At a large and very enthusiastic gathering of those elected to the local government, held in York Theatre Tuesday, candidates were selected to represent the opposition in the coming general provincial election.

The gathering, aside from being a large one, was most unanimous, and in but a few ballots made their choice, all concurring in the final selection.

The candidates chosen are: Wm. Shaw, M. P. F., John E. Wilson, W. Frank Hatheway and G. V. McInerney. The latter two were previously selected by the Trades and Labor Council as labor candidates.

The gathering included many who on previous occasions devoted their best efforts to sustain the government.

It was shortly after eight o'clock when J. D. Hazen, M. P. F., called the convention to order. The leader of the opposition expressed his pleasure at viewing such a large and representative meeting.

Mr. Hazen then asked the meeting to select a chairman.

C. B. Lockhart moved, seconded by Dr. Gilchrist, that W. H. Thorne be chosen. Mr. Lockhart, after referring to the excellent work done by Mr. Thorne in a similar capacity in times past. The choice was unanimous.

Mr. Thorne in ascending the platform was enthusiastically cheered. He thanked the meeting for the honor it had done him and after referring to the object of the gathering as outlined by Mr. Hazen, asked if there were any resolutions as to organization.

Dr. Wetmore was unanimously chosen secretary.

M. E. Ager moved that each ward in the city (thirteen in number) choose five delegates who in making the nomination referred to the large representation as it should be. He understood that the choice was a cut and dried affair. Dr. Gilchrist contended that his end of the city had never received

## OPPOSITION TICKET.

William Shaw, Geo. V. McInerney, John E. Wilson and W. Frank Hatheway

Nominated Tuesday By a Large and Representative Convention of the Electors of St. John City.

Party Lines Obliterated in This Spontaneous Uprising Against the Reckless Corruption and Utter Incompetency of the Tweedie-Pugsley Administration.

At a large and very enthusiastic gathering of those elected to the local government, held in York Theatre Tuesday, candidates were selected to represent the opposition in the coming general provincial election.

The gathering, aside from being a large one, was most unanimous, and in but a few ballots made their choice, all concurring in the final selection.

the different wards had been read by the secretary, Scott E. Morrell moved that the nominating committee from the Trades and Labor Council be added to the list. They were given the number, namely, Michael Kelly, Hugh Beck, Frank Kilpatrick, E. J. Neve and Peter Sharkey.

Mr. Lockhart supported the proposition and it was carried unanimously. On motion Chas. Stevens' name was submitted for that of Peter Sharkey, the latter being away.

On motion of Thomas Kitcham it was unanimously ordered that J. D. Hazen be made a member of the nominating committee. Mr. Baskin moved that those who were candidates at the last general election also be added to the nominating committee.

In making his motion Mr. Baxter referred to the presence of Dr. Stockton, their able colleague, who was now ill in Boston. Mr. Baxter's motion passed unanimously.

Those who had been selected as a nominating committee then withdrew to another room.

Shortly after the retirement of the nominating committee Mr. Thorne called upon Fred M. Sprule of Hampton to address those who remained in the hall. Mr. Sprule was given a cordial reception and his address was attentively listened to.

Mr. Baskin retorted that he had come from the western side of the harbor. For one he felt sure that there was not the slightest disposition to do any injustice to the north end.

The original motion passed, Dr. Gilchrist also voting nay.

The electors from the different wards then assembled in various sections of the audience and elected representatives as follows:

Kings—F. L. Tufts, Florence McCarthy, B. R. Armstrong, Charles Campbell, Jeremiah Donovan, Queens—T. E. Baskin, R. G. Murray, E. R. Chapman, C. A. Clark, Dr. Melvin, Wm. Sankham.

Prince-Robert Maxwell, Jas. Sinclair, Jonas How, Joseph H. Noble, Wm. Grant, Sydney—L. G. Huestis, J. G. Armstrong, John Killen, M. C. Huestis, C. H. Smith.

Dukes—S. D. Scott, J. A. Ewing, R. B. Emerson, W. F. Colwell, H. C. Martin, Wellington—J. A. Sinclair, Thomas Kitcham, J. A. Wilson, Samuel Drury, W. M. McLean.

Victoria—J. King, Kelley, Jas. Seaton, W. S. Clawson, Wellington Green, Charles Drury.

Dufferin—D. H. Melvin, G. E. Elliott, E. Callahan, W. C. Dunham and Geo. Maxwell.

Lansdowne—Dr. John Gilchrist, Thos. Morrison, Hallock Wilson, Robert Lee, J. C. Chesley.

Lorne—Dr. J. P. McInerney, W. J. Forbes, T. F. Granville, Thos. Logan, Wm. Sankham.

Stanley—A. S. Osborn, J. H. Peacock, W. J. Peacock, Jos. Irvine, Capt. William Worden.

Brooks—J. E. M. Baxter, Henry Lee, Fred P. McAndrews, J. Wesley Pike, John W. James.

They kept on the next resort would be direct taxation. This administration had been in receipt of a revenue largely in advance of their necessities. They had drawn upon resources not touched before and grievous impositions had been placed upon the people. Yet the debt had been increased enormously.

Mr. Hazen introduced a resolution that the speaker refer to the Tweedie-Pugsley administration and declared that the reason Mr. Pugsley did not make an effort to search out the guilty parties was that they were too close to him.

The outrage stood unopposed and apparently approved by the government. Another outrage was the one on municipalities in taking from the electors the right to elect the whole board of revisors.

At this stage Messrs. McInerney and Hatheway appeared upon the platform and the audience applauded and cheered enthusiastically.

Mr. Thorne suggested that Mr. Shaw had sent word that he was too ill to attend.

At the call of Mr. Thorne three cheers and a tiger were given for the candidates.

Mr. McInerney was the first speaker. He was given a most cordial reception. He said he felt deeply the honor the convention had conferred on him.

Mr. Emerson moved that the report be adopted and the motion passed without any objection.

It is understood that seven names were proposed in the committee. These were William Shaw, C. B. Lockhart, George V. McInerney, W. Frank Hatheway, J. E. M. Baxter, John E. Wilson, Mr. Lockhart and Mr. Baxter declined nomination.

It was then proposed that no ballot be taken on the names of William Shaw, but that in recognition of his faithful and honorable service he be elected unanimously by a rising vote.

This was done with enthusiasm. The ballot was then taken on the other four names. On the first vote Mr. McInerney and Mr. Hatheway were unanimously elected, and the vote for the other candidates was carried by a majority of three.

Chairman Thorne called upon those of the candidates who were present to come to the platform. Only Mr. Wilson responded.

Mr. Wilson was cheered over and over again.

Mr. Thorne called upon Mr. Hazen to make an address, and the opposition leader was given a rousing reception.

Mr. Hazen said all present were of one mind. They were agreed that the local government must go. With the assistance of the people, the opposition would oust them.

As leader of the party in opposition he felt proud of the harmony which had prevailed during this meeting. He was proud of the way they had gone about their business.

He was glad they had selected the four gentlemen named, as they were well calculated to carry the opposition banner to victory.

Mr. Hazen said all present were of one mind. They were agreed that the local government must go. With the assistance of the people, the opposition would oust them.

lumbermen. How was it they had lost Mr. Mott, M. P. P.?

The Muskoka Lumber Co. owned 400 miles of lands up north, for which they paid the government \$750,000 in 1892. The opposition resisted the practice of giving long leases, and the government assured the country that it was all right.

Mr. Mott asked the government to throw open those lands and the Muskoka company attempted to transfer their property.

Mr. Mott objected and in the absence of Mr. Tweedie the other members of the government endorsed the transfer, and it went through.

That company got, it was said, \$250,000 out of what they paid \$750,000 for. The settlement was with the opposition, but the government were an unscrupulous set. There was the purchasable vote on both sides and the government had the resources of civilization with which to secure it.

He called upon all who had the affairs of the province at heart to vote for the opposition. The opposition were meeting with great success in getting candidates all over and they were good men. He asked all to rally to their support.

Mr. Hatheway was well received. There would be ample time later on to speak, so he would be brief. He wished to thank the business men for naming him on the ticket, and the labor men too.

He wished them to realize that he stood in this contest representing two great factors—media and labor. He was the middle man who stood between the producer and the consumer.

Labor and trade created everything and from them come the professionals. He had tried for years to get trade and labor together in harmony so as to lift labor up so it would not go down through life.

Three cheers were given for the King and the meeting broke up.

**MURDER WILL OUT.**  
Skeleton of Man Killed in Maine Two Centuries Ago.

YORK HARBOR, Me., Sept. 18.—A story, which many people believe is authenticated by a recent discovery, is that of a murder which is supposed to have been committed in this locality previous to the beginning of the last century.

The discovery of a human skeleton, nearly complete and in a state of perfect preservation, has attracted the attention of the public.

It is believed that the skeleton was the remains of a man who had been killed in a battle between the Indians and the whites.

The skeleton was found in a cave near the mouth of the York River.

The discovery was made by a party of explorers who were searching for the remains of a man who had been killed in a battle between the Indians and the whites.

OSTRICH LOGIC. "When I can't see danger there is no danger." That's the logic of the ostrich which hides its head and exposes its body to the snipers. There are not a few people who seem to have gone to the ostrich to learn logic. The most dangerous enemies of humanity are the enemies which cannot be seen, the disease breeding microbes which infect the blood. It is harder to get the microbes out of the blood than to keep it out, but Dr. Pierce's Golden Medical Discovery does both, by purifying the blood and then keeping it pure. If there are eruptions on the skin, boils, pimples, rashes, sores or other signs of impure blood, use Doctor Pierce's Golden Medical Discovery, which will purify the blood and cure the eruptions which come from it.

Children Cry for CASTORIA. Trials are heavenly teachers in earthly guise.

F. M. ANDERSON. He is Endorsed by the Moncton Transcript.

On Saturday last the opposition convention in the county of St. John nominated as a candidate for the provincial legislature F. M. Anderson, and the action has naturally challenged attention to a complete change of policy in nominations on the opposition part. The opposition evidently is imbued by the idea that what is sauce for the goose is sauce for the gander, and that the provincial government, being a coalition one, has naturally no right to claim a monopoly of liberal support. Therefore, in making its nomination on Saturday, it named a liberal, F. M. Anderson, who is well known, not only in St. John county, but in Westmorland and Restigouche. The nomination is personally that of an unquestioned liberal, a gentleman of clean reputation, good standing, and one who is a liberal stalwart of the stalwarts. When he told the convention that he had been and was still a liberal, and was a supporter of the Ottawa administration, he made a statement which cannot be questioned, and he is so much superior to the ordinary class of candidates nominated by the provincial opposition, heretofore, that it is not surprising that his nomination combined with the fact that a number of stalwart liberals were present at the opposition convention, has induced the St. John Transcript to publish an appeal to the liberals of St. John—Moncton Transcript.

FAIRVILLE NOTES.

Mrs. S. Griffin and son of Isaac's Harbor East, N. S., are visiting Mrs. Oscar D. Hanson and will remain for several weeks. Samuel Lockhart is building a new house at Milford. The Catholic chapel is undergoing repairs and renovation. The late Mr. White of South Bay was buried from the Catholic chapel on Wednesday morning. A large number followed the remains to Cedar Hill cemetery. Miss Mae Berrie, daughter of Rev. J. C. Berrie, a former pastor of Fairville Methodist church, is visiting at Mr. Hilyard's on Douglas avenue.

THE CROWN'S CASE. (Continued from Page Two.)

scribed the look of the place and the appearance of the body after the covering heap was removed. The left pants pocket was turned inside out and the right was empty. In his vest pocket was a little book and a cigarette package containing two cigarettes and a pen. His cap was underneath the body. The cap, necktie, pin, etc., were produced in evidence. There was some writing in the book, but he did not know what. Near the body in a slenderly directed, a piece of newspaper was hanging on the limb of a tree about five feet from the ground. Other pieces were underneath the tree. All were part of one newspaper, "The Norristown Daily Herald" of Wednesday, July 2, 1902.

To the judge—The tree on which the paper hung was the nearest to the body in that direction. Coroner Berryman broke off the twig that carried the paper. Witness knew Higgins and Doherty, but not Goodspeed. When the body was taken to the dead house people were admitted to identify it. Officer Killien brought Higgins and Goodspeed to the door to see the body. Goodspeed stopped just inside the door. There were others there at the time—shortly after 6 p. m. The body was lying just as it had been brought in, the face had not been washed.

HIGGINS IDENTIFIES.

Witness took the prisoner around where he could see the face. At first he said he did not know him, but when the face was turned up he said, "That's Willie Doherty." Joseph Higgins was standing there and he asked Higgins, "Is that Willie?" Higgins said it was.

Afterward witness took Higgins and Goodspeed to the guard room and showed them the cap found with the body. Higgins said it looked to be the one Doherty wore. Goodspeed said nothing. Shortly afterward he and Higgins went to the street and Higgins said they were going to start out and find the murderer. Witness never saw the boys again until they were arrested. He heard of such arrest. He did not see Higgins the day of the robbery.

CROSS-EXAMINATION.

To the judge—Joseph Doherty saw the body of Higgins, but had not identified it. Cross-examination elicited more detail but little of definite interest. He persisted that it was Higgins who told him he was going to find out who did the deed. He did not know whether Higgins was arrested or not in connection with the Cullinan robbery. He never heard of such arrest. He did not see Higgins the day of the robbery.

POST MORTEM EVIDENCE.

Dr. J. P. Macaulay, who performed the post-mortem examination upon Doherty's body gave evidence thereon practically as at the inquest. He described the wounds as previously. Those in the head were apparently made with some sharp instrument. There was a depressed fracture of the skull under a wound on the right forehead. In the fracture was imbedded a small piece of stone. There were twelve wounds on the face and head, evidently post-mortem as the first mentioned one was. They could have been caused by stones thrown on the head. The front of the body was unharmed but gunshot wounds were found in the back. One was below the left shoulder blade, one just to the left of the spine level with the last rib, the third was one inch to the right of the spine almost level with the other. The fourth was just above the crest of the right hip bone. Upon internal examination one bullet was found imbedded in the lower lobe of the lung. There had been a large hemorrhage in the abdominal cavity from wounds in the liver and kidneys. The bleeding was practically all internal. A bullet was found free in the pelvic cavity, another in the abdomen, and the fourth imbedded in the right shoulder blade. In the stomach were berries and leaves partially digested. Interior examination of the skull revealed another fracture of the left temporal bone extending into the base of the skull. There was no internal hemorrhage, showing that the wounds in the head were inflicted after death.

SEEKING SEPARATION.

Mrs. White, a bride of about a year, has instructed her solicitors, Hanington & Hanington, to begin proceedings for a separation and alimony from her husband, Hon. Geo. W. White of Centralville, Carleton county. The papers in the case have not yet been served, but papers in another suit have been, calling upon Mr. White to show cause why a deed conveying all his property to his son should not be set aside. Mrs. White was formerly Miss Fanny Mason of this city, and has many friends here. She for some years conducted a woman's exchange on Charlotte street, which she gave up only a short time before her marriage. While known as Miss Mason, her real name was Sullivan, but she was brought up by her uncle, the late James Mason of the customs, and was generally known as Miss Mason. In her application for a separation Mrs. White charges cruel treatment by her husband, and will declare that she was subjected to many indignities, both public and private, that made it impossible for her to longer to live with her husband.—Globe.

For Weak and Sickly Children. If the children's digestive organs are all right, the children are all right. They will be hearty, rosy, happy—and hungry. Get the little ones right, and keep them right by the use of Baby's Own Tablets. This medicine cures all stomach and bowel troubles, nervousness, irritation while teething, etc. These Tablets contain no opiate or poisonous drug, and mothers who try them once will not be without them while they have little ones.

A Mother's Experience. Mrs. D. E. Badley, Woodmore, Ont., says:—"When our little girl was about six months old she caught a bad cold, and was much troubled with indigestion and constipation, and very nervous both day and night. One of my neighbors brought me some Baby's Own Tablets and in a few days my little one was regular in her bowels and rested well. I found the Tablets so satisfactory that I now always keep them in the house and have since found them valuable when she was teething. I can truly recommend them for the ills of little ones."

Children take these Tablets readily, and crushed to a powder, they can be given with absolute safety to the smallest infant. The Tablets can be obtained at all drug stores, or you can get them post paid at 25 cents a box by writing direct to

CONGREGATIONAL UNION.

The Friday session of the convention was largely taken up with the formal welcome of the delegates and was more of a social nature than preceding meetings. A strong address by Rev. Dr. Warriner of the Congregational College, Montreal, was heard with interest by the goodly congregation present.

Rev. R. R. Morson, pastor of the home church, extended to all who were visiting the convention a cordial welcome and concluded in appropriate and felicitous language. Among the pleasures which the visiting delegates would find would be the renewal of old friendships, many of those present having met under happy circumstances at previous denominational assemblies. The speaker referred to the extension of Congregational principles among all denominations, an extension which in the broadening spirit of the age must continue. Congregationalism, he said, was based upon the law of Christ, which is the law of liberty of the individual. Its ideal was pure democracy. Pellicious reference was made to the older ministers of the denomination present, and deep regret was expressed at the absence of Rev. J. W. Ball of Liverpool, who was detained by illness, and for the accident which had prevented the presence of Rev. Mr. Main.

CONVENTION AND CANDIDATES.

The opponents of the Tweedie-Fergus government in St. John city will have opportunity to vote against that ministry and at the same time to elect four capable, honorable and thoroughly representative men to the next legislature.

MR. TARTE'S TARIFF INQUIRY.

Mr. Tarte's first visit in his tour of inspection was made to the establishments of the Dominion Cotton Company at Hochelaga. There he took copious notes, and asked many questions.

THE CABINET QUARREL.

It is now admitted everywhere that the relations between Mr. Tarte and his colleagues are strained to near the breaking point. A crisis is evidently at hand, and Mr. Tarte is forcing it.

the labor organization thought of his appearance as a candidate for the legislature. In the house Mr. Hatheway will be able to serve the working men, who have reason to complain of treachery and breach of faith on the part of the government.

The hearty and enthusiastic way in which the full convention received the name of John E. Wilson and the splendid reception given him when he came forward testify to the personal popularity of the youngest member of the ticket.

This is the opposition ticket. It seems to be a pretty strong combination. If these four men are returned, St. John will have good representation in the legislature and should regain here its full share of strength.

The Montreal Witness, whose liberalism is sound and its liberalism has made many protests including this: Mr. Fisher and Mr. Sifton are emphatic in their repudiation of Mr. Tarte's nostrums.

The Halifax Chronicle has already been quoted by the Sun as practically ordering Mr. Tarte to shut his mouth and get out of the government.

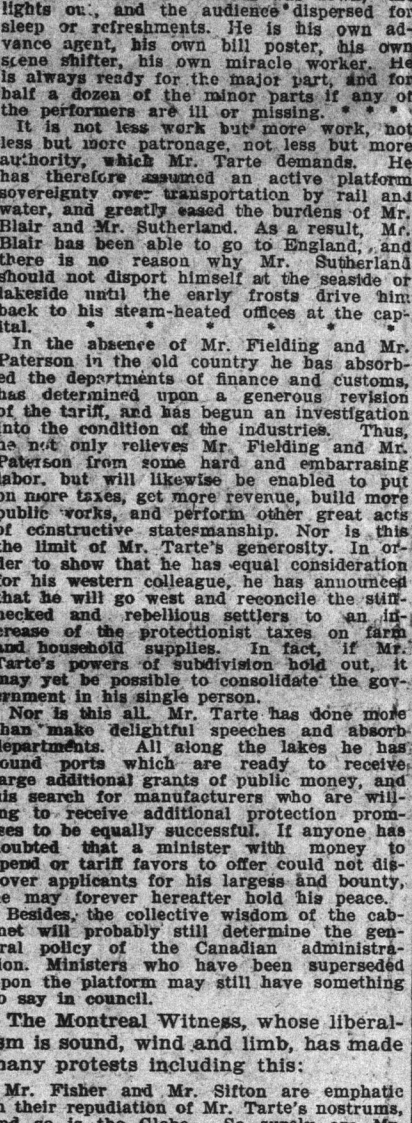

The Winnipeg Free Press, personal organ of Mr. Sifton, finds in Mr. Tarte's attitude "an amazing situation" and says that he is surprised that the conservative friends are making the most of it.

Mr. Tarte had sat down in cold blood to plan some method by which he could have struck nothing better calculated to do away with the government than the following letter. "The case has been following lately."

Mr. Tarte's journey from room to room, and leaves him finally on the roof taking a view of the workshops of Montreal and Hochelaga, observing the wealth of labor and energy which, as Mr. Tarte's paper says in conclusion, "they despise or ignore who regard to Canadian labor and to the Canadian workman, the assistance which is his due, and to the Canadian manufacturer the guarantees which they need."

PE-RU-NA WOMAN'S BEST FRIEND,

IS THE WOMAN'S BEST FRIEND, So Says Mrs. Rose, of New York City, And Tens of Thousands of Other Women.

Mrs. Jennie Rose, 362 W. Twenty-Second Street, New York City, writes: "The Peruna Medicine Co., Columbus, O.: Gentlemen: Peruna is a blessing to suffering women. I suffered with female troubles since I began menstruation, and every month I suffered two and three days of untold agony, and had to arrange my work and duties so as to be in bed every month for two days at least."

"My brother was cured of Bright's Disease from the use of Peruna and so I determined to try it for my trouble. I imagine my great joy when I found that it relieved me quite a bit the first month and I was entirely without pain during that period after having used Peruna only four months."

"This is about two years ago and all during that time I have suffered no pain. I can now come and go as I like and consider Peruna woman's best friend and wish that every suffering woman might know that she can find relief through the use of this medicine."

Truly yours, MRS. JENNIE ROSE.

THE PROTEST OF MR. MOTT.

The statement made by Albert Mott, M. P. for Restigouche, to the electors of his county is an announcement of striking importance. The revolt from the government party of the ablest supporter from the North Shore would itself be a matter of great significance.

The simple fact as stated is that a group of Toronto capitalists came into New Brunswick and have obtained favors enabling them to make \$200,000 by an operation in crown lands on a comparatively trivial investment.

Mr. Mott is right in saying that the present holders of the limits have paid for the lease a sum sufficient to give the Ontario speculators a clear profit of \$400,000, these purchasers, who have probably given value for all they get, would have paid the same sum to the government.

Mr. Mott's announcement recalls an incident in the nomination proceedings in St. John in February, 1899. Dr. Stockton then told the audience about the Muskoka Company deal. He explained that while many New Brunswick operators could not get limits necessary for their legitimate operations, this Ontario concern had been allowed to hold a lease for five years without cutting timber.

THE METHODIST GENERAL CONFERENCE

Course of Study—Fraternal Delegates—Interesting Statistics

WINNIPEG, Sept. 11.—The women of Methodism have again been reminded that the church has no desire to prevent them from working and praying.

Four years ago, in the interests of economy, the conference forbade the reception of any minister from another church, and you may have seen today to seek work elsewhere.

Mention should be made of the addresses delivered before the conference by the fraternal delegates from the Motherland and from the United States.

These were people who did not speak the English language and who were not accustomed to British institutions.

The chapel-building department reported a proposed expenditure of \$232,000. Never were the Methodist churches in England so full of enterprise in material advancement.

The social work in England had become increasingly important and extensive during the last few years.

Rev. Walford Green, representative of the British conference, was much impressed with the scenery of the country.

The Irish were never more prosperous and well dressed than at present. He made a plea for higher education of the ministry, and a revival of piety.

The Rev. Dr. Luther B. Wilson of Baltimore, Md., was introduced as the representative of the Methodist Episcopal church of the United States.

ANNUAL CONFERENCE

Of the Disciples of Christ at Port Williams, N. S.

PORT WILLIAMS, N. S., Sept. 6.—The committee on incorporation recommended that the Methodist Christian Missionary Society be incorporated.

The committee on ways and means reported that grants be made as follows: Halifax, \$100; Port, \$100; and St. John, \$100.

The following committee, to incorporate the meeting for missionary work of that nature, was prepared a constitution and by-laws to be used under the act of incorporation.

The committee on nominations reported: Home mission board, G. P. Barnes, J. S. Taylor, J. S. Taylor, W. Barnes, Dr. H. B. Ford and H. Brown.

The number of Americans coming in the same period was given by Mr. Rowell as follows: 1897, 712; 1898, 2,634; 1899, 2,233; 1900, 5,748; 1901, 7,022; 1902, to date, 10,000.

And they are just commencing to come," commented Mr. Rowell. "And if we are to judge as to their denominational divisions from the past, the number of these immigrants are Methodists. Even a greater responsibility, therefore, rests with the Methodist Society.

The Sunday schools numbered 7,379, teachers 130,683 and members 971,223. The numerical increase in the English Methodist church last year was 245.

Rev. Walford Green, representative of the British conference, was much impressed with the scenery of the country.

LETTERS FROM THE PEOPLE

Another of the Government's Dangerous Bridges.

To the Editor of the Sun: Sir—We would like to know if the provincial treasury is depleted of the cash it is supposed to contain, or what else is the cause of the distress of the government to the many enterprises both by letter and press communications of the very unsafe and dangerous condition of the Florenceville bridge for the travelling public to cross on. This morning a large and valuable team was obliged to travel 14 miles out of its way to find a crossing over the bridge.

SERMON.

Friendly Counsel to Both Parties in the Unhappy Labor Struggle in the Mining Regions is Offered by Rev. Frank De Witt Talmage in This Sermon.

CHICAGO, Sept. 14.—Friendly counsel to both parties in the unhappy labor struggle in the mining region is offered by Rev. Frank De Witt Talmage in this sermon on the 14th...

But the social disturbances attending the Pennsylvania strike of 1902 are no worse than the Pullman strike of 1894, when the troops had to be ordered out...

CAPITAL AND LABOR.

The troubles between capital and labor on account of the strike are no worse here than in foreign lands. John Burns, the labor leader and a member of the present British parliament...

Strikes among the bricklayers, stokers, and other men, strikes among the miners, strikes in every land in every direction...

MIX GOSPEL WITH BUSINESS.

My capitalist friend your statements are wrong. The gospel and business do financially mix well. The capitalist who practices the Golden Rule in his business and lets his employees share in his prosperity will "will out" every time...

CHANGED SOCIAL CONDITIONS.

Capital has sinned and helped to cause the present social agitation because it has ceased to make the laborers' interest its own interest. The present social conditions prevailing between capital and labor could not have existed fifty or a hundred years ago...

men from those who are now working in the ranks. Did the Golden Rule mean a failure in George W. Childs' life? As soon as the new employees heard the ringing words of their chief they went to work with a will...

But though the relations in olden times used to live together in a community in the same confidential relationship that Andrew Jackson held toward the people of his plantation. One night at evening prayers the wife of his overseer happened to enter the room...

By the time the capitalist's money, which he gives for labor, reaches the employe the money is well as all the sweets that ought naturally to come as a result of that labor is scattered right and left...

PROSPERITY MUST BE SHARED.

Men and women of the capitalist class, these labor agitators and trouble makers will never be settled until you are willing to share your property with those who are working for you faithfully to make a living...

Hunger is demoralizing; it is maddening when it is witnessed driving its claws into the most sensitive and ever honest a man may be. His principles are in danger of falling if his wife and children through no fault of his own are suffering hardship...

Mr. So-and-so, we have got to call your men off on a sympathetic strike. We cannot make your neighbors pay the union rate if they must stop work until the pressure compels your neighbors to yield...

MUTUAL TRUST.

My laboring friend, if you cannot reach the light Christian standard of loving your employer as you would love yourself, you are simply heading toward the social economic wilderness. The great inspiration for future nations is the mutual trust which the capitalist and laboring classes ought to have in each other...
