HOSPITAL GOVERNMENT OUT OF TRUSTEE BOARD OF 25 CITY GETS 5 MEMBERS

Is Given Equal Representation With University — E. B. Osler in the Government's Portion—Dr. Cameron Says Hospital Is To Educate Rather Than To Cure.

A healthy protest on behalf of the city, made by Ald. Noble, Harrison, McChile and the mayor, was effectual in persuading the representative committee handling the hospital to increase the representation of the city on the board of trustees at a splendid meeting in the reception room at the Parliament Buildings last evening. The meeting opened at 5 o'clock and lasted three hours. It was called to discuss the act to amend and consolidate the act respecting the hospital. The trustees of the Toronto General Hospital, J. W. Flavell, president and in the gathering were: Hon. Mr. Hanna, Hon. Mr. Osler, E. B. Osler, M.P., Dr. Graesselt, Dr. Cameron, B. E. Walker, Dr. Reeve, Mayor Coatsworth, Ald. McChile, Ald. Dr. Noble, Ald. Dr. Harrison, Dr. C. A. Hodgetts, Ald. McPhedran, Chief Justice Moss, Fred Nicholls, M. J. Hancy, Dr. Brown, President London, P. C. Larkin and a score of others.

The meeting decided that the site at College and University avenues would be most desirable.

The act which was up for discussion provided that there should be 21 trustees, six of whom would be appointed by the lieutenant-governor-in-council, five by the University of Toronto, three by the city council and seven elected by subscribers.

This clause satisfied nearly everybody but the city council members. They had expected a much smaller board. It was eventually increased to 25. The city gets two more trustees than the University, but the government also gets two more, and with varying representation will have a controlling interest on the board.

Wanted it increased.

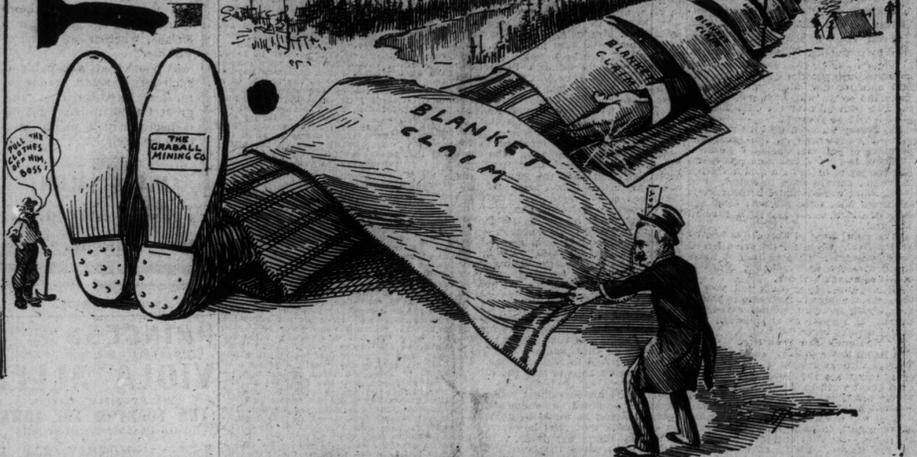

Ald. Dr. Harrison was very much in earnest when he moved that the city have at least five representatives on the hospital board. "The hospital would be a University one, it would build a Toronto hospital and he thought the city should change its name to University on the board. 'Give them three representatives and give us five,' said the alderman."

Ald. McChile seconded the motion to increase Toronto's representation. Talking directly to the trustees, he said the present trustees in urging their claims on the city had dwelt on the fact that the board of trustees would be numerically very small, say nine. Now it was increased to 25.

His motion would not object to Dr. Harrison's motion if the university representation was made seven instead of five.

An able defence of the directorate as proposed in the bill was made by Mr. Noble, who said the government had practically controlled the hospital trust and the same conditions should exist under the new law. He said the city would be in a position to control the hospital for a period of years. He said the city would be in a position to control the hospital for a period of years. He said the city would be in a position to control the hospital for a period of years.

ATTY. GEN. FOY: He's been robbing the whole mining camp.

MILLIONS FOR EQUIPMENT OF CANADIAN NORTHERN

Officials Announce That Prince Arthur Branch, 260 Miles, is About Completed.

Not a C. N. R. Land Grant

Just Exchange of Areas

Because of Government Desire to Preserve Timbered Territory. Original Grants Are Being Traded For Prairie Lands in Other Parts of the West.

MAKE CORPORATIONS SWEAR THEY WON'T GIVE TO FUNDS

One of Many Bills in New York Legislature to Reform Elections.

Montreal, Jan. 10.—(Special.)—Messrs. Mackenzie & Mann's orders for railway equipment to be delivered this year will total about \$2,600,000. This statement was made today by D. B. Hanna, third vice-president of the Canadian Northern, who reached here today from Quebec in company with William Mackenzie, D. D. Mann, Hugh Sutherland and Z. A. Lush, who had all been down to the Ancient Capital attending the annual meeting of the Great Northern.

The equipment orders just referred to embrace 1000 box cars, 400 flat cars, 40 stock cars, 20 first-class day coaches, 16 baggage mail and express cars, 5 sleepers, 2 diners and 14 high-class freight and passenger locomotives. All the latter and most of the cars to be made in Canada.

The important announcement was also made that the Prince Arthur branch, from Dauphin to Prince Albert, 260 miles long, or 456 miles from Winnipeg, had been about completed. It was also explained that in a great many places the main line to Edmonton and the Prince Albert branch are 100 miles apart, and also there will not doubt be several lines radiating from both the Edmonton and Prince Albert line. It is quite possible a parallel line may be built between them, joining the main line somewhere near Edmonton.

Hugh Sutherland, who is president of the Canadian Northern Coal and Oil Co., said that his company has an area of 50,000 acres, a storage capacity of 500,000 tons, to cost one million, will be completed by the opening of navigation. The blast furnace, producing 200 tons of pig iron per day, will be finished by August.

Ottawa, Jan. 10.—(Special.)—The World is in a position to state the main facts underlying the stories which have been current in Winnipeg for some time, and which have been repeated in some Ontario papers as to a gigantic and mysterious "deal" by which certain parties have obtained enormous grants of land out of which several million dollars will be made by private individuals.

The Canadian Northern Railway received grants of land as part of the scheme under which Northern Manitoba, where it was one thought wheat raising was impossible, was opened for settlement. The grants amounted to 4600 acres per mile of track laid down. An arrangement along these lines has been effected, and Canadian Northern interests have consequently acquired land in a southern direction from Battleford scores of miles from any existing railway.

No new grants have been made. There has been a readjustment not radically dissimilar to that by which the whole of the land within the area affected by the C. N. R.'s great irrigation ditches east of Calgary came into the railway's possession, in exchange for the cession of other lands in the prairie country.

Albany, Jan. 10.—The gist of ballot reform and corrupt practices bills, already numerous, which promises to be a feature of the session, received several additions tonight, the best known among them being the bill of the "Association to prevent corrupt practices at elections," which was introduced in the senate by Senator Brackett. The introduction in the assembly under unanimous consent was objected to, and they went over until tomorrow. The bill amends the general corporation law, Mr. Belmont has presented a single bill, dealing first with publicly secondly, doing business in "political contributions by corporations and third, making provision for an inquest as to political expenses.

Assemblyman Cox introduced a bill to amend the general corporation law relative to political contributions by corporations. The bill provides that within sixty days after each election every corporation doing business in this state shall file with the secretary of state an affidavit subscribed and sworn to by an officer having knowledge of the facts that such corporation has not at such election contributed to the support of any political organization, committee or candidate, or used its money or property in violation of this section.

Any violation of this law by an officer, stockholder, attorney or agent of a corporation, or any person who is or which will be punishable by imprisonment for not more than one year and a fine of not more than \$1000, and shall upon conviction be disqualified for employment of any kind by any corporation for the period of five years after such conviction.

Testimony Compulsory.

Any person offending against this section shall be deemed to be in contempt of court, and may be compelled to attend and testify on any such case, and shall not be liable to indictment, prosecution or punishment.

STOLEN GOODS RECOVERED

QUARANTINED IN HOUSE

AN ELOPEMENT RESULTS

Or so It Would Appear in Case of Stratford Woman and Musician.

Detroit, Jan. 10.—(Special.)—Herbert Gault of Stratford, Ont., is minus his wife, mother-in-law and adopted son. Also not legally separated from her husband, Mrs. Maggie Gault, the wife is living in the same house with Professor Rudolph A. Hausman, teacher of violin and voice culture, at 105 Cherry-street, Detroit.

Hausman created a furor during the four months he spent in Stratford. An elopement of romance enters the story. Hausman boarded in the Grand Charles, a son took lessons, but got ill with scarlet fever. The house was quarantined, with Gault outside, and Hausman inside. Mrs. Gault says her attorneys advised her to leave Stratford for the reason that her adopted son and voice culture, at 105 Cherry-street, Detroit.

8 LIVES LOST IN HOTEL FIRE

TWO JUMP FROM 7TH STOREY

Man Cut in Two by Falling on Rail—Holocaust at Minneapolis.

Minneapolis, Minn., Jan. 10.—Eight persons dead of suffocation or of injuries sustained in leaping from a fire proof hotel building, a score of persons injured and a building damaged \$25,000 by fire, smoke and water is an epitome of the ravages caused by a disaster which befell the West Hotel, Hennepin avenue and Fifth-street today, throwing 700 guests and employes into a panic.

Fire Captain John Berwin fell from the fourth floor to the sidewalk while attempting to save a woman's life. W. G. Nichols, Minneapolis, suffocated. Thos. Summerville, Springfield, Mass., suffocated; J. E. Wolf, northwestern agent for Sperry & Underwood Co. of New York, suffocated; Clinton B. Lammie, New York, traveling man, suffocated; J. E. Fenelon, New York, traveling man, jumped from the seventh story; Mrs. M. E. Hodges, Minneapolis, jumped from the seventh story; Wm. Black, New York, suffocated.

The fire started in a packing room on the first floor, near the elevator. The wood in the elevator shaft caught fire and burned for some time. A sheet of flame 20 feet wide mounted the shaft to the seventh story, carrying an immense volume of smoke, which started a panic. There was so much smoke that guests the moment a door was opened were compelled to crawl out of the windows to avoid suffocation.

The excitement was so intense that the fire department was called out. The fire department was called out. The fire department was called out. The fire department was called out.

DEATHS

EDDY—On Jan. 10, at his late residence, Thornhill, Ont., William Wmch Eddy, aged 69 years.

Funeral Saturday, Jan. 13, at 2:30 p.m. KILLALY—Entered into rest on Tuesday, Jan. 9th, 1906, at 94 Huntley-street, Martha Jane, widow of the late Hon. Hamilton Hartley Killaly, aged 97 years.

Funeral Thursday, Jan. 11th, at 2:30 p.m., to the Necropolis. Friends will be met at the residence.

LAPSEY—At Wesley Hospital, Chicago, of pneumonia, Frederick W. Lapsley, M.D., eldest son of the late Dr. Lapsley of Toronto, aged 37 years.

Funeral on Friday, Jan. 12th, 1906, at 2 o'clock p.m., from "Estdward," 32 Carlton-street, Toronto, to the Necropolis.

McCOMB—At the residence of James McDonald, Fairbank, Jan. 9th, 1906, David McComb, a native of County Armagh, Ireland, aged 67 years.

Funeral Friday, Jan. 12, at 2:30 p.m., to Prospect, Canada. Friends and acquaintances kindly accept this intimation.

SINCLAIR—On Jan. 9th, 1906, at the residence of his wife, Mrs. Elizabeth Sinclair, Fraser, manager of the Caledonian Bank, Nairn, Scotland, Miss Ann Sinclair, aged 90 years, a native of Stonehaven, in the island of Lewis, and the only surviving sister of the late Margaret Sinclair, wife of the late John Robertson, wholesale merchant, Toronto.

GAIN HALF AN HOUR

London, Jan. 10.—The job printers strike is practically over. The Advertiser job printing department and the Talbot Company accepted the request of their men for an eight and one half hour in place of a nine hour day, and those who went on strike are back at work today.

MARRIAGES

JACKSON—BILLY—On Wednesday, Jan. 10th, at Marveta, Ont., home of the bride, Mr. F. H. Jackson to Miss Myra Bradley.

PROF. HARPER PASSES AWAY

AFTER MONTHS OF WAITING

Death of Noted Chicago Educationist Due to Physical Exhaustion, Resulting From Cancer of the Intestines.

Chicago, Jan. 10.—Wm. Rastine Harper, LL.D., president of the University of Chicago since its inception in 1891, regarded by many as the foremost educator in America, and equally renowned as educator and business man, died today of cancer of the intestines at his home on the university campus. Although his death was known by short time, the end of his life, due to physical exhaustion, came suddenly. He was 49 years old.

Despite all that was done for him, an operation was performed. Cancerous symptoms followed recovery from the operation, and on Feb. 1, 1905, an operation was decided on to determine the cause of the severe abdominal pains. Dr. McBurney, New York came to Chicago expressly for the operation, in which he was assisted by Dr. Elliott, and members of the faculty.

It was discovered that Dr. Harper was suffering from a cancer at the head of the large intestine, and that the malady had progressed so far that an operation to remove it would be fatal to the patient. The surgeons decided that the only hope for Dr. Harper lay in medical measures. In a short time he left the hospital, and his death could not be cured, and that his death must ensue within a short time.

ALIVING DEATH.

Dr. Harper took up his usual duties at the university and he appeared cheerful. At times his condition would improve, and then would come relapses that would leave him weaker than before. Despite all that was done for him, he had lost steadily in all things save courage.

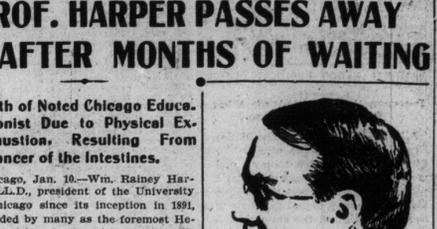

Several times the malady progressed in such a manner that minor surgical operations were necessary to afford him temporary relief.

Just prior to the holidays a portion of his strength came back, and preparations were made for a trip south, but at the last minute he was too feeble to attempt the journey, and it was abandoned. During the last fortnight his strength failed rapidly, and it was evident that the end could not be far off. Messages were sent to his immediate relatives, and all of them were at the house to-day when he died.

University Studies Go On.

Dr. Harper left a statement outlining his wishes for the ceremony of his funeral. A detail which he emphasized, both in writing and in person, was that no regular university exercises should be suspended except during the hours of the funeral services.

The body will remain in charge of the family until Saturday. It will then be carried across the campus to Haskell Assembly Hall in the university grounds, escorted by the university band.

PROF. HARPER.

PROFESSIONAL JURYMEN

"SPOTTED" BY CORONER

Dr. Elliott Makes Some Observations on a Citizen's Duties Toward the State.

A curious state of affairs was shown among the panel of Coroner J. E. Elliott's jury at the General Hospital, when it was revealed that several of the men had been on at least five juries within the past two months.

Coroner Elliott first noticed the presence of the "professionals" at Monday evening's session, when he wished to hasten the case to a conclusion. Several of the men objected, saying that they were not qualified to serve on a large number of juries recently. I am opposed to what are called professional juries, who make a practice of being enrolled on every panel. I would like to know how many of this jury have been on previous juries.

Three or four signalled that they had been on the coroner's previous juries and Dr. Elliott continued, "I don't propose to have them serve on all the juries. I think they should not be called upon to act in every case. Every citizen should deem his duty to accept his subpoena as an honor, and that he be called upon to perform work for the state."

The enrollment of jurymen for a coroner's jury amounts to 50 cents a mile. The jury brought in a verdict of acquittal in the case of Sam Golashensky, who died as the result of a fall from a building received in the Simpson Knitting Works.

200 SEARCH RUINS

3 BODIES RECOVERED

Havershaw, N. Y., Jan. 10.—Three bodies were found late to-day in the ruins of the disaster caused by the landslide here Monday night. They were so badly crushed and charred that identification has not been possible.

Two hundred men worked all day among the ruins.

TEETHING POWERS POISON BABY.

Second Death Due to Medicine Recorred in Victoria.

Victoria, B. C., Jan. 10.—(Special.)—Coroner Dr. E. C. Hart is making inquiry into a second case within the fortnight of fatal poisoning of an infant by the administration of patent medicines, the victim being the young son of Mr. and Mrs. Duval, whose death is laid to the use of teething powders manufactured in England, and which are alleged to violate the Poisons Act of that country in the proportion of opium contained.

In consequence of a similar poisoning case, the government has already arranged to present stringent anti-poison legislation during the session opening to-morrow.

WILL OWN GAS PLANT.

F. R. Lator, M. P., Turns Over Good Thing to Town of Dunnville.

Dunnville, Jan. 10.—(Special.)—At a largely attended public meeting here to-night F. R. Lator, M.P., laid before the people a plan for municipal gas supply to be made by the town of Dunnville Gas Company ends this year, and the meeting was most enthusiastic in favor of the scheme. Mayor Wainman presided and the whole council were present and promised to submit a by-law at once. Mr. Lator holds an option on the site of the plant, and will supply Dunnville with gas at ten cents per thousand, which he will turn over to the town.

OFFICERS IN A PLOT.

London, Jan. 10.—A despatch from St. Petersburg to a new London paper, The Tribune, reports the arrest of eight artillery officers on the charge of being engaged in a conspiracy to blow up the Trolsky bridge and to capture the fortress.

BANNERMAN HOWLED DOWN

BURNS RAPS CHAMBERLAIN

Two Exciting Incidents at Last Night's Meetings in the British Campaign.

London, Jan. 10.—(Associated Press.)—The election fight is daily growing in intensity and the party leaders, with the aid of motor cars, are displaying the greatest energy in addressing many meetings at different places on the same day.

The premier, Sir Henry Campbell-Bannerman, who spoke at Shrewsbury to-night, was howled down by a Chamberlainite minority and was compelled to shorten his speech. Disorderly meetings of this kind are not uncommon.

John Burns, president of the local government board, made a speech in tilt against Joseph Chamberlain, compelling him to publicly retract his statements that a meeting of the kind were being supported in the workhouse of Great Britain. Mr. Burns' speech was met with a chorus of cheers and the workhouse was at present supporting only 21,804 persons, the majority of whom were either sick or disabled.

One of the most striking personalities in the campaign is Winston Spencer Churchill, whose restless energy, it is admitted by friends and foes, is dominating the struggle in Manchester, where he is being attended devotedly by his mother, Mrs. George Cornwallis West (who was Miss Jennie Matthews of New York before she became Lady Randolph Churchill). Mr. Churchill receives deputations, attends meetings and gives lectures at intervals several times daily.

JOE MARTIN ON CHAMBERLAIN.

Attacks Leader and His Policy on Two Points.

(Canadian Associated Press Cable.)

London, Jan. 10.—Prominence is given by The Daily Chronicle this morning to a long letter from Hon. Joe Martin attacking Mr. Chamberlain and his policy. The argument proceeds on two points—that the price of wheat must be raised or there will be no benefit to the Canadian farmer, and that Canadian manufacturers are willing to have still higher duties against the United States, but will never consent to reductions in favor of British manufacturers. He accuses Mr. Chamberlain of misleading the people, or being himself misled, when he says the cabinet will give further concessions.

A policy of protection, concludes the letter, is the only one that may be applied, has always been successful in every country where it has been tried. Canada is not excused, in lowering the moral standard of the electorate. It would appear to an outsider, even to the Prime Minister himself, that a decided taint has already been impressed on the political life of the country. Men have acquired a great reputation in the eyes of the world for high ideals, but when they are found to be engaged in the conduct of the Chamberlain fiscal campaign since its inauguration, they are regarded as impostors.

The letter is presented as the "Voice of Canada," and as the "True Feeling of the Dominion," and appears to be the work of a Man of Great Influence in the Northwest.

SHOULD JOIN THE UNION.

Statement From Scotland re Patent-makers Here.

(Canadian Associated Press Cable.)

London, Jan. 10.—After a personal enquiry by the secretary of the United Pattern Makers' Association on the Clyde, Scotland, has issued a statement regretting that many Clyde men disregarded the order of the district committee, and went to Toronto to join the union. It is found that which the Toronto branch had declared a strike. He warns them that they must conform to the Toronto regulations, but thinks they should be permitted to join the union and participate in the strike benefit.

TEETHING POWERS POISON BABY.

Second Death Due to Medicine Recorred in Victoria.

Victoria, B. C., Jan. 10.—(Special.)—Coroner Dr. E. C. Hart is making inquiry into a second case within the fortnight of fatal poisoning of an infant by the administration of patent medicines, the victim being the young son of Mr. and Mrs. Duval, whose death is laid to the use of teething powders manufactured in England, and which are alleged to violate the Poisons Act of that country in the proportion of opium contained.

In consequence of a similar poisoning case, the government has already arranged to present stringent anti-poison legislation during the session opening to-morrow.

WILL OWN GAS PLANT.

F. R. Lator, M. P., Turns Over Good Thing to Town of Dunnville.

Dunnville, Jan. 10.—(Special.)—At a largely attended public meeting here to-night F. R. Lator, M.P., laid before the people a plan for municipal gas supply to be made by the town of Dunnville Gas Company ends this year, and the meeting was most enthusiastic in favor of the scheme. Mayor Wainman presided and the whole council were present and promised to submit a by-law at once. Mr. Lator holds an option on the site of the plant, and will supply Dunnville with gas at ten cents per thousand, which he will turn over to the town.

OFFICERS IN A PLOT.

THE CANADIAN NATIONAL MOTOR EXHIBITION

The Canadian National Motor Exhibition Association Will Hold Meet at Beginning of March

The first of April will mark a new epoch in the history of the automobile around Toronto.

The Canadian National Motor Exhibition Association has announced their intention to hold a show in the Grand Trunk Hotel...

The large north rink will be reserved for the use of the automobiles.

It will contain everything from the latest four cylinder runabout to big limousines...

The southern rink will contain the motor launches and all the accessories...

This will be the most complete of its kind ever shown on this side of the line.

One feature of the exhibition proposed is that in addition to the regular cars placed on exhibition there will be demonstration cars of the latest types...

The books and catalogues of the Company have, as usual, been audited, and the Auditors' certificates are attached to the balance sheet.

The Inspection Committee have examined the securities and documents in connection with the Company's general body of assets, and their report is appended.

E. R. WOOD, Managing Director.

WITNESS AGAINST HUSBAND

Woman on Stand in Hearing of Dr. Simpson for Murder

Northport, L.I., Jan. 10.—Mrs. Julia H. Simpson, wife of Dr. James W. Simpson, and daughter of Bartley T. Horner, whom Dr. Simpson is accused of having murdered, was a witness for the prosecution in the examination of Dr. Simpson to-day.

Before beginning the taking of her evidence, District Attorney Purman said that a will of Bartley T. Horner had been found in a deposit box in the Northport Bank, which made no provision for either Dr. Simpson or his wife, but that the will had been cancelled by Dr. Horner on Oct. 25, 1905, and it bore an indorsement so declaring.

Mr. Horner was shot by Dr. Simpson on the evening of Dec. 27 last. The inquiry was adjourned till Jan. 13.

FALLS EIGHTY FEET

Scalfoolding Collapses and Robert Leitch is Instantly Killed

Midland, Jan. 10.—A shocking accident occurred at the new elevator on Tuesday by which Robert John Leitch, a young man aged twenty, was instantly killed. The roof was being placed on the tower, and the young man was walking on a scaffolding, upon which props had been placed to support a portion of the roof.

With the extra weight the scaffolding gave way and the young man fell to his death eighty feet below. His head was badly smashed.

KILLED IN 300 WORKS

Sault Ste. Marie, Jan. 10.—An explosion at the blast furnace of the Algoma Steel Co. plant, killed two men, who will probably recover. A third man was killed by flying bricks, which killed him instantly.

ORIGINAL NO-BRIEBY COMPACT

Conservatives and Liberals Worked Under One in 1887

Kington, Jan. 10.—(Special.)—In 1887 an agreement was drawn up in Kington very similar to that now formed between the parties, and it was signed by leading representatives of both parties. The candidates were John A. Macdonald, and Sir John A. Macdonald.

When the bairns met on the day previous to the election and passed a resolution unanimously in which they pledged themselves to work gratuitously for Sir John and the national policy. This pledge was kept to a man next day. The Conservatives won by 18 votes.

It was charged by the Liberals that the Conservatives were not to be trusted for corrupt purposes. This was met by a counter charge of similar import, but that, as the Conservatives were undoubtedly spending a large amount of money to increase their business in Canada, E. S. Simonds of Chicago was in Toronto recently completing the transfer.

It is understood \$250,000 is the price paid for the four Canadian factories. The idea is to operate the four.

A False Alarm

Boys are blamed for sending in a false alarm at 4.45 last night from box 177 at Atlantic-avenue and Liberty-street, giving the firemen, among other things, from Kensington-avenue station, a long needless run.

C. P. R. Receipts

Montreal, Jan. 10.—(Special.)—C.P.R. traffic receipts for the week ending Jan. 7 were \$1,021,000; same period last year, \$778,000; mileage operated increased to 876.

USED MEN AT THE OFFICE

WOMEN IN THE HOME CHILDREN AT SCHOOL

Every day in the week and every week in the year men, women and children feel all used up and tired out.

The strain of business, the cares of home and social life and the task of study cause terrible suffering from heart and nerve troubles.

The efforts put forth to keep up to the modern "high pressure" mode of life in this age soon wear out the strongest system, shatters the nerves and weakens the heart.

Thousands find life a burden and others an early grave. The strain on the system causes nervousness, palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells, skip beats, weak and irregular pulse, smothering and sinking spells, etc. The blood becomes weak and watery and eventually causes decline.

Milburn's Heart and Nerve Pills

are indicated for all diseases arising from a weak and debilitated condition of the heart or of the nerve centers.

Milburn's Heart and Nerve Pills 50 cents per box or 3 for \$1.25, all dealers, or The W. Milburn Co., Limited, Toronto, Ont.

THE TORONTO WORLD

THE CANADIAN LOAN & SAVINGS CO'Y.

The Twenty-Second Annual General Meeting of the Shareholders of the Central Canada Loan and Savings Company was held at the Company's offices, in the City of Toronto, on Wednesday, the 10th day of January, 1906, at 12 o'clock noon.

The President, Hon. Geo. A. Cox, having taken the chair, Mr. E. R. Wood, Managing Director, was requested to act as Secretary to the meeting.

After reading the notice convening the meeting, the Secretary read the Twenty-Second Annual Report and the accompanying Financial Statement as follows:

The Directors have pleasure in submitting to the Shareholders their Twenty-Second Annual Report, for the year ending December 31st, 1905, as follows:

After the payment of interest on deposits and debentures, as well as all expenses of management, there remain net earnings amounting to \$233,654.11. To these net earnings is added the sum of \$50,000, (being 20 per cent. premium on \$250,000, cash paid in by the holders of \$312,500 of 20 per cent. stock paid for par) thus making a total sum available for distribution of \$283,654.11, which has been disposed of as follows:

(a) By payment of four quarterly dividends of 1 1/2% each, being 6% for the year on \$1,250,000 Paid-up Capital - 75,000.00

(b) By dividend at the rate of 6% per annum from date of payment to 31st December, 1905, on \$250,000 new Paid-up Capital - 2,380.57

(c) By bonus of 2% for the year on \$1,250,000 Paid-up Capital - 25,000.00

(d) By addition to Reserve Fund - 200,000.00

(e) By balance left in Profit and Loss account - 1,273.54

\$ 308,654.11

The above addition to Reserve Fund increases same to \$1,000,000, making it now 66 2/3% of the present Paid-up Capital of \$1,500,000.

The balance in Profit and Loss account carried forward to next year is \$27,128.72.

The increase in deposits and debentures amounts to \$389,279.10 and in assets to \$840,552.64 the latter now amounting to \$7,886,950.42.

The books and accounts of the Company have, as usual, been audited, and the Auditors' certificates are attached to the balance sheet.

The Inspection Committee have examined the securities and documents in connection with the Company's general body of assets, and their report is appended.

E. R. WOOD, Managing Director.

GENERAL STATEMENT

For the Year Ending 31st December, 1905.

ASSETS table with columns for Loans secured by first Mortgages on Real Estate, Loans secured by Stocks, Bonds and Debentures, Bonds and Stocks owned, Real Estate, including Company's Building, Cor. King and Victoria Streets, Toronto, Cash.

LIABILITIES table with columns for Deposits, Debentures, Currency, Debentures, Sterling, Capital, (subscribed \$2,500,000.00) upon which has been paid, Reserve Fund, 31st Dec., 1904, Transfer from profits of year 1905, Transfer of Premium on Stock, Profit and Loss, Dividend, due 1st January, 1906, Bonus, 2% for year 1905.

PROFIT AND LOSS ACCOUNT

For the Year Ending 31st December, 1905.

Balance at credit of Profit and Loss Account 31st December, 1904, Net Profits for the year after deducting charges of management, Interest on Debentures and Deposits, and making provision for all losses, Premium of 20% on \$250,000.00 paid in by Shareholders for payment in full of \$312,500.00 of 20% paid stock.

Appropriated as follows: Quarterly Dividends, Nos. 84, 85, 86 and 87, being at the rate of 6% per annum on \$1,250,000.00, Dividend at the rate of 6% per annum from date of payment to 31st December, 1905, on \$250,000.00 new Paid-up Capital, Bonus, 2% for year on \$1,250,000.00, Transferred to Reserve Fund, Balance Carried Forward.

RESERVE FUND

Balance at Credit 31st December, 1904, Transferred from Profits of Year, Transfer of amount received for Premium on Stock, Balance Carried Forward.

In presenting the above statement to the Shareholders, the President, Hon. Geo. A. Cox, called attention to the fact that the net earnings of the Company were larger than in any previous year in its history, and that after the payment of 8% dividend for the year, the sum of \$150,000 was transferred to the Reserve Fund, which, in addition to the \$50,000 added to that fund from premium received on new stock, made a total addition to the fund of \$200,000, thus increasing the same to \$1,000,000, or 66 2/3% of the Company's present Paid-up Capital of \$1,500,000.

The president referred to the satisfactory condition of the Company's loans on real estate and on the collateral security of bonds and stocks, and also to the fact that a very important percentage of the earnings of the year was due to the exceedingly satisfactory business transacted by the Company in the purchase and sale of Government, Municipal and Corporation bonds, which has grown to be much the most important department of its business.

Reference was also made to the increase during the year of the Company's Paid-up Capital from \$1,250,000 to \$1,500,000, which increase the Directors deemed advisable in view of the rapid growth of the Company's business.

Mr. E. R. Wood, the Vice-President, seconded the adoption of the Report for the year ending 31st December, 1905.

The resolutions appointing the Auditors and Inspection Committee were passed, after which the following gentlemen were elected Directors for the ensuing year:

- President: HON. GEO. A. COX. Vice-Presidents: E. R. WOOD, F. G. COX, K. F. KENNY, Wm. Mackenzie, Robert Jeffrey, H. H. Housser, Chester D. Massey, Rev. John Potts, D.D., G. A. Morrow.

RUISING IN SIBERIA FEARED

Nagasaki, Jan. 10.—The transport Mongolia, which has arrived here from Vladivostok with Russian refugees, reports that a general uprising throughout Siberia is feared.

May Be Second Slide

Haverstraw, N.Y., Jan. 10.—Another large crack was noticed this morning in the undermined street at Haverstraw, where the landslide occurred on Monday night, and the buildings that still remain are expected to topple over at any time.

Gas Tank Explodes

Waterbury, N.Y., Jan. 10.—The Elsworth Hotel at Benson Mines, owned by Samuel Pain, was badly wrecked this morning by the explosion of a gas tank in the basement under the Cobalt to prospect. Bradley got 20 acres near the Timmins mine. Immediately after discovering the vein which Bradley to stake the piece he secured, he was offered, so it is alleged, two hundred thousand for the claim.

KAY'S January Furniture Sale KAY'S Some notable Price reductions

The price of every article of Furniture in stock is reduced at least 15 per cent.

A unique feature of our January Sale is that it is concerned entirely with our regular stocks of high class furniture. It is not a sale of goods manufactured in the cheapest way especially for sale purposes.

In many cases the reductions range from 25 to 50 per cent. below regular prices

The articles listed below were selected from a host of red ticketed bargains now on sale. The wise will call and make early selection.

- 1 only Mahogany Finish Desk Chair, with pad leather seat. Regular price \$70.00. January Sale price \$50.00.
1 only Twin Duet Piano Stool, with two revolving seats on massive cast-iron bases. Regular price \$35.00. January Sale price \$25.00.
1 only Drawing-room Reception Chair, in Prima Vera, exquisitely upholstered with plush and mother-of-pearl. Regular price \$30.00. January Sale price \$20.00.

POTTERY & BRIC-A-BRAC ORIENTAL RUGS 20 Per Cent. Off Regular Prices.
