The use of Ayer's Sarsaparilla. One bettle may not cure "right off" a complaint of years; persist until a cure is effected. As a years; persist unit a cure is eneed. As a general rule, improvement follows shortly after beginning the use of this medicine. With many people, the effect is immediately noticeable; but some constitutions are less susceptible to medicinal influences than others, and the curative process may, therefore, in such cases, be less prompt. Perseverance in using this remedy is sure of its reward at last. Sooner or later, the most stubborn blood diseases yield to

Ayer's Sarsaparilla

"For several years, in the spring months, I used to be troubled with a drowsy, tired feeling, and a dull pain in the small of my back, so bad, at times, as to prevent my being able to walk, the least sudden motion causing me severe distress. Frequently, bolls and rashes would break out on various parts of the body. By the advice of friends and my family physician. I began the use of parts of the body. By the advice of friends and my family physician, I began he use of Ayer's Sarsaparilla and continued it till the poison in my blood was thoroughly eradicated."—L. W. English, Montgomery City, Mo. "My system was all run down; my skin rough and of yellowish hue. I tried various remedies, and while some of them gave me temporary relief, none of them did any permanent good. At last I began to take Ayer's Sarsaparilla, continuing it exclusively for a considerable time, and am pleased to say that it completely

Cured Me. I presume my liver was very much out of order, and the blood impure in consequence. I feel that I cannot too highly recommend Ayer's Sarsaparilla to any one afficied as I was."—Mrs. N. A. Smith, Glover, Vt.

"For years I suffered from scrotula and blood diseases. The doctors' prescriptions and several so-called blood-purifiers being of no avail, I was at last advised by a friend to try Ayer's Sarsaparilla. I did so, and now feel like a new man, being fully restored to health."—C. N. Frink, Decorah, Iowa.

New Glasgow, N. S., October 15.—
The four men who remained on the wreck of the barque "Melmerby," were rescued yesterday, the rescue being the result of great gallantry on the part of some of the shore people. All day Monday a crowd on the beach watched the men on the wreck, but they were powerless to effect or even attempt a rescue in the heavy sea then on. Two men remained on the shore all the night and occasionally waved lanterns to show the

occasionally waved lanterns to show the sailors that they were not forgotten. Yesterday ar immense crowd assembled but it was noon before it was considered possible to make an attempt at rescue. Then a boat was lauched with a volunteer crew consisting of Capt. P. Graham. David Fraser Williams, Dr. McLean, of New Glasgow ; James McGlashen, of Big island, and a Descourse man. The little crew fought a terrible battle with the waves, but eventually reached the wreck One by one the exhausted and benumbed men were lowered into the boat, and were conveyed safely to land. The work was facilitated by a liberal use of oil. John.

The most generally useful medicine is Ayer's Pills. As a remedy for the various diseases of the stomach, liver, and bowels, these of the stomach, liver, and bowels, these causes them not only to be easy and pleasant to take, but preserves their medicinal integrity in all climates and for any reasonable length of time. The best family medicine, Ayer's Pills are, also, unsurpassed for the use of travelers, soldiers, sallors, campers, and pioneers. In some of the most critical cases, when all other remedies have failed,

prove effective.

"In the summer of 1864 I was sent to the Annapolis hospital, suffering with chronic diarrhea. While there, I became so reduced in strength that I could not speak and was compelled to write everything I wanted to say. I was then having some 25 or 30 stools per day. The doctors ordered a medicine that I was satisfied would be of no benefit to me. I did not take it, but persuaded my nurse to get me some of Dr. Ayer's Pills. About two o'clock in the afternoon I took six of these pills, and by midnight began to feel better. In the morning the doctors came again, and after deciding that my symptoms were more favorable, gave me a different medicine, which I did not use, but took four more of the pills instead. The next day the doctors came to see me, and thought I was doing nicely, (and so did I). I then took one pill a day for a week. At the end of that time, I considered myself cured and that Ayer's Pills had saved my life. I was then weak, but had no return of the disease, and gained in strength as fast as could be expected."—F.
