If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

NO GAIETY IS WISH OF HIS MAJESTY

No Celebration or Dinners to be Given on King's Birthday.—Flags to be Flown

Ottawa, May 25th.—A message from Hon. Lewis Harcourt, Secretary of State for The Colonies, has been received by the Government in regard to the celebration of the King's Birthday. The Cable states: "It is His Majesty's wish that on the occasion of His Majesty's Birthday this year flags should be flown but no dinners, reviews, salutes or other celebrations should take place."

Instructions have been sent out by the Militia Department to officers commanding divisions and districts to carry out the King's wishes through out their respective commands.

The distribution of British Flags by the Graphic therefore comes at a most opportune time. Here is an opportunity as shown by the announcement in another column, to secure for a mere expense of distribution, a full sized Standard Union Jack which should be flung to the breeze from the house fronts of all patriotic Canadians as an evidence of loyalty to King and country. The outfit is complete with Flag, jointed staff, halyard and metal socket for the window.

MAGAZINES

Parcels of magazines for the soldiers now training in Sussex have been received from the following: Mrs. Kilgour Shives, Miss Margaret Adams, Miss M. Gerrard and Mrs. Jasper Davison. These were forwarded to Sussex and another shipment will be made next week. Send your magazines to the Graphic office, where they will be packed and shipped.

MAN ARRESTED FOR FORGERY IN SUSSEX

Man is Arrested Here for Offense Committed Over Three Years Ago

Ex Chief McLeod of Sussex arrived in town last night looking for a man who was said to have committed a forgery some three and a half years ago. He immediately got in touch with Chief Hughes, and this morning they arrested Geo. Harvey, who has been around Campbellton for the past three or four years, under the alias of George Blay and Mike Murphy. Chief Hughes arrested the man this morning and placed him in the lock up. In an interview with the police he admitted his guilt, and he will be taken to Sussex tomorrow morning by Ex Chief McLeod.

IN TRENCHES IN JUNE

The announcement that the 26th Battalion would be in the trenches by the last of June, as made by Major General Hughes to the men at St. John yesterday, was received with general expressions of delight by both officers and men. It was felt that the long period of training was nearly completed and that the men were fit to take their places in the trenches. The men of the regiment were jubilant at the prospect of soon changing the scene of their activities.

PATRIOTIC MEETINGS

A patriotic meeting will be held at the school house, Esquimaux Flats, Friday evening and at Cross Point at the Court House, Saturday evening. Addresses on the war will be delivered. All are asked to attend.

DRINKS POISON

H. J. Ellison, Veterinary Surgeon of Sussex drank carbonic acid last Friday evening in Millerton, and died shortly afterwards. An investigation was held at Millerton on Saturday. Deceased was about 50 years old and was a resident here a few years ago.

In 1913 Canada consumed 14,099,000 cords of wood in the manufacture of pulp. The value placed upon this was \$7,248,000. In 1900 the wood consumed by Canadian pulp mills was valued at but \$2,168,000.

AN APPEAL

Rev. Capt. H. E. Thomas, Chaplain of the 55th Battalion has, through the St. John newspapers asked for a supply of illustrated Journals, magazines, games, etc., to place at the disposal of the men of the 55th now at camp at Sussex.

Many people here are anxious to help in this work, but the expense of forwarding in small quantities would be considerable.

In order to facilitate this worthy work, The Graphic will receive donations of the above, pack them for shipment, and pay the carriage on same to Sussex.

The boys in training appreciate very much these attentions and we trust that Campbellton citizens will respond promptly and generously to this appeal.

Send all magazines, etc., to the Graphic business office.

ANOTHER BRITISH BATTLESHIP SUNK

H. M. S. Triumph Torpedoed by Submarine in Dardanelles. Crew Saved

(Special to Graphic)

Lorion, May 27th.—The British battleship Triumph was torpedoed by a submarine and sunk in the Dardanelles. The majority of the officers and crew are reported to be saved.

Paris, May 27th.—A German aeroplane has been brought down at Brain. The British troops have made a new advance in the direction of La-bassee taking sixty prisoners.

(The H. M. S. Triumph was a vessel 405 feet long and 14,000 tons displacement. She was armed with four, twelve inch and fourteen 7.5" guns. She was built in 1902, originally for the Chilean government and purchased by the British Admiralty. She was an armored battleship and cost over five million dollars.)

(Special to the Graphic)

Dublin, May 27.—Sergeant Michael O'Leary of the Irish guards is hailed as the bravest man in the British army, because of his feat in capturing unaided a German position at Cuircichy. Relatives were notified that he was killed in the battle. He was only 24 years old. He was awarded the Victoria Cross for valor and promoted from Corporal to Sergeant. Sergeant O'Leary formerly served in the N. W. Police.

London, May 27.—Admiralty statement—"Zeppelin visited East coast at Scythend last night. Two women killed and one child injured. Damage done not material. Fleed east upon being pursued by our aircrafts. Bombed for half an hour."

This makes the 16th raid of Germans over the East coast.

Paris War office reports that Belgian troops last night repulsed two German attacks one to the North and the other to the south of Dixmude. The first was driven back by counter attack and the second stopped by artillery fire. North of Arras two engagements took place. Southwest of Souchez the allies took possession of enemy trench near Chateau de Carl Enlen, taking some prisoners and one officer.

London, May 27.—At various points along front, notably near Rheims and in Vosges yesterday were artillery engagements.

Milan, May 27.—Destruction of railroad junction evidently was object of bombardment of Ancona by Austrian squadron which raided Italian coast on Monday.

South Shields, May 27.—Danish steamer "Betty" torpedoed and sunk by German submarine in North Sea. Crew rescued and brought to Tyne.

RECRUITING MEETING WAS ENTHUSIASTIC

Deep Interest Taken in Matter of Procuring Men for 55th Battalion

The meeting for the purpose of organizing for the campaign to hold public meetings in the county to procure recruits for the 55th Battalion, was held in the town building last Friday evening, and was largely attended.

Several gentlemen addressed the meeting upon the need of this work and the duty of those who were prevented from going to the front in doing all in their power to assist.

The following committees were appointed.

Transportation.
Dr. Murray, H. A. Carr, M. M. Mowat.

To provide Speakers.
F. E. Blackhall, Mayor Andrew, A. McG. McDonald.

To Arrange Meetings.
H. B. Anslow, Harry Miller, John T. Reid and Capt. A. T. LeBlanc.

Meetings were arranged for Jacques River, New Mills, Charlo, Balmoral, Dalhousie, Athol, Flatlands and Matapedia.

Addresses were also delivered between the acts at the Opera House here on Monday and Wednesday evening.

At the meeting Friday evening each of the gentlemen present contributed \$1.00 to carry on the work.

The following gentlemen were present, James S. Evans, J. R. McKenzie, A. T. LeBlanc, J. J. Bernier, H. F. McLatchy, H. McLennan, G. A. Wallace, T. R. Busted, M. M. Mowat, A. H. Ingram, B. O. Bates, A. D. McKendrick, F. F. Matheson, A. McG. McDonald, D. G. Gallen, A. A. Andrew, E. H. Anderson, Alex. Mowat, F. E. Blackhall, H. Miller, J. W. Morton, W. F. Yors-ton, A. R. Ferguson, W. H. Wallace, Rev. C. W. Squires, M. A. Kelly, J. A. Bissett, J. T. Nelson, J. J. Bernier, C. F. Archer, H. B. Anslow, H. A. Carr. The following recruits have been enlisted here:

These men under the direction of Lieut. Larsen are being rounded into shape and are making good progress in their work. Lieut. Larsen paid a visit to Dalhousie this week and brought the matter of recruiting before the merchants and public men there, and good results are expected.

Liverpool, May 27.—Dominion Coal Co.'s steamer Morwena, torpedoed at entrance to Bristol channel. Sailed from Sydney for Bordeaux with cargo of steel was returning in ballast.

CAMPBELLTONIAN MEETS HERO'S DEATH

Private Dan. O'Keeffe Killed at Ypres on May 9th While on Dangerous Mission

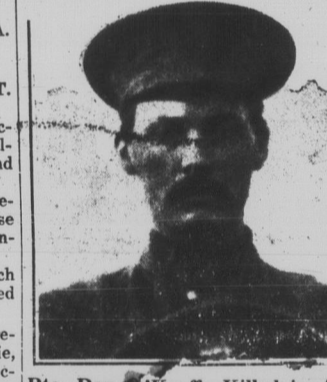

Word was received here last Friday of the death of Pte. Dan O'Keeffe of the Princess Patricia's on May 9th, at Ypres. No particulars were received, from Ottawa, but from other sources comes the news that Pte. Dan O'Keeffe died a hero's death, in the discharge of a duty which had he come through unscathed, would have merited him the Distinguished Service Medal.

From a letter received from his brother Art, who has been wounded the second time, we learn that Art saw Dan on May 8th, the day before he was killed, and he had then volunteered to bear despatches across a fire swept zone. It is therefore conjectured that Dan met his death on that terrible day when the Princess Pats were fighting back to back, and it is with a thrill of pride that we recall that he no doubt met his death under circumstances which would have given him great honor, had he lived to carry through his dangerous mission.

Pte. Dan O'Keeffe was the third son of the late Daniel O'Keeffe, who was a well-known hotel-keeper in town. He was born 25 years ago, and joined the 12th Battalion of the first contingent, he and his brother Art being among the first volunteers from this town. After arriving in England, he in company with others from Campbellton was drafted as re-inforcements to the Princess Patricia's, and right nobly did he do his duty for the glory of his country and the honor of his own home town.

Pte. O'Keeffe is mourned by his mother, three sisters, Mrs. W. S. Montgomery, Mrs. Dow Van Horne, and Miss Maud, and three brothers, Art

serving in the Princess Pats, Hugh and Ray a home, to whom has been shown much sympathy from all the people in this town. Mrs. O'Keeffe received among many others, a card of sympathy from Sir Robert L. Borden.

At a meeting of the Restigouche County Branch of the Canadian Patriotic Fund, the following resolution was passed.

Campbellton, N. B., May 22, 1915.
Mrs. Bridget O'Keeffe,
Campbellton, N. B.

Dear Mrs. O'Keeffe:

It is with feelings of deep sorrow and regret that we learn that your son, Daniel O'Keeffe, of the Canadian Expeditionary Force, was killed in action on the 9th of May last, and in pursuance of a resolution passed at a meeting of the Restigouche County Branch of the Canadian Patriotic Fund held on the 21st instant, we wish to extend to you our heartfelt sympathy.

While we sorrow with you, we can take pleasure in the fact that he offered his life as a sacrifice in the service of his King and country, and hope that you and yours may be comforted by the thought that he died a hero's death in a most glorious and righteous cause.

Signed on behalf of the Restigouche County Branch of the Canadian Patriotic Fund Committee.
H. F. McLATCHY, President.
JOHN T. REID, Secretary.

"A SPARKLING COMEDY"

A comedy of complication, sparkling with wholesome and undiluted merriment, presented by a capable Company, handsomely gowned and artistically staged is "THE ARRIVAL OF KITTY" which will be seen on Thursday, June 3rd, at the Opera House.

The fun is due to the fondness of "Col. Bell" for "Kitty Bender" a vaudeville artist, who for sufficient reasons, he does not introduce in his household. Mr. Brown, a college boy learns the fact, and takes advantage of it. He masquerades as "Kitty" makes love, engages himself, and gets everything topsy-turvy.

The arrival of the real "Kitty" further complicates matters, and incidentally gets "Billy" in bad with his best girl. It all ends happily in a triple wedding. During the action of the Comedy a number of specialties are introduced.

BRITAIN'S HERCULEAN TASK.

The Official Eye Witness with the British Army has issued a warning against the suggestion that the Germans are a beaten nation. He says that they are still well organized, have abundant resources, are fed up with illusions, and are still confident of ultimate success. No intimation was needed of the magnitude of the task that is before the Allies, but, if there were, this surely supplies it. In addition there is also vivid indication that the area of the war will spread in the near future, and that countries now experiencing unrest in their attitude of neutrality will break in on one side or the other. This, of course, means further withdrawals from agricultural and industrial activity. It also indicates greater shortage in Europe of all kinds of foodstuffs, grain, vegetables and live stock, and of horses. This depletion will have to be made up from countries that are enjoying the blessings of peace. One of these is Canada. It is our bounden duty to see that Britain shall not, as far as preventable suffer from a lack of foodstuffs or of such other useful material as this country can produce. In other words, both men and women are called upon to put forth their best efforts so that when the time arrives any deficiency can readily be met. The accomplishment of this does not necessarily imply extra labor, but it does particularly suggest more care in preparation of the soil and in the selection of seed, and in attention to the breeding and rearing of live stock. Towards this end the conferences promoted in connection with the Patriotism and Production campaign and the bulletins, pamphlets, records and re-

EMPIRE DAY AT GRAMMAR SCHOOLS

Celebration Held on Friday When Scholars Have March Out Around Town

Last Friday, May 23rd, Empire Day, was fittingly celebrated by the scholars of the Grammar and High schools. Beautiful weather favored the open air exercises, the march out of the scholars headed by Lieut. Archer on horseback being greatly admired by many sight seers, who view the procession. It was certainly an inspiring sight to see, the scholars even down to the little tots marching bravely along in the perfect sunshine waving their flags and cheering their march with song.

On their return to the school grounds the scholars lined up in grades headed by the cadets, and there they saluted the flag. Photographs of the children were here taken, after which they marched into the school where a splendid program was rendered.

Credit must be extended to the teachers of the lower grades for the splendid drilling given the younger scholars, the day's exercises being carried out in a manner which reflected great credit on both teachers and scholars.

When the children entered the Assembly Hall, the room was filled with interested parents and the general public, and a splendid patriotic spirit prevailed. Judge Matheson, chairman of the School Trustees presided, and he was supported on the platform by His Honor Judge McLatchy, Mayor Andrew, Dr. Pinaut, Dr. Murray, Rev. C. W. Squires, Rev. J. H. Jenner, D. F. Graham, Max M. Mowat and Lieut. Archer.

In a few words the chairman welcomed the scholars and friends and the following program was rendered:

Chorus, "Men of the North" School.
Recitation, Gwen Richards.
Essay, "Germany's Errors," Colin McKenzie.

Chorus, "Marsallaise," School.
Essay, "Dardanelles" Lyman Richards.

Recitation, "St. Lawrence River" Doreen Farrar.

Chorus, "Best Old Flag on Earth," School.

Recitation, "Roll up" Muriel Stevens.

Recitation, "Lulu's Complaint" Muriel Jenner.

Chorus, "Raise the Flag" School.

Patriotic speeches were then delivered by Judge McLatchy and others, after which the National Anthem was sung and the meeting adjourned.

A TRUE "BULLET" AND BIBLE STORY

The Renfrew (Ont.) Journal has the following:-

"It used to be good religious fiction in the pulpits of a quarter of a century ago to ring in something or other of a soldier having his life saved by a bible, or new testament, which blocked the bullet. However, this really was the orthodox experience that befell Pte. Brydone Fraser, brother of Mr. R. F. Fraser, of town, who took part in the charge of the Cameron Highlanders at Langemarck. In writing home, he says that the bullet first penetrated his hand, then glanced off a button and passed through the edge of a book, smashing his pen and pencil. The book was a copy of the new testament, and later, Pte. Fraser picked the bullet out of his shirt.

"ROD" FRASER'S BROTHER SAFE.

These are anxious days for those having relatives in the fighting line. However, one Renfrew man, Mr. R. F. Fraser was greatly relieved last week when he received word that his brother, Brydone Fraser, who enlisted with the 79th Cameron Highlanders, of Winnipeg, was safe. This certainly was almost unlooked-for news, since this battalion, composed entirely of Highland regiments, took part in the most desperate fighting of the now famous battle of Langemarck. They had to assault a wood, and were swept by machine gun fire while traversing a veritable death zone. "After a most fierce struggle," in the light of a misty moon, they took the position at the point of the bayonet," wrote Sir Max Aiken.

Brydone Fraser is a son of Mr. G. B. Fraser, Chatham, and has spent many summers at Cross Point with relatives there.

Notes that are to be had on application to the Publication Branch, Department of Agriculture, Ottawa, will greatly help.

SPLENDID CONCERT AT SAYABEC, QUE.

Entertainment in Aid of the Red Cross Work Given Monday Evening.

Sayabec, Que. May 25.—A concert that was a signal success both in an artistic sense and from a financial standpoint was given at the school house last evening under the auspices of the local Ladies' Aid Society, of which Mrs. A. A. Noble is president. The proceeds, of which amounted to about \$100, were contributed solely to the Red Cross Society. Dr. O. J. Rochon of Ottawa opened the entertainment by an impressive address in French and English, emphasizing the need of funds to further the noble work done by the Red Cross, and describing the work in brief.

The program of seventeen numbers was well balanced and was far above the usual amateur production. Madame Deschene, a graduate of the New England Conservatory of Music, rendered the "Marsellaise" admirably. Her beautiful, mellow voice filled the auditorium, surging into the hearts of her hearers, who rose as she sang the description of the life of our Madam Deschene also sang "Stella" delightfully.

Mrs. Gordon Astle of Metis Beach gave a selection in Irish dialect that appealed through its humor. The polished perfection of her act bordered on the professional. Mrs. Astle recited also with dramatic effect an original composition lauding the valor of the Canadian soldier.

The solos of Miss Houston of Metis Beach were received with enthusiasm. She sang her selections, "Mighty Lak a Rose" and "Mother Macree" very sweetly.

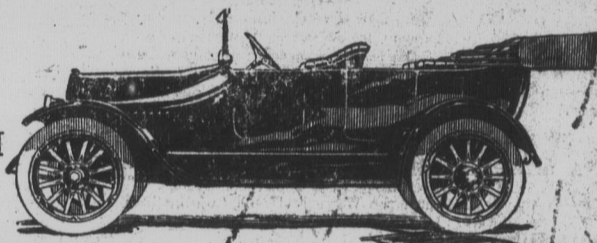

The feature of the evening that held the greatest interest at the present time was the reading by Miss Laura Young of extracts from the diary of her brother, who is at the front. This human document gave a vivid description of the life of our soldiers who are actively participating in the great struggle, including such phases as actual existence in the trenches and incidents during rest time. It held a thrilling suggestion of dangers bravely faced and labors borne with fortitude.

A very effective feature was a series of tableaux, entitled "A Soldier's Dream," in which the various girls that have affected his life appear as visions before a young soldier as he lies wounded.

The Ladies' Aid Society are to be congratulated on the notable success of their entertainment and the material aid that they have rendered to the Red Cross.

The following was the program:—Address on Red Cross Work, Dr. O. J. Rochon.
Chorus, "It's a Long Way to Tipperary."
Piano Solo, Descriptive of Relief of Lucknow, Mr. Wm. Smith.

Reading, Irish Dialect Selection, Mrs. Astle.
Solo, "Stella," Madame Deschene.
Dialogue, Military Discipline, The School.
Chorus, Red, White and Blue, The School.
Solo (a) "Lad and Lassie" Miss Houston.
Solo (b) "Mighty Lak a Rose" Miss Houston.
Reading, A Child's Prayer in War Time, Miss Eva Legallais.
Tableau, Britannia, Miss Young.
Reading, Mrs. Astle.

GOD SAVE THE KING.

A young officer was leading his regiment on a route march. They were singing "It's a Long Way to Tipperary" till the officer got tired of it and asked them to sing something else. As the officer was only five feet two inches in height one man started singing "And a Little Child Shall Lead You." Next morning on the parade ground the officer said, "We go on a thirty-mile route march, and a little child shall lead you, but on horseback!"

BUSINESS AS USUAL

A Brockton, Mass. girl who has consented to marry a girl whom she has known only two days stipulates that the wedding shall not occur for a year.

Let those who are not in the fight do the duty as well and as faithfully as those who are. It is the Empire's business and the civilized world's business.

Perhaps there will not be so much rejoicing in Berlin over submarine sinking of merchant vessels peacefully ploughing the high seas when the German people are called upon to pay the bill.

At New York a verdict of guilty was returned Tuesday against Frank D. Safford, the aged hotel clerk of the Hotel Kensington, in Plainfield, N. J., who was charged with perjury in connection with proceedings growing out of the \$50,000 breach of promise suit brought by Miss Rae Tanzer against James W. Osborne, widely known criminal lawyer.

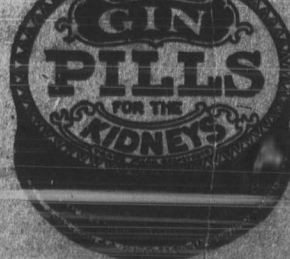

Bootleggers in prohibition territory are notoriously versatile. At Des

Moines, Ia., the latest scheme discovered is that of a man who had a hot water bottle full of whiskey hung over his shoulder under his coat. The liquid was squirted through a tube into a glass produced from the coat pocket immediately after the purveyor's palm had been crossed with silver.

GOOD PLAY IS SEEN HERE WEDNESDAY NIGHT

Boy Scouts Put on Splendid En-
tertainment Last Evening
in Opera House

Last evening a crowded house greet-
ed the efforts of the Boy Scouts in a
three act play entitled "The Boy
Scouts". All the parts were most ably
taken by members of the Campbellton
troop of Boy Scouts and reflect great
credit on themselves and Miss Mac-
Latchy, who finally coached them in
their parts.

The proceeds of the entertainment
went towards the Boy Scouts funds
and a goodly sum was realized.

During the acts some splendid spec-
tacles were given and were well re-
ceived. Miss MacFadden acted as ac-
companied.

The full program is as follows:—

Piqua, Ohio.—"I would be very un-

praise it deserves. I have taken it
at different times
and it always re-
lieved me when
other medicines
failed, and when I

S. S. EXECUTIVE HOLD MEETING

Arrangements Made For the
County Convention at Dal-
housie in July

At a meeting of the Sunday School
Association Executive recently held,
arrangements were made for the
County Convention which will be held
at Dalhousie, on July 15th and 16th.
A strong programme committee was
appointed and there is every indication
that there will be a good convention,
even better than last year if possible.

Previous to the Convention the Field
Secretary, Rev. W. A. Ross, will tour
the County in the interests of S. S.
work. He will address meetings at
the following places and it is hoped
that the pastors in each district will
do all they can to make the meetings
successful:

Belledune, July 9th.
New Mills, July 11th.
Flatlands, July 12th.
Robinsonville, July 13th.
Tide Head, July 14th.

Arrangements were also made for
a systematic visitation of the schools
at the upper end of the County during
the month of June.

IMPORTANCE OF FARMERS' GARDENS

Fresh vegetables make up a very
small part of the diet of many fam-
ilies on farms. It is impossible to
estimate the value of the vegetables
which may be grown in the home gar-
den, but it is safe to say that a well-
kept garden will yield a return many
times as great as the return from an
equal area devoted to general farm
crops. There is great satisfaction in
having an abundant supply of fresh
vegetables, where they can be secured
at short notice. Vegetables and fruits
furnish a large part of the salts re-
quired by the human system, so that
they are valuable medicinally as well
as for food. If more succulent food
were available, less money would be
spent in doctors' fees and for medi-
cines.

Fresh vegetables from the home
garden are not subjected to exposure
in marketing, are not liable to infec-
tion and are of much better flavor
than vegetables that have been gather-
ed for some time. The home veg-
etable garden deserves greater atten-
tion from the average farmer.

Horse cultivation of the garden
is recommended wherever possible, and
where the work is to be done by means
of horse tools, the garden should be so
arranged that the rows will run length-
wise. It is often a good plan to grow
vegetables for the table in the same
field with corn or root crops. Two or
three rows in this field, on the side
close to the house, can be planted to
tomatoes, radishes, cucumbers, cab-
bages, beans, peas, etc., and will sup-
ply fresh vegetables for the table dur-
ing the growing season. They can be
easily cultivated and kept clean when
the corn and root crops are being at-
tended to with the horse implements.
One lady in Prince Edward Island, on
one of the farms where illustration
work was being done for the Commis-
sion of Conservation, who desired to
go into the poultry business, moved
the garden out to the field and had it
attended to as above suggested. This
plan worked so well that it has been
continued and gives excellent satisfac-
tion. There is no reason why the same
thing can not be done on many
farms; it will mean that a better and
more abundant supply of vegetables
will be obtained, and, also, that the
woman's work on the farm will be con-

"TEDDY" HAS ARRIVED IN CAMPBELLTON

Mr. T. H. Bird Will Start Reher-
sing Big Four Act Comedy
Drama

Mr. T. H. Bird arrived in Campbell-
ton last evening and will take up the
rehearsing of a large four act comedy
drama, entitled the "Doctor's Private
Secretary", on behalf of the Red
Cross Committee.

Three big spectacular specialties
will also be given between the acts.
Mr. Bird will start rehearsing at
once, and the first meeting will be
held tonight in the Curling rink at 8
o'clock.

The performances will be given on
Thursday and Friday, June 10th and
11th, and those who remember the
past successes of Mr. Bird in this town
will look forward to the new produc-
tion. It is hoped that the young peo-
ple of the town will do all in their
power to take up this work with Mr.
Bird and carry it through to a suc-
cessful issue.

SCHOOL PARTY FOR NEXT FRIDAY NIGHT

Teachers Will Hold Entertainment
to Provide for Erecting
School Fence

Next Friday evening, June 4th, a
school party will be held in the As-
sembly Hall at 8 p. m. Arrangements
are now being completed for this en-
tertainment by the teachers for the
purpose of raising funds to provide
adequate fencing for the school
grounds. This is a most worthy pro-
ject and should receive the support of
all persons interested in the school.

A very entertaining program of
music, readings, etc., has been pre-
pared, and during the evening, refresh-
ments will be served. The admission
fee will be .35c and a full attendance
of all former students is requested.

The necessity of a fence around the
playgrounds of the children has long
been a crying necessity and it is hop-
ed that the public will generously re-
spond in patronizing this entertain-
ment which has such a good object in
view.

An orchestra will be in attendance.

PETIT ROCHER

Mr. Sydney DesBrisay bought a new
car in Bathurst last week.

Messrs. J. Bennett Hachey and J.
Doucet of Bathurst Village were visit-
ors in Petit Rocher last Sunday.

Mr. J. H. Cobbett went to Quebec on
business last week.

The roads have been in a very bad
condition between Bathurst and Petit
Rocher, but they are drying up now.

Herring was very plentiful at some
points along the shore last week.
Fishermen are preparing to set their
salmon nets.

Paderewski is very fond of a joke
and can be very witty on occasion.

At a dinner party one night, he sat
next to a famous polo player, whom he
praised greatly for his skill at the
game.

"Ah," said the polo expert regret-
fully, "my playing is very different
from yours."

"The different between us is only
this," answered Paderewski; "you are
a dear soul who plays polo, while I am
a poor Pole, who plays solo."

The local bigwig's presence in the
chair at an entertainment was desired,
and two of the organizers waited upon
him with a deferential request. The
required promise was duly obtained.

"You can rely upon me," said the
big man. "Friday, the 25th, in the
parish room. It's quite an unsectarian
affair, I suppose?"

"Bless your 'eart, sir," came the re-
ply, "the place was only lime-washed
last week. You won't find nothin' of
the kind on the premises."

Town planning is often begun at the
wrong end, i. e., the Civic Centre—
hence the frequent assumption that it
relates solely to the aesthetic side of
city life. The Civic Centre is the cop-
ing stone of the city structure, of
which the foundation is the healthy
home and the efficient workshop. The
town plan should be built with due re-
gard to the above order.

Dr. Dernberg, the unofficial mouth-
piece of the German government in
the United States, finds his position
untenable since the loss of the Lusit-
ania and desires to return home with
a British safe-conduct for the voyage.
He should make his appeal to the Ger-
man fleet or the submarine pirates in
the North Sea.

The fishing started here last week and there is every appearance of a good catch this season. The first fish caught were exceedingly fine. Mr. P. Horner is leaving here soon for Paspebiac. Mr. Horner is employed by the R. J. & W. Co. He will be much missed by his many friends. Mr. Godfroi is to fill his place.

Mr. and Mrs. Delain and Mr. Hamon were in town last week.

Another large box of Red Cross work was shipped a few days ago. More work is expected in a short time. Let us hope every one will come eagerly forward, quite ready and willing to do their share.

A tea is to be held next week in aid of the Red Cross Society.

Mr. Matot, who was wounded at the front some time ago, is now better and has resumed fighting in the trenches.

Dr. Pidgeon, who was seriously ill during the winter has now recovered, and is able to resume his work.

Mrs. James gave a small party on Friday evening in honor of Mr. Horner's departure. It is believed all those that were present had a very enjoyable evening.

Mr. F. Harbour opened a new store here last week.

MOORES SETTLEMENT

A Concert and Basket Social will be held in the Moores Settlement school house June the 4th. The programme will consist chiefly of songs, recitations and dialogues. A song entitled "My Mary Ann" will be sung by Mr. S. Johnson of Alberta. The proceeds towards building a new school house. Admittance 25 cts. Ladies with basket or pie free. Everybody is welcome.

PASPEBIAC

Mr. Charles Godfrey, who has been in the employ of Robin, Jones & Whitman here for the last twenty months, has been transferred to the Perce branch. While here he has made many friends, who will miss his pleasant smile and merry jokes. We wish him all good luck and success.

Mr. A. Howard Bouillon of the Bank of Montreal, Bathurst, spent Saturday and Sunday with his parents, returning on Monday.

Mr. and Mrs. Eli Romeril spent the week end at Port Daniel.

Mr. Sidney LeGrand left on Saturday for a few days vacation at his home in Cape Cove, returning this week.

Mr. H. Orviss of Robin, Jones & Whitman, Gaspe, and M. T. LeBreton or Robin, Jones & Whitman, Bonaventure spent Monday in Paspebiac.

Mr. Stansby, representing Rylands, Manchester, Eng., was in town this week.

Mr. W. F. Hamon went to Gaspe on Saturday, returning on Monday.

GASPE

Commander Wakham expired here early on Thursday evening and he is deeply regretted by all who were acquainted with him. He was laid to rest on Sunday. The pall bearers were officers belonging to the S. S. Princess. The procession consisted of about four hundred people, which shows he was very popular in this town. He joined the Navy in 1881, after having practised as doctor on the Gaspe coast for several years. Apart of the year, when he was in command of the Hudson Bay expedition, he has held the position as Commander since 1881 to the present year. He has always done his work in a very thorough and satisfactory manner; and he was certainly the right man in the right place. The Government officials, will have a very difficult and delicate proposition in replacing him. There are various rumours afloat concerning likely candidates for the vacancy, but none have been confirmed.

The tug G. M. Stearns, arrived in port last week, and commenced her usual summer task in connection with the St. Maurice Lumber Co.

The pulp steamer "Toller" steamed into port on Sunday, and started loading pulp on Monday; she was welcomed by all working men.

Pte. Herbert Adams of the 42nd Royal Highland Black Watch Regiment, returned to active service on Monday, after having enjoyed a very pleasant vacation in this town. Upon being interviewed, he gave us to understand he had been excellently treated in the Army. He was welcomed by strangers and friends alike. Since he has been in Gaspe, he has done good work, securing nine recruits, and their names are as follows:—

Gerald Miller, Reginald Simpson, (Gaspé); John Palmer, Chester Thompson, Allan Patterson, Frank Robert, Windham Coffin, Herbert Kennedy, (Doughlastown); Charles LeMesurier, (Barachois). He has been congratulated on the smart and efficient manner with which he has done his duty by Col. Cantley and Rev. W. Wayman.

A slight catastrophe occurred to a motor launch captained by Percival G. Hyman, on Monday. Capt. Hyman was taking some friends for a cruise up the South West river, and owing to bad pilotage run aground on a shoal; after continuous hailing, a boat was launched and the Captain and his crew of holiday-makers were rescued without any further mishap. The launch had to be abandoned until high tide tonight.

NEW CARLISLE

Another of our old and respected citizens has passed away at the home of Capt. W. J. Garrett, where she has been boarding for the past 10 months. Miss Martha Christie at the advanced age of 78 years. Deceased was for the last three months very helpless and when the end came Sunday morning the 23rd, she passed peacefully away. She leaves no near relatives in this country. Miss Theodora and Mabel Christie, her nieces are in Montreal, another in Boston and one nephew in the west.

We have also to relate another death which is very sad indeed, Mrs. Steven Day, who has been suffering for some time past with lung trouble, passed away Saturday night the 22nd. Deceased was quite a young woman and leaves 4 small children and a sorrowing husband. Interment will take place Tuesday afternoon the 25th, from the Episcopal church. There will be a double funeral of the above mentioned. Rev. Mr. Buckland will conduct the service. Mrs. Day is the daughter of Mr. Richard Smith of this place and much sympathy is felt for the father and husband in this great trial.

Some few days ago Mrs. J. O. Sherar received a message from her niece, Miss B. Smith of Montreal, that her nephew William Fauvel Smith, one of Canada's brave young men who enlisted with the first contingent, had died from wounds in France. No other details have been received up to this date.

The sad news came to this place a few days ago of the death of Willie P. Smith, at the front. Although Willie enlisted in Montreal, he was born here and lived here with his mother and sisters until about five years ago, when he went to Montreal and later went west. When the war broke out he came to Montreal and enlisted. He was a very clever boy at school and had a bright future. His mother died a short time ago in Montreal and his father died here about ten years ago. Much sympathy is felt for the five sisters and one brother surviving him. One of the sisters is a nurse with the first contingent, now nursing in France.

Mr. and Mrs. Arnold and son Eugie of Chandler, motored up on Tuesday and spent a couple of days with Mrs. Arnold's mother, Mrs. Kempfer.

Miss Jessie Kerr spent last week at her home in Caplin River.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you need; take it; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic to the brain. Free from harmful drugs. See it at S. Bowne, Toronto, Ont.

Your Floors Need Paint

Paint preserves the wood. Paint keeps floors sanitary and healthful. Painted floors make the rooms bright and cheery. Painted floors are easily cleaned—a damp cloth keeps them free of dust and germs. Paint your floors and thus have them always Spic and Span.

Senour's Floor Paint

"MADE IN CANADA"

is all ready to brush on—anyone can apply it evenly and smoothly. And it gives a hard, durable, lustrous finish, that stays fresh and bright, and wears, and wears, and wears.

It costs less to use than other floor paint, because it covers more surface and wears longer.

We have Senour's Floor Paint in 14 beautiful colors, suitable for every floor in the house from kitchen to garret.

Come in for a color card, and a copy of our entertaining book, "The House That Jack Built". Written for children, but "grown ups" get a lot of fun out of it. Free to our friends.

THAT "BILED" SHIRT
Mrs. Mary P. Sayers, Martin, Mich.

(Continued from last week.)
For the first time in his life, Bill went straight home. He went to bed, but he could not forget about the saloonkeeper's "biled shirt" and "po'ter-house steak." Mandy came home and sat down in the forlorn-looking little sitting-room. Bill could hear her groan. Then he heard her pray—pray for him—old Bill Washington. Bill made a firm resolve, but he thought he would keep his own counsel. Towards morning, when the rumble of the downtown Chicago street traffic grew louder, he woke Mandy and told her of his purpose. Mandy made no great ado over the matter, but at night she again tried to get Bill to the mission. Bill would not go. He'd "fight his battles alone."

So things went on for two weeks. Bill found work and kept sober. They moved into better quarters, and Mandy told Bill she would be the happiest woman in the world if he would only last. Bill said it would.

One night when Bill had put on a new suit of ready-made clothes after he had taken a bath, he made up his

mind that he would go over to the old saloon where he had once been a constant customer, and show them what he could do if he wanted to. To Mandy he said nothing of all this, well—because Mandy wouldn't trust him. With a pompous air he walked in among his old associates. The bar-room was full and Bill was greeted with the glad hand from one end of the bar to the other.

"Why, hello, Bi—Mr. Washington!" grinned the saloonkeeper, a big, fat white man. "Glad to see you, Mr. Washington—er—glad to see you. Come on, boys—I'll pay for the drinks. We thought he'd come back, didn't we, boys?" Forthwith the drinks began to flow like water. Bill hesitated. He had not intended to drink. After a little he was going right out. But they had called him "Mr." Washington. He felt his importance and stepped up to the bar. The fumes of the liquor was in his nostrils when suddenly the saloonkeeper threw open his white coat to get something from his inside pocket. Bill's eyes chanced to wander that way. With a start his face became ashen and his eyes began to bulge. They had rested on the shiniest of shiny boiled shirts. He dropped the glass and dashed for the street, followed by cries of "Come back, Bill! What's the matter, Bill," and so forth.

Jostling up the street he almost ran into the Van Buren street mission and went straight up to the seeker's bench in front of the pulpit. There he dropped on his knees and began to pray: "I can't do it, Lord! I can't! Yo's got ter help me, Lord! Yo's has!" Mandy came and knelt by him as he prayed, and when he had become a little calm, he arose and sat with the others who had asked for prayers. Then there was singing, after which came the testimonies.

After a little, Mandy whispered to Bill and he arose to testify:

"Brudders," Bill's voice was steady now in spite of his trembling limbs. "Brudders and sisters, I've been a 'po' no 'count niggah. But dis night I've comin' to do Lord! 'Taint been so 'erry long ago dat I giv' all my money to de saloonkeeper. Brudders and sisters—he was wearin' dat 'biled shirt—'an' eatin' dat 'po'ter-house steak. Brudders and sisters, I was wearin' dat 'biled shirt and eatin' dat 'po'ter-house steak." Bill sat down and the choir sang: "There were ninety and nine that safely lay in the shelter of the fold." For Bill Washington, negro and ne'er-do-well, was rejoiced over in heaven as much as would be the most perfect man on earth. And the little man on the front 'seat shouted, "Amen!"

GOOD SUGGESTION TO CAMPBELLTON PEOPLE

It is surprising the amount of old foul matter the simple mixture of uckthorn bark, glycerine, etc., known as Adler-ika, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowels so thoroughly that ONE DOSE relieves your stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Campbellton agents for Adler-ika. A. Mc G. McDonald, druggist.

SPECULATION AND SOIL FERTILITY

The farmer of Western Canada has long been upbraided for his disregard of the principles of scientific agriculture. The gospel of mixed farming, as the safeguard against soil exhaustion, has been constantly dinned into his ears but, as a rule, the advice has been consistently ignored and the farmer has adhered religiously to his system of soil mining. As a matter of fact, he has seldom denied that his farming methods are unscientific. What, then, is the explanation of the general and firm adherence to a mistaken course?

The typical western farmer is neither lazy, unintelligent nor particularly shortsighted. Certainly, it is not that he is ignorant of the principles and practices of scientific agriculture, for the Canadian West has recruited its pioneers from the best farming communities of the British Isles, Ontario, the Maritime Provinces, Iowa, Illinois, Wisconsin, Kansas and Nebraska. His failure to follow proper methods of cultivation is due to none of these

causes, except in a minor degree.

The main difficulty to-day consists in the fact that our western farmer, like his counterpart of a few decades ago in the western states, plays a dual role. He is a farmer and a land speculator, and it is often doubtful which characteristic predominates. Many homesteaders, of course, are farmers, purely and simply, but for thousands of others speculation is practically the sole motive. The representative westerner, however, combines the two occupations—agriculture and speculation—and, needless to say, as a speculator he is an indifferent farmer. The farmer, with a view to insuring the permanent productivity of his land, the speculator, par excellence, has not farmed at all; the farming speculator or the speculating farmer has operated his agricultural plant at capacity speed with a view to selling it before the output diminishes appreciably. He has not been content to receive a normal profit from his farm. He has robbed the business as a going concern by encroaching on capital. Soil fertility is the capital asset which a wise agriculturist maintains unimpaired.

The Dominion Parks Branch has recently issued three publications which are noteworthy on account of the attractive form in which they are printed and the interesting matter they contain. They are: "Classified Guide to Fish and Their Habitat, Rocky Mountains Park"; "The Nakimu Caves"; and "Glaciers of the Rockies and Selkirk."

The Fish Guide is written for the sportsman and naturalist rather than the scientist. It is a compilation of first-hand information for anglers by one who has fished in all the principal waters of the Park. It takes up each locality, describes the best means of reaching it, the different varieties of fish which can be secured, and the best bait to use. The game fish of the Rockies include five species of trout, one of which—the Lake Minnawanka trout—has been known to run as high as 40 lbs. The Grayling, the Dolly Varden and the Cut Throat trout are found in many of the lakes and streams of the Park and a fish hatchery has recently been established at Banff for the purpose of re-stocking those which have become depleted.

The second pamphlet gives an interesting account of the formation, character and discovery of the famous Nakimu Caves near Glacier, B. C. These interesting natural curiosities are supposed to be about 40,000 years old and consist of a series of underground chambers, some of them fifty feet high and more than two hundred feet long, hollowed out partly by erosion and partly by volcanic action, and opening into each other at different levels. The walls of the caves are covered with strange fluorescent limestone formations and they reverberate to the roar of underground torrents. The different chambers have been given names suggestive of their character: "The Pit"; "The Marble Way"; "The Ballroom"; "The Art Gallery"; "The Judgment Hall"; "The White Grotto"; "The Bridal Chamber"; etc., and when they are lit with electricity and proper gasol and handrails have been placed on the stairs and platforms, they should be among the most interesting sights in the Rockies for tourists.

"Glaciers of the Rockies and Selkirk" is by Dr. A. P. Coleman, Professor of Geology in the University of Toronto, and bears on the cover an attractive reproduction in color of a sketch of Mt. Ball, one of the picturesque peaks near the Divide. Dr. Coleman is a scientist with the imagination of a poet and he has written the story of the formation and work of the Canadian glaciers with all his well known literary charm. The pamphlet should prove not only a great help to the student of glacial phenomena who visits the Parks but it should inspire many Canadians with a desire to see the wonderful mountain scenery of their own country for themselves, "to put on," as Dr. Coleman says, "warm, strong clothes and hobnailed shoes and to fill one's lungs with mountain air in a scramble up to the snowfields to see how the glacial machinery works."

The pamphlets may be obtained upon application to the Dominion Parks Branch, Ottawa, without charge.

Mr. Bryan, American Secretary of State, has severely rebuked Read Admiral Peary, discoverer of the North Pole, for saying in a banquet speech that the United States, one hundred years from now, would either have ceased to be a nation or would occupy the whole of North America. That sort of thing used to be said often in the United States but of late years it has come to be regarded as folly by Americans, and the Secretary of State so brands it officially.

A calm, smooth, even-spoken person is Dean Howard McClenahan, of Princeton, who hesitates not an instant to speak his mind however harrying his words may be to loyal graduates. Speaking of the prospects in college sports at the university, he calmly remarked: "I thought we had a baseball team until last Saturday when there was to be a game with Pennsylvania, and I saw one of the finest, most intellectual dog fights which ever came to my notice."

Now that there are apparently no more commerce destroyers at large on the high seas, why not intern the Hon. Bob Rogers until the end of the war?

"THE ARRIVAL OF KITTY"

This famous riot of polky and laughs will be the offering at the Opera House, June 3rd.

This Comedy has enjoyed success and prosperity for several years and is destined to live forever and is to-day a standard by which other American comedies are judged, and can never be forgotten in the annals of stage history as long as legitimate, wholesome and clean fun appeals to the heart. The engagement here means much to the theatre goer who likes to forget his troubles and have a good hearty laugh, at the other poor fellow, who is continually in hot water but comes out all right at the finish.

EVERYONE ELSE HAS ONE

The stampede for flag outfits which marked the opening of the grand distribution on Saturday has settled down to a steady stream of eager flag seekers. The allotment for Campbellton is as large as The Graphic could secure through the co-operation with the leading daily newspapers in all Canadian cities to the place the Empire's emblem directly into the hands of our citizens.

EASY

to put up—just the work of a minute. Into the socket, securely clamped to the window sill, slip the end of the rod and let your colors snap in the breeze. The size of these big flags can be noted by comparing the one in the illustration with the patriotic mother who is placing it out. The colors are dyed in—fast and brilliant, the bunting is wind-tested and weather-tough, the pole is six feet long, brass-ferule jointed in the middle, complete with ball and halliard, the window socket is rust-proof metal, and the whole outfit comes compact in a stout carton case in which to preserve it for a lifetime of use. The \$4 Outfit Complete is \$1.55; the Flag alone is \$1.15.
