ITALY SENDING BIG FORCES TO ASSIST ALLIES

Greece and Roumania Apparently Impressed by Word From Rome. FURTHER THREAT MADE Bulgaria and Turkey Protest—Serbs Not Yet Cut Off.

LONDON, Nov. 12.—The continued landing of British and French troops at Saloniki is causing some uneasiness at Bulgaria and Turkey, and the ministers of those two powers today again protested to the Greek Government, which took formal notice of their protest.

The determination of the entente allies in their Balkan campaign is shown by the large force they are sending to the Balkans, and news was received from Rome today that Italy also had decided to intervene in this region "in a manner worthy of her greatness" and to give sufficient support to the British and French to assure a complete triumph.

GERMANY IS READY TO CONSIDER PEACE

Berlin Paper Likes Gloomy Views of British House of Lords. BERLIN, Nov. 12.—(By wireless to Sayville).—"The Norddeutsche Allgemeine Zeitung recognizes the moderate tone of the speeches recently made in the British House of Lords by Lord Loreburn, Milner and Courtney," says the Overseas News Agency, "but it doubts whether their suggestions looking to a way out of the dilemma will lead to sensible peace proposals which, as is well known, Germany is always ready to consider. As long as the leaders of the British nation continue to believe it is possible to crush and annihilate Germany," the newspaper concludes, "and as long as the English press continues to support this folly, with the most objectionable means of deception, speeches like those made by Lord Loreburn and Lord Courtney will be lonely voices in a desert."

WILL GO TO FRONT AS MAJOR OF YEOMANRY

Writes Letter to Premier Asquith Refusing To Accept Position of General Responsibility for War Policy Without Any Effective Share in Its Guidance and Control—Says Time Will Vindicate Him.

LONDON, Nov. 12.—It is officially announced that Winston Spencer Churchill, chancellor of the Duchy of Lancaster, has resigned from the cabinet, and will join the army in France. Mr. Churchill in his letter of resignation explains that he agrees in the formation of a small war council, and appreciates the intention which Premier Asquith expressed to include him among its members. He foresaw the difficulties that the premier would have to face in its composition, he states, and he makes no complaint because the scheme was changed, but with that change his work in the government naturally closed. He says he could not accept a position of general responsibility for a war policy without any effective share in its guidance and control, and did not feel able in times like these to remain in well-paid inactivity.

To Serve as Major. Rumors had been current for some time that Mr. Churchill would resign his seat in the cabinet and go out on active service at the front. He is a major in the Oxford Yeomanry. Mr. Churchill was serving as first lord of the admiralty when the war began, and filled that office until the formation of the coalition cabinet last May. He took the position of chancellor of the Duchy of Lancaster in the new cabinet, Arthur J. Balfour being made first lord of the admiralty.

Gave Benefit of Knowledge. The following letters have passed between Premier Asquith and Mr. Churchill: "When I left the admiralty five months ago, I accepted an office of few duties at your request to take part in the work of the war council, and assist the new ministers with the knowledge of current operations, which I then possessed in a special degree. The counsels which I offered are upon record in the minutes of the committee of imperial defence, and in memoranda I circulated to the cabinet, and I draw your attention at the present time to these. Approves New Council. "I am in cordial agreement with the decision to form a small war council. I appreciated the intention you expressed to me six weeks ago, to include me among its members. I foresaw then the personal difficulties which you would have to face in its composition. "I make no complaint that your scheme should have been changed. My work in the government comes naturally to a close. Knowing what I do about the present situation, and being an instrument in the executive power, I could not accept a position of general responsibility in a war policy without an effective share in its guidance and control. Nor do I feel able in times like these to remain in well-paid inactivity. Time Will Vindicate. "I ask you to submit my resignation to the King. I am an officer and I place myself unreservedly at the disposal of the military authorities, observing that my regiment is at the front. "I have a clear conscience, which enables me to bear my responsibility for past events with composure. Time will vindicate my administration of the admiralty, and assign to me my due share in the vast series of preparations and operations which secured us command of the seas. "With much respect and unaltered personal friendship I bid you good-by. (Signed) "Winston Churchill."

Asquith Sincerely Grieved. Premier Asquith replied to Mr. Churchill as follows: "I had hoped you would reconsider your decision and regret to learn from your letter that you have not felt able to do so. You have rendered services both in the council and the administration which no one is better able to appreciate than myself with regard to the conduct and direction of the war, and I am sincerely grieved that you should think it your duty to leave the cabinet. "I am certain you will continue to take an active and effective part in the prosecution of the war. On personal grounds, I feel acutely the severance of our long association. (Signed) "Asquith."

Ambassador Morgenthau at Constantinople, who notified the state department at Washington of the death, reported that he was making a thorough investigation to determine the responsibility. The ambassador's information was based on a telegram from the United States consul at Aleppo. Rev. Mr. Leslie, who had been acting as an intermediary for 300 British, French, Italian and Russian refugees, who were interned at Oorfa, had been in close touch with the consul. He had been appointed consular agent by the United States to facilitate his handling of monthly allowances sent to the interned persons, but the Turkish Government had refused to recognize the appointment, according to Rev. The French minister at Cetinje telegraphs that all the French citizens in Montenegro are safe and well.

A Berlin despatch says: Despatches received by the Bulgarian legation here report that the Bulgarian army marching from Nish to Leskovac captured enormous military supplies.

There is a very real reason to fear that the main body of the Serbian army which has been fighting the Serbians and the Bulgarians' right wing, has been cut off between Kralievo and Nish, say despatches received at Milan from the Secolo's correspondent.

It is possible, the despatches say, that as the southern Serbian army is holding at Kutchank, the retreating columns may escape the Serbian army.

It is considered significant that no news has been received from the retreating Serbian army for five days.

A Reuter despatch from Athens says a Saloniki telegram to The Paris states that the French have effected a decisive defeat on the Bulgarians near Veleo and that the fall of that town is considered imminent.

Veleo is about 27 miles southeast of Thessalonica on the railway.

NORTHWEST DISTRICT WAITS FREE DELIVERY

One Ratepayer Will Take Legal Action Against the Express Companies.

Express deliveries in the northwest district have been taken up with determination by the combined ratepayers' and other associations.

The Express Business Men's Association have been unflinching in their efforts in this matter since their inaugural meeting.

"The companies opposed this application, and the whole matter was gone into before the board, and the board referred it to one of its engineers, who, along with a representative of the commissioner of works, went over the whole territory in dispute, and the evidence has all been before the board's engineer ever since.

"Then followed the application by the express companies to refuse free delivery in the district, wherein this is the matter that is now under consideration by the board.

"In order to further test the right of the express companies to refuse free delivery in the district, a member of the legal profession connected with the Oakwood-Orleans Ratepayers' Association, residing at Westmount avenue in the Oakwood section within the city limits, to whom a parcel was recently sent, prepaid, from Buffalo and the express companies, demanded an additional charge of 25 cents, on the grounds that his place of residence is outside their delivery limits.

"The ratepayer who took the parcel, in order to further test the right of the express companies to refuse free delivery in the district, has decided to test the matter in the law courts.

### WHAT WILL U. S. DO TO AVENGE ANCONA?

Passengers Died as Result of Unavenged Lusitania Murder.

### INDEPENDENCE HURT

American Republic Threatened by German Behavior, Says Reinach.

PARIS, Nov. 12.—Commenting in the Figaro on the sinking of the Italian liner Ancona, widely known as a political writer, declares that the victims of the Ancona tragedy died as a result of "the unpunished Lusitania murder." President Wilson could not say, adds the writer, "that he was not warned that the tragedy would be repeated if it were not avenged."

"Is America going to swallow this insult," he continues, "and be satisfied first with explanations and then with deceitful promises, or is she going to demand from Austria expressions of regret, insisting on the punishment of the officers who committed the crime and taking up at the same time the Lusitania question. In short, is she going to demand satisfaction from Germany? We hope so, not in our own interests, for America's neutrality is a sacred principle, but in the interest of the great republic for her independence is at stake—her independence already injured and daily threatened with increasing boldness, since for a whole year she has tolerated from Germany what she would not have tolerated for an hour from a nation less rich and powerful."

at the Gayety Theatre for one week commencing Monday matinee. The company which has always been a distinct favorite with the regular patrons of burlesque, comes to this city on this occasion with the distinction of being the record-breaking attraction in burlesque.

For the engagement here there will be the same stars, the same production, the same chorus and the same scenic setting as at the previous Broadway run. No change has been made in the cast, and the company has not been cut down in any manner for the road tour.

### PADEREWSKI TICKETS.

On Monday morning at the Massey Hall box office, the sale for the Paderewski recital, the date of which is Nov. 22, will be opened. Paderewski's fame as the greatest of living pianists stands out in sharp relief since the beginning of the war on account of his great work for his suffering countrymen in devastated Poland. In New York, where he has just returned, he played and spoke, \$12,000 was raised.

### NEXT WEEK AT SHEA'S.

"The Red Fox Trot," a satirical playlet, on the dance-mad American public with George Fawcett and an excellent cast will headline the bill at Shea's next week. The sketch tells the story of a pretty, young wife, who neglects husband and home for the bright lights of the dance palaces. The Misses Lightner and Alexander, versatile musicians will sing and dance in pleasing fashion and the California Orange Packers have an offering that is a decided novelty. "The Master Touch," a monologue; Rae Eleanor Ball is a violin virtuoso; Henshaw and Avery will present a comedy playlet and Bobbie Gordone is a clever bag puncher and athletic marvel. Reed Brothers, presenting their laughable sketch "The Eccentric Walter," and feature film attractions, complete the bill.

### LOEW'S THEATRE.

All headline acts will be in the bill next week at Loew's. The chief feature will be "Cheyenne Days," a collection of western horsemen. The secure feature will be "The Old Folks at Home," a rural comedy playlet known as the homestead of vaudeville. The popular Wallingford series, in its fourth complete story, "The Master Touch," will be shown. The three well-known comedians, Keefe, Langdon and Wheeler, present a triple alliance of comedy and songs. Peppino, the master accordionist, will be heard in classical and popular airs. Dorothy Herman will give an exclusive song and gown revue. The silent humorists, Kennedy and Nelson, have selected photoplays of the first run variety. Will complete the bill.

### AT THE HIPPODROME.

Next week's headline attraction at the Hippodrome will be the Enas Troupe, a sextet of clever gymnasts. Every week sees more interesting and exciting adventures in the thrilling "movie" serial, "Neal of the North." The special extra attraction will be the dainty singing comedienne, Grace Wilson, in songs and songs and "Musical Gardens," a musical attraction, is said to be very good, while Taber and Claire have a singing and dancing offering. Prevet and Merrill, mystifying illusionists; Morgan and Matthews in diverting comedy antics and new feature film attractions complete the bill.

### CRACKERJACKS AT STAR.

Phil Ott is principal comedian with "The Crackerjacks" burlesque here next week at the Star Theatre, with the customary matinee. Nettie Nelson has been engaged as prima donna. Her highly cultivated voice has been a feature of many of the leading European music halls. As an added attraction, the troupe has secured the Aeroplane Girls, who have one of the most difficult and spell-binding acrobatic acts before the public.

### VIGGO KIHL'S RECITAL.

When Viggo Kihl, the Danish pianist, is announced to play anywhere he always draws a thoroughly musical and fashionable audience. His recital last Wednesday evening at the Toronto Conservatory of Music was no exception. His program was particularly interesting and possessed sufficient variety to show his many-sided virtuosity.

on Saturday evening, Nov. 20, in recognition of his valuable services to the profession, is manifestly evident from the keen demand there is for tickets. That there will be a packed house is assured, and this need not cause any wonder. Never before has there been such a galaxy of popular stars in Massey Hall, and never before has so fine and varied a program been presented at any popular entertainment in Toronto. When it is stated that the head-liners, on this occasion, will include the Advance Quartette, Jessie Alexander, Mary Bruce-Brown, the star Scottish soprano, and the Acolian Quartette, besides some twenty other leading musicians, some idea can be formed of what is coming. The advance program is printed and all who have seen it accord it the highest praise. It should be stated, too, that the tickets will be 25 cents all over the house, and all seats will be reserved. The plan will be open at nine o'clock Monday morning at the hall and at Bell's, 146 Yonge street.

### OVERCOATS OF QUALITY AND DISTINCTION

Score's overcoats have the distinction of meeting all requirements. Whether it be from point of utility, appearance or correctness of balance, the coat made by R. Score & Son needs no label to identify it. The advantage of being able to buy directly from the mills is shown in the beautiful range of cloths used, while the fact of having designers and workmen of the first grade, results in garments being finished in such a way that proves gratifying to customer and friends. A glance at our windows, where we have our special line at \$30.00 displayed, will give an increased interest. Our ad on page 8.

### EMPHASIZED NEED OF GOOD READING

Mrs. Brethour Tells Women's Institute Delegates It is Essential.

### CONSIDER HOME FIRST

Is Greatest Factor in Social Life of Rural Ontario.

Social life in rural Ontario occupied the attention of the Women's Institutes yesterday morning. Mrs. Brethour of Huronia, spoke of the home life as the first thing to be considered in this connection. She emphasized the need for good reading and advised sending the book round. One of the things still to be done was "more leveling of ages as well as classes." Mrs. Haver of Brampton, made a plea for the old fashioned literary society, and the revival of the singing-school.

An interesting paper on the same subject was read by Mrs. Munroe, in which it was suggested that reading should be in progress while knitting was being done at meetings, also that men might be invited from time to time. That women should attend the meetings of the school board was a suggestion of Mrs. Buchanan of Haveronia.

Women are Thanked.  
The women of the (Institute) were thanked by Mrs. Alexander McPhedran, convener of the Ontario Red Cross sock committee, for the socks that had been sent.

Mrs. Long told of the patriotic work done by the women of Great Britain, Belgium, France and other countries.

In the afternoon, Mr. C. H. Bailey, assistant deputy minister of agriculture, spoke on the work of the children in school-plots, and cited an instance where \$200 had been made from potatoes so grown, in aid of the Red Cross. The government, he said, was opposed to linking up the school fair with the county fair.

Samples of the "News From Home" paper, which is sent to the men in the trenches, and to the hospitals, were shown by Mrs. H. S. Strathy, who explained that while they were mostly made by the school children, they are work that may be undertaken by any. She urged the women to introduce or encourage the making-up of the paper in their district.

Questions sent in were answered by Mrs. Plumpton. She explained that field comforts were for fighting men, but that Red Cross supplies were sent to the commanding officers of Canadian military hospitals, to individual wounded Canadians, and to Canadian

### THEATRES

#### CHEERNIAVSKY TRIO TONIGHT.

One thousand rush seats will go on sale tonight for the grand Cheerniavsky concert at Massey Hall. Many features should insure the concert being one of the most interesting and enjoyable that have been heard in Toronto in many years. It is the first appearance here of the three Cheerniavsky brothers, each of whom in his respective department, has reached almost the top of the ladder, and whose performances in trios are absolutely unique. In every music centre of the old world, their reputation is at the highest. In the second place, it is a military night by authority of Colonel Legie, officer commanding this military district, and it is expected that a large number of the officers will be in attendance in uniform. The event is under the auspices of the Citizens' Recruiting League, and through the kindness of the Cheerniavskys and of Lawrence Solman, who has charge of their Canadian tour, the entire proceeds are to be handed over to the league for recruiting purposes. The event is under the distinguished patronage of Their Royal Highnesses, the Duke and Duchess of Connaught. Another interesting feature of the evening will be the fact that the Australian Cadets are to occupy seats on the platform. Accompanying them will be several companies of the school cadets of Toronto.

A handsome souvenir program containing pictures of His Majesty the King, H. I. H. the Czar of Russia and many prominent Canadian figures, has been issued.

#### SAN CARLO OPERA CO.

The San Carlo songbirds will arrive in Toronto from Buffalo tomorrow by special train, and local music enthusiasts are anticipating the treat to be afforded them at the Alcazara, beginning Monday evening next. A rehearsal will be held on Monday morning and the work of staging the immense pieces of scenery for Verdi's Aida on Tuesday evening will begin at once. The entire scenic investment of the

#### San Carlo forces is new, the summer's output of the famous Leo-Lash scenic studios, of New York, some excellent settings are promised. The sale for the week has been large and there has been brisk buying of tickets for Thursday night's attractive double bill—Cavallaria Rusticana and Pagliacci. Upon that evening Miss Margaret George, the talented soprano of Toronto, will sing the principal role in the Mascagni work, and with her will appear the celebrated Spanish tenor, Manuel Salazar. Mme. De Macted, the French mezzo, will be in the cast, and the Ailio will be the baritone, Angelo Aniola.

The cast of Aida is an extraordinary one, as follows: Aida, Mary Kaestner; Amneris, Carolina Zawner; Amoruso, Alessandro Modesti; Radames, Manuel Salazar; Ramfis, Pietro Dibiasi; King of Egypt, Natale Cervi; a messenger, Luciano Rossini.

The Chevalier Fulgenzio Guerrieri will direct the opera Tuesday night. Donzetti's masterpiece, Lucia Di Lammermoor, with Mrs. Edvige Vaccari.

#### MARIE TEMPEST AT THE GRAND.

A combination of more than usual promise is found in the announcement that Miss Marie Tempest is to be seen here in the double bill at the Grand Opera House for one week, beginning next Monday evening, in which for many weeks past she has been appearing at the New York Lyceum Theatre. J. M. Barrie's new one-act comedy, "Rosalind," and Robert Marshall's three-act play, "The Duke of Killcrankie." The company to be seen here with Miss Tempest is identically appearing with her during her engagements at the New York Lyceum Theatre and at the Blackstone Theatre in Chicago. The two comedies furnish Miss Tempest with ample opportunities for the display of her deft sense of humor, whimsical comedy and sparkling, spontaneous readiness of wit. Miss Tempest originated the role of Mrs. Mulholland in the original production of "The Duke of Killcrankie" in London.

#### BEHMAN SHOW AT GAYETY.

Direct from Broadway, where it was the attraction for 16 weeks at the Columbia theatre, Jack Sincere's Behman Show, headed by Lew Kelly, is announced as the next attraction

## VENO'S LIGHTNING COUGH CURE

# Here it is at last--the most remarkable of cars--the car that has set the whole continent talking--

## CHEVROLET

**\$675 F.O.B. OSHAWA**

**F**ROM New York to San Francisco—from New Orleans to Cochrane, Ontario—the most-talked-about car of the day is the Chevrolet.

Its fame has preceded it everywhere on the continent. Long before any plans were made to market the car in Canada, Canadians heard about its almost fabulous success, and tried to find out if all the stories of its remarkable qualities were really true.

Now the Chevrolet—this very same Chevrolet—the product of experience—backed by millions—that has stirred up so much wondering comment—is being made right here in Canada.

To-day you will have a chance to see the Chevrolet. Its Toronto home is open to you—at the corner of Yonge and Grenville Streets.

**T**HE reasons for the quickly-attained popularity of the Chevrolet are not far to seek. Of course, it has become the recognized thing to say of a car that it is "wonderful value"—but that phrase becomes cheap and meaningless when you place it alongside a car like this.

Frankly, the Chevrolet—sold at \$675—would compete most strenuously with anything else on the market if it sold for a thousand.

But think of it at \$675!

It has "looks" in its favor, a graceful body, a most workmanlike finish.

But above all, it has an engine—such an engine! Quiet and smooth running to the last degree, it produces without undue vibration and with a steady stream of power, this most wonderful of cars. Up steep hills it climbs with greatest ease already they call it "the wizard of the hills," and it deserves the name.

**Y**OU'LL get the specifications complete when you come to see the car—but just here note a few of the points that are interesting:

It has a 28-H.P. valve-in-head motor—the most powerful motor of its size ever built.

It has selective type, sliding rear transmission; three speeds forward and reverse; central control.

It has cantilever springs. This is one of a number of features incorporated for extreme comfort.

It has an electric starting and lighting system—the dynamo shafted to the motor, keeping the battery charged at all times.

It's as "roomy" as you could wish—seats five full-grown people with complete comfort.

**Y**OU'VE been expecting us to say the Chevrolet is economical to operate. Well, we do say it—and we'll prove it to all who give us a chance. Easy, indeed, it is on both gasoline and oil—which is saying a lot for a car that has the reserve power this car can show.

Deliveries from the Canadian factory start about the end of this month.

Meanwhile, the important point is that you can see this wonder of cars at the Toronto showrooms right away. On exhibition first thing this morning. Open Saturday evening and every night next week for the convenience of those who cannot come during the day.

The price, \$675, includes full equipment, speedometer, ammeter, everything, even to the mohair top.

**To Merchants** The Chevrolet Car will be available as a delivery car; the same chassis as the touring car above shown, with an especially neat and attractive delivery body. Prices quoted on application.

SHORT COATS WITH NEW WINTER SUITS

Most Recently Launched Models Feature Braided Trimmed Jackets.

SEVERAL FAD EFFECTS

White Gaiter-Topped Boots, White Gloves and Feather Ruffs Decried.

Exceedingly short straight edged coats mark some of the very newest winter street suits, conspicuous because of the severely tailored lines. With this type of coat appear several fad effects—white gaiter top footwear, white chambray gloves and a pinstriped neck piece of ostrich. A stunning little model of this design was recently launched by an exclusive local costumer copied from a daring French creation.

A jaunty little chapeau of the coachman order in black pressed silk beaver showed a smart cockade in black fluted ribbon edged with green. The black and white feather bonnet fastened high about the neck, a tassel hanging over the left shoulder, and the costume was further completed by high patent boots with white chambray tops buttoned with black jet, a white hand bag and black pointed white chambray gloves.

"CANADA FOR EVER."

Latest Military March by Australian Composer.

Professor Harold Betteridge, Australia's leading composer, and who has trained the Australian Cadets up to their present high state of proficiency, has created a march arrangement especially for the boys' Canadian tour. The composition is entitled "Canada for Ever," and was specially dedicated to the 72nd Overseas Battalion, C. E. F., and officer in command, Lieutenant Col. Clark of Vancouver, B.C.

The closing stanzas give a unique counter blending of Canada's song with a hidden refrain of "Rule, Britannia," barely suggesting itself in a rare combination of the melodies of the motherland and the Dominion.

SISTER; READ MY FREE OFFER I am a woman. I know a woman's trials. I know her need of sympathy and help. If you, my sister, are unhappy because of ill health, and feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten day trial of a home treatment suited to your condition, with reference to Canadian ladies who gladly tell how they have regained health, strength, and happiness by its use. I want to tell you all about this successful method of home treatment for yourself, my reader, for your daughter, your sister, or your mother. I want to tell you how to cure yourselves at home at trifling cost, and without aid from anyone. Men cannot understand women's sufferings; what we women know from experience, we know better than any doctor; and thousands have proved there is hope even for the hopeless in any method of home treatment. If you suffer from pain in the head, back, or bowels, irritation with frequent urination, obstinate constipation or piles, pain in the sides, rheumatism, nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling up the spine, palpitation, hot flashes, weariness, swollen complexion, worth living, I invite you to send for my complete ten day treatment entirely free and postpaid, to prove to yourself that these ailments can be easily and surely conquered at your own home, without the expense of hospital treatment, or the dangers of an operation. Women everywhere are escaping the surgeon's knife by knowing of my simple method of home treatment, and when you are cured, my sister, I shall only ask you to pass the good word about it to some other sufferer. My home treatment is for all—young or old. To Mothers of Daughters (chlorosis), irregularities, headaches, and lassitude in young women, and restores them to plumpness and health. Tell me if you are worried about your daughter. Evidence is All in and Case Will Be Decided in January.

#### W. T. TAYLOR ON STAND

Tells of Losses Sustained by Firm Before the Assignment.

All the testimony is now before the court in the million-dollar suit brought by Isabella Taylor on behalf of herself and other creditors of Taylor Bros. against Robert Davies, E. R. C. Clarkson and the Canadian Northern Railway Company. The case will be argued and finally submitted to Mr. Justice Lennox in January. The last witness to be called as W. T. Taylor on behalf of the plaintiff in rebuttal. He was asked about some financial dealings of the firm of Taylor Bros. before the assignment, which included the sale of the stock of the Canadian Bank of Commerce, The Toronto Globe and the Hudson Bay Company. Mr. Taylor said he did not look after the financial end of the business, but he understood that the Hudson Bay investment netted a loss to the firm of \$100,000. Other large sums had gone stock gambling and in taking up per for other people which the firm of John F. Taylor personally had engaged.

E. W. J. Owens on Stand. Mr. Justice Lennox asked some pointed questions yesterday of E. W. Owens, M.P.A., who was called as witness for the defence. Mr. Owens had been the solicitor for the firm before their assignment. He was elected one of the inspectors of the estate after the firm made a deal with Mr. E. R. C. Clarkson. Mr. Owens desired to know whether Mr. Justice Lennox desired the assignee and sections had made a provision for when they leased the Don Valley brick works to Robert Davies for a month. He pointed out that \$450,000 brick at an estimated profit of \$2 per thousand. It required two cubic yards of raw material to make 1000 brick, and there was testimony before the court to show that such raw material (clay and shale) was worth 25 cents a cubic yard. Mr. Owens replied that in 1901 and 1902 there was a general depression in trade, especially in the brick business.

Another interesting feature of the day was the failure of the defence to call as a witness E. E. Stewart. It will be remembered that Mr. Davies took over the brick yard and adjoining real estate amounting to 148 acres, at \$45,000, the price fixed by Messrs. Stewart and Galley. When the defence rested Mr. M. K. Cowan of counsel for plaintiffs, asked if Mr. Stewart was not to go into the box. He said he desired to cross-examine him.

W. N. Tilley, K.C., attorney for Mr. Clarkson, said Mr. Stewart would not be called. He had observed Mr. Stewart in conference several times with Mr. Wm. Laidlaw, K.C., of counsel for plaintiff.

Mr. Cowan was inclined to expostulate, but the court stopped all discussion by saying that each side was at liberty to place or not place any person in the box.

The Creditors' Meeting. Mr. E. R. C. Clarkson, resuming the stand for further cross examination, testified respecting the creditors' meeting on June 13, 1902, at which the sale to Mr. Davies was ratified. He admitted that the meeting had not been advertised. He said that all the creditors or their representatives had received notice of the meeting. From a legal standpoint, he regarded the meeting as unnecessary. At the first meeting of creditors, the assignee, subject to the approval of the inspectors, had been authorized to dispose of the entire estate. No further authority was needed, but as a meeting of creditors was called, it probably should have been advertised. Toward the close of his testimony, there was a clash between the witness and cross-examining counsel. Hon. Wallace Nesbitt, K.C., having returned to Mr. Galley, one of the valuers, as a man who had lost his fortune in speculation and then eked out a living by valuing real estate. Mr. Clarkson interposed. "That is not a fair statement. By industry and frugality," Mr. Galley acquired a competence but unfortunately lost it in a real estate boom.

Mr. Nesbitt: "And then eked out a living by valuing real estate."

Mr. Clarkson: "That is not a nice way to put it."

Mr. Nesbitt: "Well then, he eked out to his income."

Mr. Clarkson: "Every man who accepts remuneration for any work, thereby adds to his income."

No Statement of Value. Mr. Clarkson admitted that at the creditors' meeting no statement had been submitted as to the commercial possibilities of the brick plant. As far as the land itself went, he thought \$150 an acre a fair price. In 1901, he said that some of the land now embraced in Donlands was encumbered for only \$60 an acre, but the mortgagee had to foreclose. Later on there had been a spectacular rise in the value of that land and of lands in the Don Valley. He declined to put a value upon the Donlands estate, but mentioned the Kilgour property which had been purchased for \$23,000 and subsequently held over \$400,000. Mr. Nesbitt, on the other hand, contended that property in the neighborhood of the Don Valley Brick Works had brought \$200 a acre 20 years ago. He estimated that Mr. Clarkson had appraised the 148 acres involved in the suit as to its value as pasture land in Muskoka. Instead of suburban real estate adjoining Toronto.

Mr. John T. Small, K.C., said he had received a letter from the firm which had a claim against the Taylor Bros. As the attorney of that firm he received notice of the meeting held on June 13, 1902, and attended the same. The sale of the brick yard and real estate to Mr. Davies for \$45,000 was approved. Mr. Small said he was present and he could not recall that any discussion had taken place.

Mr. J. W. Small, K.C., said he was a trustee for some of the Taylor heirs and quite familiar with their real estate holdings. He had been elected one of the inspectors of the estate of Taylor Bros. As an inspector he had voted to confirm the sale to Davies.

He had no objection to the creditors' meeting of June 13, 1902, and thought there were from 12 to 20 persons there. It was upon his suggestion that the meeting had been called. He had made the motion to confirm the sale, but it was the general sense of the meeting that it should be confirmed. No one objected to the price.

Worrell's Opinion. Upon cross-examination Mr. Worrell said he had been on the land in dispute before and after the assignment. He thought the 148 acres for \$100 an acre was a fair price. He had no objection to the commercial possibilities of the brick yard plant, assuming they were of the value stated by Mr. Davies. He had just made an assignment. He did not know the plant after passing into the possession of Mr. Davies. He turned the possession of the plant over at an average profit of \$2 per thousand. He did not know that the clay and shale deposits were especially valuable. His information was that the Hudson shale was found abundantly in the Don and Hummer valleys. At the request of Mr. Davies, he had been asked to go to Port Credit. In recent years there had been a wonderful increase in the value of land in and about the Don Valley, but in 1902 there was little demand for the same.

Contradicts W. T. Taylor. Mr. E. W. J. Owens, K.C., M.P.A., testified that he was one of the inspectors of the estate of Taylor Bros. and had voted for the sale to Mr. Davies. He flatly contradicted Mr. W. T. Taylor as to the latter not being kept advised as to what was going on after the assignment. Mr. Taylor, according to Mr. Owens, was in the city nearly every day and made Mr. Owens' office his headquarters. At his request Mr. Owens had filed claims against the estate with the assignee on behalf of Mr. Taylor's wife and stepmother. He had also procured Mrs. Isabella Taylor's release to dower to the brick yard property. Asked if Mr. Taylor objected to the sale to Davies, Mr. Owens said: "I could not say that he ever consented to it, but I think he became resigned."

Asked to explain what he meant by saying that W. T. Taylor became resigned Mr. Owens said: "He could not help himself. He was helpless. He tried to raise money to get back the property, but was unable to do so. You might say he had to be resigned."

Winter Tourist Trips to Southern States. Are becoming more popular every year, largely owing to the transportation facilities and modern luxurious equipment, making the journey a pleasure instead of a hardship. With one change of cars you can travel from almost any point on the main line of the Grand Trunk Railway to your destination in the sunny south, where the flowers bloom and warm, balmy breezes blow. Meals served in dining cars make it unnecessary to leave the train en route. Round trip tickets are issued by the Grand Trunk Railway at very low fares, giving choice of all the best routes, via Chicago, Detroit or Buffalo. Fast trains are run daily from Toronto, carrying electric-lighted Pullman sleeping cars, dining and parlor-library cars and first-class coaches-making connections with through trains for the south, etc.

Before deciding on your trip ask Grand Trunk ticket agents for full particulars. Toronto city ticket office, northwest corner King and Yonge streets, phone Main 4208.

William Eaton of Oshawa was able to show his many friends in the city yesterday a four-year-old buck that he had shot up north on Friday, weighing 232 pounds, one of the largest red deer brought to Toronto for many a day. It was unusually fat and it took two men a whole day to get it out of the bush. Mr. Eaton was in the Tudhope camp in Salines Township.

A great many appeals were heard by the court of revision yesterday. One point was made clear, that when an owner can not place a value on his property that placed by the assessor will stand. This came about as the result of some appellants being backward in stating a figure. The assessment of \$4000 an acre against 10 acres owned by Duncan M. Reid, north of Eglinton avenue and west of Yonge street, was confirmed. A reduction of \$5 a foot was allowed on property on Montgomery avenue, owned by Mr. Reid.

Far more women than men suffer from nervous disorders. And little wonder, when you come to think of the thousand causes of worry and anxiety which come daily to the woman in the home.

Particularly to those who are nervously energetic the many demands of society, the numberless details of home life, and the exacting attention required by the children, sooner or later wear on the nervous system.

### ONTARIO A. A. BACKS UP GOULDING

Any Charge Against Champion's Amateur Standing Could Be Retorted.

The Ontario branch of the Amateur Athletic Union last night handed out the following statement in regard to the rumors from New York to the effect that Goulding was to be ineligible for amateur competition:

"Under the regulations of the A.A.U. of the United States and Canada, requests for expenses are quite allowable by any athlete. The question of the amount depends entirely on the extent and character of the trip.

"Under the international agreement between Canada and the United States, the amount of expenses received by any athlete must be voted for on a form and attested by the officials of the amateur athletic union of both sides of the line. There would therefore be no opportunity for Goulding to obtain expense money in excess of his actual expenses without the knowledge of the athletic officials.

"However, in this case the expense money was refused, but as Goulding was anxious to compete in these championships, as he felt he was in condition to break both the American and the world's record for the distance, several gentlemen came forward and offered to raise the necessary funds among friends who had faith in the ability of the great walker to bring honor to Canada and place himself once more in the world's championship class. This course was followed and an amount sufficient for expenses was collected and handed over to Goulding.

"No official communication has been received from the American authorities in regard to this charge, and nothing is known of the matter except from newspaper articles.

"From our knowledge of Goulding no charge could be made against his amateur standing which could not be refuted."

### TWO RUGBY GAMES FOR TORONTO FANS

Soldiers' Game at Varsity and Argos and Montreal at Rosedale.

The stage is set for the soldiers' game at Varsity Stadium today and the grand stand doors will be open at 1:30. Soldiers enter by the north gate at Bloor street and take their allotted sections in the bleachers. As soon as the soldiers are seated the general public will be admitted to the remaining portion of the bleachers, about 2 o'clock.

The Kingston team and supporters will arrive this morning about 7:00 strong. They will parade to the Stadium before the game, headed by the U.C.H.A. Band. The Kingston team had their final workout Friday morning at daybreak, and the afternoon practice hour took the form of a chalk-talk. Gamey Stratton has his team well schooled in the defence and should get away for some long gains. He is using his familiar long pass to advantage, but will not use this dangerous trick unless an emergency occurs.

Jack Maynard's squad held their final practice behind closed doors. The play is gradually working to perfection. The interference is working overtime and they can go the limit. Frank Knight put in an appearance and shapes up as well as ever. If he puts up as good a game as he did with Argos he should be hard to hold.

The line-up: Kingston: Halves, Len Wright, Smith, Jack Williams; quarter, Stratton; scrum, Mace, K. Douglas, J. Webster, Wallace, Shaw, Johnson, McGilvray; insides, Reid, Raymore; middles, Dibble, Jamieson; outside, Lyon, Mollard, Webb; scrum, Ryan, McGregor.

Toronto: Flying wing, Knight or Crawford; halves, Brodie, Maynard, Ramsay; quarter, Wood; scrum, Hall, Clark, Smith; insides, Leah, Allen; middles, McParlane, Neate; outside, Adelard, Clarkson.

Officials: Harry Griffiths, Doc Wright, Hugh Gall.

The Sunnyside team of the Partridge Collegiate beat U. T. S. III. by the score of 16 to 1. The all-round playing of the Partridge team and the tackling of Laxton were the features of the game.

An Ottawa despatch says: The first step toward pulling off an event for the Ottawa Sportsman's Patriotic Association was started this morning in the shape of a football game to be staged next Saturday between the Ottawa Big Four team and a fourteen made up of players physically qualified to take the field and give the youngsters a battle. The professional clause will be waived. This is war time, and the people who will reap the benefit from the game are soldiers fighting or training for the defence of their country and trivialisities and formalities will be set aside.

T.R. & A.A. expect a hard tussle in the second of the home-and-home games for the Senior O.R.F.U. title. They will be without the services of Brodie, who was responsible for the big lead secured last week, and it remains to be seen if they could still win the Hamilton team without Soldier Bickie to do the kicking.

Twenty-two points is a big lead to overlook, but Hamilton R.C. are confident they can trounce the big lead in the squad, and some are even hopeful of pulling down this big lead. The back division will likely be Zimmerman, De Gruchy and Broderick.

### WILL RAISE BATTALION IN EASTERN TOWNSHIPS

MONTREAL, Nov. 12.—A new infantry battalion, to be known as the 117th, and to be recruited chiefly in the eastern townships, has been authorized by the military department at Ottawa. Lieut.-Col. L. J. Gilbert is to be commander.

### SMITH SIGNS COAST STAR IN NIGHBOR

Ottawas Fighting Coast League—Ottawa Favors N. H. A.—Gossip.

An Ottawa despatch says: AM Smith, the Ottawa Hockey Club coach, returned from Pembroke today with the signed contract of Frank Nighbor in his inside pocket. Nighbor came to terms after a two-hour session with Smith. It appears he had received and accepted transportation from the Patriots to return to the Pacific Coast and it required a lot of persuasion to convince him the western league could not prevent him in the courts from coming to the east. He wired Frank Patrick last night he had signed an Ottawa contract, and would not go west. Nighbor is a left wing player, who he was used on the starboard wing at Vancouver last year. His presence on the Ottawa team will result in Dufford playing right wing and Gerrard and Darragh alternating at centre. There is some doubt about Darragh playing this year, however.

Ottawa will have four very promising "rookies" try out when the practice session starts. They are George Boucher and Eddie Nagle, the football players; Gordon Dunlop and Morley Brown, the latter being rated one of the fastest kids in local amateur ranks. Dunlop is a defence man. Nighbor will receive \$1500 for the season.

### REFEREES BALK AT O. R. F. U. JOB

Billy Mallett Umpire for Senior Game — The Line Up for Rugby Fixtures.

Up to a late hour last night the O. R. F. U. officials were unable to fill out their line-up of officials for the senior game. Billy Mallett accepted the job as umpire, and that's as far as they got. It is understood that Charlie Conkie is available.

Hugh Gall and Reddy Dixon refused to play a return engagement as officials for this game because some of the contestants displayed an overabundance of aggression. Those others suggested for today's fixture, also will turn down the invitation for geographical reasons, viz., Messrs. J. Willard and J. Johnson.

Argonauts' line-up for today at Rosedale, kick-off at 2:30: Rover, Brophy; halves, O'Connor, Garrett; backs, O'Farley; quarter, Mills, O'Connor or McEwen; scrum, Polson, Hornar, Dopp; inside, Bryans, Sullivan, Patterson; outside, Foster; outside, Burns, Sheehy. Officials—Robbins and Simpson.

The teams will line up as follows for the Big Four inter-city game: Argo II.—Flying wing, Cronk; halves, Gale, Stanfield, Hamilton; quarter, Beck; scrum, Polson, Hornar, Dopp; inside, O'Rourke, Locker; middle, Trow, Ingram; outside, Prendergast and Taylor.

Tiger II.—Flying wing, Johnston; halves, Hill, Lealey, Tobe; quarter, Burton; scrum, Dymally, Sheridan; inside, Pearson; inside, McEwen and Howland; middle, Reid and Havers; outside, Henderson and Palmer.

The Tigers will be pretty well at full strength against the weakened Senators. Hamilton—Rover, Erskine; backs, McKelvey, Manson, Lutz; quarter, Brophy; scrum, Myers, Ireland, Myles; inside wings, McFarland, Van-sickle; middle wings, Smart, Clark; outside wings, Clements, Fisher.

Ottawa—Rover, Munroe; backs, Bouchard, Brophy, Davies; quarter, McCann; scrum, Wills, Davies, McCaffery; inside wings, Soper, Emerson; outside wings, Tubman, Adams.

The teams for the O.R.F.U. senior game are as follows: Hamilton: Rover, Fickley; backs, Webster, Stowe, Smit; quarter, Harper; scrum, Spence, O'Heir, Osborn; inside wings, Craig, Gerrard; middle wings, Smith, Caffery; outside wings, Phillips, Beltz.

Toronto: Rover, McLaren; backs, Broderick, DeGruyck, Zimmerman; quarter, McEwen; scrum, Brown, Duncan, McCabe; inside wings, Woolwood, Crawford; middle wings, Watson, Whaler; outside wings, Moore, Burkart.

The Hamilton Rowing Club will make a desperate effort to overcome the 22-point lead which the P.R. & A.A. team gained in the game at Toronto last Saturday. The oarsmen must win by 22 points in order to figure in the final game against Tigers, and while the task looks to be a mighty hard one, the members of the team are confident that they can turn the trick.

Tigers will work but two men on the rear guard against Ottawa. Sam Manahan and Charlie McKelvey will play the pivot, with Lutz up on the line and forming a secondary defence along with Ireland and Jack Erskine. With this trio

The teams will line up as follows for the Big Four inter-city game: Argo II.—Flying wing, Cronk; halves, Gale, Stanfield, Hamilton; quarter, Beck; scrum, Polson, Hornar, Dopp; inside, O'Rourke, Locker; middle, Trow, Ingram; outside, Prendergast and Taylor.

Tiger II.—Flying wing, Johnston; halves, Hill, Lealey, Tobe; quarter, Burton; scrum, Dymally, Sheridan; inside, Pearson; inside, McEwen and Howland; middle, Reid and Havers; outside, Henderson and Palmer.

The Tigers will be pretty well at full strength against the weakened Senators. Hamilton—Rover, Erskine; backs, McKelvey, Manson, Lutz; quarter, Brophy; scrum, Myers, Ireland, Myles; inside wings, McFarland, Van-sickle; middle wings, Smart, Clark; outside wings, Clements, Fisher.

Ottawa—Rover, Munroe; backs, Bouchard, Brophy, Davies; quarter, McCann; scrum, Wills, Davies, McCaffery; inside wings, Soper, Emerson; outside wings, Tubman, Adams.

The teams for the O.R.F.U. senior game are as follows: Hamilton: Rover, Fickley; backs, Webster, Stowe, Smit; quarter, Harper; scrum, Spence, O'Heir, Osborn; inside wings, Craig, Gerrard; middle wings, Smith, Caffery; outside wings, Phillips, Beltz.

Toronto: Rover, McLaren; backs, Broderick, DeGruyck, Zimmerman; quarter, McEwen; scrum, Brown, Duncan, McCabe; inside wings, Woolwood, Crawford; middle wings, Watson, Whaler; outside wings, Moore, Burkart.

The Hamilton Rowing Club will make a desperate effort to overcome the 22-point lead which the P.R. & A.A. team gained in the game at Toronto last Saturday. The oarsmen must win by 22 points in order to figure in the final game against Tigers, and while the task looks to be a mighty hard one, the members of the team are confident that they can turn the trick.

Tigers will work but two men on the rear guard against Ottawa. Sam Manahan and Charlie McKelvey will play the pivot, with Lutz up on the line and forming a secondary defence along with Ireland and Jack Erskine. With this trio

## You haven't ever seen finer Overcoats than those offered here

THE claim is bold and broad—but the Overcoats justify it unmistakably—they're exactly the type of Overcoats that men like best, and the values are very unusual.

THERE are new style "kinks" about the lapels, the waist lines, the general contour—every feature emphasizes "pep" and ginger decisively—they're "live wire" Overcoats.

### Jimmy Rice's Crew Easily Beat Yale

NEW HAVEN, Conn., Nov. 12.—The Columbia Varsity eight defeated the Yale crew on the local harbor today by 12 lengths, leading the Yale eight through the race over a course of a mile and seven-eighths.

Yale took the lead at the start, but held it for only about 100 yards, when the Columbia eight jumped into the lead. Open water separated the two boats at the half-mile mark, and Columbia had a lead of two lengths at the mile.

Shortly before the finish of the race, R. G. Combe, rowing No. 7 in the Yale crew, collapsed, retarding the Yale boat. Columbia pulled steadily away from the Yale craft, finishing easily. The official time was 16:43.

### THEIR FIRST RACE IN FORTY YEARS

### Columbus Machine-Like Crew Scored Great Victory Over Yale at New Haven.

During the past week I spent an afternoon with each in the coaching launches. Columbia's stroke is smoother, more steady-like, one part running into the next, without the semblance of a hitch or pause, while Yale's, to a certain extent, is cut up into sections.

The smoothness of the New Yorkers is a strong point, which Rice always imparts to his people, and it is a big factor in speed production. But Guy Nickalls has taught his men to row uniformly.

After the great work of the Yale crews last spring, I went to New Haven expecting to see a rattling good crew, but it is even better than the high standard looked for. The eight men are big, powerful fellows, and, as was the case with the last two Yales, the first and most formidable point to strike one is the tremendously hard heave and drive, which is most effectively done.

Yale is the longer in the water of the two, for three reasons. The swing in the Yale boat is a bit greater at either end of the stroke than is Columbia's, and, while Rice's men slide nineteen inches on the average, the dark blue oarsmen move a couple of inches further on their seats. Also the placement of the hands gives Yale a longer reach. Like most of the Poughkeepsie crews, taught by professional rowers, the Columbia men row with the hands close together—touching, in fact—while Yale has a hand's breadth between them. Undoubtedly the former method makes for more leverage, but it shortens the reach. Yale's plan of placing the inside hand nearer the rowlock allows of a greater arc of a circle towards the stern with the hand end of the oar. While the inside hand grasps the oar firmly, Nickalls has taught his men to use the fingers of the outside one deftly, in order to get all there is in the reach. Two other advantages are a better control of the oar and a less contracted chest at all stages of the stroke.

Neither has the advantage in keeping an even keel. I saw Yale do a piece in very rough water and going with the wind—the hardest kind of rowing—and the shell might have been a bit lost, as far as any rolling was apparent. When the boat goes off the keel, power goes out of the men, and the rowlock allows of a greater arc of a circle towards the stern with the hand end of the oar. While the inside hand grasps the oar firmly, Nickalls has taught his men to use the fingers of the outside one deftly, in order to get all there is in the reach. Two other advantages are a better control of the oar and a less contracted chest at all stages of the stroke.

Great as is the difference in the styles of stroke of the two crews, the disimilarity of the rigging of the boats is as equally marked. The first thing that Nickalls said to me when I reached New Haven was:

"Well, we did it in spite of the thole pins and level slides."

And, altho he was joking, I think he never told a truer thing in his life, because I still believe that if he had used swivel rowlocks and level slides with the last two Yale crews they would have gone even faster.

### BORE ARTESIAN WELLS ON LEMNOS ISLAND

Canadian Engineers Provide Water Supply for People of Greek Island.

LONDON, Nov. 12.—When the first British naval forces landed at Lemnos, near the entrance of the Dardanelles, they were surprised to find that the island, which has an area of nearly 100 square miles and a population of 20,000, was practically destitute of drinking water, except for uncertain supplies from a few springs. The allied troops were supplied with mineral water sent in ship loads thru the generosity of a French woman in Marseilles.

The British authorities promptly sent to Canada for engineers, who are now engaged in sinking artesian wells, which will guarantee the people of Lemnos a reliable and abundant water supply.

### DISEASES OF THE NERVES

Are Due to Poor Blood and Only Curable Thru the Blood.

There is an excellent reason why Dr. Williams' Pink Pills have cured the most severe cases of neuralgia, sciatica and other complaints of the nerves. This group also included nervousness and excitability. Each of these complaints exists because the nerves are not getting proper nourishment from the blood. During this time I was seized with a great pain in my right leg, between the hip and knee. It became so bad that I got no rest, day or night, and often cried with the pain. The doctor said the trouble was rheumatism of the sciatic nerve. Liniments were used until they actually took the skin off, and still I grew worse and worse. Then all the other nerves in the limb seemed to be affected, and it kept jerking and twitching until it would have to be held to keep it still. Then the doctor put the limb in a paper machine case but it was not long until the trouble began in my other limb and it had to be treated in the same way. I lay in that condition for three years with my whole nervous system so badly shattered that it would make me scream if anyone walked across the floor. Then my trouble became partially paralyzed and I could scarcely speak. During this time I had been attended by three different doctors, who did all in their power, but each said I would never be able to walk again. Then my father decided to get me Dr. Williams' Pink Pills. Before I had used them long I felt them helping me. This encouraged us that the use of the pills was continued, and in a few months I was able to walk on my own feet. I went to get the mail, I used to get all eighteen or twenty boxes of the Pills, and they did what three years of doctoring had not been able to do. I am as well as ever I was in my life, and have had no return of the trouble. My family and friends think my cure was a miracle, and we give the credit to Dr. Williams' Pink Pills.

You can get these pills through any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## L. S. THOMPSON LEADS LIST OF WINNING OWNERS

R. Davies, C. Millar and the Hendries Figure Among the First Thirty.

The leading American stable of 1915, that of L. S. Thompson, has gone into winter quarters, so its record for the year is completed. The next three stables in order, those of H. G. Bedwell, A. Belmont and R. T. Wilson, are still actively engaged in Maryland racing, and will make additions to their present stable earnings prior to the end of the Bowie meeting. It is not probable that their relative standing will be changed. It has been a good year for the three stables, although Mr. Wilson's total will fall below that of last year. Of the stables immediately following the four leaders, those of T. C. McDowell, L. V. Lanes and H. C. Hallenbeck show substantial gains over their earnings of 1914. Mr. W. Schorr, having no Luke McLure to win great stakes for him, shows a great falling off. At that the Memphis turman did not do badly for an 41 year, with his total of \$28,252. The Canadian-owned stables, the property of Robert Davies, Sir J. S. Hendrie, George Hendrie and Charles Millar, all find places among the thirty leading owners of America this season. The following is the list:
