The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "À SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

1894.

Entered according to Act of Parliament of Canada by the WILLIAMSON BOOK COMPANY, Limited, in the office of the Minister of Agriculture, in the year of our Lord One Thousand Eight Hundred and Ninety-Three.

PREFACE

The larger number of our Chartered Banks and other Monetary Institutions having adopted the rate of three and one-half per centum as their standard for deposit accounts, the publishers have been asked to prepare a special book for that rate.

The work has been carefully done by an expert of large experience; every care has been taken to ensure accuracy, and the result will, it is believed, be thoroughly satisfactory.

The type used has been chosen for its clearness, and is an improvement on that in general use, while the quality of paper and printing equals our well and favorably known four to ten per centum book.

EXPLANATION AS TO COMPUTING INTEREST

The number of days are marked at the top of each page, and the four "Dollars" columns represent the principal.

For amounts under even hundreds remove the decimal point to the left according as you divide the principal by 10 or 100. Thus, to find the interest on \$940.00 for 320 days at $3\frac{1}{2}\%$ remove the point one figure to the left, making the interest \$28.843; interest on \$94.00 = \$2.884, remove the decimal point two places, and to find the interest on \$9.40 remove the point three places, making it .288, say 29 cents.

To find the interest on even hundreds over and above \$10,000 remove the decimal point to the right thus:

$$\begin{aligned}\text{Interest on } \$100,000 \text{ for 316 days} &= \$3030.14 \\ \text{" " " 85,000 " 322 " " } &= 2624.52\end{aligned}$$

EXAMPLES

Required 39 days interest on \$2678.62 at $3\frac{1}{2}\%$.

$$\begin{aligned}\$2600 &= \$9.72,3 \\ 79 &= 29,5 \\ \hline \$10.01,8 &\dots\dots\dots \text{say } \$10.02\end{aligned}$$

Required 247 days interest on \$3481.20 at $3\frac{1}{2}\%$.

$$\begin{aligned}\$3400 &= \$80.52,9 \\ 81 &= 1.91,8 \\ \hline \$82.44,7 &\dots\dots\dots \text{say } \$82.45\end{aligned}$$

Required 219 days interest on \$85479 at $3\frac{1}{2}\%$.

$$\begin{aligned}\$80,000 &= \$1680.00,0 \\ 5400 &= 113.40,0 \\ 79 &= 1.65,9 \\ \hline \$1795.05,9 &\dots\dots\dots \text{say } \$1795.06\end{aligned}$$

NOTE.—When accuracy is desired, always carry out the mills in the calculation.

When there are 50 cents or more, compute the interest as on \$1, where there are less, disregard them.

Accountants, Agents, Bankers, Brokers, Book-Keepers and
Business Men Generally,

Would Save Time and Money

BY USING

THE RATE-INLAID TABLES

INTEREST 4 TO 10 %

The Manager of one of our Banks says:—"They are a great improvement upon any Interest Tables at present in use. The ease and accuracy with which calculations of interest can be made, without running the eye first up and then down a long line of figures, will of itself commend the Tables to every Bank officer."

The chief accountant of one of our oldest Banks says:—"From my experience in computing interest on paper discounted, I consider your system the best and most time-saving of any which have hitherto been under my notice."

Another Bank Cashier says:—"I am happy to testify to the superiority of your Tables over anything I have yet seen. The novel system of tinted Rates and the improved plan of ruling must commend themselves strongly to all who use them, as being just what is required to assist the eye to determine the desired amount at a glance."

The *Monetary Times*, Toronto, in a review of the Work, says:—"Interest Tables are so necessary a part of desk furniture for business men, that any improvement of them must be generally welcomed. We have seen the Rate-Inlaid Interest Tables in which a novel convenience is found, which must save time and eyesight. The pages are tinted and the rate of interest water-lined, as it were, in large figures down the page at short distances apart, which relieves one from tracing out the corresponding amounts with a straight edge or with the finger. The book deserves a good sale."

**The Leading Banks, Investment, Insurance and other Offices use
THE RATE-INLAID TABLES.**

The Book is stoutly bound in Half Leather Back and Corners and Cloth sides. Mailed to any address, post free, on receipt of price. \$5.00 each.

An edition without the tinted figures, but printed from the same type and on the same excellent paper, can also be had. Price, \$3.00 each.
