THE DAY'S EVENTS REVIEWED

A allies continued to improve their position yesterday. The British slightly advanced their lines at the Butte de Warlencourt,

near Bapaume, and they stopped by their curtain of fire a German attack. Thus they have considerably widened their front on the

ridge before Bapaume. The French kept up their attacks on the

front between Biaches and La Maisonette, south of the Somme and

near Peronne, and they made fresh progress. They also repulsed a German attack on their lines, thrown north and west of Sailly-

Wound Incapacitates Man Who Failed in Drive on Paris.

Berlin, Oct. 19.—Field Marshal Alexander H. R. Von Kluk, who commanded the right wing of the German army in its sweep towards Paris in the fall of 1914, has been placed on the retired list at his own request. He had never returned to the front since he was wounded by shrapnel fire in March, 1915, while inspecting advanced positions. The field marshal was 70 years of age last May.

Field Marshal Von Kluk and his army took an important part in the German advance towards Paris in September, 1914. His advance was halted about 30 miles from the French capital, and his force, with the rest of the German army, was checked and driven back in the battle of the Marna.

Field Marshal Von Kluk was born in Muenster, Germany, May 20, 1846, and entered the German army as a second lieutenant in 1865.

Flerce Fighting Continues in Oituz Valley Without Much Change.

London, Oct. 19 .-- In a circuitous novement by way of the Lampris Valley, Roumanian troops effected a complete surprise on the Generals who had penetrated the Gyimes Pass and passed down the Trotus valley as far the sessions yesterday of receiving as Agas, fell on the enemy with the stolen property and was remanded unas Agas, fell on the enemy with the bayonet, captured and destroyed 12 guns, took 600 prisoners and routed the survivors. Another detachment, attacking the Teurons in the Trotus valley from Goicasa in co-operation with the first detachment, took 300 prisoners and several machine guns. Thus the German incursion into Gyimes Pass that some persons believed was a serious threat towards Bessarabia and Odessa has been checked and repulsed.

Fighting continues in the Oituz yal, ley, south of the Gylmes valley, the contest raging with extreme violence. At Predeal the Roumanians drove hack several German units and threw them over the frontier. The small German column which had appeared towards the Scara Pass appear to have been stopped. Let the Y.M.C.A. Increase Your Physical Fitness

If the Physical Departments of the City's Y.M.C.A.'s can make rejected men fit for military service, they can fit you for greater efficiency in your business or profession, and for those greater responsibilities of citizenship that now fall upon every Canadian, and which will be greater still after the war.

We have cheerfully surrendered to the war almost thirty per cent. of our total normal membership-a number equivalent to two complete battalions, All have chosen of their own accord to serve the Empire.

Needed---3,000 New Members

(Men, Young Men and Boys, to Replace Our Heroes at the Front)

We desire to replace each of our heroes with at least one new member to take advantage of our splendid facilities. Men have searchd for the magic "elixir of life," though all the while it was coursing through their own veins, ready to be quick-ened into its fullest life-giving power. For so many countless genera-tions did man thrive by activity that the proper functioning of the organs just naturally depends upon

The Toronto Y. M. C. A. Physical Department developed the physique of no less than 284 rejected men so well that the recruiting sergeants were glad to enlist them. That's effectiveness for you! Join the Business Men's Class.

What Is It Like?

Here is just a glimpse of the Business Men's Department in action: You are on the floor in social chat with business associates and friends. Or perhaps you are warming up by tossing around the "medicine ball." From fifty to a hundred business men, lawyers, doctors, bankers, manufacturers, etc., have gathered. The music starts, and you find yourself marchiag around the great gymnasium.

The calisthenic exercises begin under the direction of the instructor. Perhaps the tune changes to "Way

Down in Dixie." First thing you know everybody is singing it. Mean-while the director has been attending strictly to business. Precious few dormant muscles of yours but have been gently awakened to life as Nature intended. You went in physically and mentally tired. You emerge feeling alert, fit as a fiddle, the day's worry gone—rested in both body and mind.

No Concentration Needed

The physical director knows that business and professional men are busy concentrating upon mental problems all day long. So he has made sure that the exercises will be so simple as to require of you no concentration. They are designed with infinite care to fit exactly the special requirements of business men. They are invigorating, sensible and

After the class you may enjoy a game of volley ball, basket ball, hand ball, fencing or indoor baseball. Take advantage, too, of the splendid shower baths and the great swimming tanks—"tiled lakes" they are often called.

A Popular Department

At Central Y.M.C.A. Business Men's Class alone the membership is nearly five hundred men of all ages, including many of the most prominent men in Toronto's business life.

West End and Broadview Y.M.C.A.s have similar large memberships, and surprisingly large average attend-

No man is too old, too young or too dignified to take part, for in the class you will be sure to meet men of your own age and station in life.

Yes, you have time for the class-5.30 to 6 p.m. three days each week -a most convenient hour.

Young Men's Department

For young men not having the privilege of going overseas we are continuing throughout the war our regular evening physical and other classes (8 to 9 p.m.). We invite young men to join these classes.

While the Y.M.C.A. atmosphere, like that of every other loyal Canadian institution, puts no restraint upon the recruiting sergeant, every member is absolutely free to choose for himself.

Join the Y.M.C.A.

The Y.M.C.A.'s emphasize their cordial invitation to all men to join the association. Increase your personal effectiveness for your own and your country's good. Do you feel that you need more efficiency? There's no better way to get it than by improving your own physical condition. Join now the Y.M.C.A. nearest your home.

THIRTEEN CITIZENS DEAD

Ten Are Killed, Three Died of Wounds and Sixty-Nine Wounded.

Among the latest names in yester-day's casualty list is that of Major E. R. Street, a veteran of the South African war, who has been killed in action. Born at London, Ontario, he lived with his mother and sister in Toronto at 10 Mackenzie avenue. At the outbreak of war Major Street immediately offered his services. During the battle of Ypres he was awarded the D.S.O. for conspicuous bravery. A telegram received in Toronto stated that he died from wounds. He was the only son of the late Hon W. P. R. Street, justice of judicature for Ontario.

The names of five officers, two of whom have been wounded, one is suffering from shell shock, one is missing, and one aviator suffering from rheumatism, are also in the list. Of the men, ten have been killed in action, three have died of wounds, one is missing, and 69 are wounded.

According to a private cable, Lieut. Sidney Fellowes, 39 Lowther avenue, has been wounded in the head and Lieut. Fellowes went overseas with

the 8th Field Company of the Canadian Engineers, and has been at the front 18 months.

On Oct. 12, Lieut. Howard Webster was wounded, but remained on duty. He has been in France several months, leaving Toronto cooks in the several months. leaving Toronto early in the year with the 34th Battery. His home is at 306 Russell Hill road. Since the severe fighting near Cour-

A. Bell has been missing. The officer had only been in France three weeks, having been drufted to an all-Toronto battalion of the third division. His wife resides at 83 Dunvegan road. STOMACH MEDICINES ARE DANGEROUS

DOCTORS NOW ADVISE MAGNESIA. Just how dangerous it is to indiscriminately dose the stomach with drugs and nedicines is often not realized until too late. It seems so simple to swallow a dose of some special mixture or take tablets of sode, pepsin, bismuth, etc., after meals, and the folly of this drugging is not apparent until, perhaps, years afterward, when it is found that gastric ulcers have almost eaten their way through the stomach walls. Regrets are then unavailing; it is in the early stages, when indigestion, dyspepsia, heartburn, flatulence, etc., indicates excessive acidity of the stomach and fermentation of food contents, that precaution should be taken. Drugs and medicines are unsuitable and often dangerous—they have little or no influence upon the harmful acid, and that is why doctors are discarding them and advising sufferers from indigestion and stomach trouble to get rid of the dangerous acid and keep the food contents bland and sweet, by taking a little pure bisurated magnesia instead. Bisurated Magnesia is an absolutely pure anti-acid, which can be readily obtained from any drug store. It is absolutely harmless, is practically tasteless, and a teaspoonful taken in a little warm or cold water after meals will usually be found quite sufficient to instantly neutralize excessive acidity of the stomach and prevent all possibility of the food fermenting.

HIS GREAT BALANCING ACT

The response has been very fine and in excess of last year's but the possibilities have been little more than sampled. If all the inhabitants of Toronto gave fifty cents each it would amount to \$250,000 or thereabouts.

The response has been very fine and the cases that demand relief are in evidence around us all the time, and they are responded to as far we are able, but the whole work is, of course, dependent upon the sympathy of good people who find their deepest satisfaction in bringing help and consolation to those in sorrow and need. In the interest of those for whom I appeal to fine the possible for a record that the club here is making. A cheque for \$100 was received from the International president, arch. C. Women's Day at Headquarters When all your plans have been laid for fine weather, and the morning breaks with steady purposeful sheets of rain that had evidently come to stay, it requires a Mark Tapley to be really cheerful. But the weather has not yet been discovered that can dampen the enthusiasm of the real Red Cross worker, and headquarters simply made up its mind to settle down to two days' steady work instead of one day

The telephone was popular; this is a mild description of the incessant calls from churches where ladies wanted to know if they were to collect or put it off to tomorrow, or to complain that the shields or the bags had not been delivered. Then the schools were heard from. Was the program to be

Clean, legitimate humor, stirring episodes and refined emotional appeal are the elements that have been aimed at in "The Black Feather," which the brilliant actor, Albert Brown, is making the vehicle of his present Canadian tour, and which will be seen when he returns to the Grand next week. The play has been especially written for Mr. Brown by Mr. W. A. Tremayne of Montreal, a veteran Canadian dramatist. In "The Black Feawhich, tho an entirely origina play, also deals with the war. BASEBALL GOSSIP

The world series umpires received \$1000 each for standing along the foul lines. It is apparent to the average fan that the receipts generally were handled along foul lines.

Tom Healey, a star athlete of the University of Pittsburg, who played baseball with the Newark International League Club, and finished the season with Connie Mack's Athletics, has re-entered Pitt for his last year. Healey, whose home is in Altoona, was undecided regarding his last college term, as his studies will prevent his going south for spring training. After considering the situation from all angles, he decided that education should come ahead of the game, and therefore he will not start to play again until after his graduation. Tom played third base for Mack at the fag-end of the season.

Scoops Carey, the best self-starter in the National League, may sell automo-biles in St. Louis this winter.

Speaking of auto salesmanship, it is recalled that George Sisler. near-Pirate, and greatest all-round star in baseball, essayed to fill the role of a salesman last winter in the Mound City. Every fan in the country has read of the wonderful ability of the Akron boy, but his bashfulness as he moved about in the business circle kept him out of the .300 sellers. We have Carey's word for it that Sisler sold one car all winter, and that vehicle was purchased by George Sisler.

MONTREAL OWNERS ARRANGE FOR SECOND DEVONSHIRE MEET

Montreal, Oct. 19.—The final pow-wow of the directors of the Devonshire track was held in the offices of the institution in this city yesterday afternoon, when routine business were discussed and plans formulated for the second meeting of the Western Racing Association, which is scheduled to begin in Windsor on Oct. 28. a week intervening between the termination of the current Kenilworth meeting and the inauguration of hostilities at Devonshire Park.

It is understood that the changes that were in contemplation for the coming meeting were pigeon-holed for the present, but will become effective following the close of the second session. This move will automatically serve to save the official necks of those who have incurred the enmity of the directors of the new association. Contrary to the amouncement, Charles Campeau will continue as associate to Martin Nathanson at the coming meeting.

Rumors From Providence SAMMY SAYS ROYALS

Montreal, Oct. 19.—The Montreal franchise in the International League will be operated in this city next season despite the annual report of a transfer. This was the statement of President Sam I ichtenhein, who returned only today after attending the world's series.

There will be changes on the circuit, however, the Royal head boneves. "The circuit is not compact enough, as at present constituted," said President Sam today, "and in my conversations with other International League magnates I met at the series this seemed to be agreed. Any chance we have of getting an even break in a financial way is wiped out by the heavy car fares.

"It is quite possible that Syracuse will be admitted to the circuit next season, but not in place of Montreal. This team will stick."

While nothing definite has been done several deals for players for the Montrea team are under way. Pitching talent is being sought from Cleveland and Cincinnati.

YOUNGER LEAGUE IS MUCH STRONGER

The Hot Stove League has already begun redigesting the world's series, with rather invidious comparisons between the National and American Leagues. There seems to be little difference of opinion on the proposition that the younger organization shows up far the better in fact and figures, as it has done for some six or seven years. According to an eastern writer, no one who saw Boston and Brooklyn play in the recent series could figure the two clubs within a league of each other. Boston had so much the better of it, and this without any great extra effort, that the competition most of the way was pitiful. You might suggest that Boston won the first two games by only one run each. But ask anyone who saw that first 6-to-5 contest how the two clubs looked. Brooklyn was good enough to win a pennant, and yet many fans doubt very much, after having watched both leagues all season, whether Brooklyn could have finished fifth in the Johnsonian circuit. It is a certainty that Brooklyn couldn't have beaten out Boston, Detroit or Chicago in the American League, and few believe she could have finished ahead of the Yanks and Browns. When it comes to pass where a flagwinner in the league doesn't quite stack up with a second-division club in the other, the moment is well nigh prime for a shift. And Brooklyn proved that she had the best club in the National League.

Secretary Spencer Explains Matters

Sporting Editor World: I would be pleased if you would allow me thru your columns to correct a false impression that has got abroad thru the publication in a Montreal paper and reproduced in your paper of an article having reference to the eastern semi-finals (Connaught Cup), played in August 1915. in the first place, the article states that I wrote Mr. Gillespie that I lad no trace of the statements he had asked me for. This is absolutely wrong, as I told Mr. Gillespie that I would let him have the statements in the course of a few days, but was afraid he would not be able to make much out of them, this having reference to the game played in Montreal and Toronto between Lancashires (Toronto) and Grand Trunks (Montreal). The article goes on to say that this is all the more singular that Secretary Spencer has held office for fourteen months and this is the first intimation of the papers being missing. While it is true that I have held the office for the time stated, it is also true that this is the first request for these statements.

Now what I want to make clear to the soccer public of Toronto, Canada, in particular, is the fact that these statements have nothing to do with me, as the games were played and the statemets of same were accepted by the D.F.A. council then in office before I was elected to the office of secretary-treasurer, and any statement that I could give in connection with these games would be copies from the previous treasurer's records, and I can show an itemise account of all income and expenditure since I took over the books, which I may say are open for inspection by any member of the D. F.A. council, who handled them. And now that the matter is opened up I snall make it my business to investigate the matter thoroly, and whoever is at fault will have to stand the consequences.

In conclusion let me say that I have a file of papers which were handed over by the late treasurer, but for which I am in no way responsible for any discrepancies that may be discovered, or for any documents that m

BREAKING ALL RECORDS

Fifty Thousand Attendance in Every Member of Seven Battal-Four Days-Sir John Hendrie and Party Present.

To further accommodate the people wishing to see the Somme battle pictures, the Regent Theatre management announces that two extra special exhibitions will be given at 10.15 o'clock tonight and Saturday night. The box office will open at 8.45 a.m. today and Saturday, and the first show will open fifteen minutes later.

Despite the intermittent rainfall of yesterday, which did not wholly cease until after 8 o'clock last night, crowds of people stood in line and clamored before the box office of the Regent Theatre before gaining admittance to see the official motion pictures of "The Battle of the Somme," which after a week's engagement at that playhouse for Schools by route of Queen, Dovercourt and Argyle streets.

The Bantams will arrive at Bay street, Toronto, at 4 p.m. via the C.P.R. and march to Jesse Ketchum School by way of Bay, Queen, Yonge and Davenport road.

Sir J. Hendrie Present.

Among those who attended last night was Sir John Hendrie, lieutenty of Contents Lady Hendrie.

ant-governor of Ontario, Lady Hendrie, Miss Hendrie and Hon. Col. Fraser. When the party entered their pox, about 9 o'clock, the orchestra played "God Save the King." The members of the party were intensely interested in the pictures and praised them in leaving the theatre.

Arthur Hewitt, president of the board of trade, who attended with his son and Mrs. Hewitt, was impressed with the words of Lloyd George, who de-clared that the picture in itself wan an epic in self-sacrifice and should be seen by everyone. Mr. Hewitt said that everyone in Toronto should take the opportunity to see the pictures. He declared that he had not seen any scenes which he thought should not viewed by women.

Among others who attended were Mrs. James Wood, Douglas Wood and

doormen and other attendants of the theatre have nearly reached the point of physical exhaustion as the crowds grow larger each day. A thoro day's work has been given them since Monday in answering innumerable expenditure records to seat the conduction of the seat the s able queries, conducting people to seats and in other ways accommodating to

the spectators. The last two days in which the Somme pictures will be shown at the Regent Theatre are expected to be record-breakers as far as attendance is concerned, as the film has already established itself a record-breaking event in Toronto theatrical enterprises by each day's success eclipsing that of the previous day.

onto. The pictures are absolutely authentic moving photographs of the Battle of the Somme, the greatest and most important of all British battles. They were made by operators, who took their cameras right into the jaws of death, working side by side with the machine guns and riflemen in the front-line trenches, working amid the hail of bullets, the roar of explosives and the concussions of bursting shells. Nothing like these pictures was ever before even possible to obtain. They are marvelous. Wherever they

re before even possible to obtain. They are marvelous. Wherever they are shown they create a sensation. They show war, grim and gruesome as war is. They were considered superior to censorship as a demonstration of what the soldiers are doing and bearing to uphold the honor and glory of Great Britain and promote the cause of humanity.

Those are the reasons with many others why Toronto has been profoundly impressed with the Somme film and why the people of the city and province are making the film the most successful of any motion picture production.

TO-DAY IS

THE

LAST DAY

FOR

GIVING---

SO GIVE

ALL

THAT

YOU CAN

--If your son, or husband, or brother, or sweetheart were lying wounded unto death on the Battlefield of the Somme---this minute----

And YOUR contribution of money to the British Red Cross Fund could help save his life or comfort him in his dying hours, you would, for his sake, give your last penny to this Fund.

Think, then, of the millions of sons, husbands, fathers, brothers and sweethearts that have offered themselves as a great sacrifice for you and us.

They are giving their all, even unto life itself. All that they ask of you and us is, that we help to heal them in the sad event of their being wounded.

Only those who have seen the awful suffering undergone by these men for the cause of Liberty can appreciate what comfort the ministrations of the British Red Cross bring to the wounded and the dying. If you denied yourself every little luxury and many a necessity for the next twelve months and gave the money which would purchase these luxuries and these necessities to the British Red Cross Fund you would know in your soul that you had been repaid a thousand times.

Give now, to-day. This is the last day of our appeal. We are as eager to send the child's penny as we are to send the rich man's thousands of dollars.

Come down to Massey Hall to-night and hear the returns read, and be glad that your contribution has helped to swell the total.

Yesterday---Because It Rained

Ten thousand people put off their generous impulses.

And DID NOT bring down their subscriptions to the British Red Cross Fund.

And, too, because it rained, our workers could not possibly call upon all of those whom they wished to see.

DON'T WAIT TO BE ASKED FOR YOUR DONATION

Bring it in yourself, or mail it this minute. Make your cheque payable to Sir Edmund Walker, Hon. Treasurer, British Red Cross Fund.

A receipt will be given or sent for every donation. Don't be afraid of your contribution going astray.

Don't let the weather interfere with your giving.

Every penny you can spare is needed. The Battle of the Somme goes on whether it rains or shines.

It is quite safe to say that yesterday, five thousand newly wounded soldiers passed through the hands of the British Red Cross.

Yesterday, to-day, and every day, it cotss \$25,000.00 to carry on British Red Cross work.

For your own sake, because of the generous impulse that is in you, and because it is in the heart of every man and woman to help others in suffering.

Give something to the British Red Cross. Give to-day. This is the last day for giving.

Give NOW---Bring Your Subscription in---so that To-morrow

Trafalgar Day

The signal will be FLASHED around the world that, when the Motherland called, Toronto EXPECTED and REALIZED that every man and woman in the city had done his or her duty.

FALL OFF NEAR CLOSE

Prices Recede on Announcement of Loss of British Transatlantic Liner.

New York, Oct. 19 .-- In its essential aspects today's market was a repetition of Tuesday's session, the entire list losing ground in the final hour, after having registered numerous substantial advances. The setback was attributed to cables from London nouncing the loss of a British trans-lantic liner by a mine in the Eng-

sh Channel.
Increased scope and stability acompanied the trading of the ferencon and mid-session, minor industrials sing less prominent. Their places being less prominent. Their places were taken to an unwonted extent by low-priced non-dividend rails. Conspicuous in this group were the Wabash preferred issues, Missouri Pacific preferred, Western Maryland, Chicago Great Western preferred. Rock Island and Texas and Pacific. Shipping stocks also augmented recent gains, particularly Atlantic, Gulf and West Indies and United Fruit, but these were abruptly wiped out in the liquidation of the later period. BRITISH BOND SALES

WILL RELIEVE STRAIN

Britain Paying Twelve Million Pounds Weekly to the United States.

chancellor of the exchequer, replying in the house of commons today to criticisms of the high rate of interest payable on the new treasury bonds, and the objection raised that this would lead to their being largely held abroad, said:

"That is the very thing we desire. It must be remembered that we had to pay a very considerable amount day by day in the United States. At present we have to find £2,000,000 a day for every working day. That means a prodigious amount to find every six days."

Mr. McKeman prefaced his statement regarding the large amounts being spent in America by a defence of his action in paying a high rate of interest upon treasury bonds.

An Altered Standard.

"It is not possible," he said, "to apply pre-war standards and to say that five per cent, is enough, or that we could get it more cheaply. Very likely it could be done if we only wanted a little, or even the equivalent of the greatest sum ever raised before the war. It should be remembered, however, we have to raise a maximum sum about once a month, and it is only possible to find out by the daily examination of the results of borrowings and payments, whether we are successful in meeting our obligations. In order to meet, all expenses and to keep our undertakings with our allies, I have to make sure of getting money."

Mr. McKenna proceeded to explain that unless Great Britain was able to raise the needed money in the United States, she would have to go short of supplies from there which were absolutely essential to the purposes of the allies.

Can Bear Strain.

Defending the issue of the six per cent, bonds, the chancellor mentioned the fact that within a fortnight these treasury bonds had been sold to the extent of £36,000,000. He added that the present moment of competition for money was unfavorable to the issue of a long-term toan, but the government intended to resyrt to such a loan when the treasury considered it advisable, and the government of its promise in regard to the conversion of previous loans.

The chancellor decleared he
