SUBMARINE SUNK BY STEAMER OFF CANADIAN COAST

In Running Battle With British Tanker Three Hundred Miles Northeast of Nantucket U-Boat Bursts Into Flames and Goes Down—Steamer Off Canadian Coast Seen Firing Shells At Some Object.

Norwegian Steamer San Jose Sunk Yesterday Off New England Coast By Another Submarine—Twenty-Five of Crew Missing—New Quebec Schooner Lost Near Sable Island.

Philadelphia, Aug. 19.—A German submarine was sunk in a running battle with a British tank steamer last Friday about 300 miles northeast of Nantucket, (off the Canadian coast), according to a member of the tanker's crew. The oil ship arrived here tonight.

When first sighted the U-boat was two miles away, according to the captain of the tanker, who said he immediately opened fire. Two shots from the submarine struck the British ship, one of them passing through the boiler room and the other through a tank. Neither of the shells exploded and did no material damage, the captain reported.

Twenty-seven shots were fired by the tank ship, one or more of which, her master declared, scored clean hits, as flames were seen bursting from the port side of the submarine, which he said sank a few minutes later.

Fired Shells.

A Canadian Atlantic Port, Aug. 19.—The mysterious cannonading off a port east of here has been explained by the arrival of a fishing schooner at a port still further east reporting that on Saturday afternoon a steamer was seen about fifteen miles off shore engaged in vigorously shelling some unseen object. The captain of the schooner reports that after a dozen shots had been fired by the steamer she became enveloped in smoke and disappeared from view. He believes that the steamer was either engaged in target practice or else was shelling what was thought to be a submarine and that finally the ship made use of a smoke screen to escape from the supposed U-boat.

Another U-boat Sunk.

Boston, Aug. 19.—Captain David Evans, of the British steamer Penitence, who was taken aboard a German submarine as a prisoner of war after the undersea boat sank his vessel off Nantucket last week, was landed here late today. With Captain Evans were eight members of the crew of the Norwegian steamer San Jose, also a victim of the same submarine that destroyed the Penitence. The San Jose was sunk some time today. Captain Evans, who had been

French Troops North of The Oise River Attain Outskirts Of Lassigny

Paris, Aug. 19.—The French troops north of the Oise river have reached the western outskirts of Lassigny, according to the official communication issued tonight. They also have made their way out of the Thiescourt Wood and further south have captured the village of Pimprez, on the Noyon - Compiègne road. Northwest of Soissons the village of Morsain has been captured and 2,200 Germans have been made prisoner in this region.

The text of the communication follows: "Between the Matz and the Oise we continued to make progress during the day. Our troops, in spite of stubborn resistance by the enemy, have captured Fresnoies and reached the western outskirts of Lassigny.

"Further south we have succeeded in debouching from the Thiescourt Wood. On our right we have captured Pimprez and advanced up to the southern outskirts of Deslincourt.

"To the north of the Aisne, completing our success between Carlepont and Fontenoy, we have captured the village of Morsain.

"The number of prisoners captured in this region since yesterday has reached 2,200.

"Aviation—During the 18th three German airplanes were brought down and one captive balloon was sent down in flames. On the night of the 18th-19th our bombing squadrons dropped eight tons of bombs on bivouacs in the region of Berry-Au-Bac and Guignicourt and the railway stations of Mesieres and Chapellet-Sur-Returne.

"Army of the East, Aug. 18.—There has been the usual artillery and patrol activity on the Serbian front. In Albania the enemy has ceased completely his attacks.

"British aviators have bombarded enemy encampments in the region of the Vardar and brought down two enemy machines."

ENEMY LINES IN A BAD PREDICAMENT

Germans on Three Important Sectors on Western Battle Front Compelled To Give Up Positions of Great Strategic Value Under Onslaughts of British and French Troops.

(By The Associated Press.)

The Germans on three important sectors of the western battle front have been compelled to give up positions of great strategic value under the onslaughts of the British and French troops.

In the Lys sector west of Arras the enemy has retreated over a front of nearly six miles, leaving the town of Merville in British hands. Between the Matz and Oise River the French have fought their way to the western outskirts of the dominating position of Lassigny and farther south in this hill and wooded region have debouched from the Thiescourt Wood and also captured the town of Pimprez, situated in the Oise Valley, on the Noyon-Compiègne Road.

Around the curve in the battle line northwest of Soissons the French from near Carlepont to Fontenoy on the Aisne, a distance of approximately nine miles, have driven back the enemy to an average depth of more than a mile and captured several villages and 2,200 prisoners.

CHAUFFEURS WERE RUNNING TOO FAST DECLARES JURY

Same Verdict Returned on Deaths of Mrs. Bonnell and Mrs. Ogilvie—Injured Doing Well.

Special to The Standard

New Glasgow, Aug. 19.—An inquest into the cause of the death of Mrs. Ogilvie and Mrs. Bonnell, who were killed in an auto accident on Satur-

German Line in Danger.

The Lys salient is fast falling away under the attacks of the British and the voluntary retirement of the German to new defense positions eastward, and seemingly the big westerly bulge into the Allied line between Ypres and La Bassée soon must disappear.

Under the new gains of the British around Roye and particularly those made by the French from Lassigny to the Oise Valley and northwest of Soissons, the Germans now are in a bad predicament. Here their positions are dominated by the Allied guns from the west, southwest and south for many miles and apparently a retreat eastward across the plains of Picardy and over the Somme, and even from the western Aisne will be necessitated.

Additional American troops arrived last week in Vladivostok to aid the other international troops in their operations against the Bolsheviks and German forces in Siberia.

day was held in the Court House. The evidence of a number of witnesses was taken and the following verdict rendered:—"That Mrs. Warren Ogilvie of Truro came to her death by being crushed by an auto on the Chance Harbor Road on August 17, 1918, overturned for lack of room to pass another car driven by Thomas McNaughton. The jury are of the opinion that drivers of said cars were running at too great a speed for safety on such a road and that greater caution should be exercised by drivers in future."

The above verdict also applies to the death of Mrs. Bonnell, it having been decided that the same evidence would apply to both deaths. The injured are all doing nicely, some of them having left for their homes by early morning train.

Threatened Invasion By Germans, Hungarians and Russian Reds—Reign of Terror in Petrograd.

Washington, Aug. 19.—The Chinese government has sent a large force of troops to the Siberian border to prevent a threatened invasion of Chery by German and Hungarian prisoners of war who joined with the Red Guard and other elements of the Bolsheviks against the Czech-Slovak in the trans-Baikal region.

Washington, Aug. 19.—Petrograd's reign of terror is reported raging unchecked, in an official despatch today from Stockholm. It is estimated that 60,000 arrests have been made since the beginning of August, among army officers and middle class citizens. The Bolshevik chiefs are said to be on board the warship Aurora in the roadstead of Kronstadt, prepared to sail for Germany in case of a successful uprising against them.

ARREST FOUR MEN ON SUSPICION OF BEING ALIEN SPIES

Prisoners at Campbellton Had Views of St. John Harbor, Rockwood Park and Other Places—Posed As Picture Men.

Special to The Standard.

Moncton, Aug. 19.—Chief Rideout received word from Campbellton chief of police today that four picture men who were recently operating in Moncton, St. John, Sydney and other places, have been arrested by the military authorities on suspicion of being spies. Three of the party, named Waller, Earnstein and Werner, were in Moncton recently taking landscape views, buildings, etc., and were objects of suspicion. When they left here they were joined by one Perry, recently a member of the Moncton police force. The three first named claimed to belong to Guelph, Kitchener and Waterloo, but enquiry at those places disclosed that only Waller was known. They are said to have come to Canada from the States. They had views of Rockwood Park, and harbor views of St. John, and also views of Sydney and other places in the provinces.

MONCTON NEWSPAPER MAN DIES OF WOUNDS

Thomas Price Lost Right Hand and Sustained Fracture of Skull in Italy.

Special to The Standard.

Moncton, Aug. 19.—Mrs. Thos. Parker, this city, received a letter today from her sister in England to the effect that her brother, Thomas Price, a former well known newspaper man employed in Moncton, had died from wounds received on the Italian front. He was wounded April 14 and died May 10. He had six shell wounds, his right hand blown off and skull fractured. He joined the Imperial army after leaving Canada and served in France, Flanders and Italy. Price was a native of England. He is survived by his wife and two young children, residing in Moncton.

They Also Capture Railway Station of Important Town of Roye—French Enter Village of Le Hamel, Representing Advance of One Mile and Three Quarters, and Attain All Objectives.

Germans Strongly Attack British Over Mile Front Between Herleville and Lihons, Northwest of Chaunes, Penetrating Line At Two Points, But Are Immediately Driven Out in Counter-Attack.

London, Aug. 19.—British troops today captured the railway station at Roye, according to the latest news received this evening from the Anglo-French battle front.

The attack today by the Tenth French Army under General Mangin was brought to a satisfactory conclusion. All the objectives were attained. The French entered the village of Le Hamel, north of Ribecourt, which represents an advance of one mile and three quarters.

The British forces on the Lys salient have advanced on a front of 10,000 yards, entering the town of Merville and reaching the road running from Paradis to Les Puresbecques through Merville, according to Field Marshal Haig's communication issued tonight. Northwest of Chaunes the Germans this morning in an attack over a mile front between Herleville and Lihons penetrated the British line at two points, but immediately afterward were driven out in a counter-attack and the line was restored.

The text of the communication says:

Strong Enemy Attack.

The enemy this morning strongly attacked on a front of a mile against our positions between Lihons and Herleville.

He succeeded in penetrating our line at two points, but was immediately driven out by our counter attack and the situation was completely restored.

Many casualties were inflicted on the enemy and a few prisoners were captured.

Our advance has continued in the Merville sector (Lys Salient).

Considerable progress has been made on a front of 10,000 yards. We reached the line of road running through Merville from Paradis to Les Puresbecques and have entered Merville.

There was sharp fighting at different points in the course of our advance and a number of prisoners and machine guns were captured.

The total prisoners captured yesterday in the neighborhood of Outterster was 676.

Berlin Admits Check.

Berlin via London, Aug. 19.—Penetration by the Entente Allied forces into the western part of Beauvraignes is admitted in the official statement of the German High Command.

GEN. MACDONNELL AT CAMP SUSSEX

Capt. Logan Appointed Temporary Assistant Judge Advocate General Here — Capt. Keirstead Promoted.

Special to The Standard.

Camp Sussex, Aug. 19.—Brigadier General A. H. Macdonnell, C. M. G. D. S. O., district officer commanding M.

the war office today. Repeated Allied attacks northwest of Lassigny were beaten off, the statement says, while successful thrusts were made by the German forces northwest of Roye.

French Repel Objectives.

London, Aug. 19.—During the fighting last night and today between the Oise and Aisne the principal trouble encountered by the French was from the resistance from the German machine gunners and aviators, who have shown far more spirit and determination than any other branch of the German service.

All along the whole front of last night's attack the French reached their objectives in the short time allotted to the advance.

The gains made by the French in the past 24 hours are regarded here as very important from the standpoint of future operations. The French won valuable high ground and are in a position to give the Germans the greatest anxiety both east and west of Soissons.

The French now hold ridges overlooking the Oise Valley on both north and south and large bodies of German troops stationed along the Little river are in a position where they are continually menaced from both the north and the south by a movement which would pitch them severely.

D. T. and Captain Victor Heron, G. S. O., inspected a body of men of the 1st Depot Battalion, N. B. R., who are about to leave for other training quarters.

Captain G. Earle Logan, adjutant of the Depot Battalion, has been appointed temporary assistant judge advocate general of M. D. No. 7. Capt. Logan will leave for St. John on Monday next to take over his new duties.

Captain J. Vernon Keirstead will temporarily assume the adjutancy of the Depot Battalion. Captain Keirstead's rapid rise in the military is a matter of congratulation to this officer.

VENIOT, SMITH AND COMPANY NEGLECT BRIDGE AT SHEDIAC

One of the Most Frequently Used Structures in Province That At Shediac Town in Scandalous Condition, Endangering Life and Limb—Auto Truck Owned By St. John Man Drops Through Main Span, Two Men Narrowly Escaping Death—Roads Also in Abominable State.

Special to The Standard.
Shediac, Aug. 19.—An accident which might have had very serious consequences happened in this town on Thursday evening, when an auto truck, the property of Mr. Louis Comeau, of the Shediac Beverage Company, driven by Alderman L. Cassidy, went through the main span of the bridge on the Seadouc River. Mr. Smiley, the manager of the Shediac Beverage Company, was in the car at the time and barely saved his life by leaping out of the car and clinging to the broken railing of the bridge. Fortunately no one was hurt, but the car suffered considerable damage.

and the Provincial Department of Public Works, although the minister's attention has been repeatedly directed to this matter, has shamefully neglected to make the necessary repairs required to make the bridge safe for traffic.

Veniot was in Town.
The Honorable P. J. Veniot, Minister of Public Works, himself, was in Shediac a few days ago and he was told that this bridge was a menace to life and he was requested to have instructions issued for immediate repairs, but he paid no heed to this timely warning with the above result. It was a miracle that no one was killed in the accident.

Mr. Comeau, who is a public spirited citizen, has temporarily repaired the bridge, there apparently being no one else in this town to look after it, but the bridge is still in an exceedingly precarious state and the travelling public ought to exercise the utmost care

In crossing it as the span is apt to break down at any time.

Dr. Smith Does Nothing.
Shediac is the home town of the Honorable E. A. Smith, the Minister of Crown Lands, and one can hardly understand how he can put up with the administration of public works in so far as both the Town and Parish of Shediac are concerned. The roads in the Parish of Shediac, particularly the highway between Chapman's Corner and the Seadouc River bridge, not to speak of the town roads, are in an abominable state and were never worse in the history of the locality. Evidently the members of the provincial government have been too busy wielding the axe to devote their energies to the improvement of bridges and highways.

Another Man-Trip.
Autoists complain of the very dangerous condition of the highway near Quispamsis, where arrangements are being made to improve the present very bad bridge crossing. The new approach on the upper side has been completed and as it is not blocked, the danger of a driver making a mistake and going over the embankment is very great. Until the bridge is swung to its new moorings, the approach should be blocked to prevent all possibility of an accident.

FUNERALS.
The funeral of Walter Logan took place yesterday afternoon from his parents' residence, Union Point. Interment was made in Holy Cross cemetery.

The funeral of Mrs. Elizabeth Love took place yesterday afternoon from her late residence, Milford. Services were conducted by Rev. Mr. Townshend and interment was made in Cedar Hill.

GEN. PETAIN'S MEN ATTACK OVER FRONT OF NINE MILES

Much Progress Made From Near Carlepoint, East of the Oise To Fontenoy, on the Aisne, About Six Miles West of Soissons—Line Vital To German Positions and If Broken Would Mean General Enemy Retreat.

(By The Associated Press.)
Launching what may be described as an extensive local attack, the French on Sunday evening broke through the German positions along the vital sector connecting the Marne and Picardy battlefields.

This attack was over a front of approximately nine miles, from near Carlepoint, east of the Oise, to Fontenoy, on the Aisne, about six miles west of Soissons.

Since the situation along the Aisne and Vesle and in Picardy has seemed to be approaching a deadlock, indicating a return to the old trench warfare of the first two years of the war, an attack in the sector between the Aisne and the Oise has been expected. This line is vital to the German positions on each side of it. If it should be broken the whole German defensive scheme would be thrown out of joint.

A Rough Region.
While the front over which the assault was launched is short compared with those of the Marne and Picardy drives, the success obtained by the French appears to point to a possibility of Marshal Poch breaking the enemy's resistance by a flank attack instead of a direct assault against the strong positions now held by the Germans between Soissons and Rheims, and between the Oise and the Aisne.

The region in which the attack was made is quite rough and would seem to be well adapted to defensive warfare. It is intersected by ravines of some depth, and has high wooded ridges here and there. It is an extension of the hilly district along the Oise, where savage fighting has been going on for the past week.

Attack on Aisne.
London, Aug. 19.—The French tenth army attacked the German positions between the Oise and the Aisne last night and has penetrated to an extreme depth of nearly two miles. The enemy machine-guns are resisting desperately and the German air service is also very active.

St. Marcellin, a little more than a mile southwest of Roye, was taken by the French yesterday according to reports from the battlefield which also say that the French also captured the town of Bouvignies, two and three-quarters of a mile south of St. Marcellin.

The new French line runs from Fontenoy to the ridge south of Andignicourt. From there it runs to Namptoul, which the French have surrounded, and extends to the edge of the Montagne Forest. It passes about 1,600 metres south of Carlepoint, and finally joins the old line north of Tracy-le-Val. The French now hold rather important high ground to the south of Andignicourt.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called Freezone, which at the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of Freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

LIBERTY 3 1-2'S

RISE TO 101.06
IN WALL STREET

Monday's Trading of Insignifi-
cant Character and
Very Dull.

CANADIAN PACIFIC

ADVANCES 2 POINTS
"Soo" Stock, St. Paul and New
Haven Road Are Also
Strong Stocks.

New York, Aug. 19.—Apart from a
new premium for Liberty 3 1/2's which
rose to 101.06, and the isolated strength
of shippings and rails, today's stock
market was one of the most insignifi-
cant of the dull summer season.

News over the week-end, including
the further successful offensive of the
Allied forces and the progress which
is being made towards a solution of
the railroad contract dispute, evoked
only languid response from any quar-
ter. The usual leaders moved in a
very contracted radius, United States
Steel, for example, varying only the
smallest fraction until the final hour,
when it manifested a firmer tone with
associated industrials.

Inquiry for shippings seemed to have
its origin in the belief that negotia-
tions for the advantageous sale of the
Mercantile Marine Company's British
assets are approaching a satisfactory
conclusion.

Marine Preferred Up.
Marine Preferred scored an advance
of 1/2 points, the common gaining a
substantial fraction since an American
International Corporation one point on
the growing recognition of its ship-
building operations.

Rails were featured by Canadian Pa-
cific, which was unusually active at a
2 point advance, its subsidiary, "Soo,"
making a similar gain. St. Paul's and
New Haven held firm on signs of fur-
ther accumulation.

Utilities made additional recoveries
from the depression which accom-
panied the recent acquisition of the
telephone and telegraph companies by
the government and a few specialties
stiffened on publication of favorable
financial reports. Sales amounted to
172,000 shares.

The bond market was irregular, Lib-
erty issues contributing extensively to
the enlarged turnover. Total sales,
(par value) aggregated \$6,075,000.
Old U. S. registered 4's rose 1/2
per cent on call.

PETROVA AT THE IMPERIAL.

Famous Russian Beauty in a Remark-
ably Fine Play—Other Features.

Madame Petrova's fourth starring
vehicle under her own management is
"Tempered Steel," which is being
shown at the Imperial again today.
Written by George Middleton, one of
the best known of the younger Ameri-
can playwrights, and directed by the
veteran pilot of screen luminaries,
Ralph Ince, the story in which Madame
Petrova makes her latest appearance
contains all the elements of romance,
suspense and rapid action which the
Polish star's many admirers have
come to associate with her name.

Beginning in the quiet atmosphere
of a sleepy old Southern town, the
narrative soon carries one to the heart
of New York's theatrical world, where
the struggle for success is as pitiless
as it is unceasing. In her characteri-
zation of the beautiful Southerner
struggling for recognition against hos-
tile forces, Petrova not only does the
best acting of her screen career, but
is given the opportunity to wear the
most extensive wardrobe of lovely
clothes in which she has been seen
since "Daughter of Destiny" was re-
leased.

In the remainder of its programme
the Imperial was up to the usual
standard of excellence. There was a
splendid scenic, another instalment
of "The History of the War," a Drew
comedy and Mutt and Jeff.

Tomorrow Wallace Reid will be
featured in the Harvar prize play,
"Believe Me, Xantippe!"—a breezy
comedy.

A PROVINCIAL ELECTION.

The esteemed Telegraph appears to be worried over circulation of the report that the Foster government had in contemplation an appeal to the electors during the coming autumn, and yesterday morning that paper assured its readers that such a report was a pure canard circulated by the wicked Opposition. Perusal of the Telegraph's article failed to disclose why the Opposition should so bestir itself, for our Canterbury street contemporary declared with finality that in such a test if it were held, there would be no prospect of Opposition success.

Reports that may have gained currency as to the possibility of a general provincial election had their origin in the minds of the rank and file of the government party, although there is no doubt the Opposition would welcome such a development, as it is generally believed that the people of New Brunswick, led astray by false canvases in the last provincial contest, will, next time, judge the Fosterites on their merits—or their demerits—the Opposition can ask no better test.

When the Telegraph intimates that such a possibility as an election has not been thought of in the Foster party it taxes the credulity of its readers too far, or displays a very poor knowledge of the real condition existing in its own party. It has been an open secret that for some time there has been more than a little dissatisfaction even in the cabinet over the domination of Mr. Veniot, and his colleagues are whispering to themselves that it is high time to shake him off. Even Mr. Dugal, ordinarily the most even tempered of men, grew peevish and for some months did not attend the meetings of the cabinet. Possibly the Telegraph will now tell its readers the reason, and tell it truthfully.

Also, if all is as harmonious in the Foster ranks as the Telegraph would have us believe that newspaper might deign to discuss the situation in Westmorland and enlighten its readers as to which of the contending parties factions in that county has the inside track in regard to the vacant registration. It is Mr. Legere to get the position, which he tells his friends he intends to have, or is Hon. G. W. Robinson's effort in behalf of his brother bearing more fruit today than when he made an abortive attempt to jam legislation through the House to divide the vacant office for reasons that may easily be guessed at?

The fact of the matter is that if there was the slightest prospect of success the Foster party would be glad to go to the country, hoping to secure a majority sufficiently substantial to render it independent of certain influences which, at present, dominate it. It is then reported, and on good authority, that a general survey of the field has been made but that the reports of the "scouts" were so unfavorable that the party decided it was safer to "bear those evils that they have than fly to others that they know not of."

If there is no election this autumn there will be but one reason—the fear of defeat.
"CANADA'S WAR EFFORT."
The Standard has just received a pamphlet, "Canada's War Effort," in which the Department of Public Instruction does excellent service in enlightening Canadians as to what this country has really accomplished since the outbreak of the war in August, 1914. There has been so much ignorant, exasperating and hurtful criticism of Canada's war leadership, and so many people appear so eager to ignore or belittle what has been accomplished under that leadership that this pamphlet has a large field in which to perform missionary service.

The outbreak of war found us in a bad way, militarily and financially. We had a regular army of about 2,500 men, no airships, no sea power, little artillery and three machine guns; and we were borrowing enormously in the markets of the world. Today, after four years of war, we have enlisted in our battle forces 550,000 men, we have despatched 350,000 overseas, we have 160,000 men on the firing line, and 160,000 are casualties of war. For a nation of less than eight million people, these figures bespeak a record of endeavor and achievement of which none need be ashamed; and yet they do not tell all. Canada has spent her treasure not less lavishly than her blood. In 1914 we were a borrowing nation, bringing money into the Dominion from abroad at the rate of a million dollars a day. Despite stupendous burdens of a wealth-detracting war we have in four years transferred ourselves from a debtor to a creditor people. Since the outbreak of war to March 31, 1918, Canada established credits on behalf of the Mother Country to the amount of about \$700,000,000; and in addition, we have loaned our own Government \$756,000,000—one hundred dollars for every man, woman and child in the country.

It is well that Canadians should reflect upon what these figures tell when unthinking critics seek to belittle what the nation has done; and it is to be hoped that "Canada's War Effort," with its wealth of useful information, will be given the widest possible circulation throughout the entire Dominion.
THE CANADIAN CLUB.
Those who are fortunate enough to hold membership in the St. John Canadian Club may look forward to some rare treats during the next few months. Arrangements have already been made by which Hon. J. M. Beck, one of the foremost citizens of the United States, and a public speaker much in demand, will speak to the club on a topic of the day. Another speaker, who will come a little later, is Hon. Dr. H. S. Beland, the first Canadian to take up arms against Germany, and his address should furnish much enjoyment. The energetic club secretary is also attempting to secure Hon. Charles Evans Hughes who, it will be remembered, almost became President of the United States at the last general election, and there is an indication that the effort may be successful.

Such a programme merits the support of all residents of this city. The Canadian Club already has a good membership, but it is less than half what it would be if the general public manifested the interest it should show in the Club's objects.
ONTARIO BY-ELECTIONS.
Those who predicted that opposition to the Hearst Government in Ontario had reached such a pitch that the two ministers, who appealed yesterday for ratification of their cabinet appointments, would meet defeat should guess again. In Northwest Toronto Hon. Dr. Cody, Minister of Education, had a majority of 4,800 votes, while in East York Hon. G. S. Henry, Minister of Agriculture, polled some 2,500 more than his opponent. In both cases the Government majorities were almost in the ratio of two to one. Dr. Cody's opponent was a returned soldier but even that was not sufficient to offset the fact that he permitted himself to be made the mouthpiece of a Liberal movement to defeat the Minister.

A BIT OF VERSE
"YOU DID."
It's good to wander back again,
Among the old home folks;
It rather satisfies a man
To hear the same old jokes,
To hear somebody say, "I know
You when you were a kid."
But some one always tells you of
The foolish things you did.

Your heart beats lighter, as it did
In long forgotten days,
When at some well-remembered spot
Reflectively you gaze,
And noble deeds are hid,
And people only call in mind
The foolish things you did.

Little Benny's Note Book

BY LEE PAPE
I heard pop and his talking about conscientious objectors yesterday, and after supper my cousin Artie came around, and I sed to him. Hay, Artie, lets us play conscientious objectors.
All rite, how sed Artie, and I sed, Conscientious objectors have moral screw pills aginst fighting, and they wont fite no matter wat anybody does to them, no matter wat it is, and if you can prove youre a conscientious objector, wy you dont haf to join the army. Lets us pretend youre trying to prove youre a conscientious objector and in the grate general talking to you.

Which we started to do, Artie put tings on pops golf cap coming way down over his ears and making him look ignorant as anything, and me putting a lady's hat box over my hed with holes in it to see out of, and saying to Artie, Young man, wats the reason wy you dont want to join this army? Aint it good enuff of a army for you?
Yes, its a all rite army, ony I got conscientiouslas screw pills about fighting, sed Artie.

Do you mean to say wy woodent fite even if somebody came up and tread on both your feet and then backed you up in the stummock with their feet? Aint it good enuff of a army for you?
Yes, its a all rite army, ony I got conscientiouslas screw pills about fighting, sed Artie. Meaning he meant to say it, and I qulek stamped on both his toes with my heel and then backed him a fears shot in the stummock with my hed, and wat did Artie do but give me such a fears kick in the shins its a wonder I didnt see stars, me yelling, Hay, I thawt wy sed wy woodent fite.

I didnt fite, I just kicked you in the shins, sed Artie.
Well, I didnt kick you, I sed, And we started to have a fears fight, nobody getting licked on account of pop running in and stopping us. Proving if you tread on somebody's toes more happens than if you just talk to them.

partings at the side or in the middle, with numerous variations in the brushing.
Beards have also been associated more or less with age. "Gray beards" or "black beards," and there is but one "Bluebeard." A modified beard once popular in the United States and typical of Uncle Sam is the goatee is the short beard, trimmed to a point, which is usually accompanied by an "imperial" or tuft just under the lower lip, as worn by Napoleon III. They had a habit once of wearing the beard moderately long and cut to separate half-way and finish in two tassels. Reversing this process, English farmers shaved both lips and chin, which left a vacant space almost surrounded by the bristly growth underneath it. A similar clearing existed in a fashion of some centuries ago, except that the mustache was worn.

Whiskers are a variable side issue. The closely trimmed whisker, descending to the lobe of the ear on an otherwise clean-shaven face, was long a favorite among sporting men. Worn lower down the jaw, the whisker changes character and develops into "mutton chops" that blossom in a bushy manner. Still more pronounced are "Piccadilly weepers" of the Lord Dunsyre kind. This last and the mutton chop are worn with a mustache, while John Bull shaves everything except his whiskers.

In time of war men are more disposed, naturally enough, to wear beards. "Polly," the French term for soldier's mutton "bearded-on" hair, is employed in the most affectionate sense.
LEMON JUICE TAKES OFF TAN
Girls! Make bleaching lotion if skin is sunburned, tanned or freckled.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle sunburn and tan lotion, and complexion beautifier, at very, very small cost.
Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

NINE ST. JOHN MEN REPORTED WOUNDED WHILE IN ACTION

Relatives Have Received Sad Official Telegrams—Thought That Wounds Will Not Prove Fatal in Any Case.

Mrs. George Burns, of Fairville, received an official telegram yesterday informing her that her son Robert Burns had been admitted to Lord Derby Hospital, Warrington, England, on August 14th, suffering from gunshot wound in the back. The soldier had spent seven years in the west previous to enlisting in the Canadian Army, and went overseas a year ago last May with a western battalion. He has been through a great many hard battles and this is the first wound that he received. His friends hope that his injuries will not prove fatal.

Lieut. Markham Wounded.
 An official message has been received by Lieut.-Col. A. J. Markham, stating that his son, Lieut. Cecil Jeffrey Markham had been admitted to Second British Red Cross Hospital, Rouen on August 12, having received slight wounds on thumb and foot. Lieut. Markham has been at the front for a long time, having gone over with the 185th Batt. (Nova Scotia Highlanders) and afterwards being transferred to the 24th Nova Scotia Battalion. His brother, Ralph, is with the 20th Batt., and was wounded some time ago.

Driver H. J. Bowes.
 Mrs. Anastasia Bowes, 35 Hanover street, has received word that her son Driver Harold Joseph Bowes, has been admitted to Military Hospital, Edmonton, August 13th, with gunshot wound in left arm. He went overseas two years ago.

Private Harry Bonnell.
 That Private Harry Bonnell had been admitted to hospital suffering from gunshot wounds in the legs is the word received by his sister, Miss Louise Bonnell, 43 Harrison street. Private Bonnell went overseas with 226th Battalion.

Pte. R. R. Kimble.
 Miss Laura Kimble, 49 Elm street, has received word that her brother, Private Roy Robert Kimble received gunshot wound in right arm and has been admitted to Queen Mary Hospital, Whalley, Lancaster. He enlisted with the 115th.

Private F. S. Flaherty.
 Mrs. F. B. Fitzgerald, 106 Elliott Row, has been informed that her brother, Pte. Francis Stanley Flaherty has received gunshot wounds in the forearm and has been admitted to the 4th Southern General Hospital, Plymouth, England. He enlisted and went overseas with the 55th Battalion.

Private W. M. Rowley.
 Mrs. G. B. Madill, 212 Waterloo street, has received a telegram from Ottawa, stating that her son, William Marshall Rowley, infantry, was admitted to No. 12 General Hospital, Rouen, August 11, gunshot wound, right arm and head. He enlisted with the 115th Battalion.

Private J. T. Costello.
 On August 9, Pte. Joseph Thomas Costello was admitted to No. 1 Australian General Hospital, Rouen, gunshot wound, right leg, according to a telegram received by his parents, Mr. and Mrs. Peter Costello, 186 Brussels street.

George E. McCoy.
 Mr. and Mrs. Alfred McCoy, of 101 Queen street, have received news that their son, George Ernest McCoy, had been officially reported wounded and admitted to Duchess of Cornwall Red Cross Hospital with gunshot wound in left arm and shoulder.

COMMON COUNCIL IN COMMITTEE

Property At Mispec and City Dumps Take Up Considerable Time—Matter Regarding Electric Signs Also Discussed.

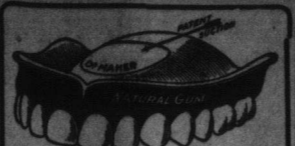

At the committee meeting of the common council held yesterday morning it was decided to sell two of the houses owned by the city at Mispec, to provide supervision at a dump at the Marsh Bridge, not to take any action at the present time to prevent the use of certain portions of the city streets by those engaged in the manufacture of munitions and to allow the department of fisheries to lay a water main through city land near Little River.

material for the repairs to the Mispec Dam would cost \$672 and labor would cost over \$200. The report was received.

Commissioner Hilyard recommended that two houses owned by the city at Mispec be sold for \$700 each, the land leased for a nominal rental on condition that the buildings be removed on three months notice; that the Department of Fisheries be allowed to lay a water main through city land to their hatchery at Little River. The recommendations carried.

K. J. McRae appeared on behalf of the Grand Trunk Pacific Development Company and complained that their property in the rear of the Church of England burying ground was being used as a dump and objectionable material was being dumped there. His clients had no objection to the property being used as a dump if the city would provide a man to see that objectionable matter was not placed there. It was decided to have a man placed on this dump.

Commissioner Fisher suggested that in future permits for electric signs be

A sepia portrait of PRESIDENT WILSON ready for framing

President Wilson's portrait is reproduced in the rotogravure section of Pictorial Review for September, together with his stirring tribute to the women of America and with his signature—ready for framing. This same issue also contains two reproductions of wonderful war pictures by the famous French artist Lucien Jonas, vigorously symbolic of America's part in the war. All of these are artistically finished in sepia rotogravure, full page size, and ready for framing

A tribute from President Wilson to the Women of America

"I THINK the whole country has appreciated the way in which women have risen to this great occasion. They have not only done what they have been asked to do, and done it with ardor and efficiency, but they have shown a power to organize for doing things on their own initiative, which is quite a different thing and a very much more difficult thing. I think the whole country has admired the spirit and the capacity and devotion of the women of the United States. It goes without saying that the country depends upon women for a large part of the inspiration of its life. That is obvious. But it is now depending upon the women also for suggestions of service, which have been rendered in abundance and with the distinction of originality."

Woodrow Wilson

A young French Wife— at the mercy of the Huns

The pretty little wife of the pharmacist—always sheltered and protected from every harsh influence, suddenly left at the mercy of the invaders. How a mighty strength comes to her in the hour of her trial—what happens to her, fighting against tremendous odds—here is a story that will thrill every woman's heart. Dorothy Canfield's "La Pharmacie" is one of the finest stories the war has yet produced.

Through the barrier of Death Did she get his message?

"Going West" is the soldier's expression for passing on into the far country. Basil King's story, "Going West," will give you a new conception of the After Life. It is an answer to the great query that haunts every one of us who has faced the separation of Death. Are the barriers so strong—is the veil so impenetrable as we are wont to think? Read this powerful story of the triumph of a great Love—even over Death!

SHOES FROM STRANGE SKINS

When the young matron of next year tells her maid to bring her shoes from the closet, we may expect the latter to make reply somewhat in this wise: "Do you mean the low ones of codfish skin, m'am, or the high ones of walrus hide?" "Nonsense, Betty! The ones I want are the ostrich-leather boots." All these odd varieties of leather, and others, too, are likely to make their appearance in the shoe trade very shortly. If the scarcity of ordinary skins continues. Francis Hume Nichols, writing on "Boots and Shoes from Strange Sources" in the Forecast reminds us that in Germany leather is now reserved for army use.

"The demands of warfare for leather are enormous, for not only must the millions of fighting men be shod, but there is a tremendous demand for harness, gun slings, pistol holsters, bayonet scabbards and aviation suits, which are sometimes composed entirely of leather, as well as for many minor purposes. Early in the war the destruction of leather was enormous, but so

the waste is considerably less. In England discarded army shoes are now cleaned and repaired. Nevertheless, the destruction of leather must still be very great and the sources of supply are rapidly diminishing. The food animals of the allies have been reduced by 33,000,000 head, and the slaughter is still going on at an ever increasing rate.

"Under the circumstances there are three things that we can do: We can make better use of the leather that we have. We can utilize the skins of aquatic animals. And we can use any available leather substitutes.

"Since there is no question of the excellence of aquatic leather, it is likely that there will be a considerable development of this source of supply. One company, which manufactures leather from the skins of sharks and other fish, besides turning the other parts of the animal into human food, glue, gelatine, oil, chicken scrap and fertilizers, has established itself in Pittsburgh and announces that it will shortly open branches in Seattle and Florida. It states that there is an much value in a shark as in a cow, and that the cost of taking the animals is trifling compared with that of raising cattle. Another company has been catching white whales in Alaska for the purpose of utilizing them for hides, meat and oil. The hide of this animal is one of the best of all skins for leather making, because of its durability, strength and pliability."

este is considerably less. In scarred army shoes are now repaired. Nevertheless, the leather must still be used and the sources of supply are diminishing. The food of the allies have been reduced to 10,000 head, and the slaughter is going on at an ever increasing rate.

he circumstances there are such that we can do: We can use the leather that we can utilize the skins of aquatic animals. And we can use any available substitutes.

ere is no question of the quality of aquatic leather, it is like that of any other leather. There will be a considerable amount of this source of supply, which manufacturers are turning to the skins of sharks and besides turning the other animal into human food, fish, oil, chicken scrap and has established itself in and announces that it will in branches in Seattle and it states that there is as much in a shark as in a cow, the cost of taking the animals compared with that of raising them. Another company has been white whales in Alaska for the purpose of utilizing them for hides, oil. The hide of this animal is the best of all skins for leather because of its durability and pliability."

SPEND Your Money AT WILCOX'S ON DOLLAR DAY

Every dollar counts nowadays and sometimes counts two if you spend them to good advantage, and I am quite sure every merchant in St. John will try to see who can give the most for a dollar on Dollar Day. That's our motto at all times. In most cases Dollar Day is for the purpose of clearing up the balance of the season's stock, but for a change this season we have most all our Fall Suits and Coats in, and on Dollar Day we will give special discounts on both fall and spring lines. So be wise and shop on Dollar Day at Wilcox's. Select your fall suit and coat, pay a small deposit on them and if you don't want them just now we will keep them till called for.

FAIR AND WARM.

CHICAGO WRITER. F. J. Price of Chicago arrived in the city yesterday on route to Camp Fort Edward, having joined the colors in civil life he was an editorial writer on a Chicago daily paper.

AN EXCELLENT CONCERT. A large number of citizens took advantage of the fine weather last night and enjoyed one of those excellent concerts rendered by the City Cornet Band on the King Square.

THE ROTARY CLUB. W. F. Burditt presided at the Rotary Club luncheon yesterday. Plans for the proposed trip to Charlottetown were discussed and some matters of business were referred to the executive.

FOR HOSPITAL FUND. Mayor Hayes yesterday afternoon received the sum of \$10.25, the proceeds of a pie social held Saturday night at Bedford by the amateur residents of that place, with a request that the money be sent to Dr. MacLaren's Hospital in France.

RECEIVES SON'S MEDAL. Mrs. Isabella McKean, 222 Princess street yesterday received the D. S. O. medal won by her son, Major F. T. McKean and pinned on his breast at Buckingham Palace by King George Major McKean went overseas in 1915 with Lieut. Col. Nasse, in the C. A. S. C. and has made a splendid record in France.

STREET PAVING. Good progress is being made with the paving of Main and Union streets, said Commissioner Fisher last night. He stated that if the weather remained fine it was expected Main street would be finished within the time limit placed on the job and that Union street would be completed by Thursday.

AWAITING THE CALL. Campbell Carney of Fredericton, a nephew of Rev. F. L. Carney, rector of St. Dunstan's church, is in the city. Mr. Carney is a graduate of U. N. B., '15, in civil engineering, and recently visited an American centre to comply with the U. S. A. military regulations, and now awaits the call, as he is American born.

A WINDOW BROKEN. A grocery store window on Brussels street yesterday was in the act of splashing water on the pane with a pail. Unfortunately the pail slipped from his hand and went through the window. A glazier was soon on the job and placed in a new pane which was a large one.

SHEEP RAISING. Thomas Hetherington, chief husbandman of the Agricultural Department of Fredericton, is in the city. His latest report is the importation of 100 high bred rams for farmers wishing better stock. The sheep industry is on a growing basis at the present time, and many farmers who never before kept sheep now have large flocks.

NOTED MEN COMING. C. W. Romana, secretary of the Canadian Club, last night received a wire from Dr. Beland stating that he would arrive later for a date on which he would address the club. Among other noted men who are expected to address the club in the near future are J. M. Beck, former attorney general of the United States, and Charles E. Hughes, president of the Senate of the Republican party in 1916.

CARD OF THANKS. Samuel J. Holman writes through The Standard to express his appreciative thanks for kindness and sympathy shown in connection with the death, on August 8th, of his beloved wife, Clara Blanche. Mr. Holman is particularly grateful to the doctors, nurses and staff of the General Public Hospital and to the many friends who so thoughtfully sent floral remembrances.

GIRLS' CONFERENCE TO BE HELD LATER

Y. W. C. A. Directors Hear of Excellent Work Done at Transient Home - Miss Hoyt To Have Well Earned Vacation.

A very large number of transients housed at the Y. W. C. A. Home on Union street was reported by the house committee at the director's meeting held yesterday afternoon. Mrs. John McAvity presided and the following were present: Mrs. James P. Robertson, Mrs. David Hutchinson, Mrs. Robert Cruikshank, Mrs. E. C. Wilkins, Mrs. Corbett, Mrs. Alfred Morrissey, Mrs. McTavish, Mrs. J. R. Vanwart, Miss Hazel Clark.

In the report of the house committee Mrs. Forbes stated that 210 beds had been supplied during the month, and 296 meals provided.

The treasurer's report was satisfactory though more funds will be required if the Y. W. C. A. is to fulfill all the demands made upon it.

OBITUARY.

Edward Riley. The death of Edward Riley, one of the best known residents of Coldbrook, took place yesterday morning at 15 Brimley street, where he has made his home for some time at an advanced age of 83 years. He is survived by three sons, John, of Dunfrio; George and Edward, of Coldbrook; and five daughters, Mrs. William McLaughlan, of Johnville; Mrs. M. Leahy, of this city; Mrs. James McTravis, of Coldbrook, and the Misses Elizabeth and Gertrude at home. The funeral will be held tomorrow morning from the Cathedral.

Ervin Lillian Smith. Mr. and Mrs. Mayes C. Smith, of 175 Metcalfe street, have the sympathy of friends in the death of their infant daughter, Ervin Lillian, which occurred yesterday.

WEST ST. SOLDIER DRINGS HUN PLANE DOWN IN FLAMES

Roy H. Cobham Writes Interesting Letter To His Parents—Says Americans Are Like the Canadians, Eager To Get At the Enemy—Expects To Spend Another Winter in France, But Says Not To Worry.

If ever a letter is welcome these days it is one from a brave hero who is "over there" fighting for the cause of right and liberty. Relatives of soldiers generally know when the English mail arrives, and even if the much looked for letters do not come, they know that the loved one is too busy fighting the Hun to take time to write, and that when he gets a rest behind the lines that a good long budget of news will come to them. The boys at the front are always looking for word from their old home town and there is never a letter that comes from them that has complaints, they are always of a happy nature, the man is apparently satisfied with his work as a soldier and is glad to tell that he and his comrades are winning and the Hun is getting the worst of it.

Mrs. George Cobham, 97 Germain street, West St. John, received a letter a couple of days ago from one of her sons, Roy H., a young man who has been many months in France and has been through about all of the big engagements. His letter is one of cheer to his dear mother at home, telling her to be cheerful and not worry for him or his brother, that they are all right. The interesting letter in part is as follows:

Somewhere in France, July 26th, 1918. Dear Father and Mother, Received your ever loving letter dated July 7 and was glad to hear that you are all enjoying the best of health as it leaves me the same. Well, mother, it is 9.25 p.m. and raining very hard out and our artillery are giving him the devil, just what he wants and what he is looking for. So Armand is enlisting. Tell him to try and get into the siege artillery if he can, but I don't think they can have their own choice over there now. He is joining the American army or Canadian. Well, tell him not to get down-hearted or get his wind up for this not too bad a life after all.

Well, mother, the tide has turned over here and we are all at him red hot. I saw some Americans over here and one fellow told me he has been in the army six months, four months in the United States and two over here. He said New York would look good to him, and he asked me how long I was out and I told him two years, and the Eastern Canada would certainly look good to me, so you see how some fellows look it out here. He told me that I looked good, and so I do, and so do you. I have a dandy hut, good and warm, and don't do any worrying, that is the main thing at this game.

I still have my same old job, aeroplane guard, but there is not much doing in German planes these days. I brought one down with our machine gun and he came down in flames. That's what to give them, for they come over to see too much and if they get home we may have it warm in a few days, so you see it is not healthy to let him off.

Harry (a brother) is fine again and is doing good, so you don't have to worry over him. I knew all the time where he was and know what you are for worrying over him and I, so see what you don't know and not hurt you, so just keep on a smile and stop your worrying over him and me. As for me, I am O K and I don't worry about Harry for he is all right.

I received the box you sent me some time ago and I thank you very much and also Aunt Jennie for what she sent me. Boxes are certainly good and I am looking for your other box. Harry did not write since April 27th and the reason is that he was in hospital and was not feeling any too well. He always kept me posted and he has operated on the 24th June so that is why he did not write, but he has written nearly every day since coming round.

I see that quite a lot of the boys have signed up. It is pretty near time.

PRIVATE LAYTON SENT UP FOR TRIAL

Pleaded Guilty To Stealing Suit Case and Money From Private Jones.

In the police court yesterday Private Harry Layton was sent up for trial after he had pleaded guilty to stealing a suit case and nine dollars from Private Jones of Fredericton. According to the evidence Jones arrived in the city on Saturday to receive treatment and went to a house with Layton on British street to board. While he was asleep Layton stole the suit case and nine dollars which was in some clothes. Layton was arrested by the detectives at the Union Depot Sunday evening when he was about to board the express for Montreal. Layton stated that he had been drinking rather heavily lately and did not really know what he was doing when he committed the theft.

Four men pleaded guilty to drunk and drive and were each fined eight dollars. Harry Hayman was remanded on the charge of being drunk and having liquor in his possession.

WEDDINGS.

Harrington-Dingee. A pretty wedding was solemnized yesterday morning at St. Peter's church when Rev. F. F. O'Hare, C. S. R., united in marriage Miss Ofeta M. Dingee and Harry S. Harrington, both of this city. A large number of handsome and valuable gifts were received by the bride elect. The groom who is on furlough will soon leave to resume his duties in the North Sea.

HE PROCEEDED HOME FROM HOSPITAL WITH A FRACTURED SKULL

Wm. McLeod Injured on Board the War Fundy—Scalp Wound Thought To Be Only Injury—Fracture Discovered When He Reached Home.

William McLeod, a machinist employed by the Reiton Foundry and Machine Works Ltd., was seriously injured yesterday while at work in the hold of the Grant & Horns new ship War Fundy where he was installing some machinery.

A piece of lumber falling from a sling struck the man about two inches back of the right ear inflicting a wound and rendering him unconscious. The ambulance was summoned and the injured man was conveyed to the General Public Hospital, he regained consciousness and the wound was dressed. He appeared to come around all right and at his own request he was allowed to proceed to his home at 85 King street, West St. John. Dr. Frank M. Neve, who is engaged to look after the cases of the Union Company as well as for Messrs Grant & Horns, was summoned to the house and on examination found that in addition to the scalp wound, Mr. McLeod received a fracture at the base of the skull. While resting fairly easy last night his condition was reported to be somewhat serious but there are hopes for his recovery.

Mr. McLeod is a married man and has a wife and one daughter.

MAN HIT DOG AND OWNER HIT THE MAN

Canine Was Destroying Flowers in King Square—Care-taker Threw a Stone and Was Struck on the Mouth By Fido's Owner.

A dog scratching among the flowers on King Square yesterday afternoon aroused the ire of the caretaker, who shied a stone at the canine. The casting of the stone in turn aroused the ire of the dog's owner, a one-armed individual, who, rushing at the caretaker, smote him good and hard in the mouth of the mouth, fracturing the skin.

At this point in the hostilities the brother of a city official appeared and backed up the grocer's keeper, but physically. A traffic policeman conducted the owner of the dog to the police station.

PYTHIANS LEFT FOR SUMMERSIDE

Will Attend a Convention on the Island This Week—Members of Pythian Sisterhood Were Among the Party.

A large delegation of the Knights of Pythias left yesterday afternoon for Summerside to attend the annual meeting of the Grand Lodge, Knights of Pythias. A prominent figure in the group was that of John Beamish, the father of Pythianism in this province, who established New Brunswick Lodge No. 1. Several members of the Pythian Sisterhood also journeyed to Summerside on the same train.

Among the number were: John Beamish, R. E. Slipp, (Grand Chancellor) Charles Kein, L. V. Price, W. C. Clarke, G. W. Ferry, William Thompson, John Thomson, James Moulson, Frank A. Klinear, H. H. August Sale of "Reliable Furs" BEGINS TODAY, - AUGUST 19th. No doubt about it, next season fur prices will be much higher. At the present time the entire world looks to America as the source of supply for many fur requirements, hence the unusual demand which, together with scarcity of labor in trapping sections, makes for high prices. No woman who anticipates the purchase of furs should miss the extraordinary values offering during this sale. See page 2 for prices. D. MAGEE'S SONS LTD.
