PRICE TWO CENTS

The British Army at the Gates of Lille; Entente Countries Endorse Wilson Note

ALLIES RAPIDLY CONQUERING BELGIUM AND NORTH FRANCE

British Reach Neighborhood of Haubourdin, Three Miles From Great City of Lille, and Capture Menin, Near City of Tourcoing, France.

Allies Also Take Belgian Town of Thourout, Another Highly Important Point, Scooping in 10,000 Prisoners—Germans Losing Big French Textile Region.

London, Oct. 15.—Northeast of Lens the British have advanced to the neighborhood of Haubourdin, about three miles west of Lille, and to the south have crossed the Haute Deule Canal, south of Pont-A-Vendin and taken several villages, according to the communication of Field Marshal Haig, issued tonight. The text of the communication follows:

"We have crossed the Haute Deule Canal on both sides of Pont-A-Vendin and have captured Estevelles, Meurchin and Bauvin.

"Further north our troops have made progress in the neighborhood of Haubourdin.

"On the remainder of the British front south of the River Lys there is nothing to report."

The Allied troops in Flanders are now within less than a mile of the Courtrai-Thourout railroad.

Menin Falls. London, Oct. 15.—In the fighting in Flanders the British have captured Menin, a railway centre of great importance about four miles northwest of Tourcoing.

Menin had a population of about 20,000 before the war. It is located in Belgium near the French border. Lille is a textile city of nearly 250,000.

Ten Thousand Prisoners. With the Allied Forces in Belgium, Oct. 15.—(By The Associated Press.)—British, French and Belgian troops in their offensive begun yesterday in Belgium have captured more than 10,000 prisoners and have taken more than 100 guns.

Advanced Allied troops have signalled that they are from six to seven miles inside the German positions.

Heavy rains fell in Flanders throughout the night, tending to turn the battlefields into seas of mud. The low-hanging clouds show no signs of clearing. A clearing of the steady downpour would undoubtedly result in slowing up the battle.

Thourout Captured.

With the Allied Forces in Belgium, Oct. 15. (By The Associated Press.)—The Belgian town of Thourout was captured by the Allies.

Thourout was an important strategic position and a vital transportation centre. Upon it hinged a large part of the German transportation system.

Great Allied Drive. Havre, Oct. 15.—The French and Belgian troops in Flanders have captured 7,000 Germans and taken 50 guns, according to the official communication issued by the Belgian war office tonight. Belgian and French cavalry is advancing on Lichtervelde, between Thourout and Roulers, having crossed the railroad. The Courtrai-Ingelunster Railway line has been reached by the French and British. The text of the communication follows: "On the whole front the Franco-Belgian continue to advance. On the left the Belgians have progressed several kilometres to the north of the line of Handzeme-Cortemarck, reached yesterday. In the centre the French have taken the plateau of Hoogdele, Gits and Gitsberg.

"French cavalry has crossed the Roulers-Thourout road and is advancing toward Lichtervelde. The Franco-Belgian troops have captured Winckelboeck and Lendelede and reached the Courtrai-Ingelunster Railway. "The French and Belgians have taken 7,000 prisoners and 50 guns."

British Headquarters in Flanders, Oct. 15. (Reuter)—General Plumer's troops pushing forward in Belgium have captured 3,723 prisoners, including 131 officers. They have taken more than fifty guns and a regular harvest of motorcars and machine guns.

substitution of Max for Hertling. They believe the Kaiser must abdicate in favor of his grandson. But opinion here is that Germany is so anxious for peace that her people will overthrow the dynasty.

Scott's Proposal. There is no division of opinion on the question of an armistice and Germany's suggestion of a mixed commission is scorned on every side. Armistices are held to be purely a military matter which Foch and his associates must handle. The Germans only now are beginning to appreciate the desperate straits in which their armies have been placed.

They have had such confidence in their military leaders that they failed to realize that Ludendorff faces disaster. The people are learning the lesson. (Continued on Page Two.)

German Submarine Bases Endangered

Great Allied Drive in Flanders Forces Enemy To Retreat and Lose Valuable Ground and Towns Which Protected His U-Boat Bases on Belgian Coast.

(By The Associated Press) and the French are demanding that their arms be served, and on various sectors they are meeting with success. In the Romagne sector further gains have been made by the Americans in the face of terrific artillery and machine gun fire and the natural fortness and great systems of wire entanglements which had to be negotiated. Bad weather has fallen over the sector, and the attack has been unable to give their usual brilliant assistance to the manoeuvres.

To the west the French are slowly closing in upon Rethel on their way to Mosieres, being only two miles distant from the town. West of Grand Pre they have effected further crossings of the Aisne. About 800 Germans were made prisoners in this fighting.

Oostend Outflanked. In Flanders, the British have taken the important railway centre of Menin. Thourout has fallen, and the Thourout-Courtrai railroad has almost been won. Numerous towns have been recaptured by the Allied forces and large numbers of prisoners have been taken. Many guns have also fallen into the hands of the Allies. The capture of Thourout completely outflanks the German submarine base at Oostend and brings the Allied troops within ten miles of Bruges, whence the railroad line runs northward to Zeebrugge, Germany's U-boat base on the North Sea.

Reports are to the effect that the Germans are withdrawing what is left of their forces in the north, both naval and military.

In Albania, the Italians have occupied the Austrian naval base of Durazzo on the Adriatic, while in Siberia the Allied forces are continuing to press the enemy troops north of Nish.

Allied Success. Nevertheless, both the Americans

BOY OF FOURTEEN KILLS ANOTHER

Sensational Juvenile Tragedy Near Liverpool, N. S.

Liverpool, Oct. 15.—A sensational shooting affair, resulted in one death near Liverpool, yesterday when a colored boy, Howard Hartley, aged 7 or 8 years, was shot and killed by a white boy, Joseph Phelan, aged 14. It is alleged that young Hartley and his brother were playing pitching stones, when along came Phelan and wanted to join in the fun. He took his turn at pitching and said to the Hartley boy: "If you don't catch these stones, I'll shoot you." Hartley missed the catch, whereupon Phelan fired his gun, killing the colored boy instantly.

The coroner's verdict was that the Hartley boy came to his death by a gun in the hands of Phelan. At first there was an inclination not to have the matter enter the courts, but the colored population showed such feeling that the law took its usual course, and young Phelan who spent the night in jail comes up for a preliminary trial tomorrow.

4,000 CASES OF FLU IN NOVA SCOTIA

Halifax, Oct. 15.—There are now according to official records, 4,000 cases of Spanish influenza in Nova Scotia and of these sixty have resulted in deaths. The situation is bad in certain localities of the province, Lockeport is in a very bad influenza condition.

BLOW UP ZEP. BHEO. London, Oct. 15.—The independent air force today bombed the Frescaty airbase and blew up a Zeppelin shed, according to an official announcement made here tonight.

AUSTRIAN GENERAL WURT. Washington, Oct. 15.—A despatch from France today says the admini-

WILSON NOTE TO PROLONG CONTEST, BUT ENDORSED

Winston Churchill, Minister of Munitions, Says It Suits All the Allies.

BONAR LAW SAYS A STATEMENT UNWISE

Great Britain Expected To Demand Unconditional Surrender By Turks.

Manchester, Oct. 15.—Winston Spencer Churchill, British Minister of Munitions, in a speech here today, said that President Wilson's stern and formidable answer to Germany is wholeheartedly endorsed by all the Allied countries. The answer, Mr. Churchill declared, has tended to prolong the conflict, but there would be no relaxation of the Allied war effort.

London, Oct. 15.—(4 p.m.) By The Associated Press)—Andrew Bonar Law, government spokesman, in the House of Commons made the announcement in Parliament today that it would be very unwise for any of the Allied governments to make any statement on the terms likely to be imposed upon Germany before an armistice was granted.

London, Oct. 15.—Great Britain's reply to Turkey, the Evening News says it understands, will be a demand for unconditional surrender. The Turks will be required to negotiate an armistice with General Allenby, commander of the British forces in Palestine and Syria.

KING GEORGE GIVES \$50,000 TO RED CROSS

His Majesty Cables Governor General, Making Appeal in Behalf of Further Relief Work.

Ottawa, Oct. 15.—Announcement that His Majesty, King George, has contributed ten thousand pounds to Red Cross funds is made in the following cablegram received by His Excellency, the Governor General, from His Majesty:

York Cottage, Sandringham, Norfolk. "On the occasion of 'Our Day,' 1918, I have much pleasure in congratulating the British Red Cross Society and Order of St. John on the magnificent work which they, in conjunction, have achieved during more than four years of warfare, and in expressing the confident hope that their efforts may continue to receive from my people the financial support which they require. By personal observations in the United Kingdom and on the West coast of Africa, I am convinced that the work of the joint committees for relief is more than justified by the manner in which they carry out their widespread and responsible labors in co-operation with the medical services in the forces.

Relieving Suffering. In Flanders, France, Italy and Malta, in Palestine, Macedonia and Egypt, in Mesopotamia and East Africa, and in Russia, Rumania and Siberia, the joint societies have relieved the suffering, healed the sick and saved valuable lives for the services of the Empire in war and peace. They have also been able to give welcome assistance to our allies, and in making provision for the sick and wounded have not forgotten the prisoners of war, whose privations they have done much to alleviate. But it must be remembered that peace, even when declared, will not bring a cessation of the work of the hospital, and indeed the demand on the resources of the Red Cross must inevitably continue for some time after hostilities have ended. Impressed as I am by the vast obligations which must still fall on the joint societies, I have much pleasure in contributing the sum of £10,000."

SIR ROBERT BORDEN TO GO TO ENGLAND

Ottawa, Oct. 15.—If there is any likelihood of Germany's peace proposals reaching such a stage that a conference of the belligerent nations will be held shortly, Sir Robert Borden will leave again this fall for England, in order to attend the British war cabinet as the representative of the Dominion. Great Britain will agree to no terms without consulting the Canadian government. If there are any peace terms which would have to be consented to by the Canadian House, Parliament will be called, although Ottawa has no idea that the situation will develop so rapidly that any peace will be negotiated before Christmas.

However, it can be stated definitely that Sir Robert Borden is very likely to return to England this fall.

trator of Albania, an Austrian general, has been taken by the French to a hospital in Serbia, where he was being treated for wounds.

Train From St. John at 6.10 P. M. Is Derailed

Point du Chene Express Which Connects With Maritime at Moncton Wrecked Near Penobscus Station, But Luckily No Person Was Injured.

The express train which left the St. John Union Depot at 6.10 o'clock last evening for Point du Chene, connecting at Moncton with the west bound Maritime Express, was wrecked when she reached a point within a short distance of Penobscus station, where she was due at 7.48 after passing the down express train due in St. John at 9.30. The baggage car and first and second class cars were derailed, but luckily no person was injured. The track was torn up for a considerable distance.

The track was cleared before midnight by a wrecking crew sent out from the Moncton yards and the passengers were transferred to an extra train which conveyed them to Moncton so that they could reach their destinations without serious delay. There was no other delay to passenger traffic as all evening trains had passed before the wreck. There was slight delay to freight traffic, but it was not of consequence.

The derailed train was in charge of Conductor Willard Broad of Moncton.

Draw-Bar Caused It. Special to The Standard. Moncton, Oct. 15.—Express train No. 20 from St. John this evening was wrecked near Penobscus as the result of a drawbar of the baggage car dropping on the track, derailing the baggage car, the first and second class cars. The engine and express ton

car remained on the track and fortunately very little damage was done except to the track, which was torn up some distance. None of the passengers or the train crew was injured, but traffic was blocked two or three hours. The passengers were transferred to an extra train and brought to Moncton.

ITALIAN FORCES TAKE DURAZZO

They Storm Austro-Hungarian Positions on the Heights Before City and Capture Albanian Stronghold Noted in History.

Rome, Oct. 15.—Italian forces in Albania after storming the Austro-Hungarian positions on the heights in front of Durazzo penetrated the city yesterday morning, taking prisoners and capturing war material, the Italian war office announced today.

The Italian statement says: "Albania-Durazzo is in our possession. After having forced on the afternoon of October 13 the enemy's defenses on the heights of Paljama and Sasso Bianco Italian troops on the morning of October 14 penetrated the city capturing prisoners and material. "More to the east our columns advancing from Elbasan along the Tirana having overcome on October 15 lively resistance of hostile rear guards in Kraba Pass, again are continuing their march toward their objectives."

Vienna, Oct. 15, via London.—The occupation of Durazzo by the Italians is admitted in the official statement issued by the war office tonight. The statement says: "Durazzo has been evacuated and occupied by the Italians."

Durazzo has a population of 5,000. It was the scene of the defeat of Julius Caesar's army by Pompey 48 B.C.

EX-POLICE CHIEF OF AMHERST CAPTURED

Alleged Embezzler, Justin F. Carter Arrested in Boston as Fugitive From Justice.

Boston, Oct. 15.—Justin F. Carter, former police chief of Amherst, N. S., charged with being a fugitive from justice from Canada, waived extradition rights today and was delivered to the Canadian authorities. Carter is charged with embezzlement of license fees. The British consul general in this city was the complainant.

FR. YOUNG'S CONDITION REMAINS CRITICAL

A special dispatch from Montreal to The Standard at an early hour this morning stated that the condition of Rev. Father J. V. Young, priest in charge of the Mission Church of St. John Baptist who was injured by a runaway automobile Thanksgiving Day, was unchanged. He is still in a critical condition, due mainly to internal injuries. He was a trifle better early yesterday morning and remains practically the same as then. Rev. Father H. E. Bennett, his assistant, who is in charge of the Mission church, is in daily communication with Montreal.

GERMAN SURRENDER, SAY ENGLISH PRESS

THE ENGLISH AND FRENCH PRESS ENDORSES WILSON'S LAST NOTE

London Newspaper Comment on President's Reply to Germany is Generally Favorable in Tone—Standard Regrets He Did Not Refer to Punishment for U-Boat Crimes and Burning of Towns—Gremy Has Surrendered Says Manchester Guardian.

London, Oct. 15.—The London evening newspaper comment on President Wilson's note to Germany is generally favorable in tone. The Standard, under the heading "The Right Note," says that the note "has removed certain false impressions which were possible in regard to his three questions to Germany."

The newspaper regrets that President Wilson did not refer to punishment for U-boat crimes and the burning of towns.

The Pall Mall Gazette says that President Wilson's reply "reaches his highest standards of point and promptness" and adds that the declarations he made "have been made before, but never in such a dramatic setting or with such securities for their being read and adjusted."

No Ambiguity.

The Globe finds there is no ambiguity about President Wilson's stern reply and is "glad" the Germans will not like the manner in which President Wilson received their request.

"Foch, Haig and Pershing," the newspaper asserts, "will determine in concert the guarantees they must have in hand before granting a cessation of hostilities."

The Westminster Gazette gives first place to President Wilson's demand for the destruction of every arbitrary power.

Manchester Guardian.

BERLIN ADMITS THAT ALLIES TAKE TOWNS

Loss of Roulers, Handlaem and Courtemarck to British, Fighting Near Lille.

Berlin, via London, Oct. 15.—Word of the Meuse, where the Americans are in the fighting line, partial engagements are resulting in victory for the Germans, according to the official statement issued from general headquarters today.

The Allied attacks on the Flanders front continue, the statement adds. The text of the statement says: "On the fighting front in Flanders, the enemy continued his attacks. He was able to attain territorial advantages to a limited extent."

"West of the Meuse partial attacks are being decided in our favor," Strong American forces yesterday attacked the German positions between the Aire and the Meuse Rivers, the German general staff announced today.

FOUR MORE DEATHS FROM THE SPREAD OF INFLUENZA, ETC.

Five Persons Pass Away in Hillsboro and Vicinity—Influenza Victim Dies on Train Near Newcastle—Marysville Health Chairman's House Quarantined—600 Cases in Edmunston—Three Found Dead of Disease in Quebec Camp—Four Die in One House in Quebec City.

Special to The Standard.

Albert, Oct. 15.—The number of deaths of Spanish influenza at Hillsboro and vicinity in the last 48 hours amounts to five persons. Claude Steeves, son of Samuel G., died on Monday. The second son, as did with one week. The A. Steeves, died this morning. He was upwards of 30 years, and a son of the late Appel Steeves, and brother of Mrs. Albert Christopher, who was the first to die of the disease in Hillsboro. His mother survives.

Albert E. McLaughlin, a well known and popular merchant, died shortly before noon today. A widow and several children survive. Mrs. McLaughlin was Miss Mollison, of St. John.

At Curryville, six miles from Hillsboro, Mrs. Mary Woodworth, widow of the late Edward Woodworth, died on Saturday.

At the home of Thos. E. Edgett, at Chemical Hill, just north of Sheepdy Mountain, and a couple of miles from Curryville, John Geldart, Jr., died on Monday. His wife is a daughter of Mr. Edgett, and he and several of Mr. Edgett's family are very ill.

The first death at Albert occurred early Monday morning. The infant daughter of Mr. and Mrs. Newton K. Stiles, whose parents have been dangerously ill for several days, but are improving.

Forty cases are reported within the district, comprising the villages of Albert and Riverside, and two at Harvey Bank. Doctor Cartwright is slowly recovering and Dr. Terry is also better.

which are at Woodlsey barracks. Five deaths have occurred there since Saturday.

Four in Hamilton.

Hamilton, Ont., Oct. 15.—Four more deaths from Spanish influenza occurred today three of them being foreigners.

Death in Jemesg.

Special to The Standard.

Jemesg, Oct. 15.—One of the patients who has been suffering from pneumonia and influenza, died last Thursday night. He was a Frenchman from Quebec, employed on the bridge here. The body was taken to the Catholic cemetery at White Point for burial.

The other patients of this disease are now improving.

The churches and schools in this vicinity are all closed, but as yet there are no more cases.

German Invisible.

Paris, Oct. 14.—Dr. Charles Nicolle and his colleague, Dr. Labally, who isolated the microbe causing Spanish influenza at the Pasteur Institute at Tunis, announce that the germ is too small to be visible with the microscope. It has been clearly identified, however, because by its use the malady has been reproduced in a monkey and a man.

Spreads in Vancouver.

Vancouver, B.C., Oct. 15.—Word was received here today that R. P. Walls, member of the British Columbia Legislature for Albert, died of pneumonia last night at Moncton, N.B.

Eight deaths have occurred in Vancouver from influenza, two having occurred last night. Two hundred and seventy cases have been reported.

80 in Victoria.

Victoria, B.C., Oct. 15.—Eighty-nine new cases of influenza were reported up to noon today. The death list remains at two.

Chatham New Cases.

Special to The Standard.

Chatham, Oct. 15.—There are eight new cases of influenza today. The isolation hospital has been opened to receive a patient that arrived here today by train from Messrs. Buckley's lumber camp, near Bolestown. A man named Ray Nowlan, of Nowlanville, who was sent out of the woods from the same camp suffering from influenza died on the train.

High Water Mark.

Montreal, Oct. 15.—As a direct result of the new regulations making it obligatory to report the number of cases given in to the city health department today totalled 1,868 with 153 deaths. Today the C. P. R., Grand Trunk and Canadian Northern Railways issued instructions to clean and disinfect their cars thoroughly. Deliverymen were asked to hand in all goods at the doors and not to enter houses.

Insofar as the soldiers are concerned a marked improvement was shown today. No deaths were reported up to a late hour this afternoon while only 11 new cases in Montreal and two in St. John's occurred. At least thirty municipalities and parishes in the province reported up to this evening that influenza was epidemic amongst them.

Elzear Pelletier, secretary of the provincial board, is of the opinion that the climate has been reached for the province as a whole and that the figures would now show a tendency to fall.

Moncton has apparently been hit harder than any Maritime town, as it is reported 20 deaths have resulted from the epidemic, and many others are ill with the disease. Doctors and nurses are needed, also as in all cities, in large numbers to help fight the plague.

Fredricton reported twenty cases up to noon hour yesterday and the disease fast gaining ground there.

The Board of Health stationed in the capital held a special meeting yesterday and decided to have all available nurses to visit the homes of those affected, who were unable to employ them. The physicians are kept busy.

Here's some good advice to men: Buy Overcoats Now

Fall Overcoats—or Winter Overcoats.

If you need a good overcoat, our advice is—come at once and get it. Not only will there be an increasing scarcity of good coats such as these, but it's well to remember that you get the benefit of the prices at which our stock was contracted for months ago.

Fall Overcoats from \$15
Winter Overcoats from \$20
Two special groups at \$25 and \$30.

Gilmour's, 68 King St.

NOVEL ANNOUNCEMENT.

As there were no church services, Sunday, the marriage banns of Miss Catherine Tracy, of Fredericton, to Mr. John Mahoney, of Margerville, were announced in a novel way. The forthcoming event was written out and placarded on the door of the church.

and are at their work endeavoring to check the disease from developing into pneumonia. So great is the sickness in the city that physicians have had to refuse calls into the country districts.

All houses in which patients are will not be placarded but the householders are authorized to allow no persons in or out, so as to eliminate all possible contagion.

The situation is becoming a serious one indeed, and the province in general have only to obey the requests of the Provincial Board of Health.

KAISER IS DOOMED FEELING IN LONDON

(Continued from Page One)

truth and their anger is mounting rapidly. Soon they will appreciate in full measure their defeat. If Max's efforts fail, his tenure is likely to be short. The next German government is certain to contain no Junkers or Junker influence, even of the kind which is camouflaged with liberalism.

Conference With King.

Lloyd George had a long audience with the King today. Parliament reassembles tomorrow after a summer recess.

Second only to the substance of Wilson's reply is the question and the line into the negotiations. Both here and in France there is a large element which though preserving an air of politeness feel very deeply that the Kaiser's abdication should have a larger share in this stage of the war.

Though the official world recognizes that the President conducted himself admirably because it is a delicate subject but one which cannot be ignored without hurt to Allied unity, it can be set right easily.

The masses of human and their emotions run high and their patriotism large. Meanwhile the Allied successes in the field continue.

The Allied Drive.

At the two ends of the great salient—Flanders and the Meuse—Allied pressure is being applied with satisfactory results. At the center, along the Selle, the Serre and the Aisne, the fighting is only of a local character. King Albert's army exploited its great success of Monday when it advanced within firing distance of Thourout, Thell and Courtrai, thus commanding the last German railway from the Flanders coast and the chief line out of Lille.

The Americans have got going again and west of the Meuse have worked through some of the defenses of the Kriemhilde line, thus further narrowing the southern exit from France. All signs point to big developments in the early future. The moment is rapidly approaching when Foch must hit his blow which will smash the German army or end the year's campaign.

Enemy Embarrassed.

In the north, the Germans are in a highly embarrassing position, but there the weather affects the fighting more than it does east of Rheims. The Lille salient will not remain much longer. There is no longer communication between the coast and Lille and the Germans must get out quickly in order not to become enveloped.

The enemy's principal communication with the coast is now through Ostend, Ghent and Brussels, which must be far from satisfactory, the large batch of prisoners taken by British, French and Belgians shows that Ludendorff has strengthened his front and is anxious to hold the front longer. The enemy surrendered freely as if he no longer desired to fight.

ALLIES NEAR LILLE

There was a successful forefield engagement west of Lille and the Haute Deule Canal. On the Selle sector, north of Tintigny and near St. Souplet, partial enemy attacks broke down. In a dense morning mist the enemy advanced east of St. Quentin and the heights of the Bois de Maquigny and north of Origny. An extensive counter attack drove him from the heights back to the Oise.

Violent partial engagements before our new front north of Laon, west of the Aisne, and in the Grand Pre occurred. Between the Aire and the Meuse the Americans attacked with strong forces. The fighting centered mainly east of the Aire and astride the Charpeny-Bantheville Road. The attacks, which sometimes were renewed four times broke down except for local gains in the territory before Romagne. Minor engagements have taken place on the heights north and northwest of the Meuse.

DIED ON TRAIN

Newcastle, Oct. 15.—Everett Nowlan, of Sunny Corner, while coming back with influenza from Buckley's camp on the Nappodagan, died on the train today before reaching Newcastle. He was twenty-two years old and leaves his widowed mother, Mrs. Alfred Nowlan, & brother, Clarence, of Chatham Head, and sister, Ella, all at home.

James Aiton, son of H. D. Aiton, of Red Bank, came home today from the same camp with influenza. He is very ill.

Elmer Vye, C. G. R. section man at Nappodagan, and brother of George Vye, of Chatham Head, came home today with influenza and was taken to the Chatham hospital.

Mrs. Mary Cooper, wife of John Cooper, died today after a very short illness of pneumonia. She was about thirty years old, and was the daughter of Mr. and Mrs. John Hickey, of South Esk. She leaves her parents, her husband and one brother, James Hickey, of South Esk.

Dominion Military Policeman Landry, who has been with influenza for a week past, is improving. His nurse is now sick with the disease.

Influenza is on the increase in Newcastle and the neighboring villages. The younger child of Mr. and Mrs. Havelock Ingram died this morning. It had been ill several months.

200 IN WINNIPEG

Winnipeg, Oct. 15.—Spanish influenza has attacked 200 people in Winnipeg to date, half of this number being soldiers in a unit visiting Winnipeg. Four civilians and four soldiers have died from the malady. Reports show twenty-nine new cases and one death in Winnipeg. Schools, theatres and all public meeting places remain closed by law in Winnipeg and surrounding districts. It is believed that hundreds will be checked within a few days.

Twenty-five new cases of influenza were reported today.

W. H. Escott, president and general manager of the W. H. Escott Ltd., manufacturers' agents and grocery brokers, died of influenza. He was 48 years of age.

TORONTO CLOSING ORDER

Toronto, Oct. 15.—All Toronto schools and colleges have been ordered to close in order to release doctors, nurses and teachers who are ill with the epidemic, and many others are ill with the disease. Doctors and nurses are needed, also as in all cities, in large numbers to help fight the plague.

Fredricton reported twenty cases up to noon hour yesterday and the disease fast gaining ground there.

The Board of Health stationed in the capital held a special meeting yesterday and decided to have all available nurses to visit the homes of those affected, who were unable to employ them. The physicians are kept busy.

THREE FOUND DEAD

Quebec, Oct. 15.—A man, his wife and a child were found dead Sunday in a fishing camp near L'Islet, while the children were dying from Spanish influenza. The camp belongs to the Club Ste. Anne and the dead are Mr. and Mrs. Robichaud. There were seven children in the camp when they accidentally discovered the situation.

With five of her crew sick from the Spanish influenza, the Quebec steamer Tremblay put back in port yesterday owing to the scarcity of labor to man the ship. All her sick have been taken to the temporary hospital here and are doing well.

The epidemic in Quebec is abating, according to the local board of health. About a score more deaths were reported today, but the number of new cases is small and they are not so serious as they used to be. The local authorities claim the epidemic is now on the down grade.

Four adults died here in the last 48 hours in the same family, that of L. Levesque.

Afflicted N. S. Family.

Special to The Standard.

Parroboro, N. S., Oct. 15.—Oliver Cameron received official notice this morning that his son, Private Blair Cameron, was killed in action September 15. His brother, Francis Cameron, died at Charlottetown last Saturday of influenza and pneumonia.

Spreads in Halifax.

Halifax, Oct. 15.—Spanish influenza is spreading in this city in spite of all preventive measures taken. Since Saturday noon 76 new cases have been reported and five deaths have occurred. Thirty cases were reported this morning. No military returns are available since Saturday but it is unofficially stated that many new cases have developed in the military quarters.

Closed in London, Ont.

London, Oct. 15.—To help in the fight against Spanish influenza the board of health yesterday put the lid on all theatres, churches, schools and other gatherings. The street cars will be limited to their seating capacity. It is estimated that there are 1,600 cases in the city, over five hundred of

AUSTRALIANS MUST RAISE WAR LOAN

Melbourne, Oct. 15.—(Canadian Press Despatch from Reuter's Ltd.)—Prime Minister and federal treasurer, explaining to the representatives in the federal parliament the bill for providing for compulsory subscriptions for the government war loan, said the government would mean leading still further upon imperial aid which had already been asked to do much. He said that many who were able to exceed £250 sterling, taxable income would be compelled to subscribe a sum equal to six times their yearly income tax. The government was well aware that many who were able to exceed had not yet subscribed, whilst others had not subscribed enough. All non-contributors would be liable to substantial penalties.

Under the federal scheme of compulsory contributions to the war loans companies and other bodies will be liable to subscribe as well as individuals. Soldiers and ex-soldiers will be liable in case of income from property. The federal government has taken over all woolen mills.

Others Fight On.

That was true, however, only among certain divisions, others fighting as well as ever. Between Douai and Caesars there are reports of local engagements, while to the south the Americans made a raid across the Selle, the French cleared the last enemy rear guards from the south bank of the Serre and the Aisne between La Fere and Beaulieu.

The Germans are holding the Flanders line with considerable force and further heavy fighting is probable before the next retreat begins. To the west of the Argonne Forest, the French crossed the Aisne, having captured Oilly and Termes. East of the Argonne the Americans, who are fighting over the most difficult terrain against a foe with his back to the wall, are only a little more than two miles from Dun.

SPREADS IN VANCOUVER

Special to The Standard.

Hillsboro, Oct. 15.—Following an illness of Spanish influenza and pleuro-pneumonia, the death of Raydon E. Steeves occurred at the St. John Military Hospital on Saturday at 2:30 p.m. Deceased was the only son of Mrs. Laura J. Steeves and the late Archie Steeves of this place. At the stage of his critical illness, his mother was summoned, and was with him a short time before his death. He was 27 years of age, and was the

SPREADS IN HALIFAX

Special to The Standard.

Halifax, Oct. 15.—Spanish influenza is spreading in this city in spite of all preventive measures taken. Since Saturday noon 76 new cases have been reported and five deaths have occurred. Thirty cases were reported this morning. No military returns are available since Saturday but it is unofficially stated that many new cases have developed in the military quarters.

Closed in London, Ont.

London, Oct. 15.—To help in the fight against Spanish influenza the board of health yesterday put the lid on all theatres, churches, schools and other gatherings. The street cars will be limited to their seating capacity. It is estimated that there are 1,600 cases in the city, over five hundred of

SPREADS IN VANCOUVER

Special to The Standard.

Chatham, Oct. 15.—There are eight new cases of influenza today. The isolation hospital has been opened to receive a patient that arrived here today by train from Messrs. Buckley's lumber camp, near Bolestown. A man named Ray Nowlan, of Nowlanville, who was sent out of the woods from the same camp suffering from influenza died on the train.

High Water Mark.

Montreal, Oct. 15.—As a direct result of the new regulations making it obligatory to report the number of cases given in to the city health department today totalled 1,868 with 153 deaths. Today the C. P. R., Grand Trunk and Canadian Northern Railways issued instructions to clean and disinfect their cars thoroughly. Deliverymen were asked to hand in all goods at the doors and not to enter houses.

Insofar as the soldiers are concerned a marked improvement was shown today. No deaths were reported up to a late hour this afternoon while only 11 new cases in Montreal and two in St. John's occurred. At least thirty municipalities and parishes in the province reported up to this evening that influenza was epidemic amongst them.

Elzear Pelletier, secretary of the provincial board, is of the opinion that the climate has been reached for the province as a whole and that the figures would now show a tendency to fall.

Moncton has apparently been hit harder than any Maritime town, as it is reported 20 deaths have resulted from the epidemic, and many others are ill with the disease. Doctors and nurses are needed, also as in all cities, in large numbers to help fight the plague.

Fredricton reported twenty cases up to noon hour yesterday and the disease fast gaining ground there.

The Board of Health stationed in the capital held a special meeting yesterday and decided to have all available nurses to visit the homes of those affected, who were unable to employ them. The physicians are kept busy.

As is customary following the launch of this difficult, our slow coming in, but of all the features of the fact that the German guns have been withdrawn and further north it has gradually advanced.

Only a thin enemy counter by the British. South of the Aisne, the French have been driven back and are still advancing.

FOCH DRIVES FORMIDABLE WEDGE IN FLANDERS

KING ALBERT LEADING TROOPS IN PERSON HITS BOCHES HARD

Marshal Foch in His New Stroke in Flanders Is Driving Formidable Wedge Between German Bases of Bruges and Ghent in Belgium and Lille in France—Belgian King Widens the Wedge.

Paris, Oct. 15.—Marshal Foch, in his new stroke in Flanders is driving a formidable wedge between the German bases of Bruges and Ghent, in Belgium and Lille, in France.

The British army of General Plumer on the right of the Allied advance is now only three miles from the important railway junction of Courtrai.

French troops have made an important advance toward the important town of Rethel and have captured the town of Montcuil-sur-Aisne, two and one-half miles west of Rethel.

Paris, Oct. 15.—French troops have made an important advance toward the town of Rethel and have captured the town of Montcuil-sur-Aisne, two and one-half miles west of Rethel.

London, Oct. 15.—Raiding operations on several portions of the British front, notably near Sainghin-Empennes, southwest of Lille, are reported by Field Marshal Haig in his official statement today.

With the British Army in Belgium, Oct. 14.—(Monday, by The Associated Press.)—Enemy resistance in Flanders, which at first appeared to be exceedingly heavy, is reported to have been broken.

As is customary during the hours following the launching of an attack in the difficult country, reports were slow coming in, but most significant of all the features of the battle was the fact that the German coast batteries were not firing.

Only a thin enemy barrage was encountered by the British during their attack. South of Lichtervelde the British have driven well to the east.

PRESIDENT WILSON'S REPLY SATISFIES OTTAWA PEOPLE

Those Who Know Him Best and Trust Him Most Have Not Been Disappointed, Says Sir George Foster.

Ottawa, Oct. 15.—President Wilson's reply to German overtures is regarded here as entirely satisfactory.

In the words of Sir George Foster acting premier, "the real issue appears indefinite clarity. Hereafter, the great contest goes straight forward until the Kaiser and his clique disappear as a factor in German nationality and their wicked and menacing influence is eliminated from the councils of the nations."

What Sir George Said The text of Sir George Foster's statement follows: "The President's answer to the note of the German chancellor of date October 8, acquired in it as it undoubtedly will be by the other Allied nations, dispose effectually of any hope that may have been entertained by the Central Powers that they would be allowed to escape the righteous consequences of the four years of unjust and barbarous warfare and fiendish and inhuman methods by which they have exploited the weakness of those whom they have for the moment overpowered."

Under the command of King Albert of Belgium, the British, Belgian and French armies attacked at 5.30 o'clock. There was no artillery preparation, but the troops advanced under cover of a creeping curtain of fire of extreme power.

London, Oct. 15.—Belgian troops are on the outskirts of Menin and are within two miles of Courtrai. The Allies also are in effective artillery range of the railway from Lille to Courtrai by way of Courtrai. This means that the Allies dominate the connecting link between the German troops around Lille and those in the Ostend sector.

FREDERICTON MAN KILLED IN ACTION

BRITISH CASUALTIES.

New York, Oct. 15.—British casualties during the first 29 weeks of 1918 aggregated 700,000, according to a cablegram received by the British Bureau of Information here today.

AFTER THE JUNKERS.

Zurich, Oct. 15.—(Canadian Press despatch from Reuter's Ltd.)—At a meeting of the Bavarian Socialist party in Munich on Sunday, a resolution was passed urging the Reichstag to appoint a state court to try all, even the highest, who have been guilty of frustrating peace efforts and demanding self government for the German states.

KHAKI REMEDY FOR STRIKERS

Hon. Frank B. Carvell Tells Calgary Unions He Has No Sympathy With Men Who Refuse to Work for \$4 or \$4 a Day at Home When Flower of Country Stand Good Chance of Being Killed in France.

Calgary, Alta., Oct. 15.—"When the country is at war I look upon as the duty of every man to do what he can to help win it, and as a member of the government that was formed for the express purpose of conscripting the flower of this country and sending them to the front for \$110 a day, with very good prospect of being killed, naturally I have not much sympathy with men who refuse to work for \$4 or \$5 a day at home."

Mr. Carvell stated that the necessary machinery would be found for putting this into effect if the men persisted in the strike. Referring to the Bennett question, Mr. Carvell stated that in his opinion no man who was fit to bear arms was entitled to exemption in times like these.

What is the third method? he was asked. "Khaki," promptly replied the minister.

Mr. Carvell stated that the necessary machinery would be found for putting this into effect if the men persisted in the strike.

Avoid Price Extremes in Buying Shoes. THE measure of economy in buying shoes is the service you get per dollar of expenditure. It is waste to buy shoes which were made to sell at a very low price, and it is equally unwise to pay extremely high prices. Beyond a certain point it is not possible to increase the practical value of a shoe, and when you pay more than a fair average price you are probably paying for "frills." So we say to you: "Keep in the middle of the road. Don't pay less than \$6 for a pair of shoes today, and expect to get good value. On the other hand, don't think it is necessary to pay more than \$10—or \$12 at the outside." You probably can judge values for yourself if you will buy for service rather than appearance merely, and if you will be guided by the dealer's knowledge and experience. A quicker and easier way, however, is to look for the manufacturer's trade-mark on the shoes you buy. It is the best guarantee of good value, for the manufacturer's business reputation is behind it. A.H.M. War-Time Selections offer Special Service Value for Men, Women and Children. Ask your dealer for them. AMES HOLDEN McCREADY LIMITED "Shoemakers to the Nation" ST. SPANISH INFLUENZA EPIDEMIC ON THE INCREASE IN THE CITY

At Early Hour This Morning Minister For Public Health Reported Two Hundred Cases—Forty-Four Cases During Tuesday—Further Request That Citizens Use Precautionary Measures—Urgent Need for Doctors and Nurses.

At an early hour this morning Hon. Dr. Roberts, Minister for Health, reported to The Standard that there were in the city approximately two hundred cases of Spanish influenza, forty-four cases being reported yesterday.

Reports from outside centres were as follows: Chatham, two cases; St. Stephen, four, and one death; Tracy and Harvey, fifty-eight; Moncton, numerous cases and twenty deaths; Grand Manan, eight cases; Kings and Northumberland Counties, respectively, 156 and 414 cases, and Campbellton 166 cases.

The town in the latter named place the epidemic is fast gaining ground, now as a source to combat its forces all houses in which patients lie are placarded and a temporary hospital organized, which now has ten patients. No deaths have occurred so far among those who are afflicted with pneumonia, a direct result of the influenza. The town is short of doctors and nurses. Of the six doctors in the town two are ill with the disease and one other doctor is absent from the town, leaving the enormous task on the shoulders of the three remaining.

Regarding the local situation, many doctors are ill also, and nurses are a scarcity, making the demand for help to care for those affected a hard proposition indeed to contend with.

Hon. Dr. Roberts, Minister for Health, and Dr. Melvin are daily on the job and would be grateful for any suggestions which might lead to a greater precautionary measure in checking the disease. Regarding crowded stores, Dr. Roberts stated it rested in a degree with the public to not assemble, as all precaution was advised, again if necessary warrant-

ed it, all stores might be closed at 4 o'clock, as was the custom in larger cities in the United States. However, such measures would not be enforced if the public would pay regard to the proclamation, and refrain from gathering in too large numbers, as by so doing they might leave themselves susceptible to the disease. All persons, added Dr. Roberts, are strictly cautioned to use all efforts and adhere to the recent rules published in the press, and when one becomes ill, or even has an attack of grippe, he should segregate himself in a room, apart from others as an aid to alleviate contagion. Again, when on the road to recovery he should remain indoors for a period, so as to become perfectly in physical condition, as it was mainly at the time of recovery, and exposure to the elements, that a relapse is apt to occur.

Speaking of dances and such public gatherings, the physicians claim that it was a very difficult matter to ferret out all such occurrences, as it was very difficult to visit each and every residence on such nights, as the gathering out if an assemblage were gathered there.

The local board respectfully asks the co-operation of all citizens in the furtherance of its aims, to combat the disease and feel quite confident that by exercising such measures as advanced and published the disease will ultimately be stamped out, or lessened in severity.

Thus far 44 cases are added to the list in the 24 hours elapsing early this morning, and it requires of all citizens due and special attention to the wishes of the Health Department in lessening the sphere of the disease, by adhering to the rules as advanced by the Health Department.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If cross, feverish, constipated, give "California Syrup of Figs."

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels are acting, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clear the liver and bowels, and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. It is made by "California Pie Syrup Company." Refuse any other kind with contempt.

NEW BRUNSWICK LADS FIGHTING

With the Canadian Forces in the Field, Oct. 12, via London, Oct. 14 (Delayed, by J. F. B. Livesay, correspondent of the Canadian Press)—Canadians have reaped fresh laurels. Thus, on Monday night last, one Canadian division was facing almost due north from Pallus, south of the Trinquart River, to Diache St. Vaast, on the Scarpe, and signalled their presence across the watery waste into Boche territory, retreating with prisoners. They proceeded at once to organize for the breaking of the Dro-court-Quant line, north of them, and today that operation has been pushed to the very gates of Douai. To understand that situation it must be remembered that the entire Canadian advance from Arras to Cambrai was made with the flank along the line of the Scarpe River and canal system. While these successful operations were in progress our other Canadian troops had cracked the hard nut of the fortified area of the enemy around Ypres, the toughest kind of fighting was met and overcome. Instead of pushing on east, these troops were engaged in the extremely bold operation of cutting in on the flank of the enemy defence between Douai and the Scheldt River, swinging north and driving a wedge in the direction of Bouchain. After capturing the villages of Estrun and Hordam, troops from Nova Scotia and New Brunswick pushed out and established posts north of the river. Animated by the corps spirit and habituated by victory, our gallant infantry proved itself capable during the last fortnight of almost incredible exertions. They are determined the enemy shall not slip from their grasp.

No. 8 Stationary Hospital, suffering from gunshot wounds in the breast. Private Joyce enlisted in St. John.

Pte. W. R. Melanson.
Mrs. Ellen Melanson, who resides at 127 Chesny street, received a telegram yesterday from Ottawa informing her that her son, Pte. William Raymond Melanson had been admitted to Lord Derby War Hospital in Warrington, England, on Sept. 30.

Pte. C. J. Hall.
Pte. Cecil John Hall was admitted to Lord Derby War Hospital, Oct. 7, suffering from gunshot wound in the knee. The news that he came here from Ottawa was received by the young soldier's mother, Mrs. Fred S. Hall, 51 Guilford street, West Side.

Pte. F. L. Holburn
Mrs. Mary Fisher, 27 Hanover street, received word that her husband, Pte. Frank Lester Holburn had been admitted to the 22nd General Hospital in Camiers, Sept. 20th suffering from mustard gas.

Pte. Roy F. Maher.
Mrs. Roy F. Maher, 164 Rockland Road, under date of Sept. 25, was informed that her husband, Pte. Roy Francis Maher, was progressing satisfactorily.

Pte. William Bishop.
Mr. and Mrs. Thomas Bishop, 73 Hilyard street, have received word from Ottawa that their son, Pte. William Bishop, was admitted to No. 54 General Hospital, Aubenas, Oct. 2, gunshot wound right hand and arm.

Pte. Percy Frank Akerley.
Dangerously wounded and admitted to No. 23 Casualty Clearing Station, Oct. 9th, gunshot wound, neck and arm, was the news that came here from Ottawa regarding Pte. Percy Frank Akerley.

A. J. Newlands.
James Newlands, inspector of the department of public works under the civic administration, and at present engaged superintending the reconstruction of the Eastern S. S. Company pier, Reed's Point, has received word that his son, Archibald J. Newlands, has been wounded in the back in the latest fighting in France.

METHODISTS FILL A LONG LIST OF LEADING OFFICES

Toronto of Winnipeg Likely To Get Next National Conference - General Trend Towards Co-ordination in Young Peoples' Work.

Hamilton, Ont., Oct. 15.—The election of officers was the chief business of the Methodist conference today. The election of the steward to the Toronto book room, around which so much interest centred, was not decided on the first vote.

The other nominees for the position were as follows: W. C. Kettlewell, Rev. R. D. J. Simpson and Rev. A. M. Sandford.

The election of other officers resulted as follows:

Book steward, Halifax, F. W. Mosher, Halifax; General Secretary of Sunday Schools and Young Peoples' Societies, Rev. Frank Langford, Toronto; General Secretary Foreign Missions, Rev. Dr. James Endicot, Toronto; Secretary forward movement in missions, Rev. Fred H. Stephenson, M. D., Toronto; General secretary of evangelism and social service, Rev. Dr. T. A. Albert Moore, Toronto; editor of the Christian Guardian, Rev. Dr. W. B. Creighton, Toronto; editor of the Wesleyan, Rev. D. W. Johnston, Truro, N. S.; editor of the Sunday School Periodicals, Rev. Dr. A. C. Crowe, Toronto; general secretary home missions, Rev. Charles E. Manning, Toronto; general secretary home missions, Rev. Charles E. Manning, Toronto; general secretary education society, Rev. Dr. J. W. Graham, Toronto.

For Co-ordination. The general trend towards co-ordination was reflected in the report of the Sunday schools committee which recommended that the general board of Sunday schools and young peoples' societies be changed to the general board of religious education and with the change to adopt the principle of co-ordination and co-related religious instruction.

Rev. Dr. Ernest Thomas of Vancouver, said that the idea was to tie the young peoples' societies to the Sunday school.

The debate was adjourned before a decision was reached.

A motion to have lay delegates on the standing committee, which hitherto has consisted solely of ministers, was defeated. It looks as though Toronto or Winnipeg would have the call for the next conference, although no decision has been reached as yet.

GIRL JUMPS FROM THE OCEAN LIMITED

Petit Rocher Young Woman Severely Injured at Sackville Station.

Sackville, Oct. 15.—A Miss Dixon, of Petit Rocher, who was en route to Prince Edward Island, jumped off the east bound Ocean Limited at Sackville Station last evening before the train came to a standstill, and sustained serious injuries, also having a narrow escape from instant death. The young woman was taken to the platform inflicting a severe scalp wound to the back of her head and one hand was caught beneath the wheels of the cars. She was taken to the Amherst hospital, where it was found necessary to remove three of the fingers of the left hand. It is thought the young woman will recover.

ANOTHER SUBMARINE CAMPAIGN PLANNED

Amsterdam, Oct. 14.—There is good reason to believe that the German submarine warfare will reach a climax during the winter, according to the Rheinisch Westphaelien Gazette, which says that it will produce an economic crisis of unanticipated dimensions in Entente countries.

London, Oct. 15.—Several of Germany's largest torpedo boats recently left Zeebrugge, on the Belgian coast, during a stormy night. They were filled to their capacity with soldiers and proceeded for Germany. The Germans also are reported to be evacuating Ostend.

Nature's Healing Herbs for Headache

A BLOOD FOOD. PRACTICALLY all headaches come from toxic causes—Biliousness and Nervousness. Bilious headache means upset stomach, and constipation—with severe throbbing pains all over the head. Nervous headaches mean that the nerves are exhausted and need rest and food.

Dr. Wilson's Herbine Bitters. Taste quick and lasting relief from these headaches. The simple medicinal herbs tone up the stomach, regulate the kidneys and bowels, purify the blood and build up the whole system. A reliable spring tonic. Get it today and get rid of your headaches.

The Braxley Drug Company, Limited. 214, 216, 218, N. B.

CARTER'S LITTLE LIVER PILLS. FOR HEADACHE, FOR BILIOUSNESS, FOR CONSTIPATION, FOR COMPLEXION.

UNCONDITIONAL SURRENDER STILL THE PEACE SLOGAN

There Is No Doubt Among Washington Officials That Sooner or Later Enemy Will Be Compelled To Accept Uncompromising Terms.

Washington, Oct. 15.—Unconditional surrender, by Germany was the interpretation put on President Wilson's answer to the German plea for peace by both American and Allied military officials here today. Only by absolute surrender, they said, can the enemy now prevent the terminating evidence of his defeat—invasion of Germany.

There is no doubt among officials that sooner or later the enemy will be compelled to accept these uncompromising terms.

Military opinion appeared to be in full agreement that in enunciating the policy that absolute safeguards and guarantees of the "present military supremacy" of American and Allied forces must control any armistice agreement, President Wilson had placed it beyond the power of Germany to reap any benefit from an insincere move toward peace.

The question of the agencies to be employed in framing armistice conditions naturally will come up only when Germany has complied with the president's other requirements. It seemed probable to officials, however, that the military board of the supreme war council at Versailles would be the natural agency.

London, Oct. 15.—The text of President Wilson's reply to the German peace offer, received through press channels, was placed in the hands of the British government early this morning. The council met shortly after 11 o'clock to consider the president's response.

Amsterdam, Oct. 15.—The German government has proposed to France that, in common with her Allies, France undertake to refrain from bombarding the large towns of Northern France and enter into an agreement with Germany to permit, at any rate a portion, of the population of Valenciennes to pass into the French lines, says an official statement from Berlin.

The Berlin government in making this proposal represented itself as unable to prevent the eastward flight of the population of Valenciennes owing to their fears that the Allies would bombard the town. The proposal was made through the Swiss government.

Basel, Monday, Oct. 14.—America's failure to respond to the Austrian peace note has produced a painful impression in Austria, according to a Vienna despatch. It is not known what this silence means and the public is asking if President Wilson is not indicating sentiment little favorable toward the Austrian monarchy.

TRANSPORT AMERIKA SUNK AT HER PIER

Big Vessel Was Formerly Hamburg - American Line Ship of 22,000 Tons.

Hoboken, N.J., Oct. 15.—The American transport Amerika sank at her pier here this morning. She was reported to have troops on board, and although details of the incident were withheld by the authorities it was reported that between 30 and 40 of the crew were drowned in the boiler room.

The troops were reported all to have been taken off safely. The cause of the sinking was unknown, but it was said that the ship was undergoing interior repairs that may have in some way had to do with the entrance of water into her hold.

Washington, Oct. 15.—An official report to the navy department says a master of the persons known to have been on the Amerika shows none missing. There was no indication of the cause of the sinking. Steps are already under way for raising the ship.

NEARLY 1,000 DEAD IN FOREST FIRES

Duluth, Minn., Oct. 15.—More than 600 bodies of people burned to death in the forest fires which swept over northeastern Minnesota on last Saturday had been recovered today and it was expected this number would be increased by 300 and possibly 400 when the entire devastated district has been gone over. Effort is being made to save live stock wandering through the burned district.

NEW BRUNSWICK GIRL IS CLOSELY WATCHED

Belinda Jardine of Blackville Held for Trial in March on Charge of Shooting Policeman.

Halifax, Oct. 15.—Belinda Jardine, the young New Brunswick girl who was charged with attempted murder of Provost Sergeant Richard Hunt, and whose case came up again after a continuance, before Magistrate Fielding, was sent up for trial at the supreme court sittings, beginning the second Tuesday of next March. In the meantime she cannot be brought before any other court. She is now in the county jail, and the jailor and his deputy have been instructed to watch the girl well for signs of insanity, for the belief is in certain legal circles that the girl was either "doped" or is not mentally sound. If insanity symptoms develop in the meantime, she will be removed from the jail and placed in a sanatorium.

The Jardine girl belongs in Blackville. She has figured in escapades in St. John and Fredericton.

FORMER ST. JOHN MAN'S SON HIT BY AUTO

Halifax, Oct. 15.—Walter, the seven-year-old son of Mr. and Mrs. William McCarthy, died in St. Joseph's Hospital, as a result of a fracture of the skull, caused by being struck by an auto driven by Ike Marshall. The little boy was on his way home when the accident happened. The lad's father formerly resided in the North End, St. John. Mrs. John Donohue, Fredericton, is a grandmother.

Armed to the teeth. Troops who travel alongside of them have their work cut out. General Currie seems to carry light railways in his pocket, and if the Canadians have to stop anywhere for a day or two, transportation facilities spring up behind them as if by magic. Germans will go miles out of their way to avoid the Canucks. CHAS. H. GRANTY, in N.Y. Times, Sept. 2, 1918. The Canadian Army is fully equipped for War. Nothing that could help our army in their task is lacking. If this were not so, their great initiative and courage would avail them nothing. For this is "a mechanical war." The Canadian Army as it stands to-day is a marvel of organization. In guns, in ammunition, in transport, in equipment for the grim work of war—for efficiency of man and beast—it lacks nothing. If a railroad is needed—one is immediately available. When the Canadian Army starts to move—the movement is accomplished with certainty and rapidity. When it attacks—there is no lack of ammunition. It has gas masks and aeroplanes of the latest and most efficient types. The Canadian Army is a highly disciplined, efficient, thoroughly equipped engine of war. It unquestionably is—as the Hun very well knows—"armed to the teeth." Canada's war loans have made the glory of the Canadian Army possible—they have been Victory Loans in fact, as well as in name. It is unthinkable, is it not, that our men should lack any implement of war that money will buy! It would be a greater shame than the mind cares to dwell on, that our men should suffer death or disaster—or just fall short of complete Victory, because we now hold back the money necessary to maintain their full fighting efficiency. The money for the needs of our army will be provided by Canada's Victory Loan, 1918. Canadians at home will see to that. Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

Before Breakfast. Do YOU take a cup of tea first thing in the morning? A great many people do, and know well its beneficial effect. They say it clears the head, and fits them better for the day's work. But at this time particularly, the Tea used should be of Choice quality and purest flavor. KING COLE Orange Pekoe is eminently fitted for this special service. It is indeed "The Extra in Choice Tea". Ask your grocer for it by the full name. SOLD IN SEALED PACKAGES ONLY. KING COLE ORANGE PEKOE. THE EXTRA in CHOICE TEA.

FIRE ENGINES. Waterous. BRANTFORD, ONTARIO, CANADA.

"Unto the least of these". RIVET your eyes on this picture of a Belgian mother and child, until you feel the full horror of the situation! Thousands of these orphans, dying of starvation, might now be living in comfort and plenty, had their soldier fathers not flung themselves into the breach when the Hun invaded Belgium. The fathers died to save us. Are we going to let the orphans starve? Conditions are simply ghastly. The United States loans to the Belgian Government finance the general relief work, but this only provides a bowl of soup and two pieces of bread to each person per day. What is that for a growing child? The Slaughter of the Innocents is less terrible than what is now occurring in Belgium—practically a whole generation of the Belgian nation in the grip of Consumption, Rickets and other ills all directly due to insufficient nourishment. The Canadian Bureau in Brussels will administer funds, and provide means for getting the ailing children into Holland and into orphanages where they can be saved from a hideous death. Before you sit down to another meal, do SOMETHING for the Belgian children. Make cheques payable and send contributions to. Belgian Relief Fund. (Registered under the War Charities Act) 115. to your Local Committee, or to Headquarters: 59 St. Peter St., Montreal.

Perfect for the Pipe. delicious, handy, economical, keeping its rich moisture and fragrance unimpaired for any length of time, and burning slowly but freely—these are the qualities which you will find in Master Mason 20 cents. The Perfect Plug Smoking Tobacco. Slice a pipeful, fresh from the plug, just when you want it, fill your pipe not too tight, light up and you will enjoy a smoke of real satisfaction. Try it. The Rock City Tobacco Co., Limited, Quebec, Que.

NEWS OF SPECIAL INTEREST

LET'S TALK IT OVER.

KITCHEN OR PLATFORM

A well known Toronto woman, appearing on the food situation, advises (according to the Toronto Telegram) that women should go into their kitchens and do the work there instead of mounting platforms and talking about food conservation.

Is there any reason in this statement? The Toronto lady says she has tried both, and that she is improved in health, has money to use for war work and has more time than when she used to be at meetings or benefit every day.

It seems to me (and I should be so glad to be corrected when I am wrong) that there are two sides to this, as there are to every question. Take Red Cross work for instance—in that there are thousands of earnest women who must be cut, committees who labor and toil over the packing and there is all the executive work of a large organization to be looked after.

Those who are wealthy and fortunate can get cooks for their kitchens, but the work of societies such as the Red Cross, Soldiers' Comforts and others must be done by volunteers—women are qualified to carry it on as it should be. To every one there is given a different talent, and while each woman must know how to cook and manage her household, still living in the kitchen and doing all the housework is beyond the strength of a great many people. For the average woman has to be not only the cook and housemaid, she has to be the wife, the lady of the house, always neatly dressed, in a good temper, ready to welcome her husband with a smile as well as a good dinner when

he comes home. Then, too, she has to look after the accounts, do the marketing and not lose sight of her friends altogether.

Of course if there is any question of one or both, the home must never be neglected, but the point is this—If a woman has talents as a leader, or is a good worker in any society should she neglect those talents when she can afford to hire someone else to cook, wash the dishes and dust? Who is to help her after those who have no homes of their own, the poor, the friendless and the orphans if each housewife is entirely occupied in her own four walls? What about church work, must it be done merely by the spinners or widows of the congregation? Charity is said to begin at home, but no one has commended that it shall end there.

A well known patriotic worker was out tagging early one morning and was told that she "should be at home washing dishes instead of out tagging." The worker in question happened to be a splendid housewife, who would be ashamed to neglect any portion of her lovely home and who had arisen early that morning in order to do up the chores of the household so that she might give the rest of the morning for the cause of soldiers' comforts.

It is to my mind, the exceptional husband who has suffered neglect at the hands of patriotic wife. It is usually the conscientious worker in the society who is the careful house-maker, even if she is not thorough enough to feel that her duties end there.

What do you think about it?
MARGUERITE

Embarrassing Hairs Can Be Quickly Removed

(Beauty Culture)

Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered delatone and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the delatone in an original package.

SAILOR DROWNED.

Quebec, Oct. 15.—Elar Pichette, a sailor on the steamer "Tremblay," disappeared from the vessel on Saturday afternoon as she was passing Crane Island. He has not been seen since, and it is reported that he was drowned.

NUXATED IRON

Dr. J. C. Sullivan

"Nuxated Iron helps put astonishing strength and energy into the veins of men and brings roses to the cheeks of pale, nervous run-down women," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), N. Y. and Westchester County Hospital. I prescribe it regularly in cases of depleted energy, anemia and lack of strength and endurance. There is nothing like organic iron—Nuxated Iron—to quickly enrich the blood, make beautiful healthy women and strong vigorous iron men." Satisfaction guaranteed or money refunded.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out." I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. ALBERT STURZEN, 603 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "It seems as though I should fly." Such women should profit by Mrs. B. Sullivan's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such nervous conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for all ailments.

RED TRIANGLE FINAL RETURNS

E. H. Turnbull, Provincial Director, Shows Grand Total of \$130,325.50—St. John Gave \$41,343.97.

Total	\$130,325.50

FAMOUS PLAYERS ACTIVELY AID CANADA'S VICTORY LOAN.

None of the stars and producing units of the famous Players-Lasker Corporation have completed special pictures for the use of the Canadian government in the 1918 victory loan campaign, which begins the last week in October and continues for three weeks, says The Moving Picture World. This is more than half the number of pictures which will be distributed under government auspices as a means of promoting the sale of Victory Bonds, and represents the heartiest cooperation yet given the Canadian government by an American producing organization.

The various exchange systems in Canada will co-operate in the distribution of the Victory Loan prints, which will be supplied the exhibitors without charge. A motion picture distribution committee, composed of Julia and J. J. Allen and Claire Hagee, has charge of the arrangements for this feature of the Canadian campaign.

MADE A MISTAKE.

J. H. Marr, of The Marr Millinery Co., Limited, informed The Standard yesterday that evidently The Telegraph had made a mistake in its report of the boy being arrested in his store Sunday, as the firm had no connection whatever with this matter.

Disturbed sleep usually comes from some form of indigestion. Strengthen the stomach and stimulate the liver with a course of Beecham's Pills

BRINGING UP FATHER BY McMANUS

FOR THE FIRST CONTINGENT MEN

Parcels From Y. W. P. A. Go To Carry Christmas Cheer Overseas.

A donation of fifty lone soldier parcels packed and sent by the Young Women's Patriotic Association, was forwarded through the Soldiers' Comforts Association, Limited, recently.

The package was addressed to a soldier in camp in England, a member of the First Contingent, and he has promised to see that the other parcels reach a number of first contingent men whose addresses he knows. It was felt by this association that the men who went at the first of the war should never be forgotten or neglected by those at home, and that parcels containing Canadian comforts and a greeting from St. John would be particularly appreciated by First Contingent men.

ACT OF KINDNESS

Food Brought to Hungry Soldiers By President of National Council of Women.

A kind act was related as being performed recently by Mrs. Sanford, president of the National Council of Women. Mrs. Sanford was in St. John some weeks ago and addressed a public meeting, telling of the work of the council. She made a very fine impression in this city and was strongly urged to go to Sackville and form a council there. Mrs. David McLellan of St. John accompanied Mrs. Sanford.

Passing through Moncton it was thought best to get some refreshments at the lunch counter. This was almost impossible owing to the crowd. Just then Mrs. Sanford, assisted by her maid who accompanied her, resolutely pushed her way through the crowd at the station and succeeded in getting several large trays of food sent out to the soldiers. She was heartily thanked by the men who thoroughly appreciated the thoughtfulness of such an original act.

RICHBUCTO HERO IS HOME AGAIN

Richibucto, Oct. 15.—On Thursday afternoon Richibucto welcomed back one of her sons who has fought for liberty in the person of Pte. Harold J. Graham, son of James Graham of Carleton Place, Ont. Pte. Graham went overseas under Lt.-Col. Fowler, of the 104th, and was wounded last November in the battle of Passchendaele. Since that time he has been in several hospitals in England, receiving treatment. His many friends are glad to see him looking so fit.

MEDAL WINNERS.

The Military Medal for bravery in the field has been awarded to the following members of the Canadian force:

187010 Pte. A. E. Bell, N. Brunswick R.; 12338 Pte. (L.-Cpl.) D. Crosby, N. Brunswick R.; 6121 Pte. J. Dhanon.

It has already been announced that major A. DesBrisay, Carter, of the Flying Corps. The reason for this honor is thus officially stated:

Maj. DesBrisay, Carter, D. S. O., New Brunswick R. and R. A. F. As a fighting pilot, in three and a half months he destroyed 13 enemy machines. He showed the utmost determination, keenness and dash, and his various successful encounters, often against odds, make up a splendid record. (D. S. O. gazetted Feb. 18, 1918.)

Word has just been received that the Captain Donald B. Winslow, of the 1st Divisional Staff, France, who went overseas with the 5th C. M. R., has been awarded the Military Cross. Captain Winslow is a son of Mrs. Bradford Winslow of Fredericton, and was formerly on the staff of the bank of B.N. A., this city.

PERSONAL.

F. S. McLaughlin, Grand Master, is a visitor in the city.

James, Oct. 15.—Mr. Ralph Nevers of Lower James, who has been a prisoner in Germany for more than two years, came home last Thursday. He was given a hearty welcome by all his friends.

Miss Muriel Coppits of Pleasant Vale, Albert County, is the guest of Mrs. J. B. Travers, Lancaster Heights, St. John West.

Relief.

"The landlord says he is going to raise our rent."

"All right. Then we needn't worry trying to do it."

TWO DORCHESTER BOYS GIVE LIVES

Private Joseph Lester Buck Killed in Action After Three Weeks' Campaigning—Ira King Card Dead.

Special to The Standard.

Dorchester, Oct. 15.—Mr. and Mrs. Willard Buck, of Dorchester, Cape, have received official word from Ottawa informing them that their son, Pte. Joseph Lester Buck, has been killed in action. Pte. Buck has only been in France about three weeks.

SERGT. NODDIN OF MONCTON KILLED

Capt. Frank H. Tingley, Son of C. G. R. Inspector Tingley, Believed Out of Danger.

Moncton, Oct. 15.—Bruce Noddin of this city has been advised by Ottawa that his son, Sergt. William A. Noddin has been officially reported killed in action, Sept. 9th. Sergt. Noddin enlisted at the beginning of the war in 1914, going overseas in September, 1916, with the Westmorland and

STEAMER ON FIRE

An Atlantic Port, Oct. 15.—The Morgan Line steamer Elvaille, New York to New Orleans, came into port this afternoon with 11 in her fourth hold. The city fire department was called upon to aid in extinguishing the flames. The ship had been on fire for 48 hours. She has a mixed cargo.

Kent Battalion. He had been through some of the heaviest fighting the past year. He was 22 years of age. Inspector A. J. Tingley, of the C. G. R., is in receipt of word concerning his son, Captain Frank H. Tingley, recently seriously wounded in France, to the effect that the wounded officer is doing well and is now believed to be on the road to recovery. For a time Captain Tingley's life was in the balance, but the letter received by his father today intimates that his recovery seems assured, with prospect of his being invalided home before long.

NO MEETING HELD.

Owing to the orders of the Health Department no meeting of the School Board was held last evening.

Famous Old Recipe for Cough Syrup
Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save four-fifths of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home.

Get 2 1/2 ounces of Pinex (50 cents worth) from any druggist, pour it into a 16-oz. bottle, and add plain granulated sugar syrup to make 16 ounces.

It is just fine. Don't stay stuffed-up with a cold or nasty catarrh.

EARLY CLOSING OF RAILWAY FREIGHT SHEDS.
Order of War Board Not to Be Effective Until Nov. 10th.

The date fixed by the Canadian Railway War Board for the opening of the railway freight sheds for the receipt and delivery of freight at 7.30 a. m. daily and their closing at 5.00 p. m. daily, excepting on Sunday, on which day they are to be closed at 1 p. m. has been extended under its direction from the 15th October to the 10th Nov.

The public is therefore advised that the regulations at present governing the opening and closing of freight sheds on the Canadian Government Railways will continue in force until the last named date.

NOTICE
TO DOUGLAS SPANNEY, of the City of Saint John, in the City and County of Saint John, in the Province of New Brunswick, Carpenter, and to all others whom it may concern:

NOTICE IS HEREBY GIVEN that under and by virtue of the power of sale contained in a certain indenture of Mortgage bearing date the tenth day of January, A.D. 1914, made between the said Douglas Spanney of the first part and Charles W. Thomson, of the said City of Saint John, Inspector, of the second part and registered in Book 150 of Saint John County Records, pages 225, 224 and 225 by the Number 8703, there is hereby for the purpose of satisfying the moneys secured by the said mortgage and interest thereon, default having been made in the payment thereof, sold at public auction at Chubb's Corner, so called, in the City of Saint John in the City and County of Saint John, aforesaid, on Saturday, the twenty-sixth day of October, A.D. 1918, at twelve o'clock noon, the leasehold interest in and to the lands and premises hereinafter described under and by virtue of a certain indenture of Lease bearing date the first day of November, A.D. 1878 and made between William Hazen of the City of Saint John aforesaid, Civil Engineer, and Sarah Elizabeth Hazen, of the same place, Spinster, Executors of the last Will and Testament of Robert F. Hazen, late of the City of Saint John, Esquire, deceased, of the one part, and John McDermod, of Portland, in the Province and Dominion, aforesaid, William Carpenter and Barbara, his wife, of the other part, whereby the said William Hazen and Sarah Elizabeth Hazen, executors as aforesaid did demise and lease and to farm let unto the said John McDermod and Barbara, his wife, their executors, administrators and assigns:

"All that certain lot, piece or parcel of land situate, lying and being in the Town of Portland, in the City and County of Saint John, on the north-western side of that part of the City now called Lombard street, and bounded and described as follows, that is to say: Beginning on the Northwest side of the eastern corner of a lot formerly leased to George P. Spence; thence in a Northwesterly direction along the line of the said Spence's lot for a distance of forty-seven feet more or less to the southern corner of a lot hereinafter leased to John Miller; thence in a northerly direction along Miller's rear line twenty-four feet, thence at right angles southeasterly for a distance of twenty-four feet to the said northwestern line of Lombard Street twenty-four feet more or less to the place of beginning;"

term of nineteen years and six months from the date of the said Lease at an annual rental of twenty-four dollars, as will more fully and at large appear by reference to the said indenture of Lease duly registered in Book T. No. 7 of Records of the City and County of Saint John, pages 351, 352, 353, 354 and 355, together with the appurtenances.

DATED this sixteenth day of September, A.D. 1918.

Around the City

FAIR AND COOL

CONGRATULATIONS.
The Rt. Rev. Edward A. Lellan, D. D., fifth bishop of St. John, celebrated his 46th birthday yesterday.

COMMITTED FOR TRIAL

Helinda Jardine, a New Brunswick girl, has been committed for trial in Halifax for the attempted murder of Provost Sgt. Richard Hunt, who arrested her as she was in men's clothing.

OFFICER COMMANDING

Announcement is made in the London papers that Col. Murray MacLaren, C. M. G., C. A. M. G., has been appointed officer commanding Grand Canadian special hospital, Buxton.

DOING THEIR BIT

Mrs. Kuhring announced that two V. A. D. nurses had been sent to Partridge Island, others to the Victoria Order of Nurses. Numbers are nursing among their friends. She had issued a call from outside workers.

QUARANTINE LIFTED

The ban was lifted yesterday on forty British Expeditionary Force recruits, which were recently quarantined on their arrival in the city from the United States. They who have been quarantined in the dairy building in the exhibition grounds.

CARD FROM EGYPT

A. Poyas, the jeweller, received a picture post card from Egypt yesterday. It was sent by a member of the Jewish Legion who passed through St. John some weeks ago having joined the British forces in the east.

INTERESTED IN SHIPPING

L. D. Shaffer, Annapolis Royal, is in the city on business and is a student at the Victoria Hotel. It is understood that Mr. Shaffer is foremost in the shipping trade in the peninsula, and holds large interests.

HOME FROM THE FRONT

Private Garnet W. Carmichael, son of Sidney Carmichael, of Chilton, N.B., has arrived home from overseas, and is now doing escort duty. He went over with a draft from the field ambulance and was attached in France to the No. 2 Stationary Hospital.

WELCOMED HOME

Pte. T. McKay Dickson, of Chatham, who has been fighting with the 26th Battalion and who was wounded at Passchendaele, is visiting Mr. and Mrs. A. E. McKay, St. James street, and is being welcomed home by many friends.

JOINED SIBERIAN UNIT

Mrs. Henry Russell of 164 St. James street received news yesterday that her son, Allen Russell, who has been on active service in nearly three years, has left for northern Russia to join the Siberian forces. He left St. John under Lieut. Colonel Harrison of the 2nd Division Ammunition Column on June 12, 1915.

UNNECESSARY AT PRESENT

Secretary R. E. Armstrong of the Board of Trade, says that the Board of Railway Commissioners had decided that the proposed change in Canadian demurrage as applicable to ocean ports is unnecessary at present. Consequently the matter will not be heard in Toronto as proposed on Oct. 17th, nor at Toronto.

OUTDOOR ATTRACTIONS

That the outdoor attractions offered by the Y. M. C. A. are meeting with favor by the boys was evidenced yesterday afternoon when they were on hand and they thoroughly enjoyed themselves with volley ball, indoor baseball and group games under the direction of the boys' secretary, A. M. Gregg.

CHARGED WITH THEFT

A small boy who recently escaped from the Boys Industrial School, was in the police court yesterday on a charge of breaking into Dr. J. D. Massey's office in Charlotte street. The lad admitted breaking into the McPherson Bros. grocery in Union street and stealing \$5. He said that since his escape he had been living in a shed.

THE PROBATE COURT

In the matter of the estate of Richard Beaulieu, letters of administration have been granted to Mary Beaulieu, William Beaulieu in proxy. In the matter of the estate of Julia A. Magee, letters testamentary have been granted to Walter Magee of Bridgewater, N.S., Clarence H. Parron in proxy. The value of the estate is estimated at \$12,000.

PROHIBITION DRUNKS

In the police court yesterday fifteen prisoners, charged with drunkenness, were arrested over the holiday. Ambrose Cook and William Kierstead, from a fishing vessel in port from Boston, were taken into custody on Monday night, charged with having liquor in their possession. Both pleaded guilty and said that they did not know of the law in St. John. They were sent to jail.

THEY WERE REMANDED

Edward Burke appeared yesterday afternoon in the police court for further hearing on a charge of violating the liquor act in selling liquor contrary to law. He was remanded again. Joseph Scary, an Austrian, recently arrested on the charge of non-reporting his whereabouts to the authorities and endeavoring to leave the city without a permit to do so, appeared and was further remanded.

CAPTAIN DESHOES HERE

Capt. F. H. Deshoes, Kingston, Ontario, reached the city late evening and is a guest at the Royal Hotel. He is reporting for duty in this military district, having been transferred from Military District No. 2. Today he reports to Col. Jost, A. F. M. E., who will assign him to duty. The nature of which he did not know, but believed he would be stationed in the Military Hospital at Fredericton to resume his surgical practice, as he spent the winter at Fredericton in the service.

THE FOOD BOARD SUGAR COUPONS

They Grant Wholesalers Only Eighty Per Cent. of Sugar Purchased From Refineries or Brokers of Amount Obtained in 1917.

The Provincial Food Board took drastic steps a short time ago, in order to curtail the amount of sugar utilized for home consumption, where by much of this product could be forwarded to the fighting forces overseas, and aid in a direct way the food supplies for our Allied armies.

In order to meet such demands, as required overseas, and as an incentive to local people to save and help along the local Food Board Committee, through the medium of the Provincial Food Board, has issued coupons to all wholesalers purchasing sugar from refineries or brokers. These coupons grant wholesalers only 80 per cent. of the amount of sugar purchased by their respective corporations from refineries, or brokers in 1917.

Such coupons issued to all wholesalers yesterday who will in future be required when purchasing sugar to show their certificate or sugar coupon before being issued any amount of sugar, and such coupons will be subject to the scrutiny of officials in refineries or brokers' offices, so that wholesalers may not overdraw on the amount of sugar allotted to them by this new order.

The new regulations have caused considerable outlay in time to brokers or refiners, who are compelled to list each customer's previous purchases in 1917, and figure 80 per cent. of this amount for future 1918 allotments. Again, wholesalers, on the other hand, are required to keep in touch with their 1917 purchases, so as to not overdraw on the 1918 allotment, and their allotment for 1918 may be, and ultimately be able to place future orders for all retailers, who are their respective customers.

W. S. Potts stated last evening that these coupons were to go into effect yesterday, and would continue in effect for a time, until the war is over no doubt.

The above regulation may serve to enlighten retailers also, who may govern their purchases from wholesalers, having at the same time in mind the regulations governing them. Such regulations brought about, but no doubt all affected by such regulation will govern themselves by adhering to the order, which fixes heavy fines for infringement of the same.

Again a second order, effective on October 12th, changes the previous regulations regarding the use of substitutes with wheat flour, and is of vital interest to millers, wholesalers, and consumers, as it compels the first three classes mentioned in a proportion of one to four. This one pound of barley, rye, or corn must be sold with every four pounds of wheat flour.

The above restricts the consumer also, who is allowed one or the other of the substitutes mentioned above, and who must utilize them in bread-making. Previous to this order substitutes could be used for other household purposes, but in the future they must be sold by the dealers in quantities mentioned above, to be used by the householder in the making of bread only.

THREE ALIENS ARE ARRESTED

Travelling Through the Country Without Necessary Permission—Officers Keeping Sharp Watch For Such Persons.

Mention was made a short time ago of an alien enemy arrested in the city who failed to report his whereabouts to the officials, and who even attempted to migrate without the necessary permission of such officials. Such aliens are being sought after vigorously, and will be meted justice for the infringement of the law. The local authorities are on the move and are watching the movements of some suspected few aliens.

Yesterday on the arrival of the Montreal express three alien enemies were taken into custody, as they were travelling without the necessary permits to do so.

They will come before the magistrate at 10 o'clock this morning, when their cases will be gone into. The three men were en route to Frazier Rock to engage in construction work. It is pointed out that such men as these, although presumably harmless, violate the law referring to aliens who are given wide freedom, with the simple proviso that they report monthly, and when desiring to go from place to place for any purpose, apply for a permit enabling them to do so.

The military authorities are, it is stated, taking steps to blank this action of aliens in Canada, and are determined to visit such offenders with the strict penalty of the law, as was provided to deal with such offenders in a recent order in council, namely, six months' imprisonment, or a fine of \$500, and should offence warrant it, both fine and imprisonment.

FUNERALS

The funeral of Miss Annette Smith, daughter of S. Berry Smith, who died in Montreal suddenly on Sunday evening, took place yesterday afternoon on the arrival of the Montreal train. Services were conducted by Rev. Archdeacon Crowfoot. Interment was made in Fernhill.

PRECAUTIONARY MEASURES USED IN THE FACTORIES

Many Employees Home on Account of Illness—Heads of Firms Taking No Chances

The Meavily plant, Rotheray avenue, is experiencing some difficulty at the present, as many of their employees are confined to their homes as a result of the grippe.

Nearly every day some of the workmen are compelled to go home on account of illness. The officials of the firm are taking all precautions and on the slightest symptoms of grippe, etc., they send the affected ones home.

In so doing they co-operate with the health department, and are to be highly commended on this action.

The majority of another large corporation in the city notified all foremen of the plant yesterday to have a close vigil on all employees, and on the slightest signs of grippe or influenza to report the same to the office and send the men to their homes.

Apparently all officials of firms in the city are readily complying with the wishes of the health department, by taking extraordinary precautions regarding the present epidemic.

Such employees affected in any manner when at their work, and sent home will, it is understood, be fully compensated for time lost through illness.

Many offices are short of help also, on account of prevailing illness among their employees. Managers of such offices affected have requested their help to go to their homes and remain indoors until entirely recovered, with the promise of full payment for time lost while ill.

Apparently all are taking a deep interest in the furtherance of the precautionary measures advanced by the health department, and it may be added are being commended highly by the citizens in general.

NOW WITH THE BRITISH ARMY

Wm. D. Taylor, Former Director of Mary Pickford, Was Here—Is Mentioned in Photoplay Magazine.

In early July two important visitors were in the city en route to join the British Army Officers' Training Corps. These were "movie men" from the Lasky Studios, Los Angeles, California, and The Standard reporter who met them at the hotel was greeted in a courteous manner. One of the same men is mentioned in the October Photoplay magazine, and his picture is shown. He is Wm. D. Taylor, the former director of Mary Pickford, who left a salary of \$20,000 per year to fight for the land of his birth, as well as the land of his adoption.

At the time of the interview in a local hotel Mr. Taylor was quite reticent regarding his role in the war, but his companion, Lewis Willoughby, a co-star with Mary Pickford and Constantine Talmadge, in the play "A Pair of Silk Stockings" in Los Angeles, California, director left all, including the salary previously mentioned, which was somewhat doubted by a few local people. However, mention is made of the above story in the story related in the Photoplay magazine, and a sketch of his career given.

Mr. Willoughby at the time of the interview gave the reporter a picture of himself, Miss Talmadge and three other actors in the play mentioned previously. He showed some sketches of himself in military uniform, and a Japanese star, in "A Temple of Duak." Such men as these have, along with many of their brother actors, gone to tear down the ruthless barriers of enmity, etc., inaugurated by the bloody Hun.

MERELY AS ACT OF PRECAUTION

Men in Spanish Influenza Districts May Not Be Called for Military Service Immediately.

Attention has been called to the military authorities at Ottawa regarding men being called up for military service during the present period. It is pointed out that some men in the colors at the present time, many of whom come from localities where the dreaded Spanish influenza is raging, would in all probability, tend to the spread of the contagion, and that it is expedient to defer the enlistment of new men, as precautionary measures should be taken, so that the disease may not gain any vantage ground to work its destructive forces. It is likely stated a military officer yesterday, that this request will be met with favor by the government, who will advise all military districts to postpone the calling of eligibles to the colors, until further notice. It is even rumored that some military districts have already received such notices, but this was not given officially.

Refrigerator condensed Cooon is a high-calorie and nutritious beverage. Cooon, milk and sugar combined, liquid form, just add boiling water.

THE SEASON'S VOGUE REFLECTED IN THE EXCELLENT ASSORTMENT OF WOMEN'S WEAR.

Dykeman's showrooms are a feast of fashion. The fashions are absolute in correctness and have all the claims of exclusiveness. This is the unusual store, and no matter the manufacturer's restrictions, and other trade perplexities, which the world conditions are producing, we are presenting most unusual collections from the world's greatest fashion-makers. Assortments are without limit, the displays this week will prove this, and are exceptionally attractive. And quality, style and value count all the Dykeman standards for leadership.

Original organized as a partnership of E. L. Rising and G. H. Waterbury, this firm underwent a change some eight years ago, when Mr. Waterbury retired, this being followed a year or so later by the organization of an incorporated company, of which Mr. Rising is president. He has associated with him in the concern several employees who have been with the company for a considerable time, as well as his three sons, Harold W., William C., and Percy L. The latter is now overseas. The history of the house is the history of St. John's mercantile progress during the past forty years.

HIS MAJESTY GIVES MEN OF BRITISH FIGHTING FORCES PERMISSION TO WEAR SUCH GRANTED BY U. S. DURING PERIOD OF WAR ONLY.

Notice has reached local military headquarters regarding the wearing of war badges, issued by the United States government, and the rights of any of His Majesty's forces in wearing such badges.

The order states: "His Majesty the King has given permission to all suitable, non-commissioned officers and men of the 'British Fighting Forces' to wear for the period of the war only any decorations or ribbons granted by the United States for war service."

Such permission, however, does not include the right to wear any badge of any "American military society," as these badges are issued "only" to American officers, in uniform, in the nature of social badges, representing social or brotherhood fraternity, and are not permitted to be worn by British officers in uniform.

Again, any application to accept and wear commemorative "foreign" war medals of the United States or other foreign country and granted for services in previous campaigns, should be directed to military headquarters, who will take such application to the war office for final approval.

In making such application the applicant is requested to embody full and accurate information as to nationality and military status during the period for which such medal was granted.

An exception prevails, however, as the order distinctly states again: "Any commemorative foreign war medal from those awarded for gallant or meritorious action in action, is not to be accepted or worn, under any circumstances without previous military procedure granting such permission to wear the badge. Content of the United States worn by His Majesty's forces depend again on the right that the British subject in so wearing this badge gains, it when not acting in contravention of the foreign enlistment act, and that he was at the time not serving against a friendly state. But in such cases it is necessary to gain the royal license, and assent to serve in the United States army."

Edward L. Rising today celebrates his fortieth birthday as a merchant in St. John. He is in the mercantile field on October 16, 1878. Mr. Rising has seen his business increase from a small beginning to what is now the largest wholesale and retail store in the Maritime Provinces, and it is with a certain measure of pride that he feels that his efforts along the lines of commercial development have met with fair measure of success.

On October 16, 1878, Mr. Rising, in partnership with George H. Waterbury, began business at 213 Union Street, directly opposite the Opera House, in which and their present store is still conducted, and where Charles H. Smith, now the manager of that branch, first entered their employ as a boy, a connection he has maintained ever since. Mr. Smith has become, in the passing years, a director of the present company.

HIS FORTIETH BIRTHDAY AS A ST. JOHN MERCHANT

Edward L. Rising Entered the Mercantile Field October 16, 1878—Now Largest Wholesale and Retail Shoe Man in Lower Provinces.

Some three years after the Union Street store was opened, Mr. Rising & Rising bought out the firm of Balmonte Bros., who occupied a store on King Street, opposite the Royal Hotel. In those premises the firm remained for some twelve years, before moving to the present location. It is a matter of interest that Mr. Rising while on a recent trip to California, became engaged in conversation with a fellow traveler, who, on learning that the former was from St. John, inquired of him whether he knew anything about the firm of Waterbury & Rising, reputed that he slightly widened the net establishment, and during the course of conversation it developed that his companion was a son of one of the Balmonte Brothers whom he had bought out in 1881.

The present premises on King Street, were first taken under lease, but some five years ago the building was purchased from Joseph Ferguson, one of the firm of Ferguson Bros., dry-goods dealers.

Not satisfied with the volume of retail business, and seeing opportunities for a wholesale trade, Waterbury & Rising some thirteen years ago took a lease of the building at No. 61 Prince William Street, which since then has been used as a warehouse and shipping room. The North End branch on Main Street, was opened eight years ago and has had a very large measure of success under the management of Mr. Thomas.

Original organized as a partnership of E. L. Rising and G. H. Waterbury, this firm underwent a change some eight years ago, when Mr. Waterbury retired, this being followed a year or so later by the organization of an incorporated company, of which Mr. Rising is president. He has associated with him in the concern several employees who have been with the company for a considerable time, as well as his three sons, Harold W., William C., and Percy L. The latter is now overseas. The history of the house is the history of St. John's mercantile progress during the past forty years.

NOTICE—Owing to the present epidemic we are obliged to decline sending goods on approval, or granting the privilege of returning goods. This is simply carrying out the spirit of the regulations prescribed by the N. B. Government Department of Health. We must, therefore, ask our customers to put up with any inconvenience this may necessitate until the Health Authorities remove the present restrictions.

Marr Millinery Co., Limited

Protexit Roofing Paper

Quality, that unquen property that gives longer and more satisfactory life to a roofing paper, is what you should always look for.

Rolls 36 inches wide, containing 108 square feet, made in three thicknesses, 1, 2 and 3 ply. Galvanized Nails and Cement in each roll.

As the wear on any roofing paper is from the surface inward the thicker fabric and heavier saturation offers greater resistance.

Any building is as good as the roof that covers it.
