ANNUAL CONVENTION SASKATCHEWAN DAIRY MEN'S ASSOCIATION.

Speakers from Vaneouver, Calgary and Ottawa have already promised to address the convention, and a number of other prominent men from points both inside and outside the province have been invited. The meetings this year are to be held in the city instead of at the University as formerly. This is also the first year a three-day convention has been held and in year of meeting with the agricultural societies, as has been dope for several years past, the dairynien are holding an independent convention this year. In addition to the addresses of outside speakers a number of very important local discussions are to be discussed and if it therefore goes without say.

This is also the first year a three-day convention this year. In addition to the addresses of outside speakers a number of very important local and the production. When the production was, "Liberty, Equality, Fraternity."

This is also the first year a three-day convention this year. In addition to the addresses of outside speakers a number of very important local and the production of the propole, by the people, for the people, by the people, for the people, which is the convention was, "Liberty, Equality, Fraternity."

This is also the first year a three-day convention has been held and in the city instead of meeting with the agricultural societies, as has been dope for several years past, the dairynien are holding an independent convention this year. In addition to the addresses of outside speakers a number of very important local production of the people, by the people, for the people." The watchword of democratic field conditions and has a decucation and the question and the ducation and the ducation has an economic value that I am offering these remarks. In doing the first womath. I tried all kinds of the University and thought it would never be able to united first womath. I tried all kinds of the first womath. I tried all kinds of the first womath is local than the united first the university and thought it would never be able to united first the un

They are earnestly moving forward to real effectiveness. They

Convention |

(Continued from Page 1.) orld has just passed and we stand tions in the community."

The annual convention of the Saskatchewan Dairymen's Association, which is to be held in Saskaton, February 12—13—14, bids fair to be the most important meeting of dairymen ever held in the province.

Speakers from Vancouver, Calgary and Ottawa have already should not hesitate to make the expenditure because the greatest asset of Saskatchewan is the children of the province—for them the best is none too good. There is a lack of genuine approximate.

We are alive today and enjoying this liberty and these opportunities because others have fought and died for us. May we in all our lateral to make the expenditure because the greatest asset of Saskatchewan is the children of the province—for them the best is none too good. There is a lack of genuine approvince of the economic value of education and it is chiefly with a view to establish that education has an economic value that I am to be a province of the economic value of education and it is chiefly with a view to establish that education has an economic value that I am

enlture, and the results of these are to be announced at the convention. Also at the time of the convention there will be competitions in butter judging, and a boys' dairy cattle judging competition. The importance of dairying in our agricultural industry is each more dangerous he is. Once in the tively little progress. Germany as phical location in all parts of the year becoming more generally real. United States of America it was a result of industrial training puts world, educated people produce. "In the matter of framing education in the progress of the world, educated people produce that the matter of training education in the progress of the world, educated people produce the produce of the progress of the world, educated people produce the matter of training education in the progress of the world, educated people produce the produce of the progress year becoming more generally real in the States of America it was a result of industrial training puts and the meetings of the Dairymen's Convention will undoubtedly prove profitable to all who can attend.

Who can attend.

World, educated people produce much and amass wealth while undoubtedly prove profitable to all who can attend.

World, educated people produce much and amass wealth while undoubtedly prove profitable to all the population were supposed to leave letters to their betters. Exproved the American poople in the States of America it was a result of industrial training puts four times as much labor value into much and amass wealth while undoubtedly prove profitable to all the population were supposed to leave letters to their betters. Exproved the American pool of the States of America it was a result of industrial training puts world, educated people under the same conditions produce little and save letters to their betters. Exproved the same raw produces are conditions produce little and save letters to their betters. Exproved the American real four times as much labor value into much and amass wealth while undered people under the same conditions produce little and save leaves the provide for wider expression came to a cational policy. Democracy must in charge of A. E. MeWhinney, and the morning session came to a condition produce little and save leaves the community. The state must regard to community. The afternoon session was open much and amass wealth while undered people under the same conditions produce little and save leaves the community. The afternoon session was open much and amass wealth while undered people under the same conditions produce little and save leaves the conditions produce little and save leaves the produce of the population of First Aid work, and the morning session came to a cational policy. Democracy much and amass wealth while undered people under the same cannot be a cational policy. The same cannot be a cational policy. The same cannot be a cational policy. The same perience taught the American peo-ple that this was not conducive to United States would have a value 2. The second proposition is and provide for it with more gen-PEACE OF RIGHT AND

(20. Instalment.)

Mr. and Mrs. Glegg talked quite micably about the Tullivers that evening. Mr. Glegg went the length of admitting that Tulliver was a sad man for getting into hot water, and was like enough to run through his property; and Mrs. Glegg, meeting this acknowledgment half-way, declared that it was beneath her to take notice of such a man's conduct, and that, for her sister's sake, she would let him keep the five hundred a while tonger, for when she put it out on hopefulness of hers which led he a mortgage she would only get to expect that similar causes may four per cent. at any time produce different re-

CHAPTER XIII.

Mr. Tulliver further Entangles

Pullet found her task of mediation thought to-day, if she told him with, and Tom being good at all the next day surprisingly easy. When he came in to tea that sister active games—fighting especially—Mrs. Glegg, indeed, checked her Fullet was gone to try and make had that precedence among them rather sharply for thinking it everything up with sister Glegg, so which appeared to him inseparable would be necessary to tell her elder that he needn't think about paying from the personalty of Tom Tullisister what was the right mode of in the money, it would give a cheer- ver. sell the city ninety acres of land lower these prices: in the vicinity of Wascana Lake at Grace (then Bishop) Archbishop a total price of \$17,000. The property is near the city power house.

> MORE STRIKES AND FERMENT IN BRITAIN

LONDON, Jan. 27. - Industrial ferment continues. Another conference of the railway union, representing nearly the whole kingdom, was held in London today, and a strong feeling expressed regarding the government's "eontinued neglect to deal adequately' with the men's grievances, and threatening to strike unless matters are settled by February 1.

At The Maple Leaf Department Stores IT OPENED WITH A BANG

This store's reputation for straightforward dealing and indisputable Quality-both essential factors to our success-backed by the Maple Leaf's Guarantee Feature Clause. prominent in all its dealings, which reads, "Satisfy the customer or return the purchase price,"

DEVELOPED AN ENTHUSIASM

Seldom ever wittnessed at a Merchandise Sale in this town. Crowds of eager purchasers kept our large sales staff hustling all day. The crowds came-why? Because we always keep our word-WHAT WE ADVERTISE TO SELL, WE SELL. This store never advertises a Special with a string to it. We never disaspoint a customer who desires to purchase the Special with the information that they must purchase something else to get it.

MANY NEW BARGAINS IN EACH DEPARTMENT WILL BE ON SALE THIS WEEK.
