ANNOUNCEMENT.

Strong. Prosperous and Progressive.

Che Sun Tife Assurance Co. of Canada.

NOTICE

To Policy Holders and Intending Insurers.

wrote during the year 1897 over SIXTEEN MILLIONS of New Business. This speaks in louder accents and with better effect than anything we could say. The insuring public know a good thing when they see it, so the above fact demonstrates where THE SUN stands in their estimation,

WHY does THE SUN lead the procession?

1st—Its aim has always been to please its patrons, so that its fair dealing has become a topic of household conversation.

BECAUSE

2nd—Because its promises to assurers have been of such a nature as to leave no doubt of their being fulfilled and their patrons satisfied.

3rd—Because for conciseness, clearness and liberality the Policy of The Sun Life is not surpassed, if indeed equalled, by that of any other company in the world.

The New Policy contains guaranteed Tables of Reserves,
Loans and Paid-Up Assurance, so that the Policy
holder may determine for himself at any time the value
of his Policy without consulting the Company......

MONTE

PREFACE.

THE PUBLISHERS have must pleasure in presenting this Directory to its numerous patrons, and trust that it will be found, alike by them and the public generally, a reliable index to the manufacturing, business, legal and agricultural interests throughout the section of country to which it belongs.

THE greatest care has been taken to render the work complete and accurate in all its details, and it is confidently believed that it will be found reliable. To the press, the many gentlemen who kindly furnished the publishers with much useful and interesting information, and the manufacturers, professional and business men and farming community for the generous support they so liberally bestowed upon the undertaking, the publishers beg to tender their sincere acknowledgments.

JOHN LOVELL & SON.

The city is water, electricit gas, and has our ic street railw The principal the City Hall,

MONTREAL

A city in Hochelaga co., Que., the commercial metropolis of Canada, and the largest city in the Dominion. It is situated on the south side of the island of Montreal at the head of the St. Lawrence ocean navigation and the commencement of inland navigation. It is, of course, connected by rail with all points of importance in America, being the head-quarters of the Canadian Pacific and Grand Trunk Railways, and being a terminus of several others,

The city is between the mountain and the St. Lawrence, here about 2 . miles wide, and is 986 miles from the Straits of Belle Isle and 457 miles from New York by the Champlain system of navigation. It is 993 miles by water from Port Arthur, at the head of Lake Superior, with which it is connected by the finest canal system in the world. It is divided into 9 wards, and has over 200 miles of streets and lanes. Of recent years vast sums have been expended in enlargement and improvement of the streets, and now they will compare favorably with those of any other city on this continent. The principal streets have large well built edifices, constructed chiefly of limestone quarried nead the city. These buildings, combined with the effect of the lofty towers and spires, give the city a very imposing appearance when viewed from a distance. Notre Dame is the main street, running on the centre of the ridge on which the city is built, but St. James street is wider and more elegant.

The city is well supplied with water, electricity, electric lights and gas, and has one of the finest elecric street railways on the continent.

The principal public buildings are the City Hall, Court House, Post

Office, Custom House, Seminary of St. Sulpice, Grey Nunnery, Montreal College, McGill University, St. Mary's College, Young Men's Christian Association, Academy of Music, Queen's Theatre, Theatre Royal, Victoria Skating Rink, Protestant House of Industry and Refuge, St. Bridget's House of Refuge, Protestant Orphan Asylum, Deaf and Dumb Asylums (Protestant and Catholic), the Hotel Dieu, Ladies' Benevolent Institution, Female Home, Protestant Infants' Home, Nordheimer's Hall, Mechanics' Hall, Sailors' Institute, St. George's Home, St. Andrew's Home, St. James's Club, Windsor Hotel, New York Life building, Temple building, Royal Insurance building, Imperial building, Art Gallery,, Royal Victoria Hospital, Montreal Telegraph office, Canada Life building, etc., and 8 markets, including the Bonsecours, a magnificent pile with a lofty dome, fronting the river. There are also a Society of Natural History, Mechanics' Institute, Board of Trade, Corn Exchange, etc., and 25 Roman Catholic churches, 33 Roman Catholic chapels, 58 Protestant churches and 29 Protestant chapels, 4 synagogues, 23 convents and monasteries, 4 Roman Catholic and 8 Protestant hospitals. The Cathedral of Notre Dame is capable of containing from 10,000 to 12,000 persons. It is 255 feet long and 145 feet broad, with two towers 220 feet in height. In the north-east tower is a fine chime of bells, and in the north-west is a bell weighing 3000 Christ Church Cathedral is the most perfect specimen of Gothic architecture in America. It is built of Montreal limestone with Caen stone dressings, obtained from Normandy. The Church of the Gesu, a

very imposing edifice, is 230 feet long and 102 feet wide, with a transept 152 feet long, and will accommodate 4500 persons. The walls and ceiling of the interior are beautifully frescoed. Another magnificent pile is the St. James Roman Catholic Cathedral. It is after a model of St. Peter's in Rome, and one of the finest ecclesiastical edifices on this continent, Trinity, St. George, St. Andrew, St. Paul, St. James' Methodist, and the majority of the other churches are all exceedingly handsome edifices, and add much to the beauty of the city. It has about 50 mills, over 300 factories, 100 insurance companies, 40 newspapers and periodicals.

The largest banking houses in the Dominion have their head offices in Montreal, are mostly situated in Place d'Armes and St. James street, and consist of very handsome and costly structures.

The harbor of Montreal, which is formed towards the St. Lawrence, is secure, and the quays are unsurpassed by those of any city in America. Built of limestone, and uniting with the locks and cut stone wharves of the Lachine canal, they present, for several miles, a display of continuous masonry which has few parallels, No unsightly warehouses disfigure the river side, a broad terrace, faced with limestone, the parapets of which are raised by a temporary dyke, soon to be removed, divides the city from the river throughout its whole extent. Improvements in the harbor are yearly being made to accommodate the large increase of shipping, and a large guard wall is being built to enclose the harbor from the Victoria bridge downward.

Among the manufactories of Montreal are foundries of cast iron, distilleries, breweries, sugar refineries, soap and candle works, manufactories of hardware (including excellent cutlery), carriages and sleighs, corn brooms, woodenware of every description, glass, paints and drugs, edge tools, locomotives, steam engines, boilers. India rubber goods, printing presses, agricultural implements, musical instruments, paper, rope, sewing machines, types, pins, tobacco, woollen and cotton goods, boots and shoes, etc., etc. There are besides saw and flouring mills, rolling mills, lead works, brass foundries, and many other industrial establishments

Montreal is the seat of the Grand Trunk and of the Canadian Pacific Railways. The head offices and chief works of the former are at Point St. Charles, a suburb in the western part of the city. The Victoria bridge here spans the River St. Lawrence. The first stone of this great masterpiece of Stevenson was laid July 20, 1854, and the first train crossed over it December 19, 1859. It is 9,184 lineal feet in length-24 spans of 242 feet each, and one, the centre, 60 above the river, of 330 feet feet. The bridge cost nearly \$7,000,-000. Near Lachine, the C. P. R. bridge crosses the St. Lawrence.

The educational means of the city comprise McGill University with faculties of meucine, arts, applied science, law and comparative medicine, open to persons of all religious denominations; Roman Catholic Wesleyan, Presbyterian, Methodist and Anglican Theological colleges, 1 Jesuit college, 1 High School, 2 Normal Schools, several classical and scientific academies, and a number of private and public schools; also affiliated medical colleges, one to Bishop's College, Lennoxville, and another to Laval University, Quebet

hools; also ages, one to noxville, and rsity, Quebe embers to the 6 to the Proc. is the search an Bishop of the Ro

man Catholic Archbishop of Montreal. The climate in summer is hot, often reaching 90 degrees in the shade; and the winters are sometimes severe, the temperature ranging very often from zero to 10 and even 30 degrees below it. Pop. in 1851, 37,415; 1861, 90,323; and in 1871, 107,225—composed chiefly of French Canadians, English, Irish and Scotch. The population in 1891 was 216,650, and in 1895, if the surrounding suburbs are included, about 300,000.

The following table shows the various religious denominations in Montreal in 1891:—

Roman Catholics	 162,984
Church of England	 21,695
Presbyterians	 16,324
Methodists	 7,859
Baptists	 1,730
Congregationalists	 893
Unitarians	 455
Jews	 2,460

Lutherans	 532
Brethren	 274
Universalists	 20
Quakers	 5
Not given	 429
Other denominations	 1,000

Total.. 216,650

The two oldest churches in Montreal are the Bonsecours' (Roman Catholic) and St. Gabriel (Church of Scotland). The former was erected in 1658; was burnt in 1764, but rebuilt in 1771. The latter was built in 1792. Montreal was visited by smallpox in 1885. In 1887, Sir Donald A. Lord Strathcona) (now and Sir George (now Lord Mount) Stephen presented the Victoria Hospital to the city. In 1894, for the first time in many years a governor general took up his residence here for several months during the winter.

SOLE AGENT

F. REDDAWAY BELTING & HOSE CO., Manchester, Eng.

MANUFACTURERS OF

REDDAWAY or "Camel Brand" Hair Belting

The strongest and most durable Machine Belting known to the world to-day, best for Saw, Paper and Pulp Mils, and heavy drives, working well in exposed and wet places, not being affected by exposure to dampness, heat or steam, is more pliable, does not stretch, and is twice the strength of best Oak Tanned Leather. Single Camel Brand is equal in strength to best light double Leather.

None genuine without the above Brand marked on Belting every few feet. We also carry in stock Leather, Rubber and Cotton Belting.

PULLEYS, PACKINGS, LACE LEATHER, &c.

NOTE-Our cheapest grade of Hair Belting in designated Camel Hair Belting.

ROBERTSON'S Roller Composition

IN 21/2 LB. CAKES.

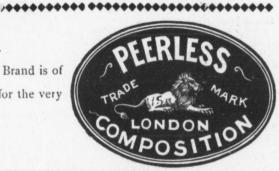

The old reliable "ESTELLE" Brand, first-class in every respect, not easily affected by changes in temperature.

35c per pound.

IN 7 LB. CAKES.

The "PEERLESS" Brand is of extra fine quality, suitable for the very finest work.

40c per lb.

BOTH BRANDS ARE WARRANTED TO GIVE SATISFACTION.

I guarantee all Rollers made by me to be free from pinholes, solid and smooth.

My Rollers are machine-cast, the composition being forced in at the bottom of the moulds, thereby insuring perfect and solid Rollers.

Casting Rollers, 5c. per lb. extra.

Cores and Roller Boxes furnished to order.

The capital of is situated River St. I ceives the St the mouth of at Point defeat of Monnorth-west

The city turesque sit rivers at t of a narrow which for a left bank of Diamond, th land, is 333 the river, t nearly preci: to the Rive gradual. river to t ridge is ratl Opposite Cap rence is cont only 1314 ya below, at the Charles, it sp and beautiful yards wide, fo excellent har rise and fall

Quebec is d called Upper a Upper Town part of the p rounded with fortified. The crowns the sur covers, with it area of 40 acretion is probab ress in Americ

The chief a Town are by winding street steps.

QUEBEC

The capital of the Province of Quebec, is situated on the left bank of the River St. Lawrence, which here re-ET, ceives the St. Charles, 400 miles from the mouth of the River St. Lawrence, at Point des Monts, 180 miles northeast of Montreal, and 328 miles north

north-west of Portland, Me.

The city has a remarkably picturesque situation between the two rivers at the north-east extremity of a narrow but elevated table land, which for about 8 miles forms the left bank of the St. Lawrence, Cape Diamond, the extremity of the table land, is 333 feet above the level of the river, to which it presents a nearly precipitous face; the descent to the River St. Charles is more gradual. The distance from one river to the other across the ridge is rather more than a mile. Opposite Cape Diamond the St. Lawrence is contracted to a breadth of only 1314 yards; but immediately below, at the confluence of the St. Charles, it spreads out into a broad and beautiful basin more than 2500 yards wide, forming a capacious and excellent harbor. The spring tides rise and fall 18 feet.

Quebec is divided into two parts, called Upper and Lower towns. The Upper Town occupies the highest part of the promontory; it is surrounded with walls, and otherwise fortified. The ancient citadel, which crowns the summit of Cape Diamond, covers, with its numerous works, an area of 40 acres, and from its position is probably the strongest fortress in America.

The chief ascents to the Upper Town are by a steep and narrow winding street and by a flight of steps.

Among the public buildings of Quebec may be mentioned the Parliament Buildings, the Drill Shed on Grande Allee, the Roman Catholic Cathedral, an irregular building, capable of containing 4000 persons, and covering, with the university attached, an area of 8 acres; the English Cathedral, surmounted by a lofty spire; St. Matthew's Anglican church, which has a lofty spire and a beautiful chime of bells. St. John's Roman Catholic church, also on St. John st., adorned with a lofty spire, is a handsome and costly church, occupying elevated positions in the Upper Town.

There are in all 28 churches in Quebec, and 1 Synagogue. Of the churches, 5 are Church of England, 16 Roman Catholic, 2 Presbyterian, 1 Baptist, and 2 Wesleyan Methodist.

The educational institutions comprise 3 Roman Catholic colleges, viz.: Laval University, with faculties of law, medicine and arts; the Grand Seminary, and the Minor Seminary: the Ursuline convent, an extensive establishment founded in 1641: several nunneries; Morrin College, with 10 professors; Laval Normal and Model School; the Quebec High School; and a number of academies and private and public schools. There are, in addition, the Canadian Institute, provided with library and reading room; the Literary and Historical Society, the oldest chartered institution of the kind in Canada, having been founded in 1824, and possessing valuable "Records of the Realm," in 80 or 90 folios, and a large collection of historical manuscripts, but nearly the whole of its museum and a great part of its library were destroyed by fire with

uebec

ctory and , Granite

Stearine

Dominion ly from ed Felt,

the Parliament Buildings in 1854; the Entomological Society, St. Patrick's Literary Institute, Advocates' Library, Board of Trade, and Merchants' Exchange.

Seven daily newspapers are published in Quebec, 4 of which are in the French language.

The principal benevolent institutions are the Hotel Dieu, the General Hospital, Jeffrey Hale Hospital and the Lunatic Asylum at Beauport

Quebec has the head offices of 3 banks, viz.: Quebec Bank, Banque Nationale and Union Bank of Canada, besides which there are 2 savings banks, and agencies of the Bank of Montreal, Merchants' Bank, Bank of British North America, and Banque Jacques Cartier.

The manufacture of boots and shoes is the chief industry of Quebec. There are also manufactories of iron castings, machinery, cutlery, nails, leather, musical instruments, paper. India rubber goods, rope, tobacco, steel, etc.

Quebec returns three members to the House of Commons and three to the Provincial Legislature. It is the seat of the See of two bishops, the Lord Bishop of Quebec (Church of Engiand) and Cardinal Archbishop of Quebec (Church of Rome). Pop. in 1832, 27,562; in 1844, 34,500; in 1852, 42,052; in 1861, 51,100; in 1871, 59,699; and in 1891, 63,090; 1896, 67,000.

COATICOOK RIVER.

Rises in the State of Vermont, and entering Compton co., Que., runs northeast into the St. Francis River. On the river, a mile from the village of Coaticook, are a very romantic series of falls, or cascades, extending over a mile in length. The river runs through a chasm 80 or 90 feet deep, the rocks of which are fringed with shrubs and trees, which grow from every crevice and rent in the rocky walls.

COMPTON.

A thriving post village in Compton co., Que., on the Coaticook River, with a station on the G.T.R., 114 1-2 miles from Montreal, and 11 miles south-south-east of Sherbrooke. It contains 1 telephone office, 3 churches, 1 hotel, 4 stores, 1 ladies' college and 1 high school, and has a good trade in country produce and farm stock. Population 500.

#### MASSAWIPPI, or TOMEFOBI.

A beautiful lake in the township of Hatley, Stanstead co., Que., about 9 miles long by 3 wide. It is remarkable for its great depth, which in many places is from 60 to 90 feet. Its shores are richly wooded and indented with bays, and it abounds in fish of many kinds, "black salmon," lake trout, pike, sturgeon, maskinonge, shad etc. The surrounding scenery is very fine. The Massawippi Valley Ry. winds along the eastern side nearly the whole length of the lake. This lake has its outlet in the River St. Francis by the Massawippi River.

#### MASSAWIPPI RIVER.

Of Quebec, rises in the above lake and falls into the St. Francis at Lennoxville. It never freezes during the coldest winters.

#### MAWCOOK.

A post settlement in Shefford co., Que, 5 miles from Granby Station, on the C. V. R. It contains 1 store, 3 saw mills, 1 grist mill, 1 lumber, 1 hub factory, and telephone office. Pop. 300.

Ducharme Joseph, blacksmith.

#### MEMPHREMAGOG LAKE.

"The Geneva of Canada," is situated partly in the counties of Brome and Stanstead, and partly in the State of Vermont, a few miles west of Massawippi. Length 30 miles (of which 8 miles are in Vermont); breadth from 1 to 4 miles. The bosom of the lake is everywhere studded with islands, generally covered with trees to the water's edge. AS A PREVENTIVE

# ABBEY'S EFFERVESCENT SALT

IS WITHOUT EQUAL.

The surrounding scenery is exceedingly picturesque. Along its western shore are several mountains, prominent among which are "Owl's Head" (which rises 2.500 feet above the lake, and from the summit of which a grand panoramic view is to be had), "Elephantis" and the Sugar Loaf. The eastern shore with its gentle slopes and cultivated farms, presents a pleasing contrast to the bold, mountainous aspect of the western. The lake empties itself into the beautiful River St. Francis at Sherbrooke, by means of the River Magog. At the outlet of the lake is the pretty village of Magog, and at its head stands Newport. During the summer months a steamer of large tonnage runs between these two places. The lakeside is dotted with the summer residences of many Montrealers. An abundance of lake trout, "lunge," is to be found in the lake, also pickerel and whitefish. The Indian name of Lake Memphremagog is "Memplowbowque," signifying beautiful water.

# THE ABSOLUTE ABBEY'S Effervescent Salt

RICHELIEU, CHAMBLY or ST. JOHN

A river of Quebec, leaves Lake Champlain at its north extremity, and, after a north course of 80 miles, enters the River St. Lawrence at Lake St. Peter. It is broader and more rapid in the former than in the latter part of its course. Near its centre it expands into the Basin of Chambly. The Richelieu forms an important part of the navigation between the St. Lawrence and the Hudson Rivers. At its mouth is the town of Sorel.

#### RICHMOND.

An incorporated town, in Richmond co., Que., on the St. Francis River and on the G. T. R., 76 miles from Montreal. It contains, besides the county buildings, 4 churches, Presbyterian, Episcopal, Methodist and Roman Catholic, 26 stores, 3 hotels, 1 grist mill, 1 branch bank, 2 printing offices issuing weekly newspapers, and telegraph and express offices. It is connected with Melbourne by an iron bridge. Pop. 2,056.

#### ST. FRANCIS.

A river of Quebec, rises in Lake St. Francis, in Wolfe co., and having received many tributaries (the Salmon, the Eaton, the Coaticook, the Massawippi and the Magog) reaches the town of Sherbrooke; thence it winds through a highly picturesque country, and finally empties into the St. Lawrence at Lake St. Peter. Total course about 100 miles. Its naviga-tion is interrupted by falls and rapids. It is studded with many fine islands, some of them well cultivated, and abounds with many kinds of fish, such as black bass, maskinonge, pike, sturgeon, etc. The following lakes are on the St. Francis: Lake Louisa, in the Township of Weedon, about 5 miles long by 3 wide; Lake Aylmer, 8 miles by 3; and Lake St. Francis, 15 miles by 4; there are many small lakes close by Lose waters, and they all abound in fish of large size-maskinonge, sturgeon, bass, pickerel, whitefish and eeis; but no trout are to be found.

## ST. FRANCOIS XAVIER DE BROMPTON.

### EAST FARNHAM TOWNSHIP BROME COUNTY

The first column of figures gives the Range; the second the Lot.

The letters f. s. after name signifies Farmer's son.

All names not otherwise designated are understood to be Farmers, and are owners unless marked Tenants.
