

GOVERNMENT AND CITY WILL UNITE,

If Present Plans Are Carried Out,

To Spend \$100,000 on Bay Front.

Barton to Make Fight For Water.

A scheme involving the expenditure of \$75,000 by the Dominion Government and \$25,000 by the city was outlined yesterday when J. G. Sing, government engineer, as the result of the interview the Hamilton deputation had with the Minister of Public Works last week, came here and inspected the revetment wall. Mayor Stewart and the aldermen are convinced that it is a splendid proposition. The scheme is to extend the revetment wall northward as far as the head of the present city dock. This will make a re-inforced concrete pier, faced with interlocking steel piles, thirty feet wide and five hundred feet in length. The old wooden dock will be replaced with a splendid concrete wharf and between this and the new pier it is proposed to build to the east there will be a deep water slip, seventy-five feet wide. The city will extend the sewers through the revetment wall, tear down the old frame buildings and erect a new concrete building the total expense being about \$25,000. Mr. Sing will make his report to Ottawa, embodying this plan, which will be of the utmost importance and advantage to Hamilton.

The promptness of the Minister of Public Works in sending the engineer here met with the approval of the aldermen and city officials. Mr. Sing, accompanied by John M. Eastwood, the father of the revetment wall scheme, went to the city wharf at 2:30 yesterday afternoon and met Mayor Stewart, Aldermen McLaren, Howard, Guy and W. C. Brennan, secretary, Board of Works. An inspection of the revetment wall was made and Mayor Stewart pronounced it the best piece of construction work he had ever seen. He was loud in his praise and complimented Engineer Sing on the substantial work the department had done for Hamilton.

Mr. Sing is satisfied himself that the revetment wall is the finest piece of work of the kind on the continent. Many prominent engineers from the United States who have heard of it have communicated with him and an inspection was visited Hamilton to make an inspection. On Victoria Day Mr. Sing is going to bring a party of Canadian engineers here to see it. Ald. Jutten, who was chairman of the Harbor Committee last year, thinks the latest proposition is a splendid offer and he does not think there should be the slightest objection from the city to spending its share. The city so far, he says, has spent \$3.50 on the revetment wall. This was to put up signs warning people to keep off the stones.

The township councillors have buckled on their battle armor, and as soon as the question of the annexation of the section on the mountain top is disposed of an application will be made to the Ontario and Municipal Board for an order compelling the city to supply the township people with water. The City Council recently, on the recommendation of the Fire and Water Committee, and, acting on the advice of the City Engineer and Solicitor, passed a resolution against granting any applications from the township for water this year on the ground that the danger limit has been reached. The township people are determined to settle once and for all a question that has been a source of constant trouble. At the same time Barton Council will make an effort to establish the right of residents in the township along the line of city sewers to connect with them.

The Toronto City Council yesterday ratified the agreement with the Hydro-Electric Power Commission, by which it agrees to take 10,000 horse power. Toronto's share of the cost if the transmission line is estimated at \$825,000, while Hamilton is expected to pay \$115,650.

Dr. Orr assured Mayor Stewart to-day that he had never told any newspaper that the Board of Health had criticised his Worship for finding fault with the

FOUR TIMES TRIED FOR LIFE, TWICE SENTENCED TO DEATH.

Petition For Pardon For Caleb Powers Charged With Conspiracy to Murder Goebel.

Frankfort, Ky., May 5.—Four times has Caleb Powers, former Secretary of State of this Commonwealth, been put on trial for his life, and at three of these trials the jury brought in a verdict of conviction. The charge against him was that he had conspired with others to bring about the assassination of Senator William Goebel, Jan. 30, 1900. Goebel then being a contestant for the gubernatorial chair.

Diamond for Sultan.

Paris, May 5.—The famous Hope diamond, lately owned by Joseph Frankels Sons Co., of New York, has been sold here, it is reported, for \$400,000. It is believed to have been bought for the Sultan of Turkey.

The Hope diamond is a sapphire blue brilliant, weighing 44 1/2 carats. It was at one time owned by H. T. Hope.

It is supposed to have been cut from the large blue diamond weighing 113 1/2 carats in the rough sold by Tavernier to Louis XIV.

ROSE PLEADED NOT GUILTY.

ARRAIGNED ON FOUR CHARGES IN TORONTO TO-DAY.

Miss Skitch Positively Identified the Prisoner as Her Assailant—Remanded for One Week.

Toronto, May 5.—Alex. Rose, who was arrested yesterday on suspicion of being the man who brutally assaulted Miss Ethel Skitch in Wellwood's store on Yonge street on Friday last, was arraigned in the Police Court this morning on four charges of assault with a deadly weapon. These are: Florence Colby, 326 Adelaide street west, robbed of \$20 and struck on the head with a loaded revolver on March 25th; Lucy Redden, 17 St. Patrick street, robbed of \$5 and struck with the butt of the revolver on April 25th; Ethel Skitch, brutally assaulted in Wellwood's fruit store on May 1st and Alan G. Duncan, who was asked for money in a store, at 108 John street, put up a strong fight and wrenched the revolver from his assailant.

BISLEY TEAM.

Good Lot of Shots Going and Many Prizes Expected.

(Special Despatch to the Times.) Ottawa, May 5.—The Canadian team for Bisley this summer promises to be an unusually strong one. It will consist practically of the first twenty men in the Bisley aggregate of the last Dominion meeting. The practice is to offer places to the first twenty men on the aggregate, and where one of them is unable to go his place is offered to the next man on the list. The number of men who find they cannot go is usually quite large. Last year, for instance, fifteen men refused to go and the man who stood fifth on the list was given a place. The men who are responsible for the team try to get as many as possible of the first twenty in the aggregate as the nearer the top of the aggregate the better the shot.

TRIFLING OUTBREAK.

New York, May 5.—Eduardo Higginson, the Peruvian Consul-General at New York, has received cable advice from his Government stating that the reported revolutionary outbreak in Lima has no importance whatever, and is condemned by public opinion.

ON VISIT HERE.

Rev. J. A. Davidson, Wisconsin, at Old Home.

Rev. J. A. Davidson, B. D., a former Hamilton boy, who is now pastor of the First Congregational Church in Stoughton, Wisconsin, has been spending a few days with his home folks at 271 Robert street. Mr. Davidson was delegate from his church Congregational Brotherhood to the National Congregational Church Brotherhood, which met at Detroit April 28, 29 and 30. This convention was the first national convention of the Brotherhood of Congregational men. There were about 500 men present from all parts of the country. The next convention will be held in Minneapolis, Minn. Mr. Davidson leaves for Chicago Wednesday morning.

FINE PAINTINGS.

Work of Local Artists On View This Week.

Many beautiful paintings are on view at the Art School for the spring exhibit, which opens to-morrow. They are the work of local artists, Messrs. John S. Gordon, Albert H. Robinson and Harry A. Neyland. Miss Ottilie Palm also shows some excellent work. Some beautiful and original pictures are shown. There is more individualism noticeable among the paintings than usual, the artists having exercised much freedom of thought. Some of the most noticeable of the paintings of the four contributors are: A Sunrise on the Maine Coast and a large marine, also on the Maine coast, by Mr. Neyland; a portrait of Gordon, by Miss Palm; a painting of Saint Agatha, Quebec, by Mr. Robinson; a study of nude figures in sunlight and several beautiful color paintings, by Gordon. The art rooms will be open for private view this evening, and the public exhibition begins to-morrow.

IN EASY STREET.

Guelph Has the Delusion That It Sees the End of Civic Taxes.

(Special Despatch to the Times.)

Guelph, May 5.—After being burdened for years with public utility debts, the ratepayers of Guelph are now beginning to reap the benefits and the Council last night struck a fourteen mill rate of taxation, the lowest rate in the Dominion. One item that helped the council in arriving at this rate was the report of the Auditors, Neff and Postlethwaite, showing uncollected taxes of forty thousand dollars, whereas the city collector has but twenty thousand dollars in his books for the same period. This matter caused no end of trouble for the council meeting and is still not cleared up. The Guelph Junction Railway, owned by the city will this year give twenty-four thousand dollars to the city, the municipal waterworks another fifteen thousand and the gas and electric light and street railway departments also substantial dividends. The day of no taxes in Guelph is apparently in sight.

RURAL DEANERY.

Discussed Mission and Sunday School Work.

The Deanery of Wentworth in connection with the Church of England met this morning at the Synod office, the following gentlemen being present: Rural Dean Bell, chairman; Revs. Lawlor, McNamara, Fennell, Bennett, Davis and Mr. Caslor. The morning was spent in discussion on missionary and Sunday school work. There was also some talk over the proposed apportionment for the coming year. Business was resumed at 2:30 this afternoon.

LOST AN EYE.

Rockwood Farmer Seriously Hurt by Being Run Into by a Cow.

(Special Despatch to the Times.) Guelph, Ont., May 5.—James Black, a Rockwood farmer, had his left eye crushed and his head injured seriously yesterday by being run into by a cow. An iron bar in his hand was forced into the eye, which has since been removed.

MR. JEROME

Will Rather Go to Jail Than Comply With Court's Wishes.

New York, May 5.—District Attorney Jerome said to-day that he would go to jail rather than comply with an order received from Judge Rosalsky that certain grand jury minutes be filed with the clerk of the court of the general sessions.

The Eating of It.

That proves the quality and deliciousness of our pea-fed bacon and ham. It's not the ordinary factory cured. It's selected, cured from young hogs, that are specially fed, then cured in a way that produces the most delicious bacon and ham you ever tasted. It costs a little more than the ordinary kinds, but it's worth it.—Bain & Adams, 89, 91 King street east.

WARMAN'S POEM.

Montreal, Que., May 5.—It is announced that the Tercentenary poem composed by Cy Warman, which is coming out in Collier's Weekly, is being set to music by the famous American composer, Reginald De Koven, and will be published as a song by Remick & Co., New York and London.

LECTURE AND HIS LIBERTY

Were the Good Fortune of Edward Tanner.

Stone-Throwing Cases in Police Court To-day.

Chicken Broke Old China and Had Its Neck Wrung.

Police Magistrate Jelfs gave Edward Tanner a heart to heart talk this morning and then allowed him to go on deferred sentence. Tanner is the young man who pleaded guilty yesterday to stealing sums of money from his employers, James Osborne & Son. The magistrate said he was down on any person who, in a position of trust, stole from his employer, but as the employer spoke so earnestly in his behalf in this case he would give him a chance.

Wellington Haines, who stole a gold watch from his daughter, was also up for sentence. The magistrate told him he would have to serve six months "hard" at the jail.

George Morton, 81 Walnut street south, was arrested last evening in the instance of Mrs. Jennie Edworthy on a charge of theft. This morning the case was laid over till Thursday at the request of Acting Crown-Attorney Marton. S. D. Biggar appeared for the defendant and obtained bail in the sum of \$500. The case is a very peculiar one. Mrs. Edworthy retained administration a short time ago in the will of her late husband and among other properties was some stuff pertaining to a moulding shop. The widow, it is said, gave this to Morton to sell and it is alleged that instead of selling this and keeping his 10 per cent. commission he sold it and kept commission and principal. W. L. Ross is appearing for the private prosecutor.

Boys who throw stones get no sympathy from the magistrates. He dealt with them with no light hand as a rule. This morning Charles Herman, Jockey Club, was charged with assaulting Percy Bird, a small boy, who lives near the same place. He pleaded guilty, but said that Bird instead of selling this and keeping his 10 per cent. commission he sold it and kept commission and principal. W. L. Ross is appearing for the private prosecutor.

The other stone throwing case was a complicated one. Constable Lentz summoned three young men for acting disorderly on Sunday night on Sherman avenue and the complications arose from the evidence. The three summoned were William Main, 105 Sherman avenue north, a small boy; William Cribbs, 105 Sherman avenue north, a grown up man, and Walter Hulman, Earl street, a young man about 17 or 18 years of age. Lentz said that he arrested Hulman and Cribbs while they were fighting. He heard that the young lad was the cause of the fight, as he summoned him also. This morning Hulman said that he was walking on Sherman avenue with a girl when Main insulted the girl by speaking to her. He said he kicked him and Main attempted to throw a stone at him, but he took the stone away from him. He walked away then, but when he had gone a short distance Main threw a half brick at him, which cut through a heavy cap and inflicted a scalp wound. He went back to settle the case and Cribbs assaulted him. The magistrate dismissed the case all round.

Miola Greco and John Chido pleaded not guilty to a charge of assaulting Charles Lubin. All three are foreigners and the complaint was made by the woman laid for him and "beat him up." The case was adjourned for more evidence.

Ellen Cardwood, 88 Ferguson avenue north, was charged with stealing a chicken, on Sunday, from Aaron Kulek. She pleaded not guilty. "The chicken came in my parlor. Your Worship" said Ellen "and flew up on the side-board and knocked down some old china and broke it and I wrung its neck and threw it out. I wouldn't have had the china broken for anything." This was a fair statement of the case as she showed a short statement of the evidence, and as the chicken is still alive with a fair chance of recovery the Magistrate dismissed the case and told the parties to go home. He also advised Kulek to keep his chickens at home.

Since Solon, Charles Boutour and Joe Fitzler, Bay and Barton streets, were arrested yesterday evening on a charge of stealing coal from the G. T. R., near their residence. They said they wanted a remand till to-morrow and put up the excuse that the boarding boss sent them out to get the coal as they were out of work. The Magistrate granted a remand, but intimated that the excuse would not go.

Charles Clapham, Canada street, was given a further chance to send his son to school.

William Lawson, 129 Hughson street north, was arrested for being drunk last night. He is out on deferred sentence now for some trouble with his wife, and, as he started to make a clean up at the house last night, the Magistrate remanded him till to-morrow to think over what he will do.

John Slattery, Myrtle avenue, Italic Robins, Margaret street, and Sarah Finn, Jackson west, were all soaked \$2 each for being drunk.

Killed by Rooster.

Chattanooga, Tenn., May 5.—Max Crockett, jun., 15 months old, died at Lewisburg yesterday of wounds inflicted by a rooster. The child fell in the yard, and the rooster attacked him, sinking its spurs repeatedly into the child's head.

A Guarantee of Quality.

When you see D. J. P. stamped on a pipe you can buy it and be perfectly safe. They are made of well-seasoned briar and sold for 50 cents at peace's pipe store, 107 King street east.

THE MAN IN OVERALLS

Poor Scott! He is certainly off to a bad start.

The License Commissioners are coming in for a lot of criticism just now, and they deserve it all. They could not have known what they were doing.

The Whitney combination at the Savoy to-night. Gee the hook.

So we are to be bribed with the promise of the Technical College. Too thin.

Was it Mr. Scott that boosted the price of the booze? I am told it was.

I am not surprised that Mr. Lynch-Staunton is to vote for the Whitney Government. He has made a very good thing out of it.

Hon. Mr. Foy should tell us to-night about the miscarriage of justice up at Orangeville.

Knocking the revetment wall is poor kind of spite.

Is it West Hamilton at the Dominion elections or a third term for Mayor Stewart?

Bets of two to one are being made that Scott won't accept.

Labor Man Berry would find it hard to tell anybody what Col. Hendrie has done for labor.

Never mind the Savoy spief; see what you can do for your candidates, Wardrop and McLemont.

The trouble is, John Milne and one or two more think they are the whole show.

No, sorry. Lynch-Staunton will vote for neither Hendrie nor Scott.

Some think the Mayor is after the Superintendency of the Hydro-Electric power job.

Mr. Scott is perhaps the most unpopular man in Hamilton to-day.

John Hoodless showed discretion. I think a burrah doesn't always elect a man.

The License Commissioners are the talk of the town just now. I thought they knew their business.

Ask the Ontario Educational Association what it thinks of the Pyne regulations.

As I incidentally mentioned the other day, the Times is not in the fakir business. But if you want a good, reliable, straight Liberal newspaper, honest and clean, into your house, buy the Times. A great home paper.

"Berry" Seems to me I've heard the name. Say, Mike Nelligan, is he the guy that Stewart slated for your foremanship?

Geo. Lynch-Staunton lythely carolled Whitney's praises, I see. Well, he owed him some stuff. Let's see; how much did that School Board Commission job yield?

The "machine" loves Scott. Hasn't he the dough?

Why the farce of a Tory convention at all? Why not have left it all to John Milne, and saved the row?

Mayor Stewart's argument is, "Scott got licked and spent his cash in vain. He has more; he ought to get a second chance."

A TINY COLT.

It Weighed Only Twenty-Four Pounds Yesterday.

George Case, jun., James street north, claims the distinction of being the owner of the smallest colt that was ever born in Hamilton. The colt arrived on Sunday, and was weighed yesterday. It weighed only twenty-four pounds, and is not much larger than an Irish terrier. The mother is a Scotch Shetland, and is less than nine hands high. She was bought by Mr. Case for his little boy at a sale in Toronto last fall.

The tiny colt has caused much excitement among the children in the vicinity of Case's stable.

ONTARIO GROCERS.

Wholesale Guild Is In Session Here To-day

The Ontario Wholesale Grocers' Guild members gathered here in convention to-day for the purpose of discussing general business and present conditions. The members from outside the city all arrived last night or this morning, and the opening took place at 11 o'clock in room 10 at the Federal Life building. Mr. H. N. Kittson was in the chair, and delivered an address of welcome. The reading of the minutes and the appointment of a Publicity Committee, composed of Mr. H. C. Beckett and Mr. W. H. Smye, concluded this morning's business, and the convention adjourned for lunch to the Hamilton Club. The meeting was resumed this afternoon at 3 o'clock.

Relieved

From all foot troubles in British Army Foot Powder. This powder stops excessive perspiration and cures all sore and tender feet. Be sure to get the genuine British Army Foot Powder in the tin box with sprinker top. Sold by Parke & Parke, druggists, at 25c per tin.

SAFETY DEPOSIT BOXES.

To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA

LIBERALS HAD GOOD WARD MEETINGS.

To Punish Anarchists

Chicago, May 5.—Extermination of anarchy is the scope of a bill drawn by Assistant Corporation Counsel Hole, which will be introduced in the Legislature to-day by Representative Albert F. Keeney. It provides that any person who shall publicly advocate by spoken or written word the killing of any person, whether in Illinois or in a foreign country, shall be deemed guilty of felony, and shall, upon conviction, be sentenced to the penitentiary.

CALL OF KNOX CONSIDERED

BY PRESBYTERIANS OF HAMILTON AND OTTAWA.

Little Doubt but That it Will Be Sustained—Exchange of Telegrams Between Presbyteries.

(Special Despatch to the Times.)

St. Catharines, Ont., May 5.—The call of the Rev. C. A. Mitchell, of Erskine Church, Ottawa, to the pastorate of Knox Church, Hamilton, was received by the Hamilton Presbytery, which is in session in Knox Church here to-day. The call came up at the morning session and was laid over until the afternoon, to permit an exchange of telegrams with Ottawa Presbytery, which also met to-day.

There seems to be no doubt that the call will be sustained.

Mr. W. A. MacKay, a student, who has been supplying at Chippewa, accepted a call from that church, the salary to be \$600 from the congregation and \$200 from the Augmentation fund, and a manse. It was desired by a number of members that Mr. MacKay should also supply St. Paul's, but he would not accept, because it would endanger his claim on the Augmentation Fund. The ordination and induction will take place on 21st May.

Rev. Mr. Cochrane, of Edinburgh, Scotland, was appointed to the pastorate of Port Colborne Church temporarily.

WANTS OUT.

Man Who Tried to Blow Up Boilers Petitioning.

Magistrate Jelfs has been asked by the Minister of Justice, Hon. A. B. Aylesworth, to report on the case of Sydney Jones, who was sent down about a year ago to Kingston Penitentiary by Magistrate Jelfs after being found guilty of a malicious attempt to blow up the boilers at the Rolling Mills. Jones had some grievance against the company for being dismissed, and closed the safety valves and the cold water supply pipes, and if it had not been for a wide awake engineer the whole place might have been wrecked and many lives lost. In his petition for release Jones states that he was an able seaman in the merchant service for some time, and also a quartermaster, and that he has recommendations for eight years' good and honest service. He has a star for good conduct, hard work and honesty from the Kingston Penitentiary, and, taken altogether, he thinks he has been punished enough. The Magistrate is just making a bare statement of the facts of the case, and will forward it to Mr. Aylesworth at once.

GOLD LOCKET FOUND

Miss Annie Munroe, Stinson street, lost a very valuable gold locket and chain and advertised for them in Monday's Times. Shortly after the paper was on the street they were returned to the Times office by Mr. William J. Elliott, of the Inland Revenue Department. Both the loser and the finder are constant readers of the Times, and enjoy a clean, up-to-date paper. The Times always gives the same uniform rich results. Advertise in it and you will see.

BACK IN ASYLUM.

The patient who escaped from the Asylum yesterday morning by jumping from a second storey window and who was caught near the G. T. R. Station at Stuart street by constables of the G. T. R., is back in his room and special pains have been taken to see that he gets no more files to open the way to freedom through the iron bars. His leg, which was sprained in the jump from the window, is progressing favorably.

SOLDIERS IN UNIFORM INSULTED THE CADETS.

Unpleasant Incident at the Stoney Creek Battlefield Consecration.

An unpleasant incident, the last of which has probably not been heard, occurred in connection with the consecration ceremony at the Stoney Creek battlefield on Sunday afternoon, when the Collegiate Cadets were made the target for jokes and ridicule from members of the local infantry corps, who stood in uniform outside the church. It is said that as soon as the procession left the church the soldiers poked fun at the cadets as they marched past behind the bishop's carriage. "School kids," and "Get back to the cradle," were a sample of the epithets hurled at them. Color-Sergeant Smye, drill instructor of the corps, stood it as long as he could and then walked back to the soldiers. "If you can be called men," he said, "have some respect for the uniform, if you have none for those who wear it."

Workers Are Enthusiastic and Ready.

Peculiar Complication in North Wentworth.

Tories Expect Whitney to Say Something.

Liberal workers of Wards 1, 2, 3 and 4 met last night at the club quarters, Arcade Hall, for the purpose of getting the work of the campaign thoroughly under way. The meetings were all held separately, and in every case there was a splendid turnout. A most encouraging feature was the presence of a large number of young men, who had not worked in previous elections, but who were ready to get out and do any work that was to be done. Mr. W. M. McLemont, candidate for East Hamilton, was present, and had a few words of encouragement. He has entered very enthusiastically into the work, and is instilling the spirit into the young men. Chairman Jos. Kirkpatrick and Secretary W. T. Evans were also present, and had some general instructions to give.

Among the workers present the feeling is very strong that with such candidates and with such a campaign, the Liberals should be successful in both East and West Hamilton.

A peculiar complication has arisen in connection with the campaign in North Wentworth. Mr. R. A. Thompson, who has represented the Conservatives for a number of years, was in Dundas on Saturday, quite well again and anxious to get into the fray. He called on G. C. Wilson, the Conservative candidate, to arrange about joint meetings throughout the constituency, such meetings having proved a very good arrangement in last campaign. Mr. Thompson was at the matter was about settled when Mr. Wilson, the independent Conservative candidate, took a hand in. He claimed the right to speak at joint meetings. Mr. Wilson positively refused to appear on any platform with Collins, and there the matter stands. It is probable that the result will be that Mr. Thompson and Mr. Wilson will hold independent meetings.

Another peculiar feature of the North Wentworth campaign is the Collins-Dickson combination. Both Collins and Dickson are ex-Mayors of the town, and both have announced themselves as independent Conservative candidates against Wilson. Lawson, however, is booming Collins' candidature. The men have not been particularly friendly in the past. Dickson is a red-hot temperance man; Collins leans to the liquor side. They are as far apart as oil and vinegar. Leading Conservatives say they have entered into a compact to force the party bosses to take them back into the fold on their own terms, but this both men stoutly deny. They assert that the convention at which Wilson was nominated was packed, and that the nomination was carried on in an illegal way.

Meetings for the workers of wards 5, 6 and 7 will be held in the Liberal Club rooms, Arcade building, on Thursday evening.

The Conservatives attach much importance from a Provincial standpoint, to Whitney's visit to this city to-night. It will be the official declaration—the announcement of his platform. Many of the leading papers of the Province will be represented, and the telegraph companies have a service in Sun-Navy Theatre, where the meeting will be held. Mr. John Milne, President of the Conservative Association, will preside. Plans are laid for holding an overflow meeting in the Sun Life building, Mayor Stewart to preside and Hon. J. W. Hanna to speak.

Some of the best men in the local regiments have been supplied from the Cadet Corps. The members of this corps receive little in the way of inducing them to devote their time to the work. The boys paraded for the first time in their new khaki uniforms on Sunday, turning out fifty strong. The corps was never in better shape, and the drill instructor thinks it should receive every encouragement and especially from members of the local military bodies.

FATED TO LOVE HER

"But I want this, dear. Do let me take it. You shall have another if you like."

"Cissy, you will get no breakfast, unless you go down."

"And you no peace," said Cissy, disappearing in earnest.

When Gabrielle, in her turn, descended she found a comparative desolate scene.

"The visitors were all gone. Cissy was performing a solitary piourette in the ball room, and singing that she felt like one who treads alone, some banquet hall deserted."

"She transit gloria mundi," dear Gabrielle.

"Man is a waver, full of woes, He cuts a caper and down he goes."

Wide the ball room last night, and the ball room today. Too melancholy to be borne, isn't it? So come with me, and I'll ensconce you warm and cozy by the fire in Olivia's sanctum.

"I told him that you were hoarse as a raven, and your cough hoarse; and that it was all his fault for taking you into the draughty conservatory."

"I don't know," she said, nervously, the color rushing back in a flood.

distressing; as also did the housekeeper, but Talbot, Olivia's stately maid, was observed to smile, and further to nod three times in a mysterious manner.

Meanwhile Gabrielle was deep in meditation. She wished only to do right; but she could not satisfy herself as to what was right, and what was wrong.

"Why?" began Gabrielle, then stopped. "Why try to avenge him, you mean?"

"I will explain. I think you know that, until very lately, I have regarded the state of affairs in love as an enervating and enslaving state of things."

"What do you see?" he asked; but she would not answer him. He dropped the subject for the present, and went on.

"I searched deeply into my heart; I sifted the whole matter to the bottom, and I came to this conclusion: that my love for you, if indulged, would absorb my nature to an effeminating, to an injurious extent."

"And you have married her, looking him steadfastly in the face, 'You would have made those solemn vows before God, knowing that you could not keep them, if you were strong.'"

"I spoke for your sake, not for hers," said Gabrielle, relapsing into her gloom, retiring manner. "You seem to have been on the verge of perjury; her heartlessness could not alter that."

"I don't attempt to excuse myself. I am merely laying the facts before you. You must judge me as you like. You know the rest—the state of things which you found, when you returned from London. What I was going through, however, in my secret mind, while you cannot know—I cannot tell you; words would not express it. Thank God, it came to an end, at last; my bonds were broken; and I saw that it would be madness to struggle longer against that which had become a part of my life."

"I don't know," she said, nervously, the color rushing back in a flood.

So he seated himself beside her, steadied his voice, and did so on; looking straight before him as he spoke, with an incessant nervous movement of his signet ring.

"Almost ever since I knew you," he said, "you have been to me what no other man or woman has been, or is, or could be. I was not aware of this at first, but I see it now. I have seen you struggle—but the struggle was for some time; it has deepened, grown upon me. I have loved you—only God knows how I have loved you, and how I fruitless. I am at length convinced that I did as soon, by force of effort, annihilate my soul, Gabrielle, as my love for you."

"Why?" began Gabrielle, then stopped. "Why try to avenge him, you mean?"

"I will explain. I think you know that, until very lately, I have regarded the state of affairs in love as an enervating and enslaving state of things."

"What do you see?" he asked; but she would not answer him. He dropped the subject for the present, and went on.

"I searched deeply into my heart; I sifted the whole matter to the bottom, and I came to this conclusion: that my love for you, if indulged, would absorb my nature to an effeminating, to an injurious extent."

"And you have married her, looking him steadfastly in the face, 'You would have made those solemn vows before God, knowing that you could not keep them, if you were strong.'"

"I spoke for your sake, not for hers," said Gabrielle, relapsing into her gloom, retiring manner. "You seem to have been on the verge of perjury; her heartlessness could not alter that."

"I don't attempt to excuse myself. I am merely laying the facts before you. You must judge me as you like. You know the rest—the state of things which you found, when you returned from London. What I was going through, however, in my secret mind, while you cannot know—I cannot tell you; words would not express it. Thank God, it came to an end, at last; my bonds were broken; and I saw that it would be madness to struggle longer against that which had become a part of my life."

"I don't know," she said, nervously, the color rushing back in a flood.

INLAND REVENUE RETURNS.

The following are the Inland Revenue Returns at the port of Hamilton for April, 1908:

Delaware Park Survey

Hamilton's Choicest Residential Location
The development of this survey is progressing by leaps and bounds. In a few days the sidewalks between Delaware Avenue and Main Street will be completed and within ten days the roads in this block will be rounded up and 100 choice maple trees will be planted.

Sewers and city water pipes have been laid throughout the whole survey. Building operations which have already started will soon be in full swing and a number of artistic dwellings will be erected.

The surroundings to the north, east and west combine to make this survey THE choicest residential spot of the city.

All the lots on the west side of Westmoreland Avenue (north of Delaware Avenue) have been sold. Some still remain unsold on the east side of Westmoreland Avenue and on both sides of Eastbourne Avenue. These are still selling at \$15.00 per foot. On the same avenues (south of Delaware Avenue) the price is \$12.00 and to \$20.00 per foot. Cumberland Avenue (north side) \$12.00 per foot. All the lots on the south side are sold.

TERMS—One-sixth cash; balance, easy terms.

KITTSON & CO., Real Estate Agents Federal Life Building

WHY LOTS ARE SELLING IN BEULAH SURVEY

Because our property is just as represented. There has been a steady conservative growth, absolutely guaranteed, a desirable location for a modern home. High, healthy ground, good transit facilities, all modern city improvements and paid for by us, and last but not least, at prices which give the home-seeker or investor an opportunity to realize a handsome profit within a reasonable time. Present prices \$14 to \$17 per foot. \$50 cash secures a lot, balance, easy payments.

Wheat, white, bush. 0.92 to 0.95

1028 cattle, 2 hogs, 20 sheep, 133 calves and 125 horses.

Few finished cattle were on sale, as usual, the bulk being of the common and medium classes.

Trade was alright for the best cattle but the common grades sold at about the same quotations as last week.

Exporters—Loads of export steers sold at \$5.50 to \$5.90 and a few odd cows at \$6; export bulls sold at \$4 to \$5 per cwt.

Butchers—Selected lots of prime butchers sold at \$5.70 to \$5.85; loads of choice cattle, \$5.50 to \$5.75; medium to good, \$3 to \$5.30; common, \$4.60 to \$4.90; cows, \$3.50 to \$4.75, canners and rough cows, \$2.50 to \$3.25.

Veal Calves.—Prices for veal calves ranged from \$3 to \$3.60 per cwt. Millers—Quand Springs' only limited number of milkers and sprayers were offered. They sold at \$35 to \$60 each, and more would have found ready sale.

Sheep and Lambs.—Export ewes sold at \$5 to \$5.25 per cwt.; yearling lambs, \$6.50 to \$7.25 per cwt.; spring lambs, \$4 each.

Hogs.—Guns, Limited, and A. Quinn, both reported hogs 25c per cwt. lower; select, fed and watered, at \$6.15 and \$5.90 to drovers. L.o.b. cars at country points.

Sugar Markets.

St. Lawrence sugars are quoted as follows. Granulated, \$3 in barrels, and No. 1 golden, \$4.00 in barrels. These prices are for delivery, car lots 5c less.

OTHER MARKETS.

New York Sugar Market. Sugar, raw, quiet; fair refining, 3.98c; centrifugal, 96 test, 4.48c; molasses sugar, 7.2c; refined, quiet; No. 6, 5.10c; No. 7, 4.65c; No. 8, 6.04c; No.

THE HAMILTON TIMES

TUESDAY, MAY 5, 1908.

DON'T ROB MRS. HOODLESS.

In the speeches at the East Hamilton Tory nomination, the machine men who nominated Scott placed much stress upon his alleged great interest in, and work for, technical education, some of the speakers referring to Mr. Scott as being the great advocate of technical education for girls.

Mr. John Hoodless, in his remarks, referred briefly to the good work Mrs. Hoodless had done in the cause of technical education for girls. Mrs. Hoodless deserves great credit for her efforts to advance domestic science. This work was carried on by her under Hon. George W. Ross, and much opposition to it was experienced. Hamiltonians scarcely need to be reminded of the long-continued and bitter attacks made upon Mrs. Hoodless' work, and upon Ross' Education Department because of it, by the senior local Tory organ.

BRODEUR NOT CENSURED.

The appearance before Judge Cassels, the Royal Commissioner who is conducting the civil service investigation, of Messrs. Fyfe and Bazin has already led to one very definite result. They were the commissioners who conducted the general civil service inquiry into the departments, and it was on their findings that the attacks of the Opposition politicians and press upon Hon. Mr. Brodeur were based.

THAT THREE-FIFTHS CLAUSE.

In view of the importance attached by many people to Whitney's three-fifths vote in local option contests, it may be interesting to our readers to consider how that provision has affected the result of elections under that act. Since the measure was placed on the statute books it has been the means of defeating local option in 73 municipalities, in which there were 242 licenses, although, in every case, the by-law had a majority of the voters. In the same time, 39 municipalities having 103 licenses gave a majority against local option. Within the same two years 72 municipalities, having 165 licenses, carried local option by the requisite three-fifths vote.

NOT A CIRCLE OF CONCORD.

How the Tory Machine Forced J. J. Scott On An Unwilling Meeting and Party.

The big Tory pow-wow of Saturday night, called to perform the solemn farce of voting approval of the machine's selection of candidates, was very unlike a love feast, and has left a very nasty taste in the mouths of many of the party. Doctored up carefully as the report was by the senior Tory organ, numerous apologies were still felt to be called for by the course of events of that night.

Of chief machine boss Milne's "perfidious" oratory little need be said. No ice will be needed to preserve it. It sent chills down the spines of even the stalwarts. His confession that he had voted for a man he did not care for personally, and his avowal, "I am going to vote for my party and its interests" had the true machine ring. The good of the Province and its people has no part in the political creed of a boss.

A good many people will, however, be loath to believe that George Lynch-Staunton's statements regarding the finances of the Province in the time of the Ross Government have been correctly reported by the senior Tory organ. If they have, they may suspect that evil communications have not been without their effect. For an intelligent man of sound mind to state that Ontario was, four years ago, unable to place a loan, and that her treasury was depleted, is indeed an astonishing performance.

Mr. Staunton's tribute to Col. Hendrie was a generous one, and it seemed somewhat out of place—because it is hardly to be thought that he did it as taking a "rise" out of the Colonel—for him to go out of the way to introduce references, which provoked laughter, to Mr. Hendrie's "railway legislation," the "big Stick Bill" which has been declared to be a freak so "ineffective and harmless" in its attempts to violate justice that it is not even worth disallowing!

His fondness for grandiloquence led Mr. Staunton into patting Col. Hendrie on the back for "securing the building of the new school of pedagogy in West Hamilton." Of course, he thought that sounded bigger than a Normal School similar to what they have in half a dozen other towns. Then he begged them to remember "if we get the Provincial Technical College we hear so much of, it would mean the spending of \$500,000 at least, here"; and if we want that "WE MUST SEND A MAN TO TORONTO WHO IS PERSONA GRATA WITH THE GOVERNMENT." Of course, that man was Hendrie.

What would you call Mr. Staunton's effort? A delicate hint of a bribe to the constituency, or a somewhat clumsy and maladroit threat to coerce the electors? Col. Hendrie looked quite handsome, and he really spoke his little piece without serious embarrassment, as it was prepared for him. He offered a very lame apology for the unmanly and contemptible gerrymander, and ventured a complaint that the Liberals were running a candidate in East Hamilton where a Labor man is running. Col. Hendrie is a member of the Government. As such he is responsible for the three-fifths clause in the Local Option Act. As such he voted against Mr. MacKay's motion to abolish the three-fifths clause, yet to the surprise of friends who have known him for years, and believed him

fronted him with the mathematical and ethical problem of why their votes should not count for as much as any other citizens' votes, perhaps he may be able to derive some comfort and inspiration from these figures.

ANOTHER BENNETT FALSEHOOD

Mr. W. H. Bennett, M. P., continues to hold the belt as champion slanderer and vilifier of the House of Commons. In discussing the purchase of furniture supplies for the departments, he alleged that Mr. A. W. Fraser, K. C., was a shining light in one of the companies, and, as Mr. Bennett put it, "these companies took the Minister by the throat and forced their goods upon the country." Perhaps Bennett seeks revenge for the wrecking of the fabric of slander which he helped to build in the timber limits inquiry, but whatever his motive, his statement lacks every element of truth. Writing to the Ottawa Journal, which gave prominence to Bennett's mendacious and abusive statement, Mr. Fraser says: "I wish to say that the reference to me is absolutely untrue. I am not a shareholder or director in that company and never have been since the company commenced business. I am not financially interested in the company and never have been. I do not participate in the profits of the company. I have never spoken to the present Minister of Public Works, nor any of his predecessors in that office, nor any officer of the department, on behalf of the company, and the officer in charge of that work in his evidence before the Public Accounts Committee also stated that I had never seen him in regard to the matter. It is therefore fair that a man in public life, shielded by the privileges of his position, should slander a private citizen by insinuation and innuendo to make political capital, without ascertaining the facts? This is but one illustration of many presented this session of how so-called scandals are manufactured for Tory campaign material. The Opposition appears to have lost all respect for decency in its hyena-like hunt after means of

to be above such a subterfuge, or pervariation, he said—the Spectator reports—that while everyone knew where he stood on the three-fifths clause, Mr. MacKay's position was not known even to himself.

Over the prison labor question, and the labelling of prison goods, on which he was so eloquent at last election, as on the power question, the spoils question, and Whitney's general violation of his pre-election promises, Hendrie drew the pall of silence.

It looked as if somebody had been pouring emery into the machine's carefully oiled journals when it came to dealing with East Hamilton. The bosses had things fixed for Scott, and they had their hands full in carrying through their programme. The name of Scott fell on the crowd like a stream of icy water from a hydrant. Carr, Bigger and Hoodless knowingly shook their heads and said, "No, they wouldn't run." But it was all fixed. The bill of fare said "Scott," and the convention just had to swallow him.

But it wouldn't do it without a kick; and it kicked good and hard. "That man can't be elected!" "It's all out and dried!" said another. "It's the work of the machine!" and answering cries of "Hear! hear!" showed the temper of the crowd. Mr. Hoodless begged for order, and protested that he was not a member of the machine, but his voice was completely drowned, and it was some time before the chorus of angry protest could be stilled. Mr. Hoodless proceeded to beg the convention to accept Scott. And for what reason, do you think? Mirabile dictu, that Scott was "the" great technical education advocate of Hamilton. "You do not know what it means technical education to elect J. J. Scott." And the convention, to a man, could not but agree. Certainly the public does not know what J. J. Scott has ever done, or is likely to do, for technical education.

This Technical College appeal was the stock one of all the speakers for Scott. Dr. Carr told them that the citizens now realized their mistake in not sending Scott to Parliament, because he was a fighter, and wouldn't be turned down. Perhaps this might not have been an insinuation that Hamilton's Minister-member in the West lacked fighting quality and lay down, allowing the Normal College to be taken from us. Dr. Carr also made the astonishing statement that Scott was practically the father of the technical school movement, and asserted that "he was ready to assure Hamilton that if J. J. Scott was elected, Hamilton would get the Technical College." And only a short time ago, the Tory organs professed to desire a measure making it a crime to offer a bribe of public works or other Government favors.

Perhaps the machine is satisfied with its work. It is said to have a yearning for J. J.'s "charl." Perhaps the machine will have its compensations. But no intelligent Conservative who was there, or who reads even the censored report of the proceedings, can feel a pride therein, or can court comparison of the two candidates selected, with the Liberal candidates, W. H. Wardrop, K. C., and W. M. McClelland. They are the men to care for Hamilton's interests.

vilifying opponents. If not for his own personal self-respect, one might suppose that this man Bennett would come forward with an apology on behalf of the decent electors of Simcoe, who must be humiliated by such dishonorable conduct. And yet, it seems to be taken for granted that Bennett will not make the amende honorable, but will bob up again at the first apparently favorable opportunity, to seek to throw more mud. And even the Journal passes over his letter without a word of comment!

EDITORIAL NOTES.

William Berry would seem to have tired of playing the labor racket. It was slow in bringing that job.

But it would hardly be doing Ald. McLaren justice to judge him by Herald statements of his alleged sayings.

The "machine" says Scott, and no Tory has any right to chimp when Chief Boss Milne and his conclaves say "Thumbs up!"

Mr. Hoodless' commendation of Scott was that "every man with any sand has lots of enemies." Good enough, John, but not the best sort of thing for a political candidate.

Haldimand Tories are in a bad plight, and Mr. Kohler is likely to have a considerably increased majority, no matter whether Dr. Jacques, or some other candidate, be opposed to him.

Scott seems to be a pretty bad dose for East Hamilton Tories, but the machine has prescribed it, and all that is left for them is to make faces and down it. They must beware of Boss Milne's dog whip.

The Algoma Steel Company has shut down its rail mill. It states that Canadian

railroads will not place orders for rails in the present state of finances. It is a very poor time for "statesmen" to be menacing railways with higher taxes and greater disabilities.

Mr. R. A. Thompson, of North Wentworth, is so far recovered from his recent illness as to be able to move around among the people. His North Wentworth supporters—and they are daily increasing in numbers—are extending him hearty greetings. The county is proud of him.

Hamilton's assurance in the technical college matter was just as positive six months ago as it is to-day.—Hamilton Spectator.

Yes, when the Ministers were careful to intimate that they had not given any promise that should lead Hamilton to expect to get the Provincial Technical College.

An example of how time and money are wasted by the Ottawa Opposition was given last week when business was delayed four hours by their holding up of the Public Works estimates with no other object but to kill time. They did not venture to specifically challenge one item. And this performance cost the country many thousands of dollars.

The Tory machine has Gamey on its hands, and it has to treat him with a good deal of consideration. It exhibited him at Oshawa recently, at a Tory smoker. Just before Gamey rose to speak, however, a number of those present got up and left. The Tory organ is now trying to explain away the affront. Well, as Horace Biglow puts it: "Some pork will bile so!"

How carefully the Mail and Empire seeks to keep from its readers the information that the Civil Service Commissioners, when examined by Mr. Justice Cassels, emphatically declared that Hon. Mr. Brodeur was not included in their condemnation of officials in the Marine Department! You do not find any mention of the exclusion of the Minister from censure in the organ's big display headings, in which it has been wont to bulletin him as a monster of political iniquity and branded as an administrative failure by the Commission. It is not seeking to give prominence to the facts which exhibit it as a calumniator and a falsifier.

Hon. Mr. Brodeur awakened much enthusiasm by his fighting speech of Thursday last. The habits of the Speaker's office have clung to Mr. Brodeur, but his suave and gentlemanly style has been wasted upon the political coyotes of the Opposition. On Thursday he developed a vigor and directness which surprised and startled them, and evoked the enthusiasm of his Liberal friends. Even La Patrie, which has treated him anyway but fairly, accords him hearty praise for the manner in which he disposed of his opponents. Brodeur's "weakness" of which the Opposition speaks so much, lies in his effort to deal with his unprincipled assailant as reasonable gentlemen.

The Herald clamors for war, not for an amicable street railway settlement that will give us on fair terms an extended and improved service, such as the city needs, and cannot get by compulsion under the contract. The Times advocates a friendly consultation of both city and company with the Ontario Railway Board, which must be arbiter in any event under the contract, to try to reach agreement that will give the city what it should have. Once before the City Council took bad advice, and spurned the Ontario Railway Board's kindly-meant hint—and lost by its blunder. Try reasoning to force. Such course would strengthen our case with any reasonable tribunal.

A Strong Son of Canada. (Canada Presbyterian.) Among the makers of Presbyterianism in Canada, we do not know of many who have done more valuable constructive work than Rev. R. N. Grant, D. D., of Orillia, familiarly known throughout Canada as "Knoxonian," a frequent and welcome contributor to the Dominion Presbyterian. We observe by the public press that on the 21st of April, Rev. D. C. MacGregor, B. A., was ordained and inducted by the Presbytery of Barrie as associate pastor with Dr. Grant.

In membership, sound yet attractive teaching, and in the quality of its representatives sent forth to mingle with the stream of Canadian life, there are few congregations more outstanding than that at Orillia; while the church building, with its alteration and interior decoration, is claimed by many to be the finest between Toronto and Winnipeg.

Dr. Grant stands in the front rank of Canada's clergymen of solid ability and constructive influence, and we trust that with the co-operation of his talented and enthusiastic associate, he may find opportunity to do, in his maturer years, some of his best important work, whether by his voice, or through the results of a rich garnered experience.

Nathan Johnston is suing the Canadian Pacific Railway for damages for nervous shock sustained in the Caledon wreck on September 3 last.

When people stop at a hotel they have got to put up with it.

Wake Up, Montieith. (Toronto News.) Less than one per cent. of the farm boys of Ontario between the ages of 16 and 21 are in attendance at the Ontario Agricultural College.

The Honest Way. (Montreal Star, Tor.) The action of the Premier in proposing a committee to enquire into the allegations of Major Hodgins as to the manner in which the construction of the Transcontinental Railway is being carried on, is the proper way to meet the matter.

A Difference. (Halifax Chronicle.) The Tories, in their day of power, appointed a commission to investigate the conditions of the civil service and, then, pigeon-holed the report. The Liberals appointed a commission for the same purpose and forthwith proceeded to act upon its report. This illustrates the difference between genuine and bogus reformers.

Monk's Good Work. (Montreal Herald.) The debate on Mr. Monk's proposal to stop the immigration bonus to booking agents justified its continuance. Mr. Monk started out to prove that the United States way of doing things was very much better than the Canadian way, but in the end it was shown that the selective influence of the bonus has produced exceedingly good results.

Thinks McClelland May Win. (Toronto Telegram, Tor.) It will be a difficult matter to pick the winner in East Hamilton until the

GAVE A BANQUET.

Dundas Oddfellows Entertained by J. W. Boyle. A pleasant night in Oddfellowship was spent last evening in the parlors of Valley City Lodge, No. 117, Dundas.

Past Grand Bro. J. W. Boyle, in his genial and hospitable way, tendered a banquet to the officers, members and visitors. Bro. Boyle is a strong believer in developing the social side. Early in the season he gave a prize setting of a gold band ring, bearing the emblems, of the three links, to be competed for by Bro. Kelday, Noble Grand, and Past Grand Bro. Phipps, in a series of carpet ball, which has created a deep interest. The honor of winning came to Bro. Kelday, N. G. The former part of the evening was devoted to games. The former part of the evening was devoted to games. At 9:30 the brethren sat down to the banquet, P. G. Bro. E. Latshaw acting as toast master. The programme consisted of toasts "To the King," "Grand Lodge of Ontario," responded to by Bro. C. H. Mann, District Deputy Grand Master, and Past Grand G. O. Luke; song, Bro. John Bibby, P. G. At this juncture D. D. G. M. Bro. Mann made the presentation to Bro. Kelday in a very pleasing manner. Bros. Kelday and Phipps responded. "Valley City Lodge" was responded to by Bro. Woodhouse, Past Grand; Bros. Wood and Dickson; "The Dominion of Canada" by Mayor W. H. Moss, P. G.; "Our Host, Bro. Boyle"; reading, Bro. W. H. Bates; song, Bro. C. Dickson; Scottish airs on the bagpipes and dances by Bros. McMurrick and McPherson. The enjoyable evening came to a close by singing "Auld Lang Syne."

NEED MORE MONEY.

OVERDRAFT ALREADY ON HOME FOR INCURABLES.

Chairman Wright Does Not Think City Should Pass the Hat Around to Furnish It.

"I don't think the city should have to pass the hat around to furnish this institution," said Chairman Wright last night when the House of Refuge Committee was trying to figure out where the money was coming from to equip the new Home for Incurables. There is an appropriation of about \$2,000 to partly furnish and maintain the home, but it will require at least \$4,000 for the furnishings. The committee will also have to face an overdraft on the building. The people voted \$30,000 and the city had \$5,000 in legacies and donations. The expenditure to date has been \$36,319, and there are still some extras to be paid for. The King's Daughters have offered to furnish two rooms. The committee will spend what money it can spare fitting up the building and will then appeal to the council for more. Superintendent Rae reported that many small improvements had been made to the buildings and grounds. The old men did considerable painting at the House of Refuge.

SUNDAY SHOOTING AND FISHING

To the Editor of the Times: Sir,—I notice by Saturday's issue an article on fishing and shooting on Sunday on the lay, and around the city, and that the illegal work was brought about by the inspectors, but it is going on all the same. Sunday shooting has caused the authorities a great deal of trouble throughout Ontario for some time. Boys go out to the country and woods with revolvers to practice at marks. They use 32 calibre rifles, the Beach and the illegal work was brought about by the inspectors, but it is going on all the same. Sunday shooting has caused the authorities a great deal of trouble throughout Ontario for some time. Boys go out to the country and woods with revolvers to practice at marks. LAWYER DUFF MADE IT HOT

At Meeting Called to Discuss Annexation

And Mayor Stewart Talked Plainly to Him.

Think Railway Board Will Sustain the City.

A battle royal is promised to-morrow when the application of the residents on the mountain, east of the incline, for annexation to the city comes before the Ontario Railway Board at Toronto.

The preliminary skirmish in the Mayor's office last night was enlivened with ginger dialogue and wound up by W. A. H. Duff, the township solicitor, serving papers on His Worship, City Clerk Kent and George Webb, ordering them to appear before the Railway Board to-morrow.

When the people on the mountain top in the township made the first move to come into the city a petition was circulated providing for the exemption from taxes of a fixed assessment for ten years.

Those who signed it were given to understand that the city would agree to it. When the township people went to the aldermen, however, the city would not listen to it.

Mayor Stewart retorted rather sharply that the city had absolutely refused to have anything to do with the first petition, and that Mr. Duff was well aware of it.

Mr. Duff and the township deputation walked outside, but returned a minute later. Mr. Duff said he was prepared to fight the matter out on the first application as made.

"Don't waste any more time," advised the Mayor. "We are here to discuss the proposition before us. If that does not suit you, you may as well retire."

Mr. Duff took the judge to "skidoo," but surprised the representatives by marching in a minute later and serving the Mayor, George Webb and the City Clerk with papers ordering them to attend before the Board to-morrow.

The Mayor feels quite satisfied that the Board will take the side of the city. It is believed the township will take the ground that the city should have passed a by-law in connection with the application made by the residents.

The city's reply will be that under its agreement with the township it cannot pass such a by-law. In any event, the Mayor says, the city is not anxious to take in this section.

His Worship charges that the Township Council have been up to all sorts of funny tricks. He says they tried to get a petition circulated among the residents objecting to annexation, but that only one man signed it.

The Russian Government has dispatched a party to investigate the discovery of mammoth remains which was reported from the province of Yakutsk in Northeast Siberia.

A remarkable feature of the discovery is the existence in the intestines of this extinct animal of perfectly preserved food, relics of a vegetation until now unknown to science.

The expedition is expected to be absent for a year or more. The framework of this mammoth is to be deposited in the St. Petersburg Museum of Natural History.

Although electro-deposition is one of the oldest arts in which electricity is practically employed, some remarkable improvements have been made in it during the past few years.

One of the most novel of these is a mechanical device for plating small articles, such as screws or pins, which formerly had to be strung by hand on wires or plated in baskets.

These are now done in a porous barrel placed into the plating solution and revolved by machinery. In the erection of a railroad bridge over the Susquehanna River at Havre de Grace, the American Bridge Company will make use of what is probably the largest wood block ever made.

Cut Her Throat.

Philadelphia, May 5.—While suffering from temporary insanity, Mrs. Elizabeth McPhily, of Wayne, Pa., committed suicide in an open lot near the home of her sister in the northeastern section of this city early to-day, by cutting her throat with a butcher knife.

She was visiting her sister, and while scantily clad left the house, and was followed by her brother-in-law, who heard her get out of bed.

As he approached her the woman drew the knife across her throat. Then she ran on again, followed by her brother-in-law. After going about 100 yards she dropped dead.

Amiable Young Lady Succumbed to Pneumonia Yesterday.

Miss Florence M. Northcutt, a trained nurse, died yesterday afternoon after a short illness, with pneumonia, in her 24th year.

A service was held last night at the Nurses' Home, and this morning the remains were sent to her home in Exeter, via the G. T. R., at 9 o'clock, for interment. Deceased was a popular young lady and her death will be much regretted by all who know her.

The funeral of Mrs. Margaret Campbell took place at 3:30 o'clock this afternoon from her late residence, 258 Jackson street west.

The funeral of Edward McDonald took place this afternoon from Blachford St. Undertaking rooms at 2 o'clock.

Chicago, May 5.—Eighteen decrepit residents of Bethesda Home for the Aged, their average age being 71 years, driven by fear that they would be forced from their home, attacked Frank F. Henning, former manager of the bankrupt institution, and after beating him, threw him bodily from the building last evening, threatening vengeance if he ever returned.

The eighteen residents, the majority of whom are women, said Henning agreed to furnish them a home for life for a consideration of \$550. In many cases this \$550 represented the entire savings of the man or woman who was admitted.

The home was erected into bankruptcy several years ago, and since that time has been supported entirely by public subscriptions. Henning was forced from the management of the place when one of the inmates committed suicide and others threatened to do so.

The bee can outfly the pigeon. The mole will starve to death in a day. Hashish, which in its effects is much the same as opium, is prepared from the gum latex from hemp.

The Salvation Army has a factory in Europe where musical instruments are made for its warriors. In China the property of the parent must be equally shared by the children upon the death of the former.

Despite lower tolls, receipts of the Suez Canal were greater last year than ever before. The Russian Government has dispatched a party to investigate the discovery of mammoth remains which was reported from the province of Yakutsk in Northeast Siberia.

A remarkable feature of the discovery is the existence in the intestines of this extinct animal of perfectly preserved food, relics of a vegetation until now unknown to science.

The expedition is expected to be absent for a year or more. The framework of this mammoth is to be deposited in the St. Petersburg Museum of Natural History.

It has been made especially for the work and weighs 1,250 pounds, measures 30 inches across the shell and is rated at 60 tons capacity. The shell is a solid forging 3 1/2 inches thick.

The Mikado has a corps of 60 doctors and 20 priests. England consumes 20 ounces of tobacco per annum per head.

Toronto, May 5.—Dr. Sheard, of the Health Department, has prepared a report upon the condition of Toronto's water and after an exhaustive examination he finds that its quality compares very favorably with that of the water in any other large city on the continent.

The report includes the number of typhoid cases in 1907 and a comparative list of cases in other cities, with which Toronto very favorably compares.

DUNDAS HAS PASSED 4,000.

In. rease of 197 In Population During Year.

Lamentable Drowning of Mrs. T. A. Smith.

Quiet Sunday Night Wedding In Methodist Church.

Dundas, May 5.—The May meeting of the Town Council was held last evening. The members absent were Councillors Mount, Lunn and Brannigan.

W. J. Fletcher wrote the Council, quite as forbiddingly as politely, that he wanted the bank in front of his house on Main street graded and an old fence removed.

He had waited two years and for shame's sake, if for no other reason, it should have been done before now. The letter was smilingly referred to the Board of Works.

Tax Collector Knowles reported taxes uncollected for the year as follows: On real estate, \$2,160.23; income, \$228.22; statute labor, \$199; street watering, \$201; total, \$2,788. Referred to Finance Committee.

Town Solicitor Gwyn wrote that the claim of Mr. Wood against the town for injuries caused by his falling over the dam had been settled for \$80.

G. C. Wilson wrote reminding the Council of a suggestion made that a public meeting be held this evening on the subject between the town and the H. & D. Railway. Referred to the Industrial Committee.

Mr. and Mrs. James Panther, of London, England, wrote thanking the town for consideration shown their son Sidney, who was accidentally drowned in the canal here some weeks ago.

Assessor Forsyth wrote returning the assessment roll for the present year, from which the following facts are gleaned: Realty assessment, \$1,124,720; Income, 79,925; Business tax, 115,225.

Total, \$1,319,870. Increase over last year of \$57,199. The town's population is 4,044, an increase over last year of 197. The returns were held to be satisfactory and the assessor's salary of \$230 was voted him.

J. W. Cockburn, of the Greenville lumber yards, drew attention to the freight tariff on the G. T. R., which was increased on May 1, whereby eastern freight was charged more to Dundas than to Hamilton, in disregard of an agreement made when the privilege was granted the road of building a low level bridge over the canal. Referred to the Industrial Committee.

James Galloway asked for a bridge on Hope street and an extension of walks on the same street, as a large number of buildings had of late grown up on that street. Referred to Board of Works.

The usual annual grant of \$150 was made to the 7th Ward. Council adjourned with the understanding that a special meeting would be held next week to complete the High School by-law, which could not be done last evening, owing to some financial adjustments between the Public and Separate School ratepayers being necessary.

A Sad Drowning. A lamentable drowning accident happened here yesterday shortly after 2 o'clock. The wife of T. A. Smith, aged 32 years, living on Flamboro' street, had apparently gone to an open well to draw water, when she fell in, and life was extinct when discovered. She was subject to fits, and the supposition is that while raising the water she had taken one. Her maiden name was Elizabeth Whitman, and her parental home was at 223 Park street north, Hamilton. She leaves, besides her husband, a stepdaughter. She has two daughters in Hamilton. Canon Abbott has been called to private burial services at 2:30 p. m. to-morrow. Mr. Smith has the sympathy of a large circle of friends in his sad bereavement. He is a section foreman on the H. & D. Railway.

Something happened on Sunday, in the Methodist Church, that never happened before, and may not again for a long time—a Sunday wedding. The contracting parties were Miss Strong, a fashionable and well-known dressmaker formerly of Woodbridge, and Dr. Jonathan Wilkinson, a retired physician of Toronto. What gave a painful tinge to the event was an accident to the groom a few days ago, which made it necessary to assist him into and from the church. Rev. J. J. Maxwell performed the ceremony, which was private, no one knowing beforehand what was to happen, but the clergyman and the janitor. The town got a surprise when the event became known on Monday. Miss Strong is highly esteemed, and her many friends wish both the bride and groom long life and happiness.

A BIG BENEFIT. The Alexandra Rink Co., through the kindness of its officers, Mr. H. C. Beckett, President, and Mr. G. H. Cunney, Secretary, Treasurer, assisted by the 9th Highlander Band under the direction of Mr. H. A. Stares take great pleasure in announcing to the roller skaters and balcony patrons that they are tendering a benefit session to Mr. Thomas, manager of the rink. This will take place on Thursday evening, May 7th, and as the full band will be in attendance, playing a concert programme it will be a pleasing and enjoyable manner in which to spend the evening, both for the halcyon patrons, who like to watch the merry throng as well as the skaters themselves, as nothing these cool evenings can be nicer than a glide on the little wheels.

RAN INTO WASHOUT. Seymour, Ind., May 5.—The eastbound passenger train on the Baltimore & Ohio, southwestern road, ran into a wash-out near Sparksville, near here, early to-day, the engine, mail, express and baggage cars going down an embankment. Engineer James Humphrey, of Washington, and Fireman Harvey Paul were badly hurt. None of the passengers were injured.

OLD BOYS AT KINGSTON. Detroit, Mich., May 5.—A representative lot of local boys of Kingston, all Detroit residents, got together last night and organized the Kingston Old Boys' Association.

CANADIAN CLUB.

First Annual Meeting of the Brantford Organization.

New Opera House—Indian Stabbed—The Strike Trouble.

(Special Despatch to the Times.) Brantford, May 5.—The first annual meeting of the Brantford Canadian Club was held last evening in Judge Hardy's chambers at the court house, when officers were elected for the ensuing year and reports were submitted on the year's work by the retiring officers. Four banquets were held, at which some distinguished Canadian speakers delivered exceedingly able addresses. A balance of \$80 was reported in the treasury, which is considered an excellent showing. The officers elected were: President, W. G. Raymond; Vice-President, Rev. W. H. Harvey; Secretary, E. R. Read; Treasurer, H. F. Leonard.

Some Satisfaction. The announcement that Mr. Frank Johnson will build a new play house for Brantford is greeted with much satisfaction. The opera house which Mr. Johnson now proposes, since the Council refused a fixed assessment, the former will not be on an inflated scale, but will be, it is thought, supply a much felt want locally. The stage will be 75 feet in width, 45 feet deep and 75 feet high. It will be built on the site of the Stratford rink, and work will be commenced immediately, so that the opening can take place next fall.

Stabbing Affray. A stabbing affray is reported from the Six Nations reserve. Jack Davis, a young man, received a bad chest wound in a drunken brawl on Sunday about one mile and a half below Ohsweken. The authorities intend to vigorously prosecute the parties who supplied the red men with liquor, and arrests are likely to be made in this connection.

Local Labor. H. F. Moore, the Kingston contractor who will build the new storage wells at the waterworks, has just returned from the west, where he would immediately commence the work, and would employ local labor to do the job. About 75 men would be taken on, and the work will last until next September.

General Notes. The Pratt & Litchfield Malleable Iron Company, with head branch at Buffalo, is reported to be very slack at present, and more men are being laid off. Only 175 men are at work, as compared with 700 at this time last year. Work was received yesterday morning from Buffalo cancelling a large order which had previously been received, and this necessitated a further layoff.

Ex-Mr. John A. Leitch, agent of the Gore & London Fire Insurance Company here for thirty years, has retired from business life, and has disposed of his business to T. P. Taylor.

The union members are confident of winning in their strike against the Buck Stove Company. The men state that the new men employed are far from satisfactory, and that it is only a question of time until the firm capitulates.

SAW FATHER SHOT. And in Return Boy Shot and Killed His Uncle. Jackson, Ky., May 5.—Edward Callahan was fatally wounded by his brother-in-law, John Spicer, at Callahan's store on Long's Creek, and Spicer was in turn shot and killed by Callahan's 17-year-old son, as a result of a quarrel between Callahan and Spicer yesterday.

Spicer came into the store and he and Callahan quarrelled. Spicer attacked Callahan and nearly cut off his arm. Callahan's 17-year-old son, Wilson, came in during the cutting and shot Spicer through the heart.

Spicer is a brother of Mrs. Callahan who is now separated from her husband. Callahan brought suit for divorce several months ago and this is supposed to have been the cause of the trouble. Besides the Long's Creek tragedy, a second one was enacted in this city, when Dan White, a Hargis adherent, shot and killed Jim Fugate, of the Cook's rifle faction. The two men fired at each other upon meeting on the street.

KELVIN. There was a real old-fashioned snow-storm here on Thursday and the day following was very windy, but at present the weather is calm, and beautiful growing weather.

Those who have been spending their holidays in the village have returned to their homes again. Rev. C. Cookman preached to a large congregation on Sunday.

The Ladies' Aid here was quite largely attended on Thursday. Mrs. J. P. Cook's son, who is spending a few days in Norwich with friends, Mr. Ransom Wood, of this place, lost a valuable horse the other day. A severe attack of distemper was the cause of death.

Mr. William Crabb, of this village, had also the misfortune to lose his horse. The animal will feel his loss very much, as it was the only horse he had. Mr. and Mrs. Seaman, of Brantford, were visiting relatives in this vicinity last week.

Mr. Arthur McComb has recently bought Mr. Charles Midwinter's farm, a short distance east of the village. A few friends were calling on Rev. C. and Mrs. Cookman a few days ago.

HARRISBURG. A farewell party was, on Thursday evening, tendered Mr. D. Dargie, who after thirty years, is severing his connection with the Northwest at once. An address, signed on behalf of his friends by D. Manning and M. Marlatt, was presented to him, accompanied by a valuable gold ring, after which a dainty lunch was served.

Masters E. and L. Braithwaite, who have been visiting relatives in Brantford for some time, returned home on Monday last.

Mr. A. Steiman, of Harley, has secured a situation at the station here. Mr. Thomas Hall, of Brantford, was in the village one day last week. Mr. D. Manning has been appointed G. T. R. foreman at this station.

Mr. A. Hazell, of Brantford, was in the village on Sunday. Mr. J. Wrecks, of Troy, was calling on friends here on Sunday.

Mr. Steiman spent Sunday with friends in Brantford. Mr. Thomas Buckborough, of St. George, was calling on friends here on Sunday.

Miss Cora Merchant, of Weir, was in the village on Sunday.

Wigg—When Guzzler got home last night he says he found his wife quite beside herself. Wigg—Guzzler ought to taper off when he begins to see double. Nothing's so burdensome as a secret.—French.

STAMPS RUIN HER VOICE.

Norfolk, Conn.—The case of Miss Myra Silvernale, assistant to the postmaster of Norfolk, is interesting to the physicians of St. Luke's Hospital.

When she attempts to stamp letters, her tongue and lips swell, her throat becomes ulcerated, and she loses her voice. Specialists say it is a case of poisoning.

Many people unconsciously poison themselves. The bowels, kidneys and skin should rid the system of waste matter. If one of these organs is weak, this waste stays in the body, poisons the blood and is the chief cause of headaches. "I was a sufferer from frightful headache for over two years. Sometimes I was unable to work for days at a time," says Mr. Bert Corneil, of Taylorville, Ont. "A short time ago, I was advised to try 'Fruit-a-tives.' Immediately the headache was easier and in a week it left me for good."

"Fruit-a-tives" are sold by all dealers—50c a box—6 for \$2.50.

Father Vaughan said he had not confided with his superiors in reference to the depicting of mass upon the stage. "The celebration of mass is stopped before the consecration of the Host. It is simply a picture," he said; "a living painting and should offend no one any more than the reproduction of the same thing in water colors or oils."

Miss Stella High is ill with rheumatism. Her friends hope for her speedy recovery.

Rev. J. W. Kitching visited his brother near Toronto last week. Mrs. Kitching, who has been visiting her sister at Camington, accompanied him on his return home.

Henry Miller and family visited at H. Kiefern on Sunday. Misses Annie Fathers and Evelyn Flusher, visited Hazel Beck on Sunday. J. Robinson and son have purchased a gas engine.

Mr. and Mrs. Geo. Holland visited at Freeman Smiley's on Sunday. Miss Ida Taylor was the guest of Lizzie Honsberger on Sunday.

Messrs. Fred Beck and A. High spent Sunday in Hamilton. Miss Allie Mighton was the guest of Beatrice Fathers for a few days on Sunday.

Mr. and Mrs. S. Adams and daughter Ada, visited at Wm. Friers on Sunday. Mr. and Mrs. J. Honsberger visited at Emerson High's on Sunday.

On Wednesday, April 29th, a daughter was born to Mr. and Mrs. Judson W. Brown. Mr. and Mrs. L. Primrose and granddaughter, Eric, visited at Wm. Pridmore, over Sunday.

Miss Eva Beck spent a few days in Dunville. Mr. and Mrs. Fred Culp and daughter visited at O. Bather's, on Sunday.

On Tuesday, April 29th, at Hespeler, a son was born to Rev. and Mrs. A. H. Pleyley. Mrs. Pleyley was formerly Miss Orpha High, of S. Cayuga.

Misses Edythe and Minnie Beck, of Dunville, visited Mrs. Fred Beck on Sunday. Mrs. Esther High, relict of the late David High, died on Thursday, April 23, at the residence of her son, Henry High, the funeral was held on Saturday.

Mr. and Mrs. B. G. Weaver and family visited at Peter Mootie's on Sunday. Mr. and Mrs. A. Albright, Mr. and Mrs. N. Dennis and Mrs. E. Rowe visited at R. Smith's on Sunday.

Mr. William Crabb, of this village, had also the misfortune to lose his horse. The animal will feel his loss very much, as it was the only horse he had.

Mr. and Mrs. Seaman, of Brantford, were visiting relatives in this vicinity last week. Mr. Arthur McComb has recently bought Mr. Charles Midwinter's farm, a short distance east of the village.

A few friends were calling on Rev. C. and Mrs. Cookman a few days ago.

FINCH BROS. 29 AND 31 KING ST. WES.

MONUMENT AT FORT ERIE

To U. S. Soldiers Who Fell in Siege in 1814. Buffalo, N. Y., May 4.—Representative Peter A. Porter has introduced a bill in the House of Representatives at Washington which will be of great interest to many persons living along the Niagara frontier on both sides of the Niagara River. If the bill becomes law a monument will be erected in Fort Erie, Ont., to the memory of the officers and soldiers of the United States Army who lost their lives during the siege of Fort Erie in 1814.

The bill provides for an appropriation of \$10,000, which will defray all the expenses involved in the erection of the memorial. The bill also provides that the Niagara Frontier Landmarks Association be charged with the duty of obtaining the needed site for the monument.

Nothing's so burdensome as a secret.—French.

CHURCH WORTH NEARLY DOUBLE

By Reason of Additions and Improvements.

Satisfactory Condition at the Church of St. Thomas.

Although the Money Raised Was a Little Short.

Because there was no Easter Sunday in the Anglican Church year of 1907-8, and because of a considerable expenditure on account of extensions and improvements, and a visit to the property of the fire fund, St. Thomas' Church ran a little behind, financially, last year, but the general tone at the Vestry meeting last night was one of satisfaction and harmony.

The treasurer announced that he was sorry to record the fact that the church was \$201.04 behind after its year's work and that this was after the executive committee had used \$1,241.91 out of the General Church fund to tide things over. Rev. E. J. Etherington was in the chair and there was a fair attendance. W. J. Grant read this report and explained how it was that this had happened. Having no Easter Sunday in the year was the main cause. Last year Easter came just before the opening of the church year and this year just after the close. He said that with one of these Sundays in the year the balance would have probably been about \$500 on the right side, but with the heavy expenditure incurred in the West avenue extension and the recent fire in the Sunday School little better could be expected. The executive committee asked the congregation to sanction an expenditure of \$54,419 of the money collected for the sinking fund, in the general beautifying and repairing of the church and this was done. Mrs. D. B. Pratt announced that the rectory had been bought and \$2,500 paid out for it while the amount outstanding was \$3,500. The rent, she was pleased to state was reduced from \$30 to \$27, and would have been made \$25, but for the overdraft. The financial statement was as follows:

Cash on hand	\$ 136 67
Pew rents	2,368 94
Choir offertory	2,233 22
Offerings	64 09
Gifts	61 09
Collection for M. S. C. C. and	
Dioscoran apportionment	369 65
Special collections	222 30
Balance per overdraft	691 04
Total	\$6,185 92

Disbursements	\$6,185 92
Liabilities brought forward	84 00
Salaries	3,735 00
Interest on mortgages	225 00
Sundries	1,038 35
Sinking fund	213 37
Special donations	780 20
Total	\$6,185 92

The election of officers was then proceeded with. Messrs. A. C. Beasley and M. J. Overell were re-elected auditors. The rector announced his intention of re-appointing the retiring warden, T. W. Lester. It was moved by Oliver Clark, and seconded by A. C. Beasley that W. J. Grant be re-elected People's Warden for another term. This was carried unanimously. The Executive Committee was appointed as follows: R. T. Steele, G. C. Copley, H. H. Francis, W. Ginder, John O'Neill, M. Dalley.

Sidemen were re-elected as follows: North Isle—W. G. Meakin, W. Brigger, Geo. Burton, W. H. Wodehouse, T. F. Kelly, M. T. Roberts, W. J. Anderson, T. Clappison, J. Chartres, T. B. Darling, J. G. Hore, T. Holman, C. Kidner, S. A. Morgan, J. D. Trenaman, J. W. Bell.

Centre Isle—W. Acres, W. Bell, B. Goldthorpe, F. J. Howell, G. W. Peene, D. B. Pratt, H. C. Beckett, F. E. Walker, R. J. Haskins, R. G. Butler, H. H. Harvey, C. T. Grantham, J. S. Boddy, E. Crawford.

South Isle—R. Armistage, J. E. Rull, Thos. Barnes, H. N. Kittson, W. E. LaChance, Chas. Powis, R. G. DeCew, T. D. McAndrew, C. E. Morgan, H. Moran, F. Robins, A. W. Brown, R. F. King, R. T. Kelly.

A GOOD DEBATE

Between Christ's Church and the Ascension Clubs.

An inter-church debate was held last evening in Christ's Church Cathedral school room, Christ's Church Debating Society versus Ascension Literary Society on the subject, "Resolved, That the Benedicts Have Done More Than the Bachelors as World History makers." The judges, Messrs. T. Hobson, for the Ascension Church; H. E. Witton, for Christ's Church; and C. E. Kelly, neutral, reserved their decision until the next meeting at the Ascension. The speakers were Mr. C. J. Collins and Mr. F. W. Brown for the affirmative; Mr. L. Spicer and Mr. E. W. MacLaughlin for the negative.

The success of the meeting was largely due to the efforts of the president, Mr. A. Galloway, and Mr. H. Hall. The following ladies and gentlemen kindly assisted with a select and varied programme: Miss Pringle, Mr. Pringle, Mr. Bruce, Mr. Hamilton, Mr. Hiffe, Mr. Peach, and Mr. Peacock. Miss Pease was accompanist.

Drugging a Nation.

Why take drugs to produce a motion of the bowels, when it can be done by taking nourishing food that contains no drugs or medicine of any kind? Laxa-Food will prevent inflammation and appendicitis. Leading grocers or A. W. Maguire & Co.

The person who has once experienced the pleasure of a cup of delicious "Salada" Tea—that feeling of satisfaction that its purity and flavor guarantee, is not easily persuaded to accept a substitute.

NEW SOCIETIES.

W.F.M.S. ADDED THIRTY-NINE AUXILIARIES IN A YEAR.

Three New Presbyterials Formed—Nearly Seventy Thousand Dollars Contributed During 1907-8—Annual Meeting Opens To-day in Westminster Church.

Toronto, May 5.—The thirty-second annual meeting of the Women's Foreign Missionary Society of the Presbyterian Church in Canada (western division) opened to-day in Westminster Church, Bloor street east, with a devotional meeting at 2.30 o'clock and a public meeting will be held at 8.30 to be addressed by Miss Chone Oliver, M. D., on the work in India, illustrated with lime-light views.

The reports, which will be presented to-morrow, show 3,757 members of 42 Presbyterian Societies in the General Society, 13,951 in Auxiliaries and 9,549 in Mission Bands.

The Home Secretary's report shows 32 Presbyterian societies, 3 new Presbyterials, 39 new Auxiliaries and 36 new Mission Bands. The total number of Auxiliaries is 805 and of Bands 392. Life membership certificates were issued during the year to 150. The total contributions of Auxiliaries amounted last year to \$56,781.45, of Mission Bands \$9,839.76, of the 2,214 Scattered Helpers \$2,084.54, and from collections, etc., \$742.37, making in all \$69,507.56. The receipts in the publication account were \$5,099.58 and there is left a balance of \$453.29.

The Ewart Missionary Training Home, now almost eleven years old, has to date sent out 29 workers into all fields. The total receipts of the home were \$2,059.14, including \$1,300 received from the General Treasurer, and the total expenditure was \$2,031.53. Besides the receipts in the general fund of the W. F. M. S., \$68,397.56, there stands on the revenue side a balance from last year of \$2,254.30. There remains now in the bank (April 21, 1908), a balance of \$1,290.32, after paying on account for 1908 \$54,827.79, a balance of \$11,172.21 due on the estimates of 1907 and other expenditures. The summary of the financial statement for the year ending December 31, 1906, shows the following division of expenditure: India, \$26,963.99; Honan, \$6,196.80; Formosa, \$7,129.88; Hondo, \$12,974.66; British Columbia, \$4,973.81, and Chinese in British Columbia, \$593.90.

OLD MACNAB.

Successful Anniversary Entertainment Last Night.

The anniversary social of MacNab Street Presbyterian Church was very well attended last night by the congregation. Mr. G. A. Gow was in the chair, and introduced an impromptu programme that proved very pleasing. During the evening Rev. Dr. Fletcher, Mr. Donald McPherson, Rev. Mr. Black, Rev. Beverly Ketchen, Mr. W. H. Wardrop, K. C., Mr. James Chisholm and others gave short addresses of thankfulness at the splendid year that MacNab has experienced.

LADIES' AUXILIARY.

Interesting Paper and Reports on Stratford Convention.

A meeting of the Ladies' Auxiliary was held at the Y.M.C.A. yesterday afternoon at 3.30 o'clock and was well attended. Mrs. R. E. Gallagher read a paper on "Social Work of Ladies Auxiliaries," and Miss F. L. Davis gave a capital report of the Stratford convention to which Mrs. Gallagher, president, Miss Davis, secretary, and Mrs. W. A. Robinson, vice-president, were delegates. Mrs. Strachan led the devotional exercises. A vote of appreciation was tendered to Mrs. Greenaway for the good work she has done in the interests of the Auxiliary. They are giving a banquet to the juniors on Friday evening. The Girls' Auxiliary will assist.

THANKED BISHOP

For Gongs and Other Articles Presented to Schools.

A meeting of the Separate School Board was held last evening in St. Mary's hall and the accounts for the past month were gone through. The total expenditure for the month amounted to \$357.

It was moved by Mr. Thomas and seconded by Mr. J. Reding that a vote of thanks be given Bishop Dowling for the gongs and other useful things he had presented the school. This was unanimously adopted.

Mr. Thomas Coughlin, Chairman, presided, and Rev. Father Leves was secretary. There was a good attendance.

Beside Father's Corpse. Quebec, May 4.—A candle setting fire to the drapery in a room in which a corpse was laid out was the cause of a fatal accident at St. Raymond. The victim of the unfortunate catastrophe was a young man named Remi Duplain, aged 22, and the corpse was that of his father.

GIRLS' FROCK.

No. 6132.—Dotted challis was used for making this pretty little dress, but linen, pique, chambray, gingham and mohair are all serviceable and appropriate. Three deep tucks are laid in the upper part of the shoulders, the fullness being gathered at the waist-line. The full straight skirt is finished by a deep hem and gathered and attached to the waist. Velvet was used for trimming the waist and skirt, and the bands of the short puff sleeve. The 8-year size will require 2 1/2 yards of 36-inch material.

Girls' Frocks. No. 6132. Sizes for 6, 7, 8, 9, 10 and 12 years. A pattern of this illustration will be mailed to any address on the receipt of 10 cents in silver or stamps.

Address, "Patterns Department," Times Office, Hamilton. It will take several days before you can get pattern.

Fun for Times Readers

With a Little Help. "Willie" asked his mother, "who is that boy you have been out playing with?" "Why, that's Fred—Fred, maw, what's them things in the top of a barn?" "Ratters?" "No, that ain't it. It's—" "Shingles?" "Aw, no! Furder down." "Pigeons?" suggested his father. "Naw! Nothin' like that." "Oats?" "Course not. It's umm things you nail the laths to."

Vindicated. "Our readers will remember," wrote the editor of the Spiketown Blizzard, "that when President Roosevelt sent that message to Congress asking for four battleships we printed a double headed editorial in big type, protesting in the name of the people against such reckless expenditure of their money. We said, respectfully, but firmly, that it was time to call a halt. We insisted that Congress should refuse to let him have four battleships and give him two instead. Some of our readers didn't like it, but we stood firm. Two big battleships, we said, was enough. Let him have two. And Congress done it. We have nothing more to say. The Blizzard is vindicated."

Joke on the Judge. The appointment of Lord Coleridge recalls that his father, when on the bench, was fond of allowing ladies to sit with him. This was particularly the case in the famous "baccarat" case. Shortly after towards Sir Henry Hawkins (Lord Brampton) was trying a case in which some marionettes played a prominent part. Two male dolls and a female figure were produced in court.

The Old Man. (Detroit News.) But yesterday I thought that I was just as young as any boy; There was no stunt I wouldn't try, No sport that I could not enjoy, I used to think that I could run As fast as any youngster small; But now I know that youth is done, I tried to play a game of ball.

One Reason Perhaps. Three moves are worse than a fire, because there's no insurance on moving.

Temporary. "You don't want me to come to see you any more?" exclaimed the young man, startled and indignant. "No, Mr. Feathertop; not any more." "Yet you let me kiss you a month ago, when you had known me only a few days!" "You foolish fellow!" said the pretty girl. "That kiss was only a—retainer."

Greatly Enjoyed It. Boris (struggling author)—That last book of mine agreeably surprised you, did it? I am glad to hear that. Naguss (literary editor)—Yes; I expected to devote an entire evening to reading it. It put me to sleep in five minutes, old fellow.

HE QUITE AGREED. Mrs. Snapper—It's only natural a father should want his child to be a son. I remember my dear father often used to wish that I had been a boy. Mr. Snapper—(with emphasis)—I wish to goodness you had.

Of Course. "What is the first thing a young lady should do at a formal reception?" asked the fair debutante. "Arrange her back hair, of course," remarked her father, who had overheard the conversation.

A Question. If April showers bring forth May flowers, One thing I'd like to know: Whatever is brought forth to view By April snow?

BULLET ENDS LIFE.

SAD DEATH OF A NEW BRUNSWICK OFFICIAL.

W. P. Flewelling, Deputy Surveyor-General, Commits Suicide in Department Building—Left a Letter for Premier Hazen.

Fredericton, N. B., May 4.—Wm. P. Flewelling, Deputy Surveyor-General, this afternoon shot himself through the mouth, and the indications are that he died instantly. The body was found in the basement of the departmental building at 4.35 this evening, and it took but a short time for the news to travel through the city, causing consternation. Those who knew deceased would have regarded him as the last person who would take his life.

Mr. Flewelling attended his office to-day as usual, and greeted the employees of the building in his usual manner. About half-past three he was noticed to leave his office and proceed to the basement. Shortly after seven o'clock, Mr. E. S. Barker, who is engaged in Mr. Flewelling's department, was called up by telephone by Mrs. Flewelling, who asked him if he knew where her husband was, as he had not come home to tea. Mr. Barker said he did not know, but would see.

Mr. Barker entered Mr. Flewelling's office, and to his surprise found the latter's coat and hat still hanging up out the office empty. He immediately notified Mr. J. Howe, Mr. Dixon, and Caretaker C. Lyon, and the three proceeded to the basement, where Mr. Flewelling was found lying on the floor face downward. In his left hand was clutched a 22-calibre revolver, with two chambers empty. Coroner Dr. J. G. McNally was immediately summoned, and soon arrived on the spot. He pronounced that death had taken place hours before, as the body was cold, and in all probability occurred the instant the shots were fired.

Mr. Flewelling was 37 years of age, and had held his present office fifteen years. He left a letter for Premier Hazen, the contents of which have not been made public.

KILLED BY HIS OWN TEAM.

Found Dead in Yard of Shedden Forwarding Co., Toronto.

Toronto, May 5.—Attracted to the spot by a runaway team yesterday, two men found Edward Weston, aged 20, of 166 Mill street, lying dead with a fractured skull in the yard of the Shedden Forwarding Company, 393 Front street east. Weston had been driving for the company for the past six weeks, and yesterday at about 6 o'clock pulled into the yard with his team. No one saw the accident, but it is believed that in some way the teamster was thrown from his seat under the hoofs of the horses, and that the team, frightened, either kicked him to death or pulled on and the wheel ran over his head.

THE BOUNDARY TREATY.

Convention Affecting Canada Ratified by Senate at Washington.

Washington, May 4.—The Canadian international boundary treaty was ratified today by the Senate in executive session. It provides for the more complete definition and demarcation of the boundary between the United States and Canada, but does not change in any way the understood existing line.

RAN AWAY FROM REFUGE.

Oxford Township Pauper Threatened Suicide, But Was Caught.

Chatham, Ont., May 4.—Suffering from mental aberration, Thomas Slaven, an indigent, lodged in the County House of Refuge from the township of Oxford, on Saturday afternoon ran away from that institution, previously declaring to some of the other inmates that it was his intention to drown himself in the river, which runs nearby. He was located by County Officer Munday yesterday afternoon, standing in a field in Harwich township. He made little or no resistance when arrested.

SHOT COMPANION.

Accident in Which John Richardson, Brampton, Was Wounded.

Brampton, May 4.—A serious shooting accident occurred at Eldorado yesterday. A number of young men were engaged in rifle shooting. John Richardson, a young Englishman, employed by Mr. Thomas Reeve, a well-known farmer of the district, having discharged his rifle, was examining the target, when one of his companions, not realizing how near Richardson was to the target, fired, the bullet lodging in the latter's shoulder. Dr. Sharpe, of Brampton, was at once summoned, and dressed his injuries. The young man is very seriously injured, but his ultimate recovery is looked for.

Berlin Bricklayers' Strike.

Berlin, May 4.—Berlin bricklayers are on strike. The employers have reduced wages from 40 cents to 35 cents an hour, and the men claim an agreement was broken.

You Blame the Stomach

But chronic indigestion will disappear when the liver, kidneys and bowels are thoroughly acted on. You are skeptical? For you have tried many medicines and still suffer from indigestion with all its annoying symptoms. Take a new line.

Leave the stomach alone, for the source of trouble is in the intestines and healthy digestion can be restored by the use of Dr. A. W. Chase's Kidney Liver Pills. In some ways this treatment is unique. It has a specific and combined action on liver, kidneys and bowels, brings about a thorough cleansing of the filtering and excretory systems and thoroughly cures indigestion and constipation. The first dose will convince you that you are being benefited and you will soon know what it is to have a healthy, natural appetite and good digestion. Together with the reliability of his Receipt Book, the extraordinary success of this medicine has made Dr. A. W. Chase world famous, his portrait and signature are on the box. Dr. A. W. Chase's Kidney-Liver Pills, one pill a dose, 25 cents, a box, all dealers or Edmanson, Bates & Co., Toronto, Ont.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of *Chas. H. Fletcher*

NOTE.—Anyone wishing to see the "TIMES" can do so at the above address.

HE WAS "MUCH OBLIGED."

Man Sentenced to Life Imprisonment for Killing Wife's Parents. Battle Creek, Mich., May 4.—Joseph B. Blunt, a liquor salesman of this city, who last Saturday morning shot and killed Mr. and Mrs. Homer Jones, his wife's parents, in their home here, was today sentenced to life imprisonment in the State Penitentiary at Jackson, Blunt said "much obliged" when the Judge passed sentence on him. Before going to the court he declared he never felt better in his life; that he was now contented, and that if any attempt was made to show that he was insane when he shot his father-in-law and mother-in-law he would secure an attorney and fight it. "The old folks always made trouble for us," he said, "and I'm glad I did it."

JUDGE LATCHFORD NOW.

He Succeeds Justice Mabee on Ontario Bench. Ottawa, May 4.—Hon. F. R. Latchford, K. C. of Ottawa, Minister of Public Works and afterwards Attorney-General in the Ross Government from 1890 to 1905, has been appointed to the Ontario High Court Bench to fill the vacancy caused by the retirement of Mr. Justice Mabee to the Chairmanship of the Railway Commission. Hon. Mr. Latchford is one of the best known lawyers of eastern Ontario.

Nurses at the Toronto General Hospital have asked for an eight-hour day.

Toronto Man Drowned. Vancouver, May 4.—David Clarke, of Toronto, Ont., was drowned at Lytton last week. Arriving in British Columbia he took a ferry tender across the Fraser River at the court he declared he was in a cable was jerked overboard. Deceased, who was a widower, leaves a family of four in Toronto.

West Simcoe Liberals have nominated Rev. J. H. Cameron, of Collingwood, for the Legislature. Mr. Leighton McCarthy has purchased the residence of Mr. Justice Street, in Toronto.

Music and the Drama

Although there is no vaudeville opposition this week, Manager Driscoll, of Bennett Theatre, has secured one of the best bills of the season. The large audiences at yesterday's performances greatly enjoyed the programme, and showed their appreciation of the several big acts by giving hearty applause.

The headliner is Joe Hart's "Rain Dears," a spectacular musical act given by a bevy of pretty girls under the leadership of Miss Louise Montrose, the well known dancing and singing comedienne. The act is divided into four scenes, representing Toyland, Dreamland, a corn field and Iceland. They sang a number of choruses with fine effect, and the girls danced well. The closing scene represented Iceland, and the scenic effect was about the best ever seen in a vaudeville act in the theatre. When the girls come on dressed in oilskin coats and sou'westers, there was a beautiful rainstorm effect, in which many water sprays let loose a veritable torrent on the stage. This rainstorm is played on by two ingenious lamps to give many loved rainbows.

Another big hit was made by Welch, Mealey and Melrose, who presented a baseball sketch. Welch, who is generally known as "the big scream in vaudeville," weighs 254 pounds in the shade, and looks like a basketball player. He does a burlesque on a baseball pitcher, and his movements are funny. He also introduced a good line of talk that kept the audience in roars of laughter. His two colleagues did a good acrobatic stunt.

There is only one sketch on the bill, and it is a good one. It is entitled "The Unexpected," and deals with a horse race on which a young man risks his last dollar. He bet \$500 on a horse, but his fiancée requested that the commissioner bet on another horse, on a hunch, and her horse won at 100 to 1, and the young man made a barrel of money. The sketch furnished the performers lots of opportunity for emotional acting, and they were made the most of. The play was presented by May McKenzie (Mrs. Hal Davis) and Clarence Oliver.

Nonette, a talented violinist, with a pleasing personality, gave a pleasing recital. She played classic as well as popular music in a finished and spirited manner, and elicited loud applause.

The rest of the bill was of the standard of acts provided at Bennett's, and was made up as follows: Warren Keene, a prestidigitator, who did some clever tricks; Carnelle brothers, comedians, who did a stunt on roller skating, and four of John Hackett's pupils, who gave a song and dance turn, which pleased greatly. The quartette was composed of Messrs. Jack Foley and Grey Ollum and Misses L. Vogt and Annie Beattie.

"The Red Mill."
Charles Dillingham's production, "The Red Mill," the musical novelty of the year, will be seen here for the first time at the Grand on Wednesday evening. "The Red Mill" comes with perhaps the most thorough endorsement ever accorded a comic opera, having been presented for an entire season at the Knickerbocker Theatre, New York city, during which time some 370 performances were given. The play is conceded to be the most novel musical offering of many seasons, having a consistent and well written story, with a melodramatic "thrill," which fairly took New York off its feet—the escape from the mill.

The company, which has been carefully organized, includes John Ford as Con Kidder; Wm. R. Swor as Kid Connor; John B. Simpson, Harry Carter, Milton Dawson, Fred McGee, Maurice Lavigne, Charles Hopkins and the Misses Viola Kellogg, Marguerite Fry, Sadie Kirby, Edna de Dreu and a chorus of fifty, including the six little Dutch Kiddles.

Among Victor Herbert's songs heard in "The Red Mill" perhaps the most popular are "Every Day is Ladies' Day With Me," "You Never Can Tell About a Woman," "Go, While the Goin's Good," "The Streets of New York," "Because You're Young," "The Isle of Our Dreams," and "I Want You to Marry Me."

Merritt Drew Good House.
"When Knighthood Was in Flower" was the bill at the Grand last evening. Although it has been presented here several times within the past two years, yet its "Merritt" attracted a fair-sized audience.

Of course, the interest centres in the irrepressible Mary Tudor, sister of Henry the Eighth, who loves Charles Brandon, an officer in the King's guard, to which attachment King Henry strenu-

ously objects. In the role of the madcap princess Miss Grace Merritt excels. She naturally and admirably interprets the character of the vivacious and willful Mary. In John R. Lockney, as Henry the Eighth, Walter P. Richardson, as Charles Brandon, and Adolph Megaardon, as Sir Edwin Cascoden, she has strong support. The other members of the supporting company are fair.

Some of the costumes were fine, but the scenery and stage appointments were very ordinary.

Mr. Sothorn's Play.
As happy as a crowd of country children at a circus—laughing until the tears ran down their cheeks, and crying "Oh, ho, ho!" as people will when the sum of laughs runs high—over a thousand immaculately groomed men and women sat in their chairs at the Lyric Theatre, on opening night of Mr. Sothorn's engagement in New York of "Lord Dundreary," and bubbled over with the fun as they looked through the glass that brought back a vision of fifty years ago.

Prominent members of Mr. Sothorn's company this season are: Rowland Buckstone, Sidney Mather, Frank Reicher, Malcolm Bradley, Adolphus Latina, Albert Howson, William Harris, John Taylor, Virginia Hammond, Gladys Hanson, Mrs. Hotcomb and Kathryn Wilson.

Mr. Sothorn will be seen at the Grand on Friday night. Seats will be on sale to-morrow.

Miss Peene's Recital.
Miss Lillie M. W. Peene, A. T. C. M., will present a very choice programme at her organ recital in St. Thomas Church this evening. Her own organ numbers will include Guilmant's "March Religieuse," Lemore's "Pastorale in E," Dubois' "March of the Magi Kings," Hollis' "Allegretto Grazioso," Tschakowsky's "Andante Cantabile," Hofmann's "The Trumpeter's Greeting," and Spinney's "A Royal Procession." She will be assisted by Mrs. A. W. Palmer, who will sing "Eye Hath Not Seen," from "The Holy City," and R. S. Ambrose's "Abide With Me," and Mr. Victor Hutchinson, who will sing Spieker's "Evening and Morning." The concert will begin at 8.15.

"Brown of Harvard."
Henry Woodruff, star of the most realistic and successful of all college plays, "Brown of Harvard," which, by the way, preceded and was the model for several highly advertised attractions supposedly used upon life at Yale, Columbia, etc., will bring that delightful entertainment to the Grand on Saturday afternoon and evening.

"Brown of Harvard" was the first college play to be presented at a Broadway theatre in New York. With Mr. Woodruff in the role which he will play here, it had its first performance in the Princess Theatre in the metropolis, and remained there for thirty weeks, after which it enjoyed an all summer run at the Garrick Theatre, Chicago.

Among the clearest evidence that "Brown of Harvard" vividly and truly depicts life in colleges is the fact that during its New York run every school of prominence within a radius of 200 miles, arranged for special night at the Princess, and sent large delegations to see the play. Among the institutions who thus unqualifiedly endorsed "Brown of Harvard," were Yale, Princeton, Columbia, New York University, College of the city of New York, Cornell, Vassar, the University of Pennsylvania, West Point, and Harvard itself. Each of the schools mentioned presented Mr. Woodruff with a varsity pennant, and these flags are prominent in the decoration of Tom Brown's room in the first and fourth acts of the play.

Sir Frederick Bridge.
Among the anthems to be sung by Contemporary Church choir at Sir Frederick Bridge's lecture recital on Thursday evening next, will be Purcell's "O Sing to the Lord." Henry Purcell was organist of Westminster Abbey in the 17th century, and he is recognized the greatest English musical genius. The solo passages in this anthem will be taken by Albert Archdeacon, the eminent baritone.

College of Organists.
Sir Frederick Bridge was the guest of the Clef Club, of Toronto, last night. Sir Frederick, on behalf of the Royal College of Organists of London, made a tentative proposal that will be considered at a special meeting of the club. He said that communications were being continually received from different parts of the empire asking that it be made possible for organists to take the diplomas of the college without the great expense attached to going to England. As the Royal charter of the college did not permit the establishing of branches, it was felt that nothing could be done in this direction. The proposal made to

59c a magic price to-morrow and Thursday. Great bargains

The Right House

"HAMILTON'S FAVORITE SHOPPING PLACE"

A partial list of what 59c will buy to-morrow and Thursday: Bargains

59c a magic price to-morrow and Thursday at the Right House: 2 days' sale of \$1, 85c, 75c goods at 59c

HUNDREDS of offerings in departments all over the store—Many are not mentioned here. Every one reasonable, fashionable and of Right House standard of quality. Two days during which many special purchases of fashionable new spring and summer goods and other regular Right House lines, will be offered at absolutely reduced prices.

Why? Just to further acquaint the people of this growing city and the vicinity, of the exceptional advantages to be derived from supplying every need at The Right House—just as

more evidence of Right House superiority in values, variety and qualities. Our greatly increasing business enables us occasionally to set aside such days for the benefit of appreciative customers—old and new.

Exceptional, and rare indeed, is such a splendid saving event as this 59c sale. Everyone should take advantage of it. Count the savings yours by right. Tell your friends, too. Be here early. Come prepared to buy all you can—you'll marvel at the offerings. Sale commences to-morrow (Wednesday) morning.

75c dress goods 59c

75c All Wool Panamas 59c.
75c All Wool Vests 59c.
75c All Wool Crepines 59c.
75c 44-inch Lustré 59c.

Plain weaves, in browns, navies, myrtles and other wanted shades. Neat neck and check effects, in worsteds, suitable for tailored wear, shirt waist suits, separate skirts and children's wear.

75c black dress goods 59c

COR. KING EAST & HUGHSON STS. **THOMAS C. WATKINS** HAMILTON ONTARIO

A FINE LECTURE.

Mr. Adam Brown at Emerald Street Church.

Last night Emerald Street Methodist Church was well filled to listen to the lecture by the genial postmaster, Mr. Adam Brown. The subject of the lecture was "Canada." Rev. Dr. Williamson acted as chairman. Solos were sung by Miss Bessie Goddard and Mr. J. Springstead, both of which were much appreciated. Mr. Geo. Goddard presided at the piano. Mr. Brown was perfectly at home in his lecture, having a fine grip on the past history of the country and a vivid imagination in reference to the great future before Canada. He gave interesting facts concerning the vast extent of territory reaching from ocean to ocean and bound together with a band of iron in the great C. P. R. Since the days of the conquest at Quebec, when Wolf and Montcalm fought and where monuments mark the place to-day, Canada has made rapid strides in nation building. In the mail department 40 years ago there were only some 3,000 postoffices; now over 12,000. Last year over 275,000,000 of letters passed through the mails. We have 90,000 miles of telegraph wires in Canada.

Referring to our mineral wealth he said last year \$11,000,000 of copper alone was obtained from our mines. We have the largest coal beds in the world, coal enough to last for 5,000 years. We exported last year \$25,000,000 worth of cheese.

We have 11,000,000 of apple trees bearing fruit. Referring to the rapid growth of the Northwest he said 30 years ago Winnipeg (Fort Garry) had 24 inhabitants, now over 100,000, and similar progress is being made all through that wonderful west land.

Canada was a land of religion, law and order, and those who come to our shores must learn this fact at once. The lecture closed with a fine address especially to young men to be true and noble, ami at the best and make Canada what it is destined to be, the finest country on the earth. The lecture was illustrated by many beautiful stereopticon views. The audience was taken by surprise when the pictures of Rev. Dr. Williamson, Miss Bessie and Mr. Geo. Goddard were thrown on the canvas. After a vote of thanks, moved by

Mr. T. Lovejoy, seconded by Mr. Davis, and the singing of the national anthem, all dispersed highly pleased with the treat. The proceeds were for the new organ fund.

DILLON ARRAIGNED.

Charged With Murdering a Montreal Constable.

Montreal, May 4.—John Dillon, alias James Smith, was arraigned to-day on three charges. Clerk of the Court Layton, who had three indictments against Dillon, who paid little or no attention to what was going on. Mr. Papeau Mathieu announced that he had been asked by Dillon to represent him.

The first charge was that of having murdered Constable Shea on the night of Monday, April 6th, and having attempted to murder Silas H. Carpenter, Chief of the Montreal Detective Bureau, and also attempting to murder Judge Lafontaine looked at the prisoner and asked him what he had to say. "Are you guilty or not guilty?" Dillon made no response whatever, and Mr. Mathieu said "Not guilty to all three charges."

Detective McCall said that any day would suit the Crown, and Thursday was fixed for arraignment. Dillon was hustled into a cell and later on removed to the infirmary at the Montreal jail. A large crowd of people gathered to see the famous prisoner, who seemed utterly indifferent to what was going on.

BATTLE RIVER BRIDGE.

One of the Great Railway Structures of the World.

Winnipeg, May 4.—Across Battle River the longest bridge on the Grand Trunk Pacific is being built. The concrete work will be completed in two months or less. The bridge is 2,772 feet long and 185 feet above water. Part of the steel for this bridge is now on the way to the front. It consists of 40 caissons.

Down on the Superior branch the concrete work is completed on the bridge at West Fort William. This bridge consists of a 238-foot swing span and a 125-foot through truss span.

It seems strange that a woman who is afraid of a little mouse will be a rat in her hair.

First Frenchman, in Paris—Why do you call him a Yank? Second Frenchman—Because he's an American dentist.

MR. E. H. SOTHERN, Who will appear at the Grand on Friday night.

TWO KILLED AT COBALT.

Inexperienced Men Running the Machine Drill.

Cobalt, May 4.—Two men, Nap Leonard, aged 25, a Frenchman, with relatives in Cobalt, and Stefan Caribula, a Galician, aged 32, with no relatives here, were killed in a blasting accident in Larose mine at noon to-day. An inquest will be held to-morrow.

Definite particulars of the accident cannot be ascertained. Caribula was a machine helper and in the absence of the machine runner to-day was running the machine drill, with Leonard, a laborer, as helper. The men were working at the second level, it appears, and through inexperience they either drilled into or crossed a missed hole, or else had fired their round of shots, when probably one hole went off unknown to them. Perhaps the fuse had been slow in working. Other workmen found them about 2 o'clock. Caribula was dead. Leonard lived a short time after being taken out.

Mr. Adam Brown at Emerald Street Church.

"I have never loved before," he said. "Well," he replied, "I am not running a kindergarten."—Bohemian.

HOW TORIES WASTE TIME.

Another Day of Futile Discussion In the House.

Sir Wilfrid Laurier on Location of G. T. Pacific.

Mr. Brodeur Turns the Tables on His Detractors.

Ottawa, May 4.—This was another day out to waste by the Opposition. It was the Government's intention to devote the session to pushing through the Public Works estimates, but this did not suit the obstructionists, and it was not until near midnight that supply was reached. The whole afternoon was occupied in discussing a grievance of the Conservative members from Prince Edward Island, who complained of discrimination against sailing vessels at coaling ports in the Maritime Provinces. The stand taken by the Minister of Marine and Fisheries was that while, owing to exceptional circumstances, there may have been a grievance last year, the matter was really one of the Provincial Legislatures to deal with. Then the Opposition returned to the attack upon the Minister of Marine and Fisheries, Mr. Blain endeavoring to extricate his colleague, Mr. Taylor, from the mess into which he had plunged in connection with the purchase of fire extinguishers. The member for Peel only invited further disaster, for Hon. Mr. Brodeur was able to expose more conclusively than before the mar's nest which the Conservative whip had discovered. To-morrow Mr. Aylesworth's elections bill, which has called forth so many threats from the Opposition, will come up for second reading. During the evening Sir Wilfrid Laurier most emphatically discredited the stories published in Conservative newspapers to the effect that himself and his colleagues were greatly worried about the location of the Government section of the Grand Trunk Pacific, and had consulted Mr. Hays at Montreal on the subject. In effect the Prime Minister said the story was absolutely untrue, and without the slightest foundation.

Elections Bill To-day.

Before the orders of the day were called Sir Wilfrid Laurier called attention to observations made by Mr. Henderson (Halton) early on Saturday morning, when he stated that there were measures in the Opposition papers that they never heard of, and advised the Government to bring some of those forward before the estimates were exhausted. Sir Wilfrid said there seemed to be an impression in the minds of some members of the Opposition that the Government might, if the estimates were put through, abandon other items on the order paper. The Government had no such intention. They had tried to get the estimates through because they were the most pressing business, but in order to meet the views of hon. gentlemen opposite he gave notice that to-morrow the Government would take up the elections bill.

Mr. Pringle asked whether anything was to be done by the Old-age Pensions Committee.

Hon. Mr. Lemieux said he proposed to call a meeting of the committee for Thursday.

Mr. Borden wanted to know whether any other measures than the elections bill would be brought down.

Sir Wilfrid Laurier—Yes, the Manitoba boundaries bill and one or two others.

Mr. Borden—What other measures?

Sir Wilfrid Laurier—I cannot give an answer offhand, but will do so to-morrow.

Answering Mr. Macdonell, Hon. Mr. Lemieux said that practically the letter-carriers in the Yukon Gold Company were taken out of the custody of the Government and under the present law it was possible for the letter-carriers to obtain a period of vacation greater than three weeks, now allowed to the other members of the service. Any increase in salaries or vacation of letter-carriers would be considered by the Civil Service Commission must receive the general consideration of the Government, the same as every other branch of the service.

Replying to a series of questions put by Mr. Claude Macdonell, Hon. Frank Oliver stated that the attention of the Government had not been called to the advertisement by one T. W. Lawson with respect to placing on the market the shares of the Yukon Gold Company, of which Daniel Guggenheim was represented as the President and Isaac Guggenheim Secretary. The Yukon Gold Company hold placer mining claims in the Yukon Territory, situated on Bonanza, Eldorado, Bear and Bunker Creeks, but as no record of production by creek has been kept, the Government are not in a position to corroborate the statement that these claims have a production record of approximately \$100,000,000.

The question was asked whether the so-called Treadgold concession had been granted to the Yukon Gold Company. In reply the Minister said: "The question is not understood, but if it has reference to a right at one time granted Messrs. Ewing, Treadgold and Barwick to acquire certain reverted or abandoned claims, which right was subsequently rescinded, the answer is no. In reply to the question, 'Is the Government aware that the said Yukon Gold Company is capitalized at \$17,500,000, and that the public has subscribed for shares therein in the fair and honest manner?' the answer is that the Government are not in a position to answer the question."

Mr. Blair's Charges.

After recess Mr. Blain complained that a file of papers laid on the table on Friday by Hon. Mr. Brodeur had been taken out of the custody of the Clerk by the Minister named. Mr. Blain took the ground that the Minister had no right to take the file away from the custody of the Clerk, but should have left it with him. He read from the agreement which, he said, he had found on the file during the short time he had been able to look over it. From this it appeared, he said, that one Patton agreed to pay C. S. Cameron \$4 on every fire extinguisher he could sell to the Marine Department. As an order for \$3,000 worth of fire extinguishers had been given, Mr. Blain thought

there must have been good profit in supplying such articles. The file, he thought, would give rise to reading.

Mr. Brodeur's Reply.

Hon. L. P. Brodeur expressed surprise at the unfair statement of the case by Mr. Blain. It was a sample of the manner in which Hon. gentlemen opposite, in and out of the House, were ready to treat him. On Friday last, he said, Mr. Taylor had brought up some question of some fire extinguishers bought in 1906, and had stated that Mr. Brodeur had written a certain letter in connection with the transaction which amounted to an order for the articles. Mr. Brodeur denied at the time, and denied to-night that he had signed any such letter.

Mr. Taylor interrupted with several statements contradicting this, and Mr. Brodeur in reply read from Hansard. This reported Mr. Taylor as saying that Mr. Brodeur had "written" the letter, whereupon "loud laughter from the Liberals, Mr. Taylor took the extraordinary ground that saying that Mr. Brodeur had written the letter did not mean that he had charged the Minister with signing the letter."

Proceeding, the Minister, as on Friday, read from the correspondence to show that the very fire extinguishers he was alleged to have ordered, or suggested should be bought, he had flatly declined to give the orders for, and a letter to that effect had been sent. He had deduced from the remarks of the members for North Toronto and Peel that they had not been satisfied with his explanation and wanted to see the original. Accordingly he had laid the file containing them on the table for their inspection, without giving up the possession of the documents. Not only was this so, but Mr. Blain had the file in his possession for the whole of the night session, and evidently had not been content to look for matters beyond the scope of the point under discussion.

"But," said Mr. Brodeur, smilingly, "Mr. Blain had not looked carefully enough. Had he done so, he would have found, for one thing, an order given by the department during the February for two second-hand fire extinguishers at \$30 each, while at present the department was getting equally as good extinguishers for \$14 each. But that was not all. Mr. Blain had been very anxious to make a scandal against the department, and had read the agreement with that view in view, but if he had gone a little farther into the file he would have found that Hon. Raymond Prefontaine, on hearing of the agreement mentioned, had given instructions to cancel the order based on it. Mr. Cameron had complained to the department on the matter and put in the agreement to support his plea, but the department had said they would not recognize any one thing in the whole transaction." (Liberal cheers.)

The minister's scandal was exploded. Mr. Brodeur reiterated his contention that the file had not been laid on the table in the proper sense, not having been so ordered by the House as a return or otherwise, and did not even appear, as it would have done in a return, in the records. It had been copied for use in the investigation before Mr. Justice Casella. He offered, however, not only to furnish Mr. Blain with a complete copy, but to let him see the original at his office.

The Speaker, in order that there might be no misunderstanding, intervened to say that Mr. Brodeur's view as to the treatment of the file was, in his view, correct.

Mr. Barker maintained that although the letter spoken of by Mr. Taylor was not signed by Mr. Brodeur, it had been written by his authority.

Mr. Foster, who had the file before him, Mr. Brodeur having sent it over, blamed the Minister for not having given Mr. Blain an opportunity to go over the papers. The whole thing was a row about nothing, he declared, and he went on to throw out insinuations that, after all, the inner history of the transaction might take the gloss off the Minister's explanation.

Hon. Geo. E. Foster said it appeared from the file that the extinguishers for which Hon. Mr. Brodeur said the old Government had paid \$30 each had been bought after a report by the engineer, \$25 each.

The matter was then dropped, but supply was not reached, Mr. Perley raising a question as to the advertisements of some timber berth sales on the Indian reserve on the French River. He complained that the advertisements appeared only in the Liberal papers, and urged that the time should be extended.

The terms were those given by the present Ontario Government in all large sales up to recently, when they had inaugurated the system of sale by lowest measurement, but assumed all the risk.

At 11:20 the House got into supply. Kingston Military Votes Deferred.

In connection with the Kingston military votes, Hon. Mr. Pugsley stated that the Militia Department had under consideration a scheme for constructing new barracks, for which a supplementary vote would be asked. In view of that proposal, he asked that the items \$10,000 and \$8,000 for a new gun shed and armory park respectively stand over, and this was agreed to.

On the item of the Owen Sound public building Mr. Blain complained that the Minister of Public Works had confined his advertising to Liberal newspapers, although there were Conservative newspapers which had larger circulation.

Hon. Mr. Pugsley said the department had advertised in thirty newspapers, including the Globe, and the Globe had a very much larger circulation in Ontario than any Conservative newspaper, perhaps twice or three times as large.

Mr. Henderson suggested that one standard organ should be started for the Government's advertisements, so that contractors would know where to look for them. On almost every item relating to the erection of public buildings members of the Opposition complained that the expenditure was much too large.

No exception, however, was taken to the vote of \$10,000 for a public building for Simoes, which is in a Conservative riding.

Toronto items were allowed to stand, because of the absence of all the Toronto members.

After passing items amounting in the aggregate to \$138,000 the committee rose.

The House adjourned at 1:20.

It is Made to Cure.

To cure what? Why, to cure Catarrh, Asthma and Throat Trouble—just breathe it, inhale its soothing vapor—its name is Catarrh-ozone. Thousands use it every day, cured by its cooling, soothing power. Get Catarrh-ozone, its cure to cure. 25 Cts and \$1.00, at all dealers.

SPOKE ON EVANGELIST.

Dr. Gordon Tells of Great Wilbur Chapman Campaign

In Which the Noted Author Had a Hand.

Splendid Representative Meeting to Hear Him.

A very enthusiastic meeting of a representative character was held in the Centenary school room last evening. When prominent members of the different churches throughout the city met to hear an address given by Rev. Dr. Charles Gordon (Ralph Connor), as it was not known until noon that Dr. Gordon would be able to give an address, but when he gave his consent the ministers called together a few of the members of their churches, and the result was that the school room was filled to overflowing.

Dr. Gordon is a fluent speaker, with a beautiful command of the language. His subject last evening was the evangelization of this city. Dr. Gordon had recently returned from a great campaign in the cause of the Master in Philadelphia, and was brimming over with enthusiasm at the results that had been achieved through the efforts of Dr. Wilbur Chapman, the well known evangelist, and his co-workers.

Rev. W. H. Snelgrove, secretary of the Ministerial Association, gave a brief outline of the reason why the meeting had been called. He said that those present at the Ministerial Association meeting yesterday morning were so charmed with the way Dr. Gordon had spoken of the campaign in Philadelphia, that they thought it would be a splendid thing if some of the methods of the evangelization work could be explained to the members of their own churches. To that end Dr. Gordon has been asked and had kindly consented to give the address to those assembled.

Dr. Gordon was received with an outburst of applause. He said he was indeed pleased with the manner in which the gentlemen had responded to the call of their pastors, and felt that with such an inspiration the ministerial office that good work could be accomplished in any evangelistic movement. Dr. Gordon said that evangelism had found a place in the work of the church to-day, and it was his purpose to speak of the advantages of the simultaneous campaign that had been carried on in Philadelphia a few months ago, and with such success.

In discussing the campaign in Philadelphia, Dr. Gordon said that the city had been divided into fifty-one districts, and that it had taken six weeks to do the work. In that campaign twenty-eight evangelists and twenty-eight singers, in addition to thirteen special workers, had been used. Besides these there were three special preachers, one to cover the saloons and shops, one to cover the negro population, and the other the Italian population. Each had his own centre, with a central committee to look after the whole work.

The work was divided into five departments, as follows: Finance, music, publicity, personal and invitation. The general idea of the campaign was originated according to the number of people employed. To do this a guarantee fund was asked for before the campaign was begun, so that when the evangelization work was over and the evangelists had left the city, they left behind them no unpaid bills.

Dr. Gordon said that the work of the finance committee was to have charge of all moneys in connection with the campaign. It had to pass through their committee, and every item vouched for. The cost of the campaign was about \$25,000, and it was found at the end of the work that the campaign had cleared itself.

The music department was exceedingly important. The choir of the city in each district were called upon to participate in the work. The training of these choirs was left in the hands of the singers who were with Dr. Chapman.

The publicity department is one of the strongest features of the campaign work. It is charged with the duty of arresting the attention of the public and never letting it lag for a minute. The object being to strike the city and hold its attention.

The personal work of the campaign was another important feature. Dr. Gordon proceeded to point out the advantages of the methods pursued by the evangelists throughout the campaign, and the effectiveness of the methods used. He showed how the poor and the rich had been rescued alike, and with a good deal of tenderness and graphic powers of description, he cited many cases that had come under his personal observation.

Several gentlemen had a word or two to say at the close of Dr. Gordon's address. Among them were the following: Mr. Thomas W. Watkins, Mr. W. A. Leckie, Rev. Dr. Lyle, Mr. W. A. Edwards, Mr. Frederick W. Watkins, Mr. S. F. Lazier, Rev. John Young, Mr. W. J. Waugh.

It was moved by Mr. Edwards and seconded by Mr. Thomas W. Watkins that the men present of the different churches bring before the official boards of their own churches the matter of bringing evangelists to this city, and that they report back to a meeting to be held in the course of the next two weeks, to be called by the executive of the Ministerial Association.

A committee composed of the following gentlemen was appointed to confer with Bishop Dunlop for the purpose of enlisting the Anglican Churches in the work. Rev. Richard Whiting, Rev. Dr. Lyle, Rev. J. C. Sycamore, Rev. J. K. Unsworth, and Mr. Alfred Pows.

It is hoped that a favorable reply will be received, and if so, very likely the different churches will bring Dr. Wilbur Chapman and his trained workers here for a simultaneous campaign.

Many Eyes Are Ruined

By the use of cheap spectacles or those fitted for some one else. If your eyes tire easily, if the letters look blurred or misty, or if you suffer from headache or nervousness, it is almost certain you need glasses. You may rely on being accurately fitted at moderate prices by J. W. Gerrie, druggist and Doctor of Optics, 32 James north.

Kid McManus Will be Liberated.

Montreal, May 4.—It is said that Geo. alias "Kid" McManus, wanted by the French Government on the charge of burglary and safebreaking, will be liberated from the Montreal jail, where he is now. The "Kid" finished a sentence of six years in the penitentiary on the 25th of March, and was remanded to jail pending the arrival of documents necessary to extradition. As these are not forthcoming, the Judge of the Extradition Court will be bound to free McManus.

Death of Mr. Frank Lauer.

Niagara Falls, May 4.—Mr. Frank Lauer, the well known dining car conductor of the Grand Trunk Railway, died this evening at his home, 1922 Teath street, Suspension Bridge, from the effects of a stroke of paralysis last October.

Two \$10,000 Endowments.

Kingston, May 4.—Dean Goodwin, of the Queen's School of Mining, has secured two more subscriptions of \$10,000 towards the endowment fund of that institution. Thirty thousand dollars of the \$200,000 aimed at has now been secured.

The British Licensing Bill.

London, May 4.—The House of Commons to-night passed the second reading of the licensing bill by a majority of 246 and referred the measure to a Committee of the Whole House.

Mr. Augustine Birrell, Chief Secretary for Ireland, announced that the resignation of Sir Anthony Patrick Macdonnell, Under-Secretary to the Lord-Lieutenant of Ireland, will take effect in July.

The Food that makes robust, sturdy, healthy youngsters is KORN-KINKS

All the muscle-making material in white hulled corn, flaked, malted and toasted. It has the flavor that delights the palate. Children like it because it is crisp, snappy and sweet. And it's only a nickel. Try it for breakfast with cream or milk. All grocers sell it. The only Malted Corn Flakes.

FOSTER RESPECT. PRINCE OF WALES ADVISES UNITS OF THE EMPIRE.

Presides at Colonial Institute Dinner—Necessity for Mutual Effort and Self-Sacrifice—Dr. Parkin Speaks on Educational Reciprocity.

London, May 4.—The Prince of Wales presided at the dinner of the Royal Colonial Institute this evening. There was a distinguished company present, including the Duke of Argyll and Marlborough, Lord Crewe and Alverstone and Sir Percy Girouard. Lord Strathcona wired that he was unable to attend. The Prince of Wales, responding to the toast of his health, proposed by Hon. T. Price, Premier of South Australia, claimed that no one in the room had touched so many portions of the empire as he. He retained a lasting impression of the loyal and affectionate welcome and generous hospitality offered during the many kind friends he had made during those happy and memorable experiences.

"This summer," he said, "I shall again cross the Atlantic in order to represent the King at the celebration of the first colonization of Canada by Champlain three hundred years ago. (Cheers.) Though time unfortunately will not permit my visit to be extended beyond Quebec, I look forward with much pleasure to revisiting the Dominion at this time, and joining with its people in this great national commemoration."

Proposing the "British Dominions Beyond the Seas," the Prince of Wales dwelt on the importance of the empire and rapid communication, pointing out incidentally how the Canadian Pacific had helped to make the nation. "But though we have been successful in many ways," he added, "we must not lose sight of our common interests, aims and objects, in the fulfillment of which there must be mutual effort and mutual self-sacrifice. We earnestly hope progress may be made in thoroughly grappling with the question of Imperial defence. I can only commend to your consideration the importance of reciprocity in educational matters. I trust the old universities of these islands will always maintain sympathetic relations with the younger portions of the empire. We know what has been done through the Rhodes scholarships. Oxford four years ago chose an eminent Canadian physician for regius professor of medicine."

"We must foster now and always the strongest feelings of mutual confidence and respect. By methods of education, by unity of action, by everything that leads towards the noble ideals of civilization, by utilizing the great power of science by means of defence by sea and land, we must strive to maintain all we esteem dearest. If we hold hands across the sea we shall preserve the noble ideals of civilization, and the great countries which lead the world in the practical application of the principles of true democracy to the solutions of national and international problems alike."

U. S. CANADIANS Express Satisfaction at the Passing Treaty with Great Britain.

Boston, Mass., May 4.—A memorial from the hundreds of thousands of American citizens of New England, born in Canada, and other parts of the British Empire, has been forwarded to the President and members of the Senate thanking them for their action in ratifying the arbitration treaty with Great Britain. The memorial says in part: "This action is to the citizens an additional proof of the development of that cordial good feeling and that desire to promote the real interests of humanity which have of late years marked the relations between the two great countries which lead the world in the practical application of the principles of true democracy to the solutions of national and international problems alike."

Site Near Batiscan May be Selected for Structure.

Montreal, May 4.—It is said here that when the Quebec bridge eventually spans the St. Lawrence it will not be from the points on either shore which it was intended the bridge should link, but at a site farther up the river near Batiscan, where it will not be necessary to erect an arch of such gigantic proportions as was proposed for the first structure. This change of site will necessitate a change in the surveyed route of the Grand Trunk Pacific between St. Maurice River and Quebec. Officials of the road say this will not materially affect the time nor the manner in which the construction work of the roadbed will be finished.

ROUTED HIM. SUFFRAGETTE'S BELL DROWNED CHURCHILL'S SPEECH.

Dundee, May 4.—Winston Churchill, President of the Board of Trade, who is heading his campaign here for a seat in the Commons, was compelled to retire discomfited this afternoon after a single-handed combat with the Suffragettes. Lord Strathcona arranged to attend a gathering of workmen during his dinner hour outside the Blackness foundry, but before he arrived a militant Suffragette, Miss Maloney, drove up in a wagonette and appealed to the men not to listen to Mr. Churchill until he apologized for the accusations he made in a previous speech, that the Suffragettes in Peckham had aided themselves with the forces of drink, and allowed themselves to be carried in men's arms in the streets.

Miss Maloney was very indignant about his charge, and declared that if the men did not stop Mr. Churchill from speaking she would. She then produced a big handbell and banged it defiantly, amid laughter and ironical cheers from the crowd. At this moment Mr. Churchill arrived in an automobile.

"Here's the spring chicken we're looking for," exclaimed Miss Maloney, as she began a fantasy on the dinner bell. Mr. Churchill doffed his hat smilingly as he passed the wagonette.

"He won't face me!" shouted Miss Maloney, and she added, "I won't let him speak!" She then stepped into the car and moved his automobile further on and started his speech.

"Politics is a serious business," he began, but Miss Maloney had pressed her bell, and drowned his further words with her bell. Mr. Churchill then stepped down, smiling resignedly, and lit a cigarette. Miss Maloney seized the interval to shriek for an apology. Again the automobile moved away, and again Miss Maloney followed, and with an awful clangor drowned each attempt of Mr. Churchill to speak.

This went on until Mr. Churchill, recognizing that the case was hopeless, gave in, saying, as he bowed farewell: "I won't attempt to compete with this lady, who is in a high state of excitement. I wish you good afternoon. He drove off amid renewed peals of the bell."

POSSIBLY YOUR WIFE Doesn't look as young and pretty as she used to. If her cheeks are hollow and pale, if she is tired and nervous, she needs Ferrone's, which is noted for restoring the bloom of health to sickly girls and women. Consumption quickly becomes rosy, spirits rise, and strength increases daily. Health and vigor will soon return to your wife or daughter if Ferrone's is taken. It's the best tonic made, and costs 50c at druggists.

ONE-CENT DROP LETTERS. Postmaster-General Gives the Welcome Notice.

Ottawa, May 4.—Hon. Rodolphe Lemieux, Postmaster-General, has given notice of a Government measure to reduce the postal rate on all drop letters in cities where the letter-carrier system is established from two cents to one cent. This is along the line of the policy of the Government to devote the surplus of the Government to the benefit of the country to a reduction of rates and betterment of the service wherever possible. The reduction will mean a considerable decrease in the postal taxation in each city of Canada, the number of letters posted for delivery in the same city forming a large proportion of the total mail.

Cure a cold in one night—use Vapo-Creoline. It has been used extensively during more than twenty-four years. All druggists.

MAY MOVE QUEBEC BRIDGE. Site Near Batiscan May be Selected for Structure.

Montreal, May 4.—It is said here that when the Quebec bridge eventually spans the St. Lawrence it will not be from the points on either shore which it was intended the bridge should link, but at a site farther up the river near Batiscan, where it will not be necessary to erect an arch of such gigantic proportions as was proposed for the first structure. SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

ANY EVEN-NUMBERED SECTION OF Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 20, not reserved, may be homesteaded by any person who is sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less. Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy may, however, be made in any agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

(1) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than thirty (30) acres in extent, in the vicinity of his homestead. He may also do so by living with father or mother, or certain conditions. Joint ownership in land will not meet with this requirement.

(2) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

TENDERS FOR DREDGING.

TENDERS addressed to the undersigned will be received until 4.30 p. m., Friday, May 15, 1908, for dredging required at the following places in the Province of Ontario: Tiffin, Victoria Harbour. Tenders to be enclosed in envelopes marked "Tender for Dredging Tiffin and Victoria Harbour."

Contractors will please note that the dredging in the harbours of Tiffin and Victoria is to be carried to a depth of 22 feet at low water, but this depth may be increased to 25 feet if so required by the department.

The dredging to be required consists of the channels leading to the elevators must be completed on or before the 1st October, 1908. Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenders.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. (City dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.)

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six thousand dollars (\$6,000), must be deposited with security in connection with the dredging to be performed at above mentioned places. The cheque will be returned in bag of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender. BY ORDER, F. GOURDEAU, Secretary.

Department of Public Works, Ottawa, April 23, 1908. Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

Tenders for Bending Machine, Sorel.

WHAT IS GOING ON TO-DAY IN THE WORLD OF SPORT.

BENEFIT GAMES FOR OLYMPIC TEAM.

Mike Creed Jumped Over Six Feet Last Night.

Kentucky Derby Will be Run To-day—McCarthy Rode Two Winners at New York—Olympic Team Trainer Not Chosen Yet.

There was a fairly large crowd at the Athletic carnival held at the Alexandra rink last night to raise funds to send Tom Coley, the long distance runner, and Bobby Kerr, the champion sprinter of Canada, to England ahead of the Canadian team and to supplement the allowance made to other Hamilton athletes who may be chosen by the Canadian committee to go to the Olympic games.

Right field, Manager Kelly taking first, while Wotell dropped out. Toronto gave Baltimore a ninth innings score, however, when they scored two runs, and forced Dessau to turn the mound over to Adkins, when it was seen that the Canadians were gauging the former's curves. Score: R. H. E. Baltimore..... 4 9 1 Toronto..... 2 7 2 Batteries—Dessau and Byers; Kilroy and Brown.

OTHER EASTERN SCORES. Newark 2, 7; 0; Rochester 1, 9, 2; Buffalo 6, 9, 1; Providence 2, 3, 2; Montreal 2, 8, 3; Jersey City 5, 6, 2.

NATIONAL LEAGUE SCORES. At New York—R. H. E. Philadelphia..... 2 8 3 New York..... 12 16 1 Batteries—Sparks and Doan; Becher, Matthewson, Needham and Brosnahan.

AMERICAN LEAGUE SCORES. Boston 2, Philadelphia 3. Washington 5, New York 11. St. Louis 0, Detroit 1.

CITY LEAGUE SCHEDULE. The committee of the City Baseball League met at F. H. Skerrett's office last night and prepared the following schedule: May 9—Alerts vs. F. A. B.; Seneca vs. Baysides; Crescents vs. Asylum.

PAIGE'S TIGERS ARRIVING. Quite a number of baseball fans were at Britannia Park yesterday afternoon to see Paige's Tigers take a preliminary work out. Finnmore brothers were the only outside players on the job, the rest of the college bunch not having arrived.

HIGHFIELD SPORT COMMITTEE. At the annual meeting of Highfield School athletes, the following were appointed to manage the sports for the season: Hon. President—Mr. Geo. E. Bristol.

TRAINER QUESTION STILL OPEN. Ottawa, May 3.—There is apparently nothing in the time that Crocker, of Toronto and Shering, of Hamilton, have been appointed respectively trainer and assistant trainer of the Canadian Olympic team. It was denied by the committee to-night. The choice would, however, be looked upon favorably in Ottawa, where it is considered that two men are really necessary to look after the team.

ORIOLES WON. Dessau Puzzled the Torontos in Yesterday's Game. Baltimore, Md., May 5.—Dessau's fine pitching held Toronto safe yesterday afternoon in the second game of the series at Oriole Park. His off him were very few, and seldom were the visitors in the game for run getting. Dessau was pitched against Kilroy, and Phyle, who played first base on Friday, was sent to

RECORD OF HARVEY MUIR.

Harvey Muir, the clever Hamilton twirler will make his professional debut at Britannia Park this week. The big good-natured right handed slant dispenser was born in Fergus, Ontario, on April 21, 1887. He is 5 feet 10 1/2 inches tall and weighs 172 pounds. Muir's record for 1907, his first and only season as a ball player, is certainly one which the former Westinghouse box artist may well feel proud of.

record for 1907, his first and only season as a ball player, is certainly one which the former Westinghouse box artist may well feel proud of. On Saturday, May 11th, the hard hitting Britannias secured three hits off Muir, Westinghouse winning 5 to 4, and on June 1st, the air brake aggregation won a hard fought game from the Dundas team, to 1, Muir disposing of 10 men on strikes. He kept up that winning pace which eventually places all players of the calibre of Muir in the front rank, and a repetition of his work of the two previous Saturdays by slaughtering the St. Patricks like a lot of kids fresh from the kindergarten class, retiring ten to the bench, and winning the game by 3 to 1. On Saturday, June 15th the aggregation from the Valley City got but four singles off the Westinghouse boy pitcher, and again on June 22nd he let the Britannias down with 3 hits, but was unfortunate in losing his game 1 to 0. In this contest Muir struck out 10 men, and on August 17th he fanned 12 men in his game against the Dundas Club, and closed his season at Brantford, pitching for Manager Walter Elliott's Britannias, winning against the Telephone City sluggers, 7 to 5. Throughout the season of 1907 he improved his mastery of the "spit ball" and came steadily to the front. Nature has endowed good looking Harvey Muir with the requirements necessary to make him a second Bill Donovan. He has the strength of a giant, the courage of a lion and the endurance of a mule. His many friends hope that he will make good in his trial games—and catch a place on Paige's Tigers, of the International League.

played on Saturday afternoon next between the Veterans and recruits. All players desiring to join the club are requested to send in their names to the Secretary, Mr. S. S. Mills, T. C. Haslett's office, Federal Life Building.

BOWLING LEAGUE.

Fred Smith is in Leading Place Now. In the City Bowling League race for the local championship, Fred Smith is in the lead for the individual championship. He and C. Thomson and W. Thomson roared under 500 once during the season, following is a list of the first sixteen men:

Table with columns: Name, Strings, Pins, Average. Lists names like Smith, Thomson, and others with their respective bowling statistics.

CRICKET OPENING.

Grounds Ready and First Game Next Saturday. Hamilton Cricket grounds are ready for practice, and the players are ready, too—waiting in fact, and anxious to get on the crease again. The committee has had the field put into excellent shape and it is now ready for the men to work out, every afternoon. A good practice wicket has been provided and the club hopes to see it in use every day. That the club's wish in this respect will be gratified there is little doubt, for there are a lot of young players anxious to make good, and a most successful season is looked for.

COMMENT AND GOSSIP OF SPORTING MATTERS.

The Hamilton Olympic Committee has reason to feel pleased at the success of the first benefit for the Hamilton athletes who are going to the Olympic games. About \$300 was realized. It is the intention of the committee to hold one more indoor carnival and a big outdoor meet at the Cricket grounds or Britannia Park.

George Driscoll, the genial manager of Bennett's Theatre, is a baseball fan, and is as well posted on the doings on the diamond as those of the vaudeville stage. He has invited the Tigers and the Niagara Falls teams to attend his theatre on Thursday night, and has placed the upper boxes at their disposal.

Bob Stamp says he will be right on the job at the Olympic trials. "Who's your best friend in Caledonia?" Tom Longboat was asked last night. "Sid Howard. He's got me on the Indian list; he will not give me a drink." Longboat is evidently getting wise.

A New York writer contributes the following opinion: Tommy Burns is getting pounded, I note, because he laughs at an offer of a \$15,000 purse to fight Johnson in England. It is hard to imagine why Burns shouldn't catch a few smiles. Over in England he has cleaned up more than

LONDON CRITIC ON OLYMPIC CHANCES.

English Writer Thinks Great Britain Will Beat America.

Figuring on England's chance in the Olympic games against America, the Sporting Life says, taking the championship meets of 1907 as a foundation: SOME FACTS. "It must be remembered that we had most unfavorable weather for our own A. A. U. championships. The hurdles were run dead against the strong wind, as was the 100 and the last 120 yards of the 220. In the latter events N. J. Cartmel, credited with 10 seconds and 21 1/2 seconds in the intercollegiate championships, finished second and third, so that our men were probably doing just as well as B. J. Huff, E. B. Taylor never beat our best men in 1906 when over here. Con. Leahy, it may be noticed, won both British and American jumps, while our old friend, J. J. Daly, took their distance events.

HOW THEY COMPARE. The records in 1907 at the respective distances were: 100 yards—A. A. A. (Britain), J. W. Morton, 10 4/5 seconds; A. A. U. (America), H. J. Huff, 10 1/5 seconds. 220 yards—A. A. A. (Britain), J. P. George, 22 4/5 seconds; A. A. U. (America), H. J. Huff, 22 1/5 seconds. 440 yards—A. A. A. (Britain), E. H. Montague, 52 3/5 seconds; A. A. U. (America), J. B. Taylor, 51 seconds. 880 yards—A. A. A. (Britain), J. F. F. Crawford, 1 minute 59 3/5 seconds; A. A. U. (America), M. W. Sheppard, 1 minute 55 1/5 seconds. 1,760 yards—A. A. A. (Britain), G. B. Terfield, 4 minutes 22 2/5 seconds; A. A. U. (America), J. P. Sullivan, 4 minutes 20 seconds. Four miles—A. A. A. (Britain), A. Duncan, 19 minutes, 51 2/5 seconds.

FARMERS AND "BENZINE" BUGGIES.

The Auto Has Made a Hit With the Progressive Agriculturist, as Well as the City Folks. The first thing for the American public to do regarding its opinion of the farmer is to shake itself free from the notion that he is the blue-jeans-clad, lumpy-shouldered, poverty-stricken individual he was once thought to be.

The American farmer to-day is not a haysced—he is not impoverished, poverty-stricken, or even poor. The late money troubles which brought so many grey hairs to the heads of business men did not bother him. Indeed, to judge from all appearances, he must be pretty well off.

In an article published in a preceding issue of Printers' Ink, it was pointed out that this is the American Age of the American farmer's prosperity—that his crops are larger and his prospects brighter than at any other period of his development. Time was when the farmer had all he could do to raise enough to supply the home demand. Last year he not only fed about ninety million hungry Americans, but had something like \$1,055,000,000 worth of products left over to send abroad to other hungry countries.

DERBY DAY. Efforts Being Made to Prevent Betting at Kentucky. Louisville, Ky., May 5.—Still clouded with doubt, the racing situation in Kentucky continues intense enough to keep both turfmen and the followers of the game on tenter hooks. The officials of the new Louisville Jockey Club yesterday afternoon went before Judge Samuel R. Kirby, of the Chancery Court, and secured a temporary restraining order, enjoining the city authorities of Louisville from interfering in any way with the conduct of the race meeting at Churchill Downs to-day, or molesting or preventing the operation of the pari-mutuel machines. The rule is made returnable next Monday, May 11th, which seems to assure at least one week of racing. However, it was reported last night that the Mayor and the Board of Public Safety would not be satisfied with this injunction, but would take a transcript of the evidence offered and go before a justice of the State Court, and appeal in an effort to have the writ dissolved. This probably will be done this afternoon.

Two for McCarthy. New York, May 5.—Dunton Stakes, at Jamaica yesterday, resulted in an easy victory for the heavily backed King Cobalt at 5 to 1. He carried top weight, 115 pounds, and ran the distance in the fast time of 1:12 1/5. James B. Brady, the 2 to 5 favorite, ran a bad race, finishing a poor last. The favorite went into the lead after the start, but King Cobalt took the lead at the far turn, where he opened up four lengths. In the stretch McCarthy was easing him up, and won by one and a half lengths. Berry Maid was second, with Rattle third. Jockey Muirgrave had a severe fall when his mount Anandine fell in the third race. He was badly shaken up, but escaped serious injury.

AT THE WOODBINE. Toronto, May 3.—Bright and sunny weather at the Woodbine race-track day morning made the trainers decidedly busy. As of them were about, the majority giving their charges brisk exercise. Maurice Donovan was first to be abroad and he gave his smart-looking mare, Saucy Sally, half a mile in 54 seconds. Maurice has had his 2-year-old Vaydon, by V. R. Customs—Gretchen S., on the sick list, but he is improving a bit, although he does not look very much like racing at the coming meeting. The best work-out that has been given at the Woodbine this year was probably that of Allie Gates' Factotum, who navigated three-quarters of a mile in 1:20 3/5. The best of Handspring and Benefactor, although giving indications of a little soreness prior to going on the track, pulled up seemingly as sound as a bell. By the way, this 4-year-old gelding is quite a bit of a trotter under saddle, and came in quite gracefully at that gate after his exercise.

Possibly the star performance of the King's Plate candidates was that of Charlie Phair's Wicklight, who, after covering the first half mile in 35 seconds, traveled the second in 53 1/5, doing the entire mile in 1:48 1/5, and gulling up strong. In a race five seconds could easily be taken off this performance. Wicklight, I might say, appears to be coming all the time, but alas and alack! he is one of those species known as "morning glories." He works well, but when it comes to racing there is too often another story to tell. Joe Doane's Handmire, full brother to Factotum, went a half-mile in 32 2/5, and the colt's style left little or nothing to be desired.

Inspector Purvis and Col. Favardale in Charlie Phair's string, were sent a mile in 1:52 2/5, rating the quarters very cleverly. Nat Ray gave Bragadocia a test of speed, putting him over a quarter of a mile in 24 seconds, and easing up on the next furlong, which was covered in 13 2/5 seconds. Charlie Phair's 2-year-olds, Miss Garrick, Copper Sign, Bridge Path and Bridoon were given a brisk pace-opener on the stretch, and covered three furlongs in a fine open gallop in 38 3/5 seconds. Trainer Nixon sent along Charlie Gilbert, Glimmer, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. His second string, Archer, Donham and Kelpie in that order three furlongs in 38 3/5, after a gallop of a mile. It possibly may seem strange that this distance should be the favorite for a burst, but it presents a nice and convenient piece of going from the turn and on the stretch. TEA TABLE GOSSIP.

Mr. H. L. Frost, of the Frost Wire Fence Co., left to-day for Winnipeg.
A recital by the pupils of Miss Ethel McAndrew will be given to-morrow, Wednesday evening, at the Conservatory of Music.

GOVERNMENT AND CITY WILL UNITE.

(Continued from page 1.)
smallpox accounts. It was on the strength of a statement to that effect in a local paper that the Mayor at a Board of Health meeting that the doctor had made a false statement.

THE WEATHER.

FORECASTS.—Fresh to strong easterly winds; fair; not much change in temperature. Wednesday, showers.

Table with columns for location (Calgary, Winnipeg, Parry Sound, Toronto, Ottawa, Montreal, Quebec, Father Point, Port Arthur) and weather conditions (Cloudy, Clear, etc.).

Since yesterday morning the pressure has increased from Manitoba to the Ottawa valley, while the disturbance has remained over the Southwest States.

Washington, May 5.—Eastern States and Northern New York—Fair to-night and Wednesday; light north winds, becoming northerly.

Lakes Erie and Ontario—Fresh to brisk, east to northwest winds to-night and Wednesday; rain on Erie.

Paper for Shelves and Drawers. Best Grades, Fancy Edged and Plain Sheets. Cloke & Son, 16 King Street West.

MARKETS AND FINANCE

(Continued from page 3.)

and planting. No damage has been reported from the late cool spell except to fruits.

In considering business prospects, one thing should be especially borne in mind. We have now had six months of very severe contraction. Production cannot be indefinitely curtailed at the rate of 20 per cent. to 50 per cent.

Toronto Bank Stocks.—Bids. Asked. Toronto Railway... 98 99 1/2. T. W. ... 86 87.

Buffalo... 15 15 1/2. Cobalt central... 20 20. Cobalt Lake... 18 20.

How much money have you spent unnecessarily during the past year which would have given you a splendid start with a savings account?

One bank account for two persons opened in names of husband and wife or any two members of a family—either can withdraw. \$1 opens an account. Interest 4 times a year. Banking room for ladies. Open Saturday evenings.

FIGURE IT OUT. How much money have you spent unnecessarily during the past year which would have given you a splendid start with a savings account?

New York, May 5.—Cattle steady; prime steers, \$6.75 to \$7. Veals—Receipts 200 head; active and 50c higher; \$5 to \$7.

New York, May 5.—The market opened irregularly; Amalgamated Copper, 61; American Smelting, 71 3/4; American L.
