Togo's Victory

Japanese Admiral Relates the Events of the Last Day's Fighting.

Reports Six Battleships Sunk and Three Others as Captured.

Claims That Rojstvensky Was Aboard One of Vessels Taken.

WASHINGTON, May 30.—The Japanese legation tonight gave from the following cablegram from Togo, received May 30: The report of our combined fleet, upon receipt of the surrendered Russian fleet, was as follows: The Russian main force of the remaining Russian ships, including the battleship Togo, as already reported, stopped pursuit, and while engaged in the disposition of the surrendered ships found in a southwestern direction the battleship Ushakov, a coast defence ship. There were immediately dispatched in pursuit and invited her to surrender. She refused and was sunk at 6 p. m. The Russian crew of three hundred men were rescued.

The cruiser Dimitri Donskoi was also found in the northwesterly direction at 4 p. m. and was immediately overtaken and fired on vigorously by our fourth division and second destroyers found aground on the southeastern coast of Ureung islands, off the Korean coast. Our destroyer Azanami captured toward the southeast the Russian destroyer Bledovy, which was found aground on the southeastern coast of Ureung islands, off the Korean coast. Our destroyer Azanami captured toward the southeast the Russian destroyer Bledovy, which was found aground on the southeastern coast of Ureung islands, off the Korean coast.

According to various reports hitherto received, and statements of prisoners, the result of the battle from May 27 to May 29 is as follows: Prince Suvaroff, Alexander III, Borodino, Monomach, Zentsov, Admiral Tschoukoff, one converted cruiser and two destroyers sunk. Nicholas I, Orel, Admiral Apraxine, Admiral Senavin and destroyer Bledovy captured.

According to the prisoners the Orel was sunk about 3 p. m., and the Navarin also was sunk. The cruiser Almaz, on May 27, was observed in a disabled and sinking condition, but her final fate is yet unknown.

JAPAN AND THE ACT EXCLUSION

Comment of Vernacular Press Regarding B. C.'s Anti-Japanese Legislation.

According to advices received by the Emperor of Japan, the Japanese attempts of the people of British Columbia to obtain an exclusion act against Japanese creatable comment in Japan. In discussing the bill the Japanese press perhaps the most prominent of the Japanese journals, said: "This restriction has its origin in the fact that ignorant and uneducated families are visiting the coast of their native land, and that they are generally of an inferior class, and that they are not open to the influence of civilization."

Winnipeg Writings

Winnipeg, May 30.—Indications point to a more successful exhibition here than in any other city. The Dominion fair was held here. Several Eastern houses are applying for double space in now being allotted.

MR. CHATELAIN'S DEPARTURE

London, May 30.—Mr. Chatelain, the retiring American ambassador, and Mrs. Chatelain left Boston today at noon today for Liverpool, where they will embark on the steamer Caron for New York. A large gathering of English friends and a few Americans bid her farewell. As the train departed, three cheers were given for Mr. and Mrs. Chatelain, who were provided with a special railway car for their journey to Liverpool.

REPORTED SUNK IN ERROR.

Tokio, May 30.—It now appears that the report of the sinking of an American vessel, the Admiral Row, by the Japanese fleet, was a mistake.

STRICT DISCIPLINE.

Orders Affecting Russian Troops Bound for the War.

St. Petersburg, May 30.—The minister of war has issued an order relative to the frequency of disorders among troops going to the front. He attributes these disorders to lack of discipline and inadequate preparations for the long journeys, and says it should be immediate upon soldiers that the military regulations are concerned, the frills are to be regarded as barracks. Occasional disorders, he says, should be punished for the soldiers, such as learning to read and write, and they should also be taught Japanese and Chinese words and to study maps. The military regulations should require roll calls, prayers, and corporal inspections. No soldier belonging to the front should be allowed to accompany his family during the stoppage of trains in order to visit his family if his wife is in the vicinity. If the disorders continue, the minister of war says officers and non-commissioned officers will be held responsible and will even be held by court martial.

DOMINION NEWS NOTES.

E. B. Marvin's Escape From Brazilian Authorities.

Halifax, N. S., May 30.—The Victoria schooner E. B. Marvin has been captured from the South Atlantic with 2,300 sealions on board, which will be sent to London.

ROJSTVENSKY SAFE.

London, May 31.—The St. Petersburg correspondent of the Standard asserts that Madame Rojstvensky, wife of the commander of the Russian fleet, has received a telegram from Vladivostok, signed by her husband, saying that he arrived there on board the cruiser Almaz, and that he was severely wounded in the neck, back and abdomen.

Bears Scars of Battle.

The Almaz, which arrived at her anchorage here Monday evening, bears scars of the battle. A revenue cutter was shot away, and one of the Almaz's boats was pierced by a cannon shot.

CASSINI'S FIERCE TALK.

Russian Ambassador Says Struggle Will Continue Indefinitely.

Washington, May 30.—"Until some word of peace comes out of Tsarsko Selo, Nippon has to fight on." This epigrammatic remark of Mr. Takahira, the Japanese minister, made with the details of the victory of the Japanese before him, sets forth also the opinion of the Washington and other neutral governments.

Body Recovered.

Montreal, May 30.—The body of Allison H. Sims, who left his Montreal home here on Saturday, November 5, and was reported missing since, was found floating in the river at Malton, in the east end of the city, this morning. The body had been in the water for a considerable time, probably since the date of his mysterious disappearance. He was a well-known business man.

Were Afraid Of Submarines

Capt. of Gromobol Writes of Fears Held of Under Water Fighting Machines.

Salvage Work at Port Arthur—Russians May Evacuate Harbin.

Steamer Empress of Japan, which reached port yesterday, brought news indicating that submarines were used by the Japanese. A Yinkow correspondent reports that the Japanese received a letter from the captain of the Gromobol, one of the cruisers at Vladivostok, a part of which reads as follows: "The over-sea communications of Vladivostok are about to be cut off. We issue from the harbor at times, but the Japanese squadron is nowhere to be seen."

Summary of War News

(By Associated Press.) According to the latest reports from Vice Admiral Togo to his government, the loss to the Russians in ships sunk or captured may now be numbered 22, while full particulars are not yet known.

Body of Murdered Watchman Recovered at Roseland.

Roseland, B. C., May 30.—The body of Michael Clark, bridge watchman for the Red Mountain railway, who has been missing since May 17, was found covered by a lot of rock near the track of the Red Mountain line at a point three miles east of this city. The head had been crushed in with a pick handle, which was found near the body. There was a knife cut on the inner side of the right hand. The man had evidently been waylaid on the track, murdered and robbed, and dragged to the place where the attempt was made to dispose of the body. It is thought that the murder was committed by tramps who thought Michael Clark had his month's pay with him. All they secured was a watch, he carried and probably a dollar in money. The provincial police are investigating the murder.

FIRES IN BOSTON.

Boston, May 30.—Boston firemen had a busy hour today with three fires in different parts of the city, the aggregate loss being estimated at \$150,000. The first blaze was in Beacon street, in Brimmer street, and proved the most serious. Three large buildings were destroyed and some 350 and automobiles were ruined. While the apparatus was hurrying to the Back Bay, an alarm came from the north end, directly across the city, and almost at the same time two alarms were given for a fire at Huntington avenue and Irvington street. The north end fire was put out with little loss. The Huntington avenue fire proved dangerous for a short time, but was put out before heavy damage was done. One fireman was slightly injured at this fire.

KAMIMURA GETS BUSY.

Gunahu Pass, May 30.—The outpost of General Kamimura's army, on the Japanese right flank, pushed forward, and, coming into contact with the Russians, drove in the outpost for a short distance, but the action is now suspended.

HOW ADMIRAL WAS SAVED.

An Officer Tells of the Rescue of Rojstvensky.

St. Petersburg, May 30.—Admiral Bumovo, a member of the council of the empire and superintendent of posts and telegraphs under the minister of the interior, has received a despatch from his son, who is in command of the battleship Kniaz Souvaroff, describing fully how his father was rescued from the Russian fleet. The admiral was washed off the deck of the Kniaz Souvaroff just before the flagship foundered, and was picked up by the torpedo boat destroyer Buny. Other private details are given in a despatch from the Russian fleet. The admiral was saved. MINERS TO MEET.

Nansimo, May 30.—(Special)—The trial of W. W. Southin, Ladysmith, charged with the murder of Louisa Trumper, was concluded this afternoon. The jury being unable to agree after two hours' deliberation, the prisoner, who conducted his own defence, spent most of his time denouncing A. C. Thompson, her counsel, while the waves rose high from the straggling ships, made it difficult to see clearly, but the Japanese positive they saw two Japanese battleships disappear beneath the waves before their eyes, and the two Japanese cruisers appeared on the point of sinking.

ANOTHER DISASTER.

London, May 31.—The Tokio correspondent of the Daily Express reports that the cruiser Gromobol, of the Vladivostok squadron, was nearly lost on board, issued from Vladivostok in the hope of joining the remnant of Rojstvensky's fleet, and that it struck a mine and was sunk with all hands.

Series of Torpedo Attacks

Saturday night, Rojstvensky was able to steam two hundred miles during the night. When Sunday morning came the Russian fleet was divided into two divisions. The faster and stronger division, under the command of Admiral Kamimura and Ural, while the slower division, under Nebogatoff, renewed the fight with Togo. With some of the scattered Russian units, it was a case of save himself who can. In the running fight yesterday, the Japanese enjoyed the advantage. Hattoguchi's presence enabled them to centre their fire and bring every crippled Russian ship to bay.

HIS SKULL FRACTURED.

A peculiar and decidedly serious accident occurred on Cook street yesterday evening, as a result of which a young man named Mansfield, nine years of age, and a resident of Regina, is at the Jubilee hospital with a fractured skull.

INFORMATION REPEATED.

London, May 30.—A despatch from St. Petersburg to Reuters Telegram Co. repeats the information sent by the Associated Press that Admiral Rojstvensky arrived at Vladivostok on board the torpedo boat destroyer Buny at 6 p. m. May 29. It adds that the admiral is seriously wounded in the head, back and chest.

MISSING MAN FOUND.

Body of Murdered Watchman Recovered at Roseland.

Roseland, B. C., May 30.—The body of Michael Clark, bridge watchman for the Red Mountain railway, who has been missing since May 17, was found covered by a lot of rock near the track of the Red Mountain line at a point three miles east of this city. It is thought that the murder was committed by tramps who thought Michael Clark had his month's pay with him. All they secured was a watch, he carried and probably a dollar in money. The provincial police are investigating the murder.

TALE OF A SAFE.

A strange case in which a locked safe and a missing overcoat were mentioned in letters from Canby on Dominion creek, in the Yukon district. Henry Currier, 21 below lower, has disappeared since he was locked up, supposedly containing the results of the clean-up, about \$15,000, and none of the men paid nor any other expenses settled.

FIRE IN BOSTON.

Boston, May 30.—Boston firemen had a busy hour today with three fires in different parts of the city, the aggregate loss being estimated at \$150,000. Russians Are Grief Stricken

Crowds Throng Admiralty at St. Petersburg for News of Relatives.

Nebogatoff's Surrender of Two Battleships Considered a Disgrace.

The Government Still Refuses to Permit Publication of Particulars.

St. Petersburg, May 30.—(3) The first definite news from Russian sources of the naval battle fought in the Straits of Korea came from Captain Chagin, chief of the Admiral, which has arrived at Vladivostok. He telegraphed the Emperor that he had witnessed the Russian rapid-firing guns. More than one-half of the Japanese flotilla of torpedo boats were sunk. The protected cruiser Jamchug, reported sunk in the Tokyo despatches, has arrived at Vladivostok.

Admiral Rojstvensky has arrived at Vladivostok on board the torpedo boat destroyer Buny. During the battle he sustained a wound in the head. The Russian hospital ship Orel, which was with Admiral Rojstvensky's fleet, has arrived at Vladivostok.

The admiralty officially admits the sinking of the battleship Kniaz Souvaroff, Borodino and Orel, the repair ship Kamtschatka and the Orel, cruiser, the loss of these vessels was definitely established by Capt. Chagin, of the cruiser Almaz.

No statement regarding the ships captured was made. Whatever information was contained in Capt. Chagin's telegram was withheld and no details are known except those contained in the despatch from which the news of the capture was able to reconstruct a fair idea of the Russian bloody sea fight. They figure that Admiral Togo, captured probably only from must have lain somewhere off the coast of Korea, while Admirals Kamimura and Ural, with their squadrons far to the north to head off the Russian vessels which might get through Togo's mine barrier, were prepared to bar the entrance to the Straits of Korea, and the Russians should be reported morning up the east coast of Japan.

When Togo's scouts reported that Admiral Rojstvensky's fleet was in the eastern channel of the Straits of Korea, the Japanese admiral steamed around the northern and southern islands and came upon the Russian fleet. The double column with the cruisers to port, and the torpedo boats to starboard, in position when the great advantage of tactical position was the Russian ships between the lightest of the Russian ships between the Russian and Rojstvensky's heavy vessels, that it was a case of save himself who can. Besides Togo was able to bring broadsides, whereas the sternmost ships of the Russian columns coming on in line ahead formation, could only do so with difficulty, although suffering the complete loss of eyesight, and the desperate counter which followed, and being subject to a

When life's autumn comes, women, weary by the burdens of motherhood, yearn for a second chance of life. They fear a change in form, in feature, in personal attractiveness.

Loggers Oppose Pulp Reserve

Conference at Vancouver Re Western Pulp and Paper Company.

Important Statements Regarding Timber on Land in Question.

At a meeting of loggers and millmen held at Vancouver last Thursday, a conference was had with members of the provincial government on the proposed reserve to be granted by the government to the Western Canada Pulp & Paper Company.

The chairman, A. H. Heaps, explained that the meeting was called because it had been reported that a very large grant of timber land had been granted to a pulp company, and had been obtained under what appeared to be false pretences.

They had protested against the proposed concession months ago, but the government had turned a deaf ear to all their petitions. They had gone to work and investigated the land itself and they found that the lumber was fully 8 per cent cedar, which was quite unfit for pulp.

The Bad Cold of To-day May Be Pneumonia To-morrow.

The Sore Throat or Tickling Cough that, to the careless, seems but a temporary and trivial annoyance, may develop into Bronchitis.

Every hour delayed in curing a cold is dangerous.

Dr. Wood's Norway Pine Syrup

contains all the lung-healing virtues of the pine tree, and is a sure cure for Coughs, Colds, and all throat and lung troubles. Miss Bertha E. Craig, Almont, Ont., says: "Last fall, for over two months, I had a very bad cold, and although I tried several remedies, it seemed as if I was getting worse instead of better. While looking over the Burdock Blood Purifiers Almanac, I read about Dr. Wood's Norway Pine Syrup, and decided to give it a trial. When I had used about half a bottle, I found it was doing me good, so kept on until I had taken two bottles. It is the best cure for a cold I ever heard of."

Baltic Fleet Was Welcome

Comment of Press of Japan Regarding Coming of Russian Armada.

Journalists have agreed that Togo was ready to give warm reception.

Now that Togo has succeeded in detaching the Russian armada from the comments of the Japanese newspapers regarding the approach of the Russian Baltic squadron may not be without interest. The Jiji, quoting Admiral Togo's injunction, issued to his men on Feb. 12 last, when he was ordered to receive the Russian armada, says: "The Japanese navy to act upon more on this pretext. Port Arthur witnessed the exhibition of many sterling qualities on the part of the Japanese personnel, but there was no open fighting except the affair of August 14, when the enemy distinguished himself by running away from the battle. In the present case, the aspect assumes an entirely different complexion, inasmuch as the enemy is fully determined to face the struggle, having for its issue the total annihilation of the Japanese fleet or that of their own."

GARDEN OF THE WEST.

"Tis a sigh, a sigh of longing, that the gentle breeze brings. On the brightest of May mornings with softened and sunny sunlight as it kissed the morning glory. And the sweetest melody of Nature, to inspire the birds with song."

FROM THE PINE RIVER DISTRICT

Pioneer Prospector Tells of the Country Which G. T. P. Will Open up.

Out of the wilds of the northern exterior, where he has resided for the past ten years, there has come to Victoria a gentleman who is intimately acquainted with the district which will be opened up by the construction of the Grand Trunk Pacific Railway—Mr. J. W. Moxley, who is now a guest at the Driad, Dr. For the past two years Mr. Moxley has been resident in the Peace River country at a point 250 miles from Fort George, although for ten years he has been in the wilds of the interior in the section surrounding the headwaters of the upper Fraser and the upper Cariboo country.

To a Colonist reporter who interviewed him at the Driad yesterday, he explained the method of getting into the Peace River country, where he is living, and told something about the character of the country, its resources, and the difficulties of getting into it.

The Difference in Cost

between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cause doctors' bills many times this.

Dr. PRICE'S Baking Powder

is the most economical in the end, because it goes further in leavening and insures perfect, wholesome food. When ordering of the grocer always call for Dr. Price's Cream Baking Powder by name for good health and good food. It makes the finest cake, puddings, flapjacks, biscuits and bread.

NOTE.—There are many imitation baking powders which are sold from five cents to twenty-five cents a pound. They should be carefully avoided as they are made from alum and are unhealthy.
