BRITISH MOVE CHEERFULLY THROUGH GLINGING MUD

Shell Holes Have Become Ponds Big Enough to Drown Score of Men.

OBSTACLES IMMENSE
Within Few Hours, Whole Country Has Been Converted into a Morass.

British Front in France and Belgium, Oct. 8.—(By the Associated Press.)—It rained hard yesterday, giving an unforgettable demonstration of the nature of the difficulties which the British troops have encountered in many of their recent operations. Within a few hours the entire country had been turned into a mass of deep, glistening mud, through which one made his way with the greatest effort. A stream known as Honnebeke, which is one of the many little waterways which cover not only this section but most of the battle zone, was surrounded by a veritable morass. It would be impossible to cross this morass, and the shell holes had rapidly filled with water, and ponds were to be seen in which a score of men might easily drown if they were unfortunate enough to fall into the slippery sides. Often a small pool of water covered a considerable shell hole.

Flounder in Mud.
A wounded man being brought back from Broedeinde Ridge, with four sturdy stretcher-bearers to carry him, and they were floundering miserably at every step. It must have taken them several hours to negotiate their journey.
It seemed inconceivable that men could work mud, and fight over such filthy grounds. Yet the British soldiers and officers were carrying on steadily yesterday in their operations, and in recent days they have fought bitterly over just such territory as this.

Yesterday's rain has turned the battle front into a quagmire, which it will take many days to dry out. This does not mean that military operations could not be undertaken on either side, but certainly they would be more trying conditions for fighting. The soldiers encountered by the correspondent were cheerful, despite the fact that they were drenched to the skin by the biting, cold rain. At one place a number of men were sitting in the shelter of a muddy bank and resting. They were wet, and, by all rights, should have been unhappy, but they were singing lustily as they were popular songs.

Other bodies of men of various disposition were seen. All seemed immensely amused at the muddy condition of the correspondent and the two officers with him. Other soldiers looked up with cheerful grins that said plainly: "How do you like it? Now you know what we chaps have to go thru out here. One can't not be impressed by the morale of the boys of khaki who are winning the war for the folks at home."

Nowhere on the western front has the war printed more cruel marks of devastation than in the wide zone east of Ypres, where much bitter fighting has been proceeding at intervals since the British launched their initial attack. This whole region, much of which in peace times was prosperous farming country, has been turned by the artillery fire into a desolate waste of vast and deep shell craters which are so close together that in innumerable cases they interlock. Farm houses have been pulverized and plowed under in the ruthless sweep of shells and village sites are marked by little portions of walls where churches or other big buildings once stood. Cottages are buried beneath heaps of turned-up mud and there is scarcely a trace of grass or other green things to be seen in miles of tramping.

There have been smashed into matchwood and their roots turned up in grotesque shapes to add to the sinister aspect of the country. Here and there where little forests had stood the harder trees have clung to their birthright, but their limbs have been storn from their trunks.

KERENSKY MANAGES TO SETTLE RUSSIAN CABINET SQUABBLE

Petrograd, Oct. 8.—After a conference of three hours of members of the government, including Premier Kerensky with a delegation representing the democratic congress, and with representatives of the bourgeoisie, a complete agreement was reached on all questions. The premier declared that the government purposed immediately to form a complete cabinet, so that the reconstituted coalition government might be able to go to work at once on the basis laid down.

RUSSIANS DISPERSE SCOUTING PARTIES

Brisk Operations Are Reported in Progress on Northern Front.

Petrograd, Oct. 8.—Intensive scouting operations have been in progress on the Russian northern front, both sides participating in them. The official statement reporting these and other happenings in the fighting zone, reads: "Northern front: North of the Pskoff High Road and the Pauske Farm after artillery preparations, waves of enemy scouting parties appeared. They were repulsed by our fire and repulsed.
"The enemy several times opened a mine-thruster fire on our positions west of Engelhardt Manor.
"An infantry section our scouting parties accomplished their purpose and took prisoners.
"Western front: There were fusillades and artillery duels above the village of Inty in the region of Lake Vishnevskoi and northeast of Baronovichi.
"Southwestern and Rumanian front: There were fusillades.
"Caucasus front: There is nothing to report.

GERMAN NAVAL FORCES OFF COAST OF SWEDEN

Enemy Offensive Against Helsingfors and Petrograd is Apparently Planned.

London, Oct. 8.—Strong German naval forces have been observed off the Island of Bornholm and off the coast of Sweden, apparently confirming rumors of an intended German offensive against Helsingfors and Petrograd, according to a despatch to The Morning Post from Stockholm. A traveler who has arrived in the Swedish capital says he learned from a trustworthy source that considerable German forces are soon to be assembled in the Baltic, including numerous sloopers, seaplanes and transports. The German plan is believed to include an attack on Helsingfors by land and sea.

HEAVY ARTILLERY ACTION CONTINUES

French and Enemy in Duel at Points in Belgium.

Paris, Oct. 8.—In the official statement issued by the war office tonight heavy artillery actions are reported along various points of the French front, particularly in Belgium and in the region of Hurbise and Craonne. No mention is made of infantry operations. The communication reads: "There were artillery actions at various points along the front, particularly in Belgium and in the region of Hurbise and Craonne."

OIL REFINERS' STRIKE AT TAMPICO SETTLED

Mexico City, Oct. 8.—Word was received here today from Tampico that the strike which has been in progress since last week in the oil refineries has been settled, and that the men have promised to return to work tomorrow morning. Credit for the quick adjustment of the strike and the absence of violence is given to Governor Ricau of Tamaulipas, who proceeded immediately to Tampico with a strong force of troops, when the men went out, and always has had the situation well in hand.

BAR USE OF GRAIN FOR ALCOHOLIC BEVERAGES

Conference of Cabinet Members With Food Controller is Expected to Result in Drastic Action.

Ottawa, Oct. 8.—The cabinet council today was in conference with the Hon. W. J. Hanna, food controller, on the scope of his activities. It is very probable that as a result of the line of policy considered the use of grain will be prohibited for the manufacture of beer or spirits, except alcohol intended for munition production. Immediate action is expected. For a considerable time the alcohol output of the Canadian distilleries has been devoted almost exclusively to munitions, where it is used in high explosives. Little grain has gone into whiskey. Considerable of it, however, has been used in making beer and ale.
In the interests of food conservation it is likely that grain for this purpose will be prohibited. If what is now proposed is given effect, not only will the use of grain for the full strength beer be stopped, but also for the mild or so-called temperance variety. This will be a more drastic step than has been taken in the United States, where spirits for beverages are barred, but the manufacture of beer is permitted.

ATTACK EAST OF YPRES REPULSED BY BRITISH

German Infantry Moves Forward Near Polygon Wood After Heavy Barrage—British Artillery Fire Effective.

London, Oct. 8.—Altho stormy weather still continues in the fighting area in Flanders, the artillery continues active, says the official report from British headquarters in France and Belgium tonight. The text reads: "Stormy weather continued through the day, heavy rain having fallen. Both artilleries were active during the day on the Ypres battlefield. There was nothing of interest on the remainder of the British front.
"During the day a short spell of fair weather on Sunday before the heavy rain which fell almost all day. While this lasted considerable work was done by our artillery machines and our bombing machines dropped over two and a half tons of explosives on the Staden and Courtail railway stations and on other targets. The enemy showed marked activity in the vicinity of our newly won territory and attacked our bombing machines ambiduously. Two hostile machines were brought down and three were driven down out of control. One of our machines is missing."
London, Oct. 8.—The Germans made an attack last evening on British positions east of Ypres, where the British recently have made important advances. The war office reports that the enemy was repulsed.
The statement follows: "An infantry attack developed against our positions east of Polygon Wood after the enemy had put down a heavy barrage yesterday at dusk on our front between Hillebeke and Broedeinde. The attack was beaten off by our fire, a few prisoners remaining in our hands.
"An infantry attack against the enemy's line east of Monchy last night."
An Associated Press despatch from the British front says: "A counter-attack by the Germans in force east of Polygon Wood, in the region of Hillebeke, last evening, was quickly beaten off by artillery and machine gun fire. The front involved was over a width of about 500 yards. The attack was preceded by a heavy artillery barrage which was put down not only in this section but along the greater portion of the new battle line. The rain of yesterday turned the Flanders battlefield into a mass of deep mud and filled the shell holes with water, making most difficult military operations of all sorts. The sun was shining this morning, but it will take several days of fair weather to repair the damage done yesterday.
"Coinciding all along the fighting lines during the night is reported."

REPULSED, SAYS BERLIN

Berlin, via London, Oct. 8.—(British admiralty press wireless press)—The official statement reads: "The British recently have made important advances. The war office reports that the enemy was repulsed. The statement follows: 'An infantry attack developed against our positions east of Polygon Wood after the enemy had put down a heavy barrage yesterday at dusk on our front between Hillebeke and Broedeinde. AUSTRIAN BASE IS BADLY DAMAGED BY AN ITALIAN SURPRISE AIR ATTACK

London, Oct. 8.—(Via Reuter's Ottawa Agency).—Reuter's has received the details from Italian headquarters of a great surprise attack by an Italian air squadron on the important naval base at Cattaro, on the coast of Albania, where the Italians have a wide area and harbored every kind of war craft, many depots, magazines, arsenals, barracks and strong anti-aircraft defences. The raiders set out on a clear night, but when over the sea ran into a dense fog, preventing the pilots receiving the prearranged signals from an Italian destroyer. Nevertheless, they successfully navigated and all machines arrived absolutely unsuspected. Bombs were dropped on a submarine, destroyer and a hydroplane station with good results; a patrol depot, military sheds and various areas. The fire of the enemy was desultory. They ineffectively employed anti-aircraft guns, but the aviators safely returned after covering 400 kilometres.

STRIKE IN RUSSIA HAS DISORGANIZED RAILROAD TRAFFIC

Petrograd, Sunday, Oct. 7.—The general railway strike order, which promises a complete tie-up of traffic except sanitary and military trains, became effective last night. All passenger trains scheduled to leave Petrograd today, except for the front, were abandoned. The strike was carried into effect in spite of the warning given by M. Nikitin, minister of posts and telegraphs, that the strikers would have to answer charges of treason, and calling upon the telegraph operators to refuse to transmit the strike order.

TIE-UP OF TRAFFIC IS ONLY PARTIAL

Many of the Non-Military Russian Trains Still Operating.

Petrograd, Oct. 8.—The railway strike, which went into effect at midnight Sunday, and which is intended at the present time to affect truck services, has only been partially effective, according to information received from the ministry of traffic today. Local trains continue running and the Finnish railway also is operating. No trains have left for Moscow or beyond from Petrograd. Premier Kerensky has received word from the Sibirerpol Railway Union protesting its unwillingness to observe the strike order, declaring it is unpatriotic. A similar attitude has been taken by the Vladivostok railway employees. The strike plan contemplates the stopping of all local services, Tuesday and all traffic freight and passenger, on Wednesday unless the demands of the men for an increase in wages are granted.

DELIBERATE IN ABUSE OF RED CROSS EMBLEM

Germans Instruct Their Men to Attack British in Guise of Ambulance Bearers.

London, Oct. 8.—(Via Reuter's Ottawa agency).—A Reuter despatch from Paris says: "The correspondent of Le Matin with the British army says the British captured a German order of the day, relating to the enemy attack which was broken up by the British advance of Thursday, which reads: 'The British always respect the ambulance bearers and Red Cross. This is why commanders, units, companies and attacking sections should wear the Red Cross uniform when leading their men to the assault.'"

AMERICAN PATROL BOAT FIRES ON ITALIAN SUB.

Undersea Vessel Failed to Answer Signals—Two Men Killed.

Washington, Oct. 8.—Vice-Admiral Sims cabled the navy department today that an American patrol vessel, on duty at night in the war zone, had fired on an Italian submarine which failed to answer recognition signals, killing one officer and one enlisted man. While details of the incident still are unknown here, the fact that an officer and an enlisted man were killed indicates that the American gunners landed a shot in the submarine's conning tower, the victims being the officer at the periscope and the blue-jacket at the wheel. Secretary Daniels at once sent a message to the Italian ministry of marine, expressing the deepest regret over the unfortunate occurrence, and tendering his and the American navy's sympathy for the loss of life.

GERMAN PIRATES TAKEN OFF THE FIJI ISLANDS

Whaleboat is Equipped With Gun and Machine Guns for Raiding Purposes.

London, Oct. 8.—An Exchange Telegraph despatch from Melbourne says it is reported there that a whaleboat with a crew of Germans from the island of New Caledonia, captured in the vicinity of the Fiji Islands. The boat contained a gun and machine guns, and was equipped for raiding purposes. The vessel was captured by the crew of the See-Adler, a German raider in the South Pacific, which was known in despatches from Samoa to the navy department last week. The presence of two German sea raiders in the South Pacific was made known in despatches from Samoa to the navy department last week. The See-Adler was captured by the crew of the See-Adler. Several merchantmen are reported to have been sunk. The See-Adler was active in the South Atlantic last spring, sinking 11 merchantmen there.

FAIR PROGRESS MADE TOWARD UNION CABINET

Premier Borden in Conference Yesterday With Sifton, Calder and Crerar.

TENSION IS GREAT

Speedy Clearing Up of Political Air Recognized as Necessity.

Ottawa, Oct. 8.—Sir Robert Borden this afternoon went into conference with the three western Liberals, namely, Premier Sifton and Messrs. Calder and Crerar, as to joining him in a unionist with the government, and it is believed that substantial progress was made. The meeting took place in the privy council wing of the east block, and began at 10 o'clock and lasted until after 6. Evidently the negotiations will be continued tomorrow and ought to be concluded then; if the tension toward the unionist something may give way. Both political parties are concerned; the ministers in the Borden government must stand more on their feet, and it is absolutely essential to clear the political air so that the work of conscription, the war contribution and the holding of a general election be shoved ahead. The main question must have been settled, namely, that they were all willing to enter a unionist government in order to win the war and to enforce the conscription law to that end. Next in importance must have been the question of a council made up of five or six members of the cabinet, and there ought to have been little disagreement on that score.

Tariff Not Issue. It is not likely that the tariff can make a practical question of the moment, or even the question of turning over the lands and forests and mines to the provinces. The practical issue, so far as the unionist is concerned, must turn on the conduct of the election so as to attain the war objects of the unionists. There is no doubt that in this regard the western Liberals will expect a fifty-fifty division of the vacant senatorships, and wherever possible, a share of the candidates in the party contests, in which they have yet to be selected. As to the cabinet portfolios, the Liberals, if they come in, can select for themselves, and a number of them, Mr. Calder will be minister of the interior; Mr. Crerar, minister of agriculture, and that Mr. Sifton will be willing to be secretary of state. The latter is also mentioned as a possible member of the war council at London, with the prime minister and the minister of militia and a couple of others.

There is, however, a reverse side of the picture according to some people who ought to be mentioned. No agreement was reached today to begin with. Then the statement is made that the government is less eager than the unionists to get on with it. Many Conservatives believe that they can carry the west with the federal franchise legislation on a straight party fight. Premier Sifton, it is said, will join the government in any event, but Messrs. Calder and Crerar have not yet definitely committed themselves.

PROPOSALS BY WESTERNERS. Ottawa, Oct. 8.—At a late hour tonight the expectation is that there will be no official announcement before tomorrow as to the success or failure of the negotiations between Sir Robert Borden and western Liberals, looking to the organization of a union government. The western group was slightly augmented this morning by the arrival of T. A. Crerar, president of the Grain Growers' Grain Company, who has been mentioned in connection with present and past negotiations as a probable cabinet minister for Manitoba.

Subsequent to the meeting of the cabinet council today, the western men were in conference with Sir Robert Borden and Hon. A. Meighen. This evening they held a comb conference themselves, but did not subsequently issue a statement. It is understood that at the conference held today the Liberal proposals to the government which are being considered by Sir Robert Borden, while they have under review suggestions as to the best of union made by the prime minister, wish Tariff Policy.

The Ottawa Citizen, states that it is understood that the western Liberals want a few other things cleared up. (Concluded on Page 2, Column 4).

Dresses From the Great French Designers, Wednesday, \$65.00

Original Model Gowns for Morning, Afternoon and Evening Wear From Lanvin, Bernard, Premet and Other Celebrated Dressmakers, Marked Down to a Mere Fraction of the Usual Prices.

ON SALE WEDNESDAY AT 10.30 A.M.

FANCY ONE OF PREMET'S graceful, picturesque creations for \$65.00! Yet thus you will find it—a veritable delight of a gown in taupe crepe de Chine with wide soft girdle of violet velvè—soft as chiffon almost—embroidered in violet and gold threads, the skirt exploiting the flying panels of latest vogue.

Another Premet model for afternoon wear is in navy and sand color charmeuse.

By Bernard is a wonderfully smart dress in fine navy blue serge with high collar of beaver fur, the underskirt of black satin embroidered in cherry color and black.

Charming, too, is a black satin model from Maurice, distinction lent by clever applications of green and black plaid velvè.

An artistic model in black charmeuse is in one-piece style, loosely girdled, and delightfully embroidered in bronze threads.

A dream of an evening gown by Bulloz is in rose pink satin, flounced with pink net.

A very swaggar coat-dress in biscuit color broadcloth is banded with Hudson seal (seal rat).

And these are but a few of the collection, which will be gathered together and marked down, for clearance on Wednesday morning at 10.30 o'clock, to the greatly reduced price of \$65.00.

From a Woman's Standpoint

"UGLINESS gives me a mental tooth-ache," observed the Pretty Woman, adding a deft pull and pat to the loops of holly ribbon with which she was tying the khaki socks. "I've no peace until I get rid of it."

"That's all very well, but unless beauty comes straight from the gods it costs more than I can afford in war-time," replied the woman across the table struggling with the problem of fitting a ten-inch Christmas stocking into a seven by nine box.

"I'm not extolling pink complexions or cut flowers," said the other. "What disturbs me is deliberate ugliness—ugliness for which good money has been paid. When I see a child in a fussy brown dress, with frizzy hair done up in pink bows, it positively hurts my eyes. It's a crime to dress a soft, innocent baby like a popinjay."

"My idea of ugliness is a room with a patterned wallpaper, glaring light, and rocking-chairs," said a worker down at the end of the table.

"Or a new red brick house built on high ground with no trees near it," added somebody else. "It's more desolate than a tumble-down shanty in a lonely wood."

"And another case for improvement is the somewhat stout lady of fifty who wears flat-heeled shoes and a white blouse and a dark skirt," continued the Pretty Woman—after assuring herself by a careful survey of the scene that none of those present might construe her remark as a personal libel. "When it is an easy matter to get a blouse that matches your skirt, there's no excuse for adopting this disjointed costume, which is suited neither to middle age nor a portly figure. It always reminds me of a pair of semi-detached houses painted in different colors."

"Cheerio, as the soldiers say," broke in another voice. "In a few years there may be no such abuse tolerated as avoidable ugliness. My daughter is taking a course in domestic science in which Harmony is the first demandment. You mustn't put a salad in a dish which is not becoming to the beets or tomatoes. And before you select the materials to make a frock or a pair of curtains you must do a little nature study, and search in the garden or the woods for your combinations of colors. Looks hopeful, doesn't it?"

"I wish you wouldn't close the argument without saying something about carelessly-done hair," exclaimed somebody else. "That's my pet abhorrence. How anyone can expect to look well-dressed with untidy wisps around her face—"

But by this time the boxes were sewn up and labelled. The younger workers were powdering their noses preparatory to departure. The old ladies were tidying the tables. The meeting and the confab were over.

SIR WILFRID WELLESLEY MORE GOOD THAN HOSTS OF FRIENDS EVERYTHING ELSE

Liberal Leader Had Busy Day Conferring With Supporters Here.

GATHERING OPINIONS Representatives of Party From Western Ontario Among Visitors.

Sir Wilfrid Laurier spent a very busy day yesterday meeting old friends in the suite at the King Edward Hotel and conferring with supporters with them. He looked to be in the best of health and spirits and had a smile for each of those whom he greeted. A woman visitor was heard to remark: "He looks younger and more handsome than ever," and this greatly delighted those who are in company with the leader.

Beyond the fact that Sir Wilfrid is getting the opinions of his Toronto supporters there is no political drift-wood to his visit, it was stated.

Nevertheless, he had a lengthy session with N. W. Rowell, K.C., leader of the Liberal party in Ontario, in the morning and a little later, Hon. George P. Graham, who accompanied Sir Wilfrid from Ottawa, joined the conference.

All day a steady stream of visitors found their way to Sir Wilfrid's quarters as many as 100 being admitted in the morning alone. Fully as many more saw him in the afternoon, and in addition, others again during the evening.

Among those who called were N. W. Rowell, K.C., M. L. A., James H. Spence, Hal B. McGivern, Ottawa; William M. German, Wellesley; W. H. Curry, K.C.; Dr. J. Hunter; W. H. McGuire; W. H. Adams; A. J. Young, North Bay, and present candidates for Nipissing and Ontario; J. C. Foy; Frank Regan; J. B. McCall, Cobourg, and John H. King.

Ontario Liberals Arrive. In the afternoon a large party of western Ontario Liberals representing liberal organizations in London and other centres, arrived. An urgent desire to have Sir Wilfrid continue as long as possible in the minds of those who met him, and this thought found expression in the little group in the second floor adjacent to Sir Wilfrid's rooms. If he acts upon the advice which, as far as can be learned, was given him by all who spoke to him, Sir Wilfrid will continue as the "chief" during the coming campaign.

A break in the day's routine was a motor trip around the city which P. C. Larkin, Sir Wilfrid's host, arranged. It was quite an hour, and was followed immediately by more conferences with party representatives.

A formal program has been provided for the visit which will extend until Thursday. The party will be the guests of the Ontario Club at luncheon today.

ON PERSONAL BUSINESS. Leader of Provincial Opposition Returns From Western Trip.

N. W. Rowell, leader of the opposition in Ontario, who returned from a western trip Monday morning, refused to discuss politics when he arrived last night. His trip west was on personal business entirely, he said, and he was unable to give any opinion regarding the political situation in the west. He was reticent also in regard to the proposed union government proposals, and refused to state whether he had been asked to become a member if such a government were formed.

TENDERED FAREWELL. An open meeting of Commercial Lodge, S. O. E., West Toronto, was held on Saturday evening last, attended by a large gathering of members and friends, who tendered farewell to Mr. and Mrs. John Holford of Darcy street, who are leaving the city to reside permanently in California. Presentations were made in token of esteem and in recognition of Mr. and Mrs. Holford's twenty-five years of devoted service to the society.

CANADIANS REPATRIATED. London, Oct. 8.—The Canadian Press understands that in consequence of an agreement with the Germans, Canadian prisoners repatriated are not to be employed on any front.

When repatriated they are sent to a hospital on arrival in England preparatory to being shipped to Canada, where they remain at the disposal of the authorities.

DROWNING AT WASHBURN. Special to The Toronto World. Kingston, Ont., Oct. 8.—Tommy Thomas, aged 30, fell into the Rideau Canal at Washburn while fishing and was drowned.

He was unmarried, and is survived by his mother and one brother. The body was recovered shortly after the accident.

RHEUMATISM Needs Strong Medicine, Decided Syracuse Man Who Suffered 36 Years Before At Last He Found A Cure.

WILL SEND FREE TO ALL WHO SUFFER

"You can't cure Rheumatism with Hama-mu, cheap urea acid medicine, or by doing your stomach with drugs that either ruin the digestion or are so weak they do little more than scratch the surface of the disease," says F. H. Delano of Syracuse, N.Y. Rheumatism is a real, hard, hard to shake off for good, as everyone who suffers from it knows, and it needs medicine which, while harmless to the stomach, is strong enough to take right hold to do any permanent good.

That is What Tanlac Accomplished in Case of Wm. Newington.

BEST IN WORLD, HE SAYS Hadn't Enjoyed Good Health in Ten Years—Feels Fine Now.

The merits of a medicine spread by testimony and this explains the phenomenal demand and widespread popularity of Tanlac. William Newington, who has been a citizen of Toronto for many years, and resides at 48 Reid street, in relating his experience with the medicine, says: "I have just started on my third bottle of Tanlac, and it certainly has made a wonderful difference in my feelings. I have suffered with emphysema of the head and throat and a general run-down condition for ten years, and while it seems to me I have tried everything, my condition kept getting more serious until I began using Tanlac. Sometimes the mucus would become so thick in my throat I could hardly breathe, and it just seemed like I would choke. I caught cold easily, my head ached, and always felt stopped up, and there was a buzzing noise all the time in my ears. My throat was raw and sore, and I was continually gagging and coughing up phlegm. My general health was, of course, affected, too. I was always off in strength and never felt like doing anything.

"My wife kept insisting until I finally got a bottle of Tanlac, and before I finished taking it I was feeling worlds better. I then got no time in getting another, and when I got through with the second bottle the soreness had almost left my throat, and the mucus just seemed to disappear. I am now on my third bottle, and I really feel better than I have in years. My headaches are gone. I breathe easy and rest well at night. My strength has increased remarkably, and I get up in the mornings feeling fit and go about my work in good spirits. I have already picked up four pounds in weight, and my wife and I are both happy over my improvement. I actually believe Tanlac is the best medicine in the world; at least, it has done me more good than anything else, and it's a pleasure to endorse such a worthy medicine."

Tanlac is sold in Toronto by Tamblin's Drug Stores and by one regular established agency in every town.—(Advertisement.)

AUTHORITY FOR CHARGE WILL BE SUBMITTED J. M. Skelton Will Give Reasons for Criticism of Associated Kin.

Officers of the United Council of Ratepayers' Association will meet today for the purpose of investigating the statements of J. M. Skelton made at a meeting of the association in the city hall on October 3, when he criticized the aims and methods of the Associated Kin of the Canadian expeditionary forces. As a result of these remarks, Hamilton Cassels, K.C., president of the Associated Kin, has made public a statement in which he denies the allegations made and intimates that Mr. Skelton was not in possession of the true facts relative to the organization when he made his statement. At the meeting today Mr. Skelton will submit authority for his remarks and a reply to the statement of Mr. Cassels will be drafted.

HOLY NAME UNION MEETS Fall Quarterly Meeting of Archdiocese of Toronto Held Last Night in St. John's Church.

The fall quarterly meeting of the Holy Name Union of the Archdiocese of Toronto was held last night in St. John's Church (R.C.), Kingston road. About 100 delegates, representing 25 local branches, were present. Pres. F. R. Boylan was in the chair.

The meeting was opened with the benediction of the most blessed sacrament. Reports from the soldiers' aid committee, the non-English-speaking committee and the junior work committee were read. A report was made concerning a visit made to Whitby by the committee, and as to the best means of assisting the Catholic soldiers there.

SPLendid THANKSGIVING CONCERT. Good Musical Entertainment at College Street Presbyterian Church Last Night.

At the College Street Presbyterian Church, last night, a splendid musical Thanksgiving entertainment was given by Jessie Alexander, Madame Bessie Bonnell Barron, Miss Martha Hogg, and Stuart Barker. Rev. R. B. Cochran, B.A., pastor of the church, presided, and a large appreciative audience attended, and heartily applauded the various numbers.

CANADIAN CHILDREN ARE SAVING PENNIES

More Than Third of Million Hoarded by Pupils of Public and Separate Schools. That juvenile Canada is following in the footsteps of adult Canada in saving its pennies for the prosecution of the war is borne out by the savings list compiled and recently distributed by the Canadian educational authorities. On June 30 of this year the grand aggregate in savings hoarded by the pupils of Canada's public and separate schools, through the medium of the penny bank, stood at \$383,853. This sum was contributed by 49,129 pupils throughout Canada. In this grand aggregate Toronto stands on the pinnacle with a total collected of \$221,118.59, from 38,572 school accounts, sent in by 44 schools in the midst of the year. Dewson Street School leads the list with 743 accounts and \$6,012.74 since the inauguration of the penny savings bank system in Toronto. Frankland School comes next with 950 accounts and a total of \$5,399.45. In the contributions for May and June of this year, the highest average deposit per pupil, 53 cents, was paid in by the School of St. Vincent de Paul. Park School came next with 51 cents per pupil, and the average deposit in Toronto is 37 cents. During May and June, 1916, Toronto schools deposited \$15,240 and \$9,755, respectively; in 1917 the sum in by 44 schools was \$18,004 and \$11,993, respectively. The average account per pupil throughout Canada is 25 cents.

Under the auspices of the Great Northern Homing Association, the prizes in connection with the St. Mary's open race, 100 miles, and the 25 mile race, were awarded last evening. The following were the recipients: 100 miles—1, 2 and 3 places, D. Foster; 4, Martin Brothers; first prize, W. Tremblay and S. Allison. Time, one hour and fifty minutes. 25 miles—1, 2 and 3 places, S. Latchford; 4, D. Foster, and 5, Abram Brothers. Time, two hours and fifty-three minutes. T. Abrams occupied the chair. There was a good attendance of members.

TORONTO BOY SCOUTS HAVE ALL-DAY OUTING Five Hundred Spend Thanksgiving Day at York Mills in Military Rally and Sports.

More than 500 members of the Toronto boy scout troop spent an all-day outing at York Mills yesterday, the program including tactical manoeuvres, a scout rally and sports. In the tactical scheme the scouts were divided into three contingents, distinguished by red armlets, commanded by J. Garfield Gibson, and a defending force, wearing white, under C. D. Adams. The defenders were given the task of preventing the enemy from reaching a Union Jack "fort" on Mrs. Boulthé's property at York Mills. The scouts were declared victorious. Only six of the enemy force succeeded in reaching the flag, the rest of the attackers practically all being taken prisoners. The manoeuvres lasted from 10.30 a.m. to 1.30 p.m. After a military lunch the scouts gathered at Major Usheer's property for the scout rally and the program of sports. The scouts' Thanksgiving Day manoeuvres were witnessed by H. G. Hammond, provincial secretary of the Ontario scouts.

ALLEGED CAR THIEF CAUGHT. Murray Rash Arrested on Charge of Taking Car From Bowling Green.

Sixteen-year-old Murray Rash, 153 Manning avenue, was arrested last night by the police on a charge of theft of a motor car from Murray Coates, 184 Galley avenue. The police say that Coates left his car outside of a bowling green on Dovercourt road, and that while he was in there three boys attempted to steal it. When he came out of the bowling green he saw the boys trying to start the engine of the car. When the boys saw Coates running after them, they jumped from the car and fled up the street. He captured Rash, but the other two made good their escape.

A SURE TEST. That man is so honest he wouldn't steal a pin, said the admiring friends of a never thought much of the pin test, answered Miss Cavenne. Try him with an umbrella!

COUNT VON LUXBURG IS HIDING IN ARGENTINA

Buenos Aires Oct. 8.—Officials today admitted that Count Karl von Luxburg, the former German minister to Argentina, is still in the country. His exact location, however, was not made known.

The admission was forthcoming when it was learned today that a search by a British cruiser of an outward-bound Spanish steamer had failed to locate Von Luxburg, who was supposed to have taken passage on

the steamer last Friday and sailed from Montevideo.

CLEVER PASSING IN AMERICAN GAME

Little Open Play, But Interference Worked Well When Aviators Were Victors.

American football was given a real test here yesterday when the U. S. aviators at Camp Borden displayed the finer points of the game played by our American who have played on All-American teams were used for demonstration purposes by the Yankee flyers.

The interference game was well worked out by the winners, and much ground was gained when the ball-carrier was protected. The soldiers had weight, and the former college stars were simply marvelous at the passing game.

STORMY SESSION AT ANNUAL MEETING OF FOOTBALLERS

Craig Campbell's Announcement That Secretary Muir's Suspension Stands Raised a Noise--Toronto and District Given Cold Shoulder in Electing Officers.

The annual general meeting of the Ontario Football Association was held yesterday at the Ross of England Hall, as forecasted, the meeting was a stormy one from beginning to end, and at times it seemed as though the meeting would have come to an abrupt ending.

Not a single representative from the T. and D. was elected amongst the officers, in spite of the fact that some twenty delegates were present.

It was early seen that the meeting was going to be exciting, and the ball was set rolling when the minutes of the semi-annual meeting came up for adoption.

The officers elected were as follows: President—H. H. Buckland, Hon. president—Rev. C. W. Brown, Guelph.

On this occasion, however, the chairman ruled that they were not allowed to vote. On this occasion, however, the chairman ruled that they were not allowed to vote.

The Thanksgiving Day swimming meet at the Broadview Y.M.C.A. was a bigger success than ever, some 45 boys participated before a big crowd, which evidently enjoyed the program.
