Loss of American Lives on Arabic May Result in Serious Developments

Two From United States Believed Lost--A Score of Others Newspapers of The Republic Speak With No Uncertain Voice--"Situation as Grave as When The Maine Was Sunk"--Captain of Steamer Tells of Heroism of The Crew

London, Aug. 20.—The best information now available indicates that a score or more persons lost their lives in the sinking of the White Star liner Arabic, by a German submarine yesterday morning off the south coast of Ireland.

The White Cross line announced this morning that all but eight of the passengers had been landed at Queenstown. Four of these were said to be Americans. According to information called to Washington by Lewis C. Thompson, American consul at Queenstown, however, Dr. Wood and Mrs. Brugere are the only missing Americans.

The other two, James Houlihan of Philadelphia and Thomas Elmore of New York, were reported by Mr. Thompson to have been saved. In all about 400 of the 423 persons on board the Arabic, have been accounted for.

The fate of the others is still in doubt, but as the hours lengthen, since the Arabic met with swift destruction, hopes that the others may have been saved, are fading.

Queenstown, Aug. 20.—United States Consul Thompson stated this morning that there were twenty-one American citizens among the cabin and steerage passengers aboard the Arabic. Sixteen of these have been accounted for, this far.

Captain Finch gave the Associated Press a detailed account of the loss of the liner.

The CAPTAIN'S STORY "We were forty-seven miles south of Galley Head, at 9:30 o'clock this morning," said he, "when I perceived the steamer Dunsley in difficulty. Going towards her, I observed a torpedo coming by my ship, but could not discern a submarine. The torpedo struck one hundred feet from the stern, making terrible havoc of the hull. The vessel began to settle immediately, and sank in about fifteen minutes.

"The local patriotic fund reached a total of \$4000 yesterday. About the Germans were pressing the allies back and had gained ground on both sides of the River Meuse, which they planned to send a big army.

One year ago today the Roman Catholic world was plunged into mourning at the death of its pontiff, Pope Pius X. His demise hastened by his long illness over his subjects in different lands warring against each other.

"We were on the bridge about getting the boats launched when I noticed two boats capsized. We had taken every precaution while in the danger zone. There were plenty of life belts on deck, and the boats were ready for immediate launching. The officers and crew all behaved excellently, and did everything possible in the circumstances, getting people into the boats, and picking up those in the sea.

"I was the last to leave, taking the plunge into the sea as the ship was going down. After being in the water some time, I got aboard a raft to which I also assisted two men and women."

MEMBERS OF CREW DIED HEROIC DEATHS. Captain Finch paid special tribute to the heroic conduct of several engineers and firemen, who remained at their posts to the last, and sacrificed their lives to execute orders from the bridge, thus insuring the safety of the passengers.

Among those lost was the captain's nephew. The Arabic's commander spoke appreciatively of the kind treatment received by passengers and crew aboard rescuing vessels, and likewise of the arrangements made for their comfort at Queenstown. His chief regret was that he was not able to save the lives of everyone on board.

"If I had been given a little more time by the submarine," he said, regretfully, "I am satisfied I could have saved everybody."

ALL BUT EIGHT PASSENGERS SAFE. London, Aug. 20.—The local office of the White Star line announces that all but eight passengers of the Arabic have been safely landed at Queenstown. Four of the eight are Americans. The names of the missing passengers have not yet been definitely ascertained.

TWO AMERICANS LOST. New York, Aug. 20.—Two Americans were still unaccounted for today, in the lists received here, giving the names of those saved from the White Star steamer Arabic, torpedoed and sunk yesterday by a German submarine off the south coast of Ireland.

They were Dr. Edmund F. Wood of Jansville, Wis., and Mrs. Josephine L. Brugere, a wealthy American widow, who has been living in Europe for some years, but who is well known in New York, Newport and San Francisco.

The local office of the White Star line had no record of the safety of two other Americans, James Houlihan, of Philadelphia, and Thomas Elmore of New York, but the names of Houlihan and Elmore appeared on a list of sixteen survivors received by the state department at Washington, from Lewis C. Thompson, the United States consul at Queenstown, Ireland.

Reports to the White Star line here showed that twenty persons, in all of those aboard the lost liner had not been accounted for. Eight of these were passengers.

The Arabic carried 423 persons, when she left Liverpool Wednesday, 131 passengers and 242 in her crew.

A despatch from Queenstown this morning said on the authority of Consul Thompson that there were only twenty one American citizens among the Arabic's passengers. Advice received last night, placed the number of Americans on board at twenty-six.

Dr. Wood, one of the Americans unaccounted for, is a leading Wisconsin surgeon. He was on his way home, after completing a tour of duty for the Red Cross, with the British hospital corps in Flanders.

Mrs. Brugere, before her marriage was Miss Josephine L. Sather. Her step-mother, Mrs. James K. Sather, of San Francisco, left \$700,000 to the University of California. She married the late Emil A. Brugere.

TWO MORE STEAMERS SUNK. London, Aug. 20.—Two small British steamers the Restormel and the Baron Erskine, have been sunk by German submarines. Both crews were saved. The Restormel, 1,349 tons, was built at Greenock in 1905 and owned by J. Cory and Sons Limited, of Cardiff.

The Baron Erskine, 3,595 tons, was built at Dumbarton in 1911. Her owners were the Hogarth Shipping Company of Glasgow. The Baron Erskine sailed from New Orleans June 28, for Avonmouth.

MAY CAUSE GRAVE CRISIS. New York, Aug. 20.—Editorial expressions this morning show that the press of the United States looks on the torpedoing of the steamship Arabic, as creating a very grave crisis in the relations between the United States and Germany. What the newspapers say is given herewith:

The Washington Herald says: "The gravity of the situation that has been forced upon us cannot be magnified. We are surely near the breaking point with Germany. There is no virtue in further forbearance. Whatever its results, the quarrel is of Germany's seeking. The president and his advisers must now determine upon a course of action, for act they must, and the American people are more nearly prepared for a severance of diplomatic and commercial relations with Germany, than they are for the abandonment of what we have been contending, in the name of humanity, civilization and justice."

CLAIM CAPTURE OF FORTRESS

Russia's Last Bulwark in Poland Falls

20,000 TROOPS TAKEN

Reorganization of Russian Cabinet—Discussing Removal of Seat of Government to Moscow, the Nerve Centre of the Empire

Berlin, Aug. 20.—(Via London)—Official announcements made today of the capture of the important Russian fortress of Novo Georjievsk with more than 20,000 men.

The statement follows: "The fortress of Novo Georjievsk, the enemy's last bulwark in Poland has been captured, after stubborn resistance. The entire garrison, including over 20,000 men, and an enormous stock of war material, fell into our hands. The Emperor left for Novo Georjievsk in order to give the thanks of himself and the fatherland to the leader of the attack, General Vasa Bezier and his troops."

Rumors of Strike-Up. London, Aug. 20.—Rumors are current in Danzig circles in Petrograd, according to a despatch to the Times, that Premier Goremykin will resign with the title of Count and be succeeded by Minister of Agriculture, Lvovskij, whose place will be taken by Count Ignacev, a member of the council of empire.

Change of Capital. London, Aug. 20.—Possibility of the removal of the Russian seat of government to Moscow, is discussed by the Post's Petrograd correspondent, who reports that the Russian Government are calmly considering the enormous advantages to be derived from the transfer of the seat of government to Moscow, if the present situation of affairs in the center of the empire, upon which all railways converge from Archangel to Vladivostok, and the Crimea.

Petrograd was an admirable capital for the general of Peter the Great, but many think it has served its purpose in the history of Russia. Its population is a stroke of genius for the Russian people to abandon the semi-Oriental capital for the western world, but this subject long since has been abandoned.

SEWER CONNECTIONS AND NEW PAVEMENTS

Whether a land owner has the right to have a new paved street dug up to permit it having a sewer connected to his premises, as against the suggestion that the city should have the work done, the paving is in progress, is a matter now being considered by the city commission. Commissioner Fotts today met and Commissioner Wigmore with respect to the act in such matters, and was told that there was no compulsion, but that provision was made for the land-holder entering at any time.

The street in question is a permanent street is finished no excavating should be done until the city has the right to go into a building nearby. The question arose through the statement that the Six Theatre is to be removed to a sewer enter in its building in Main street.

CONCRETE PAVEMENT FOR MAIN STREET

A start is to be made in the laying of a concrete pavement in Main street in the car lines from Douglas avenue to Kennedy street on Monday, according to the present plans of Commissioner Fotts. He said today that his department had not yet been able to do any work there because of the necessity of new sewerage construction, and on account of their being delayed for a time by the Street Railway Co.

The roadway in this street, which is now in bad shape, is to be McAdamized, while concrete is to be placed between the rails. The street railway company has a crew of men at work in the street at the avenue, in connection with the laying of the new intersection, and for the time being all main line cars are running through on the avenue route across the bridge, instead of stopping, as heretofore, in Main street, with the avenue and Indianway as transfer points.

GIRL GORED TO DEATH

London, Ont., Aug. 20.—Fanny Webster, little daughter of David Webster, of Ekfrid township, was gored to death by an infuriated bull, while her mother looked on vainly calling for help. Her little sister was poisoned recently by drinking water off a poison fly pupa.

TO INQUIRE INTO ALLEGED NEUTRALITY VIOLATIONS

Washington, Aug. 20.—President Wilson has taken up officially reports that German agents have been unduly active in the United States. It has become known that the department of justice will investigate all charges tending to indicate violations of American neutrality.

SEE GERMAN MENAGE IN PATRIOTIC FAIR

Commissioners Hesitate to Grant License Because of Teutonic Names—Cotton Signs Also Held up

An application was made to Commissioner Potts today for permission to erect a large cotton sign across King street, advertising an outdoor event to be held early in September under the auspices of a local society. The matter was referred, at a noonday committee meeting, to the commissioner of public safety.

The mayor said that this matter had previously been attended to by the police, but he thought it should be taken out of their hands. He recollects a previous cotton sign at the head of King street, which had been the cause of an accident to two women driving in that street. The wind had caused the sign to flutter and frighten their horse. They were thrown out and seriously injured. He thought considerable care should be exercised in such matters.

There seemed to be some question in the mind of the commissioner as to the advisability of granting a license to the firm which proposes to hold the fair, under the local auspices, because of the names of the proprietors being very German-like, and inquiry is to be made as to whether it would be to do business with alien enemies.

\$16,000 MUST BE SPENT FOR RETAINING WALLS

An estimated provision of more than \$16,000 for the new concrete retaining walls in North End, from Harrison to Merrimack streets, in Rockland Road, Moore and Brook streets will have to be faced by the city council at its meeting Tuesday.

A recommendation by Commissioner Potts that the work be proceeded with was adopted at a committee meeting today at noon. Mayor Frink presiding and Commissioner Wigmore in attendance also.

The commissioner of public works and Commissioner Fotts will have to take measures ensuring safety. Mayor Frink both said that the work was urgent and, while it would involve a heavy expenditure, it was better to take measures ensuring safety, than to run any risk. Commissioner Potts said that the wall in Main street was gone to pulp and that in Moore street was really worse. The mayor said it had been built before 1850, before the amalgamation of the city of Portland and St. John, and while he looked with disfavor upon an issue of bonds at the present time, it appeared to him a work of necessity and should be done.

Commissioner Potts presented his estimate for the Main street wall, at a little more than \$16,000; Moore street, \$1,000 and Rockland Road \$7,000. The exact figures will be presented at Tuesday's meeting.

BOARD OF HEALTH CASES

Two Board of Health violations were dealt with in the police court this morning. James Connel, Main road, had not made the necessary changes to his premises, and was fined \$50.

It was also warned that he must not sell any milk in the city until he procures a license from the Board of Health authorities. Dr. Johnson, medical inspector for the board, testified that out of a possible one hundred points, the defendant had only passed six.

He had had white-washed his barn, but had made no change. Mrs. Ellen Travis testified that she purchased milk from the defendant for the last time, at the place where the violation was made. Mrs. Travis, secretary for the last time, at the place where the violation was made. Mrs. Travis, secretary for the last time, at the place where the violation was made.

A report against Miss Alice Collinane, Rochester street, for not making required changes to her premises, was laid aside until next Friday. If she failed to answer the summons, she will be fined \$60. She was notified to be in court twice, but did not appear.

ROUNDING THEM UP

Amherst, N. S., Aug. 20.—Fritz Weland, a German miner, was arrested at the Joggins Mines and brought to the interment camp at Amherst today. It is said he made threats while traveling in the train that he would blow up the Macanac bridge, Masonic Hall and bridge at River Hebert.

AMSTERDAM PAPER PUBLISHES DETAILS OF SPY SYSTEM WORKING ALONG SEVERAL LINES

The Hague, Aug. 19.—(Via London, Aug. 20)—A series of articles containing what are alleged to be details of a German espionage system in the Netherlands, is being printed by the Amsterdam 'Telegraaf', which declares the agents engaged are working with three ends in view, to obtain military and naval information; to influence the Dutch press, and to watch the large Belgian colonies residing in the Netherlands, to learn along what roads Belgians continue to escape from their own country.

Bulgaria Satisfied, May Soon Enter War

Transfer of Territory Arranged Satisfactorily to Serbia Only Italy's Consent Needed—Allies Will Finance Bulgaria's Campaign Against Turkey

Paris, Aug. 20.—A despatch to the Havas Agency, from Berna, says, according to information from semi-official Serbian sources here, Serbia has accepted the conditions of the allies, and will consent to the occupation of Macedonia by the allies in exchange for a section of Dalmatian coast and adjacent islands, and the partition of Albania with Greece, except Avlona, which will remain Italian. When this is accomplished the allies will transfer Macedonia to Bulgaria. The plan only awaits the approval of Italy.

CONFIRMATION FROM BULGARIA. Rome, Aug. 19, via Paris, Aug. 20.—The entente powers, according to a positive statement made by the Sofia correspondent of the Giornale D'Italia, have offered to Bulgaria that part of Macedonia given to her by the Serbo-Bulgarian treaty of 1912, with the right of immediate occupation. The controversy over the part of Macedonia contested by Serbia and the cause of the second Balkan war, will be settled after the present war ends.

COMPENSATION FOR SERBIA. Proportional compensation is to be given to Serbia, including the city of Kavala with the districts of Kavala and Seres with the right of immediate occupation.

Bulgaria, on her side, renounces forever, pretensions to Saloniki, Vodina and Ustak. She promises also to declare war immediately upon Turkey, aided by funds of the four allies. Bulgaria, the correspondent declares, will receive further territorial concessions in Turkey.

It may be that Serbia and Greece will give way under pressure by the entente powers, but negotiations will be lengthened by the reluctance of the King of Greece to consent to any cession of territory.

SITUATION IN GREECE. Paris, Aug. 20.—The chief purpose of Eleutherios Venizelos delay in accepting the Greek premiership, according to an Athens despatch to the Temps, is to learn the disposition of the quadruple entente. Upon this his final decision will largely depend. He also wishes to determine whether the policy followed by M. Gounaris, as premier, has not rendered the foreign situation such as to make it impossible for him to apply his own views.

M. Venizelos has had long conferences with the British and Russian ministers, the French charge d'affaires, the chief of the Greek general staff, and the permanent under secretary of the Greek foreign office.

BULGARIAN PREMIER RESIGNS. Sofia, Bulgaria, Aug. 20.—(Via London)—General Fitchoff, Bulgarian minister of war, has resigned on account of ill health. He is succeeded by General Jevski.

BRITISH ADVANCE AT DARDANELLES

French Official Despatches Tell of Progress—Fighting at Several Points on Western Front. Paris, Aug. 20.—The French war office today gave out a report on the situation in the Dardanelles, which reads as follows: "In the southern zone there is nothing to report with the exception of engagements between patrols and artillery changes.

In the northern zone, the British left wing has made some progress in the plain of Anafarta." On the West Front. Paris, Aug. 20.—The French war office this afternoon gave out a statement on the progress of hostilities which reads as follows: "There has been continued activity on the part of our artillery along the banks of the Oise, to the north of the Aisne, in the Champagne district and along the front at Leselle.

"In the Artois zone there has been fighting with mines in the region of Viennes-le-Vieille, and in the Champagne region with bombs and hand grenades in the sector of St. Hubert and near Marie Theres.

"On the heights of the Linge and of Schellamann the German losses have been very heavy. We found a large number of dead German soldiers in the trenches, 200 yards long, which we occupied."

GERMAN ESPIONAGE IN THE NETHERLANDS

The Hague, Aug. 19.—(Via London, Aug. 20)—A series of articles containing what are alleged to be details of a German espionage system in the Netherlands, is being printed by the Amsterdam 'Telegraaf', which declares the agents engaged are working with three ends in view, to obtain military and naval information; to influence the Dutch press, and to watch the large Belgian colonies residing in the Netherlands, to learn along what roads Belgians continue to escape from their own country.

TRIED TO ASSASSINATE GOVERNOR OF SHANGHAI

Shanghai, Aug. 20.—An unsuccessful attempt to assassinate Admiral Tsing Ja Cheng, military governor of Shanghai, and director of the Kiang Nan arsenal, by means of a bomb was made last night.

The admiral was at the China merchant's wharf at midnight bidding farewell to his wife who was leaving for Tian-Tsin, when the bomb was thrown narrowly missing its mark. The bomb exploded with a deafening report, but the admiral was not injured.

A French detective afterwards arrested a suspect who said that he was a former soldier from Tian-Tsin.

LOSS OF AMERICAN LIVES ON ARABIC MAY RESULT IN SERIOUS DEVELOPMENTS

The Philadelphia Inquirer says: "It has been a long time since the Lusitania was torpedoed. Many days have gone by, since the United States sent an ultimatum to Germany on this subject of murder. Surely every submarine commander has had his orders since then. Are we to assume from this Arabic incident that there is no intention, on the part of Germany, to respect the ultimatum? If so, then the days of friendly relations between the United States and Germany are limited. The murder of one American must call for positive measures on our part, either that or the confession that we are only bluffing."

TIME FOR DOING, NOT TALKING

The Boston Globe says: "It will be a question of doing, not talking. President Wilson has exhausted all peaceful and social means to protect American lives upon the sea. He cannot now repeat what he has already asserted three times. Should investigation prove that it was the Germans who have jettisoned international law, then they have torpedoed the good will of the United States."

The Chicago Herald says: "Friendship itself prompts it (the United States) to say to the imperial government that repetition by the commanders of German naval vessels of acts of contravention of those rights must be regarded by the government of the United States as deliberately unfriendly."

"President Wilson, to Germany July 21, 1915. 'London, Aug. 19.—The steamer Arabic was torpedoed by a German submarine this morning. There were a number of Americans aboard. 'Well'!"

AS GRAVE AS WHEN MAINE WAS SUNK

The St. Louis Democrat says: "If American lives were lost, then the situation is as grave as that when the Maine was sunk in the harbor of Havana. Within a few days all the facts will be known. Until then let us suspend judgment."

WANTS SWIMMING RACES

Editor Times-Star: "It is reported that there are a few good swimmers in the city. If this is true why not have a race across the harbor and back again, or only across as it may be? I am sure the people would like to witness such an event, as anything of this kind has not taken place for a long time. Hoping that somebody will take an interest in this matter.

Recruits From Nova Scotia Coming in Steadily and New Brunswick Campaign Will Start Soon

Sussex Record—The 64th Battalion is now being mobilized at Sussex, and from the present outlook several hundred men will soon be under canvas here.

It is hoped to fill the 64th before recruiting starts in New Brunswick for the 64th, but when it does start the campaign promises to be a lively one. Recruits are being sent to the change in recruiting locally through the keeping of requirements for volunteers, many of whom were previously rejected as being below the necessary measurements or through having previous records, being readily accepted, owing to the change in the regulations.

Up to Wednesday night 180 men had been attested and only six of the 64th, all of whom came from Nova Scotia. The officers now at camp here are Col. Campbell, Maj. L. C. Carey, Capt. Hope, paymaster; Lieut. J. H. Wallace, Lieut. L. Cameron and Capt. W. E. Forbes, who has been transferred from the 56th.

ANTI-GERMAN STORY

"By THE IMPERIAL TONIGHT" "The film feature at Imperial tonight and tomorrow, is a story dealing with Germany's system of propaganda for the great war now in progress. It shows how the invention of an English chemist was copied by the Kaiser's agents, whose schemes were dashed by British pluck and quick action. It is a spirited story and has been very successful in upper Canada. The remainder of the bill will consist of a Vitagraph comedy entitled 'Ain't It The Truth?'"

WELL DONE, NOVA SCOTIA

Halifax Chronicle—Less than two weeks ago recruiting in Nova Scotia started for the 64th Battalion and to date there are 448 men recruited. At the following places men were recruited: Sydney, 202; Yarmouth, 45; Inverness, 15; Amherst, 4; Antigonish, 12; Truro, 15; Halifax, 60; at the depot at Sussex at nine o'clock yesterday morning, 52; total, 448.

CRISIS IS IMMINENT

Rome, Aug. 20.—A rupture of relations between Turkey and Italy is considered imminent. Delay in action on Italy's part is ascribed to her desire to be at the utmost to conserve the interests of Italians who still remain in the Ottoman empire, who are now estimated at 12,000 in number.

BOYS CLUB IN SUSSEX

In response to a request of Mayor Wallace a number of Sussex boys met at Riverside Park on Monday evening and formed a boys club. Whether the new organization will be known as a boys' brigade or boys' scouts has not definitely been decided. About forty boys signed the roll. Rev. Mr. Shewen has loaned the mayor twenty-six rifles and other equipment for use by the boys. Rev. H. C. Rice, Rev. G. B. MacDonald and Rev. Mansel Shewen were elected chaplains and members were elected board. The boys have already shown their usefulness by placing five nicely painted barrels in the park for collection of garbage.

FAIR AT EAST ST. JOHN

The fair at East St. John tomorrow afternoon under the auspices of the Red Cross Society and the Soldiers' Comforts Association should prove a great success. The grounds where the event will be held have been splendidly arranged with electric lights and every convenience possible has been prepared. The street cars are now running to the spot so that the attendance should be large.

MAJOR MERRISSEAU RETURNING

Frederickton, N. B., Aug. 20.—(Special)—A cablegram received by Col. George W. Merrisseau of Donkows announces that his son, Major C. J. Merrisseau, wounded at Ypres, and Mrs. Merrisseau, will sail for home today by steamer Missable.

WAS A NOVA SCOTIAN

CORRECT LABELS FOR RED CROSS SUPPLIES

An incident which recently occurred in England shows the necessity of the greatest care in packing and labeling material intended at field comforts or hospital supplies. A sudden call was received by Col. Hogarty the Canadian Red Cross Commissioner in London for a large supply of bandages for immediate delivery in France. Twenty cases were at once rushed out, but on being opened at the hospital base were found to contain not bandages but nurses aprons. These goods had been shipped from some western point. It can easily be seen that if such instances of incorrect labeling were at all frequent the whole Red Cross hospital service would be completely disorganized.

Tap Your Friend On The Shoulder

When you see him holding his book or paper at arm's length and say: "Getting old, I see—past 45, without a doubt?"

It will be a friendly thing to do, because he needs glasses, and the fact that the way he holds his paper betrays advancing age to every well-informed person will be a factor in getting him to secure properly fitted glasses at once.

Tell him to come to Sharpe's, because we have the best facilities in the Maritime Provinces for testing eyes, grinding lenses and fitting glasses, and the charge is always fair and reasonable.

TO REDUCE YOUR WEIGHT EASILY AND QUICKLY

If you are overweight the cause of your overweightness is lack of oxygen-carrying power in the blood and faulty assimilation of food. Too little is being made into the harder tissue of muscle and too much into little globules of fat. Therefore you should correct the mal-assimilation and increase the oxygen-carrying power of the blood. To do this, go to any good druggist and get all of orange, only sold in original packages and in capsule form, and take one capsule after each meal and one at bedtime until your weight is reduced to what it should be on all parts of the body. The effect of oil of orange in capsule form is remarkable as weight reducer and it is perfectly safe.—E. J. T.

Any druggist can supply you or a large size box will be sent on receipt of \$1.00. Address D. J. Little Drug Co., Box 1340, Montreal, Can.

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unperfumed cocoon oil (which is pure and entirely greaseless) is in fact the best soap or any thing else you can use for shampooing as this can't possibly injure the hair.

Simply massage your hair with wash and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dirt, dandruff and grease. The hair dries quickly and evenly, and it leaves it soft and silky, bright, fluffy and easy to manage.

You can get unperfumed cocoon oil at most any drug store. It is very cheap and a few ounces is enough to last every one in the family for months.

CHIEF TALKING MACHINE OPERATED BY CRANK

Application for patent has been made by a Maryland inventor who has developed a talking machine that is operated by a crank instead of a spring motor. It is built to play disk records and is substantially made of oak. The crank is made of wood and has a handle more than ten feet long. It is thought that an underground stream is slowly eating away the underlying strata.

THIRTY-TWO FROM STEAMER ARABIC BELIEVED LOST

London, Aug. 20.—At least thirty-two people are believed to have lost their lives, when the Arabic, White Star liner was sunk by a German submarine yesterday. So far as was known last night none were Americans. The scene of the tragedy was about fifty miles west of the spot where the Lusitania went down, and when the Arabic had reached that spot passengers saw a German submarine appear above the surface. She quickly launched a torpedo which was deadly in its aim and in ten minutes the big liner sank.

Passengers had barely adjusted life preservers when the torpedo struck. Many passengers fell into the water, but were rescued by boats and rafts which were launched at once. Twenty-six of those drowned appear to have been members of the Arabic's crew, while six were passengers. She carried in all 428 persons.

Sparking before the St. Louis Advertising Club recently, C. A. Brownell, who has been advertising manager of the Ford Motor Company for nine years, said: "Our advertising department in buying advertising is absolutely devoid of sentiment as in the buying of vanadium steel or any other merchandise. We figure that it is as much a part of the cost of producing an automobile as is the steering wheel or the carburetor, and we buy our advertising in as cold-blooded a way as we do the steering wheel. For our purpose we almost exclusively use the newspapers, because we find that through them we reach the people along the lines of the least resistance. "One of our reasons for selecting the newspapers is that we have learned to follow the local advertisers' lead. We have for a long time used the so-called national magazines, but I would rather, 10 to 1, insert a moderate-sized copy in the Post-Dispatch (a St. Louis daily), with its 400,000 readers, than in any of the national magazines, because I know that there it will come face to face with the man who is going to buy a car, alongside the intimate reading matter that is part of his daily reading. It is because of this possibility of getting close personal touch with them that we use newspapers."

The Evening Times and Star

ST. JOHN, N. B., AUGUST 20, 1915.

The St. John Evening Times is printed at 27 and 29 Cornhill Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Companies Act.

THIS SHOULD MEAN WAR

The torpedo that sank the Arabic is Germany's answer to the last note from President Wilson of the United States. That the severance of diplomatic relations between the two countries shall follow this crime would seem to be inevitable.

ALL SHOULD CONTRIBUTE

Mr. G. K. Chesterton issues another stirring appeal for further relief of the million and a half of starving people in Belgium. He reminds the world of its debt to Belgium, which "lived for Europe."

THE RUSSIAN SITUATION

Discussing the situation after the fall of Warsaw the New York World said: "In estimating the consequences of Germany's triumph in Poland, due allowance must be made for the tremendous demands made upon its armies in overcoming the Russians."

AFTER THE WAR

Referring to a Paris cable to the effect that when business recommences in France after the war there will be a great demand for rolling stock for reconstruction.

THE RUSSIAN SITUATION

A Russian expert estimates German losses at more than 6,000,000 since the war began, basing his estimate on a portion of the German casualty lists as published.

THE RUSSIAN SITUATION

The 33rd Battalion, of Ontario, offers to go at once to take the place of the thousand British troops lost by the sinking of the Royal Edward. That is the right spirit, and it is typical of the soldiers of Canada, when they have donned the king's uniform.

THE RUSSIAN SITUATION

The 39th Battalion needs 200 ngn. New Brunswick should supply them within a week. Nova Scotia is rapidly filling up the ranks of the 64th after having filled those of the 40th. Is there something wrong with our recruiting methods and treatment of the men in this province?

THE RUSSIAN SITUATION

The Standard should remember that Sir Wilfrid Laurier long ago invited Sir Robert Borden to declare that there would be no election until after the war. Sir Wilfrid still awaits Sir Robert's answer. It is nevertheless evident that Canada needs better leadership, and that Sir Robert should reorganize his government.

THE RUSSIAN SITUATION

The news from the Russian front is somewhat conflicting, but the Russian armies are still safe and the Germans have beyond question suffered heavy losses during the last few weeks. Advancing farther from their base, they must find the problem of transport and supplies more difficult, while the Russians, if retreating, are still very far from being beaten.

THE RUSSIAN SITUATION

The late Mr. Thomas R. Hilyard was prominent in the life of the old town of Portland and later of the enlarged city. He saw the flourishing days of the ship-building business, and its decline. He was intimately connected with the lumber trade and apart from his business took an active interest in the affairs of the city. A straightforward, plain-spoken, honorable man, he retained throughout his life the respect and esteem of his fellow citizens.

THE RUSSIAN SITUATION

Today's news from the Balkans is more satisfactory, from the standpoint of the Allies. The territorial question which has been the subject of negotiations between Serbia and Bulgaria seems near to a satisfactory settlement, although there is still some doubt about Greece. The active assistance of Bulgaria, Roumania and Greece would be of enormous value to the Allies at this moment, for it would break the back of Turkey and confront Austria with a formidable new enemy.

THE RUSSIAN SITUATION

If the site of the proposed Valley Railway bridge across the St. John is found to be satisfactory, will the federal government build the bridge? There is a new deal, and the provincial government has taken over the stock of the St. John & Quebec Railway Co. and named new officers; but there is still no authoritative statement in reply to the conflicting stories about the route to St. John. If the board of trade has any information it should be given to the people without delay. There has been too much humbug as well as graft in connection with this railway.

COMMUNITIES AS HOSTS. American Lumberman-In these days when nearly every person is a traveler by railroad train, by automobile or by other convenient, every community is the voluntary or involuntary host of hundreds of visitors annually. When it is consciously host and prepares to entertain its guests it acquires itself creditably; but there are many times when it is unconsciously placed in the position of host, and in such cases, though it is not an unwilling host nor intentionally neglectful, it fails to attend properly to the needs of its guests.

WHAT IS THE ANSWER?
 To the Editor of The Times:
 Sir,—I read with surprise a few days ago that Mr. Commissioner Potts had been selected by the city commission as one of those who are to make up the lists of voters which will be used at the next provincial and dominion elections. As this appointment was made after Mr. Potts had announced to his friends his determination of being a candidate for the government nomination in place of Hon. John E. Wilson, I am sure the commissioners must have overlooked that, since nothing would be more out of place and unfair than for anyone proposing to be a candidate to compile, or assist in compiling, the lists of voters to whom he is intended to appeal for election.

It seems to me to be in order for Mr. Potts or the commissioners to take some action.

I am,
 Yours truly,

ELOQUENT APPEAL FOR MORE HELP FOR STARVING BELGIAN PEOPLE

G. K. Chesterton, the Eminent Author, Writes in Their Behalf—Belgium Died For Europe—The Victims of a Blow From Hell—A Million and a Half in That Country Desperate and Must be Given Relief by the World for Which They Suffered

Editor Times-Star:
 Sir,—I hope you will grant me space to say a few words about the Belgians still in Belgium. The admirable efforts of the National Committee for Relief in Belgium are going a long way to avert famine; but if the million and a half destitute Belgians are to be kept alive, the National Committee must have yet further support. The only conceivable cause of doubt in the matter is that the aid of such wealthy unfortunates as myself is being asked for. I think therefore the best way of presenting any possible neglect of so great a matter is to repeat the story in my own words. There is a man who has advanced the idea of a postage stamp, and I think there should be such stamps as these, which would be a memorial to the world, and a reminder to the world that the Belgians are still there. I think it is not too late to do this. I think it is not too late to do this. I think it is not too late to do this.

Turkish Scheme to Exterminate the Entire Race is Being Ruthlessly Carried Into Effect

London, Aug. 20.—The Daily News has received from Anserian Williams, M.P., a copy of a letter from Constantinople, dated July 15, further describing the terrible plight of Armenians in Turkey. The letter says: "We now know with certainty from a reliable source that Armenians have been deported in a body from all towns and villages to the desert regions south of Aleppo. Refugees will have to travel on foot a distance requiring marches of from one to two, or even more months. We learn, besides, that the roads and Euphrates River are strewn with corpses of males, and those who survive are doomed to certain death, since they will find neither house, work nor food in the desert. It is a plan to exterminate the whole Armenian nation."

"Court-martials operate everywhere without cessation. Twelve Armenians were hanged at Caesarea on the charge of having obeyed instructions which they had received from a meeting secretly held at Bucharak by Trochak and Henschel societies. Many have fallen from blows from clubs. Thirteen Armenians were killed in this way at Dalirbek and six at Caesarea. Thirteen others

A GERMAN SAVAGE

Intended for use in homes where electric fans are not employed, a rotary fan has been invented which may readily be attached to a sewing machine so as to furnish a cooling current of air across the work board when the device is in service. The vane is fastened on a hollow shaft which is arranged to be screwed to the end of the axle of the flywheel. The fan, of course, revolves only when the machine is pedaled. A picture of the fan appears in the September Popular Mechanics Magazine.

USE THE WANT AD. WAY

The Man Who Thinks

Thomas W. Lawson says that "success in finance comes to the man who thinks clearly and acts quickly. The doubting-hesitating-man is sure to be swamped."

It's the same in real estate investing—the man who waits to see prices go up and things happen before buying—always pays the top price.

But the bright, alert man who thinks and sees for himself—and takes advantage of what he sees and hears—he does it quickly and wins.

You know—I know—anybody knows—who thinks—that you can't lose a penny by taking advantage of these was time prices and "get in" on our "Hatway Partners" proposition.

Call, write or phone and let us explain this wonderful proposition.

Act at once before you are too late.

MORNING WAR NEWS BY CABLE

London, Aug. 19.—The sinking of the White Star liner Arabic, with the loss of some fifty lives and a valuable cargo, has completely overshadowed all other news of the war, in spite of the fact that the continued German advance on the eastern front is seriously endangering a portion of the Russian army and must soon have an effect on other fronts.

Berlin reports today the claim that the fortress of Kovno has fallen, compelling the Russians in the Kalvaryia and Sokolet districts on the East Prussian frontier to fall back.

Besides the capture of Kovno the Germans have taken additional Novogeorgievsk forts and, according to their account, have penetrated the outer positions of Brest-Litovsk, the great fortress, which is the mainstay of what was expected to be the Russian new line of defense.

Paris, Aug. 19.—A despatch from Geneva states that in the siege of Novo Georgievsk the Germans have already lost 25,000 men and that before Kovno their casualties numbered nearly 50,000.

FRENCH PENETRATE GERMAN TRENCHES.
The French have scored two successes in the West, taking a portion of a German trench in Artois, after a heavy all-day bombardment, and making a further advance on the Linge summit in the Vosges.

There have been some long-distance artillery engagements between the Serbians and the Austrians across the Danube, but thus far there is no evidence of the commencement of the Austro-German offensive, which was to carry relief to Turkey.

The forces of the Ottoman Empire, besides being closely pressed by the Anglo-French Allies on the Gallipoli peninsula, where a new British contingent has obtained a firm footing in the vicinity of Suvla Bay, and by the Russians in the Caucasus, are threatened by a new enemy—Italy.

Italy, according to reports from Rome, is making slow but steady progress against the Austrians on all fronts.

FAST CRUISERS READY TO LEAVE.
Taranto, Italy, Aug. 19, via Paris, Aug. 20.—A strong squadron of fast cruisers is being held in readiness to sail from here at a moment's notice.

BRINDISI, ITALY, Aug. 19.—Five army corps concentrated at Brindisi have been ordered to be prepared to leave for an unknown destination.

King George's Entries.
The English racing calendar date indicates that King George's racing colors are likely to be often on view during 1917.

Metuchen, N. J., Aug. 20.—That Bob Fitzsimmons' fourth matrimonial venture has proven a failure was revealed today, when the county record showed that his alleged fourth wife, Temo Slonina, had recorded a judgment against him for \$1,000.

Whether Canada will have an election this year or not will be decided in the fall. Should an extension of the term of the present government until the close of the war be desired an amendment to the B. N. A. Act will be necessary.

The marriage of Miss Mildred Cameron, daughter of J. W. Cameron, to Burdett Porter, of the I. C. R. here, was celebrated at the residence of the bride's father, 22 Wright street, on Wednesday afternoon at 2:30, by Rev. Gordon Dickie.

London, Aug. 20.—A Reuter despatch from Petrograd says: "Although the details of Turkish massacres of Armenians in Bitlis have reached Petrograd. In one village 1,000 men, women and children are reported to have been locked in a wooden building and burned to death."

London, Aug. 20.—A Reuter despatch from Petrograd says: "In still another instance it is asserted that several scores of men and women were tied together by chains and thrown into Lake Van."

AMERICAN PRESS DEMANDS SEVERANCE WITH GERMANY

New York, Aug. 20.—Under the caption "Deliberately Unfriendly," the New York Tribune says, editorially: "In every detail the German attack upon the Arabic fulfills President Wilson's denunciation of an act 'deliberately unfriendly' to the United States."

Washington should receive his passports, the American ambassador in Berlin should be recalled.

It is time to have done with a nation which has repudiated every scrap of international law. It is time to have done with a state which has adopted a policy which is alike a challenge to humanity and a negation of all that civilization means.

We do not know whether more American lives have been lost or not. But what difference can this make? If the would-be murderer misses, if his bullet goes astray, does society less certainly incarcerate him? It is not the fault of the German commander that every American on the Arabic was not downed. All that the assassin could do was done.

Give the youngsters a Mennen shower

Sprinkle them from head to toe with Mennen's Talcum, filling every fat little crease and wrinkle. The cooling, soothing touch of Mennen's makes them so comfortable. Keeps them happy in the trying, hot weather.

Mennen's BARATED TALCUM

The time has now come to act. To talk further is to encourage, not avoid murder. It is to compound with infamy and continue relations with savagery.

Is It Germany's Reply?
The World says editorially this morning: "Is the destruction of the Arabic Germany's official reply to the American note?"

In that note the German government was warned of "the necessity for a strict observance of neutrality in this critical matter," and was frankly told that "repetition by the commanders of German naval vessels of acts in contravention of those rights must be regarded by the government of the United States as deliberately unfriendly."

There were twenty-five Americans on board the Arabic, which was bound from Liverpool to New York. A passenger ship on the way from Liverpool to New York carries no munitions of war, no contraband of any kind; therefore the Arabic case cannot be complicated by questions of arms and munitions, such as were raised in connection with the Lusitania massacre.

Every German submarine commander knows that a passenger ship from Liverpool to New York, whatever flag she flies, presumably carries American citizens. If the commander of the submarine which sank the Arabic deliberately destroyed an unarmored and unarmed passenger ship, without taking the precautions prescribed by international law, it is to be assumed that he intended deliberately to murder Americans. Their escape from death, if all of them escaped, in no way modifies his intention.

"Facts More Than Adjectives."
The Sun says editorially this morning: "Facts more than adjectives are important in considering yesterday's culminating achievement of the Von Tirpitz policy. The Arabic, American-owned, but sailing under the British flag, familiar to Americans not only as a regular liner, but also as the carrier of many parties of Americans on pleasure cruises to the Mediterranean and elsewhere, was sent to the bottom by a blow beneath the belt from a German submarine in that same region of frightfulness just outside the front door of British commerce which witnessed the murder of the Lusitania's passengers and the more recent attack on the Orduña."

The difference between the board of health and the New Brunswick Telephone Company over the line privileges from Rock street to the isolation hospital at Howe's Lake may eventually reach the public utilities commission for a settlement. Representatives of both sides had a conference with Commissioners Potts and McLellan recently over the situation but it ended without an understanding being reached.

TURF. Re 213 Class Race. J. D. Black in the Frederick Glenner writes the following about the 213 class race which was called off during the meet here last Saturday owing to the dangerous and muddy condition of the track: "A lot of talk is still being made by persons who lost money by the victory of The Patchen Boy pacers in the 213 class at St. John last Saturday and the decision of the judges in paying the purse money on the standing of the horses at the end of the second heat has been questioned and the officials subjected to considerable criticism.

A careful perusal of the rules of the National Trotting Association has failed to show wherein any mistake was made by the judges in their decision, and many horsemen who are well versed in the rules of racing have expressed similar views. I also have heard Harry C. Jewett declare that, if he has to lose friends through giving a decision which he conscientiously believes to be correct, he will have to try to get along without them.

My opinion is that the decision of the officials at St. John will do a lot towards bringing back public confidence in racing. To have called off the bets would have shown that the speculators certainly held sway and the public had little or no chance.

William Sold for \$35,000. Cleveland, O., Aug. 20—William, 1:58 1/2, world's champion pacing stallion has been sold by A. E. Van Atta, his owner, to C. K. G. Billings, the New York horseman, for \$35,000. William, in a match race at North Randall last Monday defeated Directum I, and established new records. Billings had never seen the horse until that day. William will be withdrawn from racing and placed in the stud.

Refused \$75,000 for William. A bonafide offer of \$75,000 was made A. E. Van Atta, owner of the pacer William 1:58 1/2, for that horse directly after he had defeated Directum I, 1:58, in their second match race of the year.

McFarland Gibson Bout. New York, August 20—There is considerable speculation as to just what kind of an affair the Packey McFarland-Mike Gibbons bout is going to be.

Griffiths Beats Cross. New York, Aug. 19—Johnny Griffiths, of Akron, Ohio, outpointed Leach Cross, of New York, in eight rounds of their ten-round bout at Ebbetsfield, Brooklyn, tonight.

McFarland Insured for \$20,000. Packey McFarland is going to take out an insurance policy of \$20,000, which will protect him against accident or the calling of his bout with Gibbons.

"Gunboat" Smith Won. New York, Aug. 20—Gunboat Smith outpointed Jack Hempel of San Francisco in seven of the ten rounds in their bout Wednesday night. Smith was the aggressor throughout and gave Hempel a hard beating about the body.

Al Mansfield, the English bantamweight, fought a fast ten round bout with Bob Ukou of New York.

Fifty Year Old Marathoner. James Shanley, Brooklyn, 50-year-old marathon runner, who now competes for the St. John Club, is out with a challenge to race O. S. Weeks, the 48-year old star of the Pennant Athletic Club of the Bronx, on the Full Marathon route, 26 miles, 385 yards.

Shanley states that he is confident that he can defeat Weeks over the long haul and all that is necessary to clinch the race is to secure Weeks' consent.

LOCAL NEWS

TO USE ARMORY AGAIN?
Corporal Gorman while in Fredericton Wednesday, stated that he understood orders had been given out at Valcartier that the big Canadian military camp was to break up about September 15, which would indicate that the winter mobilization camps in the cities are to be opened about this date.

PRIZES WON AT PICNIC
In connection with the St. Peter's picnic yesterday, the following prize announcements were made this morning—Fish pond—Pipe, J. F. Mahoney, 30c. Main street, ticket 45; watch, Daniel McLaughlin, Millidgeville avenue, ticket 70; winner of Jumbo, Louis McDonald, Fairville, ticket 20; prize box, J. B. O'Connor, 112 Queen street; bean contest, Thomas Phillips, first; James Flanagan, second.

ATTENDED THE DANCE
Through the kindness of Mr. and Mrs. A. P. Peterson last evening a number of young people from Brookfield, attended the yacht club dance at Millidgeville in his yacht Bunting. Those comprising the party were: Mr. and Mrs. A. P. Peterson, Mr. and Mrs. George Wetmore, Mr. and Mrs. Roy Crawford, Mr. and Mrs. Harvey Taylor, Mrs. Johnston, Miss Kinsman, Miss Bird Kinsman, Miss Wills Stammers, Miss Pearl Ingraham, Fred Gray, the day Smith and C. P. Kinsman.

GAVE PICNIC AT CHIPMAN
A concert, conducted by talent from this city, was a most successful and enjoyable concert at Rev. E. J. Conroy's picnic day at Chipman on Wednesday. Both the picnic and the concert were successful financially and each in its way dispensed pleasure. The party which conducted the concert included the following: Miss Florence O'Regan, Mrs. Edward O'Toole, Adele Harney, Leonard and Harry McGuire, Fred Joyce Harold Turner and Steve Harley. Miss O'Regan and Miss Nona Barry acted as accompanists. Mrs. James Barry and Mrs. O'Toole chaperoned.

GONE TO DARDANELLES
Patrick John W. Bonnell of Penobscot, wrote July 31 to a friend in Sussex: "I wrote you last week and told you we were being transferred to Abberville, France. Well, we were all packed up here at Shorecliffe, Kent, Eng., and from there, Sunday, Aug. 1, we leave for the Dardanelles. It certainly was an awful surprise to us, but we are fairly well pleased, as it will be a change, and if we have to stay all winter, as it looks now, it will be a great deal warmer."

PICNIC UNDER NEW PLAN MUCH ENJOYED

Fairville Baptist Sunday School Has Outing at Seaside Park—No Charges and No Money-Making Devices

The Sunday school picnic of the Fairville Baptist church was held yesterday at Seaside Park. The plan followed this year differed greatly from that of recent years. Nothing was sold and no money-making device was carried out. Each family had their basket, supper was spread on the grass and everyone was delighted with the enjoyable afternoon. Games of various kinds amused the boys and girls until supper and after supper races were run and suitable useful prizes were given. The winners were:

- Beginners (boys) Archie Stratton, 1st; Ernest Lewson, 2nd; beginners (girls), Audrey Hamilton, 1st, Lenora Hayward, 2nd.
- 1st year primary (boys), Samuel Howard, 1st; Rowland Hamilton, 2nd; 1st year primary (girls), Bessie McCormick, 1st; Edith Schofield, 2nd.
- 2nd year primary, Olive McCormick, 1st; Lily Schofield, 2nd.

ENJOYED PLAYGROUNDS

Lancaster Youngsters Showed Appreciation of Facilities Offered—Closes Tomorrow
The Lancaster playgrounds, in Fairville, which has been operated from the first week of the school holidays, will close for the season on Saturday at noon, and the equipment stored away. In spite of disagreeable weather the playground has been well attended, about 100 children being the daily average.
Miss Maida Baskin and Miss Helen Hennessey, supervisor and assistant, respectively, certainly deserve great credit for the interest they kept up among the kiddies, considering the handicaps under which they worked, including lack of music of any kind, as the committee found it impossible to procure a piano.
The funds on hand from 1914 with a couple of subscriptions this year, sufficed to finance the scheme without calling on the public for subscriptions. What next year's conditions may be no one can forecast, but certainly both committee and staff are to be congratulated and if the children were to have a say in the matter the playground would be assured next year as well.

WILL ENFORCE THE LAW AGAINST SUNDAY SALES

Fine of \$50 and Costs Imposed on Thomas J. Dean by Magistrate Adams for Selling Beer on Sunday

Thomas J. Dean was fined \$50 and costs in Magistrate Adams' court in Brookville last evening for selling beer on Sunday.
Inspector Neve, who conducted the prosecution, testified that he had warned the defendant, when the license was issued against Sunday selling and also on a subsequent occasion.

A witness swore to having purchased beer on the premises on Sunday. Mr. Dean did not appear to defend the case. This is the second trial of a similar nature to come up recently and the authorities are determined that the law shall be enforced.

WANT CAR SERVICE OR THE REASON WHY?

Residents of Lancaster Fear That Connections May Not be Completed in Time for Winter Weather—Taking Action

Evidently the seriousness of the situation in regard to the street railway company making some definite move one towards getting ready for the operation of cars across the new bridge over the reversible falls before the cold weather sets in, is being realized by residents of the West Side and Fairville, for notices are out from the Lancaster Board of Trade calling a special meeting next week to consider the situation. This action of the board of trading, of course, results in an awakening of public interest, for what person obliged to walk across the old suspension in the winter time and experienced its terrors can refrain from shivering to think of the coming snow, weather and high winds on the new bridge, which is elevated twenty feet above its predecessor.

A prominent parish official suggests that the St. John Board of Trade should lend its assistance, as part of the work to be done in the city. He was referring, of course, to the eastern section, including the approach and crossing the C. P. tracks.
"We are determined that with the new bridge ready for transportation, we will get a through service or know the reason why." For years the people of this section have put up with an inconvenience that involves personal hardship to hundreds every day, which would not be tolerated in any other city of its size in Canada. We have watched that new bridge from the time the first bolt was placed, until its completion. Days were frequent and it looked at times as though the job would never be brought to a successful conclusion, but we never complained, hoping always that the cars would cross this winter, and if not, if it might be a good reason for it.

DROPPED DOWN SHAFT

J. H. Power Saved From Danger Fall and Possibly Death by J. W. Dobbin's Presence of Mind

J. Harold Power, shipper at the Goodyear Tire and Rubber Co., 68 Prince William street, had a narrow escape from serious injury this morning when he tripped into the elevator shaft on the top floor. Had he not by a miracle been able to cling for a moment to the edge of the landing, he would have met certain death for below.
In some manner, while working in the upper floor, Mr. Power tripped and slipped into the well. He managed to cling to the side and shouted for help. John W. Dobbin, city traveler, who happened to be two floors below, rushed to the elevator shaft and saw the predicament the man was in. It was useless to attempt to get to the top floor in time to avert the fall, so Mr. Dobbin dropped the hatch, which shortened the drop by half.
Mr. Power was compelled to release his hold. In the fall he escaped serious injury. He sprained his right wrist, however, and injured his right leg. His friends were relieved that he sustained nothing more serious. He was taken to his home, 810 Prince street.

SOCIAL AT TUCKER PARK

A basket social held by the residents of Sandy Point road on Wednesday at Tucker Park was a tremendous success. The fine sum of \$140 was raised, and will be handed over to the treasurer of the Red Cross Society. The grounds were prettily decorated for the occasion with flags and Chinese lanterns. The attendance was very large and the generosity of the residents of the district can be gauged by the success. Commissioner Potts acted as auctioneer and his services were much appreciated.

Salesmanship

This is the newest definition of salesmanship: "The art of selling goods that don't come back to people who do."
Good goods is the first essential. But to reach the "people who do come back" it is necessary to get them in the first place.
And the logical way to secure them is by telling the merit of the goods in the medium they read—The Daily Telegraph and Times.
Those anxious to apply the doctrine of salesmanship may be interested in the booklet "The Newspapers, which is sent on request by the Bureau of Advertising, American Newspaper Publishers Association, 906 World Building, New York.
