

NOT AFRAID INVESTIGATION

Methods of Management Harsh or Cruel to the Must Be

had forgiven him and told him to get his dinner. He said his pupil sent him a Christmas card.

Mr. McCarthy, who was a man who had done much for the city, moved from the city to the suburbs. He should have the expense of his trip to the suburbs paid for by the city. Mr. Ferrier should be the one to pay for the trip. Mr. Ferrier said that he did not want to go to the suburbs. He said that he would like to stay in the city. He said that he would like to stay in the city. He said that he would like to stay in the city.

BRASSA FAILS SWAY BORDEN

er and Nantel Stick ly to Side of "No Coercion for Manitoba."

WA, Feb. 28.—(Special).—It is evident that Mr. Bourassa and Mr. Lavergne have failed in their attempt to compel the Borden government to submit to their dictation as regards the schools of the new province of Manitoba. The nationalist votes in the house of commons and especially that of the two French-Canadian members of the cabinet, namely, Hon. Mr. Bourassa and Hon. Mr. Lavergne, are sticking to their position in regard to the schools of Manitoba. They are quite a number of them from Lower Canada who are Nationalists and who are in the majority in the house of commons and especially that of the two French-Canadian members of the cabinet, namely, Hon. Mr. Bourassa and Hon. Mr. Lavergne, are sticking to their position in regard to the schools of Manitoba.

Crisis Now Past.

negotiation has been more or less completed. It is evident that the crisis is now past, and that there will be no further trouble in the Manitoba Act. Mr. Lavergne will do his best to bring the agitation to a close. He will do his best to bring the agitation to a close. He will do his best to bring the agitation to a close.

DYNAMITE UNDER TRAIN

ot Was Apparently e at Woolen Mills ere Labor Troubles Exist.

PHILADELPHIA, Feb. 28.—(Special).—Nineteen sticks of dynamite were reported here to-night, were attached to the trucks of the Maine Railroad freight car. The dynamite was found in the car. The dynamite was found in the car. The dynamite was found in the car.

THURSDAY MORNING BRITISH LIANT DISCUSSION ON BOUNDARY SETTLEMENT

Previous Allegiance to Sir Wilfrid Laurier's Decision Spoiled Force of Opposition's Arguments in the Legislature—Eloquent Addresses on Both Sides—R. R. Gamey Defends Government.

Batteries of argument for and against the terms of settlement of the Ontario-Manitoba boundary question made yesterday afternoon in session of the legislature by far the most lively and interesting of any since the house opened. Allegiance to parliament during the Laurier regime and particularly to the decision of Sir Wilfrid Laurier himself and his government in July, 1908, on this very question, made the eloquent outbursts of the opposition members in the legislature yesterday afternoon look like a political move, rather than a determined effort to secure Ontario's rights in the boundary settlement.

Hon. J. G. MacKay featured this point in his remarks, and ironical laughter from the government benches greeted his statement that "we on this side of the house are willing to stand our party differences, to get Ontario's rights."

The opposition argument was further weakened by the fact that Sir James Whitney admitted that the question of a port on Hudson Bay was largely sentimental. It was the loss of 40,000 square miles of territory he was meaning.

Hon. Mr. Hearst on the other hand significantly drew the attention of the house to the campaign speeches of Mr. Rowell, in which the latter never mentioned the loss of territory, but kept hammering away at the importance of Ontario having an ocean-going port on Hudson Bay.

Hon. Mr. Hearst declared that every indication pointed to the fact that in getting to Port Nelson Ontario had got the best port and the best side of the port—the south side. As a result of the terms of the proposed Hudson Bay Railway may be on land owned by the Province of Ontario.

Mr. MacKay's reply attack on Sir James Whitney for the "sloppy and slipshod manner in which the prime minister pressed the claims of Ontario for a port on Hudson Bay" drew some caustic remarks from R. R. Gamey in his reply to Mr. MacKay.

The ex-logger of the opposition, while admitting that Sir James Whitney's case was fair and reasonable as far as words go, maintained that it was not forcibly followed up.

The hon. gentleman from North Grey couldn't go into any rural district in the province," said Mr. Gamey, "and tell the people that Sir James presents his arguments in a slipshod manner. Why, they'd kick him out of the school house, if he did. Nobody on this side of the house would do a thing about the prime minister. The hon. gentleman from North Grey doesn't believe it himself." (Applause.)

The Amendment.

An amendment to Mr. Rowell's motion on the boundary settlement was introduced by R. R. Gamey, seconded by Dr. Jamieson, South Grey. It reads as follows:

1. That this house has learned with satisfaction of the efforts that were made by the late government of Ontario to extend the boundaries of the province westward to the Churchill River and then follow the middle thread of the river north-westward to deep water at Hudson Bay.
2. That this house regrets that their efforts were unfruitful owing to the refusal of the late government of Ontario to agree to the extension sought and its determination that the western boundary should be as laid out in the resolution adopted by the house of commons on the 15th day of July, 1908, thereby excluding Ontario, not only from a port at the mouth of the Churchill River, but also from a port at the mouth of the Nelson River, the only other point on Hudson Bay suitable for a port.
2. That this house has learned with unfeigned satisfaction that owing to the efforts of the government and notwithstanding the opposition in the way of obtaining a settlement satisfactory to Ontario caused by the action of the late government of Canada the present government has been induced to consent to a modification of the decision and action of the late government whereby Ontario has secured not only access to both ports, but also the terms and agreement set out in the following order in council of the government of Canada adopted 20th of February, 1912.

Turned It Down.

Sir James Whitney, in resuming the debate, referred to Mr. Rowell's statement that the government had presented the case to Ottawa in a dilatory manner and that it was lacking in force of presentation. "Why," he asked, "did the members of the Laurier government turned down in 1908, your resolution, which was couched in the same words that my hon. friend, the leader of the opposition, now uses. He borrowed the language from us." (Laughter.)

Sir James remarked that events at Ottawa during the past 48 hours had shown that Sir Wilfrid Laurier was "the chief instigator" in this boundary question all the way thru.

"What did Sir Wilfrid care about Ontario and Manitoba?" enquired Sir James. "Why, the two provinces had in no uncertain way spewed Liberalism out of their mouths." (Laughter.)

Hon. Mr. Cochrane went to Ottawa and has been renewing Ontario's claims as well as he could. We couldn't get our alternative proposition to the Laurier government's decision, but we did get what we congratulated ourselves on, and what we congratulate the province on. From misquotation in some of the papers of my statement, that Ontario would be a baby-like proposition and that it would prove to be a mere contention between the two provinces."

Hon. Mr. Hearst said that the hon. member for North Grey never secured a private practice after a judgment had been given against him, anything like what this province had gained after judgment was given against it by Sir Wilfrid Laurier's decision. He said that the fact that Ontario had got Port Nelson—the best port, and the best side of the port—the south side. As a result of this settlement of the Hudson Bay Railway may be on land owned by the Province of Ontario. (Applause.)

"When J. C. Elliott of West Middlesex was speaking referred to a previously reported statement to the effect that Sir James Whitney regarded immigrants as a nuisance. He said that Sir James Whitney did not make the statement with such an inference at all, and he interjected that Elliott told him that his statement was untrue.

"And I believe the hon. gentleman must know it is untrue," added Sir James.

THE SUNDAY WORLD

The Toronto Sunday World, Canada's best, biggest and brightest week-end newspaper, will this week consist of four sections, including the Art Section, filled with the views and portraits depicting the scenes and incidents of current events; the popular Comic Section, printed in four colors that afford amusement to the grown-ups as well as the juveniles; Magazine and Editorial Section that contains literary food for the thoughtful, and News and Sporting Section that contains all the happenings of Saturday afternoon and evening. For sale by all newsdealers and newsboys.

MUSIC GOTHAM PAY HOMAGE TO DR. VOGT

Last Night's Concert by Mendelssohn Choir Satisfied Expectations That Reached Loftly Pinnacle—Critics Show Remarkable Unanimity in Acclaiming Choir Greatest.

NEW YORK, Feb. 28.—(Staff Correspondence).—To-night's performance of the Mendelssohn Choir, led by the conductor, Dr. Vogt, was a triumph. The choir created last night, and the hall could be filled for a week easily as the report spreads. There is a fine spirit, too, of every artist appearing, quite devoid of any localism, and there has been no expression to suggest any surprise that Toronto should be regarded as a musical Nazareth.

Dr. Vogt is very popular among the musicians of the city and was privately congratulated by the Musicians' Club and other organizations. Many well-known critics and musicians are quite outspoken in their agreement with the general newspaper verdict, and are giving the choir the foreword and the general verdict has accorded it.

Paeans of Praise.

Stranicky for example, said that the singing of the Bach Sanctus was the greatest thing he ever heard in his musical career, and that the blending of tones and the choir effect called anything in Europe.

Rafael Joseffy said it was the greatest thing he ever heard in his life. Chas. Steinway said it was the greatest thing he ever heard in his life. Carl Heinrich, city organist of Pittsburgh, concluded to be the greatest organist in America, said it was un-

Ontario Babies Arriving To-day Get World Silver Mug

To-day is the day for the Leap Year Babies. All the passengers on the Stork Express whose time schedule lands them anywhere in Ontario on this date will automatically become one of the recipients of The Toronto World's Silver Leap Year Birthday Mug, conditionally only upon their parents filling out the necessary coupon which appears in another part of the paper. There is no entry fee or conditions attached to this. If your baby arrives or has arrived between 12 o'clock last night and 12 o'clock this evening, it is eligible for a World Mug. These are very handsome specimens of the silversmith's art, and will greatly help to recompense the baby for the fact that it will only have a birthday once in every four years.

This award has aroused even more interest than it has done in the past, and we anticipate that the record of 81, which were distributed during the last leap year, will be broken. In order that we may have some idea of the number of mugs necessary, all coupons recording births of babies must be in The World Office by March 31.

THE WORLD MUG FOR LEAP YEAR BABIES

The World's Leap Year Baby Mugs

As was stated in a recent issue, The Toronto World will present a beautiful silver birthday mug to every baby born in Ontario on the 29th of next February. These children will only have an anniversary once in four years, and it is fitting that their first birthday should receive some special recognition. There are no conditions or entrance fees attached to the award, the only regulations to be observed are as follows:

- 1.—Only babies born in Ontario are eligible.
- 2.—Babies must have been born between the hours of 12.00 midnight February 28, and 12.00 midnight February 29.
- 3.—The entry for the award must be made by filling out the coupon which will be found printed in another portion of the paper.
- 4.—The date and hour of each child's birth must be vouched for in the place indicated on the coupon, by the attending physician.
- 5.—Entries not made on printed coupon will not be considered.

Something more about this award will appear in The World from time to time. Questions addressed to the Silver Mug Department will be answered.

Leap Year Birthday Mug Coupon

For silver mug awarded by The Toronto World to babies born on February 29, 1912.

Name of Parents

Address of Parents

Name of Baby

Date and Hour of Birth

I hereby declare the above facts are correct.

All Coupons Must Reach The World Office by March 31, 1912.

PAY OF ASSESSORS

Board of Education Decides on Remuneration of Officials.

At the meeting of the advisory industrial committee of the board of education Tuesday afternoon it was decided that the two new assessors appointed by the board to prepare conditions for the architects' competition in connection with the new technical school building be paid one-fifth, jointly, of one per cent. of the estimate of the cost of the plans adopted.

They will get together next week to draw up specifications for plans.

Prof. Percy E. Nobbs of McGill and A. Frank Wickson are the two assessors. Principal McKay, the third assessor, will act without remuneration for this work.

Niagara Falls, \$225 Return; Buffalo, \$270 Return, Saturday, March 2.

Via Grand Trunk Railway System. Tickets good going via Grand Trunk Monday, March 4. The Grand Trunk is the only double track route to Niagara Falls and Buffalo. Secure tickets at City Ticket Office, northwest corner King and Yonge-streets. Phone Main 429.

SCOLDED, BOY SHOT SISTER.

WINNIPEG, Feb. 28.—Oscar Sturgeon, a 17-year-old boy, who shot his sister when she reprimanded him for laziness, appeared in the city police court to-day and was remanded. The injured woman, Mrs. Pettigrew, is in a serious condition. One of the two shots fired at her penetrating the spine.

1912 AUTOMOBILES 1912

The Highest Grades on the Market, designed to meet Canadian Road Requirements.

Scottish "ARGYLL"

Fitted with 4-cylinder Single-sleeve Valve Motor, fully patented in all parts of the world—far less complicated than the Knight Motor—from \$2,000.00 to \$4,375.00.

FRENCH "DARRACQ-HENRIOD"

Fitted with Rotary-valve Motor, the acme of simplicity, from \$1,350.00 to \$3,600.00.

BRITISH "SHEFFIELD-SIMPLEX"

The only scientifically Six-cylinder car made, from \$3,975.00 to \$5,300.00.

As we sell only cars of the greatest world-wide reputation, and to avoid numerous insincere and unprofitable requests for catalogues, we will forward catalogues only on receipt of ONE DOLLAR, which will be refunded on an order for a car.

Naval Conflict on In Grim Earnest

NEW YORK, Feb. 28.—(C.A.P.)—A London cable says: The British navy is now engaged in a battle with the salvage force which has been directed, the operations to raise the submarine A3, which was recently lost off the Isle of Wight. The trouble is caused by the bitter criticism of the admiralty's own lack of salvage apparatus, which caused the authorities to decide to take matters in their own hands. But the Sea Salvage Company's boat, under the command of Dr. Carlo Iberti, declined to quit operations, and a skirmish took place yesterday, the navy being represented by two destroyers, two torpedo boats, one gunboat and several tugs and lighters.

As fast as the rope guiding the divers to the sunken submarine was dropped into position by the salvage boat it was cut by the admiralty forces.

Seven times this occurred, then Dr. Iberti retired for the night.

FOLK LORE SOCIETY.

Many enthusiastic members of the Canadian Folk-Lore Society gathered together last night in the Mining Building, Chicago-street, for the regular meeting. Mr. C. M. Barbeau, anthropologist of the geological survey, Ottawa, read a historical paper on "Feasts and Rituals of the Hurons."

3. Charley Brown, 94 (Steel), 15 to 1, 5 to 1 and 2 to 1.

DUNLOP Traction Tread

Another Opinion:
"Have found Dunlop Traction Treads the most satisfactory tire for non-skidding. Never had to use chains since getting these tires, and have driven through all kinds of muddy roads, and have never found any trouble with the car skidding."

SOCCER FOOTBALL

The Annual Tennis Football Club held their annual meeting on Monday at the Anglican Mission Hall. There was great enthusiasm among the members present, and they hope to get the highest honor in the 1912 season in the intermediate section. The officers were elected as follows:

President, J. Baylis, J.P., vice-president, T. Gandy; hon. president, Rev. Hugh Jones, manager, Steve Barber, captain, W. Kenwick; vice-captain, E. May; treasurer, J. Barber; secretary, E. C. Moore; Dennis P. G.; committee, Messrs. G. Burley, T. Gandy and W. Irving.

It was decided that the club meet every Wednesday at eight o'clock at the Anglican Mission Hall.

All members of Parkview F.C. are requested to attend a general meeting on Friday for the election of officers and presentation of medals. Anyone wishing to join a good team will be made welcome at the clubroom, Keele and Vine streets, Room 2.

NO PENALTY FOR FALSE STARTS AT STOCKHOLM

Swedish Olympic Secretary Explains Rules—Best Men Divided in Heats.

N. H. Crow, secretary of the Canadian Olympic Committee, received a letter on Tuesday from Kristian Hellstrom, secretary of the Swedish Olympic Committee, explaining several of the rules which will govern the Olympic meet at Stockholm next summer.

When the rules reached Toronto some time ago many of them were so worded that they were far from clear to the athletes of the Canadian authorities and athletes.

The explanation forwarded by Mr. Hellstrom will clear the atmosphere and enable the athletes and their trainers to know exactly what is expected of them when they enter the competitions.

Following are the rules as explained in the letter:

A competitor must personally ask permission from the judges in order to have an attendant accompany him in distance races.

The Marathon course will be a billy one. No attendance will be allowed to accompany the competitors. Arrangements will be made all along the course for the purpose of giving the competitors any assistance or information they may require.

There will be no penalty for a false start.

A take-off joint at least thirteen centimetres in width and at least one metre in length and thirteen centimetres thick will be used.

Only implements furnished by the Swedish Olympic Committee will be allowed in the weight-throwing events.

Each competitor must remain within the circle until his throw has been marked—not measured—and the competitor must not touch the ground outside of the circle with any part of his body.

The contestant in jumping competitions will be allowed to measure in advance and also to put a mark at the distance they have measured.

An iron shot will be used in putting. The 30-metre run in the pentathlon will be run in small heats and the time taken for each competitor.

Light and heavy jump a competitor may rock back forward, lift his toes and heels alternately from the ground, but must not touch the ground in any direction.

The best man from each country will be kept apart in the different heats. The second man in the heats will compete in a race to qualify for the final.

Competitors will not be allowed to use any foreign flag, or to put their names in the high jump and pole vault the men will land on turned ground.

In the pole vault a bamboo pole will be used, but only poles with one spike will be allowed. The length of the spike will be eight centimetres, including the eye.

In the shot-put there will be no toe-hold.

President Dr. Macdonald has called the deferred quarterly meeting of the Ontario section of the Amateur Athletic Union of Canada for Thursday, March 7, at the offices of the union on College street. The question of Olympic trials and other important matters are on the program.

RICHARDSON RESTORED TO AMATEUR STANDING

W. W. (Dutch) Richardson, who was suspended for playing with the Young Toronto Lacrosse Club, is now in good standing and is in good condition, though he could not play in the O. H. A. until his disability was removed. Richardson made his application for reinstatement to the Canadian Lacrosse Association, which body approved it and sent it on to the Amateur Union. The Brampton and other players who disqualified themselves by competing against the Young Torontos are still on the outside.

Swindown Beat West Ham.

LONDON, Feb. 28.—The following are the results of games played today:

Cup tie replay—Swindown town 4, West Ham 0.

First League—Sunderland 0, Sheffield Wednesday 0.

Southern League—Crystal Palace 0, Plymouth A. 1.

ME CALLUM'S Perfection SCOTCH

proves its claim to quality in the fact that it is heavily advertised. Remember, if an article disappoints you, its maker loses more than you do; you receive less value than you expected, but the article which might have enjoyed your lifelong patronage, has lost its chance forever. We are perfectly willing to accept as final, your verdict on Perfection.

THURSDAY MORNING, FEB. 23, 1912.

BEST LEFT ALONE.

The Borden government have scored in their handling of the Manitoba boundary. They have dashed, not only the opposition, but apparently the Nationalists, who follow Bourassa and Lavergne. They have declined to interfere with the school question that arises, or which the Nationalists would like to see arise, out of the proposed legislation.

For the last two or three weeks, The Globe and several other Liberal papers have been trying to work up a belief that there was to be a violent split in the ranks of the Borden following, and especially in the support from the Province of Quebec, when the bill dealing with the Manitoba boundary was introduced into the house.

The World would be very glad to print Mayor Geary's reason for not securing a traffic expert; and failing Mayor Geary in explaining this, we wish to know where the other controller is; Controller Foster, Controller Church, Controller Hooker and Controller McCarthy, who was a man of so many brilliant promises in the recent election? Or is there any enterprising alderman who will ask for an explanation in this respect?

In the meantime, however, the year is gliding swiftly by; the sun is hot and warm at high noon, so the snow will disappear, the vernal spring will be here and still nothing will have been done in regard to the big problems before this great and growing city. Representative civic government may be a failure, and the men now in office are to be the proof and the evidence that will force the people to think so.

CHAMBERS THE MAN.

Too much delay has already taken place over the appointment of a new commissioner of parks, in succession to the late Mr. James Wilson. For this there is all the less excuse since, in the person of Mr. C. E. Chambers, the city possesses a man who not only has the requisite ability and capacity, but is intimately acquainted with the working of the department. Mr. Chambers has had sixteen years' experience, was chief clerk under Mr. Wilson, and has for the last five months been acting commissioner. During the latter period he has more than made good and has gained the confidence of all with whom he has come in contact.

Not the least important of Mr. Chambers' claims is the appreciation and acknowledgment accorded him by the late Mr. Wilson, with whose policy in park management he was in full sympathy. The experience he thus gained will be an invaluable asset, and he has, in addition, been an earnest student of civic government methods. Practically the whole of Mr. Chambers' life has been spent in close touch with matters concerning horticultural and park administration, and it is, therefore, not surprising that his claim to the succession is endorsed by the leading professional horticulturists of Toronto. This there could be no better certification of his competency.

The World has always strongly urged that the principle of promotion should be followed in all civic appointments, besides other valid considerations supervening. In no case could it have a more appropriate application than in that of Mr. Chambers. A native in Toronto, he has risen steadily in the service, energetic in his methods and enthusiastic in his devotion to the city's welfare and the perfecting of its park system. It is not in the least probable that any other candidate inside or outside Toronto could put forward so many good reasons for favorable consideration by the board of control and city council. The appointment, The World is certain, will be heartily endorsed by the citizens.

IT IS UP TO MR. GEARY.

For five years the city has been trying to make a case against the Toronto Railway for better service, and for quite a while now it has been trying to build a municipal system, and it has been talking about getting ready for taking over the franchise later on. It has been doing all this in a spasmodic, inconsistent and unbusinesslike way; no progress has been made. It has declined doing what every shrewd man would do in a matter of business and what every shrewd city should do in a matter of so much importance to half a million people, and that is, put an expert on the job. But this is exactly what the council will NOT do. It wants to potter, and above all, it wants to dally, and apparently it is trying to serve someone other than the citizens of Toronto. The interests are better represented at the city hall than are the people; and this seems to be the case in a great many other political and economic problems that are before our representative institutions.

In some way the interests get ahead of the public, and any action in behalf of the people's rights is consistently chloroformed.

Now, who is chloroforming the proposal to give Toronto a railway expert to advise and guide for in connection

with her traction problems? A meeting had to be adjourned the other day because, as yet, no traffic expert had been secured!

What has Mayor Geary to say to all this? He went to the people over two years ago and offered his services as mayor. He has been talking a long while about a traffic expert, but he has done everything, but get one. We know enough about the city hall to say that he could find a good man in his engineering department, if he put it up to Mr. Rust. The city engineer could get him a traffic expert to-morrow and probably would, as we said, get him out of the works department of the city. What is wanted is a man with authority to act and competent to do the work, and when such a man makes a report the responsibility is on the council to take action or repudiate the expert. In that case the people have a chance for their lives and a chance for getting something done.

The traffic expert could also tell his worship the mayor what the World has been trying to tell him; that great relief from the congested travel in Toronto could be secured by a communitarian suburban service given the city by the steam railways in Toronto. But the chloroform system is in force here, and nothing has been done. Controller Thomas Church started in on this mission a year or two ago, but the controller has tired by the way, and we hear no more from him in this respect. Alas, poor Tom!

The World would be very glad to print Mayor Geary's reason for not securing a traffic expert; and failing Mayor Geary in explaining this, we wish to know where the other controller is; Controller Foster, Controller Church, Controller Hooker and Controller McCarthy, who was a man of so many brilliant promises in the recent election? Or is there any enterprising alderman who will ask for an explanation in this respect?

In the meantime, however, the year is gliding swiftly by; the sun is hot and warm at high noon, so the snow will disappear, the vernal spring will be here and still nothing will have been done in regard to the big problems before this great and growing city.

OVER-REACHING.

The property owners of the proposed Victoria-st. extension had big eyes—of the other kind. They trusted too much to the real estate men who seem to live on selling stuff to the city. There's a little coterie of them that infest the city hall and put up the jobs. The city has ought to do its buying thru Mr. Forman and on the quiet.

We would not be surprised if some enterprising gent has grabbed up the hill in Scarborough where the city may have to put a reservoir. In this case the experts should have told the mayor beforehand so that Mr. Forman could have got an option. Did they?

Perhaps the real estate advisers of the Victoria-st. owners will suggest that they come back to modified dimensions.

WHERE OUR APPEALS SHOULD END.

As The World said the other day, it believes that the judgments given by the privy council in regard to the Toronto Street Railway and the Winnipeg Electric Power situation, were sound as a matter of law. Or, to put it another way, they were sound as a matter of law as viewed by the English judges of the privy council.

Some of our newspapers are contending that they were unsound as a matter of law as viewed by Canadian judges. If the Canadian people prefer to have Canadian law in these cases, and we do not disagree with that idea, then it is easy for Sir James Whitney and the provincial legislature to pass a law declaring that all cases arising out of the municipal law of this country must have their final settlement in the Ontario court of appeal. And it would be still more easy for all municipalities making contracts with corporations, in regard to public franchises, to put such a clause in the contract. Then also, it would be better for our municipalities, when signing contracts, to see that they have the advice of as clever lawyers as have the other parties to the agreement.

BRITISH COAL STRIKE.

From the official statement issued by the British Government, it is clear that the demand of the miners for a minimum wage, where the exceptional conditions of the coal seams will not permit of it being obtained at normal rates, is considered to be justified. More than sixty per cent. of the mining interests accepted the proposals submitted by ministers, and the refusal of the remainder to fall into line lays upon them a heavy responsibility. In the circumstances and in view of the injury that the country will sustain should the strike proceed, the only

course open to the government is to establish the principle of the minimum wage by statute unless, indeed, they are prepared to take the still more extreme course of operating the mines as a public proposition. The issue, at least, is now being clearly defined and the British public will not be slow to appreciate the position and place to blame where it properly lies.

NO CHEAP HOMES IN SIGHT.

Mayor Geary, ably assisted by the Wee Yorkies, is doing most everything except the right thing in connection with the "Humber railway charter" in the legislature, but the effective way of fighting the railway charter there, and the railway franchises in North Toronto, which threaten and menace the city, is by annexing that portion of the Township of York south of Eglinton-avenue to the Humber; and on the east side, say, over to the West Don River and then up the Canadian Northern Railway to the Scarborough townline. The city would be protected from any more franchises and would be in a position to ask the legislature for power to commute or appropriate any radial franchises existing in the city. The hydro-electric franchise would also be in better shape and the people who are unable to get houses in the city would at last have a chance of getting cheaper land in the newer portion of the city that The World suggests should be taken in.

The Telegram, while admitting the need for city expansion, says that real estate men will benefit and that any amount of land has been butchered for building lots. Well, if this is so, all that the city has to do is to take in the territory and run-out civic car lines into the new districts and give the people single fare transportation, and there will be so many lots competing for the demand for them that they must become cheaper. In other words, if The Telegram wants to give the people cheap building sites, let it take the territory into the city and give the people, not one, but half a dozen municipal lines; not only on Danforth-avenue and St. Clair, but let us have a civic line thru Rosedale and up thru Moore Park and another line on the new street parallel of Yonge on the east; another on the new parallel west of Yonge, and another along the next best road, up either Bathurst-street or the Vaughan-road.

But the mayor prefers a pottering policy to a progressive and up-to-date policy. The people are asking him to give them a single fare street car service and for an extended city with street car service so that they can get out to homes of their own. But we don't see Mayor Geary, acting on this line, or if he is acting, he is acting on his own. It is up to him to act quickly and to make good the wrong he did when he failed to have North Toronto annexed last fall by a vote of the city council.

The World is determined to hold the newspapers of Toronto and the city hall responsible for double fares and the impossibility of getting out to cheap land in the suburbs that is available for homes for the people.

DUNSTAFFANE AND ITS CAPTAIN.

In historic importance few of the ruined fortresses of Scotland exceed that of the royal castle of Dunstaffnage picturesquely rising from the shore of Loch Etive. With its origin hidden in the mist of antiquity, it was captured by Robert Bruce in 1298, and gave refuge in 1465 to the last Earl of Douglas, after his forfeiture. In the stripping days of 1715 and 1745, it was an English outpost, and there in 1746, Flora Macdonald, was imprisoned for aiding the escape of Bonnie Prince Charlie. It is, therefore, not without interest that Dunstaffnage has been the cause of a litigation in the Scottish supreme court, between the Duke of Argyll to whose ancestors it belonged, and Angus John Campbell, whose forebears from the earliest known times were its hereditary captives. The case involved some curious points in clan and feudal law, such as rarely arise in modern days.

The present duke sought to assert his right of proprietorship to the exclusion of the present captain of Dunstaffnage, who, in turn, claimed that right in his own person. Reversing the judge of first instance, the appeal court has now decided that the Dunstaffnage Campbells were vassals, whose duty it was to occupy and possess the castle, which, nevertheless, remained the property of the Argylls. The clan act, it held, effected no change in the relationship, and the obligation to keep the castle open to the superior and to furnish fuel still remained. All the differences which the vassal might occupy Dunstaffnage with peaceful servants instead of armed retainers. Thus, while the Duke of Argyll was granted a declaration of proprietorship in the castle, its hereditary captain cannot be disturbed in its occupation.

PROTECTING PUBLIC PROPERTY.

Public opinion in Ontario will sustain the action of Hon. Adam Beck and the hydro-electric commission in beginning expropriation proceedings for the purpose of reclaiming Chata Falls on the Ottawa River from private control. The circumstances attending the original grant and its subsequent transfers are not of a character to justify doubt regarding the propriety of the step that has just been taken. The people are now thoroughly alive to the enormous importance of protecting public property

Canada Permanent Mortgage Corporation

At Osgoode Hall

ANNOUNCEMENTS. Feb. 23, 1912. Motions set down for Thursday, 23rd inst., at 11 a.m.:

- 1. Business Systems v. Regal Mfg. Co. (Securities) Motion for judgment.
2. McDermott v. G. T. H. Co.
3. Jarrett v. Campbell.
4. Re Piper Estate.

The February sittings of the divisional court concluded. Before Cartwright, K.C., Master. King Milling Co. v. Northern Island Pulpwood and Imperial Bank—M. L. Borden, Master of the Bank, F. Aylesworth for plaintiff. Motion by the Imperial Bank for an order striking out paragraph 2 of the statement of claim and for judgment. The motion is granted. The plaintiff has no locus standi to bring such claim. The paragraph in question writing the corresponding prayer for relief must be struck out with costs to the moving defendant in any case. The defendant to run from service of order.

Union Bank v. Aymer—A. H. F. LeRoy, K.C., for plaintiff. F. J. Hughes for defendant. Motion by plaintiff for judgment under C.R. 60. Judgment: It has been discovered by defendant that admitted by plaintiff that a sum of \$100,000 has not been credited to defendant. This entitles defendant to have accounts investigated on a reference if he so wishes to do so. Would he not be better even now to have an examination of plaintiff's books? The defendant should elect as to this in four weeks.

Dodd v. Macklem—Macklem (D. B. Macklem) for defendant. Motion by defendant on consent for an order dismissing the action with costs and vacating his pendens. Order made. Hennessy v. Wishart; Jamieson Macklem v. Wishart—McDonald (C. Gregor, A.M.) for plaintiff. Motion by plaintiff for an order allowing service of statement of claim on defendant residing in New York. Order made. Laister v. Crawford—Dyke (Beaty & Co.) for defendant. G. Bell, K.C., for plaintiff. Motion by defendant for an order for a commission to take evidence of a witness at Vancouver. Order made.

Irwin v. Wilson—J. R. Reid for plaintiff. F. Arnold, K.C., for defendant. Motion by plaintiff for an order requiring defendant to attend for examination for discovery. Motion dismissed. Costs in cause. Graham to produce for examination on 28th inst. Defendant to produce thereafter as plaintiff's solicitor requires.

Wells v. Calvert—W. J. McWhinney, K.C., for defendant. G. Smith for plaintiff. Motion by defendant for an order changing venue from Brantford to Toronto. Enlarged until March 1st.

Re Riddell—G. U. Y.—F. Aylesworth for John Riddell, claimant. T. N. Phelan for Adelia Bray, claimant. Motion by Riddell for an order for an issue between the parties. Enlarged two weeks at request of claimant, Bray.

Merner—A. T. Davidson for defendant. Motion by defendant on consent for an order dismissing the action without costs and vacating certificate of pending litigation. Order made. Irwin v. Stephens—J. G. Smith for defendant. E. C. Cattanach for plaintiff. Motion by defendant for an order postponing trial for a period of absence of a material witness. Order made. Costs in cause. Question of change of venue reserved.

Single Court. Before Clute, J. A. O. U. W. v. Potvin—A. G. F. Lawrence, for plaintiff. W. Flinnay (Midland) for defendant. Motion by plaintiff for an order continuing the injunction herein restraining defendant from dealing with the property on the life of her brother on the ground that the brother is still alive. At request of defendant, motion postponed one week. Injunction continued meantime.

Schroeder v. Holman—R. L. Derries, for defendant. Motion by defendant for an order for the appointment of a representative to plaintiff's estate. Enlarged sine die. Schroeder v. Donat—R. L. Derries, for defendant. E. C. Cattanach, for plaintiff. Motion by plaintiff for an order for the appointment of a representative to plaintiff's estate. Enlarged sine die.

Irwin v. Wilson—A. G. F. Lawrence, for National Trust Co., executors of estate of James M. Irwin. E. D. Armour, for defendant. Motion by plaintiff for an order continuing the injunction herein restraining defendant from dealing with the property on the life of her brother on the ground that the brother is still alive. At request of defendant, motion postponed one week. Injunction continued meantime.

British American Wax Paper Co. v. Shortland—F. Stewart for plaintiff. G. Wilkie for defendant. Motion by plaintiff for an order restraining defendant from infringing plaintiff's patent. Motion granted. Costs in cause. Youngson v. Doty—C. Garrow (Godrich) for plaintiff. R. McKay, K.C., for defendant. Motion by plaintiff for an order continuing the injunction herein restraining defendant from dealing with the property on the life of her brother on the ground that the brother is still alive. At request of defendant, motion postponed one week. Injunction continued meantime.

Toronto General Trusts Corporation v. Timiskaming and Northern Ontario Commission—H. H. Davis, for plaintiff. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Re Guet and Linden—T. Hinson for defendant. Linden. R. D. Moorehead, for plaintiff. Motion by defendant for an order setting aside judgment for plaintiff on ground that no notice of trial was served as required by the statute. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Malool v. Malool—R. McKay, K.C., for plaintiff. E. Meek, K.C., for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Baker v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Underwood v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Underwood v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Underwood v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Underwood v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Underwood v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Underwood v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Underwood v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Underwood v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Underwood v. Cox—R. U. McPherson and J. McCullough for plaintiff. Plaintiff. G. Waldron for defendant. Motion by plaintiff for judgment on certificate of all infants. Motion by plaintiff for judgment settling the action. Judgment by consent for plaintiff for \$1250 without costs. The money to be paid into court and the questions of appointment and costs reserved.

Canada Permanent Mortgage Corporation

At Osgoode Hall

ANNOUNCEMENTS. Feb. 23, 1912. Motions set down for Thursday, 23rd inst., at 11 a.m.:

- 1. Business Systems v. Regal Mfg. Co. (Securities) Motion for judgment.
2. McDermott v. G. T. H. Co.
3. Jarrett v. Campbell.
4. Re Piper Estate.

The February sittings of the divisional court concluded. Before Cartwright, K.C., Master. King Milling Co. v. Northern Island Pulpwood and Imperial Bank—M. L. Borden, Master of the Bank, F. Aylesworth for plaintiff. Motion by the Imperial Bank for an order striking out paragraph 2 of the statement of claim and for judgment. The motion is granted. The plaintiff has no locus standi to bring such claim. The paragraph in question writing the corresponding prayer for relief must be struck out with costs to the moving defendant in any case. The defendant to run from service of order.

Union Bank v. Aymer—A. H. F. LeRoy, K.C., for plaintiff. F. J. Hughes for defendant. Motion by plaintiff for judgment under C.R. 60. Judgment: It has been discovered by defendant that admitted by plaintiff that a sum of \$100,000 has not been credited to defendant. This entitles defendant to have accounts investigated on a reference if he so wishes to do so. Would he not be better even now to have an examination of plaintiff's books? The defendant should elect as to this in four weeks.

Dodd v. Macklem—Macklem (D. B. Macklem) for defendant. Motion by defendant on consent for an order dismissing the action with costs and vacating his pendens. Order made. Hennessy v. Wishart; Jamieson Macklem v. Wishart—McDonald (C. Gregor, A.M.) for plaintiff. Motion by plaintiff for an order allowing service of statement of claim on defendant residing in New York

FLOWERS GEE TO VISITORS AT SHOW

Society Night Was One of the Most Successful of the Week and Legislature is Expected to Eclipse All Records—Sales of Cars Continue Without Diminution.

Society, modestly gowned and dressed, took possession of the Automobile Show at the armories last night. It was Society Night. Society came out to see the show, and many others came to see the show and society.

At the Motor League banquet, held at the King Edward Hotel Tuesday evening, Feb. 27, were noted a special table, at which were seated twelve of the officers, branch and department managers of the Goodyear Tire and Rubber Company of Canada.

Another Grandson for Connaught. STOCKHOLM, Sweden, Feb. 28.—The Crown Princess of Sweden, who is a daughter of the Duke of Connaught, governor-general of Canada, gave birth to a son this morning.

Couldn't Get Strong Seemed to Have Lost All Ambition, Was Pale and Anaemic

Made Wonderful Recovery When Dr. Hamilton's Pills Were Used.

"I was never actually sick," writes Mrs. La Pierre, wife of a well-known resident of Leominster, Mass. "I never could get strong like other women. I ate well enough, but somehow blood rich and red I could never make. When I married I took a great pride in my housekeeping but it kept me tired all the time. My Leechance, my neighbor looked well—she told me her husband had been made by Dr. Hamilton's Pills. I only thought of pills as a physic, but now I know that Dr. Hamilton's Pills should be used at regular intervals by every woman—that's why I write this letter."

ROYAL Baking Powder Absolutely Pure

Where the finest biscuit, cake, hot-breads, crusts or puddings are required Royal is indispensable.

Royal is equally valuable in the preparation of plain, substantial, every-day foods, for all occasions.

The only baking powder made from Royal Grape Cream of Tartar No Alum—No Lime Phosphates

SOCIETY

Among those at the Auto Show last night were: Col. Stinson, Miss Chaplin, Mr. R. Sinclair, Mr. Harold Balfour, Miss Maud Band, Miss James, Mrs. William Gooderham, Mr. Gordon Bryan, Mr. Walter Anderson, Mr. Cook, Mr. Tinsdale, Mrs. Harley Smith, Mr. R. L. Hamilton, Mr. and Mrs. Thomas Curry, Mr. and Mrs. Schofield, Mr. Burrows, Mr. A. Hughes, Mr. Cody, Mr. Gordon Miles, Mr. Rice, Mrs. E. Cooper, Masey, Mrs. and Miss Ireland, Mr. Fraser, Mr. and Mrs. Fetherstonhaugh, Mr. and Mrs. Midland, Mr. Ban Echar, Dr. and Mrs. Thielie, Miss Edwards, Dr. Sydney Woollett, Miss Mickle, Mrs. Lee, Mrs. P. C. Lee, Mrs. Walter Berry, Mr. Rial Ford, Mr. Ross Colto, patroness Mary Lewis (Ottawa), Miss Brodigan, Miss Marguerite Cotton, Mrs. and Miss Mooney, Lady Melvin Jones, Rev. T. You will have to say a long time and for delatone, but this is trifling, as it never fails.

Mrs. Charlotte Bakfour (Hamilton) is the guest of Mrs. Harold Beatty. "Murray's Dandies" held their annual dinner at the Board Club last night, when Gen. Cotton was present. Murray's Dandies presented to the Q.O.R., for competition, a very handsome company shield for general efficiency.

The Motor Show at the armories this evening is under the patronage of the premier, cabinet and members of the local legislature.

The officers and members of the Ontario Society of Artists have issued invitations to the opening of the 40th annual exhibition in their galleries, public library building, College street, at 8 o'clock on Friday evening, March 8.

The Misses Gwynne and Lillian Young are in Hamilton.

Mrs. Leigh Hammond is in London, Ont., the guest of Mrs. P. J. Hammond.

Lt.-Col. W. Hamilton Merritt is at the Russell, Ottawa, and will be present at the Partridge dinner at Government House, and return to town on Saturday.

Mrs. Louis Sutherland is in Italy with Mrs. Stewart Houston.

The literary society of Humboldt Collegiate is holding an evening meeting on Friday at 8 o'clock. Members and friends of the school are invited.

The engagement is announced of Mr. W. W. Bouchie, Winnipeg, to Miss Isabel Springs, Vancouver. The marriage will take place in the spring.

Some of the officers of Stanley Barracks are giving a small dinner dance at Stanley Barracks on Saturday night.

Mrs. M. A. Passmore, Charles-street, announces the engagement of her daughter, Ethel, to Mr. R. H. Peck, Guelph. The wedding will take place quietly the end of March.

Receptions Today. Mr. Arthur C. Estlin (nee Abbott), poet, nuptial, Connaught Apartments; Mrs. P. T. Perrot, Paris, with her. Mrs. Hugh Kerr at her new home, 462 Roxboro-street, Mrs. W. J. Wilkinson, and Miss Marjorie Wilkinson, Marlborough-street, Mrs. Albert Roy Curran (nee McEachran), 87 Olive-avenue.

Receptions. Mrs. Frank Piper, Spadina-road, not Friday nor again. Mrs. Kirkland, Wellesley-street, not Friday owing to bereavement. Mrs. Stewart, George-street, not on Friday on account of illness. Mrs. Sale, Bincarrigan-street, Monday, her daughter, Mrs. Norman G. Stewart (Lewis-berg, Penn.), with her. Mrs. Owen Smith, Roxboro-street, with her. Mrs. J. Wesley Bundy, Spadina Gardens, Friday, last time. Mrs. Hector Laird, 99 Madison-avenue, and Mrs. Dickenson, not on Friday. Mrs. M. Clark, Shaw-street, Friday. Mrs. Cary Simpson, and Miss Simpson, 97 Roxboro-street, not again. Mrs. Willis Chipman, 109 Spadina-road, not again.

Mrs. C. Nathan Miller, Palmerston-boulevard, not on Friday.

Mrs. William Weller, 231 Rusholme-road, the third Friday in March for the last time.

Mrs. Mathers, 231 Palmerston-boulevard, not on Friday nor again.

Mrs. J. G. Newson, 331 Brimwick-avenue, Friday, and not again.

W. C. T. U. SOCIAL. The Sherbourne Union of the W. C. T. U. are holding a social at the residence of Mrs. E. W. Gibson, 48 Rose-avenue, Friday evening at 8 o'clock. An interesting program has been arranged with refreshments to be served. A cordial invitation is extended to all.

The Blue Bird. Rev. R. J. Mutchison of the Unitarian Church, delivered a most interesting lecture on Monday evening, Feb. 28, before Somers' School of Physical Training at the C.O.F. Hall Tuesday evening, which was attended by a large audience. The beautiful play was fully explained and the talk was most enjoyable.

Health and Beauty Helps

A. A.: I know just how you feel, but unless you discard powder and use a plain sprays lotion, you cannot expect to overcome the oily, "muddy" condition of the skin. Get four ounces sprays and dissolve in one-half pint hot water, then add two teaspoonfuls glycerine. This makes an ideal lotion and will clear the skin of pimples, blackheads and other impurities. The sprays lotion is invisible when on and does not rub or blow off. Using it gives the complexion a velvety smoothness and exquisite tint.

Nelle: You can avoid the pain and expense attending the use of the electric hair curler if you get an original-ounce package of delatone, and with a little of the powder mix enough water to form a paste. Apply to hairy surface and in two or three minutes scrape off and the hair comes with it. Then wash the hair and you will find it smooth and white. You will have to say a long time and for delatone, but this is trifling, as it never fails.

A. B.: The shampoo you mention contains free alkali, and it is this no doubt that causes your hair to become brittle and fall out. A cleansing and very beneficial shampoo can be made by dissolving a teaspoonful of castor oil in a cup of hot water. This lathers freely and loosens every particle of dust and dandruff. Rubbing leaves the scalp immaculately clean and the hair dries quickly and smoothly without injury to the hair and softness truly charming.

Freda: From what you say, your condition is serious, and I would suggest taking a blood-cleanser. You will find that plain kaffeeine, found in any drug store, is splendid for ridding the system of impurities and rebuilding waste tissue. This acts gently and greatly stimulates every organ in the body. You can make your own tonic by dissolving half a cup of kaffeeine in a quart of water, adding one ounce kaffeeine and hot water to make a quart. Use this tonic spoonful three times a day, and you will be well and strong and be able to enjoy a good night's rest.

Jessie: I cannot recommend an eye-cream because this does not reach the seat of trouble. What you require for sore eyes and granulated lids is an eye-cream, and at little cost you can prepare your own. Get from the druggist one-ounce erythol and dissolve in a pint of water, then put two or three drops in the eyes every day. This tonic is very strengthening to weak, tired muscles, and its continued use overcomes burning and itching and gives to dull, expressionless eyes a remarkable sparkle and brilliancy.

Clara: You certainly have cause to worry about your hair, and unless the brittleness is overcome and the dandruff removed from the scalp, you will have very little hair in a short while. I am sure you will obtain excellent results from quinquina hair-cream, the formula of which is here given: Mix together one-half pint each of alcohol and water and into this pour one ounce quinquina. Use frequently and massage will into the scalp. Do this for four times and you will not be bothered with an unpleasant scalp or dull, lifeless hair. The persistent use of this quinquina hair-cream will give you a magnificent head of glossy hair.

Mrs. G. M.: It is an easy matter to reduce your weight to where you want it, and reset your former figure. If you will use this simple treatment: Into a pint of water put one ounce each of quinquina, quinine, and when it cools take one tablespoonful each meal. This gradually takes off weight without injury or inconvenience and does not leave the skin wrinkled or flabby.

Mrs. E.: The cold winds are very trying on any complexion. However, if you make up and use this treatment: cream jelly your skin will soon become soft, clear and velvety and wrinkles and other complexion troubles will be a thing of the past: Into a half-pint cold water stir two teaspoonfuls glycerine and one-half cup of kaffeeine. Use this before using. Apply freely after cleansing and during the night, massaging gently until it disappears. A few treatments will banish pimples, blackheads and all impurities and give a pink and white embellishment to an old or faded complexion.

The Daily Hint From Paris

Pretty and Easily Copied.

The design sketched here is one of the prettiest seen before the flocks designed for southern wear. The material is sheer lawn and will lace with tiny bows of blue satin on the front. The skirt is trimmed the same in the back and front, but in the back of the waist the insertions extend to the neck trimmings.

ASKED \$50,000, GETS \$1000 Kingston Hotelman Sued Dun's for Alleged False Report.

KINGSTON, Feb. 28.—(Special.)—At the high court before Justice Middleton, Walter A. Teifer v. R. G. Dun & Co., Toronto, an action to recover \$50,000 damages for an alleged libel, was heard.

W. C. T. U. SOCIAL. The Sherbourne Union of the W. C. T. U. are holding a social at the residence of Mrs. E. W. Gibson, 48 Rose-avenue, Friday evening at 8 o'clock. An interesting program has been arranged with refreshments to be served. A cordial invitation is extended to all.

Western Grain Still Piles Up

Branch Lines of United States Railroad Unable to Provide Sufficient Cars.

WINNIPEG, Feb. 28.—(Can. Press.)—That a grain blockade will occur unless the American railroads can secure more cars and handle the grain from Duluth east, sent to bond for export, is the report which reached here today. Elevator men at Duluth and Superior are complaining that they are unable to obtain sufficient cars to move the incoming grain, with the result that elevator space is becoming very short. It is stated that there is only about eleven million bushels' space remaining at Duluth and at the present rate of incoming grain this will be soon filled up.

The Canadian Northern Railroad has now 2,000,000 bushels to Duluth up to the present time and the shipments are on the increase. The C.P.R. shipments to the south are less than the other two roads and the company says it has plenty of elevator room at Port William.

DISTANT FIELDS ARE GREEN The old saying that distant fields are green finds no better illustration than the tendency of many Canadians to patronize foreign products when home-grown materials are the best, and those who understand thoroughly the analysis of different mineral waters are often puzzled why it is that anyone would prefer German and American products to the wonderful water flowing from the Baden springs. Many English and foreign doctors have praised Radnor, and without advertising at all it is becoming more popular in London. Radnor is not only a splendid mixer, but also one of the most palatable, delightful and invigorating waters in the world.

ROUND TRIP \$10.00 New York City. From Suspension Bridge via Lehigh Valley R.R. Thursday, March 7. Tickets good 30 days returning. Particulars 3 King Street East, Toronto.

"Black Hand" Member Dead. KINGSTON, Feb. 28.—(Special.)—The death occurred at the penitentiary of an Italian named Colombo, who three years ago was given a term of 10 years at Hamilton for being a member of a "black hand" gang. Death was due to tuberculosis. The remains were shipped to Hamilton.

Attracting Many Passengers. The exhibit of the interior of the new Heintzman & Co. Player-piano, shown in one of their large windows, at their beautiful store, 125-127 Yonge-street, is attracting the notice of almost every one going by this important shopping centre. The aluminum action that is an exclusive feature of this player-piano is opened for exhibit. The construction of the action is such that it is well adapted as being proof against all immediate trouble and trouble for any time to come. Player pianos to-day occupying so much thought in the musical world that it is hardly surprising that many are interested in this demonstration of the Heintzman & Co. firm.

PENNSYLVANIA RAILROAD ESTABLISHED A Canadian Passenger Agency IN TORONTO

For the better accommodation of residents of Toronto and other points in Canada, travelling to and from destinations in the United States, the Pennsylvania Railroad Company has established an office in Toronto.

Mr. C. Benjamin Brodie, Canadian Passenger Agent, is located in Room 911, Traders Bank Building, corner Yonge and Colborne Streets.

He will be glad to answer all queries regarding train service over the Pennsylvania Railroad System and its connections; to reserve Pullman accommodations, and to arrange for the movement of any party, large or small, to any point in the United States reached by the Standard Railroad of America and its connections.

Real Estate and Building News and Opportunities

Big Bank Building Bathurst-College

The Metropolitan Bank will build a new big bank office at the northeast corner of Bathurst and College-sts. It was said yesterday. The bank has already got a small building at this corner, but it needs a place large enough to join on Bathurst-st. was sold, by permission of the surrogate court, for \$5200. The land is only about thirty feet square, and must have been bought by some one anxious to secure it.

Add to C. N. R. Hotel

Two wings will have to be added soon to the C. N. R.'s hotel at Port Arthur. The increase in the tourist traffic at the head of the lakes has made extensions to the hotel quite necessary, said Sir Donald Mann yesterday. The hotel is six stories now, with 83 suites. The C. N. R. is now building at Port Arthur, the Prince Edward, will be opened on April 1.

Firemen's Work Appreciated. Chief Thompson has received \$25 for the Firemen's Benefit Fund from Frankel Bros., in recognition of the department's good work at a recent fire on their premises.

C.P.R. TICKET OFFICE LEASED TWENTY MONTHS IN ADVANCE

Unknown Parties Will Use King Street Ground Floor For Two Years Only From November 13, 1913, Paying High Rent.

Some one, unknown, thru H. H. Williams, has leased the ground floor of the Dominion Exchange Building at 14 East King-st. for two years from November, 1913. Part of the floor is occupied by Playfair, Martens and Co., whose lease expires in November, next year. The other part is the Canadian Pacific Railway's ticket office. The C. P. R.'s lease expires this fall, but they have the option of renewing it for another year. This they will do, as their new building will not be ready to receive them until the early part of next year.

The rent of the two-year lease is said to be \$8000 annually. There is a frontage of 40 feet on King-st., extending about 100 feet.

H. H. Williams will not say who they are acting for, and R. J. Dodds, who told The World that the Canadian Pacific Railway is the lessee, does not know who will occupy it. A big cash advance payment was made him.

Rumor immediately connected the Canadian Northern with this two-year lease, the story being that they would use the place as temporary premises while erecting a big building on their present office site. Sir William Maclean told The World that there was nothing of it so far as the C. N. R. was concerned, thus adding to the many details of stories that the railroad would in the near future build at King and Toronto-sts.

"GOOD ROADS" CLAUSE JUST SCRAPED THRU

Objection Was Raised That Minister Would Use Power For Political Purposes.

OTTAWA, Feb. 28.—(Special.)—Hon. Frank Cochrane's good roads bill was put thru the committee stage in the commons this afternoon. Clause 6, which gives the minister power, with the approval of the governor-in-council and the consent of the provincial government, to construct and improve highways in any province, had a narrow squeeze, only passing on a vote of 53 to 48.

F. B. Carvell (Carleton, N. B.) claimed that if a minister was placed in the position of the provincial government, he would be given a power which might be used to gain votes at an election. Under the clause he might undertake the construction of a five-dollar culvert or like trivial work for political purposes.

H. M. Macdonald (Picton) argued that the clause was contrary to the spirit of the British North America Act. He therefore moved that it be struck out.

Thoroughbred for the West. ST. JOHN, N. B.—The Canadian Pacific liner Montclair arrived here today with 40 thoroughbred horses, to be sold at \$600. The Montrose brought 20 valuable horses. The animals are being taken to the west.

Dress Warmly To Avoid Colds

Fully 80 Per Cent. of Colds Directly Traced to Insufficient Clothing.

Dr. Chase's Syrup of Linseed and Turpentine

Few people are careful enough in regulating the clothing to meet the change of temperature. And until more attention is given to dressing suitably there is little chance to check the increase of the great white plague.

By unduly exposing the throat and chest, by wearing thin shoes, by insufficient protection to the body, by passing quickly from overheated rooms to the chilly outdoor air—colds are contracted and too often neglected until serious developments arise.

Avoid colds by every means possible, and if so unfortunate as to contract a cold, check it quickly by using Dr. Chase's Syrup of Linseed and Turpentine.

No treatment for coughs and colds ever such an enormous sale in this country. The reason is not far to seek. Dr. Chase's Syrup of Linseed and Turpentine is no mere cough mixture. It is a medicine of thorough and far-reaching action on the human system.

It is not a mere relief for coughing, but a positive cure for the cold itself. It loosens the cough, allays inflammation, soothes the irritated bronchial tubes, and brings about thorough cure.

Dr. Chase's Syrup of Linseed and Turpentine, 50 cents a bottle, family size, 80 cents, at all dealers or Edgewood, Bates & Co., Limited, Toronto.

INVESTIGATE "INDUSTRIAL PARK"

THE BEST BUY IN WELLAND

THE TOWN OF PHENOMENAL STRONG GROWTH. Lots 10% Down, \$5 Per Month "Free Deed in Case of Death."

No taxes or interest for the first year. Industrial Park is within ten minutes' walk of the largest factories in Welland; within ten minutes' walk of the sites selected by the large manufacturing concerns that will locate in Welland this year.

NEED IN ONTARIO

Mutual Fire Underwriters' Association Will Ask Government to Appoint a Competent Official - Questionable Companies Are Doing Business.

William Purves, insurance expert and president of the Mutual Fire Underwriters' Association of Ontario, was...

There are 20 companies in Ontario issuing policies without red ink valuations, he said.

There were about 200 delegates of the annual convention, consisting principally of farmers, from all parts of Ontario at the convention.

The election of officers for the ensuing year takes place today, and in all probability J. C. Danes of Oxford County will be the next president.

Mr. Purves emphasized the necessity of insurance companies to work on a cooperative plan and get their business on a working basis among themselves.

He pointed out that there were a number of "technical" clauses in the Ontario Insurance Act which the association had fought strenuously to have removed.

Are You Going to Buffalo? If so, remember the C. P. R. excursion from Toronto Saturday, March 2.

Editor World: I see from the sermon...

Trethewey Silver-Cobalt Mine, Limited

Submitted at the Annual Meeting of Shareholders held on Wednesday, the 28th day of February, 1912.

Table with columns: Year, Gross Output, Gross Revenue, Expenditure, Net Profit, Dividends.

The decrease in production in 1911 as compared with 1910 is accounted for by the fact that a large proportion of the milling ore dealt with during the year was taken from old workings from which the original high-grade veins had been removed.

MILLING OPERATIONS have proceeded without interruption during the year, 22,225 tons having been treated with a recovery of 48,481 ounces, added to which 24,497 ounces were recovered from high-grade shipping ore.

Operations at the north end of the property have been temporarily suspended pending the continuation of the north cross-cut, which, when completed, will connect the north and south workings.

For the purpose of this report I have divided the property arbitrarily into mine blocks, as follows: Block No. 1, being the southeast portion of the property, is bounded on the east by the "Fountain of Youth" vein.

Block No. 2 lies directly north of Block No. 1 and embraces 17 1/2 acres. The only ore body thus far opened within the limits of this block is that containing some very rich ore during the time that Mr. Trethewey operated the property.

Block No. 3 occupies the east central portion of the property, and contains 2 1/2 acres. There has been no work done within its boundaries, other than tracing, which uncovered a number of small veins.

Block No. 4 lies directly west of Block No. 3 and contains 1 1/2 acres. In the west portion of this block the overlying Huronian formation is shallow, and the ore is rich.

Block No. 5 lies almost in the centre of the location, and has an area of 2 1/2 acres. The only work done in this area is the "north cross-cut" which was run on a level through the block from the southeast corner in a north-westerly direction into Block No. 1.

Block No. 6 lies to the north of Block No. 5 and contains 2 1/2 acres. In this block a wide vein known as the "Mill Flare" was encountered in November, 1911.

Public interest in the motor show continues to show itself in record crowds, including many visitors from outside towns.

cut has been run from the working shaft. It became necessary to make a raise to the surface on this block in order to dispose of waste rock extracted during the process of development and to obtain ventilation.

Block No. 8—This block is situated on the northeast corner of the property, and contains 4 1/2 acres. It has been discovered, but it is a peculiar fact about the veins here do not produce any large quantity of milling ore.

Block No. 9—This block, consisting of 19 1/2 acres, contains practically all of the Keewatin area. So far as exploration has gone, no ore bodies of any importance have been found in this area.

Block No. 10—This block is situated on the northeast corner of the property, and contains 4 1/2 acres. It has been discovered, but it is a peculiar fact about the veins here do not produce any large quantity of milling ore.

Block No. 11—This block is situated on the northeast corner of the property, and contains 4 1/2 acres. It has been discovered, but it is a peculiar fact about the veins here do not produce any large quantity of milling ore.

Block No. 12—This block is situated on the northeast corner of the property, and contains 4 1/2 acres. It has been discovered, but it is a peculiar fact about the veins here do not produce any large quantity of milling ore.

Block No. 13—This block is situated on the northeast corner of the property, and contains 4 1/2 acres. It has been discovered, but it is a peculiar fact about the veins here do not produce any large quantity of milling ore.

Block No. 14—This block is situated on the northeast corner of the property, and contains 4 1/2 acres. It has been discovered, but it is a peculiar fact about the veins here do not produce any large quantity of milling ore.

Block No. 15—This block is situated on the northeast corner of the property, and contains 4 1/2 acres. It has been discovered, but it is a peculiar fact about the veins here do not produce any large quantity of milling ore.

Block No. 16—This block is situated on the northeast corner of the property, and contains 4 1/2 acres. It has been discovered, but it is a peculiar fact about the veins here do not produce any large quantity of milling ore.

Block No. 17—This block is situated on the northeast corner of the property, and contains 4 1/2 acres. It has been discovered, but it is a peculiar fact about the veins here do not produce any large quantity of milling ore.

TRETHEWEY SILVER-COBALT MINE, LIMITED

BALANCE SHEET AS AT 31ST DECEMBER, 1911

Table with columns: ASSETS, LIABILITIES. Mining Property, Buildings, Plant and Equipment, etc.

AUDITOR'S CERTIFICATE I have audited the accounts of the above Company for the year ending 31st December, 1911, and in my opinion the above Balance Sheet is properly drawn up so as to exhibit a true and correct view of the Company's affairs.

OPERATING ACCOUNT, 1911

Table with columns: RECEIPTS, DISBURSEMENTS. Gross returns from Ore, Smelters in Transit, etc.

REVENUE ACCOUNT, 1911

Table with columns: DEBIT, CREDIT. Charges against previous period met in 1911, etc.

The following were elected Directors: Alex M. Hay, President, Halleybury, Ont.; Sidney Smith, Vice-President, etc.

SALES MOTOR SHOW ONE BALLOT FOR TOTAL OVER \$500,000

This Year's Exhibition Has Exceeded All Expectations and Sales Managers Are Jubilant on Account of Good Business.

Public interest in the motor show continues to show itself in record crowds, including many visitors from outside towns.

Mr. E. B. Arthur, assistant sales manager and A. W. Mall, general sales manager of the E. M. F. Company, are in town, establishing agencies throughout Ontario.

Mr. C. Cawthorne of the Commer Truck Company, reports that the Commer truck has become a universal favorite wherever shown, and is proving to be a most successful vehicle.

LEGISLATION COMMITTEE CONCURRED IN CITY CLERK'S SUGGESTION THAT EVERY VOTER BE GIVEN ONE PAPER TO MARK IN ORDER TO DO AWAY WITH MISTAKES

At the meeting of the fire and light committee, the estimates for the street lighting and the fire department were taken up and all were passed with the exception of one item of \$1000 to provide the deputy chief with a mobile.

At the meeting of the fire and light committee, the estimates for the street lighting and the fire department were taken up and all were passed with the exception of one item of \$1000 to provide the deputy chief with a mobile.

At the meeting of the fire and light committee, the estimates for the street lighting and the fire department were taken up and all were passed with the exception of one item of \$1000 to provide the deputy chief with a mobile.

Dead Men

The man lacking in the vital power nature gave him, debarr'd by weakness form functional enjoyment of his most important functions, merely a burlesque upon strong, robust, virile manhood, is, in a sense:

A Dead Man

Life has lost its zest, the gold of enjoyment is absent, it is not worth the price of the pain it costs to live. Every weak man knows this is true.

Wining Market in Quiet State—A Rethwey Annual Meeting

Farm Reserves Lowest in Years Sudden Flurry in Wheat Market

Sharp Advance in Prices Follows Publication of Snow's Report—Corn and Oats Show Buoyant Tone.

CHICAGO, Feb. 28.—Sensational figures on farm reserves, the lowest in years, excited wheat traders to-day and made the market soar. The close was strong at a net advance of 7-8c to 2 1/2-3c. Corn finished 3-4c to 1-2c up; oats, with a gain of 1-2c to 7-8c, and hog products dearer by 2-3c to 12 1/2c.

The farm reserve estimates that had such a stirring effect in the wheat pit came from two Chicago commission houses. The report indicated a reserve of only 98,000,000 bushels, compared with 170,000,000 bushels twelve months ago. According to a different authority the reserve was 100,000,000 bushels, a shortage of 70,000,000 bushels. An opinion which received much attention was to the effect that sales from requirements for seed the farmers now held not over 15,000,000 bushels.

Other Cereals Strong.

Corn started on a steep climb with wheat. There was also a movement when cash freight showed a drop. May fluctuated from 68c to 69 1/2c, closing strong, 4-4c to 4c up at 69 1/2c. Cash grades were firm.

Oats exhibited unmistakable sympathy with wheat and corn. Shorts pushed to cover, and soon had all surplus offerings out of the pit. Top and bottom levels touched for May were 62c and 64c, with last sales at the first named figure, 5-8c above the price current 48 hours before.

An advance all around in provisions resulted from the strength of hogs and grain.

Northwest Receipts.

Receipts of wheat in cars at primary centres were as follows:

Week	Year
To-day	ago
Duluth	17 17
Minneapolis	185 185
Winnipeg	669 487
Chicago	81 110

European Markets.

The Liverpool market closed to-day on a note unchanged to 3d for the year yesterday, and corn had to 4d lower. Paris wheat closed 4 1/2c higher, Antwerp unchanged, Berlin 1/2c lower, and Budapest 1/2c lower, compared with Monday.

Winnipeg Inspection.

Winnipeg receipts of wheat to-day are as follows:

Week	Year
To-day	ago
Winnipeg	669 487
Chicago	81 110

Primaries.

Receipts of farm produce were 200 bushels of grain and the loads of hay, with a few dressed hogs.

ST. LAWRENCE MARKET.

Receipts of farm produce were 200 bushels of grain and the loads of hay, with a few dressed hogs.

FARM PRODUCE WHOLESALE.

Hay, car lots, per ton	\$18.00
Hay, car lots, No. 2	14.00
Hay, car lots, No. 3	12.00
Potatoes, car lots, bag	1.70
Turnips, per bag	0.40
Butter, creamery, solid	0.37
Butter, separator, lb	0.33
Butter, store lots	0.32
Cheese, new, do	0.15
Honeycombs, dozen	2.50
Honey, extracted, 50 lb	0.12
Eggs, new-laid	0.38

Chicago Live Stock.

CHICAGO, Feb. 28.—Receipts, 13,000; market, steady; beefs, \$10 to \$12; steers, \$7 to \$8; hogs, \$6 to \$7; sheep, \$4 to \$5; calves, \$6 to \$7; pigs, \$4 to \$5.

TORONTO LIVE STOCK.

Receipts of live stock at the City Market were again light, 23 cars—516 cattle, 233 hogs, 4 sheep and 133 calves.

Market Notes.

John Sheridan received 20 choice sheep, each 200 lbs, each from St. George's, N.S.

CHICAGO GOSSIP

Ericksen Perkins & Co. (J. G. Beary) wired the market opened steady to a shade easier; the opening prices proving clearly an overall rise, and on covering by shorts prices advanced readily and sharply. The action of to-day's market illustrates its sensitiveness and willingness and ability to respond to any news of a bullish character, and is also indicative of a general trend of bullish sentiment among local operators, particularly in the case of traders contributing to today's advance in their covering operations. It is scarcely the season to aggressively take the short side of the market.

Wheat.—The market opened steady to a shade easier; the opening prices proving clearly an overall rise, and on covering by shorts prices advanced readily and sharply. The action of to-day's market illustrates its sensitiveness and willingness and ability to respond to any news of a bullish character, and is also indicative of a general trend of bullish sentiment among local operators, particularly in the case of traders contributing to today's advance in their covering operations. It is scarcely the season to aggressively take the short side of the market.

Corn.—After slightly easier opening, prices advanced about one cent per bushel, influenced to some extent by the strength in wheat, but helped also by an improved cash trade and strength in outside markets.

Oats.—Prices advanced readily with other grains. We feel that July oats are a very safe purchase at any price around present values. There was a better cash enquiry here.

Chicago Markets.

J. P. Bickell & Co., Standard Bank Edg., report the following quotations on the Chicago Board of Trade:

Wheat	Open	High	Low	Close
May	100 1/2	101 1/2	100 1/2	100 1/2

Short Interest Is Stampeded And Stock Market Advances

Wall Street Given Over to Professional Operations—Steel Leads the Recovery—Sentiment Variable.

NEW YORK, Feb. 28.—Apart from an extensive covering movement by the short interest, which effected a very sharp recovery in such prominent stocks as Union Pacific, Reading and United States Steel, the stock market to-day differed only slightly in its essential features from the early days of the week. Trading was on a larger scale, but no less professional than before.

The strength of United States Steel was perhaps the more noteworthy because of the severe arraignment of that corporation at the hands of the expert committee by the Stanley investigating committee. In substance the "billions dollar trust" was charged with stifling competition, domination of the trade, excessive capitalization and inflated values of the many plants taken over by it.

Watching Coal Situation. The most potent factor of the day was the news received on the private cables from abroad, which indicated an early agreement respecting the threatened coal strike in Great Britain. These advices were not borne out, however, by official statements, which reported a continuance of the deadlock. There were no developments respecting the coal trade situation at home, but it is generally accepted as a fact that the outcome of the struggle between capital and labor across the water will not be without its effect upon that same industry here.

Strong Rally at Close. The market attained its greatest activity in the last hour, and the prices advanced somewhat from the top, there were many material net gains.

Increasing tension in the Mexican situation, as reported from Washington, another large shipment of gold to South America for Paris account, and continued drain on local banks, were among the news items of the day.

World Office. Wednesday Evening, Feb. 28. An advance of over point in Sao Paulo, which sold up rapidly on the incoming of a more pronounced public demand, but lost the major part of its gain before its close, was practically the only feature in the Toronto Stock Exchange to-day. A few scattered price changes were shown elsewhere in the list, but these were generally so small as to attract little or no interest, while trading was maintained on so low a scale that from an outside point of view there was nothing to attract any attention in the transactions throughout the day.

The movement in Sao Paulo, which sold as high as 105, the highest price at which the stock ever sold, was not wholly explained on the street. At the top figures for the day the shares were quoted a full point above the record reached on the recent advance, but outside of the fact that a substantial buying demand had arisen over night and that the market was pretty well bare of stock, there was nothing to be learned as to the real reason for the improvement.

It has been felt for some time that the big surplus of Sao Paulo would not be far distant from being split up for the shareholders, but it is to be said that this has not yet passed the rumor stage. It is felt in well-informed quarters that the company will be forced to take some action along this line, and it is believed that it will partake of an increase in the capitalization rather than a larger dividend rate.

The advance in the above mentioned stock was not reflected in Rio, which sold a shade below yesterday at 113 1/2, and closed bid an eighth below that figure. Elsewhere in the usually active list, prices were comparatively unchanged.

A renewal of the demand for Spanish River Pulp carried the common stock up two points to 42, and the shares closed off with a loss of one and a half. Recent merger rumors are held responsible for the improvement. Winnipeg rails dropped back to 125 1/8, and closed with a loss of one and a half. Sao Paulo Tram 125 1/8, and closed with a loss of one and a half.

Union Bank Expansion. The Union Bank of Canada has opened a branch at Hagersville, Ont.

Gold to South America. NEW YORK, Feb. 28.—Gold to the amount of \$500,000 has been withdrawn from the sub-treasury for shipment to South America.

Great Future for Toronto Arena

Mr. A. G. Brooke Claxton, K.C., who is a director of the Montreal Arena Co., was in Toronto yesterday attending a meeting of the directors of the Arena Gardens of Toronto, Ltd., of which Sir Henry Pellatt is president.

Mr. Claxton was very optimistic as to the future of the amusement enterprise. He can speak with authority for he was one of the men who originated and carried to successful completion the plans for giving Montreal its famous arena.

Mr. Claxton said that the Arena Gardens could have been finished and ready for use early in November last if the directors had been satisfied to use a second class of trusses, which would have obtained the kind of material desired in this country or the United States. It was necessary to send to Belgium, "Nothing is too good for Toronto," said Mr. Claxton, "and we know Torontoians would rather wait a short time than have their pleasure lessened by a second rate building. The building will be completed and ready for use the second week in April."

Instead of seating and standing capacity for 6000 persons, as in the Montreal arena, the Arena Gardens will have a total capacity for 16,000. In Montreal there are 50 boxes; in Toronto there will be twice as many.

By using an artificial ice plant it will be possible to start the Toronto hockey practice season on Nov. 15 and continue until April 1. Another advantage which this will give the local arena is the fact that skating may be enjoyed during the afternoon when an important match is to be played in the evening, which is not possible in Montreal because the ice surface there must be flooded sufficiently long before a game to allow a good solid surface to form.

"In spite of the fact," said Mr. Claxton, "that the Montreal arena is practically closed, with the exception of the horse show, from the close of one hockey season to the opening of another, the stockholders consider it one of their best investments. Mr. Solman, who will be managing director of the Arena Gardens, intends to have some offering every week throughout the year, and this should make the local arena, if anything more profitable to the shareholders than the Montreal arena."

Porto Rico Earnings. The Porto Rico Railway's comparative statement of earnings for January, is as follows:

1911	1912	
Gross	\$3,575.29	\$3,125.83
Net	\$2,707.02	\$2,353.30

Rio Earnings. The Rio de Janeiro Tramway Light & Power Company report gross earnings for last week as received by cable as follows:

This year	\$261,532
Last year	218,747
Increase	\$42,785
