

WOMAN'S WORLD.

University Woman's Club. William Houston gave an interesting resume of the educational progress of women in Canada before the University Women's Club at Evangelical House last evening.

Mr. Houston said that the objections to the admission of women to higher education were originally two; first, the assumed inferiority of women in reasoning power and judgment, and second, the tendency of education to divert women from the domestic sphere which is essentially hers.

The first university in this continent to open her doors to women was Oberlin College, Ohio, in 1837. In 1871, a statute was passed admitting girls to high schools in Canada on equal terms with boys.

There are now in Toronto 203 women in the regular course at University College, and 59 occasional students at Victoria, 107 regular students and 31 "occasional" and at Trinity 37 students.

Among the members present were Miss Grace Hunter, Mrs. Hall, Miss Constantines, Miss Martin, Miss Waddell, Miss Dyer, Miss Elwood, Miss Carson, Dr. MacMurphy, Miss Christie, Miss Skelton, Mrs. Dymond, Miss Bell.

As usual, one of the first and one of the most important of the millinery openings of the season takes place at McKendry's, and truly, a bewildering display of beautiful hats may be seen here in the "House of the Hat Beautiful."

McKendry's may always be depended upon to have the very newest Parisian ideas in colors and styles, and the newspaper woman learned some very interesting things about the latest French ideas in millinery.

Copenhagen blue is also to be much worn and among ornaments large pink grasses, fruits, and small flowers are pre-eminent.

All sorts of flowers are commingled in trimming, and one pretty flat hat of tan straw had a wreath in which were intertwined about every flower known to botany, and some that aren't, white falling on the hair were innumerable loops of brown velvet ribbon.

Queen Quality It Sets the Style. When, out of the multitude of shoes for women trying to be sold, one shoe far surpasses all others in volume of sales, there must be a reason for it. That one shoe is "Queen Quality." Its sales are far and away larger than any other woman's shoe in the world. It can't be simply because of price, because many other shoes cost no more. "Queen Quality" is recognized as the leader in style. It leads; others follow. It originates; others copy. Everywhere it sets the style. If you wear "Queen Quality" shoes, you are with the leaders in fashion. \$3.75 and \$4.00 the Pair. SOLE AGENCY FOR TORONTO: THE SIMPSON

with many shades of tan cow lips. Another smart hat, somewhat extreme in style, had a very high pointed crown and short brim, and was entirely of small frills or grey tulle with two long plumes of shaded grey for its sole trimming.

Peterboro, March 5.—At a meeting of the city council last night, Ald. Dwyer, chairman of the Finance Committee, submitted a proposition to tax the bachelors of the city.

The third annual Pure Food Show under the auspices of the Grocers' Association of the Retail Merchants' Association, will be held in Massey Hall, beginning March 22 and ending March 29 (Good Friday).

Miss Maxwell Memorial. Sympathetic boys and girls all over the country are pouring subscriptions into the Montreal papers to help the Maxwell memorial fund. A couple of pages of letters appear in The Montreal Star.

The World believes the hearts of the youth of Ontario were touched by the story of the heroic devotion of the Hochelaga girl who gave up her life in her effort to save the little ones in her care. Some of them have forwarded subscriptions. Toronto should not be behind in doing honor to the dead heroine.

Editor World: Enclosed find \$1 towards fund for monument to Miss Maxwell, the brave school teacher of Montreal. Emma C. McGivern.

From Charlotte and Julia Greenwood, 16 Bathurst-avenue, 50c.

From W. W. A., \$1.

'SAVE OUR BOYS' CRUSADE. In the house of commons yesterday Sir Wilfrid Laurier said: "Cigaret smoking is injurious, physically and mentally, to the immature youth, so, indeed, is the use of tobacco in any form."

"I had for years patiently borne the disgrace, suffering, misery and privations due to my husband's drinking habits. Hearing of your marvellous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was odorless and tasteless, he did not know what it was. It so quickly relieved his craving for liquor, he soon began to pick up flesh, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that it had been his saving, as he had not the resolution to break off of his own accord. I heartily advise all women afflicted as I was to give your remedy a trial."

FREE SAMPLE and pamphlet giving full particulars, testimonials, and price sent in plain sealed envelope. Correspondence will be answered. Write for reply. Address The Samaria Remedy Co., 92 Jordan Chambers, 25 Jordan-street, Toronto.

The Samaria Remedy Co., 39 Jordan Chambers, 25 Jordan-street, Toronto. Also for sale by George A. Hix, 100 Yonge-street and at Kendall's Pharmacy, 1406 Queen-street West.

WORLD PATTERN DEPARTMENT

2440-2441—A SMART DEVELOPMENT FOR CHECKED GOODS. Many pleasing new suits are showing small checks and stripes, and one which is rather new in style and suited to a variety of figures is sketched. The coat is semi-fitted and has applied pleats to give it chic lines. The collar and front closing are unique in outline, while the sleeves are long, as most-fitting for a general wear suit. The skirt is an eleven-gored one with each alternate gore arranged in a box pleat. For a jaunty knockabout suit to wear during the coming months, one could not find a more attractive style. The new materials in checked suiting would make this a most attractive suit; 2 yards of 54-inch material are needed for the medium size.

TWO PATTERNS: 2440-5, sizes 32 to 40 inches bust measure. 2441-6, sizes 22 to 32 inches waist.

The price of these patterns is 20c, but either will be sent upon receipt of 10c.

PATTERN DEPARTMENT TORONTO WORLD. Send the above pattern to. Name..... Street..... Town..... Province..... Measurement—Waist..... Bust..... Age (if child's or miss' pattern)..... NOTE—Please enclose above illustration and mention size of pattern wanted. If the pattern is bust measure only mark 22, 24, or whatever it may be. When in waist measure, 22, 24, 26, etc. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "yards." The price of each pattern is 10 cents. Do not send stamps. ADDRESS THE WORLD PATTERN DEPT., 83 YONGE ST., TORONTO.

TO TAX BACHELORS.

Peterboro, March 5.—At a meeting of the city council last night, Ald. Dwyer, chairman of the Finance Committee, submitted a proposition to tax the bachelors of the city.

He suggested the following schedule: For those between 20 and 24 years of age, \$5 a month; from 25 to 35, double that amount; decreasing to \$5 again when the man reached 40 and was unmarried. At 50 he would pay only \$20 a year, and when he had passed his three score years the tax would cease.

PURE FOOD SHOW.

Special Attractiveness of the Coming Exhibition in March. The third annual Pure Food Show under the auspices of the Grocers' Association of the Retail Merchants' Association, will be held in Massey Hall, beginning March 22 and ending March 29 (Good Friday).

Mr. George B. Watson of London, Ont., is at the King Edward for a few days on business.

C.L.A. PRESIDENTY FIGHT KEARNS FOR FIRST VICE

Las. D. Bailey and Harry S. Cameron After Chief Honors—North End Team Looks Good.

The C. L. A. fight for the presidency is on, Wednesday Secretary Hall received the nomination of James D. Bailey, and a late despatch last night from Beverton says Harry S. Cameron will again be a candidate.

Cameron was defeated by Miller last year, while Bailey was elected first vice over Art Irvine. Both are well-known in the C. L. A. circles.

The nomination of Jack Kearns for Arthur for first vice was also received yesterday. Kearns is a very capable man last year for second vice.

North End Senior Team. J. K. Forsythe and Harry Gillespie of the North End Club are leading candidates to have a first-class team to use senior C. L. A. series.

They have secured E. Kinsman, Eddie Dwyer, Arthur and Bobby Gilbert of the Junction Shamrocks. Kinsman will play goal and Dwyer will be the other two.

Of the last year's St. Thomas team, Art Gillespie, a member of the Junction Shamrocks, is a defence fielder, while Ferguson is a reliable forward.

Green and Warwick, two of the Matthews' best men, decided on Monday night that they would play for the North End Club. Both are excellent stars and will play on the team.

Several other men are being communicated with, one of them being Pete Matthews, who is a well-known forward. Let's see well known forward the northern country as one of the best, and his presence will be a great asset to the team.

The team will practice at the island arena this Thursday. They will also play all their games there, using dates not taken up by Tecumseh's. Fifteen men will be on the team.

That Australian Trip. President Miller of the C. L. A. has selected the following players for his Australian trip: R. Aron, Curran, or Atton, Toronto Junction, goal; Kearns, Toronto Junction, forward; Graham, Toronto Junction; O'Connell and Graham, Bradford; Paddy Hennessey, Doyle or McKenna, Newcastle; Bryan Jackson, Toronto.

The team will probably line up as follows: Goal, Hennessey; defence, Curran, Hennessey and Hennessey; centre, Hennessey and Hennessey; forward, Hennessey and Hennessey.

Lacrosse Points. The eventful senior team and the Young Toronto will organize in the Young Toronto Lacrosse Club. The event is currently requested.

The Young Toronto will again play in the intermediate level. They will have their old team and several new ones, one of whom is Hennessey of the Junction Shamrocks.

Hennessey will organize for the coming season. The Young Toronto will have a Manager of the Tecumseh, which asked last night if there was anything in the report that they would have a big shake-up in the team this year, stated that so far nothing had been done.

Close Game at Billiards. New York, March 5.—Two games were played at the Lederer's Club, both of which were very close. The hitting championship trophy which began yesterday at the Lederer's Club, both of which were very close.

The executive of the Hamilton Hockey Club have made final arrangements for the Senior Argonauts of the O.H.A., and the champions of Toronto, to play here on Friday evening.

H CO. HIGHLANDERS CHAMPIONS

Beat C Co. by 20 to 5 in Final Game of Garrison Baseball League.

The game that decided the championship of the Garrison League was played last night between H Co., 48th, and C Co., 48th, and was won by H Co. by the score of 20 to 5. H Co. played one of the best fielding games ever played in the amateur, not an error being chalked up against them, while their hitting was a surprise to everybody.

Adams was especially strong with men on bases, retiring G Co. on strikes with the bases full in the sixth and seventh innings. Batting and fielding of S. Thwaites was the sensation of the evening. E. Adams and York were also very prominent with the stick. For the losers, the hitting champion of Toronto, to play here on Friday evening.

YANKEE GIRL WILL FEATURE DRIVEN FROM TILTING

Little Molly, at Long Odds, Took the Steeplechase—Oakland and Ascot Park Results.

New Orleans, March 5.—There were many starters in nearly all the races at City Park today. In the steeplechase over the short course, Anie, one of the well-played horses, unseated his rider at the second jump, and Anie, the favorite, ran out at the fifth. Two of the Derby candidates, Tilling and Yankee Girl, fought it out in the fifth race at a mile and an eighth. Yankee Girl winning. Weather clear and warm; track fast.

First race, 3/4 mile, purse—Prince Bowling, 119; 2, 1; 3, 2; 4, 3; 5, 4; 6, 5; 7, 6; 8, 7; 9, 8; 10, 9; 11, 10; 12, 11; 13, 12; 14, 13; 15, 14; 16, 15; 17, 16; 18, 17; 19, 18; 20, 19; 21, 20; 22, 21; ALL RAILWAY NEWS STANDS AND HOTELS. PATRIOTISM.

Anglo Saxons have a certain shyness about the deeper emotions of life. They shrink from display and protestation. Men who truly love their church, their country, their children, bury these things deep in their hearts.

As we distrust the man who talks too much about his religion, so we are apt to be suspicious of the man who talks too much about his patriotism. Dr. Johnson had reason for his stinging definition that "patriotism is the last refuge of a scoundrel."

Five years ago every citizen of the United States was exhorted to believe, and he did believe, that the state-owned railroads of continental Europe betokened helplessness and servility. He rejoiced that the American railroads were owned by private corporations, and he assumed, without question, that they were the finest in the world.

In Canada, the advocates of the two-cent fare are met with the charge that they are not "patriotic." F. H. Chrysler, K.C., representing the C.P.R., made the charge quite bluntly. Sir Wilfrid Laurier complicated the issue with an insinuation that two cents a mile carried with it the "American spelling."

Thus the Toronto World is doubly damned. Who so base as not to prefer a "through" ticket from Toronto to Napanee, for example, at \$4.50, to a thru ticket at \$2.87?

Let us be patriotic, even tho' it doubles the letters in every word and the fare on every mile!

RESEMBLANCE AND DIFFERENCE. New York like Toronto, has to deal with a street railway problem, and with a street railway boss.

William Davies, president of the William Davies Co., who is in the Bermuda, has suffered a paralytic stroke. His son, R. H. Davies, and Dr. Tyrrell, will leave New York Saturday to attend upon him.

Separate School Board. The report of the finance committee, submitted at the meeting of the separate school board last night, calls for an appropriation this year of \$75,989.

Altho the short time that has elapsed has not yet resulted in overcoming all the imperfections attending existing methods of utilization, there can be no reasonable doubt that the ingenuity of inventors will sooner or later make denatured alcohol a formidable competitor with existing more highly developed sources of light and power.

Professor Bigelow points out the advantages alcohol in its pure form possesses. It is clean and convenient, there is no soot or smelly oil lamp chimneys remain transparent and wicks require no trimming.

The products of combustion are absolutely odorless and as harmless as any such products can possibly be. Alcohol is much less inflammable than gasoline and is easily extinguished by water which only extends the ravages of burning oil or gasoline.

But its natural superiority is considerably impaired by the presence of the denaturing agent which has been found to have a solvent effect on metals used in the construction of lamps and engines. This is one of the difficulties due to the necessity of rendering free alcohol impossible for drinking purposes which further scientific investigation must remove and "is one of the penalties which humanity as a whole must pay for the fallings of a minority."

It will ultimately be done and when it is the future of alcohol as a source of light and power is certain enough. For, as Professor Bigelow shows, the value of alcohol as a source of energy is much in excess of either kerosene or gasoline. This is due to the larger percentage of power which can be utilized.

The parallel experiments Diesel obtained 17.6 per cent. of the power in kerosene of mechanical energy, 20.5 per cent. of the power in gasoline and 31.7 per cent. of the power in ethyl alcohol, while those competent to judge say that it will not be difficult to obtain 40 per cent. of the power in alcohol as mechanical work done.

On the other hand there is less power in alcohol than in the petroleum products, weight for weight, but the chances are good that an alcohol motor will be developed superior to the gasoline motor.

Regarding cost and price valuable information is supplied by Professor Bigelow. In South American countries ethyl alcohol can be made from sugar cane molasses, saleable at 10 cents a gallon—three gallons of molasses making one gallon of 100 per cent. alcohol. The evidence laid before the U. S. committee on Ways and Means showed that in the case of alcohol made from corn a fair price to distillers would be about 20 cents a gallon and the consensus of opinion tended to show that corn in the United States is the most promising source of supply.

"Secretary of Agriculture Wilson holds out very rosy prospects and thinks it not impossible that alcohol may be made from corn cobs and from the juice of cornstalks at a certain period of their growth." In Germany the retail price of 95 per cent. alcohol has been as low as 15 cents and is now about 30 cents per gallon. But Dr. Wiley, in the U. S. Farmers' Bulletin, gives it, as his opinion, that alcohol will not be used in that country for less than 40 cents. So far as Professor Bigelow can judge "alcohol at 35 or 40 cents a gallon will be upon even terms with kerosene for lighting purposes" and an even higher price might be preferred both for these and for running small motors about farms.

PUBLIC OWNERSHIP LEAGUE.

I approve the formation of a public ownership league and am prepared to give the movement my earnest and personal support.

Name Address

D. C. Hossack will be unable to attend Saturday night's meeting in St. George's Hall to organize a Public Ownership League for South Toronto, but on a future occasion will be heard by friends of the movement.

The public ownership committee is now perfecting plans along this line, and it is hoped that before the summer season is on the movement will have been well begun.

A letter was received yesterday from Col. Belcher, Mayor of Southampton, to the effect that arrangements will be made for a public meeting there.

It is quite possible that after the local leagues have been organized a grand mass meeting will be held in a large hall in the city and that some prominent speaker who is identified with the popular movement in the United States or Canada would be invited to speak.

for by the government for patients in the asylums. Very few prosecutions, said Mr. Hanna, had resulted from the automobile regulations, to which such objection had been taken last year. He only recalled three.

Hospital or Asylum. Premier Whitney thought the example of several states in using the word hospitals was a good one. The public objected to asylums.

T. H. Preston brought up the question of immigration and the prime minister hoped that with the assistance of Mr. Preston's friends at Ottawa, Ontario would receive more attention.

In view of the departure of Hon. Frank Richardson in the course of a week or so for his holiday in Europe, the crown lands estimates were taken up.

C. N. Smith asked if A. B. Brinkman, who received \$240 for services and \$225 for expenses forest ranging and the A. B. Brinkman who received \$345 for services and \$43.50 for traveling expenses while fire ranging last year, had received the same. Hon. Mr. Cochran did not think they were.

C. N. Smith also adopted the payment of \$3000 a year to the mining secretary of Haliburton, who only gets \$2000.

The house adjourned at 10 p.m.

kept a week and then returned, the collector accepting \$275. An action was thereupon brought by Bradley against the township. Mr. Justice Mabee has now given judgment, declares the seizure excessive, for which there was no excuse, and allows Bradley \$75 damages with costs on the county court scale without set off to the defendants.

INSURANCE LEGISLATION OPPOSED BY CLEVELAND

Former President Argues That Only Discontent Would Follow Rule Regulating Investments.

New York, March 5.—Announcement was made today that Grover Cleveland had submitted a brief to the association of life insurance presidents, of which he is the head, in reference to certain threatened legislation, which would force them to invest their funds in the various states in proportion to the volume of business transacted in those states.

Mr. Cleveland questions that this legislation is framed in the interest of the policyholders.

"It cannot be made to appear," he says, "that it would in any way increase the security of their policies, while, on the other hand, legal plain that, with such impairment of securities as would reach the point of financial inability on the part of the companies, their policyholders would be the saddest and hapless victims of the disaster."

"If policyholders can be benefited or made more secure by merely forcing money into their state by way of investments no sinuously of explanation can make apparent."

The only class of persons who might be benefited, he says, are those who deal in securities, and the manner in which the enforced purchase of stipu-

BILL FOR THE REGULATION OF STATIONARY ENGINEERS

Introduced in Legislature—Burlington Beach Commission—Amending Municipal Act.

Good progress was made with the estimates at the night sitting of the legislature. The remainder of the civil government votes, except that for the treasury department, in the absence of Hon. Mr. Matheson, were passed thru the committee.

The department, \$64,482; lands, forests and mines, \$110,800; public works department, \$50,150; provincial secretary's department, \$148,670; department of agriculture, \$48,726; miscellaneous, \$15,550; were included among these. The votes for legislation, \$224,500; administration of justice, \$22,594.29; charges on crown lands, \$23,900; and returned account, \$33,172.50, were also passed. The item of \$3000 for a solicitor in the attorney-general's department may be of value at this year. It is believed that the late C. R. Robinson was to have been appointed to this position.

The debate on the budget in the afternoon did not develop any points of striking interest. R. R. Gamble will speak for tomorrow, when he will have something new to say on the forestry question. Hon. Mr. Hanna said that Mr. Thorne, the audit expert, had been offered a larger salary than the government could compete with.

Duncan Ross was introduced to house by G. MacKay and C. N. Smith, and took his seat as member for West Middlesex in succession to his father, Senator Ross. The opposition applauded.

On the municipal committee, which would adopt any formal amendments, but would refer more substantial amendments to the committee for the revision of the statutes. The time would come when the act would have to be dealt with, but this would not be during the present session.

The commission for revision was going over the statutes line by line, and the subject would probably surprise the people.

Burlington Beach Legislation. Hon. Frank Cochrane introduced a bill to amend the act respecting the ownership and use of Burlington Beach. The lands are the property partly of the crown, partly owned by private individuals and partly held under lease. The act provides for a board of two commissioners, in which the board is constituted as a corporation with a seal, these lands are vested. All the facts of the leases and other occupancies are to be enquired into by the commissioners, who shall have power to collect any moneys due on this account. They shall make recommendations as to the terms on which the lands should be leased, and shall collect the rents accruing and spend such rents or taxes as they may deem necessary for improvement, beautification, a constable or constables may be appointed with village constables. Penalties are provided for the keeping of billiard and bagatelle tables, for licensing the shops and stores other than taverns and tobacco stores and for evoking such penalties. General bylaws of the township shall not apply in face of regulations of the commissioners. Penalties are provided not exceeding \$50 or sixty days' imprisonment, with such other matters as may be of public interest. The territory will be separated from the Township of Saltfleet and the County of Wentworth, so that the commissioners shall return to the township the due proportion of school taxes. The Liquor License Act shall continue to apply to the territory.

Regulating Stationary Engineers. Hon. Nelson Monteith's bill respecting stationary engineers, which was introduced in the afternoon, provides that the lieutenant-governor-in-council may from time to time appoint a board of three competent engineers as examiners. They will report on the results of examinations to the minister. Regulations will be passed on the subjects of tests and the fees. Persons not qualified under the board and recommended by the minister may not have charge of a steam plant after Oct. 1, 1907. On the expiry of their present certificates in September, the engineers must pass a new examination. Licenses must be displayed in the engine or boiler room where engineers are employed. Appeals from the board's examination of the ministers is permitted. Penalties of not less than \$10 or more than \$25 are imposed on those employing non-qualified men.

Budget Debate. R. A. Thompson (North Wentworth) continued the debate on the budget. He held that the present policy of government was akin to that of a man who had succeeded to the possession of a fruit tree, which he had well tended and watered, the fruit simply dropped into his

basket. He figured that the government had exceeded their estimates by \$16,000 in 1906 and by \$1,900,000 last year.

"This is going ahead at a swift pace. I might as well call it 'financial'," remarked Mr. Thompson. Mr. Thompson made some general charges, and Hon. Mr. Foy called for a definite instance. Mr. Thompson said he did not think it advisable to give one. He greeted the presence of Deputy Premier with a condemnation of the government.

Dr. Lewis followed in an animated speech. He defended the grants for the Ontario research connection with the administration of asylums. He made some serious charges against the late government as to irregularities in the payments made for certain patients. He said he had made so large a list of magistrates for the "concord" of Dufferin that the prime minister objected until he learned that the excess was due to the inclusion of the best respected Liberals in Orangeville and Shelburne. Mr. Lewis deplored the house of E. W. Rathbun's attitude towards the Conservative party. He believed, as any Liberal remained to be seen whether the member for East Hamilton would support the Liberal party or not. The people of the province had a long memory and were not likely to forget the Liberal record.

Sara Clarke (Northumberland) facetiously arraigned the government in jocular stumping style. It was the first time since Christopher Columbus that the Conservatives had been in power in Ontario, yet they took credit for building ships. He wondered why nothing of the kind was done when the companies were entering everywhere. Pool rooms had been built in one town, but they were still doing business at the Woodhills, Windsor, and Hamilton. The government had tried to fix up Mr. Thorne, but would find him a prickly subject. As far as he could see he was of no value and a liability. The premier had been honest and straight and Mr. Clarke believed, as any Liberal, but no man could do it with comfort with such a horde behind him. (Laughter.)

The Estimates. On resuming at 8 o'clock the house went into committee on the estimates. Mr. Thompson stated that the work of his department had increased a great deal this year. They worked each other till 11:30 at night and on Saturdays. The expense of the new railway board, amounting to \$30,000, were all new.

Hon. G. P. Graham thought the point raised by the prime minister as to putting temporary officials on the permanent staff was worthy of the attention of the government.

Hon. Mr. Graham asked for the instructions of the government as to the forestry department now that Mr. Clark had gone. The government should have a practical man at the head of the department, who would be prepared to see something in the supplementary estimates for the purpose.

Hon. Mr. Cochrane did not think it was necessary to have an expert in his own department so much as in the forestry department. He thought the forestry department was not doing so well in winter the government could give them work in summer.

John D. Reaume spoke of the difficulty of preserving game when a farmer with two or three sons could not get the game, but the game department was not doing so well in winter the government could give them work in summer.

Hon. Mr. Reaume explained that the act providing for them be in force or repealed. Premier Whitney replied that the more or less cumbersome scheme on the statute book was not the work of the government, but of their predecessors. If it were found to be unworkable they might abolish it.

Hon. Mr. Reaume explained that the item of \$3000 for temporary assistance included, as Mr. Graham had queried, "entire friend," Mr. Thorne. He hoped to have full information of all the 6000 persons in the public institutions of the province, and to be fully aware of the value of each one to the province. He cited cases where persons with some thousands of dollars in the bank had been on the verge of bankruptcy, while interest was accumulating in the bank. The government had no intention of acting harshly in such cases, but the patient in the disease any other than mental, where the patient has to be sent to a distance, a family will keep the patient in their own home and bear all the cost of the sickness. This would amount to more than the \$1.50 a week asked

SWEET CAPORAL

CIGARETTES

STANDARD OF THE WORLD

DENATURED ALCOHOL.

To the current number of the Popular Science Monthly, Professor S. Lawrence Bigelow contributes a highly interesting article on "Denatured Alcohol." Its earlier sections are occupied with a scientific explanation of the nature of alcohol, the process of its manufacture and the various denaturants. Of more general interest are the two closing sections, dealing with the uses and cost of denatured alcohol, which presents in a convenient form the latest world science has to say on these subjects. As was to be expected, the passing last year of an act by the United States Congress, permitting the tax on the manufacture and sale of alcohol when rendered unfit for drinking, has greatly stimulated experiments and research.

Every grocer keeps WINDSOR SALT. No other is so pure, so delicate. Best for the table.

JOHN CATTO & SON

On Wednesday, 6th Inst., Our Spring Opening will be held.

Our collection this season will be found to comprehend all the demanded goods in each line.

Millinery

Never has fashion decreed more bewitching styles than those this spring calls for.

Cloaks, Mantles, Suits.

In this department also the features of selectness and good style are very apparent.

Dress Fabrics.

Our range of this class of goods this season will surpass even the expectations of those who already know to expect great things of us.

Silks.

We are showing all the fashionable weaves and shades of the season.

Washable Dress Fabrics.

The finest selection of novelty French printed cotton voiles, in every imaginable combination of pretty shades.

USE OF PRIVATE RIFLES NOT TO BE DISCONTINUED

Advisability Was Discussed, However, at O.R.A. Annual Meeting Yesterday.

Ontario Rifle Association yesterday, Col. Macdonald presided. The report showed a balance of \$372.41, a decrease caused by reducing the entrance fees at the annual matches.

Col. Peters had contributed \$100 for competition, and the secretary was requested to make application to the government for the erection and trial of the Peter's self-registering targets on the Long Branch and Rockwood ranges.

Attention was drawn to a small number of men from Toronto attending the prize meeting, due to the fact that the rifles with which they were supplied are invariably worn out or defective.

WILL DEEPEN EASTERN GAP.

This Was Decided Upon by Harbor Commissioners Yesterday.

Yesterday the harbor commission awarded to Frank Simpson the contract for dredging the harbor. The large I-beam lot at the Queen's Wharf has not been taken by the Canadian Shipbuilding Co.

YORK PIONEERS.

Annual Meeting and Election of Officers Yesterday.

The 38th annual meeting of the York Pioneers was held yesterday, and the following officers were elected: President, William Rogers; vice-presidents, Ed. Crawford, Capt. William McLean, Alex. Gibb, Dan Lamb, Lt. Col. McGillivray; treasurer, John Harvie; secretary, Rev. H. S. Matthews; registrar, Albert E. Hayser; committee of management, Capt. Jessop (chairman), John R. Bull, ex-Ald. Maugahan, William Croker, James R. Briggs, J. D. Nassim, auditors, W. A. Parsons and W. E. Griffith.

JAP LOAN OPENS MARCH 11.

London, March 5.—The list of the Japanese conversion loan probably will be opened March 11. The amount will be \$15,000,000 at 5 per cent, and the issue price will be 99 1/2. Half of them all will be open to London and the rest to Paris, where the loan will be handled by Rothschild Bros.

DAN HANNA SUEW FOR DIVORCE.

Cleveland, Ohio, March 5.—Suit for divorce was filed today by Elizabeth Gordon Hanna, wife of Dan R. Hanna, only son of the late Senator Hanna.

Off For the West.

The homesteaders yesterday were fairly numerous, but the far west, some to commence life anew, others to enter upon the initiative of being their own landlord and to grow up with the country. Both the western express and the settlers' train, the latter which conveys passengers, stock, household effects and all, were patronized by many future citizens of the western domains. As these settlers and colonists' trains will be run weekly from yesterday through March and April, both the C.P.R. and G.T.E.P. expect these homesteaders' excursions to be patronized by a large number of people.

Foldover Bill and Charge: "In me you see, gentlemen, a very ingenious creation for a wholesale business. I do the work of you two old codgers in a simple, correct and rapid manner. I do it also in one-third the time you take and preclude the possibility of errors. I will help your boss in his business." Write Copeland-Chatterton, of Toronto, for catalogues.

PRESBYTERIANS ORGANIZING HOME FOR MISSIONARIES WHILE HERE ON FURLOUGH.

Prospects Are Good—Rev. J. C. Tibb Receives Call to Webwood.

A call from the Webwood congregation was presented to the Toronto Presbytery yesterday, inviting the Rev. J. C. Tibb, retiring moderator, to the pastorate at a stipend of \$800 and manse.

An application will be made to the next assembly for leave to receive Rev. W. Steven Smith, recently a missionary of the United Free Church in Jamaica, and the Presbytery.

The following committee was elected to the general assembly: Revs. P. C. Tibb, Malcolm MacArthur, D. C. MacPac, Malcolm MacKinnon, A. J. MacFarlane, J. W. Penner, and H. H. Preston, with Dr. Hunter, provincial inspector of insurance.

WINDSOR DELEGATION COMING.

Armed Took Fire.

An armed man took fire in a room at an alarm to be sent in yesterday afternoon for 151 Hallam-street. The woman of the house extinguished it with a bucket of water before the firemen arrived.

GEN. BOOTH IN TORONTO.

Will Reach the City at Noon Saturday—Reception at 4.30.

Gen. Booth of the Salvation Army will reach Toronto at noon Saturday. There will be no reception ceremonies at the Union Depot, but Commissioner Coombs, representing the army, and Capt. Macdonald, A.D.C. to his honor the lieutenant-governor, will welcome the aged commander.

CRIPPLING SCIATICA.

A Sure and Certain Way to Cure This Terrible Torture.

There is just one sure, scientific cure for sciatica, rheumatism, and neuralgia, headaches, you must drive the pain from your blood and nerves with Dr. Williams' Pink Pills. Liniments never cure nerve and blood diseases. Dr. Williams' Pink Pills strike straight at the cause because they actually make new blood. Through the blood they conquer the painful poison, soothe the nerves, loosen the muscles and banish every ache and pain. Mr. Thos. J. Bissell, Walkerton, Ont., says: "When I began using Dr. Williams' Pink Pills I had been off work for three months. The cords of my right leg were all drawn up and I could only limp along with the aid of a stick. The pain I suffered was terrible. Only those who have been afflicted with sciatica can understand the misery I was in both day and night. I took six boxes of Dr. Williams' Pink Pills before they helped me, but after that every day saw an improvement, and by the time I had used fifteen boxes, every vestige of the pain had disappeared. I have no hesitation in pronouncing Dr. Williams' Pink Pills the best medicine in the world for sciatica. Dr. Williams' Pink Pills makes rich, pure, health-giving blood. That is why they cure headaches and neuralgia, rheumatism, kidney and liver troubles, anæmia, heart palpitation, and the fits that afflict women only. But be sure you get the genuine pills with the full name, 'Dr. Williams' Pink Pills for Pale People,' on the wrapper around each box. Imitations are worthless and dangerous. All medicine dealers sell these pills or you can get them by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont., and Albany has traveled the world over.

BENGOUGH'S PROPOSITIONS DEFEATED ON THE VOTE.

Tax Exemption and Reduced Hours For Liquor Selling Not Endorsed by Committee.

CITY HALL TO-DAY.

10.30 a.m.—City council will assemble, to attend funeral of Dr. Oronhyatekha.

The absence of Ald. McMurrich at yesterday's meeting of the legislation and reception committee, resulted in the votes being recorded on motions by Ald. Bengough that application be made to the legislature to exempt dwelling houses to the extent of \$700, and that permission be given for the taking of a referendum on the reducing of the hours for the sale of liquor. Both motions were, accordingly, declared lost.

Ald. Bengough stated that the matter of taxation being of purely local import, should be dealt with by municipalities without their being obliged to go to the legislature. The people, who had voted two to one for exemption, had not been treated with proper respect by the council, which should have been willing to place further responsibility on the legislature. It was a sound principle to allow taxation to fall on monopoly values.

Ald. Chisholm pointed out that it was too late to make application to the legislature this year, and Ald. Church, moved in amendment that a second referendum be taken, but that the question be voted upon only by those qualified to vote on money bylaws. Ald. Chisholm supported this motion, which was voted against by Controller Ward, Ald. Bengough and Ald. Keeler.

Ald. Bengough's motion was supported by Controller Ward and Ald. Chisholm, Church and Keeler opposed. Ald. Bengough, in backing up his motion regarding reduction in the hours for sale of liquor, declared that it would be for the will of the people to declare itself and that it would be a "very advisable temperance measure." Ald. Church pointed out that the time for presenting private bills to the legislature had passed, and charged Ald. Bengough with trying to embarrass the government, which the latter denied. The vote was: For, Ald. Bengough, Graham and Keeler.

Against: Controller Ward, Ald. Chisholm and Ald. Church. The declaration that many persons unqualified as taxpayers to vote did actually mark their ballots in municipal elections was made in a communication from a writer, who desired to remain anonymous.

It was decided to have a report from the city treasurer as to the number of defaulters in the payment of taxes. Should the city buy more gas stock? This is a question that the board of control will shortly wrestle with. Mayor Coatsworth as a director of the Consumers Gas Co., having received advice that 6000 new shares of stock at a par value of \$300,000 will be offered for sale by public auction on June 1.

The mayor says that whether the city is, or is not, to purchase will depend upon whether a broadened policy of dealing with the company is to be adopted. At the present time the city's representation on the board of directors, and its powers would not be increased materially by the further purchase.

Manager W. Pearson says that the added capital subscribed is to be used to improve the plant.

Representatives of several fraternal societies waited upon the special committee of the legislature yesterday in reference to the bill introduced by W. H. Howie seeking several amendments to the act.

The committee is composed of Hon. J. F. W. H. Hark, Hugh H. Hark, P. Graham, E. J. B. Fens and H. H. Preston, with Dr. Hunter, provincial inspector of insurance.

The act allows insurance companies to purchase school as well as municipal debentures and gives them further powers in the appointment of directors on insufficient evidence of death. It allows the insurer to dispose of a policy by will, and also allows friendly societies to take the business of the company.

The societies represented were the Ontario Loyal Orange Association, the Canadian Fraternal Association, J. A. Paterson, K.C., North American Life and Marine; A. G. F. Lawrence, A.O.U.W.; Ald. Howie, representing the bill; and William A. Dowler, C.H.C. They supported the bill.

On Saturday afternoon Gen. Booth will address the students in Wyreth Convocation Hall, and in the evening will be the guest of the Canadian Club.

Next Thursday afternoon Gen. Booth will address the students in Wyreth Convocation Hall, and in the evening will be the guest of the Canadian Club.

Measures Up to Every Expectation. The real test of a piano is not what it is, but what it can do. Under the most adverse conditions, it should measure up to the highest expectations of a severe test. This has been the secret of the success of the piano made by the old firm of Heintzman & Co., 115-117 West King-st., Toronto. It has always been the piano of the home, whether in the parlor of the humble or the drawing-room of the cultured, wherever musical tastes exist. It is ever the choice for concert purposes, for there is no visiting artist reaching Canadian borders who is not able to find the Heintzman & Co. concert grand piano. The instrument that completely meets their need. As Canada's own world famous artist, Albert Heintzman, said: "The Heintzman & Co. excels any piano I have ever used." and Albany has traveled the world over.

A FRIEND'S ADVICE

SAVED SUFFERING AND BROUGHT BACK HEALTH—DR. AGNEW'S GREAT HEART CURE AND CATARRHAL POWDER DEFY DISEASE AND NEVER FAIL IN THEIR MISSION OF HEALING

"I feel so thankful at the restored health of my daughter that if any use can be made of this I shall be pleased." This is what Mr. George Weels, of Elora, Ont., says in giving his testimony to the wonderful curative qualities of Dr. Agnew's Cure for the Heart. Mr. Weels' daughter was a great sufferer from heart disease and nervousness. She was unable to lie on her left side. She ran down in health and her recovery was a source of anxiety. Induced by friends who had proved its worth she obtained Dr. Agnew's Cure for the Heart and before one bottle had been taken was able to lie in any position she desired, and when two bottles had been taken, an absolute cure was pronounced. Yes, this great remedy is a cure for all ailments of the heart, stomach and nerves, and the instantaneous relief given by it has snatched thousands from death's jaws. Don't trifle a minute if you have the slightest evidence of heart disorder, such as palpitation, fluttering or uneasiness. This remedy will relieve such troubles immediately and will cure the stomach and nerves.

"When I know a thing is worthy of a recommendation I consider it my duty to tell of it." The Rev. James M. Cook, of Harrisburg, Pa., says this after having been cured of a very malignant form of catarrh by Dr. Agnew's Catarrhal Powder. What he says of its healing powers thousands of others have said and can say of it. Don't neglect "only a little cold" in the head. It may lead to chronic catarrh. Dr. Agnew's Catarrhal Powder relieves in 10 minutes and is easily applied. Keep it near you if you are a "cold in the head" subject.

DR. AGNEW'S OINTMENT cures all skin troubles. DR. AGNEW'S PILLS—40 doses 10 cents.

THAW TRIAL A MORAL LESSON

Listowel Clergyman Asks That There Be No False Modesty

Listowel, March 5.—An audience which completely filled the church of the United Brethren in Christ Sunday evening listened with deep interest to a sermon by Pastor Robert St. Clair on "The Perils of the World-Life," based on I. John, 15-17.

The minister commented upon the prohibited love of the text, inveighing against "the lust of the flesh," "the lust of the eyes" and "the pride of life." He compared the world in the days of the Apostle Paul, a twentieth century society, and declared that the occasional unveiling of so-called big game for freight yards in the Don Valley above Winchester-street. Unless the Grand Trunk agree to deposit its proposed two extra tracks along the south side of Front-street to the attention of the board of control yesterday. The board was somewhat taken aback by the boldness of the proposition. The application, which comes before the board of control on April 4, will be vigorously opposed.

It is probable that the Canadian Northern Railway will change its plans for freight yards in the Don Valley above Winchester-street. That Dr. Sheard disregarded the contract with the McCann Milling Co. by purchasing shares of feed elsewhere for horses in the streets department, is charged by the company, and he will be asked to explain. As a result of Sunday's drowning accident at the foot of Brock-street, Property Commissioner Harris is considering installing danger signs at the outlets of all sewers.

CARNEGIE PARTNER DEAD.

Pittsburg, March 5.—Col. Homer J. Lindsay, assistant to the president of the Carnegie Steel Company, died here today. He was one of Andrew Carnegie's "young partners" having entered the employ of the Carnegie Company in 1870, a telegraph operator when 18 years of age.

FIFTY YEARS AN ODDFELLOW.

Brookville, March 5.—Fifty years an Oddfellow is the record of William Rowe, member of the Dominion Order. He celebrated his golden jubilee today and the lodge presented him with a gold watch.

NO ULTIMATUM FOR HAYTI.

Berlin, March 5.—The foreign office says it is not true that the German cruiser Panther is taking an ultimatum to Hayti concerning the charges made against Hermann & Co.

Advertisement for Dr. McLaughlin's Electric Belt. Includes text: 'Weak Men, Read.' 'Perfect health and strength denote the absence of disease. When you are weak it means that you lack that which is the foundation of strength—of life itself—ELECTRICITY. You may be afflicted with Rheumatism, Lame Back, Weak Kidneys, Nervous Debility, Sciatica, Constipation or any of the numerous diseases which lead to an early breaking down of the system.' 'If you have any of these troubles they should be attended to at once. You have tried drugs, and found that if they even stimulated you they did not cure, but left you with some new trouble as a result of the poison put into your system.' 'It is pitiable to think of the vast number of men who go on from day to day suffering mental and physical torture as a result of their weakness, while right at their doors other men are being cured of the same disease. One who has not known it himself cannot realize the feelings of a man in an advanced stage of Nervous Debility, nor does he hear it, for these men do not talk of their troubles. Even when they are fortunately led to use the remedy which is now so well known as McLaughlin's Electric Belt—and are cured by it, they do not mention it to the closest friends because of the absence of this trouble, and the means of cure are appreciated only by those who have had experience. And yet I have thousands upon thousands of grateful patients who are willing to testify to their cures by DR. McLAUGHLIN'S ELECTRIC BELT and who would be glad to share their knowledge with others if written to, and the names of these men to any one who requests them. There is not another remedy in the world to-day that has proved as effective. Its cure speaks volumes for the good work it has accomplished. My confidence in my method enables me to offer to any man or woman who will offer me reasonable security to use the Belt at my risk and DR. McLAUGHLIN'S ELECTRIC BELT PAY WHEN CURED.

COBALT AND LARDER LAKE Mines, Stocks and Properties. Real estate in all parts of Canada and United States...

EVIDENCE to show that Silver Bird is a purchase at 15c per share of the following facts: One day last week the superintendent of one of the best known mines at Cobalt, the shares of which are traded in largely every day on the New York and Toronto Exchanges, came into our office and purchased a large block of Silver Bird at 15c per share.

SILVER BIRD at 15c per share for himself and friends. He said he had just come from Cobalt, where he had made a visit to and examined Silver Bird Mine, and had made his own assays. He said the property was even better than he represented, and that in his opinion Silver Bird would be one of the greatest and most profitable mines in the Camp.

15 CENTS PER SHARE. We say to you that Silver Bird will make you money. We say to you with every degree of confidence that the dividends alone on each share of Silver Bird within this year will equal the amount which you can now purchase it at.

WHY IT IS SAFE

The CANADA PERMANENT MORTGAGE CORPORATION is one of the largest and strongest in Canada and the United States.

It has a Capital of \$10,000,000 and has issued more than EIGHT AND ONE-HALF MILLION DOLLARS. Its assets exceed TWENTY MILLION DOLLARS.

It is under the management of an experienced and conservative Board of Directors, and in every transaction safety is placed before every other consideration. It is a purely an investment company; not a speculative institution.

ON DEPOSIT ACCOUNTS INTEREST IS ALLOWED AT THREE AND ONE-HALF PER CENT. PER ANNUM, COMPOUNDED HALF-YEARLY.

HEAD OFFICE - TORONTO STREET - TORONTO.

LIQUIDATION STILL ON AND PRICES RECED

Harriman Stocks the Weakest Feature at New York—Canadians Sold More Freely.

World Office, Tuesday Evening, March 5.

The pressure from outside overcame the obstacles in the way of liquidation in Canadian securities to-day, and the selling during both sessions of the local market to-day was decidedly more free than it has been for weeks. The serious inroads on prices made in the New York securities had an extending effect on the Canadian market. The support from the securities, except where self-interest impels it, is not good, and but for this price must have receded further. The liquidation came largely by way of the speculative specialties in which the foreign traction played the most important part. Rio and Mexican declined, but not nearly to the extent that it was thought. The general decline was the selling as voluminous as anticipated. Sao Paulo dropped much more easily than these never before. Rio and Mexican were offered without bid. Twin City and Mackay common came under the hammer in the early session, but was not so plentiful in the late trading. Winnipeg Railway made a quick dip of about 10 points from the high price, and few seemed to want this so-called high-grade security. Nova Scotia Steel reached a point, at least as low as that previous to the dividend declaration, and there was no demand for Dominion Coal even from those who are seeking to secure a majority vote at the meeting of the company this afternoon. The liquidation in the investment issues to-day, and the prices of these were about steady.

The Paris market was very weak, with sharp reaction in Russian bonds and Rio. Reported Hill opposition to Harriman entry into Seattle withdrawn, and Hill roads will enter Portland.

The coroner's jury holds New York Central directors responsible for Bronx accident.

E. H. Harriman tells railroad commission that railroads will obey the law and cooperate in its enforcement.

Pennsylvania Railroad annual report shows net dividend of 10 per cent. for the year of 13-40 per cent. on stock.

Trade authorities believe producers of steel are in position to hold prices firm.

Stronger demand for stocks in loan crowd.

Twin City declared the regular quarterly dividend of 1 1/2 per cent. on its preferred stock, payable April 1 to stock of record March 18.

Beland to R. B. Harlan: It is rumored on the board that Union Pacific has been selling Atchafalaya, Baltimore and Ohio, and New York Central, and feeling on the board is for lower prices.

Independent pig iron producers are said to have accumulated a large amount of steel Corporation, and are willing to make concessions to effect their object.

Boston: Interests which have expected predicted dividend increases on Amiconda in the past, said that the quarterly dividend to be declared to-day, that the rate will be \$2 a share, or at the rate of 32 per cent. on the stock. The Amiconda Company is said by good authorities to be earning at the rate of about 90 per cent. per annum on the \$2-25 stock.

New York: The head of a very prominent commission house, who very seldom gives out anything on his own name, was struck with the presence of investment banking in the market to-day. He said that he indicated the favor of the present movement in the market, and that he was willing to indicate the favor of the present movement in the market, and that he was willing to indicate the favor of the present movement in the market.

New York: A man who is qualified to speak authoritatively for the Union Pacific says: "I really should not take my time to point out the apparent inconsistency of any statement which purports to show that the Union Pacific is endeavoring to depreciate the value of the Hill stocks in the market. I am sure in saying that this does not mean that the Union Pacific has no desire to do so, and that it is what it would be to injure itself, and that it is what it would be to injure itself, and that it is what it would be to injure itself."

New York: Mr. Hill is confirmed the statement that he had put a price upon a portion of the Great Northern, and that Mr. Harman had accepted it. Mr. Hill is quoted as saying: "The Great Northern is a very fine room left for expansion in the properties of the Great Northern, and there was no reason why Mr. Harman should not have done for the shutting Mr. Hill in the properties of the Great Northern, and there was no reason why Mr. Harman should not have done for the shutting Mr. Hill in the properties of the Great Northern."

New York: A man who is qualified to speak authoritatively for the Union Pacific says: "I really should not take my time to point out the apparent inconsistency of any statement which purports to show that the Union Pacific is endeavoring to depreciate the value of the Hill stocks in the market. I am sure in saying that this does not mean that the Union Pacific has no desire to do so, and that it is what it would be to injure itself, and that it is what it would be to injure itself."

DOWNSLIDE IN FURS

Summer prices are the rule now with furs. We keep up a lively interest by making it worth your while to buy out-of-season.

Next Fall you will have to pay just about double present prices. In the meantime you really need a touch of Fur with your Easter outfit.

Shoppers know from experience how we reduce prices when we once begin.

Dineen's CANADA'S LEADING FURRIERS 140 YONGE ST., TORONTO

HON. ROBERT ROGERS CALLS "RALPH CONNOR" A LIAR

Manitoba's Attorney-General Makes Vicious Reply to Pulpit Criticism.

Swan River, Man., March 6.—Hon. Robert Rogers made an attack on Rev. C.W. Gordon (Ralph Connor) during the course of a political speech here last night.

"And yet this is the sort of campaign of contemptible misrepresentation and slander which Rev. Mr. Gordon is willing to join in, not because he knows it is right, and that he thinks he is telling the truth, but I believe he has a double meaning for making this statement. First, his willingness to prostitute his position and his cloth, in and second, to take advantage of making use of everything that turns up for the purpose of advertising his name in the daily and almost hourly horse racing news that he has published from time to time.

"Again, I am surprised at Rev. Gordon making the statements he has that the hotel men have made an alliance with the government. He should ascertain the truth or any such statements before making them, and no man in Winnipeg is in a better position to get at the truth than Rev. Mr. Gordon. He is a daily companion of all the sporting hotels in the city in connection with the daily and almost hourly horse racing news that go on there."

DR. WOOD'S NORWAY PINE SYRUP

This wonderful cough and cold medicine contains all those very pine principles which make the pine woods so valuable in the treatment of all lung affections.

Combined with this are Wild Cherry Bark and the soothing, healing and expectorant properties of other pectoral herbs and karkas.

For Coughs, Colds, Bronchitis, Pain in the Chest, Asthma, Croup, Whooping Cough, Hoarseness, and Sore Throat or Lungs, you will find a sure cure in Dr. Wood's Norway Pine Syrup.

Mrs. H. A. Miesner, Port Williams, N.S., says: "My son had a dread cough. It started in the fall and lasted all through the winter."

At last we became very much alarmed about it and started to use Dr. Wood's Norway Pine Syrup and before he had used one bottle his cold was completely cured."

YORK COUNTY AND SUBURBS

LOCAL OPTION CAMPAIGN IS BEGUN IN ETOBICOKE

Organization Perfected — Judge May Probe Weston Election — Escape of Two Boys.

Toronto Junction, March 5.—George Howard, who was arrested on Friday last, charged with stealing from L. V. Kerr and remained to the children's shelter in the city, escaped from that institution yesterday along with another boy named Earl Strachan. Howard is 15 years of age and had been bed into strips and descended by them from the window of the room in which they were confined. Sgt. Peters caught them at the C.P.R. station in Weston.

F. Richardson of the fire department has received an appointment as fire carrier for the town, beginning about April 1.

The man, Soulsby, who disappeared from 113 Mulock-avenue last week, was turned up in New York.

The Toronto railway service at the Junction was paralyzed to-night, four cars were stalled between Keele-street and Humber-street-avenue, four at the shed and six at the corner of Dundas and College-streets.

While the C.P.R. limited fast express between Chicago and Toronto was running into Ayr to-night, John Hubert, fireman of this town, was looking out of the cab window and his head came in contact with an automatic mail bag, and with the result that Hubert received a terrible scalp wound, rendering him unconscious. He was taken to the Galt hospital. He lives on High Park-avenue, is about 30 years of age, a married man with one little daughter.

C. F. Wright has moved from his old stand, 44 West Dundas-street, to No. 6 Mid-street, where subscriptions to The Daily World will be received.

Local Option for Etobicoke. A local option campaign for the Township of Etobicoke was inaugurated at a temperance convention held in the town hall, Islington, yesterday.

Rev. S. L. W. Harton occupied the chair and W. H. M. Revely acted as secretary. A motion was adopted to the effect that a local option campaign be commenced. The following officers were elected: President, Rev. S. L. W. Harton, Mimico; vice-president, W. H. M. Revely, Mimico; secretary, W. H. M. Revely, New Toronto; treasurer, W. C. Parker, Mimico. Sub-division 1—A. McCullum (convener), Frank J. Hoser, N. Yerex, E. J. B. Chisholm and John Macdonald. Sub-division 2—J. V. Macaulay (convener), W. E. Burgess, Herbert Heather, Donald Hendry, D. Davidson. Sub-division 3—Geo. Whitworth (convener), J. K. Johnston, J. W. Rush, Ed. Whitworth, W. Thompson. Sub-division 4—E. H. French (convener), Thomas Nixon, George Carter, Chester Burgess, Crowhurst. Sub-division 5—A. H. Parker (convener), Wm. Tomlinson, W. S. Moss, George Usher, Ormiston Mather.

North Toronto. The ratepayers of the town are awakening to the fact that they voted against their own interests last New Year's when they defeated the local improvement system, which would cost them 50 per cent. more for all the legal technicalities are completed with. Mark Bredin of Deer Park has a double meaning for making this statement. First, his willingness to prostitute his position and his cloth, in and second, to take advantage of making use of everything that turns up for the purpose of advertising his name in the daily and almost hourly horse racing news that he has published from time to time.

Joseph Helmky of Sherwood-avenue, is confined to his bed with illness. The score of the Daviville v. Deer Park hockey match on Aurora last night on Monday evening was 7 to 2 in favor of Daviville.

It came as a great surprise to the citizens of North Toronto when they learned of the sudden death of Richard Harper of 287 Wellesley-street, Toronto. The late Mr. Harper was once a resident of Glencairn-avenue, Eglinton, and represented the Eglinton ward on the council board in 1896 and 1897.

The members of the school board received written invitations from the town finance committee to meet at their meeting last night, to give cause and reasons for the expenditure of \$12,000, as per the board's estimate. The trustees explained that the town employs three more teachers this year than formerly, an extra \$100; the land purchased for the Daviville School cost \$100; the repairs the board estimated are absolutely necessary.

W. J. Douglas, clerk of the town, was instructed at last night's council meeting to write to the management of the Toronto and York Radial Co. to arrange for an interview re better service.

The mayor was instructed to prepare a plan and estimates for a house for the waterworks engineer, and place them before the water, fire and light committee.

In spite of the inclement weather, the literary meeting of St. Clement's was fairly well attended. The meeting was opened by devotional exercises, followed by a solo by H. Waddington, Brotherhood of St. Andrew and What It is Doing; chorus by choir, and an address by Dr. Macklen, on "The Need of Thorough Education." Later, the Church, to Make Canada a Great Nation. The meeting closed with some remarks by Rev. T. W. Powell, on "The Need of Christian Work Daily with the Children."

The Bracondale Gun Club made the shooting scores at last Saturday's spoon shoot: H. Garrett, 12; J. Cotterell, 11; J. Heslop, 9; W. Garrett, 6; R. Baird, 6; A. Spiller, 6; W. H. Ed-

WE ARE DOING OUR BEST TO SAVE YOU MONEY

These offerings represent the climax of our efforts to reduce prices of Furs to the point where the buyer who does not need the furs for immediate use will see it is worth while to buy for next season. There will be good money saved by those who buy their furs now from this reliable store.

RAILWAY REDUCES SPEED.

New York Central Makes Trolley Maximum 40 Miles an Hour.

New York, March 5.—The management of the New York Central to-day issued an order to all trainmen that hereafter trains within the electric zone of the New York Central system will not be run at a speed exceeding 40 miles an hour on a straight track and not more than 35 miles an hour on a curve.

WYCHWOOD.

A grand concert, under the direction of Alf. Polet, will be given in Broadway hall on Saturday evening at aid of the Wychwood Park brass band.

MIMICO.

The union prayer meeting will be held in the Methodist church this evening (Wednesday) at 8 o'clock.

WOMAN KILLED AT CROSSING

Washington Train Runs Down Catterly Near Annapolis.

Pembroke, March 5.—Mrs. Moore of Point Alexander was killed and Abraham Thrasher of Beuchberg had an arm broken this evening when the Washington train, No. 10, ran into Thrasher's team at a crossing near this place. The horses were killed and the cutter was smashed.

MILBURN'S HEART AND NERVE PILLS

can give prompt and permanent relief. Mrs. E. Fletcher, Sault Ste. Marie, West. Ont., says: "I have been troubled for four or five years with weakness, and run down spirit, but last for a time, then so slow as I felt almost dead. My heart was weak and I was so nervous I could hardly walk across the street. I started taking Milburn's Heart and Nerve Pills, and after using three boxes I felt much better. I continued their use until I had taken twelve boxes and I am now well."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FINAL DETAILS ARRANGED FOR FUNERAL CEREMONIES

Last Wishes of Late S.C.R. Will Be Observed—The Honorary Pallbearers.

Large throngs are expected to assemble around the union station to await the arrival of the body of the Hon. Dr. Oronhyatekha on the 10.50 from Buffalo this morning. The subsequent procession will be an impressive one. Full-size badges will be distributed at the main entrances of the Temple building at 9.30 a.m. to all who wish to pay respect.

The arrangements in part are as prescribed by Dr. Oronhyatekha. Feeling that his end was not far off, Dr. Oronhyatekha himself suggested two of the details for his funeral services. He should act as pall-bearers, and these be selected. He also desired that the procession should pass the Foresters' Temple. Regard has been had to both these wishes in the arrangements for the funeral ceremonies so far as they affect this city. The cortege will proceed by way of Front, Bay, Queen and Yonge-streets to Massey Hall, where the body will lie in state from 2 p.m. to-day at Massey Hall and the pall will be guarded continuously by detachments of the Foresters from that building until the casket is removed to the station to-morrow morning for final transportation to Deseronto. Intensement will take place in the old burial ground on the Mohawk reserve on Friday morning.

The order of proceedings for the funeral services as announced by Supreme Secretary Mathison will be as follows:—First—The band of the High Chief Rangers and High Secretaries of High Courts, and members generally of the order, will meet at the Temple building at 9.30 a.m. to form a procession and proceed to the union station. The procession from the union station will consist of the following:—First members of subordinate courts in charge of Brother James Gorrie as chief marshal with others assisting.

Second—Citizens on foot. Third—The band of the 48th Highlanders. Fourth—Honorary pall-bearers in carriages. Fifth—Pall-bearers in carriages, namely: Mr. Greer, Mr. Lawless, Mr. Cammer, Rev. Mr. McCaughan, Mr. Mathison, Dr. Millman, Mr. Collins and Mr. Bostroyer. Sixth—the hearse with the body. Seventh—Guard of Royal Foresters, in front, and band of Foresters. Eighth—Mourners. Ninth—Other honorary pall-bearers from a distance, representing high courts jurisdictions. Tenth—Citizens in carriages. Eleventh—The members of the Temple staff.

Honorary Pallbearers. The following named prominent officials of the order are to be honorary pallbearers:—Arizona: J. W. Foss, P.H.C.R., Phoenix; W. H. Anderson, H.C.R., Flagstaff; Arthur L. Lumb, F. C. Wolfenden, P.H.C.R., Armstrong; R. W. Timmins, H.C.R., Vernon. California (Southern): R. E. Wirsching, P.H.C.R., Los Angeles. California (Northern): O. G. Hopkins, P.H.C.R., Sacramento; O. A. Brown, H.C.R., San Francisco. Colorado: R. K. Harrison, P.H.C.R., Colorado Springs; Wm. F. Robinson, H.C.R., Denver. Connecticut: Wm. Kennedy, P.H.C.R., Naugatuck; Wallace A. Smith, H.C.R., Bridgeport. Illinois: W. R. McCaughan, P.H.C.R., Chicago; W. R. Gillette, H. C. R., Chicago. Indiana: Chas. W. Ennis, P.H.C.R., Indianapolis; J. K. Risk, H.C.R., La Fayette. Iowa: M. M. Hoffman, P.H.C.R., Dubuque; Hon. M. C. Matthews, H. C. R., Dubuque. Manitoba: G. H. West, P.H.C.R., Winnipeg; H. Irwin, H.C.R., Portage la Prairie. Maine: Martin L. Durgin, P.H.C.R., Milo; Dr. Wm. McDavid, H.C.R., Augusta. Michigan: A. E. Stevenson, P.H.C.R., Port Huron; M. M. Muggan, H.C.R., Pt. St. Ignace. Minnesota (Southern): Nicholas Woods, P.H.C.R., Detroit; John J. Robertson, H.C.R., Detroit. Michigan (Eastern): Fred Nairn, P.H.C.R., Grayling; H. A. Savage, H.C.R., Saginaw. Minnesota (Northern): H. W. Chesdale, P.H.C.R., Duluth; Frank Cassin, P.H.C.R., Duluth. Missouri and Kansas: Geo. E. Stuckey, P.H.C.R., St. Louis; W. J. Barnes, H.C.R., Grayling; H. A. Savage, H.C.R., St. Paul. North Dakota: C. F. Clarke, P.H.C.R., Grand Forks.

WEAK HEART SYSTEM WAS RUN DOWN

When the heart is healthy and performing its functions naturally, it should beat regularly seventy-two times a minute without causing its owner the slightest inconvenience or distress.

When it begins to beat irregularly or intermittently, palpitate and throbs, skip beats, beat fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through unnatural action of their heart.

To all my sufferers was a minute without causing its owner the slightest inconvenience or distress.

When it begins to beat irregularly or intermittently, palpitate and throbs, skip beats, beat fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm.
