TEN PAGES—ONE CENT

Attack Resumed Along The British Front This Morning

Haig's Men Cross the Ecaillon and Capture More Villages—Raisnes Forest Occupied—French Keep up Advance

London, Oct. 24.—Sharp fighting continued up to a late hour last evening on the battlefield south of Valenciennes, where the British attacked yesterday morning, says today's official announcement.

MORE THAN 6,000 PRISONERS.

With the Allied Armies in France and Belgium, Oct. 24.—(By the Associated Press, 4.30 a.m.)—The British have taken more than 6,000 prisoners and many guns in their new attack begun yesterday morning on the front below Valenciennes.

FRENCH INCREASE GAINS.

Paris, Oct. 24.—Southeast of Leuzau a French troops have crossed the Sambre canal east of Grand Pre, says the war office statement today. The French maintained their gains east of the canal in spite of strong German counter-attacks.

GIVEN BEATING BY AMERICANS.

With the American Army Northwest of Verdun, Oct. 23.—(By the Associated Press)—The American troops captured the Belle Joyeuse and Talmes Farms and the ridge between them after an all day fight today. These positions are northeast of Grand Pre.

Early on Wednesday the Americans launched an attack with the determination of clearing up Grand Pre and that region. This was accomplished but the Germans, counter-attacking, drove back the Americans at places. The Americans, later, regained their ground and advanced despite desperate machine gun defense. The German losses in dead and wounded were heavy.

THE CANADIANS IN VALENCIENNES.

With the Allied Armies in France and Belgium, Oct. 24.—(By the Associated Press)—British troops captured Valenciennes, the whole canal bank northeast of Valenciennes. The Germans have broken down the banks and opened the sluice gates northeast and southwest of the city and have flooded vast stretches of the country, in an effort to delay the British advance. The marshy lowlands on the east side of the canal opposite the Raisnes Forest resemble a great lake. It is not probable that the city can be approached from the southwest because of similar flooded conditions.

The British, however, have fought their way into the city from the west and there have been sharp encounters in the streets between patrols. Fire from the German artillery has been generally weak, it being strong only on villages and towns in this vicinity. Many civilians are still in these places. Heavy shells dropped regularly for several hours today into the town, which is full of civilians. Without doubt, many were killed and wounded, and the same condition is probably true in other towns.

Valenciennes still contains many civilians. An officer of the Canadian detachment fighting in the city, said today: "I entered the town with a platoon and saw an old woman sauntering down a street carrying a bucket. At about the same time a machine gun opened on us from a second story window. I was wounded in several places, but I was not hit. We retired for a moment, but the last we saw of the old French woman she was going right along as if nothing was happening."

UKRAINE GOVERNMENT HAS GONE TO THE WALL

Anti-Mortem Demands to Chairman—Roumania Closes Black Sea and Danube Ports

London, Oct. 23.—The British wireless press says the entire Ukrainian ministry has resigned.

Before it resigned, the ministry presented to its chairman demands that the republic co-operate in future with the parts of Russia striving toward the resurrection of the country and assist in every way toward bringing about the fall of Bolshevism, as well as strengthening those sections of Russia which have been oppressed by the Bolsheviki.

The ministry also demanded that the Ukraine utilize the time between now and the expected general peace conference in establishing friendly relations with western European states and countries outside of Europe.

London, Oct. 23.—The British wireless press reports that German wireless despatches picked up at Moscow are to the effect that the Roumanian government has declared all Roumanian ports on the Black Sea and on the Danube closed.

POPE HOPES FOR POLISH INDEPENDENCE

Rome, Oct. 23.—In an apostolic letter to Dr. Alexander Kakowski, Archbishop of Warsaw, the Pope expresses hope that the people of Poland may enjoy the privilege of choosing their own form of government. The communication ends by saying that the pontiff desires to show his good will towards Poland, proposes to make Dr. Kakowski a cardinal at the next consistory.

AT MOUNT ALLISON.

Owing to the recent outbreak of Spanish influenza in Mount Allison College, the girls' college and the academy were closed yesterday. It is reported that a total of fifty cases broke out in the institution during the week.

M. P.'S WOULD OPEN COMMONS DOOR TO WOMEN

House Adopts Resolution in Favor of Giving Them Place in Parliament

London, Oct. 24.—The House of Commons yesterday adopted a resolution in favor of women sitting in parliament. The resolution was passed by a majority of 240.

Andrew Bonar Law, chancellor of the exchequer, announced on August 8, under unanimous decision by the law officers of England and Northern Ireland, that women were not eligible to become candidates for the British parliament.

The women's conference last extension of the franchise to them carried with it the right to sit in parliament, and some had announced their intention to seek government seats.

FRANCE DETERMINED THAT HUN MUST PAY FOR HIS RUTHLESSNESS

Senate Discusses Question of Devastation Wrought in Occupied Territory

Paris, Oct. 23.—(Hayas Agency)—The question of the devastation wrought by the Germans in Northern France was the topic of a discussion in parliament today.

The senate, Antoine Dubost, president, asked that victory should give all its might to chastisement of the offender and reparation for the crimes.

"The enemy will be condemned to reparation for which we will take guarantees, not being able to rely upon his word," said Stephen Pichon, foreign minister. "We are near the end of scribbles imposed by the law officers of England and Northern Ireland, that women were not eligible to become candidates for the British parliament."

M. Delory, in a speech, expressed his heart-breaking. "The resolution was unanimously adopted."

In the chamber of deputies a cordial reception was given to Deputies M. G. Delory and Ragueboom, who stayed in Lille during the German occupation. Paul Deschamps, president of the chamber, praised their courage and rendered homage to Deputy Chequerier, Lille, who died a victim of German barbarity for having defended his townpeople.

M. Delory, in a speech, expressed his heart-breaking. "The resolution was unanimously adopted."

BUSINESS HOUSES WILL DRESS UP

It is understood the idea of converting King Street and Charlotte street into a bower of bunting and patriotic window displays on Sunday to give zest to the launching of the Victory Loan on Monday, has taken hold like wild-fire and St. John will mirror on Sunday the United States, others to cold storage for local taxidermists to operate upon.

PHILIP AND PHERDINAND WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—A shallow low area covers the Mississippi Valley and showery weather is indicated for Ontario. It is in Quebec and the maritime provinces and cool with local snow and rain in Manitoba.

FORECASTS

Lakes and Georgian Bay—Fresh to strong easterly to southerly winds, reaching gale force on Lake Erie, occasional rain today and on Friday.

Ottawa and Upper St. Lawrence Valleys—Fresh easterly winds, fair today, rain by Friday.

Gulf and North Shore—General north and northeast winds, fair and cool today and Friday.

Fair Maritime—Moderate northerly winds, mostly easterly, occasional rain; Friday, strong winds or gales, shifting to northward and still unsettled with local falls of rain or snow.

Manitoba—Cool with local snow or rain today, fair and cooler on Friday.

Saskatchewan and Alberta—Fair with stationary or higher temperature.

New England—Probably rain late tonight and on Friday; warmer, moderate south winds.

Hungary, Ready To Give Up, To Apply Direct To The Allies

Paris, Oct. 24.—Hungary intends to apply direct to the Entente governments to ascertain on what terms they will grant an armistice and peace to Hungary, so it is reported in political circles in Budapest, according to a Zurich despatch to the Journal.

Austria-Hungary already reconciled to the idea of unconditional capitulation, says a Vienna despatch to the Frankfort Zeitung, because Vienna is threatened with famine, the authorities are powerless and laws are no longer enforced.

FINANCIAL PANIC IN VIENNA

Base, Oct. 24.—President Wilson's reply to Austria's note has had an overwhelming effect in Vienna, according to a despatch received from the Austrian capital. Not only was there a violent panic in financial circles, but the note was considered in political quarters as being extremely humiliating for the Dual Monarchy.

PUTTING THE HARBOUR ON THE PERIPHERIES

A rough estimate of the value of the city's harbor properties was prepared at a meeting of the common council this morning. This was in accordance with the wish of the Dominion government which had put forward proposals for buying over the harbor and putting it on the periphery.

The values arrived at showed a total of \$2,000,000 for the city's harbor and other properties, against which there still are outstanding debentures to the value of \$1,810,000.

M. Delory, in a speech, expressed his heart-breaking. "The resolution was unanimously adopted."

The mayor reported that the government engineers had expressed their only criticism offered affecting one comparatively small item was suggested during the discussion the matter of ferry terminals and approaches was brought up and it was decided that the city should reserve such accommodation as may be required, until the harbor committee had been formed.

The government had inquired about the value of the harbor which is owned by the city, subject to an annual charge of \$120, payable to the Diocesan Synod of Fredericton, and it was decided to include this in the transfer, with the proviso that the right to place piers should be reserved to the city.

With reference to harbor improvements, such as breakwaters was suggested that it should be urged upon the government that it should not be made a burden on the harbor commission, as this might have a tendency to add to the harbor charges. Commissioner Bullock quoted the minister of marine as saying that the breakwaters would be cared for by the federal department of public works.

A communication from George Dick, requesting the city to repair Quinn's wharf, which is under lease to him, or to permit him to purchase it, was taken up. Commissioner Bullock said that some \$20,000 had been practically agreed upon in previous negotiations. The council decided that a sale would be in accordance with their policy, before taking any action.

Mention was made of a wharf to be discussed of the use of that slip and the railway trestle crossing it. Commissioner McLellan said that it was known that the government would not continue to either a more permanent structure would be erected or the railway brought around the shore. He recalled the elaborate plans which had been submitted to the council by the government engineers about three years ago, when the government proposed to take over that entire section of the harbor front in the south and construct several new piers to the north-west of the sugar refinery.

There was some discussion regarding arrangements for locating one of the city hall stenographers in the ante-room of the mayor's office and also regarding the installation of an intercommunicating telephone system in city hall. Reports will be submitted on both matters.

Commissioner McLellan reported that the La France Company had notified him that after January 1, the government would not permit them to supply other than standard tires for motor fire apparatus.

Mayor Hughes inquired about the release of boys brought before the magistrate and asked whether these were the boys arrested in connection with recent disturbances. The commissioner of safety will make inquiries.

LETTER FROM POPE ON BI-LINGUAL QUESTION

Ottawa, Oct. 24.—A pastoral letter from Pope Benedict XV., dealing with the bilingual question in the province of Ontario has been addressed to Cardinal Bejin at Quebec and made public through His Eminence, Pierre Du Maris, the apostolic delegate in Ottawa. Pope Benedict states that an appeal from the separate schools be Roman Catholics is just, and that during the first years of their tuition French-Canadian pupils should be granted the use of their own language for certain subjects, chiefly and above all the teaching of Christian doctrine. The Pope, however, deplores the dissension which has arisen and counsels prudence, that concord may exist among Roman Catholics.

LOTS OF IT THERE FOR THE VICTORY LOAN

Ottawa, Oct. 24.—Savings deposits in Canadian banks have increased by another twenty-two million dollars. During September they reached a new high level with a total of \$1,077,498,920. The increase during August was also approximately twenty-two million dollars. The September returns also show an increase in bank circulation and an increase in demand deposits. Current funds both in and outside Canada are higher as compared with the previous month.

GERMANS IN DREAD OF WINTER AND AIR RAIDS

London, Oct. 24.—A despatch to the Daily Mail from The Hague says: "From all information available here, in Germany there is a widespread dread of winter and of daily and nightly air raids from German aeroplanes in the hands of the Allies. It is indicated that such raids would produce intense results in Germany quite different from the present symptoms of unrest."

Berlin Likely Has It Now

Wilson Reply Sent Broadcast by Wireless Comment of the Newspapers: Allies Agreed on Armistice Requirements

Washington, Oct. 24.—President Wilson's reply to Germany was sent broadcast to the world from the Arlington naval radio towers last night after the official text had been put on the cables. If not picked up directly by the great German station at Nauen, it undoubtedly was relayed from other points in Europe in time to reach Berlin this morning.

London, Oct. 24.—The British cabinet met this morning presumably to discuss President Wilson's reply to Germany. It was received by the foreign office from the British embassy at Washington.

Austria Quibbles. Zurich, Oct. 24.—Austria's reply to President Wilson's reply to the last German offer, which will soon be sent, will declare that Austria is not disposed to enter into negotiations with the Czech-Slovakia in Paris, but only with those in Austria, according to the Vienna correspondent of the Frankfort Gazette, who is usually well-informed.

The note will say further that the reconstruction of the Austrian state cannot be effected so rapidly that an armistice must be dependent upon it, and now that Emperor Charles' manifesto has opened the way to reforms, the government sees no obstacle to an armistice.

LODGE AGAINST ANY DISCUSSION.

Washington, Oct. 23.—Approval of President Wilson's reply to the last German note was voiced everywhere among officials, who declared that the note demanded the surrender upon which America and the Allies insist, and at the same time held up to the German people a picture of their situation in a way likely to hasten their rise to throw out the Kaiser and his war lords completely.

In congress, the expressions of leaders indicated a divided opinion. Senator Hillocks, Republican leader and chairman of the senate foreign relations committee, approved the note in unqualified terms, declaring it called for surrender and would create a political crisis in Germany.

On the other hand, Senator Lodge of Massachusetts, Republican leader and ranking minority member of the foreign relations committee, expressed regret at the method of the note, and declared any negotiations should be conducted on a basis of equality. The German armistice had surrendered. (Continued on page 2, seventh column)

FRENCH ENGINEERS SECURE EVIDENCE OF WILFUL DESTRUCTION

Destruction in Regions Never Within the Range of Artillery Fire

With the French Army in Champagne, Oct. 23.—(By the Associated Press)—Detachments of engineers from General Gouraud's army, in exploring the region from which the Germans have been driven in this sector, have discovered in many villages evidence of destruction, while the purely military installations such as barracks built by the Germans for their own troops were left intact.

The region along the Retourne abounds with indications of wilful devastation of villages that were never within the range of artillery fire, but were found razed to the ground. In others, where houses were still erect, they were mined and destroyed, while the purely military installations such as barracks built by the Germans for their own troops were left intact.

Preparations for the destruction of these villages went on in the presence of the people and in spite of their sup- pliances. At Neuville, where a village, Charles George, all of this city. The funeral took place this afternoon.

Mr. George was one of the most prominent members of his race in this section of Canada. He was a keen and upright business man and of genial character and won many friends who will deeply regret his death.

H. P. ROBINSON HOME FROM WEST

Howard P. Robinson, general manager of the N. B. Telephone Company, and director of the N. B. Power Company, arrived home at noon after a several weeks business and pleasure tour of western Canadian cities. Mr. Robinson says the farther east he traveled the more severe was the prevalence of influenza. Some Ontario towns were absolutely prostrated.

In western Canada he found all the cities coming back with wonderful strides and solidity. The boom idea as evidenced in past experiences with real estate, was conspicuously absent everywhere being willing and anxious to talk business on sound, sensible lines. One evidence of returning prosperity was the scarcity of rentals and the plenty of cash. Mr. Robinson traveled as far as Victoria and met hundreds of old St. John friends. At one time in the Vancouver Hotel no fewer than thirty-five ex-St. John citizens met by chance and held a regular eastern pow-wow.

CARLETON SOLDIER WOUNDED HINDENBURG WOULD LIKE TO SEE PEACE

West St. John, received word this morning from Ottawa that her son, Private Arthur Hughes, infantry, had been wounded with gunshot in the arm and admitted to a hospital in France. He is twenty-one years old and prior to enlisting was employed in the C. P. R.

With the bright sunshine and genial atmosphere of today, the readiness of the spacious emergency hospital in the Paris Emergency House, a wonderful impetus given the efforts of V. A. D. workers among stricken needy ones and only a small increase in the number reported cases, the influenza situation here at noon seemed quite reassuring.

It looks now as if St. John has climaxed almost to the peak of the malady's ravages and will soon be coming back to normal conditions. While this is of course opposition in the main, yet physicians and public health officials create the impression by their conversations and reports.

Influenza epidemics in other places seem to be disappearing. It appears as if the disease permeates a town, village or city until all susceptible people brought in contact with it are affected. Many escape while the malady is at its height and the sick ones recover quickly and the epidemic eases.

Such it appears is going to be the case here. Hundreds of homes have cases of bad colds, old fashioned grippe and bronchial troubles peculiar to the changing season of the year with variety of clothing, double sashes still in storage, intermittent fevers and fluky weather. Out of this wave of mild sickness the doctors have characterized about 350 (up to noon today) as influenza had enough to be placarded and kept to one side as contagious.

NEW DRIVE, AT PLACES, IS THREE MILES IN DEPTH

Yesterday's Attack Was By Anglo-Scottish Troops

Important Villages Captured - Advance Over Difficult Country and in Spite of Obstinate Resistance

London, Oct. 23 - Over the entire front held by the British further gains have been made by Field Marshal Haig's men from the region south of Leateau to the Scheldt River, according to the British official communication issued tonight.

"The attack this morning was delivered by Anglo-Scottish troops of the third and fourth armies between the Sambre Canal and the River Scheldt, south of Valenciennes.

"An advance was made over country that was difficult, over many streams and through villages and woods which were defended with much resolution.

"In the period of assembly and the early stages of the battle the hostile artillery displayed great activity with high explosives and gas shells.

"We have fought our way forward in spite of obstinate resistance, especially by the enemy's artillery and machine guns.

"Advancing with great steadiness some hours before dawn our infantry penetrated the enemy's defense along the whole of the front, and at an early hour had captured the important village of Fommeruill Forest and Romeries.

"On the extreme right there was strong resistance at the fortified farm of Gimbermont and the railway nearby, but at both places the enemy's defense was quickly overcome.

"Left of the centre the village of Beaumont, which was held by the enemy with great tenacity, was stormed by the English with the assistance of tanks.

"On the left other English troops crossed the Harpines River at an early stage of the advance and captured Vertin.

"During the morning we pressed on over the whole of the front, carrying the enemy's positions to a depth of more than three miles, driving him from many strongly defended villages, farms, woods and other localities organized for resistance.

"The English 29th division had hard fighting in the Bois Lereque, but progressed through the wood. East County troops, advancing to a depth of three and a half miles, captured Bousse (Ronsiez).

"The Anglo-Scottish troops secured crossings of the Harpines at the Venidage, English and New Zealanders operating on their left reached the outskirts of Neville and established themselves on the high ground northwest of the village. Farther north the village of Escorniaux was captured.

"In these highly successful operations several thousand prisoners and many guns were captured by our troops, whose advance is continuing on the whole of the front.

French Report. Paris, Oct. 23 - The war office statement of the operations on the western front today reads: "There was great artillery activity on the Oise front. Between the Oise and the Serre we gained ground north of Caillon du Temple, and carried our lines as far as the outskirts of Chevresis-Dames.

"Farther east we captured a wood, which was energetically defended, to the north of Mesbrecourt-Richecourt. One hundred and fifty prisoners remained in our hands.

"There was stubborn fighting during the day on the Serre-Souche front. Our units succeeded in debouching between Froimont-Ocharille and Pierrepont and in maintaining themselves on the east bank opposite Braucourt, despite strong German counter-attacks.

"Southeast of the Aisne lively fighting was carried on in the region of Vouderie. The Germans attacked the village of Tervon and our positions east of Vandy, but were repulsed with serious losses. Between Olay and Grand Pre we captured the Moulin-Bourgeois, taking prisoners.

"Belgian communication: There is nothing to report regarding the army group in Flanders except progress by the French army on the right bank of the Lys, in the course of which Wareghem was occupied and 200 prisoners taken."

A Side Show Man. Some time ago a fire occurred in a house in Baltimore, and as the staircase was in flames before the blaze was discovered the occupants had to seek some other means of escape. Next day the companion of an elderly lady was reading to her the newspaper report of the fire, which stated that one servant escaped down a waterpipe at the back of the house. Whereupon the old lady, as pointed out at this statement, exclaimed, "But how thin the poor man must have been!" - Harpers.

A Stunning Seal Coat, as Shown by H. Mont Jones, 92 King Street.

NEW MILITARY HOSPITAL. It is reported in military circles that a district general hospital is to be established in the city within the next few days. One of the military hospitals now

in operation in the city will no doubt be Major A. J. Lester of the local medical used for the purpose. It is reported that staff, will be placed in command.

GREAT HALF - PRICE SALE

BEGINS FRIDAY AT 9 P.M.

This HALF PRICE SALE should interest every woman, as we are advertising so early in the season at the following great reductions:

The Audit Bureau of Circulations audits the circulation of The Evening Times.

WILSON'S REPLY.

President Wilson's reply to Germany should terminate the correspondence, so far as he is concerned. He has bluntly told Germany that "the nations of the world do not and cannot trust the word of those who have hitherto been the masters of German policy," and that if these latter are to be dealt with it can only be in terms of unconditional surrender. He points out that there is no guarantee of permanent changes in the German constitution. He turns the whole correspondence over to the Allied governments with the remark that so far as he is concerned there can be no armistice except on terms that would make a renewal of hostilities by Germany impossible. As a reminder, he gives to the press the information that more than 2,000,000 American soldiers have gone overseas.

The issue is put squarely up to the German people. If they want their Kaiser and their Prince Maximilian and a Reichstag subservient to the war-lords, they must fight for them. If they want peace and democracy, they know what to do. So far as President Wilson is concerned, he is not to be detached by artful phrases and scraps of paper from his loyalty to the Allies. The latter are now given the opportunity to speak, and their reply should be short and sharp. Meanwhile the armies of Foch are still advancing, Austria is disintegrating, and all goes well for the Allied cause.

NO TERMS OF EQUALITY.

Germany is acting on the assumption and wants the other nations to recognize it, that she is as good as they are; that somehow the war broke out and raged for more than four years; and that now it is the joint business of all of them to sit down comfortably together and make peace, with exceptional consideration for the proud people of Germany, whose honor and dignity must be respected, and whose territory must remain inviolate. The assumption is fatal to any hopes of a peace conference, and to Germany as well.

The Allied nations are still dealing with the Germany of 1914 to 1918. The Kaiser is still at the helm. There is no guarantee at all that constitutional changes now announced would not be reversed whenever the militarists deemed it expedient. There has been no confession of penitence for horrible crimes committed—no admission of the established fact that Germany began the war in the expectation that she would speedily crush Russia and France, annex the Belgian seaboard, prepare to destroy the British Empire, and in due time attend to the case of the United States. All this she now conveniently ignores, and has the hardihood to expect that the other nations, who have been forced to make such sacrifices and endure such sufferings, will extend the hand of forgiveness and fellowship, and welcome her, red-handed from the slaughter of the innocents, as a member of a league of nations pledged to usher in the golden age of peace and good-will.

The Allies will not forget the horrors of the last four years. An American soldier taken prisoner by the Germans was asked how he crossed the Atlantic. "In the Lusitania," replied the undaunted American. The significance of that answer was probably lost on the Germans, but it expresses the feeling that will govern the course of the Allies. The American may cry "Lusitania," the Canadian "Llandovery Castle," the Irishman "Lcinster," the Englishman "Edith Cavell," the Belgian "Louvain," the Frenchman "Alsace-Lorraine"—but whatever the battle-cry the feeling is the same, inspired by the same brand of barbarism. When they all have done with the German people, the latter will at last realize what it costs a nation to lose its soul.

WOULD MAKE THE HUN HOWL.

Mr. Poulteney Bigelow, a distinguished American who is no stranger to European capitals, and has made a special study of international relations, is very emphatic in his views regarding the manner in which the war should end. It is worthy of note that his name was stricken from the list of the Imperial German Yacht Club in 1916 because of the support he was giving to the cause of the Allies in the United States by his writings and his addresses. In an interview in Toronto last week he said: "President Wilson will not and cannot stop this war until unconditional surrender has been sounded, and the reign of William the Second ends in a catastrophe as complete as that which followed the battle of Jena in 1806."

In connection with the peace terms, he said Denmark should receive back her stolen provinces, including the Kiel Canal; that independent states should be created of Poland, Bohemia, Hungary, and others; Austria should be as another Bavaria; Hanover should have her rightful king. Every colony and ship should be confiscated.

"Then the Hun will howl as he never howled before. It will be sweet music to the rest of us," said Mr. Bigelow.

ALL SHOULD RESIGN.

The Standard quotes with approval an article from the Chatham World which makes light of the evidence relating to the conduct of Hon. J. A. Murray, Hon. B. Frank Smith, Hon. J. B. M. Baxter and Mr. George B. Jones, as brought out at the patriotic potato enquiry. The Globe last evening set out very clearly why Hon. Mr. Murray and Mr. Jones should resign, but omitted mention of Hon. Messrs. Smith and Baxter. Yet these two were members of the government which deceived the people in regard to that whole transaction.

The Chatham World regards as much more flagrant the action of Hon. William Currie in regard to the stampage matter. Mr. Currie's conduct is not defended. He will no doubt place his resignation in the hands of the premier. If the others do not resign, their case will have to be dealt with when the legislature meets. It may be unpleasant for them, but they would stand better in public estimation if they withdrew before the house meets. Everybody knows what is the matter with the Standard, but there is a good deal of surprise at the attitude of the Chatham World, whose editor was a member of the public accounts committee when the bandage was placed over the eyes of its members at the time the patriotic potato transaction was under consideration.

AS AN INVESTMENT.

The Ottawa Journal-Press presents these arguments to show that the Victory Loan is one of the best of investments: "Financially, it will pay as high a rate of interest as any equally safe investment could in any other security in the world. "In addition, it is an investment for the benefit of our country and our British brotherhood and the whole war-cause for the promotion of right in the world, and the punishment and prevention of wrong. "Our Patriotic Fund, our Navy League subscription, our Red Cross, our Belgian relief contribution, all these and kindred things are splendid. The Victory Loan is as splendid as any. It embraces them all. The rest would all be little better than lost if there were not money for victory. So the Victory Loan has a greater call on moral grounds alone than any other of these splendid things—and it has the advantage that it offers the best possible way in which any of us can invest our resources or savings."

Ottawa Journal-Press: "And now we have peace with Russia, and peace with Roumania, Serbia, and Montenegro is finished," said the Kaiser to the Krupp workers on September 12 last. And now, one month later, Teuton forces are evacuating Serbia, Albania, and Montenegro, Bulgaria is finished, Turkey has collapsed, Austria-Hungary is crumbling, and Germany itself is erasing for an armistice that will save its fleeing armies in France and Belgium from ignominious defeat.

British, French and Americans all made further gains yesterday. The British have taken more than six thousand prisoners below Valenciennes since yesterday morning, and have actually entered the western fringe of that city. They have also advanced along the whole line from Lecateau to the Scheidt River.

The German people now fear they may be raided from the airbases they erected in Belgium for raids on England. There would be a peculiar measure of justice in that reprisal.

The British House of Commons has declared that women should have the right to sit in parliament. In New Brunswick they cannot as yet vote in provincial elections.

The Canadian people will heartily endorse Major General Newburn's remark that the best way to obtain peace is to redouble our war efforts.

WOMAN'S STATEMENT WILL HELP ST. JOHN

"I hated cooking because whatever I ate gave me sour stomach and a bloated feeling. I drank hot water and then oil by the gallon. Nothing helped until I tried simple buckthorn bark, glycerine, etc., as mixed in Adler-Ika." Because it flushes the entire bowel tract completely Adler-Ika relieves any case sour stomach, gas or constipation and prevents appendicitis. The instant action is surprising. J. Benson Mahony, druggist.

RIGID SUGAR RESTRICTIONS.

Restrictions on the use of sugar in the United States will be even more rigid during November and December than at present in order that the needs of the fighting forces of the United States and Allies may be supplied. The food administration announced Friday night that sugar allotments for household use will be held strictly to two pounds a person each month and that the supply for manufacturers of soft drinks, ice cream and confections will be reduced sharply.

Practically all manufacturers of beverages, syrups, chewing gum, chocolate, molasses, soda water and artificial honey will be cut to 50 per cent of the average monthly use from July 1 to December 31, 1918, and the year 1917 combined.

Gandy and chocolate manufacturers have been instructed by the food administration to give preference to orders from the army, navy, Red Cross, Y. M. C. A., Knights of Columbus and Salvation Army.

Except for shipment overseas, supplies for these orders must come from the manufacturers' allotments.

DEATH FOLLOWS INJURY IN THRESHING MACHINE

Moncton, N. B., Oct. 23—Joseph Bellevue, who was caught in the teeth of a threshing machine while threshing yesterday afternoon at Bourdeau settlement, died in Moncton hospital Tuesday evening. He was fifty years of age and son of Simon Bellevue, of Bellevue village.

Polarine

FRICITION REDUCING MOTOR OIL

"Makes a good car better"

For Transmission & Differential Gears

ON the frictionless operation of the transmission and differential gears—correct lubrication, perfect meshing and freedom from wear—depends the delivery of full power from engine to axle. Correct motor lubrication is alone of equal importance.

For every lubrication purpose from engine to axle there is a Polarine Oil or Grease of correct body and lubricating quality that insures the generation and delivery of maximum power with minimum wear.

POLARINE TRANSMISSION OIL

Will follow, coat, cushion and thoroughly lubricate transmission and differential gears and allow them to engage and operate easily.

It is a heavy, dark, fluid oil for transmission and differential lubrication, especially for ball and roller bearing types, as well as for worm gear and timing gears, when separate from the crank case. 1 and 4 gal. cans, also barrels and half barrels.

POLARINE TRANSMISSION LUBRICANT "BB"

is a light colored, soft, spongy grease, carefully manufactured, free from all particles of insoluble and non-lubricating matter, suitable for the lubrication of transmissions and differentials where a fibrous grease is required. 5-10-25 and 50 lb. tins, half barrels and barrels.

POLARINE CUP GREASE

is a smooth, light colored, medium bodied grease, free from all particles of insoluble and non-lubricating matter, suitable for packing wheels, steering gear-housing, transmission, differentials, universal joints and grease cups in automobiles. 1-5-10-25 and 50 lb. tins, barrels and half barrels.

Polarine and Pololine Heavy, for cylinder lubrication are supplied in sealed cans of 1/2, 1 and 4 gallons; also in 12 1/2 gal. steel kegs, barrels and half barrels.

Buy Polarine Oils and Greases where you buy Premier Gasoline—at the Sign of the "Red Ball."

Write to us at Room 704 Imperial Oil Bldg., Toronto, for interesting booklet on Polarine for Automobile Lubrication

Daily Fish Bulletin
Issued by Canada Food Board.

LEARN HOW TO COOK FISH

FISH RECIPES

Ignorance lies at the root of prejudice in nine cases out of ten and the housekeeper who says she detests handling, cooking or eating fish must have failed to give it a fair trial.

If she really wants to learn how to make the most of fish, and every patriotic minded woman must in these times, she had better secure the fish cook book issued by the Canada Food Board. It can be had upon application with a five cent remittance, from headquarters

at Ottawa or from any of the provincial committees of the Food Board.

REMEMBER!
OCT. 31st, CANADA'S NATIONAL FISH DAY.

Food Board Flashes

A sad little story comes in a letter from France. Of all the dreadful sights of war nothing had touched the Canadian soldier who wrote more than the sight of a polio with one arm and one leg guiding a plough drawn by a strange team—his wife and an ox.

Yet we think we have to undergo hardships here and we murmur because we have to use substitutes and to eat less sugar.

Class Distinctions.
"The Blanks and the Browns are both newly rich, but they don't associate."
"Why not?"
"The Blanks feel above the Browns. They made their money in refining oil, while the Browns made theirs in crude oil."

Safe Transit

Our Year Book, coupled with the convenience of His Majesty's Mails, affords you a safe and satisfactory means of shipping as you can find anywhere. Upwards of seven hundred million of letters were written and mailed from three thousand Post Offices all over Canada during last year. The method is so simple—no hurrying through crowded shops—no uncomfortable travelling—you just drop us a request for our Year Book, and in the quiet of your own home, you can be satisfied by the best silent salesman ever sent out by any establishment.

Your selection made, you await the return mail for the gift in the well-known "Blue Box" which just goes you will like it before it reaches you.

Send us your name and address and see if it is not so.

RECENT DEATHS

Dr. W. P. Gale.
The death occurred at Quebec city on October 20 of Dr. Withall P. Gale, of Spanish influenza and pneumonia. Dr. Gale was well known in St. John, having been for ten years ship surgeon on the C. P. R. steamer Empress of Britain, and later on the Mississinoui. While scattered about the province are several of his classmates of McGill where he graduated in 1908.

Gunner Walter W. Armstrong.
To very many friends in the city the news of the sudden death of Gunner Walter W. Armstrong, of the 8th Siege Battery, which occurred suddenly yesterday afternoon from pneumonia at the military hospital, St. James street, will be a source of great grief. Gunner Armstrong, who was the third son of Mrs. Minnie and the late Andrew Armstrong,

A Stitch in Time

THERE is a homely old proverb which tells us that "a stitch in time saves nine."

If the man who said it first had been thinking of health, he would probably have said that a stitch in time saves nine hundred and ninety-nine, so important is it to repair those first tissues that become impaired by ill-health.

This is no new doctrine. It is as old as man. Unfortunately (to paraphrase another proverb), we too frequently put off until to-morrow what we ought to do to-day.

Failing to repair the first tissues that need repair, allowing the malady to continue unchecked, other tissues become impaired, for all parts of the body are sympathetic.

The trouble spreads. And—then comes the rent. Nervous disorders may show themselves in various ways, such as sleeplessness, headaches, neuritic pains, nervous prostration and exhaustion, while later developments take the form of paralysis, locomotor ataxia, or some form of helplessness.

Strangely enough—all these symptoms are preventable, if that stitch had been taken in time. It is here that Dr. Chase's

Nerve Food becomes important. We do not say that it is the only means of preventing the rent, but we do say that many years of experience have proved its value as a repairer of wasted nerve tissues that have become weakened by overwork, anxiety, or other causes.

When we say that the value of Dr. Chase's Nerve Food has been proved we are speaking by the book. We might, at considerable length, tell you why Dr. Chase's Nerve Food will make that stitch if taken in time and prevent the rent, but we have always proceeded upon the idea that people are more interested in knowing what has been done in cases similar to their own.

Mrs. W. T. Abbott, 536 Paterson street, Peterboro', Ont., writes: "My son was in a run-down condition, and I was troubled with nervousness and sleeplessness. For some time also I had been bothered with neuralgia, and although I tried many remedies, it was without success. Upon the advice of a friend I commenced using Dr. Chase's Nerve Food, and soon found that my neuralgia was cured, and I have not been troubled in this way since. I also find that now I can eat and sleep well, and I give full credit for this great benefit to Dr. Chase's Nerve Food. I might also mention that I had lost considerable in weight, but after using the Nerve Food I gained back the flesh I had lost."

You can obtain Dr. Chase's Nerve Food from any dealer at 50 cents a box, six for \$2.75, or from Edimington, Bates & Co., Ltd., Toronto.

was, before enlistment, employed as bookkeeper in the firm of Vassie & Co., Ltd. He had been in training with the Siege Battery since June and was taken ill about one week ago with a very heavy cold which late on Tuesday night developed into pneumonia and caused his death at 2:30 yesterday afternoon. Gunner Armstrong was very well known and very popular in the city and was a keen and active member of the K. of P. Union Lodge. He was twenty-seven years of age and besides his mother, Mrs. Minnie Armstrong, of 89 Mecklenburg street, is survived by one sister, Mrs. J. C. Wilson, of Hartford (Conn.), and four brothers, George Otty, of New York; Aubrey A., now in training with the Royal Engineers at St. Johns (Que.), and Frank W. and Vernon, at home.

Harry Steeves, son of Mr. and Mrs. Joseph Steeves, of Moncton, died Saturday, Oct. 19th, at the residence of his parents. He leaves his parents, two brothers and six sisters.

Mrs. Sophia McLaughlin, widow of William McLaughlin of Fredericton, is dead. She was eighty-three years of age and is survived by three sons, William, attached to K Unit, Charles and George, all at home; four daughters, Mrs. William Spears of Fredericton, Mrs. George Quartermain of Edmonton, Alta., Mrs. Fred Quartermain of Devon, and Miss Minnie of Fredericton. One sister, Mrs. Amelia Tilley, also survives.

The death of Miss Etta Croseman of Moncton took place on Monday. She was twenty-nine years old, and was the daughter of Mr. and Mrs. J. J. Croseman. She leaves besides her father and mother, two brothers overseas, one brother in the United States, and one living at home, John Croseman, of the Dreamland Theatre, and one sister, Miss Mary, living at home.

The death of Marshall Clarke, son of Mr. and Mrs. George Clarke of McKinnleyville, occurred yesterday of influenza. Besides his parents he leaves one brother and three sisters.

Miss Edith Sprague, daughter of Mr. and Mrs. William Sprague of Harvey, died recently. She was eighteen years old. Besides her parents she leaves four brothers.

The death of Miss Inez Cook, daughter of Mr. and Mrs. Edward Cook, occurred at her home in Penobscot on Tuesday. She was fifteen years old.

Edward Allen, superintendent of the Canadian Express Company, and for fifty years connected with the company, died suddenly of heart disease at his home in Toronto yesterday.

Mrs. Charles Bernard Kearns died at her home in Hillsboro last Sunday morning after a lingering illness. She was forty-nine years of age and is survived by her husband, four sons and one daughter.

Miss Mary Williams, daughter of Mr. and Mrs. William Williams, Penobscot, died recently. Besides her parents she leaves four sisters and two brothers.

Have You Seen the New Fall Garments

Only styles which are new, correct and becoming are given representation here; only colorings that are fashionable and desirable are shown, and only qualities that we know will give the utmost service and satisfaction are offered. The gathering of these assortments has meant extraordinary effort for us, because of merchandise shortages and high prices. Nevertheless, here is a splendid stock for you, priced most reasonably:

THE NEW FALL SUITS
New York's most smartly tailored models, showing decidedly new Silhouette Beautiful Garments of Duveldeleine, Fine Gabardines, Mannish Serges or Stylish Oxford Grey Mixtures. Some of the more dressy models elaborately trimmed with beaver or seal, which, in combinations with the new Fall colorings, make exceptionally handsome garments. Prices \$25.00 to \$85.00

THE COATS
Handsome Fur-trimmed models in the finest Velour or Broadcloth. Rich Plush Coats all of Salta, Equimette and Seal Plush, plain or fur trimmed. New "Wearxet" Coats, soft fine wool material, very attractive, and besides all these the most wonderful values in heavy, warm Chinchillas, all shades. Prices \$19.50 to \$97.50

THE DRESSES
The most complete assemblage of Dresses we have ever had the pleasure of showing. The very newest designs of Satin and Serge combinations; handsome Jersey Cloth Dresses, plain or embroidered, which are commanding such great popularity. Smart Junior models that are filling a long felt want, for misses and small women. Prices \$12.50 to \$57.50

Daniel
Head of King Street

RECENT WEDDINGS
Riley-Moore.

A very pretty wedding was quietly solemnized last evening at 80 Main street by Rev. Dr. Hutchinson, when he united in marriage William John Riley, formerly of Amherst (N. S.), now of this city and Miss Jennie S. Moore of Central, Greenwich, Kings county (N. B.). The bride was unattended and dressed in a grey travelling suit. After a short honeymoon they will make their home in Simonds street, this city.

Gardner-Beckett.
In the Victoria street Baptist church, last evening, John Clarence Gardner and Lillian Rachel Beckett, both of this city, were united in marriage by the Rev. I. W. Williamson. The bridesmaid was Miss Besie Beckett, and the groom was attended by Sydney S. Mahon. The newly-married pair will reside with the groom's mother, Mrs. J. C. Gardner, 818 Charlotte street.

SURRENDER IS ESSENTIAL TO AN ARMISTICE

No Cessation of Fighting Except on Terms That Would Make it Impossible for Germany to Renew Hostilities

Washington, Oct. 23.—President Wilson has submitted the German plea for an armistice and peace to the Allies and at the same time has informed Berlin that there can be no armistice except upon terms that would make it impossible for Germany to renew hostilities.

Would Cancel Car Service To Ferry

An application for permission to discontinue its service in West St. John from the corner of Union and Winslow streets, West St. John, down Rodney wharf to the ferry boats was presented to the Public Utilities Commission yesterday afternoon on behalf of the New Brunswick Power Company. The company urged that the street railway connection across the new highway bridge at the falls had rendered this service unnecessary.

The company in its application states that it makes fifty-five trips per day down the length of Rodney wharf to the ferry boats from the intersection of Winslow and Union streets and that under the existing circumstances this does not represent economy.

The city of St. John presented through its solicitor, Dr. J. B. M. Baxter, a contra application asking that the New Brunswick Power Company be not permitted to discontinue this service, pointing out that it would seriously inconvenience the citizens if permitted. The applications were received by the commission, but were not taken up.

The application of the Farmers' Telephone Company, Ltd., with head office at Windsor, Carleton county (N. B.), was before the commission. The company asks for permission to put into effect a new and increased schedule of rates. The matter was presented by Judge H. O. McInerney, on behalf of M. Hayward, of Harland, the solicitor of the company. This matter will be taken up on the morning of November 27 at 10:30 o'clock.

Awards Made Under Strathcona Trust

Official announcement in routine orders has been made of the rewards of the Strathcona Trust prizes in New Brunswick for the year 1917-18 for military drill, and also of the record of the shooting of Dominion Marksmen who affiliated with the cadet corps in the maritime provinces in Military Districts Nos. 6 and 7. In the Strathcona awards prizes the 1st prize goes to Fredrick Normal School Cadet Corps, which wins \$45; 2nd prize goes to Moncton High School Cadet Corps, which wins \$35; with Chatham Cadet Corps 3rd prize, \$25. The cadet corps of the combined West St. John schools as fourth place, getting \$25.

A bonus of \$5 was given to the following cadet corps for having passed an excellent inspection: St. Stephen High School, St. Stephen; St. Peter's, St. Malin's High School, all of this city; Sunnyvale, Sackville; Fairville, and Harkins' academy, Newcastle.

In the rifle shooting contest for the winter of New Brunswick, Rothsay is the list with a total of eighty-five points, winning fifty-two bronze, twenty-five silver and eight gold medals. St. Stephen ranks third with a total of seventy-three, winning forty-four bronze, twenty-three silver and six gold medals.

Frederick cadet corps, No. 242, gets third position with twenty-eight points, winning fifteen bronze, eight silver and one gold medal. Moncton cadet corps secures a total of seventeen points, Milford fifteen points, with the other corps making smaller totals.

Cadet Fred Dooe, of No. 130, Rothsay School cadet corps, captured the gold watch, a special prize. Another gold watch was won by a Nova Scotia boy; there have been only three awarded in the whole dominion for this special prize. The official announcement speaks highly of the shooting of Cadet Dooe, he making a total of 1,884 points, being the second highest in the dominion. The

orders go on to say that Cadet Dooe may well be classed as a sharpshooter and the school may well feel proud of his record and are to be congratulated on one of their boys attaining such a signal honor. In fact, he now holds the all-round championship of the maritime provinces in this competition.

The order has the following to say of Captain Robinson Black, organizer and inspector of cadet corps for the maritime provinces: "It is also interesting to note as well as highly creditable to the maritime inspector of cadets that the military districts Nos. 6 and 7 under his supervision have the unique honor and pride of claiming the largest number of prize winners in the dominion in the rifle competition, the number being 328. Of these 122 were silver medals and forty gold medals."

MURDERER RECAPTURED

Edmonton, Alta., Oct. 23 — Joseph Cameron, alias J. A. Campbell, alias A. E. Madore, who committed the double murder in the city on Thursday morning, shooting Zappler, a clothier, and Frank Bevers, a policeman, and made a sensational escape from the Northern Hotel, was caught in the Leduc district Tuesday night by provincial police. He was arrested by Detective Matheson, to whom he admitted his identity. Cameron offered no resistance and was brought to Edmonton by motor at 2 o'clock this morning and shut up in the provincial jail.

the Moncton Tramways, Electricity and Gas Company, Limited, no new evidence was received. Dr. J. B. M. Baxter appeared, but the city of Moncton was not represented by counsel, neither was the company itself. It was agreed by the members of the commission that in event of a special agreement being reached by the company and the citizens of Moncton before November 27 the matter would be taken up at a special meeting to respond to the call of the chairman. Otherwise the matter will regularly be taken up on November 27.

MOST PITIFUL CASE

Seven Children Found Deserted, Naked and Starving in Hotel.

Chatham, Ont., Oct. 24—Seven children, six girls and one boy, the eldest

thirteen years of age, were brought to the Children's Shelter here by County High Constable Peters from a place in Camden township. The father is in the west, the mother is roaming over the county, and the elder brother is in jail on a theft charge. The youngsters have been eating pumpkins and squash, the house is devoid of furniture, and the youngsters did not have a stitch of clothing on. The floor of the shack was mostly clay and this was covered with filth. The eldest of the lot, a girl, hid under a part of what used to be a floor, when the authorities called, and it was necessary to pull her out by one of her feet. The case is reported by the authorities to be one of the most pitiful so far as children are concerned that they have witnessed for a long time.

SECOND SON TO BE KILLED IN WAR WITHIN FEW WEEKS

TO PROTECT THE HOUSEHOLDER IN MATTER OF HARD COAL SUPPLY

Pte. Harold A. Chesley of Main Street Gives Life

J. Clarke Sommerville, Son of Mr. and Mrs. T. H. Sommerville, Succumbs to Wounds—Other City Homes Saddened

That another of his sons has made the supreme sacrifice was the heart-breaking news which A. Purdy Chesley of 874 Main street received this morning. The telegram containing this sad intelligence arrived from Ottawa and in a few words explained that Private Harold A. Chesley had been killed in action on October 12. Private Chesley crossed overseas with the 28th Nova Scotia battalion more than two years ago and at that time was not eighteen years of age. He was a bright, fearless lad and was a general favorite with his fellow associates.

It is only a few weeks ago that his brother, Private Frank A. Chesley, who was a member of the same unit fell in action mortally wounded. Word to the effect that he had been killed in action came to his father late in August. Another brother, George, is with an ammunition column in France.

Besides his father, Private Chesley is survived by his brother George and three sisters, Marion, Gertrude and Amy all at home. The mother of the two young heroes died on the 27th of this year. The heartfelt sympathy of a host of friends as well as the community at large will go out to the bereaved family.

The two young heroes were nephews of John C. Chesley, agent of the Marine and Fisheries department of this city.

J. Clarke Sommerville

The deep sympathy of friends will go out to Mr. and Mrs. T. S. Sommerville who today received official word that their son, Joseph Clarke Sommerville, had died of wounds in the war on Oct. 8. He had gone overseas from the 9th Siege Battery in December of last year and had been in France since June 1, with the 12th Battery, B. E. F., to which he had been transferred. He was only nineteen years old. To his boy friends he was known as "Summer" and they are many who will be sorry to learn that his life has been demanded in the great adventure. Clarke Sommerville, it will be remembered, had made an excellent High School course here, then went through Grade XII, and then to the U. N. B. where he was a student when he enlisted. Besides his parents, he is survived by two brothers, Robert and Thomas, and two sisters, Miss Jean and Bernice.

Percy L. Robertson Killed.

Miss Margaret McKenzie of 297 Union street has been informed that her cousin, Percy L. Robertson, of Robertson, Kings county, N. B., who was reported missing on Sept. 2, is officially reported killed on Sept. 2. Private Robertson went over with a draft from the depot battalion in February and had been in trenches only about two weeks when he was killed. Prior to going overseas he was a carpenter. He leaves his father and mother, Thomas and Elizabeth Robertson, of Robertson, K. C., one sister, Miss Alice, teaching in French Village, and one brother, Leslie, at home. They have the sincere sympathy of a large circle of friends in their great loss.

Pte. David Rowley.

Mrs. G. R. Madill, 212 Waterloo street, was notified this morning from Ottawa that her brother, Private David Rowley, infantry, was reported seriously ill in a hospital in England. Private Rowley went overseas as a member of a railway construction corps. He is seventeen years old and prior to enlisting was employed with his brother in the carriage business. A brother, Private Walter Rowley, was wounded about one year ago and is at present in a hospital in England.

Gunner F. E. Ketchum.

F. E. Ketchum, 225 Pitt street, received a telegram this morning from Ottawa stating that his son, Gunner F. Edwin Ketchum, a member of a siege battery in France, had been slightly gassed. Gunner Ketchum went overseas as a member of a draft from the 9th Siege Battery in December, 1917. He is twenty-one years old and prior to enlisting was employed with Bald & Peters as a clerk.

GOVERNMENT GIVES NEW POWERS TO CONTROLLER MAGRATH—CAN LIMIT OR PROHIBIT USE OF ANTHRACITE IN ANY BUILDINGS

Ottawa, Oct. 23.—Regulations to facilitate the equitable distribution of anthracite coal in each community in Canada has just been approved by order-in-council at the instance of Fuel Controller Magrath. They are designed to prevent disproportionate deliveries of anthracite to large consumers at times when the ordinary householder cannot be supplied. The fuel administrator is given the right to prohibit entirely, or to limit in any manner he may deem advisable, the use of anthracite coal in any building. This does not apply to private residences using less than forty tons of coal annually.

Whenever the fuel administrator decides that it is in the public interest at certain points to give effect to the regulation, he will issue a formal order through the local fuel commissioner of any city or town within his province. In the absence of such official the administrator may notify any consumer to the same effect.

Heavy penalties are enacted for contravention of the regulations.

DEATH OF JOSEPH CAMPBELL

Among the Daughters is Mrs. William McQuade of St. John.

Sussex, N. B., Oct. 24.—This morning at an early hour Joseph Campbell died at the age of eighty years. He had been troubled with asthma for some years and in the last few days had a slight cold but was able to be around as usual. Mr. Campbell was one of the best known lumbermen in New Brunswick. Before coming to Sussex he resided at Newtown, where the funeral will take place on Saturday at one o'clock. Mr. Campbell was a life-long Liberal, and in religion a Presbyterian. He leaves besides his wife, three sons and three daughters—J. Arthur of Smith's Creek, Joseph F. of Cranston, B.C., Frederick of Newtown, Mrs. Wm. McQuade of St. John and Nettie and Ida at home. Mrs. John Walton of Vancouver is a sister.

APPOINTMENTS UNDER HEALTH ACT OF NEW BRUNSWICK GAZETTED

Fredrickton, N. B., Oct. 24.—The following provincial appointments in connection with the public health act are gazetted.

Hon. W. F. Roberts, M.D., to be designated to administer the public health act, 1918, as minister of health.

Upon recommendation of Hon. W. F. Roberts, M.D., the following appointments to the bureau of health under the provisions of the act—George G. Melvin, M.D., to be chief medical officer; J. F. L. Brown, M. D., of Woodstock and T. J. Desmond, M.D., of Newcastle, to be district health officers.

SEPTEMBER LOSSES AT SEA SMALLEST SINCE AUGUST, 1916

London, Oct. 23.—(Canadian Press despatch from Reuters' Limited)—The British admiralty announces that British merchant tonnage losses during September totalled 132,000; allied and neutral combined, 88,000. The aggregate constitutes the lowest monthly sinkings since August, 1916, and is below that year's monthly average. The total losses for the three months ended September 30, were 898,000 tons compared with 964,000 in the previous quarter, and a million and a half tons in the corresponding quarter of last year. The sailings of steamships exceeded 500 tons gross between the United Kingdom and overseas ports excluding cross-channel traffic was seven and a half million tons in September.

CARDINAL BEGIN IN STRONG ENDORSEMENT OF THE VICTORY LOAN

Montreal, Oct. 24.—Endorsing the Victory Loan, Cardinal Begin has written the Quebec organization handling it as follows:

"The Victory Loan which you are organizing in a county of my diocese offers, in my opinion, a splendid opportunity to our people of making a sound investment secured by the best possible guarantees. To participate in this loan is to follow the dictates of the commonest economy and far-seeing patriotism.

"I have therefore no hesitation in recommending your undertaking to all those able to cooperate. I particularly urge our parish priests to lend you, in their respective parishes, their authoritative support and the co-operation which in their judgment will further your endeavors."

MILITARY MATTERS.

The approval of the appointment of Sergeant-Major Scott Fraser of No. 9 Siege Battery to be lieutenant of the battery was received this morning. Lieutenant Fraser has the distinction of being the first N. C. C. soldier in the siege battery to receive his commission in Canada.

Capt. E. A. Sturdee, recently returned from overseas, has been temporarily attached to the staff of military headquarters as assistant intelligence officer.

BANK CLEARINGS

St. John bank clearings for the week ended today were \$2,062,249; corresponding week last year, \$1,881,116; corresponding week, 1916, \$1,758,298.
