FRENCH AVIATORS CONTINUE RETALIATORY ATTACKS--BADEN IS BOMBED Take Reprisals For Enemy Raids, Says Premier

OVERTURE FOR PEACE IS DENIED

German Foreign Secretary Contradicts Rumors of Offer by Teutons. NO SEPARATE PEACE Central Powers Made No Proposals to France or England. VERKHOVSKY WRONG Germany Has No Intention of Ceding Alsace-Lorraine to France.

By Courier Leased Wire Amsterdam, Oct. 3.—Germany has made no proposals whatsoever for a separate peace either to France or Great Britain. Dr. von Kuhlmann, the German Foreign Secretary, makes this announcement, according to an official statement received here from Berlin in answering the speech made by General Verkhovskiy, the Russian Minister of War, before the Democratic Congress in Petrograd. The statement reads: "The Russian War Minister, General Verkhovskiy, stated at the Petrograd Democratic Congress that the Imperial Chancellor, Dr. Michaelis, had stated among other things at Stuttgart that Germany was ready to return Alsace-Lorraine to France. The Imperial Chancellor's utterances at Stuttgart are generally known and the assertion of the Russian War Minister is an invention. "General Verkhovskiy further stated that it was Germany's intention to make a separate peace with Great Britain and France at the cost of Russia and that Great Britain and France had accepted the Russian Government that they would not be parties to any such proposal. "I herewith state that Germany has made no proposal either to France or Great Britain. "Last month reports were circulated in Russia that France offers from Germany to make peace at the expense of Russia. They became so insistent that the Russian Government obtained from France and Great Britain formal denials that they would make peace with Germany to the detriment of Russia. General Verkhovskiy made this announcement before the Democratic Congress in Petrograd on September 23. The reported statement of General Verkhovskiy as regards Alsace-Lorraine has not been received previously in this country. HOLLAND INDIGNANT. The Hague, Oct. 3.—The reported statements by members of the American Cabinet to the effect that Holland was the dumping ground for contraband bound for Germany were made the subject of a question in the second chamber yesterday by Deputy Van Louwma. Dr. John Louden, the Foreign Minister, replied that instruction had been sent to Minister Van Rappard at Washington to make a protest against such unfounded conclusions of the American officials if they were reported correctly. HAD TO INTERPET London, Oct. 3.—Last night's proclamation in the official Gazette prohibiting the exportation to Holland and Scandinavian countries of all articles except printed matter and personal effects, has caused the greatest puzzlement in newspaper circles. (Continued on Page Four).

By Courier Leased Wire Halifax, Oct. 3.—That prisoners taken by Austrian submarines from steamers sunk in the Mediterranean are not kept in Austria, but are sent to German prison camps, is shown by a card received to-day from James Jones, chief engineer of the steamer Tremorah. The captain and chief engineer were taken prisoners and landed at Cattaro. They were sent into Germany and after brief stops at two other camps, they were finally landed at Wambach on the Weser. Here they found three other captives and three other chief engineers of the same line to which the Tremorah belonged. Eighteen of these steamers have been sunk within the past year.

U. S. MUST COMBAT SUBMARINE MENACE

Devote Inventive Genius of Britain and America To This Cause, Urges Lord Northcliffe—Appeal for Closer Union. By Courier Leased Wire Rochester, N.Y., Oct. 3.—Justice William R. Riddell, Supreme Court of Ontario, evoked great enthusiasm in a speech at the dedication of the new chamber of commerce building last night. He made a plea for closer union between the United States and Canada. Other speakers were Lord Northcliffe and David Jayne Hill. Lord Northcliffe told his audience America's great task in the war would be to solve the submarine problem. "We have learned how to harry them," he said. "And we have devised ways of disguising our ships so that they often escape detection. But we have as yet found no machine able to sink a machine. Our inventive genius and your's must be devoted to this vital problem."

AUSTRIAN CAPTIVES SENT TO GERMANY

Prisoners Taken by Sub From Steamers Sunk in Mediterranean Handed Over to Prussians. By Courier Leased Wire Halifax, Oct. 3.—That prisoners taken by Austrian submarines from steamers sunk in the Mediterranean are not kept in Austria, but are sent to German prison camps, is shown by a card received to-day from James Jones, chief engineer of the steamer Tremorah. The captain and chief engineer were taken prisoners and landed at Cattaro. They were sent into Germany and after brief stops at two other camps, they were finally landed at Wambach on the Weser. Here they found three other captives and three other chief engineers of the same line to which the Tremorah belonged. Eighteen of these steamers have been sunk within the past year.

AMERICAN MEDICAL MEN TO COMBAT WAR DISEASES

U.S. Physicians Serving With Army in France Will Make Special Study of Ills Afflicting Men in Battle—To Overcome Shell Shock. By Courier Leased Wire American training camp in France Oct. 3.—(By the Associated Press). American medical officers will be established this month at a special study of the diseases peculiar to the war and war conditions, in addition to their work at the forward casualty clearing stations on the British and French fronts. At the casualty stations they will get all the experience they desire in the marvellous war surgery which has made such rapid strides in the past three years. They will be trained in all the medical phases of their work in the field at special schools. The first of these schools will be established this month at the hospital taken over by the Johns Hopkins hospital unit soon after the first contingent of American troops landed in France. One subject to which much attention will be devoted will be that of "shell shock," which has proved very troublesome to both the British and French medical officers. Neurologist units will study the problem at French and British hospitals, and afterwards will give lectures to the fellow medical officers, both in the hospitals and attached to the troops in training. There is no more pitiful object in the world than a man acutely suffering from shell shock. Hypnotism has been used frequently as a cure for shell shock. It stops the trembling and twitching in most cases, but of late it has come to be regarded as not a real cure. The British have found that soldiers suffering from shell shock who do not have hypnotic treatment invariably get back to duty quicker than those who do. Shell shock often causes deafness, dumbness and blindness—the effect of the concussion from an exploding missile nearby. A man may be tossed about by three or four shells or a splinter, but the effect of this tossing always tells on his nervous system. Some of the worst shell shock cases have been those where soldiers were buried under the earth thrown up by huge projectiles. Such burial does not always affect the man that way. It is related that recently when an old British sergeant dug out from under a ton or more of shell debris and asked if he was hurt, he replied: "No, sir, I guess not, but I am certainly strong for a separate peace."

HONOR FOR PERSHING

Commander of U. S. Forces To Be Raised to General's Rank. By Courier Leased Wire Washington, Oct. 3.—Elevation of Major-General John J. Pershing to the rank of general, a title held by only Washington, Grant, Sherman and Sheridan, is sought by Secretary of War Baker in a recommendation before the Senate military committee to-day. The secretary urges revival of the rank of general for Pershing, and the army chief of staff and lieutenant-general for the corps commanders with the expeditionary forces. The urgency of Pershing's promotion was explained by the secretary, who declared that the head of the overseas troops should be given a grade commensurate with the importance of his position. TAKE THIS WITH SALT. Berlin, Oct. 3, via London.—German troops yesterday captured a section of French trenches 1,200 yards wide on the northern slope of the east of the River Meuse in the Verdun region, it was officially reported by the German general staff.

REPRISALS ON FOE TO BE TAKEN

Lloyd George Promises Vengeance With Interest for Enemy Raids. WILL BOMB GERMANY People Appealed to Premier for Vengeance Against the Huns. By Courier Leased Wire London, Oct. 3.—That the British Government contemplates some effective steps to counteract German air raids on England is borne out in speeches made by Major General Sir Francis Lloyd, director of the defences of London and Dr. Christopher Addison, former minister of munitions, at a meeting in the London district last night called to discuss the recent raids. Promises Reprisals. London, Oct. 3.—A crowd of poor people in the southwest district of London yesterday appealed to Premier Lloyd George for reprisals against Germany for the air raids on London. The premier shouted to the crowd: "We will give it all back to them and we will give it to them soon. We shall bomb Germany with compound interest." The crowd cheered the promise of the premier wildly. The premier had just completed a tour of the area damaged in the raids with Viscount French, commander of the home forces. Huns Afraid Amsterdam, Oct. 3.—The German military authorities have issued orders that all lights in the governmental district of Dusseldorf and a great portion of Westphalia must be darkened at night, according to the General Anzeiger of Essen. Similar precautions against air raids are being taken at other places in western Germany.

COALITION IN SWEDEN

King Seeks Union Cabinet, Following Resignation of Ministry. By Courier Leased Wire Stockholm, Oct. 3.—After the resignation of the cabinet yesterday, King Gustave summoned the chief party leaders in the Riksdag to urge them to use their best efforts to form a coalition cabinet. Those summoned by the king were Admiral Lindman and M. T. Rygger, of the Right; M. Eden and M. Knarrzelius of the Liberals and Bjalmar Branting and M. Therron of the Socialists. The king told the leaders that in his opinion it would be most expedient to form a cabinet representing the various parties, which would maintain the neutral policy of the country since the beginning of the war, safeguard the interests of the nation, and exercise a calming influence on the people during the present crisis. Saying that Sweden's difficulties were increasing daily, the king asserted the greatest prudence would be necessary to maintain the position adopted. He appealed to the patriotism of the leaders, asking them not to let personal opinions and party platforms stand in the way of a successful solution of the question, but rather to have in view solely the welfare of the country.

FAMINE IN PALESTINE

Need of Relief for Naturalized Americans There is Most Acute. By Courier Leased Wire Stockholm, Oct. 3.—The matter of relief for naturalized Americans is becoming most acute in Syria and Palestine, according to reports received by United States Minister Morris. The reports say that more than two hundred Americans are threatened with death by starvation unless aid comes quickly. Conditions in Smyrna are better, although there are also some there who need aid. Smyrna college re-opened on Oct. 1, and other American colleges resumed their sessions. Robert College has three hundred students and the girls' college has an attendance up to its full capacity. THEY'D SAY SO. Berlin, Oct. 3, via London.—In the official War Office announcement issued to-day it was stated that the bombing raid on London, Margate, Sheerness and Dover by German aviators on Monday "was visibly effective."

SAILING VESSEL BEAT OFF U-BOAT ATTACK

French Ship Kleber Commanded by Minister of Marine For Plucky and Successful Fight Against Submarine. By Courier Leased Wire Paris, Oct. 3.—The minister of marine has commended in navy orders the French sailing vessel Kleber, of 277 tons, which on September 7 stood up to a big German submarine off the coast south of Brittany, and placed a single gun so well that her opponent retreated discomfited after three hours of stirring battle. Pierre Monnier, who fought the ship after the captain of the Kleber was killed, has been decorated with the Legion of Honor, while the twelve men of the crew, several of whom were wounded, have been given war crosses. Seven members of the crew who particularly distinguished themselves, also received the military medal in addition to the war cross.

VON HINDENBURG'S BIRTHDAY AT FRONT

Field Marshal Honored by Presentation of Marble Bust From "All Highest War Lord." By Courier Leased Wire Amsterdam, Oct. 3.—The celebration of Field Marshal von Hindenburg's birthday at German Headquarters yesterday began with a visit from Emperor William, who presented the Field Marshal with a marble bust of the "All Highest War Lord." The bust from Hindenburg's house to main headquarters was lined with children who strewed flowers in his path, while airmen dropped flowers and laurel wreaths. At headquarters the Field Marshal was received by General Ludendorff and the other officers of the general staff. General Ludendorff greeted his chief as "the personification of the glorious development of the German fatherland."

BADEN BOMBED BY FRENCH AIRMEN IN RAID LAST NIGHT

While Britain Calls For Reprisals Against Huns, France Proceeds With Same—Violent Artillery Fire Reported on Verdun Front. Metz-Wolperry, Arnaville, Meziereles-Metz, Thionville and Saarebourg. In the course of these various expeditions, projectiles to the amount of 7,000 kilograms, (15,400 pounds) were dropped. The town of Baden, in the Grand Duchy of the same name, is one of the most famous and beautiful watering places of Europe, best known for its medicinal baths. It is a town of some 15,000, about fifty-five miles from the French border. Artillery Fire Heavy Paris, Oct. 3.—Violent artillery fighting continues on the Verdun front, says to-day's official announcement. No important infantry operations occurred during the night. The statement follows: "East of Rheims our artillery effectively shelled the German batteries and broke up preparations in the enemy trenches for an attack. West of Navarin Farm, French detachments penetrated the enemy lines and blew up several shelters, bringing back prisoners. "On the Verdun front the night was marked by violent artillery fighting on both banks of the Meuse, particularly in the region north of Hill 344, where spirited patrol engagements also occurred. "An incursion into the enemy lines in the region of the Casque gave us good results. "Everywhere else the night was quiet. The Situation "We shall bomb Germany with compound interest," Premier Lloyd George is quoted in the London press as declaring to a London crowd in promising that Great Britain would soon launch reprisals for the many German air raids on England. The French reprisals already under way were continued last night. French airmen dropped bombs on the town of Baden, some 55 miles beyond the French frontier. More than seven tons of bombs also were dropped on various military objectives in German-held territory. Along the French front the artillery duels were vigorous at many points. The activity was especially marked north of Verdun, where the French are apparently preparing an attack to recover a few trench elements which the crown prince's troops retained when their main attacking force was thrown back north of Hill 344 yesterday. A German attempt to attack east of Rheims was broken up by the French artillery.

OVER HALF MILLION IN U.S. ARMY

Two Hundred Thousand Recruits To-day Join Fellows in Cantonments. THIRD INCREMENT Big Drive for Second Liberty Loan Well Under Way. SEEK THREE BILLION Secretary of Treasury Speaks Against Peace Talk at Present. By Courier Leased Wire Washington, Oct. 3.—About 200,000 men, representing the third increment to the United States national army to-day are on their way to cantonments where already half the 687,000 called to the colors by the President are mobilized. Although to-day's quota should be forty per cent under regulars promulgated by Provost Marshal Crowder, local conditions in the various states have reduced the general average of the increment to 20 to 25 per cent. Liberty Loan Drive Washington, Oct. 3.—The big drive for the three billion dollar second liberty loan is in its third day with reports continuing to reach the treasury department in large volume telling of the public's enthusiastic response to the national appeal for subscriptions. Although no figures were at hand to-day, Treasury officials predicted the success of the new bond issue. They based their prediction on over-subscription of \$400,000,000 issue of federal certificates of indebtedness. This is the biggest issue of short time certificates of indebtedness ever put out by the government. Scores Pacificists. Chicago, Oct. 3.—Secretary of the Treasury William G. McAdoo to-day went to Madison, Wis., to continue his campaign in behalf of the liberty loan. In an address before a large audience here last night he urged the purchase of the liberty bonds because they are the "safest investment in the world." Mr. McAdoo expressed briefly his talk on the liberty loan to speak of peace propagandists. "There is not a soldier in France," he said, "whose life is not more than ever imperilled by this idiotic peace talk. Let us no give aid and comfort to the enemy by letting him think we don't mean to fight. We do mean to fight and the quicker they realize it the better. There is not a man in khaki who is not willing to face German bullets, and is it not cowardly to attempt to stab him in the back with peace talk by traitors?" Among the subscriptions to the liberty loan yesterday, was one of \$50,000 by Grace Episcopal Church. This sum represented the building fund which had been raised to rebuild the church, burned two years ago. It was decided to defer construction until the end of the war and to invest the fund in liberty bonds. Shipping Inventory. Washington, Oct. 3.—An inventory of the world's shipbuilding facilities just completed by the Shipping Affairs Bureau of the Japanese Government shows that there are 380 shipyards, of which 264 are equipped to build steel ships of 1,000 tons or more, while 418 are able to turn out vessels of less than 1,000. Great vessels of the list and Holland second. The plants covered by the inventory and the nations in which they are located, are given as follows: Britain 236; British colonies 58; Holland 105; Germany 51; Japan, 25; Italy 18; France 26; Austria-Hungary 9; Spain 14; Belgium, 7; America 48; Norway 24; Sweden, 17; Denmark 8; Russia, 17; China 5; other nations 12. SERIOUS FLOOD RAVAGES CHINA
Destruction wrought by Overflow of Great Hoang River.
PEOPLE IN DISTRESS
Government Appropriation of \$300,000 Made for Relief.

By Courier Leased Wire
Pekin, Oct. 3.—The overflow of Hoang River, which has wrought great destruction at Tien-Tsin and other places, is subsiding slightly. Intense suffering has been caused in the central portion of the province of Chili as a result of the Anroads of the water. The Pekin Government is sending carloads of bread to the destitute people. Pestilence is feared as a result of the flood.
Pekin, Oct. 3.—The Chinese Government has appropriated \$300,000 for immediate use at Tien Tsin, where great destruction has been wrought by the overflowing of the Hoang River. Dr. Paul Reinsch, the American minister has sent a cablegram to the American Red Cross asking for \$200,000. High water over a large section of Chi-Li province prevents engineers from investigating the extent of the losses, and the cause of the flood. Coolies, protected by soldiers, have cut the grand canal at several places near Tien Tsin, under orders from the conservancy board, but this has not affected the situation in the city, where the water is almost stationary. Pao Ting Pu, Teh Chow and other cities of Chi-Li are inundated. Chinese newspapers are appealing for loans from foreign nations to prevent a re-occurrence of the flood by deeping canals to the sea.

FINAL WORD FOR MEDICAL BOARDS
Official Bodies Must Pass on Each Man Called up Under Service Act.

Ottawa, Oct. 3.—A number of doctors throughout the country have been writing here to ask, if a certificate of physical unfitness from a family physician will be accepted at face value by a Medical Board instituted under the Military Service Act. The answer returned was a prompt negative.
Experience has shown that some family physicians are liable to be placed in an awkward position if certificates of physical unfitness granted by them are competent to secure freedom of responsibility under the Military Service Act for the sons of some of their patients. Doctors might easily be subjected to annoyances of a most disagreeable kind if the idea were to spread that any one of them with a wave of his pen, might exempt a young man from military service. Under the scheme by which the Military Service Act is operated, the authorities will be guided by the Official Medical Boards.

HAIR COMING OUT?
Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub it into the scalp. After a few applications the hair stops coming

Tenders For Pulpwood Limit
Tenders will be received by the undersigned up to and including the seventeenth day of December next for the right to cut, pulpwood and pine timber on a certain area situated in the vicinity of the Kapuskasing River in the Districts of Timiskaming and Algoma.
Tenders are to offer a flat rate per cord for all classes of pulpwood, whether spruce or other woods. The successful tenderer shall be required to pay for the Red and White Pine on the limit a flat rate of \$10 per thousand feet board measure. The successful tenderer shall also be required to erect a mill or mills on or near the territory, and to manufacture the wood into pulp and paper in the Province of Ontario, in accordance with the terms and conditions of sale which can be had on application to the Department.
Parties making tender will be required to deposit with their tender a marked cheque payable to the Honourable the Treasurer of the Province of Ontario, for Twenty-five Thousand Dollars (\$25,000.00), which amount will be forfeited in the event of their not entering into agreement to carry out conditions, etc. The said Twenty-five Thousand Dollars (\$25,000.00) will be held by the Department until such time as the terms and conditions of the agreement to be entered into have been complied with and the said mills erected, equipped and in operation. The said sum may then be applied to deposit with their tender such times as the Minister of Lands, Forests and Mines may direct in payment of accounts for dues or of any other obligation due the Crown until the whole sum has been applied.
The highest or any tender not necessarily accepted.
For particulars as to description of territory, capital to be invested, etc., apply to the undersigned.
G. H. FERGUSON,
Minister of Lands, Forests and Mines, Toronto, September 19th, 1917.

NARROW ESCAPE ON ITALIAN FRONT
American Visiting Isonzo Battle Passed Through Perils.
By Courier Leased Wire
An Atlantic Port, Oct. 3.—Francis B. Sayre, son-in-law of President Wilson, told of his narrow escape from Austrian gunners while visiting a portion of the Isonzo battle front, early in September, on his arrival here aboard a British steamship. He has spent the past four months in France and Italy in the organization of recreational centres as a representative of the war work council of the Y. M. C. A.
On September 7, accompanied by several British and American Y. M. C. A. officers, Mr. Sayre was visiting the Italian front, when, as their automobile entered a bend in the road, they became the target of six Austrian gunners, he says. Five shells were fired at them, Mr. Sayre stated, the last of which exploded within forty feet of the party. He declared the Italian officers escorting them thrust them back into the automobile in which they were hurried to a place of safety.

These Men Will Help You Decide

Are you liable to be selected for service under the Military Service Act?
The answer to this question is being made readily available for you. Remember that the first class to be called includes only men between the ages of 20 and 34, both inclusive, who are unmarried or widowers without children, those married after July 6, 1917, being deemed single for the purposes of the Act.
Medical Boards are now being established throughout Canada. These Boards will examine, free of charge and obligation, all men who wish to be examined as to their physical fitness for military service. They will tell you in a very short time whether your physical condition absolves you from the call or makes you liable for selection.
It is important that you obtain this information as soon as possible. A certificate of unfitness from a Medical Board will secure for you freedom from responsibility under the Military Service Act from any Exemption Tribunal. A certificate of fitness will not preclude an appeal for exemption on any ground.
In order that you may be able to plan your future with certainty, visit a Medical Board as soon as possible and find out if you are liable to be selected. Your family and your employer are interested as well as yourself.

BOWLING TOURNEY.

The following statement shows that the bowling tournament held in aid of the Red Cross on September 12th was a successful, financially, as it was from the players' standpoint. Receipts: From the luncheon, \$173.16; from F. W. Bain (entrance fees, etc.), \$130.00. Total, \$303.16. Expenses: For ice cream, etc., \$48.18. Balance, \$254.98.

USE VACANT LOTS.

Following the example set early this spring by the Brantford Thrift League in securing the use of vacant lots in the city to combat high prices, the Chatham Workmen's Board of Trade, recently organized, is urging the city council of that place to have all the vacant lots not in use plowed up this fall and allotted to the citizens for cultivation next year.

W. P. L. SHIPMENTS.

The Women's Patriotic League has shipped from the Red Cross rooms the following list of articles between August 23rd and September 28th: 724 pairs of socks, 60 sheets, 35 flannel binders, 60 day shirts, 84 trench caps, 15 amputation socks, 30 scullie handkerchiefs, 30 scarfs, 30 kits, 30 filled, 1 operation sock, 2 pair of wristlets, 4 balaclava caps, 4 sleeveless sweaters, 48 personal property bags, 15 surgeons' operating gowns, 9 quilts, 2 large bales to the French, containing 192 new garments and other clothing in good repair.

TALENT TEA.

The Canadian Red Cross fund will benefit to the extent of \$50 as the result of a talent tea that was held under the auspices of the Ladies' Guild of St. Jude's Church, in the Rectory yesterday afternoon. A large number visited the prettily decorated rooms, and the tastefully arranged home-making cooking was sought after by ready purchasers. Tea was also served during the afternoon. Appropriate solos were delightfully sung by Miss Hilda Hurley and Miss Elsie Tenn.

CANADIAN AMERICAN.

It is estimated by an official in the office of Wayne County Clerk at Detroit that at least one half of the men applying for naturalization papers in the Circuit Court during the week just closed are of Canadian birth. Two hundred and forty-four Canadians were admitted to full American citizenship, while approximately 200 more applications were not acted upon.

NO FURTHER WORD.

No further word has been received by the local recruiter for the C. M. R. concerning the departure of that unit from Hamilton. Some time ago the members were warned to prepare to leave on short notice but nothing further regarding their destination has been forthcoming.

PROPERTY TRANSFERS.

The property transfers registered in the city during the month of September doubled those of the corresponding month of the previous year. The vast majority of cases the value of the property that changed hands was under \$3500.00. In his fourteen years' experience as an assessor, Mr. G. L. Lumsden does not recall such a situation as exists in the city at the present time. There are now more families doubled up than ever before and scarcely an available flat or house can be rented in the city. He stated to-day that moderate priced housing could easily be built and sold at a profit in spite of the high cost of building materials.

HARVEST SERVICES.

Special harvest Thanksgiving services were conducted on Sunday in St. James' Church, which was fittingly decorated for the occasion in a manner reflecting credit upon those in charge. The choir excelled itself in the musical program rendered. The service in the morning was conducted by Venerable Archdeacon MacKenzie, and was largely attended, while rain affected the attendance in the evening, when the Rev. J. H. Hoarford of Burford officiated. For this reason the services will be continued next Sunday, the Rev. C. E. Jenkins officiating.

DRASTIC MEASURES.

By Courier Leased Wire. Hamilton, Ont., Oct. 3.—Police Magistrate Jelfs this morning started to tackle the 'foreign menace' about which the war veterans have complained to the Government. He announced that hereafter he would order the internment of every foreigner caught breaching the Ontario Temperance Act or annoying women.

Don't Eat Less—But Eat Better. There is no need of anyone going hungry. Canadians should eat foods that supply the greatest amount of nutriment at the lowest cost. The whole wheat grain is the most perfect food given to man. Shredded Wheat Biscuit is the whole wheat grain prepared in a digestible form. Every particle of the whole wheat berry is used—nothing wasted, nothing thrown away. Two or three of these biscuits with milk, sliced peaches or other fruits make a nourishing, satisfying meal at a cost of only a few cents. Made in Canada.

ASK INDEPENDENCE

By Courier Leased Wire. Stockholm, Oct. 3.—Dr. John Nzupus, who has been in consultation with Lithuanians and Letts in various parts of Russia, arrived yesterday in Stockholm and requested American Minister Morris to transmit to President Wilson a memorial setting forth the national program of these peoples and begging him to support it. They demand complete independence, the right to establish their own government and representation in the eventual peace conference. Their territorial program includes the re-establishment of a greater part of the territory lost in 1795 which would take in a population of 12,000,000 Lithuanians, Letts and other races.

SOCIAL SERVICE LEAGUE ANNUAL MEETING HELD

The annual meeting of the Social Service League was held yesterday afternoon in the Public Library. While actively interested in the welfare of the city, the league had done little relief work during the past year, according to the report of Frank Cocksutt, chairman. The principal work undertaken was that of child welfare, conducted by the Victorian Order of Nurses. In this connection Miss Carter submitted a report, touching upon the overcrowded condition of many houses in the city, particularly among the foreign population. The Provincial Health authorities will be communicated with in order to ascertain what power the local authorities have in the establishment of a clinic or dispensary at the hospital here was also suggested, with arrangements to secure medical advice for all needing it. It was planned to have the Board of Education cooperate with the Hospital Board in this important matter. The auditor's report, submitted by F. W. Frank and C. J. Parker, showed the books of the society to be correct from the inception of the organization to the end of September, 1917. The officers elected follow: Honorary president, the Mayor; president, Frank Cocksutt; first vice-president, A. McFarland; second vice-president, C. A. Waterous; secretary-treasurer, H. T. Watt; men's executive, W. B. Preston, J. S. Rowe, C. L. Gamble, A. McFarland, W. E. Foster, J. H. Spence; ladies' executive, Mrs. Frank Cocksutt, Mrs. Cummings Nelles, Mrs. W. C. Livingston, Mrs. W. TO FIX PRICES.

By Courier Lined Wire Ottawa, Ont., Oct. 3.—Hon. W. J. Hanna, food controller, will determine the basis for controlling the prices of flour, bran and middlings for Canada on Friday. The question has been under consideration for some weeks by a committee appointed by the milling interests to cooperate with the food controller. This committee will make its final report at a meeting with Mr. Hanna on Friday and prices will be adjusted for the entire Dominion.

REPORTS that flour prices already have been determined are not authentic, said the food controller. "The arrangement which will be made on Friday will enable me to control flour prices, for I shall have complete knowledge of the basis on which those prices will be worked out."

HODGINS OVERSEAS.

By Courier Lined Wire Ottawa, Oct. 3.—General Hodgins, formerly adjutant-general of the Canadian forces, left Ottawa yesterday on his way to London, England, to take up his duties as a member of the joint committee on demobilization. The committee was formed under the chairmanship of Sir Hugh Allan to deal with difficulties in the way of a speedy repatriation of Canadian overseas forces and to formulate plans for demobilization when peace is declared. Formal request was made here for the appointment of a Canadian representative on the committee and General Hodgins was chosen. General Hodgins will be accompanied overseas by Mrs. Hodgins.

BACON IS HIGH HERE

Comparison With Prices in Other Places—Cheaper in U.S.

A comparison of prices prevailing for hams and bacon in Brantford, Toronto, Britain and the United States shows that local prices are by no means lower.

DISCUSSING the bacon situation recently, a prominent Toronto packer stated, "On account of the submarine menace, the British Government takes possession of the goods at the seaboard and looks after the transportation, the price being fixed on the basis of less war tax, and freight. Canadian bacon brings a higher price in England than American bacon because of superior quality."

"Inquiry from various dealers shows that prices of bacon range approximately from 40 cents a pound for the cheapest qualities to 60 cents a pound for the choicest, though excellent bacon is obtainable at 47 cents."

This was the text of a cable recently received from the Old Land. Following is a list of bacon prices: Brantford retail prices—Smoked backs, 50c and 55c; side bacon, 48c and 50c; smoked hams, 35c; and 40c; boiled hams, 55c; lard, 35c.

Toronto retail prices—Smoked backs (whole or half), 50c; smoked backs (sliced), 55c; sides (whole or half), 45c; sides (sliced), 43c to 53c; hams (whole or half), 34c; hams (sliced), 40c; shoulders (difficult to obtain), 27c.

U. S. retail prices—St. Paul, Minn., 39c; Kansas City, Mo., 37c; New York City, 45c; Chicago, Ill., 45c; Buffalo, 45c; Rochester, 45c.

FAKING WAR NEWS.

New York, Oct. 3.—Many complaints have been received at police headquarters in the last month about newboys who disturb the peace by shouting sensational war news extra, when there is nothing in their papers to justify their clamor. This practice has unnerved men and women who have relatives in the service and to whom the war is of vital and personal concern. Not only in the city, but in the suburbs, newboys have aroused neighborhood late at night with their cries. Police will take action.

BRITAIN TO IN FORM

A Bomb for a gram; Enter Heart of Than to Silians

London, Oct. 3.—It is assumed here now that German towns will begin to be bombed from the air if no permit of such use is given.

The Evening Standard, the highest authority in the Government is paying special attention to the question of reprisals against German towns in the event of a German air attack on London or other towns.

"There is no qualification of the decision of the Government to undertake very effective reprisals at the earliest moment against German towns which are the advice of the high command."

The plan which the allies are to adopt is to generalize that after such a date bombs dropped, thus giving those towns time to clear out of the population. Some twenty cities will be warned at once and will please themselves to be bombed at the earliest moment. French airmen yesterday, Coblenz, Stuttgart and Chemnitz were the first to be bombed, but not in the objective, is shown by a from Amsterdam, which was bombed by German planes. Thursday and Friday, according to reports from the front, the first warning of a raid was given in the air raid, while the second warning was given by the ground. It is said for darkening of the night attacks is to be ordered into effect.

A Swiss painter, who has been in the museum in Geneva, says that the German people are expecting aerial attacks, and are placing valuable places of security. The people are being instructed to take cover in the event of a raid. Most of the reports are, for example, that the German people are taking precautions.

Not merely "reprisals" but there will be general reprisals against German towns decided to grasp the situation to carry on aerial warfare, mere reprisals against Berlin or other political but by striking the heart of Germany's defenses.

Behind Germany's armaments sources which feed it, the proportion of German iron blast furnaces, steel works, and other industries, which are systematically destroyed, German army will feel the munitions more quickly and acutely than ever. We are feeling want of food through submarines.

(From Tuesday's Daily.)
 Already she was almost finished dressing, and as yet Sally hadn't had a chance to breathe a word about her own information.
 "But there's something I must tell you," she insisted, suddenly reminded.
 "About what?"
 "Last night—things that happened after everybody had gone to bed. You know I was restless. I saw several things I haven't told you about. You ought to know. They may clear up the mystery of the theft."
 "I already know all about that," Mrs. Gosnold declared calmly. "About Mr. Lyttleton and the boat and the signals—"
 Mrs. Gosnold turned sharply from her mirror. "What's this? Why didn't you tell me before?"
 "I didn't know about the robbery and I thought it was none of my affair."
 "It doesn't matter," Mrs. Gosnold caught up her cloak and threw it to the maid to adjust on her shoulders. "Whatever you saw had nothing to do with the robbery. Don Lyttleton's a bad lot in more ways than one, but he didn't steal my jewels last night—that I know."
 "But who did?"
 "I hope you may never find out." "You know, then—"
 "Positively." The lady adjusted her mask and caught her cloak about her. "Wait here till I come back. Then you must tell me about Don Lyttleton and the boat and the signals. I'll be as quick as I can."
 She darted hurriedly out into the corridor and drew the door to the wonder excited by Mrs. Gosnold's declaration that she knew the identity of the thief, even though, the girl told herself, she had all along suspected as much—kept Sally quiet for the next several minutes. She was sorely tempted to question the maid, but one look at that quiet, impassive countenance assured her that this would be wasted breath.
 Insensibly the tempo of a haunting waltz that sang clear in the night beyond the open windows wove itself into the texture of Mrs. Gosnold's thoughts and set her blood tingling in response.
 She recalled Tregio with a recurrent glow of gratification.
 Poor fellow!
 One foot began to tap the floor in time to the music. She hadn't danced once that night, had purposely voided every chance of an invitation to dance. And now, of a sudden, she wanted to, without reason or excuse.
 It was very curious. She wondered at herself. What had worked this change? Was it really nothing more nor less than a declaration of love on the part of a man she—didn't altogether like?
 Though, of course, she hadn't ever been quite fair to him. He had had admirable qualities. His honesty. His scorn of pretense and subterfuge. His simple faith in Sally Manvers, however misplaced.
 If he were to beg a dance when Mrs. Gosnold had returned and Sally recostumed, had re-joined the maskers, she hardly knew how she could in decency refuse him now.

SIDE TALKS

By RUTH YOUNG CAMERON

THE PEREMPTORY AUTO OWNER

A neighbor of mine was invited to spend a week end with some cousins who live about forty miles away. Some mutual cousins who own an automobile were also invited.
 They communicated with my neighbor who had planned to go by train, and graciously asked her to go in their machine. The day before, they arranged to pick up and told her to be at a certain point at half past nine.
 For my neighbor to go to that point by electric takes half an hour and requires a change of cars. For the people with the machine to call at her home would have taken them perhaps ten minutes out of their way.
 And They Waited An Hour and Ten Minutes
 The next day dawned with a howling rain storm, the kind that laughs desirably at umbrellas. My neighbor and her husband had to carry besides their umbrellas and valises the inevitable extra wraps which one does not need on a trolley but does need for a long auto ride. To be sure of being on time they took an early car and arrived ten minutes early. And they waited an hour and fifteen minutes, wet and uncomfortable for the auto.
 Finally arrived they explained with no great concern that they had had a flat tire.
 Now, to be sure, they could not have helped that, but on the other hand if their needs had been ten minutes late on account of a delayed electric I think there would have been some fireworks.
 And as to the matter of not calling for them, that seems to me the dignant if any mistake was made. Sally caught her cloak tightly about her and because of its unconventionality as a costume, resumed her mask against the chance of meeting anybody in her passage through the corridor to the far wing of the building.
 She fairly ran in her impatience, and through this haste was brought to the head of the main staircase at the precise moment when an unmasked blackbeard was about to set foot upon the upper landing.
 Mr. Savage was smiling quietly to himself and slapping his calves lightly with his left hand; nothing in his manner excused the suspicion that he was not perfectly satisfied with himself and all his circumstances.
 Somewhat reassured by the vision of this amiable countenance, Sally paused, and won a glance of quizzical inquiry, with special application to the mask which she still wore in defiance of the rule.
 But when she spoke in her natural voice that look was erased from the features of Mr. Savage as the marks may be erased from a blackboard.
 "Oh, Mr. Savage, if you please—"
 "What-at!" the man ejaculated blankly, stopping short and dropping his mask behind his back.
 "A little later, where she said she was to meet Mr. Savage, and his asked Thomas and some of the waiters, and they all said they hadn't seen her."
 "But in my costume and masked!"
 "It's past one, miss, already, and everybody has unmasked."
 "To be sure. I'm going to my room and get into another dress. Then I'll look round for her myself."
 "If you'll be so kind, miss—with-out letting on—"
 "Of course."
 "Mrs. Gosnold would be very in-

English Plum Pudding.

One and three-quarters pounds raisins, 1 1/2 pounds currants, 1 1/2 pounds sultana raisins, 1 1/2 pounds suet, 1 pound candied peel, 1/2 pound bread crumbs, 1 1/2 pounds flour, 1/2 pound sugar, pinch of soda, 1 nutmeg (cinnamon and mace if desired), 7 eggs and 1/2 pint of brandy.
 Boil in small puddings 4 hours (5 hours at first and 2 more the day of serving). Put in bowls and cover with mixture of water and flour, and over all tie a cloth. It to be cooked second time do not remove cloth, but tighten second boiling.

Indian Pudding.

Three pints milk, 1 cup Indian meal, 1/2 teaspoon salt, 1 1/2 cups molasses, 2 eggs, 1 teaspoon cinnamon.
 Scald 1 quart of the milk. Stir into this the meal and salt thoroughly dissolved in the molasses. Let boil 5 minutes, stirring constantly. Set away to cool. When cool add 1 cup milk, the eggs and cinnamon. Cover and bake in a moderate oven. After it has been in the oven an hour turn on the remaining cup of milk. Let this soak in gradually, do not stir. This makes the whey. Bake 4 or 5 hours. Let stand an hour before serving. Serve cream with it as a sauce.

Suet Pudding.

Three-fourths cup molasses, 3/4 cup sugar, 1 cup milk, 1 cup chopped suet, 1 cup raisins, 1 cup whole wheat flour, 2 1/2 cups pastry flour, 1 teaspoon soda, 1 teaspoon cloves, 1 teaspoon cinnamon, 1 teaspoon nutmeg, 1/2 teaspoon allspice, 1 egg.
 Soak 24 large prunes over night. In the morning boil a few minutes and chop very fine. Whites of 3 eggs beaten stiff, small cup sugar, 1 small teaspoon cream tartar. Bake 20 minutes in a dish inside one with hot water, and serve with whipped cream when cold.

Good Night Stories

THE NEWSBOYS' FAIRIES.

O go on, there's no such things as fairies!" exclaimed Ned. "If there are why don't they help us sell our papers?"
 Benny didn't answer, for the day before he had sold only enough to buy milk for his baby sister.
 "Any way, if there are fairies they don't fly around with newsboys," continued Ned.
 "Well, my mother said fairies always go with good boys to help them through the day," retorted Benny, "and my mother knows."
 The boys separated and stationed themselves at their corners. "Papers! Papers!" greeted each passerby all through the day. When evening came there were only a few pennies in Benny's pocket.
 "Did the fairies help you to-day?" asked Ned when the two boys met to discuss the receipts of the day.
 "No," replied Benny sadly. "I haven't enough to get the milk for the baby. Don't care about myself, for I'm not hungry," and his lip quivered.
 "Well, I am, and my day's been better than yours, so come with me and we'll have a good dinner," suggested Ned, and he hurried Benny to the restaurant. Ned paid for the dinner, and bought a box of crackers and a bottle of milk which he gave to Benny.
 "That's for the baby. Pay me some other time," he laughed.
 "Believe me if there are such things as fairies, you ought to have one following you!" cried Benny.
 "Maybe she'll catch up with me to-morrow," laughed Ned, as he bade his friend good-night.
 He turned the corner and started home.
 "Poor Benny and his fairies!" laughed Ned—his foot struck something and he picked up a purse. A roll of bills and a card fell to the sidewalk. Ned looked at the card. "That's my luck!" and away he trudged to the owner's house.
 The next morning Ned was later than usual and his face was all smiles.
 "Well, Benny, your fairies caught up with me all right!" he cried, and he told Benny all about his wonderful find.
 "He gave me a ten, and offered me a job in his office and when I told him about you, he said he could use another errand boy, too. So we're to report to him this morning," cried Ned, dancing around Benny and throwing his cap in the air in his glee.
 "See, I told you mother always said the fairies tried to help boys who were good," exclaimed Benny.
 "And your mother's right," answered Ned, "and I'll never tease you about your fairies again, for I know now they are with us, all right," and the two boys went arm and arm into their new life.
 "Do you know," said their employer's secretary to him one day, "those two new boys actually believe a fairy helped them get their jobs?"
 "They're right!" said the man. "The good fairy of honesty."

Valuable Suggestions for the Handy Home-maker—Order and Pattern Through The State

LADY'S DRESS.
 By Anabel Worthington.

Every one must have at least one basque dress this season to be in the fashion, and the model shown in No. 8459 is a very clever interpretation of this style. The waist fits smoothly at the waist line in front, but it is slightly draped at the underarm seams to give the desired fit. The back of the waist is gathered at the waist line, and a narrow belt of the material goes across the back and buttons onto the front. The neck is quite low and square at the front, and the opening is filled in with a crossed vest of lace. The collar is one of the new narrow ones. The long, close fitting sleeves are cut in points which come over the backs of the hands. A straight one piece skirt is gathered to the slightly raised waist line.

The dress pattern, No. 8459, is cut in sizes 30 to 42 inches bust measure. The 38 inch size requires 4 1/2 yards 36 inch material, 1/2 yard 36 inch contrasting goods and 1/2 yard 6 inch lace for vest.

To obtain this pattern send 1/4 to the office of this publication.

IN NEW CONCERN

G. F. Hobart Will Conduct His Own Agency. (Hamilton Herald) George F. Hobart, for the past five years manager of the Hamilton Advertisers' agency, has retired from that concern, and will henceforth conduct an advertising business of his own. He will also be associated with the Consolidated Advertising company, which is composed of a number of Canadian advertising agencies and which will serve as a clearing house for the several concerns interested in the company. The clearing house feature will relieve the advertising men of the Consolidated company of all detail work, and leave them free to devote themselves to the interests of their clients. Mr. Hobart is widely known in Hamilton as the result of his activities in patriotic work.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you. Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity, also to neutralize the acids in the urine so if no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

WORLD'S SERIES COSTS FRIENDS

Hard to Accommodate All Fans in Chicago, Says Comiskey. INSURANCE BUSINESS. Montreal, Oct. 2.—It was announced at the head office of the Sun Life Assurance Company of Canada yesterday that the business of the company for the first nine months of the year showed an increase of more than \$7,000,000 over the corresponding period of 1916. The company's record is interesting, both as evidence of prosperous conditions in the country on the one hand, and of the growing popularity of insurance as an investment and a protection on the other. As evidence of continued success for a Montreal financial institution, it will be noted with pleasurable interest here.
