

WHILE THE JAPANESE RETURN THE FALLS ABOUT THE CITY.

WITHIN FOUR MILES OF PORT ARTHUR.

Berlin, Aug. 6.—The National Zeitung prints a telegram from Tokio stating that there are five Japanese divisions before Port Arthur, part of them within three and a half miles of the city...

REMOVED CAPTURE OF PORT ARTHUR.

Nagasaki, Aug. 6.—(Noon).—It is reported here that Port Arthur has been captured by the Japanese.

RUSSIAN ACCOUNT OF SIMOUCHEUNG FIGHT.

Simoucheung, Manchuria, Aug. 6.—There was heavy fighting here for two days. The Japanese commenced the attack at dawn on July 30th, with a long-range rifle fire on the Russian right.

RUSSIAN BEARS (Silly): "Running Away? Not a Bit of It! I'm Luring 'Em On!"

reminde of the presence of the Japanese by the descent of a huge shell, but the worst was over. In the meantime the main attack which resulted in the capture of Wolf's mountain, had been developed.

TELLS OF JAPANESE SUCCESSES NEAR PORT ARTHUR.

London, Aug. 8.—The Times correspondent at Tokio, under date of August 6th, says that there are official reports there that the Japanese have captured commanding positions north and north-west of Port Arthur at a distance of 2,500 yards from the main line of Russian defenses.

STORY OF CAPTURE OF PORT ARTHUR NOT CREDITED.

St. Petersburg, Aug. 6.—The report of the fall of Port Arthur, received from Gen. Mischukoff, does not obtain greater credence at the admiralty office and was office here than previous telegrams from the same source.

THE RECENT FIGHTING AROUND THE PORT ARTHUR.

Chofoo, Aug. 6.—7 p. m.—A newspaper published at Port Arthur, and which was brought in here today, gives fragmentary details of recent heavy fighting there.

NOT LIKELY TO FIGHT AT LIAO YANG.

St. Petersburg, Aug. 6.—Military officers think it unlikely that Gen. Kouropatkin is giving battle at Liao Yang, since this would require a railway material of the stores, totalling millions of pounds, accumulated there, and would be almost as bad as a general defeat.

KNIGHT COMMANDER A LAWFUL PRIZE.

Vladivostok, Aug. 6.—The prize court yesterday adjudge that the steamer Knight Commander and its cargo a lawful prize. The trial of the case and the investigation of the steamer's papers, etc., established the fact that the cargo, consisting principally of railway material, was consigned through a Japanese port to Chemulpo, leading fairly to the inference that it was designed for use on the military railway under construction from Seoul to the Yalu.

SEVEN OFFICERS KILLED, EIGHT ARE MISSING.

St. Petersburg, Aug. 6.—1.12 p. m.—The army organ to-day published the names of the officers killed or wounded July 31st and August 1st, showing that seven were killed and forty wounded, including Gen. Dekenstein, commanding the thirty-first artillery brigade, in addition to eight officers missing and one non-commissioned soldier from amnesia.

CLOSING OF PORTS TO FOREIGN SHIPS.

St. Petersburg, Aug. 6.—The closing of foreign vessels, except under stringent regulations, of the ports of Kronstadt, Sveaborg, Libau, Sebastopol, Batoum and Otschakoff, is the subject of a long official announcement in the Official Messenger this morning.

THE NIGHT ATTACK ON MOTIEN PASS.

Motien Pass, Manchuria, Aug. 5, via San Francisco, Aug. 6.—Night fighting in the test of soldiers, said a foreign attaché when he visited the scene of yesterday's bloody affair, "and the Japanese certainly have proved their quality this time."

eminence on the walls of Wiji. When correspondents or military attaches have attempted to get to the actual scene of events, their unfatigable efforts...

On this occasion, however, the correspondent of the Associated Press was able to enter the camp of the soldiers in the field and their treatment of wounded and captured enemies during the heat of fighting. Whatever reasons of military policy may render it desirable, there certainly is nothing in the actions of its soldiers that need make the Japanese government keep spectators to the rear.

STOESSEL TELLS OF JAPANESE REPULSE.

St. Petersburg, Aug. 7.—A telegram from Chofoo, dated August 7th, says that a fierce battle was fought on the land side of Port Arthur August 5th. The Japanese are reported to have been repulsed with great loss, estimated at 10,000, while the Russians lost about one thousand. The telegram says that the Russian General Stoessel, commanding the troops, reported to the Emperor that the conduct of the Russian troops was splendid.

during the battle of last Sunday. A sensational feature occurred at Chobalde Pass. A brigade, constituting a centre column, faced with two Russian regiments for the possession of the summit commanding the Russian flank. The Japanese fired as they ascended, dislodging the Russians from the rocks and killing or wounded 1,000 in a few minutes. The Japanese sustained 12 casualties.

JAPS TOOK NEARLY THREE HUNDRED PRISONERS.

Tokio, Aug. 7.—Gen. Kuroki reports that he buried 532 Russians on the battle field of Yuskalkun and Kansung. He reports that he captured 269 Russians, including eight officers. One hundred and fifteen of the prisoners were wounded.

JAPANESE BATTALION ALMOST WIPE OUT.

Liao Yang, Aug. 8.—A correspondent of the Associated Press, who was present with the third battery throughout the fighting at Simoucheung on July 31st, says a Japanese battery in an early morning attack forced two of the Russian's centre companies to retire, but the heavy artillery fire of the Russians, together with a terrific cross fire from the front and the Russian batteries, prevented the enemy from occupying the positions.

JAPANESE COMMANDER-IN-CHIEF'S HEADQUARTERS FLAG APPEARED ON THE LEFT, BUT THE JAPANESE WERE DRIVEN BACK BY THE FIERCE FIRE OF THE THIRD BATTERY AND THE SIVAKI BATTERY, THE COMMANDER OF WHICH RECEIVED A MESSAGE OF THANKS FOR HIS SERVICES.

In the meantime the Kosloff battalion lost 50 per cent. of its men, and called for reinforcements, which were sent from some of the Russian left, under cover of a heavy fire from the third and fifth batteries. The Japanese met the attack with shrapnel, but the Russian artillery shelled the Japanese left, and enabled the Kosloff battalion to carry the position.

The Japanese commander-in-chief's headquarters flag appeared on the left, but the Japanese were driven back by the fierce fire of the third battery and the Sivaki battery, the commander of which received a message of thanks for his services.

REPORTED SINKING OF JAPANESE CRUISERS.

St. Petersburg, Aug. 8.—A private telegram from Chofoo, believed to be from the Russian consul there, reports the loss of the Japanese protected cruiser Chiyoda and Ioukushima by the explosion of mines off Port Arthur.

SEAWANHAKA OUP. COINTEST.

The Defender Has Won Two of the Three Races Sailed. (Associated Press) Montreal, Aug. 8.—Noora, defender of the Seawanbaka cup, won today's race off Beausid, defeating White Bear, the challenger, by 3 minutes, 45 seconds.

The race to-day was to windward and return, three times around, the total distance twelve miles. The start was made at 1:30 p. m. The Noora crossing the line first, followed ten seconds later by White Bear. The first round was completed by Noora at 2:23:50; White Bear, 2:27:40; second round, Noora 2:55:40; White Bear, 3:02:45; third round, Noora, 3:32:20; White Bear, 3:35:30.

TWO-THIRDS OF MILE FROM PORT ARTHUR.

Chofoo, Aug. 8.—9 a. m.—The Japanese forces which recaptured Wolf's hill in the morning are reported to have sunk immediately in the vicinity of Cristova battery.

The Japanese cruiser Bryan has a small hole above her waterline, which was inflicted by the explosion of a mine at the harbor entrance.

THE JAPANESE HAVE OCCUPIED LOUISA BAY, AND ARE LEADING TROOPS WITH THE INTENTION OF ATTACKING THE WEST OF THE CITY.

There has been no important fighting in the vicinity of Port Arthur since July 28th.

EIGHT RUSSIAN WARSHIPS ENGAGED.

Chofoo, Aug. 8.—9 p. m.—A reliable authority says that eight Russian warships participated in the recent three days' battle of Port Arthur. Since that time the Sebastopol and the Amur have been repaired.

RUSSIAN BATTLESHIP ACCIDENTALLY TORPEDOED.

London, Aug. 5.—A dispatch to a news agency from St. Petersburg says the Russian battleship Slava was accidentally torpedoed today at Kronstadt, but sustained no serious damage.

THE SLAVA IS A BATTLESHIP OF 13,316 TONS. SHE WAS COMPLETED IN 1903; HAS ENGINES OF 16,000 HORSE-POWER, FROM 4 TO 10 INCHES OF KRUPP ARMOR, AND CARRIES FOUR 12-INCH, TWENTY 6-INCH, TWENTY 3-INCH AND TWENTY-SIX SMALLER RAPID FIRE GUNS. HER SPEED IS ESTIMATED AT 18 KNOTS, AND SHE HAS A COMPLEMENT OF 740 OFFICERS AND MEN.

THE QUESTION OF CONTRABAND GOODS.

London, Aug. 5.—In the discussion between Great Britain and Russia with respect to a revision of the Russian regulations affecting neutral shipping and commerce, the British government is laying special stress on the advisability of a clear definition of contraband, more in accord with the practice of other maritime nations. Russia is disposed to most Great Britain in the most friendly fashion, insisting, however, that her special geographical situation, which makes it difficult to send prizes to her ports, should be taken account of, and that any modifications of her list of contraband shall apply not only during the Russo-Japanese war, but in future wars.

JAPS BEAT RUSSIANS IN RACE FOR HILL.

Gen. Kuroki's headquarters in the field, via Pusan, Aug. 5.—(Delayed in transmission).—Detailed reports arriving at headquarters show that the night fighting of the Japanese had the hardest fighting

estimate, since the Japanese were beaten off in what must have been a desperate assault on tremendously strong fortifications. The fact that the Japanese were not able to remove their dead and wounded is taken to prove that their defeat must have been one of great severity.

THE AUTHORITIES DO NOT DUBIT THAT THE SOURCE OF GEN. STOESEL'S REPORT, THOUGH IT IS UNDERSTOOD THAT IT CAME BY WAY OF CHOFOO.

Gen. Kouropatkin's report states that the Japanese are stationary on his eastern front, the greatest activity being on the south and southeast positions, where the Russians are able to take the offensive. While the movements in the south are apparently of no great importance, they are interesting, as showing that the Japanese are still making preparations for the serious task of attacking Liao Yang with his strong circle of defenses.

GREAT BRITAIN AND SINKING OF SHIPS.

London, Aug. 8.—In the House of Commons today Premier Balfour replying to a question on the subject, said the British government adhered to its contention that there was no adequate justification for the sinking of the British steamer Knight Commander by the Vladivostok squadron.

The Premier made a general statement of the government's views on the Malacca and Knight Commander incidents. He pointed out that the government's objection to the seizure of the Malacca was based entirely on the British contention that ships issuing from the Black Sea under the commercial flag of Russia were incompetent to transfer themselves to other flags.

ONE HUNDRED PEOPLE PERISHED

FAST TRAIN CRASHED THROUGH A BRIDGE

Number of Passengers Were Drowned, While Others Were Buried Beneath the Wreckage.

Pueblo, Col., Aug. 8.—The Missouri Pacific flyer crashed through a bridge over Dry creek on the Denver & Rio Grande, about eight miles from Pueblo, at 8 o'clock last night. It is estimated that of the 125 passengers on board the train between 80 and 100 lost their lives, either under the waters of the torrent, due to a cloudburst, or beneath the wreckage.

When the news reached Pueblo, a special train bearing all the available surgeons, and the Rio Grande and Missouri Pacific officials,

ONE HUNDRED PEOPLE PERISHED

FAST TRAIN CRASHED THROUGH A BRIDGE

Number of Passengers Were Drowned, While Others Were Buried Beneath the Wreckage.

Pueblo, Col., Aug. 8.—The Missouri Pacific flyer crashed through a bridge over Dry creek on the Deaver & Rio Grande, about eight miles from Pueblo, at 8 o'clock last night. It is estimated that of the 125 passengers on board the train between 80 and 100 lost their lives, either under the waters of the torrent, due to a cloudburst, or beneath the wreckage.

When the news reached Pueblo, a special train bearing all the available surgeons and the Rio Grande and Missouri Pacific officials, left for the scene. About 1 o'clock a second train carrying stretchers, coffins and a number of officials was sent out from the Union station.

The relief train returned to the city at 1.45 a. m., bringing those who had escaped with their lives, numbering about 20. All the others so far as known are dead.

The following dead have been identified: Dr. W. H. Mook, Miss Ella Wood, W. H. Lammon, Mrs. W. H. Lammon, Mrs. Minnie Selby, a music teacher, and Lowell Dunman, a clerk.

Dry creek, which is one mile north of Eden, is 50 feet wide, 15 feet deep and has steep banks. The water was flowing over the trestle as the train started to cross. The engine got almost over, slipped back and the baggage car, smoker and chair cars plunged into the torrent. The engine fell on its right side. The chair car was carried half a mile down Fountain creek. The baggage car and smoker were washed down the trestle and were not located until several hours after the wreck. The diner and sleeper did not go down.

Dry creek empties into the Fountain less than half a mile below the wreck, and it was dry two hours after the accident. The bodies of two women and a girl, probably 15 years of age, were the first to be recovered, were found half a mile below the wreck. They were among the occupants of the chair car. The bodies were covered with mud, and have not been identified.

Chief of Police Sherr of Pueblo, and 25 police are on the ground with 200 people assisting in the search for the bodies.

Undertaker Collier is at the scene, and the bodies are being placed in boxes and brought to this city.

The body of the engineer was found 200 feet down the stream. The chair car was found a mile from the scene of the accident, half filled with sand, under which a number of bodies were buried. The express car was found in the scene of the wreck with the safe open and the contents gone.

May Reach One Hundred. Pueblo, Col., Aug. 8.—Latest estimates of the loss of life by the wrecking of the Missouri Pacific flyer at Dry creek last night put the total at one hundred or more. It is believed there were fully 125 people on the ill-fated train, and only about two dozen survivors have been accounted for.

With the breaking of the day the full horror of the scene, which was concealed to a great degree by the mantle of night, became apparent. Wreckage is visible in all directions, dead bodies being seen here and there in the piles of debris from the cars, driftwood and mud. Many of the bodies were swept down the creek by the wall of water which carried several coaches nearly four miles away from the point where they went through the bridge.

Among the missing are Engineer H. S. Hinman, Conductor Duah Smith, Denver; Messenger S. Reeves, Denver, and probably from 75 to 90 passengers. The Pullman crew of six men and firemen were rescued.

When Division Supt. Bowers reached the scene of the wreck the missing cars had not been located, and the passengers and train hands who accompanied him organized searching parties to follow the course of the river. Three cars were found close to the shore in Fountain creek, of which Dry creek is a tributary, and which in turn flows into the Arkansas river.

BOMB OUTRAGE. Number of Italians Injured in New York—One Arrest Has Been Made.

New York, Aug. 7.—A bomb thrown into a crowd of Italians in East 151st street last night injured a score or more persons and led to the arrest to-day of Vincenzo Dametto, who, it is believed, was a member of the "Black Hand" Society, which for some time has terrorized residents of the Italian district here, and extorted money from them by threats and actual violence.

Dametto was himself more severely injured by the bomb than anyone else, one leg being badly torn, but he managed to escape at the time, and was arrested today at his home.

DESTRUCTIVE FOREST FIRES. St. Johns, N.B., Aug. 6.—Forest fires are causing widespread destruction throughout the colony. A number of settlements have been destroyed in different localities, and the outskirts of St. Johns are now being threatened. A force of police and citizens has been employed all day in trying to prevent the spread of the flames. It is estimated that \$200,000 of marketable timber has been destroyed in the interior this season.

BRIGHT OUTLOOK FOR THE FARMERS

THE CONDITION OF CROPS IN MANITOBA

Premier Roblin Says Seventy Million Bushels of Wheat is Conservative Estimate.

Winnipeg, Aug. 6.—Premier Roblin on his return from the country yesterday expressed himself as delighted with the appearance of the crops. He said: "In certain districts the crops look better than any other for perhaps the last ten years. The straw is good and the appearance of the heads is most promising. By the way," he continued, "I see that the estimate set by Mr. Clark, of the Chicago Grain Dealers' Journal, gives us seventy million bushels of wheat this year. I believe that is a conservative estimate. But even taking it at that estimate, it means at the present prices, that the total value of the grain, oats and other products raised by the farmers this year, will amount to some seventy million dollars. This is a tremendous addition to the wealth of the province. It does not mean merely that so much money will be put in circulation as it might be by doing business among ourselves here or exchanging with others the goods we already have. It is new wealth which did not exist before, created and brought forth, as it were, out of the soil."

Insane Farmer. Winnipeg, Aug. 6.—A farmer named Lawton, who lives ten miles south of Broadview, N. W. T., has gone suddenly insane. He threatens to kill his wife and family, who are at a neighbor's place and are in danger of their lives. The son took a revolver from his father at the point of a loaded rifle, but was unable to secure the guns. Corporal Frye, of the Royal Canadian Mounted Police, and a posse of civilians, have gone to arrest Lawton.

Found Drowned. Winnipeg, Aug. 6.—Mrs. Beemish, of Kenyonville, Ont., on a visit to her daughter, Mrs. Edward Depencher, at Manitowish, Man., who found yesterday her grandson with her head and shoulders immersed in a water barrel. All efforts to resuscitate her were unavailing. Mrs. Beemish complained of dizziness and was unable to stand. She was taken to the hospital, but died before she reached there.

Instantly Killed. Winnipeg, Aug. 4.—Capt. Isaac Leese, one of the most prominent and respected pioneer residents of Killarney, was instantly killed by falling from a wildcat mill in his farm house, "The Anchor," to-day. The deceased, a native of Ohio, was a retired mariner, and in his fifty-seventh year. He leaves a large family in comfortable circumstances. Mrs. Leese and her eldest daughter are absent in Vancouver, B. C., on a holiday trip. The deceased was a prominent member of the Masonic order.

Died From Injuries. Salem, Ont., Aug. 6.—Jas. Wedock is dead from injuries received by the fall of a partition while engaged with his brother in taking down an old building.

The Mine Accident. Sault Ste. Marie, Ont., Aug. 6.—The coroner's jury, investigating the cause of the accident which resulted in the death of six miners at Shakespeare mine, Webwood, have brought in a verdict that the deaths were accidental, but censures the company for neglect of proper ventilation of the mine.

Crushed to Death. Wingham, Ont., Aug. 6.—Michael Robinson, 66 years of age, was instantly killed in the upholstery factory of Walker & Clegg yesterday. He was stalling a new engine, and had almost completed the work and was about to lower the fly wheel when the shaft fell on top of him, crushing him.

LEST THE HOUSE. After Noisy Scene Many Members of Opposition Withdrew From Imperial Commons. London, Aug. 5.—There was an extraordinary scene in the House of Commons this afternoon during the discussion in the committee stage of a bill designed to frustrate the devices of the Welsh county councils, who are endeavoring to refuse to carry out the Education Bill.

Mr. Balfour moved closure, but on division, the opposition members raising a storm of uproarious protest, refused to record their votes, and the chairman of the committee, Mr. Balfour, discussed two operations there with Dr. Telford, one operation for appendicitis and the other for pregnancy. Dr. Telford refused to do the latter operation, said McEwen, but they had a talk about how it was often done and the doctor gave him a catheter which he took away with him, and this he declares, never left his possession. He says the appeal for the pecking house here, committed suicide by hanging. Day's hallucination that the strike had extended to Odeger Rapids and that his life was endangered.

DIED FROM WOUNDS. Hartford, Conn., Aug. 5.—Perry Osborn, secretary of the Dunham Hosiery Co., and formerly a police commissioner of this city, was fatally shot to-day by Joseph Watson, a man known as "Nigger Joe," who is believed to have been surprised by Mr. Osborn while attempting to rob his residence. Osborn was hit in the head of the shooting, and he was hurried to the scene, and he was buried at once to the fall, but died before reaching there. His assailant escaped.

BANKERS COMPLAIN. Packing House Strike is Having a Serious Effect on Chicago Money Market.

Chicago, Aug. 5.—Chicago bankers complain that the packing houses' strike is having a most serious effect on the local money market. Millions of dollars that under normal business conditions would be used by the packers are now piling up in Chicago banks and threatening to depress interest rates.

THE RETURN OF THE KING'S PRIZE WINNER

Pte. Perry Will Spend Two Days at Toronto—Preparations for Reception.

Quebec, Aug. 5.—The steamer Barravian, with a portion of the Blisley team on board, arrived here last night. Pte. Perry, winner of the King's prize, was asleep in his room when the ship was moored. When he awoke he said there was little to say about the meeting. He thought the Canadian victory was most popular, and all the citizens present of Wales shook hands with him and congratulated him on his victory. Earl Roberts said he was glad a comrade of Paardberg was a winner of the leading shooting prize of the Empire. Pte. Perry says he intends to spend a couple of days in Toronto, the city of his birth.

SEVEN PEOPLE LOST THEIR LIVES

BY CAPSIZING OF OVERCROWDED BOAT

Were Trying to Reach the Shore From Stranded Yacht When Accident Occurred.

Alton, Ill., Aug. 5.—While bathing in the Mississippi river to-night Monday night, seven people were drowned. The boat was capsized, and the children were drowned. One child was saved.

PRIVY COUNCIL DECISIONS.

London, Aug. 5.—The Privy Council today dismissed the appeal of the Attorney-General of Manitoba vs. the Dominion, respecting the swamp lands in Manitoba.

SUICIDE BY HANGING.

Odeger Rapids, Ia., Aug. 4.—Drives insane by the botches' strike, Alfred Day, meat inspector for the pecking house here, committed suicide by hanging. Day's hallucination that the strike had extended to Odeger Rapids and that his life was endangered.

CLOSING DAY OF DOMINION FAIR

EXHIBITION HAS BEEN SPLENDID SUCCESS

Police Stopped Glove Fight at Winnipeg—Welcome Rains in the Regina District.

Winnipeg, Aug. 5.—To-day witnesses the closing of the Dominion fair. It has been a splendid success, and the 200,000 people who attended were delighted with the splendid display by manufacturers, stock exhibitors and the racing programme. The fifteen hundred dollars Dominion handicap is on to-day. The entries are: Wire, In, Orin, Viva, Assessor, Love's Labor, Inaugurator, Toof, Gossamer, Monia, Moses and Idaho Chief.

CANADIAN AUTHORITY.

Sealing Steamer Erik Has Returned From Trip to Hudson Bay.

St. Johns, N.B., Aug. 7.—The government steamer Erik, sealing schooner Erik, which conveyed an auxiliary expedition to the steamer Neptune, which has been wintering in Hudson bay for the past year with the Canadian official expedition sent for the purpose of annexing territory, returned here to-day, bringing Major Misdie, governor of Hudson Bay. The Erik met the Neptune at Port Burwell, July 29th, and transferred coal and supplies. The Erik started on the return journey last Tuesday, while the Neptune cruised north to Lancaster Sound, hoisting the British flag and proclaiming British sovereignty over that region.

Major Moodie reports that the Neptune had no serious encounters in Peleton inlet last October, and found the American whaler Erik, the only one to be in Hudson bay during the past season, wintering in the same vicinity. The Neptune built a fort, established a garrison of police and stopped illicit trading with the natives. The Erik paid duties on all goods intended for trading with the natives, and the Neptune was otherwise uneventful, save that on December 12th, Frank O'Connell, of Halifax, a cabin boy, became deranged, smashed away and was lost in a snowstorm. On April 27th, Dr. Farbrut, an assistant surgeon, who had been absent since October last, died of general debility. One of the crew of the Erik fell severely.

EXCELLENT SHOOTING.

Results of Competitions Under Auspices of the Victoria Gun Club.

At Langford Plains Sunday a well-attended shoot was held under the auspices of the Victoria club. About 200 enthusiasts accompanied the shots to the grounds, and the progress of the various events was watched with great interest.

The contest for a handsome silver cup, presented by Peden Bros., attracted the most attention. C. F. Banfield, C. W. Minor, W. H. Lenfesty, J. H. Mansell, T. Peden and Messrs. McDougall and Weller took leading places in this competition, all shooting remarkably well. The two former, Messrs. Banfield and Minor tied for first place with a score of 24 out of 25. When it is considered that the shooting was at unknown angles the accuracy displayed by these men may be realized to some extent. The tie of scores necessitated a "shoot-off" and it was decided that the one "killing" the most "birds" out of ten would be entitled to the trophy. In this they also made the same score, both securing five. Ten more shots were then taken under the same conditions, but in this Mr. Minor was successful and broke only the opponent's ten. C. Banfield was therefore presented with the cup.

A LIVELY AFFAIR AT COLWOOD HOTEL

PROPRIETOR USES A GUN IN PROTECTION

Soldier Wounded in Thigh Yesterday Evening—Case Before Magistrate To-Day—Remanded.

The Colwood hotel was the scene of an unusually lively affair last evening, as the result of which a garrison soldier named Finnagren is undergoing treatment for a gunshot wound in the thigh, and Percy D. Clerk, proprietor of the hotel, is charged with inflicting the injury. The accused was arrested by Sergeant Murray of the provincial police last night, and appeared before the magistrate this morning. He was admitted to bail in the sum of five hundred dollars, himself in that amount and two sureties of two hundred and fifty dollars each. He has retained E. E. Wootton to look after his case.

A Favorite Beach. A Few Miles from Victoria.

THE SHOW OPENED THIS AFTERNOON

FINE COLLECTION OF BEAUTIFUL FLOWERS

Best Exhibit in History of Horticultural Association—Keen Competition and Many Competitors.

(From Friday's Daily.)

The third annual show of the Victoria Horticultural Association was opened in the drill hall this afternoon at 3 o'clock. There was a large attendance, and it was the opinion of everybody that the society had succeeded in eclipsing all previous exhibitions on having secured the armory for their show as it enables the exhibits to be shown to the very best advantage, and gives the spectators plenty of room to move around and admire.

(From Saturday's Daily.)

The show will be shown by the public in a large attendance throughout the exhibition.

will be shown by the public in a large attendance throughout the exhibition.

(From Saturday's Daily.)

There was a large attendance at the flower show in the drill hall last evening. The Fifth Regiment band being an extra attraction. The beautiful exhibition of flowers aroused the admiration of the spectators, who have nothing but the warmest praise for the very creditable display. A glance at the appended prize list will show the successful competitors. In a class Major Dupont carried off the palm, the Jubilee greenhouse winning second. In class B Mrs. Henry Croft won four prizes, three firsts and one second. The judges were: L. Russell, Jubilee gardens; A. Ohlson, Oakland nursery; and P. T. James. Following is the prize list:

Class A—Florist.

Best collection of greenhouse plants, arranged for effect, to cover 150 square feet, exhibitors to have selling privilege after judging—plants not to be removed until end of show. First prize, silver medal and diploma; second prize, \$10. First prize, Major Dupont; 2nd prize, Jubilee Greenhouses.

Roses, best named collection, shown singly in vases, \$5—2nd, Flewin Gardens.

Class B—Pot Plants—Greenhouse.

(Amateurs Employing Labor.)

Begonias, tuberous, single, best 10—1st, Mrs. Croft.

Begonias, tuberous, double, best 10—1st, Mrs. Croft; 2nd, Miss H. L. Pemberton.

Begonias, tuberous, best collection, not less than 15 plants—1st, Major Dupont.

Begonias, fibrous, 6 plants—1st, Mrs. Croft.

Dahlias, Cactus, pink, 1 variety, 6 blooms—1st, F. B. Pemberton; 2nd, Major Dupont.

Dahlias, Decorative, 12 distinct colors—1st, Mrs. G. H. Barnard.

Dahlias, best named collection—1st, J. C. Newbury.

Sweet Peas, 24 varieties—1st, J. A. Bland; 2nd, Mrs. R. Croft.

Sweet Peas, 16 varieties—1st, J. A. Bland; 2nd, Mrs. R. Croft.

Sweet Peas, 3 varieties—1st, J. A. Bland; 2nd, Mrs. R. Croft.

Sweet Peas, named collection—1st, J. A. Bland.

Delphiniums, best collection—1st, F. B. Pemberton.

Petunias, double, best collection—1st, J. A. Bland.

Petunias, single, best collection—1st, J. A. Bland.

Hardy Perennials, Herbaceous, best collection—1st, Mrs. H. Croft.

Hand Bouquet—1st, Mrs. Frank Morrill.

Basket of Cut Flowers—1st, Miss A. D. Watson; 2nd, Miss H. S. Pemberton.

Class C—Pot Plants.

(Amateurs Who Cultivate Their Own Gardens and Do Not Employ Help.)

Plants in Flower, best 12—1st, Mrs. R. Tennant; 2nd, Sergt. B. F. Trvalin.

Geraniums, double, best 6 in flower—1st, A. H. Ridgman; 2nd, J. P. Stewart.

Geraniums, single, best 6 in flower—1st, A. H. Ridgman; 2nd, J. P. Stewart.

Coleus, best 6—2nd, Miss Lucy Angus.

Begonias, best 6—1st, Mrs. R. Tennant; 2nd, W. A. Lorimer.

Specimen Plant, foliage—1st, Mrs. H. Hobbin; 2nd, J. Duncaif.

Class C—Cut Flowers.

Gladioli, best collection—1st, Mrs. A.

An Historical Event, Recalled by a Pioneer.

oy, and then administered to him the usual oath of office, viz., allegiance, abjuration, etc. His Excellency being thus duly appointed and sworn in, proceeded to issue the proclamations of the same date, 19th inst., viz.: One proclaiming the act, a second indemnifying all the officers of the government from any irregularities which may have been committed in the interval before the proclamation of the act, and a third proclaiming English law to be the law of the colony.

SWIMMING BATHS.

To the Editor:—I have always been strongly in favor of having swimming taught in the public schools, made a part in fact of every child's education, but in the absence of public swimming baths built, owned and operated by the city, which would be necessary before this could be done, I hailed with delight the proposition made by Mr. St. Clair to the school board a few years ago to establish a floating swimming bath above Point Ellice bridge, and in return for the sum of one hundred dollars towards the erection of the bath, he would give lessons in swimming to any of the school children free of charge. Being a member of the school board at that time, I took pleasure in forwarding the movement, and it was with great satisfaction to myself and many others that the school trustees voted the sum asked. Mr. St. Clair has nobly kept his part of the bargain, as hundreds of boys and girls can testify, who are now accomplished swimmers, and who, I make bold to say, are better physically in consequence.

FOUL BAY.

A Cove Which is Growing in Popularity.

bits are benched in the most careful manner so that the contribution of every exhibitor may be seen. There are three classes—A, B and C. The first, strictly speaking, is the scope of professionals, the next is for exhibitors who employ help in the gardens, and the third is for amateurs altogether. Each class is largely represented.

On the middle benches there are some fine specimens of foliage and flowers shown by Mrs. Croft. Adjoining this exhibit is a splendid miscellaneous collection from the Jubilee greenhouse. Palms, geraniums, begonias and dahlias are to be seen in luxuriance.

BUSH PIRES.

Nanaimo, Aug. 5.—Nanaimo is surrounded today by bush fires. A big blaze started last evening behind the hospital, which threatened that institution for some time, but the brigade succeeded in checking the flames. Out towards Wellington another big fire is raging, while to the south the bush is reported all on fire near Harwood. Up to the present no damage has been reported.

CORDOVA BAY. All the Comforts of Home.

A Few Miles from Victoria.

CORDOVA BAY. All the Comforts of Home.

A Cove Which is Growing in Popularity.

bits are benched in the most careful manner so that the contribution of every exhibitor may be seen. There are three classes—A, B and C. The first, strictly speaking, is the scope of professionals, the next is for exhibitors who employ help in the gardens, and the third is for amateurs altogether. Each class is largely represented.

On the middle benches there are some fine specimens of foliage and flowers shown by Mrs. Croft. Adjoining this exhibit is a splendid miscellaneous collection from the Jubilee greenhouse. Palms, geraniums, begonias and dahlias are to be seen in luxuriance.

The same might be said of the benches which flank the middle one. On the left hand side there is a fine showing of lilliums, pansies, dahlias and baskets of cut flowers. The sweet pea exhibit of Mrs. Bland is one of the features of the show, being beautifully arranged. The school children's exhibit is not so large as the officers of the society hoped for, but probably the excellence of the general display this year will stimulate a warmer competition next year. Mrs. M. A. Flewin has an exhibition a beautiful lot of flowers, not the least conspicuous of which are the geraniums. The competition in sweet peas for the cup presented by Jay & Co. promises to be unusually keen, and the judges will have a delicate task in deciding the winner.

Another competitive feature of the association is the table display contest, which is to be decided by popular vote.

There are a number of tables laden with flowers, and it will require considerable discrimination to make the choice. There are hanging baskets of flowers along the balconies, and every effort has been made to attractively arrange the beautiful subjects exhibited. Messrs. J. C. Newbury and F. B. Pemberton are represented by some fine collections of dahlias, and A. H. Ridgman has produced a very pretty floral fountain design. The exhibition will be in progress two days, and to-night and tomorrow evening concerts will be rendered by the Fifth Regiment band. It is to be hoped that appreciation of the beauties of Victoria's floral production

will be shown by the public in a large attendance throughout the exhibition.

(From Saturday's Daily.)

There was a large attendance at the flower show in the drill hall last evening. The Fifth Regiment band being an extra attraction. The beautiful exhibition of flowers aroused the admiration of the spectators, who have nothing but the warmest praise for the very creditable display. A glance at the appended prize list will show the successful competitors. In a class Major Dupont carried off the palm, the Jubilee greenhouse winning second. In class B Mrs. Henry Croft won four prizes, three firsts and one second. The judges were: L. Russell, Jubilee gardens; A. Ohlson, Oakland nursery; and P. T. James. Following is the prize list:

Class A—Florist.

Best collection of greenhouse plants, arranged for effect, to cover 150 square feet, exhibitors to have selling privilege after judging—plants not to be removed until end of show. First prize, silver medal and diploma; second prize, \$10. First prize, Major Dupont; 2nd prize, Jubilee Greenhouses.

Roses, best named collection, shown singly in vases, \$5—2nd, Flewin Gardens.

Class B—Pot Plants—Greenhouse.

(Amateurs Employing Labor.)

Begonias, tuberous, single, best 10—1st, Mrs. Croft.

Begonias, tuberous, double, best 10—1st, Mrs. Croft; 2nd, Miss H. L. Pemberton.

Begonias, tuberous, best collection, not less than 15 plants—1st, Major Dupont.

Begonias, fibrous, 6 plants—1st, Mrs. Croft.

Dahlias, Cactus, pink, 1 variety, 6 blooms—1st, F. B. Pemberton; 2nd, Major Dupont.

Dahlias, Decorative, 12 distinct colors—1st, Mrs. G. H. Barnard.

Dahlias, best named collection—1st, J. C. Newbury.

Sweet Peas, 24 varieties—1st, J. A. Bland; 2nd, Mrs. R. Croft.

Sweet Peas, 16 varieties—1st, J. A. Bland; 2nd, Mrs. R. Croft.

Sweet Peas, 3 varieties—1st, J. A. Bland; 2nd, Mrs. R. Croft.

Sweet Peas, named collection—1st, J. A. Bland.

Delphiniums, best collection—1st, F. B. Pemberton.

Hand Bouquet—1st, Mrs. Frank Morrill.

Basket of Cut Flowers—1st, Miss A. D. Watson; 2nd, Miss H. S. Pemberton.

Class C—Pot Plants.

(Amateurs Who Cultivate Their Own Gardens and Do Not Employ Help.)

Plants in Flower, best 12—1st, Mrs. R. Tennant; 2nd, Sergt. B. F. Trvalin.

Geraniums, double, best 6 in flower—1st, A. H. Ridgman; 2nd, J. P. Stewart.

Geraniums, single, best 6 in flower—1st, A. H. Ridgman; 2nd, J. P. Stewart.

Coleus, best 6—2nd, Miss Lucy Angus.

Begonias, best 6—1st, Mrs. R. Tennant; 2nd, W. A. Lorimer.

Specimen Plant, foliage—1st, Mrs. H. Hobbin; 2nd, J. Duncaif.

Class C—Cut Flowers.

Gladioli, best collection—1st, Mrs. A.

THE END OF THE LEAN YEARS. It is estimated that about \$30,000 has been received for coal oil licenses in Southeast Kootenay lands.

A FATAL ACCIDENT ON STEAMER STENTOR

Sailor Fell 'Tween Decks on Friday and Sustained Injuries From Which He Died.

Albert Appelman, a member of the crew of the China Mutual liner Stentor, fell from a boom on the ship 'tween decks this morning, sustaining injuries from which he died shortly afterwards.

He was aloft regulating some blocks on the boom when he slipped and dropped a distance of about 20 feet. He was immediately picked up and taken to St. Joseph's hospital, where it was found that he had fractured his skull. Everything possible was done for the unfortunate fellow by Dr. Farmer and other professional men.

Appelman was a native of Liverpool. He was 22 years of age and possessed a bright and pleasant disposition was very popular with fellow members of the crew. His father and mother are living in Liverpool, deceased being their only line, and the first of these have either gone North or are ready to be sent.

The survey parties in the field will not remain in over winter, but will come out in the fall, returning again in the spring. It is estimated that the work will occupy two or three years.

Prof. King is accompanied by his daughter, Miss King, while Mrs. Titman accompanies her husband. The ladies will go North also.

EXHIBITION NOTES.

Meeting of Tug-of-War Committee Thursday—The Fly-Casting Competition.

Thursday the committee having in hand the arrangements for the tug-of-war tournament to be held in connection with the fall fair met at the offices of Secretary Swinerton. There were present Dr. E. C. Hart (chairman), Capt. Ridgway Wilson, Company Sergt-Major Frion and Chief Watson. A lengthy discussion took place on the advisability of pulling on cleats or turf, and a decision finally reached to use the former. The appended conditions were agreed upon: Pull on cleats; time, 15 min.; weight, 120 stone; 10 men; 5 to 5 min.; 6 inches apart; 4 1/2-inch rope, 120 feet; anchors, 20 lbs. and rope to be provided. The price offered the winning team is the Play-

line, and the first of these have either gone North or are ready to be sent.

The survey parties in the field will not remain in over winter, but will come out in the fall, returning again in the spring. It is estimated that the work will occupy two or three years.

Prof. King is accompanied by his daughter, Miss King, while Mrs. Titman accompanies her husband. The ladies will go North also.

ACCIDENT AT NANAIMO.

Chief Engineer of the Steamer Ramesses Sustains Serious Injuries.

Nanaimo, Aug. 5.—About eleven o'clock last night Gustav Reineck, chief engineer of the Kamos liner Ramesses, which is loading coal at Union Bay, met with a serious, if not fatal, accident, while returning to his vessel after spending the evening with friends ashore.

Engineer Reineck was walking on top of the coal bunkers preparatory to descending the stairs leading to the vessel when in the darkness he walked into an open chute. He caught hold of a nearby rail while endeavoring to save himself, but this broke, and he dropped a hundred feet into the sea below, striking the piles at the bottom of the wharf.

His cries immediately attracted sailors aboard the barge Alexandra, which was

CHILDHOOD DANGERS.

How the Heavy Death Rate Among Children May Be Reduced.

The death rate among infants and young children during the hot weather is simply appalling. For example, in the city of Montreal alone in one week, the death of one hundred and six children was recorded. Most of these deaths were due to stomach and bowel troubles, which are always alarmingly prevalent during the hot weather, and most, if not all, of these precious little lives might have been saved, if the mother had at hand a safe and simple remedy to check the trouble at the outset. As a life saver among infants and young children, Baby's Own Tablets also prevent these troubles and keep the children healthy. The Tablets cost only 25 cents a box, and a box of Baby's Own Tablets in the home may save a little life. They are guaranteed to contain no opiate or harmful drug, and may be given with safety and advantage to a new born babe or well grown child. If your dealer does not keep the Tablets, send the price to Dr. Williams' Medicine Co., Brockville, Ont., and a box will be sent you by mail post paid.

BOUNDARY SURVEY.

Commissioners From Canada and United States Are Going North to Inspect Work.

Prof. W. F. King, chief astronomer of the Dominion, and O. H. Titman, of the geological survey of the United States, are in the city, guests at the Dallas hotel. They are on their way north to inspect the work being done by the joint parties of Canadian and United States surveyors, who are locating the boundary line between Canada and Alaska.

These parties have been in the field about two months now, having received their instructions from Prof. King when he was in the province before. Bags of the instruments are providing an equal number of the bronze posts to be used in marking the

IN THE WOODS AT SOOKE.

ers' challenge cup, presented by Messrs. John Fryer & Sons, through their agents, Turner, Beaton & Co. Besides this medal will be presented members of the victorious aggregation.

It is not improbable that the Helmeck cup will be competed for in connection with the show. This trophy, which was presented by H. D. Helmeck, K. C., is offered to fraternal societies, and must be won three times before the property of any one team. It has been in competition for three years, having been won by the Orangemen, Foresters and Native Sons. The latter are the present holders.

On Monday afternoon a meeting of the committee having in hand the preparations for a fly-casting competition, to take place during the exhibition, will be held at the offices of J. Musgrave, Trowace alley. Among other matters the conditions to govern the contests will be drafted and published for the benefit of those who are contemplating entering. A full attendance is requested.

The morning Secretary Swinerton, in conversation with a Times reporter, spoke of the advantage derived by merchants who make a display at the show and keep a representative to make sales, take orders,

lying near by, and Capt. Logan, of the Alexandra, immediately put off in a boat and arrived just in time to save the engineer from drowning, as he was completely exhausted. He was taken aboard the Ramesses and a physician summoned from the man in a most critical condition, having sustained a compound fracture of the shoulder, three ribs broken, and both legs broken, besides numerous other minor injuries.

The steamer Otter, which was lying at the wharf taking on coal, was immediately pressed into service, and left for Victoria under force draught with the engineer, who will be taken to the Jubilee hospital.

SA-NICH NEWS.

The wife of John Durrance, of Spring Valley Farm, last week presented her husband with a fine boy.

Mr. Durrance, sr., who has been seriously ill for many weeks, is now recovering.

Rodrick: "Did you enjoy Mrs. Ticker's reception?"

Van Albert: "No, indeed. The men were talking shop and the women shopping."
