Large Founders LAKE OFF LONG POINT

Ceylon, Laden With Grain Sinks During Yesterday Morning's Violent Storm, Which Forced the Hatches and Sprung Her Timbers—Crew Rescued by Tug Bartlett.

KINGSTON, Oct. 23.—(Special).—The barge Ceylon, one of the latest acquisitions of the Montreal Transportation Co. from the Calvin fleet, sank early this morning a short distance from Long Point, fifty miles from Kingston.

Returning From Port Colborne. The Ceylon, accompanied by the Burma, both in tow of the tug Bartlett, was returning from Port Colborne with grain for Montreal and struck the heavy sea that prevailed in Lake Ontario last night. The storm, increasing in violence, gradually worked the hatches off and the crew were unable to keep them down, with the result that the barge gradually filled with water and the pressure of wet grain sprang some planks, causing her to settle in the water.

Signal for Help. Capt. Siddell saw the precarious condition of the vessel and signaled the Bartlett with the distress torch while the Ceylon was still afloat and came alongside so that the crew of the Ceylon were able to step on board. Great credit is due Captain A. Lepine, Jr., for bravery in turning in the rainy sea, and the pressure of wet grain sprang some planks, causing her to settle in the water.

GOVERNMENT GRANT FORFEITED BY OTTAWA SEPARATE SCHOOL FOR DEFIANCE OF REGULATIONS

Stubbornness of Trustees in Refusing to Abide by Act Concerning Bilingual Instruction, Makes Them Personally Responsible for Moneys Required—Interesting Developments Expected.

OTTAWA, Oct. 23.—(Can. Press).—The stand taken by the Ottawa Separate School Board in regard to the bilingual question resulted today in the board being notified by the department of education that owing to the fact that there has been no report from the inspector of schools for the last school year, the separate schools of Ottawa were considered according to the school act and regulations, all grants due for the current fiscal year have been forfeited.

Fighting Near Monterey

MEXICO CITY, Oct. 23.—(Can. Press).—Fighting is reported to be in progress in the outskirts of Monterey. Rebels are said to have made a dash into a suburb and taken possession of some of the outlying positions. The attack on Monterey began this morning, the first shots being fired about 10 o'clock. Shortly afterwards the telegraph lines were cut and communication ceased.

FEDERAL BANK NOW PROPOSED

U. S. Senate Considers Plan to Have Government Institution Dominate Banking System.

WASHINGTON, Oct. 23.—(Can. Press).—A government controlled and operated central bank to dominate the financial system of the country, entered the legislative arena today as a bill of the administration regional reserve currency plan, Frank A. Vanderlip, president of the National City Bank of New York, presented the new plan to the senate banking and currency committee. He had evolved the scheme as a result of conferences with members of the committee who, he said, had expressed approval of such a plan.

Under his proposal the government, through a board of seven members, appointed for terms of 14 years, and receiving salaries of \$15,000 and \$12,500 a year, would establish a huge bank with \$100,000,000 capital, which would control financial conditions by powers conferred on it to issue money, to discount commercial paper, to buy and sell government securities, and to concentrate the reserve gold of the country.

SWAMP WHIRLPOOL TO RESCUE MAN IN BOAT

Peter Langaard, Moving Picture Actor, Tossed Helplessly About for Four Hours Until Fred Preston of Niagara Falls Reached Him With Life Line—Heroic Rescuer Given Ovation.

NIAGARA FALLS, N.Y., Oct. 23.—(Can. Press).—Over four hours in the grasp of the Whirlpool in a small motor boat, Peter W. Langaard of Detroit was rescued at 8 o'clock tonight, more dead than alive. He was taken to an hotel on the Canadian side, where it was said he would be all right in 24 hours, although his nerves were badly shaken by the ordeal through which he passed.

Langaard made the trip thru the Whirlpool Rapids from the Maid of the Mist landing on the Canadian side of the Whirlpool to furnish a subject for a moving picture film. The trip had been made several times before without mishap. Langaard navigated the rapids safely, but when he swung into the Whirlpool, driftwood clogged the propeller of his boat and he was powerless to bring the craft out of the center of the vortex.

The crowd, then numbering nearly 1000, cheered when Preston struck out for the rescue. Half way out his life line became entangled in driftwood and he was compelled to return to shore. On the second attempt he reached the side of the boat. He was afraid to climb into the craft, which then was half-filled with water. Clinging to the side of the boat, he called out to the rescuers on shore to pull.

Rescue Was Hazardous. The swinging of the boat around the Whirlpool made the task of putting pressure on the line at the right moment most difficult. A pull at the wrong time would have torn Preston away or overturned the boat. The length of the watersoaked line also added to the difficulty of the rescue.

Adherents Prepare to Give Him an Ovation—His Arrival is Expected Today.

MEXICO CITY, Oct. 23.—(Can. Press).—Several hundred adherents of Gen. Felix Diaz waited two hours at the railroad station today for the arrival of their leader, whose coming from Vera Cruz had been announced in the morning newspapers. In spite of the advice given by the organ of the Diaz party that no demonstration be attempted, the general's followers had prepared to give him an ovation.

General Refuses to Flee Country, But Admits His Candidacy is Practically Hopeless.

VERA CRUZ, Oct. 23.—(Can. Press).—Gen. Felix Diaz, who arrived here yesterday on the steamer Corcovado and went soon after landing to the home of his mother-in-law, and has remained there ever since. His friends believe that if he appears in the streets of Vera Cruz he will be taken into custody by President Huerta's forces. Detectives and police are watching the house and all plans formulated by Gen. Diaz regarding a visit to the capital appear to have been abandoned. It is considered probable that Gen. Diaz will take refuge in one of the consulates. He conferred for several hours today with several of his intimate friends while others remained outside the house, trying to get Huerta's guards and talking resistance if the police or military authorities attempted to serve an order of arrest.

HAMILTON

HAMILTON'S DEBT GROWS STEADILY

More Than a Million Dollars is Added Each Year.

NEW INCLINE SCHEME

Moving Stairway of Two Sections Proposed by Business Men.

HAMILTON, Ont., Oct. 23.—(Special.)—Hamilton's financial standing has been somewhat of a mystery of late, and many of the city fathers have endeavored to explain it. This morning, however, a straight statement was given out, and the facts, briefly, are that this Ambitious City is adding more than a million dollars a year to its debt, and paying off about \$150,000 per year. This is what Mayor Allan founded his opinion on a few days ago when he cautioned that there should be a let-up in expenditure, and predicted the bankrupting of the city if there is no stop. From the above information, it costs Hamilton just one-quarter of its whole revenue from the general taxes to pay interest on the city's debt.

Paying off interest this year and making a payment into the sinking fund, will mean that the city will get rid of about \$300,000.

There is no relief from it, however, and Hamilton ratepayers have the consolation of knowing that every other city is in the same boat.

Austin's Condition. The condition of James Austin, who was stricken in the stable of David Green, West Macaulay street, on Saturday evening, after improving, is still serious, and as yet the police have been unable to secure a statement of any kind from him. De-

fective Cameron is still working on the case, but refuses to hand out any information other than that he could place his hands on the assailants if he could obtain a little more evidence. Hill's Disappearance. The disappearance of Geo. H. Hill a day or so ago is still baffling the police, although they believe he has left the city. It was learned that he was seen in the company of another man on Saturday morning after he had drawn the \$700 from the safety deposit vault in the Mercantile Trust office, and that he purchased several cigars for himself and friend.

A New Scheme. The latest suggestion concerning an incline for Hamilton's escarpment was given this morning by a business man. He argued that a moving stairway of two sections with a central landing would fill the bill. It was pointed out that the cost of construction would be less than that of a car incline, and in addition to this would prove a great advertising feature for Hamilton. The advantages would be many; it would do away with all delay now occasioned by waiting for a car. It would cost less to maintain it, and the transportation of passengers would be much more rapid. Wagons and other vehicles would continue to be handled on the regular incline car route.

He Will Appeal. There is a very great likelihood of an appeal being entered against the decision of Justice Middleton in favor of the defendants in the action of Cook v. Grand Trunk Railway, W. M. McClelland, who acted for the plaintiff, announced today that the appeal would probably be entered on the grounds that the case should have been set in the hands of a jury, instead of the jury being dismissed, as was the case when the case should have been set in the hands of a jury, instead of a delay was probable.

No Judgment. Justice Middleton did not deliver his judgment in the case of Eritz v. Magistrate Jelis this morning, as was expected. It was rumored that his lordship would likely wait until the assizes were completed before he submitted it. Case Adjourned. At the high court today the case of William Bannister v. J. Thompson, for alienation of his wife's affections, commenced. The plaintiff's evidence was the only testimony received, and the case was adjourned until tomorrow morning at 9 o'clock.

MANOMO RIOTERS SENTENCED TO LONG TERMS IN PRISON

Five, Including Two Boys, Will Serve Two Years, and Twenty-Three One Year, While Eleven Others Escape With Lighter Terms—Strike May Be Called Off.

VANCOUVER, Oct. 23.—(Can. Press.)—Judge Hovey passed sentence today on more than two score Manomo rioters. The maximum sentence was two years. Many of the rioters were sentenced to one year in connection with the coal miners' strike on Vancouver Island. It was reported today that the international headquarters of the miners have ordered Frank K. Farrington, an American lawyer, Unionist, who came to British Columbia and handled the official end of the strike to stop the strike and have the men return to work. It is said Farrington tried to stop it, but has failed.

Three men and two boys were sentenced to serve two years in the penitentiary. Five were given imprisonment for one year and a fine of \$100 each. Twenty-three were sentenced to one year and will have to pay a fine of \$10 each.

The Sentences. A sentence of one year in jail and a fine was imposed on J. H. Allsopp, J. H. Armstrong, Carl Johnson, E. F. Baughman, Wm. Baul, Geo. Baul, Geo. Baumgartner, Sam Brightman, James Colley, Robert Cosser, Peter Oulaka, H. H. Langdon, Duncan MacRae, secretary of the Ladiesmith Union, Joseph Malrea, Jr., James Marshall, Charles Mortimer, Steve Merus, Steve Puyachik, George Porter, Wm. Baskhouse, formerly a lieutenant in the United States army, and a prominent business man of Ladysmith, North Star, James Wallace, Robert McPherson and Charles Togo. Togo served last year on the Ladysmith City Council and has for years been closely identified with public movements. He declared in his defence that he had not been out of the house at the time he was accused of taking part in the disturbances. He was participating in the riot, George Murray, international board member of organizer of the United Mine Workers of America, and Walter Nelson, a miner, were found guilty of instigating John Wekke, a miner, and caused to serve two months in jail.

MADY GAY'S HUSBAND DIED OF PNEUMONIA.

Alfred Ernest Denison died in the Toronto General Hospital at four o'clock yesterday morning, in his 63rd year, after suffering for two weeks with pneumonia. Mr. Denison was well known and prominently connected in Toronto, being a brother of A. J. Denison, architect, and a cousin of G. G. T. Denison.

Mr. Denison was the fifth son of the late Lieut.-Col. R. L. Denison, and his wife is well known in literary circles under the nom de plume of Jay Gay of The Toronto Saturday Night.

For several years Mr. Denison was a member of the Royal North West Mounted Police.

The funeral will take place today at three o'clock at the family burial grounds in Weston.

"I'm going to have this over-stock corrected at one crack!" Said Billy Hay.

Everything you want at less than you want to pay—

To my mind the small prices at this Over-Stock Sale will keep away some men who think that they should pay high prices to get high quality.

I have explained the "why" of this sale—the weeks and weeks of delay in getting possession of the store—the cloths ordered at the mills in England on the builder's promises—and the consequent loss by delay.

Now, I'm going to be cheerful and take the loss in one fortnight.

MASSEY HALL NOT HALF BIG ENOUGH

To Seat Those Anxious to Hear "Sons of Scotland" Concert.

BALLADS AND DANCING Pleased an Overflow Audience at Annual Caledonian Musical Entertainment.

Massey Music Hall could have been sold out twice over last night's Sons of Scotland concert, which was the report made to the committee by those who had received tickets to sell for the popular annual event. But while there was a limit to the seating capacity of the hall there was no limit to the enthusiasm of the audience.

Grand Pipe-Masque was the program a fitting and inspiring prelude of Scottish airs. Grand Chief P. S. Means expressed the gratification of the committee over the spontaneous popularity of the annual concert. The special attendance they always commanded but one cause for regret. It was that Toronto had no concert hall large enough for the audience which could be secured for the event. This gratifying support and an abundance of the programs furnished, and the approval by the citizens of the aims and need of the association.

IRISH SENTIMENT SONG AND SCENERY Was Subject of Address by Rev. Alexander McLurg Last Night.

"Ireland in scenery, song and sentiment" was the title of an address delivered by the Rev. Alexander McLurg to his congregation in the Cowan Avenue Presbyterian Church last night. The church was well filled, and the audience applauded both Mr. McLurg's utterances and the stereopticon views shown of various parts of Erin.

BRANCH LIBRARY FORMALLY OPENED

Dovercourt Branch is Most Up-to-Date in Canada.

Prominent Speakers

Ald. McBrien Praised for His Efforts in Securing Building.

The new Dovercourt branch public library, situated on the southwest corner of Bloor street and Gladstone avenue, was formally opened last night by Thos. Self, chairman of the public library board, and others.

About 1000 people congregated in the children's section of the library and listened intently for some time to the remarks made by the various speakers on the campaign waged in order that the library could be built and its location in the greater part of Toronto, Canada and the United States.

According to some of the speakers, who ought to know the Dovercourt branch library, is the most beautiful and best equipped branch library in Toronto, Canada, even in the greater part of the United States.

Thomas Self, chairman of the library board, who also acted as chairman of the opening, gave the history of the library and outlined the literary work carried on by Ald. McBrien, Controller McCarthy and others in persuading the city council to make the grant for the erection of the building. The building itself cost \$40,000; the property \$20,000, and the books \$6000, making a total cost of \$66,000. The name of Dovercourt had been given the library to commemorate the district and the greater part of one time been owned by the late Col. Geo. H. Denison, father of Magistrate Denison. Mr. Self detailed the various differences in the number of books that were read last year, and read ten years ago. He said that 70 per cent more books were being distributed from the libraries than ten years ago. At present there were 13 libraries in Toronto, while ten years ago there was only one.

NURSES MAKE CHARGES

Patients Allowed to Injure Themselves and Not Taken Care of.

(Special to The Toronto World.) BOSTON, Oct. 23.—The women inmates of the State Hospital for the Insane at Worcester have been dragged naked thru the hallways of the institution until their bodies have been literally filled with splinters, the assertion of three nurses employed there, who have expressed their willingness to testify at an investigation which has been ordered by Governor Foss.

The nurses—Miss Beattie McDonald, Miss Bessie Lukanoff and Miss Elizabeth Roche—further allege that the older nurses at the hospital commonly subdue patients by means of back-handed blows, which cut the face and lips; that violent patients are allowed to beat their heads against the walls of the iron strong rooms in which they are confined; that many inmates are forced in the most severe weather to sleep in cold rooms with insufficient covering, and that no treatment whatever is given for the cure of insanity.

In addition to these charges, it is also stated that hospital patients frequently endanger the lives of their fellow patients and nurses, and that the quality of food served to both patients and nurses is insufficient in quantity and of the poorest quality. Beans half cooked and allowed to become cold is said to be the staple article of diet at dinner.

SAW BABE'S DEATH MOTHER SUICIDED

WILKESBARRE, Pa., Oct. 23.—(Can. Press.)—An unusual tragedy occurred in this city today. Mary, the three-year-old daughter of Mrs. John Most, was playing with matches when her clothing caught fire. The mother heard the little one's cries and went to her assistance. The daughter, however, died in a short time from burns. The mother became frantic and rushing to her room procured a revolver and standing in front of a mirror shot herself thru the head, dying almost instantly.

PRIZES PRESENTED AT TRINITY SCHOOL

Bishop Sweeney and Many Torontonians at Port Hope Ceremonies.

PORT HOPE, Oct. 23.—(Special.)—Many out of town visitors, including a number who came from Toronto on a special train, attended annual speech exercises and distribution of prizes at Trinity College School today. A cordial welcome was extended by the new principal, Rev. S. Graham Orchard, who succeeded Rev. Dr. Oswald Rigby, the latter having conducted the school with marked success for two years. Following service in the chapel luncheon was served, and at 3 p.m. distribution of prizes took place, the presentations being made by the Bishop of Toronto, and special donors. Addresses were given by Provost Macklem, H. C. Osborne and F. G. Oster of Toronto, and by members of the governing board, including Chancellor Worrell and Lawrence Baldwin of Toronto, Darcy Martin, Hamilton, and Col. H. A. Ward, ex-M.P. A reception at the lodge was afterwards given by Mrs. Orchard.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

SOME FRIENDLY PLANTS HORSEBRADISH, only used as a condiment or a flavor, is really a friendly vegetable, for it contains the same principles as the onion—allyl—as well as much sulphur and other good materials. It too, has a pungent smell, but not unpleasant like the oil of garlic and onion. Horsebradish should be grated and at once mixed with vinegar, salt and sugar, and kept in a well covered receptacle. The roots may be kept in the vegetable cellar and ground as needed, which is much better than to prepare a quantity and have it lose its strength.

Lettuce is a delicacy which can only be had from the market gardener, but it is so valuable an article of food that we must have a salad now and then at all costs. It is not known when lettuce was first eaten, but the word is from the Greek and means all things the year, so it was doubtless one of their salad plants. The milkmaid that shows when the stems are cut has a pungent bitter taste and smells like opium and is narcotic. Therefore a salad of lettuce leaves with tender stems cut in a bowl with oil, vinegar and salt and the nerves. It is the best cure in the world for insomnia. A very famous editor who frequently awakened from badly needed sleep, to lie wide awake for hours, had such a salad prepared nightly, and when an attack of sleeplessness came on he would eat it with water. This, he said, effected a cure and greatly improved his health.

Secretary Bryan denies that he is especially fond of big white radishes, and says he likes them only in moderation. As radishes possess the same pungent oil found in horsebradish and are greatly stimulating to the appetite, they deserve his or anyone's praise. A radish eaten at each meal will help to digest the other food taken.

Spinach is a nice, accommodating vegetable, but it produces a summer and winter crop, and the plants continue to produce leaves month after month. It contains so much water that it is not necessary to add any when cooking it. Indeed I have frequently obtained a paper cooking bag full of the well washed leaves and added a bit of bacon to give flavor, and cooked it in the oven for thirty minutes. When the bag was opened enough liquor would run out to half fill a measuring cup. This is an ideal way to cook spinach, as the fine bright color is preserved, and there is no loss of flavor, nor chance of burning.

Water and land cress is nutritive because anti-scorbutic, and so is sorrel. These both are excellent additions to all green salads. Sage is an old English remedy for sweetening the breath and also for driving away mice and ants, and all insects that infest the kitchen cupboard. Marjoram, savory, basil, thyme, and lemon balm are all excellent scents for the linen press, but Americans prefer them in teas and stings. When a mixture of "pot-herbs" is called for in old recipes, these are the plants referred to. Cucumber belongs next to salmon and other dark fished oily fish on the menu. As a corrective, probably, for it is not flesh-forming nor heating and its moisture cools the blood.

All these good little plants may be used in our bills of fare frequently, and without adding much to our food bill, with the best results to our good health and appetite.

THE GARDEN CONDUCTED BY RACHEL R. TODD M.D.

SOME POINTERS Do you know that many a fine rose bush left to itself now that the fall has come (in the garden) will be so many of our gardeners cultivate many a fine rose bush, we repeat, being this very day literally eaten up by the Aphid? Also, the smut green worm so common to the ordinary rose bush, is getting in some splendid work.

Yesterday we walked along a certain street, passed by the remains of what had been a healthy rose hedge, and noticed bush after bush almost entirely eaten up, the few remaining leaves crinkled, blotched with sickly yellowish bluish spots, some leaves curled up, the edges tightly gnawed together to form a nest for a great fat yellowish-green worm covered with curled-up green worms, covered with curled-up green worms, covered with curled-up green worms, covered with curled-up green worms.

Just Apply This Paste And the Hairs Vanish (Beauty Notes.) It is not longer necessary for a woman to go through life with a face disfigured by a fuzzy growth, for if she will apply a plain delatone paste to the objectionable hairs for two minutes, then rub it off every day, the hair will vanish. To make the paste mix some water with powdered delatone. After the paste is removed, the skin should be washed to free it from the remaining delatone. Better results are obtained if the delatone is purchased in an original package.

THE NURSERY CONDUCTED BY Elsie Murray Part-Time System.

(Continued.) A paper read by Dr. Noble before the Junior second grade at the Toronto Teachers' Convention. The grounds should have open play sheds round the outside. These sheds should be so constructed that they could be closed in during very cold or very stormy weather. There should be no swings, no teeters, no merry-go-rounds, or other so-called playground equipment. These eliminate all the educative value of play. Children should be encouraged along constructive lines of play.

Let there be two teachers, A and B, each with her usual number of pupils. Teacher A goes inside and takes half her class with her and teaches them for half an hour, while teacher B takes all her own class and the other half of A's and turns them loose in the yard at the expiration of 30 minutes. A brings out the she has been teaching and takes in the other half of her class for half an hour more. It will now be seen that it will have taken 15 minutes for marching, etc. Then for the next hour and a quarter A will do yard duty and B will teach. This will continue the same way up to 11.30. Then let them all go home and get their lunch and have a sleep and be back at 1.30; and repeat in the afternoon what was done in the forenoon. This will give each pupil two half-hour indoor lessons daily. That cannot injure him much even though he be only six or seven years old. And I'll guarantee he'll take in more book-learning during these two half-hours than he would have taken in had he been kept in the class-room the full regulation time.

TO HEAR DEFENCE IN EATON CASE Prosecution Has Practically Exhausted Evidence Against Admiral's Widow.

PLYMOUTH, Mass., Oct. 23.—(Can. Press.)—The evidence with which the prosecution has endeavored to connect Jennie May Eaton of the murder of her husband, Rear Admiral Joseph G. Eaton, was practically exhausted today, when the government rested its case. Further testimony will be offered in rebuttal.

WILL OF MRS. EATON REVIEWED YESTERDAY State Officer at the Murder Trial Testifies as to Its Contents.

PLYMOUTH, Mass., Oct. 23.—(Can. Press.)—A rewritten paper found in the home of Rear Admiral Joseph G. Eaton a few days after his death last March, was described as the will of Mrs. Eaton, the widow, by State Officer John H. Scott in his testimony today at the trial of Mrs. Eaton for the murder of her husband by poison.

MILITANTS BURNED ANOTHER PAVILION LONDON, Oct. 23.—(Can. Press.)—An "arson squad" of militant suffragettes today set fire to and destroyed the sports pavilion of Bristol University. They were usual "old-ladies" suffragettes, scattered about the grounds.

Electric Show Feature. One feature of the Toronto Electric Show, to be held in the Mutual Street arena, will be a series of domestic science lectures by an expert demonstrator. Various electrical cooking devices will be used in the preparation of the food, and the public will be permitted to sample the dishes. These lectures will be given daily in one of the side rooms of the spacious building. The show will be held from Nov. 16 to 15 next.

NOTHING TO SHOW
GUILT OF BEILISS

Testimony of Former Police
Chief Hits Anti-Semitic
Faction Hard.

THIEVES MURDERERS?

Brickworkers So Believed,
Said Krasovsky, Who, Dis-
guised, Mingled With Them.

KIEV, Oct. 23.—(Can. Press.)—The
former chief of police of Kiev, Kraso-
vsky, gave important testimony to-
day at the trial of Mendel Beiliss, charged
with the murder of the Christian boy
Andrew Yushinsky, in March, 1911. He
had made a searching investigation into
the crime, and declared on the stand that
he had found nothing to implicate Beiliss
in any way. He repudiated the suggestion
that he had made no investigation to
discover evidence against Beiliss.

Krasovsky described his examina-
tion of the house where Beiliss lived,
the brick kiln and the watchman's
house, where he found a bloodstained
knife in a sack. He also told how he
had caused the wells, tanks and
ditches to be pumped dry. He inter-
rogated all persons employed at the
brick works at the time of the murder
and made enquiries concerning them,
and became convinced that none of
them had any connection with the
crime.

Thieves Suspected.
Disguised as a workman, the police
inspector had mingled with the brick-
workers and listened to their talk
concerning the murder. He learned
that the general opinion among them
was that the crime had been commit-
ted by thieves, who feared that if the
boy was not gotten rid of he might
make damaging disclosures regarding
them.

The witness said that Beiliss had
been arrested by the police, the
head of which body at Kiev at that
time was Col. Kullaboko, who told him,
he says, there was no need to make
a visit to Vera Tchebebak's home.
This testimony was taken as bearing
out the report that the Tcheberlak
woman had been shielded by the secret
police.

That great importance attached to
Krasovsky's evidence was indicated
by the efforts of counsel representing
the anti-Semitic organizations to dis-
credit his reputation.

While Krasovsky was testifying,
police visited his home and interro-
gated his sick wife, seeking informa-
tion as to his means and mode of life.
Krasovsky applied to the court for
protection. The president said that
the matter was outside of his juris-
diction, but recommended him to ap-
ply to the governor for redress.

NEW ZEALAND IS
IN ANGRY MOOD

Criticism of Universal Training
System by British Press
Resented.

LONDON, Oct. 23.—(C. A. P.)—
Speaking at the Trafalgar Day dinner,
Hon. Thomas McKenzies, high commis-
sioner for New Zealand, said that the
giving of a vessel to the British navy
had been more than supported by the
people who considered it a national
achievement. He said that the British
representative in Mexico as to the
accuracy of the report before making
it. Sir Edward Grey, the British for-
eign secretary, has gone to the con-
gress, where he will remain until early
next week and it is taken as an in-
dication that he at least does not con-
sider the situation serious.

KRUPP DIRECTOR IS
PLACED ON TRIAL

Armor Plate Agent is Accused of
Bribery of Government
Officials.

BERLIN, Oct. 23.—(Can. Press.)—
The trial began here today of one of
the directors and a former agent of
the Krupp Works, who are charged
with bribing government officials to
betray official secrets. The
defendants are respectively Otto Eucius
and Maximilian Brand. The
several army officers and ordinance
department clerks were sentenced by
court martial on August 5 to terms of
imprisonment for accepting bribes in
return for secret information given to
them.

DEFER APPOINTING
A NEGRO BISHOP

Protestant Episcopal Church of
U. S. Shelves Proposal for
Three Years.

NEW YORK, Oct. 23.—(Can. Press.)—
The general convention of the Pro-
testant Episcopal Church postponed
today for three years action on the
proposal of giving the negroes of the
south a bishop to represent them di-
rectly in the house of bishops.

GRANDMOTHER AND
GRANDDAUGHTER DIE

Lived in Same House and Passed
Away Almost at the One
Time.

BROCKVILLE, Oct. 23.—(Special.)—
Mrs. Eneline Rowley, aged 65 years,
residing with her son, Wm. Rowley,
near New Dublin, and her grand-
daughter, Margaret, aged eight months,
died in the same house within a few
minutes of each other. The woman
had suffered from a long standing ail-
ment of the heart, while the child had
been ill only a short time with an in-
fantile complaint. A double funeral
will be held.

RURAL MAIL WAGON STOLEN.

ST. CATHARINES, Oct. 23.—(Spe-
cial.)—The horse and wagon, used by
John Robertson in delivering the mail
on the rural route, leading from Thor-
nton, was taken from the barn of the
Thornhill House in that town, and to-
day it has not yet been recovered.
A number of letters were in the pockets
of the wagon.

VIOLATE TREATIES
BY PASSING BILL

U. S. Hasty in Revising Ma-
rine Regulations, Say Op-
ponents in Senate.

WASHINGTON, Oct. 23.—(Can.
Press.)—That the so-called "seamen's
servitude bill," now before the senate,
would repeal or amend many treaties
with foreign governments "in a way
that is almost an insult" to certain
countries, was contended by Senator
Burton, of Ohio, in the senate today.
The senator's statements were made
after foreign protests against the bill
had been informally considered earlier
in the day by the senate committee on
foreign relations. Germany, Great Brit-
ain, France and Belgium have made
representations urging that the United
States ought not to act upon any pro-
posed shipping regulations as to give
sea requirements until after the inter-
national maritime conference is held
at London, Nov. 12.

The London conference will take up
general questions of safety appliances,
the making of lifeboats, the efficiency
of crews, prevention of fire and like
subjects. Senator Burton said it had
been called chiefly as the result of ac-
tion of the United States, and that
the country should not now take hasty
action that would practically "flout the
nations of the world."

Viola Treaty Rights.
He declared the provision of the
pending bill requiring foreign ships to
pay their sailors one-half of the wages
due them when in American ports, and
opening the courts of the United States
to foreigners, was in direct contraven-
tion of treaty rights.

The bill will come up for a vote at
4 o'clock tomorrow. Senator La Fol-
lette, who has charge of the measure
concerning the wages, said that the re-
quirements were not such as to give
offense to foreign governments, and
were designed to alleviate working con-
ditions for seamen and promote safety.

BRITAIN TRUSTS
CARDEN'S WISDOM

Washington Should Investi-
gate Charges Made, View of
Official Circles.

LONDON, Oct. 23.—(Can. Press.)—
Not a word has been heard here offi-
cially in regard to the alleged inter-
view given by Sir Lionel Carden,
British minister to Mexico, to which
despatches from Washington say that
the United States Government takes
exception. No action will be taken in
this direction unless the British Gov-
ernment's attention is drawn to the
matter officially.

Diplomatic circles here cannot be-
lieve that a man of the experience of
Sir Lionel Carden would publicly criti-
cize the policy of another govern-
ment.

The greatest confidence is impos-
ed on Sir Lionel Carden by the govern-
ment here. In fact the high commis-
sioner in Mexico because of his long
experience there as consul and of the
success he achieved as British minis-
ter in Guatemala. Should the United
States object to what he is credited with
saying, it is pointed out that the
despatches from Washington would be
inquired from the American
representative in Mexico as to the
accuracy of the report before making
it.

Peking, to superintend the reorgan-
ization of the training of the Chinese
navy.

Capt. Christian will leave England
soon to take up his post, accompanied
by a staff of naval instructors.

For All True Lovers
Of Artistic Music
Gourlay-Angelus
The union of the sweet toned Gourlay piano with the human touch of the Angelus player is a combination of rare musical possibilities.
The Gourlay-Angelus is the only instrument that will thoroughly satisfy you from the day it enters your home and plays the simple songs of childhood, till your musical tastes become so cultivated as to demand the artistic musical interpretations of the great masters.
With the Gourlay-Angelus, you are given the personal command of every note by means of the
Marvelous Phrasing Lever
This exclusive device makes it impossible to detect the difference between hand-played and Angelus-played music. It is an extremely sensitive lever that feels every pulsation of air passing through the instrument. By the slightest pressure of the right hand, you can put life and throbbing vitality into the music. It is a musical marvel to the most eminent pianists and composers of to-day.
Absolute Control
Other features, too, completely eliminate that grating monotony of mechanical action so common in other players. A Melodant device subdues the accompaniment and sustains the melody whether in the bass or treble sections. The melody note can be emphasized however intricate the selection—often the accomplishment only of an artist. In fact almost every conceivable human effort on the piano can be reproduced with perfect precision on this wonderful instrument.
This Gourlay-Angelus marks a new era in the progress of music. If you love good music, here is an everlasting medium of pleasure and entertainment for yourself and your friends.

EMIGRANTS GIVEN
SOME SAGE ADVICE

Shouldn't Try to Teach Can-
adians How to Do
Things.

LONDON, Oct. 23.—(C. A. P.)—
Amongst a number of useful hints to
emigrants contained in a circular is-
sued by the Emigrants' Information
Office, the official department for emi-
gration here, there occurs the follow-
ing: "Remember that Canada is a great
Dominion, with its own habits and
customs, which are not to be
changed at the bidding of every
new arrival. When you have been a
little while in Canada you will value
them also.

"Every country has its own methods
of work, and in Canada you will often
find the arrangements of the work-
shop or the farm and the tools you
will use different from those at home.
You will soon accustom yourself to
the change if you try.

"Do not, above all things, try to
impress on your Canadian employer
representatives the things in your
country or its methods, but you
should remember that they have been
working in Canada long before you
were born, and that they are more
likely than a stranger like yourself to
know what suits the country best."

Duluth-Superior harbor today were
covered with snow. Practically all of
the delayed fleet is in port.
According to the vessel captains a
dozen boats were sheltered in Portage
during the worst part of the storm,
and they waited from twelve to six-
teen hours for the heavy northwester
to moderate.
Fifteen boats were waiting to be

Amazing Statement of George Wilkie Before Toronto License Commission.

DECISION NOT REVERSED

George E. McConkey May Go Ahead With Hotel on Bay Street.

In spite of the objection raised by the National Club, The Mail and Empire, The Molsons Bank, and various stock brokers, the board of license commissioners yesterday reaffirmed its permission to George E. McConkey to build an hotel on Bay street.

The entrance to this hotel, argued Mr. Wilkie, "will be right close up to the ladies' entrance to the National Club."

"Not against the bar," Mr. Rowell does not put his anatomy up against the bar as much as some people do.

Varsity Smothers McGill in Intercollegiate Athletic Meet, 65 to 39

Varsity Team Triumphs Over McGill at Kingston

Toronto University Athletes Do Better Than Anticipated—Bricker Makes New Record in Pole Vault—R.M.C. and Queens Make Very Poor Showing in Intercollegiate Meet.

KINGSTON, Oct. 23.—(Staff special.)—With weather conditions anything but ideal, the Varsity track and field team were successful in defeating their rivals McGill, in the intercollegiate meet held here this afternoon by 65 points to 39. A cold wind blew off the lake and rendered the track very slippery, and the doped race thus impossible, and the doped with the very poor condition of the track. The distance runners were unusually slow. The Varsity men were placed in good advantage in almost every event, and the usual order of the race proceeded to see two Toronto men carrying off the bacon. The weight department was notably weak, but containing that McGill and Queens were unusually strong, the Varsity entrants performed to good advantage. The distance runners showed that they had the goods with them, but the absence of Hal Campbell, Varsity's speed marvel, was felt to a small extent by Clark, Moore and Cliff, on whom the burden of the work fell in the one and three miles. Clark got away well in the mile. Lack of stay was responsible for Moore's loss in the last five yards of the eight-furlong event. In the three-mile, Varsity's emergency entrant, A. Cliff, did better than was expected of him, taking second place in a race which, on account of the strong wind, told severely on the runners. Clark ran a game race, but in this event followed the mile so closely he did not finish.

To Joe Bricker credit is due for the win of the pole vault, clearing 11 ft. 7 in., and thereby breaking his own record by 2 in. Varsity continued to pile up the points, and as acting Captain Bricker exhorted his men to go to the limit, each put out all that was in him.

The Results.
Pole vault—1, Joe Bricker, Toronto; 2, Cushing, McGill; 3, Greatrex, Toronto, Height, 11 ft. 7 in.
This was a new intercollegiate record. Bricker's former record being 11 ft. 4 in. made in Toronto last year.
100-yard dash—1, Hillier, Montreal; 2, Burgess, Toronto; 3, Bill Brown, Toronto, Time 13.2 sec.
The McGill men test the gun in this event, but the Varsity representatives were gaining in the last 50 yards. Inches separated Burgess and Hillier at the finish.
150-yard dash—1, Lloyd Moore, Toronto; 2, Raymond Hughes, Toronto; 3, White, Montreal, Time 2 min. 14.4 sec.
The wind blowing from the track made this race fully 8 seconds slower than the Varsity men were capable of making. Hughes made two passes, but Moore took the lead 200 yards from the end and had little difficulty in meeting White's challenge. Hughes came up when White

OTTAWA NOT YET SURE ABOUT PARI-MUTUELS

Rosy Reports Submitted at Annual Meeting—Officers Elected.

OTTAWA, Oct. 23.—The adjourned annual meeting of the Comnaught Park Jockey Club took place yesterday afternoon at the association offices. The re-election of officers was the chief item on the business sheet, resulting in the unanimous return of all last year's management. A handsome surplus remained after the payment of a heavy bill of expenses. The Jockey Club is already a huge success, financially as well as otherwise, and within a year or two handsome dividends will be payable on the money now invested.

Hal B. McGivern was unanimously re-elected president after a vote of thanks had been passed for his untiring efforts in the interests of the club. The vice-presidents are Hon. N. A. Belmont, Stewart MacChesney and E. W. Gairdner. Edward S. Houston is honorary treasurer, and Charles A. Irvin, honorary secretary. The chairman of the construction committee, the chairman of the public relations committee, and the chairman of the finance committee, and James K. Paisley, chairman of the construction committee, were added to the staff. The appointment of Albert Robertson as general manager was confirmed, while H. McK. Hutchinson was re-elected secretary.

The question of introducing pari-mutuel machines and doing away with the bookmakers in the betting ring was left in the hands of a sub-committee of management. The chairman of the pari-mutuel committee, and while it is certain that the pari-mutuel will eventually succeed the bookmakers, it is probable that the pari-mutuel will be made next year. It is probable that two or three will be installed for experimental purposes in 1914, and that the bookmakers will be banished as soon as the public has become familiar with the machines.

Death Claims "Uncle" Robert McKay of Argos

Robert McKay, so well known for many years as a member and officer of the Argonaut Rowing Club, died last night at his home, 404 Jarvis street. He had been ill for two years, but had recovered sufficiently to be out driving, having recently attended a practice of the Rugby team at Rosedale. A seizure came on Sunday. The late Mr. McKay was 68 years of age. He was for a long time a grocer's merchant on East Queen street. The funeral is on Saturday at 3 p.m.

INTER-CITY LEAGUE FOR OUR COUSINS

Hockey on the Boom in the States—What the Clubs Are Doing.

MONTREAL, Oct. 23.—A United States hockey magnate has been in the city for some days, and before leaving home told of the great Inter-City United States Hockey League that has been formed. The magnate's name is H. C. Sheenan, and he comes from Cleveland, Ohio. He was not in search of players this time, "for," he says, "we have enough Canadian hockey players in the United States for the present to fill all our camps, and without trying very hard ourselves the Canadians living in the United States are importing their own friends among hockey stars in the time. I am here for the present to make tentative arrangements for some of the best amateur teams to play in the United States this winter, and they are a rule give unequalled satisfaction. "Hockey is going to boom in the United States this winter, and an Inter-City League has just been formed of the following clubs: Boston, Syracuse, Cleveland, Detroit, Duluth, Houghton and St. Paul. "They will be divided into three sections, which will play home-and-home games if only one team is left in each, and then they will play semi-finals and finals for the United States championship. "Boston and Syracuse will be one section, Cleveland and Detroit another section, and Duluth and St. Paul a third section. "The first hockey deal under the new commission was put thru last night when the Patriotic Hockey Council for St. Paul, Minn., Nonan, played out for the Ottawa team last winter, but failed to give the Ottawa team the best of and, mainly owing to differences between him and members of the executive, the executive therefore felt that it would be better to get Kendall in exchange for

Queens and Varsity Play Soccer Saturday

The first of the home and home games for the intercollegiate soccer championship between Toronto and Queens will be played tomorrow at 11 a.m. on the back campus. Two weeks later, Nov. 8, at Kingston, the teams will play the return game. The following Varsity players are asked to turn out at 10 o'clock Saturday morning: Stock, McCullough, McNeil, Beatty, Armstrong, Puz (manager), Beaton, Naylor, McEwen, Allison, Preston, Walker, Pinner, Scott, Givens, St. Michael's, respectively. A meeting may be arranged within the next week or so, in which the matter will be thoroughly discussed. The Ottawa N. A. C. club are very anxious to land a couple of the new Edinburgh stars, and will be glad to pay Grand \$1800 and Angus Duford \$1200 to sign up for the season. Neither of the two players will be given the local pros' definite answer as yet.

McGill and Laval Colliers have asked for admission to the Montreal City League. McGill would play their intercollegiate team.

That there will be no enormous cuts in the salaries of N.H.A. players is the opinion of Percy Lesford, king of hockey goal-keepers, who is mentioned as playing manager of Ottawa. "I don't think that the men who would suffer as a result of the commission this year are the stars of the game, who have been drawing fabulous sums for their services, and contract jumping into the bargain. These men will be forced to accept a cut. They will be paid salaries, however, that will be by no means humbly. The men who are worth good money will get it."

Galaxies will run pretty much as in former years for the average players, according to the belief of the Ottawa goal-keeper, but none of the stars will be hauling down the green in such large quantities unless they are worth it.

Have the Patriotic got the best of the peace agreement? Well, rather. Look at the players they stole from the N.H.A. Run over the names of Johnson, Taylor, Catran, Lehman, Gardner, Small, Landon, and what had the N.H.A. got in return? Simply a guarantee that the Patriotic will not come down and effect the wholesale raid, that depleted the N.H.A. of its drawing cards.

Rainey Ranigan, last year's captain of McGill, is recovering from an attack of appendicitis. He was operated upon two days ago and is progressing favorably. It is expected that he will play again this year.

THE GIANTS HIT FOR EXTRA BASES

White Sox Beaten in Sixth Game of World's Tour at Sioux City.

SIoux CITY, Iowa, Oct. 23.—With fine weather the Giants and Sox drew the biggest crowd that has been a game of ball here in years. Excursion trains were run from a radius of 500 miles. Many of the Sox players were with the local club in past years.

The New Yorkers gave Scott a sound thumping, Doyle and Merkle hammering out extra base hits. The Giants won, 4 to 3, and now have an edge of four wins to the Sox's 2. Max Baer played left field for the Sox. Speaker will join them tonight. Weaver scored in the first on a double, wild pitch and sacrifice. Merkle and Doyle tied it up in the second on Doyle's double and Merkle's single. Weaver scored again in the third on a single. Crawford hit for a home run in the sixth. The Giants made it even when Thorpe walked, but was forced by Magee. Doyle and Merkle then hit to pair off McKee each. In the eighth, Thorpe fanned, Magee singled to deep left, Lobert singled to deep center, Magee scored, and Doyle and Merkle stole third, but Deolan fanned. Deolan out, Scott, unassisted.

SOME SUSPECTS EVADED THE NET

Raid on Cleveland's Jewelry Smugglers to Have Covered Other Cities.

CLEVELAND, O., Oct. 23.—(Can. Press.)—It became known here today that the federal raid yesterday on jewelers suspected of taking part in a \$50,000 smuggling plot was to have extended to Buffalo, Akron, O., Detroit, Mich., and several other points, but that arrests were foiled in these cities by a woman who used a long distance telephone. As a result a dozen suspects escaped the government net.

The Cleveland raid led to the home of William Levi pawnbroker and jeweler. Levi was arrested, but the secret service operatives, under command of John E. Washer, say that a woman who escaped succeeded in getting warning to the suspects in other cities.

CIVIC PRIDE. The people of this nifty little burg here we reside are filled with proper spirit and with worthy civic pride, they make the stranger welcome and they show him all the sights, the parks and water system and the town's electric lights, they point to tall skyscrapers that are springing here and there, and the ceaseless roar of traffic on each crowded thoroughfare, and with smiles of great elation overspreading every face they keep constantly remarking, "It's a bustling little place!"

SCHEDULE CHANGES COME WITH NEW LINE. Bay and Teraulay Will Relieve Congestion at Queen and Yonge.

Many changes are anticipated on the street railway before the end of the month, which will relieve much of the congestion on Yonge and Queen streets during the rush hours. The company will take advantage of the lines on Teraulay, Anderson and St. Patrick streets, which will materially reduce the congestion on Queen between Yonge and York streets.

Parliament cars will go down Victoria to Adelaide during the rush hours, west to Bay street, south to Front street, and then east to Yonge. This change will not be made until the Teraulay line is ready for use.

FIFTY VILLAGERS SLAIN BY REBELS

Entire Population Wiped Out in Desperate Defence of Church.

MEXICO CITY, Oct. 23.—(Can. Press.)—Revolutionists yesterday murdered the entire population, numbering about 50, of the Village of Cheraan, at Zicuirin, in the State of Michoacan, while they were defending the village church against looters. The villagers fought until their ammunition was exhausted, and then used machetes, stones and clubs to beat off their assailants, but they were eventually overcome and killed.

TERAULAY STREET BLOCK IS BOUGHT

Southeast Corner of Alice Street Has Changed Hands.

An important piece of downtown property, taking in from the corner of Alice and Teraulay streets to the corner of Alice and Downey's lane, has just changed hands. Although the actual sale price is not known, it was probably considerably in excess of the assessment of \$49,000. The block, taken in from Nos. 85 to 95 Teraulay street and Nos. 61 and 63 Alice street, and is 120 feet square.

BUYS A HOUSE ON LYTTON BOULEVARD

One of the new houses on Lytton boulevard has just been sold by Geo. Harlow to Arthur Tucker for \$10,000. The house is No. 19, being within a few doors of Yonge street, and has a frontage of 50 feet with a depth of 132 feet. The assessment on the land is \$1750, but the building was unfinished when the assessment was taken. J. H. Hammill & Co. put thru the transaction.

GLENSAIR AVENUE RESIDENCE SOLD

No. 1, Glensair avenue has been bought by W. T. Bally of Shelburne, Ont., who intends to move into the city. The house was only recently put up by J. H. Hammill, the seller, and brought \$8500. The lot is 83 feet 4 inches on Glensair and a depth of 74 feet. Total assessment amounts to \$2800.

GOOD PRICE PAID FOR SOUTH DRIVE HOUSE

One of the high-priced Rosedale houses has changed hands. This residence is No. 22 South drive, and was owned by Amy MacCurry. The lot is diagonally shaped, having a frontage of 82 feet 6 inches, with the north boundary running back 228 feet and the south line 232 feet, leaving a width of 49 feet 6 inches in the rear. The sale price was \$16,000. The assessment on the property amounts to \$4450 on the land and \$2200 on the building. Louis Simon is the purchaser.

SALE OF VALUABLE W. KING PROPERTY

Brings Five Hundred Dollars a Foot Opposite Brant Street.

One store and two houses on West King street have been sold. These are Nos. 873-4, opposite Brant street. The purchaser, J. E. Diamond, bought the property as an investment and held in the neighborhood of \$30,000. The store site has 12 feet 6 inches frontage; No. 875 has 14 feet and the other house 13 feet. The depth of each of the lots is 98 feet 8 inches. Assessments on the property amount to \$9277, the building being assessed at only \$1800. His purchaser, who was the owner, only bought the property a month ago.

TWO RESIDENCES IN ROSEDALE SOLD

No. 81 Crescent road has been sold for \$7500. The house was previously owned by Mrs. Hall and the purchaser is Mr. Armstrong of the J. G. Warren Company.

J. T. Thompson has bought the residence at 25 Duggan road for \$7000. The property was owned by Mr. Bedford.

SEVEN HOUSES ARE SOLD IN ONE BLOCK

Seven houses on Dermott place and one on Spruce street have been sold. This property was owned by John Dunbar Parquhar, and taken in from Nos. 1 to 13 Dermott place and No. 14 Spruce street. The Dermott place houses have a frontage of 100 feet, and the lots go back 84 feet 3 inches. The frontage of the Spruce street lot is 28 feet 8 inches, and the depth 100 feet. Assessments on the property amount to \$12,245, of which \$800 is placed on the buildings. Sarah Sherlock is the purchaser.

CANADA MAY BE OUT OF JOINT

Immigrant Was Not Born to Set It Right, He is Advised.

LONDON, Oct. 23.—(C.A.P.)—Amongst a number of useful hints to emigrants contained in a circular issued by the emigrants' information office, the official department for emigration here, there occurs the following: "Remember that Canada is a great Dominion with long settled laws, habits and customs, which are not to be changed at the bidding of every new arrival. When you have been a little while in Canada you will value them also."

"Every country has its own methods of work, and in Canada you will often find the arrangement of the workshop or the farm, and the tools you will use, different from those at home, you will soon accustom yourself to the change if you try."

"Avoid Carping. Do not, above all things, try to improve on your Canadian employer how much better we do things in England, for it will only make him dislike you, and you should remember that they have long been working in Canada long before you were born, and that they are more likely than a stranger like yourself to know what suits that country best."

\$15 Down \$5 Per Month Will Buy a First Class Lot in

\$200 Down \$10 Per Month Will Buy a Four-roomed Cottage in

Regents Park

Are you on the treadmill? Are you wasting your substance paying rent, when the same money will buy a home? Then come with us to Regents Park and we will show you the way to freedom, to progress and prosperity. We will show you how to "own your home" on easy terms. If you own your house it is a real "home," and you can easily have a home in Regents Park. The Park is destined to become a community of happy "home-dwellers" who are "home-owners."

You Can Take Possession of a Lot for \$15 You only have to pay \$15 down for a splendid 25-foot lot, which gives you possession at once. The balance is only \$5 per month, which is certainly a very small expense. We have sold lots to over 300 people in the short time we have been offering them, but there are plenty of first-class sites left. Lots are of 25 and 50-foot frontage, and of good depth. Price \$20 per foot. If you do not feel financially able to build now, you can buy a cottage in Regents Park, already built, or have one built for you on any lot you buy.

A Four-room Cottage For \$10 Per Month Compare that amount with the rent you have been paying, and consider, too, that each \$10 takes you one step nearer absolute ownership of your home. These cottages, of which we shall have sixteen when completed, are well built, and have four nicely arranged and finished rooms. When you see them you will wonder how we can offer them for \$1200 on terms of \$200 down and \$10 per month. If you want to become a "home-owner," see Regents Park. Telephone M. 7281 for appointment, or send in the coupon.

Our office is open from 9 a.m. to 9 p.m., so you can DO IT TONIGHT.

BEARS SEEK OUT VULNERABLE SPOT

Traders Make Unsuccessful Attack on Dominion Steel Stock.

STANDARD ISSUES FIRM

Old-Time Semi-Speculative Stocks Maintained Position on Toronto Market.

Bears are seeking out new vulnerable spots on the Canadian exchanges, and yesterday Dominion Steel came in for the attention of the bear.

Disturbance in the steel shares had no substantial influence on other sections of the list, the only other weak stock being Barcelona, which sold down to 29 1/2.

RALLY FOLLOWED BREAK IN STEEL

Stock Was Dealt in Quite Actively on Montreal Market.

MONTREAL, Oct. 23.—Continued weakness in Dominion Steel Corporation again provided the chief feature in a market which was inclined to dullness and heaviness today.

Liquidation of about 700 shares in the early morning broke iron to 37 1/2, or 1 1/2 below the low record established the previous day, before any important buying demand was met.

DEALINGS IN C.P.R. AND POWER FORMED THE BASIS OF THE BALANCE OF THE DAY'S BUSINESS.

Deals in C.P.R. and Power formed the basis of the balance of the day's business. Both leaders were reactionary, C.P.R. declining to 22 1/2, and Power 1 1/2 to 20 1/2.

BROKERS COMPLAIN ORDERS NOT FILLED

Full Effect of Buying Orders is Not Felt in Mining Exchange.

After taking full advantage of the ore discovery on the property, Gould subdivided in activity and interest in yesterday's mining market. The heavy capitalization of the company and the other various obligations assumed has brought about a careful analysis of the value of the shares.

PERCEPTIONS IN THE TRADING WAS DULL

Perceptions in the trading was dull. Pearl Lake around 13 and Jupiter at 9 1/2. Hollinger and other of the higher priced shares were little enquired after.

PEARL LAKE WAS TRIED BY FIGHT

Pearl Lake was tried by fight. Interest in the market is expanding and the results were none too satisfactory.

INTEREST IN THE MARKET IS EXPANDING

Interest in the market is expanding and the results were none too satisfactory. The listed issues were heavy, and traders found it easier to depress prices than to advance them.

SEVERAL OWNERSHIP CHANGES IN NORTH

Harry Cecil is down from the north and reports the camp in a flourishing condition. He has just closed a deal for a London syndicate for the purchase of eight claims adjoining the Tough-Oaken on the east.

STATEMENT OF THE BANK OF ENGLAND

NEW YORK STOCKS SHOWED BUOYANCY

Good Rally Practically Wiped Out Early Losses—Reaction at Close.

BUSINESS IS ACTIVE

Mercantile Reports Give Bulls Some Ammunition, But Bearish Sentiment Persists.

NEW YORK, Oct. 23.—In spite of a severe break in stocks at the outset today, the market made a fairly good recovery.

After declines of 1 to 2 points had occurred among the leading speculative shares with an outpouring of offerings which for a time threatened to upset the market badly, a better demand developed. Trading became quieter as the bear operators encountered effective opposition and managed a slow recovery which ultimately restored prices close to yesterday's final range.

OPERATIONS ON THE LONG SIDE PROFESSIONAL ENCOURAGEMENT AT THE MARKET'S ATTEMPT TO COVER AS IT DID TODAY.

Operations on the long side professional encouragement at the market's attempt to cover as it did today, following the buoyant advance of Tuesday, and the content that the list was gradually working around the leading speculative shares with an outpouring of offerings which for a time threatened to upset the market badly.

DESPITE THESE IMPROVING TENDENCIES, THE FEELING OF THE TRADING ELEMENT AS A WHOLE REMAINED DISTINCTLY BEARISH.

Despite these improving tendencies, the feeling of the trading element as a whole remained distinctly bearish. Rates for both steel and iron were unchanged. No material change has occurred in the general situation, but there has been a decided improvement in certain lines.

MAY REORGANIZE CANADA IRON CORPORATION

LONDON, Oct. 23.—The Globe says: "Arrangements are in progress for the reorganization of the Canada Iron Corporation. It is reported that a scheme exists by which first mortgage bondholders have accepted debenture stock which is to be preceded by a first mortgage bond issue to provide fresh working capital. The plan is a drastic one, but apparently the directors had no alternative."

A New Waist

We introduce you tomorrow to the "Evangeline" Crepe de Chine Blouse, which is creating such a furore in New York.

The creation of this garment is due to Paul Poiret's remarks anent the American woman, who he declares, is still a Puritan at heart, which accounts for the curious lack of individualism, and the strong desire to dress as her confederates. Whatever opinion may be held on this point, there is no disputing the fact that a genius has created, on the strength of it, the daintiest and the loveliest blouse of the season, which he christened the "Evangeline." We put a limited quantity on sale last Saturday, and they were quickly appropriated. This week we show a stock of colors, as well as ivory, and we invite you to see them.

The "Evangeline" is a blouse of rich, pure crepe de chine, open at the neck, with a distinctly new full with Pleat edge. This is caught at back of neck by band of black ribbon velvet, thereby holding it up. The loose hemstitched drop sleeves come to the wrist, where they are finished by fancy cuffs and a black ribbon. Colors are ivory, black, sky, mauve, pink and pearl gray. Price **5.95**
(Third Floor.)

Beautiful Millinery Ribbons
