

MARK WORKMAN RAISES VOICE IN PROTEST

Objects to Steel Merger as Planned Until More Definite Information is forthcoming.

LONDON ADVISORY COM. WITH HIM

Demand Information re Property Scale and Financial Condition of All Companies in Scheme.

London, June 15.—(By Canadian Associated Press.)—Mary Workman, Canadian member of the London Advisory Committee of the Dominion Steel Corporation, made the following statement to the Canadian Associated Press, today, regarding the merging of minor companies with the British Empire Steel Corporation.

"On May 6, I attended a meeting of the London Advisory Committee, amongst whom attending were Sir William Beardmore, Benjamin Talbot, who also represented the Furnesses, and Henry Steel. Opportunity was afforded me to state my views and those of my directors as to the question of entering the British Empire Steel Corporation. I pointed out the great risks of our having English co-operation to help develop our natural resources through their financial assistance. I found the members of the committee fully alive to the advantages, both from the commercial and sentimental standpoint, I then brought to their notice the proposal to merge several minor companies in the concern, and expressed the view that I considered many of those companies non-essential, and even detrimental to our mutual interests, but that, in any event, these companies should not be merged without the fullest investigation into property valuation and financial conditions, and due regard as to the price at which it was proposed to bring them into the amalgamation."

Full Information Wanted. "The committee were then unanimously, instructing their secretary to send a cable to Canada asking that full information be furnished the Advisory Committee in regard to the property scale and financial condition of all companies it was proposed to place in the merger. It was intimated that, in the meantime, the directors of the Dominion Steel Corporation would safeguard all interests here before any action was taken."

"The Advisory Committee," continued Mr. Workman, "are still without the information asked for regarding the companies it is proposed to merge. Under these conditions, I feel it my duty, and in the interest of all concerned, that I make these facts public. I protest most vigorously against this proposed merger of non-essential companies without the fullest investigation, and in this I have, to the best of my knowledge, the fullest cooperation of members of the London Advisory Committee. Some of the most influential members of the London syndicate have already lodged protests with the syndicate manager here."

ATTEMPT MADE TO BURN BARN

Spite Shown Against Officer Engaged in Enforcement of Prohibitory Law.

Special to The Standard. Fredericton, N. B., June 15.—An attempt has been made to burn down a barn on the farm of a constable engaged in the enforcement of the Prohibitory Act in Victoria County, according to a report given out today by Rev. W. D. Wilson, the chief inspector. A neighbor is said to have extinguished the flames a short time after the blaze had been discovered and it is said that an investigation showed kerosene oil had been generously sprinkled over the floor of the building. Some arrests in the case are expected at an early date.

LIBERALS AGAINST NAVAL ESTIMATES

At Caucus Yesterday They Decide Upon Their Future Action.

Ottawa, June 15.—(By Canadian Press)—The Liberal members of the Commons met in caucus this morning when, it is understood, discussion centered chiefly on the progress made during the session and the matters still on the order paper. It was stated, after adjournment at one o'clock, that the stand taken in the House yesterday against the bringing down of large supplementary naval estimates had been given hearty support by the Liberal rank and file.

PASSING 'PHONE' MONEY.

Saskatoon, Sask., June 15.—A resident of Wakow, Sask., found guilty of covering a cent piece with 'silver' paper and passing it off as a quarter has been sentenced to thirty days' imprisonment with hard labor.

AMERICANS OBJECT

Officers of U. S. Ship at Dublin Didn't Want to be Searched for Arms.

Dublin, June 15.—The removal of personal arms from the officers of an American ship which arrived at Dublin became the subject of inquiry by the American Consular officials today. When the freighter Milwaukee Bridge arrived at Dublin recently the police took pistols from the captain and three other officers under pretext that a raid for arms by Sinn Feiners was feared. It is pointed out that a ship, while in port, is amenable to local law but the American officials want assurance that there is an apparent necessity for the seizure of arms in Irish ports.

SEAMEN'S CONFERENCE OPENED AT GENOA

Proposition "to Make Seamen All the World Over Freemen" Was Defeated—Canada Well Represented.

Genoa, June 15.—The International Seamen's Conference opened here yesterday with delegates from many countries present. Canada's representatives are G. J. Desbarat, Deputy Minister of Naval Service, Thomas Robb, Secretary of the Shipping Federation of Montreal, and C. J. Gauthier, of Montreal.

At the preliminary session yesterday a proposition submitted by the United States delegates, which, they declare, was designed "to make seamen all the world over freemen" was defeated. The British, French and the Belgian and Spanish delegates voted against it and it was supported by Italy, Holland, Norway, Germany, Sweden and Japan. While as to nations, the proposition had a majority the actual vote by the delegates stood 15 to 23 with five refusing to vote and ten absent.

Andrew Furuseth, President of the International Seamen's Union, one of the United States delegates, in urging the proposal, claimed that, at present, European seamen have the status of "serfs, being unable to enjoy the liberties and rights acknowledged as belonging to all men." He said that the American Seamen's Act was passed for the purpose of getting foreign sailors aboard American vessels, but to induce American citizens to go to sea, he said, they would not do so because their status was not that of freemen. "As a result of this law," he declared, "native Americans going to sea have increased from about seven per cent to 47 per cent in the last four years."

COLONEL TOLLER DIES AT OTTAWA

Well Known Figure in Military and Financial Circles—Brother-in-Law of Lady Tilley.

Special to The Standard. Ottawa, June 15.—Lieut. Colonel Frederick Toller, former controller of Dominion currency and at one time officer commanding the Governor General's Foot Guard, died this morning. Colonel Toller was 79 years of age and was a well known figure in military and financial circles in Ottawa. He was one of the oldest and most highly respected officers of the G. G. F. G. and took an active interest in the unit for 20 years. On his retirement a few years ago he held the rank of Lieutenant Colonel and commanded the regimental band of the Dominion Currency.

Besides his widow he is survived by four sons and three daughters. They are Guy N., Philip B., Owen C., and William Toller, all of Ottawa, and Mrs. J. G. Granston of Arnprior, Mrs. T. H. Markay, of Montreal, and Mrs. G. B. Greene, Jr., of Ottawa. His family has decided that there shall be no military funeral.

Word was received by Lady Tilley last evening of the death of her brother-in-law Lieut. Colonel Frederick Toller. His wife was a sister of Lady Tilley and the late Colonel J. D. Chipman.

BRITISH COMMANDERS TO REMAIN NEUTRAL

London, June 14.—(By Canadian Associated Press)—The First Lord of the Admiralty, Right Hon. Walter Long, stated in the House of Commons today that British commanders in the Black Sea had been instructed not to assist either the offensive or defensive operations. The Prime Minister again denied that the British had assisted General Wrangel's attack.

FEDERATION OF LABOR TAKES FIRM STAND

On Questions Agitating the Public Mind—Let Russia Work Out Its Own Destinies.

DECLARE STRONGLY AGAINST O. B. U.

Building Trades Branch of Federation to War on O. B. U. in Winnipeg.

METHODISTS CLOSE THEIR CONFERENCE

Conference Has 16,000 Enrolled in Sunday Schools With 1,799 Officers and Teachers—District Officers.

Sackville, N. B., June 15.—At this morning's session of the New Brunswick Methodist Conference, reconsideration of the contingent fund report was given. It was moved to amend it and make the amount \$100. The report of the committee on Religious Education was submitted. Statistics showed a total enrollment in Sunday Schools of 16,000 officers and teachers 1,799; total 18,449. Raised by Sunday Schools for all purposes, \$19,808.32, an increase of \$2,975.00.

It was recommended that O. F. Peters and Christopher Graham be appointed representatives to the Tuxis Boys Camp to be held in Prince Edward Island, to the New Brunswick camp at Chipman, Rev. Geo. Tilley, Provincial Board of Boy's Work, Rev. Robert Smart, J. M. Rice, O. H. Peters and P. A. Fitzpatrick.

The Superannuation Fund Committee reported that \$3,843.00 had been paid by the ministers, and \$7,992.00 for the circuit. Rev. H. S. B. Strother, of the conference Superannuation Fund. The following were appointed a committee on co-operation with other denominations to the island of St. Helena. Their rate is unknown. A residence belonging to Osman Effendi, former prefect of Avlona, who commanded the insurgents and Coccol Klamin, his army chief, were burned to the ground.

The civil population, together with the actual population of Avlona, have been transported to Brindisi. There are uncertain reports about the fate of the prisoners at Scutari, but those of Santi Quaranta, Dulele, nono Antivari have been driven to embark. Durazo continues to maintain a plucky resistance, but every preparation has been made for its abandonment.

The dispatch of men and munitions to Albania, where a national insurrection is said to have now in progress everywhere has been impeded through partial strikes of seamen and railwaymen in various ports and cities west and upper Italy, proclaimed for this very purpose.

Sanguinary conflicts have occurred at Trieste, where companies of Arditi destined for Albania, after refusing to enter the city, joined in common revolt with Socialists and plunged the town into anarchy. The rioters have mined railway bridges to thwart passage of trains.

ALVA PEEL TRIAL BEGINS AT AMHERST

Grand Jury Returns True Bills on Three Charges Lodged Against Respondent.

Special to The Standard. Amherst, N. S., June 15.—Court opened at ten o'clock this morning and in the case of King vs Alva Peel on three charges, manslaughter, arson and negligently causing fire, came before his Honor Mr. Justice Ritchie of the Supreme Court, and true bills were found by the grand jury on all charges. There was a considerable body of evidence upon which these charges were preferred. One was that Alva Peel did unlawfully kill Lewis A. King. This was a charge of manslaughter only. The second count was that the accused had wilfully set fire to a certain block of buildings, a charge of arson, the last charge was that Peel had negligently caused a fire which resulted in the death of King and destroyed much valuable property.

The case has aroused a great deal of interest throughout the county as both young men were well known in their home town of Oxford, and many of their friends and acquaintances have come to town for the trial. The trial will be resumed tomorrow and over forty witnesses will be called.

MAKING CANVASS FOR DOM. PROXIES

Montreal, June 15.—A fairly active canvass for proxies for the Dominion Steel meeting is being made on the local street. The different firms or brokers have been called on in connection with the proxies which they have for the meeting. The adjournment of the annual meeting has been made until Friday and, even though the time is short, every endeavor is being made to get as large a representation of the stock of the company as possible, either by having shareholders attend the meeting or by sending a proxy for it tomorrow.

O'CONNOR QUILTS COMMERCE BOARD

Will Retire to His Private Practice if His Resignation is Accepted.

Ottawa, June 15.—It is understood that W. F. O'Connor, K. C., whose resignation from the Board of Commerce was handed the Government today, will retire to his private practice at the end of this month, if his resignation is accepted. Mr. O'Connor was out of town tonight and the other officials of the Board are in Toronto so that no definite statement could be obtained. There is a rumor that Mr. O'Connor will be succeeded by a United States corporation which will shortly establish a pulpwood industry in Southern Labrador, and which will manufacture pulpwood exclusively for the British market.

ITALY GIVEN A SHOCK AT GRIM ALBANIAN WAR

Rudely Awakened to Fact That Real Campaign Must be Waged.

FLOCKING TO COLORS ALL OVER COUNTRY

Desperate Night Charge Saves Avlona from Capture.

Rome, June 14.—After a furious night battle lasting over four hours, Avlona has been saved from capture by Albanian rebels through a desperate bayonet charge on the part of Italian Alpine troops.

While the attack began shortly after midnight on Friday the city was already isolated, for all communications had been destroyed except from the sea. The Albanian insurgents, whose number is diversely estimated at 5,000, 10,000 and 45,000, had mined every road, blown up every bridge and occupied all the adjacent heights whereon they had planted batteries of 6-inch guns wrested from the Italians earlier in the month.

The fighting over the Albanian bayonet charge of the Alpine finally put the rebels to flight, leaving behind 600 dead, the Italians captured the battery of guns and took several thousand prisoners, among whom were many Turkish officers and Albanian demagogues.

The dispatch of men and munitions to Albania, where a national insurrection is said to have now in progress everywhere has been impeded through partial strikes of seamen and railwaymen in various ports and cities west and upper Italy, proclaimed for this very purpose.

VANCE LEADS FIELD IN TRAPSHOOTING

Last Year's "Champ" Makes a Big Clean-Up in Sweepstakes.

Ottawa, Ont., June 15.—Under exceptionally favorable weather conditions the annual tournament of the Eastern Canada Provincial Trapshooting Association was opened here today under the auspices of the St. Hubert Gun Club, at the Rockcliffe traps. A ten event sweepstakes was the feature of the day's programme, with a cut glass bowl for the high gun in each event. Sam G. Vance, of Tillsonburg, Ont., who carried off the preler honors at last year's tourney, struck his stride in the third of the series and, after capturing the bowl in that event, swept through the balance of the race with only one lost target. His score was 148 for the ten events, which entitles him to first money. W. Barnes of Hamilton, was runner-up, today, with a card of 146, while R. Lewis and C. L. Osborne, both of Montreal, were third with a score of 145 each.

Eight of the cut glass bowls were awarded today, the other two being reserved for the winners of the Montreal, took the first of these with a sensational run of forty-five. However, he fell away in the next three times up, and finished with a total of 284. The second went to W. J. Marshall, of Galt, while Sam Vance, Tillsonburg, grabbed the third. Henry O. Connor, Ottawa, won No. 4; J. Hunter, Hamilton, No. 5; L. Osborne, Montreal, No. 7, and P. Kerr, No. 8; S. H. Newton, of Sherbrooke, and E. S. Sangster, Ottawa, are tied for No. 9, while seventeen shooters scored a possible in the last event and will have to shoot a stor for it tomorrow.

GREAT ENTHUSIASM

Displayed When Newly Elected Sinn Fein Council Held First Meeting.

Dublin, June 15.—Meetings of the newly-elected Sinn Fein Council in South Tipperary, Carrick-on-Shannon and other places have been accompanied by extraordinary scenes of enthusiasm. Resolutions have been adopted acknowledging the authority of the Sinn Fein Parliament, congratulating the Irish Republican Army on its manifold successes, and calling upon the army to protect the lives and property of the citizens. Copies of these resolutions have been forwarded to the governments of Europe and the United States.

MORE SWEEPING CHANGES MADE TO LUXURY TAX

Keen Discussion Followed in the House When Each Item Was Brought up.

MCKENZIE FIGHTS FOR HIS CANDY

Decide Wedding Rings Are Not a Luxury and Pass off the List of Taxables.

Ottawa, June 15.—More changes were made to the luxury taxes in the House today. On every item discussion was keen. Occasionally there were bursts. At one time, Mr. D. McKenzie (Cape Breton) had suggested the exemption of the cheaper makes of candy. How could such candy, taken home by a father to his children on Saturday night, be called a luxury? A few moments later, he heatedly asked why the Minister of Finance had made no reference to more glaring luxuries.

HEAVY DEMANDS ON DOMINION COAL CO.

Will Have to Increase Their Output to at Least 20,000 Tons a Day to Cope With Orders.

Halifax, June 15.—(Canadian Press)—To supply the great local and overseas demand for coal, to say nothing of the Montreal market, the Dominion Coal Company's output will have to be increased to at least twenty thousand tons a day, and orders to this effect are said to have gone forth. During the past three years, the daily output, at all the collieries, has seldom passed the 12,000 mark. In 1914 the output rarely went below 14,000 tons a day, which, at that time was quite sufficient to supply the company's customers. However, since 1914 the output has fallen off considerably and today the company cannot supply anything like the amount required to fill their orders.

EVIDENCE FAVORED SUICIDE THEORY

Prosecution in Ellis Trial Expected to Have Their Case Before Jury Today.

Charlottetown, P. E. I. June 15.—At the Ellis trial in Summerside today Aloozo Wilson, one of the neighbors who was at the Ellis home the night of the tragedy, gave evidence regarding the condition of the room and the blood-stained bed and articles. He had no doubt that it was a case of suicide.

MOB STORMS JAIL TO GET NEGROES

Who Were Arrested for an Alleged Attack on a White Girl—Police Stoned and Roughly Handled.

Duluth, June 15A crowd estimated at more than 2,500 persons late tonight stormed the Duluth county jail in an effort to take away from the police six negroes, arrested here in connection with an attack on a white girl. Firemen were called out to assist the police. Four lines of hose were taken away from the firemen by the mob and turned on the police. Stones and sticks were used to break windows, and members of the mob crowded into the jail.

WHY WERE ARRESTED FOR AN ALLEGED ATTACK ON A WHITE GIRL—POLICE STONED AND ROUGHLY HANDLED.

The attack on the girl is alleged to have occurred last night at the circus grounds here. The negroes, employed with the circus, were rounded up by the police after the girl's story had been told. Four other negroes it is said, were arrested several miles from here and were being brought to Duluth tonight. The following articles were taken out of the twenty per cent class and placed in the ten per cent class. (Continued on page 2)

The Arrival of Bishop LeBlanc

Expected to Reach New York Next Saturday and St. John Monday or Tuesday—List of Committees and Collectors for Reception.

The steamer France on which His Lordship Bishop LeBlanc is traveling from France is due to arrive at New York on Saturday next. It is known that His Lordship has one or two engagements in New York, and it is believed that he will not arrive in St. John before Tuesday, but he might come here on Monday.

Committees having charge of the fund to be presented to the Bishop are hard at work completing arrangements for the welcome. The five representatives from the Cathedral parish on the managing committee of the Bishop's reception committee are the officers of the Cathedral Holy Name Society, viz: L. J. McNamee, president; George McDermott, vice-president; James Emery secretary; Wm. L. Walsh, treasurer; John J. Coughlan, financial secretary; Holy Trinity—Judge H. O. McInerney, Richard Sullivan, Chas. H. Ramsey, Sr., Joseph Harrington, Phares McCarty.

Two Arrested On Charge of Stealing

Murray J. Chase and James F. Rogers Arrested Yesterday on Charge of Breaking Into Charles Magnusson & Son's Store Last Sunday Night.

The St. John Detective Department may be said to resemble the British Navy in that it does not advertise its efforts but silently and surely carries out whatever it may be set to do. As a result of the slow but sure methods, and not so slow at that either, Murray J. Chase and James F. Rogers, were arrested yesterday by the detective department on the charge of acting together in breaking and entering the store of Charles Magnusson and Son, Dock street, and stealing goods to the value of \$250 on the night of Sunday last.

TIMOTHY DONOVAN DIED YESTERDAY

Was One of the Oldest and Most Respected Residents of West St. John—Popular Citizen With Many Friends

Timothy Donovan, one of the oldest and most respected residents of West St. John, died yesterday after a lengthy illness at his residence, 197 Queen street. He leaves to mourn three daughters and three sons, the daughters being the Misses Agnes, Mary and Annie, at home. The sons are Frank J., of Montreal; Louis, of Chicago; and Bouché S., at home. He also leaves one brother, Michael, who resides in Boston.

Association of Builders Protest

Against the City Doing the Paving Work on Prince Wm. Street—Ask That Mr. Kane Get Contract.

At the Council meeting, yesterday, a communication was received from the Association of Builders and Contractors, protesting against the city doing the paving work on Prince William street, and asking that Mr. Kane be given the contract on the basis of his tenders, plus the increase in estimate, to be determined by impartial parties.

MORE SWEEPING CHANGES MADE TO LUXURY TAX

(Continued from page 1.) Enemy goods in toilet ware, optical frames, curtains in excess of \$1.50 value, gramophones, gas and electric wall brackets over \$3 each, and chandeliers over \$12 (except 50 chandeliers).

Some Straight Talk By Magistrate

Says Council Should Take Action Against Places Keeping Open Late—Married Women With Men on Joy Rides and Midnight Dinners.

The police magistrate expressed the opinion yesterday that it was time the City Council took some action in regard to the proprietors of restaurants, pool rooms, etc., to keep their premises open to the public until well into the early hours of the morning.

Common Council Regular Meeting

Com. Thornton Got Through a Vote for Bond Issue for Aerial Truck and Combination Chemical—Com. Frink Also Satisfied.

Yesterday, Commissioner Thornton got through a vote for a bond issue to purchase an aerial truck (\$10,720) and a combination chemical, hose and pumping engine (\$15,000), while Commissioner Frink got through a bond issue for a motor sprinker (\$9,600), a steam roller (\$5,500) and a motor lawnmower (\$600).

THE AUTOMOBILE TURNED TURTLE

The bucking of one of the front wheels of the Ford Sedan in which they were driving on the Marsh Road gave two young men an unpleasant shaking up last evening at about 6.30 A. witness of the accident telephoned into the city stating that if the occupants of the car were not dead, they would be by the time help arrived from the city.

BORN.

PETERS—At Quonseton, N. B. June 12, 1920, to Mr. and Mrs. Bentley F. Peters, a daughter.

MARRIED.

HARVEY-MAXWELL—On Tuesday, June 15th, by Rev. H. A. Goodwin, W. Frederick Harvey, of Fredericton, to Edythe Delina Maxwell, of this city.

DIED.

WETMORE—Suddenly at Bloomfield, Kings County, on the 14th inst. Emily Jane, wife of Oscar A. Wetmore, in the sixty-fifth year of her age, leaving her husband, two sons and four daughters to mourn.

FUNERALS.

The funeral of John W. McDuffee was held yesterday afternoon from his late residence, 130 City Line. Service was conducted by Rev. J. H. A. Holmes and interment was in Cedar Hill.

FUNERALS.

The funeral of Robert M. Britain was held yesterday afternoon on the arrival of the Boston train. Service was conducted by Rev. Canon R. B. Armstrong and interment was in Forest Hill.

WOMEN FROM INDIA GIVEN GREAT OVATION
 World's Suffrage Alliance Hear Brilliant Addresses by Indian Delegates.

DRESSED IN NATIVE COSTUME OF SILK
 Japanese Delegates Express Belief in Future of Cause in Their Country.

(By Constance Drexel.)
 Geneva, June 14.—The brilliant success of the women of India at the international suffrage convention has been one of the features. Everybody has been admiring them from personal observation and conversation, but it was not until the highly attended public meeting Thursday that an opportunity was given to see how Eastern women were capable of taking their share in international affairs. As Mrs. Catt, who was presiding, said, if any one is still so backward as to think that the women of the Far East were in any way inferior to the women of the rest of the world, they must now be convinced to the contrary.

The Indian delegates sitting on the platform had put on most gorgeous costumes of silks, richly embroidered with gold and all cut alike, much in the fashion of flowing tea gowns, except that yards of material were used as a picturesque shawl effect over the head. Three made speeches in perfect English, with perfect poise and especially the Indian poetess, Mrs. Naidan, won a great ovation from the audience, even greater than Lady Astor in her speech. The only hint that was given of India's desire to be an independent nation was Mrs. Naidan's opening remarks. She regretted she could not speak in her own beautiful, native language but had to use the language of those who now rule India.

Mrs. Chandra Benn, who has recently appeared before committees in the House of Commons, and Mrs. Tata, of Bombay, all told something of India's wonderful past and of her present desire to live up to her tradition. Much to everybody's surprise they spoke of suffrage societies in India, that Great Britain had accepted the principle of woman suffrage for India and that the assembly to be formed will have to pass on the matter. They spoke of the exaltation of peace and the enlightenment of motherhood in their country as a climax to woman's existence and said they were glad to have found the same common idea among the women of the West at the convention.

Two Japanese delegates also spoke. They were their native countries. One is a professor of the Women's Christian Temperance Union of Japan. The other is secretary of the Young Women's Christian Association, but both said woman suffrage had, so far made no progress in their country and was virtually unheard of. But both prophesied that the congress would meet in Tokio before many years.

Dr. Pauline Luisi, of Uruguay, and Mrs. Josephus Daniels were the only western women on the programme. Mrs. Daniels made a speech as official delegate from the United States. She spoke of President Wilson's advocacy of the suffrage cause and of the need for women in reconstruction problems. Various methods of assistance to widows and unmarried mothers were brought up by the European delegates. But in these discussions America took small part, as the necessity for such assistance in America is not insistent. It was clearly demonstrated that too much State paternalism was not desired in the United States where the individual is expected to be capable of grappling with her own personal problems.

FRENCH SENATE WANTS STRICTER CENSORSHIP
 Describes Sex Appeal Prevalent in Paris Music Halls.

(By WYTHE WILLIAMS.)
 Copyright, 1920, by Public Ledger Co.
 Paris, June 14.—Possibly with the idea of safeguarding the morals of thousands of American tourists hereabouts, the French Senate on Thursday voted in warmth against the licentiousness of French music halls and their billboard advertisements. It is the first time within memory there has been such unanimity of opinion that a certain portion of the Paris stage has reached the "limit" as regards its pornographic offerings. Specific revues now playing of which the Senators complained are: "All of Love," "Sister Seeks Lover," "Fruits of Voluptuousness" and "Turbo Parvula Nigra."

"A Dance of the Seven Veils" recently performed at the Opera, where, after abandoning six veils, the dancer had nothing remaining but a very gaudy seventh, was also under discussion. It was further pointed out that a director, who has made a specialty of producing scandals, recently was made an officer of the Legion of Honor.

Minister of the Interior, Steeg, replying to the senators, declared the law was not sufficient and urged the creation of a more severe censorship.

WEDDINGS.

Cor-Mier-LeBlanc
 Moncton, N. B., June 15.—Assumption Church was the scene of a pretty wedding at six o'clock this morning when Miss Lillie LeBlanc, daughter of Mr. and Mrs. Patrick J. LeBlanc, Sunnyside, was united to Belle Cormier, of Soudouac. The ceremony was performed by Rev. D. J. LeBlanc of St. Joseph's University under the bride, in the presence of a large number of friends. Mr. and Mrs. Cormier left today on a wedding trip to Halifax. They will reside in Sunny Brae.

Yours for an Easy day's work and lots of it done quickly, Remington Typewriter, A. Mills Frasier, Jas. A. Little, 367, St. Dock street, St. John, N. B.

GO DOWN TO KEW IN ILLAC-TIME.

(To appreciate this poem it should be remembered it is what a barrel organ sang to the poet.)

Go down to Kew in illac-time, in illac-time, in illac-time;
 Go down to Kew in illac-time (it isn't far from London),
 And you shall wander hand in hand with love in Summer's wonder-land.

Go down to Kew in illac-time (it isn't far from London),
 The cherry-trees are seas of bloom (and, oh, so near to London),
 And there they say, when dawn is nigh and all the world's a blaze of sky,
 The cuckoo, though he's very shy, will sing a song for London.

For Noah hardly knew a bird of any kind that isn't here
 At Kew, at Kew, in illac-time (and, oh, so near to London),
 And when the rose begins to put and all the chestnut spires are out
 You'll hear the rest without a doubt, all chorusing for London:—

Come down to Kew in illac-time, in illac-time, in illac-time;
 Come down to Kew in illac-time (it isn't far from London),
 And you shall wander hand in hand with love in Summer's wonder-land.

Come down to Kew in illac-time (it isn't far from London),
 —Alfred Noyes.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
 Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant, it contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

DR. NANSEN SOUNDS NOTE OF WARNING
 Resumption of Trade with Russia Needed to Avert Economic Disaster.

RUSSIAN TRANSPORT SYSTEM IN-BAD SHAPE
 Unless Improvement Before Winter Many in Cities Will Starve to Death.

(By CARL W. ACKERMAN.)
 Copyright, 1920, by Public Ledger Co.

London, June 14.—In talking with Dr. Fridtjof Nansen, the Norwegian explorer and diplomat, about his task of getting the human remnants of war out of Russia, the conversation developed into a discussion of the trade possibilities in that country and Dr. Nansen's negotiations with President Wilson and the "Big Four" in Paris at the peace conference.

This white haired Norwegian, who came here to obtain ships and money to finance the repatriation of some 1,000,000 prisoners of war from Russia after pointing out how streams of these men are now moving to Bolshevik ports, from all parts of Soviet Russia, made the following observations:

"The economic structure of all Europe will collapse unless trade is resumed with Russia."

"I interrupted Dr. Nansen to ask how he could answer American and French contention that the Soviet government would collapse as a result of its own follies. Europe and America refuse to have anything to do with Bolsheviks."

"My only reply," said Dr. Nansen, "is that I have heard the same argument for three years and I have lost faith in it. The only condition which can succeed in Russia is if the blockade is continued in the name of government which would be worse than what there is of a system at present. After all the whole Communist system as practiced in Russia today is not much different from the old Russian reform. The only thing to do is to give the Russian people an opportunity to get reasonable conditions, any nations brought to order by revolution or war is willing to accept. I think the time has arrived when the Russian people ought to be given an opportunity to do so. People who are always fighting cannot think."

"The greatest problem in Russia today is that of reorganizing transport. Unless the Russian transport system is improved before winter it will be impossible to keep the great cities from starvation."

This bears out a conversation I had early this week with a British engineer who had just returned from Russia. He said abandoned locomotives could be seen along the railroad routes and that not long ago the Bolsheviks immobilized all the motor trucks to carry supplies into Petrograd and Moscow, but that as these broke down on the highway they were abandoned.

"It is remarkable, however," Nansen added, "what the Russians can do with the transport system they now have. For some time they have been running three trains a week to Narva, with prisoners, and Narva today is wintered. It is there are no ships to take the men to their homes in central Europe. They must be got out of Russia before winter. Many of them have been in Russia five and six years and the homelessness of these thousands of men is one of the greatest tragedies of the war."

Discussing trade conditions, Dr. Nansen recalled the plans which he submitted to the "Big Four" in Paris during the peace conference and added what has not been generally known that Herbert Hoover had as much to do with the so-called Nansen plan of trading with Russia as Dr. Nansen did. Dr. Nansen declared that, contrary to the general impression created by the Senate investigation of the peace conference, the trading plan which President Wilson and Premier Lloyd George proposed two years ago did not fall through because of the "Big Four," but because the Bolsheviks themselves refused to accept the peace conference condition that all fighting should cease.

Encouraged by the assistance which he has obtained already in London, Dr. Nansen is planning to return to Scandinavia this week, though he would not commit himself, it seems certain that he has been promised both the necessary ships and money, amounting to several million dollars to finance the work which he has undertaken for the League of Nations.

It is vulgarly imagined that to have money is to have no troubles at all.—H. G. Wells.

Nothing more is wanting to render a man miserable, than that he should fancy he is so.—From the Latin.

All the greatest work of the world goes on noiselessly. Only little workers chatter.—Miller.

You can't tear love up by the roots and plant it in a pot and call it friendship.—Marion Crawford.

Mother's love grows by giving.—Charles Lamb.

American Women Should Take Lead
 Mrs. Catt Urged Again to Head Suffrage Alliance—American Women at Geneva Pass Resolution Implying Her to Serve as Only Hope of Keeping United States Represented in International Organization.

(By CONSTANCE DREXEL.)
 Copyright, 1920, by Public Ledger Co.
 Geneva, June 12.—Immediately preceding the formal opening of the Woman Suffrage Congress, the American delegation met and elected Mrs. Stanley McCormick, of Boston, chairman and Mrs. Jacob Bauer, of Chicago, secretary. A resolution was passed urging, in fact insisting, that Mrs. Carrie Chapman Catt reconsider her refusal to serve again as president of the International Suffrage Alliance. Mrs. McCormick said:

"If we give up the presidency the result will be that America virtually will drop out of this international organization. I think it is high time the women of America assert themselves and take their proper place in international politics. The men of America are washing their hands of world affairs. It is for American women to place America in the position which is rightfully hers and which the men of America are allowing to slip out of their fingers."

"I am convinced this delegation of women has the international point of view. Let us, therefore, not shrink from our duty; let us assume our responsibilities. We American women have the courage and ability to take a leading part in this international organization of women and to bring to our own American ideas. We cannot afford to allow another nation to take the presidency or else we will drop out of this organization, just as we have dropped out of the League of Nations."

"There has been considerable discussion about having a president from Great Britain; but the resolution of the American delegation was circulated out of the business meeting of the congress."

"The women from the Latin countries seem particularly keen about America retaining the presidency and assume a dominating position in the international alliance."

USE MORE BEANS
 (Experimental Farms Note.)

The ripe bean is a form of food very much neglected in Canada. Lack of variety is one of the serious faults of our national diet. Many people seem inclined to use a very limited number of foods and as far as possible, to make each day's meals resemble those of the day before; while in other cases, the daily routine of a fixed seven-day cycle prevails. It is well-known that a varied diet is more wholesome than a restricted one, and, especially in these times when good food is scarce and high in price, it is really deplorable to note the neglect of some of the best Canadian-grown food materials, such as beans, peas, Indian-corn and barley, while imported product, rice, remains quite popular in spite of its inferior quality as food and the commercial objection that Canadian money must be sent to some foreign country to pay for it.

Of all the neglected foods, the bean is perhaps the most important. It contains a large percentage of protein, approximately double that of the amount found in cereals, and protein is the most expensive ingredient in the materials which we consume. The bean may fairly be said to rank first among the common foods of vegetable origin; peas are of almost equal value, but wheat and barley fall behind. Oats also are distinctly inferior on the whole, though they contain much more fat than beans. While it is assumed that vegetable protein, as found in beans, can entirely take the place of animal protein, as found in meats, eggs and milk, nevertheless the vegetable proteins have a high food value and the bean could, in many instances, be advantageously substituted for part of the meat ration. Considerable economy would be obtained in this way, as beans are very cheap indeed in comparison with most animal products. It must be noted, however, that beans cannot be eaten freely by everyone. There are a few individuals for whom they seem quite unsuitable; but the vast majority of people would have better, cheaper and more enjoyable meals if beans were used more often. Matters of diet are so often settled by customs of the country rather than by intelligent thought that it is very hard to bring about changes, however desirable. Yet there seems no good reason why the regular use of beans should be limited almost to Massachusetts and a few other favored localities. In these days when, owing to the high cost of living, many individuals are inclined to break away from some of the older and more expensive customs, the introduction of the bean as a regular article of diet offers an opportunity for the display of a little originality and the exercise of judicious economy at the same time.

LEGION TO PUSH PLEA FOR BERGDOL INQUIRY
 Movement for Prosecution of Others Besides Slacker to be Taken to State Cantonment.

(Copyright, 1920, by Public Ledger Co. Philadelphia, June 14.—(Special.)—The American Legion movement for the prosecution of court-martials of all those connected with the escape of Grover Cleveland Bergdoll, army deserter, from his home in Wynnefield, May 21, will be carried to the State cantonment of the organization by the Philadelphia delegates.

The cantonment will be held in Allentown, June 17, 18 and 19. The Philadelphia delegation met in caucus yesterday and upheld the resolutions of the county committee made public on Friday. These resolutions call upon the authorities for the arrest and prosecution of D. Clarence Gibbons, the slacker's counsel, who obtained his release from Fort Jay for the "port of gold" pilgrimage; Jas. E. Romig, who was in the Bergdoll home when the slacker escaped, and Mrs. Emma C. Bergdoll, mother of the slacker. They call also for the court-martial of Adjutant General P. C. Harris and all army officers connected with the release of the millionaire convict.

OATS SCARCE IN FREDERICTON
 Special to The Standard

Fredericton, N. B., June 16.—Oats have advanced 15 cents a bushel during the past few days and are now posting \$1.56 cents a bushel wholesale with the retail price about \$1.65 cents a bushel.

Dealers reported today that there was a marked scarcity of oats and they anticipate considerable difficulty in obtaining supplies, even at the advanced prices to carry them along until the new crop is available. It was said the elevators now had practically no oats in the West, and the situation is thus looked upon as critical.

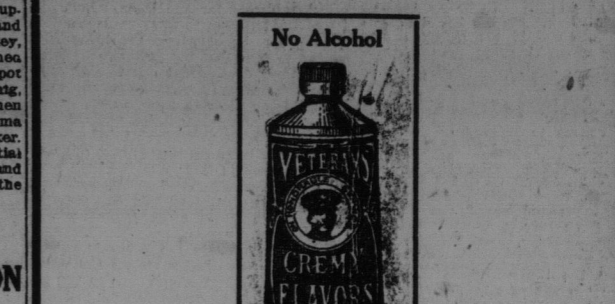

On the other hand hay is cheaper, a fair quality of loose hay having been sold this week in the local market at \$25 a ton and even lower prices have been predicted.

substituted for part of the meat ration. Considerable economy would be obtained in this way, as beans are very cheap indeed in comparison with most animal products. It must be noted, however, that beans cannot be eaten freely by everyone. There are a few individuals for whom they seem quite unsuitable; but the vast majority of people would have better, cheaper and more enjoyable meals if beans were used more often. Matters of diet are so often settled by customs of the country rather than by intelligent thought that it is very hard to bring about changes, however desirable. Yet there seems no good reason why the regular use of beans should be limited almost to Massachusetts and a few other favored localities. In these days when, owing to the high cost of living, many individuals are inclined to break away from some of the older and more expensive customs, the introduction of the bean as a regular article of diet offers an opportunity for the display of a little originality and the exercise of judicious economy at the same time.

WE SAW IT COMING!
 Seven months ago a group of young men in St. John backed a manufacturing concern making a NON-ALCOHOLIC TUBE EXTRACT. They have sold 60,000 Tubes to satisfied customers and can now supply

EVERY WHOLESALER IN ST. JOHN
 If every bottle of Lemon Extract went into the harbor, as the police court suggests, we could supply the entire demand of the Maritime Provinces and we are expecting any day a shipment of five hundred gross of Tubes from the Old Country which can rapidly be filled and distributed for future requirements.

THE HOUR HAS STRUCK FOR

No Alcohol
VETERANS' CREAMY FLAVORS
LEMON
 Contains no alcohol, no sugar, no preservatives, no artificial colors, no artificial flavors, no artificial anything.
No Luxury Tax

Veterans' Creamy Flavors are more economical and more efficient than any bottle flavor made. Every woman who carries a bottle of alcoholic flavor home is liable to a fine of \$200 according to Judge Ritchie's ruling.

His Honor said: "It is worse than gin, rum, whiskey or any other liquid. If everybody does his duty there will not be another ounce of lemon extract left in the town by midnight. I will give up my place here in order to make room to stock it all, if necessary."

Remember, Veterans' Creamy Flavors is a tried product. At the retail grocers

35 cents a tube.

FLAVORS & PROVISIONS LIMITED,
 82 Water Street St. John, N. B.

WALTHAM
 THE WORLD'S WATCH OVER TIME
 WALTHAM WATCH COMPANY, LIMITED
 MONTREAL
 Makers and Distributors of Waltham Products in Canada
 Factories: Montreal, Canada; Waltham, U.S.A.

A good watch is always an asset

On the contrary, a inferior watch is always a liability.

The repair bills that will accumulate in a few years, trying to make such a watch keep good time, will equal the cost of a Waltham.

It's much more economical to buy a Waltham in the first place.

Every Waltham is flawlessly constructed—built for complete, enduring accuracy in time-measurement. It is the product of more than fifty-five years of specialized experience in watch-making. Its quality is due to the perfection with which each of the many tiny components, jewels, plates, wheels and springs are made, assembled and tested. If you want long, dependable service, ask your jeweler for a Waltham.

Waltham Grandfather Clocks, Mantel and Leather Wall Clocks, Desk Clocks for homes of refinement. Ask your jeweler.

Waltham men and women wherever they go are proud to wear the Waltham watch. It is a badge of distinction and a mark of success.

Waltham men and women wherever they go are proud to wear the Waltham watch. It is a badge of distinction and a mark of success.

JUSSERAND TO STAY AT WASHINGTON

Premier Millerand Announces His Intention to Make No Change.

SATISFIED WITH THE AMBASSADOR'S WORK

Believes the Diplomat's Friendship With Lodge Beneficial to France.

Copyright, 1920, by Public Ledger Co. Paris, June 14.—Your correspondent is able to deny absolutely rumors circulated by French journals, both in France and in the United States, to the effect that the French Ambassador, M. Jusserand, shortly will be recalled from Washington. Ambassador Jusserand has the full confidence of Premier Millerand, who recently gave me to understand that he intends to keep him in Washington as long as he himself remains in power.

The rumors have a double origin. First, from the mistaken idea that M. Jusserand was one of the authors of the treaty of Versailles, there has been an effort made to couple the ambassador with President Wilson, second, the difficulty the French Government is having to find some one qualified to be Ambassador to Berlin, which has given rise to the idea that M. Jusserand is to be sent there, in itself is evidence of the high esteem in which he is held. Premier Millerand, however, has decided that nothing is more important than maintaining good relations between the two republics and considers the work of M. Jusserand in Washington beyond reproach.

As for the treaty of Versailles, M. Jusserand had little or nothing to do with it. M. Clemenceau, antagonistic to all diplomats, did not use M. Jusserand any more than he used the bureau of the "Quoi d'Orsay." André Tardieu alone acted as expert in all American matters. Only rarely the opinion of M. Jusserand was solicited, but when it was—notably in the German cables—his advice always was sound.

Replying to the criticism that he has not kept Paris well informed, it is pointed out that he often signalled the growing American opposition to the League of Nations and it is stated in high quarters that concerning his friendship with Lodge, "it will be revealed one day how this friendship has been useful to France in the course of the last year."

FEW AMUSEMENTS FOR ITALIAN PEOPLE

Taxes on All Forms of Play Have Been Considerably Increased.

Rome, June 14.—Hard working few amusements must be the portion of patriotic Italians during the next few years, in the opinion of former Premier Nitti. The taxes on theatres and concerts already somewhat heavy, have been considerably raised; while the proprietors of hotels who give balls, dances and other entertainments must pay to the state from \$50 to \$100 a time.

There are to be no more automobile races on Sunday, as cars may not be used between Saturday afternoon and Monday mornings. No one may motor between 8 o'clock in the evening and 8 o'clock in the morning all the week, and cars of more than 35 horsepower are forbidden to all.

As the trolleys and trams which go out on Sundays to Frascati, Tivoli and the other outdoor places are greatly reduced in numbers, it will be necessary for the average Roman to invent some other mode of passing his Sunday.

Intense contains from 86 to 93 per cent gelatine.

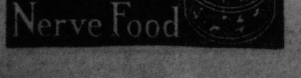

"I Wonder Would It Help Me?"

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

50 cents a box, 6 for \$2.75. All dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Immigration of American Farmers

Publicity Given the West by Members of American Editorial Association Last Year Caused Many Farmers to Enter the Prairie Provinces.

"As a result of the publicity given the west by the members of the American Editorial Association last year there has been a big immigration of American farmers into the Prairie Provinces, and also a very considerable influx of American capital seeking investment," said a Government official to The Standard yesterday.

"Something has appeared in the press about this immigration, and at present it is growing rapidly. Robert Stead, and Bruce Walker, directors of publicity for the Immigration Department, were to have made their trip through the Maritime Provinces with the editors, but the pressure of work on their department due to the interest shown by Americans in the West has kept them to their desks.

"The party" has been amazed and pleased with what they have seen of the letters in their papers which have reached us as very enthusiastic and interesting. Out of this trip Eastern Canada will get a lot of good advertising.

"Unfortunately the party is not as large as that which visited the West, a fact which is mainly due to the approach of the Presidential contest, keeping the political editors at home."

"Last year we had J. T. Hawley, of Moncton, with us, and there is general regret at his illness. Mr. Hawley's articles on his trip in the West were among the best turned out by any of the journalists, and there were many clever men and women in the party. They were sent to every editor of the press, and were reprinted in a great number of American papers controlled by those editors.

"The Immigration Department was able to make good use of them in American papers which were not represented on the tour. We think the forms of publicity out of the tour."

GREAT LABOR STRIKE IMMINENT IN ENGLAND

Employers Will Not Concede the Wage Demands of the Men and Factories May Close.

(Copyright by Cross-Atlantic Cable.) London, June 14.—The most general labor lock-out in the history of the world is confronting England within the next few weeks as a result of the demands by workmen in the engineering and kindred industries for still higher wages. The men's ultimatum requires them to accept the demands or withdraw the employees will close their factories. Employers are organizing strongly, insisting that any further increase in wages would be an expense that must be charged to capital investment, and cannot be met from income. They say the war burden has reached a point too heavy to carry, and they use as a warning the recent action of the Brinsford piano factory which closed its doors for the reason that it was not able to operate at the prices offered for the output and at the same time meet the demands of labor for wages.

THE INCREASE IN TELEGRAPH RATES

The recent increase granted in telegraph toll rates went into effect yesterday and the schedule of rates now is:

Old rate.	New rate.
To points in N. B. and N. S.	25 & 1 39 & 2
To points in Que.	30 & 3 40 & 3
To points in Ontario	30 & 2 46 & 3
To points in Manitoba	75 & 6 95 & 6
To points in Saskatchewan	100 & 7 110 & 7
To points in Alberta	100 & 7 125 & 8
To points in British Columbia	100 & 7 135 & 8

The term twenty-five and one means twenty-five cents for ten words and one cent for each additional word, so thirty and two means thirty cents for the first ten words and two cents for each word after, and so on. The rate to P. E. Island remains as at present, thirty cents for ten first words and two cents for each additional.

MAKE TRIPLE ALLIANCE BY ADDING CHINA

Chinese Newspaper Thinks That Country Should be Included in Anglo-Jap Pact.

WANTS SOVEREIGNTY RESTORED TO CHINA

Two Powers Have No Right to Decide Destiny of Third Nation Without Consulting Latter.

Peking, June 12.—(By Associated Press)—China should be admitted as a member of the Anglo-Japanese alliance, thus making it a Triple Alliance for the Far East, according to the conclusion reached by the Peking and Tien-Tsin Times in a lengthy series of articles dealing with the approaching removal of the Anglo-Japanese pact. The paper says:

"The treaty should be modified insofar as necessary to make China a party. It is a serious departure from the usual practice in international relations for two powers to enter into an agreement respecting the interests of a third power without the latter's assent, and one which in our view ought not, in this instance, to be perpetuated. The inclusion of China in what would then become a Triple Alliance for the preservation of peace in the Far East and the maintenance of her integrity and independence and of the principle of equal opportunities for the commerce and industry of all nations, would constitute the most effective guarantee that nothing affecting her welfare would be done by either of the other parties without full and frank consultation with her."

Besides the admission of China to the pact, the Times proposes a series of conditions in the renewal of the alliance, by which China shall be safeguarded. One of these would be to bring about the restoration of China's sovereignty over the Liao Tung peninsula, including Port Arthur, and the province of the South Manchuria railroad to Chinese control. Other conditions proposed are summarized as follows:

"The independence of China today is violated by the presence upon her soil of foreign garrisons other than those provided for under the 1904 protocol and the limited number of railway guards permitted for the guarding of the South Manchuria and Chinese Eastern Railways. Great Britain should insist, therefore, as a condition precedent to the renewal of the alliance upon the withdrawal of all Japanese troops on Chinese soil whose presence is not provided for by treaties or agreements in operation on July 15, 1911.

"Although Tsingtau was forcibly occupied by Germany in 1915, her administration of the port and leased territory aroused so serious opposition until 1914, when Tsingtau became a base for warlike operations against Allied shipping. The German methods of administration were liberal compared with those of the Japanese, who are aiming to make it a closed port. The restoration to China of Tsingtau, under conditions which guarantee equality of treatment be insisted upon by Great Britain.

"The Shantung Railway, which is at present being used mainly to export Japanese interests and as a pretext for the presence of Japanese garrisons in Shantung, should become a Chinese Government state railway, operated by Chinese personnel, and on terms similar to the state railways operated under British supervision.

"The practice of treating the nationality of members of the customs service employed in the higher branches of the service at Tsingtau and Tientsin as a test of fitness, which in effect places the heads of the customs in these ports under the jurisdiction of an interested power, should be discontinued. The press should be allowed to report on matters of public concern through the country."

Sir Robert Burden observed that he thought that the incident might now be watched as a closed and the House passed to other business.

MINISTRY OF HEALTH NEEDED IN SPAIN

Leading Newspapers Start Campaign for Improved Hygienic Measures.

Madrid, June 14.—Spaniards are awakening to the necessity of improved hygienic measures to decrease the mortality of this country. Several of the leading newspapers have joined in a demand that a ministry of health be organized to give proper attention to sanitary conditions in factories and houses, to reduce accidents to workmen and to have charge of the selection of cheap houses for the poor, old age pensions, health insurance, maternity allowances, prevention of epidemics, and hygienic instruction for the people.

One newspaper quotes Dr. Jurros as having asserted that smallpox, diphtheria and tuberculosis had increased enormously; that births had decreased and the death rate among infants grown to such an extent that these diseases now comprise 20 per cent of the national mortality. An infinitesimal number of houses boast of a bath, and public baths were entirely lacking and the houses of the poor were so badly constructed that the occupants did not have as many conveniences as were afforded by the prison.

The Institute of Civil Engineers has taken up the subject and is agitating for hygienic measures to reduce the death rate.

DR. SPEAR INCIDENT A CLOSED BOOK

Explains by Telegram to Parliament What He Said and Meant at Toronto Conference.

Ottawa, June 15.—In the House of Commons today the Speaker read a telegram he had despatched to Rev. Dr. Spear in regard to the latter's alleged statement at the Methodist conference in Toronto that in regard to race track legislation "letters were to go to all, but money in the lobby. We hadn't the money." In his telegram the Speaker requested Dr. Spear for an immediate reply whether he had made the statement or if not, what statement he had made.

The Speaker also read a telegram he received from Dr. Spear this morning in reply in the course of this telegram Dr. Spear said: "I beg to state that I had no intention of passing any reflection on any member of the Ottawa Parliament, or its integrity or honor." He had meant that there was no money to send deputations, or to watch legislation. He did not mean that money was used in the sense of bribery, but the sense of keeping men there. He regretted that a false impression had gone abroad by the half sentences he used before the Conference.

"I think," added Mr. Speaker, "in the highest degree unfortunate that other loose language should be indulged in by people holding responsible positions, that the press should be so careless in the matter of making reports, as to enable language capable of the interpretation placed on race track legislation yesterday going broadcast through the country."

Sir Robert Burden observed that he thought that the incident might now be watched as a closed and the House passed to other business.

service employed in the higher branches of the service at Tsingtau and Tientsin as a test of fitness, which in effect places the heads of the customs in these ports under the jurisdiction of an interested power, should be discontinued. The press should be allowed to report on matters of public concern through the country."

Feelings of The Local War Veterans

Are Not in Favor of Agitation Being Carried on by Comrades in Ottawa for Trying to Force a General Election.

The War Veterans of St. John are not in favor of the agitation being carried on by a group of comrades in Ottawa for the purpose of intimidating or trying to force the Federal Government into a general election. At a meeting of the executive held here in response to a request from the Dominion Secretary, C. C. McLeod, the following message was sent to Mr. McLeod:

"The President and Members of the Provincial Executive do not approve of the agitation in favor of a general election. We call meetings of Provincial Executive to take action on meeting of Dominion President."

This message was followed by a second one which stated that "Parliamentary committee not yet reported. We think it unwise to suggest any plan of action until the results of their deliberations are made public. In our opinion the present agitation violates basic principles of association in that the calling of mass meetings for the purpose of intimidating Parliament in this time of general unrest tends to revolutionary action."

ACCIDENTAL DEATH CORONER'S VERDICT

Montreal, June 15.—Accidental death was the verdict returned in the coroner's court today in the case of Laurette Briers, who died from burns and a contagious disease. It was thought yesterday by the police that Briers had died as a result of being hit on the head with a teapot full of boiling tea during a quarrel.

PASSING "PHONE" MONEY.

Saskatoon, Sask., June 15.—A resident of Wakaw, Sask., found guilty of covering a cent piece with "silver" paper and passing it off as a quarter has been sentenced to thirty days' imprisonment with hard labor.

DEMONSTRATION FOR COOLIDGE

Republican Nominee for Vice-President Given Reception at State House by Party Leaders.

Boston, June 14.—Governor Coolidge, Republican nominee for the Vice-Presidency, received congratulations from Massachusetts leaders of the party at a reception held at the State House today. The Governor was greeted by Lieutenant-Governor Charles H. Cox, Frank B. Bell, chairman of the Republican State Committee, and Massachusetts delegates to the Chicago Convention. The delegates paraded from South Station to the State House, while whistles of harbor craft and factories were blown.

Cheers were given for the next Vice-President, and the Republican National ticket. Then some one suggested "three cheers for Oregon." The response was hearty. It was an Oregon delegate who placed Governor Coolidge in nomination for Vice-President at Chicago.

The following telegram from Senator Harding in reply to congratulations: "Thank you for your message. Your selection for Vice-President has strengthened our ticket by adding a truly great and trusted American. I am honored by the association."

Words Versus Deeds. (Hamilton Herald.) Instead of accepting a mandate for the protection of Armenia, the United States Congress offers the Armenians its heartfelt sympathy. It remains to be seen to what extent the sympathy of Congress will save the Armenians from Turkish guns and sabres.

SLUMP IN HIDES HITS PROVINCE

Fredericton, June 14.—Declines in hides in New Brunswick are said to be affected to an exceedingly large extent by the serious break that has occurred in the hide market on estimate today placing the value of the present holding of dealers in this province at not less than a million dollars. In Fredericton one dealer is facing losses aggregating between \$15,000 and \$20,000 as a result of the bottom falling out of the market while they were holding large stocks for the usual favorable markets in June. Local dealers who are hit by the slump are largely Jews, who have been going about the country buying up stocks at big prices.

Cow hides are now selling at 9 cents a pound, whereas a year ago they were bringing 10 cents, and calf skins, which a year ago were selling at 96 cents a pound, are now bringing only 20 cents a pound.

THE OXFORD YOUTH W EXPERT
It Was Feared Cyrus J. H. T. to Buck Fever But He Pl Like a Golf Veteran.
Maidfold, Scotland, June 12.—A youth of 24, yesterday turned back the American invader Robert Gardner, who came to capture the British amateur golf championship. The Edinburgh essayer assured up to the final hole, the American losing by one. Cyrus J. H. Tolley the young Oxford golfer, on whom were pinned Great Britain's hopes to keep her own championship within her own borders, justified the confidence in his prowess with the clubs by defeating Gardner, one up in 37 holes. The finish was about the most sensational in the memory of the oldest golfers on these shores. Before the match Gardner was the favorite on account of his steadiness and experience. Tolley being at quite a disadvantage in the matter of years when he took the bump during the morning to grab an advantage of two holes. Tolley steadied down to overtake his opponent, however, and was even with the invader at the sixth hole. Thereafter it was anybody's championship. Gardner was two up at the eighteenth hole, but Tolley came put with a strong offensive after that.

DRURY COVE ATHLETICS.
The Drury Cove Athletic Association held its annual meeting at the home of the secretary, E. E. Thomas, with the president, W. G. Drake, and the chair, on evening of June 10, 1920, and was attended by a large percentage of the members, including several new ones.
The usual business was transacted and the following officers were elected: Col. A. E. Mammis, D. S. O., honorary president; T. H. Simpson, president; A. L. Harding, vice president; E. R. Brown, secretary; L. H. Sandall, treasurer; E. Evans, W. Drake, W. Ryan, executive; James Garrett, E. Clarke, W. H. Wilson, sports committee; E. E. Thomas, W. H. Stewart, T. H. Simpson, W. H. Drake, W. Ryan, were given a delightful surprise in the form of refreshments, for which the members gave a hearty vote of thanks to Mrs. E. E. Thomas.
The association intend to make this season a better one than any previous and put the Ope on the map.

THE STANDARD'S SPORTING SECTION

OXFORD YOUTH WON FROM U. S. EXPERT AT THE 37TH HOLE

It Was Feared Cyrus J. H. Tolley Might Have Succumbed to Buck Fever But He Played Gardner to a Standstill Like a Golf Veteran.

Madison, Scotland, June 12.—A youth of 24 yesterday turned back the American invader Robert Gardner, who came to capture the British amateur golf championship. The Edinburgh lassie assailed up to the final hole, the American losing by one. Cyrus J. H. Tolley the young Oxford golfer, on whom were pinned Great Britain's hopes to keep her own championship within her own borders, justified the confidence in his prowess with the clubs by defeating Gardner, one up in 37 holes. The match was about the most sensational in the memory of the oldest golfers on these shores. Before the match Gardner was the favorite on account of his steadiness and experience. Tolley being at quite a disadvantage in the matter of years on the green was thought a likely candidate for the buck fever if the match should come to a narrow pass. Gardner might have had this in mind when he took the jump during the morning to grab an advantage of two holes. Tolley steadied down to overtake the advantage, however, and was even with the leader at the ninth hole. Thereafter it was anybody's championship. Gardner was two up at the eighteenth hole, but Tolley came out with a strong offensive after that

Carpenter And Battling Levinsky

Dan Morgan Says Fight for World's Light-Heavyweight Championship Will Not Take Place Until November.

New York, June 15.—Georges Carpenter and Battling Levinsky will meet for the world's light-heavyweight championship until November, according to Dan Morgan, manager of Levinsky. On the suggestion of Franco Deschamps, the Frenchman's manager, Morgan agreed to call off the fight scheduled for July 26, until Fall, he said.

City League Game Dispute

Vets' Team Refused to Continue Game Last Night Unless a Player Who Was Benched Continued to Play—Game Awarded St. Peter's in First Inning.

There was a large crowd of fans at the St. Peter's grounds last evening to witness a game of ball in the City League Series between the St. Peter's and G. W. V. A., but the game did not last through the first inning. The St. Peter's had made two runs in their first half of the inning and the Vets team had not scored. Two players got into a dispute and held up the game. Umpire Howard who had full charge of the game exercised his position properly by ordering the two players, one from each team, off the field. The St. Peter's team took the bench and when the order to "Play Ball" was given sent a spare man out in place of the one benched. The Vets refused to play unless their player who was benched was allowed to play. The game was awarded to St. Peter's.

"Bob's" Smile Wins British Hearts

Admirers Hoped He Would Emulate W. J. Travis.

London, June 14.—Cyril J. H. Tolley of Oxford University won the British amateur golf championship when he sank a fine putt for a two on the thirty-seventh green at Muirfield the other afternoon and by his aid defeated Robert A. Gardner of Chicago, the gallant last hope of the United States. The match contained many ups and downs for both contestants. To summarize, Gardner was two up at the fourth in the morning, all square at the ninth, one up at the tenth, one down at the thirteenth and two up at the end of the round, all square again at the twenty-third, two down at the turn in the afternoon, three down at the thirty-second and all even at the thirty-sixth. Tolley won with his final stroke of the first extra hole. That is the record of a dog-eared match, for this was one of the most thrilling affairs ever played for the British amateur championship.

ALF SHRUBB LEFT AGAIN FOR ENGLAND ON S.S. CANADA

After Coaching Oxford Team He Hopes to Coach the South African Olympic Team—Tells of Government Athletic Commission Being Established.

ALF Shrubb, the celebrated runner and of late one of the most asked-for coaches in the world, passed through Montreal on his way to England to coach the Oxford University team. He says that after the Princeton-Oxford-Cambridge meet he thinks he will train and coach the South African Athletic Olympic team for the Olympic games, and when these are over he will come back to Canada. He announced that just before he went away he was told that the Ontario Government had decided to appoint a government sport commission which is to govern boxing and all branches of athletic sport, and that he had been asked to take charge of the supervision of the track and field athletics. It was hoped in Ontario that other provinces would follow suit so that in future, regular and systematic efforts might be made to provide a first-class team from Canada for the Olympic games that are to come.

DRURY COVE ATHLETICS.	
The Drury Cove Athletic Association held its annual meeting at the home of the secretary, E. E. Thomas, with the president, W. G. Drake, in the chair, on evening of June 10, 1920, and was attended by a large percentage of the members, including several new ones.	
The usual business was transacted and the following officers were elected: Col. A. E. Manna, D. S. O., honorary president; T. E. Simpson, president; A. L. Harding, vice president; K. R. Brown, secretary; L. H. Sandell, treasurer; R. Evans, W. G. Drake, W. Ryan, executive; James Garrett, B. Clarke, W. H. Wilson, sports committee. T. E. Simpson, W. R. Stewart, T. Sandell, R. Evans, H. Brown were appointed to look after the securing of a suitable club house.	
Before adjournment the members were given a delightful surprise in the form of refreshments, for which the members gave a hearty vote of thanks to Mrs. E. E. Thomas.	
The association intend to make this season a better one than any previous and put the Cove on the map.	

New Rink For Fancy Skating

Will be Ready Nov. 1—Artificial Plant on Dupont, Near Bathurst, to Develop Artistic Skating.

The Toronto Skating Club decided at a largely attended meeting last evening to purchase a site for a rink for figure skating and to erect a club house of its own. The president, Lt. Col. A. E. Kirkpatrick, stated that the plans provide for an artificial ice-rink on Dupont street, near Bathurst, with a skating surface of about 160 feet renewed three times each day. The season which will run from Nov. 1 to April 1, will give 300 skating seasons, morning, afternoon and evening. The club house will include overhanging galleries at the sides, which will accommodate about 1,000 spectators. It is expected it will be ready Nov. 1.

George Byers Here Yesterday

Well Known Fighter on His Way to Visit Old Home in Prince Edward Island—Called on Friends.

Among the visitors to the city yesterday was none other than George Byers, the well known fighter, who at one time was seen in action in this city and who is known all over the States as being one of the top notchers Byers was enroute from Boston to his old home in Prince Edward Island for a visit and during his stop over between trains took occasion to make a call on George Hope, at the latter's pool room, Main street, and renewed old acquaintances, as George Hope was one of the seconds to help put Byers into condition when he fought Billy Smith in this city about fifteen years ago.

MARATHON RUNNERS.

The runners in the Olympic marathon trials here on June 26 will put on their running costume at the Y. M. C. A. and will be taken in cars to the starting point. At the end of the race they will be conveyed again in cars to the Y. M. C. A., where the baths will be at their service. It is expected there will be a strong field of runners for this event.

ENTERS A PROTEST

The manager of the G. W. V. A. team last night said that he enters a protest regarding the decision of the umpire in awarding the game to St. Peter's last evening.

SPECTATOR WAS FINED

Montreal, June 15.—For striking a referee at a soccer football game here Harry Luigi, an Italian, was today fined \$5 by Judge Lanctot in the police court. Luigi was a spectator.

Ebbets Raps Clubs That Buy Pennants

Commenting on the persistent rumors that the E. Leish club proposed selling the pennant of Rogers Hornsby to the Giants for \$150,000, Charles H. Ebbets, president of the Brooklyn club, made this comment yesterday afternoon: "In my opinion any club that would sell the services of a player like Hornsby at this stage of the game should get out of baseball for all time. Such a club should hang out a red flag, auction off all its available assets and retire from the national game. If clubs which through advantageous geographical position have acquired great wealth are to be permitted to buy up on occasion demands all the brilliant players developed by clubs less fortunate financially it merely means that the pennant is knocked down to the highest bidder. If Hornsby had been developed by Brooklyn and was a member of this team I would refuse twice \$150,000 for his release. It is high time a halt was called on

RUMOR UNFOUNDED

A rumor was going the rounds yesterday to the effect that the races for the Fredericton track opening had been called off. The Standard got into communication with the Secretary of the Association last night and this official stated that there was no foundation for the rumor, that there was enough horse power in sight to start all the classes and that the races do not close until tomorrow. The races will surely take place on June 30 and July 1st.

7 MILLBANK LONDON, ENGLAND

Your Pleasure—and 15 Cents

If Virginia Cigarettes are your favorites, you will get your greatest pleasure by smoking "MILLBANKS." If you are particular about flavour, you will appreciate the delightful fragrance, mild and mellow richness of

MILLBANK VIRGINIA CIGARETTES

If you are a judge of fine quality, the first few puffs of a "MILLBANK" Cigarette will tell you that here is the choicest of Virginia leaf, cured and blended by experts.

If you are one of those sensible practical men, who demands a high-grade Virginia Cigarette of supreme quality and distinctive flavor, the "MILLBANK" Virginia Cigarettes will be your steady smoke.

10 for 15 Cents

SLUMP IN HIDES HITS PROVINCE

Fredericton, June 14.—Declines in hides in New Brunswick are said to be affected to an exceedingly large extent by the serious break that has occurred in the hide market on the east coast today placing the value of the present holding of dealers in this province at not less than a million dollars. In Fredericton one dealer is being losses aggregating between 15,000 and 20,000 as a result of the cotton falling out of the market while they were holding large stocks or the usual favorable markets in use. Local dealers who are hit by the slump are largely Jews, who have been going about the country buying up stocks at big prices. Cow hides are now selling at 9 cents a pound, whereas a year ago they were bringing 10 cents, and calf skins, which a year ago were selling at 26 cents a pound, are now bringing only 20 cents a pound.

ST. JOHN, N. B., WEDNESDAY, JUNE 16, 1920.

THE NATIONAL COUNCIL OF WOMEN.

Judged by the programme they have mapped out for themselves, the National Council of Women, which is meeting in this city at the present time, has a busy time in front of it. The subjects for discussion are many in number and varied in character, and concern matters of the highest importance to the community. Hitherto the discussions that have taken place at the annual meetings of this body have necessarily been of a more or less academic nature, for the reason that women had no means of putting their wishes and ideas into practical effect. They might put practical effect on record as desirous of seeing certain changes effected in existing laws or regulations affecting the welfare of the community, but they possessed no means of getting their wishes carried out. Now, however, that they have been clothed with the franchise, and have the same voting powers as their male relatives, they are in a position to enforce any action they may deem advisable in regard to any matter, through the power of the ballot box.

Woman is no longer the negligible quantity, politically speaking, that she formerly was; and men can now only devoutly hope that she will moderate in her views, and still more moderate in her method of putting them into effect. We notice that among the resolutions to come up for consideration is one advocating the teaching of the French language in the public schools. This is a highly important question, and one that should commend itself to the educational authorities of the province. Apart from the fact that a large proportion of the people of the province speak French as their own language, a knowledge of that language cannot be otherwise than a great help to everyone, whether in business or otherwise. It is a very narrow minded view to take that a knowledge of English alone is sufficient. It may be for most purposes; but the man or woman who is equipped with a working knowledge of the French language also, stands an infinitely better chance of getting on in the world. One-half of the success of the German people was the result of the fact that her young men knew several other languages than their own. The bilingual question is a begot that no sane man or woman need fear at all; and the sooner that steps are taken to provide for the teaching of French to the children of the province the better for their future welfare.

We notice, too, that a study of the law relating to bigamy is to be recommended. It strikes us that most women will perhaps think this a little premature; for as far as we have been able to ascertain, with the great majority of women a much more pressing question than how to avoid trouble from marrying a second or third husband, is how to get hold of a first one. However, there is no harm in getting a little information in advance, and a study of the clauses of the Criminal Code relating to the subject may not be time wasted. It may be remarked in passing that bigamy is an offence that cannot be committed involuntarily; a person entering into bigamous marriage does so with his or her eyes open.

Another matter for consideration is the taxation of land values. This is something that the ladies had better leave alone, and let others who have a fuller and more complete knowledge of the many sides of the matter deal with it. How best to deal with this important matter is exercising the ingenuity of some of the most experienced economists of the time, and, with all due respect to the ladies, we doubt if they will be able to give much assistance in coming to the most satisfactory solution. The resolution urging further development of Canadian coal mining areas is a timely one. The country needs all the supplies of coal that can be made available, and the more there is produced at home, the less will we be compelled to import. There are other resolutions to come up for consideration in the course of the session, several of which relate to matters of the greatest public interest, and which may be dealt with on another occasion in these columns. The work the ladies have mapped out for themselves will doubtless be dealt with in that thoroughly determined and effective manner which women know how to adopt when they mean business.

RACE TRACK LEGISLATION.

The House of Commons, through the Speaker, lost no time in taking steps to maintain its dignity in connection with the remarks credited to the Rev. Dr. Speer at the Toronto Methodist Conference regarding some matters in connection with the bill relating to racing. Dr. Speer says he was misreported, and his explanation will have to be accepted. At the same time it is the experience of most men that there is a good deal of free speech at meetings of these various religious bodies when matters are not going just

as they would like them to go. Some of these would-be reformers are altogether too zealous, and they seem to be lacking in a proper sense of balance. It is not very long ago that one of these bodies passed a resolution condemning the sending of tobacco to the boys in the trenches, a resolution that caused such a howl of indignation throughout the length and breadth of the land that it was promptly rescinded. By what right do the religious bodies take to themselves the privilege of censoring the public morals and conduct? The Government's policy toward race-track operations undoubtedly goes as far as circumstances warrant. The restrictions on betting are severe, and are likely to cause the death of many of the smaller clubs. The limitation of pari-mutuel take-offs will take away the profiteering incentive in the operation of the tracks. The Minister of Justice explained to the House that the legislation intended to put out of business associations interested in racing solely as a money-making venture. Instead of betting being the paramount reason for race meetings it should be merely incidental.

The people who want race-track gambling abolished have no reason to be disappointed with this legislation. To the Presbyterian General Assembly delegation that interviewed him on this matter Sir Robert Borden said that the Government had gone as far as it could. There is no evidence that the people in general want racing entirely abolished. What has been needed has been elimination of the grave evils attendant on unlimited betting, on the opening up of small tracks as gambling dens, and the making of excessive profits by the owners of clubs. This the new Dominion legislation is designed to accomplish. As Hon. Mr. Doherty pointed out, trotting or pacing races are a regular feature of country fairs, and if they are allowed the principle of racing stands. There is nothing iniquitous in horse-racing itself, and Canada inherits too many traditions of British sport to be hastily moved to put a general ban upon it. There is abundant evidence throughout the country that the people want racing continued.

THE WAYS OF THE SENATE. When every now and again the Senate gets an opportunity to make a glaring mistake it does not fail to make an egregious use of itself, says The Winnipeg Telegram. It has just brayed out one of its unfortunate majorities. The Minister of Labor, the Hon. Senator Robertson, in behalf of the Dominion Government, introduced a bill into the Senate to rescind that wartime amendment to the Immigration Act which gave the Minister of Immigration summary power to deport British-born residents of Canada found guilty of sedition or conspiracy against the constitutional government of the country. This measure was imposed in uncertain times and under abnormal conditions. Its very nature, its un-British complexion, should have assured its temporary place in the statutes of the country. The Government seems to have regarded it in that light, and had its Minister of Labor prepare the necessary amendment to quash the drastic and dubious power. The Senate has defied that amending bill, which action leaves the power of summary deportation still the prerogative of the Minister of Immigration. The Senate is hyper-sensitive to the dangers which it imagines confront the country. If there be men or women plotting against the constitution, ample legal means already have been provided through which such seditious persons can be tried by a jury of their peers, and dealt with according to law. The man or woman who comes to Canada from any part of Great Britain and plots against either the fair name or the good-will of the people in this country, is of such little use to Canada that only his or her absence can be desired by all who wish to preserve the integrity of the law and the maintenance of the constitution. But, as has been said, it is not necessary to adopt unconstitutional methods, or what constitutes an un-British method of banishing those offenders. Try them, convict them, and deal with them to the fullest measure of the law, perhaps. But, as the Senate now by its majority vote insists on, to leave the law of the country to read that because a man or woman is of British birth he need not be tried according to the law, and dealt with according to justice and accepted fair play, is not a proceeding which can be viewed with equanimity, although it may once more emphasize that crazy stupidity which the older statesmen of the Senate occasionally display in their ridiculous zeal to be patriotic.

Nothing but a direct interposition of Providence prevented an appalling catastrophe at the Union Depot last night, when the iron roof gliders came crashing down on to the platforms. That no one was killed or even hurt is nothing but a miracle; how the people congregated there at the time escaped is something no one can say. One thing is clear. Someone is to

blame, and a searching investigation should at once be entered upon. We understand the dismantling of the roof is being undertaken by the Railway Department itself, and that no contractors are being employed. That fact will not lessen the responsibility for the carelessness that failed to take the necessary precautions to see that the supports were properly taken care of. The safety of the structure seems to have been left to chance, and the leaving of it was a piece of the grossest criminality on the part of those in charge.

WHAT OTHERS SAY

A Show-Down Needed. (Calgary Herald.) A political association of Canadian veterans is being organized from coast to coast. It may not be a good thing for Canada to have a veterans' association, but it is simply had to be. And the sooner we have the show-down the better for the veterans and the better for the country.

Value of Manufactures. (Toronto Mail and Empire.) A growth of 52 per cent. in the value of Canadian manufactured products, between 1900 and 1917, shows the beneficial effect of protecting our industry. Canada has more production per capita than almost any other small nation.

G. W. V. A. on Political Action. (From Great War Veterans' Association Declaration of Principles.) While as an association we recognize no political affiliation of any kind, we urge upon our membership an intelligent interest in all political matters and commend to them support such of our comrades as may from time to time present themselves for political honors, provided always that such candidate pledge himself or herself to the support of just legislation, whether originating within or without the party to which he or she may be attached.

Borrowing From Her Neighbor. (Louisville Courier-Journal.) Canada's natural wealth in wood is far smaller than that of the United States. It is less than the power of the United States to be completely independent of Canada, and other countries, in the matter of its supply of nearly all varieties of wood that are necessary for the conduct of American manufacturing enterprises. Canadian shipping and wood products to the United States ought to be an excellent example of carrying coals to Newcastle. There has been reckless exploitation of American forests.

Starving the Minister. (Minneapolis News.) "The laborer is worthy of his hire," is just as true today as it was when the words were first spoken. Can you, dear reader, think of a laborer more worthy of his hire than the pastor of your church? This doesn't mean it is worth what he gets? It means rather: Does he get what he is worth? Worth what? To you, dear reader? To the community? If he isn't getting that fair deal from the members of his congregation, you can't blame the preacher for leaving the starvation pay palpit. The blame rests upon those who, placing him in the pulpit, refuse to pay an adequate wage.

THE LAUGH LINE

Honey-moon Reading. "Ferdie jilted Maud and married another girl, but Maud had her revenge." "How?" "She sent the bride a book to read on their honeymoon—Stevenson's 'Travels with a Donkey.'" Taken at His Word. "So these are the china bargains you advertise?" "Yes, madam, and they're going for five, or eight, or ten cents." "All right, I'll take that pink dish for nothing." Identified. "This," smiled the fond young wife, as she passed a plate of pudding to her husband, "is cottage pudding." "I made it myself." The husband tasted it. "I'd have known it was cottage pudding," he returned. "Would you?" she asked delighted. "Yes," he tasted the pink and the wallpaper.

Ran Into Trouble. The brilliant wit of the bar looked at the moon-faced laborer, and winking at his friends and whispered: "Now we'll have some fun." "Have you been married?" he began. "Y-e-e-es," stammered the laborer. "How did you marry?" "A w-o-m-a-n, sir." "Come, my good man, of course, it was a woman. Did you ever hear of anyone marrying a star?" "Y-e-e-es, sir; my sister did."

How He Learned. Travelling salesman—Who do you consider the smartest man in the village? Jed Hickleigh—Postmaster. He's the smartest fellow hereabouts—speaks six languages. Travelling salesman—Learned them in college I presume. Jed Hickleigh—No, he jes kindo got on to 'em readin' postal cards.

Benny's Note Book. BY LEE PAPE. This afternoon while I was walking home school I saw Mary Watkins walking in back of me, and I walked slow and then pertended to be surprised when she came up to me, saying, O, I didn't know you was there. And I kept on walking alongside of her thinking of something to say, and after a while I said, G, its warm today, its pritty near summer, ain't it? Don't you know? said Mary Watkins. Sounding simptily as anything, me thinking, G, she must be mad about sumthing. And I kept on walking alongside of her, and pritty soon I said, Will you be glad wen its vacation? Wat do you care? said Mary Watkins. O, I don't know, I sed. Thinking, Gosh, I wonder wat she's mad at? And after we had wawked another little ways I thawt of a good thing to say, saying, G, thats certeny a pritty hat. Jest because you say it is dont prove it, sed Mary Watkins. Being a tearse anser, and I thawt, Holy smoke, gosh. And I couldnt think of anything else to say, and after a while Mary Watkins sed, Dont you know a gentlemans is apposed to wawk on the outside of a lady. Meaning on account of me wawkng on the side next to the houses insted of near the curb, and I quik got eround on the outside of her, saying, G, thats rite, I must of bin thinking of sumthing else. Being wat she was mad at, and after that she ansered me all rite wen I thawt and wen we got to her house I tipped my hat all the way off of my hed to her and kept on going home.

IRISH PLANK FAILURE. PLEASING TO BRITISH. London Greets Action of Republican Convention as Big Sinn Fein Defeat. Copyright, 1920, by Public Ledger Co. London, June 14.—Failure of the Republicans to adopt an Irish plank in the Chicago convention was greeted here today as a big Sinn Fein defeat, and it will undoubtedly cause depression in Ireland, where the republicans still look to the United States to champion their cause. Lord Northcliffe's Evening News, under an unusually large editorial heading, "No Plank," says: "As American policies are not as widely understood as they might be in this country, a brief explanation of the Republican revolutionists' rebuff to the Sinn Fein is needed. The Irish politicians in the great cities in the United States are very capable manipulators of party machinery, and as De Valera's campaign had raised millions of dollars, he and his friends hoped, with some reason, for the inclusion of an Irish plank in the Republican platform. The Republican managers know, of course, the immense weight of the Irish vote, especially in New York, Chicago and other cities, and the programmes of the party managers are constructed with a shrewd and statistical eye on the block of votes to be got by this and that plank. "Therefore, after all De Valera's well-planned schemes to obtain a declaration of sympathy with the Irish republic in the programme to be submitted to the American citizens by the Republicans, the calm manner in which the convention at Chicago ignored the subject is as severe a blow as the Sinn Fein could have suffered. The De Valera people were unable to believe the evidence of their senses when the report reached them that the entire platform had been read and that the Irish plank was missing and we can understand their dismay. "As the prophets say, the Republicans are going to sweep the country, it would have been a triumph for De Valera to have had that declaration of sympathy. The plot has failed and we, on this side, may congratulate ourselves and the state delegations at the convention on the failure."

KEATING'S. There's a Big Need for KEATING'S. IT KILLS Disease Carriers: Bugs, Flies, Fleas, Beesches. GENERAL TURNER TO VISIT ARCTIC. Will Spend the Summer at Herschel Island. Edmonton, Alta., June 15.—L. General Sir Richard Turner, V. C., who led the 2nd Canadian division in France and later commanded all the Canadian forces in England, has been caught by the lure of the far north. Sir Richard is going to Herschel island. He will leave this week on his ten week journey down the Mackenzie river. "It is just a summer outing," the general explained. "I have always wanted to see God's country up in the north, and now that I have the opportunity, I am making the most of it." Sir Richard has not yet moved his home to the West. Victoria appears to him just now, and after his visit to Africa, which he plans to do early next year, he expects to settle down in the coast city.

VISITING EDITORS AT OFFICIALLY RECOGNIZED PROVINCIAL CHAMBER. Were Given An Automobile Trip Shown Places of Interest in Chamber.

Special to The Standard. Fredericton, N. B., June 15.—New Brunswick's official welcome to the National Editorial Association of the United States, on their visit to this province, was the feature of the stay of the American editors in Fredericton from this afternoon until tomorrow morning. In the Canadian National Railway's Million Dollar train the party arrived here over the St. John Valley Railway, shortly after three o'clock from St. John, and at once started in automobiles for a drive about the city and to various points of interest, including the St. John River Log Driving Company's rafting grounds, the Canadian Cotton Mills at Marysville, the Military Hospital and Vocational School. The auto drive was commenced as soon as an informal welcome had been extended by Deputy Mayor Wilkinson, members of the City Council, Board of Trade, representatives of the Provincial Government and others. This evening the province's official welcome was extended at an official reception in the Assembly Chamber at the Parliament Buildings. Premier Foster and Dr. W. G. Crockett, M. L. A., and former Mayor of Fredericton delivered addresses of welcome to which representatives of the visitors replied. Mrs. Crockett received the guests with the Premier and an informal dance was followed by a showing of special moving pictures of big game, fishing and lumbering in New Brunswick at the Gaiety Theatre. During the evening there was a concert by the Fredericton Brass Band at Parliament Square. The party will leave here tomorrow morning for Dalhousie, where they will be the guests of the All New Brunswick Tourist Association, after which they proceed to Quebec. Premier's Welcome. In welcoming the visitors on behalf of the Province Premier Foster said: "It is a great pleasure and a very pleasant duty to extend to our distinguished guests—members of the National Press Association of the United States—a very warm welcome to New Brunswick, if only for a brief visit. Those of us who have been privileged to visit your great country from time to time, whether on business or pleasure, will know and appreciate the warm welcome that always awaits and is extended to most hospitable way. Therefore, we are most happy to be in a position this evening to reciprocate and show, in our small way, some slight appreciation of your warm American hospitality. You are not only welcome as representatives of the 'arous enterprises with which you are connected, but also as representing the great Republic to the south of us, with whom it is our privilege to live so peacefully side by side. I assure you we always take a lively interest in everything that pertains to your welfare, and there is no denying the fact that we have seen your country prosper, we have at the same time admired your ability, your pluck and your energy, which has so successfully developed your resources and worked out your destiny. With this prosperity and growth of your internal trade has also come the growth and expansion of our trade, commerce and intercourse between our two countries and this notwithstanding the fact that an unstarred barrier existed which, to some extent, whether wisely or not, I would not like to discuss here, has retarded what otherwise might have reached larger proportions. Nevertheless we have both contributed to that great expansion of business between us and it is, I am sure, the wish of all that we should continue to do business and retain those friendly relations that have existed for so many years. In extending a welcome to you to

VISITING EDITORS AT FTON OFFICIALLY RECEIVED BY PROVINCIAL GOVERNMENT

Were Given An Automobile Trip About the City and Shown Places of Interest — Reception at Legislative Chamber.

Special to The Standard
Fredericton, N. B., June 15.—New Brunswick's official welcome to the National Editorial Association of the United States, on their visit to the province, was the feature of the day of the American editors in Fredericton from this afternoon until tomorrow morning.

In the Canadian National Railway's Million Dollar train the party arrived here over the St. John Valley Railway, shortly after three o'clock from St. John, and at once started in cabs to various points of interest, including the St. John River Log Driving Company's rafting grounds, the Canadian Cotton Mills at Marysville, the Military Hospital and Vocational School.

The auto drive was commenced as soon as an informal welcome had been extended by Deputy Mayor Wilkinson, members of the City Council, Board of Trade, representatives of the Provincial Government and others. This evening the province's official welcome was extended at an official reception in the Assembly Chamber at the Parliament Buildings. Premier Foster and Dr. W. C. Crockett, M. L. A., and former Mayor of Fredericton, delivered addresses of welcome to which representatives of the visitors replied. Mr. Crockett received the guests with the Premier and an informal dance was followed by a showing of special moving pictures of big game, fishing and lumbering in New Brunswick at the Gaiety Theatre. During the evening there was a concert by the Fredericton Brass Band at Parliament Square.

The party will leave here tomorrow morning for Dalhousie, where they will be the guests of the All New Brunswick Tourist Association, after which they proceed to Quebec.

Premier's Welcome

In welcoming the visitors on behalf of the Province Premier Foster said: "It is a great pleasure and a very pleasant duty to extend to our distinguished guests—members of the National Press Association of the United States—a very warm welcome to New Brunswick, if only for a brief visit. Those of us who have been privileged to visit our great country from time to time, whether on business or pleasure, will know and appreciate the warm welcome that always awaits us, and is extended in a most hospitable way. Therefore, we are most happy to be in a position this evening to reciprocate and show, in our small way, some slight appreciation of your warm American hospitality. You are not only welcome as representatives of the various enterprises with which you are connected, but also as representing the great Republic to the south of us, with whom it is our privilege to live so peaceably side by side. I assure you we always take a lively interest in everything that pertains to your welfare, and there is no denying the fact that we have for some years looked somewhat with envious eyes upon the progress and prosperity that has marked your development; and while we have seen you grow and prosper, we have at the same time admired your ability, your pluck and your energy, which has so successfully developed your resources and broadened out your destiny. With this prosperity and growth of your internal trade has also come the growth and expansion of the trade between our two countries and this notwithstanding the fact that an unnatural barrier existed which, to some extent, whether wisely or not, I would not like to discuss here, has retarded what otherwise might have reached larger proportions. He Has Conquered His Worst Enemy

Portland Man Feels Like New Person Since Tanlac Overcame His Indigestion.

"By the help of Tanlac I have conquered my worst enemy, indigestion," said Charles C. Fildes, of 342 Boothby Square, Portland, Maine.

"My appetite was very poor," continued Mr. Fildes, "nothing I ate agreed with me, and many evenings I had severe pains in the pit of my stomach, and at times there was such a pressure through my chest that I felt like my breath was being shut off. For a number of years I suffered with indigestion, and at times the pain was so bad that I was unable to get up. One day one of these attacks struck me at my work and I thought my time had surely come. Why, it even took me an hour to get home and I didn't think I would ever get there alive.

"I saw several statements from local people about what a good medicine Tanlac was, so I began taking it myself. The first bottle helped me so much that I was able to get up more and kept on taking it until I'm now feeling fine. My appetite is better than I just want to be eating all the time, and I have lost weight and anything else I want, I never have any signs of indigestion or pains in my stomach. I'm feeling better in every way than I have in a long time, and have picked up so much strength and energy that I can do a big day's work and still feel fine when night comes. Tanlac has just straightened me all up and I'm glad to recommend it.

Tanlac is sold in St. John by Ross Drug Co., and F. W. Murray under the personal direction of a special Tanlac representative.—Adv.

year 1918, an act was passed prohibiting the export of pulp wood under Crown Lands, and when the leases expired, some years later, they were renewed subject to this provision. How far that policy may be wise is open for consideration, and the greatest amount of good, I am sure, will accrue by an open and frank discussion of the whole subject with your representatives, whom we will be pleased to receive in the most friendly and sympathetic spirit. When they come we will be delighted to meet them. The more we can together and talk these things over in a businesslike way the better neighbors the Americans and Canadians will be.

It is the hope and wish of British people, wherever they may be, that co-operation and friendship between the people of your great country and ours may be strengthened and developed, and that no cloud of misunderstanding may ever arise; that good will and affection, which has endured for so many years may continue, and that the imaginary line stretched for so many miles, many miles which separate us, may remain as it is at present unguarded.

President Albright Replies.

President Albright thanked the Premier for the welcome extended to them by the Province of New Brunswick, stating that the party had great pleasure in their visit to the province. While travelling for recreation purposes they were also on an educational tour and were very pleased to find that the Province of New Brunswick had a reputation for its pulp wood from Canada to the United States. He stated that American efforts have been made to prohibit the export of pulp wood, and I am free to admit that I have heard strong arguments advanced in support of such a policy, but it is not in the power of the Provincial Government to forbid the export of pulp wood, and the Canadian Government has never expressed the intention of doing so. He stated that certain restrictions which have been applied by this and other provinces where we are free to make our own laws with respect to our own public domain, just as your legislatures are free to do across the border. Today stand at the border where the railways cross the international boundary and you will see thousands of carloads of pulp wood grown on private lands in this province, being shipped to your country. Now, only a law passed by the Government of Canada could stop this, and no such law has ever been passed. What has been done is this, and I hope, can make myself clear: In this province we own large areas of land, in all about ten million acres, and we lease to parties who wish to use them, upon certain terms and certain conditions, acquired in by the lessees when the lease was granted. No variation has been made in the terms under which we lease our property except as stipulated in the leases, which were entered into in the year 1914, for a period of 20 years. Some years previous to this, and to be more accurate, in the

City's Welcome.

Dr. W. Crockett, ex-Mayor of the City of Fredericton, gave the civic address on behalf of the citizens of Fredericton. He referred to the President elect Will Wilke, of Tennessee, who thanked the citizens of Fredericton for their cordial welcome, and stated that he knew the President elect as of old, because many of his best friends and those with whom he associated constantly were old Fredericton people. He referred to his acquaintance with Lieut.-Col. P. A. Guthrie and Senator McKnight, a former Fredericton man, and U. N. B. graduate. He further stated that he could well recommend one former Fredericton man for the best all round citizen the Province of New Brunswick. This he stated was Charles K. Howard, who had led them in their tour of the Province of New Brunswick. He referred to the friendly relation between the nations and stated that as long as the inhabitants of the United States were English speaking people the relations between the two countries would also be amicable.

Following the addresses of welcome a short programme of six dances was carried out. Tennant's orchestra supplying the music for the dancing. Refreshments were then served, and the members of the Association and the members of the Gaiety Theatre, whose motion pictures of hunting and fishing scenes in New Brunswick were shown.

The Playground Offer Discussed

Com. Thornton's Motion That Armstrong & Bruce Offer be Accepted Was Not Accepted—Mayor Authorized to Negotiate.

At the council meeting yesterday Commissioner Thornton moved that council accept the offer of Armstrong & Bruce for property at Portland Place for a recreation ground. This motion was not accepted, but the Mayor was authorized to negotiate for lands for recreation or other purposes in the North End.

Commissioner Thornton brought up matter of providing sewerage through the Shamrock grounds, to serve 25 families.

Commissioner Jones said he would put in a sewer right away.

A bill from the Canadian Northern Electric for \$521 in connection with the fire alarm system was ordered paid.

Norman McLeod said he was now prepared to go ahead with the Douglas avenue paving at the tendered price, provided that he was given the same concessions as the Steven Company on City Road. He was able to make this proposition because he had found an opportunity to make a contract for asphalt.

Commissioner Frink said sewer pipes were not down, and curbing could not be started.

Mr. McLeod—The contract did not call for granite curbing.

The matter was laid over.

Commissioner Bullock was authorized to make needed and necessary repairs to No. 1 wharf, West St. John, estimated cost \$5,000.

Commissioner Bullock was authorized to call for tenders for 130,000 3" spruce deals, 6' wide and upwards not to contain more than 10 per cent. of fir.

600 ps. 8"x8"10" long spruce ties for the trestle on the West Side.

50 ps. 12"x12"x8" long Douglas fir sticks for tenders for No. 1 wharf.

Commissioner Thornton was authorized to purchase 450 yards of blue cloth from Manchester Robertson Allison, Ltd., for the department, fire and ferry departments at \$4.46 per yard.

Commissioner Jones was authorized to purchase two one ton Ro trucks at a price not to exceed \$5,000 for the two.

Commissioner Thornton was authorized to purchase one car of canned corn for the department at the best possible price obtainable.

An amendment to the City By-Law relating to top wharfage rates on goods raising the rate from three cents per bushel to five cents was adopted.

Commissioner Thornton moved that Commissioners Jones and Bullock be appointed revisors of the voters' list. Adopted.

OBITUARY.

A. R. Peterson.

The death of Arthur R. Peterson, 23 Elmwood street, an employee of the N. B. Power Company, occurred yesterday morning. He is survived by his wife, three sons, Herbert, Arthur and Harold; two daughters, Lillian and Marion; two brothers, James and Oscar of this city, and two sisters, Mrs. F. Ferguson of this city and Mrs. Charles Moore of Arlington, N. B. The funeral will be held on Thursday morning.

Mrs. Henry Nixon.

The death of Mrs. Henry Nixon, 305 Charlotte street, occurred yesterday morning after a short illness. She is survived by her husband, four sons, John, Henry, Archibald and William, all of this city; two daughters, Mrs. Frank Lakey and Miss Emily Nixon; and two sisters, Mrs. James Delano and Mrs. Clarke, both of New Castle. The funeral will be held on Wednesday at 2.30 from her late residence.

Edward Shannon.

The death of Edward Shannon occurred yesterday morning at the home of his brother-in-law, James Dineen, 44 Albert street, West End. He was a son of the late John and Margaret Shannon, formerly of Musquash. He is survived by three brothers, Thomas, William, Mark and Joseph, all of this city and three sisters, Mrs. Richard M. Moore and Miss Catherine Shannon, both of this city, and Mrs. Robert Connolly of Toledo, Ohio.

Bliss Ward.

Special to The Standard
Moncton, N. B., June 15.—The death of Bliss Smith Ward, chief train dispatcher of the C. N. R. occurred at 7.30 this morning at his home in this city after only two or three days' illness with heart failure. His sudden death came as a severe shock to the citizens and many friends. Deceased was a prominent figure in railway circles. He was appointed train dispatcher in June, 1915 and was well known to C. N. R. railway men all over the system. He was an energetic official and was highly esteemed by all who knew him. Deceased was born in Shelburne, March 29, 1865, and was a son of the late John Ward. He entered the railroad service in 1882 as operator at Dorchester Station. Later he was operator at Sussex and St. John, being transferred to Moncton in 1884. He was promoted to dispatcher in 1888 and in 1889 was despatcher at New Glasgow for a short time. He returned to Moncton in the latter part of 1888 and had resided here ever since, being promoted to chief dispatcher five years ago. Deceased is survived by his widow and one son, Vance R. Ward, medical student at McGill also two sisters, Misses Isabelle and Mabel, of New York, two half sisters, Mrs. Elizabeth Beal, Vancouver, and Mrs. Dr. R. D. Botsford, Moncton. In the death of Chief Dispatcher Ward the C. N. R. loses a capable and faithful official. The funeral will be held Thursday afternoon.

A man who has dined satisfactorily experiences a yearning love towards all fellow creatures.—Jerome K. Jerome.

Editors At Home In Loyalist City

Amazed in Nova Scotia to Find They Still Preserved the Old and Traditional British View of Personal Liberty.

"We felt more at home in St. John than in most of the cities of Nova Scotia," said an American journalist on the Million Dollar Special when asked his impression by a local newspaper man "I'll tell you why. Not officially, of course. Just my own view and I am not conscious in it. In Nova Scotia I was amazed to find that they still preserved the old and traditional British view of personal liberty. Of course we and you have a different version. I was astonished at the number of places in Nova Scotia where the people seemed to think that their dining rooms were not subject to surveillance. We were not very long in Nova Scotia, but would you believe it, mostly when we were invited to dine out we were offered plenty of drinks, all kinds, and good stuff too.

"How many of the party took advantage of this astonishing sort of hospitality I won't say. One of our official speech makers is a well-meaning gentleman, who does not believe in wine, or anything like that. Yet his credulity must have amazed the natives in some of the places we visited. In one town he told the strange story that Queen Victoria had once told an Indian Prince that the greatness of the British Empire was founded on the Bible. In your country you know that Queen Victoria was a woman of rare tact as well as a great politician, and the story that she would say such a thing must have caused some astonishment. Our speech-maker did not know that his strange story had been officially denied but he did not repeat it after somebody pointed out the patent absurdity of it. Most of us know that the greatness of the British Empire is founded on its tolerance of all religions, and its passion for free speech and personal liberty in its forms that to do border on license.

"In Cape Breton a gentleman told me that out west a man had been in the patent absurdity of it. Most of us know that the greatness of the British Empire is founded on its tolerance of all religions, and its passion for free speech and personal liberty in its forms that to do border on license.

"In Cape Breton a gentleman told me that out west a man had been in the patent absurdity of it. Most of us know that the greatness of the British Empire is founded on its tolerance of all religions, and its passion for free speech and personal liberty in its forms that to do border on license.

HUGO STINNES A GREAT FORCE IN GERMAN POLITICS

Controller of Sixty-Two Newspapers—Organized People's Party for Victory.

RICHEST MAN IN GERMAN EMPIRE

Estimated to be Worth \$250,000,000—Made Most of It Himself.

Berlin, June 14.—The general election for the first German Reichstag has its romance as well as its tragedy. There is tragedy in the wiping out of the Coalition Government's majority. There is romance behind the sweeping victory of the so-called People's Party, which is really the old National Liberal Party. It has trebled its vote and its representation.

This is the romance of a personal life, a man behind the scenes, Hugo Stinnes, Germany's newspaper king and multi-millionaire owner of coal and iron mines and ships and steel works and paper factories and hotels is the man who, though remaining himself in the background, raised the National Liberal Party from the grave in which it was buried when the monarchy collapsed. It was he who mainly supplied the fighting funds, who moulded public opinion by quietly buying up journal after journal, so quietly that hardly anybody knew anything about it until there came the startling announcement that he had purchased the Deutsche Allgemeine Zeitung, for long years the semi-official mouthpiece of the German Government.

Controls 62 Newspapers

Then curiosity prompted inquiry and it was discovered that Stinnes controlled no fewer than sixty-two newspapers and rumor has it that he is going to found a new daily in Berlin.

Now everybody in Germany is talking about Stinnes and not a few are asking if he is not "the man" for whom the distracted nation has been crying, the destined saviour of his country.

Well, whatever Stinnes may prove able to do for his country, he certainly has done very well for himself. Perhaps the exact extent of his worldly possessions is unknown to himself, so varied and involved are they, but one thing certain is that he is far and away the richest man in Germany—richer, too, than any woman. That has to be added because before the war, at any rate, it was Bertha Krupp who sat on the highest pile of German gold. One billion marks is the figure at which some Berlin bankers assess the value of the Stinnes properties. "Oh, marks are not money" some cynic may comment, but still a billion marks represents nominally \$350,000,000, just the amount which the other day the German Government thought of suggesting as the whole country's yearly indemnity tribute to the Allies, and by German standards Stinnes is a millionaire fifty times over.

Of his thousand million marks he made all but 9,000,000 himself—at least the latter was the value of the estate which he inherited from his father in 1897. The growth of the Stinnes fortunes at various periods has been traced by some enterprising person who examined the state income tax records.

These show that in 1904 his yearly income was between 400,000 and 500,000 marks, and four years later it had run up to 900,000. But the biggest jump, made during the war, brought Stinnes such good fortune that in the race for millions he not only overtook but left far behind his nearest rival, August Thyssen. And the latter did pretty well. Stinnes enjoyed enormous contracts for war material, especially iron and steel wares, and he also did a big business in Belgium during the German occupation.

A Belgian Annexationist

According to his critics, he took a leading part in instigating the propaganda campaign for the annexation of that country though in this connection one of them makes the caustic statement that "forethought appears to be one of Stinnes' qualities." The more his fortune grew in the war the more necessary it appeared to him not to risk everything on the card of German victory, so that in order to safeguard himself against any event he transferred, in the course of time, a considerable part of his riches to Poland.

Known as the Rockefeller of Germany, Stinnes, in his industrial scope, goes far wider than the American oil king. In addition to such prizes as sixty-two newspapers and the largest hotel in Berlin, he controls either alone or in combination with a handful of other great leaders of industry, the whole of Germany's industrial business and shipping, most of its iron and steel and practically all the Rhine-land coal.

It is this man with his immense power embodied in these possessions, who has made the National Liberals, once more a force in German politics. Along what road he wants to guide them nobody knows, but nobody supposes that multi-millionaire Stinnes wants to see his riches thrown into a communal pool.

Experience.

Sweeping his long hair back with an impressive gesture, the victor faced the proprietor of the film studio, according to a current story. "I would like to secure a place in your moving-picture company," he said.

"You are an actor?" asked the film man.

"Yes."

"Had any experience acting with out audiences?"

A flicker of sadness shone in the victor's eyes as he replied, "Acting without audiences is what brought me here."—The Christian Register.

ORGANIZED LABOR IN THE DOMINION

Ninth Annual Report by Labor Department of Canada Contains Many Interesting Facts.

The ninth annual report on Labor Organization in Canada, containing statistics, etc., for the calendar year 1919, has been issued by the department of Labor. The report deals with the advent of the One Big Union and also gives a review of the progress of the national Catholic unions in the province of Quebec. Notwithstanding these two forces, the international organizations have made a very substantial gain in their following, while the non-international bodies and independent units show losses. The figures given in the report show that trade union membership in the Dominion has reached the highest point recorded since the department commenced the publication of these annual reports in 1911, the total reported membership for all classes of labor bodies in Canada at the close of the year 1919 being 378,947. There are in all 2,847 local branch unions in the Dominion, of which 2,809 are affiliates of the international organizations, comprising 260,247 members, an increase over 1918 of 412 branches and 58,815 members; 295 local branches with 33,772 members are connected with what are termed non-international bodies, these figures showing a loss of seven branches and of 4,656 members; 29 are independent units, a decrease of 14, and the reported membership was 1,248 less than that reported in 1918; the national Catholic unions in Canada at the close of the year 1919 being 378,947. There are in all 2,847 local branch unions in the Dominion, of which 2,809 are affiliates of the international organizations, comprising 260,247 members, an increase over 1918 of 412 branches and 58,815 members; 295 local branches with 33,772 members are connected with what are termed non-international bodies, these figures showing a loss of seven branches and of 4,656 members; 29 are independent units, a decrease of 14, and the reported membership was 1,248 less than that reported in 1918; the national Catholic unions in Canada at the close of the year 1919 being 378,947.

Trade Union Membership by Province.

1911	133,132
1912	160,120
1913	175,799
1914	166,163
1915	143,163
1916	160,407
1917	204,650
1918	248,897
1919	378,947

Including all classes of trade unions operating in the Dominion, the standing by provinces is as follows: Ontario, 1,233; Quebec, 618; British Columbia, 365; Alberta, 331; Manitoba, 170; Saskatchewan, 158; Nova Scotia, 167; New Brunswick, 124, and Prince Edward Island, 8.

Benefits Paid by Central Labor Organizations.

Nearly all of the international labor organizations operating in Canada provide for the payment of benefits to members on a varying scale. The report contains a table showing the

Every 10c Packet of WILSON'S FLY PADS

WILL KILL MORE FLIES THAN 50 WORTH OF ANY STICKY FLY CATCHER

Clean to handle. Sold by all Druggists, Grocers and General Stores

Winnipeg, Man., June 16.—To educate the public against fly-walking it is probable that a vigilance committee, comprising members of the Manitoba "Safety Always" League, will be formed here. It is proposed to make the committee a widespread organization, whose members would include automobile owners and drivers as well as pedestrians.

Chapters dealing with the advent of the One Big Union and the national Catholic union movement in the province of Quebec are discussed, as are also the activities of the Industrial Workers of the World, and other important incidents in labor matters which have occurred during the year 1919.

The report serves as a directory of trade unions for the Dominion for 1920, containing as it does particulars not only of every known local trade union in Canada (including branches of international, non-international, independent, national Catholic and One Big Union bodies), but also a list of all central organizing unions, together

with the names and addresses of the chief executive officers.

TO STOP JAY-WALKING.

Winnipeg, Man., June 16.—To educate the public against jay-walking it is probable that a vigilance committee, comprising members of the Manitoba "Safety Always" League, will be formed here. It is proposed to make the committee a widespread organization, whose members would include automobile owners and drivers as well as pedestrians.

MASTER MASON always makes a hit wherever sportsmen congregate. It's a great Smoke—the ideal Smoke for the great outdoors.

is made from choice tobaccos, fully matured, scientifically blended and pressed into a solid plug so as to preserve all the natural moisture and fragrance of the natural leaf.

Say MASTER MASON to your dealer—he knows

Price 20 cents Everywhere.

A Grade for Every Type of Motor

IMPERIAL Polarine provides good lubrication for all types of motors and all motor parts. Extreme high engine heat does not affect its body—exactly the right body to seal in compression, conserve power and get the most from fuel. It burns clean.

Imperial Polarine coats and cushions each moving part and follows through at every joint and rub. Reduces wear, makes each part function smoothly and ensures long life and service to your motor.

When you stop for oil ask to see the Imperial Polarine Chart of Recommendations, which shows the right lubricant for your car. It is on display wherever Imperial Polarine is sold.

Gallon and four-gallon sealed cans, steel kegs, half-barrels and barrels. Buy by the barrel and half-barrel and save money. For sale by dealers everywhere throughout Canada.

DISCOURAGEMENT ATTENDS MARKET

Action of the Money Market Likely to be Disturbing Factor for a Few Days.

(By F. B. McCurdy & Co.)
New York, June 15.—Republican sentiment has become more cheerful after further consideration, and business and industrial leaders predict that Senator Harding will grow in appeal to the voters as the campaign progresses.
A general dock strike for Monday June 28, is threatened by the Longshoremen's Association if the business interests persist in their efforts to maintain an open shop.
The action of the money market is likely to be disturbing for the next few days, as the clearing and distribution of funds from tax payments and bond interests disbursements take place, but towards the end of the week this should be fairly accomplished and a condition of fair complacency ease restored.
The weakness of the market yesterday appeared to be due more to the absence of any buying demand than to heavy selling pressure.
The result at Chicago simply failed to stimulate optimism as had been hoped and those that had figured on a stimulus from that source apparently let their stocks go.
Nevertheless the situation does not contain much immediate uncertainty, and it seems that very little can be expected along that line.

STEEL ISSUES SHOWED LIFE

(McDougall & Cowans)
New York, June 15.—The steel issues showed some strength in the afternoon, especially the Bethlehem Steel and R. C. Crucible was an exception, being weak although it received a small part of its morning loss.
A few other industrials made gains or losses of a point or two, and during the latter part of the session, the Ralls did quite a little better. On the whole, the day was not very active, but the steel issues showed a little more life than last night, and the whole day's business was more active than the previous day.
The steel issues showed a little more life than last night, and the whole day's business was more active than the previous day.
The steel issues showed a little more life than last night, and the whole day's business was more active than the previous day.

GENERAL PRICE LIST SAGGING

Paper Issues Only Ones to Show Any Semblance of Life.
Montreal, June 16.—Prices in the general list on the local stock exchange today continued the sagging tendency begun at the week-end except in the case of the paper issues, viz. Brompton, Spanish River, Laur-outide and Wayagmack, which were stronger features. Brompton put on a further 3 points and held the high at 140. Spanish River jumped 3 1/2 points to 146 1/2, and the preferred rose up two points at 146. Laurentide rose two points to 107 1/2. Wayagmack opened 2 1/2 points down at 110 and then ran up to 116.
Cotton and allied stocks were also strong with gains of from 2 1/2 to 1 1/2 points and none showing a decline.
Merger stocks were neglected and weaker Steamships got figuring and Dominion Steel lost two points at 63 and the preferred 1 point at 77 1/2.
In the Banks, Montreal rose 3 points to 192 and Montreal lost 3 points at 197.
Substantial losses were scored in Asbestos common down three points to 85 and a loss of 12 points which marked in Goodwins preferred on a sale of 25 shares at \$3. Sugar was also down 1 1/2 points at 116 1/2.
Total trading, listed 19,921; bonds, \$20,900.

TORONTO GRAIN QUOTATIONS

Toronto, June 16.—Manitoba oats, No. 1 feed, \$1.24 1/2; No. 3, c. w. \$1.20 1/2; No. 1 feed, \$1.37 1/2; No. 2 feed, \$1.36 1/2; extra No. 1 feed, \$1.38 1/2; Fort William in store.

MONTREAL TRADE IN HEAVY SLUMP

Brompton the Most Active Stock on List Yesterday—Whole List Showed Easier Tendency.

(By F. B. McCurdy & Co.)
Montreal, June 15.—Trading on the local market fell off rather sharply this morning, total shares amounting to but \$352. Brompton was the most active stock on the list and the only stock contributing as much as 1000 shares. Towards the close, trading became quite dull. The market was almost featureless and no announcements of importance were made. The Pulp and Paper group again attracted most attention and the Spanish River stocks were the firmest. Wayagmack was one of the weakest issues. Brompton was traded in quite extensively and the fluctuations were fairly wide. Riorion was dull and easter Laurentide sold mostly at 105 being a couple of points down from the recent top. Abitibi marked time. The Pulp and Paper group is acting as well as could be expected in view of the recent sharp advance and the present dullness. Brazilian fell off to 45.
This probably representing disappointment over the decision not to declare a dividend at the present time.
Other Public Utilities were unchanged.
Notwithstanding the important events transpiring with respect to British Steel Corporation, there was practically no trading in the stock of the company and the tendency of prices was on the easy side. Asbestos issues after their recent strength eased off slightly with the common at \$7 and the preferred at \$4.
The whole list showed rather easier tendency. The course of New York funds in Montreal is being watched with considerable interest. This morning the price was 153-16 premium being a little under the recent top.
COTTON MARKET
QUITE UNCERTAIN
New York, June 15.—The bulk of the buying today, was attributed to short covering. Professional traders who had sold early on the weather and Manchester news, found few contracts offering when they attempted to cover. There is a little more bearing on the part of the market among the many traders now, which accounts for the stronger technical position and the sensitiveness of a nervous market to the least sign of unfavorable weather conditions seems to revive the fear of another short interest, and it is felt that end of this month the crop will only be entering the most critical period of the growing season. However, weather conditions continue very good and it is doubtful if there is any broadening of outside demand under the circumstances.

THE PROFESSIONAL ELEMENT ACTIVE

Took a Strong Hand in Specialties, Embracing the Chemical Division, Where Gains Were Recorded.
New York, June 15.—The only noteworthy feature of today's stock market session was the relative ease of money. Call loans ruled at seven per cent, regardless of the enormous transfers of cash incidental to payments of income and excess profits taxes. Time money was notably unaltered, but a canvass of leading banks and other lending institutions failed to disclose more than meagre offerings. These loans were mainly in the form of mid-year renewals for thirty-six days.
Stocks derived their sole support and occasional upward impetus from pools, the professional element being unusually active in specialties embracing the chemical division, where gains attained substantial proportions. Higher quotations for independent steels and kindred equipments were traceable to the same influence. Their purchase proceeded in part from the belief that the result of the Chicago convention favors the steel industry.
Crucible Steel was a conspicuous exception to the general industrial list, at one time showing a loss of about ten points under constant hammering, but recovering almost half its loss when pressure relaxed.
Better advice respecting the Mexican situation restored part of yesterday's loss in that branch of the old group, motors also making moderate gains with shippings. Ralls owed their perfunctory rally to favorable crop prospects and unofficial denial of recent adverse dividend rumors. Sales amounted to 335,000 shares.
There was a marked decline of dealings in the bond market, prices in general ending early including Anglo-French issues comparatively steady. Total sales, par value, aggregated \$11,650,000.
Old United States bonds were unchanged on call.

GROCERY MARKETS

(Canadian Grocer)
The markets generally are firm with the usual weekly advances registered on some lines of commodities. There is no indication that the wheat crop is coming down. Sugar supplies are scarce and the grain market is extremely strong. Business, however, is reported to be very quiet with adjustment of prices caused by the fixing of the luxury and sales tax.
Montreal.—Summarizing the market, the week there is very quiet with the general tone is strong, with a reasonable demand. The price of meats is unchanged except that the price on cooked hams is higher. The price of eggs, butter and cheese is unchanged, but the supply is very good.
The sugar market is exceedingly strong and present quotations are only nominal. There is a decided break in the price of walnuts. Canned peas, tomatoes, corn, are quoted higher as the supply is very low. There is no change in the price of either tea or coffee, but the market continues strong. Vegetables are in very good supply and the price is even lower this week. The fruit market is unchanged. There is another rise in the price of wrapping paper, and soap chips are slightly dearer.
Toronto.—The trend of all grocery markets is upward, with advances registered on margarine, chocolate, tobacco, wrapping paper, chocolate bars, and maple butter. The situation in the sugar market is unchanged. Granulated sugar is scarce, but wholesalers are concerned, but retailers are fairly well supplied. There is a strong market for molasses. Barbadoes is in scant supply and quotations are high; ordinary molasses is also in a firm market and quotations are likely to be higher. The strong condition of the grain market tends toward higher prices on cereals; the demand, however, is very quiet. Ten importers are having difficulty in procuring tea showing quality; the cheaper, lower grade, for which there is very little demand, is plentiful; the finer grade tea, however, is scarce in a firm market. Peanut butter and salted peanuts are reduced in price. Extracts have advanced 2 1/2 to 3 cents per dozen. This is due to the fact that the market for dried fruits is steady with the exception of figs. In some quarters figs are being quoted to the trade at less figures than the original cost to jobbers. The unsettled condition manifest on nuts is causing all varieties to sell at a premium. The reason for this is that importers have had their orders doubled, with the result that stocks of nuts are far in excess of what they show to be at this season. The rice market is unchanged; the improvement noted on shipments of rice last week is maintained and all varieties are well represented. Vegetables are arriving freely. Quotations on old potatoes are lower. The first crop of watermelons is due to arrive this week, but prices are high. Other fruits are plentiful. Fresh pork cuts have advanced one cent per pound. Suet and cooked hams are also higher. The egg market

MR. GEORGE E. BUNTING, Newly Appointed Australian Manager of the Canadian Government Merchant Marine, Limited.

Mr. Bunting began his transportation business with the Grand Trunk when nineteen years of age. Later he was with the Lehigh Valley at Buffalo and afterwards with the Canada Atlantic Railway at Ottawa. He became traveling freight agent for the Allan Steamship Company when the Canada Atlantic Railway was absorbed into the Grand Trunk System, and in 1913 was promoted to the general agent of the Allan Steamship in Chicago, where he remained until 1917.
When the "National" Merchant Marine was organized, Mr. Bunting was made general agent for Ontario. Last December he was sent to Australia and New Zealand to organize agencies for the Canadian Government Merchant Marine, his appointment as Australian manager following his work in that connection.

J. H. RAINVILLE, K. C., President of Argonaut Gold, Limited, who has just issued an official statement from the head office of the company at Montreal, in which he reports the discovery of rich ore bodies at the Argonaut gold mine.

The new vein is three feet wide and carries an average value, as shown by mill tests, of \$35 per ton.
The discovery of rich ore bodies at the Argonaut gold mine is a most important event for the company. The new vein is three feet wide and carries an average value, as shown by mill tests, of \$35 per ton.

LAURENTIDE IN DIVIDEND

Montreal, June 15.—Directors of Laurentide at the present time are declaring an 1 1/2 per cent on the common stock of the company, for the quarter ending June 30th, payable July 2nd to shareholders of record June 23rd.
This is the usual dividend on Laurentide, and its declaration is of peculiar interest at the present time in view of the expectation that before a great length of time the dividend on Laurentide will be considerably increased. The recent advance in Laurentide stock may have occasioned hopes in some quarters of an immediate increase in the dividend, though no mention of any expectation has been heard in responsible quarters or in quarters closely associated to the company. It is generally thought, however, that many more dividends will be declared at the present rate.
The butter market is firm. Shortening, hard, margarine and fish are unchanged.

RAIL ISSUES LOOKING BETTER

(F. B. McCURDY & CO.)
New York, June 15.—The market hardly moved this afternoon, and the morning gains were maintained at the close. The Railroad stocks continued their better action and apprehension of further dividend reductions were not so acute. The Rock Island preferred dividends were declared as usual, and the opinion is expressed that the Northern Pacific regular declaration will be made at the meeting on Thursday. Money remained at seven per cent, the renewal rate was not a factor as necessities were understood to have been filled this morning.

MAKING CANVASS FOR DOM. PROXIES

Montreal, June 15.—A fairly active canvass for proxies for the Dominion Steel meeting is being made on the local street. The different firms proxy brokers have been called on in connection with the proxies which they have made for the meeting. The adjournment of the annual meeting has been made until Friday and, even though the time is short, every endeavor is being made to get as large a representation of the stock of the company as possible, either by having shareholders attend the meeting or by sending in their proxies.

GOLD OUTPUT IN ONTARIO

Toronto, June 15.—Official figures, which show an increase of 46 per cent in the gold output of Ontario for the first quarter of 1920, as compared with the first quarter of 1919, offers a good idea of the important proceedings being made at the gold mines of the province, notably at Porcupine and Kirkland Lake. That such an achievement should be recorded under stress of economic conditions which prevail seems an augury well for the gold mining industry, especially when the cost of material becomes adjusted. In regard to both gold and silver mining in Ontario, Northern Ontario, there appears to be ample reason for optimism.

ATLANTIC SUGAR IN DIVIDEND

Montreal, June 15.—The official announcement is made of a declaration by the directors of Atlantic Sugar of 2 1/2 per cent on the preferred stock, and an additional dividend of 1 3/4 per cent, applicable to arrears, payable July 2nd to shareholders of record June 21st.
With the declaration of this additional dividend on the preferred, the company is continuing the policy of paying out the arrears on the first of the year. On July 1st, 1919, the company owed to preferred shareholders dividends to the amount of 35 per cent, so that deducting these arrears on the preferred stock of Atlantic Sugar now amounts to 29 3/4 per cent.

THE TITLES OF STAFF OFFICERS

Under the reconstruction of the permanent force, the titles of the staff officers in the various military districts throughout Canada have been slightly changed, with a view, it is understood, to adopt the titles used during the war. Under this system Lieutenant-Colonel A. H. H. Powell, assistant adjutant-general, is now assistant adjutant and quartermaster-general of this district.
Several other appointments appear in routine orders as follows:—Acting Lieutenant-Colonel A. G. Lawson has been appointed captain and brevet major in the reconstructed Royal Canadian engineers; Lieutenant B. M. Burns has been promoted to the rank of captain; Captain J. A. McCarthy, superintendent of the D. S. C. B. hospital at Lancaster, has been appointed a captain in the Royal Canadian regiment army medical corps; Captain and Brevet Major M. J. Amond to be a major in the pay corps.
The following order has also been received with respect to the wearing of medals:—Regarding the foreign commemorative war medals by the institution of the Victory medal, all interchange of such medals have been obviated and permission to wear these cannot be granted. Permission may be granted only to those whose names have appeared in the London Gazette as having been awarded distinctions. In respect of which the Gazette also gave permission to wear.
The following officers have been appointed to the reserve of officers:—Major F. B. Young, Major Malcolm Mackay, Lieutenant Orin Alonzo Reid, Lieutenant George H. Vanverbeek, and Lieutenant J. M. Lamb.

FINANCIAL NEWS

CONTINUED.

MARKET MAKES SHARP RECOVERY

Stock Traders Taking More Kindly to Harding's Nomination.

(F. B. McCURDY & CO.)
New York, June 15.—Traders were allowed to sell stocks through first half hour, but then substantial orders appeared and there was a sharp recovery. Barrett and Antline led the advance, the former being up 1/8 at 139, and Antline up nearly four at 11 1/4. Morgan plans involving these two concerns are understood to be progressing favorably.
It is said Barrett will go into combination at a figure well above \$160 a share, and National Antline preferred around \$110. Wall Street bankers who know Harding, say that within next two months the public will come to a realization that he is the right man for President's chair. He is level headed, the type of man who will appeal to intelligent working classes, the farmer and general public. He is a good campaigner, has a good personality and yellow journals will despair in their efforts to find material for mud tactics. His life has been clean and he has been constructive in all his efforts. One banker says Harding is a whitewash campaigner and his popularity will increase 100 per cent. after his first public speech.

GOLD OUTPUT IN ONTARIO

Toronto, June 15.—Official figures, which show an increase of 46 per cent. in the gold output of Ontario in the first quarter of 1920, as compared with the first quarter of 1919, offers a good idea of the important proceedings being made at the gold mines of the province, notably at Porcupine and Kirkland Lake. That such an achievement should be recorded under stress of economic conditions which prevail seems to augur well for the gold mining industry, especially when the cost of material becomes adjusted. In regard to both gold and silver mining industry of Northern Ontario, there appears to be ample reason for optimism.

ATLANTIC SUGAR IN DIVIDEND

Montreal, June 15.—The official announcement is made of a declaration by the directors of Atlantic Sugar of 1 3/4 per cent. on the common stock, and an additional dividend of 1 3/4 per cent. applicable to arrears, payable July 2nd to shareholders of record.
With the declaration of this additional dividend on the preferred, the company is continuing the policy of "whiting out" the arrears since the first of the year. On July 1st, 1919, the company owed to preferred shareholders dividends to the amount of 35 per cent., so that shareholders who had three extra dividends, the dividends in arrears on the preferred stock of Atlantic Sugar now amounts to 29 3/4 per cent.

THE TITLES OF STAFF OFFICERS

Under the reconstruction of the permanent force, the titles of the staff officers in the various military districts throughout Canada have been slightly changed, with a view, it is understood, to adopt the titles used during the war. Under this system Lieut-Colonel A. H. H. Powell, assistant adjutant-general, is now assistant adjutant and quartermaster-general of this district.
Several other appointments appear in routine orders as follows:—Acting Lieut-Colonel A. G. Lawson has been appointed captain and brevet major in the reconstituted Royal Canadian engineers; Lieut. E. M. Burns has been promoted to the rank of captain; Captain J. A. McCarthy, superintendent of the D. S. C. R. hospital at Lancaster, has been appointed a captain in the Royal Canadian regiment army medical corps; Captain and Brevet Major M. J. A. Amund to be a major in the pay corps.
The following order has also been received with respect to the wearing of medals:—"Regarding the foreign commemorative war medals by the institution of the Victory medal, all interchange of such medals have been omitted and permission to wear these cannot be granted. Permission may be granted only to those whose names have appeared in the London Gazette as having been awarded distinctions in respect of which the Gazette office gave permission to wear."
The following officers have been appointed to the reserve of officers:—Major F. B. Young, Major Malcolm Mackay, Lieut. Orin Alonzo Reid, Lieut. George H. Vanverban, and Lieut. J. M. Lamb.

FLOUR AND FEED MARKETS DULL

Very Little Demand Except for the Lower Grades of Flour.

Special to The Standard.
Minneapolis, Minn., June 15.—The Northwestern Miller's weekly review of the flour trade says the flour and feed markets are uniformly dull with little demand, except for the lower grades of flour, and mills generally are not pressing sales, feed prices are slowly falling, but are still only about a dollar and a half per ton lower than the record high point four weeks ago.
Flour prices dropped sharply the first part of last week but recovered later, and are now only about twenty-five cents per barrel lower than on June 15th. Opinions are sharply divided as to what wheat and flour prices will do next month after the new crop begins to arrive. The output continues fair for this season, which is normally winter wheat mills reporting last week an output sixty-three per cent of capacity, the Ohio Valley soft winter wheat mills forty-four per cent and the spring wheat mills, forty-five per cent.

FIRE DESTROYS VALUABLE MILL

The Modern Lumber Mill of James Robinson, Situated at Newcastle, a Mass. of Ruins.

Newcastle, June 15.—A mass of twisted iron and smoldering ruins is all that remains today of one of the best saw mills on the North Shore. The mill of James Robinson, built last year at a cost of about one hundred thousand dollars and employing one hundred hands, was totally destroyed by fire which broke out about four o'clock. The cause of the fire is unknown, but when discovered by the watchman, the whole interior of the mill was a mass of flames, and before an alarm could be sounded the fire had collapsed. The flames, by heroic efforts, kept the flames confined to the mill, and a few piles of lumber on the main lumber yard prevented it reaching the main lumber yard where several million feet of cut lumber was piled. The Morrissey bridge was also saved from destruction after it had been ablaze time and time again. Practically every fireman Robinson was burnt, due to the intense heat, some quite severely.
Mr. Robinson is at present in Montreal on business, and word of his loss has been sent him by wire. The property is partially covered by insurance, most of which is placed through St. John agencies.
The residence of James Hachey, sr.

BRAZILIAN MOVE IS DISAPPOINTING

No Immediate Declaration of Dividends to Shareholders of Common Stock.

Montreal, June 15.—The local street seems not to be looking forward to an immediate declaration of dividends to shareholders of common stock of Brazilian traction, and the statement, made yesterday, that the directors would not take any action at this time was accepted as representing the situation. The stock seemed generally around 44.
While there will naturally be disappointment over any further delay in the matter of dividends, it is recalled that announcements emanating from London recently were quite confusing, and, in any event, did not go to support the theory that a dividend would be declared at this time. Furthermore, the possibility of additional financing was mentioned. Details concerning the latter were entirely lacking, but in some quarters, it was thought possible that such financing, if any, might be contingent upon payment of dividends. Upon such a theory, the failure to pay dividends might have its compensation in the long run.
Another feature from which shareholders may draw a certain amount of consolation is contained in a statement heard to the effect that, when the dividend does come, it may start at the rate of 5 per cent instead of 4 per cent rate which was expected. It is added that this 5 per cent declaration may be made six months hence.

HIGHER MARKET FOR PAPER STOCKS

(McDougal & Cowan.)
Montreal, June 15.—The market was quiet and uninteresting during the greater part of the morning session, prices in the majority of cases showing recessions from yesterday's levels. Towards the close of the morning session Brompton rallied sharply, and during the recess there was an accumulation of buying orders which resulted in a brisk and active demand for all the Paper securities. Advances of from two to four points were recorded, and the best prices of the day were made right at the close. It looks as though some special inducement will be needed to get the speculative public away from the Paper stocks, and present indications point to an active and higher market for these securities.

A direct line of steamers from Montreal to ports in the Red Sea, East Indies, the Straits Settlements and Java, to be known as the Tiram-Bucknell Canada-India-Java Service, was announced on Saturday by the New Zealand Shipping Company, Limited, who have been appointed Montreal agents of the line. The first sailing from Montreal will be the British steamship, Katon, 8500 tons deadweight, which will sail from that port about the end of July, and this will be followed up by the steamer Romo towards the end of August, the ports of call being Port Said, Port Sudan, Aden, Bombay, Colombo, Singapore, Batavia and such other ports as inducements may offer. Thereafter the new service will be maintained by other regular sailings every three to four weeks as trade requirements may demand.

New Zealand Boat.

For the benefit of intending travellers to New Zealand and Australia, it is announced by the New Zealand Shipping Company, Ltd., that the steamer Kalkora, which will be sailing from Montreal for New Zealand and Australian ports about July 25th, will have accommodation for a limited number of second-class passengers. It is explained that while this accommodation is designated as second-class, as it is the best the vessel affords, it is really first cabin.

THE WEATHER.

Toronto, June 15.—Pressure is low tonight over the greater portion of the continent and lowest in Iowa. Rain has fallen today over the greater portion of Ontario and heavily in Northern Saskatchewan, while a few local showers have occurred in the Maritime Provinces.

AROUND THE CITY

NOT SERIOUSLY HURT. Armour Chestnut, who was struck on the head by a ball at a recent game, is recovering rapidly.

THREE DRUNKS. Three drunks arrested at a late hour last night brings this morning's police court docket up to eight prisoners all told.

HAVE STARTED WORK. Preliminary work in connection with the paving of Prince William street and City Road have been started.

EAST ST. JOHN FIRE. A large bank house which was used for lodging a number of the workmen at the Courtenay Bay works caught on fire and was burned to the ground about seven o'clock last evening.

YESTERDAY'S ARRESTS. Joseph London was given in charge of the police yesterday by Mr. John Bryant who states that London arrested her on King street. The prisoner is also charged with being drunk. Two other men were taken into custody for drunkenness.

STRUCK BY CAR. Another Main street automobile accident occurred yesterday morning at 9:30 when Mrs. Elizabeth Duff was struck and knocked down by a Ford car. Fortunately Mrs. Duff's injuries did not prove serious and the ambulance was used merely to convey her to her home on Chubb street.

A BAD COLLISION. Yesterday afternoon about three o'clock a motor delivery truck owned by Emery Brothers took matters its own way on Prince William street and crashed into a horse and carriage driven by Bernard Clark. The carriage at the time was standing in front of the Imperial Oil Co. office and when struck by the car was driven up on the sidewalk and a couple of the carriage wheels were broken.

IS IMPROVING. The many friends of Rev. R. H. V. Pinkett, pastor of the St. Philip's A. M. E. Church, and delegate to the General Conference held at St. Louis, Mo., will be glad to learn that his condition is somewhat improved.

Exhibition Assn. Executive Meeting. Decided Last Evening to Give Donation to Arts Committee to Have Loaned Paintings Exhibited—Committee Reported Progress—Prize List Ready.

A meeting of the Exhibition Association Executive was held last evening with E. J. Terry in the chair. Among the items of interest was the decision to give a donation to the Arts Committee for the purpose of bringing to St. John an exhibit of loaned paintings.

The Amusement committee reported having closed a contract for a splendid programme of fire works which will include several new features and one of the best programmes ever produced.

The building and grounds committee who spent the better part of the morning going over the plan, reported that the work was going along well and much progress was being made in restoring the buildings and stated that everything would be ready for the opening in plenty of time.

A cash offer was made for the tea room privileges formerly conducted by the Local Council of Women, but this matter was laid over for a week to give any others a chance to submit a figure for the same.

The prize lists came off the press yesterday and were submitted to the executive for their approval and found correct. These will be mailed in the course of a few days to the parties interested.

ROOF OF UNION DEPOT TRAIN SHED COLLAPSED; MANY PERSONS NARROWLY ESCAPE DEATH

Thomas Shea, brakeman of Fredericton Express, Had Leg Fractured—Few Other Persons Slightly Injured—Heavy Steel Girders and Stout Iron Stays Fall on Top of Express Trains, Imprisoning Cars in Network of Wreckage—Passengers on Fredericton Express Badly Frightened—Miracle That Many People Were Not Killed—Fire Alarm Sent in—Thousands of People Attracted to Scene.

A terrible catastrophe, which is almost too horrible to think about might have happened about six fifteen o'clock last evening when the greater section of the roof on the Union Depot train shed collapsed with a tremendous crash and tons of heavy steel girders and stout iron stays fell over the passenger cars and on the floor and tracks of the shed.

Immediately after the wreck a gang of about seventy-five laborers were set to work clearing up. Late last night quite a number of the girders and stays had been removed off the top of the cars. The men worked all night long, and it will be some time this morning or this afternoon before all is clear and the imprisoned cars can be hauled out of the shed into the yard.

Excitement On Ferry Steamer. Automobile Started Last Evening, Ploughed into Passengers, Knocked Women Down, No One Injured.

Prohibition Headquarters. Secretary Frank Ham and assistants may be found daily at Congregational Church, 109 Union Street, ready to provide information in reference to the Referendum Election, July 10th.

No Return To The Open Bar. Defeat of Present Prohibition Act Means New System of Government Control and Death to the Bootlegger.

The Dog Escaped. In a crate on one of the trucks was a large bull dog. A heavy piece of steel crashed through one end of the crate and in an instant the dog with a wild yelp made a leap and run out of the crate and was not rounded up until some time later.

Trains Away on Time. When the railway officials learned that only a couple of persons had been injured, the forward sections of the Fredericton and Maritime express trains were hauled away from the train shed to side tracks.

One of the workmen speaking about the roof last night said that every time yesterday that a train would pass by the shed the roof would shake but he had no idea that it would collapse.

On Sunday last a heavy crane was set to work clearing up. Late last night quite a number of the girders and stays had been removed off the top of the cars. The men worked all night long, and it will be some time this morning or this afternoon before all is clear and the imprisoned cars can be hauled out of the shed into the yard.
