ESCAPES FROM JUSTICE
The Hyams Brothers Are Wanted
in New York.

FLED UNDER A CLOUD TO YEARS AGO
Osler Will Prosecute, Not Defend, the Accused.

The Wife of Harry P. Hyams May Testify
Against Her Husband—Many Interesting
Developments in the Case Yesterday—A Readable Despatch From Montreal
As to the Operations of Harry Hyams in That City—The Accused Arraigned at the Police Court and Remanded until Feb. 20.

At five minutes past 10 o'clock yesterday morning Harry Place Hyams and Dallas Theodore Hyams confronted Deputy Police Magistrate Kingdon at the Police Court on the charge of murdering William Chismock Wells.

The prisoners, who are twin brothers, are as like each other as were the two Dromedaries. They are 35 years of age, short of stature, and of dark complexion. Each has jet black hair and dark mustache and slightly tipped nose. The only difference in their appearance was that Harry had a fur-trimmed coat, whilst Dallas wore a velvet collar on his coat. They appeared in great trepidation as they climbed the bar of the prisoners' nervous twitchings of the face and hands were noticed by the few persons who were in court. Fortunately they placed all round the court, but there were no looks of recognition.

On the charge being read each pleaded not guilty.

Mr. W. G. Murdoch, addressing the court, said that Mr. Horn, who was last evening instructed to defend the accused, expected to have a consultation with Mr. B. B. Osler that afternoon as to their defence. Hence he asked for a remand.

Crown Attorney Curry said he was not ready to proceed with the case, and that the prisoners be remanded for a week.

The Magistrate: The case stands till the 20th.

Prisoners, who were pale and nervous, seemed acutely to feel their position.

WILLIAM C. WELLS.

"Go below" was the word of the inspector. After a short time in there they were taken to the jail in the prison yard.

Osler to Prosecute.
As stated yesterday the Hyams Bros. were anxious to retain the services of Mr. Osler as counsel for the defence. Mr. Osler had, however, already been retained by the Crown to conduct the prosecution at the Spring Assizes, at which Clara Ford will be tried for the murder of Frank Westwood. The trial of the Hyams Bros. will be held at the post-mortem of their trial until the Fall in order to secure Mr. Osler. It is now for the public to consider how it is that Mr. Osler will be prosecuting counsel when the case comes before the higher court. Mr. B. B. Osler will, at that event, be associate counsel with Mr. Horn in the case.

Seized All the Books.
Acting under instructions from the Crown authorities, the patrol wagon was yesterday afternoon sent to the premises formerly occupied by the Hyams Bros. at 11 King-street, and all the books were transferred to Police Headquarters.

The Crown still holds to the theory that the Hyams Bros. rented 28 Colborne-street for the express purpose of securing a suitable residence in which to kill young Wells. The warehouse was situated on Marie & Graham on Nov. 27, 1893. The tragedy occurred on Nov. 27, 1893. On June 15, 1898, the Hyams Bros. gave up possession of the warehouse after seven months' lease.

Contemporaneously with the arrest of the Hyams Bros. a dozen copies of the World yesterday told of the death of Osawa in connection with the case. The coroner, in connection with an estate left the coroner's inquest into the death of Osawa, including his sisters Martha (now the wife of Harry P. Hyams) and Annie (wife of Ebenezer W. Aylesworth, broker of this city) gave an order to the Toronto Granite Co. to erect a monument to young Wells in the Osawa Cemetery, to cost \$341. The company claims that but \$25 has been paid on account, and yesterday instituted suit for \$316, the balance of the sum alleged to be due.

Mrs. Hyams Prosecuted.
Mrs. Martha Wells Hyams suffered a relapse when she heard of her husband's arrest yesterday. She was gradually recovering from the attack of nervous prostration which seized her on learning that her life had been insured for \$300,000. Yesterday her medical advisers would allow her to see nobody.

Mr. Ebenezer Aylesworth's brother-in-law, at whose house, No. 15 Close-avenue, she is residing, was interviewed by the World yesterday. As has already been published, he was clerk for the Hyams Brothers in the business in Colborne-street, when young Wells, his brother-in-law, was killed.

"That is thought at the time," said his brother-in-law, "I had interviews with Dallas Hyams, and will give my evidence before the case comes to trial. The day before Wells' death was a Sunday, and it is not generally known that on that day Mr. D. T. Hyams came to my house and told me to go to trial. He went to see young Wells, and told him to be down at 8 o'clock sharp to take an inventory with Harry. I did not get to the office until 1 o'clock, and

quid them, nor because they were useful, but they appeared to have a penchant for spending money. Had they been merchant princes they could not have been less restrained in giving orders for costly luxuries. Their principal method of doing business was to give notes for varying terms. These notes were quickly not in the appointed time, and those who have had transactions with the Hyams recall the fact that the latter's greatest difficulty was obtaining payments.

No better instance of this spending mania is to be seen than in the case of the late Mr. Hyams, who was a member of the House at 87 Gould-street, to cover the rent of which, by the way, Lady O'Keefe holds a six-months note which has expired, is filled with the most costly and luxurious furniture, and contains ornamental pieces that represent hundreds of dollars. In purchasing the only judgment which seems to have been brought to bear upon the selection of articles was their commercial value. Utterly appears never to have been considered for an instant whether the house altogether overvalued, it is gorgeously appointed from the cellar to the roof. On all sides are to be found ornamental knick-knacks evidently bought at fancy prices. The parlor is crowded with the most elaborate pieces. There is a magnificent piece of Malacca ware, that is said to have cost \$400 or \$500, expensive bronzes, a large musical box and a \$1000 Steinway piano, a poplar bearskin, Nyah Doolia ware, two costly lamps, a gorgeous cabinet filled with silver, and a host of other things. The hall and bedrooms are fitted up in the same fashion. There are five of the most costly folding beds, a music-hat rack, many silver decorations and ornamental mirrors.

The whole of the furniture is said to have cost about \$12,000, and yet the Hyams were known to be in financial difficulties, borrowing money in many directions.

Mr. Harry Hyams says that \$800 of the effects are here, but the mortgagee claims that they are covered by his deed. Mrs. Hyams is instituting proceedings for recovery through her solicitor, Mr. Snook.

ANOTHER LONDON CHURCH BURNED
The London, Ont., Feb. 13.—Once more the Methodist denominations of this city is subjected to a severe loss in the destruction of five hours of 2 o'clock this morning of the Dundas-street Methodist Church. In less than an hour after the fire broke out, the building was reduced to a ruin, its destruction being as complete as that of its sister church in Queen's-square, which was destroyed 10 days ago. While the firemen were fighting the flames the north end gable wall fell, and it is astonishing that a number of firemen were not injured. The loss of the church, near the square, was \$250,000, including the contents.

A small sum of money was found in her pocket, but nothing by which she could be identified.

Shortly after 9 last night Mr. William Huxley of 58 East-Rowell-street called at the hospital and announced that he had been discharged. He had been suffering from heart disease, but had not returned to his home since he was discharged. He had been suffering from heart disease, but had not returned to his home since he was discharged. A VALENTINE'S DAY FANTASY.

PREPARING FOR A SESSION
PREPARATION OF THE ESTIMATES HAS BEEN RESUMED.

This Year Means a Session Before Dissolution. But a Fall Cabinet Council on Saturday Will Decide the Question—Sales of Spurious Paris Green Common—The Dominion Freeman.

Ottawa, Feb. 13.—There was a short meeting of Council this afternoon, at which it is understood only routine business was transacted. Notices have been issued for a Cabinet meeting on Saturday, at which it is expected every member of the Cabinet will be present, and it is believed that the question will be acted upon. There is to be a session before a general election, or not. Opinion is still very much divided on the subject, and it is impossible to say what the result will be. It is mentioned that the preparation of the estimates to be submitted to Parliament, which has been suspended for two months, has been resumed in several departments, which looks as if at least some of the ministers are making it wise to prepare for a session being held before dissolution.

Spurious Paris Green.
Mr. Thomas MacFarlane, Chief Analyst of the Department of Inland Revenue, is preparing a bulletin on the result of a series of analyses made by him of samples of Paris green. It would appear that there are a number of spurious preparations placed on the market, which are of no benefit whatever to the farmer, and which are very interesting to him to know will be avoided.

Sealing Industry Never Better.
Information has been received here from Victoria which shows that the sealing industry being killed by the British Government's prohibition, it seems to be in a better position in this country than ever before. It is reported that the industry is still in a flourishing condition, and that the vessels which are bound for the coast of Japan, which are 605 in number, nearly all of which are white, the gun being used freely in hunting on the coast of Japan. The vessels which are not bound to Japan there are 178 white and 602 Indians, making a total of 786 vessels in the industry, exclusive of those who will go to sea on the schooner still in port.

On the Invitation of His Excellency the Governor-General, General Booth of the Stationery Office, will be invited to give a large audience on a congratulatory scheme. Amongst those present were Sir Mackenzie Bowell, Hon. John Haggart, Hon. N. Charles, Hon. J. B. Dickey, Hon. Ives and Hon. A. B. Dickey. After being introduced by His Excellency, General Booth said that the scheme was a large and important one, and that he was able to ascertain what the general feeling of the leading men of Canada was with regard to the celebration of the centenary, which he said was hardly sufficiently advanced to be called a proposal. He then proceeded to discuss the scheme, and the general way the main feature of it being that the Canadian Government should make a contribution to the scheme, and that the Canadian Government should make a contribution to the scheme, and that the Canadian Government should make a contribution to the scheme.

Mr. Andrew Onderdonk to-day signed the contract with the Dominion Railway and Canal for the construction of the Lake Simcoe and Belton Lake sections of the Grand Trunk Railway. Major R. C. McLenahan, M.P., was in the city to-day on business connected with the purchase of the site for the proposed Belton Lake section. Sir John Thompson proposed that it should be located in Ontario, and this effort has been renewed since Sir Charles Tupper has become Minister of Justice.

Hon. John Costigan, Minister of Marine and Fisheries, will be in the city to-day for South Kenton to attend the Liberal-Conservative convention there. Mr. Fagundes, Minister of the Interior, is nominated to contest the riding for the Government at the next general election. Mr. Brady is spoken of as the Liberal candidate.

THE MINOR CHORD.
The story of a Modern Prima Donna Told by One of Her Own People.
Anyone casually picking up "The Minor Chord," a recent novel, would expect to find within its covers the story of one of the most famous of modern prima donnas. Madame Heloise is the name of one heroine of the novel, but it is easy to discover that the novel is not a biography of the prima donna, but a romance. It is a story of a woman who has made her name in the operatic world and who made last year such an unparalleled triumph as Wagner operas at Wagner's house. Sir Arthur Sullivan and Jean de Reszais are also discovered in this cleverly woven romance.

This Year Means a Session Before Dissolution. But a Fall Cabinet Council on Saturday Will Decide the Question—Sales of Spurious Paris Green Common—The Dominion Freeman.

Ottawa, Feb. 13.—There was a short meeting of Council this afternoon, at which it is understood only routine business was transacted. Notices have been issued for a Cabinet meeting on Saturday, at which it is expected every member of the Cabinet will be present, and it is believed that the question will be acted upon. There is to be a session before a general election, or not. Opinion is still very much divided on the subject, and it is impossible to say what the result will be. It is mentioned that the preparation of the estimates to be submitted to Parliament, which has been suspended for two months, has been resumed in several departments, which looks as if at least some of the ministers are making it wise to prepare for a session being held before dissolution.

STRAIGHT HEATS AT HAMILTON.

Phelps Beats the Favorite in the 2.29 Trot

—Clara K.'s Two-Mile Race.

Hamilton, Feb. 13.—About 1000 people went to the jockey club grounds today to witness the first day's events in the four days winter meeting of the Hamilton Trotting Association.

The events on today's card were the 2.29 trot, 2 mile race and local race, the last of which was not finished today (Sunday) when darkness set in.

In the 2.29 trot Duke opened favorite in the betting, but a pile of money went in on Phelps, and the gelding soon had things in her favor. The backers of the latter was not disappointed in their choice, as the Fulton, N.Y., entry had things all her own way in each of the three heats, and won the race without being rushed. Result: 2.29 trot, purse \$250, divided—E. Lake's Fulton, N.Y., b g Phelps, 1; F. Curran's, Buffalo, N.Y., Duke; 2 George Smith's, Hamilton, N.Y., in May; 3 John Kinney's, Horsholmeville, N.Y., Gypsy K., 4; John Ketter's, Hamilton, N.Y., John Carter, 5; Time, 2.29 1-4, 2.25, 2.24 1-2.

In the 2 mile race, best two in three heats, the entry from Baltimore, M.D., Charlie C., went to the post favorite, the talent evidently thinking the speediest horses were from over the border, but after the first heat the Ottawa entry was a strong favorite, and won two heats as she pleased. Summary: 2 mile race, purse \$250—H. Moore's, Ottawa, Ont., b in Clara K., 1; Ed. James', Hamilton, b g Joe W., 2; B. Bennett's, Baltimore, M.D., g Charlie C., 3; George Smith's, Hamilton, b g Johnny Goldust, 4; A. Brown's, Dundas, b g Sunday, 5; Time, 5.02 1-4, 5.01.

The Winning Races.

New Orleans, Feb. 13.—The winning horses to-day were: Foot Runner 7 to 2, Springtime 7 to 2, Rape 5 to 2, No Remarks 11 to 5, Tom Kelly 10 to 1.

Seabrooke—"The Grand Visitor."

The opera, "The Grand Visitor," obtained its title through the adventures of one Dennis O'Grady, a sailor, who having landed overboard from a steamer, was rescued by a fisherman, and taken to the Paasha's physician, and his subsequent efforts to escape from the country. As a comedian, Mr. Thomas O. Seabrooke possesses a rare combination of talents, for he can embody a character with artistic fidelity and still be funny. There is no operatic comedian who is the peer of Mr. Seabrooke as a delineator of character, and but few have the capacity with an entertainer. The part of Dennis O'Grady is a novelty in comic opera, and the Grand Visitor presents the stage Irishman in a new field. As Dennis O'Grady, Mr. Seabrooke has found a role that will rank side by side with his famous creation, "King Pommeroy Sec." In "The Isle of Charming," incidental to the plot, the music is rendered, including among other numbers the now famous song, "Swain Out." The Seabrooke Company comes to the Grand Opera House to-night and balance of week.

"The Magistrate."

Lieutenant-Governor and Mrs. Kirkpatrick will attend the first performance of "The Magistrate," to be presented by the Trinity Dramatic Club at the Academy of Music to-morrow evening. The performances in all will be given, to-morrow and Saturday evenings and a Saturday matinee. The first night will be a large attendance, as the seats have gone off remarkably well. Most of the boxes have been taken by theatres, and other parties have taken up sections of the theatre. The stage decorations for the performance will be exceptionally fine. Saturday evening is students' night, and the members of Trinity College will attend in a body.

Monday, Feb. 13.

This is the date on which Frederic Villiers, the war artist and correspondent, will give his now celebrated lectures, "Japan-China War." Already the subscribers' list shows that this event is causing quite a stir in military circles. The list is still at Messrs. Nordheimers.

Beethoven Trio Musicians.

The second Beethoven Trio musicians taken place in St. George's Hall this evening at 8.15. Signor Delasco, the favorite basso, will contribute three songs, one of which will be Mrs. Blackstock's "My Queen." The trio will be very urgent request repeat the Schubert selection which so pleased at the first recital. Tickets may be had at Nordheimers, Gourlay, Winter & Leeming's of the hall at 7.30.

Derry, Aughrim and the Boyne

The Rev. William Patterson will deliver a lecture on the above subject in Cook's Presbyterian Church, corner Queen and Mutual-streets, to-night. An excellent musical program will be given, which with the genuine Irish wit of the lecturer, so much appreciated, ought to draw a crowded house.

The Wanderers' Bicycle Club's annual meeting

for the nomination of officers will take place next Thursday, Feb. 21, at seven o'clock, at the club's headquarters, 51 Yonge-street, allowed on deposit 246

THEY ARE CURLING EVERYWHERE

Interest Increasing in the Winnipeg Bonspiel—Petersboro Scores a Victory Over Toronto.

Winnipeg, Feb. 13.—Interest in Winnipeg's big curling bonspiel increases as the contests narrow down to the final.

In the grand challenge competition 20 rinks are now left out of the hundred or so which entered. All the American rinks, with one exception, that of George Nettleton of St. Paul, have succumbed, and Nettleton has a hard row before him yet. Among the crack rinks of Winnipeg yet in the battle are those skipped by Hon. R. Watson, Shlaw, Clarke, Patton and Dunbar. Any of these may win the grand challenge. Clarke took it last year. In the contest for the Walker trophy, 40 rinks are still in the contest, and it is too early for speculation. This afternoon and evening the Winnipeg curlers tested their strength against the visiting curlers, there being 37 rinks on side. Winnipeg came out ahead by a narrow margin. The rinks were the Royal Caledonian Tankard, curly & frothy, presented by Sir Donald A. Smith, patron of the Winnipeg Curling Association. To-morrow will commence the competition for the Tackett trophy, presented by George E. Tackett of Hamilton, and next in order will be the struggle for the International trophy, when there will be a desperate encounter between Saskees and Canadians.

Guelph Won by 5 Shots.

Brantford, Feb. 13.—Four rinks from Guelph and four home rinks to-day contested for the McDonald-Robertson trophy, the resulting in favor of Guelph as follows:

G. Watt, Jr., skip, 13 J. A. McLean, skip, 23
G. H. Fleming, skip, 15 J. Kennedy, skip, 11
T. Woodruff, skip, 21 A. Menie, skip, 17

Toronto Curlers Beaten at Petersboro

Petersboro, Feb. 13.—Five rinks of the Toronto Curling Club came down on the noon train to-day and this afternoon played with Petersboro. Only 18 ends were played. Petersboro won the match by 7 shots, as follows:

Cobourg Beaten by the Granites

Cobourg curlers tackled the Granites last night in a three-rink match on Ontario ice and were beaten by 19 shots. Score:

Granites: G. S. Crawford, skip, 23; G. R. Harcourt, skip, 13; G. H. Goodrich, skip, 24; total 59.
Cobourg: John Saunders, skip, 11; Alexander Harcourt, skip, 18; A. Pratt, skip, 11; total 40.

The Combination Broken.

A game was played in the Bank Hockey League yesterday afternoon on Victoria ice, Dominion defeating the Combination by goals to 1. Team: Dominion (10): Goal, Alloway; point, Leigh; cover, Francis; forwards, Willy, Macmillan, Wally, Cochrane and Dunell. Combination (1): Goal, Scott; point, Forsyth; cover, Muir; forwards, Livingstone, H. Wilson, Ross and A. Wilson.

Ice Chips.

Hockey fast and furious amused 350 spectators last night at O'Neill's, Barrie winning, having scored 8 points to O'Neill's 6.

The Spalding Hockey Club played the St. Thomas team last night, Chicago won by 5 goals to 0, hockey being a comparatively new game at St. Thomas.

The semi-final match in the Central Ontario bonspiel was played at Kingston yesterday. Pembroke defeating Rockwood by 40 to 24. Kingston and Pembroke play the final to-day.

Lindsay curlers, 12 rinks strong, will strike Toronto to-day, playing their annual matches with the Toronto and Granite clubs. Four rinks of Brampton curlers play in Mutual street in the afternoon.

Health Built Up

"I had a very bad cold which settled on my lungs. I was under doctor's care and was not getting any better. I got a bottle of Hood's Sarsaparilla and took it for eight weeks. I did not gain strength very fast and other remedies failed to help me or improve my case. I was induced to try Hood's Sarsaparilla and the result has been most satisfactory. I have taken several bottles and my health is improved very much. Since I have taken Hood's Sarsaparilla I feel like a new man." Mr. Joseph Melley very much stronger than for a long time.

It is a marvelous piece of work, and was recently awarded first prize at the Royal Academy of Arts in Vienna. The original is now owned by the Emperor Francis Joseph of Austria, and is grand sire of Mr. Bray's Bull, and great-grand-sire of the stock of the T. & B. Kennel, Hamilton, owned by Mr. G. T. "LOVE ME, LOVE MY DOG."

Ladies and the New Dog Brawl—Confederation Life Assn. Appeal Dismissed.

A certain cruel man of the name of Thompson is conducting a crusade against the canine species. He is afflicted with a desire to curb the natural inclination of dogs to go a-wandering, and with this end in view he introduced a by-law into the City Council when he was an alderman.

This is the offending clause in the proposed by-law: "No person shall allow his dog to run at large in any of the public parks, squares, drives, streets, alleys or other public places in the city, unless such dog is accompanied and under the immediate charge and control of some competent person."

Mrs. S. G. Wood made a pathetic appeal for dogdom, but the members of the City Council, who are in her behalf, he did not see the public streets should be made "a playground for vicious dogs."

Ald. Sheppard: One of my children was bitten by a dog. I would rather all the dogs in Toronto were destroyed than have my child mutilated. The dogs have a right to live, certainly, but not in preference to our children.

J. G. Rhoads: I would rather see some men shot than a dog. Then upon Ald. Frankland, he considered the last remark an insult, and in the face of it would rather spend the time for dogs to remain in the pound being killed by made 48 hours, as in the new by-law, than to have them being willing to grant the request of the delegation to extend the time to 72 hours.

Chorus of ladies (appealingly): Oh, he did not mean it! On the motion of Ald. Sheppard, the words "unless such dog is accompanied" were inserted in the clause printed above.

To Remove the Technical School. Ald. Davies, Dunn and Saunders were on the motion first mentioned, appointed a sub-committee to confer with the Technical School Board with a view of altering and improving the St. Andrew's Hall building, in order to make it available for the purposes of the Technical School.

On the motion of Ald. Frankland, the City Commissioner was instructed to prepare a plan, with estimates for improving the Yonge-street Wharf, recently taken over from the C.P.R. Commissioner Costwell submitted the estimates for 1935, and they were ordered to be printed. They are as follows:

Public buildings, etc. \$17,546.90. Tower clocks special. \$1,100.00. Ontario-avenue firehall. \$1,100.00. Bolton-avenue firehall. \$1,100.00. Markets, crematoria, etc. \$4,738.20. Total estimates. \$27,675.90.

The expenditure last year amounted to \$47,501. A statement showing the receipts and expenditures in connection with the different public halls, was submitted. The total expenditure amounted to \$297,676, and the receipts to \$283,225, of which St. Andrew's hall was \$18,828.36. This does not include the Pavilion.

The use of the Council Chamber has been granted to general South for a conference with a delegation of merchants this afternoon.

Assessment Appeal Dismissed. Judge McDougall yesterday dismissed the appeal of the Confederation Life Association against an assessment of \$168,000, made by the city last year, and the company considered released it entirely from taxation for income on its reserve. A. J. Russell Snow argued the appeal for the company, and the city was represented by H. L. Drayton.
