CANADIAN SOCIETY

Held its Annual Banquet in Philadelphia.

Distinguished Officials from the Dominion Help to Make the Function a Great Success.

The Canadian Society of Philadelphia gave its annual dinner last night at the Hotel Walton.

The same notes ran through all the speeches—the common origin, purpose, aims, practices and loves of the British and the Americans—of "United Canadians" as ex-Assistant Attorney General James M. Beck put it, saying the Canadians might resent the application of the term Americans by the British.

Mr. Beck replied by thanking those present who had not voted for him for sparing him the afflictions incident to holding that office.

Mr. Beck was followed by the Mayor of Philadelphia, who spoke of the Canadian Society as a "tiger."

Among those present from the maritime provinces were Dr. J. W. MacIntosh, from Nova Scotia; Rev. Fred A. McMillan and George D. MacKinnon, from P. E. Island; and Walter Burpee, D. A. H. Irvington, Dr. G. L. Jameson, R. C. Kirkpatrick, Dr. Kirkpatrick, Andrew D. Robertson and son of New Brunswick.

RUSSIANS NOT AWARE

OF BEING DEFEATED.

Stated That the Retreat Was Only in Pursuance of Plan of Action Previously Arranged.

ST. PETERSBURG, May 2.—At 2.30 this afternoon, the Associated Press was informed that beyond the fact of the retreat of the Russians before the overwhelming superiority of the Japanese on the Yalu river, no details have been received since the report.

A member of the staff informed the correspondent of the Associated Press that the issue of the retreat probably upon whether the order to withdraw was given at the proper time.

While Kamimura was steaming north the first time he passed the Russian squadron bound south on the road to Gensan which resulted in the sinking of the Russian transport Kinsui Maru. The Japanese and the Russian squadrons must have passed very close to each other, for the Japanese were conscious of the presence of the enemy.
