WOMAN ARRESTED

Charged With Shooting With Intent Another Woman at Prisoner's Home

HAMILTON, Jan. 8.—(Special.)—Annie Mifflin, 70 West Simcoe street, was arrested on Saturday afternoon on the charge of shooting Mrs. Maud Lampman (Maud Mulholland) with intent.

The shooting took place last week at the prisoner's home, where both parties live. The plaintiff was not seriously wounded, although she had a narrow escape.

Mrs. Shelton, 156 South John street, was struck by a street car at the corner of King and John streets about 6.30 this evening. One of her ankles was broken, she was removed to her home in an ambulance.

Matthew Whitey, who was arrested at Bothwell for the local police on a charge of procuring goods from a local firm on a cheque which is alleged to have been forged, was brought back from there last night.

YANKEES CHECKMATE BRITISH IN HONDURAS

Diplomacy of Secretary Knox Brought Rejection of British Proposition.

WASHINGTON, Jan. 7.—The report of the tripartite negotiations by the United States, J. Pierpont Morgan & Co., and Honduras, to rehabilitate that republic and to erect it into a buffer state for the peace of Central America, under the protection of the United States, was corroborated in administrative circles to-day.

The president favors the plan. He believes tranquility in Honduras will solve the problem and will be a protection against warring factions in adjacent states.

Stripped of all diplomatic verbiage the plan is to make Honduras, with its consent, virtually a protectorate of the United States. In order to accomplish this, financial agreements with the New York group of bankers, which are the backbone of the arrangement, must be ratified by the congress of Honduras, which it about to take up the subject.

It developed to-day that the diplomacy of the president under Secretary Knox, brought about the rejection of a private English proposition which had for its ultimate design the very purpose of the present American negotiations with Honduras. The proposition of the English syndicate involved the actual hypothecation of wharves, in which large amounts of American money were invested, and that American interests elsewhere in Honduras were not protected at all.

It is not known definitely how the plan was executed, but it is fact that Honduras threw over the British proposition and accepted the American substitute.

Seceding Presmen May Return. It is rumored that efforts are being made to bring back into the International Union the seceding members of the President's cabinet.

The original trouble arose over the payment of dues. It is said that the seceders are willing to pay \$1.50 per man, but International President Berry insists that the union pay a lump sum of \$500.

Strength Comes Not From What You Eat, But From What You Digest.

A Tablet Digests a Meal—Trial Package Free.

Most people eat most foods without discrimination—it matters little what they eat. They think that food does for them. This is the first turn on the road to dyspepsia. Reckless disregard of the proper choice of foods, rapid eating and improper mastication, are the unquestioned causes of all stomach disorders from the slight ache to the malignant cancer.

There is nothing more revolting than a dyspeptic stomach—a very fat putrefaction, sending forth its poison throughout the entire system, depressing the brain, befouling the breath, obscuring the taste, deadening the muscles, incapacitating the liver and kidneys for their work, debilitating the heart, choking the lungs and clogging the bowels.

All of these disagreeable and dangerous conditions are due to the improper digestion of food and the consequent assimilation of poison. What else can be expected? The food lies in the stomach, if the system is constipated, fermentation is the natural outcome. It shows itself in sour watery risings, belchings, heartburn and painful breathing.

There is only one way to relieve this condition. If the stomach refuses to digest your food put something into it. Stuart's Dyspepsia Tablets are not a medicine, they work when the stomach will not.

Each tablet contains enough pepsin, diastase, golden seal and other digestive elements to reduce 3000 grains of ordinary food to the proper consistency for assimilation into the blood.

Stuart's Dyspepsia Tablets are absolutely pure. There is nothing harmful in them as shown in their endorsement by 40,000 physicians in the United States and Canada.

Ask your family physician his opinion of Stuart's Dyspepsia Tablets and if he is honest toward you he will state positively that they will cure your stomach troubles. Stuart's Tablets may be ordered unless you have waited too long and have allowed your disorder to develop into cancer.

Act to-day and begin to end your suffering. A free trial package will be sent to your address upon request. The 50 cent size packages are for sale at your druggist's. F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

receive him, and quickly the workers passed the cards of acceptance. Mr. Chapman left the stage, and shook hands with those who had started in to all. Again the singing came in a mighty volume, and the greatest meeting of the campaign so far came to a close.

The Evening Meeting. A large crowd turned out to the evening meeting, and, although the great hall was not quite so crowded as in the afternoon, enthusiasm was equally high, and again Messrs. Alexander and Harkness made the echoes ring with their hymn-singing. "Nearer, My God, to Thee" and "Forbid It, Lord," came full-heartedly from the crowd at the cheery injunction of Mr. Chapman, loudly or softly, as the words might demand.

Dr. Chapman's sermon was as convincing as ever, and the text, from Psalm CXLII, "No man cared for my soul," was well illustrated. Last night's meeting was especially for church people, although there were undoubtedly many others there. The speaker enlarged on the necessity of the personal invitation in the advancement of Christian salvation. He told the story of two business men who were close friends, and who journeyed to and from Boston every day. One of them was a Christian, while the other was not. By a strange coincidence, both lay dying at their homes at the same time, and the unbeliever, knowing of his friend's sickness, said to his wife, "Isn't it strange, that while he and I have talked on nearly every subject we know of, he never asked me to come to Christ?"

Ask Your Friends. Some people, said Dr. Chapman, were averse to people going about asking others to accept Christ. "I don't want you to go out on the street calling, 'I want you to accept Christ,'" he said. "That would spoil your good intentions. But I want you to ask your friends, the people you meet every day in your business, and here you will find you can do great work." To illustrate, he told the story of an Atlanta business man who had been a close friend of his, and who desired to test the attitude of his friends on personal solicitation to Christianity. He wrote down 60 names of people he knew, and went about the city next morning, interviewing them and asking them to come to Christ. Not one of them was angered at his action, but every one thanked him, while five of them became converted.

He explored the fact that present-day religion was losing the conception that without Christ all was lost. People spent a great deal of time making money and building great names for themselves, but very often neglected the spiritual side of things entirely. "And what will do you the most good when you have crossed the border line?" he asked. "Wealth? Power? Ambition, or the knowledge that at some time you gave yourself to the Saviour?"

Dr. Chapman asked all those who had been brought near to Christ by the efforts of their friends to raise their hands, and nearly 500 answered. Again, he asked those to answer who would promise to write a letter or in some way help a friend come to Christ, and everyone glad to do something in answer to the sermon pledged themselves to some real personal work to-morrow.

Mr. Nafziger sang "Save One," and, at the suggestion of Dr. Chapman, the meeting closed with a verse of "Rescue the Perishing." The words came forth in great billows of sound, and, as the crowd made its way out, it looked like a great work started on its way.

At the Asylum. Rev. William and Mrs. Asher conducted services in the different institutions of the city yesterday. At the Queen-street Asylum, at 9 o'clock in the morning, over 400 patients and nurses assembled to hear the evangelist's message. Mr. Asher took as his text "For God so loved the world, that He gave His only begotten Son that whosoever believeth in Him shall not perish, but shall have everlasting life."

The Protestant population at the Central Prison gathered at 3 p.m. in the assembly room to receive their share of the great revival. In the absence of Mrs. Asher, who was assisting at the women's meeting in Metropolitan Church, Mrs. Goodson conducted the musical portion of the work. Mr. Asher exhorted his audience to forget their past lives of crime, and, through the influence of the Holy Spirit, to lead a better life. He complimented them on their singing, and said it was the finest he had ever heard in any institution.

At 4 p.m. Mr. and Mrs. Asher joined forces again at the Mercer Reformatory, and at 7 p.m. conducted a large sermon meeting at the British Welcome League. The meeting at the latter place was larger than was expected, and the officers of the league had difficulty in coping with the crowd of men who came forward in answer to the appeal.

Rain No Deterrent. Afternoon meetings were held in Dunn-avenue Presbyterian and Central Methodist Churches, and despite the pouring rain both buildings were well filled. Over 250 men attended the men's only meeting in Dunn-avenue Church, and the Rev. Samuel Gray preaching a sermon from the Scriptural story of Jesus feeding the masses with the loaves and fishes, took as his text "Make the men sit down."

The meeting at Central Methodist for both men and women, and over 450 were present. Rev. George R. Stair preached from the text, "The Son of Man has come to seek and to save that which is lost." The singing was especially good at this point, and was

under the direction of Mr. Albany Smith, who sang several solos. Brought Their Flocks. Fully 1400 people attended the meeting of the Dundas and Dovercourt district, which was held in Wesley Methodist Church. The pastors of the nearby churches had evidently brought over their entire congregations, the meeting being held in the evening at 8.30 after the regular services were over.

"Sowing and Reaping" was the theme of Rev. C. P. Goodson, and it was set as a law of the natural, mental, and spiritual life, enriched with illustrations from history, drama and fiction.

Fully 1000 of those present pledged themselves to devote some time to-day to special prayer on behalf of the mission.

The singing was led by Frank Dickson, and a feature of the music was the playing of the Fisher Boys' Choir of 60 voices.

Rev. J. W. Aikens was the speaker at the College-street Baptist Church, at 7 p.m., which was held in his text Isaiah 17, "The Hill Shall Sweep Away the Refuge of Lies." The sermon was a practical exposition of the text, dealing with the false refuge of the world, and showing that the last judgment will sweep away all these.

As an appeal to the unconverted it evidently had moved many, as a large number remained for country and fully seven professed conversion.

The attendance was large, between 1000 and 1100 being present. A splendid song service was led by Mrs. S. A. thousand persons attended the meeting in Westmoreland-avenue Methodist Church, at which Rev. Wm. Pearson made a strong appeal to the unconverted. Between thirty and forty stood up for prayer. The singer was H. E. Litchfield.

Walmer-road Baptist Church was filled Sunday, 6.45, the appointed hour, and Rev. John H. Elliot preached from the familiar text John 11. 16. The singing was under the direction of Mr. Nafziger, who also sang several solos.

A meeting for ministers will be held in the Y.M.C.A. parlors this morning at 10 o'clock. Dr. Chapman will address the meeting, and will give some details of the campaign, which has only just started.

Theatrical Celebration. Over in Detroit last night there was a celebration of theatrical celebrities. It being the twelfth anniversary of the wedding of Mr. and Mrs. Will Brady, the department of the arts and letters in Montreal Saturday night, and took the midnight train for Detroit, where she met Mr. Brady, who is in that city superintending the last rehearsal of "The Bess," the new play which Holbrook Blynn is using as a starring vehicle.

There is probably no actress on the American stage who is a greater lover of home than Miss George, and on all holidays, such as Xmas, New Year's and the anniversary days they are always together, no matter what the section of the country is that Miss George may be playing in. Mr. Brady is conceded to be the biggest and most extensive operator in the business of providing amusement for the American public, but with all the many enterprises that require so much hard and persistent work, yet he always finds time to visit Mrs. Brady or have her visit him on these occasions.

Up at 50 Central Park West they have a beautiful home, and it has often been remarked that the actress takes every opportunity possible to spend all of her available time at her own fireside, and that Mr. Brady encourages her to do so. "Whenever possible," she says, "I spend the Saturday night performance and reach home Sunday so that she can spend Sunday and the evening there. To do this and to return to her company for the Monday night performance necessitates a great deal of wearisome traveling. Miss George will leave Detroit this morning and arrive in Toronto this afternoon and time to spend with Mrs. Brady, who is also 70 East Queen-st. W. T. Pearce, 1621 Dundas-st., also 182 Dundas-st. NEW ITALIAN MISSION DEDICATED YESTERDAY

Rev. Nestore Cacciapuoti and Dr. Wright Were the Speakers at Opening Services.

Representative and well attended were the dedicatory services of the new Italian mission hall and institute yesterday. The site at Teraulay and Elm-streets, and the institute building were purchased from the W.C.T.U. The hall itself is a new and ideal auditorium, in which the mission type is followed in the design, but the electric lights render the interior an exquisite scene at night. The beautiful little hall has a neat pulpit and a compact choir platform. Handsome stained glass windows also adorn the hall.

The morning service was conducted by the new Italian minister, Rev. Nestore Cacciapuoti, who addressed the congregation in their native tongue.

The sermon, which was preached in Italian, was given by the Rev. Dr. F. H. Wright, superintendent of the Italian branch of the Methodist Episcopal Church in the United States. Rev. Cacciapuoti was a pupil of Dr. Wright when in Rome.

Dr. Wright chose as his text, "For I determined not to know any thing among you, save Jesus Christ, and Him crucified"—I Corinthians, II. 2. Before commencing the sermon, the Italian minister expressed his sincere gratification to the non-Italian Methodists present, for the hearty and unselfish interest they had shown in the work. "It was a worthy work, and one that would bear abundant fruit."

Shortly before the close of the service, Mr. Massey rose and dedicated the mission to the Italian people of Toronto, "in the name of the Lord, whose benevolence is everlasting."

Rev. Dr. Hincks president of the Toronto Conference, on behalf of the trustees, accepted the mission, expressing the belief that a great work would be accomplished. He then read the dedication service, which was afterwards read in Italian by the Rev. Nestore Cacciapuoti. Rev. James T. Smith, D.D., sang a solo, and a prayer.

A well attended children's service was held in the afternoon. The addresses to the Sunday school in accordance with the custom of the mission were given in English.

At the evening service the mission was thronged. Rev. Nestore Cacciapuoti preached from the text, "And we know that we are of God, and the whole world lieth in wickedness." I John V. 19.

Rev. Dr. Wright explained the meaning of the sacrifice of holy communion, which was held with about 100 communicants.

Addresses were delivered by Rev. W. S. Dean, Edmund Harley, superintendent of the Sunday school; R. E. Bull and Alex. Mills. Mr. Bull, Martin L. House, addressed the meeting in Italian. Mr. House aroused great interest by an account of his liberation in London, England.

A Stagnaro said that he had never heard of Methodism until after his arrival in Canada a few months ago. He came, he saw, he appreciated and now he is ready to give all of his resources.

An excellent choir and Miss Cowling, Senior Lambert and Mr. Doan furnished the music.

Trains Losing Time.

RHEUMATISM AND COMMON SENSE

Father Morrissey's No. 7 Eliminates the Uric Acid.

Many treatments will relieve the ache and pains of rheumatism, but there is only one way to cure that dread disease. The common sense method is to remove the cause and the effects will soon disappear.

Rheumatism is caused, as is well known, by the failure of the kidneys to perform their intended work of filtering the uric acid out of the blood and eliminating it from the body through the bladder. When the kidneys go on strike, the uric acid is carried to the joints and tissues, where it causes stiffening of the muscles, and the excruciating pains of rheumatism.

Father Morrissey, the learned priest-physician, after much research devised a prescription which would act directly on the kidneys, and by toning them up to vigorous action, cause them to clear the system of the uric acid. This remedy, known as No. 7, has been used successfully in thousands of cases.

Father Morrissey's Liniment will bring relief from the effects of rheumatism, while his No. 7 Tablets will get to work on the cause and in due time cure the disease.

Why suffer from this painful and troublesome affliction, when by using the common sense methods originated by Father Morrissey and successfully followed for years, it is possible to rid nature of the uric acid?

If you are not yourself rheumatic, you doubtless know of some one who is, and who would be glad to learn of a treatment which has such a consistent record of cures. It is easy to take and sure to benefit and ultimately cure rheumatism. See a box, at your dealer's, or from Father Morrissey, Medicine Co., Ltd., Chatham, N.B.

Earthware." Dr. Chapman told with much dramatic force the story of the Bendigo hero, who lay in front of his friend's body to protect him from a quarry-blast.

"When did you suffer the most?" he was asked. "While I was waiting, just waiting," was the reply.

"And I wondered if it was not like that about Jesus," added Dr. Chapman, "the rocks shaking and the crosses beside Him, and our sins rolling in upon Him."

Another graphic account was of Ted the Snag, a Melbourne convert, who for 4 years had lost his manhood, having fallen from the high estate of a member of parliament. Dr. Chapman appealed to think that titles are dear to Britisners and makes a Lord Mayor of the chief magistrate of every town in the empire.

The stereopticon views which concluded the meeting were of the best quality, and were an impressive testimony to the success of Dr. Chapman's tour. He was quite modest about it.

"I can't understand why God has given me the honor," he declared.

Fine Views. The views were in Melbourne, Albany, Sydney, Brisbane, where the Countess of Dudley and Melba, the singer, attended Dr. Chapman's meetings; Thurston Island, Manila, Hongkong, Canton, Shanghai, Yangtsiekiang, Hing Kow, Woo Chow, Pao Tien Fou, Pekin, Tientsin, Seoul in Corea, and in Japan, Kobe, Keoto, Nigoya, Nikko and other places. The views of China and Japan were of the deepest interest and should be shown again and less hastily.

Mr. Alexander led the song service at the beginning. "So many of you, but good quality up there," was Mr. Alexander's greeting to the top gallery as he asked the five score up there to sing, "Can the Lord Depend on You?"

"There are a lot of people here on the front seats, the best seats in the house, who are not singing. Now, these seats are reserved for sinners, and I tell you if you don't sing you will just go up in the gallery, and they will come down here."

Asked Ladies to Sing. "Those three ladies in front there, sing now, will they, please?" Dr. Chapman did, one of them with a splendid voice, and Mr. Alexander said he could tell they were singing all over, and getting something out of it in the general chorus. The ladies were loudly applauded for their effort.

A stanza by request followed from "Anywhere With Jesus," and Mr. Nafziger sang a verse of "The Pilot Song." And then the favorite Welsh melody was sung, which was introduced to Toronto by Gipsy Smith in 1890. "Hyfrydol." Its quaint minor strains have a yearning appeal, and most direct route. Through sleepers at the time at Cardiff a year ago, has arranged words which include familiar lines from "Jesus Lover of My Soul."

QUEBEC, Jan. 8.—The first conflict respecting the Lavergne law, passed at last session, occurred on Saturday last, and as a result actions of damages will be instituted by Mr. Trudel, notary at St. Roch, against the Quebec and Lake St. John Railway, and against Conductor Richard. Mr. Trudel resides at Charlesbourg, but comes to town every day, and on Saturday morning he asked the railway agent at Charlesbourg for a ticket printed in both languages. As there were no such tickets to be secured, Mr. Trudel refused to purchase any other, and got on board the train. When Conductor Richard came along, Trudel informed him that he had no ticket, and the conductor offered to sell him one, but as it was not printed in French, he refused to accept it. As a result he was ordered off the train at Limoulin station, and had to walk into the city, and gave his counsel instruction to issue actions against the company and the conductor.

A Song Service. A song service will be held next Saturday evening, when the choirs from all the outside meetings will be gathered in Massey Hall.

MADE TWO HUNDRED HITS IN A BASEBALL SEASON

Lajoie Four Times; Cobb Twice and Stone Once Alone Performed the Feat. In the ten years that the American League has been a rival of the National League only three players—Napoleon Lajoie, George Stone and Tyrus Cobb—have turned the trick of making 200 or more hits in a season. Lajoie was a double-digit player in 1901, 1904, 1905 and 1910 (Lajoie was with the Athletics in 1907). The St. Louis was in this highly select class in 1906, while the Thumping Tiger entered the 200-wallops-per-season society in 1907 and renewed his membership two years later. In the campaign of 1910 Lajoie smashed all records for the American League by making 227 hits. He took part in 150 of the 161 games played by the Naps, being the top notcher the last week of the season. The average number of hits made per game by him was 1.5, which did not come up to his 1907 record counter. Ernie Williams, rolling for the Fifth Floor team in the Eaton League, claims he lost his stop Saturday night, which accounted for his poor showing.

NO BASEBALL WAR

According to George Tebeau, Well-Posted American Ass'n. Magnate. LOUISVILLE, Ky., Jan. 7.—George Tebeau, the Kansas City baseball magnate, and former owner of the Louisville Club, arrived in the city yesterday morning, and went to Chicago last night. Mr. Tebeau, who is one of the leading spirits in the American Association, and who is in a position to know, gave out last night the following statement: "There will be no baseball war with any organized league. The report that the owners of the American Association club will make demands for any reclassification or discuss expansion plans at the coming annual meeting at Chicago is without foundation. There is no truth in the story that Chivington and Barrow, presidents of the American Association and Eastern League, respectively, will make a joint request to the National Commission for reclassification. Until the agreement with the National Association of Baseball Clubs expires, on Dec. 31 this year, I cannot say what will be done concerning this matter, and what I have said today to set at rest all talk about the A. A. club owners adopting plans at the annual session next week in Chicago to start a baseball war and play independent ball. "After re-electing Tom Chivington president, awarding the pennant to the Minneapolis club, appointing a schedule committee for the 1911 season, and closing up last year's business, the meeting will be adjourned. "I am almost certain that Mr. Chivington will be re-elected as president of the American Association. The term will be for one year. Mr. Chivington has handled the affairs of the association in a splendid manner, and I am satisfied that he will continue to give a good account of himself as the head of this league. "From all indications, I expect that 1911 will prove to be another prosperous season for the clubs in the American Association. I am satisfied Danny Shay will give the Kansas City fans a team that will be a bidder for the handling of the men, as any time to the handling of the men, as I leave that entirely to Shay, who has a manager, and who thoroughly knows what is needed. I understand he is after another pitcher and an infielder."

Where Did the \$2 Go?
Alice Nagle, 659 East Queen-street (Bellevue Home), was arrested by Detective Taylor yesterday, upon complaint of Chas. Wicks, who charges with theft of \$2. Wicks states that the girl invited him to lunch at 105 York-st., and when the meal was served, said she had forgotten her money. He loaned her a \$10 bill and only got \$6 change back. Probably the other \$2 went to lunch.
Fractured Her Leg.
As she was stepping off a street car opposite 671 West Queen-st., last evening, Mrs. Heffernan, 705 West Queen-st., slipped and fractured her right leg in two places below the knee. She was taken to St. Michael's Hospital.
Tohoggan Hit Him.
Roy Coates, 498 Ontario-street, was knocked off his pins by a toboggan on No. 3 slide, Tigh Park, Saturday evening. The police ambulance took him home. He has a slight concussion of the brain.

Ottawa Too Good For Wanderers Ridpath Stars

OTTAWA, Jan. 8.—The National Hockey Association's season of 1911 received a magnificent send-off in the capital Saturday night, when the Ottawa team, in the presence of one of the greatest crowds that have ever witnessed a game in Canada, defeated the champion Wanderers by a score of 10 to 5.

The game was fast, the ice was good, and at times a brilliant exhibition of hockey was given. Eaton's were more the faster skaters, but lack combination play, while the Wanderers were more the better players, but lack speed.

Cubans Excelled The Athletics in Hitting the Ball

Batting and fielding averages of the recent series of games between the Athletics and the Cuban team, compiled by Antonio Conelo, official scorer of the Cuban National League, show that the Athletics were the weaker of the two teams in field work...

Jack Coombs duplicated his work in the world's series by winning the three games of the series for the Athletics. He pitched a total of 18 innings, allowing only 10 runs, 10 hits and 10 errors.

Following are Mr. Conelo's figures: Dec. 6—Habana v. Athletics, 2-0; Parede and Bender.

Dec. 8—Almendares v. Athletics, 1-2; Coombs and Pedroso.

Dec. 10—Habana v. Athletics, 5-3; L. Gonzalez, Mederos and Plank.

Dec. 12—Habana v. Athletics, 4-0; Coombs and Parede (ten innings).

Dec. 14—Habana v. Athletics, 5-2; Bender and Parede.

KING COBALT, 5 TO 2, WINS THE CAPITOL HANDICAP

Edda Finishes Second and Red Wine Third in Jacksonville Saturday Feature.

JACKSONVILLE, Jan. 8.—The Capitol Handicap, worth \$1500, at Moncrief on Saturday went to the favorite, King Cobalt, who made all the pace and lasted long enough to beat Edda out by a neck. White Wool furnished the surprise by defeating T. M. Green, the odds-on favorite, in the third race, with a price of 13 to 1 quoted against him. Only two favorites won.

Jockey Davenport was indefinitely suspended in connection with his riding on the horse All Red several days ago. Jockey Dunn was suspended for three days for rough riding. Summary:

FIRST RACE—Selling, 5-year-olds, 5 1/2 furlongs:
1. Herbert Turner, 104 (Dunn), 12 to 5, even, 1 to 2.
2. Scrimmage, 108 (Wilson), 4 to 1, 2 to 1 and 2 to 1.

B. U. ATHLETIC CLUB

Officers Elected at Annual Meeting—Winter Appointments.

One of the best general meetings that the British United Athletic Club has ever had was held in their clubrooms last Sunday afternoon. Besides the election of officers for the new year, a lot of other business was settled. The club has decided to run a baseball team next summer, and all men who intend joining for this branch of sport will be welcomed at the clubrooms any evening. The club billiard handicap for the Sutton Trophy will be played off in a few weeks, so all intending entrants should let the management know as soon as possible. It is also intended to run a benefit concert for one of their old members, A. Palmer, the well-known local waterweight, who has only just recovered from a long illness. The following officers were elected for the year 1911:

President: G. Bowler; vice-president, A. J. Pettie; financial secretary, J. Murray; assistant secretary, J. Murray; treasurer, C. Herbert; reporter, R. Alkenhead; auditors, D. Ritchie, H. Lewis, C. Albenethy; manager of boxers, W. Jacobs; manager of wrestlers, G. Jacobs; assistant manager of boxers, G. Bland; assistant manager of wrestlers, C. Owens. A. J. Pettie was also appointed as the British United representative on the A.A.U. of C.

A meeting of boxers and wrestlers will be held next Sunday afternoon to appoint instructors in these sports, so all who are interested are requested to attend. A party on Saturday evening the club will run a wheel drive, to be followed by the usual social and dance. All members and lady friends are invited. This notice is being given earlier than usual to allow members to make dates with their sweethearts for this party.

Sunday in Mexico.

Stanley Gun Club.

The Stanley Gun Club held their weekly spoon shoot Saturday afternoon, when some very good scores were made, also there were very interesting ties between Joe Jennings and W. Joseph in Class A, and W. Stephens and Dr. Van Duzer in Class B. The noticeable feature of the shoot in Class B was that the men equaled the score of Class A, and W. Stephens, Class B, carried off the silverware. The scores:

W. Joseph	100
J. Keller	90
W. Stephens	85
W. Black	80
J. Jennings	75

CAVALRY AND KILTIES WIN OPENING BALL GAMES

Officers Play Before Large Crowd in Armories and Hit Up Big Scores.

A large crowd was at the armories Saturday night, the occasion being the opening of the Officers' Indoor Baseball League. Two good games were put on, which resulted in wins for the Highlanders over the Q.O.R., and Cavalry over Ex-Officers. Some of the players showed the lack of practice, while others played in mid-season form. Doc Roberts made a grand catch in left field and Holmes made a double play unassisted. An orchestra stationed in the gallery helped to make the evening more pleasant. There will be two games every Saturday night.

PRESTON AND RANKIN WILL STICK WITH EATONS

Despite Tempting Offers to Play Pro They Will Be With Big Store Team.

Considerable excitement was caused among the executive of the Eaton senior hockey team on Saturday, when a rumor got started that Preston and Rankin, the two old Stratford players, now with the big store team, were going to go to Saskatoon to play professional. It turned out that both the boys had received tempting offers to play professional in the western part of the country, but in the end they decided to stick with the amateur game. If a man is suspended or expelled from the amateur ranks he simply turns pro. If a man is suspended or expelled from the amateur ranks he simply turns pro. The two boys before mentioned are to be congratulated on their decision to play the game in the amateur ranks.

Public School Basketball.
Four closely-contested games were played on Saturday afternoon in the Public School Basketball League, at the Central Y.M.C.A. The following are the results: First game, senior, Dufferin v. King Edward—Dufferin won, score, 31-23. Winners: R. Boyd, P. Woolnough, R. Buckner, W. McKenzie, A. Chandler. Second game, intermediate, Ryerson v. Wellesley—Ryerson won, score, 25-23. Winners: J. STREET RAILWAY POLICY.

"Whatever may be their gauge later on," says The Globe, "the new civic car lines should be built to permit of interchange of cars with the Toronto Railway."

A working arrangement by which passengers may get to the centre of the city without changing cars is surely not impossible.

The Globe, like The Star, always professes to be working in the interests of the people, but paragraphs like the above certainly lend weight to the suspicion that the support of these papers is invidiously perverted when the people need it.

The Star certainly appear to be working for an arrangement, whether it be a "working arrangement" or not, by which the city shall build the lines of the railway company and will not build, for no other purpose apparently than to hand them over to the company.

And now, in order to make it easy, we are to build the new lines on the antiquated gauge which will entail a fortune to change "later on."

The Globe and The Star appear to be fond of post obits. The Blue-street viaduct is to be built "later on" also. The Evening Telegram said ten years would be time enough. Ten years just suits The Globe and The Star and the Street Railway, whose franchise will then have expired.

Toronto people are easy. The World tried to point out to them how the viaduct, which is an essential in every way, is specially required as the sole link between the eastern and western divisions of the new city service.

The Globe, The Star and The Telegram fought against it in the interests of the Street Railway. They will say they did not, or when facts confute them, that they did not know they were fighting for the railway, but the public will understand.

At present a similar point comes up in the effort to build the new lines on the old gauge.

The first thing to note is that the whole system will have to be standardized to the uniform gauge. The radial railways on the standard gauge makes that imperative. When Toronto builds tubes the radial lines must come thru the tubes. But the tubes will run in connection with the new surface lines, and they must be connected with the old lines at the expiration of the franchise, if not before.

The Globe's suggestion reeks of nothing but the street railway interests, which alone would be consulted in building the new lines on the company's city gauge. This means the city assuming an immense expense which might be avoided by considering the people as having the first claim when questions of expense or economy or convenience arise.

A report on the whole situation should be had from the engineer's department, and the consolidation of the whole system, either immediately by expropriation or at the expiry of the franchise, with the admission of the railways, should be kept in view in the conclusions to be arrived at.

WOMEN AND LEGISLATION.

Whatever may be thought of the merits of the case, no one with the slightest sense of justice can fail to sympathize with the protest made by William T. Stead, before the Royal Commission on Divorce.

"No subject," he said, "so vitally concerned women as the law of marriage, and it was an outrage of the fundamental ideas of justice and of right that that law should be remodelled by any legislature which women had no share in electing, and over which women had no control."

TRUTH IN FIGURES.

It ought to be possible to arrive at some agreement on the size of an audience. In politics, a gathering of 30 people will be described as large and enthusiastic. An outlying hall which is jammed full with 200 people is, of course, a mass meeting. When a great crowd really gathers there are no terms left to qualify it. The biggest meeting of recent years in these parts was the London demonstration to Sir James Whitney, Hon. Adam Beck, and others, but very few people outside of London realized its dimensions, on account of the exaggerations that are usual.

If any body of people should adhere to the truth, it is a revival corps. Yet the human tendency is strong. On Thursday night there were about 1,200 people in Massey Hall. According to the generous custom of reporters, the attendance was placed at 1,500. An evening paper made it 2,500. This may have been a misprint. Massey Hall seats 3,800 people when the orchestra is full. There were 150 people on the orchestra on a liberal estimate, and 22 on the top gallery by actual count. The floor and first gallery were by no

means full. Had it been a suffragette lecture or a home rule demonstration, they would have been described as "partially filled." The Globe on Saturday described the attendance as "well on to 3,000," and the head-line made it 3,000. The Star, a friendly paper, stated that the attendance was no greater than on the previous night.

NO MONOPOLY OF RELIGIOUS POWER.

Rider Haggard has turned his attention to the rich vein so excellently worked by Harold Begbie in "Broken Earthenware," or "Twice Born," as the book is called on this side of the Atlantic. Mr. Haggard's book on Salvation Army work is "Regeneration," and the work of General Booth's wonderful organization affords him an opportunity to make a notable contribution to literature.

It is the real miracles in social psychology which are wrought under the agency of the Army that make such a profound impression on men like Haggard and Begbie, who are accustomed to analyze and study human nature. There are sects which make exclusive claim to the power whose effects are recorded in these books. There are churches which claim it exclusively. It is usual for one religion or another to assert an exclusive claim to this power.

The fact seems to be that all sects, all churches, all religions have the power to enable man to transcend his lower nature, to the extent that they can inspire him with a willingness to abandon his ordinary purposes, and accept the potentialities which arise out of his possession of a spiritual nature common to the universe.

"Emmanuel," says the Christian, "God is with us." "Thou art That!" says the Vedantist.

WISCONSIN AND SENATOR LA FOLLETTE.

Senator La Follette of Wisconsin has been for years one of the leading progressives of the United States. Both as governor and senator he has done much for his state and the people have stood loyally by him in his long fight against the railroad and other special interests that sought to exploit Wisconsin for their own advantage.

UNRESTRICTED ARBITRATION.

President Taft is credited with the desire to procure a general treaty of arbitration between the United Kingdom and the United States, without the exceptions that have hitherto been inserted in such agreements. That the British Government is as ready now as formerly to give its approval to the proposal may be taken for granted.

international difference, and the senate, from its composition and lack of executive responsibility, is by no means an easy body to reckon with. Whether it remains of its old temper is yet to be seen, but the president will have behind him a large amount of influential support and possibly means may be found to obviate the difficulties that prevented ratification of the agreement formerly reached.

MONETARY TIMES' ANNUAL REVIEW.

Following its custom at this season the current number of The Monetary Times contains its annual statistical review of Canadian conditions and the country's outlook. Its principal contents consist of an editorial on Prosperity and Caution, and many special articles on industry, mining, crops and grain markets, stocks and securities, transportation, government, municipal affairs, commerce, insurance and banking and finance.

CHILDREN'S COURT FOR TORONTO.

Editor World: May I be allowed to express my opinion re appointment of judge or commissioner of children's court in Toronto? I believe I voice on this subject the sentiment of a majority of the burdened taxpayers of this goodly city, so well regulated by law—some of us think almost "done to death."

Some weeks ago—prior to the introduction of the subject into the city council by Aid. McCarthy—one of the city officials asked me what I thought of prominent members of the council regarding the appointment of a special commissioner or judge to try juvenile offenders, with the view of securing the position for a certain ambitious gentleman (mentioning his name). He was so positive in his statements, which I discredited at the time, that I called up five members of the council by phone and found that four of them on their own testimony had pledged their "vote and influence" to this gentleman expecting, no doubt, that the appointment was their prerogative.

Now comes along another worthy candidate for the expected office (that is in search of the man), and his sponsors, benefiting by the experience of the city fathers, "beseech the throne of grace" on parliament hill, and lay down their petition at the feet of the throne. The moving is a most unusual procedure for wise men even, the some of them by their priestly prerogatives may claim the right to petition the throne.

Dismissing this questionable move on the part of worthy disinterested men I wish to ask those strenuous promoters what I was in hopes our trust arrested for crime against the state, the biggest "scare" I could experience would be to face the judge of all men in a man's court. Fehaw! Faking a man's court in Toronto, who had pardoned my pals, that's easy! I was amused to read that a member of the deputation took the liberty of saying that Magistrate Denton was "the wickedest man of the kind heart—this making himself rather than his position secure with the judge. If they are the men I believe them to be they will resent the fact that they are court scoundrels. But the point I wish to make is this—either those magistrates are not doing their duty or there must be some reason why they are wrong in the administration of the present system. Which is it, members of the deputation, lay and clerical?

(b) Has "Toronto the Good" become such a wicked city that it requires a special officer of the law to try such cases? Is it worse than other cities which have not asked for a commissioner? Are the boys of Toronto cities who have not asked for such an appointee. The Jew boys of Toronto are as good as the Gentiles—the Catholics as well behaved as the Protestants—and I am surprised to find their representatives on the deputation agitating for a change of administration.

Now, Sir, if you please, just a word left for a settlement. It is this: Since the members of the city council and the deputation unite in expressing their high estimate of the character and conduct of Police Magistrate Denton and his able assistants on the bench, would it not be well and in order to ask the police commissioners, the appointees of the government, to make suggestions as to the improvement of the present system of dealing with youthful delinquents? No man is perfect in our day, much less his system, and no doubt after years of trial the present system of dealing with such cases is capable of improvement. It is to be hoped so.

A PERILOUS VOYAGE

New Government Quarantine Vessel Arrives Safely at Halifax.

HALIFAX, Jan. 8.—Battered by gales after a four thousand mile voyage with less than two tons of coal in her bunkers, and her food supply almost depleted, the tiny government quarantine boat Alva, from Dartmouth, England, made Halifax via the Azores and Bermuda, this morning.

The net tonnage of the Alva is forty-eight tons, and she left Dartmouth on Wednesday, and after nine days' rough weather made her port here, where she was detained thirteen days on account of storm.

After leaving the Azores, the Bermuda, which was made in eighteen days, the Alva sailed from St. George's last Monday. Soon after the port was cleared, she encountered rough weather, and on Wednesday night the little craft swept over her. It was with the greatest difficulty that Capt. Tucker, who was in command, was able to save the vessel.

The Alva was built at Dartmouth for the Dominion Government, and is now in quarantine service in Halifax harbor.

"THE WORLD'S OUTPUT"

J. B. Tyrrell Delivers Instructive Address to Canadian Institute.

Scarcely too much can be said in praise of the eloquent and instructive address of J. B. Tyrrell, mining expert, before a well-attended meeting of the Canadian Institute, on Saturday night.

The speaker dealt with the subject from Mr. Tyrrell's point of view, Europe, he said, was the chief gold producer in pre-historic times. The natives had found the precious mineral in India, Egypt, Spain and Portugal, at one time produced great quantities of gold, but the two latter countries the supply had long been exhausted.

California was the greatest producer, said with Columbia, a close second. Referring to Canada, the speaker explained the origin of the gold in the rivers of the Klondike. He said the rivers of the Klondike, neighboring thru the weathering of the gold-bearing mountains, covering a period of several million years, and an immense area of ground.

The world's output of gold in particles of the size of a pin's head, the river beds would fill 37 feet each way, gold to-day would fill a mass as large as a ordinary house.

WENT THRU THIN ICE

Two Children Drowned on Way Home From Sunday School.

HALIFAX, Jan. 8.—Two brothers, Ainslie and Miles Marlett, aged 12 and 10 years respectively, were crossing Chocolate Lake, on the outskirts of Halifax, this afternoon, on their way home from Sunday school.

The boys were seen to fall into the water, and it was clear from the beginning of last week and ice had frozen over again in the last cold spell, but it was weak, and the two children went thru. The older child clung to the edge of the ice and was pulled out, but Miles went out of sight almost at once and was drowned.

REPLY RESERVED RIGHT TO FORTIFY THE CANAL

So Senator Foraker Contends, in Letter to President Taft, Just Made Public.

WASHINGTON, Jan. 8.—President Taft to-night made public a communication from Senator Foraker on the subject of fortification of the Panama Canal. Senator Foraker advised with John Hay, secretary of state, concerning the treaty, which was rejected by England. Senator Foraker tells of a letter from Lord Lansdowne indicating that it would not be worth while to attempt another treaty, unless provision was made for settling pending questions between the U. S. and Canada showing that the fortification of the canal was not the subject of the difficulty.

In discussing the whole situation, the senator says that it would be useless to deal against this treaty, if it contained a prohibition against the fortification of the canal. Senator Foraker suggested the following provision:

Military Police. "The canal shall never be blockaded, nor shall any right of way be exercised nor any right of way be exercised nor any right of way be exercised."

Foraker on Aug. 22, 1901, that he hoped to conclude the new treaty with England, "in line with all suggestions which you kindly made to me."

The treaty was ratified by the U. S. senate in Dec. 1901, and in due time was also ratified by Great Britain. The senator contends that this treaty reserved the right to fortify the canal.

Fortification involved. The treaty provision for a military force, he argues, support as a consequence that this force would have a right to protect itself or "in plain terms, fortify itself against attack."

He also recalls that England was the object to the Spooner law, and the treaty with England, in both of which the intention of the U. S. to protect the canal was clearly stated.

Foraker says that he and other senators believed when the second Hay-Pauncefote treaty was ratified that the U. S. left it to the discretion of the U. S. to determine to what extent we would employ military power and resort to fortification to protect our rights.

A HOT CAMPAIGN

Vancouver's Mayor Charged With Favoritism to License Holders.

VANCOUVER, Jan. 8.—The present majority campaign is the hottest seen in Vancouver for years. Friday night Ald. Whittier, on behalf of Alex. Morrison, who is opposing L. D. Taylor, the present mayor, charged the latter with having favored certain municipal licenses.

The World's newspaper purchased stock in the Van Dear hotel, which was the Van Dear Hotel, when the cancelled license was renewed by the city council.

Dr. Campbell in London Daily Mail Comments on Nationalist Movement.

LONDON, Jan. 8.—Dr. Robert Campbell of Bridport, for 44 years a resident of Montreal, writes the London Daily Mail: "The election in Drummond-Arthabasca shows that the spell of Laurier over his compatriots is broken."

Bourassa, scarcely less eloquent than the premier, does not scruple, he says, to appeal to the unworthiness of the judges, and bids for ecclesiastical support as a champion of the Catholic church, advancing the question of the narrowness and unfairness of the issues raised or the mischievousness of the inflammable appeals to excitement and spite-minded people.

The British church, he says, is not so cautious to lend itself to such extravagance.

"Meanwhile it looks as if soon would come the end of the Laurier regime, owing to the withdrawal of its dominion support. The French premier will scarcely have the right to complain, as he will be thrust out by the same influences that placed him in power, only in a subtle form."

CARTOONIST SUICIDES

MONTREAL, Jan. 8.—Alonso Ryan, aged 38, hanged himself at his home in this city early on Saturday morning.

An inquest was held later in the day and the coroner's jury returned a verdict of suicide. The evidence was to the effect that deceased had lately been suffering from acute depression.

Saturday night he was brought about, it is understood by business worries. The deceased, who was well known as a newspaper cartoonist, but had recently been interested in the moving picture business.

That the people of Toronto are rapidly awakening to the utility and enduring principles of the Salvation Army was evidenced by the crowded meeting and attendant enthusiasm that marked the dedication of the new structure, erected at a cost of over \$11,500, at the corner of Dovercourt-road and Northumberland-avenue yesterday afternoon.

ARBITRATION NEGOTIATIONS. President Taft's Suggestion Favorably Viewed, Says London Times. LONDON, Jan. 9.—In an editorial revival of the arbitration treaty negotiations The Times says: "If and when President Taft's suggestion takes practical shape it will be certain to meet with a favorable reception here. Nothing has occurred to make Great Britain recede from the position taken in 1907. On the contrary our relations with the U. S. have become more cordial and intimate, and our devotion to the cause of arbitration is more pronounced than ever."

DRINKING CUPS WILL GO. M. H. O. Starts Crusade Against Menace to Health. Dr. Hastings, M.H.O., has begun a campaign against disease-spreading germs. His first endeavor will be to wipe out public drinking cups and replace them with sanitary fountains. He proposes also to put bracket fountains in the city hall.

CAR SHATTERS SLEIGH TWO MEN BADLY HURT. George Dart and Stewart Tassie Have Concussion of Brain—Two Others Escape. Four men escaped death as by a miracle Saturday afternoon at Wilton-avenue and Church-street, when the sleigh in which they were driving was struck by southbound College car 1580, in charge of Motorman J. Carlton (145) and splintered to kindling, when it jumped between that car and a northbound Church-street car 30 feet below the crossing.

SOCIETY NOTES

Mr. William MacMillan wishes to express his thanks for the numerous expressions of sympathy received by him and his family in their recent bereavement.

Mrs. T. W. Capp, 146 Geoffrey-st., will receive Wednesday, Jan. 12.

Mr. and Mrs. W. J. Duncan have returned to the city from a tour of the west, following their wedding at Chicago, Dec. 27. Mrs. Duncan was formerly Miss George Risdon of Minneapolis.

The students of the Ontario Agricultural College and Macdonald Institute at Guelph have forwarded a petition to the minister of agriculture, asking that the holding of "mixed dances" be permitted at the college once or twice in the term.

Dr. Augusta Stowe Gulien will not receive until the fourth Friday in January.

BEARDMORE-NIVEN

LONDON, Jan. 8.—A mid-winter fashionable wedding was on Saturday afternoon celebrated at St. Paul's Cathedral, when a dashing Toronto man took as his bride one of London's society women. The church was filled with friends of the bride, Miss Nora E. Niven, eldest daughter of Dr. James S. Niven, Colborne street, and also a number of Toronto people, the relatives and friends of the groom, A. O. Beardmore. The ceremony was performed by Rev. Arch. MacKenzie of Bradford.

The bride, who was handsomely gowned in white satin, with rose point lace, was given away by her father. The flower maids, Miss Dorothea Beardmore of Toronto and Miss Mary Labatt of London, wore yellow satin veiled with mauve chiffon. The maid of honor, Miss Nancy Niven, looked exceedingly pretty in white satin veiled with white chiffon, with touches of yellow and mauve. All the ladies of the party wore black picture hats. The groomsmen were Gordon Beardmore, and the ushers were Gordon Temple and Arch. MacDonald of Toronto and Hugh Labatt and Dr. Pardee Bucke of this city.

The groom's gift to the bride was a diamond pendant in plaque, to the bridesmaids gold bracelets, and to the ushers gold safety pins. Among the guests from Toronto were Mr. A. C. Beardmore, father of the groom; Mrs. Campbell Reeves, Miss MacDonald, Messrs. Hamilton Morton and Kenneth Marlett.

Mr. and Mrs. Beardmore left for an extended trip to New York on the afternoon G. T. R. express, after a dainty wedding dejeuner at the bride's home.

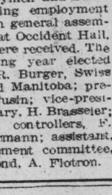

Major Murray Dined.

Major J. A. Murray was tendered a complimentary dinner Saturday evening at the St. Charles by the employees of the gents' furnishings, clothing and tailoring departments of the Murray-Kay Company, Limited.

The Toronto Swiss Society.

Pastor Russell's
Sermon

ST. PETERSBURG, Fla., Jan. 8.—These and other Scriptures tell us of a personal God, the Father or Life Giver of all, the Great One who inhabiteth eternally. St. Paul declares that to the gods many, but to us there is but one God, the Father, and one appointed agent of His in dealings with humanity—our Lord Jesus Christ—and that every tongue shall confess that Jesus, Messiah, is Lord, and the glory of God the Father (Philippians ii, 11).

Every attribute of the divine character was the same millions of years ago that it is to-day, but that character was unrevealed. Every step of character more and more, and each successive step and development of creation has brought forth new creatures capable of comprehending the eternal one. We deem it not unreasonable to assume that Jehovah's creative power will continue to be exercised throughout all coming time.

Astronomical photographs now reveals nearly 125,000,000 suns, around which circle systems such as the one which our earth is a part. We deem it not unreasonable to assume, from the Scriptures, that the great work of millions of planets stretches forward into eternity, and that the work of divine grace, begun on the planet "earth," will be continued throughout the universe, not only in conjunction with the planet, but in connection with the planets, with millions of planetary systems too far removed from us to be discerned even by photography.

Discernible divine methods in connection with other worlds and other inhabitants will display the wisdom of God. For instance, we understand the Bible to indicate that while the permission of evil in the earth was wise, it will not necessarily be wise or expedient for any reason to permit a similar sign of sin and death in any other of the millions of worlds, in connection with their ordering or development and their peopling with glorious creatures who will show forth the praises of the great Creator without their passing thru experiences with sin and death such as have been permitted in connection with the humanity of earth.

Can we not see a broad reason for the permission of evil on the earth for the permission of the reign of sin and death, which for six thousand years has apparently disgraced the Creator, degraded humanity, astonished the angels and conspired our race of a groaning creation? Only when we discern that Messiah's Kingdom will surely bring order out of this confusion, when we see the proper solution, do we begin to get the proper focus upon our subject, and realize something of the greatness of our God. From the standpoint of the completion of the divine purposes in connection with humanity, and from that standpoint, alone, can we see illustration of divine wisdom, justice, love and power. The primary lesson was justice—that sin brings suffering and eventually death.

The second lesson was that of divine compassion, sympathy—love. This lesson was manifested in the sending of the Redeemer and His subsequent ward of exaltation, and His gathering of a "select" church to be His associates in glory and in the blessing of the redeemed race. The reign of glory, the reign of sin and death could be introduced, with its poor degradation and death, and give to each and all the fullest opportunity to return to perfection and to divine favor and everlasting life.

In all that work of human restitution, which will include the awakening of mankind from the sleep of death, the one great lesson will be the greatness of the divine power, which will be exercised thru Messiah, the God-like One, the Redeemer, the Regenerator of Adam and his race.

And finally, from the standpoint of the completion of Jehovah's great purpose in dealing with man and in respect to Him, will stand revealed the foreknowledge and wisdom of God who foresaw how even the permission made eventually to work out to His own glory and to the blessing and honor of His creatures on both the human and the angelic planes. Then human and the angelic planes, then will be revealed to all the glorious character of their Creator, and the necessity for His requirement of absolute righteousness and perfection.

The qualities of the Divine character which we have just considered—wisdom, justice, love and power—belonged to our Creator in the great eternity preceding creation. But there was one at that time to appreciate God—it requires a full view of the perfected plan of the ages to make known to any and all the glory of the Lord. As we have just seen, thus far the secret of the Lord and the glories of His character are known only to His "sons," who have begotten of His Holy Spirit. But the time nears when "the whole earth shall be full of the knowledge of the glory of the Lord as the waters cover the great deep." He and His glorious government will then be "the desire of all nations."

The creative processes which have been operating for thousands of years were all surely elaborated in the mind of Jehovah before the creative work began. In that purposeful work, later came the creation of man, "a little lower than the angels," and crowned with earthly honor, dignity and power, in the image and likeness of his Creator's glorious power.

We are not to understand that Almighty God was lonely in that great eternity before creation began. On the contrary, human loneliness is largely because of human deficiency. What we lack Jehovah lacked nothing; He was complete in Himself; He needed not companionship to complete or to supplement His happiness. It was His pleasure to create that His creatures might have joy by reflecting as a whole His Divine qualities implanted in their constitutions.

"From everlasting to everlasting, thou art God" (Psalm xc, 2). "I am Jehovah, and my name shall not be given to another" (Isaiah xlii, 8). "To us there is one God, the Father, of whom all things" (I Thessalonians viii, 6). "E sar, O Israel, the Lord our God is one—Jehovah" (Deuteronomy vi, 4).

Not only was the Divine program thus sealed and safely secured, but it was the Divine determination that it should be given only to the one who would faithfully carry out the behests of Jehovah's honored agent for the carrying out of those purposes—predestinated before the world was. The honor of being the agent, the representative of Jehovah, to carry out the Divine purposes, should be disclosed in advance only to the one who would demonstrate his worthiness to be the great Messiah, the great Deliverer, the great Prophet, Priest, Judge, King of Israel.

High as the Redeemer stood in the Divine counsels and fellowship before He came into the world to be man's Redeemer, it was not then the least even to Him to know all the mysteries of the Divine program. But by virtue of His high station, His perfection, His obedience, the privilege was given to Him first, when He successfully finished at the cost of personal humiliation and death, and then, if faithful in this redemptive work, it should be His to be glorified, exalted to the Divine nature, and to execute the Divine program to its completion. First, He must manifest His devotion to the Father, and He could be trusted even with the knowledge of the Divine program.

In the symbolic picture John saw a freshly slain lamb, at the same time that the angelic messenger declared that the lion of the tribe of Judah prevailed; Jesus proved Himself worthy, and, therefore, the privilege of understanding the things of the Divine plan, and the privilege of executing them rightfully belonging to Him. The slain lamb represented the work of Jesus from the day He was thirty years of age and made His consecration. There He became dead to self and to the world. When He successfully finished this great contract, He cried on Calvary, "It is finished."

This glorious victor was then acknowledged by God and by the holy angels to be the worthy One to whom the Father would entrust the execution of every feature of the Divine program. "Worthy is the Lamb that was slain to receive glory and honor, dominion and might." He has not yet completed His great work there and then entrusted to Him. The Father glorified Him and set Him at His Own right hand—the place of Divine favor—when He finished His demonstration of loyalty even unto death. As yet He has only begun His great work. The blessing of the Church as "the Bride, the Lamb's Wife," is the first step in the glorious program, and it is not yet completed. Following it will come the blessing of the world, all the families of the earth, not only the living, but the dead.

Where will you spend eternity—in heaven or in hell? Is a question that has no doubt exercised many of our minds in times past. Few, if any, of us consider the possibility of enjoying eternity on earth. Mr. M. L. Herr of Brooklyn, N.Y., an associate of Pastor Russell, will discuss this question fully on Saturday next, January 15, at 3 P.M., Broadway Hall, 450 Spadina avenue. Seats free. No collection.

In the nine months of the fiscal year ended with the last day of the calendar year, the revenue was \$85,665,833.83, as against \$73,390,077.97, a betterment of \$12,275,755.86. The expenditure for the nine months of the fiscal year ended with the last day of the calendar year, the revenue was \$36,655,338.83, as against \$34,026,137.22, an increase of \$2,629,201.61. The expenditure on capital account during December last was \$3,680,305.47, as against \$3,379,270.77; while for the nine months it was \$22,804,217.36, as against \$24,026,137.22. The corresponding period of 1910, the expenditure on the Transcontinental Railway. The public debt shows decrease of \$778,661.99 in the month, but it is \$901,579.65 more than in December last.

FIRE IN BELLEVILLE.

BELLEVILLE, Jan. 8.—The Deacon Shirt Company's large and commodious three-story brick and stone structure was completely gutted by fire yesterday morning. The fire broke out at 4 o'clock and spread with such rapidity that the fire brigade were unable to stop its progress. Nothing remains but blackened walls.

A Long Season.

OTTAWA, Jan. 8.—F. T. Congdon, M. P., says a record was made last season in dredging in the Yukon. It extended over 233 days. It is remarkable that a gold dredge can work every day, except on two weeks of Christmas. There were difficulties in the Yukon not experienced in other countries, but it is being proved that they can be overcome.

MATTHEWS COMMITTED FOR COLBORNE MURDER

Evidence of George M. Teasdale Hotelman, Taken in Cobourg Jail.

COBOURG, Jan. 8.—Henry L. Matthews, Jr., was yesterday morning committed for trial on a charge of murdering Miss Brimacombe, a deaf mute, in an hotel at Colborne. The final hearing was held in the Cobourg jail for the purpose of taking the evidence of Geo. M. Teasdale, in whose hotel the murder was committed. Teasdale is serving a term for selling liquor without a license. Teasdale here testified that he had gone to bed early on the evening of Dec. 17. He was roused about 8 o'clock by hearing somebody in the dining room. He heard the clock strike eight, and said to his wife that they were having a pretty late supper. He didn't hear any noises except that. The next morning he heard the water go up to the third floor and knock on her door. He then got up. The room in which Miss Brimacombe was murdered is directly opposite that in which Teasdale and his wife slept. He went over to the door and opened it.

This was O'Rook's room, and he was asleep. He saw Miss Brimacombe lying on the bed and thought she was away. He didn't know who she was, and walking over took her by the arm. He found her cold and stiff. He took her to his room. His wife rose up in bed, and he asked her if she had put anyone in that room. Then he went down stairs and told Don Haynes, the janitor, which the crown had come to get referred to a conversation between Matthews and Teasdale on Monday afternoon.

"Did you have a conversation?" asked Mr. Kerr. "Yes."

"What was said by Matthews?" "Well, he asked me why I hadn't told him about the papers being served on him. He was wanted as a witness in my liquor case, and I was going to plead guilty. He said if I had told him, he could have been away."

"Anything else?" "Yes, he said I wasn't to look well to have two papers served together."

"Why did he say that?" "I'm sure I don't know," was the reply.

"Now, Mr. Teasdale," said the crown attorney, "was there anything said about this other affair?" "Yes, he wanted me to get the old man, Toronto McDonald, to keep his mouth shut."

"Why did he say that?" "I asked him why and he said because the old man had seen him in the kitchen when Joey was there. For the first time Matthews smiled, then his face grew grave again.

Teasdale explained he had re-arranged the woman's clothes before the coroner arrived, but he was not quite sure just when he had done it. The face of the dead woman was almost unrecognizable, and it was not until he had seen her glasses and clothes that he was sure that it was the murder victim.

Mr. Porter took Teasdale thru a short cross-examination.

"Did you say anything about the body being warm?" he asked.

"Yes, I noticed that there seemed

WILL QUEBEC CLERGY BE MUZZLED POLITICALLY?

It is Said That Mgr. Stagni, the New Papal Delegate, Will Carry Such Instructions.

MONTREAL, Jan. 8.—(Special.)—Hon. Rodolphe Lemieux, postmaster-general, left Liverpool yesterday for Rome, and private advisers say that he has had a very important interview with the papal secretary of state regarding Canadian affairs, leaving Rome convinced that Mgr. Stagni would be sent to Canada at a very early date, bringing with him very precise instructions as regards the action of the Quebec clergy in political affairs.

It will be remembered that the announcement was made two months since that the successor of Mgr. Sharnett would sail at once, and nothing has since been heard of the new delegate. It is now stated that the bishops were able to secure a delay in his excellency's sailing, but subsequent reports say that the postmaster-general leaves the Eternal City with the assurance that Mgr. Stagni will follow almost immediately, and that one of the chief planks in the program imposed upon the new delegates will be the

Parliamentary Duties Keep Him From Attending President Taft's Dinner.

OTTAWA, Jan. 8.—Sir Wilfrid Laurier will not attend the dinner to be given by President Taft on Wednesday evening next at Washington to the Canadian envoys to the reciprocity conference and Earl Grey, who is at present in New York. The premier was invited by the president to attend, but has replied to the formal invitation that his parliamentary duties will keep him from going. The house of commons resumes after the holiday recess on Wednesday, and, as so many of the cabinet ministers are absent already, the premier feels that his presence is necessary at the opening, as much important government business is on the program for immediate discussion.

WILSON'S INVALIDS' PORT

(A la Quina du Pérou)

By its blood-making and reconstructive properties it will increase the quantity of the red blood cells, strengthen the heart, tone up the nervous system, bring back the appetite and re-establish the harmony of the vital functions.

Dr. J. M. ROGERS
Ipswich, Ont., says
"I found 'Wilson's Invalids' Port' not only a pleasant wine to take, but a good blood builder as well. I now make it a practice when prescribing port, to specify 'Wilson's Invalids' Port,' and I am satisfied that my patients will get the results for which I am looking. So far as I know there is no other wine on the market at the present time that is its equal."

Dr. K. C. WEST
Woodstock, Ont., says
"I have prescribed 'Wilson's Invalids' Port' several times and in every case the patient was delighted with it. I thoroughly believe that as an invalid tonic it has no equal."

DULL TRADING IN WHEAT PRICES ABOUT STEADY

Unexpected Weakness at Liverpool Inspires Selling at Chicago—Profit Taking in Evidence.

World Office. Saturday Evening, Jan. 7. Liverpool wheat futures closed today 1/4 lower than yesterday, 1/2 higher. At Chicago May wheat closed today 1/4 lower than yesterday, 1/2 higher. Winnipeg May wheat closed today unchanged from yesterday; May oats, unchanged also.

Winnipeg Inspection. Winnipeg receipts of wheat to-day graded as follows: No. 1 northern, 17 cars; No. 2 northern, 47; No. 3 northern, 19; No. 4 northern, 9; No. 5 northern, 7; No. 6 northern, 3; rejected, 4; winter wheat, 3 cars, against 50 a week ago, and 36 a year ago. Minneapolis 117, 149, 226.

Broomhall's Cable. LIVERPOOL, Jan. 7.—The market showed a fairly firm undertone at the immediate close with offerings lighter, stimulated by the unexpected firmness in American markets. There was a further light covering by shorts on the expected light world's supply here. Later and during the remainder of the morning the market was under realising pressure.

Crop Report. Rumania.—Broomhall cables: The weather is favorable and the outlook for the crops is satisfactory. The wheat market is under a good export demand. Argentina.—Broomhall's agent cables: Wheat.—The weather conditions are generally favorable. Latest advices received are to the effect that locusts are covered freely, which was reflected in the strong advance shown in the Buenos Ayres future market.

Winnipeg Wheat Market. Jan. 7. Open. High. Low. Close. Wheat—May 96 1/2 98 1/2 97 1/2 98 1/2. July 96 1/2 98 1/2 97 1/2 98 1/2. Oats—May 37 1/2 37 1/2 37 1/2 37 1/2. July 38 1/2 38 1/2 38 1/2 38 1/2.

ST. LAWRENCE MARKET. Receipts of farm produce were light on Saturday, very little grain or hay, which sold at unchanged prices. On the farm, there were only a few loads of mixed produce, which sold readily at about steady prices.

Single Tax Dinner. The Single Tax Association and Tax Reform and Direct Legislation League of Ontario will hold a dinner on Thursday evening, January 12, from 6.15 to 8.15 o'clock, at Williams' cafe, William Houston, M.A., will speak on "The Unearned Increment for the City."

Market Notes. John Barron, J. L. Paterson of Swan Bros., George Robertson of the Harris Abattoir Co., and J. J. Conroy of the market, but Andy Thompson at the King's street entrance to the market got the name of the country, he has the name among the farmers of being a good buyer.

Produce in London. LONDON, Jan. 7.—To-day's boat from Denmark landed 425 bales of bacon. Canadian are in good demand at 58s to 62s; hams, long cut, 58s to 62s; cheese was firmer; white, 57s to 59s; colored, 55s to 60s.

New York Dairy Market. NEW YORK, Jan. 7.—Butter—Steady, unchanged; receipts 3870. Cheese—Firm, unchanged; receipts 781; no exports. Eggs—Steady, unchanged; receipts 4642.

COTTON PRICES. Year's Average of 15.05 Cents Per Pound Shown. Statistics show that the average price of spot cotton in New York during 1910 was 15.05 cents per pound, or 77.5 cents per bale.

Fruits and Vegetables. Potatoes, per bag 0.85 0.90. Carrots, per bushel 0.25 0.30. Cabbage, per dozen 0.30 0.35.

Dairy Produce. Butter, farmers' dairy 11.25 to 12.00.

SCENE FROM "SEVEN DAYS," AT THE PRINCESS THEATRE THIS WEEK.

AT THE THEATRES

Grace George in "Sauce for the Goose." Beginning to-night, Grace George will present for one week at the Royal Alexandra Theatre, one of her sparkling comedies, that has made this dainty comedienne so famous.

AT THE THEATRES

"Seven Days." Five companies are this week engaged in the presentation of the immense comedy play, "Seven Days" through the United States and Canada, and the best one of the five arrived here this morning on the train from Detroit and will stay for the current week at the Princess Theatre.

"Tillie's Nightmare." Marie Dressler, who will be seen in Lew Fields' big New York musical hit, "Tillie's Nightmare," at the Royal Alexandra Theatre, has scored the greatest triumph of her career.

"Beverly" at the Grand. George Barr McCutcheon's famous book play, "Beverly" will be the offering at the Grand all this week.

"The Sauce for the Goose." at the Royal Alexandra Theatre this week. GRACE GEORGE.

TO MEN ONLY

An Important Event That Does Not Interest the Women Folk.

An announcement of intense interest to men is made elsewhere in the columns of this paper, telling of a sale of office furniture at actual half prices. The reason of this veritable slaughter of prices is briefly explained.

NO FIAT FOR MAGANN.

Hon. J. J. Foy has refused the application of G. P. Magann for a fiat to use the hydro-electric commission for damages, because the commission's contractors erected a transmission tower on Mr. Magann's water lot of Dowling avenue.

Single Tax Dinner.

The Single Tax Association and Tax Reform and Direct Legislation League of Ontario will hold a dinner on Thursday evening, January 12, from 6.15 to 8.15 o'clock, at Williams' cafe, William Houston, M.A., will speak on "The Unearned Increment for the City."

Suffered Greatly From Heart Trouble.

NERVES WERE VERY WEAK.

Mrs. John Farrell, Rose Hill, P.E.I., writes:—"It is with the greatest pleasure I write you stating the benefit I have received by using Milburn's Heart and Nerve Pills."

"About five years ago I suffered greatly from heart trouble, and my nerves were very weak. After seeing several doctors and using their medicine, I got no relief, until a friend told me of the Heart and Nerve Pills. I took two boxes and they effected a complete cure. I can recommend them highly to all nervous and run-down women."

"I have advised many others to try them and they have all been cured of the same trouble."

The proper action of the nerves, so important to the well-being of the heart, depends entirely upon the general condition of the nervous system. If there be nerve derangement of any kind, it is bound to produce heart derangement.

In Milburn's Heart and Nerve Pills is combined a treatment that will cure all forms of nervous disorders, as well as all that result from the heart. It is in this the secret of their success in curing so many cases of heart and nerve trouble.

Milburn's Heart and Nerve Pills are 50c per box, or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Europe Will Be a Good Buyer of United States Securities

International Money Markets in Very Satisfactory Condition—Disposition of Foreign Buyers Distinctly More Friendly.

Henry Clews & Co., members New York Stock Exchange, write in their weekly review: Not only is the domestic money market in a very satisfactory condition, but the international money market is also favorable.

The general view accepted a few days ago was that the stock market would be pretty well held up pending the reinvestment of January disbursements.

There has been a general improvement in the market for bonds, and the market for that class of security is practically at a standstill.

The disposition of foreign buyers towards American investments is becoming distinctly more friendly.

The fact that many of the exploitations which disgraced our financial operations in previous years could not be now repeated together with the many restrictions now imposed upon new investments of foreign money in American securities, it is no exaggeration to say that the foreign market for American investments is exceptional favorable.

There is no prospect of any prolonged rise in values or any unusual activity in the market until the conditions of general business improve.

The White Company that Conan Doyle tells us about, which set out from Hampshire centuries ago, was a small and unimportant company, compared with the great white army of new lingerie, linens and ladies' wear generally that has come to the rescue of thousands of women who have been "making things do" for months, in anticipation of its arrival at this store.

And how well worth waiting for it was! Did you ever see such dainty and beautiful styles in undermuslins included in a white goods sale? It has meant months of hard work in preparation, but the enthusiasm of our customers has amply repaid us for our pains.

To-morrow we direct special attention to Infants' Wear, Corsets and Waists on the 3rd floor; Household Linens and Swiss Muslins on the 2nd floor, and Handkerchiefs and Ribbons on the main floor.

A Coat in Time Saves a Big Doctor's Bill

There are dozens of days when a woman has a little argument with herself as to whether she shall wear her fur coat or not. Maybe she does, for lack of a respectable "go-between" the fur and the mackintosh, then she is uncomfortably hot. Maybe she doesn't, then she catches cold. On Tuesday we are offering a medium weight imported beaver and a lighter weight broadcloth coat, in two styles. There are plenty of colors to choose from, but if you really want a good choice come early. Usual price \$15.75. Tuesday 11.75

Satisfactory clothing for winter sports, especially a skirt, is a difficult thing to get. It must be warm, but light in weight. It must fit, but allow absolute freedom of movement. These attributes are rather hard to combine, but on Tuesday (on the 3rd floor) you will find just such a skirt in Donegal Tweed. Its appearance at once suggests a trim figure, a crisp drape and a pair of skin. Donegal Tweed will wear for years and the smart style and excellent finish warrant the regular price \$5.25. Tuesday, \$3.95.

Good Boots for Men and Women

A woman might just as well wear a hobble-skirt with snowshoes as a smart costume and shabby boots. On Tuesday \$2.49 will secure for you one of the 480 pairs advertised below. And while you're thinking of it, do your husband or brother a good turn, too, by drawing his attention to the men's. These prices are very low.

\$2.00 Silk Lined Gloves \$1.29
