Only One Chance in Hundred of Last Hour Development to Keep Up Negotiations—Bonar Law to Leave Paris Probably Tomorrow.

REDISTRIBUTION IN ONTARIO

Matter May Be Left Until After Elections

Perhaps an Experiment in Proportional Representation in Toronto, Ottawa and Middlesex—Legislation on January 23.

(Canadian Press)

Toronto, Jan. 4.—One of the biggest legislative questions with which the provincial cabinet is now wrestling, in preparation for the session to open on January 23, is that of redistribution of Ontario electoral ridings. It is said that no final decision has as yet been reached as to whether the Drury Government will re-distribute the Province at the close of its term of office, or whether it will leave the question for the next Government.

As a farmer's Government, the cabinet is faced with a delicate situation. Under proper redistribution, undoubtedly, the urban parts of the Province will benefit in legislative representation at the expense of the rural ridings. Present discrepancies in the unit of representation vary all the way from 8,000 population to a riding to well over 100,000, the rural ridings being on a strict basis of representation by population, much over-represented. Custom has been to redistribute both federally and provincially following each decennial census. An unspoken rumor has crept around to the effect that the Government will go to the opposite extreme on the present basis of representation.

At present there are 111 men in the legislature. It is not deemed likely that in the next redistribution measure that number will be further increased. There is strong possibility, however, of the Government experimenting in two or four ridings with the system of proportional representation, say in Toronto and Ottawa and the two Middlesex ridings.

FIRE DRIVES 100 SCANTILY CLAD INTO STORM

New York Firemen Have a Tough Fight—Rescues After Perilous Climb Over Roof.

New York, Jan. 4.—Six persons had narrow escapes from death and more than 100 others scantily clad were driven into the streets early today during a fire which damaged several tenement buildings in Greenwich street and threatened for a time to spread over an entire block.

Carl Kuhn, his wife and four children were trapped by smoke and fire in their fourth floor apartment. Fire men reached them after a perilous climb over the roof of the adjoining building and carried them down the fire escape to safety.

TURKEY CALLS MEN TO COLORS

London, Jan. 4.—The Turkish government has issued a decree calling to the colors all able bodied men in the liberated regions, according to an Exchange Telegraph despatch from Constantinople.

CATHOLIC SCHOOL AND GOOD SHEPHERD CONVENT BURNED

Winnipeg, Man., Jan. 4.—The Provencher School, under the jurisdiction of the St. Boniface Public School Board, was gutted by fire early this morning. The building, which was used as a day school only, was valued at \$106,000. According to early reports there was no one in the school at the time of the outbreak.

CONVENT ALSO

Quebec, Q., Jan. 4.—The Good Shepherd Convent of St. George De Beauce, a small town situated on the Quebec Central Railway, about 30 miles from Quebec, was totally destroyed by fire a little after midnight.

Republicans Still "Hold Fort" In "Siege" of Irish Consulate

City and Province In Grip of Another Severe Storm Today

High Wind Swirls Snow About and Piles Up Drifts—Amherst Reports Blizzard Severe, With Deaths, in United States.

Another severe snow and wind storm is sweeping over the city today, just a week from the start of the last heavy one. At noon it threatened to clear up the street car traffic. The storm broke during the night and at 11:30 o'clock this morning approximately three inches of snow had fallen. The highest wind velocity recorded at the Meteorological Observatory was thirty-four miles an hour. The thermometer registered twenty degrees above zero.

The C. N. R. reported that up to noon all their trains were running on time, but that they would hold the Halifax train until the arrival of the Boston.

Local Shipping. As far as could be learned this morning at the local shipping offices and through the Marine and Fisheries Department and the wireless station at Red Head, there have been no marine disasters of any kind in this district as a result of the storm now raging.

In Nova Scotia. The Canadian Navigator sailed this morning and was reported at only one o'clock this afternoon as eighty miles outward. The Niels Nielsen, with grain for Hamburg, sailed last night and was reported at one o'clock as being 120 miles outward. The Canadian Carrier, which arrived this morning from Glasgow and the Belfast, which sailed about midnight for London, were anchored off the island at one o'clock, waiting for clear weather.

In New Brunswick. Fredericton, N. B., Jan. 4.—Unlike the storm of last week that of today spreads over the entire province. Trains from the north shore as well as other directions were reported all on time, and railway officials said they doubted if the storm would prove as heavy as that of last week. Five or six inches of snow had fallen here up to noon.

Halifax, N. S., Jan. 4.—This city was again covered by a thick blanket of snow by a storm that started a little before midnight and continued steadily until early this morning when the wind veered from northeast to north and brought fine hail, which was still falling at noon. Drifts formed in some of the streets and traffic was badly handicapped. Street car service is quickly becoming regular and the in-

coming trains are only slightly delayed. Amherst, N. S., Jan. 4.—Amherst is in the grip of a blizzard. The snow fall at noon averaged about six inches, and is largely in drifts.

New York, Jan. 4.—Using every available mechanical device and with more than 1,000 men, recruited during the night, New York early today was emerging from the snowstorm which gripped the city last night. Snow fell heavily from dusk to about midnight but thinned out as day approached.

Surface and elevated lines were operated on "rush hour" schedules throughout the night, so that the tracks might be kept clear and there was little delay to office workers this morning. Incoming ships anchored outside the harbor, entrance being difficult. Police reported one death due to the storm—that of a six year old boy who was run down when the driver of an automobile blinded by the snow, failed to see him.

New England Buried. Boston, Jan. 4.—New England was buried under a heavy blanket of snow today. The storm, which started yesterday afternoon, continued today. In some quarters the fall was more than two feet and drifts mounted high. Street railway, railroad and marine traffic were hampered and in some places telephone communication was affected. James Euhar, of Dedham, was found dead in a snow-banked doorway.

Two fishermen, Edward Upham and Joseph Silva, of Rockport, were missing from that port in a small motor boat. School sessions were suspended in some of the suburbs.

As Hiram Sees It

"I was aimin' to hev a real good time," said Mr. Hiram Hornbeam to the Times reporter, "when them bond fellows from New York comes down to see the City Council. I hev an idee they don't git much o' what you call de luxe travellin'—haint got time fer it; but when they're down here they'll be glad to git a little variety. I was aimin' to take 'em fer a half a day on the street cars, makin' as many transfers as we could—goin' to Carleton an' Fairville, an' East St. John, an' Glen Falls, an' Injuntown. If it was a rainy day I'd like it all the better. I bet they'd go back to New York an' say they never had sich a time in their lives—an' they'd tell the folks up there they orto come down here an' see what we got. The only thing I'm a-fraid of is that they'll say three millions aint half enough fer what the city's tryin' to git away from the Noo Bun'sick Power Company—an' that they orto stick out fer seven million—yes, sir. But whether they do or not they'll git them rides if I hev to buy a dollar Cornet fer every one of 'em—By Hen!"

GROSS FRAUD, SAYS JUDGE IN SOCIETY CASE

Strong Words from Bench in \$1,000,000 Breach Suit

Dancer's Action Against Cornelius Vanderbilt Whitney—Judge Finds That Her Annulment of Marriage to Sterling Adair was Obtained Wrongfully.

(Canadian Press) Nyack, N. Y., Jan. 4.—Evan Burrows' Fontaine's annulment of her marriage with Sterling Adair was vacated yesterday by Justice Tompkins in Supreme Court here when he sustained charges of fraud brought by Cornelius Vanderbilt Whitney in defence of a \$1,000,000 breach of promise suit brought against him by the dancer.

Justice Tompkins, who granted the annulment in July, 1920, also ordered the district attorney to bring before a grand jury all records in the case, with a view to indicting Miss Fontaine and her mother for perjury in having obtained the annulment through fraud.

A gross fraud has been perpetrated on the court," Justice Tompkins wrote in his decision. "Perjury has been committed by both complainant and her mother and deceit and concealment resorted to and irregular and improper practice indulged in by the plaintiff's attorney of records, Charles Firestone."

Miss Fontaine obtained the annulment on statements that she did not live with Adair after their marriage. The affidavits submitted by counsel for Whitney included several copies of letters alleged to have been written by the dancer to Adair in which a plan of collusion to set aside their marriage was outlined.

LABOR REQUESTS TO GOVERNMENT

Eight Hour Day, Development of Canadian Coal Fields, Abolition of Tax on Purchases.

Ottawa, Jan. 4.—(Canadian Press)—With payment scheduled to meet on the last day of the month, January promises to be a busy one for delegations. The labor delegation ranks as one of the most important. Representatives of the Trades and Labor Congress will probably be received by the Government about the middle of the month.

The labor men will, it is understood, again urge implementing of the various conventions adopted by the International labor conference of the League of Nations, more particularly the eight hour day. They will urge the Government to develop Canadian coal fields to make Canada independent of coal, stabilizing of the joint council of the civil service and the setting up of departmental councils similar to those established in the Government service of the United Kingdom. Among other things they will favor abolition of the tax on purchases.

WEATHER REPORT

Synopsis—The disturbance which is centered near the south Atlantic states yesterday has moved quickly to the Nova Scotia coast, causing gales with snow in the Maritime Provinces. Light snow falls have occurred in southern and eastern Ontario and western Quebec, also in Manitoba and Saskatchewan.

Table with columns: Station, 9 a.m., Highest during day, Lowest during night. Lists weather data for various locations like Prince Rupert, Victoria, Kamloops, etc.

Bridge Gives Way; Scores of People Fall Into Flood

Eight Missing and May Be Thirty Dead in Kelso, Washington, Tragedy—Traffic Jam Causes Old Structure to Give Way.

(Canadian Press) Kelso, Wash., Jan. 4.—Names of eight missing persons were known while estimates of the number lost ran as high as thirty, when rescue parties today resumed search of the wreckage-strewn flood waters of the Cowlitz River, into which an old suspension bridge here bearing scores of men and women, collapsed last night.

From fifty to 100 people, one truck and at least ten passenger automobiles were on the bridge when it fell. The structure gave way in the midst of a traffic jam caused by a stalled motor car.

Most of the people on the bridge were thrown into the swirling river and many were picked up by boats or swam ashore. After darkness efforts to recover bodies were futile, although the river steamer Pomona, lured by the hope that there might be life in the debris, breasted the swift current during the night to play a searchlight over the scene. But early this morning no bodies had been found.

Of those rescued one man died this morning and another was believed fatally injured. Six others were taken from the water seriously hurt.

Early today there was a rush of frantic relatives seeking some word of lost loved ones and a constantly growing list of missing persons.

BURIAL SERVICE BY RADIO AS STORM RAGED

Captain of Hatteras Succumbed to Pneumonia

No Prayer Book on Board, the President Adams Sends Words of Service 240 Miles Across Storm-Tossed Ocean.

(Canadian Press) New York, Jan. 4.—"We commit this body to the deep..." While the crew of the storm-tossed little freighter Hatteras stood with bared heads about the body of their dead captain, the steamship President Adams, 240 miles away, transmitted by radio solemn words of the Episcopal burial service.

The Hatteras first got in touch with the President Adams, then prescribed remedies by radio. They proved unavailing, however, and the following day a message came from the Hatteras saying Captain Matthews was dead. Then Chief Officer Bendel of the freighter made his request for a funeral service by radio. The Hatteras continued on her way with Chief Officer Bendel in charge.

The revised story of the party, as the police got it yesterday, was that the guests assembled in Carman's apartment on the fifth floor about four p.m., played cards until 6:30, had supper and resumed their game about 9 p.m. The party continued until the New Year was ushered in, after which Mrs. Schoellkopf announced that she intended to return home alone, despite the hour and the fact that her hotel was half a mile away.

According to the police, Mrs. Schoellkopf descended to the next floor, where she said she met a man introduced to her at the party. She then was drawn into a fourth floor apartment and robbed. The police denied that she had been drugged or chloroformed as previously reported.

SYDNEY DOCTORS IN REBELLION

Discontinue Lectures to Student Nurses in Protest Against Hospital Commission.

Sydney, N. S., Jan. 4.—As a result of friction between the doctors of the city and the Sydney Hospital Commission, the medical men have given notice that they will discontinue lectures to student nurses at the city hospital.

At the special request of Miss Calver, the Matron, the doctors will continue their instructions to members of the hospital commission who will be graduated in the spring, but the intermediates and Juniors will be left to shift for themselves. The medical staff some time ago resigned on the ground that the hospital commission was playing politics with important appointments and policies, instead of being guided by the technical experts.

CALL FOR GENERAL STRIKE IN WEST

Edmonton, Alta., Jan. 4.—Asking that a general strike of all labor organizations, in sympathy with the striking miners in this district, be called immediately, Vice-President Ryan of the United Mine Workers, District No. 18, addressed the Trades and Labor Council, here last night. Action on Mr. Ryan's request was deferred until next Saturday.

COSTS \$50 FOR ACCIDENTAL FIRE ALARM

Montreal, Jan. 4.—A test case which will affect several local firms was adjudged here yesterday when Heron-ster Geoffrey imposed a fine of \$50 on a wholesale company for ringing a false fire alarm last April. The evidence showed that the alarm was a private subscription elected to the House of Commons.

CAPREOL, ONT., HAS BAD FIRE

Sudbury, Ont., Jan. 4 - Part of the business section of Capreol, in the C. N. B., just northwest of here, was destroyed by fire last night. The blaze was in the very heart of the town. Information as to the extent of the conflagration is meagre. It is reported that two lives were lost. The motion picture theatre, two pool rooms, a butcher shop and two grocery buildings are said to have been destroyed.

SPORT NEWS

HOCKEY. N. H. A. Results. In the N. H. A. fixture played in Toronto last evening the St. Pats defeated Ottawa 3 to 2, in a thrilling game which went six minutes overtime. Babe's bullet like drive from thirty feet ended the struggle. Before the game Eddie Gerard, of the Ottawa team, was presented with a handsome token by President Fred G. Hamby of the St. Patrick's Club in appreciation for his services last year.

NOTHING RESERVED GET ABOARD! ROBINSON'S COAST-TO-COAST SPECIAL for the Great Run-Down of HIGH PRICES

A Train of Clothing Values That Will Again Startle the Canadian Clothing World

ONLY ONCE BEFORE has such a value-giving feast been duplicated. In the Spring of 1920 I cut my prices below cost in an effort to break the high price market. I asked the public to support me in the movement, and together we did it.

NOW AGAIN, my mammoth manufacturing and sales organization are all steamed up for a smashing drive against high prices, and once more I will demonstrate my right to the title of Canada's Greatest Clothier.

Starting Friday, January 5th And Continuing for Twelve Days

TO-MORROW, 9 A.M. I shall open the throttle and speed full tilt ahead—crushing high prices by the gigantic wheels of my vast enterprise.—Nothing can impede the progress of Robinson's Coast to Coast Special—the fast flyer that will cut the ground from under all clothing competition and continue to gain for me the confidence of the public.

Robinson's Million Dollar Stock Disposal

1/3 OF MY STOCK SUITS & OVERCOATS Commencing tomorrow, I am going to test the buying power of the public by dividing my Entire Million Dollar Stock. \$25

LIFE WAS MISERY!

"I was reading the other day about Neurasthenia, about the large number of people who were troubled with this disease. It is just what my wife had. She felt miserable all the time and was constantly depressed. She would waken in the morning and tell me that something dreadful was going to happen that day. Life was nothing short of misery for her. She was so depressed that I expected she would lose her mind and have to go to a sanitarium and I kept wondering how I would get the money to pay for her. She could not eat and had no appetite for food. She was irritable and cranky most of the time. If she was crossed in any way, she would immediately work herself up into a violent temper. This worried me because she had always had a kind and gentle disposition and nothing which was said or done seemed to irritate her. I spoke to our family doctor about her and he said that her trouble was imagination and that if she would try and forget about her depression and look on the bright side of life she would be all right. Of course I didn't dare tell her this because I knew she would get into one of her tempers. When she got over these fits of temper, she was always weak and ill and more depressed than ever. The doctor said a tonic might help her and gave me a prescription but this did not do her any good. She tried all kinds of other tonics with the same result. Carnol was recommended to me and I wish to state that it is the leader of all tonics. Since taking it, my wife has changed completely. Now she is always ready for her meals and work is no burden. It is a pleasure for me to recommend Carnol to anyone who is in need of a tonic or a body builder. Excuse me for writing this letter but I want you to accept my thanks for that wonderful tonic known as Carnol." — Mr. J. M. Toronto. Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 7-622

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, JANUARY 4, 1923

The Evening Times and Star

ST. JOHN, N. B., JANUARY 4, 1923

The St. John Evening Times is printed at 27 and 29 Castlesbury Street every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

AN ANXIOUS PERIOD.
A breakdown of the conference of premiers in Paris now seems certain. The French and British views are not to be reconciled. France refuses to trust Germany, and demands full reparation, her claims to be enforced by seizure of the Ruhr region, which Mr. Bonar Law describes as the jugular vein of Germany.

HERE IS ONE REASON.
The National Civil Service Reform League of the United States gives some valid reasons why the prohibition law in that country is not better enforced. A Washington despatch says:— "The question that received the greatest attention during the recent convention of the league was that of prohibition enforcement. The report submitted by the council of the league declared that many of the scandals in the prohibition enforcement service are directly traceable to the fact that enforcement agents are appointed under the spoils system."

A merry war in the House of Representatives at Washington may follow some recent remarks by Representative Upshaw of Georgia. He practically charged that members of Congress, Governors of States and other officials had violated the prohibition law. Representative Hill of Maryland has announced that he will call upon Mr. Upshaw to produce his evidence.

7-Year Search Reveals Treasures Worth Forty Millions In King's Tomb

Lady Allenby - Above - FRONT OF TEMPLE OF THEBES - Below - TOMBS OF KING TUTENKHAMEN OF EGYPT -

New York, Jan. 3.—Treasures from the tomb of the ancient Egyptian king Tutankhamen, unearthed after seven years of arduous labor by Howard Carter and the Earl of Carnarvon, will be brought here and placed in the Metropolitan Museum of Art.

WANTED—A MAN TO LEAD
There isn't a boy but wants to grow Manly and true at heart, And every lad would like to know The secret to impart.

MUCH LESS DRINKING.
(Halifax Chronicle.) Prohibition and Prohibitionists received a decided boost from the police record of the Christmas season, which showed comparatively few drinks were taken into custody by the police from Saturday until Sunday night, and both were in good enough shape to be liberated shortly after being locked up so that they might spend the Christmas with their families.

A GERMAN PONZI.
(Boston Herald.) There is nothing new under the sun, not even in the get-rich-quick game. The latest Ponzi story comes from Germany, where the son of a Silesian shopkeeper, who in 1818 was receiving poor relief and in 1919 picking up an uncertain living as an itinerant photographer, started in two years ago to capitalize the gambling mania which has been one of the curious manifestations of German psychology since the war.

WHO KILLED THE AMERICAN?
"I" said the Budget. "I did it with my financial wheedle. I was the one who killed the Last American." "Twas I," said the Bolshevik, "I killed the Last American." I permeated his social structure with my virus. I did it with my little Trotsky.

A WOMAN MAJOR.
Mrs. Alice Strickland, who is sixty-one years old, and has seven children, four sons and three daughters, has been elected as the first woman mayor of Duluth, Minn., Ga.

NEW YORK'S NEW YEAR'S.
New York's eye was very quiet and very dry. It was, at least with respect to the public celebration, in the streets, the hotels, restaurants and cabarets, up to the midnight hour. What went on behind closed doors after midnight was another matter. All that can be said is that the public celebration was a great triumph for the prohibitionists, a great sorrow to the unregenerate drinkers.

The Speed-Skaters' Favorite
When and wherever skaters have engaged in racing, the name Nestor Johnson has been prominent. The wonderful strength and Nestor Johnson style and quality make them the skaters' choice every time. Nestor Johnson Skates are swift, safe and sure. In
NESTOR JOHNSON SKATES
the Tube which houses the blade is unique in having a feature found in no other tubular skates. It has two patented corrugated ribs, one on either side of the tube, making a firm, rigid housing for the runner, and ensures straight, firm skates that are safe.

RECENT WEDDINGS

Crealock-Thompson.
A pretty wedding was solemnized on Tuesday evening at the home of the groom's sister, Mrs. W. G. Wright, 140 Metcalfe street, when Everett Burton Crealock, of Pearsonville, was united in marriage to Miss Elizabeth Hilde Thompson, of Highfield. The ceremony was performed by Rev. E. P. Wright. The bride was charmingly attired in navy blue duchess satin and was unattended. After the ceremony supper was served. Mr. and Mrs. Crealock left yesterday morning for their future home in Pearsonville, King's county, where the groom is engaged in farming.

King-Hubert.
Yesterday afternoon at three o'clock in Trinity church, Rev. Canon R. A. Armstrong united in marriage Miss Mildred Newman Hubert of Bathurst and George W. King of Brandon, Man. After the ceremony a reception was held at the home of the bride's sister, Mrs. J. A. Ledingham, 24 Peters street. Mr. and Mrs. King left on the evening train for the west.

Welsford-Peterson.
On December 24, at Colorado Springs, Colo., J. J. Baldwin united in marriage Miss Lucy Williams Peterson and

Joseph C. Welsford, son of Mr. and Mrs. W. G. Welsford, 118 Broad street, St. John. Mr. Welsford has been attending college, but had spent the last four summers in Colorado Springs. In the Sackville Methodist church, when Rev. Dr. Philip united in marriage Miss Edith Llaette Hunton, daughter of Professor and Mrs. S. W. Hunton of Sackville, to Edward B. Wilber of St. Louis, Mo. The bride was supported by her sister, Miss Dorothy Wilber, and the groom was assisted

by Sidney H. Hunton of St. John, brother of the bride. Mr. and Mrs. Wilber left for Quebec, New York and Columbus, Ohio, before settling in St. Louis.

RECENT DEATHS

Mrs. Graham Bell.
A great deal of surprise and regret was occasioned in Cape Breton among the friends of Mrs. Bell, widow of Alexander Graham Bell, by the news of her death in Washington very recently as she had appeared in fair health when leaving Cape Breton. Mrs. Bell was well known near Baddeck and in Victoria County for her acts of goodness and her community work. She will be buried beside her husband and two younger children on the summit of Beinn Breagh mountain. Although totally deaf since childhood, Mrs. Bell acted as her husband's business manager and was a leader in her own social set. She was taught lip-reading by her mother and in 1895 wrote an article on this subject that was published in many foreign countries. She wrote for many magazines and also wrote several plays.

Rapor Milner.
Rapor Milner died yesterday at the home of his son, Kenneth Milner, Salisbury Road, yesterday, at the age of 101 years, ten months and sixteen days. He is survived by two sons and three daughters. About ten years ago his sister, Mrs. Susanna Gunning, died at the home of William Milner, Salisbury Road, at the age of 101 years and four months.

Mrs. James Wellwood.
Mrs. James Wellwood of Harcourt, one of the three very aged sisters-in-law residing in that place mentioned recently in the local papers, passed away the latter part of last week at the home of her nephew, Anthony Agnew, at the advanced age of ninety-eight years. The funeral was held on Sunday with service in the St. Andrew's Presbyterian church by Rev. B. H. Penwarden.

William Daley.
The death of William Daley, formerly of St. John, occurred on December 19 at his home in Rawlins, Wyoming, at the age of seventy-eight. He was born in St. John and is survived by a brother, John Daley, now of Digby.

Mrs. Caroline A. McGaghey.
The death of Mrs. Caroline Amelia McGaghey, occurred at her home in Cumberland Bay on Sunday. The funeral was held on Tuesday. She is survived by her husband, one son, one daughter, her parents, Mr. and Mrs. T. H. Morris of St. John; two sisters, Mrs. William Murphy and Mrs. Olive Morrill of St. John, and one brother, Roy B. Morris of St. John.

Coal taken from submerged vessels in salt water is found to be much improved as a fuel, leaving but little ash when burned.

WINTER FOOTWEAR
Felt Boots and Slippers—Overshoes, Shoe Pacs, Gum Rubbers—Skating Boots, etc.

Our January Sale of 1923, which begins Today, promises to be the most remarkable we have ever announced. As previously stated in the daily newspapers, we have discontinued our wholesale branch, and, to make a quick turnover of the remaining stocks in that department of our business, we are offering these lines through our three retail stores at wholesale prices, and some at even less than the average merchant pays for footwear of these kinds.

Women's Felt Slippers 95c Hundreds of pairs in all colors—Koscys and Plaid.	Boys' Skating Boots \$2.85 Others at \$3.85 and \$4.85. All best makes here.	Girls' Felt Boots \$1.65 In sizes 8 to 10. Sizes 11 to 2 are \$1.95.
Women's 10 Button Gaiters 69c 200 pairs of these, in Browns and Greys, sizes up to 4.	Men's One-Buckle Overshoes \$1.95 for the heavy one. Fine Jersey top selling at \$2.45. Two buckles at \$2.65 and \$3.35.	Men's Felt Boots \$2.80 for the all felt kind. With leather soles or Vamps at \$3.50.
Women's Felt Slippers \$1.85 Best quality of Wool Felt. Pretty colors and patterns.	Men's Skating Boots \$3.65 for hockey boots; also a few speed boots at \$4.95.	Women's Skating Boots \$3.95 Mostly in sizes 4 and 5, but a few pairs of other sizes to start with.

Although stocks are ample in almost everything, early buying is best, enabling first choice among the very lines and styles you want most.

COUNCIL OF CHURCHES BACKS BORAH'S PLAN

Recent action of the Federal Council of Churches of America supports Senator Borah's effort to induce the United States to call an international economic conference.

A statement, issued by the executive board, is as follows:
"Unless the United States comes to the aid of Europe the world is threatened with chaos."
"It needs only an ordinary contact with continental Europe to make clear that her political problems are fundamentally economic and moral, that the European nations can never meet the

SLAYER IS FREED TO BE ADVERTISER

Louis Victor Eyttinge, Fifteen Years in Prison, May Take a \$6,000 Post-Saved by Literary Skill.

Phoenix, Ariz., Jan. 3.—Louis Victor Eyttinge, who has gained prominence through his literary accomplishments while serving a life term for murder in the Arizona State Penitentiary, received a parole last week from Governor Thomas E. Campbell.

Eyttinge while in prison wrote several stories and articles which were published under his name. During the war he contributed to the advertising campaigns for the United States Liberty Loan drive.

According to Mr. Campbell, Eyttinge recently received an offer of a position with a New York publishing firm at a salary of \$8,000 a year, and the parole was made contingent upon acceptance of this offer. The parole will become effective immediately.

Louis Victor Eyttinge, who at the age of 28, was sentenced to life imprisonment fifteen years ago for the murder of a man, is considered today one of the most brilliant advertising writers in the country, with a reputation in every advertising club in the United States. He has written scores of articles of a technical nature and a number of scenarios for moving pictures, as well as hundreds of sales letters for concerns all over the country—all of this since he was condemned to the Arizona State Penitentiary.

Having served two terms in prison for forgery, Eyttinge, in 1907, was sent by relatives from Columbus, Ohio, to Arizona, with a promise from them of \$100 a month so long as he kept away and out of trouble. Sixty days later he was standing before a judge in Phoenix accused of taking a man out with him in a buggy and murdering him on a lonely ranch. Whether Eyttinge was guilty of the man's actual death no one was able to decide.

The victim had asthma, heart trouble and tuberculosis, any one of which might have killed him. On circumstantial evidence he was condemned to life imprisonment. Judge A. C. Baker of Phoenix, who defended him, paid the expenses of a new trial out of his own pocket, and William A. Pinkerton said it was improbable that Eyttinge had committed the murder, as his criminal bent was not in that direction.

Weak and hardly able to walk, Eyttinge entered the prison hospital where he was expected to die at any time from tuberculosis. It was while in a hospital ward, together with nineteen other consumptive cases, that he first began to stage his come-back, which attracted the attention of the advertising world.

Bothered by mosquitoes, Eyttinge decided that he would have to have money to buy netting. From the advertising pages of a magazine he cut out the names of two Western curio dealers and he wrote offering them horseshoe trinkets made by him and the other ward prisoners, whom he organized into a sort of manufacturing force. At the end of the year he was sending out wonderful sales letters to about forty dealers. He gained weight and he and the other prisoners were getting all the things they needed and making good money.

Then the prison authorities decided that two letters a month were all that Eyttinge could send out. It was then that he learned the secret of writing sales letters of such pulling power that they were the wonder of the business world. In 1912 the embargo on letters was lifted and Eyttinge was thus at liberty to become what he wanted to be, a specialist in the advertising field. He had for a long time been studying the leading trade papers. He now launched sales campaigns and wrote letters to the different organizations, full of suggestions of originality and power. His own business grew and although he made several thousand dollars a year he saved none of it. He spent it all on milk and eggs for sick prisoners and to aid other prisoners in every way possible.

Increased in weight and now pronounced cured of tuberculosis, Eyttinge from his prison cell began to attract national attention. His booklet on "Giving Letters Life and Decent Dress," one of the most admirable works of his kind, was first read at the Toronto convention of the World's Advertising Clubs. His name appears as author of two sales books, and he has won a silver cup in a national contest among advertising men.

A ONE-OUNCE TYPEWRITER IN SCIENTIST'S VEST POCKET Cambridge, Mass., Jan. 3.—A typewriter weighing one ounce and fitting in a vest pocket was brought by Dr. H. E. Wetherell of Philadelphia to the meetings of the American Association for the Advancement of Science. He devised it for his own use.

Held between the fingers and upon the paper, the machine writes by means of a wheel equipped with rubber letters which special devices bring in contact with the paper. Dr. Wetherell said that operation of the typewriter was slow in the hands of a beginner, but that an experienced writer could attain a speed of seventeen words a minute. It is almost noiseless.

DEATH FAILS TO CURB DOG'S LOVE FOR MASTER Animal Stands Guard Over Body of Victim of Heart Failure London, Dec. 5.—(By Mail) — A touching example of a dog's devotion to his master is described in "The London Daily Mail."

sees his dog so nearly killed the man bent down to pick up Bobby. He collapsed and died of heart failure. On seeing his master's lifeless body the dog began to whine pitifully. When a policeman came along the whines changed to angry growls, and with bared teeth and hair on end Bobby sought to prevent his dead master's pockets from being searched for an identification card. When the ambulance arrived the dog made renewed efforts to escape from the policeman's hold and follow his master's body into the car.

On seeing that he could no longer be of any use in guarding the man, Bobby ran home and tried to indicate to Mrs. Ellis, in whose house his master was boarding, that something was wrong. The antelope, swiftest of animals, can do 62 miles an hour at top speed.

RAPS BRING AID TO CHINESE New York, Jan. 3.—A danger signal rapped on a table and this communicated to the cook in the chop suey restaurant of Hing Gee at Ridgewood, Queens, brought police to the aid of the manager, Hing Gee, who declared he had been threatened with a loaded revolver by Martin Hines, a salesman. Hines was arrested for violation of the Sullivan act. Hines threatened Gee, it was charged, in an altercation over the charge of certain dishes.

MUTT AND JEFF—SPIVIS HAD BETTER PATRONIZE A LAUNDRY

METER SWITCHED; RAN BACKWARDS

Must Pay \$100 Fine or Go to Jail.

Hamilton, Jan. 3.—The hydro electric meter in the home of Leon Jasinski, Imperial street, on Sept. 23, registered 4,472, and after two months use it only registered 4,454, as Hydro meters will not work backwards, the officers commenced an investigation which brought Jasinski into court on a charge of altering wiring. The hydro department attempted to prove that Jasinski had reversed the wiring at the meter making the current run through the meter in the opposite direction. Though Jasinski and his wife protested earnestly that they were innocent and that a boarder had connected the wiring up, he was found guilty and fined \$100, which he promptly said he would not pay. He will serve a month in jail, unless he pays the fine.

PARISHES' COAL SEAM

Roman Catholics and Anglicans Operating Mine. Sydney, N. S., Jan. 4.—How Roman Catholic and Anglican parishes have combined to develop a coal seam at Leading Tickle, a remote section of Newfoundland, was told here by Father J. J. Nolan, the parish priest concerned. Some time ago a seam was discovered at Leading Tickle. As the prospect of development on a big scale seemed remote, Father Nolan and Rev. Mr. Bull, the Anglican rector, staked claims on behalf of their respective parishes, and Catholics and Anglicans are now co-operating in sinking a shaft, which should solve their local fuel problems for years to come.

MR. LOGAN MUCH IMPROVED. Amherst News: H. J. Logan, M. P., wishes to thank each and all of his Cumberland County friends for the thoughtful manner in which they so kindly remembered him at Christmas. His condition is so much improved that his doctors expect he will be sitting up in a few days.

The Retail Merchants' Association has been taking steps to draw the attention of all persons promoting various affairs to raise money for charitable and other purposes to an amendment to the criminal code passed at the last session of Parliament and which went into effect a few weeks ago. It is to the effect that all games of chance, such as the punch board, wheels of fortune, guessing contests, and other illegal amusements convicted of operating them is liable to two years' imprisonment and a fine of \$2,000.

FIVE DELAWARE PRISONERS FLOGGED AT WHIPPING POST

Wilmington, Del., Jan. 4.—Five prisoners convicted for various crimes were punished at the ancient whipping post in the County Workhouse. Stripped to the bare back in their cells, the prisoners were wrapped in blankets while being taken to the post in the prison yard. The effects of the cat-o-nine-tails were visible on the backs of the men, but they evidently did not suffer much. The prisoners, with the punishment received, were Lawrence Gains, negro, for burglary, twenty lashes, twenty more to be given next Saturday; Charles Palmer, burglary, five lashes; John Lee, negro, larceny, five lashes; Jackson Montgomery, negro, larceny, five lashes; Martin F. Cottingham, larceny white on parole, five lashes. In addition to the whippings, the prisoners received jail sentences.

Sky Poor Roof.

Frederickton Mail.—A farm machinery man estimates that the farmers of New Brunswick lose thousands of dollars every year by leaving machinery out of doors during winter. Despite all the advance that has been made in agriculture the sky is still no better a roof than it ever was.

THE ARCHBISHOP OF BALTIMORE SCORES DE VALERA ACTIVITIES

Dublin, Jan 1.—(By Associated Press)—The Freeman's Journal publishes a cablegram from Archbishop Curley of Baltimore, deploring Eamon De Valera's "campaign of riotous destruction," and declaring America is sympathetic to the Irish Free State. The text of the message follows: "One hundred and ten million Americans, with the exception of a few irregulars, are delighted with Ireland's forward step in establishing a free state. There is no doubt of American good wishes for the success of the present government. "The success of De Valera's campaign of riotous destruction is a sad spectacle to all of us."

NEW YORK SCANDAL

The biggest scandal New York has known in years is raging. It concerns the amours of a dusky belle of a mid-night dance resort. The tale is told that an admirer of the girl was so shocked at the refusal of a Park avenue apartment house to give her a suite of rooms that he purchased the entire building, and the young lady is encountered there in queenly splendor. She is dripping with diamonds and rides around in a Rolls-Royce. A few years ago she was a housemaid in the home of a Harlem undertaker.

FINE WATCH REPAIRING a specialty. Watches, clocks, and Jewellery.—Ernest Law, Est. 1885, 8 Coburg.

DIAMOND BOUGHT and Sold. Watch and Clock Repairing a specialty.—G. D. Perkins, 46 Princess street

WHAT'S GOING IN THE MONEY AND STOCK MARKETS TODAY

STANDARDIZING INDUSTRIALS

LAST YEAR SAW GREAT ADVANCES IN METHODS OF CUTTING DOWN COSTS.

New York, Jan. 4.—The year 1922 saw greater activity in industrial standardization than any other year in the history of American industry, according to Albert W. Whitney, who has issued a review of the 1922 report of the American Engineering Standards Committee. The committee is a federation composed of national technical societies, six departments of the Federal Government, and the principal trade associations in the country. Mr. Whitney is its chairman, and his labors are all in the direction of standardization. Notable progress was made during the year in standardization of raw materials, of manufacturing processes, and of finished products, by individual firms, by industrial and technical associations, and by bodies that are working on national and international lines.

One of the most far-reaching accomplishments of the year, Mr. Whitney declares, was the organization, on a working basis, of the Federal Specifications Board, which develops and approves the specifications under which all Government purchases are made, and the development of a plan of cooperation between this board and the American Engineering Standards Committee, the carrying out of this plan should go far toward eliminating the differences between specifications for Government purchases and specifications for ordinary commercial supplies, and should thereby result in the saving of millions of dollars both for the Government and for industry.

The organization of Secretary Hoover's Division of Simplified Practice, and its entrance into the field, had a highly stimulating effect on the industrial standardization movement and helped in particular to press home to the business world the fact that standardization is one of the main approaches to efficiency and the elimination of waste. The Division of Simplified Practice has already been busy about standardization of paving brick, of beds, mattresses, and springs, and of metal lath. It now has under way the standardization of lawnmowers and other products. The distinction between the basis for this work and that of the American Engineering Standards Committee lies in the fact that the Division of Simplified Practice devotes itself particularly to that part of the field in which decisions must be made on a non-technical basis.

Great advances were made by industry itself on the more technical side. More than 120 standardization undertakings now have an official status before the American Engineering Standards Committee, 48 of them having been initiated within the last year; this is an increase of more than 40 per cent. Of the 28 industries which have developed and approved by the American Engineering Standards Committee since its organization in 1918, 23 have issued their standards during the year. The efforts to develop national safety codes, which have been under way for a number of years, began for the first time to bear fruit. The following six safety codes, pointing to the elimination of the most serious classes of industrial accidents, were approved during the year: Safety code for the use, care and protection of abrasive wheels. Safety code for the use and maintenance of industrial workers in foundries. Safety code for power presses, foot and hand presses. National electrical safety codes. Safety code for the protection of heads and eyes of industrial workers. Specifications for the testing and use of preliminary explosives. Another outstanding accomplishment in the industrial standardization work of last year was the development of the "standardization by conference" idea, in which all of the interests involved in the subject including producers, consumers, and the public and government, participated in deciding: First, whether a standardization project was to be undertaken, and secondly, whether it should be and its relation to other standardization work.

C. N. R. PLACED ORDER FOR 26 LOCOMOTIVES

Kingston, Ont., Jan. 4.—The Canadian Locomotive Company, Kingston, has received an order from the Canadian National Railways to build at once sixteen Mountain and ten M-100 locomotives, which are to be delivered by spring. The Canadian National Railway order will require about eight hundred men.

SPECULATIVE INDUSTRIALS WERE STRONG

SOME OTHERS WERE EASIER AND SOME SHOWED WEAKNESS—NOT BRISK IN MONTREAL.

New York, Jan. 4.—(10.10).—Speculative industrial stocks showed a strong tendency at the opening of the market, the locomotive shares and the smaller steels were easier, while United States Steel and Standard Oil of New Jersey showed weakness. Some of the railroad issues showed strength. Associated Oil advanced two points, while United States Steel preferred and International Paper gained 1/8 over yesterday's close. Advances of a point or more were made by Columbia Gas and Electric, Republic Steel and California Petroleum. Pressed Steel Car was weak, falling off four points, while C. P. R., American Tobacco, New York Central, and Kayser declined fractionally. Sterling declined about quarter of a cent.

MONTREAL EXCHANGE

New York, Jan. 4.—(Wall St. noon)—The early hesitation and irregularity of the market was succeeded, at 11 o'clock, by a definite trend upward, although speculative selling continued for a time in local public utilities, tobacco, Chandler Motor, Stewart Warner Speedometer and American Smelting. The general trend of the market was strongly upward. There was a heavy accumulation of steel, equipment and can shares which gave strength to the balance of the list. The buying included some industrial and specialties. Pressed Steel Car declined three points of its early 4 point decline on announcement of a new financing program. United States Steel touched 108 and advances of 2 to 3-1/2 points were made by Pullman, Columbia Gas and Electric, Republic Steel, Louisville and Nashville, Eastman Kodak, U. S. Realty and American Radiator. Call money opened and renewed at 4 per cent.

OPINIONS ON THE MARKET

(McDougall & Cowan's private wire) New York, Jan. 4.—Housman: "We believe that the underlying trend is upward and that the market will be a good one for the remainder of the year. It is as if we were buying a little later on as it was during December, but for the present it might be better policy to sit tight and say nothing." "Bach & Co.—'We do not like to recommend most stocks here when we believe the chances are excellent for the purchase of stocks at lower levels before the middle of this month.'" "Thomson McKinnon:—'While believing the market has a substantial foundation, future prospects bright, and that higher prices will come as a result, we nevertheless feel that profits should not be dispersed.'" "Evans:—'In spite of unfavorable news from Paris yesterday, the market was strong and gives every indication of going higher. This is a perfectly natural reaction as conditions are strongly in favor of higher prices.'" "NEWS NOTES OF STOCK INTEREST: New York, Jan. 4.—Bank of England discount rate unchanged at 3 per cent. Federal Reserve Bank quarterly dividend of 1.25 on common and 1.50 on preferred, payable February 1 second of January.

ALMANAC FOR ST. JOHN, JAN. 4

Table with columns: Time, Event. Includes Sun Rises, High Tide, Port of St. John, British Ports, Moncton Firm Retires.

FINANCIAL NOTES

London, Jan. 4.—Bar silver, 32 1/2 an ounce. New York, Jan. 4.—Foreign bar, 32 1/2 66-3. For starting an auto engine in cold weather half a spoonful of sulphuric ether poured in the priming valve is effective.

THE OUTLOOK IN THE UNITED STATES

Optimism that Verges Upon Confidence, Says Bradstreet's

Some Dangers—Fear of Another Coal Strike in April—Radical Block in Congress May Make Trouble—Less Worry, However, Than a Year Ago.

(Bradstreet's) As so the constructive side of the situation is naturally the notable degree of betterment shown and the optimism generated thereby in the past year and a half, it is now generally agreed, the beginnings of improvement first became clearly visible. Satisfactory conditions in the domestic trade and industry in 1922, perhaps best evidenced in the wonderful year's operations in building and allied lines, have strengthened the feeling that this year will continue well into 1923. How much more might have been accomplished if the country had not had to shoulder the terribly expensive coal and railroad strike is, of course, not a subject to dilate upon now. The continuance at a faster rate of the 1922 rally in prices has been continuing, frequently noted, chiefly because of the fact that, after all, there are two sides to the price situation. The rally in prices during the autumn, unquestionably served to hearten the agricultural interests, which had theretofore apparently profited little from the year's improvement. There is visible now a great deal less worry than a year ago as well as to all costs of operation in view of the apparently slight improvement in the cost of raw materials in the past year, this despite the feeling that labor will ask a great deal if present prices hold. How much effect the general increase in all costs has had in further reducing the admittedly discouraging volume of export trade does not seem to attract the attention it deserves. There is, in fact, a disposition to minimize the effect of the admittedly discouraging volume of export trade does not seem to attract the attention it deserves. There is, in fact, a disposition to minimize the effect of the admittedly discouraging volume of export trade does not seem to attract the attention it deserves.

SAYS NITROGEN EXPORT WOULD RUIN GERMANY

Export Opposes French Demand for 60,000 Tons—Compares it to 1,500,000 Tons of Grain.

Berlin, Jan. 4.—"Nitrogen is bread," asserts Dr. Nikolaus Caro, well-known German agricultural expert, declaring that fulfillment of the French demand for the delivery of 60,000 tons of pure nitrogen would intensify Germany's food problem to the point of catastrophe. The amount of nitrogen required to produce a harvest decrease amounting to 1,500,000 tons of grain, or about 6,000,000 tons of vegetables. It would cost 200,000,000 gold marks to replace this grain, which he declares is impossible to obtain under present conditions. Dr. Caro claims that, through the partition of Upper Silesia, Germany lost one of her largest nitrogen plants to Poland, and was thus cut off from an annual supply of 30,000 tons. This meant a reduction of 700,000 tons in the United States 1922 was about 1,000,000 tons, and could not be offset for at least two years. Germany needs 340,000 tons of nitrogen for her own requirements annually, he says, disputing the charge recently made in the French press that Germany had a surplus and could meet with the demand for the export of 60,000 tons of nitrogen. The relief funds at present available are sufficient to supply one meal daily for now until March 31 and 475,000 German children and youth, according to a semi-official announcement today. Organized American aid thus far for the relief of Europe, including \$100,000 recently sent by the New York Central Committee for Relief of Distress in Germany, and Austria, in the United States 1922 was about 1,750,000,000 marks for feeding purposes.

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets, Canadian News, Toronto, makes the following comment in its December 28 issue: Production of steel ingots in the United States in 1922 was about 20,000,000 gross tons, against 19,000,000 in 1921, and 41,000,000 tons in 1920. From 1920 to 1921, consumption of steel in the United States declined by 33 per cent. as did production. In 1921 there was liquidation not only of stocks of steel in the hands of buyers, but also of manufacturers of steel, including machinery, implements and hardware. It was this process of liquidation which practically divided the last year into two distinct parts from the viewpoint of the Canadian steel market. The first six months, dealers declare, was a period of high values, were liquidated in order that business might be placed upon a sound stable basis. The second half of the year has shown marked improvement and the outlook is free of the perplexing problems of readjustment which have been the cause of the decline of the steel market. The decks are cleared for more profitable operation. Showing a decline of seven per cent, as compared with October, the output of Canadian pig iron during November was 84,289 long tons, while in October it was 96,388. November production, however, was 8.8 per cent higher than the preceding ten-month average. The year's output declined 37.4 per cent below 1921, or a total of 207,271. In the output of basic pig iron, for conversion into finished steel products, Canadian furnaces declined from 28,922 tons in October to 26,156 in November, while the output of foundry pig iron increased to almost double the October record, 8,193 tons. This indicates improvement in foundry operations. Although Steel Co. of Canada are about to blow in a second furnace in blast in November—two at Sydney, one at Hamilton and one at Sault Ste. Marie. In the United States, as in Canada, the coal strike was probably the dominant factor in iron and steel trade conditions during the year. In Canada it was responsible for an increase in price of pig iron by about \$10 a ton. This has gradually declined, and the year closes with a price of \$31.50 for 2 1/2 ton pig iron, as compared with \$22.50 in 1921. The prospects for 1923 would be fairly clear were it not for the chances of a strike in the steel industry, which has higher buying prices. The prospects for 1923 would be fairly clear were it not for the chances of a strike in the steel industry, which has higher buying prices. The prospects for 1923 would be fairly clear were it not for the chances of a strike in the steel industry, which has higher buying prices.

SAYS WESTERN FARMERS HAVE REAL GRIEVANCE

Still Bear Burdens of 1920, Says the Vice-President of American Surety Co.

The farmers of the Middle West and West have had a prosperous year, but it could not be prosperous enough to make up for recent difficulties, and their dissatisfaction is well grounded, according to M. L. Jenks, vice-president of the American Surety Company, who has just completed a business tour of the Middle West. The East has made the mistake of feeling that the agricultural regions have been as prosperous as the industrial and was very much surprised at the farmers' discontent as expressed at the polls, says Mr. Jenks, and only a first-hand study can reveal the true conditions the farmer is facing. The two outstanding conditions in the agricultural states, Mr. Jenks pointed out, "are that the farmers are still carrying the burdens of 1920, and it will take more than one good year to relieve them, and that the value of the farmer's dollar is decreasing in comparison with that of the worker or the business man. The wounds of deflation have apparently been healed much more rapidly in industry and business than in agriculture, and where the manufacturer and merchant were able to clear up their difficulties, even if shadowed, the farmer is still in the drab of deflation. It is the fact that the farmer, wholesaler and retailer in some states have initiated a legal moratorium thousands of farms would be lost by their owners and thousands of merchants would be forced out of business."

ANXIOUS ABOUT C. G. M. M. SHIP

Vancouver, B. C., Jan. 4.—Anxiety is felt for the safety of the Canadian Government Merchant Marine freighter, the C. G. M. M. ship, which left Gibraltar on December 6 for a fourteen-day trip to Santo Domingo and has not been heard from since. She was to load sugar in the Cuban port for Vancouver.

BRITISH MISSION HAS REACHED NEW YORK

New York, Jan. 4.—The White Star liner Majestic, bearing the members of the British debt commission, arrived today and dropped anchor off quarantine.

FREDERICTON MARKETS

In Fredericton market, yesterday, the prevailing prices were as follows: Butter, 40 to 44 cents. Eggs, 70 to 75 cents. Chickens, per pound, 35 cents. Fowl, 80 cents. Pork, 18 to 20 cents. Beef, 8 to 10 cents. Veal, 12 to 14 cents. Mutton, 10 to 12 cents. Potatoes, per barrel, \$1.50. Apples, 83 to 85 cents. Turnips, 75 cents. Wood, per cord, \$8 to \$12. Hay, per ton, \$12 to \$15.

BANK CLEARINGS

The St. John bank clearings for the week ended today were \$2,557,044; last week \$2,775,910; 1921, \$3,478,420. Montreal clearings this week were \$2,264,184. The Halifax clearings were \$5,020,820 this week.

FORD BUYS LUMBER CO.

Mills Purchased Can Cut 25,000,000 Feet a Year. Iron Mountain, Mich., Jan. 3.—Announcement is made by E. G. Kingsford, vice-president of the Michigan Iron, Land and Lumber Company, a subsidiary of the Ford Motor Company, that a deal involving the purchase of timber holdings of the Stearns & Culver Lumber Company, pending for several days, has been completed. The plant is capable of cutting 25,000,000 feet of lumber a year. Mr. Kingsford said that men employed in the Stearns-Culver mill would receive the Ford dividend.

Announcement

The OFFICE SPECIALTY MFG. CO., Limited, formerly at corner Mill and Union streets, are now located at 81 Germain Street. Phone M. 4391. H. L. EMBREE, New Brunswick Manager. 6927-1-5

CHRISTMAS FIRES TOLD OF AT INQUIRY

Montreal, Jan. 4.—How a gaily decorated Christmas tree became a blaze of flames while candles were being lighted to illuminate a replica of Christ lying in the manger and hanging on one of the branches; how an inquisitive child set fire to all the toys her father had bought for Christmas after she had jumped out of bed and lighted a match to try to find them in a cupboard where they were hidden; and how a woman's Christmas cheer was blighted when she returned home after attending midnight mass to find her home nearly destroyed by fire, were stories related in the fire commission's court here yesterday during investigation into several fires. In one fire investigation it was said that a child had lit a match to find a severely burned about the head when the Christmas tree burst into flames. There were no injuries in the other two fires.

MORNING STOCK LETTER

(McDougall & Cowan's private wire) New York, Jan. 4.—The trend of domestic affairs continues to cast a dull argument over the price range of stocks for the next five months at least. In oil, steel, motor, rubber, sugar, and lately in the hide and leather trades current developments continue to have a bearing on the market. It is pointed out that the only unfavorable developments are the foreign situation and possible radical legislation.

ANXIOUS ABOUT C. G. M. M. SHIP

Vancouver, B. C., Jan. 4.—Anxiety is felt for the safety of the Canadian Government Merchant Marine freighter, the C. G. M. M. ship, which left Gibraltar on December 6 for a fourteen-day trip to Santo Domingo and has not been heard from since. She was to load sugar in the Cuban port for Vancouver.

BRITISH MISSION HAS REACHED NEW YORK

New York, Jan. 4.—The White Star liner Majestic, bearing the members of the British debt commission, arrived today and dropped anchor off quarantine.

FREDERICTON MARKETS

In Fredericton market, yesterday, the prevailing prices were as follows: Butter, 40 to 44 cents. Eggs, 70 to 75 cents. Chickens, per pound, 35 cents. Fowl, 80 cents. Pork, 18 to 20 cents. Beef, 8 to 10 cents. Veal, 12 to 14 cents. Mutton, 10 to 12 cents. Potatoes, per barrel, \$1.50. Apples, 83 to 85 cents. Turnips, 75 cents. Wood, per cord, \$8 to \$12. Hay, per ton, \$12 to \$15.

BANK CLEARINGS

The St. John bank clearings for the week ended today were \$2,557,044; last week \$2,775,910; 1921, \$3,478,420. Montreal clearings this week were \$2,264,184. The Halifax clearings were \$5,020,820 this week.

FORD BUYS LUMBER CO.

Mills Purchased Can Cut 25,000,000 Feet a Year. Iron Mountain, Mich., Jan. 3.—Announcement is made by E. G. Kingsford, vice-president of the Michigan Iron, Land and Lumber Company, a subsidiary of the Ford Motor Company, that a deal involving the purchase of timber holdings of the Stearns & Culver Lumber Company, pending for several days, has been completed. The plant is capable of cutting 25,000,000 feet of lumber a year. Mr. Kingsford said that men employed in the Stearns-Culver mill would receive the Ford dividend.

**SPORT NEWS OF
A DAY; HOME
AND ABROAD**

Bathurst Defends Trophy.
The Bathurst curlers successfully defended the McLellan cup last night in the first challenge match of the season when they defeated two Chatham rinks by a total of 40 to 18 points. The next challenge match for the cup is booked for next Wednesday. Both the Bathurst and Fredericton clubs asked for a postponement owing to the big bonspiel in this city, but the trustees refused the request and announced that the club that would not play would have to default the match.

ATHLETIC.
Paddock Will Compete.
San Diego, Calif., Jan. 4.—It is learned here that Charlie Paddock, holder of several sprint records, will go east next spring to compete in a number of important meets. The former University of Southern California star, who now sports the silks of the Los Angeles A. C., is anxious to regain some of the prestige he lost when he refused to compete in the Intercollegiate and National championships last summer. "I am going east to show my critics that I am not a false alarm sprinter," is the way Paddock put it. I have mapped out a schedule and hope to regain the national title at both 100 and 220 yards. I would like to have gone east for the big indoor events, but cannot run on the boards.

BASEBALL.
Tener to Be Head?
New York, Jan. 4.—The members of the Baseball Players' Union apparently have given up hope of inducing one of their number to be a candidate for the presidency of the organization, if a report in circulation is true. According to this report, efforts are being made to have John K. Tener, ex-Governor of Pennsylvania and former president of the National League, accept the office. Mr. Tener was elected president of the National League on Dec. 9, 1919. He held the post until December, 1919, when he was succeeded by John A. Heydler, the present head of the league. He played professional baseball in his younger days, starting his pitching career in the New England League with Wilbert Robinson, now manager of the Brooklyn club, as his battery mate. He was a member of the Chicago National League club in 1888 and 1889.

McGraw Looks To Pirates.
New York, Jan. 3.—Pittsburgh is the team the Giants will have to battle hardest to win another National League pennant, said John McGraw in a forecast of what is to come during the New Year. Before Pittsburgh and Cincinnati McGraw picks the Pirates as the hardest nut to crack. "The Pirates are strong in the outfield and infield, fast on the bases, steady fielders and a club that will get good pitching," he said. "Russell may not keep quite such a heavy batting clip, but he is a very hard hitter, and Carey is a demon in center field. The Reds are strong also, but Rixey had the best year of his career, and may not repeat it this year. Cough struck me as a pitcher who went beyond his normal speed."

Hamilton vs. Partick Thistle				
Celtic vs. Aberdeen				
Hearts vs. Third Lanark				
Falkirk vs. Ayr-United				

I don't think the Reds are quite so well balanced as Pittsburgh. Fonseca, for instance, is a fine hitter, but not such a good second baseman. If DaGret doesn't get his \$4,000 raise and cuts it will be a serious blow. The Cubs and Cardinals, McGraw said, do not shape up as winners, but the Chicagoans stand the better chance of finishing in the first division.

HOCKEY.
Bathurst Defeats Shediac.
Moncton, N. B., Jan. 4.—In the N. B. and P. E. I. Hockey League last night at Shediac, Bathurst defeated Shediac Regina Trims Edmonton.

Regina Wins From Seattle.
Seattle, Jan. 4.—The Regina Capitals handed the Edmonton Eskimos their second defeat of the season, defeating the league leaders 4 to 2, in a Western Canada League game here last night. Hay scored three of the Capitals' goals, and Moran the other. Newell and Morrison contributed the Eskimos' counters.

for St. Stephen to open the western section of the New Brunswick and P. E. I. Hockey League there tonight. Billy Lounsbury is named to the defence. Boudreau is playing wing in Lounsbury's old position. The line-up is: Goal, Bidlake; defence, Jewett and Lounsbury; forwards, Fleet, Boudreau and Colwell.

Canadians and Boston.
Boston College hockey team is given a high rating in Canadian intercollegiate hockey because it was able to defeat McGill, while two of the Hub's club teams, Boston Hockey Club and Victoria, failed. Several Canadian teams want to face the maroon, and Manager George V. Brown of the Arena is planning to bring in some of the strongest combinations.

Boston College is unable to obtain games with American college teams, who undoubtedly do not relish engaging in a contest that does not assure victory. It is said that Princeton may oppose the maroon in the Hobeey Baker ring in Princeton, although negotiations have not been closed.

Loyola College of Montreal wired Coach Frank Shaughnessy of McGill to try to book a game with Boston College. Other teams desiring to oppose the Eagle are Mt. Allison College of New Brunswick, Dalhousie, King's College, Sons of Ireland and the Montreal Vics.

The Berlin, N. H., team also wants to tackle the maroon. Berlin has a strong team. It is rated on the same level with the majority of Canadian teams that visit Boston, and it will be recalled how well it played in two games last season at the Arena.

AQUATIC.
Miss Detroit VI Wins.
Los Angeles, Jan. 4.—Miss Detroit VI won the seventy-five mile boat race from Los Angeles harbor in one hour 55 minutes, 56 seconds yesterday.

RING.
Jack Johnson Fined \$5.
New York, Jan. 3.—Jack Johnson, negro, forty-two years old, former world's champion heavyweight pugilist, was fined \$5 by Magistrate Norman J. Marsh, in the Traffic Court for violating the traffic regulations by failing to stop on signal at Seventh Avenue and Fifty-fifth street, Dec. 6 last. Johnson explained that he had not intended disobeying the regulations, but that his ten-thousand-dollar automobile was a little hard to manage. He paid his fine.

Want Champions To Defend Titles.
(New York Times.)
Local patrons of boxing are hopeful that the New Year will bring with it resolution on the part of the ring champions to give more attention to the defense of their titles than has been their wont in the past. Once it was reasonable to expect of a champion that he engage in bouts against men of his own weight after becoming accustomed to the strange estate of a title-holder. Now such an expectation has come to be regarded as an unreasonable demand on the part of those whose patronage support the athletes; basking in the distinction of champion of this or that pugilistic division.

"The champions seem to forget that they are important only because the boxing public likes to regard them in this light. They overlook entirely the fact that this particular public is indeed fickle—that the men of the heights today can be dashed to the depths tomorrow. Popularity makes or breaks ring idols."

Pancho Villa, the Philippine lad whose ring characteristics justify classifying him with the once great Terrible Terry McGovern and Mickey Walker, Elizabeth's fistic idol, are two champions of whom the boxing public expects great things and yet have received nothing. Villa won his title, the American flyweight championship, from Johnny Buff last summer and has since refrained from risking the mythical crown against any qualified challenger. Frankie Genaro has twice defeated Villa. These triumphs for Genaro came before Villa gained the title. Villa has since steadfastly ignored the lad who demonstrated on two occasions that he was the Filipino's master.

Not alone has Villa ignored Genaro, but the champion has adhered rigidly to a plan for bouts against bantamweights whose effectiveness is impaired through making unnatural weight. In these bouts Villa risks nothing, for even if he was knocked out he still would be flyweight champion.

The case of Walker is more provoking than that of Villa. The flyweight at least pursues his chosen profession actively. Walker, on the other hand, has engaged in but one bout since winning the world's welterweight title from the veteran Britton. The Elizabeth lad boxed Phil Krug, a middleweight, in a no-decision bout a fortnight ago. Evidently Walker intends resting for another spell and then arranging a bout against another middleweight. Such tactics stifle competition by removing the incentive. A host of eligible welterweights are clamoring for attention from Walker, but the champion elects to disregard his challengers.

There may soon be an awakening in the case of such champions—an awakening to a realization that the boxing public is not attracted to title-holders who prefer to engage in meaningless bouts rather than defend their honors against qualified rivals.

BASKETBALL.
Y. M. C. A. House League.
The Y. M. C. A. House Basketball League was opened last evening. The first game was between the High 5's and St. David's and resulted in a win for the former 20 to 15. The second game was between the Pirates and Harriers and was won by the latter 22 to 14. In the senior game the Mohawks defeated the Bohonks 26 to 25.

St. Jude's Team Won.
St. Jude's basketball team defeated St. George's junior team 27 to 7 in the former's gymnasium last evening.

FIXED VALUATION OF INDUSTRIES

Three Cases for Assessment are Dealt With

That of Jäs. Pender & Co. Increased—C. H. Peters' Sons, Ltd., and Canada Brush Company Renewed—Plans for Beautifying of the City.

Three applications for continuation of fixed valuations for assessment purposes were considered by the City Council in committee this morning. In the matter of the application of James Pender & Co. Ltd., a fixed valuation of \$100,000, which had been in effect for ten years prior to 1922, was increased to \$150,000 and the period reduced to five years. Fixed valuations of \$10,000 for the Canada Brush Co. Ltd., and \$60,000 for C. H. Peters' Sons, Ltd., were renewed for the next ten year period. The report of the city horticulturalist was received and tenders for special iron castings for the water department were considered.

The tender of John T. Farmer, Montreal, for four 36-inch gate valves; that of Jas. Robertson Co. for two 24-inch gate valves; that of the Union Foundry & Machine Works for special castings at six cents a pound, and hatch boxes at seven cents a pound, all being the lowest, were ordered accepted on motion of Commissioner Wigmore.

Commissioner Frink read a report from H. E. Gould, acting horticulturalist, recommending that plans be made for improving Queen Square, West. That lawn be laid out at the Three Lamps and the triangle at the foot of Garden street, and that the city council ascertain the status of Victoria Square in the North End. Mr. Gould paid compliments to the work of the street superintendent, Clifford Price, and the head gardener, Mr. Babcock. The report was ordered received and printed in the city annual report. The recommendations were referred to Commissioner Frink.

Applications of James Pender Co., C. H. Peters' Sons, and Canada Brush Co. for extension of periods of fixed valuations were taken up. B. M. Olive, chairman of the board of assessors, wrote, expressing the opinion that firms which showed a profit during recent years should not receive special consideration. In connection with the Pender Co. he said that this company had been taken over by the British Empire Steel Corporation, and should be able to pay taxes on full valuation. With regard to the other firms he favored consideration.

The Mayor said that if an extension of the period was contemplated the consent of the legislature would have to be obtained. He presented a resolution as follows:

That with regard to tax concessions to manufacturers and others, legislation be sought enabling the Common Council, in its discretion, to grant in February of any year to manufacturers or merchants partial or entire exemption of taxes on merchandise for the current year in cases where the assessor's statements as to revenue show a condition of affairs calling for relief.

Mr. Olive said the board of assessors had power to reduce the assessment on any property where it was shown that the firm in question had made no profit or little profit in the previous year. Commissioner Wigmore expressed the opinion that some of those who now claimed to be making no profits, had made great profits during the war.

Commissioner Bullock favored the principle of fixing valuations from year to year, rather than making them apply for any longer period.

Commissioner Frink said that if one person was exempted from taxation, others must pay. He thought that the assessors now had all the power asked for in the resolution.

Commissioner Thornton advised care in granting extensions of exemption for long terms, particularly after the firm in question had had time to get their business going in good shape.

On motion of Commissioner Bullock it was decided to deal with each case individually.

C. H. Peters' Sons, Ltd., whose valuation was fixed at \$60,000, asked renewal of the same valuation for ten years on their factory property. Most of their business, it was said, was in upper Canada and the United States. An expert had been engaged recently to develop some new business, which might result in an enlargement of the plant. They were willing to pay school taxes on the full valuation.

The valuation for school taxes, Mr. Olive said, was \$65,000. The taxes last year were \$1,788, while without a fixed valuation they would have been \$1,837. The fixed valuation on the Maritime Nall Co., he said, was \$89,000, and that of the James Pender and Co., \$100,000.

Commissioner Frink moved that the request of C. H. Peters' Sons Ltd., be complied with and legislation sought to put it into effect, school and water taxes not to be affected.

Commissioner Thornton objected on the ground that under the present act, the company was not compelled to file a statement of profits. He moved in amendment that the period be made five years and the company be required to file a statement of profits and pay full taxes on such profits.

LOCAL NEWS

SITUATIONS OPEN
The Board of Trade has received from the Civil Service Commission a notice that they are re-advertising for a principal statistics clerk as none of those applying were fitted for the work. In the same circular they advertise for an assistant weather forecaster.

FUNERAL
The funeral of Mrs. Jonas Grandmark was to have been held this afternoon at two o'clock from her late residence, Black Beach, Lorneville. Rev. Mr. Bevis was to conduct the service and interment was to have been at Lorneville. There was some doubt as to whether or not the storm might cause a postponement of the funeral.

Among the passengers will be General Nanton and Misses Marguerite and Constance Nanton; the Rt. Rev. M. Macdonald, D.D., Lord Bishop of Qu. Harding, and the Rt. Lord Bishop of Saskatchewan.

SOUTH END RINK
One of the officials in charge of the South End rink announced this morning that after dint of hard labor they have succeeded in getting a good sheet of ice on the rink and that from now on it will be open to the public. Next Tuesday evening the colored band will furnish music. They offered their services gratuitously and the rink management thankfully accepted it.

S. S. CHRISTMAS TREE
The annual Sunday school Christmas tree and entertainment of the Church of St. James the Less, Renforth, was held last evening under the auspices of the Woman's Auxiliary. A pleasing programme was put on by the scholars under the leadership of Mrs. H. Wilson Dalton, Mrs. G. N. Colby, Mrs. W. A. Steier and Miss L. Steves.

PYTHIAN SISTERS TO MONCTON
A large number of Pythian Sisters and members of Loyalist Temple No. 18, left here this morning for Moncton where they were to assist this afternoon and evening in the organization of a new temple. Those who made the trip were: Mrs. George Amund, most excellent chief; Mrs. Emma Ivors, seniors; Mrs. Ella Flewelling, juniors; Mrs. Dora Cowan, manager; Mrs. Blanch Saunders, protector; Miss B. Andrews, guard; Mrs. Ralph Wilby, pianist; Miss Hilda Williams, press correspondent; Mrs. Ida Dykeman, past chief; Miss Mary Robinson, mistress of records and correspondence and Mrs. Arthur Brown, soloist. The members of the degree team were: Harry Black, captain; Mrs. Harry Welsford and Mrs. J. Chesley, leaders; Miss Edna Watters, Miss Hazel Flewelling, Mrs. O. Price, Mrs. F. Brennan, Miss Fay Yeomans, Mrs. A. Roberts, Miss Fay Yeomans, Mrs. Young, Mrs. Fred Brooks, Mrs. Earle Kincaid, Mrs. Walter Kincaid, Mrs. Harry great Hills Dykeman and Mrs. Wilfred Daise.

FOR ATHLETIC COMMISSION FOR PROVINCE

The establishment of an athletic commission for the Province of New Brunswick, which it is understood is intended principally to govern in the matter of boxing exhibitions, will be asked for at a meeting of the Provincial Government which is scheduled to open here on next Tuesday morning.

The proposed act governing the appointment of this commission is similar to that now in force in Ontario.

A delegation representing the Board of Fire Underwriters will also appear in connection with the insurance tax act, particularly those sections which govern unlicensed companies. Members of the Winter Carnival Committee will appear relating to co-operation in connection with a sportsman's show and forest conservation exhibition.

\$17,000, taxes \$2,800; 1921, taxes \$7,500, which was on full valuation.

Commissioner Bullock moved that the Pender Company receive the same consideration as C. H. Peters' Sons, Ltd.

Commissioner Wigmore said that when the exemption was granted it was a local concern, but now it was a member of the British Empire Steel Corporation. He favored placing the fixed valuation at \$200,000.

On suggestion of Commissioner Thornton, Mr. Bullock agreed to change his resolution to make the fixed valuation read \$150,000.

Mr. Olive thought this valuation was low. He was against any fixed valuation.

After further consideration, Mr. Bullock made the valuation proposed \$200,000.

Commissioner Thornton, however, thought that this might drive the industry from St. John and lose the employment and the taxes accruing from it. He moved in amendment that the valuation be fixed at \$150,000.

ST. JOHN TO HAVE CARNIVAL QUEEN

Executive Plans to Have a Miss St. John Chosen

Already She is Invited to Go to Montreal Celebration—Committee Has Sympathetic Hearing from Premier Sportsman's Show—Headquarters Secured.

St. John will be called upon to select the fairest of her daughters to be known as "Miss St. John" and to be acclaimed the Queen of the St. John Winter Carnival. Although definite arrangements for the selection have not yet been made, the plan has been decided on by the executive committee which has the plans for Carnival Week laid out.

Not only will St. John's most beautiful lady be acclaimed as the Queen of the St. John carnival, but she may have an opportunity of competing with the fairest of all Canada in the contest which is being staged by the Montreal Winter Sports Committee.

An invitation for the prospective "Miss St. John" to compete in the "Miss Canada" contest has been received by the local executive from John J. Fitzgerald, chairman of the Montreal Winter Sports Committee.

L. A. Gagnon, chief game warden, and W. Harry Allen, president of the New Brunswick Guides' Association, met yesterday with the executive and heartily approved of the idea of holding a sportsman's show and forest conservation exhibition in connection with the carnival. They promised full co-operation.

Interview Premier.
R. D. Paterson and D. Corr, chairman and secretary respectively of the affiliated Rotary-Y. M. C. I. committee handling the skating meet, together with L. A. Gagnon, chief game warden for New Brunswick, waited upon Premier Foster this morning with reference to the proposed exhibit of reference to the proposed exhibit during carnival week, which is intended to feature the wild life of the province and the potentialities of the forests. It is intended to have in conjunction with this moving pictures of New Brunswick game and facilities for hunters, which will be in charge of W. Harry Allen of Penning, president of the New Brunswick Guides' Association. It is realized that carnival week will be an excellent opportunity for placing the situation clearly before the people and especially the younger people. There has been much controversy about game preservation and it is felt that such an exhibit with lectures and pictures would do much to place the facts before the people in their true light. The matter of fire prevention in our forests will also have a prominent place in the exhibit. It was felt that the New Brunswick government might take the matter up as its own policy, as it was a movement for the education of the people and of great value to the province. Certain days would be set apart for the children.

The Premier gave a very sympathetic hearing to the committee and asked Mr. Gagnon to prepare an outline of the proposals made and submit it to the government executive, which will meet here on next Tuesday.

Headquarters.
Before the end of the week the centre activity in connection with the coming international skating meet and winter carnival will be located in a room in the Bank of Montreal building in King Street. A large room on the first floor has been placed at the disposal of the executive by A. C. Skelton, manager of the bank, and the offer is greatly appreciated. F. W. Kelly, exhibit clerk, is to look after the furnishing of the office and has sent out a request that if those willing to loan some article of office furniture would notify him, he would be pleased to obtain it.

In Montreal.
Montreal, Jan. 4.—His Excellency Lord Bessing, Governor-General of Canada will on next Friday evening formally open the Montreal winter sports which will last about nine weeks. The Governor-General will be accompanied by Lady Byng.

The opening is to be made in a blaze of fire-works on Mount Royal near the headquarters of the Montreal Ski Club, close by the park slide, which will also be opened at the same time. The mountain will be brilliantly illuminated by electricity.

The chairman of the winter sports committee received a communication from St. John, N. B., yesterday stating that that city would be glad to extend a welcome to the Queen of the Carnival "Miss Canada" after she has been selected to that position.

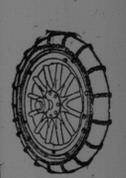

Good Words For Commander Of The Marloch

Passengers arriving on the Canadian Pacific steamship Marloch, which reached port yesterday, paid a glowing tribute to Captain H. Parry, who is in command of the liner, for seamanship displayed during the terrific storms encountered while coming across the Atlantic. Although facing terrific winds and mountainous seas he brought his charge through without the slightest mishap. Before the Scotch curlers left the vessel in Halifax they presented to the captain a letter of appreciation, coupling with it the gratitude for the many courtesies accorded them during the voyage by himself and his staff.

ENGAGEMENT ANNOUNCED.
Moncton Times: Mr. and Mrs. Walter S. Wilmut of Lower Coverdale announce the engagement of their daughter, Vera F. Gillis, to Weldon C. Steves, Salisbury Road, the marriage to take place at an early date.
