HUNDREDS BURIED ALIVE LANDSLIDE RUINS A CITY

SCENE OF THE DISASTER.

Fall of Mountain After Earthquake Overwhelms the City of Karatagh, in Russian Asia, with Awful Results.

TASHKEND, Russian Turkistan, Oct. 30.—The little town of Karatagh, in the Hissar District of Bokhara, has been overwhelmed and completely destroyed by a landslide which followed the earthquake of Oct. 21. According to the latest reports of the disaster a majority of the inhabitants of Karatagh lost their lives.

The first reports of the casualties were exaggerated, the death list being placed as high as 15,000. Karatagh has about 2500 dwellers, and there is reason to believe that about 1500 were buried alive. Among those who survived the disaster are the governor of Karatagh and his mother.

Karatagh is remotely situated, and it takes a full week for news to come from there, but, according to one courier who has arrived, an enormous section of the Karatagh mountain, which practically hung over the town, broke loose and thundered down upon the village, which it has almost completely buried from sight.

Efforts are being made to communicate with the survivors and learn the actual state of affairs and send in such relief as may be required.

The mountain slide occurred following the earthquake on Oct. 21. The town of Karatagh is about 1300 miles north of Bombay, British India. The Province of Bokhara (or Bukhara) lies immediately north of Afghanistan. It is in the eastern part, hilly and fertile. Spurs of the Paropamisus Range in the southeast give rise to a number of streams. The western parts present the appearance of a vast desert, similar to those of Arabia, devoid of all animals. The climate is temperate. February and October are the rainy seasons. The winters are open, the snow sometimes covers the ground for a fortnight.

Bokhara, the city, is the capital of the Khanate, and has a population of about 70,000.

The inhabitants of the province, roughly estimated at about 2,500,000 in number, are of different races, Uzbeks, Tajiks, Turkmans, Afghans, Kirghiz, Arabs, Kalmucks, Hindus and Jews. The Tajiks are supposed to be the most ancient inhabitants, and resemble Caucasians most nearly. Turkish dialects are spoken. The prevailing religion is Mohammedan.

Karatagh is 100 miles southeast of Tashkand, in Russian Turkistan, where severe earthquake shocks occurred Oct. 21, causing a great deal of damage. At Samarkand, on the same night, men were killed by falling houses, the population in alarm fled from their dwellings and camped out in the streets and other open spaces.

On Oct. 21 the weather bureau at Washington announced that its instrument recorded an earthquake beginning at 11 o'clock the previous night and lasting until early in the morning of Oct. 21. Its origin was believed to have been at a point west of Australia, in the Southern Indian Ocean.

MYSTIC SHRINERS.

At the Temple Building last night 400 Mystic Shriners from all parts of the province saw the presentation of 74 candidates for Rameses Temple. The ceremonies were conducted by Potentate James Glenville, and H. A. Collins, P. I. P. A banquet followed. To-night Heboham Masonic Lodge will entertain Erie Lodge of Buffalo.

GALVESTON STORM SWEEP 20 HOUSES BLOWN DOWN

One Woman Killed in Falling Structure—Several Business Houses Unroofed.

GALVESTON, Texas, Oct. 30.—A northwest storm of short duration, which passed over this city early today, attained a velocity of 72 miles an hour for two minutes. About 20 frame houses were blown down, one woman being killed in a falling structure. It is estimated that 20 persons were injured in the western part of the city, where the wind was severest. A few cars in the railroad yards were blown from the track. The gulf remained normal. There was no interruption of traffic.

CARNEGIE V. ROSEBERY.

Notables Will Contest for Rectorship of St. Andrew's University.

LONDON, Oct. 30.—Contrary to expectations, neither Andrew Carnegie nor Lord Rosebery has withdrawn his candidature to the rectorship of St. Andrew's University, Scotland, although the time for taking such a step expired to-night. The election is to be held Nov. 1 and it will be the first contest of its kind in 12 years.

COMMITTEES JUST A FARCE

Aldermen Appointed to Probe Parks Department Can't Agree as to Procedure.

The manner in which the special committee of aldermen appointed to deal with the charges against the civic parks department handled itself yesterday afternoon made it clear that there is to be no "drumhead court-martial" on Mr. Chambers.

The proceedings lasted about an hour and a half, and were largely of farce comedy order. The bulk of the time was taken up with discussion on the whereof and whyness of the committee. William Anderson, the affidavit maker, proved himself to be consistent in his desire to appear before the county judge, by studiously avoiding the committee room. It appeared that Controller Hocken and Ald. Jas. Hales had waited on him and used persuasion to induce him to appear, but without avail.

Controller Hocken, Ald. Keeler and Ald. Church spoke strongly on the folly of attempting to probe matters thru a body which had no power to summon witnesses or compel the giving of evidence, and, at more than one stage, the complete disruption of the committee appeared likely, but finally adjournment was made on the understanding that persons, and in particular who have sought to uncoil, should prepare to present themselves next Thursday at 3 p.m., when the committee will sit again.

NEW WALKER IS HUSTLING

Hartley Passed Bowmanville at 12.30 in Good Shape, Ahead of Time.

THE WALK.

Left one mile west of Oshawa, 6 a.m. yesterday. Arrived Toronto (32 miles), 12.28 p.m. Returned, arrived Oshawa (distance travelled 55 miles), 8.07 p.m. Arrived Bowmanville (17 miles), 12.25 this morning.

A new hero may have arisen among the long-distance pedestrians.

He is David Hartley of Peterboro, and when last heard from he was making splendid headway on a new record for a 132-mile tramp.

Leaving Oshawa at 6 o'clock yesterday morning, he reached Toronto at 12.28 p.m., and, leaving on the return trip at 1.30, passed thru Whitby at 8.03, made the next four miles to Oshawa in one hour and four minutes, and, "going strong," passed thru Bowmanville at 12.25 this morning and continued on his way east to Port Hope and thence north to Peterboro, where he is scheduled to arrive at 6 o'clock to-night.

Loose Methods at Island.

Controlled Hocken brought forward ex-Ald. Denison and Thomas W. Self to testify as to maladministration at the island. Mr. Denison thought Caretaker Kimblings was all right. The trouble was that a number of his men took long leisure spells during working hours. Some were "absolutely useless," and given to potatoes.

The most striking feature of Mr. Denison's evidence related to the notorious scow incident, wherein an employe obtaining a strange hold on his superior, threw him into the water. "Kimblings told me he complained to the commissioner, and Mr. Chambers said there would be trouble if he fired that man," said he.

Mr. Self had noted unbecoming lassitude in island employes, and had also seen the caretaker in a condition of inebriety.

A "Hollow Farce."

As Mr. Vickers refused to accept the contents of the affidavit as given in the newspapers, and as the document itself was not on hand, the committee was again as a ship without a rudder. Ald. Church termed the proceedings a hollow farce, and suggested disbanding at once. Controller Hocken agreed, and remarked, "The whole thing is absolutely absurd."

WRECK ON C.P. MAIN LINE TWO INSTANTLY KILLED

East Bound Local Crashed into Freight Near Regina—Many Seriously Injured.

REGINA, Oct. 30.—(Special.)—N. J. Robinson, express messenger, of Winnipeg, and Fireman Charles Britt were instantly killed and many were seriously injured, with dozens of people badly shaken up, in a wreck which occurred four miles east of Regina on the main line at six minutes to 8 this morning.

The eastbound local, running a few minutes late, crashed heading into a westbound freight. The two engines were driven thru to the piston heads and the tenders were lifted clear off the rails. The baggage and express cars were badly smashed up, the former being thrown from the rails and the latter completely telescoping the tender of the passenger engine. The cause of the wreck is not yet apparent, but it is plain that someone has blundered.

ATTRIBUTED TO POISON.

Certificate in Death of Mr. Polson Hints at It.

Duodenitis with toxæmia is the cause given in the certificate of the death of F. B. Polson, president of the Polson Iron Works, which was signed by Dr. J. E. Elliott and filed yesterday.

This indicates an inflamed condition of the intestines immediately below the stomach and the presence of both different views regarding Sir Frederick's death.

However, Sir Frederick Borden will not be seen in his place in the house of commons again. He has only deferred his resignation, and a position under the government will be found for him. It is well known also, both at Ottawa and in Nova Scotia, that he will not be a candidate in King's at the next election.

CHICAGO JUDGE FACES MANSLAUGHTER CHARGE

As Director of Railway, is Held Criminally Responsible for Recent Fatality.

CHICAGO, Oct. 30.—Judge Peter S. Grosscup of the United States Court of Appeals was served with a warrant to-day charging him with manslaughter.

He is a director of the Mattson and Charlestown Interurban Railroad, on which a number of persons were killed recently in a collision.

Other officers and directors of the line have also been arrested. Judge Grosscup was prepared to furnish a bond of \$5000 and the serving of the warrant was a mere formality.

BORDEN WILL BE OUT OF POLITICS

Prediction that Minister Will not Again Appear at His Place in the House of Commons.

OTTAWA, Oct. 30.—(Special.)—As stated by The World to-day, it is confirmed here that Sir Frederick Borden will not resign the portfolio of militia at once, in spite of the fact that it is regarded as "in the public interest," a principle laid down by the premier himself, that a minister of the crown should enter upon a liberal suit of the nature he has in hand, as a private individual, and not as a national representative.

The government organ here, The Free Press, rides itself of the difficulty by stating, "on the best authority," that there is no foundation for the statement that the premier has called for Sir Frederick's resignation. The premier himself specifically denies that he did. It was well known last April, when Mr. Emmerson resigned the portfolio of railways, that he was "advised" to do so, and it is not supposed that his resignation came as a surprise to Sir Wilfrid Laurier. The premier expressed approval of the course Mr. Emmerson took. How could he hold a different view regarding Sir Frederick?

However, Sir Frederick Borden will not be seen in his place in the house of commons again. He has only deferred his resignation, and a position under the government will be found for him. It is well known also, both at Ottawa and in Nova Scotia, that he will not be a candidate in King's at the next election.

HITCHCOCK INDICTED.

Will Be Arraigned in Court of General Sessions To-day.

NEW YORK, Oct. 30.—Six indictments were found against Raymond Hitchcock, the actor, to-day by the grand jury, on charges of criminal assault and abduction against young girls.

Hitchcock will be arraigned in the court of general sessions to-morrow.

HEAVY TRAFFIC.

Thanksgiving travel was reported last evening to have been considerably heavier than last year. The evening trains on the G.T.R. were from 40 to 60, but the rush was not as large as last year. The King Edward and the Queen's hotels did big business.

BANKS ABLE TO FINANCE CROPS

Local Managers Say that the Western Farmers Are Not Being Neglected.

Despatches from Winnipeg say that wheat cannot be sold because of the present scarcity of money and the Canadian banks are arranged because they are unable to finance the farmers' output. To unlearn this peculiar state of affairs a World man yesterday sought to prove or refute the assertion.

D. R. Wilkie, president of the Imperial Bank, an institution which has many branches in the Canadian west, and which has paid particular attention to this part of Canada, was first sought after. He was asked whether the Canadian banks are unable to finance the western crops.

The reply was not long delayed. "It is all rot," said Mr. Wilkie. B. E. Walker of the Bank of Commerce, who was also approached, was more explicit. He said: "The Bank of Commerce, with other Canadian banks, are desirous of having the farmers convert their products into cash. There is no money to carry wheat for speculation, and we want to get the western crop out as fast as possible. All our clients are getting all the money they want for legitimate business, but the position is such that we cannot afford to attempt to finance individuals who have nothing but speculation in sight. The Northwest farmer is getting a good price for his wheat and it ought to be shipped."

Not Financing Speculators. Mr. Bethune of the Dominion Bank said it was news to him that money was not available for handling the crops. "We are looking after all our customers, but we certainly don't intend to loan on wheat to men who want to carry it over for speculation." The statement that Canadian banks would not release money for shipment to Duluth from Fort William, without payment in cash, was shown to Mr. Bethune. "I am not surprised at this," he remarked. "The present financial market in the United States is quite enough to account for this. The bank which held the loan against the grain was quite justified under present conditions in demanding the cash before releasing it for shipment."

Blames the Millers. In Toronto grain circles the squeeze has been expected. A big speculation has been built up in Winnipeg in grain options, owing to the short crop, but most of the grumbling has eventuated in Winnipeg. The speculators having followed the speculation very cautiously.

A Toronto grain broker, discussing the matter, said: "The whole thing is in the hands of the two big milling concerns, the Ogilvie Milling Company and the Lake of the Woods Milling Company. They are in control of the whole western crop. They have sold large quantities of flour by keeping up Winnipeg wheat options, and the result is that the flour is being hoarded by the millers. There is a good European demand for our Northwestern wheat, however, and unless the cheaper prices go to pieces, the Chicago quotations will not fall very much."

SAN FRANCISCO BANK CLOSED.

SAN FRANCISCO, Oct. 30.—The California Safe Deposit & Trust Company Bank closed its doors this afternoon. A notice was posted on the doors stating that "owing to the fact that the bank was not a member of the clearing house association and was unable to take advantage of clearing house certificates, it would close for a few days."

LEST WE FORGET.

The general prosperity throughout our beautiful land gives us much cause for thanks. The stability of our institutions and our business houses increases year by year, and we rejoice that we are becoming more and more a nation in the eyes of the world. One firm which has grown steadily since its establishment nearly half a century is Dineen's, the hatters and furriers, Yonge and Temperance streets. Dineen's famous hats cover many a prosperous head, which gives thanks to-day. Don't forget the \$2.50 and \$3 specials at Dineen's.

EXCOMMUNICATED.

Pope's Reply to Authors of Criticism of His Encyclical. ROME, Oct. 30.—The Pope has excommunicated the authors of the reply to his recent encyclical on "Modernism," and has instructed the various bishops to forbid this reply being read in their dioceses.

In their reply the modernists argued that the church always had, and should now, adapt itself to the exigencies of the age, and they had the right to discuss the Bible and other sacred writings, which they held to be human productions.

BODY OF CHAS. LENZ FOUND BY AID. JUTTEN

Harry Marshall, Florist, Appointed Superintendent of Parks—General Hamilton News.

HAMILTON, Oct. 30.—(Special.)—The body of Charles Lenz, who had been missing since Monday, was found in the bay this afternoon by Aid. Jutten, after a search of about an hour. The body was found in about fifteen feet of water about three or four hundred yards out from the shore. His watch had stopped at 4.18. The remains were brought to Blachford & Sons, and Coroner Woolverton will examine them in the morning and decide upon whether an inquest should be held.

The A.O.U. members honored their grand master, Charles E. Cameron, Ironquists, at a banquet held in the Arcade Hall. Aid. John Peebles presided.

Nibs Harrison to-day positively refused to turn out with the Senior Tigers to-morrow to take Ben. Simpson's place in the game against Ottawa. Andy Loftus will probably be chosen to fill the vacancy.

New Parks Superintendent. Harry Marshall, florist, was this afternoon appointed as superintendent of parks at a salary of \$1000 a year, to begin his duties in January. The board declined to hold an investigation into the charges made against the deposed superintendent, S. Weaver.

The court of revision this afternoon knocked about \$55,000 off the assessments in Ward 2. The greatest reduction in a single case was on the appeal of the John Knox Company against a business assessment of \$20,500. As the firm has gone out of business, the whole amount was wiped out.

The Bank of Hamilton was given a reduction of \$10,000 on an assessment of \$200,000 on its new building. One odd case was that of Ernest J. Leith, who kicked because he was not assessed high enough. He was down for an income assessment of \$200 and got it put up to \$400.

The Dominion railway board finished its session this evening. Only one order was given, and the decisions in all the other cases were reserved. The Brantford and Hamilton Railway was given permission to carry about ten carloads of soldiers for the sham fight to-morrow. In the matter of the crossing of the G.T.R. and the street railway tracks at Ferguson-avenue, Col. Gibson declared that the G.T.R. had tried to stop the crossing at the instance and under the direction of the city.

Fred Anderson, manager of White Co. was this morning acquitted of the charge of arson.

John Neville was this morning acquitted in police court on the charge of stealing hides. Arthur Hudson was sent down for a year as a vagrant.

A happy gathering took place this evening at the residence of Mr. and Mrs. 225 Mary-street, where a kitchen show in honor of Miss Metzner was held. Juvenile Foresters also presented their program, which was very interesting.

Refreshments were served, and a very pleasant evening was spent.

Numerous complaints about the steaming of Sunday Worlds have been received, and the police have received information which they think will lead to the arrest of the culprit.

An Appeal for Sunfield. John Sunfield, brother of Jake Sunfield, who was sentenced to be hanged, has arrived in the city and will put up money for an appeal.

"Seppy" DuMoulin has been transferred to the Woodway branch of the Bank of Hamilton.

It is rumored that the doctors of the city will increase the price of visit to \$1.50.

JOHN MICHAELS' DELUSIONS. WINDSOR, Oct. 30.—(Special.)—John Michaels, formerly in the hotel business, was arrested to-day pending an examination as to his sanity. Suffrage Progressing.

The Review of Reviews prints an excellent article this month on the subject of woman's enfranchisement. Suffragist should find to get the magazine. Statistics are there in full regarding our advancement during the last few years.

Several leading papers are, as usual, commenting on the same subject from different points of view. From an American journal comes the following Chicago despatch: "Taxation without representation is tyranny, the battle cry of women suffragists in England, and it is a familiar slogan in America," said Mrs. T. J. Cobden Sanderson of London, "but we are in the same condition as were the colonists before their fight for independence, and we will win, even as our forefathers did."

Mrs. Sanderson, who recently took part with other suffragettes in an attack upon the house of commons, for which she suffered imprisonment, is touring America with Mr. Sanderson and their daughter. They are the guests of Mrs. George M. Millard in Highland Park.

"I am amazed at the activity of the Chicago women," declared Mrs. Sanderson, after a reception in the Woman's Club. "Of course, in a political way, the American women do not take the part of the women in England do, but as active workers for woman suffrage they have made great strides. I expect great things from them in the near future."

"We are much further advanced in the suffrage movement in England than are the American women, for we already have municipal suffrage in London, and a woman eligible to election to the governing body, as parliament has just removed the disability, and we will soon see women forming part of that body. It will not be long now before we will win out on our parliamentary franchise and women will be seated there as well."

"We are fighting to make the government party make our issue a party measure, and then we will surely win, for we have most of the Liberals with us."

The point of view taken by politicians in Colorado, where woman suffrage already exists, is that it makes little practical difference, except in educational administration. It quotes statistics and adds:

"It will be at once apparent from these figures that the field conceded to woman as best adapted to her qualifications is the educational one. Men

are more unscrupulous and desirous of power. Mere partisan politics do not interest women. But along those lines which are an extension of the influence previously exerted by her the franchise has offered to women a wider field, and a great many of them have entered it unashamedly. The things of the home as there are affected by official action and legislation—those things that make for purity, decency and humanity—here woman has discovered a field especially such as have to do with education, morality, civic habits, charities and corrections, and above everything relating to children, have appealed to women very strongly.

Thanksgiving in the City.

Whoever has sat a long night thru with lights turned low and the window blind half raised to let in the pale rays of the stars, watching a holiday in an arbitrary come in, knows how fascinating, how entrancing is the silence that holds so many muffled sounds and how weirdly the outlines of house and factory and steeply intermingled under the indigo sky. Perhaps poetry lies more in suggestion than in definition, and that is why the thing only half seen is so attractive. It is to our sense what the spirit world is to our soul, and both seem nearer when the power of physical vision is impaired.

VLADIVOSTOCK SCENE OF EXCITING NAVAL BATTLE

Torpedo Boat Destroyer Gave Fight to Gunboat Mandschur and Other Vessels.

VLADIVOSTOK, Oct. 30.—An exciting little naval battle took place in this harbor to-day between the multitudinous crew of a Russian torpedo boat destroyer and their loyal comrades. The mutineers finally were subdued, but not before a number of men had been killed or wounded. The mutineers, who were armed with machine-guns, gave fight to the gunboat Mandschur, and the destroyer's Garosov, Smely and Sertitza and the garrison of one of the harbor forts, manned by the 12th Regiment of Artillery. The Skory soon was overwhelmed and she had to be beached to save her from sinking. This was not accomplished, however, before her guns had done considerable damage, and several officers and men of the other ships had been killed or wounded.

The crew of the Skory were invited by agitators, including some Jews, who had managed to get on board and take charge of the destroyer. She steamed out into the harbor with the red flag flying and at once opened fire on the town and forts. A gunboat and three destroyers went out to engage her, and with the aid of the forts soon had her riddled and helpless. She then turned and ran thru the surf and was beached.

Those of the crew who had not been killed or wounded by the gunfire were arrested by soldiers as they made their way to land. Among the killed are Capt. Kurosch, commander of the torpedo boat Ravy, and Lieut. Spier, commander of the Skory; Lieut. Vastlie, commander of the Sertitza, was wounded. Several people in Vladivostok were killed by shells from the Skory, among them one American. The town has been declared in a state of siege.

Queen Quality SHOES "They fit when others fail" \$3.75 \$4.50 \$5.00 How few people can decide the merits of a pair of shoes by inspecting them. Can you? Not one in a hundred can do it. That's where the value of a good name comes in. That's why, when buying shoes, so many women rely upon the stamp "Queen Quality" for protection. And does it protect? For a decade the "Queen Quality" sales have led the world—yet the demand grows bigger every day. That's the answer.

VIOLIN MUSIC IN SCHOOLS. Prof. Torrington Makes Suggestion to Management Committee. At the management committee meeting of the board of education yesterday Dr. Torrington spoke to the members re the teaching of violin music in the schools. It would be of immense value to the scholars as the earlier children learned to appreciate music the better it was for them. They could have an orchestra of their own and play at different school functions, and this incentive would be of immense value to the pupils in their late musical studies. The class for teaching them would be held after school hours, and a charge of ten cents a lesson made to each pupil. The committee will consider the matter.

SIX YEARS FOR FORGERY. BRACEBRIDGE, Oct. 30.—Chief Justice Falconbridge yesterday sentenced W. D. Miller of Severn Bridge to six years in Kingston Penitentiary for forgery. Made Startling Confession. To a priest, whom he asked to see, he claimed he had murdered his wife and mother-in-law, but there was no verification for this alarming confession. Reddens has been brought back here.

THANKSGIVING DAY.

Thanksgiving Day this year finds Canada, in common with other nations, suffering from money stringency. In addition there is a certain disquietude in business circles that is likely to restrict the large drafts on the future which years of unexampled prosperity, in a young vigorous and expanding community, are apt to induce.

There are still people who read editorials. They naturally look upon the newspapers as being mirrors of public opinion. The impersonal "we" impressed the people.

BOMB FAILED TO EXPLODE.

Attempt to Assassinate Governor of Vyatka.

YYATKA, Russia, Oct. 30.—As Prince Gortschakoff, the acting governor of Vyatka, was driving from the cathedral here at noon to-day, a bomb was hurled at his carriage, but failed to explode.

ARE WE PROVINCIAL?

Montreal, hard up and dirty, has one last fling at Toronto. We are told that Toronto is "provincial."

One explanation of our supposed inferiority is found in the fact that this city takes a keen interest and a predominant part in the politics of Ontario.

Each shall respect the rights That others hold. When all are true as truth And pure as gold.

Herbert W. Roberts has an action pending against the Hamilton Radial Electric Railway Co. for damages for injuries received at the intersection of 6th St. and York St., Hamilton, on April 6 last.

Want a Jury. A. M. Orpen and Fred Cladwell are appealing to the divisional court from the order of Judge Britton, striking out the jury notice in their action against the Dominion Brevity Co., William MacKenzie, George A. Case, Limited, and Charles Millar.

Don't Want the Stock. An action has been begun by Foley, Lock and Larson, against Henry R. Barber, liquidator of the Dominion Brewery Co. of Hamilton, to have a certain agreement to subscribe for stock in the company set aside.

Changed the Petitioner. In the matter of the winding up of the Ontario Bank, Judge Britton has, on consent, made an order substituting Herbert C. Hammond as a petitioner in the place of the late Franklin Bates.

Commercializing the Press. There are still people who read editorials. They naturally look upon the newspapers as being mirrors of public opinion.

Conservative papers are owned and controlled by rabid Brits and vice versa. Public ownership papers are owned and controlled by corporate.

It is startling to think that John D. Rockefeller, for example, might easily buy up and control every daily newspaper, with one exception, in all Canada.

Perhaps other people, the G.T.R., the electric ring and the Bell Telephone, are smiling now at a similar situation.

Among these cloud-reefed hills We'll build a state, Fairer than prophet's dream, Firmer than fate.

Where luxury and lust Shall ne'er despoil, Where wealth shall be to worth— The fruit of toil.

Where man shall be as steel, In brain and nerve, And free, because He loves to serve.

And none shall gain by wrong Or spoil or fraud, Where poverty's unknown And greed outlawed.

Each shall respect the rights That others hold. When all are true as truth And pure as gold.

Her mountains tipped with snow, Her summer days, Her forests, fields and lakes, Her pleasant bays.

And all her fruitful lands And waters bright Shall be a pride and joy— The world's delight.

Nothing but Salt—and such Salt! You will find no other so delicate in flavour, so pure as WINDSOR TABLE SALT.

THANKSGIVING PROCLAMATION

How President Roosevelt Names the Day Selected. President Roosevelt's Thanksgiving proclamation is as follows:

"Once again in the season of the year has come when, in accordance with the custom of our forefathers for generations past, the president appoints a day as the national day of thanksgiving to our people to give praise and thanksgiving to God. 'Much has happened since we have been freed from famine, from pestilence, from war. We are at peace with all the rest of mankind. Our natural resources are at least as great as those of any other nation. We believe that in ability to develop and take advantage of these resources the average man of this nation stands at least as high as the average man of any other. Nowhere else in the world is there such an opportunity for a free people to develop to the fullest all its powers of body, of mind, and of that which stands above both body and mind—character. 'Much has been given us from on high, and much we have rightly to expect of us in return. Into our care the talents have been entrusted; and we are to be pardoned neither if we squander and waste them, nor yet if we hide them in a napkin; for they must be fruitful in our hands. Ever through the ages, at all times and among all peoples, prosperity has been fraught with danger, and it behooves us to beseech the Giver of All Things that we may not fall to love of ease and luxury; that we may not lose our sense of moral responsibility; that we may not forget our duty to God and to our neighbor. 'A great democracy like ours, a democracy based upon the principles of order and justice, can be perpetuated only if in the heart of the ordinary citizen there dwells a keen sense of righteousness and justice. We should earnestly pray that this spirit of righteousness and justice may grow ever greater in the hearts of all of us, and that our souls may be inclined evermore both toward the virtues that tell for gentleness and tenderness, for loving kindness and forbearance one with another, and toward those no less necessary virtues that make for manliness and rugged hardihood—for without these qualities neither nation nor individual can rise to the level of greatness. 'Now, therefore, I, Theodore Roosevelt, president of the United States, do set apart Thursday, Nov. 28, as a day of general thanksgiving and prayer; and on that day I recommend that the people shall cease from their daily work, and, in their homes or in their churches, meet devoutly to thank the Almighty for the many and great blessings they have received in the past, and to pray that they may be given the strength so to order their lives as to deserve a continuation of these blessings in the future.'"

PLAIN TALK FROM THE DOCTOR

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that to the following prescription is due a great deal of his success:

One ounce fluid extract dandelion; One ounce compound salinate; Four ounces compound syrup sarsaparilla. Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water. This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and fortify these organs to cleanse the blood of the poisonous waste matter and acids which, if allowed to remain, cause lumbago, lame back, rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost. This advice will undoubtedly be much appreciated by many readers.

A Pushing Line. A party of traveling men in a Chicago hotel were one day boasting of the business done by their firms, when one of the drimmers said:

"No house in the country, I am proud to say, has more men and women pushing its line of goods than mine."

"That do you sell?" he was asked. "Baby carriages," shouted the drummer, as he fled from the room.

A JOYOUS ENDING TO TRAGEDY OF LATE WAR

Little Girl, Begging for Alms, Found by Her Parents—An Interesting Story in Real Life.

MOSCOW, Oct. 15.—The crowd of onlookers on the Tverskaya approached to-day the ending of a war tragedy which had its beginning at the battle of Loooyang.

A smart landau, drawn by a fine team of horses, drew up to a restaurant. The occupants, a handsome officer and his wife, stepped out and at that moment a little beggar girl, tattered and torn, drew near, extending her hand with a piteous appeal for alms. The lady fumbled around in her pocket, drew out the desired coin and was about to hand it to the beggar, but, upon catching sight of the girl's face, she uttered a scream and, rushing forward, threw her arms around her neck and began hugging and kissing her. After this the officer, his wife and the little tattered and torn beggar girl went away. The following explanation of the scene was obtained later:

During the battle of Loooyang the officer was in command of a regiment and lived with his wife and daughter in a Chinese hut near the scene of operations. When the flight of the Russian soldiers began they were followed by bands of roving bandits, who burned and looted everything they could lay their hands on. In the panic which followed the disordered retreat the officer's daughter, a very young girl, was lost. A few days later a detachment of Russian soldiers put the bandits to flight and regained much of the plundered goods, and among other things, they found the little girl, whom they also took along with them. One of the soldiers took a great fancy to her, and when he was wounded and sent to recuperate at Moscow she went with him. In Moscow the man died and the little girl was left alone to wander the streets and live on the pittance she could beg. God fortune led her to the street where her parents were driving, and thus the family were re-united.

WIRELESS TELEPHONES. Lee De Forest has equipped the battleship Connecticut and Virginia with wireless telephones of his own invention. Communication has been had thru them for 22 miles. Recent tests show that ships with wireless telegraph equipment can hear messages from wireless telephones of other ships thru ordinary telephone receivers. It is intended to equip all the fleet going to the Pacific with this system.

A Pushing Line. A party of traveling men in a Chicago hotel were one day boasting of the business done by their firms, when one of the drimmers said:

"No house in the country, I am proud to say, has more men and women pushing its line of goods than mine."

"That do you sell?" he was asked. "Baby carriages," shouted the drummer, as he fled from the room.

Our Dressy Made-to-Order Clothes for Men

Our Tailoring Department does not believe in making a man's clothes in a haphazard fashion; no, indeed, our pride is to fit him accurately. Our first care is in the materials; we guarantee. Next style, which is absolutely faultless. The fit of the garment comes next, and the tailoring last—at least, that's the order we place them in. As a matter of fact, though, each feature gets our best attention, so there's really no first or last, so far as our clothes are concerned. We dress a man correctly and economically.

Beautifully Made White Waists \$5.00

Double the price, and you have the average of the real value that belongs to these waists, which is another way of saying that our \$5.00 tables of waists are recruited from the lines that sell in the regular way at \$7.50, \$10.00 and \$12.50. The styles are strictly new and in the height of fashion, lovely line lingerie effects, with simple and elaborate hand-embroidered and exquisite trimming of laces and insertions. Only one or two waists in each style, about 100 altogether. Clearing each5.00

Beautiful Carriage Cloaks and Visiting Wraps

Our display of beautiful garments for carriage wear and visiting occasions is so elaborate a scale as to compare favorably with the showings in New York, Paris, London, Berlin, or Vienna; indeed, each of these cities was drawn upon when our collections were being assembled. Individually, of course, we cannot promise you so extensive a display as you'd see in either city, yet we think, collectively, our assemblage measures up to the best that you'll see anywhere. We cordially invite you to come and view our latest arrivals. They are as attractive as those beautiful creations that were so much admired on opening day.

HARNESS HORSE NEWS LADY MAY GOES TO-DAY

Entries for Dufferin Driving Club's Races—Big Fields—Other Horse Gossip.

What looks likely to be the best day's racing seen in this city for some time is the matinee of the Dufferin Driving Club at the Dufferin track this afternoon. Three well-filled class races and Lady May's attempt to lower the track record will be the program. A good set of officials will be on the job, so the spectators are sure of clean racing. The entries and officials are as follows:

Class B—Baby Teeth, J. Allison; Al Patriot, J. Noble, Jr.; Hazel Hal, J. Lamb; Western Boy, W. Beattie; Planet, A. Holman; Madge W., N. Voddan; Prairie Oyster, A. Wakes; Johnnie Byler, Robinson; May Bell, N. McKeown; J. Smith's entry; Aultie, W. G. Beaman; The Lion, F. Dunn; Roger, R. Hanna; Joe Bryson; Davis Bros.; Bay Billie, Dr. Eakin; Sir Robert, R. McBride; Johnnie H., James Noble, Sr.; Capt. Stubbs. Class A—Glencola, A. Barker; Maj. W., A. Wales; S. D. C., D. Dwan; Harry Lee, G. Farrell; Nellie Bay, C. Allen; Little Frank, B. Whylock; Macd H., B. Davis; Easy Laura, J. Kenyon; Waterloo, G. Rountree; Joe Gotthard, E. Swartz; Easter Wilks, W. Westcott; Little Mona, J. Robinson; No Trouble, J. Marshall; Beatrice, McLaren. Class D—Baron Powers, F. Rogers; Bourbon Boy, W. Hezlewood; Rheda Wilks, Charles Snow; Gustie Hal, R. McBride; Big Sandy, Davis Bros.; Uncle Sam, John Lock; Tory, J. McRobb; Lady Wilks, P. Roach. Judges, George Birdsell, Con Woods, Thomas Bartrem; timers, George Bedingfield, George May, J. Chinkinbrook; starting judge, James O'Halloran; clerk, W. McCullough.

When Lady May paced a quarter on the speedway last Saturday in 29 3/4 seconds, many experienced horsemen present were of the opinion that had the spectators kept off the course she could have covered the distance in 29 1/4 seconds at the rate of a mile in 1.56. Certain it is, she is one of the greatest pacers ever owned in this country, and it is an open question if any mare on the turf could have beaten her. Had she had her owners sent her to the Grand Circuit this year.

Last year at Columbus she took a record of 2.04 1/4, and those who are familiar with her say she has improved considerably over her form of 1906. She will start at the Dufferin track this afternoon and have beaten her record, which is 2.16 1/2, held by Miss Delmar. The track has been put in good condition, and if the weather is at all favorable, there is sure to be a new record, several seconds faster than the old one.

Races at Chatham. CHATHAM, Oct. 30.—The fall meeting of the Chatham Driving Club was opened here this afternoon with an attendance of about 1300. Two events were pulled off, as follows: 2.16 pace or trot—Jerry Dillard, owned by Briscoe, Brox, Chatham 4 1 1 1 Kingmore, D. F. Hopkins, Detroit 2 2 2 Queen of Clubs, D. A. Brown, Leamington 3 3 3 Judge Dillard, C.H. Lietz, Farmington, Mich 3 3 4 Time 2.20, 2.21, 2.20, 2.28. 2.18 pace or trot—J. T. Rooker, Jas. Hume, Ori 7 1 1 1 Madison, G. C. Leakey, St. Thomas 1 5 3 4 Tony Barr 5 7 6 dr I. X. L., A. H. Trudell, Tilbury 3 2 2 2 Capt. Mac, M. J. O'Mara, Wallaceburg 6 4 4 dr J. T. Rooker, Jas. Hume, Ori 5 7 6 dr Colwood, J. W. Horton, Shedden 8 8 5 6 Little Harry, Wm. Cummore, Seaforth 8 8 5 6 Golden Wilks and J. B. Wilks, both driven before the first heat. Time 2.20, 2.21, 2.16, 2.24. John Glasford of Chatham made a capable starter.

Jimmy McDowell, owner of the roan pacer, William C. (2.18 1/4), thinks that he can beat Lady May in a brush of a quarter mile on the speedway. Jimmy is entitled to another think.

CHRISTIAN ENDEAVOURERS HEAR THEIR PRESIDENT

Dr. Clarke, Who Founded Movement, Addresses the Ontario Convention.

The Ontario Christian Endeavorers are holding a convention in Cooke's Church, the first meeting being last night. The church is nicely decorated with flags and shields, and about 500 Endeavorers are attending.

Dr. Clarke, who 30 years ago originated the C. E. movement and is now president of the international union, addressed the gathering last night. Societies are situated in every country in the world and the next convention, in 1915, is to be held at Agra, India. In India alone there are 1000 societies.

"There are two reasons why such a society is necessary," said Dr. Clarke, "the first is the responsibility it involves in the teaching of the young people their responsibility to God, and, secondly, the fellowship it engenders. It brings the young people into close touch with one another and teaches them in many ways to become broader-minded and better citizens."

To-day the convention will be continued. At 7.30 a.m. there will be a "quiet hour" service, which Rev. Mr. Eiler will conduct. At 9 a.m. there will be a Bible study, at which Dr. Elmore Harris will preside. At 2.30 p.m. a business session will be held, and at 7.30 a song service. Prof. Kilpatrick and Dr. Francis Perry will speak.

The delegates were tendered a banquet at Williams' Cafe last night. Dr. Clarke left last night to attend the Quebec Province convention in Montreal.

William Sims, aged 14, 65 Darling avenue, and Sidney Jelly, aged 13, 41 Dauling-avenue, were arrested by Detective Guthrie last night, charged with shopbreaking. It is alleged that on Sunday the boys broke into R. E. S. Strong's drug store, at the corner of Ellice and Carlton-streets, and stole a quantity of postage stamps, \$1 in cash, and a box of cigars. On Monday they visited T. Crittenden's drug store, where they got a watch, money stamps and between \$8 and \$7 in money.

A Successful Firm.
Messrs. White Bros., whose advertisements appear regularly in The World, are in the city. Although comparatively young firm, they have already made enormous strides. Starting business about five years ago at 278 West Queen-street, they have moved to their first store too small to accommodate an increasing clientele of customers quarters at their present address, No. 280, just a door above the old stand. They do business on both cash and credit methods and to those who cannot pay cash the best terms possible are given in easy payments. By carrying a large and extensive range of goods and by buying direct from the manufacturers the firm of White Bros. are enabled to offer to their patrons the closest prices possible on a cash or credit basis of payment.

The increase in the firm's business has been so rapid during the last two years that the staff of clerks has been doubled, and the open hours during evenings in order to accommodate those who cannot come during the day. Credit is extended freely to all on the most generous terms of payment. The stock for fall and winter is now very complete and consists of an extensive assortment of men's clothing, women's furs, mantles, carpets, oil cloths, dry goods, costumes, etc., many lines being specially reduced at this time.

CHEQUE FOR \$400,000.

Half Yearly Payment on Account of Subsidy Received.

Col. Matheson was unable to announce yesterday afternoon that as a sort of thanksgiving offering, the provincial treasury had been enriched to the extent of some \$400,000, the half-yearly payment, due on Jan. 1 last, of the increase in the annual subsidy by the Dominion Government.

The amendment to the constitution ratifying the agreement reached last year between the provinces and the Dominion, increasing the provincial minister's growing picture of times of unexampled prosperity and of extraordinary surpluses, the treasury is "hard up."

At the Theatres

Of all the good things the Royal Alexandra Players have done since coming to Toronto, "At the White Horse Tavern" is their best. The audience are simply kept in screams of laughter throughout the play. Next week this clever company will produce John Brewer's great success, "Second in Command," written by Capt. Robert Marshall, the author of "A Royal Family" and "His Excellency the Governor."

This will be the Concessions week. At Tuesday matinee photographs of this eminent young actor will be given away and on Thursday satin squares with his photograph will be presented to the ladies.

"The Time, the Place, and the Girl," the newest creation of Will M. Hough, Frank R. Adams and Joseph E. Howard, will make its first appearance in this city at the Princess Theatre on Monday evening, Nov. 4. Ned Wainburn, who has staged the piece, has introduced many novelties, and the "Dicke" number is an eye opener. The scene is laid in the mountains of Virginia. There are three acts of refined comedy field scene with its transformation from summer to winter, and the cyclone scene.

For the week of Nov. 4 the bill at Shea's Theatre will be headed by Flo Irwin and company, presenting "Mrs. Becham's Carouse," written by George Ade. The special attraction for the week is Walter C. Kelly, "The Virginia Judge." Another big feature will be McFarlan and Chappelle, with the Pulman Porter and his crew, and Howard and Bland, Galetti's Monkey Circus, Mignonne Kolin, Ziska and King, and the Kinetograph.

"The Wizard of Oz," that extremely clever musical extravaganza, with its unique characters, beautiful scenic effects and delightful musical numbers, will be presented at the Grand next week, the first time at the Grand prices. There are many novel and beautiful effects in "The Wizard of Oz," among which are the wonderfully picturesque scene from summer to winter, and the cyclone scene.

"Little Heroes of the Street," which is the attraction at the Majestic next week, is a play which contains more than the ordinary amount of heart interest. The special attraction for the everyday life—actual happenings in the streets of Chicago, one of which is an exact reproduction from photograph of the round and grand stairway of the magnificent federal buildings in the metropolis of the west.

If commendatory press notices and crowded houses are any criterion, the acme of musical comedy excellence and novelty is combined in the newly-composed musical farce, "Mrs. Wise from Broadway," which, in conjunction with the "Kentucky Belles," will be the offering at the Star Theatre next week.

A few seasons ago the Mendelssohn Choir wanted the services of Ellison Van Hoose, tenor, for their concert, but he had been engaged by the Apollo Club of Chicago to sing the lead, which he has previously created in New York and could not come. Later he sang at Massey Hall with Melba and was very warmly received by the audience. He appears with the Toronto Conservatory Symphony Orchestra, Dec. 10, at Massey Hall.

The choir of Trinity Methodist Church intend giving a service of praise on Wednesday evening next, Mr. Frank Blachford, violinist, assisting, Mr. R. G. Kirby, the choirmaster of the church, has prepared an excellent program, including Sullivan's "Sing, O Heavens," Gunod's soprano obligato and chorus "Galle" (two capella numbers), Gunod's "All Ye Who Weep" and Hayley's "Trisagion and Sanctus" also the LeVallée-Richardson splendid national hymn, "O Canada, Our Fathers' Land of Old. Thy Bow is Crowned With Leaves of Red and Gold." Solos will be sung by Miss Jennie E. Williams, Mrs. Alma Sanderson, Miss Jean Suberland, Mr. W. J. Lawrence and Mr. Willard Desnoyer. Mr. Russell Marshall, the organist of the church, a young Canadian of excellent ability, will contribute several numbers. A collection will be taken at the door in aid of the music fund of the choir.

SENTENCED TO LIVE WITH HIS MOTHER-IN-LAW

Magistrate Burgar of Welland Imposes Novel Sentence.

ST. CATHARINES, Oct. 30.—Magistrate Burgar of Welland has established himself as a judge of original sentences. Olivio Gorgi, a young Italian, who was employed at the Plymouth Works at Welland, loved and wooed the fair Louise Marie Bordiaux, aged 14. Mme. Bordiaux, the mother, opposed the match, so the young couple fled themselves off to Toronto and were wedded by a priest.

Gorgi was charged by Mme. Bordiaux with abduction and appeared before Magistrate Burgar. The magistrate said he could not see anything to be gained in sending the young husband to jail, and proposed the novel alternative that Gorgi and his bride reside until January next with their mother-in-law and mother respectively.

Gorgi, in addition, was to pay Mme. Bordiaux \$40 damages for taking her daughter from her. Gorgi was quite willing to pay the \$40, but balked at the other condition of settlement, but it is quite likely that his young and pretty bride will be able to bring him around.

LAUNCH OF STEAMER "COLLINGWOOD"

The accompanying illustration gives an idea of the real magnitude of the operations of the Collingwood Ship Building Co. In the foreground is shown the "Midland Prince," the largest Canadian ship in commission, which was built by the company, and is shown in dry-dock for bottom-damage repairs, caused by grounding in the Sault River.

Fine Addition to Upper Lakes Fleet Takes to the Water—Modern in Every Respect.

COLLINGWOOD, Oct. 30.—(Special.)—The new steamer Collingwood was launched to-day in the dry dock of the Collingwood Shipbuilding Co. in the presence of a large crowd. To Miss Lewis, daughter of General Superintendent Lewis of the Lake Superior Corporation, Sault Ste. Marie, fell the honor of christening the new craft.

also a great protection to the safety of the ship in groundings or damage to the bottom of the ship, as the outer shell can be badly broken without danger to the ship or cargo. She is equipped with 11 cargo hatches, each 11 feet wide and 24 feet centres fore and aft, allowing great convenience in loading or unloading in cargo.

The living quarters forward are all finished in paneled quartered oak, and are arranged to accommodate the captain, mates, wheelman, lookouts, and owners' quarters, which are very commodious and handsomely equipped. The quarters aft, accommodate the chief engineer, assistant engineer, oilers, stewards, porters, deckhands and firemen, with officers' dining room and owners' dining room handsomely finished in quartered oak paneling with sideboards of same material.

The engines and boilers are in the after end of the ship, and consist of vertical triple expansion engines, 21 inches, 35 inches and 57 inches diameter of cylinders by 42 inches stroke. The boilers are of the type 14 ft. 6 inches diameter, 4 1/2 ft. long, carrying 180 lbs. working pressure. The hull, machinery and equipment are built to the highest rating of the Great Lakes register of the Bureau Veritas Classification Society. Cargo capacity 230,000 bushels of wheat on 20 ft. draft of water. The ordinary speed will be 14 miles an hour in water ballast and 12 miles an hour loaded.

She will be completed and leave on her first trip Saturday, Nov. 3. The owners of the steamer "Collingwood" are the Farrar Transportation Company of Collingwood. Charles Farrar, president, and George E. Farr, secretary, Captain Frank Bassett will command, and Duncan McLeod will be chief engineer.

The Shipbuilding Company is one of the new companies that are helping to make a name for Canada. They have one of the finest shipbuilding plants on the American continent, the buildings, tools and equipment being the very best. They have been quietly but steadily turning out fine ships, which have been a great credit to themselves and the ship owners. The new "Collingwood" is No. 17 in the yard numbers for steel boats that they have built. Capt. Alexander McDougall of "Whaleback" fame is the president of the company. Thomas Long, vice-president; Sandford H. Lindsay, secretary-treasurer, and Jas. M. Smith, manager, all Canadians and practical business men.

BIBLE TOO LONG TWISTED TO ABROGATE OUR LIBERTY

Dr. Madison C. Peters Discusses Some Popular Cloaks for Sin.

Dr. Madison C. Peters of New York preached in the Western Baptist Church last night on "Popular Cloaks for Sin." He instanced numerous excuses offered for not leading an out and out religious life. The popular notion, he said, was that religion was decidedly a melancholy affair and one of the popular "cloaks" was the excuse that they wanted a little more enjoyment out of life before becoming a Christian.

"This austere, gloomy and joyless view of religion is hard and honest. The way of being saved makes children dread the very name of religion and makes religion irksome not only to young men but to mature life and makes it seem contrary to reason and common sense—as if to be natural was in danger of being lost, hence the unnatural tone in which people talk about religion. If you want to turn your children against religion surfeit them with the severe kind."

There was not a single pleasure of the world which a manly nature could relish, which was not permissible to a Christian. When a man is a real Christian, instead of being pinched and dwarfed and shut up, he is rather enlarged, emboldened, and set free. We had too long insisted on the abridgment of the Bible into unnecessary rules for the abridgment of Christian liberty and the severe kind.

The second cloak was that the Bible was so full of mysteries. The man who waited for logic to settle his conviction hid his wits to die without believing anything.

Then there was the excuse, "There are so many hypocrites in the church." "Come along," he urged the speaker, "there is room for one more." Christianity should not be judged by the faultiness of professors, nobody is always consistent, and the man who never made a mistake was a myth. Taking up another popular cloak, "I don't know how to get on in the world," Dr. Peters said emotion was poor stuff out of which to make a Christian. A good digestion may be taken for peace of conscience, but it is not the right of the church. Christianity at bottom is devotion and joy do many pass through distressful experiences before finding peace of mind?

The church, in all ages, has been made up of people who are not exact. Dr. Peters said, discussing the excuse, "I am not good enough." The perfection we profess is not obtained until we get yonder.

That the great west is sound commercially and that no cause exists for apprehension is the opinion of C. B. Davis of Sault Ste. Marie, a member of the grain standard board, fixing the commercial standard for the year, and who has just returned from Winnipeg. "The country is going to extend 'bow-wows,'" said Mr. Davis, "and the farmers in Manitoba, in my opinion, are just as much as ever, not more, than last year, the province over for their grain. In Manitoba 60 per cent of the wheat is running No. 1 and 2 northern and 40 per cent is No. 3. The percentage was 75." From now on, the wheat, from the territories is coming in, and Saskatchewan and Alberta will greatly lower the standard, ranging from No. 3 down to seed wheat. In the Canadian West, Davis places the net financial results at about 60 per cent of last year.

"If the banks rise to the occasion and adopt a sensible policy, extending the necessary millions for the purchase of wheat for immediate export shipment, there will be no serious objection to business. There has been some speculation in land values in the city, but the wheat and the west he regards as all right."

FOSTER ASSAILS GOVERNMENT

The Most Corrupt the Country Has Ever Seen.

Hon. George E. Foster, M.P., addressing the North Toronto Conservative Club at Simpson's Hall last night, said the results of the by-elections in London, Northumberland and North Wellington were sure indications that the people were sick of the present Laurier government, who had got into power by false pretences and continued there by the same tactics. They were the most reckless, dishonest, corrupt government the country had ever seen.

A Lady who cures her husband of His Drinking Habits Writes of Her Struggle to Save her Home.

"I had for a long time been thinking of trying the Tasteless Samaritan Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and he thought unwell of me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his wife's salary nearly all spent, I saved my home from the ruin law courts, at all hazards, I sent for my husband and told me that I was giving him medicine, and he never suspected a thing, and I also succeeded in getting it regularly, as I had discovered something that every nerve in my body tingled with hope and happiness, and I could see a bright future ahead of me. I was so pleased, I bought a share in the good things of life, an attentive husband, comfort and everything else dear to a woman's heart; for my husband had told me that whiskey was vile stuff and he was taking a dose, and then sent for another lot, to have on hand, if he should relapse, as he had done from promises before. He never has and I am writing you this letter to let you how thankful I am. I honestly believe it will cure the worst cases."

RALLY ON THE SHORTS IN THE N. Y. MARKET

Demoralization is Followed by a Sharp Rally—Trading Active in Locals.

NEW YORK, Oct. 30.—The assignment of the New York market was demoralized by the company's statement of earnings. A special attack on Canadian stocks was attributable to rumors affecting Toronto. Grand Trunk has fallen one, and Canadian Pacific 1-2 points. Copper stocks fluctuate nervously. Rio Tinto shows a gain of 1-2 to 70-14.

MONTREAL, Oct. 30.—Apart from losses of people trading in stocks on margins, there has been no financial disturbance here. There have been failures or rumors of failures and banks are said to have the situation well in hand. Further trouble in stock market will be avoided thru joint action of the banks furnishing money in case of disastrous liquidation.

LONDON, Oct. 30.—The American demand for gold and the talk of a monetary strain in Berlin are causing welcome pressure here which was reflected on the stock exchange to-day, where prices in all the markets were heavy. Consols were affected by sales due to the monetary uncertainty, and yielded another 1-8 of a point. Americans, although they opened fairly steady, soon declined and selling pressure from the continent and the province brought quotations during the forenoon down to from one point to four points lower than yesterday. Union Pacific and Canadian Pacific were the specially weak points.

NEW HAVEN, Conn., Oct. 30.—At the annual meeting of the New York, New Haven and Hartford Railroad Co. this afternoon, John G. Parker, secretary of the company; Edward D. Robbins, attorney; and Augustus Smay, treasurer, were chosen directors. To fill three places left unfilled when three representatives of the Boston and Maine declined to serve. The other 22 members of the board were re-elected on the motion of J. P. Morgan. It was voted by 55,883 to nothing, that the capital stock be increased by \$31,219 shares instead of the \$4,696 proposed in the previous notice. This would mean an issue of one share to three, instead of one share to four, and the directors will pass upon the amount to be issued and its ratio.

On Wall Street. Charles Head & Co., of R. B. Ronson's, after a spell of liquidating sales, which caused some of the final prices of yesterday and involved new low records on the board, reversed their policy and went a decided reversal of form and closed showing substantial gains all around. Dealings in the last hour were an increasing cause of activity. The early decline forced the market down, but a recovery in a number of years. The subsequent recoveries were very violent than the losses. The market closed strong at about best prices of the day.

Marshall, Spader & Co. to J.G. Beatty. The afternoon market was strong as a result of several reassuring announcements, one concerning the proposed Union Pacific security holding company; another rumor of five million sterling being loaned to the Bank of England for use in handling American exchange, and the suggestion that the treasury department would urge bankers to substitute their bonds for government bonds held as collateral for deposits, thus enabling these bonds to ease the national bank circulation. The general feeling is that liquidation in its most severe form has been for a time completed.

Ennis & Stoppard writes to J. L. Mitchell: The market to-day, after early weakness, developed substantial improvement. London sold moderately at a rate that means the speedy absorption of floating supplies. Important developments will take place at meeting of Union Pacific directors tomorrow. Steel Company's earnings and prospects will attract investment buying on dips. Specialties—Regular dividend on Pennsylvania will be declared on Friday. Hold Amalgamated Copper.

NEW YORK, Oct. 30.—Fervorishness is likely to continue to-day in the stock market, and the unsettlement will not pass until money conditions desceat from the heights of stringency, but we would not forget that these levels represent a decline of the greatest extent ever witnessed in our markets and that they discount many dividend reductions. There is bound to be more necessary liquidation, but we think it will be more sporadic than general and issues not liquidated will suffer the most, while the others will, while acting temporarily in sympathy, recover more quickly from bear raids, which are evidently being permitted again in connection with short selling.—Financial.

LONDON.—Weakness, reflecting the New York situation, characterizes all of the markets. One big account has been arranged, but otherwise the settlement has progressed smoothly. Selling by the continent has contributed to the prevailing depression. Consols are 3-16 point down, and British home rails, which are unsupported,

WHERE ARE THE STOCKS COMING FROM? World Office, Wednesday Evening, Oct. 30.

A most nervous feeling is still in existence at the Toronto stock market. This accounts for the numerous transactions in some of the speculative stocks. Traders are endeavoring to be prepared for unexpected happenings, and many of the stock transactions are made with this idea in view. Values at the present time are being based on more than upon earnings or values. Brokers with New York wires are refusing to carry Twin City on margin, and to this is attributed part of the weakness in this stock. Most of the present public's buying in securities listed on the Toronto Exchange are for cash, but these orders are insufficient to take up all the offerings. Investment purchases in an ordinary market is an indication of strength. All investment orders are being filled at present without difficulty, and the query among traders is, "Where are the securities coming from?"

TESTIFIED TO GET EVEN MINISTER HAD ENEMIES

Justice Riddell's Caustic Comment Concerning Witnesses in Barrie Suit.

In giving judgment in the case of Madill v. McConnell, in which it was alleged that the late Joseph Madill, while in an enfeebled state, was influenced by his pastor, Rev. John A. McConnell, Presbyterian minister, to make a will, and which it was claimed was not properly executed, and the demand made that it should be declared null and void, Justice Riddell finds that no undue influence was brought to bear, that the execution was regular, and that the only question is as to testamentary capacity. He reviews the evidence given to discredit the evidence of the defendant, Rev. Mr. McConnell, and says that some of those who said they would not believe him upon oath belonged to a malcontent section of his church, and to some of the others he had said Robert Beattie stock, with regard to this his lordship remarks: "It seems as unwise now as it did 1900 years ago for those sent to preach to carry scrip, and the evidence commends his lordship, "was clearly given gladly and with a desire to injure the minister."

The judge directs that the costs be paid jointly by the plaintiff and by these members of the church who at the trial stated that they made "some cause" with him, viz., Mary Van Allen, Jeanie Southall, Letitia McLarnon, Richard Langley and Frederick Thornbury.

A large portion of the estate, which totaled over \$15,000, was left by the will to the foreign mission of the Presbyterian Church in Canada, and the case was recently tried at Barrie.

JUNCTION CITIZENS DELIGHTED AT PROGRESS

Weston Liquor Case Comes Up on Friday—Organist is Kindly Remembered—Items.

TORONTO JUNCTION, Oct. 30.—The beginning of the end of the Dundas street paving work is now in sight. Expressions of surprise and pleasure were heard on all sides to-night by Junctionites returning from the city, when they saw the cement blocks laid for a distance of about 200 feet, west from Annet-street. The mixer is already at Union-street on its return journey along the north side, and if weather conditions continue favorable, at about the end of 10 or 12 days the active paving work on the east side of Keele-street will have passed into the chronicles of history.

The liquor case in which W. J. Brown of Weston-road is a prominent figure, will be tried in police court next Friday morning before Mayor Baird and Peter Laughton, J.P. A number of witnesses have been summoned, and indications are that the case will be an interesting one for the local opinion people of the Junction.

Mrs. Elizabeth of 81 Pacific-avenue, wife of Chief of Police Flintoff, leaves to-morrow morning for Ontario, Cal., where she will spend the winter. Mrs. Flintoff has not been feeling in the best of health for some time.

On the occasion of the approaching marriage of Miss Bagshaw, who for the past eight years has been organist of the Annet-street Methodist Church, Rev. Dr. and Mrs. Hazelwood and the members of their choir met last night at the home of George Edgerly on the Annet-street and Lakeview-avenue, to present Miss Bagshaw with a beautiful silver dish and spoon, as a tangible evidence of their good wishes for her future happiness.

Mrs. Frances Ward, wife of Michael Ward, 270 Marlborough-st., died after a week's illness. The funeral will take place on Friday to St. Michael's.

About 30 special constables will be on duty in the Junction to-morrow night to look out for "bad boy" Halloween pranks.

The excavations for the new Salvation Army Hall on Keele-street were completed to-day, and work on the foundation will be commenced to-morrow morning.

Dr. Fred Hazelwood of the Erie County Hospital, Buffalo, has returned to his home at 177 High Park-avenue for the holidays.

All the manufacturing concerns in the Junction will be closed to-morrow for the holiday, with the exception of the building-rooms of the Canada Cycle & Motor Company, where the work is especially rushed.

Miss Margaret E. Symington of Dundalk and George H. Walker of the Junction were married last night by the Rev. T. Cowan of the Baptist Church. They will make their home in the Junction.

Many Visitors Are Spending the Holiday in the Village.

WCHWOOD, Oct. 30.—Mrs. J. Webb of Springbrook, Ont., is spending the Thanksgiving Day with her son, C. Webb.

F. M. Bond of Port Dover is spending a few days with his father-in-law, J. Clarkson, of Vaughan-road.

Rev. and Mrs. C. W. Follett of Zion Methodist Church are visiting at Avening.

NORTH TORONTO.

Youth Meets With Bad Accident—Building is Brick.

NORTH TORONTO, Oct. 30.—George, the nine-year-old son of J. J. Gartshore, had the misfortune yesterday to break his arm in the gymnasium of the Upper Canada College. The fracture seemed to be a complicated one, and the little sufferer was taken to the Cottage Hospital, where the X-rays were applied, when it was found that he had sustained a double fracture. The patient is doing as well as can be expected.

Montgomery-avenue promises to become a fashionable street. The row of seven brick clad, two-story detached houses are now well under way, and yesterday excavations were started by H. W. Nelson for the erection of two more brick residences. Pickpockets relieved J. M. Wilson, manager of the Toronto Produce Co.

WE MUST DRESS WARMLY.

Advice of Noted Authority, Also Gives a Simple Prescription.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather the feet, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Blandin, one ounce Compound Keanon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Anyone can easily prepare this at home and at small cost.

of \$10 at the Toronto Junction cattle market yesterday.

Mrs. M. Williams of Trenton, Ont., is visiting her daughter, Mrs. W. A. Twiddy.

DEER PARK.

Local Presbyterian Church to Hold Anniversary on Sunday.

DEER PARK, Oct. 30.—Anniversary services will be held in the Presbyterian Church next Sunday and Tuesday. At 11 a.m. on Sunday the Rev. Thomas Eakin, M.A., Ph.D., of Knox College, will preach, and at 7 p.m. the Rev. J. V. Smith, D.D., of the Central Methodist Church. On Tuesday evening the Rev. J. H. Hazelwood, D.D., will give his lecture, "A Jaunt Through Ireland." Vocal selections will be given by Miss Annie S. Murray, Miss Mackenzie and others. The collections will be in aid of the interest fund.

George Strong of Franklin-avenue, driver for Mr. Woods, helped a fellow driver out of a mudhole with his load last night on St. Clair-avenue and Poplar Plains-road, when for some reason he fell under the wheel at the end of their load. A wheel of the wagon went over his chest, breaking three ribs. The patient was conveyed to the hospital, where it was said that his injuries were serious.

Friday will be a holiday in the Deer Park public school.

WESTON.

Town is Showing Every Indication of Progress.

WESTON, Oct. 30.—The C.P.R. are determining against the Town of Weston and not a little feeling has been aroused in the matter, owing to the fact that only two trains each day are allowed to call here. The G.T.R. service is a great deal better, and the representations made to the company recently have evidently had no effect, bringing about a better state of affairs.

Everything points to the fact that Weston will, one of these days blossom out into a big manufacturing and residential town.

The establishment of the Threwey plant at Cannon Brick Co. of Chicago, the W. P. Fielding Chemical and Distillery Co. of Guelph, and the J. F. Taylor Co., manufacturing chemists and druggists, will give a great stimulus to the town. Residential Weston is easy of access from the city, by steam and electric roads, and altogether is an ideal place to live in.

F. T. Rowntree is erecting a new house adjoining his present residence. The Presbyterian Young People's Society held a social evening last night. Dr. Rowntree proposes to erect a row of flats for the use of workmen employed in the Cannon Brick Co.'s yards.

ETOBICOKE.

James McClellan of Etoobicoke has issued a writ against Leopold Chard for alleged trespass, and for cutting timber and sods, and digging holes all over it.

RIVERDALE.

Salvation Army Makes Big Advance—Dr. Gilmour Will Lecture.

RIVERDALE, Oct. 30.—(Special.)—The excavations are now well in hand for the building of the much-needed extension to the Salvation Army Citadel on Broadview-avenue. While the corps are holding special services in the Oddfellows' Hall on Broadview-avenue.

The Salvation Army in this end of the city is going ahead with leaps and bounds and the extensions now going on will be fitted up immediately, and their opening will take place about Christmas.

Dr. Gilmour, warden of the Central Prison, will deliver a lecture, "The Young" in the Oddfellows' Hall, Broadview-avenue, on Thanksgiving night. The doctor will be supported by a number of clergymen and aldermen. The first annual cross-country run for the pupils of the Riverdale High

School was held on Wednesday afternoon under the happiest auspices. The weather smiled, the boys ran well and the school applauded. About 100 took part, and this, when one considers the total attendance of boys, is a large proportion. The course of cross-country is laid eastward from the school, and by means of an interesting ravine, affords plenty of obstacles for the cross-country enthusiast.

The senior division was led in by Kirkpatrick of form 1, a lad of 16 years, whose time was 17 minutes and 28 seconds. He took the lead early and none could catch him. Quinn of form 1 was a good second, while Johnson of form 3 came third.

The intermediate division struggle was won by Brackenfield of form 3 in 19 minutes and 35 seconds, with Clifford of the same form second, and Amis of form 2 third.

The time of the juniors was 18 minutes and 28 seconds, and this creditable record was made by Cannon of form 1 who competed in an easy winner, while Davidson and Nelson of form 1 fought it out for the next place, Davidson winning in a sprint. At the conclusion of the race, refreshments were served by the girls of the school, and a merry hour was spent by the staff and students, concluding with an oral of their spelling bee, the winners of which, Miss Pearl Ramsay and Mrs. Edna Ashel, become the proud possessors of the first school pin.

A spirit of fervent loyalty is pervasive in the Riverdale High School, and no difficulty was found in obtaining suitable prizes. Dr. Chas. Sneath of Broadview-avenue, whose three children were the first to register in the school, donated a trophy in the shape of a most artistic shield, with medal for senior winner, Mr. Wm. Harris, whose son is also in attendance, was the donor of a handsome award to the winner of the consolation division, and Mr. A. E. Kemp, M.P. of a similar guerdon for the juniors. The prizes were also provided by Messrs. Davidson, McKenna and James, and by the staff and pupils.

WAS FINE MUSICIAN.

Late Mr. Hancock Stood High in Chosen Profession.

The late Frank Hancock, whose demise occurred at the home of his parents on Bathurst-street, was not, as stated, an employee of the Messrs. Edwards and Sons of Broadview, and did not leave the city to travel for the benefit of his health, the truth being that, after serving his time as a printer, he continued the study of music, begun during his leisure hours, under Reback-Tandy, at the Conservatory of Music, for a period of three years, and won two scholarships in the meantime, finally proceeding to New York, where he placed himself under the tuition of Dr. Dossert, a famous music master, at the time filling an engagement with Francis Wilson in "The Toreador" at the Knickerbocker Theatre, New York. He also held important engagements in a church choir in that city and Yorkers. After two years' further study he joined the Jos. Hart Co., with whom he was for three years, traveling from the Atlantic to the Pacific. He contracted a cold while in Baltimore, which resulted in pleurisy, from which he never recovered. He was sent to the hospital, and was abundantly shown during his long illness. Beautiful and appropriate services were seen by the Lord Stanley Lodge, I.O.O.F. (M.U.) also by the Walker-Parker Co. and employees, the Walker-Parker Co. and employees, the Queen's Athletic Club and numerous other friends. The late Mr. Hancock was 30 years of age.

EAST TORONTO.

Approach of Winter Lends Added zest to Outdoor Sports.

EAST TORONTO, Oct. 30.—Miss McPherson and Miss Campbell, teaching staff of Kimberley-street Public School, led to-night to spend the holiday at their homes in Whitby and Bothwell respectively.

The first of the league matches in the T. J. Juvenile Football League was played to-night between Kimberley A. and Coleman teams, resulting in a tie. The Yorks play an exhibition game with the Pedale Albions on Scarborough-avenue to-morrow (Thursday) morning at 10.30. On Saturday they play the Queen's Athletic Club in a league match on the Danforth-avenue, Main-street and the Kingston-road.

It was a jolly party of hunters who left York Station to-night in a special car for their hunting camp in the north.

Farmers and Autos.

The automobile nuisance, states J. J. Preston, M. L. A. for East Durham, is becoming very pronounced on the highways in Durham County, so much so that the farmers are talking of taking matters into their own hands.

Montreal Live Stock.

MONTREAL, Oct. 30.—(Special.)—About 900 head of buyers' cattle, 25 milch cows and springers, sheep and lambs, and hogs were for sale. There was only one load of good cattle on the market, that sold at 4c to 4 1/2c per lb. Very few of the cows sold above 3 1/2c per lb. The majority of the sales of butchers' cattle were at 2c to 3c, while the old lean cows sold at 1c per lb. Cattle sold at \$2 to \$3 each, or 2c to 4 1/2c per lb. and the lambs at 5 1/2c to 6c per lb. There was a weaker feeling at the market for hogs, owing to liberal supplies, and prices declined 2c to 3c per 100 lbs., and even with this reduction the demand was somewhat limited, as packers were well supplied, and sales of selected lots were slow at \$2.00 to \$2.50.
