distressing accident occurred on Water Street near the  
Company's store on St

A young son of Mr. A. J. Fraser, 1006 S. 1st St., was struck by a car on the corner of 1st and Main streets at this point and was taken to the approaching car. The car struck on the leg and the driver was some distance by the impact. The little lad's face was bruised and two small bones in his leg. He was rushed to the Memorial Hospital for medical treatment. An X-ray of the leg revealed the extent of the injury. The leg of the injured member was in bad shape for several days before it will be set. The bones are well set and the little fellow is getting on his feet. He will be up for several months.

THE automobile as a productive factor in Canadian business has proved of greater value than any other single invention. By shortening distances and time, the automobile brings buyer and seller together more quickly, conveniently and economically than any other means of transportation.

The automobile has increased man's earning power many times over. And Chevrolet, the lowest-priced quality car in the world provides this efficient transportation at a lower price per mile than does any other car built.

Continuous daily service under difficult conditions only proves the complete dependability and stamina of this practical car.

In appearance Chevrolet does credit to any business house or professional or private person. In appointments and equipment it is as complete as the most discriminating owner could wish.

A steady increase in the volume  
of wheat exports from Canada is  
noted in the monthly statement is-  
sued by the Bureau of Statistics.  
In April, 1924, 6,086,405 bushels in  
all were exported, as against 5,148-  
204 in April, 1923. Included in these  
figures are 22,886 bushels sent to  
the United States, 2,972,480 to the  
United Kingdom and 3,080,921 to  
other countries.

Approximately 80 per cent of  
Manitoba's wheat acreage has been  
sown, despite the general lateness  
of work on the land occasioned by  
unfavorable spring weather. Prac-  
tically every district correspondent  
reports a reduction in the wheat  
acreage, with corresponding in-  
crease in that barley and flax acreage,  
in particular, will be increased.

Alberta provided the bulk of the

to a statement made by the  
general manager of the Association.  
Ontario growers took second place,  
with 836,076 pounds, followed by  
Manitoba—Saskatchewan, 459,583  
pounds. Sundry shipments totalled  
246,899 pounds.

The value of the building permits  
issued in 56 Canadian cities showed  
a large increase during April, as  
compared with March, 1924. Repre-  
sentative cities authorized buildings  
to the value of \$12,947,269, as com-  
pared with \$9,182,763 in the pre-  
vious month. Nova Scotia, Quebec,  
Ontario, Manitoba and New Brun-

**OUR NEW BRUNSWICK FORESTS**By  
Myra J. WallaceCopy of the Essay Which Was Awarded the Restigouche  
County Prize in the Provincial Essay ContestSoft green grass; tall, stately,  
bristling spruces and firs and near  
by a gurgling stream.A brown rabbit hops into the  
clearing site up and seems to smile  
at the robin chirping its best solo to  
the summer day.Above the singing of the brook  
can be heard the sharp tap, tap of a  
woodpecker. Suddenly, the brown  
rabbit scampers away, the robin  
ceases chirping and the brook seems  
to flow faster as there is borne on  
the cool air the sound of harsh  
voices. Soon two men appear with  
fishing tackle and guns. Having laid  
down their haversacks and other  
luggage, they build a fire at the base  
of one of the tall spruces. Then  
leaving the fire burningone turns up the stream with fishing  
rod while the other goes off into the  
wood with a small ax. The fire burns  
steadily on, ever leaping and jump-  
ing, fanned by the light breeze.  
Each flame seems to surpass the  
other, each trying to reach the low-  
est branch of the sturdy spruce. At  
last with the aid of a little puff of  
wind one flame succeeds and the  
branch catches, so does the next and  
the next until that one flame has  
multiplied itself thousands of times  
and the stately spruce is crumbling  
and toppling over, while the once  
little flame leaps to its next victim.  
From limb to limb, from tree to tree  
and from acre to acre, leaving in its  
wake terrible destruction. Charred  
blackened, ruin as far as the eye  
can reach. These, the desolate ghosts  
of the wonderful, verdant forest of  
yesterday.How often each year does this  
same thing happen in New Brun-  
swick? How can we stop it? What  
will happen if we don't? These are  
questions which every good citizen of  
our province should ask himself.People do not seem to realize the  
importance of forests to New Brun-  
swick when a fire occurs in the  
near vicinity there are a few excla-  
mations of horror at the loss of Mr.  
So-and-so and then it is promptly  
forgotten for some more interesting  
subject. Yes, we are all sorry for  
Mr. So-and-so; but the latter does  
not own all the forests which are  
burned every season in New Brun-  
swick. Who does then? The govern-  
ment does, and through these govern-  
ment forests there is collected  
each year over one million dollars.Do we benefit by this vast amount of  
money? We certainly do; for where  
do we get our bridges, good roads  
and high standard schools? We get  
them from the revenue money col-  
lected from Crown Lands.When Crown Lands are burned does  
each man and woman of New Brun-  
swick

realize that his or her property  
is being burned? That this is his or  
her loss as well as the government's?  
Few people know that in New  
Brunswick the forest industry gives  
employment to ten thousand men  
and pays out over five million dollars  
each year in wages.

If fires occur as often every  
summer as they have been in past  
years naturally it will not be long  
until New Brunswick will be stripped  
of one of her best assets; her  
lumber, her beauty and a great part  
of her revenue. So it is up to every  
loyal citizen of this province to do  
his or her best to aid the government  
and befriend nature.

Citizens! Stop! Look! Listen! and  
be prepared.

**Here and There**

A party of 50 Australian boys  
will be the guests of the Exhibition  
at Toronto from August 30th to  
September 3rd. They are public  
school boys from all parts of Aus-  
tralia and their visit to Toronto will  
be made on their way home from  
the British Empire Exhibition.

British Columbia is now the third  
manufacturing province of Canada,  
with 2,673 manufacturing establish-  
ments, over 41,000 employees,  
invested capital amounting to near-  
ly \$25,000,000 and a value of  
products of approximately \$260,  
000,000, according to Government  
statistics.

New Brunswick in 1923 produced  
more coal than at any other time  
in her history. The output for the  
year exceeded that of 1922 by more  
than 12,000 tons and amounted to  
251,091 long tons. It is estimated  
that this industry creates a value  
of over \$1,000,000 annually, most  
of which goes out in supplies and  
wages for the benefit of the  
province.

What will probably be the last  
big round-up of horses in the West  
will take place shortly in the range  
country, south-east of Calgary, Al-  
berta, for the purpose of clearing  
a range of stray horses. The  
horses will be gathered in one cen-  
tral corral, where owners may  
claim their animals. It is antici-  
pated that about 10,000 animals  
will be secured. The Department  
of Agriculture is supervising the  
arrangements.

Unstinted praise from prominent  
citizens and the press of Alberta is  
given the Canadian Pacific Railway  
in connection with the Company's  
recently announced branch line con-  
struction program, affecting the  
southern portion of the province.  
C. R. Mitchell, member of the Pro-  
vincial Legislature for Bow Valley,  
describes the announcement as the  
most important made in many  
years.

"Perhaps the most noteworthy  
fact we discovered was the vastly  
improved psychology of the people  
of the west to that which existed  
a year ago," commented E. W.  
Beatty, President of the Canadian  
Pacific Railway, on his return from  
a recent inspection of the Com-  
pany's property. "They are full of  
hope and confidence and realize, as  
the east should realize, the tremen-  
dous benefit to the whole of Can-  
ada of a second consecutive large  
harvest."

The survey of the proposed  
detrakings projected for immediate  
construction on the coast of Bri-  
tish Columbia is well advanced and  
is going ahead. A \$400,000 logging  
railway is being built from the  
coast to the interior and a \$250,000  
cableway, a sawmill and a \$250,000  
cableway are being built from the  
interior to the coast. A \$10,000,000  
logging railway is being built from  
the coast to the interior and a \$250,000  
cableway, a sawmill and a \$250,000  
cableway are being built from the  
interior to the coast.

**UNITED SUNDAY SCHOOLS ANNUAL PICNIC**  
The annual outing of the local Sunday Schools was held on Thursday of last week on the picnic grounds at New Mills. A large number of children and other persons were on hand for the outing. Baseball, swimming, and various other outdoor sports were indulged in and a very pleasant day enjoyed by all.

A regrettable feature of the event was that such a large number, notwithstanding the grounds instead of utilizing the train which was secured by the picnic promoters at considerable expense. In this way the Sunday Schools are deprived of patronage that would help very largely in defraying the expenses of the excursion.

**Daymond-Carmichael**  
The home of Mr. and Mrs. Daymond S. Carmichael of Starks, Maine, was the scene of a very pretty wedding Wednesday evening June 26th, at 8:30 p. m. when their daughter Helen Adella Carmichael was united in marriage to Mr. Hall Augustus Daymond of Fort Daniel, P. Q. The single ring service was used by the Rev. F. W. Dink of West Mills. The bride entered the room on the arm of her father dressed in Gray Canton Crepe with bridal veil and carried a bouquet of Bridal Roses. The bridesmaid was Miss Gladys Millar a cousin of the bride while the groom was supported by Steward Carmichael a brother of the bride.

The guests present to the bride-maid was a string of pearls and to the groomsmen a set of Military Brushes and Fountain pen. The bride and groom received some nice presents including linen, silver and cut glass. Following the ceremony refreshments were served and an enjoyable evening was spent. The young couple left on Monday for a trip through Bangor, Boston, New York and Niagara Falls, where they will reside. Their many friends join in wishing them every happiness.

**GOING TO EUROPE**  
Miss Gladys Gregory, Miss Alice Young, Miss Helen Young, of Fredericton who are former local girls and Miss Mary Boyd, who is accompanying them, left yesterday for Montreal where they will sail on the S. S. Marloch on the teachers' tour of England, Ireland, Scotland and France. At Madam Junction they will be joined by Miss Flora Brown of Woodstock, who will be one of the party going overseas. Miss Flora Brown formerly of the Campbellton High School Staff is also going to Europe. They will return to Canada about the first of September.

**DALHOUSIE KENNELS**  
**WILL BE REPRESENTED**  
Four dog shows in all will be held this year in the Maritime Provinces. The St. John Kennel Club will hold its annual show during the St. John Exhibition in the fall, but the dates for the show to be held by the Nova Scotia Kennel Club at Halifax, the Pictou Kennel Club at Glasgow, and the Fredericton Kennel Club at Fredericton are not decided upon as yet. Dogs from the different places in Eastern Canada and some from the United States will be entered. It is understood that Sheehan's Kennel at Dalhousie will be represented in one or more of these shows. Mr. Sheehan has several prize winners and doubtless their entrance to the coming events will result in an addition to their master's large collection of medals.
