LIBERALS STAND TOGETHER

The action of Premier Hazen, in bringing so many of his Conservative followers into St. John county, has had the effect of raising the Liberals to a keener sense of the importance of this contest. Mr. Hazen desires to swing the county into the Conservative column. If the Liberals had been caught napping there was a bare possibility that the thing might have been done, but they are now very wide awake to the significance of the struggle and will exert themselves with old-time vigor to elect Mr. Bentley. As a candidate he has steadily gained favor. A good speaker, he has none of the demagogic about him, nor does he stoop to the abusive tactics of the Conservative leaders. He is a practical business man, who may be depended on to prove an excellent representative, greatly strengthening the hands of Mr. Lowell and the opposition party in the house. The people realize that the government is already too strong in the house, and that vigorous opposition is necessary in the public interest. This is the more necessary because of the cool indifference with which past pledges are ignored by Mr. Hazen and his colleagues. The Liberals have special reason to distrust them because of the unfair treatment of Liberals in many counties, including St. John itself. Albert county presents a particularly glaring case, as set forth by Hon. Mr. Robinson in his speech at Milford, but St. John Liberals do not forget that an act of the legislature was resorted to in order to get Inspector McMullin's place for a Conservative.

BEGGING FOR VOTES

The Globe asks the question: "Why should the county next week give a decision which would practically declare that the people of New Brunswick did wrong when they dismissed the old administration?" Now here is one for the Globe in return: Why should the county next week give a decision which would practically declare that it had done wrong itself in the general elections?

BOW DOWN YE SLAVES

The Conservatives have put up posters in the county which read thus: "Vote for Mr. Moshier and get your share of public money." Is this a threat? Are the electors to be taken by the throat by this government? If this is not an attempt to corrupt the electors, how else shall it be described? There is a share of public money that comes to St. John county. "Vote for Mr. Moshier," says the government poster, "and you will get it." In other words the county will be penalized if the people dare to say they would

DR. CURREN ON HIGHWAY ACT

In a brief but interesting address in the Fairville committee room last night, Dr. Curren, councillor for Lancaster, and a member of the Highway Board for that parish, told Mr. Maxwell and Premier Hazen some plain truths concerning the highway act. He said there were sections in the act that neither Premier Hazen nor Mr. Maxwell could explain. It was not a workable act and it could not be successfully applied to the parish of Lancaster. There had been no objection to the act on the part of the councillors. The fault was with the provisions of the act, which could not be made to apply to the conditions in that parish. Dr. Curren's denunciation of the highway act and his explanation as to why it could not be made to apply to Lancaster parish, together with his defence of the charges made by Messrs. Hazen and Maxwell against the Highway Board for not putting the act in operation, left no doubt in the minds of the large audience present that the fault was with the act, not with its administration.

THE STANDARD GROWS SOMEWHAT EXCITED

"Not one word of truth," "Opposition Falsehoods," "Absolutely False," "Plundering Greed," "Inexcusable Ignorance," "Malicious Intention to Deceive," etc., etc., would seem to suggest that the Standard seeks to measure down to the Frederick Gleason as a journal of light and leading.

MR. HAZEN HAS NOT YET APOLOGISED TO MR. HATHAWAY FOR HAVING CLAIMED CREDIT FOR THE COMPENSATION ACT

The act as proposed by Mr. Hathaway was not acceptable to Mr. Hazen, who would not have accepted the bill at all but for political reasons.

IT IS REMEMBERED THAT THE CONSERVATIVES PREDICTED A SWEEEP IN NEW BRUNSWICK IN THE FEDERAL ELECTIONS

The Liberals are rallying around the candidate of the Liberal party, and their fidelity to the cause of Liberalism will not be shaken by the artificial appeal in behalf of a Conservative.

WHAT ST. JOHN COUNTY FARMERS CAN SAY ABOUT HIM

The Hazen government has conferred upon him by any legislation adopted during the time it has been in power. That is a fair test.

MR. MOSHIER IS STILL ALONE IN HIS CRITICISM OF MR. BENTLEY AS A "GOODY-GOODY MAN"

The Liberal candidate impresses the people as an honorable business man, who will make a most useful member of the legislature.

DR. CURREN AT FAIRVILLE AND MR. JOHNSON AT MILFORD LAST EVENING

Spoke with knowledge and authority on the highway question. They showed how the county suffers because the highway act was applied to it.

THE CONSERVATIVES ARE SO FEARFUL OF THE RESULT OF TUESDAY'S ELECTION THAT THEY ARE SEEKING TO GET CONSERVATIVES AS RETURNING OFFICERS

This is another evidence of Mr. Hazen's love for the Liberals.

WOULD AN IMPORTED CLYDESDALE HORSE TRUST ITSELF UPON THE HIGHWAYS OF ST. JOHN COUNTY?

And what would a Kentucky thoroughbred do if introduced to them?

THE LIBERALS OF ST. JOHN COUNTY OWN IT TO THEMSELVES TO REPUDIATE THE GLOBE'S SUGGESTION THAT THEY CANNOT OF THEMSELVES JUDGE THE MERITS OF A GOVERNMENT.

The best way to make Mr. Hazen sit up and think about the public interest will be to elect Mr. Bentley on Tuesday next.

A well-known scientist was lecturing on the sun's heat, and in the course of his remarks said: "It is an established fact that the sun is gradually but very slowly losing its heat, and in the course of some seventy million years it will be so cold that consequently this world of ours will be dead like the moon, unable to support any form of life."

At his lecture a member of his audience rose, in an excited manner, and said: "Pardon me, professor, but how many years did you say it would be before the calamity overtook us?" The professor: "Seventy millions, sir." "Thank God!" was the reply. "I thought you said seven millions!"—Boston Herald.

David Magee, St. John, and family are spending a couple of weeks at the home of Mr. and Mrs. Rosch and three daughters, St. John, are guests of Mrs. S. H. Langstroth.

The Sussex Inquirer is preparing for its annual excursion to Point du Chene. The date of the outing will be announced shortly. Professor Frederick Beaumont, a graduate of the Royal College of Music, London, and of the Leipzig Conservatorium, has been appointed assistant to Professor Harry Howells, the director of the Mount Allison Conservatory of Music. He will begin his work here at the opening of the next collegiate year.

Another appointment at the Ladies' College has also been announced this week by Dr. Borde. This is the selection of Miss Katie F. Bearman, of Ottawa, as the successor to Miss Effie Patterson on the staff of the Massey-Treble School of Household Science.

The Sussex Record says:—There has been a long and steady supply of some of the factories in the county and this is attributed to the increasing demand for milk in Moncton and St. John, particularly in the former city. Another feature which is operating against the dairy business is the lack of good help for the farm. Dairywomen complain that they are unable to get help and for that reason are giving up some of their herds in disgust. The help question is a serious one for this section and good help can easily find employment.

Before Magistrate Clarkson, at Cross Creek Wednesday, Frank McDonald, of the Cape Breton railroad navy, was discharged in the case brought against him for a series of thefts. G. T. F. Magistrate Clarkson, however, refused to return the alleged stolen goods to the prisoner, but held that they reverted to the Crown.

HAZEN'S MISUSE OF OFFICE IS SHOWN BY MR. ROBINSON

"I charge Mr. Hazen with using the office of attorney general for party purposes. I am informed by the deputy sheriff that Mr. Jonah came to him and tried to interfere with the warning of the jury in this case. You are paying the bills for this travesty of justice. Do you think the man who abets it should be allowed to remain premier? (Cheers.)

"There is again the case of Mr. Hazen's friend, W. B. Dickson, one of the representatives of Albert county. There is an affidavit filed by W. Malcolm MacKay charging him with forgery. He is charged with forging the names of different people and practically with having stolen thousands of dollars of Mr. MacKay's money. I think Mr. Hazen will have enough to do to look after Peck and his friend Dickson." (Loud cheers.)—Hon. C. W. Robinson's Speech at Milford.

WORKED PASSAGE ST. JOHN TO SALEM

The Late Simon Newcomb Rose From Humble Life to World-Wide Fame.

(Boston Journal.) Simon Newcomb, the foremost astronomer of recent times, who will be buried tomorrow with national honors, laid the foundation of his great fame while studying at Harvard, half a century ago, and he remained an enthusiastic Harvard man to the end, notwithstanding the first symptoms of the disease that brought about his death is said to have made its appearance last year while he was in Boston attending a meeting of the Harvard board of overseers.

It was while he was engaging in post-graduate work in Cambridge that Newcomb published the first work that gave him international renown, a work dealing with the subject of the asteroids, a group of little planets revolving between Mars and Jupiter, and sometimes called the planetoids; and this brilliant debut embraced some of the most advanced astronomical work attempted up to that time. The following year, 1861, the young man entered the national service as a mathematician and astronomer.

He was a wonderfully fruitful and successful career. His father had left the United States for lack of opportunity. For the very same reason the son left Nova Scotia and came to the United States. Here his industry and his talent made opportunities for him. He made himself master of his destiny. At the age of 25, notwithstanding all obstacles, he was well known as a mathematician. At the age of 40 he was accepted as one of the greatest living scientists. Yet at that time, and even later, he vividly remembered working his passage from St. John to Salem.

The scientific world sees in Newcomb one of the most brilliant men in history, a master of lunar lore, a dazzling mathematician, but the world in general sees the larger figure of the world-renowned man grown out of the humble and handicapped boy.

LIBERALS HOLD FINE MEETINGS IN FOUR CENTRES IN THE COUNTY

Mispec, Golden Grove, Salmon River and Fairville Scene of Great Rallies Last Night - The Bentley Campaign is Growing in Strength Every Day - Government Pretences Ably Exposed.

"He's the most honest and upright man I ever did business with." Such was the unsolicited testimonial to the worth of A. P. Bentley, the Liberal candidate, given by one of the audience during an enthusiastic meeting at Mispec last evening.

The remark was made while Hon. C. W. Robinson was speaking of Mr. Bentley's sterling character and the audience took it up and cheered again and again. The leader of the opposition reviewed the history of broken pledges of the government and unmistakably showed that they were unworthy of the confidence of the electors.

Frank J. Sweeney, M. P., made an excellent impression on the audience. The hall at Mispec was filled and, judging by the enthusiasm displayed, the electors there will vote for Bentley almost to a man.

The campaign of the Liberal candidate is going with a swing which augurs well for victory in all parts of the county. Several meetings were held last night and all showed confidence of returning Mr. Bentley by a handsome majority.

Flaming Johnson, who was elected chairman before introducing Mr. Sweeney, the first speaker, said he had been charged as a commissioner of the roads at Mispec with having \$300 of government money in hand. He could assure them he had not a cent. At a recent meeting of the board a request was made to him to prepare a statement of the money required on the roads from Anthony's to Cape Spencer.

He made up a list and was told there was no money coming from the government but that \$500 was available from liquor licenses. What proposition was Mispec likely to get out of that? (Cheers.)

The government seemed to be living on promises. At the time of the railway a little money was wanted to make repairs and he saw both Mr. Maxwell and Mr. Hazen. All they did was to refer him to the board. Now there was only stumped labor left and he got the list only a week ago. (Cheers.)

Mr. Sweeney was received with much applause. From his experience, he said in getting to Mispec, he thought something ought to be done with the roads. He had heard \$2,000 had been granted. Under the old government there was \$5,000 available and no difficulty in getting it. The amount that had to be expended on the Marsh road was more than the whole of the Hazen government's grant to the county.

HON. C. W. ROBINSON.

reception. He spoke of the favorable impression Mr. Bentley had made and referred to the high standing he held in the community. As he was speaking of Mr. Bentley one of the electors interjected the remark, "Yes, that's true, he's the most honest and upright man I ever did business with."

This voluntary tribute to the merits of the Liberal candidate brought forth a round of cheering. Continuing Mr. Robinson spoke of the strong stand Mr. Lowell had always taken for the rights of the people and referred to the veiled threats of the government as to what might happen if Mr. Mosher were not elected. Would they, he asked, allow themselves to be bullied in this manner and the audience answered in unmistakable terms as to what they thought of the government's action.

Mr. Robinson referred to the much advertised importation of Kentucky horses. It was one of the first principles of the government that the horses must be sound. Yet horses had been imported and sold which were very far from answering the description. The government had boasted that they had made money by the transaction. But they took notes which were falling due now and which he was in a position to state were not being paid. He gave one instance of a man in Fredericton who bought a horse which was unsound and which the farmers would have nothing to do with. He did not intend to pay his note because he claimed that he had not received value for his money.

After pointing out the way the Hazen government had repeatedly broken their pledges to have public works done by public tender, Mr. Robinson went on to refer to another broken promise, that the office of solicitor general should be abolished. Instead the salaries of two of the members of the government had been increased by \$400 a year. Devoting a word or two to Hon. John Morrissey, the speaker ridiculed his statement that he stood for honest government and was opposed to deals and showed up the deal which Mr. Morrissey himself had attempted to put through by reducing the size of the log when he put Mr. Hutchinson forward as a candidate in Northumberland.

The government, Mr. Robinson said, had started with a clean sheet and he went to prove how Mr. Fleming obtained his fictitious surplus of \$44,000 by conveniently forgetting all the accounts which had not been rendered at the close of the fiscal year last October. Mr. Fleming knew his surplus was bogus and false. Referring to the school book policy of the government, Mr. Robinson said, the cost might be reduced to the children, but the expenses connected with the scheme would be born by the people of the province. He condemned in the strongest terms the prostitution of the office of attorney general for party purposes and charged Mr. Hazen with abusing his power. In closing Mr. Robinson asked the electors to send Mr. Bentley to support their popular representative, Mr. Lowell, and to return him by a handsome vote. The meeting broke up with hearty cheers for the King, the candidate and the speakers of the evening.

At Fairville. A committee meeting of the Liberal electors of the parish of Lancaster was held in the Temperance hall, Fairville, last night. The place was packed to the doors. Ex-Councillor Hooley was in the chair and stirring speeches were delivered by F. H. S. Paisley, of the Sackville Tribune; Dr. L. M. Curran, of Fairville, and James Lowell, M. P. P. Mr. Paisley attacked the Hazen administration for their numerous broken pledges and showed that they had gained power by false pretences. The speaker also vigorously attacked the government for the doleful way of faith with the Liberals. Mr. Hazen had promised every consideration to them because they had voted for him, and immediately, to show his gratitude, he set about beheading all the Liberal office holders in the province. A particularly flagrant case to which Mr. Paisley referred was the dismissal of Sheriff McQueen, of Westmorland, as worthy and capable an official as was in the country, and whose only fault was that he stood in the way of a hungry Tory office seeker. Dr. Curran followed with a scathing arraignment of the present wretched state of the Hazen highway act. He had never before, he said, spoken at a political meeting and would not have done so had it not been for the entirely unfounded statements of Hon. Mr. Maxwell in regard to the highway boards. Mr. Maxwell had blamed the present wretched state of the highways on these organizations, claiming they were actuated by hostility to the government. Dr. Curran showed clearly how absurd such a charge was and that the sole reason was that the act was unworkable. No one, he contended, knew just what the provisions of the Hazen highway act meant and he did not think that either Mr. Maxwell or Mr. Hazen could explain it. Mr. Lowell referred to the attempt being made all through the county by the Conservatives to intimidate the voters by means of posters bearing the words "Vote for Mr. Mosher and get your share of public money." He appealed strongly to those present to treat the scandalous insinuation contained in these words and show by their votes on Tuesday next how little they valued the amplified threats of the Hazen administration. All the speeches were listened to with great interest and the frequent applause which showed how the sentiments of the speakers were appreciated. At Golden Grove. The speakers at a rousing meeting in the public hall at Lower Golden Grove met with a great reception last night. The Liberal candidate especially aroused much enthusiasm by his fine manly address, in which he exposed the shortcomings of the Hazen government. It was evident from the frequent applause with which he was greeted that the sympathies of the audience were entirely with the speaker when he showed how absurd it was to blame any part of the wretched condition of the roads on the highway boards. The other speakers, A. B. Copp, M. P.

AN ACCIDENT AT BAY SHORE

Little North End Girl Accidentally Shot in the Neck.

After having a bullet pass completely through her neck the nine-year-old daughter of William J. Harris, of 80 Harrison street, appeared last night at the hospital in a very bad way. The accident occurred at the Bay Shore yesterday afternoon, about 4 o'clock. The little girl, being shot, it is believed, while other children were firing at a target. Whether the bullet was fired from an air gun or small rifle seems to be in doubt. Inquiries at the Bay Shore elicited the information that a number of children were playing in a field in front of one of the summer cottages. In the crowd it is said there was a number of air guns. The little Hamilton girl, it seems, was a considerable distance away on the sand. A sharp cry first attracted attention to the child, and examination of the neck. Further examination showed that a bullet had passed right through the neck. Dr. L. M. Curran, of Fairville, was hurriedly summoned, and said the little one had a miraculous escape. He is of the opinion that it was a 22-calibre bullet, not an air rifle shot that made the wound. He does not anticipate any serious results.

WITH THE FIGHTERS

Johnson to "Confront Jeffries" With Deposit for Their Fight

San Francisco, July 14.-Al Kaufman will not fight Jack Johnson before the Mission Club in August. Announcement was made to this effect by Billy Delaney, his manager, who said: "Kaufman will not fight Johnson in August or September. He will take his time and he will not be rushed into a fight. When Kaufman enters the ring, he will be in the best possible shape that I can put him in. He will be a 22-calibre bullet, not an air rifle shot that made the wound. He does not anticipate any serious results."

ABOUT TOM DEUAIDE

Today's St. Andrew's Beacon says: Among those who dropped in to St. Andrew's last night was Thomas Deuaide, of the New York Sun editorial staff, who came here with his wife for a few days. "Tom" is a former St. John boy-one of those who have made their mark in the journalistic world. Nineteen years ago he had farmed in the St. John Telegraph staff and struck out for New York. He attached himself to the Sun and has ever since continued a member of its staff. At present he holds the responsible position of city editor of the evening edition. He has done some splendid work, but it has been over-estimated work and he feels the need of just such a rest as he has come down to the provinces to get. He was a guest at The Inn while here.

THIS HAPPENED IN MAINE

Mr. Henry G. Morell, of Limestone, Me., recently gave birth to four children, a boy of 6 1/2 pounds, a boy of 5 1/2 pounds, a girl of 4 pounds and another girl of 3 1/4 pounds. One of the girls has since died, but the other three being fine and dumb could not adequately express their astonishment.

CANTILLION WILL STAY

Washington, July 15.-Manager Cantillon, a telegram received in this city last night, denies that he intends giving up the leadership of the Washington American League team. Rumors that such was his intention have been about for several weeks.

BEGIN RIGHT.

Begin the day With just a smile; With drive away Care for the while. And drop a hint: 'Till help you grin; The long way through. Don't let the brown Taste on your tongue Keep wholly down Your nose unclean. Begin your day: The thing you should: To never let 'em see You're to the good."

FOURTEEN TO THE FRONT.

Fourteen trained pupils have been placed in positions by the employment bureau of the Currie Business University since the 24th of this month, as follows: Frances McKel, Helen McLaughlin, Jennie Huggard, Lulu Dixon, Frank Jennings, Thurlow Henderson, Agnes Allen, John McLeod, Hazel M. Hughes, Cora M. Hamilton, Ellen Morrison, Laura Dunlop, Helen Devlin, and Annie Gibbe. Ten of the foregoing names will go on the permanent list and four on the substitute list.

Washington, July 15.-Jesse Tannhill, released by the Washington American League to the Minneapolis club of the American Association, said yesterday that he would not report to the latter team. He objects to the \$300 sale offered and says he has a bad arm also.

HARBOR BOARD CONSIDERS THE DURANT OFFER

Proposals Relative to Possible New Industry Were Taken up Yesterday Afternoon.

A meeting of the harbor board yesterday afternoon, the communication from F. C. Durant asking for a site and certain concessions for a new industry was considered. After some discussion Mr. Durant's application was referred to the common council, with the intimation that no site such as he required was owned by the city. The place selected by Mr. Durant was near the Ballast wharf, and in view of this being government property, the feeling of the committee was that it was not a matter with which they could deal. It was also pointed out by several of the members that the committee was being asked to act in the dark and without any definite knowledge as to the nature of the business or whether Mr. Durant was personally or personally interested. It was further regarded as doubtful whether the city would in any event be prepared to give a free site and free water and guarantee the loads of the concern, as outlined in Mr. Durant's application.

The committee also had before them a provisional agreement prepared by the recorder with reference to the transfer of properties between the city and the P. & N. on the west side. Several sections were considered and the question of fixing a definite time in which the C. P. & N. should complete the improvements on the date was discussed, but no final action was taken. The committee adjourned to sit again next week.

GIRL FANS ARE STRUCK ON TIP

According to a Minneapolis Journal, Tip O'Neil is Very Popular With the Ladies.

Here is some stuff by "O'Laughlin," the Minneapolis Journal man, on Tip O'Neil, who was one of the star performers in the game of July 3rd, when the "Millers" defeated St. Paul 9 to 1. Here is one that will open the morning glories on the peach basket head harness of the baseball fans. "Tip O'Neil" is a tender ball game, and, of course, like all us girls, they are apparently sitting up the stands and whispering that Tip O'Neil is "just the sweetest thing that ever lived"; and "ain't he cute!" when Andy Oyler stabs a fly, and "foibles" when Zasa Downs strikes out, and the other feminine squeals of approbation and disgust at good or bad plays by our darling glories. Here is what one of us girls writes:

To the Baseball Man: To a number of us girls, regular patrons of the ball games on ladies' day, want you to settle a long-standing dispute for us: One of our number claims that she can tell whether a player is married or not. To use a slang expression, we want to "call her bluff" and tell her how she comes to making good. Can you tell us who's who?

We are all great admirers of our boys and think our team just the best ever. Respectfully, -The Girls.

HOUSEHOLD LINEN

Now is the best time to replenish the linen closet or to purchase the new supply, and the hot, leisure hours give plenty of time for the marking. Many housewives are often perplexed as to how to mark the linen when they cannot afford to have it embroidered or cannot spare the time to do themselves. There are many ways of doing the marking. The styles of letters change each year, and it is impossible to lay down hard and fast rules regarding this point. For the common tablecloth, which is to be used every day, the marking should be in a simple, plain style, and one-half to four inches high, although when a single monogram is used they are much larger. The raps are marked with the same kind of letters, but are only from one to two inches high. Sheets have monograms from four to four and a half inches high and the pillow cases and hosters have the same letters, but just half the size. The marking of towels vary from one to four inches in height, while bureau covers, table covers, and elaborate bedspreads have initials from five to seven inches high.

Care should be taken with sheets that the monogram shows right side up when the end of the sheet is turned over and one looks at it from the foot of the bed. The letters should be in the centre of the sheet about two inches below the hem and facing towards the edge of the sheet.

ON THE VACATION

One of the first things to be thought of in preparation for the journey and the vacation is the traveling bag which by the way, must contain everything a woman may need in travel. The latest traveling bag is a whole dressing-room condensed into one small compartment. Almost everything used on the dressing table is crowded into the bag, and a great many things found upon the usual bedroom shelf. These are fitted neatly and compactly into ivory cases, stored in bottles with ivory tops or held in place by cloth or leather loops in the traveling bag. The bag is almost square, deep, and has plenty of space for the greater portion of the things needed. It is also very light and can be easily carried, being not nearly as large as the average suitcase and more convenient than the usual satchel. The bag contains everything needed in the morning toilet, such as ammonia toilet water, soap, perfume of hydrogen, alcohol for cleaning all spots and stains on the neck and face, scrubbing brushes, wash cloths, powder, files and orange sticks, brilliant combs and brushes, a small box for pins and jewelry and a small traveling clock, which has a great deal to do with the toilet. The among salts should also never be forgotten, as there is no telling at what time they will come in very handy. There should also be the curling iron and a small mirror.

Most Canadians Have Catarrh

Our Changeable Climate is Responsible

Where the atmosphere is damp, with sudden changes in temperature, almost everybody has Catarrh, in some form or other. The ordinary cold in the head inflames and weakens the membrane lining the nose and throat, and starts a discharge. The next cold is more easily caught, and soon the patient is never quite free of it. As Catarrh develops the discharge increases-drops into the throat, especially at night-takes on an offensive odor. Besides being exceedingly disagreeable, there is great danger of the disease extending to the lungs, stomach, or bowels. Though it is very difficult to cure, Father Morrissy devised a combined internal and external treatment that has cured thousands. The Tablets tone up and invigorate the system, and assist Nature in throwing off the disease, while the saline, applied up the nostrils, clears out the discharge and heals the membrane. Combined treatment, see at your dealer's, or from Father Morrissy Medicine Co., Ltd., Chatham, N.B.

TWO MORE NAMES ON MOSHER'S LIST PUT THERE BY FRAUD

Two more instances of the manner in which the Conservatives are trying to bolster up their campaign in the county have just come to light. John McFarlane and William Burch, of Fairville, were asked to sign Mr. Mosher's nomination papers. They refused to do so and yet their names appear in the list printed by the Standard. How many more of such instances are there? This makes the third. Looks as if there was a good deal in the story that the Conservatives are to use every means whether fair or foul to stem the tide against them.

LATE LOCALS

Beaconsfield Liberals are invited by George Maxwell to be present at a social and smoker at his residence tonight.

William Daley, who was reported yesterday by Patrolman Linton for seeking passengers at the Eastern S. S. Company's pier, beyond the cabin's allotted stand, was reported again this morning by Sergeant Campbell for the same offence on the arrival of the Calvin Austin.

The new up-town office of the Eastern Steamship Company has been opened and should prove a great convenience to the traveling public. The office is located in the Royal Pharmacy, under the direction of the proprietor, James McDonald, and is very nicely fitted up.

A very delightful time was spent last evening by the members of the Telegrapher's Club at their clubhouse at the 'Forna.' There were between thirty and forty present, and the evening was devoted to a most enjoyable programme of dances.

At a meeting of the Sunday School committee of the Church of England Synod, held yesterday, a committee was appointed to bring in a report on teacher training, and another to look after the lately established minimum stipend of \$800 a year and the evening was devoted to the abandoned church at Annapolis.

John Amos, a middle aged man employed as carpenter on the Marsh Bridge repair work was injured this morning shortly before eight o'clock. He was caught in a cog of the engine and before it could be extricated it was severely mangled. He was conveyed to the hospital in the ambulance. It is believed that amputation at the wrist will be necessary.

Before Judge McKeown this morning J. A. Barry applied for the dismissal of the bill in the divorce case of Lundborg vs. Lundborg with costs. J. B. M. Carter oppose the application and judgment was reserved. The plaintiff in the suit is a Norwegian ship broker and master, and she was married to the defendant in Australia. She was fined \$100 for selling liquor on Sheffield street less than a year ago.

AN INTERESTING RACE

North End Men Seek to Emulate Weston's Record on Smaller Scale

Known only by a chosen few two men whose silver locks and wrinkled brow eloquent testimony that they had passed the three score and ten mark. Settled a dispute as to which was the best pedestrian. Paul McAlloon, aged 91 had expressed his unshakable opinion that he could hold his own with any one his age or in that vicinity. The remark was made it seems in the presence of John Bradley aged 72 and was taken by him. It was therefore arranged that the test would be the best time from a Douglas Ave. corner to the suspension bridge and return. Tuesday was the day set, and so quietly was the affair managed that it has only now leaked out. The first to start was Mr. Bradley and his time was 33 minutes. Mr. McAlloon followed and the best he could do was one hour and ten minutes. However, however, it is learned, was much used up from the effort while the older man proved more of a Marathoner and was quite fresh at the finish and announced himself good for it again easy.

INDIANTOWN NEWS

The tug Flashing arrived at Indiantown this morning with a raft of 600 joints. The Lily brought in a 600 joint raft. The water is within a foot and a half of summer level up river. The conditions for towing, however, in this regard are much better than last year. The river has risen twice since the spring freshet. Last year at this time it had fallen very low indeed. The pretty little steam launch 'Wanita,' the property of Lorne Whelpley, of Carter's Point, is at Indiantown having some repairs made to her engine. The boat is 40 feet long and has a good sized cabin. The May Queen today brought a fair quantity of new potatoes. She also had a number of crates of blue berries, some strawberries and green peas.

A ROUSING MEETING

A very successful meeting in the interests of A. F. Bentley, the Liberal candidate in the approaching election for St. John county, was held last evening in the hall at Great Salmon River. Councilor Robert Connelley presided, and the issues were ably presented by E. H. McAlpine, K. C., and J. F. Tweeddale, M. P. There was a large attendance of the electors, and the speakers were heartily applauded, as they scored the government for their broken pledges and their unwelcome road act.

TARTARS AND MARATHONS

Swift Ball Games on Every Day Club Grounds Today and Tomorrow - Extra Game Tonight.

It has been arranged to have three games between the Fredericton Tartars and Marathons, as besides the games already announced for this afternoon and tomorrow afternoon, the teams will clash again this evening at 7 o'clock. All three games will be played on the Every Day Club grounds. This afternoon's contest will start at 4 o'clock, and tomorrow afternoon at 3 o'clock. The Fredericton team arrived this morning, and captain Arthur Finmore states that it is the strongest the 'Celestial' City has sent out in a long while. In every department is the team strong, but specially so in their picking staff, the box artists being Ernie Boone and Dick Malloy. The teams will probably line up as follows:

Lineup for Tartars and Marathons. Tartars: Catcher (A. Finmore), Pitcher (Boone), 1st base (Burden), 2nd base (Hughes), 3rd base (Malloy), Short stop (G. Finmore), Centre field (Chutwick), Left field (Dolan). Marathons: Catcher (A. Finmore), Pitcher (Boone), 1st base (Burden), 2nd base (Hughes), 3rd base (Malloy), Short stop (G. Finmore), Centre field (Chutwick), Left field (Dolan).

POLICE COURT

Maligned Young Woman Seeking Satisfaction Referred to Supreme Court - Other Cases

This morning Judge Ritchie referred Gertrude Alberts, a young woman, to the Supreme court to adjudicate upon her mental ailment. She proffered a written statement to his honor, detailing her grievance against one Mrs. Peterson, who, according to her, accented Mrs. Peterson's son a street recently and admonished him for conversing with the young woman on the street. Mrs. Peterson did not direct her rather disparaging comments to Alberts, but in talking to her son, alluded to the complainant as a 'skite,' within the younger woman's hearing. The following day it is alleged, that the irate mother referred to Miss Alberts as a mother, and accompanied by her father, the girl sought the hearing, prescribed by Judge Ritchie to avenge her wounded inner self. However, she was instructed to institute proceedings in the supreme court as such cases beyond the jurisdiction of the police court.

To be or not to be, was the question arising from the sale of post cards in the depot by Harold Simpson, a boy employed by Frank Curran, agent of the Canada Railway. Curran's son, Policeman Collins of the I. C. R., contended that he was in receipt of orders to terminate such sales from Terminal Agent R. Rose, and also from chief of I. C. R. police Tingley. Mr. Curran stated that Mr. Rose informed him that there was no existing law to prevent him from selling the cards in the depot, as he held a lease providing for the sales within the confines of the building. It was arranged to resume the hearing at 9:30 tomorrow morning.

George Walsh, a Cape Breton man, and Mrs. Mimmie Burton, the sloper, appeared yesterday at Hampton, were remanded. Joseph McArthur, arrested for intoxication, was also remanded.

A man named Nofell, who was charged with abusive language, by a woman, was excused on agreeing to annoy the complainant no longer.

Nathan Jacobson, a Jew, insisted that he did not permit two vehicles to remain in the I. C. R. on Monday, and the hearing was appointed for Monday morning.

CAUGHT ANOTHER BROWN TAIL MOTH

A Gordon Leavitt captured another brown-tail moth Wednesday night. It was around the light at the head of Coburg street hill. Mr. Leavitt caught several of these pests last year, and the fact shows that this province is always in danger of invasion by an insect that has cost the New England states enormous sums, and has caused a lot of trouble in Nova Scotia.

Mr. Leavitt knows insects, and the insects appear to know Mr. Leavitt. They appear to know that he is a collector, for on going home Wednesday night, after watching for an hour the myriads hovering around the Coburg street light, he shot insects from every garment. They had inserted themselves into his pockets and under his coat, and when he rose this morning they were gravely inspecting specimens of their kind that he had preserved in time past.

THE COUNTRY MARKET

One of the busiest days of the season, is the expectation of the dealers in the county market for tomorrow. The supply of all kinds of goods, vegetables, dairy products and meats, is the best for some time, and indications point to a decline in prices shortly. The rains of the last week have brought this year's green stuff above the surface in abundance. The following are the prices asked: Lamb, 14 to 22 cts. per lb.; veal, 10 to 20 cts.; beef 10 to 20; fowl, 75 cts. to \$1.25; chickens, 60 cts. to \$1.25 per pair; turkeys, 22 cts. and 25 cts.; mutton, 8 to 16 cts. per lb.; peas, 40 cts. to 45 cts. per peck; beans, 75 cts. per peck; new potatoes, 60 cts.; carrots, 8 cts. per bunch; One of the busiest days of the season is Tuesday, 5 cts. and 6 cts.; cabbage, 10 cts. to 12 cts.; cauliflower, 10 cts. to 20 cts. per head; cukes, 7 cts. each; strawberries, 9 cts. per box; tub butter, 22; print butter, 22 cts. to 24 cts. per lb.; eggs, 22 cts. per dozen.

Pidgeon's Made-to-Order Suits at \$16.50 to \$26.50 are real specimens of clothes perfection and clothes economy.

Good judgment in the selection of the fabrics, ample experience in the making of garments, with the best help and most adequate facilities, this house is in a position to cater to your wants in a manner unapproachable by any other concern. The economical system of operation affords the lowest possible prices. This accounts for a genuine cash saving of \$3 to \$5 on every suit bought here.
