NEWCASTLE

THE CAMPAIGN IN NORTHUMBERLAND

During the last week spirited campaign has been carried on in the course of which both sides have done their utmost to sway the feelings of the electors of Northumberland county, and persuade them that theirs was the only safe and sane banner under which to enroll. The campaign has been a hot one but yet a friendly one.

The women are organized under the leadership of Miss Armstrong Dominion Liberal ladies' organizer, in both Chatham and Newcastle and are entering heartily into the campaign.

J. Kerr Loggie, acting general manager of the W.S. Loggie Co. Ltd is the Liberal candidate's campaign manager

Mr. Hickey's campaign is being managed by John Sargeant and Gilmour Stohart of Newcastle. W. H. Davidson, secretary of the County Liberal-Conservative Association is also taking an active part.

Among the speakers for Mr. Hickey who have been heard are Rt. Hon. Arthur Meighen, W.W. Watling, Chatham; C.E. Fish, Newcastle; A.J. Brooks, Liberal Conservative Organizer; J.Y. Mersereau, Chatham; J.A. Creaghan, Newcastle; John Sargeant, Gilmour Stohart, Newcastle; A.J. Doucet, M.P.; Hon. J.B.M. Baxter, K.C. M.P.; Dr. O.B. Price, Moncton; R.B. Hanson, M.P.; and others

Among those supporting the Liberal candidate on the platform have been Rt. Hon. W.L. McKenzie King, Hon. A.B. Copp, Hon. P.J. Veniot, Hon. O. Turgeon; J.G. Robichaud; M.P.; Hon. C.W. Koblasson; I.C. Rand, K.C.; G. Perc,

Burchill, Chas. J. Morrissy M.P.P.; Hon. Ernest LaPointe, Hon. Charles Murphy, Hon. Jas. Murdock, and Hance J. Logan, M.P. for Cumberland, N.S.

New Scallop Beds Are Found in N. B.

Ottawa, Oct. 3—Extensive and prolific scallop beds have, it is announced by the Department of Marine & Fisheries, been discovered in the waters of Gloucester county, N.B. During the past summer the department had an expert scallop fisherman engaged in the work of location. Best results were secured in four places along the shore, in Bathurst bay from two to three miles off Mazonette, Light-house, on the west side of Shippegan and Miscou Islands; and along the Gulf Shore from Cape Bateau to Tracadie.

SPLENDID CONCERT AT BARTIBOG

A concert was given in the Bartibog Bridge School last Thursday night. The audience which crowded the school house heard some very enjoyable recitations and excellent music, both vocal and instrumental. A number of Chatham people took part and at the close of the evening, Rev. Fr. Barry extended to them the thanks of the committee for their part in the evening's entertainment.

Following is the program:—
Opening Chorus.
Solo—John McFarlane
Recitation—Miss Sullivan
Solo—Miss Viola McKendy
Instrumental Selection—Miss Cecilia Babinsau.
Recitation—Miss Carmel Lesier.
Song—Four school children
Recitation—Miss Mayme Loggie.
Vocal Duet—Herbert Barry and John McFarlane
Recitation—Thomas Troy.
Instrumental Selection—Miss Viola McKendy
Solo—Herbert Barry.
Recitation—Miss Wm. Dorell
Solo—Miss Lillian Barry
God Save the King.
Candy was sold during the intermission. The entire proceeds realized were about \$110.

NORTHUMBERLAND ELECTORS AT BALLOT BOXES TODAY

Last night ended one of the most strenuous political campaigns ever waged in Northumberland and today the electors of Northumberland shall decide either for Hickey the champion of Maritime rights or for Snowball the Government candidate. That it shall be in favor of the former there seems to be no doubt. On every hand the reports are most encouraging for Hickey. In every part of the county there can be found evidence of loyalty and support for Mayor Hickey. At Conservative headquarters here it is confidently predicted that when the votes are counted at the close of the poll tonight there will be shown a sweeping majority for Hickey. Final wind-up meetings for Hickey were held at three important centres; Rogersville, Chatham and Nelson. The electors were addressed by A.J. Doucet, M.P. Hon. Dr. Landry, Buctouche; Hon. J.B.M. Baxter, M.C.; M.P.; C.E. Fish, Mayor Creaghan; Newcastle; Ald. Watling, F.E. Neale; Chatham and the candidate.

Three very successful meetings were held on Saturday when the electors of Trout Brook, Maple Glen and Beaverbrook heard A. J. Doucet, M.P.; C. E. Fish and Mayor Creaghan, and A. J. Brooks in fine addresses. Excellent hearings were given the speakers.

On Friday meetings were held at the following places: Fair Isle, New Jersey; Portage River and Neguac. The speakers were: Mayor Hickey; A.J. Doucet, M.P.; J. B. Hachey; J. L. Ryan; A. J. Legere and A. J. Brooks. Another meeting was held at Little Branch where E.W. Watling and Dr. W.B. Jones addressed the electors. At all the places the Conservative candidate was most enthusiastically received. At Neguac where Mr. Doucet was so badly treated last Wednesday night; Mr. Hickey received a tremendous ovation.

The Liberals shabby treatment of the member for Kent has turned many of their supporters in that district to the opposite side.

In one last desperate attempt to stem the tide of public opinion the Liberals held two eleventh hour meetings, Monday night one in Chatham and one in Newcastle. Practically every cabinet minister that could be spared from Ottawa as well as many of the lesser lights of the party in New Brunswick were on the North Shore Monday night. The heavy artillery of the party loosened their thunderbolt in a tremendous effort to save this constituency from joining Halifax and Kent in the fight for Maritime rights. Among the speakers were: Charles Murphy,

THE PRESBYTERIAN CHURCH TO CONTINUE

A meeting of Presbyterians was addressed last Friday evening in St. James Hall by Rev. Major W.F. McConnell of Toronto, Federal Organizer and Rev. Finlay G. Mackintosh of New Glasgow, Maritime Organizer of the Presbyterian Church Association. Their addresses dealt with the present situation of the Presbyterian church in Canada prior to the coming into effect of Dominion legislation incorporating the United Church of Canada.

Speaking of the situation existing in the Dominion today with respect to the Presbyterian church following the passage of the church union measures by Dominion Parliament with amendments, as well as the provincial legislation by the provinces, excepting Ontario and Prince Edward Island in addition to British Columbia and Quebec, where the bills have not yet been presented, Major McConnell said that everywhere efforts for the continuance of the Presbyterian church have been receiving a tremendous response. A most important amendment has been secured in connection with the Federal legislation permitting the various congregations to vote by ballot on the question of entering the United Church between December 10th 1924 and June 10th 1925, when the union legislation goes into effect as compared with the original bill presented. The original bill provided for the automatic inclusion of all Presbyterian congregations while those wishing to remain out were placed under the necessity of voting themselves out of the United Church after having once been included.

The ballot to be taken by the congregations may be taken at the instance of the Session of each congregation at a congregational meeting to be called by the Session. If the Sessions are not inclined to call such meetings they may be held as the result of a written request presented to the Session by ten members in a congregation numbering one hundred or less, twenty-five members in congregations of between one hundred and five hundred and fifty in congregations of larger numbers. The proportional division of church property and trust funds between the continuing Presbyterian church and that taken into the United Church will result from this vote. The vote is expected as a natural course in practically every congregation. The property divisions will be made according to present legislation by a federal commission on this vote basis.

Reports which Major McConnell has received from Ontario centres and the west are particularly optimistic in their outlook regarding the continuation of Presbyterianism in Canada. He has been advised that many of the largest churches in Calgary will vote against the amalgamation. As the situation is today, he said, Presbyterians are being given a choice between two churches—the Presbyterian church and the United Church of Canada. It is for them to decide.

Postmaster General; Hon. A. B. Copp; Secretary of State and Hon. P.J. Veniot; Premier of New Brunswick; Hance J. Logan M.P.; of Amherst; C. J. Morrissy.

NURSES' HOME OPENS TUESDAY

The new Nurses' Home in connection with the Miramichi Hospital is to be opened on Tuesday, October 14th. The Public are cordially invited, by the Directors of the Hospital to attend and inspect the building. From 2 to 6 p.m. the Lord Beaverbrook Chapter I. O. O. E. who are furnishing the dining-room, will serve gratuitously, a social afternoon tea to the visitors. The Nurses will hold a sale of candy and fancy work and it is sincerely hoped that the general public will attend the opening of this magnificent building which has been erected in connection with the hospital.

Earthquake Shock Felt Here Tuesday

Many citizens were awakened from their slumbers early Tuesday morning by an earthquake which rocked the houses and caused general alarm.

The tremors were felt here about five o'clock, and advices received from outside towns and cities indicate that it was general throughout the province. They were sufficiently severe in some places to cause dishes and windows to rattle and lasted for thirty seconds or more.

CAR THIEVES GET TWO YEARS EACH

Frank Conley, St John, Donald Williston, Newcastle, and Louis LeBlanc and Joseph Comfort of Massachusetts, the four young men captured last week by Moncton and Shediac police, and charged with having stolen three automobiles in Quebec and Ontario, appeared in the police court at Moncton Thursday and pleaded guilty. Judge C.A. Stevens sentenced each of them to two years in the penitentiary at Dorchester.

The quartette will be conveyed from Moncton to the Maritime prison. LeBlanc owned a car and with Comfort left Fitchburg en route to the province of Quebec. In Montreal the other two men joined the party.

The two girls with the party were held in Woodstock and will be sent when money arrives to pay to their homes in Leominster, Mass their passage.

CHURCH BURNED

AT ROSAIRVILLE
The Roman Catholic Church at Rosairville, about 11 miles from Rogersville was totally destroyed, by fire on Monday last. The fire started in a nearby barn and on account of a favorable wind spread to the church. The movable contents of the church were nearly all saved but the loss on the sacred edifice would be \$25,000 or \$30,000. The church was under the pastorate of Rev. Father Sormany of Rogersville.

HE AIN'T GONNA

REIGN NO MORE
Kaiser Wilhelm is awaiting a call to the German throne and expects it shortly. This fact is made known by John R. Philip a Chicago lawyer who has returned to the U.S. after several months spent abroad. He met the former Emperor at Doorn, and at that time the Kaiser expressed the belief he would be called back to the throne.

CAMPBELLTON HAS A HEALTH CENTRE

Campbellton is the second city in New Brunswick, outside of St. John, to have a health centre. Miss Meiklejohn, director of public health nursing services, for the Department of Health has returned from a visit to Campbellton and Elgin in the interests of nursing services and she was greatly pleased with the interest in public health work in Campbellton. The health centre is housed in two rooms, the use of which has been freely given by one of the prominent citizens. The nurse in Campbellton is supported by the town and by local effort under the Red Cross Society. Miss Meiklejohn visited Elgin, Albert county, where the Women's Institute are interesting themselves in trying to get a tonsil and adenoid clinic for the children.

LIQUOR DEALS BACKED BY CANADIAN BANK

Brest Oct 1—One of the strongest banks in Canada has been shown to be financing huge liquor deals negotiated in New York, according to a statement made to the press today by M. Fournier, M. Fournier will preside over the trial of Max Jerome Phaff German-American who was charged with piracy on the high seas in connection with the looting of the French steamer Mulhouse, off the Canadian coast last July.

FRUIT JUICES FOR RHEUMATISM

Amazing Results from the Fruit Treatment—"Fruit-a-tives"

Here is the whole story of the Fruit Treatment for Rheumatism, told by a gentleman who suffered five years with this terrible affliction.
Mr. James Dobson, of Bronte, Ont. says: "The Rheumatism was in my right hip and shoulder; the pain was almost unendurable. After six months' Fruit Treatment with 'Fruit-a-tives', I was completely relieved and am now in first class health."
It is a fact—proven by thousands of cases—that "Fruit-a-tives", the Fruit Treatment, absolutely relieves Rheumatism, Pain in the Back, Neuralgia, chronic Headaches due to stomach or liver troubles, and other forms of Kidney Disease.
25c. and 50c. a box—at all dealers or from Fruit-a-tives Limited, Ottawa, Ont.

THE SCHOOL PUPILS

While the success of the public schools depend in large measure on efficiency and inspiration on the part of the teachers and liberal support and encouragement from the parents, says an exchange, the biggest factor of all is in the school pupils themselves. An ambitious young person will learn even if the school building is antiquated or the teacher is poorly prepared.

We rely on our teachers to wake up dull pupils and inspire them with determination to learn. We must all co-operate to that end, and the entire influence of the community should be brought to bear on these young people, to induce them to make the best of the splendid opportunities that are offered them.

Students who go through the schools in a half hearted way repent bitterly afterward that they had not appreciated their chances. It is a source of everlasting regret to them, and they realize a little later that opportunities missed in youth can never be enjoyed again.

These young people ought to realize how much is being done for them. The taxes for schools are very heavy. In most places, more is spent for this purpose than for any other object for which taxes are raised. Parents deny themselves luxuries and comforts so that they can give their children a better opportunity than they had.
These days will quickly pass, and before they know it, these students will be out in the world struggling for self support. They will have little energy left for self improvement. The time to fit themselves for success is now. If these opportunities slip by, and they fail to make favorable starts, it will be extremely difficult for them to recover lost ground.

VALUE OF CANADA'S COAL OUTPUT

In 1923 Canada produced 16.9 million tons of coal, exported 1.6 million tons, imported 22.1 million tons from the United States and 0.5 million tons from Great Britain, so that the apparent consumption of coal in Canada in 1923 was approximately 38 million tons as compared with 27.5 million tons in 1922 and 31.1 million tons in 1921 according to the final report by the Mining Metallurgical and Chemical Branch of the Dominion Bureau of Statistics.

The report further states that nearly 8.75 million tons of Canadian coal was burned in Canada during 1923; of this amount about one-half was consumed in the producing provinces and approximately four in inter-provincial trade during the year. Shipments of Nova Scotia coal to other Canadian provinces principally New Brunswick, Prince Edward Island, and Quebec amounted to 2,179,061 tons. The province of Quebec received 1,540,284 tons of Canadian coal, an increase of 85,968 tons above the receipts of Canadian coal in the preceding year. About 77,760 tons of Canadian coal was shipped into central Ontario during the year. Manitoba and the section of Ontario lying west of Fort William and Port Arthur received approximately 784,950 tons. Saskatchewan receipts of Canadian coal were 1,251,555 tons while shipments from that province to other places in Canada were 219,940 tons. A certain coal to the extent of 1,934,000 tons found its way to other Canadian provinces and 62,100 tons of British Columbia coal was also shipped for consumption in other parts of Canada.

The per capita consumption of coal in Canada in 1923 was 4,157 tons. The total consumption of coal included 40.3% from Canadian sources and 59.7% of imported coal.

About 30,300 men were employed in or about the mines in 1923; in addition to those, there were 1,746 salaried employees. Salaries paid totalled \$3,893,722 in 1923 as compared with \$3,777,626 in the previous year. The surface men worked on the average 279 days during the year as compared with 259 days in 1922 and the underground employees worked 241 days on the average as against 219 days in 1922. Twenty-one more days work was done on the average by all employees in the coal mines in 1923 than in 1922 the total for the year being 250 days. The earnings per man day were \$5.57 as compared with \$5.18 in the previous year and the total wages paid amounted to \$42,221,990 or approximately 6.5 million dollars more than the total of \$35,773,001 paid in 1922.
Capital invested in the coal mines was reported as \$43,447,448 in 1923 an increase of approximately three million dollars.

CROW'S NEST MAKES

EAT EAT CROW
Mr. R.E. Finn, K.C. appearing for the Maritime Provinces in the Crow's Nest Pass rate case before the Railway Commission at Ottawa, made a slashing attack on the Crow's Nest Pass agreement. He said that it was well named in so far as those portions of the country that did not enjoy these rates were concerned. "We have" he said "nothing else to do but eat crow while those who enjoy these rates have a great deal of pie to eat." This agreement he said, at another point, "is a vulture and is eating out the vitals of the industries of the Maritime Provinces."

October Campaign for GREATER VALUES

To The People

In keeping with the progress that must and will mark the coming winter season for Farrah's this October Campaign sets a New Value Standard greater than any of the past—and brings Variety, Beauty and Practicality to fully satisfy the "hundred and one" preferences of our customers.

The New Fall Coats at \$27.50

Made to Retail \$33.50
\$40.00 and Higher

**Better Than It's
Possible to Realize
Without Seeing Them!**

But just realize the best all wool materials that are woven, in the most fashionable colorings of the season, made into coats by the most expert workmen in the garment making industry.

Imagine the luxurious fur collars and in some cases cuffs, and the softest, most beautiful lustre silk put in as linings.

And just think such a variety of cloths. There are the new Teddy Bear, Velvetone, Marvella, Bolivia and the ever popular Velour.

As for styles elegant simplicity forms the most alluring lines that are truly distinctive and individual.

**Other Coats
\$47.50 and \$59.50**

In the newest of all cloths the peacabloom with French Seal trimming in very bewitching styles.

"BACK to Linens"

This is the Message of the October
Linen Sale

To The Woman With a Home

"Back to Linens!" just a brief three word message but what a welcome sound in it!

There are lots of women who haven't bought linens since the war. They have been waiting for such a reassuring message as this. They have looked forward to the day when they could buy old fashioned linens at old fashioned prices.

Now it is Here. Linens are "Back"

And a woman can buy all she needs in this great October Campaign with a feeling of security and economy. She will keep in mind these three important rooms in her home.

Her Dining Room

She may have pattern cloths of pure linen for as little as \$5.50 in this sale. They are 2 1-2 yards by 2 yards and napkins to match 20x20 are \$5.50 a dozen other cloths in Silver Bleach quality with 12 napkins to match making a complete set priced up to \$15.50. She will buy union cloths at \$3.50 napkins to match per dozen \$3.50

Her Kitchen

what a delight to have pure linen crashes that will polish glassware until it shines almost like crystal. Already made up in towels with red or blue border 30c per towel. And of course there are good union crashes for the pots and pans and heavier things at 15c a yard.

Her Bathroom

She insists on plenty of face towels! The ones she will like best are big "thirsty" double thread towels that are thoroughly soft and absorbent size 20x36 at \$1.25 each—others from 60c up to 90c each.

There are linen guest towels of superb quality at 60c each
There are cotton Huck towels at 20c each.

Do you wonder that the woman who has watched and waited for this "Back to Linen" message is going to plan a shopping trip to Farrah's

Editorial

THE BY-ELECTIONS

By-elections in Canada usually go in favor of the political party in power. The by-elections of the last two years show a different result. These elections have gone steadily against the Government.

In North Essex, Ontario; the Liberal majority was reduced from 795 as at the general election in 1921 to 1,872 in the by-election early last year. The Liberal vote was reduced by 3,726 while the Conservative vote was increased by 2,403.

In Cape Breton North and Victoria a little later, the Liberal vote was reduced from 7,399 to 4,839 while the opposition vote—there were two opposition candidates in the field—was increased from 4,060 to 5,867.

In Halifax City and County last December the Liberals suffered a smashing defeat. A majority of 5,141 was wiped out and the Conservative elected with a majority of 1,932. The Liberal vote fell off by 4,724 while the Conservative vote was larger by 2,349.

There was a similar result in Kent, where a Liberal majority of 1,523 at the general election was converted into a Conservative majority of 208. The Liberal vote fell off by 1,181 while the Conservative vote was larger by 543. If so many of the young people had not been obliged to leave the country it is believed Mr. Doucet's majority would have been much larger.

The two by-elections in Quebec last month resulted in tremendous reduced majorities for the Liberals, but the exact official figures are not available for comparison. In St. Antoine a Liberal majority of 3,800 was reduced to about 800 while in Kimouski a Liberal majority of over 5000 was reduced to less than 2000.

In Northumberland at the general election in 1921 the late Mr. Morrissey had a majority of 1,421; slightly less than a Liberal majority in Kent which was converted into a Conservative majority. In the by-election here today a similar result will take place and the Liberal majority of 1921 will be converted to a large Conservative majority for C.P. Hickey.

Since the Liberal defeats in Halifax and Kent the Government has been getting anxious, as shown by the presence of so many big guns in Northumberland. The electors of this fine county will be giving service to the Maritimes and to all Canada by doing as Halifax and Kent have done. The sooner the country is rid of the King-Copp incapables the sooner there will be a return of better times.

JUDGE BARRY IS NEW CHIEF JUSTICE KING'S BENCH DIV.

Judge J.H. Barry, of the King's Bench Division, New Brunswick has been appointed Chief Justice of New Brunswick in succession to Judge H.A. McKeown recently appointed Chairman of the Board of Railway Commissioners.

Louis Boyer, K.C. of Montreal has been appointed Judge of the Superior Court of Montreal in succession to Judge Thibault Kintret, who has been elevated to the Supreme Court of Canada.

TRICKS OF THE TIDE

As most people know, the tides are produced by two pairs of waves which travel around the earth daily, the greater pair produced by the pull of the moon, the smaller by the attraction of the sun.

So far, simple enough, and if the earth's surface was all water the tides would be perfectly regular. But no tidal wave can travel very far before it bumps against land, and the results are exceedingly complicated.

For instance, there is a strip of coast in the south of England which has double tides. These occur from Southampton to a little beyond Poole, and it is to this phenomenon that Southampton owes its position as one of the greatest seaports, for at nearly all times there is water to allow of the biggest ships coming in.

At Colombo in Ceylon, the same thing may be seen—four tides daily instead of two; but the oddest freak of all is at Papeete, one of the Society Islands in the South Pacific where high tide occurs always between twelve midday and two o'clock.

On our coasts the biggest tides are in Bristol Channel where at the mouth of the Avon the difference between ordinary high and low tide is 40 feet. At Chepstow, a little further up the Severn, it is 52 feet. This huge tide pouring up an ever-narrowing funnel causes the roaring wave called the Severn Bore.

The biggest tide in the world is in the Bay of Fundy where the extreme rise and fall differs by 70 feet. By Stoney Creek at the head of the bay, the tidal wave rushes at 0.61 miles an hour.

The smallest tide so far observed is Lake Superior. It does not rise more than 1½ inches.

AGAIN IN LIMELIGHT

John Paris, who stood several trials in St. John a few years ago for the murder of a little girl named Sadie McAuley near the Riverview Park, off Douglas avenue is in the limelight again. He appeared in the Halifax police court last week having been arrested at an early morning raid on a house in upper Water street, and charged with the violation of the Nova Scotia Temperance Act. Paris spent some time before in Halifax jail under a similar charge.

POPULAR COMPANY HERE THIS WEEK

The Young-Adams Co. with the genial and popular H. Wilnot Young as manager, arrived in town Wednesday afternoon and on Wednesday night played "Thumbs Down" to a crowded house in the Empress Theatre. On Thursday night they had another packed house when they played "The Veiled Woman." Friday night the Company played "Mary's Ank'le" Saturday afternoon "Maggie and Jiggs." Saturday night "S'manthly" Monday night "Nice People" and Tuesday night "St. Elmo" with a matinee Tuesday afternoon.

Here and There

The Earl of Leitrim, Irish peer, who has been touring Canada, was much struck with the resemblance between north-west Ireland and the maritime provinces, with their wooded hills, sandy beaches and plenitude of fish and game, as playgrounds for the tourist.

What is believed to be the largest salmon ever caught by hook and line in waters adjacent to Vancouver, B.C., was landed at Horseshoe Bay, Howe Sound, recently by A. C. Cohen. The fish measured four feet, one inch in length and weighed 64 pounds. It took 35 minutes to land it.

Irwin S. Cobb, the famous American humorist, has been hunting in the St. Maurice valley, served by Canadian Pacific lines. This is by no means his first trip to Canadian hunting and fishing centres, as he is a keen sportsman and has visited the wilds in Ontario, Quebec, Nova Scotia and New Brunswick.

Among the passengers landing at Quebec from the Canadian Pacific liner "Empress of Scotland," recently was Miss Margaret Bondfield, M.P., a member of the Cabinet of the Macdonald Government of Great Britain. Miss Bondfield is in Canada to study conditions as they affect female immigrants.

Some interesting facts were made public by E. J. Belleisle, superintendent of the fish and game department of the Province of Quebec, when in Montreal recently. The province is now teeming with wild life, he says, mainly because of its conservation policy, whereby preserves are rented to fish and game clubs on the understanding that they appoint wardens. There are 500 such clubs employing a total of over 1,000 wardens.

The Trans-Canada Limited, crack transcontinental express of the Canadian Pacific Railway, completed its last run of the season on September 17th, and will not be operated again until next May. The train, which is the fastest long-distance express in North America, covered 758,748 miles in the season, or three times the distance between the earth and the moon, in its 238 runs, and carried the equivalent of 95,000 passengers for varying distances.

The new wing of the Chateau Lake Louise, the Canadian Pacific Railway's hotel at Lake Louise, one of the choicest beauty spots in the Rockies, is now under construction to replace that portion destroyed by fire some months ago. It will be a nine-storey, fire-proof, steel-frame structure of stucco, brick and stone, richly furnished in the best style of a mountain hotel, and will contain 280 bedrooms, bringing the total in the hotel up to 390.

The hunt for fur is extending northward each year, according to officials of the Hudson's Bay Company and Revillon Freres. They have already despatched their steamers on their annual tour of the northern posts which each season are being located farther and farther north as the field of the pelt hunters is extended into the Arctic. The Hudson's Bay Company now has a numerous chain of posts in Baffinland and other areas north of Hudson Strait.

CHURCH BURNED

AT ROSAIREVILLE

The Roman Catholic Church at Rosereville, about 11 miles from Rogersville was totally destroyed, by fire on Monday last. The fire started in a nearby barn and on account of a favorable wind spread to the church. The movable contents of the church were nearly all saved but the loss on the sacred edifice would be \$25,000 or \$30,000. The church was under the pastorate of Rev. Father Sormany of Rogersville.

HE AIN'T GONNA

REIGN NO MORE

Kaiser Wilhelm is awaiting a call to the German throne and expects it shortly. This fact is made known by John R. Philip a Chicago lawyer who has returned to the U.S. after several months spent abroad. He met the former Emperor at Doorn, and at that time the Kaiser expressed the belief he would be called back to the throne.

BIG WARM Overcoats

Built for comfort, with that style and smartness assured by the irreproachable correctness of the Creaghan Clothes. Warm, roomy garments, tailored from all-wool fabrics, good looking and long wearing. Coats that defy the weather and keep you looking your best. In blues, browns, grays, stripes and plaids. OBITUARY

MISS FRANCES SPROUL
Word has been received by relatives of the death of Miss Frances Sproul, only child of Dr. Beverly Sproul and Mrs. Sproul of Montreal. Dr. and Mrs. Sproul have many friends throughout the province who will deeply sympathize with them. Miss Sproul was a niece of Dr. Sproul of Newcastle.

RICHARD DAVIDSON WILSON M.D
Dr. W.A. Wilson of Derby received word of the death of his brother, Richard Davidson Wilson, M.D. which occurred at Holly, Colorado, on September 27th.

Dr. Wilson was the eldest son of the late William and Eliza Wilson of Derby, Miramichi and during his early life resided in that place. He graduated in medicine from McGill in 1894 and in 1896 moved to Colorado where he practised his profession till his death.

He leaves a widow, formerly Miss Jeanie Miller of Millerton, two sisters, Mrs. W.C. Hart of Tacoma, Washington and Mrs. Christie Miller formerly of Derby but now residing in Toronto, and one brother Dr. W.A. Wilson of Derby.

Deceased was a prominent Mason and took an active part in civic affairs.

JOHN D. CLARKE

The death of John D. Clarke occurred at the home of E. W. Bateman on Saturday morning, age 83 years. He was a resident of Nelson for the last 30 years and had been in failing health for some time. His wife pre-deceased him 10 years ago. The funeral was conducted by Rev. Ronald Davidson of Douglas-town, on Monday. Pallbearers were Allan MacKenzie, Allan Fleet, Montgomery MacLeod, James Lynch, Daniel Baldwin and John MacDiarmid.

APPOINTED JUDGE

Hon. J. P. Byrne, Attorney-General for N. B., has been appointed judge of the King's Bench division.

Judge Byrne was elected to the Legislative Assembly of N. B. in 1917, and appointed Attorney-General for the province on the formation of the Foster cabinet the same year. He retained the portfolio on the formation of the Veniot ministry early in 1923.

MAIL YOUR REMITTANCE

We have rendered our subscription accounts and would respectfully request each subscriber to remit us the amount due.

PERSONALS

Mrs. Roy Dickson spent last week in Chatham, the guest of her father G. Cornish.

Mr. William Bernard of Moncton spent the week-end at his home here.

Mr. H. A. Powell, K.C. of St. John was in town Friday on professional business.

Mrs. James Armstrong of Youghall is the guest of Mr. and Mrs. John McCormack.

Misses Margaret and Janie Irving who spent their vacations with their sister, Mrs. P. N. Brown returned last week to Moncton and Iaverhill, Mass.

Mr. and Mrs. George Masson of Moncton spent the week-end in the guests of Mr. and Mrs. Frank McNeil.

Waldo McCormack returned on Saturday from Kingston, Ont.; where he took a six week's military course.

WEDDINGS

ALLISON—SHAW

The marriage of Miss Maud Shaw daughter of Mr and Mrs. Fleming Shaw of Quarryville and Ernest Allison, son of Mr. and Mrs. John Allison of Newcastle, was solemnized by Rev. L.H. MacLean on Wednesday evening. The bride looked charming in a dress of brown silk with hat to match. Mr. and Mrs. Fred Gray of Dougastown acted as witnesses.

SIMPSON—PETERSON

A quiet wedding was solemnized on Sept. 29th at 7 o'clock in the evening at the St. James Manse Newcastle, when Miss Daisy Peterson of Millerton and Clyde Simpson, son of the late Mr. W.A. and Mrs. Simpson of Millerton were united in marriage by the Rev. L.H. MacLean.

The bride was attired in a navy blue tricot suit with hat to match and grey squirrel choker. The groom's gift to the bride was a string of pearls.

After the ceremony the bridal party motored to the home of the bride where a chicken supper was served, only immediate relatives being present.

MCARTHUR—PILKINGTON

At St. Marks' church, Nelson which was tastefully decorated for the occasion by ladies of the congregation a pretty wedding took place on Tuesday Sept. 30 when the Rev. Mr. Bate united in marriage Beatrice Alice Pilkington, daughter of Mr. and Mrs. Albert E. Pilkington of Nelson Reserve and John S. McArthur, son of Mr. and Mrs. Neil McArthur of Napan.

The bride who was given away by her father, looked charming in a navy poret twill traveling suit with hat to match and carried a shower bouquet of roses; lilies-of-the-valley and maiden hair fern. She was attended by her sister who wore a Kantonche canton crepe dress with hat to match and carried a bouquet of pink carnations. The groom was assisted by his brother Harris, McArthur. Miss Greta McLaughlan rendered music suitable for the occasion. After the ceremony the guests motored to the home of the bride where luncheon was served.

Amid a shower of confetti and good wishes the happy couple motored to Newcastle to board the Ocean Limited for St. John en route to Waltham, Mass. where they will reside.

(Moncton Transcript please copy)

Work Worn People

Find Renewed Health by Improving Their Blood.

If you feel run down, it means that your blood is thin and watery that your vitality is low. You feel easily chilled. You do not sleep well and you are tired when you rise in the morning. You find no pleasure in your meals and are listless and dispirited at your work. You have no energy to enjoy yourself.

Thousands of men are run down by anxieties of work. Thousands of women are broken down by their household toil, with tired limbs, and aching backs; thousands of girls are pale, listless and without attraction. It all means the same thing—thin and watery blood, vitality run down, anaemia; poor appetite; palpitating heart, short breath.

Do not submit to this. Get new blood and with it, new vitality. The man woman or girl who takes Dr. Williams' Pink Pills is never run down. Their friends notice how energetic they are, what a fine appetite they have, and how much they enjoy life.

If your dealer does not keep these pills you can get them by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

H. Wilmot Young
Marjie Adams Co.

The Young-Adams Company will terminate a week's engagement at the Empress Theatre tonight when Aogonta Evans Wilson's "ST. ELMO" will be the offering. Mr. Young, long and favorably known here, will be St. Elmo, and Miss Adams, Edna Earl. Mr. Young has brought this year the best show of his long career, the acting company being unusually strong. Miss Adams, like good wine improves each year; she seems to be more charming than ever and her acting is the essence of perfection. It will be a long time before we again see such work as Miss Adams did in "The Veiled Woman." This play is sure of a full house if ever repeated here, the common verdict being, it was the best ever seen here, and the gowns worn by Miss Adams were greatly admired. She has long been noted for her wonderful costuming, but this season there seems to be no limit to her wonderful wardrobe. The scenery is also above the average, each play being properly and lavishly mounted. Mr. Young has certainly excelled himself this season in plays, players and scenery. The members of the company are all good and comprise the following: H. Wilmot Young, Marjie Adams; Marguerite Young, Alfred Stretton, Edward Stauffer, Harry W. Young; Ann McNeil; Edgar Harris Janson; Mabelle Leverton, Edna Durand; Joe Lyonell, Fred Durand; Howard Durand, and Ed. Barnstead. The vaudeville features are a big hit. They are Joe Lyonell and Mabelle Leverton, singing, dancing and talking. Ann McNeil singing and dancing. The DANCING DURAND Demons on Roller Skates and the Young-Adams Jazz Orchestra.

The Young-Adams company will be always welcome to Newcastle. Mr. and Mrs. Young have made many friends here who are always glad to see them when they come.

CONQUERORS OF ROBSON'S LOFTY PEAK

MEMBERS of the next parties of Alpine Club members to climb Mount Robson, 13,968 feet high and Monarch of the Canadian Rockies. Upper photograph shows first party actually on snow ridge at the summit of Mount Robson, with Conrad Kain, noted Canadian climber in the lead. Upper right: Mrs. M. H. Gold, of Edmonton, a member of the third party to

reach Robson's summit. Lower group, right to left: Back row, M. C. Geddes, Calgary, who also took part in first ascent of Mt. Geikie, in Jasper National Park; T. B. Moffat, Calgary; H. F. Lambert, Ottawa; A. Drinnan, Calgary, and T. B. Porter, Saskatoon. Front row: J. Saladana, guide and packer; W. A. D. Munday, Vancouver; Mrs. W. A. D. Munday,

first woman to reach the peak of Robson; A. H. MacCarthy, of Windermere, B.C., who is credited with taking part in first actual official ascent; Miss Annette E. Buck, Brooklyn, N.Y., and Harry Pollard, Calgary photographer, who packed a camera to Robson's peak to secure the first pictures of a climbing party at the summit.—C.N.R. photos.

OVERTHROW OF
MACDONALD GOVT.
IS PREDICTED

Interest in the Irish bill which passed through all its stages unamended in the House of Commons is being dwarfed by the buzz of political gossip predicting an early defeat of the government and general elections. Nothing new developed in the political situation and everything still remains in the realm of speculation. But opinion seems to be hardening that either on a vote of censure next Wednesday or on the question of the Russian treaty which is to come up early in November, the MacDonald government will be overthrown.

100,000 CATTLE SENT FROM CANADA

A comprehensive prepared show that over 100,000 head of Canadian live cattle have been shipped to this country since the cattle embargo was removed. About 40,000 have arrived so far this year and shipments will continue during the winter.

According to the statement of Canadian officials on this side, the British regulations governing the admission of store cattle, which even after the removal of the embargo were a source of complaint from Canadian shippers for nearly a year, are now administered as to leave not the slightest ground for objection. The trouble was formerly that the British officials insisted on classifying a proportion of the Canadian stock as fat cattle which must be immediately slaughtered. Now, the regulations are so lenient that cattle which are actually fat are allowed in as stores, which gives the importers an opportunity to defer slaughtering until the market is favorable, instead of turning them into beef immediately on arrival. It is true that shipments from Canada have not reached the proportions prophesied, but the time efforts were being made to have the embargo removed but the fault was with too optimistic estimates, and not with actual conditions of trade. Canadian officials here give it as their opinion that the shipment of live Canadian cattle has now become steady and profitable business for Canadian stock-raisers and will remain so.

Nothing more has been heard of the British Government's proposal for a joint committee to inquire into the possibility of increasing the sale of Dominion products in the United Kingdom. It would be unfortunate from Canada's viewpoint if the project proved abortive since there are circumstances, surrounding the sale of certain Canadian products which would bear investigation. One question which Canadian packers would like answered is why they received lower prices for their bacon than is paid for the Danish product, whereas the bacon is afterwards sold in the retail shops at the same price as the Danish and very often under that name.

WRIGLEYS After every meal

A pleasant and agreeable sweet and a l-a-s-t-i-n-g benefit as well. Good for teeth, breath and digestion. Makes the next cigar taste better. Sealed in the Original Pack. R24

AQUATIC EXPLOIT OF TAGGED SALMON

Fish No. 10385 one of several thousand salmon caught, tagged and released by the United States Bureau of Fisheries south of Alaska last season has turned up in a Siberian stream 2,000 miles across the ocean. Science service records that "he made the trip to get his wedding at the old home stream where he began life as an egg." This aquatic exploit, we are assured, is no mere fish yarn but is backed up by scientific records on two continents. According to the files of the Bureau of Fisheries No. 10385 belonged to the Oncorhynchus kta, or dog-salmon family. The identification tag stamped with this number was clamped on his tail last fourth of July, off the north shore of Unka Island, Alaska.

Released to go his own way, the salmon evidently lost little time heading for home. According to word recently received from the Far Eastern Bureau of Fisheries the fish wearing the tag marked "U.S.B. No. 10385" was caught August 18 in the river Pankara, in the district of Karagin on the eastern shores of Kamchatka. The local residents did not pay any attention to this mark and the fish was cleaned and salted. Agents of the Far Eastern Fisheries Board at Vladivostok discovered No 10385 in the preserved state.

Examination showed that the fish was a male and had grown teeth. As salmon return to spawn in the same stream in which they were hatched from the egg, it was plain that the one in question was a native of Kamchatka. Other tagged fish of the dog-salmon family have been retaken to the east of the feeding ground where they were tagged.

BRITISH POLITICAL CAMPAIGN OPENS

What is certain to develop into the most intensive and widespread political campaign in the history of Britain has opened. Three parties are beginning a series of meetings in every corner of the British Isles, making a total of at least 2,000 meetings. All Labor Ministers and former Liberal and Conservative Ministers are to participate. Cinemas, caravans and motor-cars parties will attempt to reach even the remotest villages. Huge quantities of posters and pamphlets are already en route to the constituencies.

Labour is attempting every day to drive the wedge deeper between the divergent wings of Liberalism. The Daily Herald, proclaims the Liberalism split in its sweepline and publishes a two-column article seeking to prove that the split is irconcilable.

Lloyd George is steadily developing his attack on the Russian treaty and states that he has authority for declaring that Mr. Asquith completely supports his attitude and declarations. The Daily Chronicle, the Lloyd George organ, says that the suggestion that Labor will avert defeat by leaving the treaty to the free vote of the Commons and then decline to accept its hostile decision is "a counsel of despair." It adds that the proposal that Labor should separate the loan guarantee from the rest of the treaty and demand two divisions is equally foolish and couples it with a warning to Liberalism against the whole treaty not merely the clause dealing with the loan.

Unionists are feverishly active. H. E. Blain, their new party manager is ordering the members of the party, to go among the working people and explain the tenets of Conservatism, and is also insisting that they must adopt workingmen candidates, wherever suitable men are available. A number of these have already been named.

Much attention is also being paid to women voters, by the Unionists, who are further planning a tremendous campaign at street corners and workingmen's halls and clubs. This policy is bringing Unionism into touch with the masses and is already causing uneasiness in the ranks of Labor.

You are no expert in treating eczema when you use Dr. Chase's Ointment. It relieves at once and gradually heals the skin. Sample box Dr. Chase's Ointment free if you mention this paper and send 2c. stamp for postage. See a box at dealers or Edmondson, Bates & Co., Limited, Toronto.

BRAINY PLAY IN BASEBALL

In the ball game between Houlton and Woodstock, Exhibition week, in which the latter won, baseball fans tell of a good piece of head work done by Earl Nelson, a native of Woodstock now of the Royals, St. John, who was playing with the team of his native town. Nelson had taken a long lead off third. The ball was whipped to second and he was cut off. Both second and third base players were backed up by Houlton men. An effort was made to run him down, and the space was narrowed to 12 feet. He paid no attention to faint throws but stood still until he saw the ball going through the air. Finally the third baseman got the ball and when about to touch Nelson, he dropped flat on the ground and the third baseman tripped over him dropping the ball. Nelson crawling between the legs of the man backing the third baseman and reached third base in safety. When Nelson dropped, he took a chance on the spiked shoes going over him, but the chance won

FIRE PREVENTION WEEK DECLARED FROM OCT. 5 TO 11

By Royal Proclamation, His Excellency, the Governor General has designated October 5th to 11th as Fire Prevention week.

Citizens will do well to read carefully the items of the proclamation as given below and to profit by the suggestions made to the end that the whole country may benefit.

The proclamation in part, is as follows:—

"Whereas it is shown by authoritative statistics that the amount of the average annual loss of insurable property by fire in Canada exceeds forty-eight million dollars and that more than three hundred and fifty persons lose their lives as a result of fire;

And whereas the waste thus occasioned, represented in terms of human life, money, labor time and natural resources, cannot be recreated, but is an absolute and irrevocable loss largely distributed over the entire population through the agency of fire insurance which imposes an inescapable and burdensome tax upon industry and thrift and substantially adds to the cost of living;

And whereas it is shown by reliable statistics that at least eighty per cent of the fires which occur originate either directly or indirectly through inexcusable ignorance and neglect and are therefore preventable and that the exercise of reasonable prudence and proper carefulness on the part of responsible individuals would reduce losses by fire in Canada to the comparatively insignificant proportions of losses in other countries;

And Whereas economic and humanitarian considerations imperatively demanded that human life and material resources in Canada be so far as possible conserved in order that the national prosperity may be maintained and that the general welfare of the people may be measurably increased;

And Whereas it is desirable that the attention of the public be directed to the extent and underlying causes of the preventable loss of life and property by fire and to the best and most practicable means for its control and that a specific period of the year be set apart and properly designated for the dissemination of such information:

Now know ye that we, by and with the advice of Our Privy Council of Canada have thought fit to appoint and do appoint the week commencing Sunday, the fifth day of October and ending Saturday the eleventh day of October in this present year as "Fire Prevention Week" and we do commend to all our loving subjects that at some time during that week as may be found most practicable,—

1. All dwellings and their surroundings be carefully inspected by their occupants and all conditions likely to cause or promote the spread of fires removed.
2. All public buildings, stores, warehouses, and factories be inspected by their occupants and all conditions likely to cause or promote the spread of fires, removed.
3. All hotels, theatres, asylums, hospitals and other institutional buildings be inspected and provision made for all changes necessary to protect the occupants from danger in the event of fire.
4. Fire drills be held for the children in all schools, for the inmates of all institutions and for the employees in all large institutions, stores and factories in order that a greater degree of safety may be ensured by acquainting the occupants with the best and most expeditious mode of exit in time of

danger. 5. Special instruction on the subject of fire prevention be given by the teachers and by municipal officials in the schools and that such appropriate literature as may be made available be distributed to the pupils.

6. Boy Scout leaders give instructions to the troops under their control as to the best means of co-operating with municipal fire departments in the prevention and extinguishment of fires and especially as to the desirability of qualifying for the Fireman's badge.

7. All legislation and regulations enacted or issued by Dominion, provincial or municipal authorities dealing with fire prevention be given publicity by the municipal officials and that by public meetings or otherwise as to them may seem most fit, they endeavor to impress upon the citizens the national importance of safeguarding life and property from loss by fire"

NEW BROADCASTING STATION FOR C. N. R.

The assembly of the material for the towers of the new broadcasting station which the Canadian National Railways are establishing at Moncton, New Brunswick is being pushed forward vigorously in the shops of the Dominion Bridge Co., and it is anticipated that the setting of the steel will be commenced this week. The station will be equipped with two of these towers, each 150 feet in height, and spaced 200 feet apart centre to centre. The structures are quadrilateral and of the design colloquially known as the "Eiffel Tower" from their broad resemblance in elevation, to the famous building in Paris. At the base the legs are spaced 34 feet apart, centre to centre and taper to about three feet at the top.

The towers are to be set upon the lawn at Moncton station lying between the tracks and the general office building. The latter will house the operating room upon the third floor. The site for the studio has not yet been definitely decided but it will be fairly close to the towers and transmitting station, and it is to be operated by remote control. The foundations for the towers are already completed. They are carried to a depth of five feet and the leg of each tower is bolted to a solid block of concrete measuring five feet each way, a monolith of 25 cubic feet and weighing 15,500 pounds. Consequently each tower is anchored to four concrete blocks aggregating 62,000 pounds in weight, to provide the necessary degree of stability. The foundation work has been carried out by the Bridge and Building department of the Canadian National Railways; but the whole of the superstructure including the electrical equipment, has been let in a single contract to the Northern Electric Company Limited for whom the Dominion Bridge Company is building the steel towers. The setting of the towers and attendants

DAILY STRENGTH Nature has admirably fitted the body to fight against weakness but there is need for a daily renewal of strength, which comes easiest through nourishment.

Scott's Emulsion

is a practical aid to health and strength. If you are pale, underweight or weak, Scott's is the restorative that builds you up Nature's way—through nourishment.

Scott & Bowne, Toronto, Ont.

"I Suffered Terribly With Sore, Aching Back"

Mrs. Roland Ferguson, 194 Lake St., Peterboro, Ont., writes:

"For over two years I suffered terribly with sore back. I was almost mad with the pain, and had doctored with it until I was discouraged. Then my father, who is a firm believer in Dr. Chase's Medicines, advised me to try Dr. Chase's Kidney-Liver Pills. I followed his advice, and am glad to say I was completely relieved of that torturing pain in my back. It is over a year since I used these pills, and I have had no return of the trouble, but always keep them in the house."

NERVES AND FAINTING SPELLS

Sent Woman to Bed, Great Change After Taking Lydia E. Pinkham's Vegetable Compound

Sarnia, Ontario.—"After my girlie was born I was a wreck. My nerves were too terrible for words and I simply could not stand or walk without pains. I suffered with fainting spells until I was no longer any good for my household duties and had to take to my bed. The doctor said I should have an operation, but I was not in a fit condition at that time. My neighbor said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' I am sure it will do you good and will save those doctor's bills. So I was advised by my husband to try it after I told him about it. I am very thankful to say that I was soon able to take a few boarders for a while as rooms were scarce at that time. My baby is 17 months old now and I have not yet had an operation, thanks to your medicine. I have recommended the Vegetable Compound to a few people I know and have told them the good it has done me. I know I feel and look a different woman these last few months and I certainly would not be without a bottle of your medicine in the house. You can use this letter as you see fit, as I should be only too glad for those suffering as I have to know what it has done for me."—Mrs. ROBERT G. MACGREGOR, R. R. No. 2, Sarnia, Ontario. A recent canvass of women users of the Vegetable Compound report 98 out of 100 received beneficial results. This is a remarkable proof of its merit. C

NEW LAMP BURNS

94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month

A LARGE CHECK

What is said to be the largest check ever received by a Fredericton man passed through the hands of Mr. R. B. Hanson, M.P., a few days ago. It represented the proceeds of a lumber lands deal in Nova Scotia made recently by the Fraser Companies Limited to an American concern. The check was for a sum in excess of two million dollars. Mr. Hanson is the solicitor for the Fraser Companies and conducted the legal proceedings in connection with the sale of their Nova Scotia property.

Church Association Sends Out Statement for Presbyterians Who Would Retain Their Church

Gives Directions on the Vote Which Decides Fate of Individual Congregations—Reminds Them of Necessary Provincial Legislation Yet to Pass.

The Federal Executive of the Presbyterian Church Association has issued a statement of policy to be adopted by those who desire the continuance of the Presbyterian Church.

Congregational voting to decide whether each congregation will or will not enter the United Church of Canada may commence on December 10 and must be completed before June 10, 1925 the date when the act comes into force. If by this vote a congregation decides to remain in the Presbyterian Church it retains its property. Voting will be by ballot and if a congregation agrees, it automatically becomes a part of the United church.

FOR TAKING THE VOTE

Provisions for taking the vote follow:

A meeting of the congregation for the purpose aforesaid may be called by the authority of the session of its own motion, or if any session should be unwilling to call such meeting or should it delay the calling of such meeting, then a meeting must be called by the session on requisition to said session, in writing of 10 members entitled to vote in a congregation of 100 members or less; or 25 such members in congregations having over 100 and not more than 500 members; and 50 members in congregations of over 500 and not more than 1000 members; and 100 such members in congregations of over 1000 members.

MUST GET PROVINCIAL LEGISLATION

The association reminds Presbyterians of the limited character of the act. "A comparatively small amount of certain trust funds falls within the operation of the act. These funds will be apportioned by a commission between the United Church of Canada and those who remain Presbyterians but it should be remembered that the vast bulk of the property of the Presbyterians church in Canada, including colleges as well as congregational property is within the jurisdiction of the provinces. Ontario, Quebec, Prince Edward Island and British Columbia have not passed any Church Union Act and in these provinces is situated by far the major part of the property of the church. None of this can be transferred to the United Church until provincial legislation has been secured. The nature of this legislation would depend largely on the numerical strength of those who remain Presbyterians."

BORN IN KENT COUNTY BECAME A BARONET

The London Times of September 17th contained a sketch of a New Brunswicker who attained distinction and won a baronetcy for his services in India. Sir Thomas William Holderness, Bt., G.C.B.; K.C.S.I. was born at Kingston, Kent county. His mother was Mary McLeod daughter of William McLeod of Richbucto, a sister of the late George McLeod of St John and an uncle of George K. McLeod, now of New York. That Sir Thomas had a notable career, the Times sketch establishes in Whitehall and among those who follow Canadian affairs he was esteemed as one of the ablest public servants of our day. He "ate the salt" of India as a member of its Civil Service and as a leading figure in the Indian Office for close upon half a century and both before and after his retirement he showed himself the possessor of no slight literary talent.

GILLETTS PURE FLAKE LYE. I find it best for cleanliness. Don't call the plumber when the sink drain gets clogged. A little Gillett's Lye will probably clear it in a few minutes. Scores of other users around the sanitary home.

Travel By Air In Europe Growing

All records for commercial aviation have been broken by the cross-channel service this summer. During the last 10 days in July 278 airplane flights were made between Croydon, London, and LaBourget, Paris. They transported 1,217 passengers, 55,380 kilos of merchandise and 119 kilos of mail.

An indication of the growth of this service is given by a comparison of the figures for the corresponding period of last year, when 139 planes crossed, carrying 686 passengers, 23,520 kilos of merchandise and 84 kilos of mail.

Not a single accident of any seriousness has occurred in the service this year. About 75 per cent of the passengers carried are Americans. The Handley-Page bi-motor planes makes the trip in about 3 hours, but the French service cut this time by about half an hour. American travelers like the service for several reasons—it is much faster than any train-boat route, more comfortable and not only affords an opportunity to fly safely but passes over a most picturesque country. The fare, 400 francs is about the same as the first-class rate by

train and boat. The service is efficient; company cars pick up passengers at their hotels in time for departure and on arrival cars take passengers to their hotels. The only drawback is that trunks cannot be carried but hand luggage such as suit-cases, go with the passengers. The larger planes, with nicely upholstered compartments closed in, have all conveniences.

Both the French and British channel services are subsidized by their governments but commercial flying is developing so rapidly and meeting with such popular support that within another season or two the services will be able to pay expenses and operate on their own.

An official of the Handley-Page Co. said the chief difficulty now is to get money for a new and larger fleet of planes. When this becomes possible he said, the service will show a margin of profit. He believes that within a few years practically all travel between London and Paris will be by airplane, particularly during the summer months. Fogs and rain of winter destroy much of the charm of the flights but the pilots are so expert that they manage to make the trip in almost any weather. The companies hope to build up the merchandise transportation so that the winter service will bring in more proceeds.

RED ROSE TEA "is good tea"

Folks who want the very best use RED ROSE ORANGE PEKOE

Smilin' Thro. Thanks to the Soothing and Healing Aid of Zam-Buk. HOME TOWN PHILOSOPHY It always makes a man feel cheap to be caught looking at a photograph of himself. When a man has an opportunity a hero he is usually busy at some thing else. Some people would never want certain things if they didn't see others trying to get them. Fibrillation is like a piece of chewing gum—the longer you keep at it the less satisfaction you derive from it. It's hard enough under any circumstances for a bachelor to hold a baby, but it's simply torture when the baby belongs to the girl who jilted him two years before.

"RAINBOW SIX" DANCE
The Rainbow Six Orchestra of Moncton held a dance last Friday evening in the Town Hall which was largely attended and much enjoyed by those present.

MET WITH ACCIDENT
The many friends of Mrs. Martha Black formerly of this town, but now residing with her daughter Mrs. John McGrath in Allston, Mass., will regret to learn that she had the misfortune to fall recently breaking her leg below the hip.

"MOOSE SEASON" NOW OPEN
The moose hunting season of 1924 opened on Wednesday with the prospect of a large number of non resident big game hunters taking out licenses and spending considerable time in the woods. Many parties are here already and others are coming.

RUMMAGE SALE
The annual Church of England Rummage Sale will be held in St. Andrew's Sunday School Hall on Thursday, October 10th. Doors will open at 10 a.m. and everything will be clean, in good condition and of good value. The public is cordially invited to be present and secure many articles which are in everyday use. 41-2

ENJOYABLE DANCE
The Rainbow Six Orchestra after an absence of several weeks gave another of their enjoyable dances in the town hall here last Friday evening. The Rainbow Six is very popular on the North Shore, and their music is much appreciated as was evidenced by the large attendance Friday night. It is the intention of the Rainbow Orchestra to play here every Friday night during the coming fall and winter months.

VARIETY SHOWER
About sixty friends of Miss Kathleen Jardine of Chatham who was married on Tuesday to Mr. Fred Hachey of Newcastle, gathered at her home on last Wednesday evening and tendered her a shower. Cards and dancing were indulged in and a delightful supper was served at midnight. Miss Jardine was the recipient of many beautiful gifts.

Miss Florence Cornish of Chatham whose marriage to Robert Astle of Douglasfield was tendered a variety shower last Wednesday evening at the home of Mrs. Hector Astle, Douglasfield.

FIRE ALARM
The Fire Department was called out last Friday afternoon about 4:15 o'clock for a roof fire in the residence of Mr. George Campbell. The blaze was quickly extinguished and the damage was slight. Since May 1st the Fire Department have been called out for 9 roof fires in this section of the town and it is the opinion of the citizens that the matter should be looked into and something done to prevent further fires in this locality. Fortunately, all the fires so far have been extinguished before any great damage was done but more or less inconvenience has been caused by water, and it is quite possible that a future fire may gain such headway before noticed, that considerable loss will be sustained. There surely has been enough warning. "A stitch in time saves nine."

APPOINTMENT
D.K. Brown of this town has been appointed a Justice of the Peace for Northumberland county.

SALMON FISHING ENDED
The season for salmon angling on New Brunswick rivers, including the St. John and Miramichi closed September 30th.

RUMMAGE SALE
The Ladies Aid of the Methodist Church will hold a Rummage Sale in the basement of the Church on Thursday, October 9th at 2 o'clock p.m.

ENGAGEMENT ANNOUNCED
Mr. and Mrs. James Power of Redbank announce the engagement of their daughter, Catherine A. to Mr. Charles M. Vickers of Newcastle; wedding to take place Wednesday, October 8th.

WAS NOT FROM NEWCASTLE
Mrs. Owen McGowan is in receipt of a letter from Mrs. Joseph Comfort, informing her that at the time of writing (Sept 24) her husband, Joseph Comfort was at his home in Caribou, Maine and busily engaged in farming and digging ditches. Mr. Comfort could not have been implicated in the stealing of autos which was reported in the outside papers and it would do the family in Newcastle a great deal of justice if the same papers would state that the Joseph Comfort mentioned did not belong to Newcastle, N.B.

IN MEMORIAM
In loving memory of Private Charles B. Arbeau, who was killed in action October 10, 1918, aged 22 years; the son of Mr. and Mrs. John Arbeau.

Dearest Charles, you have left us, And your loss we deeply feel, But the God Who hath bereft us, He can all our sorrows heal. Yet again we hope to meet thee, When this day of life is fled, And in Heaven with joy we'll greet thee.

Where no farewell tear is shed
Father, Mother, Brothers and Sisters. 41-0-Pd

ARTHUR LEBLANC, VIOLINIST
We all remember the musical treat given us last year by Arthur LeBlanc, the boy wonder violinist. Mr. LeBlanc is now doing another tour but unfortunately, will not play at Newcastle. However, he will be at the Chatham Opera House, Wednesday, October 15th and it will be worth while going over. He has with him Desire Bourque the baritone vocalist whom we will remember and Major W.A. McKee, pianist.

You may reserve your seats at Hickey's Pharmacy, Chatham.

PENITENTIARY FOR A RICHIBUCTO MAS
Albert Kelly of Richibucto charged with the theft of two bicycles and a blanket and with holding up men on the street for money and who was under suspect ed sentence for crimes committed at Richibucto was sentenced by Police Magistrate Demers to two years' imprisonment in the Maritime penitentiary at Dorchester. Chief of Police Hopkins rounded Kelly up some days ago and the prisoner was remanded after appearing before Magistrate Demers. Bert Miller, Frank Barry who were rounded up by Chief Hopkins for stealing an automobile and valuable fishing nets a few weeks ago have been sent up for trial by Police Magistrate Demers and will appear before Mr. Justice Barry at the Northumberland Circuit Court on November 4th.

THANKSGIVING DAY
November 10th has been proclaimed as the day of general thanks giving throughout Canada.

REMEMBERED BY FRIENDS
Millerton, N., Sept 30—A number of the many friends of Mr. and Mrs. Clyde Simpson met at the home of Mrs. W.A. Simpson, the mother of the groom, and tendered the young couple a variety shower. Mr. George Ite wheeled the heavily laden wheelbarrow which was decorated with white paper and maple leaves, into the house and after Mr. Ite's address of good wishes to the young couple, the bride and groom opened the many parcels. The reading of the humorous verses was enjoyed very much. Following this a delicious luncheon was served, and all went home after expressing their good wishes to the happy couple.

THE NEGUAC OUTRAGE
Further particulars of the fiasco at Neguac on Wednesday night, when Mr. Robichaud, the Federa member for Gloucester declined to meet Mr. Doucet of Kent in joint debate only add to the ignominious nature of the break down. The facts are that Mr. Robichaud challenged Mr. Doucet to engage in a joint debate. Mr. Doucet promptly accepted and accorded Mr. Robichaud the privilege of naming the time and the place. Mr. Robichaud named Neguac the parish nearest his home county and a parish which went Liberal three to one in the last general election. He also named Wednesday night as the time and the meeting was advertised accordingly. When Mr. Doucet arrived at the hall he found Mr. Lapointe, Minister of Justice from Quebec; Mr. Copp, Secretary of State and others present with Mr. Robichaud. Mr. Doucet was willing to take them all on, but he was informed that it was a Liberal meeting and that only Liberals would be allowed to speak. Most of the time was taken up by Mr. Lapointe, Mr. Copp; Mr. P.P. Melanson of Kent and Mr. Snowball while Mr. Robichaud spoke briefly. The report in the St. John Telegraph-Journal, which is friendly to the government says there was much dissatisfaction with the turn of affairs and that the disappointed crowd "heckled the speakers considerably." This cowardly and unfair action on the part of the Liberal managers has given rise to much adverse comment where the facts have become known.

Saved Baby's Life

Mrs. Alfred Tranchemontagne, St. Michel des Saintes, Que. writes:—"Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers." Mrs. Tranchemontagne's experience is that of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach thus relieving all the minor ills from which children suffer. The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.
