ANDREW CARNEGIE IS TAKEN TO TASK

For Statement That Present Coronation Will Be The Last

Toronto, June 19—J. S. Wilson, editor in chief of the Toronto News, replied tonight to the statement of Andrew Carnegie, cabled from Scotland, Saturday to the effect that "This coronation will prove the last thing and 'England will never stand for another."

"As one of the leaders of the peace movement," said Mr. Wilson, "one doubts the wisdom of Carnegie's statement. The chances are that modern people are profoundly interested in the coronation and British people at least will not fail to attend to the customs which perpetrate the splendid traditions and suggest so much of which the race is proud."

"There is no evidence either in England, United States or any other country that people have ceased to be attracted by the great historical celebrations or by the ritual and ceremonial which enter into so many human institutions. The great fact, however Carnegie seems to ignore is that the British empire will end when the last King of Great Britain is crowned. The sentimental bond between Great Britain and the colonies rests mainly on monarchy."

"What Carnegie fails to mention is that the British empire will end when the last King of Great Britain is crowned. The sentimental bond between Great Britain and the colonies rests mainly on monarchy."

"The two main statements—that the 'Army' guarantees employment and gives disinterested advice—are unmitigated lies. Such specious 'guarantees' have been given to thousands of unfortunate people who the commission on passage money and the capitulation fee paid by the Government once in the pockets of the 'Army' have been left to shift as they can in Canada, frequently to die of exposure and want. As to the 'Army' advice being 'disinterested'—the falsity of such a term is at once manifest to anyone who has a knowledge of the Englishman's attitude towards his 'clients' of the head money—often blood money—and commission 'benevolent' efforts."

Leave It to the Other Man. I grant that the Scandinavian, the Canadian and others who have come from the coldest parts of North Europe, do fairly well, for they are used to hard living in the snow and the farmer from the United States thrives and finds that Canada suits him. He is used to the climate, to the system of farming, and to the life in general. Then he brings capital and farming implements, and as a rule a wife and husky sons to help him. He is the man that Canada wants. The Englishman—unless he has plenty of money and can pay others to make his farm go—will fail. His bones are strewed the country from the Atlantic to the Pacific.

Charge—As Practised in Canada. As an example of the country's feelings towards outcasts, I may mention that when I was here last year there was a hizzard. In it was caught a local preacher, who was making his way home from a friend's house some miles away. He struggled through the snow and the pitiless fog of small ice, and broke down. His feet swelled, and he had to remove his boots. Then on a man in the terrible struggle, and at last he reached a farmhouse, and next morning was found badly frost-bitten and almost dead. He is both feet. The kindly Canadian farmer who kept the farmhouse stated that he had heard him knocking, "but thought he was a tramp!" Only a tramp, and yet it was a night that would have compelled you to open your door and admit the shivering wretch to warmth and shelter. Pity the English "down and out" but some think it the Canadian North. Big prices were paid for the land.

Death of Benjamin B. Keeler. Ottawa, June 19—Benjamin B. Keeler, a well known newspaper man, died in this city this morning after a protracted illness.

Grain Growers Will Ask Mr. Borden for Pledge Favoring Reciprocity and the Preference

Brandon, Man., June 20—Probably the most important resolution to be presented here this afternoon by the Manitoba Grain Growers to R. L. Borden, the Conservative leader, who is touring the West, will be that dealing with reciprocity and with the British Preference. Its sponsor will be E. W. Scallion, of Yrdele Man., hon. president of the Grain Growers, and he will strongly advocate reciprocity, the argument following the line that the United States is rapidly losing its status as an exporting country of agricultural products and that shortly it must import goods. The British market is not sufficient to absorb the Canadian exports surplus and that the new market such as this would be necessary to the prosperity of agricultural Western Canada.

Coupled with this is the request of a pledge from Mr. Borden that the British Preference be increased to fifty per cent. on his being returned to power, and that it be increased from year to year until free trade prevails between Canada and the Mother Country. The delegation is expected to meet Mr. Borden about five o'clock this afternoon, and great interest is being taken in the nature of his reply.

No Decent English Girl Should Come to Canada

Another of the English Publication's "John Bull" Sweeping Denunciations of Canadian Life and Customs—Talks of Siberian Hardships.

The English publication "John Bull," which is getting after notoriety by telling what it calls the "truth" about Canada, has an unusually venomous article in its issue of May 27. This is not the first article of a similar pernicious nature which has appeared in this sheet. The most recent one reads as follows: "Our commission on the 'free lands' sends the following continuation of his description of life on the '160 acre lots':—

The Salvation Army is at the present moment touting for single women to come out and become the wives of Canadian farmers, but as this is a matter that will demand quite a supply of space for itself it will leave it over for a future letter, with the bare remark that if the English people know the life and the conditions to which the Salvation Army is endeavoring to inveigle the women of our country, they would rise up and howl. Take hold of the most hardened virgins in the country and ship them out if you wish, but for heaven's sake do all in your power to prevent average decent English girls from coming out to Siberian hardships and from becoming the bond-slaves of men who have for the most part become the beasts of the field upon them as farm chattels.

The following advertisement appeared recently in the Newcastle Daily Journal: "Workers wanted in Canada—The Salvation Army guarantees employment; gives disinterested advice free. Must pay own fares. (See Shipping Column).—Apply Colonel Lamb, Head Office, 12, Queen Victoria street, London, E.C. 2, etc."

Why "No English Need Apply." Here is a typical advertisement: "Wanted—Young men, well educated, good general work; no Englishman need apply; good wages to smart man.—213 Blocker."

It is, of course, probable that in some cases the sturdy independence of the Briton may be pushed to an undue extreme—like other men, the Englishman has the defects of his qualities. It is only natural that the Englishman, having been coaxed and persuaded into emigrating and made to believe that he was very badly wanted, should feel more at home and therefore more free to criticize and express his opinions, than the foreigner accustomed in his own country to be subject to the capricious whims of his employers. But probably behind an objection to the Englishman on the ground of his self-assertion and optimism lies the stronger consideration that he will not submit quietly to the bullying and sweating of tyrannical foremen, the uncleanly surroundings of the construction camp, or the petty abuses and impositions which the "obedient" and "tractable" Italian and Macedonians regard as all in the day's work.

R. Crowe Arrested at Teheran. Winnipeg, June 20—Raymond Crowe, formerly of Winnipeg, and lately of Bergen, Man., was arrested at Teheran and brought to the city today by Chief Hanson, of Carman, Man. The charges against him at Teheran was the theft of a watch. He was known there as R. Bruce, but was brought to the city because he answered the description of Crowe sent out from Winnipeg. Crowe was wanted on a charge of stealing \$220 from a fellow boarder in the city.

NORTH HAS RECORD DOWNPOUR OF RAIN. Athabasca Landing, Alta., June 19th, 1911.—The north country was visited yesterday afternoon and last night by one of the heaviest rain storms for many years accompanied by high winds and some hail, but none to do much damage. Those who have lived in this district say it was the greatest downpour they had ever seen. So far as heard from no damage has been reported.

The Swarm of Foreigners. Toronto swarms with foreigners, by no means all of whom live in "The Ward." There are little centres of foreign settlement at different points, some of them presenting similar features. The total number of foreign-

ROOSEVELT HAS ANANIAS BEATEN

Also Baron Munchausen, and Mendez Pinto Says—General Otis.

Los Angeles, June 19—General Otis, proprietor of the Los Angeles Times, publishes a scathing editorial today concerning the attack made by President Roosevelt on the dynamiting of the Times building. Otis says in part as follows: "If Theodore Roosevelt had been contemporary Ananias, Baron Munchausen and Mendez Pinto, these illustrious romancers would have been distanced and would have lost their titles."

"The many-colored coat Joseph wore was uniform and sombre compared with the coloring of Roosevelt's political robe. Of all the janus-faced chameleons of the past, no other has right fabricators that ever tried the patience of friends and invited the scolding of foes, he certainly is the limit. The name 'beast' both ways' is adequate."

"In spite of evidence taken before the Grand Jury upon which the McManasse was indicted, the Times has never made an assertion and does not now make the assertion in advance that the McManasse was guilty. It is less proven guilty beyond the reasonable doubt of being either actual principals, local participants, crimines, or accessories before the fact to the dynamiting of this own building and of reputation for standing for the square deal when he rushed unapologetically to the defence of the suspected and indicted dynamiters by doubling the price of the McManasse's paper, charged for that he had a right to do—by doubling whatever any dynamiter might have been done by anybody; for that is what it means. His latest position on the union label is a further proof of his unscrupulousness. The last issue of the Outlook is that the McManasse is a man who is not to be trusted. He sits at the feet of Tompkins, casts about for a phony and a phony man, which no man needs fear."

SENSATIONAL CASE AT VICTORIA. Young Vancouver Business Man Sentenced to 7 Years. Vancouver, B.C., June 20—A Lloyd Faulkner, 24, one of the best known young business men of Vancouver, was at Victoria yesterday sentenced to seven years in the penitentiary. The case is a very curious one and in some features incomprehensible. Faulkner came from Toronto where he has a good family, and built up a good brokerage business here. A year ago he married a Toronto girl who in some way got into the employ of the park authorities running to seek shelter under a tree during yesterday's shooting at the Coronation church parade. The girl's father, Harry Morgan, a well known Calgary banker, had offered five thousand dollars to the girl's guardian to withdraw the suit. Faulkner was committed for trial and was arraigned yesterday. He stoutly denied and a sensational scene was enacted in the Victoria court, when it was alleged that Harry Morgan, a well known Calgary banker, had offered five thousand dollars to the girl's guardian to withdraw the suit. Faulkner was committed for trial and was arraigned yesterday. He stoutly denied and a sensational scene was enacted in the Victoria court, when it was alleged that Harry Morgan, a well known Calgary banker, had offered five thousand dollars to the girl's guardian to withdraw the suit.

Bank Clerk Dies. Soo, Ont., June 19—E. F. Barb, the young bank clerk who shot himself on Friday, died this morning following his wounds. He was worried over his conscience.

FINED FOR ASSAULT ON A POLICE OFFICER

J. A. Downie Fined \$25 and Costs by Magistrate Crowe for Assault on Detective McNaughton—Case Will Be Appealed, Says Counsel for Downie. J. A. Downie was fined \$25 and costs by Magistrate Crowe in the police court yesterday on the charge of assaulting Detective McNaughton. Downie was charged with striking the detective on the head with a brick. Downie was fined \$25 and costs. He is appealing the conviction.

AMARMED AT MANY AVIATION PARITIES. Paris, June 19—The question was raised in the French senate today whether the government should continue to permit aviation contests in view of the sad tragedies of yesterday and especially whether the army officers to take the risks that they do while the art of aeroplaning is still far from being perfected. Senators G. de Villaine and Widington and others deplored the events of Sunday and doubted the propriety of the minister of war's active participation at a science so lately developed.

BOMB IN CABLE CONDUIT. Third Explosion in a Month Shatters Windows in Chicago. Chicago, June 19—For the third time within a month an explosion occurred today in a cable conduit of the Commonwealth Edison Company under the subway of a railroad track. It shattered windows in buildings within a radius of a block and three several families from their beds. The police believe the explosion was caused by a bomb set off by labor agitators. Officials of the Edison Company, however, say they have had no recent trouble with their employees and are unable to solve the cause of the mysterious explosions.

First Train on the Grand Trunk Pacific Branch Line Through Camrose.

Camrose, Alta., June 20—Every town along the G. T. P. branch line from Telford to Bashaw turned out on Monday evening to see the first train which marked the inauguration of a passenger service on this line. The train was composed of three coaches and a baggage car, pulled into Camrose at 8.50, and was welcomed by a rousing cheer from several hundred enthusiastic citizens. On the return train which passed through here at 2.15 this morning there were a large number of residents of New Norway, Bashaw and other towns to the south of Camrose, who showed their appreciation of the long delayed service by taking a trip on the first train to Edmonton.

This service will mean much to Camrose people, as it will abolish the necessity of a four-hour stop-over at Wetaskiwin as was the case by the C. P. R. route. The schedule is so arranged as to give a five-hour stay in Edmonton. There is no doubt but that this line will be very popular. Local merchants received express from Edmonton on the first train and local wholesale houses shipped goods by express to points south. The agent will buy all day living freight rates to business men for all points along the line.

Final Location of C.N.R. Grade to the Mountains

Survey Parties Returning to the City—To Proceed From Here to Locate Branch Line to the Peace River Country at Once.

Final location of the grade of the Canadian Northern railway as far as the boundary of British Columbia has been made by two C. N. R. survey parties returning to Edmonton this week. E. M. Hill of Winnipeg had come in to the city with a party of sixteen men and J. P. McManasse will reach the city today with a party of equal number. These two parties will then join forces to survey a branch line of the C. N. R. from a point west of Edmonton to the Peace River country. One this survey they will likely start out towards the end of the week. The line of the C. N. R. was to be from mile 74 west to mile 111; from this point the survey was carried to the British Columbia boundary at mile 130 by Surveyor McManasse's party. Good progress has been reported on the work on the C. N. R. grade. Grading operations are now in progress as far west as mile 46, west of Wolf Creek. The contract for this section has been let as far as Brulo lake, at mile 74. At this point the finally surveyed line crosses the Athabasca river. The Grand Trunk line is intersected at mile 106, five miles beyond its Athabasca crossing. A survey party under Engineer Baskin, of the C. N. R., is now on its way west to take up the work at the British Columbia boundary and continue the line through British Columbia.

FINDS TREASURE TROVE IN MOUNT ROYAL PARK

Monetary June 19—The chance discovery of a veritable treasure-trove of gold and silver articles on Mount Royal has given to the police a clue to the identity of the robbers responsible for the many church burglaries which have occurred during the past few years, and which ceased suddenly only a short time ago. The police are now in the employ of the park authorities running to seek shelter under a tree during yesterday's shooting at the Coronation church parade. The girl's father, Harry Morgan, a well known Calgary banker, had offered five thousand dollars to the girl's guardian to withdraw the suit. Faulkner was committed for trial and was arraigned yesterday. He stoutly denied and a sensational scene was enacted in the Victoria court, when it was alleged that Harry Morgan, a well known Calgary banker, had offered five thousand dollars to the girl's guardian to withdraw the suit.

HELD HORSES FOR CAB MAN AT COST OF LIFE

J. Locke, of Vancouver, Dies From Injuries Received in Runaway Accident on Cambie Street Bridge, Saturday Night. Vancouver, B.C., June 19.—Locke, 1879 Main-street, died at the General Hospital early this morning from injuries received in an accident Saturday night. Locke happened to be crossing Cambie street bridge on Saturday night when he offered to hold the horses of a cab driver while the latter extracted a nail from the foot of one of the animals. The horse became frightened and bolted, the cab passing over Locke and his spine was broken.

AMMUNITION SEIZED AT BORDER

Villa Garcia, Spain—Advices from Ponto Vedra state that the authorities stopped and seized at the railroad station two cases filled with arms and ammunition destined for use of the Portuguese monarchy. The supplies had been unloaded from a German steamer and forwarded by rail on the strength of the shipper's affidavit that they consisted of machinery.

CONSERVATIVE NOMINATIONS

Woodstock, Ont., June 19.—The Oxford Conservative yesterday nominated James G. Wallace of the Commons and Robert F. Wallace of the Legislature. Both seats are now held by Liberals.

FIFTY REINDEER FOR THE NORTH

Will be Used Instead of Dogs for Winter Travel.

Ottawa, June 20.—The government of Canada has made an addition to the transportation facilities of the country in the form of fifty reindeer. The purchase was made from Dr. Grenfell, of Labrador, who is being paid fifty-one dollars apiece for the animals. They will be taken from Labrador by boat to Quebec in September and will go by train to Edmonton or to Athabasca Landing. The journey down the Athabasca river to Fort Smith, which is the destination of the herd.

The reindeer had proved a great success in Labrador. The conditions have been found entirely suitable for them, and the original herd of three hundred has grown by natural increase to some twelve hundred. They have proved a boon on more than one occasion. It is believed that they will prove even more useful in the Canadian North, where dog teams are now used for winter travel.

The great problem of finding food for the teams, which has to be calculated upon where dogs are used, is solved by the reindeer, which thrives upon moss, not only drawing its load, but giving nourishing milk upon this food. It is expected that the experiment at Fort Smith will prove a success and that winter travel in the Canadian north will be robbed of its dangers entirely, and of a good deal of its hardship. The reindeer is probably the best animal for the purpose, and the natives may be induced to adopt and breed them, as they are bred in Lapland. The purchase of the herd for the government was made through Mr. H. Campbell, head of the forestry branch, and the herd will be installed at Fort Smith about the middle of July. Dr. Grenfell will send two men along with the animals to give instructions in their care and management. A quantity of moss will be taken from Labrador to provide the herd with food until it reaches the Canadian north, where it will be used for winter travel.

THEM COMMENTS LAURIER

For the Third Principle He Has Laid Down. Canadian Associated Press. London, June 19.—The Times says: "Canada is unquestionably handicapped by the twelve favor-nation treaties negotiated many years ago to suit our convenience, rather than hers. The maintenance of such treaties is not only an advantage to a foreign power it does not extend to the Empire as a whole. He has done good imperial service in laying that down with so much clearness and emphasis. Foreign powers, however, will be guided in their dealings with the British Empire more by the action which its different governments take. It will not be long before their foreign friends will be able to make the maintenance of Laurier's principle quite as inconvenient as the favored nation treaties are today. Brakeman McIntyre had his arm and nose broken and Conductor Howland was also injured. These were the new crew of an engine and caboose westbound and all live at Moose Jaw.

AN EASTBOUND FREIGHT OF FIFTY-EIGHT CARS HAD ORDERS TO MEET THE LIGHT TRAIN AT WINRO, BUT OWING TO A HEAVY DOWN GRADE AND CURVE AT THAT POINT THE WEIGHT OF THE TRAIN AND POSSIBLY THE FAILURE OF THE AIR BRAKES TO WORK THE TRAIN DID NOT STOP BUT CRASHED INTO THE LIGHT TRAIN ABOUT TWELVE CAR LENGTHS PAST THE END OF THE SIDING JUST AS THE TRAIN WAS SLOWING DOWN TO TAKE THE SIDING. THE HEADLIGHT ON THE LIGHT TRAIN WAS BURNING.

Engineer Pratt did not jump in time and was buried under the cars of the other train; the trucks of one car driving his head and legs into the ground. Brakeman Bradley was on the platform between the engine and caboose ready to open the switch when the force of the collision threw him off his feet. The injured were brought into the Indian Head hospital.

DISTRICT NEWS

Bulletin News Service. Mrs. T. A. Norris and children are visiting relatives in Provost.

Mr. Jas. McKenzie, Detroit, Ontario, who is touring the west, spent Monday here as the guest of his cousin, Mr. T. A. Norris.

The Presbyterian Ladies' Aid met at the home of Mrs. Chas. Chitt on Wednesday afternoon.

Mrs. J. F. Stiles and family left on Tuesday afternoon for Steady, Eye, Minnesota, to spend the summer.

Mr. Jack Stoller returned on Saturday from Illinois, where he had been on a visit to his parents.

Mr. Steve Becker has had his face and hands poisoned by dust while working at the elevator.

Notice proclaiming next Thursday, Coronation day, a holiday, have been posted in different places in town.

The entertainment given by the Mental, Psychic and Mystic company on Wednesday and Thursday night, was very well attended.

At the school board meeting on Monday night the plans and specifications of the new school were thoroughly gone into.

Councillor Lowry and Dr. Robinson attended the semi-annual meeting of the Ephrussi in Calgary this week.

Mrs. A. M. Anderson, accompanied by Mrs. Frost, Winnipeg, arrived home on Saturday night, after spending several weeks in the hospital at Calgary.

NEW HEALTH AND NEW STRENGTH FOR SUFFERING WOMEN

Aching Backs, Tired Limbs, and Splitting Headaches... In silent patience nearly every woman endures suffering that casts a shadow over half her existence.

At St. Constant this afternoon 2000 people assembled to hear the postmaster general.

Mr. Bourassa attacked him more than one occasion, but could never prove a single assertion against him.

Mr. Roch Lanctot, M.P. for La Prairie, discussed the matter more fully, stating that reciprocity would secure better prices for wheat.

Other speakers followed in similar vein. The average wheat price in the west was of a like nature.

Mr. O. Hommand, special stip coronator at the Toronto Globe, who is reporting the reciprocity debate at Washington, sent the following intensely worded report of the first day's debate on the bill.

Mr. C. N. R. Assessment Appeal. The commissioners will conclude their work as a court of revision of the assessment roll at a session to be held this morning at ten o'clock.

UNIQUE DIET FOR JURY. Denver, June 22—A diet of lettuce sandwiches and water for the jury in the "case against D. Frank Lanctot, a former broker, charged with working a confidence game, was ordered yesterday by Judge Hubert Shattuck, of the West Side Court.

ENDORSE MOTION OF SIR WILFRID

To Release Dominions from Operation of Foreign Treaties.

London, June 16.—The feature of today's session of the Imperial conference was a resolution proposed by Sir Wilfrid Laurier that the government be requested to open negotiations with the several foreign governments having treaties which apply to the overseas dominions, with a view to securing liberty from those treaties for any of the dominions which may so desire to withdraw from the operation of the treaty without impairing the treaty with respect to the rest of the empire.

Sir Wilfrid said the proposal had been before the public for some time and had given rise to various comments, some taking one side of the question and some the other.

There is a fair and reasonable necessity for what I call "the resolution," as might be shown by the experience of Australia, who, when they wished to give preferential treatment to British products carried in British ships were prevented from doing so by the most-favored nations clause in certain treaties.

Difficulty Faced Canada.—A similar difficulty confronted Canada when she also wished to give preference to her own country. There were twelve treaties in existence containing that clause.

The United Kingdom had a free trade system, while the dominions had fiscal policies based upon the raising of revenue by customs duties, and even among the dominions, no two of their tariffs agreed.

Not for Separation.—Premier Fisher (Australia) said that both Sir Wilfrid's resolution and his arguments strongly recommended themselves to the commonwealth point of view.

General Botha of South Africa, also expressed satisfaction with the resolution; Premier Morris of Newfoundland, expressed himself as being entirely in its favor.

Grey Also Approves.—Sir Edward Grey, British secretary of State for foreign affairs, stated that the resolution was one which, in his view of the facts, he would accept.

Imperial Co-operation.—Another resolution which came before the conference was that moved by Australia, urging that every effort be made to bring about co-operation among the states of the Empire in commercial relations and matters of mutual interest.

development attained and attainable; the facilities for the production of articles of manufacture; the trade of each part with the others and outside world; the food and raw material requirements of each and the sources thereof available; also to what extent, if any, the trade between each of the different parts of the Empire had been affected by existing legislation in each other, beneficial or otherwise.

Right Hon. Lewis Harcourt, president of the Board of Trade, said the resolution was only another step in the policy which had been the governing note of the conference, namely, by not of Imperial co-operation. In one respect, however, the resolution might be misunderstood.

Chancellor Lloyd George said the existing fiscal policy of each part of the Empire, whether its trade with the others might not be improved and extended and to make proposals to carry goods across the continent involving transshipments, therefore there would be considerable loss on the Pacific side, although it was possible that on the Atlantic side, the necessary revenue might be obtained after some years.

Premier Ward said the scheme being put forward merely for the purpose of carrying goods from New Zealand to England by sea, was impracticable, but the development of trade between Australia and New Zealand with Canada had always been an important consideration.

Other Premiers Approve.—Premier Ward, of New Zealand, thought the proposal met the position in a very practical way.

Chief expenditure was \$30,852,863 on railways including the National Transcontinental Railway. At the close of the year the total debt was \$340,641,852 against \$336,773,305 in 1910.

GENERAL OTTER IS INSPECTING CAMP Expresses Himself as Well Satisfied With the Progress the Troops are Making—83 Officers and Men and 730 Horses in Camp.

Calgary, June 16.—Brigadier General W. D. Otter, inspector general of the Canadian militia, arrived in the city last night and is spending today and tomorrow in the military camp. General Otter will not make any official inspection of the full force, but in looking over the work of the troops as they go through their regular drills on the open grounds allowed to each corps and regiment.

COAL STRIKE GROWS SERIOUS. Calgary Cement Plants Out of Fuel. May Have to Close Down. Calgary, June 20.—It is hoped that the various labor unions here will use their influence to put an end to the strike, for the conditions are daily becoming more serious here.

Trade Goes to U. S. Premier Morris, of Newfoundland, who had given notice of a resolution to urge that for the purpose of establishing a line of fast steamers, British Canada and Newfoundland contribute an annual subsidy based on and in proportion to their wealth and population and trade interests.

tariffly service with Great Britain the same forty years ago; they had several lines of communication between the United States and Newfoundland in addition to the practically daily freight service.

Premier Laurier said that so far as Canada was concerned they were together in favor of a resolution, Premier Fisher, however, said that while there was much to be said for the All-Red route on the sentimental side, the practical side must stand on its merits.

Lloyd George's Comment.—Chancellor Lloyd George said that practical difficulties were certainly very great for a service of such a character, but he thought it was possible to arrange the details of a deal of this kind and he thought the suggestion that the matter be referred to the proposed royal commission was a very good one.

Why He Opposes Power Scheme.—Commissioner Bouillon Takes the Ground That the Construction of the Plant Would be a Paying Proposition at the Present Time.

Another Engineer and a Rater Oppose Proposed Expenditure.—"My opinion of the proposal to develop power at Grand Rapids," said Commissioner Bouillon yesterday, in response to a question from the Bulletin, "was expressed in the report which I submitted to the commissioners several days ago."

REVENUE SHOWS A BIG INCREASE Ottawa, June 16.—The financial statement for the Dominion for the fiscal year which closed on March 31 shows a total revenue of \$117,780,409 compared with \$101,503,710 for 1910.

TARIFF MEASURE WILL BE RUSHED

United States Senate Finance Committee to Push It Along.

Washington, June 16.—The determination of the senate finance committee to push through the Canadian reciprocity bill with all possible speed and the confidence of the senate leaders that there is a clear majority in favor of the bill without amendment, was made plain today, when Senator Penrose of the committee forced the bill into its second reading before the senate and announced its probable early passage.

Consideration of the measure today was brief, as not one was prepared to speak at length upon it. Before the senate assembled, Senator Penrose had given out a formal statement claiming, in brief, in favor of the passage of the bill, and more than that many against the importation of wood pulp and paper.

Another Engineer and a Rater Oppose Proposed Expenditure.—"My opinion of the proposal to develop power at Grand Rapids," said Commissioner Bouillon yesterday, in response to a question from the Bulletin, "was expressed in the report which I submitted to the commissioners several days ago."

# PS COUNCIL DEBATE

## Woman Under Sentence Death is Discussed.

June 19.—The National Council discussed the case of a woman under sentence of death, under sentence of death, under sentence of death.

It was passed that the woman should be pardoned for an interesting debate which an absolute pardon was her condition at the time she was committed to the workhouse.

After lunch on the question under sentence of death followed resolution that the council did not record as seeking an opinion and Mrs. Leathers desired to be certain of mothers that they asked to do so.

Planning Mill on Fire. Mrs. June 16.—The planing mill yards of the Frye Mfg. Co., located a mile of the east side of the city, were destroyed by fire last night.

Lends Portugal Aid. June 17.—Portugal has requested Spain to take up an end to the conflict Portugal held in the Portuguese refugees. As is ordered the arrest of the ruler and Commander leaders of the Royalist.

ES NE TEMERE—Rev. Al. of Winnipeg, who moved to Ontario in the General Assembly, denouncing the "Protestant marriage decree." He himself is in favor of a marriage law for all.

LONDON TORONTO CALGARY WINNIPEG HAMILTON MONTREAL VANCOUVER ST. JOHN N.S.

# HONOR LISTS FOR THE CORONATION

## Canadians Receive Titles in the Free-handed Distribution.

**THE CANADIANS WHO ARE HONORED**  
The following are the Canadians who have received coronation honors:  
Knight of the Grand Cross of St. Michael—Sir Charles Fitzpatrick, Chief Justice of the Supreme Court.  
Sir W. Borden, Minister of Militia.  
Companions of the Bath—Prof. Adam Shortt, of the Civil Service Commission, and A. P. Sladen, secretary to the Governor-General.  
Knights Bachelor—Senator Melvin Jones, President of the Massey-Harris Co., Toronto, and William White, Vice-President of the C.P.R., Winnipeg.

London, June 19.—The coming coronation of King George is signaled by a free handed distribution of honors. In the list announced today the colonial premiers figure prominently. Sir Jos. G. Ward, prime minister of New Zealand, is promoted to a baronetcy. Andrew Fisher, premier of Australia and Sir Edward Morris, premier of Newfoundland, are made privy councillors.

The Earl of Crew, who was the Liberal leader in the House of Lords until his withdrawal recently on account of illness, is made a marquis. Lord Rosebery, Lord Curzon of Kedleston, and Lord Brassey are made earls. Lord Rosebery will hereafter be known as the Earl of Midlothian. The Rt. Hon. Alex. W. Murray, Master of Elibank, the chief Liberal whip in the House, is made Baron Knollys, the King's secretary, Lord Bessborough, and the Rt. Hon. Arthur D. Balfour, member of the House of Commons for Kent were made viscounts.

Both of the King's secretaries, Lord Folke and Lord St. Leonards, Sir Arthur B. Biggs, are recognized, the latter being one of the nine new barons created. The others are Lord Mountgarret, Sir Charles D. McLaren, Sir Alexander Acland Hood, the chief Conservative whip, who has given much time to Indian affairs, Archibald C. Cochrane, member of parliament for Glasgow, Thomas Galr Ash-ton, M.P. for Leicestershire, and Godfrey R. Benson.

Twenty New Barons. Altogether twenty new barons and forty knights are created. The stage has been recognized by the knighting of George Alexander, the actor manager.  
Sir R. Isaacs, the attorney general, McKinnon Wood, parliamentary secretary of the foreign office, Dr. T. J. McNamara, secretary to the admiralty, Sir T. Vezev Strong, lord mayor of London, and Frederick Hutch Jackson, a prominent banker, are among the new privy councillors. The baronets and knights include men conspicuous in commerce and science.  
Several hundred decorations have been bestowed. The Grand Duke Adolph Frederick of Mecklenburg, the Duke of Argyll and the Duke of Pile are given the order of the garter. Sir Charles Fitzpatrick, chief justice of Canada, is made a Knight of the Grand Cross of St. Michael, while Robert Alexander Falconer, president of Toronto University, and Charles C. James, deputy minister of agriculture, Toronto, are made Companions of St. Michael and St. George.

Rain in London. Rain began falling steadily early this afternoon and the flags on the streets tonight hung limp with their sandy colors while paint ran down the columns of the triumphal arches. Some of the finest decorations arranged for the coronation celebration being ruined. The spectacular stand arch of London is clearly damaged, but the town has a festive appearance regardless of the unkindness of the weather.  
Buckingham Palace was the centre of popular interest and tonight as last night traffic was congested throughout a wide area. Central London will be a little rest day or night until the ceremonies are over.  
Well into the small hours of the morning there was a constant parade of belated spectators watching curiously the thousands of workmen engaged in completing the decorations of which much still remains to be done and must be done at night time owing to the difficulty in obtaining sufficient men. The stands are being hurriedly painted and hung with red lights and garlands are strung across the streets, while the finishing touches are being put on other decorations.

# BY NEXT FALL G.T.P. TO TORONTO

## Good Progress in Construction Reported to Railway Commission.

Ottawa, June 16.—The transcontinental commission is receiving gratifying reports of the progress in the construction of its line. From Wolf Creek a considerable distance west of Edmonton, to Graham or Lake Superior Junction, over which section the line is now in full operation. It is constructed also 52 miles east of Graham towards Cochrane, while from the latter point it is built westward 128 miles. There is a gap of 200 miles to be built after which through connection will be made with the old main line of the Grand Trunk operation from Edmonton to Toronto is expected by next fall.  
On the eastern section good progress also is being made. From Moncton to Weymouth, a distance of 700 miles, line for line, the Tugue to Quebec, will, as stated previously, be operated this fall and that from Lewis to Moncton next year.

# REPORT IS CREDITED IN OFFICIAL CIRCLES

Feeling Grows That There May Be Basis for Report of Lord Strathcona's Retirement—If True Retirement Will Be Voluntary.  
Ottawa, Ont., June 19.—In the absence of Sir Wilfrid Laurier, no confirmation can be obtained here of the report that Sir Daniel McMillan, lieutenant-governor of Manitoba, will succeed Lord Strathcona as Canadian High Commissioner in London. Owing to the persistency of the reports from London bearing on Lord Strathcona's probable early retirement, the feeling is growing in official circles that there may be some basis of fact for it. If Lord Strathcona drops out it will be because he desires to do so, as there is no disposition on the part of the Government to even suggest that he should make way for another.

# THE FINANCIAL AND COMMERCIAL MARKETS

EDMONTON CITY MARKET  
Edmonton, June 21.—A very rapid decline of better has marked the local market during the past few days and many and dourful are the tales of woe told by those who were caught long on butter. The reason is for experts in following markets is that the market is as usual at this time of year, seems to have played no small part. At outlying districts there seems to be an over supply also.  
Eggs are suffering the same fate. According to all the laws of averages eggs at this time of year should be almost as scarce as home runs, but Betty seems to have made a fresh start and her collection of eggs is growing apace. Ten days ago the wholesale price was 25 cents, but 20 cents is now a good figure. The produce companies are paying 18 and 19 cents a dozen. Retailers still cling fondly to the top notch point they reached the week before last. The way out keeps up is surprising. Everyone who is getting into the market this summer is being disappointed right and left for they seem to rise higher each day. Not that they are scarce. On the contrary, they have not been coming in throughout the winter faster than there are now but not even the highest price seems to shake the determination of prospective buyers.  
Potatoes are more plentiful now. The market was only too well supplied today. The highest price was 40 but 60 was nearer the market.  
MARKET PRICES TODAY WERE:

# BABY'S LIFE THREATENED BY SUMMER COMPLAINT

The life of every baby is threatened during the hot summer months by that dreaded trouble—summer complaint. Thousands of children die every summer from this trouble—thousands of happy homes are made dark and sorrowful because a precious little life has been snuffed out. But mothers, though you fear this trouble, you can yet fight it—yes, fight it and defeat it with Baby's Own Tablets. Concerning them Mrs. Jos. Stefa, Conits, Alta., says: "During the hot summer days my little boy took ill with summer complaint. He was seized with vomiting and nothing helped him until I got Baby's Own Tablets. They relieved him and made him a strong, healthy child." The Tablets are for sale by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

# FIRST DROWNING OF SEASON AT REGINA

Wascana Lake Claims Young Hungarian as Victim—Was in Swimming—Companion Went to Rescue and Was Drowned.  
Regina, Sask., June 18.—Wascana Lake claimed its first victim of the present season this afternoon, when Karl Harsbeck, Hungarian, aged 21 years, was drowned while swimming east of Broad street bridge. Harsbeck was in swimming with a companion when he got into difficulty, and on his companion going to his assistance caught hold of him and dragged him with him below the water. His companion, with difficulty, got free and made his way to shore and before assistance could be brought Harsbeck had sunk for the last time. The body was recovered with grappling irons an hour later.

# RAILWAY COMMISSION RESENTS HOODWINKING

Chairman Mabce and Commissioner McLean Make Frantic Comment on Appearance of Subterfuge of Railway Company Attempts to Break the Law.  
Ottawa, June 20.—What the railway commission took to be an attempt to hoodwink the western railways to hoodwink the board, drew some drastic comment this morning from Chairman Mabce and Commissioner McLean. A telegram was read by Mr. Walsh, from Saskatoon, on behalf of the Massey-Harris company asking that the board rescind an order prohibiting the Canadian Northern from delivering freight to points on lines under construction. The message was marked "imperative."  
Chairman Mabce said that this could not be done.  
Commissioner McLean—"Railways have been carrying traffic. We get all sorts of ingenious explanations, and all sorts of evasion of the truth."  
Chairman Mabce—"There are conditions read by the roads. We have nothing to do with them."

# Evasions of Truth.

It is stated on behalf of the International Harvester company that seventy-five to eighty cars of implements had been held up. The settlers were tied up and would lose their crops. It was suggested that the railway commission might hurry the railways up.  
Chairman Mabce said that this could not be done.  
Commissioner McLean—"Railways have been carrying traffic. We get all sorts of ingenious explanations, and all sorts of evasion of the truth."  
Chairman Mabce—"There are conditions read by the roads. We have nothing to do with them."

# Thoroughbred Stallion.

SIX-SHOOTER (17943) A (271) C by Sir Dixon, Dan Kentucky Bell II, Property of Walter Spore, Edmonton. Holder of the world's record for 1 mile and 20 yards, time 1:40; also the track record at Linton for 1 mile and 70 yards, time 1:43.2.5; also winner of the great Western Handicap, 1 mile, 4 yards at Washington Park, Chicago net value \$2570; the 20th century stakes, 1.2.5 miles, beating Lincoln and Hargis, net value \$7,310; the Northern stakes, 1.1.4 miles, net value \$6,150, and other races amounting to \$42,000. Six-shooter is the sire of the winner's Forty-four, Point Lace, Automatic, Dottie B. He is a Seal brown in color, stands 16 1/2 hands and weighs 1225 lbs. and is sound as a gold dollar.  
The above stallion will make the season of 1911 at Mr. Spore's Farm on the St. Albert trail, 3 miles north of Jasper Avenue, Edmonton, on the following terms:  
To 35 approved mares, terms: Thoroughbred \$50 cash, with usual return privileges. Cold-blooded mares, \$20.  
For further particulars address Walter Spore, P. O. Box 476, Edmonton, phone 7325 (rural).  
THE PRO- VINCIAL GOVERNMENT OF ALBERTA, Department of Agriculture.  
CERTIFICATE OF PURE BRED STALLION  
No. 1938-23.  
The Horse Breeders Ordinance, N. W. Territories, 1908, 23, 1908.  
The pedigree of the Stallion SIX SHOOTER is as follows:  
Bred, thoroughbred, color, brown; marks, star, whip on nose, white stockings; foaled in the year 1898, has been examined in this department and is hereby certified that the said stallion is of pure breeding and is registered in a stud book recognized by the department.  
At Edmonton, Alberta, this Tenth day of June, 1910.  
GEORGE H. HARCOURT, Deputy Minister of Agriculture.
