

SEIZURE OF SCOTLAND'S COAL MINES THREATENED BY COMMUNISTS

Edward Fischer, the Man Who Sent Warning Postal Card, Among Those To Be Questioned—Efforts To Identify Owner of Horse Attached to Wagon That Is Believed To Have Conveyed Bomb to Scene of Blast Have to the Present Time Proved Fruitless.

Identifies Horsehoes. — Efforts to identify the owner of the horse which drew the machine supposed to carry the infernal machine were continued. Although John Haggerty, the proprietor of the stable where the horse as those he had attached two weeks ago, faint hope was expressed of identifying the owner of the animal, since Haggerty could recall no unmistakable identifying features of the horse. He said he was not sure simply because they bore a certain mark common to all his handiwork, and not because he had not seen the animal.

Federal agents today were investigating a report that the fire department had been notified by a number of explosives lawfully held in the city, that there was a distinct shortage in one of the magazines. Inquiries by the department officials gave no hint as to the location of the reported shortage. But the investigation was not a very important bearing on the discovery of the

When requested to talk, he said: "In the hands of my friends here. I added, 'I don't know who they are.' That's all I know. I don't know who sort of statement you fellows expect me to make. I don't know much to say."

Fischer's jocularity continued while he left the room. He was expected to arrive. When he disappeared from view down a subway entrance he still was laughing. He had been engaged in self thoroughly.

When detectives said they had to go, Fischer said they had to go. He, sheriff, crown attorney, chief of police, United States consul and the immigration officer, all had to go. He wanted Hamilton to get Fischer away, a very poor tennis star broke in. Yes, if he was a tennis star, I still be up to that darned place."

Fischer wore a grey suit and a black tie. He was a tall, thin man with a small black handbag. Department justice agents accompanied him and

opposed plotting for the massacre. The Wall street explosion which had remained unidentified was recognized at the time by the Wall Street Journal as having been the explosion of a dynamite keg in the Brooklyn as her son, Elmer Wallace Kehrer, 21 years old, chauffeur.

Kehrer had been out of work and looking for employment. Mrs. Kehrer said, adding that the youth had made a mistake in coming to the South "Fourth street." Considerable importance had been attached to the fact that Kehrer was employed by the South "Fourth street." Official opinion differing over the theory that this lack of identification might suggest a record of previous persons of questionable character.

Edwin P. Fischer, the former metro-politan editor, who was detained in Hamilton, Ont., in connection with his postcard warnings of the Wall Street explosion, was ordered to return to the custody of New York and Hamilton detectives. He was taken to police headquarters once.

Several other persons were taken to the federal agents early today called at police headquarters and took to custody. One of these was a man, identified as a Communist, who was detained when he admitted that he had been in the vicinity of the Wall Street explosion.

Will Question Russian.

This was done despite statements yesterday by William J. Flynn, chief of the bureau of investigation of the department of justice, that he attached no importance to the fact that the Russian sky and did not want him.

Maurice Davies, superintendent of the bureau of investigation of the department of justice, after an extensive examination of clothing of the victims of the explosion, declared that the theory that the explosion was caused by a bomb thrown by a person was not enough to the explosion to have been blown to atoms has been negated.

The examination of the clothing of the victims of the explosion, however, did not find a single glass wound. All wounds were caused by substances, mostly metal, he said.

Italian Manufacturers Submit to Giolitti's Plan Under Protest.

Rome, Sept. 26.—Delegates of Italian employers informed Premier Giolitti they would accept his plan for the railway commission against the decision of the Port Stanley court of arbitration is considered by Judge Conliffe.

The assessment on the bathhouse and other land and buildings was advanced to \$113,000 this year, which was also

formula for reaching a settlement of their controversy with their workmen, but would submit to it. The premier answered he would assume full responsibility for imposing his plan, and later issued a decree making formal announcement of his action. The facts were made earlier in the day, reconcile opposite points of view regarding the premier's plan. This meeting adjourned and then delegates of the employers and the workmen held conferences. Most of the time at the joint conference was taken up with consideration of the question of dismissing workers.

CUSTOMS PLAN OPPOSED

Regarded As Most Just and

Equitable Way of Raising Revenue.

Vancouver, B. C., Sept. 20.—By the Canadian Press.—J. B. Thomson, chairman of the British Columbia division of the Canadian Manufacturers' Association, in submitting the brief of the British Columbia division for the tariff commissioners at their sitting here today, stated that as part of the association of Canadian manufacturers the division desired to attract the position taken by the president, Mr. McKinnon, in submitting his brief to the commissioners at Winnipeg on September 14, that the members endorse the policy of adequate protection enumerated

ated by Mr. McKinnon. "All countries," declared Mr. Thompson, "which have progressed in industrial life, and have become great nations, have done so through the benefits of a protective tariff. The war has taught us that as essential as maintaining a large army and navy, is the fostering of the industrial and agricultural life of the country so that should it at any time be forced, through the acts of war, to abandon its interchange of trade with other nations, it can, from the production of its own goods, furnish itself with all required for the comfort and welfare of its people."

It was then, as he wished, through the collection of customs duties, farm products, and the like, that a very large proportion of the income of the United States is derived. It has been recognized by the majority of the foremost nations of the world that the

Actual Figures.

With no provision in the estimate for exempting soldiers from taxes on their homes this year, the council opened up a new problem for itself when it decided to take this step. It is now admitted that the number of men who would be liable for the exemption was grossly underestimated by both the soldiers' organizations who asked the adoption of the measure and the council.

The latest report on the situation shows that the total amount of tax remitted was \$19,088. At the beginning of the year it was expected \$10,000 at least would be sufficient for all the remissions.

FIRE IN CHICAGO BALL PARK

Chicago, Sept. 20.—The third fire in the Chicago White Sox ball park today destroyed the grandstand and the press box. The fire broke out at 1:30 p. m. and was extinguished in 15 minutes. The damage is estimated at \$100,000.

SKIP CHURCHES

Religious Survey of the City
May Be Made Shortly.

Considerable discussion regarding the religious census of London being taken by the Social Service Council with the aid of the clergy at the same time in the social service survey took place at the monthly meeting of the Ministry of Finance in the Y. M. C. A. this morning.

In the course of the discussion, R. D. C. MacGregor said that something should be done towards getting the people into the streets. "I have walked down Dundas street on a Sunday evening, and I know that the people are not in the streets around the streets have not been to the church service. Whether it is our fault or something else, we must do it more quickly, and I heartily approve anything along the line of a religious census."

Other clerics voiced the same opinion as Mr. MacGregor, that young people are coming to the church less and less.

and delinquency, etc., and public health as well as a particular investigation of the foreign element. Mr. McCullough stated that the survey would be a thorough one and the report would not be made public until the close.

Mr. McCullough also said that the Chamber of Commerce had become interested and was helping, and was confident if the Ministerial Association took an active part in securing the religious census much could be accomplished.

KINDLED FIRE WITH GASOLINE, LIKELY TO DIE FROM BUR

Cyball, Sept. 20.—Mrs. Roal Maistook a can of gasoline for cooking in fighting her fire this morning. The explosion killed her and so badly burned that she cannot recover.

Bishop Williams, Just Back From the Lambeth Conference Discusses Conditions in the Old Land — Looks For Important Developments in Connection With Church Union

"If the appeal for unionism at the Lambeth conference, held in London, England, recently, is received in the same spirit in which it went out, church unionism the world over will not be far distant," said Bishop David Williams, who returned Sunday evening from England, where he was one of the 323 delegates to the conference. Williams represented the Anglican Church throughout the world.

He told The Advertiser that the appeal for church unionism was passed without opposition and practically unanimously. Asked as to whether church union would include Catholics, he stated that if Catholics received it in the same manner as other denominations, it would.

Church union was the most vital matter taken up at the conference, which was held at Lambeth Palace, London, from July 1 to 11.

Need to do greater things for Christ in the new year.

Regarding conditions generally in England, Bishop Williams said every one was living in a prosperous way, though there was a feeling of insecurity as to the future of the coal mines and people in every rank and level, and all labor organizations were anxious to do something to help them, if they threatened to hold up the nation just now at the approach of winter.

Williams said that he was glad to see the people over the discovery that the Lonsdale paper was heavily subsidized by Bolshevism.

Regarding the Irish question, the general feeling was that the British Government was not doing enough to keep extremists and so prevent disastrous disturbances. Parliament, Bishop Williams said, will give the Irish people a chance to show which

Canadian industry, commented J. A. Allan, of James Carruthers & Co., "providing the banks have the money to move it, or can get the ships to take it across. The grain men are anxious to take charge of this crop, as they were before the war."

"Our impression," said Mr. Allan, "is that it is a big money crop, as well as one in which the higher grade of hard wheat in numbers One and Two Northern predominates. It is the second best crop that Canada ever raised. The 1915 crop is larger, but this crop will bring more money than the price is higher."

Joseph Quintail, of Quintail & Lynch, said his firm had valuable information from private sources for the new crop, ranging from 210,000,

070 to 270,000,000 bushels of wheat. It had been said that \$2.60 would be the price per bushel, but in his opinion that was mere speculation. "The market," he said, "is strong with Italy, France, Belgium, Switzerland, and, perhaps Germany, as customers. England is not buying. She has some stock left from the last crop to finish up before buying. Moreover they find the prices too high, but as Canada is the only country producing hard spring wheat, and has it to sell, we should be able to dictate prices."

LABOR MEN LAUNCH HOT ATTACK ON BECK

Windsor Congress, in Critical Mood, Flays Friends and Foes Over Chippewa 8-Hour Day Issue—“Let Sir Adam Resign, Since He Defies the Government,” Says John Bruce.

WINDSOR, Sept. 18.—An attack on Sir Adam Beck, chairman of the Ontario Hydro-Electric Commission, on the Ontario Government, on the Labor members in the Ontario House, and on Hon. Walter Rolfe, minister of labor and health for Ontario, was the feature of the closing session of the Windsor Congress today, and the debate was so prolonged that it was necessary to postpone the hour of adjournment in order to wind up the business of the convention. The topic was introduced with a resolution submitted by the Niagara District Trades Federation opposing the action of the hydro-electric commission in repudiating the eight-hour day after a week and condemning the Government of the province of Ontario for not taking action on making it a law.

The following resolution dealing with the industrial disputes act submitted by the Ontario Council, United Brotherhood of Carpenters and Joiners of America, was then taken up, concurrences being recommended by committee: Be it resolved that the industrial disputes act be extended to all industries on the question of application of either an organization involved, an employer or a municipality; providing that the compulsory clauses restraining the right to strike pending decision of such board be eliminated, and the act so amended as to preserve full liberty of workers and employers during the term of the board.

Will Suggest Amendments. Coupled with this was the recommendation of the executive committee that the act be extended to all industries on the question of application of either an organization involved, an employer or a municipality; providing that the compulsory clauses restraining the right to strike pending decision of such board be eliminated, and the act so amended as to preserve full liberty of workers and employers during the term of the board.

President's Explanation. President Tom Moore explained that while the committee had in view been against the act the extension of its operation to war-time industries as a knowledge of its benefits as well as disbenefits to a large circle of workers that the congress found itself in a position of receiving resolutions from the extension to other organized bodies, and demanding its repeal. Therefore, it had been thought advisable to amend the act so that the committee's recommendation be concurred in.

There was a pretty general opinion expressed by delegates that the act stands permitted the employers to fortify themselves against any effort on the part of workers should a strike be found necessary.

Chairman's Knowledge. Resolutions recommending the appointment as chairman of boards of conciliation of men with good knowledge of economic problems and with qualifications as conciliators whenever possible, to make the industrial disputes act applicable to policemen, were concurred in.

The resolution regarding detective agencies submitted by the Hamilton District Trades and Labor Council, and concurred in, read as follows: “Owing to the destructive results obtaining as a result of the activities of private detective agencies, which furnish strikebreakers to unscrupulous employers and who furnish thugs and gunmen for the express purpose of creating disturbances in localities where strikes are in progress, as has been demonstrated upon innumerable occasions; an outstanding illustration being furnished very recently by the Feltz outfit in the Virginia coal fields, where more than a score of persons were killed or injured.”

Therefore, be it resolved that this Trades and Labor Congress in convention assembled, instruct its executive council and all provincial executives to take this matter up with the federal and all provincial governments, looking to the enactment of such legislation as will prohibit the issuing of licenses to any and all detective agencies which engage in strikebreaking activities.”

J. A. McClelland of Montreal, discussing this resolution, declared that they could get some good information from Halifax delegates on this subject, and declared acts of violence attributed to strikers were committed by these private detectives with a view to influencing public opinion against the strikers.

Adoption of resolutions asking the executives to consider the advisability of calling a national convention of all municipal and government employees and favoring government inspection of furnace installation followed.

Against Coal Embargo. There was considerable discussion on a resolution forwarded by the Inverness (N. S.) local of United Mine Workers, recommending that the embargo on the shipment of coal out of Canada be removed, non-concurrence in which was recommended by the committee. The convention voted down the recommendation of the committee, and a request will consequently be made to the Government to remove the embargo. This was the last contentious resolution to come up.

Recommendations. The congress endorsed the recommendation of the resolutions committee and executive council that the latter draft suggested amendments to the industrial disputes act, seeking to remove clauses prohibiting strikes until intervention and the extension of its application to workers to whom it does not already apply, and endeavor to have the act so amended. It was also decided to ask that the embargo on coal be removed.

A resolution submitted by the Hamilton District Trades Council, that the Government be requested to refuse license to any detective agencies engaged in strike-breaking activities was heartily endorsed, some of the delegates speaking on it, declaring that in many instances the detectives were guilty of atrocious crimes committed with a view to turning public opinion against the strikers.

Winnipeg Next Year. The convention adjourned at 1:30 to meet in Winnipeg next year.

WHO IS FEEDING McSWINEY ASKS LONDON NEWSPAPER?

Fast Has Already Nearly Equalled Dr. Tanner's in 1880.

LONDON, Sept. 19.—Considerable talk was occasioned today by a paragraph appearing in the Sunday Times under the heading “Who is Feeding Mr. MacSwiney?”

It says: “Everybody is asking who is feeding him. There is no doubt at all that the Government is not giving him food, or any of the prison officials. It is suggested that his visitors, priests and relatives are giving him sufficient food to keep him alive.”

Pointing out that Mr. MacSwiney and the Cork hunger strikers have virtually equalled Dr. Tanner's 40 days' fast, the paper asked how the first twelve men to be found—Mayor MacSwiney and the eleven men in Cork—when they tried to go without food could equal Dr. Tanner's record, which excited the wonder of the world.

No Nourishment Given. In reply to this Art O'Brien of the Self-Determination League tonight said: “No nourishment or food of any kind is being given to the lord mayor. Mr. MacSwiney on Monday will send a message on behalf of himself and the hunger strikers in Cork jail to Irishmen throughout the world, thanking them for their sympathy and prayers, according to the Irish people, and would welcome an expression of moderate opinions directed to the unfortunate state of affairs.”

He was then 43 years of age, and he lived to be 87.

MAJOR BARNETT IS NEW CHAIRMAN OF THE S. S. B.

Successor to W. J. Black Served Overseas With 50th Battalion.

OTTAWA, Sept. 19.—Major John Barnett of Calgary has been named chairman of the soldiers' settlement board, in succession to W. J. Black.

Major Barnett was born on a Carleton County, New Brunswick, farm, and attended Dalhousie College, Halifax, where he graduated in arts and law in 1905. He went west in the following year, and took up the practice of law at Innisfail, Alberta, succeeding to the practice of Judge Carpenter on his election to the bench.

Major Barnett enlisted in the 187th Battalion and went overseas as a captain and adjutant of that unit in 1916. Reverting to the rank of lieutenant in 1917, he took part in the fighting around Lens, following the Hindenburg battle, and was wounded. He was medically unfit for further service at the front. Shortly after returning to Canada, in June, 1918, he became assistant judge advocate general of the 15th District at Calgary. In March, 1919, he joined the staff of the soldiers' settlement board as superintendent of the Calgary office, later becoming provincial secretary of the board for Alberta, and in October last he was appointed general counsel for the board for the western provinces with headquarters at Calgary.

UNLIKELY TO CHANGE DECISION IN REGARD TO MAYOR M'SWINEY

Says Hamar Greenwood in Regard to Appeal of Louth Magistrates.

BELFAST, Sept. 19.—Sir Hamar Greenwood, chief secretary for Ireland, has informed the magistrates of County Louth that he can hold out no hope that the British Government will reverse its decision in the case of Lord Mayor MacSwiney, on hunger strike in Brixton jail. The magistrates recently sent a communication to Sir Hamar, demanding full self-government for Ireland, with powers not less comprehensive than those enjoyed by any dominion, and calling for the immediate release of MacSwiney. The chief secretary's reply to the magistrates says: “I can hold out no hope of reversal of the decision of the Government in the case of the lord mayor of Cork. I can assure you that the Government is desirous of granting the fullest possible measures of self-government to the Irish people, and would welcome an expression of moderate opinions directed to the unfortunate state of affairs.”

BISHOP FALLON WARNS LLOYD GEORGE

BELFAST, Sept. 19.—Bishop Fallon of London, Ont., who is visiting Belfast, has written a letter to Lloyd George, warning him of the danger of civil war in Ulster, in which he says: “The proposed arming of civilians is an invitation to incitement to civil war here in Ulster. Such action makes hopeless the efforts of moderate men throughout the empire. The hidden power that is dictating the present policy is digging the grave of the British commonwealth.”

SINN FEINERS SEIZE 20 AUTOS BY FORCE

BELFAST, Sept. 19.—With twenty automobiles captured from week-end pleasure seekers Sinn Feiners in mid-Tyrone Saturday carried out one of the biggest raids for arms in the history of Ireland. Early in the afternoon, when large numbers of persons were starting on week-end tours a body of men armed with revolvers stationed themselves at the entrance to Gorteen, a favorite drive, and held up all motor cars, the passengers being sent to the farm houses adjacent.

When twenty machines had been captured a gang of 100 masked men, all heavily armed and led by an officer, descended from the adjoining mountainside and entered the cars, the drivers of which with revolvers at their heads were compelled to drive the raiders around the country, visiting in search of arms.

Clean -- Sparkling -- Inviting

A GOOD meal, daintily served, is most fully appreciated when eaten in a room that sparkles with sunshine and cleanliness.

Your dining-room will always have this much-to-be-desired appearance if you use O-Cedar Polish, as directed, on the woodwork, floors and furniture.

A few drops of O-Cedar on a wet cloth will form a soft lather which removes any dust and grime the furniture may have collected.

Over this clean surface simply rub a dry cloth. The “polish” that results from this treatment is bright and lustrous—it will cheerily reflect the rays of sunlight that enter the room by day, and mirror the soft radiance of shaded lights after sunset.

O-Cedar Polish 25c. to \$3.00 sizes. O-Cedar Polish Mop, without handle, \$1.50—the handle, 54 inches long is 25c. extra. Both Polish and Mop at your Hardware or Grocery Shop.

CHANNELL CHEMICAL COMPANY, LIMITED, TORONTO

O-Cedar Polish

Should Maintain Rights. John Bruce of Toronto declared that they should not give up their rights, although it might involve the downfall of the Government. He declared that Sir Adam Beck had a committee, of which he was a member, that the commission would not establish the 8-hour day even though the Government demanded it. He was in favor of giving Sir Adam the opportunity of getting out. He was not inflexible, and if he did he would have to be replaced. He might as well be released now when he defied the Government to which he was responsible.

Mr. Bruce said there was a subtle influence back of all that the Hydro-Electric Commission had misjudged how far it could go and was now trying to cover by throwing the blame on the workers. He thought it high time that there was an investigation of many things connected with the hydro-electric, and declared that Sir Adam was at all times unfriendly to the workers.

Moore Accuses Government. President Moore, speaking in favor of the committee's recommendation, said that the minister of labor had asked whether they should prefer to give up their pensions and other legislation beneficial to workers, secured by the Government, and declared that they should force the issue. He accused the Government of breaking faith with labor representative to the Hydro-Electric Commission when there was a vacancy, or creating a place for a labor man on the commission. He had no desire to see the chairman replaced, but when he made the issue as to whether the workers be granted their demands or he would resign, then he would advise by all means the acceptance of the resignation of the chairman. He accused Sir Adam of putting extra police on the Chippewa Canal works to keep business agents from visiting the workers, and read a letter which he had written to the chairman making this charge, and a reply from Sir Adam denying that he had done so.

Sir Adam's Reply. Sir Adam's letter stated that these agents could visit the men during noon hour or on off time with a permit from the office, but Mr. Moore pointed out that this meant that it would take more money than organized labor could afford to spend and more than they could afford in looking after the workers, owing to the scattered nature of the work and the distance of the central office from the various camps.

President Moore also accused the newspapers of imputing improper motives to organized labor in insisting on their rights. They were accused of being hostile to public ownership, which was not a fact.

J. B. McSweeney of Niagara Falls said that the business agent was invariably accompanied by a policeman, or as the chairman of the commission called them, a watchman, when he went to interview a man.

John Noble, Toronto, made a bitter attack on Sir Adam, characterizing him as hostile to organized labor, and expressed the opinion that it mattered not how soon he resigned.

Recommendations. The congress endorsed the recommendation of the resolutions committee and executive council that the latter draft suggested amendments to the industrial disputes act, seeking to remove clauses prohibiting strikes until intervention and the extension of its application to workers to whom it does not already apply, and endeavor to have the act so amended. It was also decided to ask that the embargo on coal be removed.

A resolution submitted by the Hamilton District Trades Council, that the Government be requested to refuse license to any detective agencies engaged in strike-breaking activities was heartily endorsed, some of the delegates speaking on it, declaring that in many instances the detectives were guilty of atrocious crimes committed with a view to turning public opinion against the strikers.

Winnipeg Next Year. The convention adjourned at 1:30 to meet in Winnipeg next year.

CANADA'S 1920 WHEAT CROPS GRADING HIGH

Of 1,184 Carloads Inspected
1,014 Prove in First Four Grades.

OTTAWA, Sept. 19.—(Canadian Press)—According to reports received by the Dominion Bureau of Statistics, inspections of wheat for the week ending September 10, indicate that the crop is grading very high. Out of the 1,184 cars of wheat inspected, 1,014 graded within the first four grades.

The quantity of grain in store at the different public elevators throughout Canada, according to returns for the week ending September 10, has increased by 159,166 bushels.

The total figures for storage have not been received from western country elevators. Totals received to date were: Wheat, 5,815,048; oats, 471,201; barley, 572,721; rye, 70,424; flax, 421,194.

Beekeepers To Fight Foul Brood

Lambton Apiarists at Their Own Expense to Provide an Inspector.

WYOMING, Sept. 18.—At the annual meeting of the Lambton County Beekeepers' Association, held in the Odd-fellows' Hall here, with Harry Lucas in the chair, the following officers were elected: President, John T. Wilson, Petrolia; vice-president, Mr. Hamilton, Sr., Forest; secretary-treasurer, R. C. Fretz, Forest; directors, Wm. McDonald, Mooretown; Captain Young, Port Lambton; Colonel Kenward, Watford.

The principal discussion was the question of overcoming foul brood prevalence in the county. It was decided to form an apitary inspection fund, supported by the beekeepers, to secure the services of an efficient inspector for the summer of 1921. His time will be fully taken up in this work during the spring and summer seasons.

The Only Possible Improvement—A Second Flavor

We couldn't improve Peppermint Chiclets—the purity, the dainty shape, the joyous candy-coating.

Now you can suit your pleasure—without sacrificing the “Really. Delightful” goodness of genuine Adams Chiclets.

See that the name “Adams” is on the packet—then choose your flavor.

Sold by most stores everywhere at five cents for a packet of ten Chiclets.

So we have produced for your pleasure a second flavor—tempting Tutti-Frutti Chiclets, crammed with the memory of luscious tropical fruits.

—an Adams product, particularly prepared

Tutti-Frutti Chiclets 10. for 5¢

Peppermint Chiclets in the Yellow and Gold Packet

because it is **Lantic Sugar**

FISCHER HAS RETURNED TO NEW YORK

Voluntarily Agreed to Submit to Questioning About Warning Notes.

FEARS ANOTHER DISASTER

Fischer Says Headaches From Which He Suffers Are a Sign.

SUFFALO, Sept. 19.—Edwin P. Fischer, returning voluntarily to New York to submit to questioning in connection with the notes he sent giving warning of the Wall Street explosion, arrived in Buffalo at 9 o'clock tonight from Hamilton, Ont., and left at 9:30 for New York.

He was accompanied by two New York City detectives, and an agent of the United States department of justice.

UNDESIRABLE ALIEN. Fischer, Sept. 19.—Edwin P. Fischer, New York, who sent postcard "death warning" to get out of Wall Street, before the explosion occurred, and has been in jail here since the local lunacy commission adjudged him insane shortly after his arrest here last Friday, may be deported to New York Monday or Tuesday.

The New York police are moving to have Fischer sent to New York under the immigration act, and H. C. Sweeney, local immigration officer, made application on Saturday to have Fischer deported on the ground that he had been in an United States institution for mental defectives, and because he had entered this country without possessing the necessary amount of money.

Fischer's counsel, T. R. Sloan, after having visited Fischer in jail on Saturday, is quoted as saying that extradition or deportation proceedings would be resisted.

A Neighborly Act. Police Magistrate Jelfs, a member of the local lunacy commission, which found Fischer insane, stated on Saturday that he did not feel inclined to issue an order for the prisoner's commitment to either the State Prison or the asylum, or for his release, and he considered that it would be a neighborly act if the Canadian authorities turned Fischer over to the United States authorities for examination.

Fischer is in a nervous, excitable condition in the jail. He complains of pains in his head, such as he says pressure of the brain, but he has not made any predictions since the Wall Street explosion in New York. He claims to be a psychic.

GAVE WARNING TIP TO TENNIS PLAYERS. NEW YORK, Sept. 18.—Edwin P. Fischer, detained in Hamilton Ont., in connection with the investigation into the Wall Street explosion, warned fellow tennis players as much as two weeks ago to "take a tip" and get their money out of the banks because "something was going to happen," according to a statement today by J. P. Allen, a tennis expert, who frequently played with Fischer, himself a city champion.

Fischer, according to the statement, entered the West Side Tennis Club here in the recent tournament, and with to attempt to secure asked Allen if he had any money deposited in a bank. Fischer, in the affirmative, he told him to "draw it out," and to have the cash where you can get it when you want.

The warning was given about August 1, according to Allen, at the time of the all-comers' tournament, where Fischer frequently played, and he was officiated in various capacities.

TWO MIMICO BOYS DROWNED. TORONTO, Sept. 19.—Two boys from Mimico, Ontario, Percy Lanchbury and James Leigh, were drowned near Kunterville, Muskoka, on Friday evening by the capsizing of a canoe on Lake Vernon. The boys were on a camping and fishing trip.

WOMAN'S BEST LAXATIVE. Proved Every Day That Dr. Hamilton's Pills Are Just Right for Woman's Use.

Little wonder woman suffers so much from constipation. She always hesitates, continually puts off taking medicine. Of course, a woman's system is delicate, is easily injured by drastic purgatives. Bitter experience with harsh medicines makes her cautious, and to her great injury, chronic sluggishness if the system is permitted.

Few pills are suited to the actual needs of woman—they are too strong. But there is a good woman's laxative, and it combines mildness with thoroughness of activity—it is known to the people of many nations as Dr. Hamilton's Pills, which never gripe, never cause nausea and are safe to use no matter what the conditions of strength or circumstances of life may be. A natural, healthy laxative, as an all-around laxative, there is positively nothing so efficacious as Dr. Hamilton's Pills of Mandrake and Lactumut. 25c per box at all dealers.

MOTHER! "California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You must say "California."

MA BE BODY OF DRIVER OF DEATH WAGON

Unidentified Remains of Red-Haired Boy Cause of Suspicion.

NEW YORK, Sept. 19.—Department of justice agents and the police are still without a definite clue tonight to the identity of the person or persons responsible for Thursday's explosion in Wall street.

Alexander Brailovsky, a Russian journalist, who was arrested late yesterday on information furnished by an anonymous correspondent and who admitted having been in the financial district a short time after the explosion occurred, is still being held without bail, on a charge of being an undesirable alien.

No other charge or suggestion that Brailovsky is in any way responsible for the disaster, has yet been made by the authorities. They announced, however, that he would be questioned further and an effort made to locate the three men with whom he was seen talking at Pine and Nassau streets less than an hour after the blast. He vehemently denies being implicated in the supposed plot.

MA BE BODY OF DRIVER OF DEATH WAGON

Unidentified Remains of Red-Haired Boy Cause of Suspicion.

NEW YORK, Sept. 19.—Department of justice agents and the police are still without a definite clue tonight to the identity of the person or persons responsible for Thursday's explosion in Wall street.

Alexander Brailovsky, a Russian journalist, who was arrested late yesterday on information furnished by an anonymous correspondent and who admitted having been in the financial district a short time after the explosion occurred, is still being held without bail, on a charge of being an undesirable alien.

No other charge or suggestion that Brailovsky is in any way responsible for the disaster, has yet been made by the authorities. They announced, however, that he would be questioned further and an effort made to locate the three men with whom he was seen talking at Pine and Nassau streets less than an hour after the blast. He vehemently denies being implicated in the supposed plot.

May Be Driver of Wagon. The only important development within the last 24 hours is the suggestion by the authorities that the driver of the so-called unidentified body, that of a blonde-haired boy, about 19, may be the driver of the death wagon, which was abandoned near the Assay Office just before the explosion, and which is believed to have carried the time bomb which caused the disaster.

Seven "identifications" of the body were made during the day, but all were found to be erroneous upon further investigation. It was reported that 24 persons had lost their lives as a result of the accident. Some of the earlier lists made the number 25.

No New Developments. Chief Flynn tonight declared there were no new developments in the case, although his men were working on several leads, and hoped for developments. He denied reports that he was seeking five members of the so-called Gallian band of anarchists.

"I know where these people are and we are watching them," he said. "We have them under surveillance along with a number of other persons, but we are not looking for them now."

Medical Examiner Morris, who has charge of the autopsies on the bodies of those who died as a result of the explosion, declared that in every case except one death was caused directly by "blunt force" or penetrating wounds, that fractured bones and hemorrhages caused by the missiles did not reach vital spots. The exception was that of a woman, who, Dr. Morris said, was clearly burned to death. Her body was found nearest the spot where the explosion occurred.

Delegates to the Ninth Congress of Chambers of Commerce of the Empire in Toronto.

Group of the British delegates taken on the lawn at Queen's Hotel, Toronto. From left to right: Mr. Charles F. Seife, Aldershot; Mr. Charles E. Mugggrave, London, honorary secretary and convener of the congress; Mr. Stanley Machin; J. P. London; Lord Desborough, K. C. V. O., London; Mr. Albert J. Hobson, J. P. L. D., Sheffield, vice-chairman of the congress; Mr. E. J. Bruce, J. P. Huddersfield; Mr. Arthur H. Smith, president of the Aldershot Chamber of Commerce; Mr. J. A. Darracott, Aldershot.

VETERANS' DISPUTE HALTS MEMORIAL FUND CAMPAIGN

Windsor and Walkerville G. W. V. A. Commands Not Agreed Upon Joint Hall.

WINDSOR, Sept. 19.—As a result of the direct refusal a few days ago of members of Walkerville and Ford Creek War Veterans' Association to co-operate with the Windsor Command of the returned men's organization in raising funds for one big joint memorial hall to serve the interests of the entire border and Essex County, it has been definitely decided to postpone the campaign now in progress for funds for the erection of the proposed building in Windsor.

This decision was reached at a meeting of representative businessmen directing the campaign who decided it wise to abandon the project temporarily, and to approach the Windsor City Council at a more opportune time with plans for the undertaking.

Parks Scheme Favored. While certain opposition to the joint parks scheme of the Essex-Jordan Utilities Commission for the border district has developed in Walkerville Council, the plan embracing the establishment of a boulevard driveway encircling the various municipalities and a number of parks distributed throughout the district is expected to be approved by the electors of all the border towns.

At its meeting last week, Walkerville Council will receive a unanimous recommendation from the parks commission of that town that the project of the utilities commission be approved and passed on to the electors for final authorization. Sandwich town Council has already approved of the plan, and at a special meeting Friday night set for Saturday, October 23, as the date for a vote on the scheme.

School Addition Needed. Although plans have been adopted for the erection of a \$450,000 school in the southern section of Windsor, the overcrowded conditions have been found in public schools, that a special meeting of the board of education was held in Wyandotte Street School Monday afternoon to consider the construction of an addition to that school.

With only two small children as witnesses on behalf of the plaintiff, Magistrate Miers has refused to try a charge against Mrs. Louise Vermette, residing in Anderson Township, of assault upon the eleven-year-old daughter of E. P. Meloche, a neighbor.

When Windsor City Council meets Monday to consider the report of the finance committee, advising immediate marketing of six bonds, the council will be faced with a choice between two courses of action. One is to issue the bonds at once, and the other is to postpone the issue until after the next election.

Encouraged by this, the company is going into the motion picture making on a large scale, and will amalgamate with the Calgary Productions, which company will make two of the Connor stories for the screen. Subsidary companies will be formed in the chief sections of Canada with the aid of local capital in cities where Canadian authors have set their story. Natural Canadian settings will be sought for.

Robert Service, Stead, Dirkin, Drummond, Parker, Ingersoll and other writers' works will be secured for Canadian drama visualized on the screen. Ernest Shipman, who is still a citizen of Canada, although living in New York for many years, is largely interested in the Winnipeg enterprise, and will have the active support of the First National Exhibitors' Association. Several millionaires are shareholders in the company, and there will be no difficulty, it is believed, in financing the company. Every bit of "The Foreigner" was made in Winnipeg, except small portions in Banff.

DETROIT BOARD OF COMMERCE TO STAND BACK OF PROPOSAL. Housing Corporation Plans Expenditure of \$600,000.

DETROIT, Sept. 18.—The Detroit Board of Commerce will stand back of the Detroit Housing Corporation's proposal to float a bond issue of \$600,000 for building additional homes for workers in the city. This was made clear when 95 per cent of the board's membership endorsed the idea. Virtually pledges on the part of the entire membership of the board were made to subscribe most of the fund.

The commercial organization has just completed a survey tending to show that the growth of Detroit, both in population and industry, is being retarded by the house shortage. It was revealed that workers are paying from \$70 to \$100 a month for places in which to live, and that many workmen are leaving Detroit for other cities or are threatening to do so.

The bonds that the members of the board are asked to buy are in denominations of \$100, \$500 and \$1,000, maturing semi-annually. They are to be secured by mortgages.

William Stocking, statistician of the board, reports a big reduction in house construction during July. The number of permits was 561 fewer than in July, 1919.

KIDNAPPED CHILD SAFE. TORONTO, Sept. 19.—Albert Peters, a returned soldier suffering from shell shock, who disappeared last Thursday with 6-year-old Irene McKinnon of this city, was found by a squad of city detectives this morning in an abandoned shack in a bush about two miles from the village of Weston, York County. Peters was arrested on a charge of kidnapping. He boarded an on one and a half hour train for Toronto, and was taken to the police station. He was unarmed. She told the officers that she was hungry and wanted her mamma.

SAULT STE. MARIE, Ont., Sept. 19.—William D. Mower, alias Douglas Moore, alleged murderer of George Elliot, the East Korah farmer, was arrested today six miles inland from Mile Sixty on the Algoma Central Railway, after having remained in the woods almost a week. He was trying to escape food for himself and two companions, Maggie Hook and Pearl Moyer, about 15 years of age each, and dressed as boys. One of the girls is said to have been mistaken in the dark by Farmer Elliot as a possible purchaser of his chickens, and it was in this connection that the shooting of Elliot by Mower is alleged to have occurred.

The two girls were taken prisoners along with Mower and they were all landed in jail at the Soo this evening. James Mower, father of one of the girls which was with the prisoner, held on a charge of assisting Mower and the two girls to escape on the night of the shooting.

DEATH OF JOHN BUCHANAN. BRUSSELS, Sept. 18.—An old, well-known resident of this locality, in the person of John Buchanan, died suddenly at his home on Thursday from heart-failure. He was unmarried. His sister survives him.

Councillor and Mrs. Richards have removed to Hamilton. Their residence here was sold to John G. Smith of Dand, Man.

Brussels annual fair was held on Agricultural Park and attracted quite a crowd, the gate receipts being about \$600. The concert in the skating rink was largely attended, proceeds totalling nearly \$400. The speed events were a source of much interest, and the Klitte Band rendered fine music.

The Platt farm, containing 100 acres, has been purchased by W. H. Mansuets of Brussels. He will live in town.

Do not suffer another day with itching, bleeding, protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you in 30 days and afford lasting benefit. 6c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c stamp for postage.

PEACHES IN KENT ARE HEAVY YIELD

BLENNHEIM, Sept. 18.—Tobacco harvest has been on now for two weeks, yet there is a large acreage to harvest of first-class quality. With some, barn room is very scarce to hang it in, as the crop is greater than anticipated. A few years ago tobacco growing was plowed by to. Many farmers are quite unable to supply the demand.

The crop in the many fine peach orchards throughout South Harwich and Haleigh is heavy. Many of the growers will be heavy losers from the trees breaking down with the load they have borne. There will be hundreds of bushels of peaches of the best quality to market. The harvesting has just begun.

WORKERS AGREE TO EVACUATE FACTORIES. Italian Metal Workers Have Agreed To Accept Wage Advances.

LONDON, Sept. 19.—A dispatch to the Exchange Telegraph from Rome says the negotiations between the employers and the metal workers in Milan concluded Sunday evening, and that an agreement was reached on every point except concerning the question of the dismissal of workmen who have been guilty of crimes inside the factories during the time the workmen have occupied the factories.

The metal workers have accepted a wage advance of four per cent daily, this amount to be reduced by 20 per cent in the cases of workmen from 15 to 20 years of age, and by 40 per cent in the cases of women and children. The employers have also agreed to grant a week's vacation annually to workmen. The men ask that this advance date from July 1, and that the employers hold the increase should be effective from resumption of work.

SCHOOL ADDITION NEEDED. Although plans have been adopted for the erection of a \$450,000 school in the southern section of Windsor, the overcrowded conditions have been found in public schools, that a special meeting of the board of education was held in Wyandotte Street School Monday afternoon to consider the construction of an addition to that school.

SARNIA GAS USERS MUST PAY MORE FOR THEIR GAS SUPPLY

Local Gas Company and the Producers Reach An Agreement.

SARNIA, Sept. 17.—Sarnia users of natural gas, as the result of an agreement covering new rates for natural gas between the Union Natural Gas Com-

pany, Limited, and the Sarnia Gas Company, Limited, from October 1, 1920, to April 30, 1921, will pay 50 cents per thousand cubic feet, and 75 cents net per thousand cubic feet from May 1, 1921, to November 1, 1921, and thereafter, during the continuance of the contract, 50 cents for the six winter months, and 75 cents for the six summer months.

The Sarnia Gas Company, having increased its rates, the Union Gas Company has agreed to forthwith drill a well in the gas district of Dawn Township, and if said well is a paying producer of gas, two more wells will be drilled as soon as possible. In the event of these wells being successful, the gas from them will be delivered to Sarnia, Petrolia and other users in Lambton County during the existence of the said agreement.

WILLIAM FLOCK IS WORKING IN ERIE, FRIENDS CLAIM

Deny Story That Former Simcoe Man Was Stabbed Fatally in Detroit.

SIMCOE, Sept. 19.—Ten motorcyclists who arrived here at noon today said they were the remnant of a party of fifty that left Hamilton at midnight on Friday and had gone through Guelph, Collingwood, Meaford, Owen Sound and Southampton, Port Elgin, Kincardine, Godrich, Windsor, London and Tillsonburg. They came in over the provincial road from Delhi, the worst bit of road in Norfolk and the worst they met. They left this afternoon for Niagara Falls, intending to get back to Hamilton before midnight. The other forty had to drop by the wayside. They were out testing the machines and the tires.

William Flock Alive. Relatives of William Flock residing in Simcoe say that Flock is living and working in Erie, and they give no credence to the story of his death in Detroit.

Harry Stewart of Townsend lost a group of farm buildings, all his farm produce, most of his implements and thirteen well-grown pigs from fire caused by a threshing outfit, operating for him last Thursday. The separator of the outfit was lost also.

Kenneth Hyde, son of Chas. Hyde of Townsend, had both bones of his leg fractured, and received cuts on the face in an accident, following the dropping of a tongue from the neck of a down-grade. He was trampled upon by one of the horses.

Lewis and Pick and Mrs. Pick of Simcoe will observe their golden anniversary tomorrow. Six of their eight children are alive, and most of these will be on hand with their children for the occasion.

BOY BREAKS LEG PLAYING IN SAND

BRANTFORD, Sept. 19.—Howard Anguish, son of Cecil Anguish, 15 High street, while playing on a sand pile yesterday fell and suffered a broken leg. It is supposed the fracture was caused by his leg doubling under him.

DETROIT BOARD OF COMMERCE TO STAND BACK OF PROPOSAL. Housing Corporation Plans Expenditure of \$600,000.

DETROIT, Sept. 18.—The Detroit Board of Commerce will stand back of the Detroit Housing Corporation's proposal to float a bond issue of \$600,000 for building additional homes for workers in the city. This was made clear when 95 per cent of the board's membership endorsed the idea. Virtually pledges on the part of the entire membership of the board were made to subscribe most of the fund.

The commercial organization has just completed a survey tending to show that the growth of Detroit, both in population and industry, is being retarded by the house shortage. It was revealed that workers are paying from \$70 to \$100 a month for places in which to live, and that many workmen are leaving Detroit for other cities or are threatening to do so.

The bonds that the members of the board are asked to buy are in denominations of \$100, \$500 and \$1,000, maturing semi-annually. They are to be secured by mortgages.

PAGE OF INTERESTS TO WOMEN

SOCIAL and PERSONAL

TELL IT TO THE SOCIETY EDITOR.

Mr. and Mrs. Ernest Sutherland of Komoka, were fair week visitors with Mr. and Mrs. Richard Barrett of Maitland street.

Mrs. T. W. Scott and Miss Doris Scott, of 225 Tecumseh avenue, have returned after spending the summer in Vancouver and Alaska.

Already pre-nuptial parties are being given for this popular young bride-to-be, Mrs. Gordon Ingram, her sister, entertaining for her at the tea hour on Friday.

STAFFORD-WATERWORTH. Ridout street. Methodist parsonage. On Tuesday last, when Neta, only daughter of Mr. W. M. Waterworth of Wardsville, was united in marriage to Mr. Edwin Stafford of St. Thomas, the Rev. J. J. Agnew officiating. The bride wore a suit of blue tulle and a corsage of roses and sweet peas. Miss Clara Grogett of London and Mrs. Cecil Sloan of St. Thomas were the bridesmaids. After a trip to visit relatives, Mr. and Mrs. Stafford will reside in St. Thomas.

LEASK-AUSTIN. On Thursday afternoon at 2 o'clock, Miss Grace Austin of Listowel, and Mr. Thomas Leask of Uxbridge, were united in marriage at the home of the Misses Clinie, aunts of the bride. The ceremony was performed by Rev. J. M. Nicol, of Knox Church, Listowel. Little Miss Mary Leask, only daughter of the bride, was the flower girl. The wedding music was played by Mr. Russell Clinie. The bride wore a white satin and the going-away suit of burgundy broadcloth, with a corsage of roses and sweet peas. After a trip to visit relatives, Mr. and Mrs. Leask will make their home in Uxbridge.

WALKER-STEPHENS. A pretty house wedding took place on Thursday noon at the home of Mr. and Mrs. Byron Stephens, when their daughter, Pearl, became the bride of Murray Walker, son of Mr. Robert Walker, Imlay City, Michigan. Rev. P. Malcolm McEachren officiated. The bride wore a white gown of white crepe, hand embroidered and pearl trimmed, the customary veil with orange blossoms, and carried a bouquet of Ophelia roses and sweet peas. During the signing of the register, Miss Loretta Stephens presided at the piano. The happy couple left for a trip up the lakes, the bride's going away costume being a tulle and duvetyne with a chic hat of blue panne velvet.

DOUBLE WEDDING. Maple Lane Farm, the home of Edward Hooley of Sullivan, the scene of a happy event, when two of his daughters were married. Miss Lila Hooley became the bride of Mr. Albert E. Johnson of Chesley, Rev. Mr. Johnston of Keady officiating. The bride was attired in ivory duchesse satin and georgette and

carried a bouquet of sweet peas. Her going-away gown was of navy serge with hat to match.

Miss Lila Hooley was married to Mr. Albert E. Johnson of Chesley, Rev. Mr. Johnston of Keady officiating. The bride wore a white satin and georgette and carried a bouquet of sweet peas and ferns. Her travelling suit was of taupe grey with hat to match.

Little Jean, Cheshire of Walkerton was the flower girl for Miss Lila Hooley. Each of the flower girls was presented with a signed ring by the respective bridegrooms, and the organist, Miss Annie May Powell, was the recipient of a ring. The sister sister was given away by her father and the younger by her brother. The brides and bridegrooms left for a honeymoon in Toronto.

MALONE-DEAN. A pretty event took place in the Egerton Street Baptist Church at 3:30 o'clock on Saturday afternoon, when Hazel, daughter of Mr. and Mrs. W. H. Dean of this city, was united in marriage to Mr. Charles Malone, son of Mrs. A. Malone, Frances street, and Rev. A. C. Bingham officiating. The church, prettily decorated with autumn flowers, formed a suitable background for the charming young bride, who wore a tailored suit of navy blue, with hat to match, and corsage of cream roses.

Paul Dean, as bridesmaid, while Miss Hazel Brock, niece of the bride, acted as maid of honor. The happy couple were accompanied by Mr. and Mrs. Malone, brother of the groom, as best man.

After the ceremony the bride party repaired to the home of the bride's parents, Hamilton road, fittingly decorated for the occasion. The bride and groom were entertained by Mr. and Mrs. Malone, who were the hosts of the occasion. The bride and groom were accompanied by Mr. and Mrs. Malone, brother of the groom, as best man.

hated to be teased. And partly because I couldn't think of a suitable rejoinder. He was setting the best of me, this irritating, maddening young man. And Julie thought him good-looking! Well, then, I didn't. I couldn't bear his type of look. He spoke again. "I was wondering if you'd lunch with me? We could have a cheery little snack at the Ritz, or any place you fancy. I loathe eating by myself. It's so darn unbecoming, you know." Now was my chance to get even, and I grasped it. "I'm meeting my fiancé, Fred DeLaney. But in any case I don't think he'd care to have me lunch with you!" said.

Cynthia Grey's Mail-Box

We knew it would rain, for the pop-lush white of their leaves, the amber grain; Shrunk in the wind—and the lightning now tangled in tremulous skeins of rain.

Veranda Chats. Dear Miss Grey:—Thank you very much indeed, also Wm. F. McDonald for the poem, "Young Munroe," which I received on Thursday last. Am returning same, also a wee mite for C. H. F. Sorry I have not the words of the song, "The Dying Nun," but if I get them will forward the Mail-Box. Wishing you and the Boxites every success, I remain, yours truly, BROWN EYES.

Ans.—Thank you Brown Eyes, for return of verses and hospital gift.

ZEILMA.—Thank you very much for all the patterns sent in. They have gone their various ways in answer to requests.—Cynthia Grey.

Here comes another new one into the Mail-Box. Have been a reader of your columns for a good many years, now I come for a favor. I see where "Fair Corn" says she got two pretty patterns of handbags from Arabella. I wish so much to have them, as I want to crochet myself one. Hope to be able to be of help to Mail-Box readers in future. Here is a little for Sick Children's Hospital. Will send more when I see how my first letter goes through.

Ans.—Thank you very much for the generous gift to the hospital fund, Sunny Salt. Have mailed your patterns, and if Arabella sees your request she will no doubt be glad to assist you.

Advertiser Patterns. Owing to the pattern manufacturers increasing the price of patterns to us, all patterns advertised from this date will be 15 CENTS EACH.

BRUCE-PARSONS. One of the prettiest weddings of the season was solemnized at the home of Mr. and Mrs. John Parsons, Owen Sound, when their only daughter, Miss Mary Bruce, became the bride of William C. Bruce, son of the late C. Bruce and Mrs. Bruce of Calgary, formerly of Tara, who is at present district inspector of Government telephones in Calgary district, and a distinguished career overseas, winning his lieutenantcy with the Canadian Engineers on the field, and also receiving the Military Medal for gallant conduct. The marriage ceremony was conducted by Rev. T. G. McAteer, pastor of the Methodist church, and the bride party taking their places before a bank of ferns and palms promptly at 12 o'clock. The wedding music was played by Miss Mary Legate, cousin of the groom, whose gown was brown and white. The bride wore a white gown of white crepe, hand embroidered and pearl trimmed, the customary veil with orange blossoms, and carried a bouquet of Ophelia roses and sweet peas. During the signing of the register, Miss Loretta Stephens presided at the piano. The happy couple left for a trip up the lakes, the bride's going away costume being a tulle and duvetyne with a chic hat of blue panne velvet.

After the ceremony the guests had an opportunity to extend their good wishes to the bride and groom before the wedding breakfast was served in the dining-room at a table centered with the bride's cake and being surrounded by glasses filled with pink roses and at smaller tables in the drawing-room. The place cards at the bride's table were particularly pretty with tiny Sweetheart roses slipped into them. The bride and groom left on the afternoon train for Toronto, from where they leave by way of London, Detroit and St. Paul for their new home in Calgary.

After the ceremony the guests had an opportunity to extend their good wishes to the bride and groom before the wedding breakfast was served in the dining-room at a table centered with the bride's cake and being surrounded by glasses filled with pink roses and at smaller tables in the drawing-room. The place cards at the bride's table were particularly pretty with tiny Sweetheart roses slipped into them. The bride and groom left on the afternoon train for Toronto, from where they leave by way of London, Detroit and St. Paul for their new home in Calgary.

KIDNAP FOUR DURING FIT AND SUICIDES

Demented With Rage Have- lock Veinott First Shoots His Father.

ONE WOMAN WAS KILLED
Man's Mind Unsettled by Quarrel Over Location of a Dam.

HALIFAX, N. S., Sept. 19.—In a fit of demented rage, resulting from a long-standing dispute over the location of a mill dam on or near his father's property at Hemford, Lunenburg County, Havelock Veinott, this morning at that place shot and killed three men, including his father, and one woman, and then committed suicide.

The victims of the tragedy are Mr. and Mrs. Archibald Ritchie, Abner Snyder and William Veinott, father of the murderer.

Had Uttered Threats.
The villagers of Hemford for some time had considered Havelock Veinott mentally unbalanced. He had on several occasions threatened the lives of the three men who are dead.

Some time ago Snyder and Ritchie wished to build the dam and asked the elder Veinott to agree thereto.

He refused, but a month later reconsidered and signed the agreement. The son, who had been opposed to the plan from the first, became enraged and quarrelled repeatedly with his father.

Veinott was unmarried and lived with his parents.

This morning the argument was renewed with great heat. The father flatly refused to break the contract whereupon the son secured his rifle and in a frenzy of passion shot his father in the stomach. He then left the house, threatening to kill the other two men.

Planned for Husband's Life.
Fearing for the lives of his neighbors, the elder Veinott, though seriously wounded, made his way to the nearest telephone and gave the alarm.

Meanwhile the murderer went to the Ritchie home, forced his way into a bedroom and shot Ritchie and his wife, both in the head. Leaving the two dying, he ran to the Snyder home.

Snyder answered his summons, and Veinott shot him. Snyder stumbled back to his bedroom, followed by his murderer, who shot him again, his fourth victim dying almost immediately in the arms of his wife, who had pleaded with Veinott for mercy for her husband.

Making his way back to his home, he found his wounded father returned from his painful trip and retreating to bed. He then fired a bullet through his father's heart. He said a few words to his mother and then went to the barn, where he put a bullet through his own head.

SHORTAGE OF CARS AFFECTS SHIPMENTS OF WESTERN GRAIN

KANSAS CITY, Mo., Sept. 18.—With wheat bins in Kansas City elevators practically empty and with railroads inadequate to meet the demand for shipments to other markets and for export, a serious shortage of grain is clearly reflected here.

Slightly less than 2,000,000 bushels are now stored in elevators, which have a capacity of between 15,000,000 and 20,000,000 bushels. A year ago the supply was nearly 8,000,000.

The amount in storage here has increased only a few thousand bushels since the harvest.

The shortage of cars for grain shipment in the southwest has never been more acute, according to grain company officials here.

A critical situation in business and financial circles was predicted by local grainmen unless the car situation is improved. It will take 38 months at the present rate of shipping to move wheat now in Kansas, according to Judge Clyde M. Reed of the Kansas courts. Most local railroads are investigating the car shortage.

MAIL CONTRACT
SEALED TENDERS, addressed to the Postmaster-General, will again be received at Ottawa until noon on Friday, the 15th day of October, 1920, for the conveyance of His Majesty's mail on a proposed contract for four years, six times per week, over Wilton Grove 2 Sun Route, from the Postmaster-General's pleasure.

Printed notices containing further information as to conditions and proposed contract may be seen and blank forms of tender may be obtained at the postoffice of Wilton Grove, Glenora, London, Lambeth and at the office of the Postoffice Inspector, London.

Postoffice Inspector's Office, London, 24 September, 1920. Charles E. H. Fisher, Postoffice Inspector.

Sept. 6, 13, 20.

FLYNN PROPOSES RADICAL MEASURE TO GIVE BONUSES

Conscript Hearings of War Profiteers for Fighting Men's Benefit.

SIZES UP GOVERNMENT
Grand Army Enters Windsor With Incisive Address by Recalcitrant Veteran.

WINDSOR, Sept. 19.—Conscription of war profiteers' holdings by the Government to provide adequate soldier bonuses was a demand voiced by Harry Flynn of the Grand Army of United Veterans, during the course of a lengthy address to the newly-organized branch of that body here this afternoon.

Mr. Flynn declared that while slackers waxed fat on the high wages paid in war industries the returned soldiers are getting the scraps. His address was a categorical denunciation of the principal members of
