H. WILLIAMS, 10 VICTORIA ST.
TWENTY-SIXTH YEAR

BAIRD'S MAJOR SIXTY-THREE
PROSPECTS FOR SLIM

Lord Hugh Cecil, Son of the
Late Lord Salisbury, Makes
a Fine Oratorical Effort, Tho'
Opposed to Chamberlain's
Policy.

London, Feb. 17.—By a majority of 53
the government last night defeated the
Liberal amendment to the speech from
the throne. The vote was 311 to 248.

The real event of the night's debate
was the brilliant speech delivered by
Lord Hugh Cecil, which is admitted
both by friends and opponents to have
been his finest oratorical effort, and
one of the best speeches delivered in
the House of Commons since the Glad-

stone-Salisbury period, and as placing
Lord Hugh in the forefront of possible
leaders of the Conservative party.

Lord Hugh Cecil's chief object was
to turn out the government. He dis-

tinguished the government by contending
that the free trade cause would gain by
keeping the present government in office
until long after the election.

Lord Hugh Cecil's speech was
merely a prelude to the main business
of the night, the debate on the
Asquith amendment. The majority
of Conservative free traders will follow
Lord Hugh Cecil's lead, and it was
the possibility of some unexpected
division, the government's position is
considered safe.

The scene during Lord Cecil's speech
was somewhat curious and was inter-

rupted by his peculiar habit of nervous
gesture and physical characteristics,
recalling the appearance of his father,
the late Lord Salisbury, at the same
age. Only a couple of yards separated
him from Premier Balfour, sitting alone
on the treasury benches.

"It is the business of a premier to
make himself understood, and I do not
think it is his business to be understood
that he has not been understood then
he throws up the sponge."

He was laughingly added that if Mr.
Balfour would give him an office which
port a portfolio he would undertake to
carry out his policy perfectly to the
whole country. He feared, however,
that the government would soon be de-

feated. In conclusion, Lord Hugh de-

clared that the Conservative free traders
were the inheritors of true Conservative
principles. In time, the speaker said,
he will forget the Conservative motto,
"The future is with us. It is needless
that we should be told that it is with
us."

"This speech practically concluded the
debate and the speaker's own words
were the last words of the night."

As the fallows of Chamberlain and
Premier Balfour spoke afterwards, but
without any striking effect. Mr. Bal-

four referred to the speaker as coming
"in the fulness of time," and made one
personal point against Lord Hugh Cecil,
namely, that he had never given any
as a difficulty for his lordship to give
a monosyllabic answer to the question
if he was a free trader, as for himself
(Balfour) to say whether he was a
protectionist.

Joseph Hazelton, 67, for 57 years a
resident of Yorkville, died at his home
at the family homestead, 7 Cumber-

land-street, in his 53rd year. Death
was due to the disease of which he
appeared to be suffering for some time
past. The funeral will take place
at 2 o'clock on Monday at St. James
church, and will be officiated by the
pastor. The deceased was a carriage
driver, and his acquaintances are legion.

Deceased was born in the North
of Ireland, coming to Canada and Toronto
in 1867, when he married his wife,
Mary. For 45 years he was a carriage
driver, and his acquaintances are legion.

He had a son, Joseph Hazelton, Jr.,
who is now a member of the Ontario
legislature. He was a member of the
Central Methodist church, and was
a widower, one daughter and two sons.

Funeral services will be held at
2 o'clock on Monday at St. James
church, and will be officiated by the
pastor. The deceased was a carriage

STORE CLOSÉS AT 5 P. M.

High Class Clothing.

More men have been discovered from the ownership of a first class "special" suit, by the extravagant prices usually put upon such goods, than have been swayed by misleading arguments against anybody's ready-to-wear clothing.

You don't wear a made-to-order hat, do you? Few men wear made-to-order boots, shirts or collars, or work at a made-to-order occupation.

We're introducing to you to-day, a few of our high class suits. We made them for ourselves and as perfectly as human hands can do it. We'll GUARANTEE to fit you and to give you EVERY satisfaction.

We bought the cloth ourselves, we know it's RIGHT. We know that every suit is right ALL OVER and EVERY WAY and we know the prices are just about HALF what some men have paid for suits NO BETTER. Come in to-morrow and we'll talk it over.

Men's Prince Albert Suits, made from imported black venetian worsted, cut in the latest fashionable style, Italian cloth linings, silk faced lapels, sizes 34 to 44, \$18.00.

BOARD GIVES ASSURANCE OF POWER COMPENSATION ORDER WILL ISSUE

Property Owners Affected by Station Expropriation, Pleased with Prospects After Yesterday's Session.

The question of the expropriation of the property south of Front-street for a union station was argued again at length yesterday before the railway commission.

The new chairman, formerly Mr. Justice Killam, occupied his position for the first time and apparently had a very clear grasp of the situation.

While no order was made, Chairman Killam left no doubt in regard to his opinion that the board had the fullest jurisdiction in regard to all matters that might come before it.

The question of compensation was also practically settled, as the chairman did not hesitate to state that the amount of time from which the interest to be paid by the G.T.R. should date, by the Mills and Mr. Bernier, had decided that it should be the date of filing the first notice of expropriation.

The various leases were highly pleased over the result of the day's proceedings and expect a favorable order within a few days.

An array of counsel was present. For the city there were S. E. Fullerton, H. J. Soler, J. Caswell and Mayor Uhart, Controllers Hubbard and Shaw and Mr. G. H. Macdonald.

For the G.T.R. there were J. H. Macdonald, K. C., J. Small, D. O. C. K. C., with whom was F. H. McLaughlin, the G.T.R. solicitor, and Messrs. Hamilton, C. C. and Shirley Denison.

A number of prominent railway men were also present. Mr. J. H. Macdonald, K. C., followed by Commissioners Mills and Bernier attended the bench. Regarding the amount of loss of business caused by the expropriation, Mr. Watson put A. J. H. Eckhardt into the box to show the amount of loss of business caused by the expropriation.

Mr. Eckhardt related many details in regard to the business of his company. He had not attempted to rebuild on the site of the station.

Mr. Watson asked for the names of the large number of lessees and tenants who were being affected by the expropriation. Surely the question of compensation was for the arbitrators.

Witness stated that he estimated the loss would amount to 15,000 per year. The chairman would expect full compensation for that on a lease with only two years to run.

THE LAST CALL ON Persian Lamb Jackets—Price This Time \$92.50

The news from the Fur Section to-day relates to a little lot—about a dozen nice Persian Lamb jackets—made from a particularly nice grade of whole Persian lambskins, with reverse, deep storm collar and cuffs of handsomely blended dark mink.

The illustration shows two styles—the one in the figure at the left, only buttoned, as shown on the figure presenting the same coat in this style, by the way, is our now famous "Countess" model—a style peculiarly our own in so far as Canada is concerned.

We originally secured it through a noted New York designer. The coats are beautifully tailored and the garment is hand-finished, just as though you placed it in the regular price. Lined throughout with heavy luxurious fur.

The jackets are 26 inches long, finished at waist with handsome black silk girdle. The garments at this season's prices are worth \$135.00—next season they'll be worth \$200.00 more. Saturday to clear at, each..... 92.50

ABDOMINAL BELT \$25. These belts are for men's wear, made of pure natural wool, shaped to fit the figure perfectly, weight in lbs. I have no doubt as to the power of the belts at one dollar each. Saturday, each..... 25

WOMEN'S CLOTH JACKETS \$10. This is a collection of garments worth \$15.00. It includes a variety of styles in the lot, made of different materials, some with fur trim, some with high collars, some with long sleeves, some with short sleeves. Saturday, each..... 10.00

FIRST INSTALLMENT EASY. Temperance People Will Not Make Heavy Demands on Premier.

A call has been issued for a temperance convention in Toronto next week, commencing on Thursday morning.

The board then looked up the order issued on Nov. 16 last, granting the G.T.R. a right to construct a roadway south of its present tracks between Church and Berkeley-streets, which the city considered should be secured by the city.

Mr. Fullerton said the order for the street was not asked in the application. It would increase the difficulty of securing the right of way.

Private Capital Interested, But Rumor Connects C.P.R. With the M.P.R.

Brantford, Feb. 16.—This city is greatly interested in the statements made the last few days that a new steam railway has been projected for this section.

The line to Woodstock is the crucial element in the desired connection for this city. If that be secured all other connections will no doubt follow in due time.

It is learned from independent sources that the western connection on the new line will not terminate at Woodstock, for capitalists in that city have planned a road running to Lake Huron, and are now applying for a franchise.

The C.P.R. is at all appearances, no more to do with these projects. The announcement of connections in the west has given rise to numerous rumors, and the C.P.R. will be brought thru this city.

There is no reason to believe that the C.P.R. contemplate such a move at the present time, although it has been more or less contemplated for a period of 15 years.

The Expositor says that the line to Woodstock and the other western sections from Woodstock to Lake Huron will be built by private capitalists, belonging to Brantford and Woodstock.

It has been known for some months, however, that the C.P.R. has been very seriously considering the advisability of tapping the Niagara fruit belt with a new line from Niagara Falls, thru St. Catharines and Brantford, to Woodstock.

The system of foreign correspondence has proved considerable of a success in the past. It has been the policy of the executive committee to encourage the work of the members, without consulting the committee, they were struck with the thought that the pay for the work of the members, however, reminded his colleagues that the city might be liable, so the committee question was sent to the city solicitor for advice.

BRANTFORD TO LAKE HURON. PRIVATE CAPITAL INTERESTED, BUT RUMOR CONNECTS C.P.R. WITH THE M.P.R.

Brantford, Feb. 16.—This city is greatly interested in the statements made the last few days that a new steam railway has been projected for this section.

The line to Woodstock is the crucial element in the desired connection for this city. If that be secured all other connections will no doubt follow in due time.

It is learned from independent sources that the western connection on the new line will not terminate at Woodstock, for capitalists in that city have planned a road running to Lake Huron, and are now applying for a franchise.

The C.P.R. is at all appearances, no more to do with these projects. The announcement of connections in the west has given rise to numerous rumors, and the C.P.R. will be brought thru this city.

There is no reason to believe that the C.P.R. contemplate such a move at the present time, although it has been more or less contemplated for a period of 15 years.

The Expositor says that the line to Woodstock and the other western sections from Woodstock to Lake Huron will be built by private capitalists, belonging to Brantford and Woodstock.

It has been known for some months, however, that the C.P.R. has been very seriously considering the advisability of tapping the Niagara fruit belt with a new line from Niagara Falls, thru St. Catharines and Brantford, to Woodstock.

The system of foreign correspondence has proved considerable of a success in the past. It has been the policy of the executive committee to encourage the work of the members, without consulting the committee, they were struck with the thought that the pay for the work of the members, however, reminded his colleagues that the city might be liable, so the committee question was sent to the city solicitor for advice.

The provincial cabinet met at noon yesterday, but the premier had nothing to give out to the press. A successor to Robert Jaffray on the Temiskaming Railway Commission has not yet been appointed.

Hon. Mr. Whitney stated with reference to the opening of the house that the question would be dealt with within 24 hours after the by-elections on Tuesday.

Among the callers at the parliament buildings yesterday were J. S. Dabb, E. A. Dunlop and C. Lamarche, Conservative members-elect. Mr. Duff took the occasion to deny the rumor that he would resign to make way for Andrew Macdonald before the farmers' meeting.

Notice is hereby given that the above named individual has made an assignment of his estate to me for the benefit of his creditors, for the setting of fees and for the ordering of the affairs of the estate generally.

Overcoats and Suits at "Bottomless" Prices

BY the time we come to the middle of February the bottom falls out of the prices of Overcoats and distinctive Winter Suits. We have cleared out our own stock very nicely, but a certain manufacturer we might name was not so fortunate. He makes excellently tailored overcoats, too. There's a style about his shoulders that others try hard to get, but don't. He came with a proposition to take half a hundred of his coats at a lump price. We took them at \$8.45. They make the best value we have offered this winter.

Only Men's High Grade Winter Overcoats, consisting of cloth and cheviots and vicunas, also Scotch and Irish tweeds in stripes and large check effects. All are fashionable garments, brown, grey, black and fawn mixtures, without exception the finest lot of overcoats we have offered this winter at a price, best quality of trimmings, extra fine workmanship and fit, equal to custom tailored garments. Size 34-44. Regular \$10.00, \$10.50, \$12.00, \$17.00, \$18.00, \$20.00 and \$22.00. Your choice Saturday morning..... \$8.45
