SRC MAKES UNCONSTITUTIONAL MOVE TO BALANCE BUDGET

All Awards Stopped Until More Money Shows In Credits

In a final move last night after four and a half hours haggling, the SRC cut out budgets of over \$600 for both athletic and non-athletic awards in eliminating a deficit of \$2,916.71. Although it was not discussed last night, the cutting of awards is unconstitutional according to the existing Non-Athletic Awards Committee Constitution named in Article 4 Section 1(c) of the SRC Constitution and Article 8 of the present AAA Constitution.

In debating the issue Ken Mosher wanted at first to eliminate non-athletic awards as "nonsense" to which Dot Walters replied, "those who slave 4 or 5 years behind horn rimmed glasses certainly deserve some recognition." The final compromise in a unanimous vote came after Doug Cooke's motion that ALL awards be suspended until the SRC can pay for them safely.

Athletic Banquet

Another drastic cut of \$182 from the budget of the AAA for their annual athletic banquet caused Vernon Copp, president of the AAA, to argue loudly for his boys. Doug Rouse summed up the feeling of the meeting when he asked, "Do the boys participate in sports for the game or merely for the awards in crests and dinners that they get out of it?"

The Con and Encaenia

Several students wanted to eliminate or to charge admission to the Con and Encaenia dances which have been traditionally put on by the SRC. The debate included principally not the cost of the dances but the places to hold them. Again there was a compromise after Andy Flemming's motion that neither dance be held as a formal dance if it has to be held in the old dance hall at Alexander.

Voluntary Cuts

The prevailing attitude of the large turnout was, "We must cut the budget" after a forceful suggestion by Lenore Bartlett. Carrying this through the reps. voted to scrap the advance football budget of \$363.15 and half of the inter-mural hockey sticks. Then several substantial cuts were volunteered by team managers and chairman after which the council set to work at picking at each individual budget until the deficit was eliminated.

The controversy between sports for participation and sports for the "names of UNB" was quite evident at this budget meeting as it has been in previous years. Budgets for Varsity teams, even the Juniors and the ladies basketball teams, were passed almost without question. Budgets for sports involving only UNB students such as intraclass hockey and badminton where there is a much larger participation received their usual cuts.

I.S.S. PHOTO

GIVE THAT THEY MAY LIVE!

Students at Austria's Innsbruck University eat a meagre breakfast of cocoa, semovla soup and a small sandwich before starting the day's classes. This meal, meagre though it may seem, would be lacking altogether were it not for donations from Canadian university students, who will be asked in February to give \$100,000 to world student relief.

UNB STARTS MODEL PARLIAMENT

Attempts for the revival of the UNB Model Parliament are now a reality. At a meeting held Friday night representatives of the Liberal and CCF parties outlined a definite program for instituting a model parliament of two sessions and possibly three. Representing the CCF party were Vernon Mullen and Harold Hatheway while Edward Fanjoy and Ralph Hay represented the Liberals. Although having no representative at the meeting the Conservatives have signified their intentions of participating in this venture.

There will be two sessions with a Conservative and Liberal government in power in the order named. February 19 will probably be the date of the first session with the Conservatives opening the first session and introducing the first bill. It has not yet been decided whether there will be a third session with a CCF government. Plans for this have been left up to the local CCF group.

Plans, however, have been made Economics and Politics Dept. to act as Speaker of the House. If at all possible Hansard will be instituted. It is hoped that the Memorial Hall can be secured as the site for all sessions of the model parliament.

For this year seats in the model parliament are limited. The government will have a minimum of 14 seats and a maximum of 20 seats for Professor R. L. Love, of the while the opposition forces will have eight and six respectively.

Hilltop Hockey Fans Howl

Many complaints have reached the Brunswick Office concerning admission prices being charged for UNB Hockey games held on the York Athletic Association Rink. General consensus of opinion is that UNB students should not be charged at UNB games but should be permitted entrance on their student passes.

The complaint has been laid before Vernon Copp, AAA President, and the executive of the SRC. Up to press time no definite information could be obtained as to what steps would be taken to remedy the situation. However the matter will probably be placed before the SRC.

While UNB receives 20% of the gate receipts when UNB teams take to the ice no provision is made for reduction in admission. This is the first incident of its kind to occur in several years.

Debate in the House will be limited to 15 minutes per government speaker and 10 minutes for each opposition speaker.

A coalition committee consisting of Ed Fanjoy, Liberal, has been established for the purpose of arranging all details of the model parliament. Any student interested in participating in this model parliament for any of the three parties concerned is asked to contact the member of the committee which represents the party he desires. Telephone number for all members of this committee is 1051.

\$100,000 Drive Opens This Month

Gregg Receives Vets Delegation

DVA Minister Milton Gregg, in one of his first official acts since taking over his new post, received a NCSV delegation over the weekend, and promised prompt consideration of veteran problems.

Declaring that some of the difficulties confronting student veterans could be solved under present DVA regulations, he said that some problems could be erased by use of non-veteran loan organizations and the newly established Service Benevolent Fund.

"I am aware of veterans' problems," he said, "and they will receive early attention."

The delegation, composed of W. McVie, Bishop's College; J. Schierback, MacDonald College; A. Jordan, Sir George Williams College; W. Strover, McGill; and Claire Dean, Sir George Williams College, presented the DVA minister with the brief requesting a cost-of-living bonus up at the recent NCSV conference held in Toronto during the Christmas holidays.

Students Federation Backs ISS Drive

The National Federation of Canadian University Students, which represents approximately 80,000 students in universities and colleges from coast to coast, has given official recognition to the International Student Service and promised its "fullest support" in educational and relief activities abroad.

An ISS drive for a minimum of \$100,000 to rehabilitate students in Europe and Asia will swing into action in 22 Canadian universities and colleges at the beginning of February.

A resolution passed at the Annual NFCUS Conference called upon campus committees to actively support and encourage the ISS program through co-operation with local ISS groups and authorized that "the ISS be recognized as the official organization of students through which international relief programs are carried out and such other international activities as fall within the scope of ISS."

Rev. W. H. Elgee

Addresses SCM.

"The Church, The Bible And The Creeds" was the subject of an address given by Rev. W. H. Elgee to the student Christian Movement last Sunday evening.

Mr. Elgee traced the rise of the Church of England, the Presbyterians, the Congregationalists and the Baptists in the sixteenth and seventeenth centuries and explained how the Reformation had brought a resurgence of interest in the Bible and some changes in its interpretation.

Continuing his outline of the historical development, the speaker dealt with the rise of rationalism and its impact on the Christian Church and the rise of Methodism partly in reaction to it.

"With the tremendous growth of science in the years after the publication of Darwin's ORIGIN OF SPECIES even the most broad-minded of Christian leaders wondered if this was the end," he continued. He added that this was far from the end and that one of the greatest points in favor of Christianity has been its ability to absorb the best from the thought of every age.

Tracing the conflict between points of view, the speaker drew from the lives of Christian thinkers like Robertson-Smith, Harry Emerson Foswick and George A. Gordon. A discussion of various points followed his address.

MISS MARGARET FRANG.

(Miss Margaret Frang, Associate General Secretary of the Student Christian Movement of Canada, will be in Fredericton from February 18 to February 19, visiting the Student Christian Movement in the University of New Brunswick.

Vol. 67 Fredericton, N. B., February 3, 1948 No. 16

Following the new policy of the Brunswickan of throwing open its Editorial page to any who wish to express their views on any subject whatsoever, I take advantage of the opportunity offered.

Politics, like charity, begins at home and there is ample need for consideration of our own student 'politics.' A large percentage of the student body has no doubt read Andy Fleming's thoughtful and instructive articles in the last issue of the previous term and the January 16 issue of our Brunswickan.

He advocates:

(1) Faculty representation in the SRC rather than class representation. In other words, representation from Foresters, Engineers, Arts, etc., as wholes rather than the present procedure.

(2) The introduction of an executive council at the head of the SRC, responsible to the main body of the Student Council and analogous to present day parliament.

(3) "Society and Association meetings (to) be held monthly to inform the executives of student opinion."

Here is the result of sound thinking and we owe hearty thanks to Mr. Fleming for his logically worked out ideas on the subject.

I am writing this 'editorial' to present another side to this same question. It is obvious to most of us that the administration of student affairs is labouring under an outmoded system devised and evolved to handle the student affairs of a small university. The present organization of the SRC is efficient when it handles the affairs of four hundred students.

Our enrolment is now approximately three times that, and our Student Council is showing the strain.

The question is: "How long will the present enrolment continue?" We must not only consider our present difficulties, we must consider those who come after us. Will a changed SRC function as efficiently that way for a small university? Will not the strain of the present system (a system geared for 400 dealing with 1400) be complimented in the future by the greater burden of an SRC geared for 1400 dealing with 400?

That is one unconsidered aspect of the matter I would bring to the attention of Mr. Fleming and all thinking students of the campus.

L. S.

'Little Timber,' Brunswickan, Friday, Jan. 16, 1948.

THE OTHER SIDE—NEW BRUNSWICK HAS OPPORTUNITY

For more than a decade, countless editorial and magazine writers from the great Toynbee and the observant Hutchinson to the March of Time and Effie Giotz, Girl Reporter, have worn out many typewriters and burned up many feet of film, trying to convince we Maritimers that we live in the most "backward and unprogressive" part of the nation, if not of the entire continent. They have painted a vivid picture of appalling poverty, unemployment and disillusionment. They point to the great exodus of trained and educated youth from the Maritimes to upper Canada and the United States as an indication of the widespread lack of "opportunity" in these three provinces by the sea. They have marshalled imposing statistics, published the findings of extensive surveys, reproduced the overheard conversations of apathetic natives, and as Professor Toynbee has done, proven by a very elaborate theory of history, that we poor Maritimers are destined to remain victims of our excessive geographical challenge.

These scholarly exposes of conditions in the Maritime hinterland, together with the reports of daring travellers, have helped to make this view of Canada's provinces by the sea, country-side, and to the extent Americans think of us at all, continent-wide. But what is singularly unfortunate, this distorted outlook of life in the Maritimes, has eaten its way into our own conception of ourselves; in many

cases, we have preferred to adopt, wholeheartedly, this outsider's opinion of ourselves as our own, rather than go to the trouble of making our own appraisal of our accomplishments and possibilities. We have listened attentively to panaceas proposed by John Fisher and the illustrious Mr. Phelps, and have come away feeling warmly grateful for the interest taken by these men in our unfortunate plight. And we go on believing what other people tell us about ourselves, and generally apologize for being Maritimers.

Those intrepid souls who have struck out on their own to get a true picture of life in the Maritimes, have early arrived at the conclusion that a comparison, based on economic status, does leave us in the shade—BUT only when that comparison is made with areas of North America such as Southern Ontario, Industrial Quebec or New England, areas which have been under development for a considerably longer period than any New Brunswick's one hundred seventy odd years.

But we should not feel we are forced to justify our economic and cultural position in the eyes of the rest of Canada or the rest of the world... but only in our own. If we feel, after a careful examination of conditions, that here are social evils to be eradicated in New Brunswick, that there is a job to be done in the Maritimes as a whole (and God knows there is) let us have the courage to do it our way. No one else can help us put our house in order.

But, as our champions from the outside have told us, we cannot hope to do this so long as we export our "best" men. For, whether it is because all the prophets are unable to find honor in their own country, or because the grass is greener on the other side of the fence, we have lost and are losing many of our trained and educated men and women. But whether they are our "best" men and women cannot be accurately determined. One thing is certain: they do prize their pocketbooks more highly than they do the welfare of the country which nourished them. Since purely mercenary motives have never built nations, we are perhaps better off in numbering these people in our exports. And it takes more than education and training to build communities and nations and make them strong.

To some, this dissertation may sound like an appeal to provincialism; to those not so easily frightened by names, it will be seen as an appeal to Maritimers, to be conscious of themselves as Maritimers, a potent element in a nation that can have, and should have a great future. We have resources, we have men and women to develop these resources. And we have the necessary energy. All that is lacking is the appreciation of the fact that we have the power, within the limits of human possibility which are almost limitless) to realize our potentialities and to shape our own destiny. Opportunity is where there is work to do, and there is plenty of work to do right here in Canada's Maritime Provinces.

W. W.

UBC OPENS STUDIOS

Vancouver, (CUP).—UBC's Radio Society marked a milestone in campus broadcasting here today with the opening of its own studios in Brock Hall, the students' union building.

Representatives from both the CBC and Vancouver's commercial radio stations attended an informal ceremony during the afternoon, and the event was celebrated with a "Hucksters' Dance" in the evening.

Frontier College... Summer Employment Opportunity.

UNB students who are now looking for employment during the summer months might do well to consider Frontier College. A number of students from UNB have had experience in this type of work and have broadened their outlook to a great extent. Students who accept positions with Frontier College are engaged in teaching uneducated men, who are in seasonable employment, some elementary school work. These young college men are known as labourer-teachers. They work with the men during the day and teach during the evenings. Their primary purpose is to provide the working man, who otherwise may be neglected, with an incentive towards Canadian life and thinking. This is accomplished under very trying circumstances in backward places and not in plush-lined classrooms.

Besides teaching men of Canadian birth who have little education, Frontier College provides instruction to immigrants so that they may become solid Canadian citizens.

H. J. Cody, President, U. of T., has this to say about Frontier College: "I hope I may still have the opportunity as President of the University of Toronto to give as much help as possible to the splendid work you are carrying on through Frontier College." Hon. Humphrey Mitchell, Minister of Labour: "I am a great believer in the work of Frontier College."

Hatter and Haberdasher

THE FROSH HAVE IT!

There is spirit on the campus - believe it or not. The Seniors, no novices, are establishing a precedent-The Red n' Black Revue. They are arousing spirit over this promised program which they hope will double or even triple the success of the Bar '47. If their dreams are realized then there is no doubt that such a show will become an outstanding success. With "Handy" Gandy, "Joker" Robinson, and "Director" MacMillan such a success is ensured.

Unfortunately the Juniors and Sophomores, although the largest classes on the campus, are lacking in eagerness and zeal. Credit is due to Darrell Yeomans and his few Juniors who helped make their class party a success last fall. These few individuals are found rarely.

But it takes the Freshmen to lead the way. Although unfamiliar with procedure in relation to various activities on the campus their class meeting showed some souls with initiative. Only a small portion of the class attended the meeting held at Alex. But those who did have set an example to the upper classmen. Not only have they made concrete plans for giving the upper classes their traditional dance but they have also made plans for a raffle on a radio, decided to sell pennants at basketball and hockey games, planned a truly freshman party. Opinion at the meeting pointed to a dull fall term due to the lack of interest in the class on the part of the upper classmen. Now the Freshmen's attitude appears to be: "We'll lead the way. The rest will follow."

Bouquet to Buchan.

Credit for this revival of red and black spirit is due to the executive and class reps. George Buchan and Bill Haines have showed their ability in operating a class meeting efficiently. Other class representatives like Pete Van der Meyden also show ardour for the future of the class. The Freshmen have stolen a march!

In their opinion, the past-forget it. The future-1951 will be the greatest year in the history of the university since 1900.

THOUGHT FOR TODAY
REMOVED NUDE;
NOT PRUDE;
TOO CRUDE

A painting of a nude and three other canvases were ordered removed from a recent art exhibit at the University of Alberta.

Prof. H. G. Glyde of the Fine Arts Department stated that the decision was made because the paintings "were not in the same calibre as the other paintings" showing in the Arts Building exhibit.

A jury of the Fine Arts Department decided to remove the paintings after a discussion of their merits. The canvases were included in a display which was sponsored by the Ontario Society of Arts.

It is discouraging but necessary for the Sophomore Class to recommend to the SRC that the quorum of all class meetings be cut down from 1/2. This quorum cannot be attained by any of the classes possibly except the smallest-the Seniors.

WIN FIRST GAME IN N.B. INTERCOLLEGIATE SERIES

Living up to their growing reputation as a new power in intercollegiate hockey, the Hillmen Hockey squad piled up a comfortable margin in the opening game of the Maritime Intercollegiate struggle against St. Thomas College Thursday, defeating them 8-4.

The game was considerably delayed due to the late arrival of the St. Thomas team. The final whistle blew at about 12.30 a. m.

Jete Kelly's men will go to Mt. Allison Saturday and to St. Thomas on Monday for intercollegiate games. The title will be decided on a six game total-point margin.

The Tommies, an able team, fought hard, holding the home team to a 2-2 tie at the end of the first period. However, the driving attack of the red-clad men overwhelmed the heroic efforts of Murray in the visitors' nets.

With his deadly action in close, Centre Don Hicks of UNB starred in the attack, making four goals. Three of them were in the second period. Kellie scored twice, and Bedard played a hard game all the way, getting three assists.

Scoring: First Period—UNB, Plummer (Hicks, Bedard); St. Thomas, MacAloon, UNB, Hicks (Ryan); St. Thomas, M. Hay (H. Hay). Penalties—O'Neill, Barry, Breen, Bedard.

Second Period—UNB, Hicks (Bedard); Hicks (Plummer); Hicks (Bedard, Ryan); St. Thomas, M. Hay (Breen). Penalties—MacAloon, Plummer.

Third Period—UNB, Kellie (Gaudet); UNB, Kellie (Sansom); UNB, Sansom (Sewell); St. Thomas, J. O'Neill (Petrie). Penalty—DesRoache.

Referees were Liffard and Clark.

Don Hicks, flashy centre for the UNB Varsity Hockey Team for several years, showed his skill around the net again Thursday when he scored four of his team's eight goals.

GAMES THIS WEEK

The Varsity puck chasers continue their York League schedule at the Arena with two games this week.

Last night they were to meet Marysville, winless in two starts, and Thursday it will be Dair Kings.

The Junior Farm Team has won two exhibitions to date and is looking for more opponents, without success.

The Varsity basketball team will be at home to Woodstock Senators Friday night in a return exhibition.

The Woodstock team has a very impressive record this year, defeating Mount Allison twice and several Maine State teams. With this high-scoring line of Tommy, and Stewart they beat the UNB squad early in the season.

JUNIORS TAKE SERIES SENIORS LOSE

In the second game of a home and home series, the up-and-coming Junior Varsity cage squad defeated a hard fighting Ricker Junior College team, 44-32, at Houlton, Me., Friday. By virtue of their win the preceding Saturday here, the UNB boys took the series, 78-60.

Although hampered by a very small court, the fast-breaking Jay-Vees sank a quick basket and from there were never headed. With a crowd pleasing shooting exhibition, every member of the UNB team figured in the scoring.

Davidson, who made 20 points in the first game, again led his team with eight. Rush and Jones were high men for Ricker with 11 and 7.

UNB line-up: Davidson 8, Miller 7, Blackmer 6, Donald 5, Gibson 4, Jacobson 3, King 3, Class 3, MacDougal 2, Church 2, Haynes 1.

UNB's Senior team had tough sledding in a week-end tour in Maine as they bowed to the Washington County State Normal School cagers on Saturday night at Machias 44-32, and on Sunday afternoon came out on the short end of 59-49 score against Tony Tamarro's Rocklets at Woodland.

In both games the local quintet was climbing up as the buzzer rang. At Woodland the Hillmen outscored the Rockets 14-9 in the last quarter but the initial lead was too much.

At Woodland Smith and Garland led the scorers with 10 points apiece.

The line-up for UNB was: Smith 10, Jardine 4, Garland 10, Roberts 8, Campbell 6, Buchan 2, Gagon 6, Moore 2, Gamer 1, Atkinson 0.

SOPHS TAKE SWIM MEET

Although the temperature outside was below zero, the Interclass Swimming Meet was run off with keen competition Friday night at the Residence pool, the Sophomores winning in the men's events, and the 'Barkers' taking the women's.

The Sophs totalled 60 points, Juniors 33, Fresh 19 and Seniors trailed with 15.

Out of 11 events, the Sophomores captured firsts in eight, the Medley Relay, 20 yd Free-style, 80 yard Free-style Relay, Back Stroke; 40 yard Free-Style, 40 yard Back stroke, 100 yard Free-style and 100 yard Free-style Relay.

Officials who assisted the Swimming Director, Mr. Legere, were John Vey, Mrs. A. Blakeney, Prof. Freeze, Art. Blakeney, Dennis Vardin, Bob McLaughlin, Mrs. H. Pelletier, W. Rothermal, Cpl. M. Pelletier and Herb Lipschitz.

CO-EDS PLAYED.

In the feature game Thursday, to which the St. Thomas-UNB game was a following preliminary, the UNB Co-Eds fought a gruelling puck battle with the Faculty. (Our reporter neglected to find out who won and what the score was, but said it was a good game).

Some discriminatory practices were alleged by the Faculty management to the effect that 16 cents 5 was not cricket and the referee, an unknown import, showed prejudicial bias, particularly when he threw away his whistle, grabbed a stick and scored two quick goals for Co-

Intramural Results.

BAND PLAYS ON.

The "Hawkins Philharmonic" also played at the Arena Thursday night, keeping the waiting spectators warm with snappy selections chosen from their large repertoire.

The hard-working college bandmen deserve much credit for their diligent practicing which adds much to UNB sports events.

Some of the pieces rendered at the hockey game were The Metropolitan, I'm Tired and I Want to Go Home, We Sober Up On Wood-Alcohol and The Metropolitan.

UNB Student

THE MOST WE GIVE
Students will line up like University in China as a result of appeal this month. Large number of students on starvation diet, and local relief according to the needs found.

AAA Develops New Constitution

One of the proposals provides the awarding of "letters" to members of the Ski team who turn in first place or its equivalent. A motion is also afoot to consider only intercollegiate competition in major athletic awards.

The most far-reaching of the proposed changes however is in the manner of electing the captain of major Varsity teams. Under the present setup, the letter-winners of year elect from among their number the captain of the next year team. The captain must be a senior. The new system, if adopted will cause the captains to be elected after the team is picked for year. In other words, he will be elected to his position by the team as plays under him. A captain, under the new proposals will be a Senior, Junior, Sophomore or Freshman.

The constitution of the Am Athletic Association has been some time the subject of considerable discussion. A text of the proposed changes has now been prepared and it is hoped that these proposals will provide a more up-to-date set of athletic rules.

Freshmen Beef At Class Meeting

"What's your beef?" was the main subject of the last Wednesday night's Freshman meeting. President Buchan in the chair, the meeting was lengthy with discussion arising about the Brunswickan constitution, and the Upper Classmen.

The Brunswickan, according to the Freshman Class (about 9% present), is not personal enough, should cover campus news completely. The revival of initiative
