FIGHTING REPORTED

Berlin, Dec. 13.—Fighting is in progress between Greek regular troops and the French, the Overseas News Agency announces.

The news agency says the fighting is taking place north of Katerina, about 60 miles southwest of Salonica, and that the Greeks have a force of 5,000 men.

The town of Katerina has been captured by the Greeks, the news agency says, the French line of positions having been pierced.

The Greeks are said to have taken up a line between Katerina and Borbotzko.

FIRE IN SCHOOL

Fire believed to be due to an overheated furnace caused 50 damages to Fairmerston Avenue School yesterday afternoon and caused the evacuation of the pupils from the building.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

last spring. The object of opening up a new front would primarily be to hold as many of the enemy's forces as possible.

So far as France is concerned the German offer to discuss peace terms has been rejected, for Premier Briand took occasion to warn the chamber of deputies and the country to beware of the German proposal.

In Rumania and in the Carpathians the allies are plainly still fighting to gain time, for the Rumanian resistance to the Teuton advance east of Bucharest has been in the nature of delaying actions.

The stand made by the Rumanian army east of Ploesti checked the German left wing and saved the line of retreat into Moldavia.

French operations, besides the usual artillery work, consisted of carrying out a surprise attack on a German salient north of Fosse de Paris, in the Argonne, enabling the stormers to destroy hostile mine works and to bring to the bombardment the French trenches in the sector of Blaches-Lancon.

The modifications in the French higher command relieve Gen. Joffre of many onerous duties, including the field command of the northern and northern forces in Macedonia.

The report that the Greek royalist forces are attacking the French at any independent or allied source, and it, therefore, may be dismissed as either false or at least not to be relied on.

BIG GUNS POUND AT GERMAN FRONT

British Bombard Foe on Festubert-Ypres-Neuve Chapelle Lines.

MAY LAUNCH ATTACK

Expert Opinion Believes Enemy Will Be Assailed North of Arras

Canadian Associated Press Cable. London, Dec. 13.—The big guns continue to be the chief contestant in the war operations in northern France...

The great artillery actions about these points, which have been continued for many months, suggests that the next offensive of General Haig will be conducted about these points.

The French report a spirited artillery action south of the Somme. They also raided German trenches near Four de France, in the Argonne, and they destroyed a German mine gallery.

CALMER VIEW OF PEACE PROPOSALS

British Hostility is Strong, But First Irritation is Passing.

London, Dec. 13.—The German peace proposals made little apparent progress in winning favorable British sentiment during the first 24 hours of the animated discussion on the subject by the public and press.

This disposition not hastily to refuse to listen to the proposition is reflected in the Westminster Gazette, usually classed as a Liberal journal, favorable to ex-Premier Asquith, which urges that the German peace move calls for a high degree of British statesmanship and constructive policy.

Meanwhile, no authoritative expression from the press, which usually reflects the views of the leading members, is a virtually unanimous against negotiations.

Up to a late hour this evening the foreign office had not received the German proposals, and was unaware whether definite terms had been presented.

HOPE IN GERMANY NOT RUNNING HIGH

Newspapers Warn Public Against Looking for Immediate Peace.

ANOTHER YEAR'S WAR

Berlin Opinion is That Entente Powers Will Keep on Trying.

Berlin, Dec. 13, via London.—It cannot be said that the peace offer of Germany has been received with pronounced optimism by the press.

It is not expected, on the other hand, that the overture will be met outright, without an enquiry being made as to terms. But in view of all the recent utterances and organizations of the government, it is regarded as highly doubtful whether the allies will be ready to make peace on any terms without trying another year's fighting.

PREMIER INSPECTS NEW HOSPITAL AT EDMONTON

Spends Half Hour in Buildings Before Speaking Twice in Evening

Edmonton, Alta., Dec. 13.—Sir Robert Borden spent an interesting half-hour of this afternoon inspecting the Strathcona Hospital, which has been turned over intact to the military hospital commission.

Two distinct meetings were held tonight, the first in the First Presbyterian Church, and the second in the McDougall Methodist Church, with a combined seating capacity of 4000.

Premier Borden unfortunately was out of town. Mr. Bennett, however, in the name of the Liberal party, presided at the first meeting.

blast the earth from above and beneath them, and the air is filled with reads and undulating farm lands into veritable maelstroms.

But the task of "carrying on" over the winter months is a heavy one, and it is not surprising that the opposing front lines, has been accompanied by a great deal of transport work, and the army has been able to maintain its position.

A man on the outside looking in would be bound to say of the Score's Christmas haberdashery selection, that for unique display, attractive introduction, combination of the useful, the novel and the gentlemanly in the goods shown there are no superlatives which could be used to describe the pleasure and delight it would be to choose appropriate gifts for men at "The house that quality built."—Score & Son, Ltd., 77 King St. West.

An Expert's Opinion "Baking Bread at Home Costs More"

We have stated from the beginning that "Baking Bread at Home" was an expensive and needless drudgery. To think that baking at home could compete in price with the output of a wholesale bake shop is not reasonable.

Cost of Materials Used Per Pound of Bread:

Table listing costs for Flour (4.8 Cents), Sugar, Salt, Potato Water (.5), Lard (.17), Yeast (.25), totaling 5.72 Cents Per Pound.

In addition to the materials, which make Home-Baked Bread cost 17.16 cents, as compared with 16 cents for Lawrence's Bread, you must add the cost of fuel, which, whether coal or gas, is quite an item, say a quarter to a half a cent a loaf.

SHOWS IMPORTANCE OF WORK OF ENGINEERS

Capt. Mathieson Tells Electrical Contractors of Difficult Operations.

How important the work of the Army Engineers at the front, especially from the standpoint of conservation of man-power, was explained to the electrical contractors of Toronto by Capt. Mathieson, C.E., at a dinner held last night at the Carleton Hotel.

Capt. Mathieson, in his speech last night, emphasized the fact that the private in the Canadian Engineers, known as a sapper, is not, as is sometimes supposed, a man who digs trenches, but has charge of working parties of men from other units in various forms of engineering work at the front.

MOUNT DENNIS HOLD SALE OF WORK

A very successful sale of work was held in the Church of the Good Shepherd yesterday.

The officers of the 220th Battalion feel confident that the men of York County will answer the call. Only men are needed. To raise this each town and township is to be assessed.

Covered with a Dutch blue chintz, patterned delightfully in a Morris-like design of cherry blossoms, is another Utility Box priced at \$4.25.

Another Utility Box, with two arms that give it the semblance of a settee. It is covered with a clear jade green chintz. Price \$8.25.

Everything for a comfortable, thorough shoe shine in your own dressing-room or bathroom can be had by a specially constructed box. On the top is a rest for the foot; a trifle below is a tray for polishes, brushes, etc., and in the bottom, space for keeping several pairs of boots or slippers; in mahogany, \$8.50, and in matting, \$4.75.

When the sewing is being done in the living-room or bedroom there is no necessity to litter up the chairs and tables with the materials and appliances thereof, for a cleverly designed little screen offers its services. Suspended from its chintz sides are bags for buttons, a pin-cushion, a needle-book, a shelf to hold scissors, etc., etc., supports for spools, and capacious pockets for the work itself. The frame is of white enamel, filled in with a black and white striped chintz, patterned with pink roses, price \$6.25.

Is it also available in chintzes of many other tints and designs at prices ranging from \$5.00 up.

THURSDAY MORNING, DEC. 14.

"World Power or Smash?"

There is a satisfactory unanimity in the press comments on the German proposals for peace. Except by the pro-German press in the United States, which is probably subsidized, the proposals are not taken seriously as bona fide suggestions.

But there can be no doubt that the peace offers were intended for home consumption in Germany, nor that they were inspired by the pressure put upon the government there by a hunger-maddened populace.

A thousand voices of the greatest men of Christendom have been raised to protest against the continuation of the Prussian blood-thirst with its iron despotism, and the cruel necessity it imposes on neighboring nations to compete with it and rival it in armaments and military and naval forces.

Nor do the entente allies look forward to the future with any perturbation. It may be hard and bitter to face another year's warfare, but it will not be so hard nor so bitter as it would be to continue to maintain great armies and navies, and to train the children of the world to meet the war of conquest for which Germany would promptly set about organizing.

The happiest aspect of the situation created by the peace proposals is touched upon by the editor of The Paris Matin, now in New York. It will be a revelation to the German people as a whole when they learn that the "victorious" allies have flatly rejected the proposals for peace.

Russia more than she had counted upon. Now, after two years, the entente allies are becoming prepared, and the Germans would like to make peace. But it cannot be so yet.

The Kaiser has made a bed and he must lie on it. The German people have been willing to listen to his preposterous boasts and assertions. They are now beginning to realize what a mockery his will-to-power means for them.

R. F. D. Couriers Demand a Decent Wage.

Editor World: I am another one glad to see you are trying to do something for the most oppressed of all men in the government employ, the rural mail man.

Our correspondent puts the case for the rural mail courier in a way that should appeal to the parliament and people of Canada. The postoffice department has never been so well able to pay as at present, with annual surpluses running up into the millions.

Two excuses are offered by the government for paying the couriers so niggardly. One is the expense of maintaining the small country postoffices, which are being continued in many localities where their work is or could be done for them by the R. F. D. system.

The truth is, the parcel post has been more or less chloroformed from its birth. The people know little about it, it is complicated by the zone system, and the rates are extremely high.

We are often told that the government ought to nationalize all the railways, which would mean taking over passenger, freight and express business. Might it not be well to begin at once with the express business?

Call Upon Federal Government To Adopt Form of Conscriptio. Chatham, Dec. 13.—At a meeting of the presbytery of Chatham, held in St. Andrew's Church last night, it was moved and unanimously agreed that in the judgment of this presbytery the time has come when the federal government should adopt some method of conscription to meet the waste of war and compel dodgers and shirkers to their duty to the empire, now engaged with other allied nations in such a mighty struggle to maintain the principle of right and justice to all nations, whether great or small.

Two Wonderful Books of the War

WE PUBLISH THIS WEEK

A SUNNY SUBALTERN

Billy's Letters From Flanders

"Lieut. Billy," a prominent Toronto officer, has the art of vividly placing before you things just as they are, and one gets from these most interesting letters a truer idea of "the front" than we have read in any other book; and you laugh with him and his comrades, and you cry as he pictures to you things we all should know.

As Frederick Palmer pictured the "Princess Pats," so "Billy" in this crowning gem, in "A Sunny Sub's Letters" pictures the other Canadians. We predict this will have a tremendous sale in Canada, and not in Canada alone, for many parts of the Empire wish to hear and see the war through the eyes of a Canadian.

The Worn Doorstep

By MARGARET SHERWOOD

This is really one of the great books of the year, and the story has taken the country by storm. Thousands are reading it, and thousands will send it to their friends as a Christmas gift.

"The Toronto World" says: "The Worn Doorstep" has already achieved a reputation on both sides of the ocean. The story is one of the utmost familiarity, but it is translated into the language of paradise by the transcending spirit of love.

"The New York Times Book Review" says: "Occasionally, very, very occasionally, it happens that a book appears whose merits one would like, if possible, to shout from the housetops, and such a book is this small, unpretentious volume, entitled 'The Worn Doorstep'.

AS A CHRISTMAS GIFT to those who have sent their sons or kindred to the front, Margaret Sherwood's "The Worn Doorstep" is pre-eminently the book of the year.

PLAYS, PICTURES AND MUSIC
THOMAS A. WISE.

The public sale of seats opens today at the box office of the Alexandra Theatre for the engagement of William Shakespeare's rollicking comedy, "The Merry Wives of Windsor" which will be seen there next week. The play is produced by Silvio Hein, and has an all star cast with Thomas A. Wise as Falstaff, Constance Collier as Mistress Ford and Isabel Irving as Mistress Page. In addition, there is a supporting company of distinguished players, an important member of which is W. Lawson Butt, who plays Ford.

THE MASQUERADER.

Guy Bates Post, who has been playing up and down the land for the past several seasons in the fascinating and comic "On a Bit of Scandal," will appear at the Alexandra Theatre, week of Dec. 25, in a new play, entitled "The Masquerader."

"WATCH YOUR STEP" COMING.
"Watch Your Step," the musical comedy production which registered success of a sensational nature in both New York and London, will be offered at the Grand Opera House next week. "Watch Your Step" is far and away the best of its kind that the stage has been regaled with in many days.

LOEW'S THEATRE.

A wonderful bill of all-star features will be presented the coming week at Loew's Yonge Street Theatre, to be headed by "A Bit of Scandal," one of the biggest and finest musical comedy productions shown at the theatre this season. Another big feature on this bill will be Arthur Lapson, musical comedy tenor, making this one of the most notable engagements of the season. Lapson has a singing act, especially written for him by the author, and continues on Friday and Saturday. Beyond the fact that the leading role is played by Pauline Frederick, the photo-play itself should appeal to loyal Canadians. The story is built up around the life and work of the North West Mounted Police. The filmed views of the Ontario Military Hospital at Orpington, Kent, will be an added feature for the balance of the week. Another Sidney Drew Comedy, "No Body Home," adds the seasoning to the Regent program for the balance of the week.

SHEA'S.

Low Brice and Helene Coyne in their new and original dance production headline the bill at the Shea's Victoria Street Theatre next week. The feature of the bill will be Bernice Howard and Jack White in their one-act comedy, "The Gadabout." Van and Bill flying missile experts and boomerang throwers; James B. Donovan and Marie Lee, Corbett, Shepard and Donovan, Joe Towle, Frank Hartley and feature film comedies complete the bill.

HIPPODROME.

"Somewhere in France," the Triangle picture of Richard Harding Davis' gripping story, will headline the bill at the Hippodrome next week. The world's greatest tight wire artists, The Zandelle Six, have a marvelous acrobatic offering. Nancy from Virginia, Dora Deane's Phantoms, Connors and Maxson, Lew Barth and many more film comedies complete the bill.

At the Star Theatre, commencing Monday, "The Girls from Joyland" will present two burlesques, especially written to suit the comedians, "Stagger Inn," and "A Night in a Harlem," with the titles of the vehicles. The cast is headed by "Funny" Billy Gilbert and includes: Lew Williams, Jack Oakley, Eugene West, Ann Montgomery, Beulah Kennedy, Ida Nicolson and a chorus of pretty singing and dancing girls.

THE WEATHER

Meteorological Office, Toronto, Dec. 13. (8 p.m.)—Light snow has fallen today over western Ontario; otherwise the weather over the Dominion has been fair. It has turned quite cold in Ontario and Quebec and continues decidedly cold in the west.

GOOD BILL AT STRAND.

The romantic photo drama, "The Prince of Graustark," which is drawing such big crowds to the Strand Theatre, will be continued to be presented for the remainder of this week. The bill for the balance of the week will also include the fourth episode of "The Crimson Stain Mystery."

AT THE REGENT.

Canadians will find much of patriotic interest in "Nanette of the Wilds," which opens at the Regent today, and continues on Friday and Saturday. Beyond the fact that the leading role is played by Pauline Frederick, the photo-play itself should appeal to loyal Canadians. The story is built up around the life and work of the North West Mounted Police. The filmed views of the Ontario Military Hospital at Orpington, Kent, will be an added feature for the balance of the week. Another Sidney Drew Comedy, "No Body Home," adds the seasoning to the Regent program for the balance of the week.

MADISON.

With Elliott Dexter as her leading man, Mae Murray gives some remarkable interpretations in "The Plow Girl," which will be shown at the Madison Theatre for the first time this evening. Her adventures in this play take the audience from the South African veldt to the drawing rooms of English society.

Mrs. W. H. Fairbairn is visiting in Ottawa.

The members of the Somme Club met at the home of Mrs. William Harper, St. Andrew's Gardens, to say goodbye to Mrs. Roy Hubbell, who is returning to her home in New York, and presented her with a beautiful bouquet of roses. Mrs. Hubbell, who has resided in Toronto for over a year, has been most energetic in patriotic work. She was a member of the Lord Salisbury Chapter, L.O.D.E., and was also secretary of the American Women's War Relief Association, her sterling qualities earning her many friends, who sincerely regret her departure. Tea was served by Mrs. Harper, assisted by the Misses Audrey and Mary Harper. Some of those present were: Mrs. V. Robertson, Mrs. John A. Ross, Mrs. H. L. Mason, Mrs. H. Hinman, Mrs. A. T. Channell, Mrs. W. Jury, Mrs. Sylvester.

Miss Mildred Day was the hostess of a miscellaneous shower on Tuesday evening at her home on Spadina, for the Red Wing Club, in honor of Miss Rita Miles, whose marriage takes place on Saturday. Russell, Tommy, Dill, and Edgar, four boy friends of the bride, were most generous in presenting her with a bouquet of carnations.

STAR PLAYS AND FREAK FEATS IN U. S. RUGBY

Longest Field Goals, Drop Kicks, Long Runs, High Scoring and Clever Tackling.

New York, Dec. 13.—In tabulating individual feats of the eastern football season we must go to minor college events for some of the most striking accomplishments.

Hamilton had worked its way to within inches of the Renaissance goal line and as the ball was snapped for the play that would probably give Hamilton a touchdown and victory the oval was fumbled.

According to records here tabulated there were thirty-eight runs of fifty yards or more that resulted in touchdowns during the eastern season.

The longest run for a touchdown from the kickoff was made by Gilroy against Georgetown.

total of 274 yards. This is said to be the best record of its kind. The booty prize in passing goes to Lehigh, which completed only four passes in 24 tries against Lebanon Valley.

Scoring Record. The biggest score in the east was made by Georgetown, when it defeated Albright by 80 to 0. It defeated Bucknell by 75 to 0. Susquehanna defeated Mount Carmel 6 to 0. The record score for the season—in fact, the biggest total of all time—was the 222 by which Georgia Tech. defeated Cumberland at a prep school, by 88 to 0.

benefit by any bouts in which he engages. Several French newspapers comment doubtfully on the wisdom of matching Carpenter against Jess Willard, recalling that Joe Jeannette beat the Frenchman, altho Jeannette never was good enough to fight Jack Johnson, whom Willard defeated.

About Late Lieut. Kelly Diamond Sculls Winner Details by mail of the career of Lieut. F. S. Kelly, the Diamond Sculls winner, whose death in action was reported by cable, say that he enlisted when war broke out and served with the Gallipoli campaign, being one of the three officers who remained to the last at the observation post in the front trenches when the final evacuation took place. He was 35 years old and unmarried.

CHARGED WITH THEFT FROM RAILWAY YARDS

Herbert Godfrey, a C.P.R. Switchman, Stands Trial in the Sessions.

Arrested in connection with the numerous thefts which have taken place recently at the yards of the Canadian Pacific Railway, Herbert Godfrey, appeared before Judge Coatsworth, in the sessions yesterday.

Detective Maurer testified that he had searched the man's home at 47 Fernanagh avenue, accompanied by constables, who recognized pieces of carpet on the floors as C.P.R. property.

mental store sells the same carpet, interposed W. Henderson for the defence.

The witness replied that was impossible. Another C.P.R. employee, Lewis Hastings, who is at present serving a 70 days' sentence, told how he had stolen liquor from the company.

Godfrey in his own defence, denied the accusation, and also denied that he had anything to do with the breaking of car seals.

Judge Coatsworth will give judgment this morning.

WILLS PROBATED

LETTERS TO SANTA CLAUS

Oshawa, Dec. 4, 1916. Dear Santa Claus: I would like you to send me a military suit. If I was older I would be a soldier and fight for our king and country. The trouble is I am only nine years old. This Christmas I think that you should help the poor kiddies. My idea of this is that you bring me all my toys and presents because the Christmas I believe in you because every Christmas morning when I get up my stocking is full of toys that you bring me. Yours truly, Max Collis.

834 1/2 West Adelaide St., Dec. 7, 1916. Dear Santa Claus: I am writing to you and telling you what I would like from you. I would like a soldier doll, a Japanese pencil box, a blue leather school bag, two hair ribbons, a wrist watch, a black leather purse and that is all. I will close now with love from your loving friend, Helen Flavin.

Newtonbrook, Ont., Dec. 2, 1916. Dear Santa Claus: Dear Santa Claus how are you getting along this year? I hope you are well. There are a lot of things I would like this year, the I do not expect to get them. I think it is a very nice thing to have a Santa Claus. He helps to make Christmas happy for everyone. This year I would like a new suit or a rifle. Tho I would like something for my mother, like a watch, such as a school bag. I think this year you should not give so many toys away, but help the soldiers. Good-bye from Willie Ford, age 9 1/2 years.

120 Withrow Avenue. Dear Santa: My name is Jack Head. My mother said you would not give two prizes to one house, but I hope if I don't get a prize you will send me a gun with some good bullets. Then when I get a man I can get after that big German my sister told you about that got my dear uncle and daddy. As I am the man of the house now, my mother tells me so, I want to feel she is safe. Jack Head, Age 6.

12 Paisley Ave., Toronto, Dec. 6. Dear Santa Claus: I would like a box of paints and a pair of skates. I really do think there is a Santa Claus because he comes to cheer the poor little boys and girls. And hope he won't forget the soldiers at the front, who are fighting for us, they need Christmas, too. And don't think there would be any Christmas if there was no Santa Claus. And I am just counting the days till Christmas. I will be 10 next birthday. Your friend, Kathleen Fortescue.

12 Paisley Avenue, Toronto, Dec. 5. Dear Old Santa: I want an artillery car and a box of soldiers. I should rather think there is a Santa Claus. That is why boys and girls are so fond of Christmas time. And I hope you won't forget to leave the soldiers something good. Santa don't you get very tired taking all the presents round and getting the table for a cup of coffee and a piece of cake. I am eight years old. Your friend Ernest Fortescue. P.S.—Will leave collar window open.

Toronto, Dec. 4, 1916. Dear Santa Claus: I hope you will be able to come to our house on Christmas eve. I would like you to bring me a school bag with a strap to hang on my shoulder and a hockey stick. We are waiting for a picture of you in The Sunday World. I hope you will call on

all the poor children. Good-bye, from your friend, George Westlake. 92 Dawes road, 8 years old. P.S.—I hope I am lucky enough to win one of the prizes promised in The Sunday World. George Westlake.

240 Pape Avenue, Toronto, Dec. 5th, 1916. Dear Santa Claus: Will you please bring me a doll's bed and some chairs and table, and my little brother a horse and wagon. I think that is all he wants now. I am 7 years old. My name is Kathleen Long.

Dear Santa Claus: I want you to bring me a train, a truck and a puzzle. I do believe you are a real Santa Claus, a big man with long white whiskers and a happy face, please do not forget what I would like you to bring me. I am 7 years old. Wrote by Ross Von Zuben, 125 Winchester street, Age 7 years.

661 Gerrard street east, Toronto, Dec. 5, 1916. Dear Santa Claus: I am just writing you a few lines to tell you what I want for Christmas. I would like a pair of hockey skates, a big toboggan, a stocking and a bag of candy. I also believe that you only bring presents to good little girls. Don't you think I have been pretty good this year, and so would like you to bring me these presents. It must be lovely to wake up on Christmas morning and find all your presents in front of the grate. I wish you a merry Christmas. Good-bye from Clara Collinson.

101 Bolton Avenue, Toronto, Dec. 6, 1916. Dear Santa Claus: I would like for Christmas, doll dishes, piano, writing desk, doll carriage, doll house, I think Santa should bring toys too poor first. I think he is real man. He brings presents to make people happy, because it's Christ's birthday. I believe in Santa. Dorothy Sanders, Age 10. Do you answer our letters?

Dear Santa Claus: I am glad you will soon be coming again. I am writing to let you know that I have a baby brother four months old. I will hang up my little white stockings, so you will be sure to know he is here. My brother Frank, 5 years old, wants a train and a horse. I would like a black board and some games. Don't you think it would be nice to remember the soldiers. My uncle is a soldier. They say you are not real, but I'm quite sure you are. I hope you reach the North Pole safely. Guertia Bolton, 30 Gertrude St. Age 8 years. North Toronto.

29 Miller Avenue, West Toronto. Dear Santa: I hope you will pay us a visit on Christmas. We have two sisters, Maribel (six), Dorothy (four). We will leave you three pies on the table in case you are hungry. I hope you will fill our stockings. I hope you will not forget the little Belgian children who now have no homes. I love Christmas because we have nice parties and nice things to eat. I hope we have some snow and then we can go out on our sleds. From your loving friend, Eleanor Dickinson, age 8. 29 Miller Ave., West Toronto.

438 Logan Avenue, Toronto. Dear Santa: It is now very near Christmas and I am going to write you a letter to let you know what I would like for Christmas. In the first place, I must tell you what I think of you. I think you are the most wonderful and most kindest of men. You think of everyone at Christmas and bring them

such nice gifts. I would like very much if you would bring me a bicycle, hockey skates and stick and I will be happy. From Freddie Ford. 163 Brunner's Avenue, Toronto, Dec. 4, 1916. Dear Santa Claus: I would like you to bring me a doll's bed and some chairs and table, and my little brother a horse and wagon. I think that is all he wants now. I am 7 years old. My name is Kathleen Long.

Dear Santa: I am writing to ask you if you will be so good and come to me and my other brothers and sister, at Christmas. Dear Santa, I am writing this to you to try and win a prize. I hope you will excuse my writing, as I have been away from school such a long time since I were sick. Mother says she cannot afford to pay you to come this year, as she has to pay so much for everything now, so if I win, I shall be able to buy them something. Harry Scott, age 2.

22 West Charles street, W., Toronto, Dec. 6, 1916. Dear Santa: I have been down to see you and came home disappointed because you were not there, and will come down to see you on Friday. I guess you have had lots of children to see you. I would like very much if you would bring me a doll and a pair of skates. I really do believe in you and always have. You had better not come down the chimney, as you will get your nice red coat and white whiskers all over the night when the door open and a little lunch on the table. Your friend, Myrtle Clements. 22 Charles street, West Toronto.

P.S.—I wish you a merry Christmas and a prosperous New Year. Dorothy Luther, 208 Lippincott street, City.

Dear Santa Claus: Would you kindly call on me at Christmas, as my daddy is at the front somewhere in France. I want a teddy bear and a set of dishes. I hope there will be lots of snow for his reindeer. I would like to see Santa Claus, but he comes late at night when all good girls are in bed and asleep. Wish you a happy Christmas. Yours truly, Dorothy Luther, 208 Lippincott street, City.

Dear Santa Claus: Will you kindly call on me at Christmas, as my daddy is at the front. I would like to see Santa, but all good girls are in bed when Santa comes around. I hope there's lots of snow for his reindeer, and would like a doll and a set of dishes and a telephone. Wish you a happy Christmas. Yours truly, Ivy Luther, 208 Lippincott street, City.

Stanley Luther, 208 Lippincott street, Toronto, Dec. 6, 1916. Dear Santa Claus: I wish you a Merry Christmas and a Happy New Year. Hope there will be snow for Christmas so you can have your reindeer. I'm sorry that you won't be able to give so many presents on account of the war. I hope the war will soon be over and the allies win. Be careful you don't slip on the roof. Well, I guess you'll bring some kind of presents to all the children, so farewell, Santa. Harold Cusack, 233 Brock Avenue, Toronto. Age 9 years.

A PRACTICE THAT SHOULD BE STOPPED

Now that the snow has arrived, this method of sleigh-riding by children in Toronto should be stopped. The children slide down the boulevard into the road. What chance have they if a motor car comes suddenly around the corner or along the street?

BUILD HOME FOR FEEBLE-MINDED

Board of Control Sends Recommendation on to City Council.

AT INDUSTRIAL FARM

To Spend Hundred and Fifty Thousand—Mayor and Foster Object.

With Controller Foster and the Mayor dissenting the board of control yesterday recommended to council that \$150,000 be expended in the erection of an institution on the industrial farm for the care of the feeble-minded.

that the board of education pay \$100 per year and the government \$50 for each inmate. If we take care of our own feeble-minded it will cost us less than it would in provincial institutions.

Mayor Church in reply declared that care of the feeble-minded was a question absolutely for the provincial government to handle. "If you go into this you are getting yourself in for all sorts of trouble. Why, you will have to undertake to care for certain classes of returned soldiers also."

Controller Cameron's motion recommending that the institution be provided if the government and board of education will pay \$50 and \$100 per year per capita maintenance, was carried.

Dr. Hastings Starts Probe Into High Cost of Living

Dr. Hastings yesterday detailed ten officials of his department to visit and inspect every plant and also the premises of every company in the city handling food products wholesale. Today he expects to have reports on the quantity of supplies being held.

The medical health officer only received his appointment to handle the food inquiry Tuesday, and it was not twenty-four hours before he had completed his organization.

"This is only preliminary," he said. "My work is to get information upon which action may be taken, and I think I will have satisfactory results."

Finish Nineteen-Sixteen With Practically No Overdrafts

Outside of a few war matters, the board of control of 1915 and 1916, has added practically no capital charges to the city debt, except for works already ordered by council and the ratepayers, from which the city could not withdraw.

In 1915 the city finished the year with no overdrafts, as compared with over three millions of an overdraft for maintenance and revenue estimates of 1914. All the departments finished last year with small surpluses, and there will be practically no overdrafts this year.

CITY HALL NOTES

Controller Thompson urged the board of control yesterday to make a suitable presentation to Fireman Dean for heroism in saving the life of a woman at the Manning Chambers fire. The board instructed City Clerk Littlejohn to prepare a suitable badge.

To put the firemen's benefit fund on a sound financial basis, Commissioner Bradshaw says, will require an annual increase in revenue of \$30,000, which is equal to an extra assessment of 4 1/2 per cent. on the salaries of the men. As the firemen are already contributing 5 per cent. of their pay it means the city will likely have to come to the rescue of the fund.

IMPROVE CONDITION OF CITY FACTORIES

Medical Officer Reports Favorably on Industrial Hygiene.

NEGLECTED BRANCH

Number of Plants Classified as "Bad," Reduced to Fourteen.

Satisfactory progress, Dr. Hastings reports to the health board, is being made in Toronto in improving hygienic conditions in factories and industries. For years, he says, industrial hygiene has been a lamentably neglected branch of progressive medicine.

A year ago when the department inspected various industries it was found that in numerous places employees were innocently inhaling lead and other trade dusts and chemical fumes, exceedingly injurious. A re-inspection shows that devices have been and are being installed, such as hoods, fans and blowers. "It is gratifying," he concludes, "to find the manufacturers of Toronto realize the importance of industrial hygiene."

A. Y. P. A. CONCERT. St. Michael and All Angels A.Y.P.A. held a most successful concert on Tuesday, Dec. 12th. The following artists received great applause: Miss Clark, Miss Vendie, Miss Miesner, Miss Hird, Miss Bastide. The members presented one-hot entertainment entitled "Whiskers" which received great applause. Much credit is due to Mrs. Beal for the splendid way the members presented this entertainment.

ENTERTAINMENT IS CONDUCTED AT LOSS

Men Who Ran Theatre Program Alleged to Have Defrauded Public.

In the police court yesterday, Ernest B. Bredin and Thomas Harris, appeared on a charge of conspiracy to defraud the public. Bredin, who is alleged to be a deserter from Kingston, posed in Toronto as a sergeant-major, and recently advertised and performed a week's entertainment at the Park Theatre, Bloor street, and Lansdowne avenue, supposedly under the auspices of Secours National. On the strength of his representations, he was given credit for advertising space in an evening newspaper to the value of \$37.

Evidence of Detective McConnell showed that Bredin and Harris had agreed to divide the receipts and pay Secours National five per cent. of the receipts. The promoters had received nothing. They were committed for trial.

Bredin was also committed for trial on a charge of fraudulently obtaining \$57.80 from his employers, the Keen Sales Specialty Co., for whom he worked as a traveler. He is alleged to have turned in false orders.

PUBLIC LIBRARY GETS VALUABLE NEWSPAPERS.

The Public Library has again been the recipient of very practical kindness, in the presentation to the reference library of a file of The Toronto Daily Telegraph, which was published from 1868-1875, interesting and critical years in our nation's history. This, like the many other gifts, was from J. Ross Robertson.

GIRL GETS DAMAGES.

In her action against W. H. Davies for \$500 damages in connection with injuries sustained when she was run down by his motor car on Spadina avenue, near Queen street, in November 1915, Miss Genova Matthews was awarded \$200 by a jury in the county court.

OTTAWA NEWSPAPER MERGER.

Ottawa, Dec. 12.—It is reported today that negotiations have been completed whereby The Ottawa Free Press (Lab.) is to be merged with The Evening Journal (Con.), and issued as a morning edition of the latter.

Doctor Tells How to Strengthen Eyesight 50 per cent. In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home. Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The symptoms seemed heavy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read the print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitude more who are able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Get any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. Note: Another prominent Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent. in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very best preparations I feel should be kept on hand for regular use in almost every family." G. Tamblyn sells it.—(Advertisement)

Victoria, Dec. 12.—The Esquimalt election was reversed today when the recount judge decided that Harry Pooley won by two votes. In the general election, McCurdy, Liberal, had been victor by one vote.

SHORTEN SOLDIERS' LEAVE

Canadian Associated Press Cable. London, Dec. 13.—Canadian army orders contain notice that owing to the necessity of reducing railway traffic in England, leave will not be granted except in very special circumstances—week-end leave for home service men or for those in munitions works. Christmas leave will be confined to five per cent. of any unit and none between Dec. 22 and 25. This will interfere with the four days' leave invariably granted men proceeding to the front, nor with leave granted troops already in the field.

Christmas Spirit IS SEEN ON MARKET

Many Gay Decorations and Arrivals of Fruits and Nuts, Etc.

GOOD QUALITY CELERY

First Car of California Growing Reaches the Wholesale.

The spirit of Christmas is daily becoming more manifest on the wholesaler, with the increasing arrivals of fruits, nuts, etc., and the gay decorations with their surroundings.

The first car of California growing this season came in yesterday to Mr. William J. Everist. It is of splendid quality and has a firm tendency.

Household tomatoes have been rather scarce the past few days, and consequently they have a firm tendency.

White & Co. has a car of California navel oranges, selling at \$3.25 to \$3.75 per case; a car of box apples (Roma Beauty); a car of cauliflower, selling at \$1.75 per case; a car of mat jacks, selling at \$1.75 per case.

Job. Bamford & Sons had a car of Sun-kist navel oranges, selling at \$3.75 per case; a car of Roma Beauty, boxed apples, selling at \$2.50 per box; a car of Delaware potatoes, selling at \$2.25 per bushel.

McWilliam & Everist had a car of navel oranges, selling at \$3.50 to \$3.75 per case; a car of box apples, selling at \$2.50 per bushel.

A. A. McKinnon had two cars of New Brunswick Del. potatoes, selling at \$2.15 per bushel.

Wholesale Fruits. Apples—20 to 35¢ per 11-quart basket; extra choice, 50¢ per 11-quart basket.

KIRKLAND LAKE HAS ITS "GOLDEN MILE"

Counterpart of Famous String of Mines of Australia in North Country.

WAR UPSET DEVELOPMENT

McKane Property This Year's Sensation in the Kirkland Lake Camp.

Swastika, Dec. 13.—In its palmy days Kalgoolie was wont to boast of its "golden mile," a series of famous mines stretched for a measured mile like beads on a string.

At present there is only one producer—the Tough-Oakes—but at least three more will be brought to that stage before the end of the year.

Operations have been somewhat delayed by want of hydro-electric power, but the transformer station is now about finished and when the "juice" is turned on there will be greatly increased activity.

In one respect at least this gold field resembles Kalgoolie. It has tellurides of gold, silver, bismuth, antimony and thallium itself is a mineral of no economic importance, but it is associated with gold at Cripple Creek, Colorado, and in Kalgoolie and is generally conceded to mean rich ore.

The Golden Mile. In this district the Tough-Oakes lies at the eastern end of the "golden mile." It is the only property that has yet shipped to the smelter exceptionally valuable ore.

This Year's Sensation. The old McKane property, now known as the Kirkland Lake, and owned by the Beaver Consolidated of Cobalt, has furnished the sensation of the year.

Some Slim Margins. The strength of Newray and Boston Creek in face of general market weakness on Tuesday last Saturday was a prominent feature in the mining market and accepted as evidence of the confidence holders have in these two issues.

Plant for Cedar Lake. It is stated that boilers, hoist, drills and pumps have been ordered for the Cedar Lake property of the Rand Consolidated.

Rise in Silver Will Promote Development. The price of silver yesterday advanced to 75 1/2 cents an ounce or within 7-8 of a cent of the high price for the year and the highest price reached in a decade.

Ontario in which capital has been skillfully employed, and it is only reasonable optimism to look for much greater progress, as our exceptionally rich regions are better understood and developed.

RAPID PROGRESS MADE AT DAVIDSON MINE

Six Months Since Development Work Was Resumed.

F. C. Sutherland & Co., say of the Davidson: As development work proceeds, everything points to the fact that this mine will prove one of the surprises of the Porcupine camp.

At the present time the vein is running 5 1/2 feet in width, and in its centre a remarkably rich pay streak 4 1/2 inches wide, which runs on assay over 140 in gold to the ton.

Work on the 300 foot level is proceeding rapidly, and at this depth the main ore body is proving fully as considerable in width as on the two upper levels.

Arrangements Made For Vipond Merger

Homer L. Gibson, in his fortnightly review, has the following: A circular has been issued, calling a meeting of shareholders for Dec. 19 to consider the plan of amalgamation of this company with interests of North Thompson.

The directors of the Krist-Thompson Mining Company will meet on Saturday next to consider and award contracts for diamond drill to commence work at the end of the month.

SHAMROCK IN ORE.

F. C. Sutherland & Co. in their weekly letter say: Continued good reports reach us from Cobalt concerning this property, and we are advised that as work proceeds in the raise from the 300-foot level the vein recently discovered is showing very satisfactory results.

PORTO RICO EARNINGS.

Porto Rico Railway gross earnings for November were \$77,046, an increase of \$4,480 and net \$32,679, a decrease of \$284.

Peace Talk and the Stock Market

In an article headed "One Boom Finishes and Another Starts" in The World of two weeks ago, a prominent local financial man of many years' stock market experience, was quoted as follows:

"My advice, therefore, is to clean up with New York while the cleaning up is good, and to get into the promise of New Ontario gold and silver stocks before the real rise has started. And it must be remembered that all kinds of money has been made in the United States during the past two years, that a large amount of this will be invested in Ontario gold and silver camps, and in fact has already started."

How opportune and correct this advice was is borne out indisputably by the following table in which the prices of ten American stocks are given on the day the advice was tendered, and the same two weeks later, and a comparison for the same period of ten of the active listed mining stocks at the Standard Stock Exchange:

Table with columns: New York Stocks, Minings Stocks, Close, Nov. 28, Dec. 12, Close, Nov. 28, Dec. 12. Lists various stocks like U.S. Steel, Union Pacific, Reading, etc.

The reason for the big decline in the New York market was the prospect of peace owing to the overtures of the German chancellor. The terms of a peace as suggested along the German lines are, of course, ridiculous in the eyes of the allies, but American financiers are astute enough to recognize that they mean a basis for the beginning of the end.

Finance Minister Sir Thomas White has advised Canadians to invest in home securities. This is both patriotic and wise, and in helping to build up the gold and silver mining of New Ontario a big help is being given the empire in carrying on the war and making provision to assist in defraying the cost after its conclusion.

The nearer peace the stronger will become the interest in properties developing silver and gold, especially the latter, and whenever you get a concentration of interest a boom inevitably follows. It will be the part of prudent investment to watch the Canadian mining securities from now on and for a long time.

MINES SHOW SIGNS OF RETURNING CONFIDENCE

Quick Recovery in Market Anticipated—Technical Conditions Strong.

The mining stock market yesterday had a more confident tone than on the preceding day, but there were still signs of nervousness, accompanied by some scattered liquidation. In a few stocks lower prices were registered, such recessions were almost invariably the signal for good buying, with consequent sharp recoveries.

MARK HARRIS ON MINES and MINING

H. C. of L.

This looks like the initials of some new stock. Instead it represents a problem that city, province and government officials are endeavoring to solve.

H. C. of L. is the high cost of living, and it is without doubt the most vital issue of today for both rich and poor.

Investigation has already proven that in different sections of this country human beings that call themselves men have combined for the purpose of gambling in foodstuffs, and in many instances have succeeded in forcing up prices.

Newspapers tell of one man in Chicago who has 72,000,000 dozen of eggs in cold storage which he refuses to sell for less than fifty cents a dozen.

The funny part of the whole business to me is the fact that with all our laws the government seems powerless to cope with such an absurd situation.

Not long ago I read an article stating that no less than 45,000 laws had been passed in the United States in the past ten years, but out of all these there does not seem to be one that is applicable to the rascals who conspire to hold up and rob 100,000,000 citizens.

What we need is less law and more action, and the official who had the nerve to confiscate those 72,000,000 dozen of eggs and to sell them at public auction at twenty-five cents a dozen or less would be acclaimed a national hero even if he did stretch his official authority.

It costs nearly twice as much to live today as it did a few years ago, therefore the average man who enjoyed an income of \$1,000 a year and was able to live decently and raise a family a few years back is now struggling hard to make both ends meet.

If the high cost of living is here to remain, then it is high time to readjust the income value of the Almighty Dollar.

The ablest financiers have for years maintained that the dollar was entitled to five or six cents a year in interest, but this was the outside limit for an investment that was classed as "safe and sane."

The savings banks paid only three to four per cent, and this is the rate in effect today.

A man who had \$20,000 invested in high-grade securities received an income of from \$1,000 to \$1,200 a year, and although he may be receiving the same income today he finds it will buy only half what it formerly did.

As I said before, there must be a readjustment. Either the cost of living must go down or the interest on the "dollar" go up.

Many far-sighted investors have already anticipated these abnormal conditions by selling out the securities that returned five or six per cent, and reinvesting the funds in newer securities that return eight to ten per cent.

This, however, can only apply to individual cases, for if everybody followed this plan who would buy the five or six percenters?

Railroad securities were classed as excellent investments only a few years ago, but today, with but few exceptions, they are given a wide berth by intelligent investors because the future is anything but bright.

Every state has its own railroad laws, and as every local reformer for years has looked upon railroads as "fair game" the result is so many bad laws that railroads find it difficult to pay expenses.

A few years ago the average net earnings of all the railroads in America was between seven and eight per cent, while today it is between three and four per cent.

The railroads have practiced rigid economy to such a degree that it is now reacting on the public, and we find that although there is plenty of coal at the mines the railroads are short of cars to bring it to the market.

The railroads will not be able to buy new cars without financial assistance from investors, and no one can blame investors for refusing to invest until they know they will have a fair return on their dollar.

I believe the high cost of living question can be partially solved by investing in mining shares, for whereas railroads return a meager interest when they return anything at all, the copper, gold, silver, lead and zinc stocks return eight, ten, twelve, fifteen and twenty per cent, and in my opinion they are as a class much safer than railroads, industrials or even banking.

Investors desiring to increase their income in an effort to cope with the high cost of living can secure full information on many high-class mining stocks that return ten per cent, or better, by writing my local office.

Last week I told you about Newray, a gold stock then selling at \$1.22. Today this stock is \$1.32, which represents a fairly good profit for seven days.

I expect to see Newray selling above \$2.00, and have no hesitancy in recommending its purchase now—today.

NOTE.—An article on mines and mining by Mr. Harris will appear every Thursday.

STOCKS RECOVER RECEDED GROUND

Chilling Reception to Peace Proposals Encourages New York Traders.

MUNITIONS REBOUND

United States Steel Fluctuates Within Narrow Range on Wall Street.

New York, Dec. 13.—Irregular but very substantial recoveries were recorded today, the improvement being mainly due to covering of short contracts by professional traders who pressed and insisted that no immediate change in technical conditions would result from the Teutonic peace proposals.

There was also substantial buying by operators who favored the rally, that group continuing largely to the benefit of the general list, with advances of about 2 points in Union Pacific, Canadian Pacific, New York Central, Reading and Norfolk & Western, and as much more in low-priced shares, like Rock Island, Southern Railway, Western Maryland, The Erie, Missouri Pacific and other minor rails made gains scarcely so substantial.

The course of munitions and equipment was observed with much interest because of their severe impairment in the preceding season. Recoveries in these stocks ranged from 10 to 20 per cent, with similar advances in copper, sugar, petroleum and Central Leather.

Shipping shares were irregular at the outset by reason of the pressure exerted against Atlantic, Gulf & West Indies, but that stock later made an entire recovery, with more than three points, as did also the Mercantile Marine and United Fruit.

United States Steel rose and fell within a narrow range during the forenoon, but steady absorption in the late forenoon caused an advance of two points to 130 1/4, with only a slight reversal at the end.

Dealing in unclassified shares were comparatively light, but almost all points of gains, with pronounced advances in International Paper, Harvester, American Woodmen and Pittsburg Coal. Total sales amounted to 1,726,000 shares, steel supporting almost 20 per cent of the whole.

Mark and Austrian exchange were slightly higher, but the improvement was somewhat rather than actual.

International bonds held their recoveries of the previous day, but domestic issues were irregular. Total sales (par value), \$4,160,000.

MARKET WAS NERVOUS WITH FIRMER TONE

Good Buying of Dominion Steel Resulted in Two Point Rally—Others Irregular.

Yesterday's Toronto stock market, while still nervous, had a better tone than the previous day, and the street lent it assistance also. Tuesday's liquidation left the market open for a rally at no great cost to supporting interests, and there was a good advantage of the occasion.

Dominion Steel showed a ready response to a check of a little over 10 1/4, and closed up two points to 124 1/4. Cement also had a fair recovery, but elsewhere in the list the rallies were not altogether so marked.

Canada was placed at even opportunity where it was thought the stock would strike and not come back again to steady profits. Metal lead gave a good showing, and the general tendency showed no real rallying tendency. Pulp was dotted out in smaller quantities, and buyers at 1 1/4-1 3/4 were accommodated. Some local stocks are meeting investment buying, and these may be expected to hold firm, but the pool specialists are subject still to speculative vagaries that will probably make for lower prices.

GO SOUTH FOR THE WINTER—THE CUTHBERT WAY.

A winter tour of the Southern States and California in a luxurious train via Grand Trunk Railway from Toronto, arranged with every comfort for continuous travel. Drives and entertainment in the principal cities of Kentucky, Tennessee and Alabama.

Jeans trip down the coast of Florida from Jacksonville to Miami, with special entertainment at each important place and a week at Palm Beach. Optional trip to Key West and Havana. Charming trip along the Gulf, making ten stops, with drives and entertainment between Pensacola and New Orleans, Mobile, Passauga, Bloxite, Pass Christian and so on, reaching New Orleans in time for Mardi Gras.

A five weeks' trip. Those who desire to do so may continue the trip to California: a nine weeks' trip, including everything from Redlands, Riverside and San Diego south, to San Francisco in the north; either trip at a little expense—possibly less than you would pay to go to one place. Traveling thus leisurely from point to point you get infinitely more for your money both in pleasure and profit. A competent doctor will accompany the party, services free. ALBERTA COAL LANDS DEVELOPED BY C. N. R.

Coal Moved in Six Months Shows Hundred Per Cent Increase.

A marked development of the coal-bearing lands in Alberta traversed by the Canadian Northern Railway, the six months ended Oct. 31 this year, over the corresponding period of 1915, is indicated by figures handed out yesterday by D. B. Hanna, third vice-president, upon the handlings of the road for this year and in 1915. For the six months ended Oct. 31 this year, the Canadian Northern Railway has moved, in round figures, 200,000 tons from the mines in the Cardiff and Drumheller districts alone, as compared with 100,000 tons for the similar period of 1915, or an increase of 100 per cent.

This coal, almost entirely of semi-bituminous character, is marketed throughout the Canadian prairies to the west as far east as Winnipeg, where it meets the competition of the anthracite from the fields of Pennsylvania. No decrease in the demand is observed. On the contrary, the movement appears to be gaining gradually in power, and the Canadian Northern expects to improve upon this showing for the next period of comparison.

CANADA'S MINERAL WEALTH UNSURPASSED

Pre-Cambrian Shield Holds Out Wonderful Possibilities to Prospector.

Industry Important A. A. Cole, Government Mining Engineer, Gives Instructive Address on Mineral Production.

One of the most able addresses on the wonderful possibilities of northern Ontario was given by Mr. Arthur A. Cole, mining engineer for the Canadian Government, and president of the Canadian Mining Institute, before the Empire Club of Canada recently. The speech is part follows:

"Canada is a country of large railway development when we consider it on a world-wide basis. Most Canadians, it is asked why we have so much railway development, will answer that it is primarily with the object of opening up our vast agricultural areas, and likely they would be right.

PEACE?

Negotiations for peace wrought havoc in the so-called Standard Securities, and sympathetically caused a slight reaction in the precious-metal market. All nations are badly in need of gold and silver, and herein lies the fundamental strength to the Porcupine and Cobalt issues, as mine earnings are increasing at an enormous rate.

Chilling Reception to Peace Proposals Encourages New York Traders.

MUNITIONS REBOUND

United States Steel Fluctuates Within Narrow Range on Wall Street.

New York, Dec. 13.—Irregular but very substantial recoveries were recorded today, the improvement being mainly due to covering of short contracts by professional traders who pressed and insisted that no immediate change in technical conditions would result from the Teutonic peace proposals.

There was also substantial buying by operators who favored the rally, that group continuing largely to the benefit of the general list, with advances of about 2 points in Union Pacific, Canadian Pacific, New York Central, Reading and Norfolk & Western, and as much more in low-priced shares, like Rock Island, Southern Railway, Western Maryland, The Erie, Missouri Pacific and other minor rails made gains scarcely so substantial.

The course of munitions and equipment was observed with much interest because of their severe impairment in the preceding season. Recoveries in these stocks ranged from 10 to 20 per cent, with similar advances in copper, sugar, petroleum and Central Leather.

Shipping shares were irregular at the outset by reason of the pressure exerted against Atlantic, Gulf & West Indies, but that stock later made an entire recovery, with more than three points, as did also the Mercantile Marine and United Fruit.

United States Steel rose and fell within a narrow range during the forenoon, but steady absorption in the late forenoon caused an advance of two points to 130 1/4, with only a slight reversal at the end.

Dealing in unclassified shares were comparatively light, but almost all points of gains, with pronounced advances in International Paper, Harvester, American Woodmen and Pittsburg Coal. Total sales amounted to 1,726,000 shares, steel supporting almost 20 per cent of the whole.

Mark and Austrian exchange were slightly higher, but the improvement was somewhat rather than actual.

International bonds held their recoveries of the previous day, but domestic issues were irregular. Total sales (par value), \$4,160,000.

MARKET WAS NERVOUS WITH FIRMER TONE

Good Buying of Dominion Steel Resulted in Two Point Rally—Others Irregular.

Yesterday's Toronto stock market, while still nervous, had a better tone than the previous day, and the street lent it assistance also. Tuesday's liquidation left the market open for a rally at no great cost to supporting interests, and there was a good advantage of the occasion.

Dominion Steel showed a ready response to a check of a little over 10 1/4, and closed up two points to 124 1/4. Cement also had a fair recovery, but elsewhere in the list the rallies were not altogether so marked.

Canada was placed at even opportunity where it was thought the stock would strike and not come back again to steady profits. Metal lead gave a good showing, and the general tendency showed no real rallying tendency. Pulp was dotted out in smaller quantities, and buyers at 1 1/4-1 3/4 were accommodated. Some local stocks are meeting investment buying, and these may be expected to hold firm, but the pool specialists are subject still to speculative vagaries that will probably make for lower prices.

GO SOUTH FOR THE WINTER—THE CUTHBERT WAY.

A winter tour of the Southern States and California in a luxurious train via Grand Trunk Railway from Toronto, arranged with every comfort for continuous travel. Drives and entertainment in the principal cities of Kentucky, Tennessee and Alabama.

Jeans trip down the coast of Florida from Jacksonville to Miami, with special entertainment at each important place and a week at Palm Beach. Optional trip to Key West and Havana. Charming trip along the Gulf, making ten stops, with drives and entertainment between Pensacola and New Orleans, Mobile, Passauga, Bloxite, Pass Christian and so on, reaching New Orleans in time for Mardi Gras.

A five weeks' trip. Those who desire to do so may continue the trip to California: a nine weeks' trip, including everything from Redlands, Riverside and San Diego south, to San Francisco in the north; either trip at a little expense—possibly less than you would pay to go to one place. Traveling thus leisurely from point to point you get infinitely more for your money both in pleasure and profit. A competent doctor will accompany the party, services free. For full information write E. Y. Cuthbert, 321 Jarvis street, Toronto. Out. phone Main 7538, or W. J. Moffatt, city passenger agent, Grand Trunk Railway, northwest corner King and Yonge streets, Toronto, phone Main 4209.

ALBERTA COAL LANDS DEVELOPED BY C. N. R.

Coal Moved in Six Months Shows Hundred Per Cent Increase.

A marked development of the coal-bearing lands in Alberta traversed by the Canadian Northern Railway, the six months ended Oct. 31 this year, over the corresponding period of 1915, is indicated by figures handed out yesterday by D. B. Hanna, third vice-president, upon the handlings of the road for this year and in 1915. For the six months ended Oct. 31 this year, the Canadian Northern Railway has moved, in round figures, 200,000 tons from the mines in the Cardiff and Drumheller districts alone, as compared with 100,000 tons for the similar period of 1915, or an increase of 100 per cent.

This coal, almost entirely of semi-bituminous character, is marketed throughout the Canadian prairies to the west as far east as Winnipeg, where it meets the competition of the anthracite from the fields of Pennsylvania. No decrease in the demand is observed. On the contrary, the movement appears to be gaining gradually in power, and the Canadian Northern expects to improve upon this showing for the next period of comparison.

CANADA'S MINERAL WEALTH UNSURPASSED

Pre-Cambrian Shield Holds Out Wonderful Possibilities to Prospector.

Industry Important A. A. Cole, Government Mining Engineer, Gives Instructive Address on Mineral Production.

One of the most able addresses on the wonderful possibilities of northern Ontario was given by Mr. Arthur A. Cole, mining engineer for the Canadian Government, and president of the Canadian Mining Institute, before the Empire Club of Canada recently. The speech is part follows:

"Canada is a country of large railway development when we consider it on a world-wide basis. Most Canadians, it is asked why we have so much railway development, will answer that it is primarily with the object of opening up our vast agricultural areas, and likely they would be right.
