

VOL. V, No. 200

ST. JOHN, N. B. SATURDAY, MAY 29, 1909

TWELVE PAGES—ONE CENT

THE WEATHER. Wind north east, rain, Sunday. Clear, fair, warmer.

BEING OPERATIONS TO BE VERY HEAVY THIS YEAR

City Architects Tell of the Work They Have in Hand—All Over the Province There Seems to Be a Pronounced Building Boom—St. John Operations May Reach \$300,000 Work.

Judging by the amount of work now going on and the number of new buildings projected, 1909 should be a pretty good year for the builders. If it continues throughout the year at the rate started in the first four months the total expenditure in this direction would far exceed last year.

The value of the work undertaken in the first four months of the present year as represented by the building permits issued is \$121,100 as compared with \$38,100 for the same period in 1908. This is an increase of \$83,000.

ST. JOHN'S CHANCE TO JOIN THE GREAT WHITE PLAGUE

A Meeting for the Organization of the St. John Branch of the N. B. Association for the Prevention of Tuberculosis Will Be Held on Monday Afternoon—A Matter of Vital Importance to All Citizens

On Monday afternoon at 3 o'clock a meeting is to be held in the board of trade rooms for the purpose of organizing the St. John branch of the N. B. Association for the Prevention of Tuberculosis.

The purpose of the local association will be mainly to combat the dread white plague in this county, the provincial association being largely an advisory organization for the county branches.

BIG MARATHON IN CHICAGO THIS AFTERNOON

All the Fast Ones But Dorando Will Face Starter Jas. J. Jeffries in \$10,000 Race.

Chicago, May 28.—Eight of the fastest long distance runners of the world expect to face Starter Jas. J. Jeffries at 3 o'clock this afternoon in the American League Baseball Park of this city, as competitors in the International Marathon.

BEER DEALERS OBSERVING THE NEW LAW VERY WELL

A Tour of St. John Beer Shops—Plan to Come Under Same Read as Grocery Stores Meets Temporary Defeat But Will Be Appealed—Some Pool Rooms Requiring Attention

Since the inception of the new law, the weekly profits of their shop proprietors have decreased over thirty per cent; that is those who are obeying the law by opening their stores at seven o'clock each morning and closing at ten o'clock each night except Saturday night and then at five o'clock in the afternoon.

The four beer dealers who have entered the grocery and fruit trade, in addition to dispensing tonic, and in most instances also hiring pool tables, are open every night until eleven o'clock and until midnight on Saturdays.

STOCKHOLM GETS OLYMPIC GAMES

Contests in 1912 Will Be Held in Swedish City Instead of in Berlin

Berlin, May 28.—The International council of the Olympic committee, now in session here, under the presidency of Baron de Coubertin today decided to hold the 1912 Olympic games at Stockholm, Sweden.

WINNIPEG ASSESSMENT

Saleable Realty is \$107,997,320 Business Tax \$3,083,774

Winnipeg, Man., May 28.—After determining all appeals, the board of valuation and revision has presented to the board of control a statement on the 1909 assessment including the general assessment and the business tax assessment.

WEALTHY BOSTON WOMAN IS CAUGHT STEALING GOODS

She Was Equipped With a Specially Constructed Trunk With a False Bottom, and Had \$5,000 Worth of Durable Goods Secreted in it

New York, May 28.—A big French trunk brought into port by a wealthy Boston woman has revealed to the customs men, they say, not only a very low estimate upon this collection of the custom appraisers said that it was worth \$3,000.

NEWS FROM FREDERICTON

Insane Farmer Terrorizes Neighbors With a Shotgun—Captured and Brought to Provincial Asylum

Fredericton, May 28.—(Special)—Rev. Dr. Rogers, of Sussex, will occupy the pulpit of the Methodist church here at both services tomorrow. Rev. J. W. McConnell taking his charge at Sussex.

DIFFERING STORIES OF LUCK IN THE WEST

One Young Man Who Has Prospered and Another Who is Trying Hard to Get Back Home

It is interesting to note the contrasts between the stories of the west that are brought to the east by young men from various provinces who have wooed fortune in western fields.

IRRELIGIOUS ENGLAND

Archdeacon of Northampton Uses Plain Language

London, May 28.—The Right Rev. Francis Thirkens, Archdeacon of Northampton, in his charge at his annual visitation to Northampton, said: "What we have to deal with now is the open disregard of the worship of God by persons in the higher walks of life and their selfish practices."

OVER A MILLION FOR PRINCE RUPERT LOTS

Vancouver, B. C., May 28.—(Special)—Before the sale of Prince Rupert lots had been long in progress yesterday, the total had passed the million dollar mark.

A NEW DISCOVERY

Boston, Mass., May 27.—Dr. Thos. M. Dowley, a local dentist, has discovered an abundant for use in treating and filling teeth, which is believed by some of his friends to bear the same relative importance to dentistry as the discovery of ether to surgery.

NEW WORK PLANNED FOR THIS YEAR IN FERNHILL

Some Elaborate Changes Will Be Made at the Marsh Road Entrance—The New Knights of Pythias Plot to Be a Thing of Beauty.

Every year sees Fernhill—"the City of the Dead" made more and more beautiful by opening up and clearing of new portions of this vast park. New trees, thousands of beautiful plants and the sodding of spots of grass need on former waste land makes a steady improvement in the appearance of the place, and it is doubtful if anywhere in America can be found a more attractive looking burial ground.

A work of more than ordinary interest will be the grading and sodding of what is known as "section B," a part of the grounds that has heretofore received but little attention. This is a very beautiful spot near the Ruel fountain and the pavilion. A triangular plot in the centre of this section has been purchased by the Knights of Pythias and placed in perpetual care. A flower bed in the form of a triangle will be placed in the centre of the plot and the surrounding ground will be made into a green sward with paths properly laid out.

AN ANNIVERSARY

Companion Court Hetherington Held Pleasant Entertainment Last Night in New Hall

Companion Court Hetherington, I. O. F., celebrated its seventh anniversary last evening in the Temple Building. Many guests were present and enjoyed the program.

CRUSHED TO PULP BY A FALLING CAR

Windsor, Ont., May 29.—(Special)—Frank Lynch, foreman of the concrete gang at the Michigan Central tunnel, was instantly killed yesterday when one of the small cars used to carry concrete to the mouth of the shaft fell through the opening beneath which Lynch and his gang of men were at work.

HE SHOULD BE PENSIONED

Iowa River Man, 75 Years Old, Becomes Father of His 23rd Child.

Dubuque, Iowa, May 28.—Captain Kimbel, a riverman, aged 75 years, today became the father of his 23rd child. His present wife, his fourth, is nineteen years old. They were married a year ago.

THE TIMES NEW REPORTER

Our esteemed fellow citizen, Mr. Dell Perley in Sir John Macdonald's day, when he predicted all kinds of developments for the west. He went out there himself and got rich. And as long as the torques were in power Perley had always the same story to tell. But now he seems to have lost his grip. It is very sad. He talks as if he really meant what he said about the G. T. P. never getting any business, and being white elephants and all that sort of thing. I hope he'll get over it. He was quite a nice man when I knew him years ago. But they ought to take him back to the ranch. The air down here may have affected him. It is too bad—too bad.

HAS ROBERT COOK BEEN LOST IN BAY OF FUNDY?

A report reached Mrs. Cook yesterday through some children at the Dufferin school, that the boat in which Mr. Cook had sailed had been found bottom up in the bay. The source of the story could not be learned. The boat in which Mr. Cook sailed was bought recently from Captain Priest, of this city. The body of the boat was painted green with a red stripe. There was quite a quantity of stuff on board, including three half-barrels of salt, three empty half-barrels, a box of traps, a box of bread, a valise, clothing, etc. Mr. Cook is about 60 years of age, and has two daughters residing here as well as his wife.

TRAVELER'S SAMPLES

White Wear, Corsets, Curtains Top and Underskirts.

The Parisian Store 47 Brussels Street.

Let the GOLD DUST TWINS do your work

The Dog and The Shadow

You remember the fable of the dog who dropped a bone for the shadow which he saw in the water.

Gold Dust Washing Powder

with the Gold Dust Twins on the package.

Character By "Shoology"

"It was talking the other day with one of those detective chaps," remarked the eagle-eyed man over his shoulder at lunch the other day, "and he told me a few things that seem to me improbable after all. He called it 'shoology' for lack of a better name. Claimed you could read a chap's character by his shoes. Said he did it always. It may be true, or it may not, but it's interesting anyway."

You cannot possibly have a better Cocoa than EPPS'S

A delicious drink and a sustaining food. Fragrant, nutritious and economical. This excellent cocoa maintains the system in robust health, and enables it to resist winter's extreme cold.

COCOA Sold by Grocers and Storekeepers in 1-lb. and 4-lb. Tins.

LANCASTER, ONT. CARRIED BY "FRUIT-A-TIVES"

These Wonderful Fruit Juice Tablets Are "Winning Friends on Every Side."

Lancaster, Ont., Sept. 16, 1908. I was a martyr for many years to that distressing complaint, chronic Constipation. I tried many kinds of pills and medicines without benefit.

At first, I took five tablets a day, but now I take only one tablet every two days. I am now entirely well, and thank to "Fruit-a-tives," I give you permission to publish this testimonial.

ST. JOHN MILL MEN LOOK FOR FREE LUMBER

They Regard the Reduction in the American Lumber Tariff as a Step Toward That Goal—Most of the St. John Lumber Goes to England

As any changes in the American lumber tariff are of special interest to St. John, many of the big mill owners here have been asked by the Times if noticeable benefit will result from the proposed reduction in the present tariff.

It seems to be agreed that such a change would be much help to the American business though a lot would depend on the condition of the English market, which, if poor, means that the American market has to be depended upon almost entirely.

Messrs. Stetson Cutler & Co. and A. Cushing & Co. saw almost altogether for the American market, while John E. Moore, C. Murray & Gregory and others ship largely to the other side, and cut shorter still in consequence.

That it is a move ultimately towards free lumber is the opinion of John E. Moore, who has expressed the view that such a move cannot long be delayed. George S. Cushing, however, leans to the opinion that Canada will have to make some fair exchange before this is brought about, instead of the removal of the export duty on pulp logs or something else to compensate.

The present reduction, however, was a move towards free lumber which could not be long delayed, possibly in the course of a few years.

INTERESTING ITEMS

Maritime Work Goes clean carpets promptly. Phone us—call M 1961.

Most laundries do average work and thousands are content, but Ungar's is a superior way and the people are delighted.

SALE OF DAMAGED COLLARS Through the bursting of a water pipe this morning at M. R. A. a few men's collars were damaged.

Just received some new suits for summer wear. The prices are usual for lower than elsewhere. The qualities are the finest of the season. C. B. Pidgeon.

BUSINESS ON THE RIVER ABOUT HOLDING ITS OWN IN SPITE OF LATE SEASON

Steamboat Men Report That in Some Cases There is a Slight Improvement Over Last Year—Lime Burners Also Expect to Have a Successful Season.

In spite of a backward season the river steamboat people report business holding its own and in some cases showing slight improvement over the same period last year.

The late season has, of course, kept the lime burners along the river, the majority of whom report a big falling off in orders, showing that building operations have been retarded.

Prices for beef, however, are not so high as might be expected, as the large quantity of western beef brought here during the winter has kept the market pretty well supplied.

Some steambos, people report improvement in up-river freights, which show an increase in quantity.

The Parrisho (N. E.) schooner Earl Grey, arrived yesterday from Annapolis (Pa.) with a full cargo of pitch lumber for J. A. Likely.

The Norwegian steamer Phoenix has left Dalhousie with a cargo of pulp wood for Westport (N. B.) and will be due there tomorrow.

HARVARD TO BE GREAT NATIONAL COLLEGE

President Lowell Outlines Broad Policies for Big Educational Institution.

Cincinnati, O., May 28—Harvard must become a great national college or university, or it will not fulfill the purpose which we all entertain.

This declaration formed the keynote of an address by President Abbott Lawrence Lowell, of Harvard, at the afternoon session of the Associated Harvard Clubs, representing many parts of the United States.

That Harvard is to see new phases in the policies governing that institution likewise was made apparent from the address of the president. He made a plea for a broader policy in dealing with the freshmen, asserting that the social life of an educational institution is fully as important as the intellectual side.

President Lowell was speaking former President Chas. W. Eliot, arming and he was given an ovation.

Mrs. Clara Leach and Miss Jessie Cunningham left this morning for Seattle to attend the closing of Mount Allison.

Mrs. Beatrice McGinley left for Sackville yesterday to attend the closing of Mount Allison University.

MONDAY'S MEETING

Every citizen of St. John is interested in the meeting to be held in the Board of Trade rooms on Monday to organize for the fight against the white plague. Over a hundred deaths in this city last year were due to tuberculosis. During the year a number of most pitiable cases were brought to public attention through the labors of the Associated Charities, but of very many such cases the public hear nothing.

What St. John does in this matter should be done thoroughly. In other cities where the work has been taken up there is a thorough system of visiting by qualified persons so that every case of tuberculosis may be discovered and all done that may be possible to advise and assist the patient, improve the conditions, and lessen the danger of spreading the disease.

It is worthy of note that in the city of Springfield, Mass., where tuberculosis camps where patients are treated, and the system is described by a leading New York authority as one of the most satisfactory and effective that has come to his knowledge. The New Brunswick Association would do well to make some enquiries regarding this method.

In the state capital, at Hartford, Conn., on the main floor, where it may be seen at any time by citizens or visitors, is a very large display of large photographs of tuberculosis hospitals and camps, showing interior views, and giving in a very comprehensive way a knowledge of what is being done for those who have contracted the disease.

SOCIETY AND RELIGION

In London, Ontario, ministers of the churches and the representatives of labor and capital have come together and are jointly considering means to ensure industrial peace. In New York last Sunday over a hundred ministers preached sermons dealing with the subject of municipal reform. In St. John recently the ministers were the leaders in a campaign against the saloon. Everywhere there are evidences that the leaders of the church thought see the necessity of the church adjusting itself to modern conditions, and devoting attention to social, industrial and economic problems.

First came the complaint that the masses were drifting away from the churches, and that there was a general lessening of the restraints of religion upon the public mind. Then came enquiry, and the discovery that religion, in the public mind, had come to represent a relationship with a remote and somewhat indefinite future existence, and certain creeds concerning which there was much dispute, but which were not vitally related (in the judgment of the man on the street) to the pressing problems of this life.

It was perfectly plain to the doubter that the church had got very far away from the simple teachings of the Founder of Christianity, and that a cold formalism and careless conformity had largely taken

the place of the vital enthusiasm of the early church. If, therefore, religion and the church were to reassert their supremacy it must be by manifesting themselves in a vital relationship to the life even of the man whose motto was: "One world at a time." And so it is coming about that the leaders of religious thought are ceasing to place the emphasis on "otherworldliness," and are seeking more earnestly to apply the teachings of Christianity to the problems that vex the souls of men and women in this work-day world. They no longer point to a Kingdom of God in the distant skies, but to one in the heart of man to be realized here and now. And insofar as they pursue this course they will succeed in making the real Christian religion a part of the life of man.

In the University Magazine for April an article by William Munroe, on "The Church and the Social Crisis" is filled with profitable suggestions. He points out the gross inequalities which mar the social, industrial and commercial world and the grave unrest which these produce, and the efforts made "to apply the motives of religion to the problems of modern life." We are facing, he says, a social crisis, and then he goes on:

"For this crisis the church, as the chief interpreter of Christianity, must have a message. And I fail to see how its message can suit the needs of the time unless the church pay more attention than she has hitherto done to the social aspect of sin and salvation. According to the plain teaching of Jesus no man knows the meaning of Christian salvation until he is willing to lose himself in the service of mankind. There can be no salvation worthy of the name that does not imply becoming a saviour. A single isolated life may find salvation without regard to others, but it is doubtful, increasingly doubtful, whether such salvation is worth having. The more we think of it, the more apparent it becomes that recovery to the right course life implies right relations with God's children. It would undoubtedly clear away a great deal of misunderstanding and remove a great barrier to social progress if in our conception of sin and salvation we begin with man's duty to man instead of man's duty to God. This does not in any sense mean the denial of our duty to God, but it means getting at our duty to God in the right way. In reality the only evil we have to repent of is what we have wrought in our world by our own selfishness. And there can be no mysterious process by which we can be 'washed in the sight of God.' We are not doing selfish things and manifesting a grasping, unscrupulous spirit in our relations with one another. A prevailing false notion we must rid ourselves of in meeting the social crisis of today: it is that sin against God is something different from sin against man. If the church is to succeed in the present crisis, she must cease worrying over wrong in the abstract and correct wrong in the concrete—cease fighting a mythical devil and deal with real devils near at hand—cease fighting and combating sin in general and organize to combat particular sins."

This is plain speaking, and it goes to the root of the matter. Mr. Munroe proceeds to show that modern civilization has been built up on individualism, and this explains the inequalities. They are the fruit of selfishness and self-interest. The present day task of the church, he says, is to socialize Christianity.

"The devotion paid to a divine person must be coupled with a devotion to a divine cause—transforming a self-seeking society into a religiously social life where each lives for others and all live for God."

There is too much truth in the writer's remark that "after twenty centuries of teaching the vast majority of modern Christians regard it as the chief business of religion to keep people out of contact with the life of this world, and get them safely away from it when they die." Not less is another statement that "if our churches, with their present membership and social influence, would honestly accept the teachings of Jesus and bravely and honestly put them into practice, our society would soon be free from the ideas and sentiments in the presence of which the evils of today could not long exist."

One more quotation it is well worth while to give:

"Not long ago Jacob Riis was addressing an audience at a charity meeting and noticed among the placards that adorned the wall one on which was the familiar text, 'charity covereth a multitude of sins.' He remarked: 'It is time to take that cover off.' He was right. The church must insist that men earn the right to be generous by first being just."

If the water can be kept in the Carleton salmon pond without injury to the public health, being frequently emptied and filled again by the tides, through movable gates, it will prove a great boon to the people. The like would be true of the Marsh Creek. The Every Day Clubs have the right idea, but the powers that be are slow to move.

Sir Percy Girouard, Canadian, of French descent, governor of northern Nigeria, is in his own person a practical evidence of imperial unity.

A GUESS

THE GOOD OLD MELODRAM'

I'm sick of moving picture shows and vand'ville weak and light. For look and jest and all the rest I have no appetite. The sleight-of-hand, or high trapeze, the tumbler by the score, The songs and dances, the howling prance, I want to see no more. Light opera I now taboo, and comedy The slinging stunts I worshipped once I now think rather tame. There's only one show now for me, the rest are fresh and sham: I want tonight, with rant and fight, the good old melodram!

IN LIGHTER VEIN

AS PER USUAL. "What does your husband like for his birthday?" "Anything I haven't got in the house." "Cleveland, Leader."

NOT OVERCHARGED. "There," said Mr. Brown, "that's what I think of you in this matter. I'm no lawyer, but this is just a little bit of advice for you. What do you think of it?" "I beg your pardon, then," said he, "it surely was," the maid replied. "And then he closed her." Chicago News.

A POLITICAL SPEECH. Follow Statesman-Senator, that speech of yours in favor of the income tax was one of the strongest arguments I ever heard of. Eloquent Senator (with some unassurances): "I really do not think I have done it." "Chicago Tribune."

A SURE TEST. Lawyer (cross-examining): "You testified that Miss Smythe was walking in her sleep. How do you know she was asleep?" "Witness—Well, a mouse can cross the floor right in front of her and she never batted an eye." Chicago Tribune.

THE COUNTERFEITER. An officer at a state camp decided to see for himself how his prisoners were doing their duty. He was somewhat surprised at over-coming the following:

"Pass, friend! Halt, bottle!—Everybody's Magazine."

HE GOES BROKE

"Johnny," said the teacher, "can you give me an example of a man who goes broke?" "Sure," said the boy, "I know a man who goes broke. He goes broke every day." Chicago News.

MISS-PLACED

Upon her hand he pressed his lips, She said it was the marriage of bliss. But he didn't seem to understand Her bride from her bride.

"I beg your pardon, then," said he, "it surely was," the maid replied. "And then he closed her." Chicago News.

PROVINCIAL NEWS

New Brunswick The proposed new stone walls for the Dorchester penitentiary—which are to replace the wooden palisades—and the proposed new north wing to the prison proper, will call for an immense quantity of quarried stone. The quarry of the Dorchester Stone Company will supply all that is required.

Three new autos have arrived in Sackville. One for E. B. Black, one for H. E. Fawcett, and one for F. W. Stanger, of Moncton. All three are very fine cars and are being greatly admired.

The marriage of Miss Ella Louise Brown, daughter of J. W. Brown, proprietor of the Bay View Hotel, Tidnish, and James D. Ritchie, son of the late Judge Ritchie, of Halifax, will take place on June 15th at her home.

Mr. and Mrs. John Fromm have issued invitations for the marriage of their daughter, Miss Pamela, to Philip Wells, which is to take place on Wednesday, June 9th, at Joliveau.

The citizens of Sherburne have decided by a small majority to install a town electric lighting plant at a cost of \$20,000.

A fatal accident occurred at Sackville, Digby county, on Wednesday afternoon at about 6 o'clock, by which Agano Bourque, of Comausville, Digby, lost his life. Mr. Bourque had been at the Sackville station with his team, and had left for his home at Comausville. He had proceeded along the road for about half a mile when his horse took fright and ran away, throwing him from the carriage, over the dashboard, and becoming entangled in the reins and unable to extricate himself, he was dragged along the road for over a mile before the body became released. When found by John Blinn he was already dead and the body was mutilated beyond recognition, having both arms and both legs broken in several places. Mr. Bourque was between 25 and 30 years of age and leaves a widow and two small children.

A. M. Fraser, fireman, got badly hurt Saturday night at Stellarton station. On jumping off the engine he missed his footing, fell and got caught by the engine but fortunately did not get under it; he was taken to the hospital.

A little excitement was caused on Monday morning, at New Glasgow, by the escape of a young man belonging to Little Harbour, but not possessed of the usual good sense of the people of that section.

On Saturday he registered at a leading hotel with a young girl as John McDonald and took her to the hotel and the hotel people knew the parties and took them in good faith. Monday he attempted to go away, forgetting to settle his bill. The police took him in hand and held him until he had paid the bill. He was only masquerading under the name of McDonald. A generous friend stepped in and went good for his board bill.

There will be over \$60,000 worth of wool to be shipped from the Dorchester penitentiary during the next six weeks. Now that the shipping season has been opened up, this port has once more been brought face to face with the inadequate condition of its shipping facilities. The trade of Westwood has been quadrupled since 1898, or even in the last ten years. Two children, aged 6 and 8 years respectively, sons of Phillip Deveau, Salmon River, met with a painful accident last week while playing with an explosive cartridge obtained some time ago from a war ship.

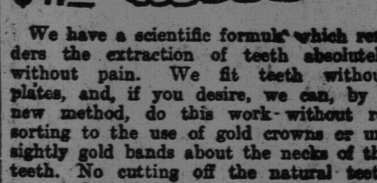

When the explosion took place a portion of the roof of the barn was wrecked in which the children were playing, and one of the boys had one of his hands blown off and both children were more or less injured.

P. E. Island While Rev. Hugh Miller was returning from Kingston, his horse took fright, overturning the carriage, throwing Mr. Miller out and rendering him unconscious. While the schooner Champion was coming to Charlottetown from Richibouctou with a load of lumber, on Sunday last, when off Indian Point, she was hit by a steamer with four men captive and threw its captain into the water. Captain Orr on seeing the danger of the men rounded his schooner to at once and after a great deal of difficulty succeeded in rescuing the four schoolers and the crew is composed of only two men. The wind was blowing high, and while one man put out after the drowning men, the other had great difficulty in keeping the schooner under command till his partner arrived.

ALEX FRASER The death of Alexander Fraser occurred suddenly at an early hour this morning at his residence, 297 City Road. Mr. Fraser was seventy-six years of age. He was up and about in his usual health until last Tuesday. Since then he had been ailing but his death was unexpected. Mr. Fraser was born in Inverness (Scotland) and emigrated to this country when a young man. For more than thirty years he was employed with the I. C. R. in the shops in Moncton. Two years ago he retired from active service and last year was awarded the imperial service medal for long and faithful service in the government's employ. Mr. Fraser married a daughter of the late Edward Smith, of Windsor (N. S.), who, with one son and four daughters, survive him. The son is Alexander Fraser, of Tacoma (Wash.). The daughters are: Mrs. Benjamin Look, of Birmingham (Mass.); Misses Martha, Susie and Sarah, of St. John.

A successful operation of skin grafting has just been performed in the private hospital. Some days ago a son of W. B. Tennant was burned about the legs by a grass fire. On Thursday Mr. Tennant and the lad went to the private hospital and that evening the doctors took sufficient skin from Mr. Tennant's body to cover his son's burns. Mr. Tennant will likely be confined to the hospital for some days.

THIS GROWS HAIR --PR-OVE IT YOURSELF

Parisian Sage is guaranteed by every druggist who sells it to give satisfaction or money back. There may be other retailers that make the same offer, but we never heard of one.

Not only do we make the offer as printed above, but we say to every man and woman that Parisian Sage is the best hair dressing ever compounded. We claim that it will turn harsh, unattractive hair into bright, lustrous and luminous hair in a few days. We claim that it will grow hair long and plentiful. We don't "prove it" by somebody's thousand miles away, but we say prove it yourself, and we mean what we say—prove it at our expense. Get a bottle today. If it doesn't do all we claim for it, your druggist will give you your money back. That's the best proof, the real proof—that's the kind of proof that's easy to prove.

Parisian Sage is not sticky or greasy; it is the most pleasant and invigorating hair tonic in the world. Women of refinement who desire beautiful hair should get a bottle at once. 50 cents a large bottle at Chas. R. Watson's, 100 King Street (the girl with the Auburn hair on outside of every package), or direct, charges prepaid, from Canadian makers, Giroux Mfg. Co., Fort Erie, Ont.

A LONG WAY BACK George—There's Miss Patsy. She claims she's never been kissed. Harry—Why, I've kissed her myself, years ago. She means not since she can remember.

**Summer Home Comforts**

Whether you live in a house or in an apartment, the furnishings and decorations of the winter seem heavy and hot and stuffy as warm weather approaches. A little care and a moderate expenditure will repay the cost by the increased coolness they will give. Take up all your rugs and pack them away, replacing with clean matting or crex. All couch covers should be packed away in camphor or moth balls and those of extra linen substituted. Pillows of silk or heavy materials should not be left out; use plain ones of canvas or duck or any washable goods. Get rid of all draperies for doorways, mantelpieces and tables. Remove the heavy pictures from the walls and replace them with posters suggestive of outdoor life, or wrap them in cheesecloth covers and return to their places.

bare of pictures. Pack your silver and superfluous dishes away and alleviate the depressing bareness of a room, so stripped by flowers and growing plants. If you do not use the floors entirely bare and object to crex or matting, cover a portion of the floor of each room with blue or white cot-

Remove the Heavy Pictures

Do not hesitate to change the entire order of your house or apartment. Coolness is the first essential and appearance the last. Pick the coolest room as your bedroom, even if you have to put the parlor furniture into the hall closet. Use the thinnest of bedding and be sure that the circulation of air in your bedroom really circulates. Curtains for the windows may be made of dainty washable materials in plain patterns. The table may be covered with a brightly printed square which is found at the average department store. The windows in the dining-room may be draped with such curtains of hemmed dotted swiss and the walls left entirely

**The Health Dept.**

She-What's that?  
He-She won't tear up a love-letter, even after she's forgotten who wrote it.

**THE LADIES' FRIEND IN THE HOUSE OF ASSEMBLY**

**Cleaning Carpets at Home**

Now is the time to clean your carpets and rugs preparatory to their summer service or to preserve them if you wish to pack them away. If you have them cleaned by a professional cleaner be sure that they are thoroughly dry before putting them in the storeroom for the summer. If you are willing to undertake the work at home, do it systematically. First, take up your rugs and your carpets and have them beaten out of doors. The old-fashioned way of hanging them over a clothes line and then getting a husky man-of-all-work to whale them with a stout stick is not bad, even though our grandmothers did do it before us. Let them hang on the line for a while after they have been beaten. If you care to, you may wet the surface of your rugs with a preparation of ammonia to one part of water and placed in the sun to dry thoroughly. If the rug is hung up while still damp, even in spots, it will rot. As each rug is rolled put in a generous supply of moth balls. The completely rolled rug in heavy wrapping paper, so that no portion of it is exposed to the possible attack of

moths. Place away in a storeroom and do not open until the fall. Grease spots should be taken out with a preparation of warm water and ammonia applied with a stiff brush. Some housekeepers advocate the sprinkling of salt on the rug to brighten its colors. The danger in this, however, that it is quite difficult to brush out all the salt, no matter how thoroughly you sweep, and in damp weather the absorption of moisture by the salt that remains ground in the rug will tend to rot it. If you take up your carpets and put them away, substitute summer floor coverings; they will be all the brighter and more pleasing when you replace them in the fall.

**MODEL OF TILLEY MONUMENT IN JULY**

And it is Planned to Have the Statue in Place in September of 1910.  
George Robertson, receiver-general, said last night that, as chairman of the committee having in charge the proposed Tilley memorial, he and J. A. Belyea, as treasurer, have written to the sculptor, Philippe Hebert, accepting his offer for a model of the proposed monument to be submitted to them. The model will be one-eighth of the size of the monument and is to be ready for delivery early in July. If the model is satisfactory to the committee the understanding is that Mr. Hebert will get the contract to furnish the monument which it is proposed to have in place in the early part of September, 1910.

### MEN! I'LL CURE YOU BEFORE YOU PAY ME

Let any man who is weak, broken down, old and decrepit in physical weakness, full of pain and aches, gloomy, despondent and cheerless—any man who wants to be stronger and younger that he feels—let him come and tell me how he feels, and if I say that I can cure him and he will show that he is honest and sincere, he need not pay me a cent until I cure him.

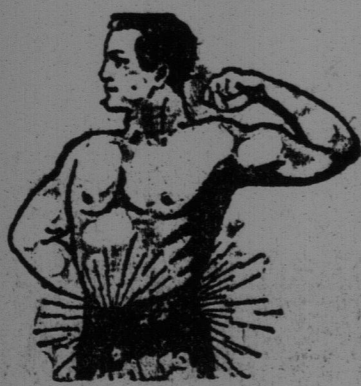

I don't want money that I don't earn, I don't need it, and I am not after it. But I am after the dollars that are now going wrong in the quest of health. Look at these poor wrecks of humanity that are spending all they can earn on drugs—drugs that are paralyzing their vital organs—that have spent all they have earned for years without gaining a pound of strength for the hundreds of dollars wasted.

That is the money that I am after, because for every dollar I take I can give a thousand per cent. interest. And I don't want it at all until I have cured you, if you will secure me. I have cured so many cases right here that I can prove my claims to you, but if that proof is not enough, I'll cure you first and then you can pay me.

Most of the Bells that I am selling now are to men who have been sent here by their friends when I have cured. I think that is the best evidence that my business is a success from the standpoint of cures, as well as on the dollar side.

Just lately I have received letters of praise from these men—  
 J. DAHAL, 85 "Mina," Halifax, N. S., completely cured of Rheumatism.  
 W. Y. PYKE, Red Bay, Nfld., cured of general debility.  
 W. J. BYERS, Nipissing, Ont., restored his strength, after being unable to work for years.  
 JOHN NOBLE, Hanover, Ont., cured of Rheumatism.  
 If you will come and see me, I'll explain it to you. If you can't call, let me send you my book, full of the things a man finds inspiring to strength and courage. Free if you send this ad.

### A HALIFAX WOMAN CHOKED TO DEATH

**Mrs. Samuel Harrison Attacked By a Drunken Man and so Cruelly Treated That She Died in a Few Minutes—Percy Wallace Arrested for Her Murder.**

Halifax, N. S., May 28.—Percy Wallace, a young man of 22, will likely stand trial on a charge of murdering Mrs. Samuel Harrison tonight. He is a prisoner and is held for the crime, pending the report of the coroner who is making an investigation.

The assault, which ended in the death of the woman, was most brutal. Mrs. Harrison had been working in the upholstery department of the Nova Scotia Furnishing Company's factory, till 10 o'clock, and as she was emerging from the door, Wallace came along, caught her round the throat and forced her back through the door, throwing her to the floor.

Screams brought help and Wallace was put out but he got back, made a second attack on the woman, cutting her face and digging his fingers deep into her neck. The police arrived and Wallace was taken in charge and the woman in the brief moments of life that remained was able to identify Wallace as the man who assaulted her. Then she fell back dead.

Wallace was drunk and shortly before had tried to force an entrance into a nearby house. He will come up for examination tomorrow. The woman's body was taken to an undertaker's room whether her daughter had been summoned. She said her mother was 60 years old.

### INSPECTION OF CATTLE

Applications for milk licenses for 1909 are being received slowly at the board of health office. So far only about twenty have been issued. Secretary T. M. Burns said yesterday that a good many of the boards are being inspected by veterinarians.

With regard to the promise of the agricultural department of the local government to appoint dairy inspectors, he said he had no definite information. He had written to Hon. Mr. Landry, commissioner of agriculture, about the matter, but so far had not heard from him directly, although T. A. Peters, the deputy commissioner, had written to say that he understood two dairy inspectors had been appointed, one to be stationed in Moncton and the other in Sussex. Mr. Burns said that if such officials had been appointed he had not received any certificates from them relative to dairy herds.

### THE SHAD FISHERY

Better Run of Fish Now Than for the Last Two or Three Years

The warm weather of the past two days has been very favorable for the shad fishing. A wholesaler, in conversation with a Telegraph reporter yesterday, said the boats are now landing bigger catches than for the last two or three years. Next week will see the conclusion of the spring run of shad.

Although the number of shad being caught is large he said the bulk of the fish will be used fresh. There will be very few, if any, to salt down. Salt shad, indeed, have for years been very scarce and often there have been none offered. The reason is found in the smaller number of the fish being taken. Fourteen or fifteen years ago, he said, one boat would often land as many shad as the whole fleet.

A few salmon are being taken in the shad nets but the real run of these fish will not start till after next week. Gas-

### A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial load? Is your pain a heavy physical burden? I know what these mean to delicate women—I have been discouraged, too, but I learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you will assist me.

All you need do is to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for life (the cost of a postage stamp). Your letters held confidentially. Write today for my free treatment. MRS. F. E. CURRAN, Windsor, Ont.

The police have been asked to be on the look out for a fourteen year old girl, Alice Massey, who left Moncton on Wednesday last for this city. The girl is described as being of dark complexion and when last seen was wearing a black skirt and blue shirtwaist, a red sweater and a blue felt hat.

### GEORGE WARD LOSES FOOT AS RESULT OF ACCIDENT

Elevator Weights in H. Horton & Sons Building Fell Five Stories—George Ward Badly Injured.

About 5.30 o'clock last evening owing to the parting of the wire cable in the elevator shaft of the building occupied by H. Horton & Sons, Ltd., in Market square, three heavy counterpoise weights fell from the fifth floor to the basement, tearing through the back of the elevator, which had just reached the bottom, and crushing the left foot of George Ward, one of the clerks of the firm. Two other employees, William McManus and James Wallace, who with a machinist from E. S. Stephenson & Co., were in the elevator at the time, escaped unhurt. Mr. Ward was taken to the hospital, where his foot was amputated. He is about twenty-one years of age and a son of Mrs. Rebecca A. Ward, of Golding street. He has been with the firm about four years.

The elevator, which is operated by a motor, has been found not to be working satisfactorily and as the motor was thought to be in need of repairs George A. Horton, general manager of the company, yesterday called to E. S. Stephenson & Co. yesterday morning. Two men were sent and made some changes in the motor, but later in the day Mr. Horton's attention was called to the fact that the elevator would not descend into the cellar. He telephoned again to Stephenson & Co. and a machinist was sent to make matters right. The elevator appeared to be in good order when about 5.30 p. m. the counterpoise weights were tested, it stopped at the third floor and invited Mr. Ward and Mr. McManus to take a ride down and satisfy themselves that it was running satisfactorily.

They entered and on descending to the second floor the elevator was stopped at the request of Mr. Wallace, who was alone then. The basement was reached without mishap, but as the elevator came to rest, from some cause not fully explained, long wire cables attached to the three weights, which, acting as a counterpoise, were at the fifth floor, parted and the three heavy

### TO SUFFER FROM HEADACHES MAKES LIFE MISERABLE.

It takes a person that has had or is subject to headaches to describe the suffering which attends them.

The majority of cases are caused by constipation and dyspepsia. The dull throbbings, the intense pain, sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on, purely indicates that there is something the matter with the stomach or bowels. To the fact that Berdook Blood Bitters reaches every part of the system is due its success in relieving and permanently curing headache. It has proven a specific for the malady in all its forms.

Mr. Allison CONSTITUTION HEADACHES. Mrs. Allison, 107 Westfield, N.B., writes: "I have been troubled with Constipation and Headaches for a long time. After trying different doctors to no effect, a friend asked me to try Berdook Blood Bitters. I find I am completely cured after taking three bottles. I can safely recommend it to all."

DR. GEO. F. MATTHEW HOME FROM OTTAWA

He Tells of the Meetings of the Royal Society—Fine Collection of Fossils for Natural History Society

Dr. George F. Matthew returned to the city yesterday from Ottawa where he had been attending the May meeting of the Royal Society of Canada. He left here last Tuesday and was obliged to leave the federal capital before the close of the meetings. Naturally Dr. Matthew was most interested in the meetings of section iv, devoted to the geological and biological sciences. He himself read three papers before the section, on the Geological Age of the Little River Group; Revision of the Flora of the Little River Group, and Remarkable Forms of the Little River Group. In the revision of the flora of the group Dr. Matthew described one of the fossils he found this spring by A. Gordon Leavitt and which was new to science.

Among other interesting papers read was one by Dr. R. W. Ellis on the Oil Shales of Albert County, in which he said these were much richer than the Scottish oil bearing shales. Dr. L. W. Bailey read a paper on the Geological Factors in the Physiography of New Brunswick.

Dr. Matthew was asked last night about the collection of fossils he intends to donate to the Natural History Museum here if, after the end of three years, the society shall have raised enough money to pay off the mortgage on the building. His collection, he says, he calls a general collection. It includes more than 1,000 specimens of all kinds of fossils from every strata of the earth's crust. A good many are from foreign countries, but it is especially rich in fossils that occur outside of the Cambrian in New Brunswick and other parts of the maritime provinces. The collection is especially suited for a museum or for advanced students of paleontology.

Dr. Matthew said he had devoted himself to the study of geology for forty years. Some years ago the University of Toronto purchased his collection of Cambrian types of New Brunswick and Nova Scotia. It is probable that his collection of co-type of the Cambrian strata of the two provinces will be purchased for the new museum in Ottawa.

### THE CARLETON ELECTION CASE

Trial Date Will Be Fixed on Monday—Objections of Hon. W. P. Jones Overruled.

Before His Honor Judge McLeod in chambers yesterday the Carleton county election case again came up. A. B. Connell, K. C., appeared on behalf of the petitioner, Wm. J. Owens, the defeated government candidate at the local by-election in Carleton county, and Hon. W. P. Jones, K. C., for Geo. W. Upham, M. P., the respondent. Mr. Connell applied for an order to have the date of the trial fixed.

Mr. Jones opposed the granting of the order on the following grounds:

1. That there was not sufficient publication of the petition as required by law. The act requires that the petition shall be posted in the office of the registrar of deeds and in this case it was posted in a recess outside the door of the county building. The county building contains besides the registry office, the chambers of the county court judge and a number of offices of county officials.
2. That even if the posting was sufficient it was too late as it was not done until twenty-seven days after the petition was filed, and the law provides that it shall be posted forthwith.

At the conclusion of the argument his honor overruled the objections, saying that he thought the provisions of the act had been reasonably carried out. On Monday afternoon at 3.30 o'clock the date of trial will be fixed.

Mr. Connell has taken out a summons calling upon the respondent to show cause why date for trial should not be extended. This matter will be argued at 2.30 p. m. of the same day.

### VAGUE PAINS POINT TO RHEUMATISM

There is no disease more sneaking, treacherous and insidious than rheumatism—today you're well—tomorrow perhaps you're in bed. The pain may settle in your back, arms, legs, thigh bones, knees, fingers—not even the bones is exempt.

Nervine is the cure—a few vigorous rubbings with this trusty liniment prove what wonderful healing power a good medicine can possess. Deep into the subcutaneous and muscular tissue through the bones and sinews goes the penetrating, pain-destroying properties of Nervine. Failure is impossible—Nervine attacks rheumatism, sciatica, neuralgia and lumbago—in fact there is not a ache or a pain that a liniment should cure that won't yield quickly to Nervine.

Don't hesitate to try "Nervine"—it has restored thousands of despairing, broken-down men and women, has helped physicians with its rapid cure, and in your case, as in others just as bad, Nervine will cure quickly. Refuse substitutes—use "Nervine" only. Large 25c. bottles. Sold by all dealers.

The St. John City Rifle Club will hold their weekly spoon match this afternoon on the local range, the match starting at 1.30 sharp. Major S. B. Smith will act as range officer and will receive match tickets up to 2.30, after which tickets will not be received. If the weather is at all favorable, a large attendance is expected.

She—You seem to think it very funny that I should refuse you.  
 He—Yes, Jones but me \$50 you would not refuse anyone, and I win.

CANADA IS WILLING TO SPEND MILLIONS

Canadian Representatives Will Take to Europe a Definite Proposal for the Beginning of a Canadian Navy—Money Must Be Spent in Canada.

Ottawa, May 28—A naval and military expert will accompany Canada's representatives to the imperial defense conference in London. The date of the conference has not been finally settled but it will be held some time during the month of July. Sir Frederick Borden will be accompanied by General Sir Percy Lake, chief military advisor to Canada, and Hon. L. P. Brodeur will have as his advisor Rear Admiral Kingmill, commander of the Dominion fishery protective fleet. It is understood that the Canadian representatives will take to London a definite proposal in the form of a tentative programme for making a beginning with the Canadian navy. The matter has not been finally settled by the government but the programme will be for at least five years as a beginning with an expenditure of from \$2,000,000 to \$3,000,000 a year on naval construction. It is also desired to get a British shipbuilding firm to locate at some favorable point in Canada to undertake the building of cruisers and coast defence craft on Canadian soil. The British shipbuilders are already taking an interest in the construction of Canada's navy. The government has been approached for torpedo boat destroyer orders by Hawthorne, Leslie & Co., of Newcastle-on-Tyne. They have built extensively for the British government, the well-known destroyer Viper being one of their craft.

"CAN I GET WELL?"

If Your Trouble comes from the Kidneys, or from Kidney Poisons in the Blood, YES!

And if you have been ailing a long time—lose your courage. It takes a little time—takes some constitutions longer than others. But Doan's Kidney Pills will gradually drain the poisons out of your system; the pain in your back will stop; the sediment in the urine will cease; there will be no rheumatic pains; you will feel fresher and brighter, and when the last of the poisons have gone you will be well. There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective in taking them out as Doan's Kidney Pills. Mr. W. Perkins, South Maitland, N.S., writes: "I feel it my duty to let you know of the great cure I have obtained by using Doan's Kidney Pills. For six months I could not obtain a good night's rest, had to get up four or five times to urinate, and the urine was very thick and red. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again. I am very thankful to have found so speedy a cure. Price, 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct by The T. Milburn Co., Limited, Toronto, Ont. In ordering specify "Doan's."

CYRIL McDONALD NEAR ENGLISH TRIP

The time for closing the Standard of Empire competition for the free trip to the old country offered to high school and collegiate institute students is fast approaching. June 15 is the date. Cyril H. McDonald, the St. John boy who is hunting for the trip, was second to only one other in Canada at the last report and has had good success in subscriptions. However, in the closing days the greatest effort must be made and Master McDonald hopes that his friends will rally to his support so that he will be the New Brunswick representative on the trip. The Standard of Empire is sending the twelve high school boys, who secure the greatest number of subscriptions to that newspaper, for a three weeks' holiday in England, Ireland, Scotland and Wales. If young McDonald is successful as the New Brunswick representative he will lunch with Lord Roberts at the home of that great soldier on July 29. The twelve successful boys will sail on the S. S. Empress of Britain on July 16 and return to Quebec on the S. S. Empress of Ireland on August 19. Anyone wishing to help the young St. John boy, let him communicate with him at his address, 51 Harrison street, St. John. He is eighteen years of age, was born in St. John of Scotch parentage and is in grade XI of the High school, and a member of the graduating class. The competition will close on June 15 and if McDonald receives the support which he deserves St. John should lead the dominion on that day.

ORANGE GRAND LODGE ELECTS OLD OFFICERS

Rev. R. G. Fulton, Provincial Grand Master for New Brunswick and H. C. McLeod Deputy Grand Lecturer. Peterboro, Ont., May 28.—The Grand Orange Lodge re-elected all the grand officers as follows: Grand master, Dr. T. S. Sprague; deputy grand master, Lieut. Col. J. H. Scott; provincial grand master, New Brunswick, Rev. R. G. Fulton; Nova Scotia—Major H. J. Harrison, Macleod; Manitoba—Theo. Sharp; Newfoundland, Captain A. Keen; Prince Edward Island—Rev. J. McLean; grand chaplain, Lieut. Rev. Wm. Walsh; grand secretary, Wm. Lee; grand treasurer, W. J. Parkhill; grand director of ceremonies, Captain T. G. Wallace; deputy grand secretary, W. M. Fitzgerald; deputy grand treasurer, H. C. Hocken; auditors, J. H. Delamere and Jos. E. Thompson; deputy grand lecturer, Newfoundland, Thomas F. Butt; Nova Scotia, E. H. Humphreys; Prince Edward Island, A. S. McKay; New Brunswick, H. C. McLeod.

DROPPED TO DEATH FROM HIGH BRIDGE

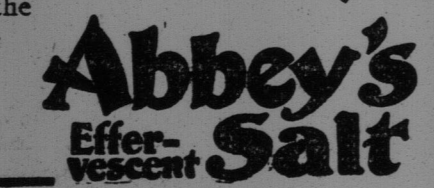

Toronto Nurse in Poor Health Committed Suicide—Dropped From Bridge 115 Feet High. Toronto, May 28.—Climbing over the railing at Glen Road bridge in Rosedale, Elizabeth Ranshaw, a nurse, hung on by her hands for a few seconds, then let go and plunged to the bottom, 115 feet below. Striking a trestle on her way down, she was thrown upwards and just missed falling into the stream which runs on the south side of the roadway. She was found face downwards and when turned over it was seen her right foot was stuck six inches in the ground. She was seen to take the fatal plunge by two men who happened to be crossing. There was no hesitation about the act, but deliberately climbing up on the railing and lowering herself down by her hands, let go. She was a nurse well known in the city, but had been in poor health of late.

BIG SMELTING PLANT FOR NORTH SYDNEY

Town Makes Large Concessions to Montreal Men Who Will Invest \$1,500,000. North Sydney, N. S., May 28.—At a special meeting of the town council this evening a resolution was passed granting a free site, thirty years exemption from taxation and free water for thirty years for a smelting and reduction plant to be erected here by J. H. Brown, of Montreal, and his associates, among whom are several upper Canadian capitalists. Nearly all the prominent business men of the town attended the meeting and endorsed the council's action. Mr. Brown stated that the plant will cost \$1,500,000, the plans for which are already in course of preparation. ANOTHER GUESS He—I called to ask you for your hand. She—Well, call again.

"Spring Fever" won't catch you

if you start in right now to take Abbey's Salt regularly. A dessert-spoonful, in a glass of water, every morning rids the system of all impurities—starts the liver working properly—and purifies the blood. Abbey's Salt is the best spring tonic for young and old. 25c and 60c a bottle.

LUMBERMEN DROWNED WHILE SORTING LOGS

Van Buren, Me., May 28.—Two employees of the St. John Lumber Company lost their lives by accident today. Joseph Berube, of Edmundston (N. B.), was drowned while running logs at the sorting gap of the company. He was 35 years old. His body was recovered. Another employee, named MacAlister, died tonight from injuries received in the mill late today. He was 29 years old and lived here. VERY LOVING. O'Toole—Phwat is that, me bye? O'Brien—'Tis th' 'avin' 'up. 'Tis a good thing to show good fellowship in our lodge. O'Toole—'Tis invidde. Awn phwat a dandy 'tink to hit some wad in a fight!

Cooked Bananas

Accustomed, as the average person is, to bananas, in the raw state only, the housekeeper is inclined to give but little thought to them cooked. Their nutritive value is great, however. Bananas boiled in their skins and served with cream or butter, are said to be an excellent breakfast dish. When boiled, they may also be sliced and laid around a dish of fresh or salt pork. Fried, they are considered excellent, with broiled kidneys and bacon. Bananas for boiling should be ripe, but firm, and but ten minutes is required to cook them; for frying they should be given only five minutes. If baked in their skins, they can be used in place of potatoes. A MEAN MAN She—Boo, hoo, you never take me any where any more. He—I would if I could leave you there.

Extreme Case of Exhausted Nerves

Mrs. Stella Doane Effected by Use of Dr. A. W. Chase's Nerve Food. This is the kind of cure that gives some idea of the extraordinary influence which Dr. A. W. Chase's Nerve Food exercises over the nervous system. You will find this letter of interest and if you only have warning symptoms such as nervous headache, indigestion, sleeplessness, irritability and loss of energy you will be able to put your whole confidence in a treatment which effects cure in such extreme cases of nervous exhaustion. Dr. A. W. Chase's Nerve Food cures in Nature's way by forming new, rich, red blood and on this account its benefits are thorough and lasting. No treatment has such a splendid record in the cure of nervous prostration and exhaustion and all symptoms tending to the approach of paralysis or locomotor ataxia. Mrs. Stella Doane of No. 18 Gifford Block, Jamestown, N. Y., says: "I desire to give you a merited—and I may add—unsolicited testimonial for your wonderful Dr. A. W. Chase's Nerve Food, although I never quite approved of patent medicines until after I doctored with four of the best physicians in this city for nearly a year with little or no benefit. After almost complete paralysis, my health has been completely restored by your wonderful Dr. A. W. Chase's Nerve Food. The result may be considered almost a miracle. I write you this because I feel it my duty that others should learn of the real merits of Dr. A. W. Chase's Nerve Food. You may use this as you wish, that others may learn of my remarkable recovery by the use of your medicine alone."

Dr. A. W. Chase's Nerve Food 50 cents a box, 6 for \$2.50, at all dealers, or Edmondson, Bates & Co., Toronto, Ontario. The genuine bears the portrait and signature of Dr. A. W. Chase, M. D., the famous Recept Book author.

Morning subject: "Prayer and Destiny"; evening subject: "Divine Human Experience." Y. P. S. C. E., Monday evening at 8 o'clock. Prayer meeting Wednesday evening at 8 o'clock. A cordial welcome to all.

MINERAL DEPOSITS RICH IN RADIUM

Liabon, May 28.—Further particulars of the discovery in Portugal a while ago of mineral deposits, which proved rich in radium show that deposits are situated near Guarda, adjacent to the main line of the Paris-Lisbon railway. The deposits in the vicinity attributed remarkable health-giving properties to a certain stream, visited the locality and found that in one place the stream flowed over a yellow quartz encrusted with crystals of uranite phosphate, containing over 50 per cent. of oxide of uranium. Professor Barboni, formerly a professor of chemistry in Paris, states that the mineral by reason of its greater facility of treatment, ought to be at least three times superior to pitch blends for medicinal purposes. Professor Walden, of the chemical department of Oxford University, found the uranite particularly pure. It contains approximately 360 milligrams of radium to the ton of mineral. Investigations reveal the existence of one main lode extending for a mile and a half, with width of five feet, at the surface to twelve feet at a depth of fifty feet. The lodes are true fissure lodes formed by volcanic action. The discovery is all the more important since the chief source of the world's radium supply in Bohemia is locked up and is only available for Austria. A syndicate of British capitalists, it is announced has obtained control of the Portuguese deposits. It is hoped that the price of radium will soon be reduced by 50 per cent.

JOURNALISM IN THE ARGENTINE

A gentleman who has lately visited the Argentine supplies the Glasgow News with a description of the chief newspaper of the Rio Buenos Ayres. Offices of the kind in London are simply not "in it" when compared with this South American building. He says it is a palatial establishment where straw-hatted reporters of descent from authentic Spanish hidalgos sat in sumptuous armchairs smoking long cigars and refreshing themselves with iced sodas while "copy" was in process of manufacture. The editor's room was like something from the Ritz, the Carlton, or the Yildiz Kiosk before the revolution, and each and all of his leading men had almost equally impressive apartments. The office included a large ball room and a public library, while there was in residence a physician whom readers of the paper might consult free at any hour of the day or night without any danger of his prescriptions being confined to the specifics advertised in the columns of the journal. An outside feature of the place was a colossal steam siren, which was blown periodically when any important news came to hand late at night. The peering nocturnal blasts prepared the town for sensations with the morning roll and that each blast was an offence punishable by fine was a matter of supreme indifference to the management. They said up and saw to it that steam was ready for the next blow.

TO LET—THE VERY NICELY ARRANGED, self-contained tenement of nine well lighted, cozy and comfortable rooms, No. 100 Germania street, corner Horseshoe. Inquire at 116 Germania street. W. TREMAYNE GARD, 106-12.

DEATHS

ROSS—On Saturday morning, May 29th, after a short illness, at the residence of his son-in-law, Herbert A. Northrup, Prospect street, David Ross, in the 79th year of his age, leaving a wife, two sons and two daughters to mourn their loss.

FRUIT SHOULD BE CHEAP THIS YEAR

Outdoor is Good for Plentiful Supplies of Popular Table Fruits—Vegetable Crops are However Backward Owing to Bad Weather

Unless the weather improves greatly indications are that crops will be materially retarded. Reports from the country are to the effect that the season is so backward that in some districts farmers have not even begun to plant the crops which are only now seeding. In fact it is believed that the season is the latest for the past ten years, although the advent of warm weather will be a boon to the farmers from now on. Frost has destroyed much of the crops planted along the river. Despite the fact that many of the farmers planted several weeks ago they report in the majority of instances that few of the shoots have yet grown above the soil. The potato market here and everywhere is at present experiencing a decided slump. A few months ago the demand for potatoes exceeded the supply and cargoes of the tubers were shipped by schooners to New York and Boston from Prince Edward Island. Over a month ago the market collapsed in the United States and the slump extended to Canada. The shipments from the island were abruptly terminated, as the farmers could dispose of their potatoes at home more advantageously than to forward them to the United States markets. Potatoes are now \$1.50 to \$1.75 per barrel.

The market for butter and eggs remains firm. Case eggs are selling at 17 cents, and butter from 19 to 22 cents per pound. There is no lack of either eggs or butter, and there is no prospect that they will become scarce and increase in price.

This promises to be an excellent season for fruit of all varieties. However, bananas are just at present not so abundant as in previous years at a corresponding period, owing to the demand for this fruit in the United States. The fruit companies are not able to cope with the appetite of Uncle Sam's citizens for bananas, although steamers are plying to Boston and New York from the West Indies and other tropical climes, where the fruit is raised in enormous quantities of bananas solely. The demand is increasing annually and bananas are installed as the prime favorite of the fruit eaters. The existence of this state of affairs across the border produces a banana shortage in Canada, as home orders have the precedence. However, it is the belief that bananas will be abundant here in a few weeks. There is no reason to believe that there will be an increase in the price during the summer.

Oranges and lemons are plentiful and are reasonable in price now, but are due for increases and to continue until the termination of the season. The price of navel oranges is lower than that of last year, and the Valencia oranges are reaching St. John in far better condition than on their arrival this time in 1908. The preserving season does not open in St. John until July, as United States strawberries, which are now arriving from Boston, are too expensive a delicacy for preserving. Chiefly the reason for the prohibitive price is the duty on each box of three cents and the cost of transportation. The only fruit now available that can be purchased for preserving purposes is the pineapple. The price of this fruit is now fifty per cent lower than the price at the time of the year, but the price it is expected will be advanced in a short time. The public has appreciated the low price of the fruit, which is in the main of good quality and a good sale has been the sequence.

California cherries arrived at the market here on Tuesday and additional shipments reached St. John on Friday. As in the case of the imported strawberries the price prohibits an extensive sale of the cherries for preserving or even eating. It is for the strawberries, raspberries, blueberries, gooseberries, blackberries, plums, peaches, pears, etc., are plentiful that the housewife seizes her opportunity to bottle the fruit for the dismal days to come.

POLICE COURT

Quite a Heavy Docket Before the Magistrate Today

Police court was not held until late this morning owing to the absence of Magistrate Ritchie as a funeral. Those before the court were Patrick Bennett, charged with intoxication, profanity, obscenity, and resistance; Albert Murphy and Thomas Highman, his companions, for interfering with the police and profanity; Mirard Sabean, for profanity; Martin Langan and Albert Alward, who were arrested by officers Marshall and Scott between 12 and 1 o'clock this morning for wandering on Charlotte street; Orland Murray, Harry Allen and William Vandertine, who were arrested between 1 and 2 a. m. for wandering on Union street. Murray, aged 50, Vandertine, aged 21, are also charged with the supplying liquor to Allen, aged 17.

Ronald Harrington, who was charged with disorderly behavior on Charles street last night, was in court to save a deposit of \$50, which he had made in the event it was possible. Six policemen were deprived of several hours sleep by the delay. Robert Wonnacott, Emond Cavanaugh, John McDonald, Frank Graves, Frank Lavigne, Charles Kelly and Frank Brun, who were reported by Policeman Steeves for throwing missiles, shouting and using profanity at the foot of Clarence street on Sunday, were also before the court. Ernest Bushman, George Sterling, George Hector and George Dixon, negroes, who were reported for acting disorderly on Union street on Sunday, were instructed to return to court on Monday.

FUNERALS

The funeral of Mrs. Charles Campbell will be held from the Mission Church of St. John Baptist this afternoon at 3 o'clock, the body being taken from her late home, 58 Dechester street, at 2 1/2 o'clock. The service will be conducted by Rev. J. W. Rounthwaite and interment made in Fernhill.

The funeral of Mrs. Hugh Morris was held from her late home, Randolph, this morning at 9 o'clock to St. Rose's church, Fairlie, where high mass was sung by Rev. Father Collins. Interment was made in the old Catholic Cemetery.

The funeral of A. B. LeRoy Myers will be held from his late home, Elliott Row, this afternoon at 2:30. Service will be conducted by Rev. A. A. Graham and interment in Fernhill.

The funeral of Charles Haines will be held from his late home 71 Dechester street this afternoon to Trinity church where service will be conducted by Rev. Mr. Armstrong assisted by Rev. J. W. B. Stewart. Interment will be made at Fernhill. The members of the Temple of Honor and Junior Templars will attend in a body.

Conditions of Competition---

1st—Any boy or girl, 8 to 15 years old, can compete by writing us a copy of TIGER TEA letter as below. 2nd—Each letter must enclose 12 of the square cards found inside of the 1-lb. and 1/2-lb. packets of TIGER, MANDARIN or EAGLE TEA. 3rd—Award of Prizes in July, 1909. 4th—Neatness, style of writing, and age of child, considered in awarding prizes.

W. F. HATHEWAY CO., LTD. February, 1909 St. John, N. B., Canada.

W. F. HATHEWAY, CO., Ltd. Packers of Tiger Indo-Ceylon Teas. Dear Sir:—Our choice at home of Tiger Tea is grade— at — per lb. Is it true that the tiny dried, whitish buds in TIGER TEA give it that fine delicate flavor? We used to drink China Tea years ago, but prefer the TIGER TEA in 1-lb. packets, as it looks clearer, and because TIGER TEAS are prepared and packed by machinery instead of by the nasty, sweaty hand-treatment as in China. The pretty blue and white label is enough to make one wish to taste a cup of TIGER TEA. The tiger paws on the label show how strong the TIGER TEA is. I am very glad to send you this letter about TIGER TEA, and if you wish I will send you a sketch of a tiger which would perhaps be fiercer than the tiger on your label. The rich cherry color of TIGER TEA pleases everyone, and I hope that you will always keep the quality of it as good as it is now. I enclose the 12 cards required, and tell you truly this is my own handwriting. Every Canadian should buy a 1-lb. packet of TIGER TEA, for, besides the good quality, we know that the work of blending, labelling, boxing, packing, etc., is all done by Canadians in St. John. My age is ...; my last school teacher was ... Hoping that this letter will win a TIGER TEA PRIZE. I am, respectfully yours,

Have You Seen Them

If you haven't seen our Cabinet Glenwood, it will pay you to come around and look them over. Ask all the questions you want about them. Go see those that are using them, they will tell you how they bake. It will also pay you to come in and see our kitchen utensils lines. There is always something new in these goods. Come and see our new potato pot; it is fitted with a strainer, no more scalded arms or hands while straining your potatoes. You should see these pots and you won't go out without one.
