SUMMER WEATHER IS DRAWING MINY TODAY TO EXHIBITION GROUNDS

Early Indication of a Big Day's Record at the Turnstiles Results of Judging This Morning in Interesting Classes

Perfect weather marked today's opening of the Greater St. John Exhibition and the promise of its continuation throughout the day indicates another large attendance. During the morning the fair was visited by several thousand people and at noon the larger rush of visitors commenced.

Wonderful Work in Air

Cecil Peoli, the youthful bird-man again demonstrated his mastery over the air by his wonderful flight over the exhibition grounds. The morning flight was for altitude, and since some people have reached brought about by his repeated, a change of accented, they have begun to call them.

More Judging

Prof. R. Robertson, of Halifax, officiated in judging the vegetables this morning and expressed surprise at the excellence of the exhibits.

Live Stock Judging

In the live stock judging in front of the grand stand, brought out some very fine specimens. In the cattle classes, the short horn stock came before the judges.

BAD WEATHER FOR CROPS IN THE NORTHWEST

Alberta Suffers From Rain, Hail and Frost—Things are Better in Saskatchewan

(Canadian Press) Calgary, Alta., Sept. 4.—It rained steadily all day yesterday, and last evening one of the heaviest showers of rain and hail this season passed over this district, leaving everything cold and wet. The crops in this part of the west have practically not ripened any in the last ten days. More than that, the continued rains that have been falling during that time have prevented the farmers from even getting on the land with their ploughs to cut the ripeness of their grain.

MRS. A. W. MASTERS DIES IN MONCTON AT THE AGE OF 94

Sir Charles Tupper Was Once Family Physician—Formerly of St. John

(Special to Times) Moncton, N. B., Sept. 4.—Mrs. A. W. Masters died today at the home of her son, Captain J. E. Masters, as the result of a paralytic stroke. She was 94 years of age. She was born in Moncton, N. B., and reached the advanced age of ninety-four, being one of the few nonagenarians in the city. She was the wife of the late Sir Charles Tupper, doctor Tupper then a young physician, married his home for four years with the late Mr. and Mrs. Masters, being the family physician.

ARCHBISHOPS, BISHOPS AND MANY PRIESTS AT ANTIQUISHMENT CEREMONY

Consecration of Bishop Morrison Today—Reception to Papal Delegate

(Special to Times) Antigonish, N. B., Sept. 4.—Antigonish is in gala attire. The reception to Monsignor Stagni, who had come to take part in the consecration of Bishop Morrison, was in the nature of a great ovation from the railway station to the cathedral, a distance of about a mile. Between 4,000 and 5,000 persons took part in a procession. His Excellency was received in the cathedral where an address of welcome on behalf of the clergy and laity of the diocese was read by the Very Rev. Dr. H. P. McPherson. His excellency personally and as representative of the Holy Father made a gracious acknowledgment of the benediction of the Blessed Sacrament was then given.

HON. RUPERT GUINNESS BUYS NOVA SCOTIA FARM

Fredericton, N. B., Sept. 4.—It is said that Hon. Rupert Guinness, M.P., of London, who, with Lady Guinness, has just returned after a fishing trip on the Tobique has bought a farm near Truro, Nova Scotia. He will be in St. John next week, and may make an automobile trip to Fredericton.

LOOKS BAD FOR TAFT CONVICTS IN CONTROL OF PRISON

Big Progressive Vote and Democratic Gains in Vermont Election

Roosevelt Candidate Well up to Democratic for Second Place—Republicans, for First Time, Fail to Elect Their Candidate for Governor

(Special to Times) White River Junction, Sept. 4.—The strength of the new progressive party and the gains of the Democrats threw today's election for Governor into the legislature. Allen M. Fletcher, Republican, failed to receive a majority vote. This is the first presidential year in which the Vermont Republicans have failed to carry their candidate into office with a large majority. Fletcher received 22,300; Harland B. Howe, Democrat, 17,284; Rev. Fraser Metzger, Progressive, 18,880; Clement F. Smith, Prohibitionist, 1,341, and Fred W. Sutor, Socialist, 978.

SEPTEMBER BRIDES

St. John Weddings of Today and Others of Interest to People of This City

Church-Bullock. A society wedding of interest took place this afternoon at 2:30 o'clock in Queen Square Methodist church, when Rev. Wilfred Gault officiated. The bride, Miss Alice Church, manager of the insurance department of Wm. Thomson & Co., and the groom, John Bullock, played Mendelssohn's wedding march, and during the ceremony the Misses Creighton rendered Allston's "The Song of Thanksgiving," very capably.

THOUSAND BURNED OUT IN OCEAN PARK, CALIFORNIA, FIRE

Hundred and Fifty Buildings Go With Loss of \$2,500,000

Los Angeles, Cal., Sept. 4.—Fully one thousand persons are hunting homes today, as the result of the fire which destroyed 150 buildings in Ocean Park last night, causing a loss estimated at \$2,500,000 with insurance of only ten per cent.

REAL ESTATE

The following transfers of property were recorded this week: Trustee of Lucien G. deBury to J. B. M. Baxter, property in Lancaster. Miss Mary Farry to Herbert Guernsey, property in Lancaster. Fenlon Land & Bldg. Co. to J. E. Beatty, property in Lancaster. The City of St. John has leased to the McAdams Meat Co. a property on Mecklenburg street for fourteen years.

CONVICTS IN CONTROL OF PRISON

Riotous Time in Jacksonville Institution Till Soldiers Come

Now Chained in Cells

(Canadian Press) Jacksonville, Mich., Sept. 4.—Five companies of Michigan National Guardsmen, with rifles loaded to kill, camped all night within the outside walls of the state penitentiary. The convicts, who the authorities allege, were responsible for yesterday's outbreak, probably the worst in the history of the institution, were locked up in the heart of the prison, many of them being chained in their cells.

OFFICIATED AT THE DEDICATION OF NEW CHURCH

Rev. J. A. McKeegan presided last evening from a pulpit, where he officiated at the dedication of a new Presbyterian church at South Tilley, a few miles out of the town. The new church was opened on Sunday morning with people present from far and near.

NICE INCREASE IN SALARY FOR MONCTON CITY ENGINEER

Moncton, Sept. 4.—The water and light committee at a meeting last night decided to recommend to the city council an increase of \$200 a year in salary of City Engineer J. Edington. The engineer's present salary is \$1,800 a year, and the aldermen decided to advance it to \$2,000, dating from April, 1911. The aldermen were evenly divided on the question, but Mayor Robinson decided in favor of the increase.

TRAVEL VERY HEAVY

The heavy travel into the city continues. The trains this morning and last night all carried extras and were crowded. The splendid weather now will bring them in greater numbers, and I would not wonder at all if Thursday brought in the largest crowd of the season.

NEAL INSTITUTE

The Hon. Lionel Lambert, who is visiting Mr. and Mrs. Thomas Hitchcock at their country place on Long Island, is the next heir to his childless elder brother's earldom of Carnarvon, to his viscountcy of Kilcoursey, and to his barony of Lambert.

The present earl, a soldier like the first peer, who lies entombed in Westminster Abbey, was for several years in command of the Grenadier Guards, and spent some time in Ottawa as A. D. C. to the late Lord Derby when, as Lord Stanley, he was governor-general of Canada.

In Defense of "Old Maids"

By RUTH CAMERON

I HAVE already got to the point of considering that there is no more respectable character on earth than an unmarried woman who makes her own way through life, quietly, perseveringly, without support of husband or brother, and who, having attained the age of forty or upward, retains a well regulated mind, a disposition to enjoy simple pleasures, and fortitude to support inevitable pains, sympathy with the suffering...

The western minister's statement was more widely quoted than it would otherwise have been because a good and wise bachelor girl, widely known and as widely loved, has rebuked him.

AGITATION IN GERMANY AGAINST TARIFF ON FOOD. Munich, Sept. 4.—The Diet yesterday considered an interpellation of the Socialists requesting that Reichstag be immediately convened to consider the suspension of tariff on the necessities of life. Minister of the Interior, Baron Von Bodelschwingh, speaking for the government, declared that the high price of food was common to all countries and that the tariff was not the cause of the high price. He said it was impossible to attack the principle of protection for German industries.

QUEBEC IS DOING MORE IN CAMPAIGN FOR GOOD ROADS. Quebec, Sept. 4.—To insure the universal success of the good roads law in each and every municipality in the province of Quebec, the provincial government has begun another campaign to encourage modern and scientific road making.

GREAT FIGHTER FOR THE BRITISH NAVY. Portsmouth, Eng., Sept. 4.—The most powerful battleship yet ordered is to be laid down here in November by the British admiralty. She is to be 700 feet in length and to displace 30,000 tons while her high powered turbines are to develop a speed of twenty-nine knots. It is reported that the new vessel is to be named with fourteenth names, the first tried in the British navy.

THURSDAY'S CONCERT. Tickets are selling rapidly for tomorrow night's concert. Parties anxious to avail themselves of this great opportunity to hear David Bisham should take advantage of Thursday's sale to secure the few remaining seats. Don't forget the date: Thursday, Sept. 5; the place, Centenary Hall. A POPULAR ATTRACTION. Among yesterday's most popular attractions was the magnificent display of imported military at Marr's whose store and showrooms were crowded from top to bottom last evening. Exclusiveness forms a striking feature of this special exhibit which comprises most beautiful creations in feminine headgear ever brought into Canada. PLACES FOR ALL. While the city crowded with visitors, an article in the Standard this morning conveyed a wrong impression as to the difficulty in securing accommodation. Every building, conducted by the Exhibition Association, has been directed to place a sign. Each one is asked, if he or she fails, to come back and another place will be found. Not a single one has thus far returned to say that the accommodation was not found where they were told to apply.

Exhibition Visitors. HAMPTON CLERGYMAN MARRIED IN YARMOUTH. Yarmouth, N. S., Sept. 4.—(Special)—A pretty wedding took place in Holy Trinity church this morning when Robert, daughter of Jacob Sweeney, was united in marriage to Rev. Frank Gaskill of Hampton. The ceremony was performed by Rev. R. D. Bambrick, D. D., assisted by Rev. Mr. Gowfoot, of Hampton, and Rev. Canon Sweeney, of New Brunswick.

TAX REFORM. Toronto, Sept. 4.—At the third annual meeting of the Reform League of the Eastern Canada reports indicated that the propaganda of the league is making progress in all eastern provinces. The vice-president for New Brunswick is Ald. H. H. Stewart of Newcastle; for Nova Scotia, Hon. R. Macgregor, of New Glasgow.

Civil War Veteran Dead. Spokane, Wash., Sept. 4.—Holmer H. Smith, aged 87, who carried "Fighting Bob" Evans to the field hospital when the late admiral was shot during a battle of the civil war, is dead at his home in this city. Enlisted at the age of fifteen as a volunteer in the navy, Smith was assigned to the vessel Powhatan, on which Robley D. Evans was an ensign. Evans was shot in both legs during a land attack and was carried by Smith from the field. A peer of the realm can act as justice in the case in any part of the United Kingdom.

PUT RECIPROcity INTO ADDRESS TO DUKE OF CONNAUGHT. Edmonton, Alta., Sept. 4.—Probably because it savored much of politics, the Duke of Connaught, in his reply to Mayor Armstrong's address of welcome at the opening of the new legislative buildings here yesterday did not refer to a passage in the address in which a significant allusion in favor of reciprocity was made.

BOOT AND SHOE MEN MEET HERE. Wholesale boot and shoe jobbers are to meet this afternoon at 2 o'clock in the office of Waterbury & Rising, in Prince Wm. street. Many of them are in the city for the meeting. Among them are L. H. Higgins, Montreal; H. E. Crosby, Yarmouth; R. D. Taylor, Halifax; C. S. Sutherland, of Amherst; E. S. Shaw, Amherst; James Smith of Standard Manufacturing Co., Sackville; A. E. Wry, of A. D. Wry, Ltd., Sackville, N. B.

DOUBT NOW IF BODY IS THAT OF GEO. POND. There is another strange feature in the death of George Pond, killed at Gilbert's Lane crossing, George Chamberlain, undertaker, who embalmed the body and was to have sent it to Sackville this afternoon, received word this morning to hold it, as it did not correspond with a description of Pond given by his relatives.

PERSONALS. Percy Robinson, of Toronto, is being heartily greeted on a visit to the city. Alfred Leger, William McKee, O. J. Melanson and A. Melanson of Moncton, spent the holiday in the city. The Misses Kellee and Sadie Manning of Moncton were visitors to the city this week. James Stratton, at the hospital today, was reported as being very low. Miss Ella Pickering, of Halifax, is visiting Miss Daisy K. Gayton, Harrison street. The engagement of Miss Mabel I. Burgess and Arthur H. Wilson is announced. Find Bones of Mammoth. Spokane, Wash., Sept. 4.—While excavating on the ranch of Representative William L. LaFollette, on the Snake river, south of Spokane, Professor W. T. Shaw, of the Washington State College, found what he believes to be the bones of a mammoth. The fragments are massive and heavy and are thought to be limb bones of a prehistoric animal. DR. GLADDEN FOR SUFFRAGE. The Anti-Suffrage Associations are circulating a list of prominent men whom they claim as opponents of woman suffrage. Among them is the Rev. Dr. Washington of the Washington State College. A letter sent to the Woman's Journal a letter recently written by Dr. Gladden in answer to an inquiry on this subject. He says: "My dear Madam:—I have not authorized anyone to say that I am opposed to suffrage for women, and I expect to vote for the constitutional amendment which gives them the franchise in Ohio."

BELIEVE HE WAS MURDERED. Kansas City, Mo., Sept. 4.—Killed, it is believed, by friends of a man whose arrest several days ago, the body of John Smith, of Chillicothe, Mo., was found in a toilet room of a Chicago Milwaukee St. Paul passenger train as it neared Kansas City yesterday.

LUCKY TO GET IT. Woodlawn, Penn., Sept. 4.—E. T. Walter, a contractor, tried to drop \$900 in bills and \$700 in silver coin off an express train going 60 miles an hour into the hands of his brother, Charles Walther, at the station here. Charles failed to make the catch and the package burst, scattered them for a 100 yards along the track. The police formed a cordon around the money while all but 70 cents of the \$1,600 was picked up. Income tax for the last financial year yielded the British exchequer forty-four millions sterling.

NEWS OF THE PIKE AT THE EXHIBITION. The owner of the Mechanical City is completing arrangements to dispose of his plant and interests to a group of local men who are already interested in some of the Pike features. Several of the Pike exhibitors have decided to join forces in a tour of the rest of the Dominion exhibition in 1910, among those in the group is the "Giggle Shop" which is owned locally. Mr. Parker, the owner of the merry-go-round and the Ferris wheel, who was here for the Dominion exhibition in 1910, has since then traveled across the continent to California and back, showing practically continuously all the time. The Pike men were not prepared for such a rush of visitors as they experienced in visiting the city. The Dominion exhibition was completely cleared out three times, the exhibitor's stock was almost depleted and a rush order had to be sent for more birds. Fifteen hundred claim check were served on the grounds and the patronage of the other features was on the same scale. EVANS FAVORITE ON CHICAGO LINKS TODAY. Wheaton, Ill., Sept. 4.—The second round of match play for the United States amateur golf championship brought together sixteen of the best players in the country on the links of the Chicago Golf Club today. With Harold Hilton of Liverpool, eliminated from the tournament, "Chick" Evans, of Chicago, holder of the western amateur championship, was made favorite to win the national honors. CONDENSED DESPATCHES. Agitated by rumors of a battle in China, representatives of the two Chinese factions in Vancouver rosted in Market Lane. Numerous heads were broken and widows smashed. Guelph, Ont., Sept. 3.—At the annual convention of the Dominion Trades Congress next week Ken Hardie, Hon. W. J. Hanna, Hon. Dr. Reame, minister of public works for Ontario, and Hon. T. W. Crothers, dominion minister of labor, will be in attendance. Preston, Eng., Sept. 4.—Thos. RETAILERS OF STATES FORM CREDIT MEN'S ASSOCIATION. Spokane, Wash., Sept. 4.—Representatives of retail houses in all parts of the United States, in session here, have organized the Retail Credit Men's National Association. The new association starts with the aim of enlisting 20,000 retail credit men to work to these ends: to assist in organization of retail credit associations throughout the United States; to promote acquaintance and affiliation among credit men, local associations and rating bureaus; and to command influence in legislation and law enforcement. The next annual convention will be held in July in Rochester, N. Y., simultaneously with that of the National Association of Mercantile Agencies, with which organization the credit men are closely allied.

LUCKY TO GET IT. Woodlawn, Penn., Sept. 4.—E. T. Walter, a contractor, tried to drop \$900 in bills and \$700 in silver coin off an express train going 60 miles an hour into the hands of his brother, Charles Walther, at the station here. Charles failed to make the catch and the package burst, scattered them for a 100 yards along the track. The police formed a cordon around the money while all but 70 cents of the \$1,600 was picked up. Income tax for the last financial year yielded the British exchequer forty-four millions sterling.

THE VERMONT ELECTIONS The news from Vermont is bad news for President Taft and the Republican party. The September elections in Vermont are regarded as a fairly good indication of what will happen in the presidential elections in November. In Vermont yesterday the Republican candidate for governor failed to secure a majority of the popular vote, and his election, under the Vermont law, is now thrown upon the legislature.

Mr. Fletcher has failed. Not only has the Democrats made large gains but nearly 14,000 votes for their candidate. The result in Vermont indicates that Roosevelt has not lost much, if any, ground as a result of the charges made against him by the Standard Oil people. He threw himself into the Vermont campaign and bitterly attacked John D. Archibald, president of the Standard Oil Co., and Senator Penrose, who declared before the senate investigating committee that he had once profited by large campaign contributions from the company.

POWER FOR THE FARM Why should not the farmers of the upper St. John valley be provided with hydro-electric power from Grand Falls? In Ontario power is being taken to the farms, as a result of the adoption of the hydro-electric power scheme by the government of that province. The Ottawa Free Press gives the following entertaining account of the activities of Hon. Adam Beck in connection with this scheme.

GOOD WORK OF S. P. C. At the quarterly meeting of the Prevention of Cruelty, which was held yesterday, Secretary Wetmore reported that during the month of June 1 to Aug. 31, the work done by him was as follows: Twenty-nine horses were removed from work for various causes, eighty-seven people had been cautioned for ill-treating their horses, fifty-four people for neglecting their cattle and dogs, and two for neglecting dogs and cats, two for neglecting birds' nests and shooting pigeons, and twenty for neglecting children and other persons. Three cases were taken to court.

WOULD NEVER HAVE GUESSED. (Louisville Courier-Journal). "Met a named Womaniat today. Says he was a friend of yours when you were poor."

NO DANGER. "Maria, look at the clock. Is the pendulum oscillating?" "Well, you can't see it just swinging back and forth all right."

LOOKING FOR IT. "Is there anybody in this village who would take some travelers in?" "Well, I don't know. The best sitting up nights waiting for the chance."

FILLING THE BILL. "Has this play of yours got any punch in it?" "Oh, yes, sir. There's a milk punch in the fire."

BIG CROWD IS THERE, THOUGH THE RAIN COMES

Attendance at The Exhibition Yesterday Was 7,500

FEATURES OF THE DAY

A Glance at the Education Exhibit, the Fruit Show and The Dairy Department—Some More of the Prize-winners

The attendance at the exhibition was good notwithstanding unfavorable weather, and the fair was visited and enjoyed by 7,500 people. This brings the total attendance, so far, to 31,422, which is more than 4,000 greater than for the first three days of the Dominion fair in 1910. Throughout the day cloudy weather prevailed, and rain began to fall about 3 o'clock, continuing until late enough in the evening to discourage thousands who had been planning to spend the evening at the exhibition. Owing to the rain it was found necessary to cancel the evening performance in front of the grandstand and the fireworks programme.

During the morning the aeroplane made a successful flight, but the 6 o'clock flight also had to be cancelled. This was not due to the rain, as the aviator will fly under almost any weather conditions, but was caused by the high tide. The incoming waters of Courtenay Bay covered the flats so quickly and so completely that the aviator did not have sufficient room to make a start.

In order to avoid such a contingency today Mr. Pool made his first ascension at 10.30 o'clock and his second at 1.30 in the afternoon.

St. Mary's Band yesterday furnished the music for the out-door programme and the City Concert band will be on hand today with a choice programme.

In a secluded portion of the gallery in the main building facing the entrance to the educational department there is an exhibit which should interest and delight every mother who visits the fair. This is the Free Kindergarten booth. For one as interesting as it is, the booth is in a poor location and very apt to be passed by because of insufficient advertising. Yet to those who stop there is a lesson to be learned in the care and education of small children. The exhibit consists of the furniture and equipment of a kindergarten and samples of the work accomplished by the pupils. Everything from the decoration of the booth to the smallest detail, is suggestive of the work carried on. Strung across the front of the booth are chains of green and yellow beads, and in the center are circles and half circles such as are used by the children. About the walls are run decorative borders made of paper figures by the youngsters and the child's calendar for the year on which a weather record of the day of the month is kept. The things of the booth consist of the tables, work benches and building blocks used in the school work. Hung from the ceiling is a lamp made of the cube, square and cylinder, and this, at this time the suggestion reverts to the memory of the founder of kindergarten work, Froebel, whose monument consists of a similar combination. In charge of the exhibit, is an accomplished teacher, who is only too willing to explain the object and advantage of the work. On Wednesday, Thursday and Friday afternoon, the children of the work will be given by the children themselves under the direction of their teachers.

Were it not for the redeeming feature which consists of W. H. Wiles' birch bark work, the exhibit in the educational department of the fair would be a failure. As it is the uniqueness and skill shown in this single collection of bark is sufficient to make up the deficiency in the other branches. The pressed flower collection on exhibition are not up to the standard, neither in quantity or quality. What few collections that are shown, although they have stood the test some years and thus reflect credit on the exhibitors, have also been subject to the abuse which is not infrequently met with in the standard. In the natural wood department, the same occurs in Mr. Wiles' collection is truly remarkable. It consists of envelopes, cards, book covers, writing, mapkin rings, which holders, and small and large boxes suitable for holding small knickknacks. The birch bark collection is a lady's shopping bag, made of birch bark. This article is about eight inches long and of proportionate width and depth, has pliable end and can be used as carefully as any leather-made bag and with every bit as much safety. The collection is the result of work in leisure hours and has been made by one who never, until the last eighteen months, turned his attention to the construction of such curios. Mr. Wiles is a resident of Lower Derby (N. S.), and has placed samples of his work among the fair exhibits for the purpose of showing the possibilities of this work.

The Fruit.

In spite of the adverse weather conditions throughout the maritime provinces during the growing season, the horticultural exhibit at the fair is one that does credit to the organizers who secured it and to the farmers of the provinces. The fruit exhibit is of a very fine quality, though in quantity it does not meet the standard set by the Dominion Fair. The grain and vegetable would, in the eyes of one of the judges, be hard to beat anywhere or at any time. In the fruit department, a noticeable thing is the fact that out of the plum, pear and peach classes not one exhibit is representative of the New Brunswick farmer's stock. Nova Scotia is represented by Eric and Harold A. D'Almeida and H. D. Johnson, who are the only exhibitors and the prize winners. The apple exhibits are of a fine quality and are excellent attestations of the great advantages offered in the provinces for the development of the industry. The vegetable department presents a wholesome appearance. Large, healthy-looking stock is there in abundance. Stock such as judges like to pass decision upon. Many, no doubt, will be surprised to find this department in the gallery of the new

The Opening Thursday Morning Formal Featuring of Fall Models in Costumes and Coats

A Display of Garments Distinctive in Style, Fit and Finish

A comprehensive display of models that reveal the master-hand of the famous designers of Paris, London and New York. The charm of our showing springs from the originality and effectiveness of the ideas, which lend an air of exclusiveness to the entire collection. Each style has some particular point of superior merit—some touch that will appeal to women who seek something out of the ordinary.

There is the spice of novelty and smartness in these garments gathered here from the leading fashion centres of the world.

EVERY STRANGER NOW IN THE CITY SHOULD ATTEND THIS SURPASSING EXHIBIT.

Friday Morning... Fall Opening of Millinery

New Brunswick's Foremost Exposition of Fashion's Autumn Favorites... Countless Chic Creations by Our Designers, Together With Rich and Alluring Imported Models

Friday and on following days in our Millinery Salon will be shown the most fascinating collection of clever creations an Autumn season has ever brought forth.

This opening display will reveal a wide variety of delightful models in imported hats, as well as the cream of fashion's handsomest offerings reproduced by our expert designers—in all affording a variety of trimming studies surpassing in beauty, individuality and exclusiveness any millinery exhibit in this section of the Dominion.

EXHIBITION VISITORS IN PARTICULAR ARE INVITED TO ATTEND.

MANCHESTER ROBERTSON ALLISON, LTD.

annex, but the change is owing to the fact that the number of exhibits is smaller than it has been for some years. This in now way reflects discredit either upon the management or the quality of the exhibit. The same is in itself sufficient to back the growth of the fruit.

The Dairy Association's exhibit, in the Dairy Department, is a display to educate the farmer in the correct methods of keeping and better milk and would also prove a source of much information to the city man. The object of the display is to induce the dairy man to conduct his business according to more scientific methods by the testing of the milk for the percentage of butter fat and thus bring about the weeding out of the poorer stock. It also places before him the correct methods of keeping milk pure and sweet. Some very interesting specimens show the effect of germs in the milk. In one case a jar of milk is shown containing but a grain of road dust and its effect upon the milk is in itself sufficient to lead housewives to sterilize their milk before using.

The display is nothing but educational. Farmers and dairymen visiting there need have no fear of having the advantages of any special make of machinery thrust upon them. When visiting there they need carry no greater introduction with them than a capacity for using their tongues to ask questions and glean some of the expert information to be obtained.

The progress made by the horse judges yesterday afternoon brought with it some decidedly favorable opinions concerning local stock. Judging in the carriage horse class was concluded and, as he made his awards, the judge remarked that the three horses had made a very creditable showing, being fine animals, well hitched and well managed.

Cattle.

The judging in the cattle classes yesterday was confined to the Ayrshires. This class is particularly strong this year, and includes several high class animals. The competition in many of the sections is keen to a noticeable degree, and the whole day practically was required to decide the relative merits of the entries. The cattle parade in front of the grandstand was a feature of the day's events, and visitors to the fair were given an exceptional opportunity to judge of New Brunswick's possibilities as a cattle breeding province. In the prize winning McIntyre Bros., of Saxe; Prescott Blanchard, of Truro; M. H. Parise, of Lower Millstream, figure often, all having fine showings in this class.

NATURAL GAS OF NEW BRUNSWICK

Paper of Interest Read by Ex-Mayor Reilly of Moncton at Convention of Canadian Municipalities

The following paper was read by Mayor Reilly of Moncton, at the recent meeting of the Canadian Municipalities Convention:— Natural gas has been lately called nature's greatest gift to mankind. It is a cheap, efficient and clean fuel, and it is a great boon to the industrial development of the communities to which it is supplied. The maritime provinces claim the distinction of having one of the most recently developed, as well as what promises to be one of the largest gas and petroleum fields yet discovered. The development in New Brunswick is very interesting. It is known to exist more than fifty years ago, hence these fields can claim the distinction of being the first as well as the last. In 1839 near the city of Moncton, the first well was drilled, which gave evidence of gas from shallow sands. At intervals, up to 1880, other wells were drilled, but without substantial results. In 1890-1891 the New Brunswick Petroleum Company secured a charter from the crown and shortly afterwards began operations, drilling some eighty (80) wells, many of which were dry. The greater number of these wells were shallow, varying in depth from five hundred (500) to six hundred feet. While small in quantity...

MRS. BORDEN AT LAUNCHING OF STEAMSHIP AT GLASGOW

PLAYS AND PLAYERS

Budget of News Concerning Stage Favorites Known to St. John Audiences

Scotti, the great baritone, and Miss Charlotte Ives, formerly of the cast of "As a Man Thinks," have just announced their plans to marry.

There was a large audience to welcome the new work and there was frequent applause. It proved to be a far more than the same lines as the author's first attempt and had the general marks of cleverness that the earlier play showed.

The wife of the prime minister of Canada presided at the launching of the new Canadian-Australian steamship Niagara. She is seen in the picture going down the ways to the water at the city of Glasgow.

After brushing up her musical education in Paris, Elsie Ferguson will return to America in the early fall to begin rehearsals for the Shubert department.

Marathons Win Again.
The Marathons had revenge on the Houston Reds yesterday afternoon when they defeated them by a score of 4 to 2. Winkler was on the mound for the Greeks and was in good form. Scanlan, formerly of Lynn pitched for the Reds. The play was close and at times the excitement ran high. One of the features of the game was Fraser's running catch of a long drive to left field which shut out two runs. The work of Riley, O'Brien, Dutton, Pinkerton and McGovern was also very commendable, in fact the whole team played a good snappy game. For the Reds Neptune at short and Hammond at second were the stars.

MAKERS OF BASEBALL HISTORY AGAIN FIGURE IN STRUGGLE FOR PENNANT

New York, Sept. 4--McGraw and Chance are again the prominent figures in the struggle for the National League pennant. The Giants are in the lead, but the fight is not over, and Chance declares that he is hopeful of coming out in front. The big lead that the Giants had earlier in the season has been lost, and in recent weeks the Cubs have been gaining. To be sure, the distance to be gained is considerable, but if Chance did not have the fighting spirit he would never have created the splendid baseball machine that has been battling for Chicago for so long. McGraw is also confident, and, though he knows that he can lose a few games and still finish ahead, he is trying to lose just as few as possible.
