges of a similar nature against him.

Burson Crawford of Toronto, who spent Wednesday at Niagara Falls, N. Y. where he became intoxicated was before the Magistrate this morning on a charge of committing an assault upon Percy West, at the corner of Crosby and Fair streets. Mr. West was not very presentable when he entered the witness stand as his face was entirely bruised and cut. After the fight took place on the corner, Crawford entered the West home where he was refused admittance and he then hit his arm through a glass door, sustaining a bad gash below the elbow. Crawford stated he was absolutely unconscious of what happened and wished to apologize to Mr. West for his actions. West produced the suit which still contained considerable of the Faer street mud, which was considered impossible to clean. The Magistrate imposed a fine of \$30 and costs which amounted to \$62.50 upon Crawford with a lecture not to again take a drink from a stranger out of a bottle.

STOLE FROM MAIL

TORONTO, June 12.—Three years in the penitentiary was the sentence Judge Coatsworth imposed on James Henderson for stealing letters from the mail.

Henderson, who drove a collecting wagon, took one registered letter containing nineteen one pound notes and a note for ten shillings. Another letter was cut open but contained no money. W. B. Hopkins, who appeared for the defence, said that his client was a dope fiend and not responsible. He argued that such a man should never have been given such a position. He has a criminal record.

HUMBLE IN PRIDE AND YET VICIOUS

Former German U Boat Expected at Port Dalhousie Tonight Operated at the Ostend-Zeebrugge Base—Surrendered at Harwich

The German submarine, one of the type whose foul work during the early part of the war brought so much dread to the human breast, has created a good deal of interest in Toronto into whose harbor it ambled very meekly and out of which it will proceed today. It does not travel along the lakes under its own power but is tethered to a tow line and pulled along by the United States ship Iroquois. This sub, officially known among its German associates as U C 97 carries a gun forward in her conning tower. It was one of those that pirates of the sea that entered Harwich to surrender to the British navy that the great Hun fleet was brought to its knees, so to speak.

Expected at Port Tonight

The sub is expected to come to Port Dalhousie tonight and will lie there for a while before proceeding up the canal to the U. S. Naval station.

The people of St. Catharines and district are naturally curious to see her and will avail themselves of the opportunity no doubt.

They brought her across from Harwich by way of the Azores (Lieut.-Commander Charles A. Lockwood, her present commander, was second in command then, and they are taking her to the Great Lakes Naval Training Station, where they are going to take her apart to see just what makes her tick. Meantime, though it was the British Navy which compelled the surrender of the Hun fleet the Canadian Government has let the U. S. Navy Department have the honor of bringing the first of the submarine prizes to Canadian waters.

Teeth Drawn Early

The U C 97 is not one of the big sea cruisers, although she is of recent construction. She is of the mine laying type and six mine tubes in her forward deck are evidence of her destructive function and capacity. She was built in 1918 and was probably not put into commission till just before the armistice. Her appearance here links Toronto up with the North Sea bases, as she has painted upon her conning tower the words, "Ostend-Zeebrugge." She is 191 feet long, 18 feet 10 inches beam—add 12 feet draught.

Constant Reminder

Abaft the conning tower is a circular plate of brass, with the words: "Telegraph immediately U-boat base at Kiel. U-boat here sunk." To this plate a buoy is attached which is liberated when the submarine is sunk and which marks the spot. This careful provision for death and burial must be as inspiring as carrying a tombstone aboard for the sailors, who see it whenever they pass the conning tower.

Rising at an angle from the bow is a heavy saw toothed device for cutting nets or cables. A life boat is stowed away under decks forward of the mine tube gratings. At both ends of the deck are set iron masts for the wireless, which automatically fold level with the deck when the vessel submerges. The boat is heated, lighted and propelled by three Diesel engines, each of 300 horse power.

DISCOURAGING CROOKS

Pickpocket Goes to Pen—Companion to Burwash

TORONTO, June 12.—"These men came here from the United States to see if we had any easy money in Canada," said Mr. Greer, as he moved for sentence of Murray Fraehentung, convicted of picking pockets and Geo. Edwards, his companion, also convicted of having attempted to pick pockets.

"We try to discourage these Yankee crooks and so far have been reasonably successful," continued the Crown Attorney who asked that Fraehentung be sent to the penitentiary. He was given two years in the penitentiary for picking pockets and a year for attempting, the terms to run concurrently. Edwards was sent to Burwash for one year.

A memorial service for the Old Boys of Ridley School who fell in the war has been arranged for St. Thomas Church, Sunday morning, June 22.

"CHRISTADELPHIAN"

TORONTO, June 12.—All famous writers who boast of the high figures paid for their works were put into everlasting shade by Frank Boyd, a young man who was brought before the seat of judgment for disobeying an order to report for military duty. His contribution to the literature of war-time may never be classed with Homer, or Woodrow Wilson, but neither of these welkin ringers have anything on Frank Boyd when it comes to a question of how much per word. Boyd pleaded guilty to the charge, and was asked why he had disobeyed the order to report. Then he spoke the words: "I am a Christadelphian, and didn't think it my place to report."

With uncanny suddenness Magistrate Cohen imposed a fine of \$350 and costs or 6 months, or just a fraction over \$29 per word.

The orator paid.

GALT BOARD OF TRADE INVESTIGATING H. C. L.

GALT, June 12.—A committee of the Board of Trade has been appointed to investigate local conditions contributing to the high cost of living. The committee is to make a report at an early date and recommendations as to what action is considered necessary on the part of the Government. When the report is presented other Boards of Trade will be communicated with and asked to impress upon the Government the necessity for action.

GOVERNMENT DECIDES UPON INVESTIGATION

OTTAWA, June 12.—The Government has ordered an inquiry into the Winnipeg disturbance. Announcement to this effect was made by Sir Robert Borden in the House this afternoon in reply to Mr. MacKenzie. So far as the serious occurrence to which my honorable friend alludes, Sir Robert said, the Government has requested that an investigation should be made as quickly as possible into the circumstances in order that we may have reliable information as to the injuries which are said to have been sustained by some of the returned soldiers, and especially by one very distinguished soldier who won the Victoria Cross.

The latest information that he has as to the conditions in Winnipeg today is that they are quite disturbed, but the arrangements which have been made for coping with anything that may arise are believed to be entirely adequate.

ENQUIRY IS ORDERED

Government Will Start Investigation Into Winnipeg Riots

OTTAWA, June 12.—The Government has ordered an inquiry into the Winnipeg disturbance. Announcement to this effect was made by Sir Robert Borden in the House yesterday afternoon in reply to Mr. MacKenzie. Regarding the serious occurrence to which my honorable friend alludes, Sir Robert said, the Government has requested that an investigation should be made as quickly as possible into the circumstances in order that we may have reliable information as to the injuries which are said to have been sustained by some of the returned soldiers and especially by one very distinguished soldier who won the Victoria Cross.

CONTRADICT COMMISSION

Brantford Clothiers Deny That Their Profits Are Excessive.

BRANTFORD, June 12.—Local merchants thoroughly resent the statements made in the report of the Cost of Living Commission to the Ottawa Government to the effect that the excessive profits of the retailer are largely responsible for the staple articles of clothing. They say this is absolutely untrue.

MONEY RATES IN NEW YORK

NEW YORK, June 12.—Money on call on the Stock Exchange opened at 6 per cent.; high 8 per cent.; low 6 per cent.; closing at 6 per cent. Most of the day's loans were made at 6 per cent. Loans made on all industrial collateral were 8 to 9 per cent. Time money was unchanged, with a limited business on industrial collateral at 6 per cent. for sixty and ninety days. Mixed collateral money, in which very little was done, was quoted at 5 1/2 per cent.

Mercantile paper was issued moderately, meeting with a fair demand. First-class names are selling at 5 1/2 per cent.; names not so well known, 5 1/2.

FINANCIAL

Business on the Toronto Stock Exchange was fairly active but prices were easier. The mining market was somewhat erratic through labor conditions at Kirkland Lake.

THE WEATHER

Pressure is high over the Gulf of St. Lawrence and New Foundland and lowest in Manitoba. Weather is showery in Manitoba and fine in all other parts of Canada.

Minnie E. Dinwoodie of Stratford was drowned while bathing in a pond.

LAST POST IS SOUNDED FOR LATE PTE. COULL

War Veterans of This City Pay Honor to Soldier who Dropped Dead in Toronto

All that was mortal of the late private Coull, of the 75th Battalion, who dropped dead in Toronto on Sunday last, was laid tenderly in their last resting place in the family plot, Victoria Lawn Cemetery, with military honors on Wednesday afternoon. The service was held at the family residence 52 Albert Street, and was conducted by Rev. Dr. J. H. Hatcliffe. The Great War Veterans who were preceded by the orators were in command of Lieut. Hannan, of the 17th Battalion, Niagara Falls, Ontario, assisted by Sergt. Major Varley. They marched to the General and Marma Hospital whence they proceeded by car to the cemetery.

Those who acted as bearers were Sergt. Major Alexander, Capt. W. Longden, Pte. S. Hengston, Pte. W. Richardson, Pte. A. Taylor and Pte. E. Bevan, and the last post, was sounded by Euglar S. Smith. The ladies of the G. W. V. Auxiliary were in attendance at the house and proceeded by car to the cemetery. The casket was draped with the Union Jack upon which the cap of deceased was placed. The floral tributes were many and beautiful and were conveyed to the cemetery in an auto truck and placed upon the grave.

FOR FARMERS' FLIVVERS

Good Progress Being Made With the Provincial Highway

Considerable progress is being made with the work on the provincial highway between London, Ont., and the Quebec boundary. Grading on the Ottawa Prescott road is nearly finished and east of Windsor on the Queenston Grimby stone road, oiling and grading is being done near Lanark, east of Dundas.

Grading operations will be commenced in the city of Brantford and equipment is being rushed forward to the section of the highway between London and Ingersoll. Within two days grading will be started on the Ingersoll Woodstock section.

Excluding three sections all the roads constituting the highway have been taken over by the Government.

TO THE GRAVE

The funeral of the late Mrs. Harriet Botes was held from the family residence, 145 1-2 Geneva street, on Wednesday afternoon. Rev. S. E. Martin, assisted by Rev. Dr. Clark, conducted the services at the house and graveside. Those who acted as pall-bearers were five sons and one son-in-law, Harry, William, Oliver, Charles, James Botes, and Gordon Hicks. The oral tributes were very numerous and beautiful.

VERDICT OF NOT GUILTY

The case of theft of grain charged against James Clark by A. F. Biggs, both of Louth township, came up before His Honor Judge Campbell on Wednesday afternoon. The jury brought in a verdict of not guilty, and Clark was discharged. Mr. J. McCarron appeared for Clark, while Mr. Brennan appeared for the Crown.

A COMMUNITY NURSE

CHATHAM, June 12.—Chatham may have a community nurse. A special committee of the Board of Health is making an investigation and will report to the board. The city now has a school nurse and good results have been secured and it is believed that an extension of the plan would be to the advantage of the city.

PROHIBITION SHOULD PROHIBIT.

There is a growing and widespread opinion that if prohibition is to be the law of the land it should prohibit it. It should be so enforced that the wine and liquor cellars, of the rich would be made to disgorge their contents and they could not reload with as much ease as they enjoy now.

It is a notorious fact that in the cities of this province there is a god deal of liquor, consumed by families who can easily afford to have supplies sent to them. The poorer class who have not the money have to go without or cross the river and get a full packer for a day among their neighbors in the States.

A significant statement, along this line is made by no less a man than Charles M. Schwab, chairman of the board of directors of the Bethlehem Steel Corporation, who is himself a millionaire but recognizes the element of unfairness which gives an obvious advantage to the rich. Speaking before the Pan-American Commercial Congress he defines the word "consistency" in prohibition by putting it this way:

"I am one of the people who believe in being consistent. Some one said to me the other day: 'Are you a prohibitionist?' Well, I thought a little about that, and thought I better not commit myself.

"I said, 'Yes, under one condition.' He said, 'What is that?' I said, 'that everybody is treated alike. I don't believe in prohibition that will enable me or Mr. Vanderlip or other rich men of the country to store their cellars with wines and whiskeys for the rest of their lives, while the ordinary people, who haven't the money, must do without it. If we are not, let's all of us without it. I do not care which it is, but let's be consistent.

"When Mr. Schwab says respecting proposed legislation in the United States applies with equal force to Canada, where a sort of prohibition has pretty well prevailed as a war measure. This early fall the people of Canada will be asked to vote on a referendum. The Journal believes that if the use of liquor is going to be stopped, let it be in such a way that the cellars of the rich will not be well stocked, while the tinner is prevented from having his class of beer.

STORM BREWING IN OTTAWA

The political air at Ottawa is becoming somewhat electric with promises of more thunderstorms and vivid flashes of lightning. The big fellows are coming into action over the budget which Sir Thomas White introduced and which has the appearance of an innocent babe in swaddling clothes, but in reality has all the essentials necessary for combustion and battle.

An intimation is carried to the House by one of the ministers that if the Government is worsted in the debate and the vote, it will resign and appeal to the country. This is the most natural course of events and should create no surprise. For some time there has been an expectancy of trouble over the tariff. In fact, already readers of maturing political events have for months forecast a split on this old rock which has helped to make and wreck more Canadian Governments than any other question. The trend of the argument in the Commons is toward a stiff fight with the odds in the Commons in favor of the Unionist Government, but with the odds among the voters as probably with the Opposition.

In other words, the public at large

THE PASSING JEST

At 21 a man knows everything; at 30 he wishes he knew something.

A small boy is always very industrious when it is time for him to go to bed.

Some persons cannot see what pleases those who mind their own business find in living.

Little Edith—Mother, are you the nearest relative I've got?
 Mother (who has just been refused a new hat)—Yes, dear, and your father's the closest relative you've got.

Maude—Eileen is keeping her engagement a secret.
 Martha—How do you know?
 Maude—Why, she told me so.

Mrs. Startupper—Ah, professor, and how is my little daughter getting along with her singing? Do you think she will ever become a great singer?
 Professor—Madam, it is very hard to say.

Mrs. S.—But, surely, she possesses some of the qualifications?
 Professor—Ya, madam, she has a mouth.

KISSING'S NO SIN

Some say that kissing's a sin,
 But I think it's none a sin,
 For kissing has won't in this war!
 Since ever there was two.

O, if it wasna lawful
 Lawyers wadna allow it;
 If it wasna holy,
 Ministers wadna do it.

If it wasna modest
 Maidens wadna tak' it;
 If it wasna plenty
 Fair folk wadna get it.

THOUSANDS OF SAMMIES

NIAGARA FALLS, Ont., June 12.—Thousands of United States soldiers are being hurried through the city on their way home from France. In the past few weeks about fifty thousand must have passed through Niagara Falls, most of them for the west.

HURRY FOR UROROGATION

OTTAWA, June 12.—It is expected that Parliament will prorogue on July 1. Morning sittings commence on Monday next and the House will sit this Saturday.

is dissatisfied with general conditions, high cost of living, etc., most of which conditions have not been created by any misadministration of the Union Government, but by the financial problems arising out of the war; and yet to the masses there appears the Government and that alone as a suitable object for attack.

People often neither stop to read nor to think. They fail to recall that after every large war much the same unrest prevailed and that the cost of living arose to high figures. It was so after the Crimean and the American civil wars, and when analyzed it is easily understood why things are as they are. The withdrawal of many millions of men from productive pursuits for three, four and five years, the destruction on the fields of battle of millions of dollars' worth of materials, the shifting of trade from regular into abnormal channels, and the shipment of quite a percentage of our foodstuffs and materials to Europe that should be left here for use; all these and many other things enter into the inflated costs and there is but one way in our opinion to remove the difficulty, and that is to quickly and vastly increase all our sources of production; but among the masses this does not appear as the remedy. Rather, they take, and will continue to take the view, no doubt, that the protectionist policy has been carried too far and that a change of affairs relating to this department might dispose of most of our human ills.

The situation at Ottawa, therefore, promises to become somewhat critical over the whole matter, and while an early election may be prevented, it need occasion no surprise if an appeal is made to the country before the end of this year.

FICTION AND BAD COMRADES
SECRET OF HIS DOWNFALL

In Statement of his Career, McCullough Shows How he Took First Steps That Finally led him to the Gallows.

"I am not a murderer, nor have I the instincts of one, and if I have to die on the gallows my conscience is clear as to that, and I will die as a man, I hope."

So writes Frank McCullough, who, in the condemned cell in Toronto jail, is writing his story of his life.

He has written a story of his life for his cousin, T. C. Robinson, K.C.; it reveals him as a boy of respectable parents, led astray by the reading of wild literature, and as a runaway boy, inveigled by two tramps into a life of crime. At fifteen he was sentenced to ten years imprisonment. He served in the U.S. army on the Mexican border, was wounded, and came to Toronto, where he hoped to secure a commission in an overseas battalion. Then, had companionship agents, leading to the tragedy which is to cost him his life tomorrow morning.

(BY FRANK McCULLOUGH.)

I was born in Osego County, New York, on a farm within five miles of Cooperstown, named after the famous author of "The Last of the Mohicans."

My parents were honest, God-fearing people of good old Yankee stock, and my proper name is LeRoy Ward Fay Swart. When I was a little over eleven years of age my father's home was by some accident burned to the ground, so he sold the old farm and moved to Jersey City, New Jersey, where he obtained work as a carpenter on the Pennsylvania Railroad. I have two sisters and a brother, all of whom are younger than myself, the oldest being at this time twenty-two. While we were in Jersey City I attended public school until I was thirteen, and then we moved over to Brooklyn, N.Y., where I continued my public school education.

RAN AWAY AT FOURTEEN

I enjoy reading very much, and as most young boys of that age read what are termed dime novels, I read a deal, and when I was a few months over fourteen I became imbued with the glamor of the life of some of these fictitious heroes and ran away from my home.

I had about ten dollars, the proceeds of a boyish stamp collection, and with it purchased a ticket on one of the Hudson river boats to Albany, N.Y. Incidentally my people made several efforts to find me, but I did not communicate with them for a year.

Well, in Albany they were erecting a new educational building at the time. I got work as a water boy and worked for seven months or more. I quit there and went to the railway yards and beat my way to Erie, Pa., where I was taken in charge by a couple of real tramps, and they in a few weeks initiated me to the duties of a "look-out" while they performed various burglaries and robberies.

I was with them about four months and was arrested one night in Kansas City, Mo., for investigation, and I admitted being implicated in these crimes. It was the first time in my life I had been in trouble, and I was but one month over fifteen years of age. But, nevertheless, I was sentenced by Judge Lathaw to ten years in the penitentiary at Jefferson City, Mo.

I had no lawyers or friends. The

WIVES AND MOTHERS NEED NOT HAVE SORE BACKACHES

Constantly on their feet, attending to the wants of a large and exacting family, women often break down with nervous exhaustion.

In the stores, factories, and on a farm, are weak, ailing women, dragged down with torturing backache and bearing down pains.

Such suffering isn't natural but it's dangerous, because due to diseased kidneys.

The dizziness, insomnia, and other symptoms of kidney complaint can't cure themselves, they require the assistance of Dr. Hamilton's Pills which go direct to the seat of the trouble.

To give vitality and power to the kidneys, to lend aid to the bladder and liver, to free the blood of poisons, probably there is no remedy so successful as Dr. Hamilton's Pills. For all womanly irregularities their merit is well known.

Because of their mild soothing and healing effect, Dr. Hamilton's Pills are safe, and are recommended for girls and women of all ages. 25c per box at all dealers. Refuse any substitute for Dr. Hamilton's Pills of Mandrake and Butternut.

other two men promptly vanished. I was in such a state of mind I did not know what to do. There was only three days interval between my arrest and my sentence. Had I had a lawyer I would have been sent to the reformatory at Bonville.

SPARED HIS MOTHER

Well, after I had recovered what little sense I had, I wrote a letter to my dear old mother and told her that I was going on an exploring and prospecting trip with some men and that she would not hear from me again for some years. I was taken to the pen and did not write again for two years. After that time I had begun to have a glimpse of more mature sense, so I sat down and wrote the whole thing to her, and their ecstasies were successful in getting my sentence reduced 15th day of October, 1914, and my number was 12222.

Benig ashamed to go home then, I went to Joplin, Mo., and enlisted in the United States Army. The Mexican trouble was raging at the time, and I was shot in the right leg. I was in the army for two years and three months. After my discharge I came to Canada and received work at Bantfield's munition plant, with the intention of joining an overseas battalion, as that was before the United States had entered the war, and as I had studied hard during my incarceration, and having had previous field experience, I thought I might join one of the Canadian units.

My leg, however, not being completely cured (the bone had been somewhat shattered), I was turned down for a time, and after working here for a few weeks I happened on one of my fellow prisoners from Missouri, and again I got into trouble.

TRUSTY AT BURWASH

I was sent to Burwash for one year. The first week I was there I gave my word to the superintendent in charge that I would not run away, and was made a trusty (without any guard) and finally, after nine months, was paroled. I came back to Toronto and went to work for the Dominion Shipbuilding Company, and worked steadily there until late in July, when I went to work for Barkers' Bread Bakery, as a driver, as the hours were shorter and more pay was given. Then, again, I ran across the man of whom I spoke before, and another young man from Ottawa, and I fell once more into the crooked path.

But I never carried a revolver or other dangerous weapon in my life except when in the army and I have never broken my word, and I will endeavor to tell the facts regarding this terrible tragedy the best that I know how.

I went up to Ottawa to visit this man Johnson and while there we burglarized a store and shipped the goods to Toronto. We arrived here ourselves on Sunday morning. Johnson went to a friend's house to stay, while I went to my room. We met that afternoon and Johnson showed me a revolver that he had purchased from his friend I remonstrated with him about it in his friend's hearing, but to no avail. We parted company then until the next day when we met as usual and going to the livery stable of Mr. Cross we hired a rig and took some of these stolen goods around to the store and sold them.

THE FATAL ENCOUNTER

The next day we did the same and one of the proprietors of the store notified the police and when we re-

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," action, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

turned the horse and wagon, Detective Frank Williams was waiting for us.

Mr. Cross took the rig on down to his stable and we returned with the detective. He had come between us and grasped us by the shoulders. We turned with him and went to the little back office at Cross'. Johnson went through the door first, then Williams then myself. He was turned sideways so as not to let go of us. The office was dark and as soon as Williams was inside Johnson pulled the revolver and fired. Williams let loose with me and attempted to grapple with Johnson and he fired once more.

I cried, "quit that you fool," and jumped at him and grabbed his arm with one hand, the right and the gun with the left, just as he fired once more the bullet going into the roof and the fire burning my left hand. He let go the gun and went through the next office through the front door and away.

QUESTIONS LIVERYMAN'S EVIDENCE.

In the meantime Williams had pulled his billy and jumped on me. We wrestled a little while and that is when Cross came to the door. The whole thing had only taken a matter of seconds till then and Cross was mistaken at my trial as the evidence at the inquest, his own evidence, will show, for he had taken the rig to the back of his wagon shed, a distance of perhaps 200 feet from us, and was

CITY OF ST. CATHARINES
Taxes Year 1919

Under the authority of By-law No. 3200 passed on the 25th day of March, 1919, notice is hereby given that all taxes for the year 1919 are now due and payable but may be paid in three instalments as follows, subject to the following exceptions and conditions.

Taxes which are not payable by Instalments.

Taxes in Income Assessment, Arrears of Taxes and charges collectable as taxes for any work done or services rendered by the Corporation are due and payable in bulk on or before the 25th day of June, 1919 (and not by instalments.)

Payments by Instalments.

1st. Instalment—due and payable on or before the 25th June 1919. One-half of the taxes will be the amount of the 1st Instalment.

2nd. Instalment—due and payable on or before the 25th September 1919. One-quarter of the taxes will be the amount of the 2nd Instalment.

3rd. Instalment—due and payable on or before the 25th November, 1919. One-quarter of the taxes will be the amount of the 3rd Instalment.

Taxes not paid when due.

If default is made in the payment of any instalment on the above dates, the privilege of payment by instalment becomes cancelled and the whole of the taxes or the balance unpaid, as the case may be, at once becomes due and payable together with percentages in addition, as follows:

Upon default in payment of taxes on the dates appointed,

Penalty On amounts paid within ten days of time of such default, a percentage charge of one per cent. will be collected.

Penalty On amounts paid within twenty days of time of such default, a percentage charge of two per cent. will be collected.

Penalty On amounts paid within thirty days of time of such default, a percentage charge of three per cent. will be collected.

Penalty On amounts remaining unpaid after thirty days of time of such default, a percentage charge of five per cent. will be collected.

Failure to pay the above instalments of taxes as they become due not only forfeits the right of settlement by instalment but brings the parties under the penalty of the Assessment Law, which enacts, that in case any party shall REFUSE OR NEGLECT to pay the taxes imposed upon him for the space of fourteen days after demand, the Collector shall levy the same, with costs, by distress and sale of the goods and chattels of the party who ought to pay the same.

1. Ratepayers who do not receive their tax bills by the 1st day of June should notify Tax Collector's Department of the fact.

2. Cheques tendered in payment of taxes must be "marked" by bank and made payable at par to the City of St. Catharines.

3. Taxpayers sending amounts by mail for payment of taxes should also enclose the tax bill and a self-addressed and stamped envelope for the return of receipted Tax-bill.

4. Taxes are payable at the office of City Tax Collector.

GRANTHAM

The Grantham Township Council met as a regular meeting in the County Building at St. Catharines, on Monday the 9th. inst.

Members all present. Communications were read from Mr. H. B. Harper, builder, of 42 Lobbis Street, stating three houses are to be built on the "Warren" lot at the corner of Queenston street and Grantham Avenue and water service will be required for them.

Twelve ratepayers of Grantham Avenue asking for sewer service. A. K. Wainwright, builder of 88 Dufferin street, secretary of the Garden City Gun Club, asking permission on behalf of the club to erect a small club house on the side of the road adjoining the Welch Grape Juice Company.

Petition of Niagara Gardens subdivision water works system, with additional names was discussed.

The clerk submitted the petitions for and against the opening of the road allowance across lots 12, 13 and 14 in the second concession. Also copies of resolutions passed by the Council in the year 1892 in reference to it.

Report of trustee officer Frank W. Secord was read.

Mr. E. Kay, of Maple Grove subdivision asking for cutters on Lorne street sidewalk.

Moved by Councillor Stewart, seconded by Councillor Baker, that this Council form themselves into a Court of Revision of the Assessment Roll of 1919. Carried.

The members disposed of the following appeals:

Thos. G. Watson, Tax Commissioner, appealed that the assessment of the N. St. C. & T. Ry. Co. was excessive under the new Act. Appeal not allowed.

James A. Keyes, solicitor, appealed that Harry Clatterbuck was wrongly assessed for lot 10, and the assessment of lots 6, 8 and 9 are excessive Fairvale sub-division. Lot 10 was changed to K. Vine, and the assessment on lots 6, 8 and 9 confirmed.

F. E. Hetherington, solicitor, appeared for Thos. G. Welsh, that his assessment should be changed from Public School to Separate School. Appeal not allowed.

Arthur Broilhard, appealed that his assessment in Homeland sub-division should be changed from Public School to Separate School. Appeal not allowed.

Mrs. Elizabeth Taylor appealed that her assessment in Homeland sub-division was excessive, Appeal not allowed.

Maitland Cushman, appealed that the Government has purchased half and are being part of lot 7, corner assessed at \$100. Appeal allowed.

Hugh Beaver appealed that lot 1069 Homeland sub-division should be changed to Jos. Bonareski. Appeal allowed.

Dogs were taken out the Roll for Walter Walton, and James A. Stewart, they having disposed of the same.

The following names were added on the roll: A. Tiffin, lots 1034, 1035 and 1036, valued at \$300 Homeland sub-division; Wm. McLellan, Alfred W. Dean, Oliver Birch, Joseph Lebar, Leonard J. Montana, J. E. DeLine, Wm. Hill, Thos. Tancock, Oswald Amis, John J. May, Robert Stevens.

On motion of Councillors Hayes and Stewart, the assessment roll as revised be adopted and this Court do.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, and bowels every scrap of indigestible all the indigestible waste, poisons, acids and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

now rise and take up the general business of the township.

Moved by Deputy Reeve Walker, seconded by Councillor Baker, that the petition of the residents of Grantham Avenue for the construction of a sewer advice be referred to the City Council for their consideration. Carried.

Moved by Councillor Baker, seconded by Councillor Stewart, that the Clerk notify Mr. Frank Bowman that this council have considered his request to open the road allowance across lots 12, 13 and 14 between the 1st and 2nd concessions, and have decided to take no action. Carried.

Moved by deputy-reeve Walker, seconded by Councillor Stewart, that the Clerk notify the secretary of the Garden City Gun Club that this council do not approve of a Club House on the side of the roadway. Carried.

Moved by Councillor Hayes, seconded by Councillor Stewart, that the petition of the owners of lots in Niagara Gardens Sub-division asking that a water works system be installed under the provisions of the Local Improvement Act be referred to the clerk with instructions to compute the names on the petition with the Assessment Roll and ascertain whether these signatures represent at least one-half of the total assessed value of the property of Niagara Gardens (buildings not included) and report to this council deal with the question. Carried.

On motion of Councillor Stewart and Baker, a by-law was introduced fixing \$3000 until the taxes are collected.

Moved by deputy-reeve Walker, seconded by Councillor Hayes, whereas the agreement under the Hydro Electric Railway Act, 1914, and amendments thereto, between the Hydro Electric Power Commission of Ontario hereafter called the "Commission" and the Municipal Corporation of the Township of Grantham hereafter called the "Corporation" and other Municipal Corporation, for the construction, equipment and operation of an electric railway in and through the Municipality of the Township of Grantham and certain other municipalities, has been confirmed by the Hydro Electric Railway Act 1919 and declared to be valid and binding upon every Municipal Corporation a party thereto and accepting the same.

And whereas it has been further enacted by the said Hydro Electric Railway Act 1919, that it is the duty of the Council of each municipality to finally pass and give effect to the By-Law relating thereto which has been approved by the electors, and that the head of such Municipal Corporation and the Clerk or Treasurer thereof shall sign the said Agreement and affix the seal of the Corporation thereto.

And whereas certain Municipal Corporations, viz. the Township of West Flamboro and the Township of Saltfleet named as parties to the said Agreement have failed to pass a by-law approving of said Agreement, but the amounts for which the said Municipal Corporations would be

Few Drops on a Corn or Callus

Instantly stops pain and they lift right off with fingers.

This tiny bottle holds the wonder of wonders. It contains an almost magical drug called freezeone. It is a compound made from ether.

Apply a few drops of this freezeone upon a tender, aching corn or a hardened callus. Instantly the soreness disappears and shortly thereafter you will find the corn or callus so shriveled and loose that you can pick it off with the fingers. It doesn't hurt one particle.

You feel no pain or soreness when applying freezeone or afterwards. It doesn't even irritate the skin.

Just ask in any drug store for a small bottle of freezeone. This will cost but a few cents but will positively rid your poor, suffering feet of every hard corn, soft corn, or corn between the toes, or corn between the toes, or the tough calluses on bottom of feet.

Women! Keep a tiny bottle on the dresser and never let a corn ache twice.

You Have No Right To Suffer

Suffering is unnecessary and with CHIROPRACTIC at hand, you are willing to get your spine set right. If you do not consult your Chiropractor at once, upon the condition of your spine depends the state of your health and your suffering is without doubt due to a subluxated vertebra which is pressing upon the nerves causing the stop of mental impulse from the brain to the various organs. Your Chiropractor will give you a Spinal Analysis, will locate the place where the subluxation occurs and will proceed to adjust it. Mental impulse will then flow freely and unimpeded and your sufferings will be over.

A quiet wedding took place in Memorial Church last night at seven o'clock when Rev. J. J. Liddy united in marriage Carrie Watt, second daughter of Mr. and Mrs. H. B. Cameron, Queenston Street and Graham Alexander MacDonald.

The couple were unattended. The bride wore a travelling suit of navy blue, georgette hat to match, and carried bouquet of sweet peas and roses. Although the wedding was extremely quiet owing to recent bereavement in both families, the church was well filled with friends of the contracting parties. The choir of which the bride was a valued member were present and sang softly during the ceremony. They also decorated the church artistically for the ceremony.

After the ceremony two little nieces of the bride Dorothy Cameron and Dora Newman preceded the bride and groom to the altar.

Mr. and Mrs. MacDonald left immediately after the ceremony by auto for Niagara Falls where they took the train for New York where they will spend their honeymoon. Upon their return they will reside at Port Dalhousie for the summer.

The young couple are well and favorably known in this city and will receive best wishes for a long and happy wedded life.

The Winnipeg Police Commission removed Chief MacPherson and made Deputy Chief Newton Acting Chief in consequence of the former's declining to relinquish control of the force.

WANT SATURDAY EARLY CLOSING ALL THE YEAR

ST. THOMAS, June 12.—A vigorous effort is being made by the selection of this city for Saturday early closing the year around. The retail clerks are inaugurating an educational campaign in an effort to win the purchasing public and their employers over to their side. The Ministerial Association of the city has offered its hearty co-operation, passing the good word along from the pulpit and in personal conversation. A giant petition has been signed by the clerks as well as by a number of the leading merchants and will be presented to the City Council in the near future, asking that a by-law be prepared providing for 7 o'clock closing on Saturday evenings, with the exception of the weeks before Christmas and New Year's.

RIDLEY ELEVENS WIN FOUR TIMES

Ridley College cricketers established a mark for the other teams of the Little Big Four to shoot at yesterday when they won four matches. The Ridley first eleven defeated St. George's of Hamilton. Ridley made 181 for five wickets, while St. George's made 95 and 79, respectively, in their two innings. Ridley's best were: Barr 43; not out; McMahon 43; not out; Glass 33; and Williams 23 were the high scorers. Nutt for Hamilton made 31, Robinson 17 and Davis 15. Somerville of Ridley took seven wickets for 21 runs.

The Ridley second team scored its victory over Lake Lodge of Grimsby by 214 to 24. Appleby School, Oakville, fell to Ridley's third eleven in a two inning match. In the first inning Ridley made 51 and Appleby 47, while in the second inning Ridley got 102 for seven wickets and Appleby 97 for eight wickets. Northey of Appleby made 41 and Hutchinson 24. Goldie of Ridley got 28, Biggar 18 and McWhinney 19.

Ridley Lower School won from the Appleby third eleven by 40 runs. Ridley made 119 and 66 in the first and second innings, respectively and Appleby 38 and 17. Mileage of Ridley contributed 34 and Hart 18.

WILLARD IN STIFF WORK

Wrestler Mauls the Champion and Is Cased From the Ring

TOLEDO, O., June 12.—Six spirited rounds of boxing and five miles of road work constituted the training programme for Jess Willard today in preparation for the heavyweight contest with Jack Dempsey here on July 4th.

The champion stopped three rounds each with Jack Hempel and Walter Monahan and boxing experts regarded his glove work as the most impressive since he started training here ten days ago.

Wrestler Musses Willard Up. Willard wound up the day's exercise by wrestling with Soldier Stanton and the champion left the ring with a bleeding back as a result of Stanton's rough work in pulling and tugging Willard around the ring.

The sunburned Dempsey, still chafing under the restraint placed on him went through a lively workout but was not permitted to pull on the gloves.

The Leats and Orioles both won yesterday, the former defeating Birmingham 11 to 1 and the latter humbling Reading 11 to 7.

PREVENT POTATO ROT

Spraying With Bordeaux Mixture Proven Very Effective.

Machinery Must Be Kept Well Oiled. If It Is to Work Efficiently—An Expert Discusses the Question From Every Angle.

LATE blight and rot of potatoes can be prevented by spraying with Bordeaux mixture when the plants are from five to eight inches high and keep the foliage covered with Bordeaux throughout the season.

Thorough spraying only is effective. If thorough spraying is to be done sufficient Bordeaux mixture must be used. From 50 to 150 gals per acre should be used.

The importance of keeping machinery properly oiled may be better realized when we try to compute, in dollars and cents, the annual sacrifice in machine efficiency through friction.

MACHINES SAVE LABOR

Work of Efficient Gas Engine in House and Barn.

How Early Winter Pruning May Be Done Without Injury—Winter Rhubarb Is Delicious and May Be Grown by All.

SAVING labor in stable and home, by the use of machinery, is one of the great economic problems facing the attention of farmers today.

Probably never before in the history of the farming world have so many farm problems been solved by a single piece of machinery as has now been accomplished by the gas-engine. In the stable it can be employed to advantage in grinding feed for the stock.

No longer need the preparation of whitewash and its application with a brush be assigned to warmer regions, for the engine can pump the mixture from a tank or barrel through a hose attached to a spraying outfit.

The gas engine solves for the farmer the problems of comfort in the house, safety in the stables, and a great deal of drudgery generally.

Light Fall Pruning Is Safe. Light pruning in fall is permissible, but heavy pruning is dangerous and likely to result in serious damage from winter killing.

FICTION AND BAD COMRADES

(Continued from Page 2.)
unbiting the horse when the first shot was fired and all three were practically simultaneous as the evidence shows.

Anyhow, I was endeavoring to stop Williams from beating me and pushing him through the back office when he holled: to cross to jump on me. He did so and put both arms around my neck and tried to pull me over backwards while the detective continued to beat me from the front.

SHOOTING AN ACCIDENT
I was trying my darned best to ward off the blows and Cross was choking me. In fact, I had forgotten all about the darned gun when it went off, I swear, by accident, and God knows, it is the truth if no one else does. Whereupon Cross shifted one of his arms around my right arm by the elbow in order to hold the gun, I suppose. Anyway, Williams hit me one right over my left eye, and I must have pulled the trigger again, but I do not remember. All I do know is I felt myself falling but he only stunned me for a moment, I guess, for I staggered to my feet and attempted to run but was tripped by someone before I had gone 40 steps and will—that is all, excepting, God forgive me, and God rest Frank Williams' soul.

NOT A MURDERER
I am not a murderer, nor have I the instincts of one, thank God, although I am convicted as one, and if I have to die on the gallows, my conscience is clear as to that, and I will die as a man, I hope. I do not fear death myself, thanks to the best Christian man I ever knew, the Rev. Gerrard Nelles, of this city, God bless him.

WOULDN'T TAKE GUN
All I will say in regard to my escape from here is this. In the circumstances who would not have done the same? If the thing had required violence, I would not have gone and during my brief freedom, I had opportunities to get firearms, but would not take them, in fact would not carry even a pen knife and if by any chance God sees fit to have mercy on me, and I am granted commutation of sentence, my word is given to NEVER do any wrong again.

I will close this epistle now, God help my poor old mother, brothers and sisters. My father is dead, may he rest easy. And God have mercy on me. His Will Be Done.
(Sgd.) FRANK MCCULLOUGH

VERA WRITES MCCULLOUGH
Vera D. Lavelle has written a pathetic letter to McCullough, her condemned sweetheart. In the note she refers to "our secret" and speaks of him as "mon cher mari" (my dear husband). The letter was received by her counsel, William B. Horkins, who will seek to communicate it to McCullough. Mr. Horkins thinks that Vera, who herself unceremoniously left the jail two weeks ago, has managed to reach the United States. She intimated that should McCullough's life be spared she would return to complete her own sentence. The letter reads:

Dear Frank:
This is just a line, dear, which I hope is not the last, to let you ever know that my thoughts are all on you. And now, dear, when time is getting on, I feel numb when I think of your life hanging in the balance. I pray to God almost all my time and since my escape my life is hardly worth living. I cannot even reconcile my mind to anything else but to you. If my life were accepted in preference to yours I could say, "Take it," and say it with a smile, but yours, it almost drives me insane, I cannot sleep and even if I do, I wake up with the horrors of the jail or that I am caught. Even if you do not get a reprieve it will surely look as if God had forsaken even us, but if you do, and you get life sentence bear it with a smile.

HAS A FRIEND
It is nice warm weather where I am. I forgot to tell you, dear, I am not in the city, but I have

THE COMING CHAUTAQUA

Dr. Arthur W. Evans.
"What kind of a lecture does this young Evans give," is a question frequently asked of Lyeicum representatives, and it is often that a representative can tell, for Dr. Evans, who is the first day's attraction, June 18, has a habit of "putting over" a lecture which defies description.

Two years ago Dr. Evans made his initial appearance in a Pennsylvania town, in which a Lyeicum course has been conducted for many years. What he did to the folks there may be judged by a letter, received from the enthusiastic committeemen in charge of the course:

"This young Welshman was the greatest Lyeicum bargain we have had in a dozen years' experience. He had our folks hanging over the bleacher rail, and the last man was out in the ninth inning. Even the gentlemen who got soaked under the fifth rib by his conclusions didn't realize they had been wounded. He has a voice which would clear the starkest Lyeicum call up to the trench and let him have him, and his method of approach is fresh and daring.

"Some blessed, coarse ticket holders went up to our auditorium with misgivings. They were afraid the 'lords of the land' might be dry and diabolic than fresh and invigorating. They had the 'show me' stare when the curtain went up, and the perpetual introducer slayed young Evans into the fiery furnace with the falling faith of the friends of Dapier, kissing him good-bye with a tear. But he waded right in and turned the hose on. The fire spluttered and went out. Enthusiasm was born and the Missouri smile of distrust disappeared in a wave of Pennsylvania approval. A young gentleman from Wales arrived. Three hundred doubters died and three hundred boosters came to life. And oh, what a joy! It was from that time to the finish. An hour and twenty-five minutes of unalloyed enjoyment, and when it was over there

ESCAPE DIDN'T PREJUDICE
The following letter was received from the Hon. Arthur Meghan from Ottawa, by T. C. Robinette, K.C.
"Dear Mr. Robinette—I need scarcely add that this case has been the subject of a great deal of deliberation and care. The responsibility of deciding the fate of McCullough is one of the most anxious that I have ever been compelled to undertake. I was ready to make a recommendation at the time of his escape, and had then come to a conclusion which some time later on a new recommendation was approved by Council and by his Excellency. The escape of McCullough did not weigh with me in the least, nor do I think it weighed with any member of Council.

Glen Ridge

The Ideal Residence Area of St. Catharines

Glen Ridge is by far the most desirable residential subsection in St. Catharines now on the market, and possesses the following enormous advantages:

1. It is close to the heart of the city, all lots being within one mile radius of the Post Office and City Buildings.
2. There are building restrictions ensuring the erection of only the most desirable dwellings.
3. Beautiful surroundings and park areas.
4. Prices moderate and reasonable terms.

We expect a big movement in this property in the next two months. So act quickly and own a home in the most beautiful sub-division in the Niagara Peninsula.

The Dates to Plant for Heaviest Yields. To Make Most Money From Wool Shearing Must Be Done Properly and Well Handled Carefully—A Few Hints Which Have Saved Farmers Dollars.

HERE is a best time to sow each class of farm crops to secure the highest returns. It is almost, however, to know which are the most favorable dates for the best returns of the different crops in all seasons. The results of experiments conducted over a series of years form a good general guide. Some crops give best results from late seedings. Seasons vary so much that in some years the rains are practically all over by the dates at which it is only possible to start sowing in other years, it is of the utmost importance, however, to start cultivating the land as early as it is dry enough to work to good advantage. The first cultivations should take place for those crops which should be first sown. In this connection it is interesting to study the results of an experiment which was conducted in each of five years at the Ontario Agricultural College, Spring wheat, barley, oats and peas were sown on each of six dates. One week was allowed between each two dates. The experiment was conducted in duplicate by sowing with the grain drill and broadcast by hand in each instance. The following table gives the average results for the ten tests in the five-year period:

Seedings	Wheat, 45 lbs.	Oats, 45 lbs.	Peas, 45 lbs.
1st	21.9	45.9	78.0
2nd	19.2	45.9	78.0
3rd	15.4	39.8	64.2
4th	13.0	27.1	55.8
5th	8.4	27.6	45.2
6th	6.7	18.4	37.0

It will be seen that the spring wheat gives decidedly the best returns from the first date. In the case of barley and peas, however, there is not much difference between the first two seedings of barley and oats, but there is a slight advantage from the first date in the case of barley and peas. The peas, however, gave the highest returns from the second and third dates, and even the fourth gave a higher return than the first date. After the first week was past there was an average decrease per acre for each day's delay as the season advanced of 27 pounds of spring wheat, 47 pounds of barley, 48 pounds of oats, and 20 pounds of peas.

These results are of special interest and worthy of careful attention at this particular time.

Shearing and Tying the Fleece.—Shearing should only be carried on under the most favorable conditions. Upon bright, warm, sunny days when the sheep are dry of fleece and the wool has "risen" somewhat from the body. Cleanliness and care in the removal of all foreign matter from the fleece and the shearing floor should be swept after each fleece has been removed and tied. This will eliminate a great deal of foreign matter which, although it may not be noticed so at the expense of quality.

Dung Locks or Tags.—It will be noticed with many fleeces that there are certain locks or tags or pieces of wool which are very sticky and contain a great deal of moisture and if left on and rolled into the fleece produce a damp heavy condition that means a higher shrinkage and hence a lower value. They should, whenever present, be snipped off with the shears before the sheep is shorn or also pulled off by hand after the fleece is spread out for rolling. They can very easily be packed and shipped separately, bringing more money this way than if left upon the fleeces. The same is true of all paint dotted locks as well.

Rolling the Fleece.—Spread the fleece out on the floor, being careful not to pull it apart and with the flesh side down. Then fold the belly wool and both sides in until your fleece represents a strip about 18 inches wide. Starting at the tail end, roll tightly toward the neck, thus leaving the shoulder wool which is always the superior portion, on the outside of the roll. The grader always estimates the grade by the appearance and quality of this wool to be rolled and hand-graded, that over the hind-quarters usually running a grade or two lower.

Tying the Fleece.—Having rolled up, tie both ends in the same bundle. Furthermore, avoid as much as possible the shipping of loose wool. If you have two or three different breeds of sheep, possibly a grade flock and a pure-bred flock, it is wise to keep the wool from each breed separate and pack it so.—Director E. W. Wade, B.S.A., Ontario Department of Agriculture.

Tells how to take soreness from a corn and lift it right out. Hospital records show that every time you cut a corn you invite lock-jaw or blood poisoning, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezeone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus. You simply apply a few drops of this on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain. This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

THOUSANDS WHO WHO

GOING UP THE CANAL

There were crowds of disappointed people when after journeying to the pier and along the harbor they had to return to the city to see the construction of Radial Road.

The U. Boat could be seen in the lake and people coming nearer and nearer anchor of the pier. Those crowded and jammed and to crowd-d cars know what was when word came in the morning was anchored there night. Then everybody was home at once, and the crowding began all over again today that in the fr of the closed cars there were ten people packed in so that the orman was barely able to get out.

Any way the crowds got and they had naturally to no matter how. It was long night before the last of the pleased crowd reached the homes again. Hundreds of were in the village having from every direction.

It was said that Port Dalrymple before being visited by people in one evening. The of displeasure and criticism and the public is still why so grave a discourtesy shown Canadians. It was because of the fact that the boat was late into the harbor and did not get there all night but to the lake with thousands of persons waiting on land to indeed tantalizing.

An effort was made by the have the former Hun pier St. Catharines. Thorold may attempt to get it to halt partially without success. today that the instruction ington to the Commander "sub" to stop anywhere it except long enough to look Niagara Falls was also has yet come that this was granted.

The "sub" left Port Dalrymple this morning and the canal. It had to wait for some time before it could through on account of it will hardly reach Thorold till late this afternoon or evening.

Two U. S. submarine down the canal a day or meet the U. Boat and the harbor so that it seems a commander of the "sub" not care to enter the harbor the custody of an is.

Asked for Harbor when the "sub" and the came to Port the harbor asked for. Port has not all that was necessary from the vessel to get permit to lock through. but perhaps the lack of an official reception preference in the mind of Lockwood. The people are of the opinion that if the higher up knew how the "sub" "out at sea" when they came into harbor, they sanction the discourtesy.

In endeavoring to get stop here the Mayor with Chaplin, M. P., who took up with the authorities in G. J. Desbarat on behalf the Department wired the "sub" was in charge of the and the captain had confidence and might be present here.
