

4 SHOT, 23 ARRESTED AFTER ANOTHER KLU KLUX KLAN MEETING IN MASS.

Quartette in One Automobile Say They Were Fired On by Klansmen.

Haverhill, Mass., July 31.—Four men were shot here early today when hostile crowds clashed with about 5,000 and 5,000 members of the local Klan, who held a meeting lasting into the early morning on a hill in the neighboring town of Groveland.

State and local police at length quelled the disturbance, taking into custody 23 men, including three of the wounded men, and confiscating six shotguns, several revolvers and quantities of ammunition.

The disorders broke out at the conclusion of a Klan initiation ceremony on Perry Hill, Groveland, and continued as nearly 1,000 automobiles bearing Klansmen from Worcester, Boston, Springfield and other cities, traveled from the meeting place toward Haverhill.

Shots were fired and many missiles were thrown at the passing cars, but so far as is known only four men were injured.

None of the injured men, all of whom suffered buckshot wounds in the legs, was believed to be dangerously hurt.

Haverhill Men Shot. The wounded men, James Connolly, Francis Coffey, Edmund Lucey and a fourth named Buckley all of Haverhill, were in one automobile. They alleged that they were fired on by Klansmen in a large car when they attempted to pass the vehicle after state police had signalled them to move ahead.

Approximately 500 of the scores of men arrested were Haverhill residents and the others were Massachusetts cities as far west as Worcester. All were charged with disturbing the peace.

About 300 armed guards surrounded the 10-acre field in Groveland, which the Klansmen were in progress last night, witnesses said.

Many Were Uniforms. A crowd of about 400 men collected outside the field but although hostile, no disturbance arose until about one o'clock this morning, when the meeting ended and the Klansmen, opening their eyes, marched out of the field behind the cars as a measure of precaution against attack.

Large numbers of the Klan group were wearing army uniforms.

Stones were hurled at the machines and occasional shots were fired as Klans members, riding in their cars, drove toward Haverhill, the firing and stone throwing increasing as the Klansmen entered Haverhill and it was in Haverhill that the shooting was fiercest.

Arrests appeared to be approximately evenly divided between persons attending the Klan meeting and opposition.

In connection with the first, Commissioner Frink said this was covered by legislation and the street railway company has elected to place its cars on St. James street and before this could be done the city would have to build a deep retaining wall.

In regard to the second, he was preparing a report which would be submitted at an early date. The motion carried.

Dr. Brew, federal authorities say, first came into notice on April 18 last when he was arrested by Patrolman Grimley with the larceny of letters, having, they declare, 11 letters and several checks in his possession.

He defied when his case in the Roxbury court was called. Later he was arrested by Cambridge police for alleged auto thefts, escaped from the Psychopathic Hospital, and next turned up at the Roxbury court again, having been brought from Haverhill, where he was taken into custody Saturday night.

He was turned over to the government for prosecution and was brought to the federal building by Deputy Marshal Joseph Winston.

Australian Premier Surprised at Action Melbourne, Aug. 31.—(Canadian Press Cable)—Premier S. M. Bruce said yesterday that he failed to understand the intention of J. H. Thomas, secretary for the colonies, in convening a conference of the dominions in October. Last June, he said, Great Britain had suggested a minor meeting of junior representatives to discuss matters already definitely settled at the imperial conference. He then replied that the Commonwealth could not send representatives and as no further contacts were exchanged he assumed the question had been dropped.

In Halifax the clearings for this week were \$2,555,438.

WANT SIDEWALK FOR HOTEL WORK

Contractors' Request Discussed at City Hall—Delayed Matters.

The matter of allowing the contractors for the Admiral Beatty Hotel to use more of the sidewalk than the law provides for was discussed by the council this morning and was left in the hands of Commissioners Frink and Harding and the road engineers.

Commissioner Frink said that J. B. Stirling, of the E. G. M. Cape Co., had requested that he be allowed to use all the sidewalk in Charlotte street and King square and build a temporary walk on the street.

Commissioner Wigmore said in other cities it was customary to build a covering over the sidewalk and allow the people to use it, and he thought this could be done here.

Engineer G. N. Hatfield said it was suggested that about three feet of the sidewalk be left for pedestrians and a temporary walk be placed about three feet out in the street.

Commissioner Frink asked Commissioner Harding if he would, as a member of the Civic Power Commission, try to hasten matters in the re-arranging of the breaks in the streets and sidewalks, made by the Stephen Construction Company, as he wished to get this matter cleared up before winter.

Commissioner Harding said he would do so.

It was moved by Commissioner Harding that the common clerk bring to the attention of the council all matters that were delayed for any reason and awaiting action. Among the matters which he mentioned were the removal of the street car tracks from Queen square, West Side; Tucker Park and the parking of the automobiles owned by the city.

Commissioner Frink said this was covered by legislation and the street railway company has elected to place its cars on St. James street and before this could be done the city would have to build a deep retaining wall.

In regard to the second, he was preparing a report which would be submitted at an early date. The motion carried.

ARE ON WAY TO BE REDEMPTORISTS

Some Begin Novitiate, Others Make Profession at St. Peter's.

Two very impressive ceremonies will take place in St. Peter's church tomorrow and Saturday mornings. Tomorrow 12 young men will enter their novitiate and on Saturday morning 12 young men and three brothers will make their profession and become members of the Redemptorist congregation. The ceremony in connection with the investiture is impressive, and that in connection with the young men making their profession also very solemn.

Those who will make their profession tomorrow are: Robert J. Muldoon, of Hamilton, Ont.; Thomas A. Curran, of Toronto, formerly of St. John; James H. O'Donnell, of Montreal; Thomas M. Morley, of Sydney, N. S.; Joseph A. French Despres, of Quebec; Harold Crowley, of this city; James D. O'Brien, of Montreal, formerly of St. John; Rudolph W. Stoechel, of Montreal; Virgil A. Gormley, of Toronto; Joseph J. Flannery, of Hamilton; Gabriel E. Flannery, of Regina, and Brother Peter Van Hussen, of Winnipeg.

Those who will make their profession on Saturday will be: Edward T. Meyer, of Toronto; Cornelius F. Sullivan, of Quebec; Aldan Murphy, of Montreal; and three brothers, of this city: Thomas P. Murphy, of Marvylville, Ont.; Brian Lonergan, of Quebec; John E. Dore, of Hamilton; Paul J. Collison, of Winnipeg; Alexander MacNeil, of Inverness, N. S.; John Martin, of Regina, and Paul G. O'Brien, of Halifax; Allan MacDonald, of Chatham, and John Dacey, of Halifax.

Those who are entering the novitiate recently completed a six-years' course of studies at the Redemptorist Preparatory College in Brockville, Ont., and those who will make their profession will leave for Mount St. Alphonse Seminary at Esopus on the Hudson, where they will pursue a course of higher studies.

The young men leaving have been under the supervision of Rev. Peter Costello, C. S. R., who was re-appointed novitiate master of the Redemptorist congregation in Rome. Father Costello will also be in charge of the young men who are completing a course of higher studies.

Relatives of the young men from all over Canada are expected to be in the city to attend the ceremonies. Rev. J. J. O'Brien, pastor of St. Peter's, is expected to be here and may assist in the services.

"TIZ" FOR Tired, Puffed-up Feet. The minute you put your feet in a "TIZ" both you feel pain being drawn out and comfort just soaking in. How good your tired, swollen, burning feet feel, "TIZ" instantly draws out the poisonous exudations that puff up your feet and cause sore, inflamed, sweaty feet.

"TIZ" and only "TIZ" take the pain and soreness out of corns, callouses and bunions. Get a box of "TIZ" at the drug or department store for a few cents. Your feet are never going to bother you any more. A whole year's foot comfort guaranteed.

REALIZED \$114 TO HELP KIDDIES

Dance and Sale Held at Fair Vale was Notable Success.

A notable success was the verdict of all those interested in a dance and candy sale held last evening under the auspices of the Fair Vale Outing Club at the club house at Fair Vale when the fine sum of \$114 was realized in aid of Lady Byng Camp for under-nourished children at Fair Vale. The club house was prettily decorated with flags and evergreen.

The programme consisted of twenty-two dances and music was furnished by the Black Cat orchestra composed of Messrs. Lobb, Webber, Titus and Colwell, who donated their services in aid of the fund. A large candy booth in the club house was in charge of Mrs. A. O. Tracey, assisted by Mrs. L. T. Wetmore. A booth on the veranda was in charge of Miss Nora Banks, assisted by Harvey Bishop. The returns from both these booths exceeded the expectations of the committee.

Three little girls, Nora McElwaine, Hilda Dobbin and Elizabeth Wetmore, sold tickets on a large five pound box of candy and Fred Dolg was the fortunate winner of this prize. The members of the committee in charge of the affair were: O. A. Tracey, E. A. Ellis, L. T. Wetmore, Miss Hilda Dykeman and Miss Frances McElwaine. L. T. Wetmore, president of the club, said today that it was the splendid support of the residents of Fair Vale and their contributions to the candy which had made the effort such a financial success.

Also to help swell this fund, a garden party was given yesterday by Miss Joyce Foster, and some little friends at the residence of her parents, Mr. and Mrs. Fred Foster, Leinster street. In addition to the money already promised \$400 is needed to carry on the Lady Byng summer camp for under-nourished children at Fair Vale until the end of August. Yesterday two successful entertainments were held in aid of the camp funds and the proceeds will help out appreciably. A garden party was given yesterday by Miss Joyce Foster and some little friends at the residence of her parents, Mr. and Mrs. Fred Foster, Leinster street, and a dance at the club room by the Fair Vale Outing Club.

While \$400 is needed to carry on the camp until the end of August, Miss McElwaine said that if funds could be obtained a splendid work could be done in continuing the camp for a short while in September to care from eight to 10 children suffering from rickets who are not of school age and could not be cared for at the camp nor the extra expense of the few days in September would be very small, she believed.

Arrangements have been made for a party for the parents of the children at the Health Centre this evening when the mothers will be shown lantern slides, presenting graphically the causes of under-nourishment in children and their remedies. The condition of the children will be discussed and the mothers will be told how best to care for them when they return from camp. The object of the party is to secure the co-operation of the mothers so that the good work of the camp may be furthered during the coming winter months and the children continue to improve in health. Refreshments are to be served and the party will be a time of social enjoyment also.

MILL OWNER HELD FOR MANSLAUGHTER

Amherst, N. S., July 29—The Crown Prosecutor of Cumberland today issued a summons against Sanford MacKell, lumber operator at Fenwick, charging manslaughter, following the death of William Reid of Fenwick, who was injured while working in a portable saw mill. Reid was caught by an unprotected pulley, his leg was broken and crushed and after amputation he died.

This is the first known occasion for a charge of this description to be laid against a mill operator.

WOMAN HIT BY TRUCK

About 8:45 o'clock last evening, while Mr. and Mrs. Philip Moore were proceeding from the baseball game at East End grounds, where near the Marsh Bridge Mrs. Moore tried to cross the street and was struck by a small delivery motor truck and knocked down. She was picked up and driven to her home. It was reported she was not severely injured.

WOULD HELP TRADE

C. A. Gilliat, of the staff of the Royal Bank of Canada in Trinidad, who was in the city yesterday enroute to Annapolis to spend his holidays, said he could see no good reason why there should not be a growth of trade between Canada and the French West Indian Islands in flour and general in all lines. In order to bring about closer relations between the two he advocated an extension of the tourist travel, which would make the people better acquainted.

FINISH SURVEY AT GRAND FALLS SOON

Commission Chairman Expects No Difficulty in Securing Land Needed.

Hon. Dr. E. A. Smith, of Shediac, chairman of the Quebec Electric Power Commission, who returned during the latter part of last week from a trip of inspection through the country included under the Grand Falls hydro development scheme, was in the city last night and announced that the work of the surveys would be completed by September. The result of their work would be tabulated and the whole matter in detail placed before the International Joint Waterways Commission who had to pass on the proposition finally.

Dr. Smith anticipates no difficulty with the Quebec Government nor does he anticipate any trouble with the grantees in Maine. There were no Government lands in Maine, he said, all property belonging to grantees. It would be with these individual grantees that the Electric Power Commission would have to deal, reimbursing them for flooded land caused by the dam.

DEAF HAVE MANY ADVANTAGES IN THIS COLLEGE

Washington, July 31—The Columbia Institution of the Deaf, more commonly known as Gallaudet College, of this city, is described by its officials as the only school of its kind in the world which provides higher education for the deaf and the only institution in which a deaf child, with no formal education whatever, may enter and in the course of years be granted a college degree.

The school was founded by Amos Kendall, a distinguished statesman of his time, who in 1859 donated a house and three acres of land from his estate in northwest Washington, and employed Edward Miner Gallaudet of Hartford, Conn., as principal. A year later an act of incorporation of the school was obtained from congress through the efforts of Mr. Kendall and his friends, and from the beginning it was provided that the government give financial assistance to the school.

President Lincoln on April 8, 1864, signed an act giving the school the power to grant collegiate degrees. Since then some 1,400 students have been enrolled, and more than 400 have received bachelor's degrees. The college department first was open only to young men, but since 1887 young women also have been admitted. The course is fixed at five years, the first a preparatory year to finish the preparation of students entering from the schools for the deaf throughout the country. Admission to the college is by examination, and as a rule, some 30 states are annually represented in the student body.

The young men maintain baseball, football and basketball teams, using hand signals, and are conspicuous figures in athletics throughout the middle Atlantic section. The college also has wrestling, tennis and track aggregations, although the veteran Justice Ildington, who is ripe in years, is also favored in some quarters as Chief Justice for a year after which he would retire. His selection would involve the principle of promotion.

Another proposal is to make Edmund L. Newcombe, K. C., deputy minister of justice, Chief Justice. Whether or not he goes to the head of the bench it is believed that Mr. Newcombe will at least replace Sir Louis Davies as Maritime Province representative. When the reconstruction takes place, Chief Justice Mather of Manitoba may come here.

RECORDING BUOYANCY.

(Hamilton Herald.) Good news! Bonus and regular dividend paid. A full nine-hour day schedule for the full staff. The first is the record of the G. W. Robinson Company for the last year. The second is the Tallman Brass and Foundry Company, which has been on a five-hour day run; large orders have brought back the full time work. Not much gloom around those two establishments. And perhaps, if we dig right down to it, there isn't so very much anywhere else.

The Ottawa Citizen has this to say about the vacancy on the Supreme Court bench: "Reconstruction of the Supreme Court of Canada is on the tapis for the autumn. Many representatives are being made on the subject especially the need of strengthening the bench. Two of the present judges, Duff and Anglin, are both credited with ambitions to succeed Sir Louis Davies as Chief Justice, although the veteran Justice Ildington, who is ripe in years, is also favored in some quarters as Chief Justice for a year after which he would retire. His selection would involve the principle of promotion.

Another proposal is to make Edmund L. Newcombe, K. C., deputy minister of justice, Chief Justice. Whether or not he goes to the head of the bench it is believed that Mr. Newcombe will at least replace Sir Louis Davies as Maritime Province representative. When the reconstruction takes place, Chief Justice Mather of Manitoba may come here."

RECORDING BUOYANCY.

(Hamilton Herald.) Good news! Bonus and regular dividend paid. A full nine-hour day schedule for the full staff. The first is the record of the G. W. Robinson Company for the last year. The second is the Tallman Brass and Foundry Company, which has been on a five-hour day run; large orders have brought back the full time work. Not much gloom around those two establishments. And perhaps, if we dig right down to it, there isn't so very much anywhere else.

TEACHES LESSON OF CARE OF WOODS

Forestry Car is Now on a Tour of New Brunswick.

With weather conditions very favorable to forest fires—weather warm, wind high, rains local and rapidly dried—the visit of the Exhibition Car of the Canadian Forestry Association comes at a time which is not only the impression in all sections visited. The car as usual has attracted marked attention and has had thousands of visitors who have taken in not only the interesting exhibits but the motion pictures also. The lesson everywhere was the value of the forests in themselves, to agriculture and to industry. New Brunswick in 1924 has not had the scourge from forest fires which she has had in former years but there is no reason for any relaxation of caution which could not fail to make an impression upon the beholder. It showed the steady running stream, well kept bridges, prosperous farms and other evidence of well-being in a country that much of the credit for reduced fire loss lies in increased caution on the part of the people and that is a direct result of education in all its various forms, given to both child and adult.

SEEKS' JOB 110 TIMES IN VAIN

Stranger in New York Falls From Hunger; Police Help.

Frank McCue of Prescott, Arizona, was recuperating on spoon food at Long Island Hospital yesterday and probably will do justice some of these days to a first cousin of the plate of steak and potatoes the kind-hearted policeman bought for him but that the doctor would not let him eat, says the New York Herald-Tribune. McCue started looking for a job. He apparently he did the right thing if he was seeking hardship. He looked in 110 places and didn't find any. He walked most of the way to New York because he detested charity and only occasionally did he get a lift. Then he looked for work again and didn't find any. His last dime was invested in coffee and rolls Wednesday night and by Friday night he was so weak from hunger he fell off a seat in a subway train.

It was then, after the subway train had been held while an ambulance was called, that the police found he was hungry and did his best to relieve him. But at that moment Dr. Vance arrived from the hospital and warned them if McCue ate the steak and potatoes in his condition he would die. So Policemen O'Leary and Smith of the Poplar street station, took away the viands they had provided.

McCue says that all he wants is a job.

JUDGMENT RESERVED.

Argument of counsel was concluded yesterday afternoon in the case of Hill vs. McHenry in the Circuit Court before Mr. Justice Barry. Judgment was reserved. C. F. Inches appeared for the plaintiff and Dr. W. B. Wallace, K. C., for the defendant.

You can pick out good salad vegetables by looking at them.

But the only way to get a good vinegar is to know the name of a good vinegar.

Heinz Vinegar is made from the choicest materials in the most careful way, then aged in wood to mellow it and give it just the delicious flavor and aroma that a salad requires.

And the cost of enough Heinz Vinegar for a salad is a small fraction of a cent!

VANDALISM REPORTED. Acts of vandalism at the Allison Playgrounds were reported to the members of the Association when they visited that ground yesterday and much indignation was expressed. Much of the equipment has been broken by large boys and the supervisor stated that it had been found necessary to take the handicraft work home at nights to save it from destruction. The matter will be taken up at the next meeting of the Association.

LADY BREAKS WRIST. Mrs. Mary Wheelpley, of 42 Murray street, slipped and fell on the pavement in Canterbury street yesterday afternoon, her wrist coming in contact with the edge of the curbing. Policeman Harry Young rendered first aid and the ambulance was summoned and the injured woman taken to the hospital where it was found her wrist was broken. Her injuries, while painful, are not considered serious.

HORSE RUNS AWAY. A horse driven by Harry Hayes became frightened yesterday morning in Thorne avenue and ran away, finally landing on the fender of a street car. The fender of the car was badly twisted and the horse and driver escaped injury.

HON. JOHN MORRISSEY

Everybody in Northumberland County knew John Morrissy. He ran elections there in 1882, 1883, 1888, 1889, 1890, 1894, 1896, 1898, 1900, 1903, 1908, 1912, 1917 and 1921. In 1880 he ran in two elections. He was defeated as often as he was elected; but, while he began his political career as a member of the Municipal Council, he ended it as a Member of the Parliament of Canada.

THE EUROPEAN PROBLEM

The London Statist remarked recently that, with a prospect of settlement of the reparations question, trade has been getting the only real chance it has had at any time since before the war, of winning its way back to a normal prosperity. It said further that in Great Britain and in many nations abroad there is a feeling that the definite settlement of reparations on the lines of the Dawes plan would remove the last obstacle of any consequence in the path of trade recovery.

Press Comment

EMPIRE OR ENTENTE?

(New York Herald-Tribune.) In defending Premier MacDonald's rejection of the League of Nations dis-annexation treaty the Earl of Balfour was especially critical of the localized mutual assistance feature so earnestly sponsored by Viscount Cecil. According to the Cecil speech league members were to be organized into continental groups, each pledged to restrain war-like aggression in its own area.

LIGHTHEARTED

Early Pessimism. "Joe, I noticed the doctor stopping at your house last evening. Anything serious?" "No, sir, it's absolutely moribund. Waits all the time it is awake."

An Alliterative Trio

Hobbs—"Have you sized up that new family that has moved in next door to you, yet?" "Dobbs—"Yes, it consists of a snappy wife, a snappy husband and a snappy daughter."

Summer Parasitism

She (at soda fountain, sotto voce)—"I've seen that clerk before somewhere." He—"Recognize him by his flea, eh?" Hobson's Luck. "Look at Hobson's wife. There's devotion for you. She wouldn't go away from me unless she couldn't leave his business."

CANDIDATES AND GOLF

(New York Herald-Tribune.) Although the news comes from Dark Harbor, Me., that Frank Polk, Democratic candidate for president, the scores of both gentlemen are withheld from the public. The reporters who chronicled the match were not even permitted to tell the world how many holes down Mr. Polk was at the finish.

TRADE AND PROSPERITY

(Toronto Globe.) If a favorable balance of trade is a sign of national prosperity, Canada is prospering and growing more so. Exports for the year ending June 30, 1924, amounted to more than a billion dollars, as compared with about 982 millions in the previous year and \$751,655,000 in the year ending June, 1923—an increase of nearly \$250,000,000 in 1924.

American newspapers of these days leave the mind of the reader in a state of utter confusion with regard to the prospects in the presidential election campaign. There are all sorts of predictions, contradictions, statements of fact flatterly opposed by other statements of fact, rumors and speculations, such as leave the reader without sufficient data of a reliable sort to form an opinion on the real situation in any section of the country.

A motorist from Montana is quoted as saying that the best roads he had found on the trip are the roads of New Brunswick. He had traveled 6,000 miles. His reference, of course, would be to country roads in general, and he pays a very high compliment indeed to this province, and especially to the present Minister of Public Works.

WEDDINGS

Kraetzer-MacDonald. A marriage of much interest to friends in St. John was solemnized at St. Stephen's church, New York City, on July 28, 1924, when Miss Beatrice Mary MacDonald, daughter of John J. MacDonald, of this city, was united in marriage to Dr. Arthur Furman Kraetzer, son of Mrs. Carolyn Kraetzer, of Brooklyn, N. Y.

Horncastle-Dunn. The announcement is made in Frederickton of the marriage of Miss Kathleen Dunn, daughter of Mr. and Mrs. John Dunn, Varn, Sask., and Otty Guy Horncastle, late of Frederickton, July 21. The groom was on the staff of the Frederickton branch of the Bank of Nova Scotia for some time and later attended the University of New Brunswick where he was an undergraduate at the time he enlisted in the C. E. F., serving for several years. For some time he has been in Saskatchewan with the Federal Forest Service.

Penny-Nolan. At the residence of Mr. and Mrs. William Harley, 13 Gilbert's Lane, on the evening of July 30, 1924, Rev. R. O. Taylor officiated at the marriage of Miss Florence May Nolan, daughter of Mr. and Mrs. Robert Nolan, of 19 Gilbert's Lane, and Wilfred Lawrence Penny. The bride was charmingly gowned in peach colored organdie and carried a bouquet of Ophelia roses. Mr. and Mrs. Penny will reside in St. John and have the good wishes of many friends.

DEATHS

Rev. R. O. Armstrong. Rev. R. O. Armstrong, prominent in Manitoba Methodist circles, and a former secretary of the Manitoba Sunday School Association, died at Hartney, Man., on July 28. Mr. Armstrong, a native of King's County, Nova Scotia, went to the west in 1904.

Wallace Downey. Word received by relatives in Amherst announced the sudden death of Wallace Downey, head of the Downey Shipbuilding Co., at Staten Island. He died in New York. Mr. Downey was a native of Miunde, N. S., and was a brother of Captain Burton Downey of Miunde; and the late Capt. W. A. Downey of Amherst. He was 62 years old. At the age of 18 he went to New York where he became president of the Townsend-Downey Shipbuilding Co., and the Erie Yacht and Basin Co.

In 1902 he built the then famous racing yacht "Meteor" for the Empress of Germany and later the "Atlantic" which won the gold cup presented by Wilhelm II, for an international race in 1908.

REDDY FOX LEARNS A LESSON

Ouch! Murder! Help! he yelled. When Nancy took away Mrs. Woodhuck's picnic basket...

Reddy wasn't allowed in Happy Go Lucky Park at all. Mister Zip had put up signs everywhere which said, "Foxes and weasels not allowed in."

"Thank you, ever so much," said Mrs. Woodhuck, and went on with her knitting, wondering what time Mister Woodhuck would be there for his supper...

"Bring a basket," said Mister Zip, "and hunt up a long stick and be sure you get a lid to cover the basket. We won't want to get stung."

"Oh, boy!" he cried. "Now for a gorgeous meal or my name isn't Reddy Fox."

The next thing he did was to poke off the lid with his nose.

Miss Dorothy Sinclair was a hostess at a delightful shower at Brown's Flat on Tuesday for Miss Winnifred Lemon, of West St. John, who is summering there and who will be the principal in an interesting event very soon. Miss M. Short assisted Miss Sinclair in entertaining the girl friends of the bride-elect, who was showered with pretty gifts. The event was very much enjoyed. A picnic tea preceded the bestowal of the presents.

Mr. and Mrs. H. Morisset, of Dorchester, Mass., are visiting Mrs. Morisset's parents, Mr. and Mrs. George Cobham, of West St. John. They motored through from Dorchester. Mr. Robert Cobham, of Boston, is also visiting his grandparents, Mr. and Mrs. Charles Cobham, Market Place, West St. John.

Mrs. Frederick C. Whay and sons, Frederick and Gerald, are visiting at the home of Mrs. Whay's sister, the Misses McFale, 78 Exmouth street. Mr. Whay will arrive later in the month to accompany them to their home in Brockton, Alberta.

The Misses Marguerite and Kathleen English, who have been visiting Mrs. J. J. McCahey of St. John at her summer home, Donnybrook, Grand Bay, have returned to Montreal.

Mrs. Byron Coulthard, of Toronto, formerly of Fredericton, is the guest for a few days of Mrs. C. F. Sanford, Orange street, prior to leaving for Smith's Cove, where she will spend the month of August.

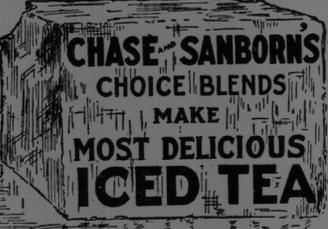

ON VACATION.

Rev. Robert G. Fulton, pastor of Centenary church, has begun his holidays at his summer home, "Rest Awhile," at White's Bluff. Mr. Fulton, in his capacity as president of the N. B. and P. E. I. Methodist Conference, will have to return frequently to the city for special meetings. He will also have to go to Prince Edward Island next month on special work.

Fraser Fulton, son of Rev. Mr. Fulton, student at Mount Allison University, is on construction work this summer at Grand Falls with the New Brunswick Telephone Co., Ltd. Mr. Fulton will be joined by a college friend and will canoe down the St. John River to the Fulton summer home this month. He will go to Truro, N. S., early in September, where he will join the combined school of survey that is being participated in by Dalhousie and Mount Allison Universities and Halifax Technical School.

CONSTANCE LEAVES.

H. M. S. Constance, Captain R. D. Campbell, O. B. E., M. V. O., R. N., sailed yesterday afternoon about 3 o'clock for Bar Harbor, Me. It had been the intention to sail yesterday morning at daylight, but the delay was caused by thick weather.

CHASE-SANBORN'S CHOICE BLENDS MAKE MOST DELICIOUS ICED TEA

Every Summer Day!

HOW luring is this dish to every member of the family—and how good a food it is for them to eat every summer day. Each grain of Puffed Rice is a light, crisp, flaky morsel with an irresistible, nut-like flavour. Each grain is a whole kernel of rice—rich in minerals. The milk supplies vitamins. This luscious combination makes a most nutritious food. Each grain is steam exploded for quick digestion. Serve as many ways as you can.

Quaker Puffed Wheat—another steam-exploded, whole-grain dainty. Let the children have Puffed Grains at any hour of the day. With milk as the bed-time dish it induces restful sleep. Keep both on hand in plenty.

SISTER MARY'S KITCHEN TO ROAST BEEF. As soon as your meat comes from the market remove it from the paper and put it on ice. Wipe with a cheese-cloth, kept for the purpose, wrung out of cold water. Never let meat stand in water, cold or otherwise, as the water draws out the juices and much nourishment is lost. A roasting beef should always be put into a hot oven to quickly cook the surface and prevent the escape of juices. At the end of 15 minutes the meat should be seared all over. Then reduce the heat and allow 15 minutes for each pound if wanted "rare" and 20 to 25 if wanted "well done." A roasting beef can be cooked deliciously in a common, ordinary "spider." It will require basting every 10 minutes and should not be dredged with flour before putting in the oven. Mix one teaspoon salt and one-eighth teaspoon pepper for each pound of meat. Rub well into meat before putting in the pan. Have the oven very hot. Put just enough boiling water into pan to cover bottom of frying pan, add roast rubbed with salt and pepper and roast for 15 minutes. Then baste with drippings in the pan every 10 minutes. If the roast is very lean, put a very thin slice of fat pork over top. To make the gravy remove the roast from the pan and cook on top of the stove until the drippings stop spitting and spluttering. Pour off all the fat but two or three tablespoons. Add two or three tablespoons of flour and stir until perfectly blended and brown. Then slowly add two or three cups of hot water, stirring constantly, and let bubble for three minutes after all the water is in. Bring your gravy to the boiling point each time you add water. Season with salt and pepper and serve in a gravy boat. This makes a thin gravy. If you prefer to use a self-basting roaster, rub the meat with salt and pepper, put in the roaster and dredge with flour and put in a hot oven. Basting is not necessary, but occasional turning and watching will produce an even roasting. The gravy is made in just the same fashion as described, the flour in the roaster adding richness and color. No water should be necessary when a self-basting roaster is used, but if you are afraid the flour may burn in the bottom of the pan a few tablespoons can be added when the roast is put into the oven. No matter what cut of roast you have chosen these general directions should be followed. The tenderest meat comes from the part of the beef in which the muscles are least used. This meat is finer grained and takes less time for cooking. These cuts make the finest roasts. The first three ribs make a delicious roast and are usually less expensive than a sirloin or porterhouse roast. Rib roasts are used "rolled" or "standing." "Rolled" simply means that the bone is removed and the meat skewered and tied into a firm roll. You will find a rolled roast much easier to carve than a standing roast, but the standing roast makes the best gravy. So there you are. Calories, per pound, for a standing rib roast are as follows: Total calories, 1448. Protein, 325; fat, 1128. Iron, .0185 gram. Gravy, per cup: Total calories, 136. Protein, 8; fat, 107; carbohydrate, 21. Iron, .0001 gram.

I. Chester Brown 32-36 KING SQUARE. Next Imperial Theatre. THREE CLEARED OF THEFT CHARGES Edmund G. Howard, Clifford Tufts and Leonard Adams, who were arrested on Monday afternoon by Sergeant Detective Power and Detective Biddiscombe on a warrant charging them with the theft of an automobile the property of W. J. Fitzgerald on the night of July 24, appeared in the police court yesterday afternoon. G. Barie Logan appeared for the accused and Frank Frauley for the complainant. Mr. Frauley, on behalf of Mr. Fitzgerald, presented the court with a statement to the effect that Mr. Fitzgerald had received a satisfactory explanation that there was no evidence of criminal intent and he desired that no further proceedings be taken. The statement was received by Magistrate Henderson and the three men discharged. THREE-YEAR-OLD FOUND. John Charlton, aged three, strayed away from his home, 173 Broad street yesterday morning and the police were notified to try to locate him. Shortly after noon the little fellow was found at Reed's Point near the wharves and was taken home to his parents, Mr. and Mrs. William A. Charlton. Poultry? Want to buy or sell? Putting the "Jell" into Jelly New method of making jelly entirely eliminates all failures. By ANN PROCTOR

Jelly making used to be a gamble. Brides have cried over soft, runny jelly almost as often as their first pies. Even experienced home makers found at the end of a blistering day that the coquetish jelly absolutely refused to become clear and set. Ripe fruit that would give the best flavor was also a discredit to the prestige of the good cook. Ripe fruit that would give the best flavor was not suitable for jelly making because it did not contain that mysterious substance called Pectin, which made jelly "jelly." Certain fruits, such as peaches, pears, cherries, rhubarb, strawberries and blackberries absolutely refused to turn into jelly. Along came science in the laboratory to aid the thousands of jelly makers who have faced disappointment in past seasons, and the result is bottled pectin, a real jelly making insurance, sold under the name of Certo. Certo is pure—contains no gelatine or preservatives. Jams and jellies made the Certo way will keep perfectly. Certo saves time and guesswork and you get 50 per cent. more jam or jelly from the same amount of fruit. It is highly endorsed by cooking experts everywhere. Ask your friends about it. To make Raspberry Jelly by the simple Certo process: Crush thoroughly 2 1/2 to 3 quarts berries. Place fruit in cheesecloth bag and squeeze out juice. Strain drop juice through cotton-flannel bag if a sparkling jelly is desired. Measure 3 cups of juice and 6 1/2 level cups sugar into large kettle. Stir and bring to a boil. At once add 1 bottle Certo, stirring constantly and bring again to a FULL BOIL for ONE HALF MINUTE. Remove from fire, let stand 1 minute, skim and pour quickly. Stem and crush thoroughly about 3 lbs. grapes. Add 1/2 cup water, stir until boiling, cover pan and simmer 10 minutes. Strain juice through a jelly bag. Measure 3 cups juice and 6 1/2 level cups sugar into large kettle, stir and bring to a boil. At once add 1 bottle Certo, stirring constantly and bring again to a FULL BOIL for ONE HALF MINUTE. Remove from fire, let stand 1 minute, skim and pour quickly. If you write to the Douglas Packing Company, Limited, Cobourg, they will send you a free recipe booklet of 73 recipes for making jams and jellies. 104

Hoboken Man, However Releases Her After Pleading All Night. New York, July 31.—Beatrice Cardinelli was loved so much by a rejected sweetheart that he kidnapped her, took her to a wood and sought throughout the night to persuade her to marry him. She told her story to the police at her home in Hoboken while detectives searched for Joseph Audino, also of Hoboken, who, it is charged, did the kidnapping. The sixteen-year-old girl met Audino three months ago and quarreled with him in June. On Friday she was walking with an aunt and sister where she works, when she says Audino and another man seized her and thrust her into a taxi which sped away. A few hours later Liberato Cesaro, the taxi driver, reported to the police that he had been compelled at the point of a pistol to use his cab for the kidnapping. He said that the man with Audino had left the taxi soon after the kidnapping and that Audino and the girl left the taxi at a desolate spot in the Hackensack meadows. In describing what happened later, Beatrice said: "We walked into the wood. He made no advances and treated me very kindly. From early morning when we got there until long after midnight he talked about love and begged me to marry him. We had nothing to eat and no light, not even matches, after that I was afraid to try to leave because in the taxi he threatened me and said even if he was arrested he'd be free some day and 'fix' me. But I wouldn't give him the answer he wanted. I knew we would never be happy if we married." "When he finally realized I wouldn't say that I'd marry him, he decided we might as well go home and we walked two miles to the trolley transfer station in Hoboken. When we got there I said I ought to 'phone my aunt because she probably was worried. When I came out of the 'phone booth he had gone and I asked a policeman to show me the right car. He took me to the police station."

The Lost Shall Be Found

In a single day in St. John the following articles were reported lost: A brooch, a beaded bag, a scarf, a memo book and a marten fur.

If the owners of these articles, alone, searched for them, their chances of finding them are very slim indeed.

More than 17,000 people buy The Times-Star. When you can enlist 17,000 pairs of eyes to search for your lost articles, recovery of them is highly probable.

Whenever you lose anything of value, have a lost ad. inserted in The Times-Star.

DISCUSS PAVING AND TAX VALUES

Seely Street Residents and Commissioners Go Into the Question.

Seely street residents were heard before the city council in committee this morning and after placing their views before the members were assured the city had no intention of penalizing them for having the street paved under the Local Improvement Act by raising their valuations. The delegation was composed of Roy Finley, Chester Gandy, H. H. Scovil, Hon. J. E. Wilson, F. A. Young and P. B. Evans.

Mr. Wilson said the residents desired to improve the street as it was used a great deal by visitors on their way to the public gardens and Rockwood Park, but they would like to be assured that, after they had agreed to pay one-half the cost of the paving, the valuations on their properties wouldn't be raised because of the paving of the street.

Mr. Scovil said they had two conflicting statements, one from the Mayor and the other from the chairman of the Board of Assessors. The first said there would not be any increase because of paving and the other intimated there would be.

Mayor Potts said it was impossible to give any guarantee that no increase would be made in the valuations for 10 years and the chairman of the Board of Assessors could not write any different letter than he had done, but he felt the property owners could accept his assurance that there would be no increase unless it was general all over the city.

G. N. Hatfield, road engineer, said speaking as a citizen he felt it would not be justice to increase the valuation in a street where the paving was done under the Local Improvement Act as this constituted double taxing. He said that the increase in Douglas avenue was about \$300 a lot, bringing the city a revenue of \$15, while in adopting the plan of paying for part of the work the property owners of Seely street were taxing themselves about \$22 a year.

Mr. Wilson thought it would be in the interest of the citizens and the city if legislation was secured making it plain that no increase of valuation would result where paving was done under the "fabrikators" plan.

Mr. Scovil said the petition had not been drawn up as yet but would be just as soon as the property owners had definite assurance there would be no increase of valuation.

The Mayor said they could not get any more definite assurance than was contained in his letter.

Mr. Evans asked if the Mayor or Commissioner Frink had visited Seely street lately.

His Worship said he had not, but Commissioner Frink said he was there nearly every day.

Mr. Evans asked if he thought the street was in good condition and the commissioner said it was better than Gooderich street.

Mr. Wilson said he for one was perfectly willing to accept the assurance of the Mayor and felt the paving would be done.

S. H. MAYES GETS CITY POST, \$30 WEEK

Appointment is Made by the Mayor, Who Says Action Justified.

That he had appointed S. Herbert Mayes as inspector, time keeper and checker of materials in connection with harbor work, at a salary of \$30 a week, was announced this morning by Mayor Potts, who said that this appointment had been made yesterday and until further notice would be in effect. He said this was not a permanent appointment but he did not know how long such an official would be carried on the pay roll.

His Worship was asked if he had the power to make such an appointment without the sanction of the city council and he replied: "I have made it and as I have an oversight of all departments feel that I am justified in my action."

This morning the superintendent of the harbor department, Alfred Belyea, was in consultation with the Mayor. Asked afterwards if his visit had any special significance His Worship said it had not, he had simply sent for the superintendent to tell him of the appointment of Mr. Mayes.

GAIN OF 600

Travel by Boats From Boston This Season Shows Nice Increase.

The Eastern Steamship liner Prince Arthur arrived in port about 8:30 o'clock this morning direct from Boston with 168 passengers and a fair sized general cargo. There was a slight falling off this trip in the passenger travel, but judging from advanced bookings she will have a larger number on her trip next Monday. According to figures compiled, passengers who have arrived in this city to date on the two Eastern Steamship liners numbered 600 more than at the same date last year.

Among the passengers who arrived this morning were Deputy Chief Chadwick of the Malden, Mass. fire department, and his wife, who will spend a few days in this city the guests of Harry D. Needham, after which they will proceed via Digby to Halifax, where they will take in the sports during carnival week.

THE TIMES-STAR has been asked to state that Percy Amero who figured in the police court this week is not the Fairville man of that name.

Another Home Is Broken Up

In a country home not far from the city there had lived in peace and harmony for the last two or three years a dog and a cat. They were perfect companions, going so far as to make common use of an out-of-date horse manger as sleeping quarters.

But their domestic felicity has been rudely shattered; they are no longer on terms of intimacy, and all on account of the arrival of two little strangers.

When the dog retired to rest the other night, expecting to find only his feline companion in occupation of their boudoir, he met with a sight from which he has not yet recovered. Snuggled close to the mother were two tiny balls of silky hair, but recently embarked on life's voyage.

In the morning, while Tabby was breakfasting, the kitten did appear; they had been carried—one at a time—by the jealous canine into a field nearby and deposited on a last rock. The mother cat, attracted by their cries, went to their rescue and gave them a return trip to the manger.

How long the kittens might have gone on is indefinite—a member of the household witnessed the last part of it and took measures against further movements. But the two principals are not yet on speaking terms again.

ALLIANCE FIELD SECRETARY.

The Temperance Bulletin, issued in Fredericton by the N. B. Temperance Alliance, for the arrangement of the same made with Rev. T. D. Bell now pastor of the Baptist Church at Hampstead, to enter upon the duties of field secretary of the alliance.

NOISY IN STREET.

Joseph Chase and Daniel Turner, who were arrested last night on a charge of shouting and creating a disturbance in Erin street, were adjudged guilty by Magistrate Henderson in the police court this morning and were fined \$4.

STILL AT LIBERTY.

Alexander Legere, who escaped from a cell in Central Police Station Tuesday night, is still at large having so far succeeded in evading the police. Owing to a defective lock he was able to open the door of his cell and by going up the back stairs to the court room on the second story he gained an entrance to the main hall and thus made his escape.

AUTOS COLLIDE.

A collision took place between two automobiles at the corner of Charlotte and Union streets last night about 10 o'clock. One automobile bearing the number 8388 was turning into Union when the collision with an automobile, number 5644, took place. Both were slightly damaged.

ANOTHER LEAK.

A leak in the 12-inch main in British street, near Carmarthen, was reported this morning to the water and sewerage department. Repairs are now under way. Commissioner Wigmore said this morning that repairs were being made in the water main in the Spruce Lake dam which would make it much tighter and prevent quite a leakage of water.

MATTER IS ADJUSTED.

A case against Cecil W. Hicks, who was taken into custody last evening on a charge of obtaining money under false pretenses, did not come before Magistrate Henderson in the police court this morning as the matter was adjusted. The young man was alleged to have passed a worthless check for \$30 on John T. Dunlop, manager of the Dunlop Hotel. It was said at police headquarters this morning that the matter had been made all right and Mr. Dunlop had no desire to press the charge.

HELP TO AUTOISTS.

The New Brunswick Automobile Association has issued a very valuable book containing details of all the main routes in this province. The routes are given with all important villages and stations mentioned and their distance in miles from the starting place of a particular trunk road. Maps showing the general direction taken by each road are also in the book in addition to the various connecting roads with Quebec and Nova Scotia. This book is very complete and is invaluable to automobile drivers, especially tourists.

TAG DAY \$484.

Rev. C. A. Stewart, pastor of St. Philip's A. M. E. church, announces that the return from the tag-day amounted to \$484.04, which will be devoted to the payment of some outstanding accounts and the general work of the church. Mr. Stewart desires to thank the Mayor, the press, the very sympathetic public, and the many taggers who worked so well under the direction of the stewards and trustees of the church. Thanks are also given to Mrs. George Stewart, Mrs. Frank Leslie, Mrs. Frank Bushman, Mrs. Emma Edison and Mrs. Jones, who served supper at the parsonage.

TAKING LIQUOR CARGO.

Six car loads of liquor are being loaded this afternoon on the schooner McLean Clan at Ballast wharf, along Charlotte street extension. The schooner, which docked about noon today, arrived last night from Lunenburg, N. S. The cars of liquor, which is in bond, were shunted onto the railway siding on Charlotte street extension, and the work of loading the vessel started at 1 o'clock this afternoon. It was expected that loading of the schooner would be completed this afternoon and she would clear at once. The McLean Clan is a vessel of 239 tons net register. Destination is not announced.

STEAM SHOVEL IS ON THE HOTEL SITE

Bustle Grows in Clearing Way for Admiral Beatty Foundation.

With a steam shovel belching forth smoke and rapidly eating its way into an earthen bank and the musical rattling from the rock-drilling machines filling the air, work on the excavation for the Admiral Beatty Hotel at the King square s.e. commenced in earnest this morning. As the ground floor of the hotel will be about on the street level, the smoothing out process is not expected to take very much time. According to D. Phin, of Cameron & Phin, contract excavators, instructions are to level the site to about two feet below the street level. A trench about six feet in width will be dug around the outside of the location also.

This morning six double teams were busily engaged in hauling excavated material to the public dump at the foot of Sydney street. The steam shovel is of caterpillar-tread type, having a bucket of three-quarter ton dimension. The shovel, which is efficiently operated by Harold Toole, is a great labor saver, digging this morning more than 200 yards of the high bank cutting along the south side. Mr. Phin said that tomorrow he would have about 24 double teams engaged in hauling material away, and he expects the bank will be entirely cleared away in the course of a few weeks.

Very little time is lost in getting the teams loaded and away. They enter through an alley off Charlotte street and go out by way of King square. About four bucketfuls will nearly fill each team and the teams will be given a full load a few feet farther on by shovellers. The horses were quite nervous about the shovel this morning, but this in time will be overcome.

Duffing the Rock.

Two rock-diggers are at work on the ridge in the centre of the site. About 2,000 yards of rock excavation will be necessary, it was said this morning. Temporary housings for the compressed air machine and the blacksmith shop have been erected. Several laborers were taken on this morning, but the main work of the clearing-away process will be taken care of by the steam shovel. In the rear of the Trinity church rectory will be located the heating plant. A basement will be dug out here for the plant.

Even with the small staff now employed, expenditure in labor and material is running into a good many dollars, and this will increase as the work goes on. It is the hope of J. B. Stirling, resident engineer of the E. G. M. Cape & Co., Ltd., for the construction work, that by Christmas time the walls will be up and the roof on in order that the interior work will proceed without delay by winter weather. In addition to Mr. Stirling, other members of the Cape organization on the job today were J. Tydesley, superintendent, and W. S. Mongol, office manager.

SECOND NEW MOON OF JULY APPEARS

This is the Night for Un-usual Happening—First on July 2.

Today witnesses the second new moon of the month, a phenomenon which has not appeared before for a great number of years and one which probably will not occur again for many more. The first new moon of July was on July 2.

Taking the month as a whole it has produced more fine days than normally for July and the fog has not been so prevalent, according to D. L. Hutchinson, of the Observatory. The rainfall, however, has been very light in fact, he said, it has only been one-half of one-tenth of an inch more than the famous dry year of 1921. The temperature has been about normal.

TO TRAIN FOR NURSE.

Miss Lois Fraser left last evening for Flushing Hospital, New York, to train for a nurse. Before leaving she was the guest at several pleasant gatherings, when she received many useful gifts from her friends.

As Hiram Sees It

"Hiram" said The Times reporter to Mr. Hiram: "Your heart is on the Nerpeis hills." "That's a queer place," said Hiram. "What do you think about them?" "Boxes of blueberries in a storeroom," said the reporter. "An' they sot you thinkin' about the Nerpeis piece—did they?" "For a dozen years," said the reporter, "I had an August day among the blueberries on those hills. I remember the youth who told me about the ferocious wild-cat den on a section he pointed out. That was his way of keeping me away from a good patch. Would I fear my weight in wild-cats with blueberry dumplings in the near prospect? You know me better, Hiram. Would that I had a room in a house at Blagdon, and the run of the hills for a week when the berries are at their best."

"I had blueberry dumplin' yesterday," said Hiram. "You've tasted Hanner's dumplin'?" "Hiram," said the reporter—"go away—you break me all up. I must think of something else."

"Come along out to The Settlement," said Hiram. "What you want is one good feed—then you'll be all right. You might get a scoop, too."

"I'll need one," said the reporter, and seized his hat.
