

WOODROW WILSON ELECTED PRESIDENT OF THE UNITED STATES

T. R. SECOND, TAFT THIRD G. O. P. ANNIHILATED BY PROGRESSIVE MOVEMENT

Democratic Candidate Carries the Solid South and Captures Many Republican Strongholds in the Eastern States.

ROOSEVELT GETS PENNSYLVANIA; MICHIGAN ALSO GOES TO PROGRESSIVES

[Canadian Press.]

Washington, Nov. 6.—Governor Woodrow Wilson, of New Jersey, was yesterday elected President of the United States, Roosevelt running second and Taft a poor third. At noon today the electoral vote stood: Wilson, 387; Roosevelt, 99; Taft, 12. There are four doubtful states—Iowa, Minnesota, South Dakota and Wyoming—comprising a total of 33 votes. Taft carried Vermont, Utah and Idaho.

A SWEEPING VICTORY.

New York, Nov. 6.—Overturning big Republican majorities in states never before captured by the Democrats in a presidential election, the Wilson-Marshall presidential ticket was swept into office yesterday on the wave of a victory that carried with it state offices, congressional seats, and the control of a number of legislatures that will have the opportunity to oust Republicans from the United States Senate and add to the Democratic strength in that body.

ROOSEVELT'S SHOWING.

Second only in interest to the overwhelming victory of Governor Wilson and his running mate, Governor Marshall, of Indiana, was the strength shown by Colonel Roosevelt in Illinois, Pennsylvania and other states. On returns received up to three this morning from states where the result was reasonably certain, it appeared that Governor Wilson would have almost, if not quite, 400 of the 531 votes in the electoral college, and that Col. Roosevelt would have nearly 100. President Taft had received eight votes, those of Vermont and Utah; while the 31 votes of Idaho, Iowa, Minnesota, New Hampshire, South Dakota, and Wyoming remained in the doubtful class.

ROOSEVELT GOT PENNSYLVANIA.

In the hours that intervened between midnight and the receipt of fairly complete reports this morning, there were many important changes in the results as earlier reported from closely contested states. In Pennsylvania, based on returns from over half the state, the 33 votes were apparently certain for Roosevelt at 8 o'clock today. The race between Taft, Roosevelt and Wilson was almost an even affair until over 135,000 ballots had been counted. As precincts outside the large cities began to report, Roosevelt and Wilson forced ahead, and with something over half the vote counted, Roosevelt this morning had a majority of over 20,000 with many strongholds yet to deliver their count.

DOUBTFUL STATES.

Minnesota, conceded to Wilson at midnight, slipped back into the doubtful column in the early morning hours, when accessions to the Roosevelt strength reduced the proportion of the Democratic lead. In the afternoon, in the midnight returns, showed a strong reversal of form, and at 8 o'clock this morning, returns from a portion of the state gave Wilson a slight lead.

CLOSE IN NEW HAMPSHIRE.

The race in New Hampshire was so close as to make predictions of the result impossible. Taft and Wilson ran neck and neck throughout the night, as the count progressed, Taft's lead varying from 13 to something over 100, and with many districts yet to be counted the electoral vote remained at issue between the Democratic and Republican candidates.

WILSON GAINS IN ILLINOIS.

The Roosevelt victory in Illinois showed signs of being greatly reduced as the "down-state" precincts came in during the early morning hours. Reports from Chicago indicated that the big lead held by Col. Roosevelt late last night, gained chiefly through his large majority in Chicago and Cook County, was being steadily reduced by the vote from Democratic districts in the state at large, particularly in the southern counties.

THE POPULAR VOTE.

No efforts were made during the night to compute the popular vote for the Presidential candidates. In the majority of states, however, the vote was larger than at any previous Presidential election; and the final returns on the actual number of ballots cast for the three candidates is expected to exceed all records.

The defeat of President Taft; the division of the Republican vote between Taft and Roosevelt; and the consequent division of Republican organizations, resulted in complete Democratic victories in many states. In New York the Democrats carried the state ticket and the legislature. In Illinois, the Democratic candidate for governor had apparently carried the state. Democratic senators appeared certain as successors to Republicans from Colorado, New Jersey, Delaware, Montana and several other states.

SOCIALIST SETBACK.

A general increase in the Socialist vote polled by Eugene V. Debs, the Presidential candidate, was accompanied by setbacks to the local Socialist organizations in two of their strongholds. In Wisconsin, Congressman Berger, the only Socialist in the House of Representatives, was defeated with a number of other officeholders, and in Schenectady, N. Y., where the party had elected almost a complete local ticket at the last election, practically all of its candidates were defeated.

MAY CONTROL SENATE.

President-Elect Wilson will have behind him a greatly strengthened majority in the national House of Representatives, and on the early returns the Democrats apparently have a chance to secure control of the United States Senate. In Illinois, the Progressives and Socialists hold the balance of power in the legislature, which is to select two senators. In Colorado, where two senators are to be chosen, the Democrats are in apparent control, and in other states later returns may show a shift of the legislative power from Republican to Democratic hands.

Governor Wilson got only carried in his own state, New Jersey, by a large majority, but he carried also the states of his opponents, the state of his own running mate, Indiana, and the state of Col. Roosevelt's running-mate, California. Control of the Legislature in New Jersey assures to the Democrats the choice of Governor Wilson's successor in the gubernatorial vacancy.

NEW HAMPSHIRE DOUBTFUL.

Concord, N. H., Nov. 6.—New Hampshire was still a doubtful state at 8 a.m. today. Returns from all but sixty precincts gave Wilson 24,601; Taft, 23,876; Roosevelt, 13,083.

MICHIGAN COUNTING SLOW.

Detroit, Mich., Nov. 6.—The counting of the Michigan vote was so slow that at 7 o'clock this morning only 568 precincts out of a total of 1,872 in the state, outside of Wayne County, had reported complete returns. They gave Roosevelt 62,331; Wilson 46,913; Taft 43,733. The same districts gave Ferris, Democratic candidate for governor, a plurality of about 3,300.

LATER.

New York, Nov. 6.—The changes in the doubtful states, according to later returns, gave Mr. Wilson four more electoral votes from New Hampshire.

While the apparent Roosevelt pluralities reported last evening are diminishing in Iowa and Illinois, the situation in Pennsylvania still shows some uncertainty, but with very strong probabilities that the state has been carried for Roosevelt by a plurality of approximately 20,000.

In Iowa late returns from one-third of the precincts of the state indicate a Wilson victory by about 10,000.

Minnesota is still doubtful, but incomplete returns showed that Wilson was leading Roosevelt by 4,676.

NEW HAMPSHIRE FOR WILSON.

New Hampshire has moved from the list of doubtful states, and will now give Wilson four more electoral votes. Returns from 270 out of 290 districts in the state give the Democratic candidate a lead of 1,570 votes over Taft.

IDAHO FOR TAFT.

Idaho has gone to Taft by 8,000, and the election of two Republican senators is assured. This victory increases the total of Mr. Taft's electoral votes to 12, his other two states being Vermont and Utah, each with four electoral votes.

SOUTH DAKOTA UNCERTAIN.

South Dakota was still uncertain this morning. Returns from only half the precincts had been received, and those gave Roosevelt a lead over both Wilson and Taft. The first definite returns from Wyoming, in early estimates very generally conceded to the Republicans, showed that Wilson had a slight lead over Taft, with about one-fourth of the state heard from.

THE WINNING TICKET

WOODROW WILSON OF NEW JERSEY.

THOMAS R. MARSHALL OF INDIANA.

Standing by States At Noon Today

New York, Nov. 6.—The following is the electoral vote by states, as indicated by the returns received up to noon today:

	Roosevelt	Taft	Wilson, elect.
Alabama	12	3	12
Arizona	3	3	3
Arkansas	9	9	9
California	13	13	13
Colorado	6	6	6
Connecticut	7	7	7
Delaware	3	3	3
Florida	6	6	6
Georgia	14	14	14
Idaho	4	4	4
Illinois	29	29	29
Indiana	15	15	15
Iowa (doubtful)	10	10	10
Kansas	10	10	10
Kentucky	13	13	13
Louisiana	10	10	10
Maine	6	6	6
Maryland	8	8	8
Massachusetts	18	18	18
Michigan	15	15	15
Minnesota (doubtful)	10	10	10
Mississippi	18	18	18
Missouri	18	18	18
Montana	4	4	4
Nebraska	8	8	8
Nevada	3	3	3
New Hampshire	4	4	4
New Jersey	14	14	14
New Mexico	3	3	3
New York	45	45	45

Wyoming (doubtful)	12	12	12
Totals	12	387	99
Doubtful	33		

RECAPITULATION.

Seats in electoral college	531
Necessary for choice	266
Woodrow Wilson at noon	387
Roosevelt	99
Taft	12

THE WEATHER.

TOMORROW—SHOWERY.

Toronto, Nov. 6.—8 a.m. Moderate to fresh winds; showery, chiefly tonight and Thursday.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations	High	Low	Weather
LONDON	48.5	28	Rain
Victoria	50	49	Cloudy
Calgary	52	20	Clear
Port Arthur	56	22	Clear
Parry Sound	54	46	Rain
Toronto	59	46	Cloudy
Ottawa	56	44	Cloudy
Montreal	52	44	Rain
Quebec	44	42	Rain
Father Point	42	38	Cloudy

A moderate depression situated in the Mississippi Valley is moving towards Ontario, attended by rain. Pressure is also low in the Western Provinces, but accompanied by fine weather.

GOVT. GROWS WEARY OVER C. P. R. STRIKE

Premier Borden and Mr. Crothers Likely to Reconsider Refusal to Give the Men a Board of Conciliation.

[Special to The Advertiser.]

Ottawa, Nov. 6.—Uneasiness is developing in the Government over the strike situation involving the Canadian Pacific Railway and the Canadian Brotherhood of Railway Employees. Minister of Labor Crothers has been a good deal criticized for refusing to grant the board which the men asked to have appointed to inquire into the dispute. The board was refused by Minister of Labor Crothers, after consultation with Premier Borden. A good deal of dissatisfaction with this course has reached the Government from such industrial centres as Montreal, Toronto and Hamilton, while E. Frapp, M. P. for Ottawa, filed a personal protest against the refusal of the board.

20 GREEKS HAVE LEFT LONDON TO FIGHT TURKS IN EUROPE

Peter Karrys Is the Latest to Answer the Call of His Country for the Return of the Reserves—Greeks Take Keen Interest in the War.

Peter Karrys, who for the past six years has been located in London, and who had been connected with the National bowling alley, joined a party of Greeks homeward bound this morning and will depart for the east on a special train this afternoon to make steamship connections at New York. London has now sent about twenty members of its Grecian colony to take part in the war of the Balkan States against Turkey. Mr. Karrys is an intelligent Greek, and while here gained a good control of the English language.

His parents still live in his native land. They are not aware of his coming, however. The recruits are under instructions to proceed directly to Athens, from which they will be sent to the front. Grand Trunk train No. 6 carried a hundred or more from western points at noon today. They assert that the Balkans will fight until Constantinople falls, unless the powers interfere.

The Greeks are taking the keenest interest in the war dispatches here, and practically all of them have maps of the territory affected, secured since the commencement of hostilities.

Those at home in Greece were apparently unaware of the imminence of war until very shortly before the fighting commenced, for letters received in London from relatives of men now located here make no mention of the trouble.

INTERESTING FACTS ABOUT PRESIDENT-ELECT WILSON

He is 56 years old.
He has a charming and beautiful wife and three charming daughters.
His daughters all look much more like him than like their mother. They are all grown and unmarried.
His first name is "Thomas," but he has not used it for many years. They called him Tommy in college.
He is nearly blind in his right eye as the result of an accident in youth. When reading he holds a monocle in front of the damaged eye.
His favorite recreation is golf, but he walks much. He never drinks ice water.
Sleeps from 9 to 12 hours out of every 24.
Likes automobiling, but often goes to sleep in the motor.
He is a shorthand and typewriting expert. Writes all his speeches, lectures and books that way. He uses the "Graham system" of shorthand.
He is 5 feet 10 inches tall, weighs 177 pounds.
He can run a half mile at a good pace without losing his "wind."
Dislikes military display.
Except for a few thousand dollars which he saved from his salary as president of Princeton, he has no money or property. Considers "13" his lucky number. There are 13 letters in his name, and in his thirteenth year as a professor at Princeton he was elected its thirteenth president.
Likes to go to the theatre. Prefers comedy or light opera. His best speeches are impromptu.
He has enormous ears and a large mouth, with large, irregular, somewhat discolored teeth.
He wears eye glasses all the time.
Was a good baseball and football player when a young man. He is Scotch-Irish.
His father was a Presbyterian minister and he is a Presbyterian, too.
When away from home he sends his wife a "lettergram" every night.

HEAR MACKENZIE KING TONIGHT WHEN HE SPEAKS IN HYMAN HALL

Former Minister of Labor in Laurier Government Will Address Liberals of London on Topics of the Hour—Naval and Trade Policies of Sir Wilfrid Will Be Dealt With.

Hon. W. L. Mackenzie King, formerly Minister of Labor in the Laurier Cabinet, arrived in the city this afternoon, and will address local Liberals in Hyman Hall tonight on the various issues now engaging the attention of the people of Canada.

The naval policy of the Liberal party will be dealt with, and the trade policy of Sir Wilfrid Laurier will be explained at length.

Mr. King was one of the most effective platform speakers on the recent Laurier tour, when the Liberal chieftain was greeted by enormous crowds on every occasion on which he spoke. Hon. Mackenzie King delivered addresses almost daily, and his splendid platform gifts were greatly appreciated by Sir Wilfrid.

It will be an excellent opportunity for the Liberals of London to hear Mr. King tonight at Hyman Hall. It is expected that the building will be completely filled.

HON. MACKENZIE KING.

During his stay in London he will be the guest of Mr. George S. Gibbons.

CANON TUCKER SEES NO CAUSE FOR OBJECTION

Rector of St. Paul's Cathedral Says No Fault Can Be Found With Sacred Concerts.

SHERIFF CAMERON IS A STRONG ADVOCATE

Musicians May Take a Hand in the Matter If Church Soloists Are Interfered With.

Opinions of the local clergy seem to be divided on the subject of Sunday evening band concerts, but there are many who think that the objections already raised do not apply to the band concert given in the Majestic Theatre last Sunday night.

Canon Tucker, who presided at the concert Sunday evening, stated to The Advertiser today that he thought the ministers who were raising objections did not know what they were objecting to. He saw no objection to the concert given in the Majestic Theatre. "Of course," he continued, "there may be the objection of strict Sabbatharians to a sacred concert of any kind on a Sunday evening, but to the concert itself I can see no objection. The concert was opened and closed with prayer; the audience joined in the singing of the hymns, and the only difference I saw in it and any church service was that the audience applauded the pieces given by the band."

"The objection that it might draw people from church is the one that is worth considering, but I think that this is open to question. If it does draw people from the church then there are objections to it, but if on the other hand, it is the means of attracting people who would otherwise walk the streets, then I think it is a good thing and should be continued. There are hundreds of people in boarding houses who have no drawing-room to sit in and they spend their Sunday evenings walking the streets. You will see them in crowds every fine Sunday evening on Dundas street. It is these people the Sunday concert will reach. Music it is said, has an influence for good. Surely sacred music would have a double influence. I think the Sunday concert ought to be productive of much good."

The Bishop of Huron in a letter to Mrs. Dr. J. Kingsmill, previous to the concert, stated that he would endorse the Sunday evening concerts if the program was supervised by a local clergyman.

HEAVY DAMAGES ASKED OVER MORDEN JAILING

Charge Made of Conspiracy to Have Prince Arrested and Imprisoned.

[Canadian Press.]

Winnipeg, Nov. 6.—A statement of claim has been entered for \$5,000 on behalf of J. A. Prince, of St. Boniface, against Roland Dixon, A. Cross and Frank Chittick, of Winnipeg, and Paul Fries, of Notre Dame de Lourdes. The claim is made on the ground that the four defendants did unlawfully and maliciously conspire, confederate and agree to have Prince arrested and imprisoned. The arrest was made in connection with the MacDonald by-election on Oct. 11, and thereafter Prince was placed in jail at Morden, where he was held without bail for 24 hours.

FATHER SUES AUTO OWNER FOR INJURIES TO HIS DAUGHTER

William H. Dingle, of South London, Issues Writ Against W. D. Thomas.

THREE DAMAGES CASES MAY GO TO TRIAL

In All Five Writs Have Been Issued in Two Days at the Local Court House.

Of five writs which have been issued during the last two days by local solicitors, three are for damages, the result of personal injuries sustained by the plaintiffs through the alleged negligence of the defendants. One of the remaining two is for damages for trespass, and the other is for recovery for a horse killed.

Wm. H. Dingle, for himself and as the next friend of his daughter, Maud Dingle, has issued a writ against W. D. Thomas, of King street, this city, claiming unstated damages from the defendant. The action is the result of an accident on June 10, 1912, when the defendant's automobile struck and knocked down the girl on Dundas street, near Richmond street. The plaintiff claims that the accident was caused by the negligent driving of the machine. Mr. E. W. Scatcherd is acting in behalf of the plaintiff.

Mr. Scatcherd, acting for Mr. R. F. Toohill, of the Township of Metcalfe, has also commenced action against John Hughes, of the same township. The plaintiff claims that the defendant has trespassed on his property by digging postholes, erecting posts and fences, and cutting down a number of trees. The amount of damages, as stated in the writ, is \$500, and the costs of the action.

Messrs. Gibbons, Harper & Gibbons, on behalf of Messrs. R. Hueston & Son, have commenced proceedings against the Mitchell Garage and Sales Company for damages for the loss of one horse, which was killed by a taxi-cab, on account of the alleged negligence of the company's servants or agents. About six weeks ago, Mr. E. Fields, of this city, was driving westward on Dundas street, and commenced to turn south on Waterloo street, but the taxi-cab was struck by one of the defendant's taxis and a horse killed. The plaintiffs claim unstated damages and costs.

Against Street Railway. Messrs. McKillop, Murphy & Gunn, having received instructions from the plaintiff, Miss Sophia Fawkes, of Queen's avenue, have entered a suit against the London Street Railway Company for damages received by the plaintiff while a passenger on one of the local street cars. Miss Fawkes was getting off a car at the corner of Dundas and Rectory streets, when the car started, and she was thrown to the ground, sustaining serious and painful injuries. The accident was caused by the alleged negligence of the company's servants or agents.

Frederick P. Emmons, of Strathroy, has issued a writ against the Dymond Colonial Company, Limited, of Strathroy, through his lawyer, Mr. J. M. McEvoy, for \$1,000 damages for personal injuries sustained by him. The plaintiff was employed by the defendants, who are the successors to the Colonial Furniture Company, and on July 23 last had his hand mutilated in a boring machine. The accident was caused, it is alleged, by defects in the pulley and belt of the machine.

STORY OF THE LIFE OF WOODROW WILSON IN TABLOID

1856—Born at Staunton, Va., to Joseph R. Wilson, a Presbyterian minister, and Janet Woodrow Wilson, his wife.
1858—Taken to Augusta, Ga., by parents.
1858-70—Spent boyhood and began school at Augusta.
1870-72—Lived with parents and attended school at Columbia, S. C.
1872-74—Attended school at Davidson College, Davidson, S. C.
1874-75—Lived with parents at Wilmington, N. C.
1875-79—Attended Princeton University and was graduated therefrom. Established reputation as debater and writer on political economy.
1879-80—Took law course at University of Virginia, Charlottesville. Extended fame as debater. Won writers' and orators' prizes.
1881-83—Practiced law at Atlanta, Ga.
1883-85—Took course in history and political economy at Johns Hopkins University, Baltimore.
1885—At Savannah, Ga., married Miss Ellen Louise Axson, daughter of Presbyterian clergyman of Georgia.
1885-88—Taught political economy and history at Bryn Mawr.
1888-90—Was professor of history and political economy at Wesleyan University, Middletown, Conn.
1890-1902—Was professor of jurisprudence and politics at Princeton University.
1902—Elected president of Princeton.
1902-10—As head of Princeton, attempted and partially succeeded in democratizing university.
1910—Became involved in controversy with Princeton trustees over efforts to democratize college, was overruled and resigned.
1910—Elected governor of New Jersey. Led fight which ousted bipartisan machine and restored popular government.
1912—July 2, nominated for president by Democratic national convention at Baltimore.
1912—Nov. 5, elected President of United States.

"UNCLE JOE" CANNON IN LOSER'S RANKS

Champ Clark, Speaker of the House of Representatives, Was Re-elected.

HEAVY WOMEN'S VOTE

In California the Women Came Out Strong for the Progressives.

New York, Nov. 5.—One of the interesting features of election day was the part taken by the women in their first presidential election. In Los Angeles the vote of the women was extraordinarily heavy, and was heavily Progressive. In San Francisco there were many women clerks of election, and in one district eighty women did picket duty to prevent the election of Wolf for state senator and the constitutional amendment permitting the re-establishment of race tracks which Wolf espoused.

Uncle Joe Cannon, who has represented the eighteenth Illinois district since the memory of man runneth not to the contrary, has gone down to defeat in the election.

Roosevelt carried Chicago over Wilson by about 20,000.

Col. Roosevelt carried Oyster Bay, his home town, by a plurality of 292 over Woodrow Wilson.

Wilson's majority in Indianapolis over Roosevelt was 2,314, and Taft was 300 behind the latter.

Wilson's plurality in Baltimore is 20,000, in Hartford, Conn., 2,000, in Niagara Falls, N. Y., about 2,000, and in Rochester 1200.

Syracuse Democratic.

For the first time in its history Syracuse N. Y., has gone Democratic, Wilson carrying it by more than 1,000 plurality.

Incomplete returns indicate beyond a doubt that Champ Clark, speaker of the House, has been re-elected to Congress, from Montgomery (Missouri) for the ninth time.

Philadelphia gave Taft a vote equal to the combined vote of Wilson and Roosevelt.

Wilson carried Cleveland by 8,000. Incomplete official returns place Roosevelt second.

In Grand Rapids (Michigan) Roosevelt polled as many votes as Taft and Wilson.

The Socialists claim the three Congressmen from Allegheny County, Pennsylvania—Congressman Victor L. Berger, of Milwaukee, the only Socialist in the present Congress, was defeated for re-election.

The city of New York, with thirty-seven election districts missing, gives the following vote: Wilson 305,283, Taft 123,482, Roosevelt 184,516.

Mrs. Wm. H. Taft, wife of President Taft, with her daughter, Miss Helen Taft, were the guests of National Chairman Hilles, of the Republican national committee, at his New York headquarters, where the returns were received tonight.

Senator Jos. M. Dixon, chairman of the national Progressive committee, with Governor Hiram W. Johnson, the vice-presidential nominee of the Progressive party, and Mrs. Johnson, heard the returns at the new party's headquarters tonight.

WILSON'S ELECTION PLEASES ENGLISH

London Evening Papers All Speak Highly of President-Elect.

RESULT WAS EXPECTED

Pail Mail Gazette Says Americans Are Determined to Have More Honest Government.

[Canadian Press.] London, Nov. 6.—The presidential election resulted much as had been anticipated in Great Britain, although the public was prepared for the possibility of none of the candidates obtaining sufficient votes and of the choice of a president being thrown into the hands of Congress.

The evening newspapers today all speak very highly of Woodrow Wilson and of his policies and politics. The free trade Westminster Gazette says the people of the United States are clearly ripe for new men and new measures.

It concludes: "The United States thus joins in the universal movement against the artificial raising of prices by a tariff." The Evening Standard says: "Woodrow Wilson's election confirms confidence in his own country and in the world outside. He is a public man of a much higher type than some of those who have occupied the White House. The Democrats did a good stroke of business for their party when they chose him." It continues: "They had the sense to see that the great majority of respectable citizens of the United States were heartily tired of the sordid squabbles of party managers with the accompanying chicanery, intrigue and self-seeking."

The Pail Mail Gazette says Woodrow Wilson is the type of citizen whose aloofness from politics has left American affairs to become so largely the prey of corruption and chicanery. It continues: "The promotion of Woodrow Wilson to the Democratic leadership and the election of Theodore Roosevelt as the head of a new party, are in reality two symptoms of the same force—it is the wish of the better elements in America for the blessings of honest government. It is a sign of health in the nation that the real contest should be between two men who are so much superior in character and outlook to the common political level."

TAFT WILL RESUME HIS LAW PRACTICE

President Will Return to Cincinnati Next March—Smiled as He Heard Returns.

Cincinnati, Ohio, Nov. 5.—In the same house where he heard the news of his victory over William J. Bryan, four years ago, President Taft tonight read the bulletins that told the story of the election. Four years ago Mrs. Taft, Miss Della Torrey, of Milbury, Mass., his favorite aunt, and Mrs. Alice Roosevelt Longworth, were present to hear the news. Tonight the President and C. P. Taft and Mrs. Charles Anderson, Mrs. Taft's sister, were the only members of the family present, but a few friends dropped in during the evening.

The President was cheerful and smiling, and apparently was under less strain than other members of the family dinner party at the home of his brother, C. P. Taft.

The President, who shortly before noon today, spent a few minutes at Prosperity League headquarters, and then returned to his home.

The report that Mr. Taft might consent to become the nominee of his party four years from now in case of present defeat was put aside by his friends as too far ahead for serious consideration.

Mr. Taft has many times declared his intention of returning to Cincinnati and resuming the practice of law if defeated, and that intention was said tonight not to have been altered.

N. Y. PLURALITY ESTIMATED 150,000

Sulzer Elected Governor and Martin Glynn Lieutenant-Governor.

[Canadian Press.] New York, Nov. 5.—New York State went Democratic in practically every branch of its government. Congressman Wm. Sulzer was elected governor, and Martin H. Glynn, lieutenant-governor, by a plurality estimated at 150,000 over the nearest opponent, Job Hedges, the Republican candidate.

With returns fairly well known this morning, Oscar Straus, the Progressive candidate, announced that he had received third place in the extent of the popular vote received. The legislature will be strongly Democratic in both branches, according to indications early today.

Congressman Sulzer received a plurality of the popular vote cast, not only in the Democratic strongholds of New York city, but in the "up-state" districts, where Henry L. Stimson, Republican candidate, polled a majority of votes in his fight against John A. Dix, the present governor, in 1910. These totals in New York city were:

Sulzer 303,741, Straus 193,572, Hedges 111,050.

Taft Carries Idaho.

Boise, Idaho, Nov. 5.—Returns this morning show that Taft has carried the state by 8,000 and that the legislature will be safely Republican on joint ballot, thus assuring the election of two Republican United States senators.

Massachusetts.

Boston, Mass., Nov. 6.—The magnitude of the Democratic victory in Massachusetts' election yesterday for the leaders of the national and state ticket has become more apparent today with additional and revised returns.

These returns gave, in 1912, out of 1,102 precincts:

President—Wilson 165,264, Taft 46,943, Roosevelt 134,731.

Governor—Foss 186,212, Walker 138,592, Birge 119,095.

Massachusetts' delegation to the lower branch of Congress will stand nine Republicans and seven Democrats.

The Republicans will have a sufficient working majority on a ballot of the next legislature to choose Senator W. Murray Crane's successor.

Maine's Returns.

Portland, Me., Nov. 6.—For the first time in its history Maine will send six Democratic electors to the national electoral college, according to today's revised returns from yesterday's election. With fifty election precincts missing, the vote was:

Wilson 59,164, Roosevelt 48,192, Taft 26,125.

Berkey & Gay Furniture for Christmas Gifts

The Serious Problem of Buying Furniture

In buying furniture you must consider its fitness for the place it is to occupy, its worthiness of construction, its honesty of wood and its value to you in money and satisfaction. You buy good furniture for a long time. Good furniture almost becomes part of your family—it is really what makes your home atmosphere.

It is a good deal of commendation for our store when it is chosen as the one that shall sell exclusively here the product of BERKEY & GAY Furniture Company. The dining-room, bedroom, living-room and hall furniture made by this company is the highest standard, both as to wood and workmanship. Whether it be a "Flanders" Stool at \$2.50 or a Dining-room Suite at \$250.00, every piece of it is doubly guaranteed as to design, making and material. If you want something out of the ordinary for Christmas, look now. If the piece you want is not on the floor you will find it in the Berkey & Gay catalogue. Time now for special orders for Christmas. See new assortment of Bedroom Boxes.

Tennessee Red Cedar Chests.....\$11, \$15, \$18.50, \$20
Japanese Reed Covered Boxes...\$4, \$4.75, \$5.50, \$7.50
Cedar-Lined Boxes.....\$8.00 and \$11.00

Furniture—Third Floor.

Wall Paper Sale 75c to \$3.00 High-Grade Wall Papers, Sale Price, 35c to 75c Roll

Embossed, hand colored papers, two-tone silk, etc. Now is a good time to make a change in your drawing-room before the social season is too far advanced, or if you would rather wait until spring to have the work done, pick your papers now, as we are quite sure such opportunities will not be again available.

AMUSEMENTS

"Ben-Hur"

An idea of the business and expense attached to the staging of Klaw & Erlanger's international production of "Ben-Hur" which will be shown at the Grand Opera House for four performances, tomorrow night, and Friday and Saturday evenings, and Saturday matinee, can best be imagined by taking into consideration that the travelling company numbers two hundred people, including an orchestra of sixteen pieces, which will augment with the Grand Opera House orchestra. A racing stable of 20 thoroughbreds, in charge of Charles J. O'Brien, for many years connected with the Duke of Portland's racing stable in England, is carried. Two camels, to add realism to the desert and Grove of Daphne scenes, are also a part of the live stock. For the transportation of the scenic, mechanical and costume equipment,

eight 60-foot baggage cars are required, while two Arms palace stock cars are pressed into service for the horses and camels. Although "Ben-Hur" has been travelling constantly for thirteen years it has never known an accident or missed a date in any city. No telephone orders. Mail orders accepted from outside city.

"The Trail of the Lonesome Pine."

How many millions of book lovers in the world have read the delightful story of "The Trail of the Lonesome Pine" is problematical, but all who have read the book will want to see the play which Eugene Walters has written around Mr. Fox's romantic mountain girl. He has transferred to the stage the atmosphere of the Virginia hills, Boston, New York and Philadelphia gave the play long runs and capacity houses for every performance. It is so artistically perfect that you are almost made to believe you are inhaling the fragrance of the mountainside. Presented by the strong company of New York players, "The

Trail" comes to the Grand Monday night. Seats Friday.

Enthusiasm for Nordica.

The application for reservations for the Nordica concert are coming in with a rush that shows the widespread interest in the event, which may rightfully be regarded as one of great musical importance.

That the public of London and its vicinity are greatly interested in the coming of the greatest dramatic soprano in the world is evidenced by the heavy sale of seats and the unprecedented number of inquiries and requests for reservations that have been received from surrounding points.

In addition to its musical importance, the Nordica concert promises to be one of the most brilliant social events of the season, as judging by present indications the diva will be greeted by an audience that will be a truly representative one. Nordica's great beauty and magnetic personality, aside from her wonderful voice, make a tremendous appeal to the general public as well as to the recognized music-lover and student, which is possibly the reason for the unanimous

interest and enthusiasm that are evident regarding her coming.

The date of Nordica's concert is Tuesday next. The prima donna will be assisted by Rummel, the distinguished violinist, and Romayne Simmons, pianist.

Subscription lists close Friday night. Plan open for non-subscribers at Malloch's Bookshop Saturday at 9 a.m.

Telephone orders to Edwin Smith, 558 Dufferin Avenue, and Mr. A. D. Jordan, organist of the First Methodist Church.

"It is queer that what is extremely reprehensible in the city is highly commendable in the country." "What's that?" "Watering the stock."—Baltimore American.

LONDON, WEDNESDAY, NOV. 6.

THE PRESIDENTIAL ELECTION.

The expected has happened in the United States. The Democrats maintained their solidarity in the bulk of the states, the Progressives drawing chiefly from the Republican party, which has received a shattering blow.

The Progressive movement showed its chief strength in the west and middle west, where radical tendencies are most pronounced. It made some inroads into the "solid south" without winning a southern state. In the East it seems to have polled as large a vote as the Republican party.

Mr. Roosevelt has run far ahead of the Progressive state tickets, a proof of his remarkable hold on certain classes of his fellow-countrymen; but it prompts the inquiry whether the movement would have gained a footing without the driving force of its leader. A political party must have a more substantial foundation than the strength of one man—a man, too, sincerely distrusted by influential elements. Only time will tell whether it has permanent vitality, but it has received such an impetus that it will remain a serious factor, at least so long as Roosevelt lives, and before the next election it may reduce the Republican party to a degree of impotence that will leave Progressivism the only serious rival of Democracy.

The subversion of the historic Republican party yesterday is one of the most startling political phenomena of a century, and it may portend profound social and industrial changes.

THE GREAT ISSUE IN THE UNITED STATES.

The "cost of living" proved to be Democracy's trump card. The long-accumulating anger of the people at tariff extortion would have routed the Republican party even if it had not been divided.

Mr. Taft made his capital error at the threshold of his term of office by defending the Payne-Aldrich tariff law. He tried to make atonement by the reciprocity agreement, but it was too late. The Progressive Republicans, who bought the Payne-Aldrich law, raised the standard of rebellion. They had disrupted the party before Roosevelt appeared on the stage, and before the third party idea had taken shape. Two years ago the Democrats won the House of Representatives on the tariff issue. In the past two years the Administration had also lost control of a Senate nominally Republican. A large portion of the vote for Roosevelt was that of disgruntled Republicans, who would have voted for Wilson in a two-party contest.

The new House of Representatives will be overwhelmingly Democratic. If the Senate is also Democratic, as is probable, the party will have no excuse for failure to make a general revision of the tariff in conformity with its pledges. It has made no professions of free trade, but the \$200,000,000 raised by customs duties is not levied with regard for justice or the general welfare, but in the interests of monopoly and privilege. President-Elect Wilson has said that the first duty of his party will be to revise the schedules "unhesitatingly and persistently downward." President Cleveland made the same pledge and courageously tried to fulfill it, but was betrayed by Democratic Senators. The Democratic party is again on its trial.

MR. LAVERGNE'S REVELATIONS.

Mr. Lavergne throws a flood of light on the gentle art of cabinet-making. His highly piquant revelations have a serious side. They compromise the Premier and at least two of his cabinet colleagues, Messrs. Pelletier and Nantel. One of Mr. Borden's first actions after the election was to send for Mr. Monk, and this colloquy occurred, as Mr. Lavergne says it was related to him by Mr. Monk:

"You have been against me," said Mr. Borden, "but these things are past. Will you enter my cabinet? You may choose your colleagues, and I shall accept them." Mr. Monk replied: "What guarantees will you give me? The question of the Keewatin schools is coming before Parliament. Will you do something for the minorities? And will you give a plebiscite on the naval question?" To these two questions, Mr. Borden replied, "Yes."

Mr. Monk then conveyed this promise to Messrs. Teulier and Lavergne, offering them seats in the cabinet. Mr. Lavergne declined the offer, and pleaded for Mr. Pelletier, who had asked him (Lavergne) to use his influence for him. Mr. Monk consented, and also decided on Mr. Nantel in place of Mr. Teulier, assuring both Messrs.

Nantel and Pelletier that he had the necessary guarantees from Mr. Borden on the naval and school questions. It was at one stage proposed that Quebec should have only two portfolios, whereupon Mr. Lavergne travelled in a special train from Montreal to Ottawa to see Mr. Borden, who yielded to his persuasion and gave the Nationalists the three portfolios they asked for.

Here, then, are two statements which cannot be allowed to go uncontradicted: (1), that Mr. Borden pledged himself to a naval plebiscite and to the retention of the status quo in Keewatin in respect to schools; (2), that Messrs. Nantel and Pelletier joined with Mr. Monk in demanding these guarantees, and are morally bound to resign as he did. Mr. Lavergne adduces proof that Messrs. Nantel and Pelletier pledged themselves formally and publicly to a naval plebiscite.

Considering the roles of Messrs. Lavergne, Nantel and Pelletier in the election—their denunciation of any form of naval expenditure, and their misrepresentations of the mother country—the part played by Mr. Borden is one that his conscientious supporters can take no pride in.

It looks as though the Bull Moose will be able to "come back."

The majority of the American people declined to hear "the call of the wild."

The schoolmaster in the President's chair! Will he teach the nation what it most needs—sound economics?

This is the knell of high protection in the United States. Yet there are Canadian visceras calling upon Canada to copy the American tariff.

Mr. Taft's services to the cause of international arbitration will be remembered by a grateful posterity when his failings have been forgotten.

The Democratic victory may mean that the reciprocity agreement will remain on the United States statute-book for another year at least. This will be bad news for the Canadian advocates of restricted markets.

The Austrian foreign minister expresses concern over the "enlarged aspirations" of the Balkan States. The "enlarged aspirations" of Austria annexed Bosnia and Herzegovina to the Austrian Empire, but perhaps aspirations are luxuries only to be permitted the larger powers.

HAD ENOUGH WET FARMING.

(Peter MacArthur, in Farmer's Advocate.)
I see by the papers that they are having a dry-farming congress out West. It sounds good to me, though I do not know exactly what it means. This summer I have had my fill of wet-farming, and I think I'd like a little dry-farming for a change. As I look back I seem to see things through a veil of rain. It was wet in the spring, wet in the hay, wet in the wheat harvest, and wet in the apple-packing we are having a deluge. I think we shall welcome the frost this year, if it will only harden things up and give us some dry weather like to have something firm underfoot.

MERELY A HINT.

(Cincinnati Enquirer.)
Hark, the warning bell is ringing. Don't you hear the news it's bringing? If you'd enter the gates early, you'd see Christmas shopping early.

HARDLY LOOKED IT.

(Baltimore American.)
"Are those two in front of us husband and wife?" "I don't think so." "What makes you think they are not?" "Because when they met he raised his hat to her and then took her bundles to carry for her."

BROKEN MEASURES.

(Cleveland Plain Dealer.)
The whole world wags to the self-same tune.

The skies and the stars above you; The setting sun and the rising moon All seem to croon—

And when I rise at the break of day From wonderful visions of you, The new moon sings in the same old way, And seems to say—

In the rushing winds, in the babbling springs, In the voices of lark and dove, you still call my heart, till it spreads its wings

And answering, sings—

O love, reply by the tinkling herds, Or the breezes that blow above you, Or hark to me by the homing birds Those longed-for words—

HE LOVED THEM.

(Exchange.)
"Johnny, don't you love the pretty, pretty robins with their sweet, sweet songs?" asked a Los Angeles teacher.

"Yes," replied Johnny; "only I can't never hit the darned things."

DRAINAGE FOR EGYPT.

(Argonaut.)
The Egyptian Government has begun one of the most costly and comprehensive drainage projects for the reclamation of lands ever attempted by any Government in the world. Its object is to make cultivable 1,000,000 acres of fertile land in the delta of lower Egypt. It is estimated that the work will require four years and \$15,000,000 will be required for drainage and a like amount for irrigation. Ninety per cent. of the land reclaimed will be owned by the Government. The principal object of the project is to redeem a fertile but now worthless region of the delta under cotton cultivation.

SNUBBED.

(Hamilton Times.)
What is this? Lord Roberts sauntered in Parliament by a minister of the Crown for letting his tongue run away with his better judgment! This to the hero of a hundred wars!

HIS REWARD.

(Ottawa Free Press.)
The Ontario Municipal Board under Chairman Lettich has been given a seat on the high court bench.

ONE ON WORTHINGTON.

(New York Telegram.)
A story that caused much amusement was told around the ticker in Wall street offices concerning B. A. Worthington, president of the Chicago and Alton Railroad.

In the summer of 1911 Mr. Worthington

took his family to a farmhouse in Indiana, where quiet and rest seemed to be assured. Close by, however, was a pigsty, the presence of which was indicated under certain wind conditions. Mr. Worthington planned to go there again this year, but wrote the farmer that the pigsty would have to be attended to before he engaged accommodations. The farmer's reply was brief: "Can accommodate you all right. There have been no hogs on the place since you left."

WAR!

(Cleveland Plain Dealer.)
Just a crash of cannon, just a charging line; Hoots that plunge and tramp, swords that wave and shine; Just a burning village, just a field of dead; Just a bunch of medals, just a ribbon red.

II.

(S. E. Kiser.)
The doctors would be few And have little work to do, And the lawyers and the judges Could lock their doors and rest, If people who have grudges And people who are blue Would merely do their best To live as men should live, To pity and forgive, To cease to cling to hate, To find good everywhere, To give up blaming fate For blame that they should bear.

ROMANCE.

(Milwaukee Sentinel.)
In days of old When knights were bold Each had his fair young charmer. On nights of old When it grew cold The wind blew through their armor.

A NOISY SPLURGE.

(Montreal Gazette, Can.)
"It is not necessary to say much about the German scare. The evidence is that it was started into activity in Great Britain some months ago with a deliberate purpose in view. It has disappeared from the columns of the English newspapers, and may also be expected to disappear from the columns of those in Canada as soon as some new and practical subject for making a noisy splurge presents itself."

A FORESIGHTED YOUNGSTER.

(Cincinnati Enquirer.)
"You are an honest boy," said the lady, as she opened the roll of five one-dollar bills, "but the money I lost was a five-dollar bill. Didn't you see that in the advertisement?"

"Yes," replied the boy. "It was a five-dollar bill that I found, but I had five-dollar bills that you could pay me a reward."

GREATNESS.

(Chicago Record-Herald.)
No man can be great without a certain amount of egotism, but we have never heard of any one who succeeded in being great on egotism alone.

MUFFLED KNOCKS.

(Chicago Tribune.)
"You don't know how I enjoy hearing you talk on art, Mrs. Foxby; it's better than going to a minstrel show."

"Tell me where you buy your cigars, old chap. I'd like to pass by there some day."

"Yes, indeed, Mrs. Highmore; I think you're quite good enough to vote. All you need is some knowledge of politics."

"I want to apologize, but I have been having called you a red-headed ignoramus; I see your hair is nearly black."

"I was just going out, Mrs. Kowler, but I'll be glad to have you come in and stay a minute or so."

The Equity Fire Insurance Company of Canada Increases Its Capital.

Loss Ratio Lower Than Most Canadian and British Companies.

This sound and progressive Fire Insurance Company, the Equity, is indefinitely determined to waste no time in carrying out its policy of increasing its capital to \$1,000,000 in order to take an even larger and more confident share in the expanding business of the Dominion.

Gratifying proof of this determination is contained in the announcement that the authorized capital had been increased to \$551,000, which calls for additional paid-up capital of \$75,000.

The Dominion Blue Book for 1911, recently issued, shows that only 2 of the 21 British companies not amongst recent arrivals had a lower loss ratio than the Equity, notwithstanding high tariff rates in the British companies.

From the same official source we learn that the Equity had more business in force than any of the Canadian companies—including the oldest tariff and non-tariff concerns—with the exception of five. This satisfactory result is no doubt due to the fact that two-thirds of the Equity's income is derived from isolated and three-year risks.

The Blue Book shows, too, the Equity's loss ratio to be ten points below the average of Canadian, and seven below the average of British companies for last year.

Such a record is in no small measure due to the administration of Mr. Greenwood Brown, the general manager. The fact that the Equity during the whole of its career has promptly and honorably discharged all its liabilities ought to commend this Canadian company—to the Canadian insuring public.

Mr. A. M. Towse, the local agent of the company here, states that the business is in a highly satisfactory condition.

EPWORTH LEAGUE ELECTS

Memorial Church Chose Officers for the Year.

The annual election of officers of the Memorial Methodist Church Epworth League took place on Tuesday evening. The following slate were elected:

Honorary president, Rev. S. Anderson; president, John Belch; first vice-president, Edward Sproule; second vice-president, Harriet Corbett; third vice-president, Grace Holt; fourth vice-president, Harold Steele; fifth vice-president, Elizabeth Watson; secretary, Eva Berryhill; treasurer, Mary Gowdy; district representative, Clarence Sproule; organist, Bernice Anderson.

The executive will meet at the parsonage on Thursday evening to appoint the various league committees and arrange the program of topics for the next six months.

DR. A. W. CHASE'S 25c. CATARRH POWDER

Is sent direct to the diseased parts by the Improved Blower. Heals the inflamed, clear the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. a box. Beware of cheap substitutes. All dealers or Edmonstone Bates & Co., Limited, Toronto.

List of Books Suitable For Boys and Girls

[By Special Arrangement With the Winnipeg Telegram.]

Several persons have asked me at various times to advise them regarding the choice of books for their children. I have always intended to draw up a list of worthy works, but never seemed to muster up the courage. It is no light task to survey the literature which has accumulated so rapidly in recent years for the instruction and delectation of our boys and girls. When I was a boy, I depended upon a Sunday school library for much of my mental pabulum, and the books could easily be counted. But today they are as the sands on the seashore for multitude. An Englishman whom I met in the old land has collected fifteen hundred volumes of the more old-fashioned specimens, but he does not pretend to keep up with the procession, for every Christmas season witnesses the advent of several thousand new attempts at pleasing the children. How to select the best books for your young hopeful is therefore becoming a difficult question for intelligent parents.

Not long since I met a wise man in Toronto, a gentleman in the book publishing business, and consequently a citizen of the republic of letters. In the course of a very pleasant conversation he chanced to touch upon the subject of what books a child ought to read. He informed me that he had guided the reading of his little girl, a child eleven years of age, and ran over the names of some of the books that she had read. I implored him to make out a list, so that I might have it to help me out in facing my own paternal obligations, and also that I might have the pleasure of passing it on for the guidance of other parents. My Toronto friend acceded to my request, and I am delighted to publish his list. My only comment on the books selected is one of unqualified approval. Happy is the city which boasts such judicious fathers and such well-read children! I am polite enough to imagine that there may be other children in the eastern city of churches and colleges, who have read thus widely, but I doubt it.

A Newspaper Woman.

Two men came face to face on Dundas street. Purposely they had not trained from speaking for years, because of a trivial, though hotly-debated difference. One stopped the other. "Say, old man," he began, "I've long had it in mind that I owed you an apology—"

"Now, that's all right," said the other, "I was to blame in that matter, and it's up to me to beg your pardon."

"To both of them was brought home the utter folly of a grudge."

Is there any danger of this proposed electrification turning into an electrocution?

"Tremendous Bore at Quebec," says a heading. We didn't know he had left town.

Every man can run the city right excepting those who are doing it.

Since Woodrow Wilson has plucked the presidential prize, we rise to congratulate a popular London railway agent upon the remarkable resemblance.

A man is suing the Western Fair board because a skyrocket stuck him on the cranium. Chance for somebody to invent a stick that will stay up.

We walked six blocks to see another perpetual motion device this week. The walk did us a lot of good. The machine has to be wound up only once a month.

A Montreal woman waited three days at a church door for her prospective "Bury" Hawkins. Sort of a standing joke, that.

The poetic Muse kept in captivity upon the third floor of this "johal" breaks loose occasionally, and is guilty of the following:

A young lady who lives in West London Used to do up her hair in a bun. It fell off one day.

In the river, they say, And now for a bun she has none.

A suffragette in Rio de Jan, Vowed she'd vote just like a man, So they put her in hock, In a cell with a lock; How cruel—poor lady of Jan!

"The trouble about running a city," began the Patriotic Young Citizen, "is that while you may have all sorts of system and ability in your department, you haven't a man who can say, 'I'm the manager. What can I do for you?' to all of the people all of the time. The mayor usually has the ability, but he hasn't the time, and cannot

thoroughly organize things, as he does in his own business. What we need is a scientific city manager, who shall take charge of everything, and be the man that you or I or John Jones can put our fingers upon and say, 'How about it, Mr. Manager?'"

"He'd have to be a genius, a diplomat, a captain of industry and a trained nurse, all in one," began the Dubious One.

"Not at all! Not at all!" retorted the P. Y. C. "Why should he be such an extraordinary wonder? He'd have to be capable to a degree, beyond a doubt, but not more so than many of our big citizens. He would need to run the operating end of the city and the business end. He wouldn't have to figure on a selling and so much. He should meet the newspapers and see that citizens get an intelligent review of city transactions."

"It might be worked, but I doubt it," asserted the D. O.

"Then I can only remark that the original Doubting-Thomas was a mountain-mover compared to you," concluded the P. Y. C.

\$5,400 A ROOM IS TOO HIGH FOR SCHOOL

Rev. J. G. Inkster Gives His Idea of the Alexandra and Its Cost.

If the opinion of Rev. J. G. Inkster prevails, the new schools to be erected in London on the plan proposed by the special committee which reported to the board of education on Tuesday, will not cost as much individually as the Alexandra school. According to Mr. Inkster, the latter cost \$5,400 a room, a figure altogether too high.

"We have a fine building, but I do not think that any school should cost \$5,400 a room, as the Alexandra school did," said Mr. Inkster. "In my opinion, that is altogether too much. We cannot afford to pay that amount per room. In the new schools we plan to build, they will have to be constructed cheaper than that."

R. G. SAWTELL DIED VERY UNEXPECTEDLY

Was Mayor of Woodstock Twice and Prominent in Business Life.

[Special to The Advertiser.]
Woodstock, Nov. 5.—There passed away in the general hospital here today, R. G. Sawtell, aged 57, one of Oxford's lifelong residents, and a man who had been very prominent in municipal life. In business Mr. Sawtell was a real estate agent. He was mayor of the city in 1908 and 1909, was alderman for eight years, and at the time of his death was chairman of the board of health, member of parks board, and held responsible offices in the First Baptist Church.

He is survived by his aged father, R. W. Sawtell, at present in Wisconsin, his widow, two sons, and three sisters. Deceased was born in Brantford, but moved to East Zorra when a child, and soon afterwards to Woodstock.

He was taken ill some time ago with what was said to be typhoid, but recovered, and was out again in remarkably short time. When taken ill again Sunday it was found that he suffered from typhoid pneumonia, but death was not expected.

HAD PAID ALL HIS MEDICAL BILLS

Mr. Arthur E. Davis Resents Suggestion That He Failed To Do So.

Mr. Arthur E. Davis, of Eleanor street, strongly resents the imputation made that he did not pay all medical bills which he had contracted since coming to London. The statement was made in connection with the unfortunate death of his wife, who died from hemorrhage following childbirth, without medical attendance, and the Grappe some misunderstanding as to his ability to make good his liabilities.

Since his marriage Mr. Davis has contracted but one debt with a physician. This was for attendance during childbirth, and the amount was for \$20. Mr. Davis showed the advertiser today a receipt for the amount in full. He says that he will bring the matter before the Ontario Medical Council.

BUILDING PERMITS

Latest List Has Now Been Issued at the City Hall.

Building permits are in demand in London, although no large buildings have been projected so far this month.

Among those issued so far are the following: S. Bason, 1-story brick-veneer house on Walker street, to cost \$1,100; A. Dickinson, 1½-story veneer residence, Hamilton road, costing \$1,500; R. Zavitz, 1½-story brick-veneer house on Garfield avenue, \$1,700; and W. T. Brown, 2-story brick-veneer residence on Sherwood avenue, costing \$2,800.

The City Dweller's Rural Dream

BY BERTON BRALEY

I wish I had a farm, a comfy little farm, Where life would have an atmosphere of most idyllic charm; Somewhere upon the sea, or on a lake, maybe; The absolute location's immaterial to me, Although it must be near, yes, comfortably near, A likely big metropolis that's full of life and cheer!

I wish I had a farm, a modest little farm, Electric lights and power and steam heat to keep it warm; Three motor cars or four, I wouldn't care for more—I'd like to have a trolley line that ran before the door! I weary of the town, the busy, dizzy town! I want a little rural place where I can settle down.

I wish I had a farm, a nifty little farm, With herds of bees and chickens and with cattle by the swarm; Oh, wouldn't it be grand, just wonderfully grand, To gain an honest living by the tillage of the land! I wouldn't mind the irk, I wouldn't care to shirk, The job of being farmer—if a man would do the work!

KIDNEYS WERE SO SORE DIDN'T KNOW WHAT TO DO.

GRAVEL AND SMALL STONES PASSED THROUGH THE URINE.

One of the most painful forms of kidney disease is Gravel or Stone in the Bladder, and is caused by the acid and lime in the blood uniting and forming a gritty substance which lodges in the inner surfaces of the kidneys or bladder, and sets up a painful irritation.

To relieve these terrible pains it is necessary to keep the kidneys healthy for healthy kidneys secrete fluids that dissolve the gravel and stones, and they pass out through the urine harmlessly and without pain.

Mrs. Elmore Baldwin, Windsor, Ont., writes:—"I was so weak I could not do my own work. I tried many doctors, and every one of them told me to go to some institution. Reading of Doan's Kidney Pills, I tried them, and am now well, and can recommend them to all. My kidneys were so sore I did not know what to do, but after using the Doan's Kidney Pills, you would be surprised at all the gravel and small stones that passed through my urine. Now I am well and able to do my own work."

Doan's Kidney Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T

LONDON MAN WILL SUPERINTEND EXHIBIT

A. M. Hunt Will Have Charge of the Hardware Show at Hamilton.

Mr. A. M. Hunt, secretary of the Western Fair, has been invited to superintend the exhibition of the Canadian Hardware Exhibits Association to be held in Hamilton in February. He has accepted.

Two years ago the Retail Hardware Association held an exhibit in London, which Mr. Hunt supervised. Since that time the manufacturers have taken over the exhibition feature, and have formed an organization known as the Canadian Hardware Exhibits Association. When it was decided to hold a convention this year, Mr. Hunt was communicated with, and offered the position of superintendent. He was in Hamilton this week, making preliminary arrangements.

ORDER OUT ALL HANDS

Stage Workers Will Ask International Head to Do So.

It was announced today that the Stage Hands' Union, now on strike at the Grand Opera House, will ask the international organization to order out the road hands at the end of the week. Mr. S. Loughrey, past president of the organization, informed The Advertiser yesterday that such would be the case.

"The road men will be out by the end of the week," he said. "Some of them wanted to go out before this, but we thought we would settle the matter amicably."

The Grand Opera House has a gang of ten men working. They were secured from Guelph, St. Thomas and Stratford. They are all experienced men, but they do not belong to the union. Sensational developments are expected shortly. Some person or persons have been circulating cards warning theatregoers to stay away from the Grand Opera House. This is a restraint of trade and indictments may follow.

GUY FAWKES DAY WAS DULY CELEBRATED

A Supper Held at Local Hotel at Which Prominent Londoners Were Present.

A large number of Orangemen and their friends of this city celebrated Guy Fawkes' Day at a supper at the Hotel Columbia, Tuesday evening, the affair being very greatly enjoyed.

Joseph Murray presided, and proposed the toast to the King, which was responded to by Past County Master George Loney. Other speakers were Ald. E. H. Johnston, ex-Ald. W. A. Wilson, ex-Ald. J. H. Saunders, Anthony Niven, Wm. Ramsay and others. Alford Parkers added to the program with a humorous sketch, while songs were contributed by Mr. Sinclair, Chas. Pew and John Edgar. The host, Mr. Alex. Ferguson, was congratulated upon his excellent arrangements.

STREET RAILWAY NEEDS MORE POWER

Company Is Said To Be More Favorable to Niagara Power Now.

MAY COME TO PEAK LOAD

Opening of New Line in North End Will Mean That Much More Energy Will Be Needed by the Company.

While it is known that the London Street Railway Company is still carrying on negotiations with several companies, including a St. Louis concern, for the purchase of machinery with which to equip its proposed new steam generated power plant, it is also said to be a fact that the directors are inclined to give any proposition from the hydro-electric commission very earnest consideration.

The street railway company needs power now and needs it badly. A line of cars heavily laden in getting under way will cause frequent interruptions even when the present plant is delivering its best load. Examples of this trouble make it apparent that the company must take action soon, and it is pointed out, the need will be more urgent when the new extensions are completed and many additional cars are in operation.

The Chesapeake and William street line will be ready for use before the end of the year, and this section alone will require a considerable amount of power.

The possibility of securing a better proposition from the hydro-electric commission since Brantford has decided to come into the scheme has caused the company to ask for further information, and it is understood that Manager C. B. King, who is in Toronto today, is there to discuss power.

The street railway has secured prices on electrical appliances, showing that the equipment required for generation of their own power would cost about the same amount as the machinery necessary to adapt hydro current to the uses of the company here. The time for installation would also place both propositions on an equal footing, it is said.

Good Will of the City. "The good will of the city is worth something," the street railway, an official of the company told The Advertiser, "and for that reason the company would be inclined to look favorably upon any reasonable hydro proposition. Even if hydro costs a little more the directors would not offer serious objection, but the prudence of Niagara power is a business proposition and must stand pretty well on its merits. The directorate appreciates the fact that there would be better feeling with city authorities, in conducting other business if the contract with the commission were signed."

Change of Opinion. The company has undergone a change of opinion, and it is said, has now come to the conclusion that the peak load, which proved the most objectionable feature during the last negotiations, is necessary. One thousand and horse-power is the amount which is calculated to meet the requirements of the company.

CUSTOMS AND HABITS IN THE HOLY LAND

Rev. Dr. Schor's Interesting Address in the Armories.

Rev. Dr. Schor, manager of the Palestine Exhibition, which is holding forth in the Armories, gave two addresses Tuesday morning and evening in which he told of the customs and habits of the people of the ancient holy land.

The speaker especially spoke on the manner of exchanging greetings one to another, and which to the inhabitants of Palestine is a very important proceeding. To a person of honor this proceeding will take up fully two hours of time, but this lessens gradually in proportion to the importance of the person being greeted. If a person is not greeted in some form, a breach of social etiquette is registered that leaves a stain.

Among the unique booths is the one belonging to the Foreign Bible Society, where Bibles and textbooks in hundreds of different languages are on display and hold the visitors' interests for a considerable time.

The tearoom, where a light lunch may be had at any time, is also the mecca for a large number of the guests, who enjoy a repast and social chat amid surroundings, so typical of the Jewish world and race.

BENNETT—JUPP

Popular City Hall Official Weds a Charming Lady.

St. James' Anglican Church, South London, was the scene of a quiet but interesting ceremony yesterday (Nov. 5), at 4 p.m., when Miss Marie Evelyn Jupp, eldest daughter of Mr. and Mrs. Richard Jupp, 301 Pall Mall street, was united in marriage to Mr. Harry James Bennett, a member of the city hall staff, and youngest son of the late Mr. and Mrs. John Bennett, of Belfast and Dromore, Ireland.

Miss Myrtle Chantler assisted the bride, and the groomsmen were Mr. Charles McGarry, The Very Rev. Evans Davis, dean of Huron, performed the ceremony. The bride was very handsomely robed in a gown of cream satin with tunic of baby Irish lace. She wore a Juliet cap, trimmed with orange blossoms, and carried a white prayer book.

The bridesmaid was very charming in pink satin with tunic of blue nylon, and trimmings of crystal, and carried a bouquet of pink roses.

After the ceremony a reception was tendered to about 60 guests at the home of the bride's parents. The dining-room was very prettily embellished with palms and chrysanthemums. Telegrams of congratulations were received, and the happy couple were the recipients of many beautiful gifts, some of them coming from Ireland and Australia. The groom's gift was a set of furs. The bridesmaid received from the groom a pretty cameo ring, and the groomsmen received a handsome tie pin.

Mr. and Mrs. Bennett will be at home

Zam-Buk Cured His Sores

Cures Also Chapped Hands and Chibblains

Mr. Charles Hardy, of 558 Home street, Winnipeg, says: "My eldest son has proved the value of Zam-Buk and we would not be without a supply in the house. He had both ears so badly frozen that we became alarmed for fear they should have to be amputated. His ears were swollen to several times their usual size, and were very much discolored. Large blisters formed, and then these burst and painful sores on both ears resulted. The sores mattered, scales formed and the boy suffered terribly.

"The preparations which we at first used were found next to useless, in fact the wounds grew steadily worse, so we then tried Zam-Buk and found a great improvement in one or two applications. "We continued with this herbal balm until the scales and foul matter were cleared away thoroughly, and healing began. In a week from first using this excellent balm the lad's ears were almost well again. In three weeks you would never have known his ears had been frozen, so well had Zam-Buk brought about healing."

Here is but one illustration out of scores how superior Zam-Buk is to other salves. It also cures chapped hands, chilblains, piles, inflamed sores, eczema, ringworm, scalp sores, ulcers, abscesses, blood-poison, cuts, burns, scalds, and all skin injuries and diseases. On account of its purity and its herbal composition, it is the ideal balm for babies and young children.

All druggists and stores at 50c. box or post free from Zam-Buk Company, Toronto, upon receipt of price. Try also Zam-Buk Soap 25c per tablet.

to their friends at their residence, 775 Waterloo street, after Dec. 1.

Mrs. Bennett's travelling costume was strictly tailored and navy blue in color, and her hat of black satin beaver.

A very pleasing coincidence in connection with the above event was that the day was the 22nd anniversary of the wedding of the bride's parents by the same officiating clergyman.

DORCHESTER W. F. M. S. ENJOYED ADDRESS

Mrs. McCrae, of Westminster, Gave Fine Account of the Work.

Dorchester, Nov. 5. — At the meeting of the W. F. M. S. of the Presbyterian Church, a splendid address was given by Mrs. (Dr.) McCrae, on the work of the society in general. She impressed her hearers with a sense of their own responsibility in a very earnest and eloquent manner. About 50 ladies were present. Mrs. Patterson sang a solo, "Send Me," most acceptably. At the close a dainty luncheon was served.

The sale of the estates of the late Mr. Robert Sutherland was well attended, but the bidding was not very brisk.

Lilly Lodge, No. 211, I. O. O. F., entertained some of the brethren from Eureka Lodge, London, on Monday evening. Some degree work was put on in an excellent manner. A very enjoyable evening was spent by a large number. A luncheon was served at the close.

Mr. Wm. Stephenson had a sale last Friday, and on Monday removed to London.

Mr. and Mrs. Greenfield, of Nilestown, were recent guests of Mr. and Mrs. E. T. Shaw.

DEATH OF MRS. THOMPSON

Esteemed Lady Passed Away in South London.

Mrs. Samuel Elliott Thompson, of Watford, succumbed to an illness of several weeks' duration at the residence of her sister, Mrs. Fawcett, of 56 Elmwood avenue, yesterday morning. Mrs. Thompson's home was in Watford, but she was stricken with her fatal illness while visiting her sister. She was a daughter of the late Robert Crozier, of Silsiam, London Township, and is survived by her husband, and two sisters, Mrs. Fawcett and Mrs. J. H. Tennant, of this city. Another sister, Mrs. E. R. Talbot, predeceased her a few years ago.

The funeral is to be privately conducted on Thursday afternoon, when Rev. W. H. Harvey, of Askin Street Methodist Church, will officiate, assisted by Rev. Mr. Currie, of Watford.

WADE—LUTHER

Pretty Bothwell Girl Becomes Bride of Detroit Businessman.

[Special to The Advertiser.] Bothwell, Nov. 5. — A very pretty wedding was solemnized at the home of Mr. and Mrs. Nathan Wade on Monday when their eldest daughter, Lena T. Wade, was married to Mr. George Luther, a young businessman of Detroit. The ceremony was conducted by Rev. Mr. Craig, of the Presbyterian Church, of Bothwell. The bride entered the drawing-room leaning on the arm of her father and wore a pink silk gown, draped with nylon. The house was prettily decorated in green, with white carnations.

She was attended by her sister, Miss Mabel, the groom being supported by Mr. Nate Wade, Jun. At the signing of the register of a solo, entitled, "Mine," was beautifully rendered by Miss Mabel Wade, sister of the bride. After the wedding dinner the happy couple left for their home in Detroit.

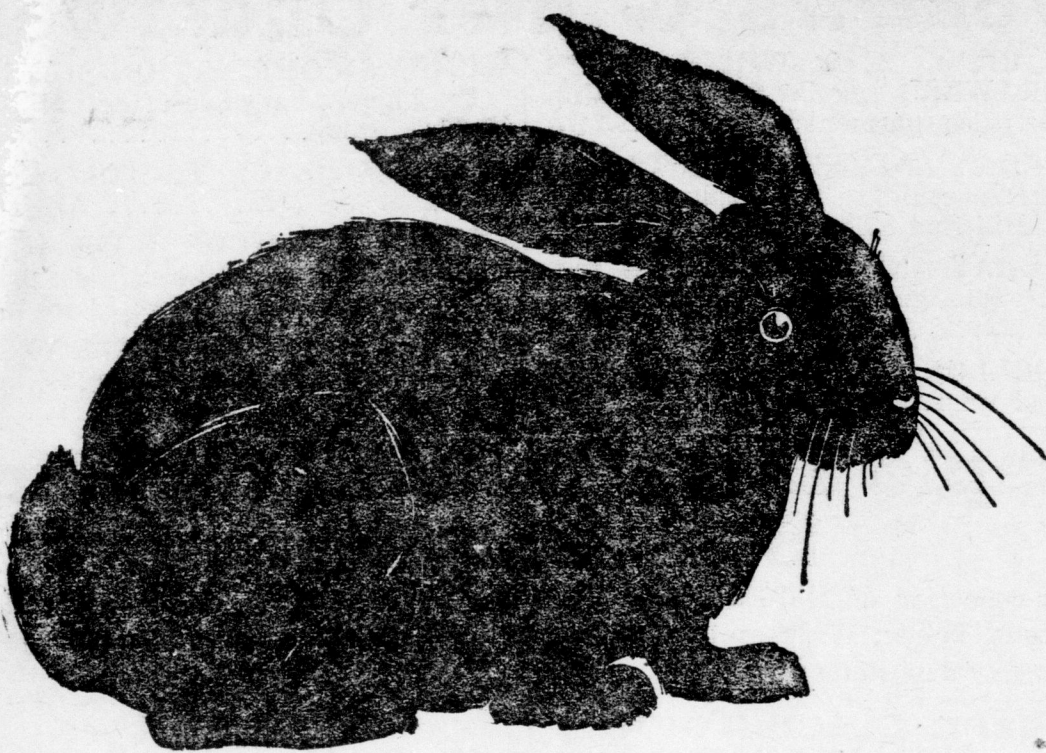

The bride's going-away dress was of brown silk wool ratine cloth, with hat to match.

A HALLOWEEN SOCIAL

Enjoyable Affair Held in Adelaide Street Baptist Church.

The B. Y. P. U. of Adelaide Street Baptist Church had a very successful Halloween social evening. There was a large attendance of young people, and the decoration of the church with lanterns and flowers reflected much credit on the decoration committee.

Mr. Arthur Fisher, vice-president of the society, conducted the devotional services, after which a program of merit was successfully carried out. The program had been arranged by Miss Ethel Carson, who also presided in the chair. Songs by Mrs. A. E. Brown and Mr. Edward Wilmer were well received, and Misses Cora Piatt and Kathleen Brathwaite favored with several recitations. Miss

A Serious Joke on The Rabbit

The U.S. Gov't has been experimenting to discover the poisonous quality of Caffeine (found in tea and coffee).

57 healthy rabbits were given an average dose of 5 I-10 grains.

---They all died.

See Gov't Bulletin No. 148, Bureau of Chemistry.

A cup of coffee contains over 2 1-2 grains of Caffeine; enough in two cups to kill a rabbit.

A cup of tea contains over 1 1-2 grains—enough Caffeine in four cups to more than kill the rabbit.

Of course the joke was on the rabbits.

A goodly number of humorous Americans play the same joke on themselves and keep it up until some fixed form of disease sets in, as a result of the daily dose of Caffeine, in quantity enough to kill a rabbit, but only enough to

Cripple a Man

Not at one blow, but by little blows repeated daily.

Of course some systems are strong enough to stand all kinds of abuse, but when a man or woman observes a growing nervousness, or heart trouble, stomach, bowel or eye disturbances, it is time to quit the daily dose of coffee and see if Nature will begin to heal.

It is easy to shift from coffee to Postum. The food beverage has the deep, seal-brown color which turns to a golden-brown when cream is added. The flavor has the crisp tang so winning to the palate and the cup is made INSTANTLY by one struck spoonful of the powder.

INSTANT POSTUM

stirred in a cup of hot water, and there you are.

The change from coffee to POSTUM works wonders.

Grocers sell Instant Postum

—100-cup tins at 50c. 50-cup tins at 30c.

If your grocer doesn't have Instant Postum send his name with 2c stamp for postage and we will send you a 5-cup sample free.

"There's a Reason" for Postum

Canadian Postum Cereal Co., Ltd., Pure Food Factories, Windsor, Ont.

There's an automobile language—but we talk "Ford" in plain English. Tongue-twisting technical terms are unnecessary to make clear the simplicity of the Ford. And now it is as easy to buy—as it is simple to operate and maintain.

Every third car a Ford—and every Ford user a Ford "booster." New prices—run about \$675—touring car \$750—town car \$1,000—with all equipment, f.o.b., Walkerville. Get catalogue from Ford Motor Company of Canada, Limited, 291-3-5 Dundas street, London—or direct from Walkerville.

hot fowl supper was served by the ladies of the church. This was followed by a concert in the town hall, which was greatly enjoyed. There was a large attendance.

Geers May Handle the McKenzie Stable

LONDON HOCKEY TEAM WILL PLAY DETROIT ARENA SEVEN IN PRE-SEASON CUP SERIES

Negotiations Are Now Under Way Between Two Managements
to Arrange Dates for Games—Will Be Played Before
the Opening of O. H. A. Season.

[BY INN.]

Negotiations are now under way between the management of the London Hockey Club and the management of the Detroit Arena seven for a series this winter, the same as that which was played last winter. The setup was donated by Manager Brown, of the Detroit Arena, last winter for a series between the London and the club, London lost both games, one at home and the other in Detroit. The Detroit team has been offered two for a series, played under the same conditions, and the local management is more than anxious to accept the defeat.

Weather Figures
Prominently

Of course, a great deal depends upon the weather. It is possible to get ice before Christmas, then the knes will be frozen. However, it is probable that there will be enough snow before Christmas to enable the playing of the series. In Detroit, with an artificial ice plant, there will have fully a month's practice before Christmas.

Arena Seven
Nearly Intact

Of the Detroit Arena seven that played here last season, only one is still surviving. Emory, Prom Black, Hannaburg and Farlow are prominent.

A Pre-Season game will be played before the O. H. A. season opens. The team has already started practice, and they have had a couple of workouts on the ice. They will play a series of five games about the middle of this month. The first game will be with the Cobalt team on Christmas night. It is the intention to play the first game in Detroit a couple of days before Christmas. The team will probably be played in the Princess rink on Christmas night. It will be the opening game of the season.

Jan. 1—New York A. C., at St. Nicholas rink.
Jan. 3—Princeton University, at New York.
Jan. 5—Cornell University, at Syracuse, N. Y.

All the games but the one at Ottawa will be played on artificial ice, and the students expect to have a month's practice at the Arena before they leave.

Petroleum Club's President Congratulates Western University on Their Fine Team.

University of Toronto will open the intercollegiate championship season at Queen's, at Kingston, on Jan. 11.

tawa, Boston, New Haven, New York, Syracuse, when games will be played with the great American universities. The itinerary of the trip has been arranged as follows:

Dec. 26—New Edinburgh, at Ottawa.
Dec. 28—Boston A. A. A., at Boston.
Dec. 28—Harvard University, at Boston.
Dec. 30—Yale University, at New Haven.

of the all-conquering career of Patchen II., the premier pacer of the world, who has won all his races but

One of the most interesting pieces of news that has come to hand recently—and thus far it has not received much publicity—is that R. J. McKenzie is contemplating sending some of his troopers and pacers to Geers. It is said that the racing magnate from Manitoba at Lexington offered the "grand old man of the sulky" his pick of the finest aggregation in his stable, and that, while Geers did not do so much picking, it is not improbable that he may be seen behind some of the McKenzie stags in 1913.

of the ill-conquering career of Patchen II, the premier pacer of the year, who has won all his races but one and placed to his credit the large amount of stake and purse money captured by a number of his gallant campaign of contested races, namely \$25,850. But of all the host of Mr. Kenzie's horses which were prepared for the races last spring, he was the one and only one that proved capable of winning anything worth mention on the ring."

Bad Management. Maybe.

Why such a thing should be so is not very comprehensible. A large share

McKenzie Buys Liberally.
The history of Mr. McKenzie's turf operations on the grand circuit during the past season is not unfamiliar to horsemen. In the period named he has been the most liberal buyer of high priced, harness race horses in the game. It is known, however, that he has expended more money in the purchase of them being in the aggregate enormous, while the mere expenses of campaigning and training of the stable would have made the majority of owners bankrupt. And, despite the extent and munificence of his purchases and the almost innumerable prospects that have come from him, he has acquired until he at last arrive at that stage where his racers resemble a small army, the amount of racing success which he has attained has been very

It is doubtful, however, if Geers is on any of the McKenzies' campaign trail on the eve of the election. He is expected to be in the racing season of 1912. For Mr. McK. spends his winters in California and purchased the property in California. He purchased the property where his state was located and prepared, not being east until a comparatively short time for the campaign opens. Pleasant

New York, Nov. 5.—Nell Whalen, driver of a National car, went through the fence at Brighton Beach motordrome in the 100-mile race there this afternoon, and he and his mechanic were badly hurt. Both were taken to the Coney Island Hospital. The accident happened just after the thirty-fourth mile. Whalen was badly cut on the head and the car was smashed.

The golden rule of Marcus A. Hannan, "Let well enough alone," also serves J. Garland Stahl. The Red Sox will line up next spring as they lined up in the world series of 1912, barring accidents. Say

Stahl:
"We are out of the baseball market. We have all the players we want for 1913. We are satisfied with what we have."
"No more purchases or trades."

Remember that we guarantee perfect-fitting clothes at all times. Satisfaction to you or your money refunded.

UNION LABEL

Little Time Lost in Coming to Terms With Big St. Louis Second-Baseman.

St. Louis, Mo., Nov. 4. — Miller Huggins today was made manager of the St. Louis Cardinals, to succeed Roger Bresnahan, who was made a free agent a few days ago. Huggins came in from Cincinnati and met the officials of the Cardinals. Little time was spent in coming to terms, and the appointment of Huggins as manager was immediately made public. The contract was then ordered drawn, and after this is signed everything will be binding.

There is scarcely a chance of slipping at this stage of the game, and the second baseman was hailed as the savior everywhere.

The Big Leagues Agree on Opening Date
of 1913

New York, Nov. 5.—The major league baseball season of 1913 will begin on April 19. Selection of this date was announced here today as the result of an agreement between President Lynch, of the National League, and President Johnson, of the American League, who, under the national agreement, are authorized to determine this starting point for the framing of major league schedules.

TECUMSEH WHIST CLUB

ELECTS NEW OFFICERS.
At the annual meeting of the Tecumseh Whist Club, held Tuesday evening in the club rooms, the following officers were elected for the coming year: President, G. A. Andrus; secretary-treasurer, Geo. E. Rider; director of games, N. L. Graydon; rooms committee, W. D. Benson; auditors, Geo. Grant and W. Snelgrove.

THE STRONGEST MAN DYING AT MONTREAL **NO TEAM IN GUELPH IN 1913 SEASON**

Montreal, Nov. 5.—Louis C. Drumont, 37, is dying at the residence of his son-in-law, Dr. August, this city.

Louis C. Drumont, of St. Cyprien, Quebec, is now 37 years old. He started his career in 1882, and in 1891 the New York sportsman, Richard Fox, took him under management and produced him in all the team will not be in Guelph next year. He was the statement made to your correspondent this morning by President Macdonald, of the Maple Leafs. He stated that he had written to the special committee which had offered him \$1,500, declining the offer. No other town has yet been settled on.

PATRICK MAY TRADE LALONDE FOR PITRE

"Newsy" Will Likely Play for Canadianians This Winter and Manage Lacrosse Team in Summer.

Puckchasings

Both Tecumsehs and Torontos claim to have signed Rochon of last year's Port Arthur team.

George Pirra was the sensation of the N. H. A. last season, and would strengthen the locals materially. If the deal was closed Lalonde will probably stay east next summer and take charge of the Irish-Canadian lacrosse team. Patrick also announced that he had signed Charles Tobin, a former Win-

The Hamilton artificial ice hockey rink is expected to be ready by the end of 1920. The rink will have a seating capacity of 1,000, is rather small, but it will be made larger next year. The rink will be under the control of the Hamilton City Council. The rink will be used for the senior series of the O. H. A.

At the annual meeting of the shareholders of the Montreal Wanderers Hockey Club the officers for the season were selected. No one other than the manager, Fred McManis, would play made as to whether McManis would play in Montreal this winter or not. President J. Lichtenhan reserving it until later. Even without the services of the famous goal-keeper, the Wanderers team is considered one of the best in the league.

Latonia Winners.

Latonia, Ky., Nov. 5.—The results to-day are as follows:
First race, selling, maiden fillies, purse \$500, 2-year-olds, 5/4 furlongs.—Katinika, 103, 1; Cuttle B, 108, 2; Nemesis, 108, 3.

Time, 1:07.
Second race, w.g.g. 3-year-olds, purse \$500, 1 mile and 70 yards—Captain Bravo, 109, 1; Dynamite, 110, 2; Bonanza, 109, 3.
Time, 1:44 1-5.

R. J. YOUNG & CO.

CO-OPERATE WITH C. P. R. IN NEW LINE WEST FROM CARADOC

Plan Is Under Way To Tap Rich Farming and Fruit-Raising Territory—Arkona Board of Trade Favors the Project.

[Special to The Advertiser.]
Strathroy, Nov. 6.—A plan is under way which if carried out will result in the co-operation of several municipalities in this district co-operating with the C. P. R. in building a line from Caradoc westward.

A conference has already been held between Mr. Campbell and the members of the Arkona Board of Trade, and the project was enthusiastically

received. It will be taken up with other places, and there is every prospect of the matter going through. The proposed line would in the opinion of many of those interested do a splendid business from the start, as the section through which it would pass is one of the finest farming districts in the province and is rapidly becoming one of the leading fruit-growing regions.

RECORD VOTE POLLED ON WATERWORKS BYLAW

It Is Generally Expected That Lake System Will Be Indorsed.

[Special to The Advertiser.]
Sarnia, Nov. 6.—A record vote is being polled today on the waterworks bylaw, and it is generally expected that the proposal will carry. It is conceded that the removal of the waterworks to the lake would be one of the best things that could ever happen to Sarnia, both from a health standpoint and as a business proposition, but the disinterested spectator is at a loss to account for the money that was spent and the pains being exerted to convince the people that the water supply must be taken from the lake. It is understood, though, that the Imperial Oil Company has more to do with the campaign than the average voter realizes, for it has been intimated that the future plans of the company demand that the water supply of the town be pure.

STRONG FOR WILSON

Tunnel Town Sports Made a Clean-up on the Election.
[Special to The Advertiser.]
Sarnia, Nov. 6.—A large crowd of Canadians went to Port Huron last night to watch the returns from the American election come in. Much Sarnia money was placed on the outcome, and some of the wagers were surprisingly high. Roosevelt and Wilson were the favorites, and one Port Huron man bet a thousand dollars on Wilson. As the barrooms on the other side were closed on election day, the thirsty ones, including both Democrats, Republicans, and Progressives, came over here to discuss the political issues. Many of the Americans employed at the local concerns took half-holidays to go across and vote.

ILLEGAL SELLING

Sarnia Hotelman Charged With Giving Liquor to Indians.

[Special to The Advertiser.]
Sarnia, Nov. 6.—The proprietor of the Hotel Colonial appeared in police court yesterday charged with supplying liquor to two Indians, John Cook and John Joe. The case was enlarged until today. The bartender, it was shown, was the man who gave the men the firewater, but the court held that that did not alter the liability of the hotelkeeper.

DIED AT SIMCOE

Mrs. Colin H. Rose Resided for Many Years in Chatham.
[Special to The Advertiser.]
Simcoe, Nov. 6.—The funeral took place here this afternoon of Mrs. Colin H. Rose, a former resident of Chatham. Mrs. Rose had been ill for some time. Harry Rose, of Calgary, is a son, and Mrs. Jack West, of Simcoe, Mrs. Lester Smith, in British Columbia, and Miss Pauline Rose, superintendent of the Vancouver general hospital, are daughters. Mrs. John Fraser, of Wallaceburg, is a sister-in-law.

ALEXANDRA SCHOOL COST CITY THE SUM OF \$54,272.53

Board of Education Had Statement in Full Presented at a Meeting Held on Tuesday Afternoon—Rumor Said Structure Would Cost \$80,000.

At the meeting of the board of education on Tuesday afternoon, the financial statement of the cost of erecting and equipping the Alexandra School was presented to the board. The total expense, including manual training equipment, was \$54,272.53. The school proper cost \$51,325.82.

Earlier in the year, rumors were in circulation to the effect that the school would cost \$80,000 or more, and much criticism was offered. Rev. J. G. Inkster asked for a detailed statement of the expenditure, and it was presented to the board on Tuesday.

"I think the statement is eminently satisfactory," said Mr. Inkster. "In view of the criticism that has been offered, I think it is our duty to let the public know the exact figures," said Trustee Hunt. "I move that we have the detailed statement printed."

"I second that motion," said Trustee Gammage. "We have one of the best schools in Canada, and it was built for a reasonable figure." "We could not get such a building now for a great deal more money," declared Trustee Dennis.

After some of the other members of the board had expressed their good opinion of the structure, Trustee Hunt's motion was carried unanimously. The financial statement is as follows:

LICENSE ALL DOGS IN THE TOWNSHIP

Much Damage Was Occasioned By Animals Running at Large.

[Special to The Advertiser.]

Arva, Nov. 6.—At the regular meeting of the London township council it was decided on motion of Councillor Barter, seconded by Councillor Noyes, that a bylaw to license all dogs be prepared to take effect on Jan. 1, 1913.

This action was taken as the result of the very large number of complaints that have been made regarding dogs running at large through the township and from reports that considerable damage has been done.

Mr. J. H. Patrick, addressing the council, urged that all dogs be tagged so that in cases of sheep-killing the owners may be identified, and also for the general protection of the public. It was decided to furnish tags without additional expense when the license bylaw goes into effect.

Mr. W. H. Wilkey wrote stating that unknown dogs had broken into his rabbit house and killed rabbits valued at \$75. He asked compensation under the act to impose a tax on dogs. Filed.

An agreement between the utilities board of the city of London and the township, re the furnishing of hydro-electric light and power to the residents of the township, as prepared by the township solicitor, was presented to the council and approved of, and the clerk was instructed to have the township solicitor present the same to the utilities board for their approval and signatures.

And His Stomach Is All Right

Thousands With Poor Teeth Have Good Digestion by Using Stuart's Dyspepsia Tablets After Meals.

Whether or not we eat too much is a matter for individual judgment. Benjamin Franklin tried the experiment of living on a herring and found that he discovered that the question wasn't what he ate nor the quantity thereof, but one of digestion and assimilation. The normal person eats heartily, and with keen enjoyment. That is because his mind doesn't anticipate stomach trouble. And if he does have an attack of sour stomach or indigestion he knows that the use of Stuart's Dyspepsia Tablets give quick relief.

A Gentleman of the "Old School" Who Keeps Up With the Times.

Many people have poor teeth, weak gums, sore teeth and other bothersome troubles that prevent a vigorous mastication of food. And instead of eating soft, mushy food that palls on the appetite they go in for these savory dishes, the very odor of which starts the saliva and makes the stomach fairly revel with anticipation. This is but a natural condition. Anything else borders upon the indifference which fosters indigestion and chronic dyspepsia. It may be safely said that it should not be a question of diet or kind of food, or teeth or even any of the reflexes which are supposed to have their influence in deranging the stomach. It is simply a matter of supplying the stomach and digestive organs with those known assistants such as pepsin and hydrochloric acid, both of which have a direct and powerful action upon the contents of the stomach.

One grain of single ingredient in Stuart's Dyspepsia Tablets will digest 3,000 grams of food. This saves your stomach and gives it the rest it needs. All muscles require occasional rest if they are ever over-taxed. The stomach is no exception to this rule. They are sold at 50 cents by all druggists everywhere.

Stomach Starvers

EAT ANYTHING NOW

No Indigestion or Upset Stomach

For "Pape's Diapepsin"

Users.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness, or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

LONDON AND DISTRICT

Will Hold Meetings.

A meeting of the Baptist ministers was held, and the program for the ensuing year arranged. Other routine business of the conference discussed. It is the intention of the Baptist Association to hold two open meetings, one in January and one in May. To these meetings will be invited outside clergymen and speakers.

Weekly Meetings.

The A. Y. P. A. of St. James' Anglican Church, South London, met on Monday evening and appointed a committee to arrange for the program of weekly meetings, which will be held during the coming winter. Mr. Ed. Reed, who was a delegate to the A. Y. P. A. convention in Chatham, gave an interesting report of the conference proceedings. Some fine musical numbers, which featured the evening, were given by Mrs. H. Spencer, Miss A. Hessel, Messrs. James Stewart and Bert May.

Sunday Concert Program.

The program for the concert to be held next Sunday evening in the Matinee Theatre, includes a solo by Miss Dorothy Schor, of London, England, who is at present in the city in connection with the Palestine Exhibition. Miss Schor will wear a costume that is similar to those worn in the early days in the Holy Land.

A number of selections will be rendered by the First Hussars Band and Rev. Mr. Norwood will open the concert with the Lord's Prayer, and will superintend the program. Messrs. J. Young, R. Arkel and T. Gillean will take a silver collection at the doors. Y. M. C. A. Banquet.

The Y. M. C. A. are holding their annual banquet on Nov. 14. This is the much-longed-for event among the boys who are members of the institution, and the executive are making seating arrangements for over 300 guests. The election of officers for the year will be held at the gathering and other business will also be transacted. The institute is about to launch forth on a membership campaign, and to obtain the best results possible, three teams are being arranged for. The captains of the same will be appointed this evening. The campaign will last for three days, the Friday, Saturday and Monday immediately following the big social affair on the 14th.

MAY NOW COMPETE**IN MILITARY EVENTS**

Hon. Adam Beck Is a Colonel,

But He Is Without a Regiment as Yet.

Hon. Adam Beck is now an honorary colonel, but up to the present time he has not been attached to any regiment in Canada. The Militia Department has created a number of such officers. Hon. Clifford Sifton, Sir Thomas Shaughnessy and others are among them. It will be noticed that the majority of the men so honored are expert horsemen with large strings of horses.

Owing to a regulation at the various horse shows, the military events generally the most valuable on the card, are not open to civilians. The appointment will enable the gentlemen mentioned to compete in the military events at the Olympic Show in London, in New York, and various other centres. This is a decided advantage to Hon. Adam Beck, as he could have won a number of military events with his string at the last half dozen big shows.

Mr. Beck will have to be attached to some regiment. It is understood that one honorary colonel is all that a single regiment can have, with the result that Mr. Beck is barred from such a position with the Seventh. The First Hussars have Mr. T. S. Hobbs, ex-M. P. P., as their honorary colonel. Mr. A. E. Somerville has been recommended to the position with the Twenty-sixth Regiment. At the present time it is rather hard to discover just where Mr. Beck will be placed.

LONDON COLLEGIATE**EXPLAINS POSITION**

Accepted Sarnia Challenge But Letter Seems to Have Gone Astray.

To Sporting Editor of The Advertiser:

Dear Sir,—Will you kindly publish the following in your paper: The London Collegiate Institute desire to place their position in regard to the challenge of the Sarnia C. I. Rugby team in a proper light. The captain of the L. C. I., while in Sarnia on Thanksgiving Day accepted the challenge of the Sarnia Collegiate, but was unable to name a date because of the fact that the L. C. I. was expecting a return game with the Woodstock College I. team. When the date of this was finally settled as Friday, Nov. 8, the captain immediately wrote the Sarnia team—no letter should have been received last week) explaining the reason of the delay, and asking them if Saturday, Nov. 10, would be a suitable date. The L. C. I. proposes that, as challengers, the Sarnia team should play in London and their expenses will be guaranteed. The L. C. I. is now awaiting a reply to the communication. L. C. I.

TECHNICAL HIGH SCHOOL NOT INCLUDED

This Is a Question Which Will

Come Up in Near Future,

Says Mr. Inkster.

The report of the special committee of the board of education on school accommodation, etc., did not take into account the possibility of the erection of a technical high school. Rev. J. G. Inkster, the chairman, stated that this did not come within the purview of the committee.

"That is a question which will have to be settled later," said Mr. Inkster. "We could not dispose of it owing to the fact that we had not sufficient data to go by. It is a possibility within the near future."

"The question of a technical high school should be taken up when the matter of a new collegiate is being discussed," said Inspector Edwards. "It is certain to come before many years, and we should take it into account when planning up the whole question of school accommodation."

The report will create a debate at the meeting of the board of education this afternoon, but it is thought that it will be laid aside for a while. The trustees can discuss it to their heart's content. The members have not had sufficient time to discuss it. The Advertiser, to form any opinion on the question.

LONDON SENT SYMPATHY

Lieut.-Col. Hendrie, of Forty-Eighth Highlanders, Sends Reply.

In reply to a telegram sent by Mrs. A. H. Beddome, vice-president of the Municipal Chapter, Daughters of the Empire, to Col. William Hendrie, commanding officer of the Forty-Eighth Highlanders, who were in the fatal wreck at Streetsville Junction on Thanksgiving Day, and in which two members of the regiment lost their lives, Mrs. Beddome has received a very kind answer. The telegram sent was as follows:

"To Col. William Hendrie, Forty-Eighth Highlanders, Hamilton:

"The Imperial Order, Daughters of the Empire of London, desire to express their deepest sympathy for the bereaved and sufferers of your regiment."

(Signed), HELEN BEDDOME, "First Vice-President," "Municipal Chapter."

Col. Hendrie's reply was as follows:

"To Mrs. H. Beddome vice-president:

"Please thank the members of your chapter for their sympathetic feelings for the members of my regiment who suffered in the recent accident. It has been a distressing week for my men. The two fine chaps we buried yesterday."

AT LAST, HE IS FREE**OF LUMBAGO**

Because He Took G.N. PILLS

"Winnipeg, Jan. 8.

"I have been a sufferer from Lumbago for some years past, and during Christmas week had a very acute attack, which confined me to the house. About the latter part of April I met your Mr. Hill and mentioned my complaint to him. He advised me to take G.N. PILLS. I have been taking them at intervals during the early part of the present winter, and up to date have had no return of my old trouble—in fact, I feel better than I have for years and think that my old enemy has vanished for good and all."

"H. A. JUKES."

G.N. PILLS will protect your Kidneys and Bladder against the ravages of winter. No matter how much you may dread cold weather, because you have been subject to Rheumatism or Lumbago, you will be free of pain if you take G.N. PILLS.

day side by side. One, not long out from Scotland, where his father and mother still live, the other a Scotch Canadian. Both died doing their duty to Canada and the empire. Yours truly, WILLIAM HENDRIE, lieutenant-colonel of the Gordon Highlanders."

LONDON IS MOST WHOLESOME CITY

Medical Officer Reports That Health of People Was Never So Good.

MARKETHOUSE IMPROVED

Board of Health Find That It Is Now Up to the Standard—A Meeting on Tuesday.

London is in an enviable position among other municipalities in the matter of health, according to a report presented by Dr. T. V. Hutchinson, M. O. H., at a session of the board of health held at the city hall Tuesday afternoon.

During the month of October but one case of diphtheria developed, while four other patients who were quarantined as a matter of safety proved to be suffering only from sore throat. There are three cases of scarlet fever, but these patients are now convalescing, and will be relieved of quarantine within a few days.

London has not had a case of smallpox in the last three years, a record that few cities in Canada can point to. Dr. Hutchinson, the medical officer of health, is guarding carefully against disease in all quarters.

The Market House.

The market, fire and light committee of the city council, under Ald. Ashplant, having proceeded with improvements to the basement of the market house, no further action will be taken by the health board. Sanitary conditions have been brought up to the required standard.

Dr. Hutchinson analyzed samples of city water, which had been sent to him because of discoloration. These he found to be absolutely pure, the reddish tinge being due to iron rust from the mains.

The board passed up one sewer recommendation from the city council, but sent two others back with a request for further particulars.

MR. HAYMAN WILL SELL HIS SITE TO THE CITY

But It Must Be For a City Hall and He Will Sell to No One Else.

The Eccles property may yet be secured as a site for the city hall. In conversation with Mr. John Hayman, who recently purchased it, he informed The Advertiser that he was willing to do business with the council.

"I purchased the land for my own uses," he stated. "No person except the city of London can buy it. I am willing, however, to exchange it for the Spencer Block, provided the city will permit me to erect a training school on the site. The Spencer Block is the proper site, and I think the Eccles property to be preferred. The best of the lot, to my mind is at the corner of Waterloo and Dundas, where plenty of room could be secured at a reasonable cost. I am willing to do business."

The city hall committee will meet in a week or two, when this matter will probably be discussed.

NIAGARA POWER RECEIPTS

Mr. Pocock Produces a Statement For the Month of September.

Chairman Philip Pocock has issued the statement of the finances of the electrical department for the month of September.

The receipts from all departments for the month were \$10,331.12. This is a large increase over the month of September, 1911, when the sum of \$3,955.10 was paid into the department.

"Business is increasing rapidly," said Mr. Pocock.

MARKS WINDOWS

Police Looking for Youth Who Writes on Store Fronts.

Some person with a perverse sense of humor is responsible for unusual activity along the window cleaners' front on Richmond street, from Fullarton street north to the C. P. R. depot, a cake of soap having been used by the culprit, who is being sought by the police, in marking the plate glass fronts of practically all of the stores on the west side of the thoroughfare.

The windows have been marked for several days, some streaked and daubed, but in other spots the funny individual falls into verse and records portions of popular songs. As a result of his depredations merchants have been compelled to wash their windows daily.

The police have the description of a young man, tall and slim, who through a pair of rimless spectacles saw the humor of his own conduct Monday night about 9 o'clock.

Taxis and Carriages for every occasion. Hueston's Liveries.

BOARD OF EDUCATION**WILL PAY SALARY**

Trustees Decide to Continue Assistance to Playgrounds Movement.

MORE MONEY IS WANTED

City Council Will Be Asked to Issue \$7,000 for the Industrial School.

At the regular meeting of the board of education, held on Tuesday afternoon, the big problems now causing the trustees some worry, namely, those contained in the report of the special committee on the city schools, in which an expenditure of \$100,000 is recommended, and the suggestion is made that single sessions of the kindergarten be resumed, were not discussed by the trustees. So much time was taken up in matters of minor importance that it was decided to call a special meeting next week to dispose of both questions.

A deputation from the Palestine Exhibition appeared before the board, and asked that the school children be allowed to attend the exhibition on Thursday, and the matter was referred to Inspector Edwards and Trustee Strong to arrange.

The Playgrounds Grant.

Another deputation from the Playgrounds Association, headed by Mr. George S. Gibbons and Mr. A. J. Taylor, asked the board to continue the grant of \$125 for some months. When Mr. Schott resigned the grant was \$125. On motion of Trustee Dennis it was decided to pay the amount to Mr. Schott's successor, Mr. Taylor, until the end of the year. The board had no power to go anything further.

A communication was received from the Playgrounds Association, protesting against the statement of the auditor which showed that the playgrounds were causing a great deal of trouble. The association thought that Mr. Weir should retract the statement or prove it. No committee will deal with the matter at its next meeting.

School Debentures.

Trustees W. W. Gammage, A. M. Hunt and John M. Gunn will introduce the city council regarding the issuing of \$7,000 debentures for the Industrial School. It will be remembered that when the estimates were struck this amount was struck out of the board of education figures, the council agreeing to issue debentures.

However, City Solicitor Meredith has discovered that the council cannot issue debentures, and the board of education must carry the amount mentioned as an overdraft. Some of the members of the board do not look with favor on this, and the deputation will endeavor to induce the council to hand over the money necessary to meet the expenditure.

Trustee Strong presented the report of the special committee named to inquire into the condition of the schools, but on motion of Trustee Inkster the matter was laid over for a special meeting.

Single Sessions.

Trustee Strong also asked that his motion to resume single sessions of the kindergarten lay over for a special meeting also. It was intimated that the board would meet early next week to dispose of this business.

Trustee Dennis presented an interim report of the conditions of the competition for plans of the proposed Aberdeen School, and the board instructed No. 2 committee to call for competitive plans at once.

"We want the best plans possible for a school constructed," said Mr. Dennis. "In this way I think we can secure them. The competition will be limited to local architects."

The conditions are to be revised, and will be sent to each member of the board later.

Inspector's Report.

Inspector Edwards reported that during the month the enrollment in the public schools was 5,426, an increase of 53. The kindergarten enrollment was 894, 109 more than last year, and the average attendance was 639, a growth of 4. The total enrollment was 6,320, an increase of 246, and the average attendance was 5,592, a decrease of 49.

This was due to the epidemic of skin disease in Aberdeen school, and the prevalence of mumps. Mr. Edwards also stated that 488 boys and 505 girls were attending the manual training and domestic science classes. The average attendance was 448 and 447 respectively. The school nurse reported 1,357 inspections, 386 treatments, and 49 visits to homes.

The Collegiate.

Principal McIntosh reported the attendance at the Collegiate as follows:

	On Average	Roll	Age.
First year, general course	226	216	
Second year, general course	163	153	
Middle school, general course	199	199	
Upper school, general course	52	48	
First
